TEN PAGES—ONE CENT

Hon. Mr. Clarke Was Near Death

Attorney - General Taken Very Ill In Fredericton

IT OF DANGER TODAY IS DOCTORS' REPORT

Attack of Acute Indigestion—Will Be Kept to His Room for Some Days—Judge Wilson Would Resign From the Police Commission

(Special to Times.) Fredericton, N. B., March 4.—Hon. Mr. Clarke, attorney-general, suffered an attack of acute indigestion in the Barker House last night and for a no his life was despaired of. Physicians were summoned and after a week of treatment he is reported to be getting on his feet. It is expected that he will be confined to his room for several days. Judge Wilson, who was appointed member of the city police commission by the assembly last year, has intimated to the authorities his desire to be relieved from further service. J. H. Holder, of the firm of Tennant & Holder, has purchased the stock in the firm of F. S. Williams & Co., and will go into business for himself.

WAGH EDMONTON WITH GREAT LOT OF FURS

Edmonton, Alta., March 4.—Colin user, who has been trading in the fur country for the last two years, arrived in Edmonton a few days ago with a catch of furs, which he said, if sold at the market, would net him a pack including pelts of seventeen silver foxes, thirty-three white foxes, twenty-one wolverines and several bear skins. He made the trip south in a motor car, and was accompanied by a named point to Alabasca with D. S. Mackenzie of Fort McMurray, who accompanied him on the journey. He brought these pelts: Red foxes, 180; silver foxes, 200; mink, 470; lynx, 100; muskrat, 110; bear, nine; wolverine, twenty; skunk, fifteen, and two dogs. The value of the furs is placed at about \$100,000.

NADIAN MINING INSTITUTE IN SESSION

Montreal, Que., March 4.—The Canadian Mining Institute opened its 16th annual meeting at the Ritz Carlton this morning, with delegates from all over the Dominion and several guests from the United States. Dr. A. E. Barlow, president, delivered his annual address in the afternoon, and the institute will adjourn on Friday.

THIS RIVER ICE

Charles Parker and George Walsh of the Landing, drove to the city today, stopping at Carter's Point and taking the highway route. Mr. Parker said the ice was solid but there was considerable water on it, and at one place they were through water more than a foot deep.

PAIRS TO THE JOHN L. CANN

The agents of the St. John-Yarmouth ship service have received word in Yarmouth that the repairs to the liner John L. Cann will not be completed before next week. The steamer is to leave Yarmouth for St. John Thursday, weather permitting, and to leave St. John on Friday at twelve o'clock noon.

NOT AT PRESENT

The work of sheathing the northern of the east side ferry docks will not be commenced until the winter run of the ferry is over.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, N. B. Stewart, director of meteorological service. Synopsis—Pressure is comparatively low in the northern portion of the continent and highest over the Pacific. Fair, comparatively mild weather all generally except that snow showers are occurring locally and in the lake and the maritime provinces. Partly Fair. Time—Moderate to fresh north to winds, cloudy or partly cloudy and misty, with no decided change in direction. Fair, comparatively mild weather all generally except that snow showers are occurring locally and in the lake and the maritime provinces. Partly Fair. Time—Moderate to fresh north to winds, cloudy or partly cloudy and misty, with no decided change in direction.

Crothers Likely To Go, Says Ottawa

Scathing Arraignment of Labor Minister In House Taken To Mean End of Political Career

"MINISTER OF PLAY, NOT LABOR"

Gets Worst Grilling Ever Given Member of Government in Commons—Tory M. P's From Labor Districts Dodge Matter—Borden Said to Have Man Outside House in Mind For Cabinet Vacancy

(Special to Times.) Ottawa, March 4.—It looks as though the days of Hon. T. W. Crothers as a minister of labor are numbered. By a straight party vote of 80 to 48 the house at an early hour this morning voted down the resolution of Alphonse Ver-ville, the labor member for Maisonneuve, and former president of the Dominion Trades and Labor Congress, condemning the whole conduct of Mr. Crothers as minister of labor, and a recent labor trouble in Vancouver Island as "marked by persistent negligence and absolute indifference and deserving of severe censure." Mr. Crothers, it will be remembered, headed for England last summer on a pleasure trip when the trouble was at its height and the militia were called out. There was an evident disinclination on the part of the government members to have any part in the defence of the minister of labor. The keen hostility of all organized labor to the unympathetic and indifferent position of the minister was strikingly evidenced in the fact that government members, representing constituencies in all parts of Canada where a pronounced labor vote is polled, kept discreetly silent and during the greater part of the proceedings absented themselves from the house altogether. The falling off of the government majority, whipped in strenuously to a final defeat, manifests the disinclination of the government supporters to have anything to do with the "whiskering" procedure, and frank corridor comment in government circles indicates that the administration will not lose any time in getting rid of the minister whose conduct seems to have aroused the united opposition of every labor interest in the country. (Continued on page 5, fifth column.)

SERIOUS CHARGE AGAINST A CHINESE IN MONCTON

Police Sergeant Resigns After Five Years on The Force

(Special to Times.) Moncton, N. B., March 4.—There was excitement and indignation last night throughout the east end of Moncton when a Chinaman named Harry Tong, a laundryman aged twenty-five was arrested. Two girls, twelve and fourteen years are witnesses in a case against him before Judge Stevens this afternoon. Sergeant Atkins, who has been a member of the Moncton police force for more than five years has resigned to go into business. He was formerly a British soldier and came here in 1908 from Aldershot.

TOO EASY TO GET LIQUOR TO FREDERICTON FOR ST. PATRICK'S DAY

At a meeting of the committee of management in connection with the recent L. L. & B. society's performance of "The Twenty-One" last evening, it was decided to present a play in Fredericton on March 17. The St. Dunstan's Dramatic Club of the capital had been rehearsing a play for St. Patrick's Day, but a difficulty having arisen it was found impossible to make the production in time. An invitation was sent to the L. L. & B. players to give their services in the capital and this has been accepted. John McCloskey went there last evening to make arrangements.

THE STEAMERS

The Head Line Bengore Head arrived at Halifax yesterday afternoon with a cargo of maize, about 700 tons of which is for St. John. She is expected to leave Halifax for this port this afternoon. After discharging, the Bengore Head will load here for Belfast. Furness-Alan Line steamer Burnage arrived at Halifax from Liverpool yesterday afternoon at 6:45 o'clock. The Pretorian of the Allan Line, from Glasgow for Boston, arrived yesterday at Halifax. The R. M. S. Royal George, of the Royal Line, from Bristol, was 21 miles east of Cape Sable at 8:15 o'clock this morning and is in the harbor this evening. The Albatross of the Allan Line, from this port for Havre and London, was 810 miles southeast of Cape Race last night at 9:45 o'clock. Steamers Principio and Seneca arrived at Halifax this morning. The R. M. S. Royal George, of the Royal Line, from Bristol, was 21 miles east of Cape Sable at 8:15 o'clock this morning and is in the harbor this evening. Battle Line Electric, Captain Crosskey, from Rosario, arrived at Parnass this morning.

NEW YORK CHINATOWN FIRE

Many Costly Opium Layouts Thrown Out of Loft Building and Smashed. New York, March 4.—Firemen lost their way in the maze of stairways and hallways in a peculiarly constructed six-story tenement house while fighting flames in the heart of Chinatown. Dense smoke from the burning oil of kerosene lamps made the firemen lose their sense of direction, and they were finally compelled to rush to the windows and smash the glass with their helmets in order to escape suffocation. John Muir, a fireman, was cut by falling glass and was removed to a hospital, and several other persons were slightly hurt. In the burning building were found costly opium layouts, inlaid with ivory and pearl, with expensive ivory pipes. These were thrown to the street and smashed. The loss caused by the fire was estimated at \$40,000.

