

The Evening Times-Star

A QUESTION FOR YOU
How much money do you spend out of the city or province every year which might as well or far better be spent here? Every additional dollar you spend at home is a help toward your city's prosperity.

BUILD UP YOUR CITY
One good way is to buy in St. John's shops and patronize its industries. By doing so you will not only get good value but you will be setting your money to work for everybody in the home community. Build up St. John.

Poincare Wants Allied Aid In Case Germany Defaults

SLIPSTICKERS OUT 100,000

DECIDE TODAY ON NEXT STEP

Reparations Commission to Meet in Paris This Afternoon.

NATIONS' VIEWS

Britain and Belgium Favor Dawes Plan—German Attitude Not Stated.

(By Webb Miller.) (United Press Staff Correspondent.)

Paris, April 11.—The first reaction of the Allied governments to the Dawes report has been registered and the Reparations Commission was summoned to meet at 3 p.m. today to exchange views and decide upon the next step.

Louis Barthou, president of the commission, conferred with Premier Poincare this morning. Sir John Bradbury, British member, reported he had received the opinion of the new Labor Government concerning the report. Mr. Gutt, Belgian, learned the views of Premier Theunis.

Reported French Terms
French observers believe Poincare will demand that the reparations commission base its acceptance of the reports on the following conditions:

1.—Settlement of inter-allied debts, at least of the French debt to England.
2.—A promise by the Allies to participate in economic re-occupation of the Ruhr if Germany fails to keep her promises.

3.—A united Germany must agree to carry out all the experts' proposals and the Reichstag must ratify the agreement.
Good, Says Former Chancellor.

London, April 11.—Sir Robert Stevenson Harris, former chancellor of the exchequer, in a speech here warmly commended the report of the reparations experts. The men chosen from the various committees to deal with the problem, he said, were the best that could be selected; no praise too high for their work. He did not think it too much to say that the report was more important to the world than any document in recent history and he urged that the nations go forward along the lines it proposed and try to bring peace to Europe.

Brussels, April 11.—(United Press.) "I have only one thing to add," General Charles E. Dawes said as he boarded a train which will take him to Rome by way of Paris, after a brief visit here. "I believe Germany will be able to carry out the obligations outlined in our report."

During Dawes' visit here, Premier Theunis addressed the Belgian Chamber on the subject of this country's debt to America. He announced that negotiations on refunding the debt will begin "as soon as circumstances permit." Theunis expressed confidence that the United States will appreciate "how our little country has been ravaged," and will continue "the notably generous attitude thus far shown."

Brussels, April 11.—The Belgian Government is certain to accept with enthusiasm the report of the reparations experts, according to assurances given in the highest governmental quarter. Although Belgium does not desire to force the hand of its allies by a perfunctory expression of views, it is understood that the Government wishes to lose no time in allowing its attitude to become known.

Berlin, April 11.—No inclination is apparent around government headquarters to enter into anything more than a perfunctory discussion of the experts' findings, and until the government is in possession of a duly authorized report, it is not likely to do so.

He's 73; Will Wed Nurse of 28

Attleboro, April 11.—Despite the fact that the filing of their marriage intentions April 4 was very quietly done and friends have been sworn to secrecy, it has become known that Charles C. Wilmarth, 73, jewelry manufacturer, and one of the richest men of the city, and Beatrice E. Whalley, 28, a registered nurse of 38 North street, have applied for a license to marry.

WOULD PUT LIMIT ON CANADIANS

Proposed Law Would Permit Only 25,000 From Dominion to U. S. Annually.

Washington, April 11.—(By Canadian Press.)—The amendment to the U. S. Immigration Law, which would limit immigration to the U. S. from countries of north and south America to two per cent. of the various nationalities in the country in 1920 will not be voted upon by the Senate for a day or two.

LLOYD GEORGE ILL

London, April 11.—Ex-Premier David Lloyd George was confined to his home today with an attack of bronchial catarrh. His illness was said to be not serious.

Cardinal Hayes Goes to Riviera

Rome, April 11.—Cardinal Hayes, who left Rome yesterday, will spend a few days at San Remo, a beautiful Riviera resort, resting after the strenuous ceremonies in which he participated here on the occasion of his receiving the red hat.

The Mauretania Touched Ground

Southampton, April 11.—The Cunard liner Mauretania, which left Southampton in tow this morning for Cherbourg for repairs is reported to have touched ground when tugging Calshot Point, near the Isle of Wight. She was not damaged and proceeded almost immediately.

Grain Mixing Is Alleged

Winnipeg, April 11.—Charges of irregularities in public terminal at the head of the lakes were made just before the close of yesterday's session of the Royal Grain inquiry committee. The name of the elevator was not disclosed, but it was said the alleged mixing had occurred within the last three or four years.

Wire Briefs

Victoria, B. C., April 11.—The All-Canadian football team sailed Wednesday night enroute to Australia on R. M. S. Niagara.

Ottawa, April 11.—After a brief session yesterday, the Senate adjourned until April 29, having completed all the business before the upper chamber at present.

Ottawa, April 11.—The House of Commons today will consider the four remaining branch line resolutions and the estimates for the Department of the Interior.

LIKELY TO PRODUCE BY EASTER

Legislature Kept Up Work Into Early Hours This Morning.

OFF TILL TUESDAY

Adjournment Tonight—Church Union Up on Resuming.

(Special to This Times.) Fredericton, N. B., April 11.—The House expects to prorogue before Easter. All yesterday afternoon and last night until half past one this morning supply was being considered, and all but two or three items passed. These will be put through this afternoon.

JOHN D.'S DAUGHTER BUYS REGAL JEWELS

Pays \$1,500,000 Plus 80 Per Cent. Duty For Emeralds of Romanoff Family.

Chicago, April 11.—Mrs. Edith Rockefeller McCormick, who is fond of emeralds and has the money to gratify her tastes, is disclosed as the owner of a \$1,500,000 emerald and diamond necklace recently brought to Chicago. It is said the full duty of 80 per cent. of their value was paid before they were started west.

VOYAGE FUNDY ON RADIO BEARINGS

Slips With Direction Finding Apparatus Can Come Right to St. John.

Ottawa, April 11.—(By Canadian Press.)—Establishment of the radio beacon station at Seal Island, N. S., on a permanent basis is announced by the radio branch of the department of Marine and Fisheries.

WIZARD OF WIRELESS MARRIES AGAIN

Marconi Takes Advantage of Laws of Fiume to Get Divorce.

Rome, April 11.—Taking advantage of the laws of Fiume just before the annexation of that city to Italy, Signora Guglielmo Marconi recently obtained a divorce from the famous wireless inventor, it has just become known. The Italian laws do not allow divorce. News of the separation became public together with the announcement that Signora Marconi had married the Marquis Liborio Marignolo.

Supply Items at Ottawa Passed

Ottawa, April 11.—The House of Commons in committee of supply last night passed two items for Dominion lands and parks, totalling \$851,000. A grant of \$4,000 to the Canadian Forestry Association, and \$347,000 for surveys of water and power resources, including the hydroelectric survey, comprised the vote. These made a total passed by the House last night of \$1,703,123.

Earthquake Leaves Mark on Children

Yokohama, Japan, April 11.—The youth of Japan will feel the effects of the great earthquake of last September for many years and in many ways.

TARIFF CUTS AS THE PRESS SEES THEM

Liberals Applaud and Conservatives Condemn Reduced Taxation.

THE EDITORS' VIEWS

Influence of Progressives is Seen—Manufacturers Will Resist.

The following editorial comment on the Budget proposals has been collected by the Canadian Press.—TORONTO, CANADA.—(The underlying principle of the tariff changes announced by Mr. Robb is the reduction of taxation on instruments of production in the basic industries of the country. Agriculture is the most important of these. The exact effect of such reduction cannot now be stated, but if the farmer can be relieved without injuring one of our most important manufacturing industries there will be ground for congratulation.

Longest Message Ever Cabled

Passed Through St. John Station

The cable transmission of the Dawes reparations report from Paris to New York without precedent in the history of telegraphy on several counts.