Presentations Made to Pastor

Address and Book-case to Rev. Mr. McCutcheon From Brotherhood—Gifts, Too, From Chinese

Washington, D. C., March 4.—General Carranza's announcement that he had appointed a special commission to investigate the execution of William S. Benton, a British subject, by General Villa, coupled with the declaration from Great Britain that she would not look on the United States for action as a result of the incident, was generally accepted today as meaning the abandonment of the expedition of British and American representatives who were to have gone to Chihuahua to examine Benton's body. There is every reason to believe that Great Britain has closed the Benton case for the present, though she has reserved the right to exact reparation in the future. Great Britain's withdrawal at the time, and Carranza's decision to investigate the Benton killing of his own accord, will put the United States, it is believed, in the position of a patient observer of developments, with no present necessity for further inquiry into the Benton episode. The decision of Carranza to ferret out the truth of the Benton execution will mean a test of his authority over General Villa, according to many officials here, and will further demonstrate whether or not the Constitutionalists intend to uphold the protection to foreigners and make reparation for injury done them. (Continued on page 10, fourth column.)

REV. M. F. McCUTCHEON

A farewell address and presentation were made last evening to Rev. M. F. McCutcheon at the home of Colla Chisholm in Waterloo street by the members of the Men's Brotherhood of Brussels street Baptist church who, while they regret his departure, are pleased at the recognition bestowed upon him, in his being selected for so prominent a pulpit in Montreal. The address was interesting and much appreciated by the retiring pastor. It was read by Walter H. Goulding and was followed actively by all present. Mr. McCutcheon received from the members a Globe-Wernicke book-case as a farewell remembrance. Another token of appreciation and esteem was yesterday afternoon presented to the departing clergyman by the Chisholm family in the Sunday school when one of their number called at his home and made him the recipient of a beautiful silk umbrella. Mr. McCutcheon, who took a keen interest in the Chinese cause, and to her lady, remembrance in gold.

SLAYS MAN AND IS CRUSHED IN MACHINERY

Murder and Fearful Suicide Grew Out of Russian Labor Trouble. St. Petersburg, March 4.—Captain Von Stahl, chief of works at the Stranet Tube Factory of the Putloff Arrangement Works, was brutally murdered today by one of the foremen. The murdered man threw himself into the electrical machinery and was crushed to death.

I. L. & B. PLAYERS TO FREDERICTON FOR ST. PATRICK'S DAY

At a meeting of the committee of management in connection with the recent L. L. & B. society's performance of "The Twenty-One" last evening, it was decided to present a play in Fredericton on March 17. The St. Dunstan's Dramatic Club of the capital had been rehearsing a play for St. Patrick's Day, but a difficulty having arisen it was found impossible to make the production in time. An invitation was sent to the I. L. & B. players to give their services in the capital and this has been accepted. John McCloskey went there last evening to make arrangements.

SALOONS IN ALASKA MUST CLOSE FOR SUNDAY

Fairbanks, Alaska, March 4.—Acting under instructions from the Attorney-General of the United States, District Attorney Crossley today ordered all saloons to close for Sunday midnight until Sunday midnight. Similar action has been taken at Nome, Valdez, and Juneau. Heretofore the saloons have remained open continuously night and day.

TO ACCEND THORO

Waldenburg, Saxony, March 4.—Prince William and Princess Sophie of Albania left here today for Albania after paying a farewell visit to the Prince's paternal home. The prince was formerly Prince William of Wix, and after being chosen as the new ruler of Albania, was invited on February 21 by a delegation of Albanian notables to ascend the throne.

BURIED TODAY

A large number of friends gathered this morning to attend the funeral of James McDonald, held from his late home, 942 St. James street, in West St. John. Included in the funeral procession were fellow members of Branch 148 C. M. B. A. High mass of requiem was celebrated by Rev. J. O'Donnovan in the Church of the Assumption, Carleton, and interment was in the Catholic cemetery at Sand Cove. There were many beautiful floral tributes from friends in St. John and Montreal.

LACK OF COMMA GIVES PUNCH CHANCE FOR FUN

London, March 4.—Punch this week places the Montreal Gazette in the line on account of a short despatch on February 4, which the Gazette received in conjunction with the New York Times. The despatch, in ambiguous terms, apparently on account of a dropped comma, stated that "Sir William Ramsay raised the question whether the limit should be left to die at the annual dinner of the Institute of Sanitary Engineers last night."

FALSE ALARM

Through an accident this morning an alarm was pulled from box 61 to which the fire department responded. A change was being made in this box, which is located near the General Public Hospital and accidentally the alarm was sounded.

BENTON MATTER IS DURMAN FOR TIME

Carranza Appoints Commission To Investigate

Reparation Matter of Future—Washington Has Some Evidence Not Yet Given Out—United States Now Most Concerned Over Killing of Two Americans

(Canadian Press.) Washington, D. C., March 4.—General Carranza's announcement that he had appointed a special commission to investigate the execution of William S. There is every reason to believe that Great Britain has closed the Benton case for the present, though she has reserved the right to exact reparation in the future. Great Britain's withdrawal at the time, and Carranza's decision to investigate the Benton killing of his own accord, will put the United States, it is believed, in the position of a patient observer of developments, with no present necessity for further inquiry into the Benton episode. The decision of Carranza to ferret out the truth of the Benton execution will mean a test of his authority over General Villa, according to many officials here, and will further demonstrate whether or not the Constitutionalists intend to uphold the protection to foreigners and make reparation for injury done them. (Continued on page 10, fourth column.)

NEXT HIGH COMMISSIONER WILL GET SALARY OF \$30,000 A YEAR

He Will Then Take From Mr. Guelius Honor of Being Most High Priced Man in Canada's Employ

(Special to Times.) Ottawa, Ont., March 4.—There is to be a salary increase for the Canadian high commissioner. Sir Charles Tupper drew \$10,000 a year while he represented Canada in London and the same amount was continued here. At present the high commissioner of the Intercolonial and the Canadian salary list, leading Chief Justice Sir Charles Fitzpatrick, Premier Borden and all the generals in the militia department. Sir Richard McBride will be in Ottawa in a fortnight. After his arrival there may be something doing in the way of naming a successor to Lord Strathcona.

TABLES TURNED AND GILL MAYOR AGAIN

Seattle, Wash., May 4.—Hiram C. Gill, elected mayor in 1910, and recalled in 1911, just after the women of Washington had been enfranchised, defeated in 1912, was again elected yesterday by a majority of between 5,000 and 10,000, defeating James B. Trenholm. Gill ran on a platform of strict enforcement of the laws. Four years ago he was elected on an "open town" platform and his recall resulted from his alleged toleration vice. Gill's chief supporters in the present campaign were men who brought about his recall in 1911. Many of his supporters in former campaigns were against him yesterday.

TWO ESCAPE FROM JAIL

Chatham, Ont., March 4.—Henry Dart, Toronto forger, sentenced to two years in Central Prison, and David Grant, sentenced a few days ago to seven years in Kingston for highway robbery, escaped from the county jail this morning and are now at liberty. They secured a ladder and climbed over a sixteen foot wall. Persons on the outside were evidently connected with the plot, as the men went directly to an ice house, where Dart changed his clothes out of civilian clothing apparently having been left there. The last seen of them they were hurrying towards a westbound freight train on the C. P. R., and it is believed they caught it.

ICE FIELDS FAR OFF SHORE

St. John, Nfld., March 4.—Ice fields extending 20 miles off the Newfoundland coast were reported today by the steamer Riverside, Aberdeen, for Philadelphia, forced to put in here to replenish her coal bunkers. The Riverside was thirty-four days in making the trip because of tempestuous weather for which she was swept repeatedly. It is seldom that fields of ice have been found so far off shore this early in the season.

A RIB BROKEN

Patrick McCourt, a sailor on the steamer Athena, now lying at the west side, was brought to the hospital this morning in the ambulance with one of his ribs broken. He was walking along the deck when he slipped and fell heavily against a rail.

GALL OF EVIDENCE TO OLD CHURCH

New York Sociologist At Ottawa Congress

STAGNATION IN THE STATES

Says Protestant Church Seems to Have Remained on Plateau For Ten Years—Vancouver Man Strong on Immigration Matters

(Canadian Press.) Ottawa, March 4.—Speaking of "The Call of the New Day to the Old Church," at the Social Service Congress today, Rev. Charles Stille, a New York sociologist, cited statistics to show stagnation in the Protestant church in the United States. For 100 years, he said, they had steadily climbed upwards, but for the last ten years they seemed to have been on a sort of plateau. H. H. Stevens, M. P. of Vancouver, addressing the congress on immigration, declared unassisted immigration to be responsible for conditions which brought about the problems confronting the congress. Upwards of 2,500,000 foreigners had reached Canada in the last ten years. While not wishing to cast a reflection on the southern countries of Europe, he stated that the majority of crimes were committed by foreigners from those lands. The most important aspects of the situation, the speaker declared, were capability of assimilation and the treatment of the oriental question. If the same right had been extended to Orientals as was granted to the free man's right to enter the Dominion, there was no doubt Vancouver would be in his hands today. Mr. Stevens strongly deplored the situation in the west, where, he said, foreigners, who had no idea of Canadian ideals or institutions, were given the right of the ballot. He said the bunch sold to vote a certain way, and it did. (Continued on page 7, seventh column.)

Wilson Just One Year President

To Address Congress On Panama Tolls Matter

URGES APPEAL OF CLAUSE FAVORING AMERICANS

All His Messages Have Been Brief, But This Will Be Shortest—A Glance Backward at Some of the Big Things of the Year

(Canadian Press.) Washington, D. C., March 4.—The democratic administration was a year old today. Just twelve months ago, at noon, Woodrow Wilson stood on the east front of the capitol and took the oath of office, ushering the democracy into control of all branches of the national government for the first time in twenty years. At the White House, in executive quarters generally, and on congressional circles the day served to recall the work of the fleeting years. Members of congress realized that, except for a short breathing spell at the Christmas holidays, they had been in practically continuous session. From the time at which the president broke the century-old precedent and stood before an assembled congress to urge the enactment of a low tariff, close co-operation has reigned between the chief executive and the leaders of the dominant party in congress. The enactment of a tariff law on October 3, 1913, making vital changes in the duties on imports, was followed by the signing of a banking and currency act on December 28, 1913. These two laws and the recent ratification of the arbitration treaties are the things to which the president's friends were pointing as the direct result of the intimate contact established between the executive and legislative departments of the government. Much of the president's time and energy has been spent in wrestling with a troublesome Mexican situation, as yet unsolved, and the diplomatic tangle with Japan growing out of California's passage of a new anti-land law. Late in the year he has been devoting himself to a rehabilitation of the foreign relations of the United States, the drafting, with Secretary Bryan, of new peace treaties. The settlement of the Panama Canal controversy with Great Britain, difficulties with Colombia, growing out of the partition of Panama, and many other subjects of foreign policy. An Address Congress Tomorrow. Interest in the president's sixth message was apparent when it became known he would address congress tomorrow in advocacy of the repeal of the clause exempting American coastwise shipping from the payment of Panama Canal tolls. The chief executive for the first time, asks congress, particularly Mr. Wilson, to reverse itself, but his argument that when congress passed on the question international reciprocity, such as now surround the question, did not exist. The president believes a general distrust of the intentions of the United States in constructing treaties for its own selfish benefit has arisen and because of the doubt existing in the interpretation of the Hay-Pauncefote treaty, he urges the repeal of the much debated provision. The message tomorrow will be the shortest of all. It is said to be less than 800 words long. All of Mr. Wilson's addresses have been brief as compared with those of his predecessors. OVERCOME BY GAS IN TELEPHONE WORK. The repairs to the cable in Mill street by the New Brunswick Telephone Co. have been completed and the telephones out of order temporarily have been put in commission again. Between seventy-five and 100 were out of use for a little more than a day through trouble with one of the conduits. The repair crew were kept at work on night and day shifts until the task was completed. While at work two of them suffered from the fumes of sewer gas. One of them was overcome this morning, but after being taken home soon rallied.

THE PAVING SITUATION

In spite of the forced withdrawal of the amended street paving bill the work of laying permanent pavements will be continued this morning. Commissioner Agar said this morning that no definite policy had been developed yet to meet the situation, but he expected that the department will have all the work that it can handle. Under the existing law the city will not be able to initiate any new work but will act on the petitions of property owners who wish their streets improved. One difficulty which will arise will be the impossibility of providing for modern sidewalks by co-operation between the city and the property owners, as there is no provision for sidewalks in the present local improvements act. WILL BE PUBLIC MEETING. Major E. C. Moore of the Salvation Army called at City Hall this morning and asked Mayor Frank to convene a public meeting of citizens to discuss plans for aiding the army in rebuilding the Metropole. His Worship consented and will call the meeting at a date to be announced. It will be held in his office.

COLD, BUT SLEEP IN OPEN AIR

Children's Out of Door Classes Successful

THEY ALL ENJOY IT

Both Teachers and Pupils Working in the Open, No Matter How Cold It May Be—Sick Already Show Improvement

(Albany, N. Y., Gazette.) At the Washington Irving School in Munford street, are probably the only persons who have not been made uncomfortable by the recent severe weather.

Yesterday when a Gazette reporter visited them they had just come into the school from their outdoor classes.

As they came up from luncheon it was a happy looking little crowd. It was amusing to see them getting into their school suits like the knitted sweaters, suitcases, coats, but of different material.

There are hoods attached which complete the outfit. When they had been put into the sleeping bag, and it amused some of them very much when the principal shook them down into their bags just like a pillow having its case put on.

They were told to lie on their sides and take a nap. It was an amusing sight to see the big gray woolen bags full of boys and girls, just smiling, faces showing through the openings of their coats.

This hopping inside a bag is no easy matter and gives the little children, who are not strong of course, about all the hard exercise they get. Finally every one was comfortably curled up on a canvas couch with a small pillow under the head and ready for the afternoon sleep.

Yesterday was too cold to put the children out of doors, especially as they have not had the outdoor treatment for long. When the weather moderates a little they will have their naps and lessons, too, on the roof. Shelter on the roof is provided by a ledge of balustrade that were given by the stores and neighbors. The school-room especially provided for these children.

Now Eighteen Both the roof and the glass enclosed room command fine views of the nearby valley and the hills, and with an altitude of about 376 feet, are assured of fresh, cool air at all seasons.

The equipment for the open air school was provided from the fund raised by the sale of the Red Cross Christmas seals the year it was announced for that purpose. Each child has his own woolen suit, shoes, gloves and mittens, and seals the year it was announced for that purpose.

Several of the grade teachers who have visited the open air room have been surprised to see children whom they had known as lethargic and uninterested making rapid strides in learning.

They are not all keen for study all the time. The cold air makes them a little sleepy, if a head nodding during the lesson teacher helps the child to his feet and he takes a nap, waking feeling stronger and more able to study another day.

The day's programme which is always modified to suit the day's needs, consists of the class come to school and get into their special warm clothes. Then they have lessons until 11.30. About 11.50 the children are ready for luncheon and are taken to the warm domestic science kitchen, where a hot, wholesome meal is served. After luncheon everyone gets washed and brushes his teeth. Then all lie down for naps.

At 1.30 o'clock the stronger ones are called back to lessons which last until 3.30, when it is time to go home. The parents are much interested in the work and are co-operating in every way with the school authorities.

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray, also cures dandruff, itching scalp and stops falling hair.

Nowadays we simply ask at any drug store for "Wych's Sage and Sulphur Hair Remedy." You will get a large bottle for about 30 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly.

Even in so short a time improvement has been noticed in some of the children. A little boy who has had infantile paralysis is feeling much better. Many of the children's appetites, which were poor before, have improved greatly.

Today they will have their luncheon of cocoa and boiled rice and raisins, and hot milk, with great enjoyment. Today they will have vegetable soup and buttered toast.

The luncheon are not given as charity, but to save the children's spirits and noon and so they may have one meal a day planned by those in charge of the work.

A charge of two cents a day makes each child for the luncheon. The cooking is done in the domestic science department of the school under the direction of Miss Fleeman, teacher of that subject. Any extra funds needed for provisions are raised through the school entertainments.

Both the roof and the glass enclosed room command fine views of the nearby valley and the hills, and with an altitude of about 376 feet, are assured of fresh, cool air at all seasons.

The equipment for the open air school was provided from the fund raised by the sale of the Red Cross Christmas seals the year it was announced for that purpose.

Several of the grade teachers who have visited the open air room have been surprised to see children whom they had known as lethargic and uninterested making rapid strides in learning.