ENGINEER RESIGNS

Halifax Official Refuses to Accept Salary Cut of 10 Per Cent.

Halifax, N. S., April 11.—Declining to accept a ten per cent. cut in his salary, which cut is to apply to all chief officials, F. W. W. Doane, city engineer, last night tendered his resignation to the city council. This relieves a difficult situation brought about by the demand for a reduction of the city's engineering staff.

POSTPONE STRIKE

Janitors and Engineers Defer Action re Buckingham Palace and Government Buildings

London, April 11.—A strike of janitors and engineers called for 11 a.m. Thursday, which threatened to leave without heat the palace and government buildings, was postponed until next Wednesday, pending investigation of the men's working conditions. Meanwhile, King George has gone to Windsor.

ADmits KILLING

Mrs. Johanna Tell Says She Slew Employer and Gives Reason.

New York, April 11.—Mrs. Johanna Tell, until Wednesday housekeeper for Chas. Blagich, a farmer in Billingsworth, Conn., was brought to the district attorney's office yesterday after Francis Maxin, her uncle, told that Mrs. Tell had confessed to killing her employer. The district attorney said that in her confession, Mrs. Tell declared she had shot Blagich after he had made improper advances to her. She buried the body Wednesday night in a sand pit near the house.

He Specializes on Flies

Dr. Aldrich of the Smithsonian Institute has made a life study of flies. So many of us in the summer time. Here he is shown examining one he received from Greenland. Strange to say, 25 varieties of flies are found in cold regions.

MEN WOULD NOT RETURN TO POSTS

Action of British Owners Effective at Midnight and is Nation Wide.

MINERS CHOOSE RED

Elect Cook, Extremist, to Position as Leader of Nearly a Million.

(By Lloyd Allen.) (United Press Staff Correspondent.) London, April 11.—British shipowners today announced a nation-wide lockout against all shipyard workers, effective at midnight tonight. It affects 100,000 men.

The cause of the lockout is refusal of striking workers at Southampton to accept the owners' terms and resume work, although they were advised to do so by their own national union leaders.

(Canadian Press.) London, April 11.—A. J. Cook, leader of the South Wales miners, a self-admitted "Red" has been elected secretary of the Miners' Federation of Great Britain in succession to Frank Hodges, who abandoned the post upon his appointment as Civil Lord of the Admiralty in the Labor Government.

Miners Choose Red. In view of the immense industrial and political power wielded by the big trade unions the filling of this post in the miners' federation, the membership of which approached one million, may easily be an event of national importance, and Mr. Cook has the opportunity to exert influence equal to that of leaders as Ernest Bevin of the Dock Workers' Union and J. S. Thomas, formerly the railway men's chief and now Colonial Secretary.

Cook, who is an avowed extremist and devoted to the Marxian theory, said he interpreted the miners' choice as a desire for a militant aggressive policy.

Dedares Himself Red. "I am in favor of a real live, national and international miners' organization," he said, "and am convinced that miners cannot retain their present bad conditions without it. I am still a Red, with all that means, and I will not rest satisfied until private enterprise in the mining industry is abolished."

Church Bill in Alberta House

Edmonton, Alta., April 11.—An amendment of the Church Union Bill into force in Alberta if the Dominion act contained any provisions inconsistent with the Alberta act was defeated in the legislature yesterday.

Another amendment allowing individual churches to retain their identities as such on vote of their members was also defeated.

Weather Report

Toronto, April 11.—Pressure is high from Manitoba to the middle Atlantic coast and relatively low over the southwest states, the Gulf of Mexico and off the Atlantic coast. The weather has been mostly fair over the Dominion with moderate temperatures from the Great Lakes eastward and cold in northern Ontario and western provinces.

Forecasts: Cloudy and Cold. Maritime—Moderate to fresh westerly winds, partly cloudy and cool tonight and Saturday.

Northern New England—Fair tonight and Saturday; little change in temperature; moderate northwest winds. Gulf and North Shore—Moderate winds, mostly fair today and Saturday, not much change in temperature.

Toronto, April 11.—Temperature: Lowest Stations 8 a.m. Yesterday night

Table with 3 columns: Station, 8 a.m., Yesterday night. Rows include Victoria, Kamloops, Calgary, Edmonton, Winnipeg, Montreal, St. John, Halifax, New York.

Victoria Bridge Contract Awarded

(Special to This Times.) Fredericton, N. B., April 11.—The contract for Trout Creek bridge, Parish of Perth, Victoria County, has been awarded to M. V. Caldwell, of Bristol, Carleton County, price about \$10,000.

V.S. SCHOONER WRECKED; CAPTAIN RELATIVE OF PERENE CRASH VICTIMS

Maid of France, Capt Haugh, Reported Derelict Off the U. S. Coast.

Wilmington, N. C., April 11.—A wrecked schooner believed to be the British schooner Maid of France, eight days overdue from Barbadoes, was reported a menace to navigation of the coast. In a wireless message picked up here last night, two bogies were reported floating nearby.

BUSINESS LOCALS

**ATTACKS CIVIC PROGRESS PARTY**

**F. L. Potts Refers to Herbert Phillips as the "Hidden Hand."**

About 200 gathered at Pythian Castle last evening to hear F. L. Potts, candidate for Mayor in the coming civic contest, expound his platform of civic improvement, and to listen to rather pointed remarks on what he called the "hidden hand" behind the Civic Progress Party and its candidates, R. A. McAvity and R. G. McLennan. His remarks were aimed at Herbert Phillips, who, he pointed out, had joined the party, completing the ticket, and then had withdrawn his candidacy for commissioner.

Mr. Potts ridiculed the platform of the Civic Progress Party, and attempted to punch holes in each of its planks. Their proposal to spend \$2,000,000 of

**What Is Brother McLellan's "Menace"?**

**FRIEND HARRY McLELLAN** IN HIS SPEECH LAST NIGHT confided to the audience that St. John is about to be confronted with a grave "menace"—bigger than Hydro in importance, something terrible it would seem. People are wondering what was in his mind. If you ask me what I think St. John's greatest menace is at this critical juncture in its history I will say it is **PUBLIC APATHY IN PROGRESSIVE MEASURES AND COMMUNITY SPIRIT**, the inevitable result of a monotonous round of stand-pat civic government. Standing pat is good tactics on some occasions but as a steady policy it spells stagnation, checks progress and disheartens a willing and bright-minded public. Rivers rise no higher than their source. St. John people are well aware of the natural merits of their home-city and port, but if every advantage is not taken to "sell" the world these advantages and make the place lively and easier to live in they become greatly discouraged. The opening gun for a general shake-up in civic affairs will be to inject some new blood into the Council.

**VOTE FOR F. L. POTTS**  
The People's Candidate for Mayor.  
And save Hydro for the people at real cost.

**VOTE FOR POTTS**  
So the painter, carpenter and working man can get work by 5 years exemption on all improvements, and a lower tax rate so citizens can get a chance to

**W. L. HARDING**  
11255-4-14

**To the Electors of the City of Saint John.**

Ladies and Gentlemen: I have been nominated for the office of Commissioner at the forthcoming elections, and respectfully solicit your support.

I am not running on any ticket and am independent of any particular class or organization.

During my term of office there have been a number of very important matters before the Council requiring very careful consideration, to all of which I have applied my very best judgment and have always made my decisions in what I considered was the best interests of the taxpayers of the City of St. John.

While under present financial conditions, I am averse to contracting any further large liabilities, as I recognize the absolute necessity for very careful procedure, I would advocate any expenditures for improvements that are essential for the general good and which cannot in the common interest be further postponed.

As indications point to an increase in our export trade I would strongly uphold any measure that may be presented looking to an enlargement of our harbor facilities.

With regard to a change in the system of Civic Government, as advanced in some directions, should the people desire this, I will render every assistance in my power towards carrying out the wishes of the electorate.

Trusting that I may be favored with a renewal of your confidence,

Yours respectfully,  
JOHN THORNTON.  
11242-4-13

**Sunlight—for your Washing Machine**

A WASHING machine is made to wash your clothes without rubbing or boiling—and it succeeds just in proportion to the value of the soap you use.