They are not all keen for study all the time. The cold air makes them a little sleepy, if a head nodding during the lesson teacher helps the child to his feet and he takes a nap, waking feeling stronger and more able to study another day.

The day's programme which is always modified to suit the day's needs, consists of the class come to school and get into their special warm clothes. Then they have lessons until 11.30.

At 1.30 o'clock the stronger ones are called back to lessons which last until 3.30, when it is time to go home. The parents are much interested in the work and are co-operating in every way with the school authorities.

Just at the end of the dance they slipped and went down in a heap "Sort of a hardwood finish"

GORDON LEAVITT ON ARCTIC EXPLORATION

The regular monthly meeting of the members of the Natural History Society was held last night, James A. Estey, vice-president, being in the chair.

Instructive papers were read by A. Gordon Leavitt on arctic exploration. His reading of Clark Whittier's story entitled The Plans of the Stefansson Expedition, and The Eskimo and Civilization, written by Stefansson himself, were much appreciated.

The following donations were thankfully received: Beaded moccasins, made by Mrs. Anastacia Paul, aged 104, the gift of Mrs. John Bullock. Forty-seven specimens, presented by Mrs. Sheffield, including vanilla beans, coffee beans, castor oil beans, cloves, breadfruit, cacao, sugar cane, cotton, curious tropical seeds and vegetable products.

Photographs of the expedition were presented by the United States government, through Dr. Hewitt, director of the U. S. Geological Department. Three valuable old books, presented by Mrs. Baxter, of St. John West, namely: Missionary Hymnals (published in 1891), Dialogus de Patris Illustris doctrinae Scriptis Virorum (published in 1891), and Abrégé de l'histoire naturelle de la Nouvelle-France (published in 1807).

Specimens of hymenoptera, taken in New Brunswick, 218 in number, presented by A. Gordon Leavitt. A contribution of \$8.15 was received from the Girls' Association of St. John's church, being the proceeds of a lecture before that association, to be devoted to obtaining specimens for the Indian collection in the museum.

SEE IF THE CHILD'S TONGUE IS COATED

If Croup, Feverish, Constipated, Give "California Syrup of Figs"

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of California Syrup of Figs, and in a few hours all the foul, constipated waste, undigested food and slimy bowels, without gripping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the wrapper. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

PLAN CAMPBELLTON TO TOBIQUE RAILWAY

Andover, March 3.—A meeting was held here today, having for its object the organization of the Tobique & Campbellton Railway Company.

The management of the company consists of James McNeil, of Arthurville, president; J. W. Niles, and John S. Stewart, of Andover; R. W. Hechler, of Grand Falls, and J. C. Cody, Samuel Hayden and D. D. Aiton, of Riley's Brook, directors.

USE "TIZ" FOR SORE, TIRED FEET

"TIZ" For Puffed-up, Aching, Sweaty, Calloused Feet and Corns

Good-bye sore feet, burning swollen feet, sweaty feet, itching feet, tired feet, corns, calluses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony.

"TIZ" is magical. It draws out all the poisonous exudations which puff up the feet—the only remedy that does. Use "TIZ" and wear rubber shoes. Ah! how comfortable your feet will feel. "TIZ" is a "right" shoe. It is harmless.

Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

LITTLE BOBBY STORIES
Characteristic Incidents in Life of an Indianapolis Lad

Two-and-a-half-year-old Bobby has become known to passers-by in the street as the "Howdy" boy. Bobby, from his elevated position on the veranda, sees everybody that passes on the sidewalk, and he seldom fails to say, "How-do," with the "do" drawn out to "do-o-o-o" and his salutation always brings a response and a smile. One evening a working girl, who seemed tired and looked as though her day's duties had worn her out, stepped from the sidewalk to the veranda, took Bobby in her arms and kissed him and said, "You deary you're the first person that has greeted me kindly today. Bless your heart." Bobby smiled and, possibly imitating his mother, said, "Doodly tum again."

Little Bobby, however, is not always shedding sunshine. He likes to make it rain when he can get his hands on the garden hose. One hot evening when men in shirt-sleeves and women in linette dresses were seeking coolness on the porch, Bobby saw his opportunity. A neighbor had left his hose unguarded for a few minutes. Bobby crept across the lawn, seized the nozzle, and turned it on a nearby porch. There was a united shriek of "ohs" as the cool water struck the backs of the women, and a muffled word or two at the men on the porch sprang to their feet.

"It's only Bobby!" exclaimed one of the women a moment later, and then came a chorus of "What a dear!" and a symposium of smiles for the little fellow. But later, when mamma took him home and found a slipper, Bobby lost some of his playfulness.

Bobby belongs to that great army of children who dislike medicine. His father has taught him that when he is eating and finds anything hard in his food, such as a piece of bone in meat, he must never swallow it. A few days ago his "sister" hid a tablet of medicine in a piece of banana, and told Bobby to eat it. Bobby ate the banana, but when he came to the tablet he took it out of his mouth and handed it to his father with the remark, "Bone, papa."

One day when Bobby was not feeling well a teaspoonful of a dark-colored liquid was given him. Bobby did not relish it, and could not be coaxed to take it again, saying it was "nasty stuff."

The next day, when his mamma was sipping grape juice Bobby was asked to taste it. "No, no," he said, "nasty stuff." But a little later, when he was lured into taking a spoonful of it tasted so "dood, dood," that he grasped the glass and drank what remained—Indianapolis News.

DELINQUENT GIRLS
Amherst News:—Two young girls were in jail awaiting transfer to a reformatory. They were convicted by the order on Saturday on information filed by the chief of police, the specific charge being vagrancy. Kate Gould, sister of the late George Gould, was charged to one year and eleven months in the Home of the Good Shepherd in Halifax. The other girl is Nell-Wood of New Brunswick. Her detention has not been decided owing to

SPRING MILLINERY OPENING BEGINS AT MARR'S TODAY

Vast Wealth of the Richest and Most Recent Productions of Leading Millinery Creations of Paris, London and America

The opening of spring millinery which begins at Marr's this morning, and continues during following days, will be of unusual interest, especially so in view of the fact that the exceptionally large and rich array of Paris and London hats were personally selected by Mr. Marr during his trip to Europe from which he has just returned.

Although the Marr Millinery Company have always been noted for having in their displays the latest and most favored creations in the world of feminine headwear, they have this year excelled themselves in the vastness and beauty of their showing which expresses throughout the last word in fashion's mandates for the spring season in trimmed and untrimmed hats for ladies, misses and children, besides a wealth of alluring effects in ribbons, flowers, feathers and millinery novelties.

The firm's fine large showrooms with their beautiful exhibit of spring wear (the choicest offerings of Paris, London and America), bespeak eloquently the motto of the Marr house: Everything that's New We Have and Everything We Have is New.

Music Instead of Chloroform.

The New York Herald quotes a curious case of music being used as an anodyne. The incident occurred at Foughkeppie, and the subject was a boy aged fourteen years, named Stephen Mastaksky. An artery in Klansky's wrist was cut with a rope while at play. The first repair of the artery was not successful, and accordingly Dr. John N. Bassin decided to re-open the wound and do the work over again. The boy's heart was too weak for ether, and Dr. Bassin called a little girl in from next door and asked her what was the liveliest piece she could play on the piano. She said it was a "Highland Fling." She was asked to play it the best she could, and the boy was directed to concentrate his mind on the music. He did so, and the surgeon performed the operation without difficulty. Later the boy said he felt little pain.

HOW I MADE MY HAIR GROW

Woman With Marvelously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed; many of them made my hair greasy so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe they injure the roots of the hair. After my long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-class condition. It also makes the hair easier to comb and arrange in any form. I have a friend who used it two months and during that time it has not only stopped falling, but it has increased its growth, and it practically restored all of its hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any druggist. The prescription is as follows:

Bay Rum, 6 oz.; Menthol Crystals, 1-2 drachm; Lavonia de Compose, 5 oz. If you like it performed add 1 drachm of your favorite perfume. This, however, is not necessary. Apply night and morning, rub thoroughly into the scalp.

RECENT DEATHS

Word has been received of the death of Everett, Mass., on Saturday of Rev. Wm. J. Bleakney, a retired Baptist minister. He was 82 years old and was born in this province, his father being Rev. James B. Bleakney. He spent his youth at Robtsey, and afterwards labored at Jemseg, Newcastle, Northumberland Co., Grand Falls, and other places. He was never stationed in St. John. Owing to his age he retired ten years ago, and went to Malden, Mass., where members of his family resided. A year ago he moved to Everett. Rev. J. C. Bleakney, Woodstock, is a brother.

The death occurred in this city yesterday of Edward P. McDonald at his residence, Sewell street, after a short illness of pneumonia. He was a well known meat dealer.

Two sisters survive, Misses Margaret and Catherine, at home. The funeral will take place tomorrow morning at 10 o'clock from his late residence to the cathedral for requiem high mass at 10 o'clock.

Ex-Councillor Henry Morgan, of Masons, York county, died yesterday, aged seventy-five years. He represented the parish of New Maryland for several years. He is survived by his wife, five sons and five daughters.

Hugh Alexander died in the Chipman Memorial Hospital in St. Stephen on Saturday. He was about sixty years of age and leaves his wife, formerly Miss Murray, sister of Fred S. Murray of Fredericton. He also leaves one brother, Williams, in British Columbia, and one sister. Mr. Alexander was formerly foreman of the lath mill in Marysville, and for some time was overseer of the shingle mill. He was for some years an alderman of Marysville.

Mrs. Annie Duplax, wife of Lewis Duplax of Hoyt Station, Sunbury Co., died on February 19 in the sixty-fifth year of her age. She leaves her husband, four sons and two sisters.

Mrs. John C. Gilman, of Kingsclear, has returned from Winnipeg where she was with her brother, Thomas Edgar, at his death, which occurred on February 15. Mr. Edgar was fifty-eight years old, left Fredericton about eight years ago for the west and died in Winnipeg. His wife died about fourteen years ago. Besides his son, John Edgar, and daughter, Miss Margaret Edgar, who resided with their uncle in Kingsclear, he is survived by one brother.

IT ALL DEPENDS ON THE LIVER

So important is the liver and so great is its influence on the other vital organs of the body that it may be said you have little to fear from the ordinary ill of life so long as the liver is in healthy working order. The digestive processes are so dependent on free action of the liver that any derangement of this organ brings trouble.

Biliousness and constipation follow, with headache and depressed spirits. Additional work is thrown on the kidneys, and soon the whole eliminating system is deranged and the blood carries poisons through the body. Careful eating is a great help towards keeping the liver right, but when it does get wrong there is nothing like Dr. Chase's Kidney-Liver Pills to restore the liver to healthful action.

With the secretion of bile by the liver, constipation and biliousness are cured, and the digestive and excretory systems are set in order. It is wonderful the benefit obtained by a few doses of Dr. Chase's Kidney-Liver Pills under these circumstances. A trial will convince you of their superior merit.

Radway's Ready Relief

Frank Mills, 400 6th St. New York, writes: "My wife suddenly fell very sick with influenza. I called the doctor, but he failed to help her any. We have no time to be sick. I bought your medicine and with Radway's Ready Relief and Pills, I gave her according to Radway's directions, and within two days she was well."

GOLDS AND COUGHS

Apply the Relief to the throat and chest with the perfect smart and redness. Give more the borage. For a sudden cold take a few doses of Radway's Ready Relief and Pills. It is a wonderful relief with a teaspoonful of medicine, in the morning and at night. It is a wonderful relief with a teaspoonful of medicine, in the morning and at night. It is a wonderful relief with a teaspoonful of medicine, in the morning and at night.

The Evening Times and Star ST. JOHN, N. B., MARCH 4, 1914.

The St. John Evening Times is printed at 27 and 29 Campbell Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

MR. CROTHERS MUST GO.

Frederic Borden is understood to be looking for a new minister of labor. The report of yesterday's debate in the house, which is printed in today's issue of the Times, shows that Hon. Mr. Crothers was unable to meet the onslaught made upon him by Sir Wilfrid Laurier, Mr. Carvell and Mr. MacDonald, in connection with his failure to deal with the miners' strike in British Columbia.

HON. F. D. MONK

The resignation of his seat in parliament by Hon. F. D. Monk is an event of national interest. Mr. Monk is a man of great ability, and political friends and foes alike will regret that his resignation is due to the ill-health which had already kept him out of parliament for one season and part of another. As he is still under sixty years of age there is reason to hope that his health may be restored, and that Canada may benefit from his services in some line of activity for many years to come.

A GRAVE PROBLEM

Speakers at the Social Service Congress in Ottawa last evening declared that the church must get into closer touch with the labor movement. Dr. Steale of New York declared that the problems which labor men are seeking to solve are moral and religious problems, and that the church must recognize the fact and unite its efforts with those of workmen in absolute sincerity.

BLACKFEET INDIANS WEALTHIEST PEOPLE

Cardston, Alta., March 4.—When a Cardstonite gives a Blood Indian and his squaw a cup of tea at the back door he doesn't stop to think that he is entertaining representatives of the wealthiest people in Canada, and that their wealth is only exceeded by one other group of people in the whole world.

THE MAN IN THE STREET

Little Stories and Pointers on Happenings in the City

How a woman of resource may protect herself from possible insult under some circumstances is illustrated by the story told by a lady, of one of her personal experiences.

Mr. Gutelius and Mr. Bosworth of the C. P. R. were both in St. John on the same day this week.

Hard weather on the shoe-shine big. Lupingu, chief of the Basongi, in the Congo, Africa, has 800 wives.

Some men's nerves seem to reach the utmost limit at high-balls. Wives of some men oft remind us: Fashion is the rule of Time.

Offentimes those who do the most shouting about the weather don't see much of it from the outside.

A young man of this city was prevailed upon by his friends a few nights ago to take a hand in a pool game.

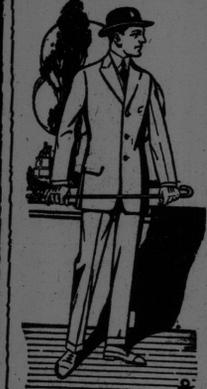

The old saying that "beggars cannot be choosers" does not seem to apply in St. John.

West side man fined \$2 this week for driving on sidewalk.

They're at it again! Since the first edition of the Farmers' Almanac, we back farther than our youthful memory can carry.

Weather man says he blew 44 miles an hour on Monday—no wonder. There was

COLD CREAM SEASON advertisement.

GROTHERS LIKELY TO GO, SAYS OTTAWA

(Continued from page 1) Rumor even went so far as to name Mr. Crothers for an early promotion to the bench, and to state that Premier Borden had in mind a successor who is not now a member of the house.

LEPER DISCOVERED IN SASKATCHEWAN

Immigrant Woman Who Came to Canada a Few Months Ago is Victim.

Minister of Play, Not of Labor

"He doesn't do it," put in Mr. Carvell. "He hasn't the black to make a frank and manly statement," supplemented Mr. MacDonald.

NOSTRILS AND HEAD STOPPED UP FROM COLD? TRY MY CATARRH BALM

A SALVATION ARMY INCIDENT

CALL OF NEW DAY TO OLD CHURCH. (Continued from page 1) It had a demoralizing effect on political life, and political life was crippled enough. The man who entered political life in this or any country had trouble enough to keep his skirts clean and deserved credit for doing so.

Some Criticism. The attitude which the church must adopt towards the slums was outlined in a twenty minute talk by Rev. S. W. Dean of the Free Victor Mission, Toronto. The pitch of his argument was that the church had little justification for conducting missionary work in foreign lands when so little was being done to wipe out the slums in the cities at home. He said that some of the rescue missions in the city, run under the auspices of the church, were doing far more harm than good.

"The church has no picnic in the slums," he declared, "but so long as the slums exist so long must the church be there striving to remedy conditions. If a church wants to be eminently respectable and correspondingly useless, it should not be in the slum district." He urged that the churches line up for more action and wipe out the slums.

The vulgar display of dress and the vulgar show of wealth were infinitely worse than those usually common to the poor people, avowed Contrary McCarty, of Toronto, during an address on the municipal department. He also held that the child welfare work was a good deal of a farce so long as little was done to alter the environments and regrettable conditions in the cities.