Sunlight Soap dissolves quickly and completely in hot water and works up into an abundant suds. This is very necessary so that its rich cleansing ingredients may search through and through the meshes of the clothes and dissolve the dirt and soil spots. Then, when rinsing comes, all dirt and soapy matter runs entirely away, leaving your clothes sweet, fresh and snowy clean.

Pure half a cube of Sunlight into hot water in your machine and stir into generous suds. Put in the clothes and operate the machine—your clothes will be clean.

LEVER BROTHERS LIMITED  
TORONTO

the citizens' money at a time when the cry from coast to coast was for economy and retrenchment he described as rash.

Dealing with the platform upon which he was himself offering, he said that it was his policy to call a spade a spade. The condition of the city at the present time he described as lamentable. The people were leaving the city in large numbers, he said, and one had had to walk down King street and count the vacant stores to realize the condition of business.

To remedy conditions he proposed the establishment of a real boosters club, with a membership of 200 and a personal investment of \$250 from each. He maintained this would put the city on its feet. He said \$50,000 invested in this club would mean the establishment of industries to the value of \$200,000.

He was in favor of hydro, but he wanted hydro at cost and not at the present cost.

That there should be a revision of the assessment law and the system of taxation he was convinced and assured his hearers that he would do his utmost to bring about a better condition of affairs in this regard. He would abolish the tax on improvements to property for a period of five years, and would also have it that a firm building a number of houses would not be taxed on this new property until it was occupied and producing rent. Not

until then would assessment begin, he said. He was in favor of a flat rate of taxation. He also appealed to the voters on his record at city hall, describing himself as a man who made a statement and then lived up to it.

The Evening Times-Star

ST. JOHN, N. B., APRIL 11, 1924

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by New Brunswick Publishing Co., Ltd.

THE BUDGET.

A balanced budget and something to spare, a considerable reduction of the duties on instruments of production in the basic industries, and a reduction in the sales tax including an extensive addition to the free list—these are the outstanding features of the budget speech delivered yesterday by Hon. Mr. Robb, acting Minister of Finance.

The changes are too great to suit the Conservatives, and too small to please the extreme low tariff group. They do something for the general consumer, more for the farmer, the lumberman, the fisherman and the miner, but especially the farmer. The sales tax cuts are a measure of relief to the average Canadian. There is no reduction of the income taxes, and no change in the British preference to further promote trade through our own ports.

The new budget is a further installment on account, in line with the famous platform on which the Liberals went into power. It will detract some support, but undoubtedly the Government believes it will gain more than it will lose. Already the press comment shows a sharp division of opinion, largely along political lines.

The general tariff on moving machines, resins and binders is cut from ten per cent to six, and this reduction is applied pretty generally to farm implements and machinery and the sales tax on these articles is removed. The old general tariff rate on fertilizers was ten per cent, and they are now made free. The manufacturer of farm implements will get their pig iron, bar iron and bar steel free in lieu of a drawback of ninety-nine per cent.

The sales tax comes off cereal foods, salt and smoked meats, rice and some other articles and is cut by fifty per cent on boots and shoes, including rubber footwear. The sales tax generally is reduced from six per cent to five—and here the cut might well be greater, but it is at least removed from those instruments of production in the basic industries to which a measure of tariff relief is also given.

It is by no means a revolutionary tariff, and the principal objection will come from the implement and machinery manufacturers upon whose complaints a Conservative campaign will be founded.

THE ONTARIO "TOLLGATE."

What has been described as Ontario's "Tollgate"—the provincial end of the Home Bank scandal, has reached a point where all hands and the cook are calling for a still deeper probe and the punishment of the thus far mysterious receivers of secret commissions to the limit of the law. Hon. Manning Doherty, U. F. O. leader, declares that matters have now reached a point where criminal prosecution is both inevitable and desirable, a statement which the Toronto Globe endorses, adding that the people of Ontario are demanding that the guilty be exposed and punished regardless of political or other influences.

Who got the money? There was \$37,000 in secret commissions paid by the Home Bank, partly under the Hearst government and partly under the Drury government, in order that this bank might sell the provincial bonds. But who constituted the tollgate? The story of mystery contains some peculiar coincidences. In September, 1923, the Hearst government issued \$4,000,000 ten-year five and one-half per cent bonds. The Home Bank offered to buy them at 94.46. Hon. T. W. McGarry, Provincial Treasurer, accepted that offer on the day it was made—September 23. The transaction, as Mr. McGarry has testified, was not completed until November 20, after the Hearst government went out of office. The records prove that he is right in

artificially the United States merchant marine, and its operation is likely to be brief.

"Prestige," says the London Times, "denotes ability to get things done without resort to force; but in the Orient, at least, there must be force in the background. The truth is that the British Government has incurred tremendous commitments all over the world, moral as well as material. It must be ready to face its responsibilities, or decline to influence and its strength. If there is to be no immediate progress in the work undertaken at Singapore there must at least be no irrevocable reversal of policy."

Press Comment

TIME ENOUGH.

(Victoria Columnist.) It will be time enough to think about building the Hudson's Bay Railway when the Canadian National Railways are on a paying basis. The Dominion is in no financial position to contribute millions towards a venture which it has not yet been shown will lead to practical returns.

ELECTIONEERING COME-BACK. (Observer in the Observer.) In case of emergency he would no doubt have proved as equal to the occasion as another eminent politician who, while addressing his constituents, had a turnip thrown at him. Calmly picking it up, "I perceive," he remarked, "that one of my opponents has lost his head."

BRITAIN'S REVIVAL. (Toronto Globe.) Industrial conditions in Great Britain are not normal, but figures in the mass are apt to convey a misleading impression. Not only is the volume of unemployment decreasing, but the bulk of it is in a few trades, principally engineering and shipbuilding.

Statistics of output and foreign trade also show an upward trend. The output of coal in February, 1924 was 28,000,000 tons, compared with the monthly average of 22,100,000 tons in February, 1923. It had declined to 8.6. But if engineering and shipbuilding be excluded the percentage in the latter month was only 4.8 per cent, or a little more than double the average of 1913, which, excluding the same two trades, was exactly 2 per cent. The trade union unemployment percentage is the lowest since February, 1921.

Statistics of output and foreign trade also show an upward trend. The output of coal in February, 1924 was 28,000,000 tons, compared with the monthly average of 22,100,000 tons in February, 1923. It had declined to 8.6. But if engineering and shipbuilding be excluded the percentage in the latter month was only 4.8 per cent, or a little more than double the average of 1913, which, excluding the same two trades, was exactly 2 per cent.

So say they all, but at the moment no one makes any direct charges, and the heat for the tollgate must proceed. And this Ontario scandal is, of course, but a small offshoot of the main Home Bank performance. Politics lends additional interest to the Ontario mystery, but the country at large awaits a complete exposure of all those who wrecked the bank, some of them to their own great profit.

A "REMEDY" THAT FAILED. After the American government increased the duty against Canadian wheat from thirty cents a bushel to forty-two, for the avowed purpose of assisting the American farmer from destruction, there was a chorus of exultation in a few of the western states. It was brief indeed. Since the tariff was increased by twelve cents a bushel, the price of American wheat has dropped ten cents, going lower than it was before President Coolidge administered the artificial stimulant to the suffering farmers.

There is at present a bill before Congress having provisions by which the Government would purchase all sorts of agricultural products at fixed prices, sell what it could at home, and export the remaining quantity at whatever price it could get abroad. This is crazy legislation, and while Congress occasionally does some weird things, it will bow out of the proposed measure. That sort of attempt to beat the natural laws of trade recedes the old story of the candle makers of Paris some centuries ago when their trade was very bad. They asked the government to order the shopkeepers to keep their blinds down, and shut out the sunlight, and by this simple and direct device, stimulate the candle business. And they were properly shocked when the government decided not to do it. There are still some legislators who think the decision was wrong, too.