Instead of spending Canadian dollars on bringing immigrants from Europe the Dominion government would be better advised to spend these dollars in trying to save Canadian children. No one could honestly tackle this social service work without being in favor of woman suffrage, he concluded, amid general applause.

LATE SHIPPING EXPORTS. To Philadelphia per steam Manchester Corporation, sailing March 21—565,800 spruce laths, 5,318 bds laths. For Manchester per same steamer—197,218 feet lumber, 87 pcs birch lumber, 28 maple logs, 1,408 pcs birch boards.

Edmonton, Alta., March 4.—Compilations from reliable sources made by the Edmonton Industrial Association, show that at least 8,000 tons of main and branch railway lines will be built in the province of Alberta before the close of 1915. Work is now under way.

The Canadian Northern heads the list with 1,000 miles of line to be constructed by the provincial government. Most of the construction will be in the northern half of the province, and the company also will complete its main line in western Alberta before the close of 1915. The C. P. R. has engineers in the field, and it is given out that the Calgary-Edmonton line will be continued northward into the Peace River country and other parts of central and northern Alberta, as soon as a survey is approved.

J. D. McCarthy, president and builder of the Edmonton, Dunvegan & British Columbia road, authorized the announcement that 200 men are being cut right away for the Alberta & Great Waterways railway and that 125 miles will be ready for graders early in May. The line already contracted for is from Edmonton to Fort McMurray, 288 miles. It is being built under government supervision.

It is announced that work will begin this year in the three western provinces on a line from the Neza, river, on the Pacific coast, to Prince Rupert, Seattle, by way of northern Alberta. D. A. Thomas of Cardiff, Wales, is backing the project, which is designed to tap extensive coal fields in the north country.

Water Supply Failed. Georgetown, British Guiana, March 4.—A disastrous fire occurred on Monday at Georgetown, British Guiana, about six miles south of this city. The water supply failed and many of the important business houses were destroyed.

Moore Resigns. Washington, March 4.—John Bassett Moore, counsel of the state department, who ranks as acting secretary, has resigned and his resignation has been accepted by President Wilson.

At the meeting of the Fairville Methodist Brotherhood last night, the question of the single tax was discussed by Perry Kelly and others, the opinion being expressed that the single tax system is the best method of taxation. At the conclusion, a short programme was carried out in which the following took part: F. T. Coyle, Richard McLeod, N. H. Wetmore and Charles Calabrese. The meeting was presided over by N. H. Wetmore in the absence of the president, Rev. Gilbert Earle.

"Why does Smith smoke his cigarettes in one of those long holders?" "His doctor has warned him to keep away from tobacco."

"City Responsible For Hold Ups." Business men are interesting themselves in some of the serious problems concerning the welfare of the city, with an endeavor to institute a more business-like system in the conducting of civic affairs. Questions they are debating are: Sinn's Brush Factory left St. John, because it was unable to secure a large enough piece of frehold property to conduct its large business and located in Fairville. Other manufacturers will not entertain building new, or improving old plants without special concession to them; labor is demoralized because people will not improve or paint their premises on account of present system of civic government; so we have resolved upon the following: "That for upwards of one hundred years the citizens of all classes have worked in the interest of the land owners of our city.

"That all benefits—by erection of buildings, industrial, and enterprises—have been reaped by the land owners. That manufacturers have been driven from our city. That people will not build homes, only a cheap kind of tenement houses, and that the people have paid the tax of the land owners."

"So he resolved that all taxes for city revenue be raised solely from land taxes, thus compelling the land owners to improve their lands or dispose of them to people who are willing to build upon them. If you are interested, support Potts' Tax Reform Movement in the coming election in April to bring about required results.

A Monthly Income For Your Widow

A new privilege applicable to all Imperial Life policies permits the assured to specify that the proceeds of his insurance shall, on maturity be payable in monthly, quarterly, half-yearly or yearly instalments for 20 years certain, and so long thereafter as the beneficiary named shall live.

While in the calculation of the instalments a definite rate of interest is guaranteed, such payments to the rate of interest in participating policies will be increased by sharing in the interest which the Company earns in excess of this guaranteed rate.

Therefore, by means of an Imperial policy you can provide a definite, dependable, regular income to care for your widow as long as she lives, and for your children until all of them are at least old enough to be self-supporting.

But this is only one of the many advantages of this valuable new privilege. Many others are explained in our booklet "Designing Your Legacy." Write for a copy today. It's very interesting, and—it's free.

NOTABLE SPEAKERS ADDRESS SOCIAL SERVICE CONGRESS

Opening Session at Ottawa on Tuesday—Thousand Delegates From All Parts of Canada—Interesting Features of Today's Programme

Ottawa, March 2—About 1,000 delegates are in attendance here today at the Social Service Congress of Canada. The theme of this afternoon's meeting, "The Church and Industrial Life" was the theme of this afternoon's meeting. The improvement of social, economic and ethical conditions is the object of the congress.

ORIGINAL PROGRAMME IN ST. MATTHEW'S CHURCH

A unique festivity was staged last evening in St. Matthew's Presbyterian church, Douglas avenue, when "Rev." Morton Donaldson performed a mock marriage ceremony with little Miss Olivia Gregory and Oty Berk as the bride and groom.

THE BAPTIST MINISTERS

(Maritime Baptist) Rev. Avery A. Shaw has been called to the pastorate of Immanuel church, Brookline.

MILK PRICES

(Montreal Herald) When a set of men get together, and by the mere magic of a resolution, automatically raise the price of the milk supply of half a million people, it is difficult to accept their protestation that they do not constitute a combine.

IT PAYS TO BUY KOHL-I-NOR PENCILS

BECAUSE the "Kohl-i-nor" writes far better than other pencils and also because "Kohl-i-nor" easily outlasts six ordinary pencils.

MORNING NEWS OVER THE WIRES

Sir Edward Grey, British foreign secretary, in London yesterday in a speech on the Mexican situation with regard to the killing of Wm. Weston said that England would await the result of the enquiry by the United States into the matter, but if the states did not think it desirable to take the necessary steps, England would then institute proceedings herself.

PILETS

Do not suffer from piles. Pilelets is a new and safe remedy for piles. It is a natural and healthy remedy for piles. It is a natural and healthy remedy for piles.

RED-CROSS GIN

Protects the Huntsman and Prospector against colds caused by rainy days and chilly nights. An "Outfit" is not complete without a bottle or two of the famous Red Cross Gin.

MARVELOUS BALSAMIC ESSENCES CURE CATARRH

NO DRUGS TO TAKE—A DIRECT BREATHING CURE Statistics Prove that Ninety-seven Per Cent. of Canada's Population is Infested With the Germs of Catarrh.

PURE BEER

an aid to sleep Hops are tonical and soporific. A bottle of pure beer at bedtime will benefit you greatly. But be sure it's pure.

Get Schlitz in Brown Bottles

Schlitz is brewed in the dark, cooled in filtered air, every bottle sterilized, aged for months to prevent biliousness. The windows of our bottling plant are of brown glass.

ABOUT YOUR OWN VIGOR Sent Free to Men

MR. READER: Here is something I have to offer you, absolutely for nothing—a little private book of special information about the legitimate use and unnatural abuse of many vigors, about the preservation of many vigors and its possible self-restoration; an illustrated pocket compendium with many hints that you can surely apply to your own self, no matter how strong you may be, or how nervous or run-down you may be.

Over a million of these books have been thus sent to applicants all over the world since my first free offer appeared. Publishers are charging as much as \$8 for books on sex subjects, while my book is free. Therefore, reader, if you would like a great fund of inside information relating directly to the subject of many vigors, all put in perfectly plain, easy-to-read language, with many hints that you can surely apply to your own self, no matter how strong you may be, or how nervous or run-down you may be.

MANHOOD! The quality which rules the world today. My friend, there never was a time in the history of the human race when real, sturdy manhood, manly vigor and manly courage counted for as much as they do now, this very minute. No matter what your years, whether you are 20 or 80, you must be either entirely in the race or entirely out of it. It is invariably the fellow who proves up bravely in this human strength that forges to the front, while weaklings stand aside; it is he also who is in most demand and most sought after by women and men of his community, simply because he radiates that marvelous magnetic influence which only an abundant vigor and rugged manly health can radiate.