The Maritime Section of the Boston Chamber of Commerce has declared against the law which discriminates against foreign shipping by giving preferential rail rates on goods shipped to and from America ports and carried in American vessels, says the Toronto Globe. "Bostonians realize that foreign shipping is the life of their port and that a measure which injures it will react adversely on business. This is true of all other ports. The law is a short-sighted attempt to foster

This is the result of ordinary stove polish. Nonsuch LIQUID STOVE POLISH. Sticks fast. The shine lasts. Established, owned & made in Canada for over 30 years by Nonsuch Mfg. Co. Limited, Toronto.

I WOULD GO BACK (Ottawa Citizen) Once more after I hear their strenuous call. The old familiar voices of the spring. The throbs and thrills of leafy whispering. Or ancient sylvan solitudes, whose thrilling, enchanting, bound remotest youth with all the story of lost Eden. Still they sing. Low, mystic melodies whose echoes bring Ancestral memories older than the Fall. O Youth and Spring, I would return to you! Fain would I forsake the city's luring wile. Strange spell of Circe that imprisons me. To feed on husks, who once the lotus knew. I would go back to you and dream a while. The unremembered dreams of Arcady.

HOTPOINT Heating and Cooking Appliances are High Quality. Call and see them. "Electrically at your service." The Webb Electric Co., Phone M. 2152 91 Germain St.

IN LIGHTER VEIN. Overheard on The Train. "Is your wife still by herself?" "I don't know. I'm moving with her when she is by herself, but it hardly seems possible that she is still even then." "I mean is she still without a cook?" "Oh, I see! Well, no, that's when she has to be most active."

Two Skulls For One. First Englishman—"Charlie, did you hear that joke about the Egyptian guide who showed some tourists two skulls of Cleopatra, one as a girl and one as a woman?" Second ditto—"No! let's hear it!" Royal Magazine.

Long Distance, Please. "Are you sure these field-glasses are high power?" asked the lady potential customer. "Madame," replied the ambitious salesman, "when you use these glasses anything less than ten miles away looks like it's behind you."—American Legion Weekly.

Constipation is ruinous to children—keep yours healthy with Kellogg's Bran. Constipation undermines a child's health. It saps his energy and makes him listless. It can lead to more than 40 other serious diseases. Mothers should take immediate steps to remove, safely and surely, the dangerous poisons from his system. Kellogg's Bran—because it is ALL bran—brings permanent relief. Nothing but ALL bran can be 100 per cent effective. That is why Kellogg's Bran, cooked and krumbled, is universally recommended by doctors. They know it brings results. If eaten regularly, Kellogg's Bran is guaranteed to give permanent relief in the most chronic cases of constipation, or your grocer returns your money. Kellogg's Bran acts on the intestines exactly as nature acts. It sweeps and cleans and purifies them. It makes them function naturally and

DEATHS

Mrs. W. W. Willard. The death of Mrs. William Ward Willard, formerly of Moncton, but for many years a resident of New York, occurred in that city on March 28. Mrs. Willard was formerly Miss Jean Sandall, and was a daughter of the late John and Annie Sandall, formerly of St. John and Moncton. She is survived by her husband and one son, Ward, at home; one brother, W. T. Sandall,

of New York, and one sister, Mrs. Charles Morrison, of Everett, Mass. TWO CHILDREN ADMITTED. The monthly meeting of the Children's Aid Society was held last night in the Children's Home, 68 Garden street with Mrs. W. B. Tennant, first vice-president, in the chair. The monthly report of the agent Rev. George Scott, showed that since the last meeting two children had been admitted to the home, making a total of 29 now in residence.

Exceedingly Smart EASTER OXFORDS

Cleverly Fashioned which combine charm with service. Trim lines, fine material and perfect workmanship—these are essential in tailored shoes as in a tailored suit. That all three have been carefully considered is immediately evident in the smart spring oxfords presented to accompany the tailored suits of spring.

WEDDINGS

Hunter-Hall. In St. Jude's church at 8 o'clock last evening the rector, Rev. J. H. A. Holmes united in marriage Rita May Hall, daughter of Mrs. Fred Gullen, West End, and Guy Hunter, son of the late Mr. and Mrs. Robert Hunter of St. John. The bride looked very nice in a navy blue traveling suit, with hat to match, with a corsage bouquet of Ophelia roses. After the ceremony a dainty supper was served at the home of the brother of the bride, A. D. Hall, Mr. and Mrs. Hunter will reside at Loch Lomond.

THE CHIEF JUSTICE LOOKS INTO FUTURE

Speaks of Purpose of Vocational Training and What It May Mean.

The following is the concluding portion of Chief Justice McKeown's address on the subject of the vocational school for St. John, delivered last evening before the Canadian Club at the Hotel Dunlop. After reviewing the situation as it has been the Rotary and Gyro Clubs, the Chairman of the School Board said:— "While we are here today to regard this matter from its most practical side, and to weigh the expenses involved against the effects reasonably to be anticipated in the life of the growing youth of the community, yet there is a far wider vision which opens itself for consideration. I have thus sought to confine the discussion within boundaries which experience shows can easily be reached by this form of instruction, but there is another and a far wider outlook revealed to those who tread this pathway and I would hardly be doing justice to the subject if I failed to touch upon it, even with the brief period at my disposal.

Brighten Up Your Home

EVERY room needs the brightening touch of Johnson's Polishing Wax. It will rejuvenate your furniture, woodwork, floors and linoleum, and give your home that fine air of immaculate cleanliness. It imparts a beautiful, lustrous polish which will not gather dust and lint—or show finger marks. Johnson's Prepared Wax cleans, polishes, preserves and protects—all in one operation.

JOHNSON'S Paste - Liquid - Powdered POLISHING WAX

The Secret of Beautiful Floors

Beautiful floors are largely a matter of prevention. The great secret is to put them in perfect condition and then keep them so. Doorways, stair-treads and tracks should be polished frequently. This requires but little time and effort if Johnson's Polishing Wax is used occasionally.

Ideal Polish for Furniture

Johnson's Liquid Wax is a perfect furniture polish. It imparts a hard, dry, oil-less polish which will not finger print or collect dust and lint. It takes all the drudgery from dusting. Protects and preserves the varnish, adding years to its life and beauty. Covers up mars and small surface scratches.

A Preserver of Linoleum

Your Linoleum will last longer and look better if you polish it occasionally with Johnson's Prepared Wax. Johnson's Wax prevents cracking and blistering—brings out the pattern and color—protects linoleum from wear and makes cleaning easy. Leading linoleum manufacturers recommend it.

Paste-Liquid-Powdered A Form for Every Use

Johnson's Polishing Wax is conveniently put up in three forms—Paste, Liquid and Powdered.

Use Johnson's Paste Wax for polishing floors of all kinds—wood, tile, marble, composition, linoleum, etc.

Use Johnson's Liquid Wax for polishing your furniture, woodwork, linoleum, leather, shoes and automobile.

Johnson's Powdered Wax makes perfect dancing floors.

Insist on JOHNSON'S POLISHING WAX—There is No Substitute

PRESENT BOY BASKET FRUIT.

As an appreciation of past services and kindnesses the East End Boys' Club members last night presented a basket of fruit arranged in the club colors in a basket prettily trimmed with the club colors, orange, red and white, to Stanley McLaughlin, who formerly was a member of their leaders' corps and is now a patient in the General Public Hospital. The presentation was made on behalf of all the members by James Melvin, secretary of the club. The gift was received with an expression of grateful thanks for the generosity and kind thought of the boys.

An automobile tourist was travelling through the Northwest, when he met with a slight accident to his machine, so he stopped at a near-by farmhouse where the following conversation took place between him and the Swede farmer: "Have you a monkey-wrench here?" "Now, my brother, he got a cattle ranch (ran) over there, my cousin he got a sheep ranch further down this road, but too cold here for monkey wrench."

\$135,000 CASH FOR ORPHANAGE PAID IN

A meeting of the permanent home committee of the Protestant Orphanage board was held in the office of L. P. D. Tilley, the chairman, last night, and H. Usher Miller, treasurer of the building fund appeal, reported that contributions were coming in splendidly under the system of pledges, already \$135,000 had been received in cash payments.

Tenders for the work of building the fireproof addition to the Protestant Orphanage Home, Manawagoshish road, have been called for by Garnet W. Wilson, architect. The addition will be slightly larger than the wing already nearly completed, and will measure 121 feet by 56 feet, being almost a duplicate of the first wing. The capacity of the two structures will be 100 girls and 80 boys, with receiving rooms for new cases and quarters for the staff.

After Mascagni had written "Cavalleria Rusticana," he threw it into the fire, from where it was rescued by his wife.

FIVE INITIATED.

Five candidates were initiated at the meeting of Loyalist Temple, No. 12, Pythian Sisters, held last night in the Temple of Honor Building, Main street, with Mrs. Dora Cowan, M.E.C., presiding. The work was put on by the officers and degree staff of Moulton Temple, No. 13, in an efficient manner. A new altar was used for the first time and was much admired. The altar was made and partly donned by Harry Willis. At the close of the meeting

a social hour was enjoyed and refreshments served.

ATTENDANCE ABOVE 92 P. C. In March there were four departments in the High School that had 98.8 percent attendance record, and no department in the High School had an attendance mark below 92. There were several storms in March as well as much good weather and the record is regarded a very good one.

ADVENTURES OF THE TWINS

By Olive Roberts Barton

THE TRAPOT-HANDLE PARROT.

He was sitting there thinking this way.

One of the oddest people in Doofunny Land was the green felt parrot—most green, but also yellow, blue and red—

a gorgeous person, indeed, with a handsome head. It was whispered that he had no feet and absolutely no insides, and that all he owned in the world were his felt feathers.

It was also said that his mission in life was to sit on the handle of a hot teapot in order to keep people from burning their hands. But no one could be sure of that because he now sat on a tree in Doofunny Land, day in and day out.

Bad Breath Overcome

"Bad breath is a sign of decayed teeth, foul stomach or unclean bowels." If your teeth are good, look to your digestive organs at once. Get Seigel's Curative Syrup at druggists. 15c-30 drops after meals, clean up your food passage and stop the bad breath odor. Do not buy substitutes. Get the genuine.

MENDING Saves Spending

THE OLD HOME TOWN By STANLEY

POSSE FIND NO TRACE OF MISSING SHERIFF—AFTER HOURS OF SEARCHING THEY GIVE UP THE TRAIL AND GO RABBIT HUNTING OVER IN HANK HIBBARD'S WOODS ALONG ROCK CREEK.

Land looks so fat and healthy. Here comes the stocking cat now looking like a pillow."

Nancy and Nick came along, too, just then and met the stocking cat right under the limb where the teapot parrot sat.

"Mew! Mew!" cried the cat, sitting down and wrapping his braided tail around him. "I have such a pain I can't move."

"That's too bad, Thomas," said Nick sympathetically. "What's wrong? Eaten too many tin-mice?"

"No, that's the funny part of it!" mewled Thomas. "I haven't had a thing to eat. I've had this pain off and on ever since the day I was made. The girl who made me took an old stocking and cut off the top half. She sewed the top across and tied the corners for my ears, then she stuffed me with cotton and sewed me across underneath; then she took a needle and yarn-thread and made my face and whiskers; feet, and my tail."

"But no sooner had she finished than I felt this sharp pain inside."

"Let me look at you," said Nancy, and picking the cat up she felt him all over. Suddenly her fingers touched something. "Ouch!" she cried. "Why, you have a great long needle in you. Here it is! No wonder you've had a pain."

"Oh, thank you," exclaimed the cat.

I feel a million times better. What a relief!"

No sooner had he gone than the parrot called down cautiously: "Wait a minute, will you? Is that true, what the cat said? Is that the way they stuff people with cotton?"

"Yes," answered Nancy. "Why?"

"You've got a needle. Could you get some cotton and stuff me? You see I'm only half a parrot."

After that the parrot flew everywhere and became very friendly.

"That was all talk!" said the Doofunnies. "The parrot is a really fine bird. What made us think there was anything wrong with him."

BRIDGE CASE COST IS \$8,000 TO \$10,000

A single shipment of Chinese eggs recently received in the United States was estimated to be worth \$5,000,000.

Fredericton, April 10.—In reply to an inquiry by C. D. Richards, M. L. A., in the House tonight in committee of supply, Premier Veitch said the cost thus far in connection with the litigation over the C. P. R. bridge at St. John had been between \$5,000 and \$10,000. A delegation would be heard tomorrow and the Government would then consider whether to appeal to the Privy Council.

Hon. Dr. Roberts said he believed the Government would be wise to appeal and have the question of New Brunswick jurisdiction over the St. John River settled for all time. He said the introduction of hydro and industrial development might greatly increase river traffic.

J. Flewelling, M. L. A., said the time to protect was before the bridge was built.

Hon. C. W. Robinson pointed out that he, as acting Premier, had warned the Canadian Pacific before the bridge was built that the province reserved all rights in the matter.

The item of \$1,000 on this account then passed. It was pointed out that the appeal to the Privy Council, if decided on, would not add greatly to the cost already incurred in the effort to determine the status of the province in this matter.

PUPILS GIVE CONCERT.

The pupils of St. Andrew's Sunday school gave an excellent concert last night before a capacity house in the school hall with John H. Murphy, the

Native—Yes. Had a wreck here once.—Life.

You'll Get Rid of Blackheads Sure

There is one simple, safe, and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this, get two ounces of peroxide powder from any drug store—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear. Blackheads are a mixture of dirt and dust and secretions that form in the pores of the skin. The peroxide powder and the water dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.

You Can Eat Anything You Like And Not Have HEARTBURN

In all cases of heartburn there is a gnawing and burning pain in the stomach attended by a disturbed appetite, as when too much food is taken into the stomach it is liable to ferment and become extremely sour, vomiting occurs, and what is thrown up is generally sour and bitter. When you are in this condition you will find that Milburn's Laxa-Liver Pills will give you relief right away.

Mr. Joseph H. MacDonald, Christmas Island, N. S., writes: "Two years ago I suffered all the time from heartburn. I took one vial of Milburn's Laxa-Liver Pills and have never been troubled since."

It is very nice to be able to eat anything you like and not have heartburn any more.

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

Everything About Cuticura Soap Suggests Efficiency

Scrub, Ointment, Tablets, 25c each. Sold everywhere. Post-Office: Toronto, Ontario, Canada.

Neuralgic headaches

So acutely painful! Get relief quickly. Apply Sloan's. Just pat it gently on. Almost at once the pain ceases off—soon the headache is gone. Get a bottle from your druggist today and have it on hand—35 cents. It will not stain.

Social Notes Of Interest

Miss Florence Puddington, daughter of Mr. and Mrs. H. F. Puddington, of Hothessy, arrived home from Toronto on Friday last, from Branksome Hall, where she is a student. Miss Puddington will remain home for the Easter holidays.

Mr. F. W. Walker, of Montreal, who is a student at the Rothery College School, is a guest of Mr. and Mrs. H. F. Puddington for the Easter holidays.

Miss Edith McKee entertained several friends at her home, 47 City Lane, West St. John, Wednesday evening in honor of her sister, Miss Gladys McKee, who is leaving the city shortly as a bride. Games and dancing were enjoyed. The guests were served by Miss Lelia Jennings and Miss Dorothy Jennings.

Mrs. C. J. Osman, who has been a guest at the Royal Hotel this week, left yesterday afternoon for Fredericton, where she will spend the weekend and remain for next week's meeting of the advisory board of the New Brunswick Women's Institute.

Mrs. G. H. Nixon left for Schenectady, New York, last evening, called there by the death of her sister's husband, Rev. E. W. B. Taylor, D. D., who died suddenly Wednesday. Mrs. C. B. Robertson, of Boston, also a sis-

ter of Mrs. Nixon, preceded the latter immediately on receiving the news. Both will remain in Schenectady for a short time.

Mrs. Ernest McCavour, of West St. John, was called to Lorneville Wednesday on account of the ill news of her mother, Mrs. W. J. Galbraith.

Mrs. Edward A. Linton entertained about 40 friends last evening in honor of Mr. and Mrs. John A. Linton, who will be leaving soon for Montreal. They received many useful gifts, including linen, cut glass and aluminum. The evening was spent enjoyably with games and music, after which dainty refreshments were served by the hostess assisted by Mrs. J. T. Christie, Mrs. C. G. Jones and the Misses Winifred Linton and Edna Henderson.