To Get Free Book Please Use Coupon If you live too far to call, or if you cannot call, please fill in the coupon below and send it to me. You will receive free, sealed, by return mail, my 72-page illustrated book, containing 8,000 words, a complete compendium of useful information for men, young or elderly, single or married, who want the truth about the subject of vital strength, its preservation, its possible self-restoration and its legitimate uses and wanton abuses. You get it all free.

DR. E. F. SANDEN CO., 140 Yonge Street, Toronto, Ont. Dear Sirs—Please forward me your book, as advertised, free, sealed. NAME ADDRESS

SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING. City League. In the City League fixture on Black Saturday evening the Ramblers lost three points to the Pirates, 1245 to 1225.

Commercial League. Chase, of the Emerson & Fisher team, led the bowlers in the Commercial League last night with an average of 101 when his team won from W. H. Thorne & Co. three points to one.

Wash Matches. Archie Walsh, the Boston bowling champion, has been matched with Chip Olive for a ten string game on Black Friday night at ten o'clock.

Montreal Loses McCallum Cup. Montreal Gazette.—The McCallum Trophy will make its first trip away from Montreal since it was donated two years ago as the result of the National Bowling Club of Quebec defeating the Lacie who won the trophy from the Strehlans only two weeks ago.

BASKETBALL. High School Won. In St. Andrew's church school room last evening, the High School basketball team defeated St. Andrew's, 33 to 20 in a fast game.

GOLF. Quinnet Away This Month. Francis Quinnet, national open golf champion, and Arthur G. Lockwood of the Belmont Spring Country Club, will sail from Boston on March 31, on the S. S. Carmaria, for Liverpool, to take part in the British golf championships.

Philadelphia, March 3.—The plan to get up a public subscription for "Rube" Waddell, a once great southpaw, now at San Antonio making a hard fight to overcome the ravages of tuberculosis, has been nipped in the bud by Connie Mack.

Montreal Mail.—Secretary Mackerrill, of the Royal Canadian Golf Association, has sent out a circular letter from Ottawa, which includes the announcement of the gift of a trophy from Her Royal Highness the Duchess of Cornwall.

A Long Winded Game. In a game that went fifty-three minutes overtime, the New Glasgow Black Foxes won from the Sydney Millonaires in Sydney last night, three goals to two.

Wells Knocks Out Blake. London, March 3.—Bombardier Wells, the former British champion heavy-weight pugilist, tonight knocked out Eandman Blake, the middleweight champion, in the fourth round of what was intended to be a twenty-round fight.

Hallifax, March 3.—The Crescents and Socials put up a good game in the Arena tonight. The Crescents winning 5 to 2.

Berlin, Feb. 28.—Award of the royal life-saving medal has been made to Lieut. Otto Bertram, a naval aviator, for an act of aerial daring which pre-

Johnson and Langford

(FROM T. S. ANDREWS)

Milwaukee, March 3.—After all the talk about barring Jack Johnson from a championship match in England, the National Sporting Club of London has changed its attitude in the matter and is now endeavoring to stage a big bout between Johnson and Sam Langford.

Ship Bout Between Sam Langford and Jack Johnson. The left wing of the colored fighters for a twenty-round battle, an offer which is to remain open until March 1. If they extend the period to the same date next year 1 question very much if Johnson will agree to risk his title for such a small amount.

vented a fatal fall for Aviator Sabling and himself near Berlin. The left wing of their aeroplane broke when the aviators were some 800 yards above a lake.

No Advance for Canadian League. Auburn, N. Y., March 4.—The national board of arbitration of the National Association of Professional Baseball League, today denied the application of the Canadian League to be advanced to class B.

Philadelphia, March 3.—The plan to get up a public subscription for "Rube" Waddell, a once great southpaw, now at San Antonio making a hard fight to overcome the ravages of tuberculosis, has been nipped in the bud by Connie Mack.

Montreal Mail.—Secretary Mackerrill, of the Royal Canadian Golf Association, has sent out a circular letter from Ottawa, which includes the announcement of the gift of a trophy from Her Royal Highness the Duchess of Cornwall.

Langford-Morris Bout Barred. Milwaukee, Wis., March 4.—Pride fights between negroes and white fighters will not be permitted in Wisconsin, under a ruling announced today by the state boxing commission.

News of the Boxers. Cyclone Thompson, who was to sail for Australia next week on his ill-fated world-scrambling tour, has had to postpone the trip.

MAY BE IN GAME AGAIN

Newey Lalonde, a Canadian hockey team player, who was hurt but may be able to get back into the game for the finals of the National Hockey Association's season.

The club insists that the purse, if accepted, is to be divided 60 per cent to the winner and 40 per cent to the loser, 70 per cent and 30 per cent or the winner can take all; but they will not be a party to any win, lose or draw arrangement even should Langford be agreeable to such a proposal.

SAY DRUNKENNESS IN BOSTON HAS INCREASED

Liquor Dealers Urge as Remedy, Local Option—They and Antisaloan League Given Hearing

(Boston Globe). Asserting that since the "bar and bottle" bill had gone into operation the arrests for drunkenness in the state had increased to "record-breaking" figures, a large number of men engaged in the wholesale and retail distribution of liquor urged before the committee on local affairs at the State House this morning the passage of a bill which makes optional with towns and cities whether the "bar and bottle" provision shall apply to the dealers in their community.

BUT THE MEN GET THE BOUNCE

(Moncton Transcript). Replied to questions respecting intercolonial appointments since the change of government, the following information was given by the government:

- P. P. Guelinus at \$20,000 per annum.
C. A. Hayes \$10,000 per annum.
H. F. Alward \$4,000 a year.
C. B. Brown \$6,000 a year.
W. A. Duff \$9,000 a year.
R. G. Gage \$3,600 a year.
W. R. Denehan \$2,400 a year.
G. E. Smart \$3,000.
Robert Klock \$2,400 a year.

Since the change of government twenty-one L. C. R. chief officials have received increases in salary, ranging from \$130 a year additional up to \$1,600 additional per annum.

It will be recalled that the local M. P. P. for Moncton city pledged his word to the general-superintendent's services being published. He made this pledge published.

London, March 3.—Bombardier Wells, the former British champion heavy-weight pugilist, tonight knocked out Eandman Blake, the middleweight champion, in the fourth round of what was intended to be a twenty-round fight.

Hallifax, March 3.—The Crescents and Socials put up a good game in the Arena tonight. The Crescents winning 5 to 2.

Berlin, Feb. 28.—Award of the royal life-saving medal has been made to Lieut. Otto Bertram, a naval aviator, for an act of aerial daring which pre-

Langford-Morris Bout Barred. Milwaukee, Wis., March 4.—Pride fights between negroes and white fighters will not be permitted in Wisconsin, under a ruling announced today by the state boxing commission.

News of the Boxers. Cyclone Thompson, who was to sail for Australia next week on his ill-fated world-scrambling tour, has had to postpone the trip.

WHO PAID THE FINES? Moncton Transcript.—Charles McGovern, an I. C. R. section man, was in the police court on Monday, convicted in two Scott Act cases, and fined a total of \$105. The fines were paid.

THE SEPARATE SCHOOL ISSUE entered into the contest, Mr. McLennan, backed by Rev. Dr. Agnew and the orange lodges, appealing for support of an anti-separate school platform.

has been covered and that the figures are in every way authoritative. We have proved, and we think this answers the argument of the other side, that in those cities which have been continuously licensed from year to year the number of arrests for drunkenness has decreased.

Arthur J. Davis, representing the anti-Saloan League opened for the opposition. He said that Massachusetts has a model license system. As for the charge that drunkenness is increasing that has been going on for some years, he declared, and was commensurate with the increase in population.

Mr. Davis emphasized the fact that the "bar and bottle" bill was the doing away with the "trading the growler" system which was the greatest curse of the temperance district.

Mr. Davis, like several other of the opponents called attention to the fact that in Worcester the license board had separated the bar and bottle measure long before the "bar and bottle" measure was enacted.

There were many others heard in opposition, including Philip Davis of the Civic Service House in the North End.

JAPANESE FACTORY GIRLS.

In Japan legislation for the protection of the workers has not kept pace with industrial expansion, says the London Daily Telegraph. In factories employing girls the conditions are said to be such as to call for drastic remedy.