SAY THEIR WIVES OWN THE LIQUOR

Lawrence Husbands Attempt to Shift Blame After Homes Raided.

Lawrence, April 11.—It's getting to be quite a la mode here now for men when their homes have been raided and liquor found therein, to attempt to shift the blame for its presence onto the shoulders of their wives, and some

of the wives are apparently willing to shoulder the responsibility, according to testimony brought out by Liquor Officer George C. Sweeney in the local district court to the effect that two of four defendants in court had said to him when it came time for their arrest: "Take my wife, not me. She is the one to blame."

Complaint Against Wife.

In fact one of the defendants, Stanley Balchunis of Smith Park street, not only alleged that the liquor seized at his home was his wife's and that she had been selling it, but he also declared that he had tried hard to keep her from selling it. So Judge J. J. Mahoney took him at his word and ordered a complaint issued against the wife, Victoria.

Livio Sanjerillo of 811 Market street is the other law abiding citizen who claimed he was arrested when his wife's liquor was seized; and she readily admitted that the 90 gallons of alcohol and 17 quarts of whiskey seized were hers. But the prosecution pointed out that Livio himself had a short time ago appealed a two months' sentence on a similar charge, and claimed that his wife was merely attempting to shield him, so the complaint against him was continued for further investigation.

Early to Rise  
The Chief—"H'm, late again, Smith?"  
Smith—"I'm sorry, sir, but last night my wife presented me with a boy."  
Chief—"She'd have done better to have presented you with an alarm clock."  
Smith—"I rather fancy she has, sir."  
The Passing Show (London).

In childhood, Gail-Curel, the noted singer, had a very piping voice.

There is no reason to be miserable when dieting to reduce if each person considers her individual needs and provides for them.

Six large sweetened stewed prunes, 1 cup boiled rice, 2 slices broiled bacon, 2 soft boiled eggs, 1 cup noodle soup, 1-2 cup combination vegetable salad, 1 breaded veal cutlet, 1 cup creamed potatoes, 4 tablespoons buttered lima beans, 1 head lettuce, 4 tablespoons Roquefort cheese dressing, 1-2 coconut cream pie, 1 baked apple, 2 tablespoons sugar, 1-2 cup cream, 2 table-

SISTER MARY'S KITCHEN A Daily Menu For The Stout and Thin EAT AND-- Lose Weight--Gain Weight

Three large unsweetened stewed prunes, 2 soft boiled eggs, 1 cup clear soup, 1-2 cup combination vegetable salad, 1 whole sweetbread split and broiled, 12 stalks asparagus, 1 head lettuce, 1 baked apple, 2 crisp pieces gluten toast, 1 gluten roll, 1 pint skimmed milk.

Total calories, 1,042. Protein, 27.2; fat, 28.5; carbohydrate, 53.5, Iron, .0237 gram.

Whether the person on a reducing diet goes breakfastless or not should depend on her occupation and the chances she has for a hearty luncheon. For instance, the woman who's husband stays down town for lunch will not prepare a meal for herself alone and she should eat a nourishing breakfast.

But the woman who must serve a hearty meal at noon time for a family, will find a breakfast of fruit, toast and coffee more to her liking.

The breakfast in bed should consist of a cup of hot water and nothing more.

If a woman does her own work she will actually need food to help her through the morning and she should not try to overdo a good thing by overtaxing her physical or nervous strength.

The business woman needs a breakfast to help her start her day.

The omission of luncheon or a very light noon meal balances the periods between eating far better than the omission of breakfast.

There is no reason to be miserable when dieting to reduce if each person considers her individual needs and provides for them.

Six large sweetened stewed prunes, 1 cup boiled rice, 2 slices broiled bacon, 2 soft boiled eggs, 1 cup noodle soup, 1-2 cup combination vegetable salad, 1 breaded veal cutlet, 1 cup creamed potatoes, 4 tablespoons buttered lima beans, 1 head lettuce, 4 tablespoons Roquefort cheese dressing, 1-2 coconut cream pie, 1 baked apple, 2 table-

and season with salt and pepper. Dip meat in egg and roll again in crumbs. Fry in deep hot fat until a golden brown. Drain on heavy brown paper.

Total calories, 977. Protein, 53.0; fat, 37.5; carbohydrate, 72. Iron, .0134 gram.

He's 102; Tells His Rules of Life

Chicago, April 11.—James Kirkley, who will be 102 years old on April 21, gives these recipes for long and pleasant life:

Never worry about your neighbor's affairs and worry as little as possible about your own.

Avoid bad habits, intoxicants and tobacco.

Work and play regularly.

Make your home life happy.

Do not worry about diets. Eat whatever you want. Nature will warn you of that which is not good for you.

Arise early and go to bed early. Keep your mind and body clean. Smile—smile all the time.

For rudeness to a telephone operator in France, the offender has his telephone removed for a few days.

REPORTS FINDING REGION OF SODOM AND GOMORRAH

St. Louis, April 11.—The lower Dead Sea region of Palestine has been scientifically explored for the first time and with great success, Melvin Grove Kyle, president of the Xenia Theological seminary of Missouri and head of the research expedition writes from Jerusalem.

The expedition, which acted in cooperation with the American School of Archaeology of Jerusalem, reports the discovery of the old fortress of Kir of Moab and the region of Sodom and Gomorrah is determined.

Dr. Kyle writes that the mysterious rising of the Dead Sea can now be explained and the biblical story of the destruction of Sodom and Gomorrah

is fully confirmed, but withholds details of his discoveries.

"Could you do something for a poor old sailor?" asked a wanderer at the rear door of a suburban house one morning. "Poor, old sailor!" echoed the housewife, who had opened the door.

"Yes, I followed the water for twenty years." "Well," said the lady, as she slammed the door in the face of the unwelcome visitor, "all I have got to say is that you certainly don't look as though you had ever caught it."

**TRUSTEES FAVOR VOCATIONAL PLAN**

A Committee Appointed to Carry Out Educational Campaign in City.

The Board of School Trustees last night went on record as being in favor of the erection of a vocational school in this city and appointed H. A. Porter, G. P. Hennessey, S. A. Worrell and A. G. Leavitt, a publicly committee to conduct an educational campaign. It was stated that without the vocational school it would soon be necessary to build a new high school.

**George Hennessey Reports.**  
Last evening's meeting of the School Board was called to hear the report of George Hennessey, who had made a tour of inspection of the vocational schools in other provinces, including the Technical School of the province of Quebec and the Schools of Fine Arts in Montreal and schools at Ottawa, Toronto, Hamilton, St. Catharines, Sarnia, London, Kitchener and Guelph.

Tariff and Sales Tax Are Cut and Budget is Balanced

RELIEF TO BASIC INDUSTRIES IS THE BIG BUDGET FEATURE

Sales Tax Down From Six to Five Per Cent., and Cut in Half in Many Cases—Free List Extended—Fertilizer Free—Cut on Farm Implements and Boots and Shoes.

Ottawa, April 10—When Hon. J. A. Robb, Acting Minister of Finance, rose in the House this afternoon to present his budget all galleries were packed. He opened with touching reference to the absence of Hon. W. S. Fielding, Minister of Finance who, had he been present would have delivered his seventeenth budget speech, "a record I believe unequalled by any other Minister of Finance within the empire."

For the financial situation, Mr. Robb had words of optimism. For the fiscal year 1922-23, Mr. Robb gave the increase of net public debt as \$31,641,067; in the fiscal year which closed on March 31 last, Mr. Robb estimated, there had been a reduction in public debt of \$30,409,109. This includes eight millions received from the Imperial Government in settlement of acknowledged book debts. He announced continued healthy growth in Canada's trade.

INCREASE IN CUSTOMS' DUTIES.

Following a brief review of the financial year 1922-23, Mr. Robb turned to the fiscal year which closed at the end of March, a few days ago. The estimated revenue from customs' duties would be, he said, \$121,800,000, an increase of \$3,700,000 over the previous year. From excise duties there were expected \$38,200,000, an increase of \$2,500,000. Mr. Robb continued: "The estimated revenue from excise taxes will be \$121,000,000, an increase of \$14,500,000; from income taxes we estimate \$33,750,000, a decrease of about \$6,000,000 under the previous year. From delayed business profits taxes we will receive some \$4,650,000, a decrease of \$8,381,000. We estimate a revenue from interest on investments of \$11,700,000 being a decrease of about \$4,700,000, which is accounted for by the reduction in 1922 of some \$56,000,000 in the indebtedness of the Imperial Government to Canada."

DECREASE IN EXPENDITURE.

"Turning now to the expenditures, it is estimated that when all accounts are closed, the expenditure for the year on ordinary accounts will be \$228,250,000, a decrease under the previous year of \$4,000,000. "Taking the estimated revenue for the year ended March 31, 1923, as \$396,000,000, and the expenditure chargeable to consolidated fund as \$228,250,000, there will be surplus of revenue over the ordinary expenditure of \$167,750,000 available for capital, special, and other obligations. "Capital expenditure for public works including marine department will amount to \$3,885,000 and capital expenditures for railways and canals \$8,305,000, making a total capital expenditure of \$12,190,000, an increase of \$2,965,000 over the previous year."

Net Public Debt.

"On the 31st of March, 1923, our net public debt stood at \$2,453,400,747. Our estimated ordinary revenue for the year just closed is \$396,000,000. Our estimates ordinary expenditures of \$228,250,000 and capital expenditures \$12,190,000, special expenditures \$8,305,000; railway loans \$3,781,064; Canadian Government Merchant Marine loans \$1,200,000 and loans to Quebec Harbour Commission which is treated as a non-active asset, \$500,000, together with an amount of \$231,987,000 carried on the books of the department for Victoria Ship Owners Limited, which it is proposed to treat as a non-active asset in the place of an active asset as heretofore, make the total charges \$375,213,051. Our surplus of ordinary revenue in the place of ordinary taxes will therefore be \$20,786,949 to be applied towards the reduction of the national debt as it stood on March 31, 1923."

Debts Cancelled.

"To this must be added \$1,317,000 being the amount of sundry outstanding indebtedness cancelled during the past year, and a further amount of \$8,905,760.27 received in settlement of an adjustment of acknowledged book debts between the Imperial and Dominion Governments. These two amounts totalling \$9,223,760.27 together with \$20,786,949 surplus of revenue over total expenditures reduce our net public debt as of March 31, 1923 by the amount of \$30,409,109.37. "Estimates of revenue for the year upon which we have just entered cannot be made with any degree of accuracy. The revenue we would receive on the present basis of taxation would be materially affected by reductions in taxes which, in view of the most satisfactory outcome of the year just closed, it is proposed to submit to Parliament. "It is hoped, however, to offset any considerable reduction in the revenue by a most rigid economy in expenditures. The estimates now before the House show a very substantial reduction as compared with the estimates of last year. We will no doubt have supplementaries, but rigid economy will be exercised in their preparation. In this the Government hopes for co-operation from all sections of Canada. "In the fiscal year ended March, 1923, we had a total foreign trade of \$1,747,875,081 with a favorable balance of \$142,716,693 over imports. In other words, Canadian foreign trade had increased 60 per cent over that of 1914, an unfavorable trade balance of \$168,165,774 had been converted into a favorable balance of \$142,716,693."

The Foreign Trade.

"Returns for the eleven months ended February, 1923, indicate continued healthy growth of Canadian foreign trade. Already both imports and exports exceed those of 1922, and the balance of trade favorable to Canada on eleven months' trade is \$108,924,127. Statistics indicate that each succeeding year Canadians are increasing the percentage of products marketed in the finished or semi-finished condition, thus providing more labor for our own people and higher class freight for Canadian railways."

Taxation Proposals.

Mr. Robb then turned to the Government's taxation proposals. He

Salient Points in The Budget Speech

(Special to Telegraph-Journal.) Ottawa, April 10—Outstanding features of the budget are the decreased thirty million, estimated reduction taxation twenty-four million, general reduction in sales tax from six to five per cent. with reductions fifty per cent. on boots and shoes; biscuits, canned vegetables, canned fruits, jams and preserves.

A large list of agricultural and dairying implements, mining, quarrying, lumbering and logging machinery, provisions and breadstuffs are exempted from the sales tax altogether. There are customs tariff reductions on agricultural and dairying implements, mining, quarrying, lumbering and logging machinery of varying degrees. Mowers, harvesters, binders and attachments, reapers and parts are free under the British preference and six per cent. under intermediate and general tariffs. Oils used by miners in concentrating ores are free. Traction ditching machines under \$3,500 and repair parts and traction engines for farm purposes under \$1,400 free.

Machinery relating to the small farming and fruit industry, including spraying and grading machines, hand pruning machines, incubators, brooders, potato diggers, fanzers, post-hole diggers, gaiting machinery, stumping machinery, reduced to five per cent. preferential and ten per cent. general tariff. Saw mill machinery, not including planing machinery, logging cars, blocks and tackle and parts, axes, scythes and similar hand agricultural implements, shovels and spades, ore crushers, rock crushers, stamp mills, rock drills, coal cutters, all ten per cent. preferential, fifteen intermediate and 20 general. Cold washing machinery and need for coke and gas production, 7 1-2, 10 and 12 1-2 per cent. Fertilizers free.

For the fishing industry a large list is placed on the free list including fish hooks and lines for sea fishing and including materials for the manufacture of nets of all kinds, and also fishing nets or seines and rope net used for fishing industry. This schedule seems to cover all fishing material of this class outside of sporting goods.

posed rate, 5. General tariff, old rate, 17 1-2; proposed rate, 10. Fertilizers, preferential tariff, old rate, 5; proposed rate, free. General tariff, old rate, 10; proposed rate free.

Axes, scythes, sickles or reaping hooks, hay or straw knives, edging knives, hoes, rakes, and pointed forks; preferential tariff, old rate, 15; proposed rate, 10. General tariff, old rate, 22 1-2; proposed rate, 20. Shovels and similar hand agricultural tools, old rate, 20; proposed rate, 10. General tariff, old rate, 32 1-2; proposed rate, 20.

It is proposed to remove the sales tax from all that foregoing items grouped under the heading of farming industry, and also from similar twines, fertilizers are already exempt.

MATERIALS USED IN AGRICULTURAL IMPLEMENTS.

It is proposed to give the manufacturers of agricultural implements "free entry" on pig iron, bar iron and steel when used in the manufacture of mowers, binders and reapers, in lieu of a drawback of 99 per cent. The "free entry" is also extended to these raw materials when used in the manufacture of cultivators, harrows, horse rakes, seed drills, manure spreaders and weeder. Materials which enter into the cost of the aforementioned items and other implements on which the duty is to be implemented, such as the duty is to be implemented on which the duty is to be implemented. (Continued on page 11.)

HUGO STINNES OF GERMANY DIES

Magnate's Death Comes as Reparations Difficulties Reach New Stage.

Berlin, April 11—Hugo Stinnes, more closely identified with German industrial life than any other man, died last evening at 8.30. Indefatigable in his labors, he struggled against the impending end, and was conscious to the last. Around him were gathered his wife and children. To them he devoted in his later years all the time he could spare from his vast business interests. The death of Hugo Stinnes at the very moment the process of disentangling the reparations knot seems about to enter upon its final stage is felt in official quarters and industrial circles as a distinct loss to Germany. Whatever the popular or official attitude towards his political orientation or his far-flung economic programme may have been, there was a widespread impression that Stinnes was pre-eminently qualified to take an active part in the final adjustment of the problems of which the expert committees have rendered an exhaustive verdict. His own working day averaged sixteen hours, and he was uncompromising in declaring that a uniform eight-hour day was viciously inimical to Germany's economic recovery.

Started in Coal Mine.