The terms of employment in the factories are reported to have become steadily worse. At a recent meeting of the National Medical Association it was said that there were 500,000 factory girls in Japan and that of these 200,000 were under the age of twenty.

Mr. Davis emphasized the fact that the "bar and bottle" bill was the doing away with the "trading the growler" system which was the greatest curse of the temperance district.

MRS. DOMINICK McHUGH

The death of Mrs. Dominick McHugh occurred yesterday at her home on the Redhead road, after a long illness. Mrs. McHugh leaves, besides her husband, three sons, John, Arthur and Joseph, of Little River, and three daughters, Mrs. Frank Bette, Mrs. John Pudge and Mrs. John Owens, who live in the city.

MARAUDERS AT LARGE

On Saturday evening, Feb. 23, a bold attempt was made by persons unknown to enter the home of Mrs. Beattie Foster, 387 Main street. Fortunately for Mrs. Foster, some friends were staying at the house and, hearing the noise, gave the alarm. The marauders then went to the back of the house and tried to gain an entrance by way of the window. The lady is very much disturbed over the matter.

BIRTHDAY PRESENTATION

The members of the Fireside League will long remember the pleasant time spent last evening at the home of Mr. and Mrs. Frank H. MacFarlane in Kennedy street. After a fine programme of songs, musical numbers and readings had been given, the president, R. H. Cother, in behalf of the league presented to Mr. MacFarlane a handsome silk umbrella with his monogram engraved. It was a birthday gift. A delicious supper was served before the gathering dispersed about midnight.

Hugh A. Mowbray, \$100, property in Kingston.

O. W. Wetmore to J. A. McGivern, \$1,200, standing timber.

ANOTHER EFFECT OF LOSS OF EMPRESSES

The team traffic on the ferry steamers during February shows a decrease as compared with the corresponding month last year. The report shows that the ferry during February, 1914, by 7,583 single teams as compared with 8,909 in February, 1913, a decrease of 67, and 1,286 double teams, as against 1,706, a decrease of 370.

MORE "ECONOMY" IN I. C. R. OPERATION

Some people are still smiling at Manager Gutelius' ideas of railway economy. The latest cause of comment is the bringing of the usual string of freight cars to Hampton from Moncton, leaving them there and then having another engine run "right" from Moncton to bring them into the city.

It is said that this method means a loss of at least \$100 to the road on each trip. When the freight arrives at Hampton in the morning, the engine which brings it there transfers to the waiting suburban and runs into the city with the three passenger cars. The freight cars, averaging about twenty, are left at Hampton until another engine reaches there from Moncton and brings them into the city.

It is said that if the engine which brings the suburban to the city were to be sent back to Hampton to take the freight cars in, it would be a run of only twenty-two miles for it or any other engine sent from the city. Instead of this, under the present arrangements, there is a run of sixty-six miles from Moncton with a light engine and a train crew, and a consequent financial loss.

POLICE DOUBT GRAHAM'S STORY

In speaking of the Simon Graham's story that he had been robbed of \$128 last evening, Chief Clark said this morning that he did not put much faith in the story, as the matter had never been reported to the police by the man himself. He said it was about two hours after the robbery was alleged to have happened that the matter was reported to lieutenants in No. 4 engine house, and that when the police heard of it, Detective Lucas was sent out on it with Policeman Briggs. The chief suggested to them that they might find Graham at the depot, and when he was located there he gave a minute description of the two men who, he said, held him up. This the chief considers rather remarkable considering that according to Graham's story, he was held up in a poorly lighted part of the city and that the robbery was committed quickly. The main reason, however, that the police were skeptical of the story, he said, was that the man had been drinking.

\$10,000 A MILE MORE FOR VALLEY?

Could Said to be Asking For Another Big Slice of Public Money—That L'Etang Scheme

Fredericton, March 4.—An effort is to be made to secure an additional bond guarantee of \$10,000 a mile more for the Valley Railway. Mr. Gould of the Valley Railway Co. is said to be pushing this new scheme, but whether or not the government will swallow it has not yet been decided.

Mr. Gould's company received a bond guarantee of \$25,000 a mile from the province of the city residents from the dominion government amounting to \$8,400 a mile. In addition to this there were second mortgage bonds for \$10,000 a mile.

If, as now reported, the company, after building the entire portions of the railway, is asking for an additional guarantee of \$10,000 a mile, there is going to be a row, and the character of the road from Fredericton to Centreville will be the subject of sharp discussion.

Much interest is manifested here in the application of a company for a sub-sid of \$25,000 a mile for the railway way from Fredericton to L'Etang. This company already has a charter and now seeks an enabling act authorizing the government to pay \$25,000 a mile. It will be said in support of the bill that the C. P. R. is supporting the plan, and that any and every transcontinental railway will have an opportunity to use the railway to L'Etang.

As the railway would be a competitor of the Valley Railway and of the Transcontinental, both of which are being built by the people's money, it is anticipated that the government will face a difficulty when it takes the matter up.

ST. JOHN GARRISON MESS RE-ORGANIZED

This is Because 62nd Regiment Sergeants Are Not Going in

A re-organization of the newly formed St. John Garrison Mess amongst the sergeants of the city regiments has been effected. At a meeting last evening it was announced that the sergeants of the 62nd Regiment, St. John Fusiliers had declined to enter the new mess but to retain their own which they have conducted with much success for some time. This meant a change in the list of officers as some of the 62nd non-coms. had been selected in the garrison mess.

A new election was held last night and the officers now are: President, E. M. Slater, sergeant-major and Regt. C. A.; 1st vice-pres. Robert Atcheson, sergeant-major, A. M. C. 2nd vice-president, Sergeant Major Phyllis, 3rd N. B. Dragons; secretary, Sergeant Cully, 3rd N. B. Dragons; and sergeant-major A. Carless, C. S. C. It was decided to allow the charter to remain open for a year. Various matters of interest to the new organization were considered and an active season is planned.

BENTON MATTER IS DORMANT FOR TIME

(Continued from page 1) Some Evidence not Yet Given Out

One reason why there is little tendency to press the inquiry on the part of the United States or Great Britain is the fact that Benton's body already has decomposed considerably and evidence of a conclusive character as yet undisclosed has been in the hands of officials for several days.

Next steps in the situation seemed to depend on General Carranza. His declaration that the United States has no right to inquire about the welfare of any foreign subjects but her own, will not be accepted by the Washington government. Carranza's friends here were hopeful today that he would eventually alter his position on this point, and reveal a friendly attitude toward the United States.

While pressure expected from Great Britain over the Benton case, has been removed, the American government is much concerned over the reported murder of Gustave Baur and Clement Yegars, both American citizens, the one by Constitutionalists and the other by Mexican Federalists. Demands for information in each case have gone forth from the state department. It is expected that messages will be presented by United States consular agents to General Carranza, making representations on behalf of Baur and Yegars. George C. Carothers is expected to discuss this with General Carranza today on behalf of the state department.

British Press Views

London, March 4.—The Mexican situation and Sir Edward Grey's pronouncement of the views of the British government are the subject of much comment in today's evening newspapers.

The Pall Mall Gazette says:—"The temperate and restrained language in which Sir Edward Grey referred to the Mexican murder, will have the approval of all Englishmen. Its moderation, however, will not disguise the depth of their feeling."

"Every reason of moral and international right requires of the United States that the punishment of Benton's murderers, shall be undertaken without avoidable delay. At the present moment, civilization stands divided and Great Britain outraged. The application of the Monroe doctrine is paralyzed and mocked."

The Globe says:—"Sir Edward Grey said much to emphasize the gravity of recent events and very little to relieve the disquietude which those events have inevitably provoked. The public opinion of this country, however, sympathetic to the United States, will not make considerations for the embarrassment of President Wilson an adequate excuse for acquiescing in such deeds as those of which Pancho Villa, with the approval of Carranza, has been guilty."

"The United States is bound to exert that predominant and exclusive influence which it claims for putting an end to things which have become a danger, not merely to the United States itself, but to the civilized world."

The Westminster Gazette and the Evening Standard agree with Sir Edward Grey that the only possible policy is to await and secure reparation when circumstances permit it.