The great German industrialist began his career as a young man in his father's coal mine at Muehlen, where he worked with pick and shovel, shoulder to shoulder with veteran miners. The administration of his diverging interests will devolve upon his sons, Edmund and Hugo, Jr., the latter at present in charge of his father's shipping interests in Hamburg. Edmund, who is the eldest son, is resident general director in Berlin of the Stinnes' interests. Both sons are said to be prematurely old, due to the Spartanlike business training to which they were subjected by their father, and the fact that they for the last five years have been constantly thrown in the company of men considerably their seniors. Her Stinnes' family life was one of domestic felicity and simplicity.

German Industrial Magnate Is Dead

HUGO STINNES.

POPULATION OF JAIL NOW SMALL

Only Sixteen Serving Terms in King Street East Institution.

In the St. John jail yesterday there were 16 people in custody, one of them a woman. She completed her sentence today and regained her freedom. The terms of the men vary, some serving two months on charges of drunkenness, not having had the necessary \$8 to pay their fines. Others were serving terms for having liquor in their possession, while two are in because of their efforts to get rich quick by means of manufacturing illicit liquor. There were also a couple in the line-up as vagrants. The turnkeys said that this is the smallest number of prisoners in the jail since the first of the year. The average weekly number ranges from 80 to 40.

A glance into one of the large cell corridors revealed four of the enforced lodgers squatted about the floor playing cards. The usual flip of the cards as one or the other dealt could be heard, but there was no clink of coins or sound of red, white and blue chips. If there are stakes, a chew of tobacco or a cigarette, if they ever had any trouble with any of the men the guardians said occasionally they had a prisoner that proved a bit unruly, but as a general rule the men were content to serve their terms as long as they get "their three squares" a day.

PITCHERS SELDOM REPEAT.

Few pitchers have two big years in succession. Neither the Cincinnati Reds nor the Cleveland Indians expect Luque and Uile to again lead their respective leagues. The Reds look to Pete Donohue for a big year and the Indians figure Coveloskie for a comeback.

SON OF HON. J. H. THOMAS, YEAR IN CANADA, CALLS YOUNG BRITISHERS

Is Enthused Over Dominion After Year Employed With C. N. R.

(By HARRY N. MOORE.)

(British United Press.) London, April 11.—Captain A. J. Thomas, son of Hon. J. H. Thomas, British Colonial Secretary, is an employee of the Canadian National Railway in Canada. After a year's residence in the Dominion, he has written an enthusiastic article for the Daily Herald urging British young men to emigrate to the only country offering real opportunity for a career. He gives fair warning, however, that

hard work is necessary but pointed out the excellent educational opportunities, emphasizes the chance of energetic young men to work themselves through the universities and draws a vivid contrast between chances for success in Canada and in England.

CUT IN TARIFF PLEASES THEM

Fredericton, April 10.—(Special.)—While the agricultural items were under discussion in committee of supply tonight, J. D. McKenna, M. L. A. for Kings, read a brief summary of the tariff changes at Ottawa announcing free fertilizer and lower tariff on farming machinery. There was hearty applause on the Government side of the House.

BRIDGE AT FALLS IS DISCUSSED

Government to Decide Matter of Appeal to the Privy Council.

C. P. R. WAS WARNED

Litigation Cost So Far \$8,000 or \$10,000—Dr. Roberts Favors Appeal.

(Special to The Times.)

Fredericton, N. B., April 11.—In reply to an enquiry by Mr. Richards in the House last night in committee of supply Premier Veniot said the cost thus far in connection with the litigation over the C. P. R. bridge over the reversing falls at St. John had been between \$8,000 and \$10,000. A delegation would be heard on Friday and the Government would then consider whether or not to appeal to the Privy Council.

Mr. Dr. Roberts said he believed the Government would be wise to appeal and have the question of New Brunswick jurisdiction over the St. John River settled for all time. He referred to the effect of the bridge upon navigation and said while there had been a falling off in traffic through the falls of later years the introduction of hydro and industrial development might greatly increase it. Mr. Fawcett said the time to protest was before the bridge was built. Hon. C. W. Robinson said that he, as acting Premier, had warned the Canadian Pacific before the bridge was built that the province reserved all rights in the matter. The item of \$1,500 on this account then passed. The discussion was raised by Mr. Richards, who asked about how much the Government expected the complete cost would be. It was said in reply that the appeal to the Privy Council it decided on would not add greatly to the cost already incurred in the effort to determine the status of the province in this matter.

Issues 'Dont's' For New York's Finest

New York, April 11.—No longer may New York's policemen—there are almost thirteen thousand of them—first while on duty. Nor may they tell any of the details of their business to their wives. These are two of a long list of "dont's" which has just been issued to all members of his force by Police Commissioner Enright. It's a long list and, among others, includes admonitions not to criticize superior officers, not to be a grouch, not to lean against walls or posts, not to keep their hands in their pockets, not to neglect their appearance, not to be abusive or threatening to a prisoner and concludes with the advice that all officers "make honesty, sobriety and truthfulness your all." SISLER'S CASE DOUBTFUL Baseball expert who has seen George Sisler perform in the south are skeptical as to his chances to play regularly. There are some who don't think that he will even start.

money. This was centralized in one man, the head of the department which was asking for the grant. He reviewed at length the increase in the assessment, valuation and tax rates during the period of commission control and compared it with that under the aldermanic system.

The proposition not to tax improvements to property for five years, he said, he would not support. It was foolish and he did not believe that it met with the general approval of the citizens. The person, who believed that because a man painted his house the assessors raised his assessment the following year, did not have the facts of the case, he said. If such a thing had happened there was something wrong with the assessors.

He declared that he was in favor of hydro, but maintained that the city should have bought out the Power Company. The New Brunswick Power Company could not be bought today for the same figure at which the city had had a chance to purchase it. Under efficient management it had increased in value. If the city had bought out the company they would now have the

Relief to Basic Industries Is The Big Budget Feature

(Continued from page 8.) The sales tax will be entitled to entry at 7 1-2 per cent. under all tariffs. It is proposed to grant a drawback of 99 per cent. on materials and parts of implements on hand imported prior to this date which the duty is to be reduced.

It is also proposed to exempt from the sales tax all the articles and materials to be used in the manufacture of these agricultural implements, as well as goods consumed in the process of manufacture.

**Fruit Growing Industry.** Spraying machines, fruit or vegetable grading machines, pruning hooks, pruning shears: Preferential tariff, old rate 10; proposed rate 5; general tariff, old rate 15; proposed rate 10. It is proposed to remove the sales tax from the foregoing items and also from nicotine sulphate and spraying preparations.

**Poultry Industry.** Incubators for hatching eggs, brooders for rearing young fowls; preferential tariff, old rate 10; proposed rate 5; general tariff, old rate 15; proposed rate 10. We propose removing the sales tax from these items as well as from poultry food.

**Dairying Industry.** Milking machines, centrifugal machines for testing butter fat, milk or cream: Preferential tariff, old rate 10; proposed rate 5; general tariff, old rate 15; proposed rate 10. The sales tax is to be removed from the foregoing items and also from cream separators, and parts thereof, and extract of rennet.

The foregoing items and also from cream separators, and parts thereof, and extract of rennet.

Mining Industry.

Rock drills, percussion coal cutters, coal augers, stamp mills, ore and rock crushers, and rotary and coal drills: Preferential tariff, old rate 15; proposed rate 10; general tariff, old rate 20; proposed rate 15.

Coal washing machinery, coke making machinery and machinery and apparatus for use exclusively in the distillation or recovery of products from coal, tar or gas: Preferential tariff, old rate 20; proposed rate 15; general tariff, old rate 30; proposed rate 20.

It is proposed to remove the sales tax from the foregoing items grouped under the heading of mining and quarrying. In addition the sales tax is to be removed from mining cars and other similar appliances used for mining or quarrying, and from explosives.

**Lumbering Industry.** Saw mill machinery, preferential tariff, old rate 15; proposed rate 10; general tariff, old rate 25; proposed rate 20. Logging machinery, which includes logging cars, blocks and tackle, yarders and practically all machinery used exclusively for logging operations: Preferential tariff, old rate 15; proposed rate 10; general tariff, old rate 30; proposed rate 20.

Well drilling machinery, preferential tariff, old rate 20; general tariff, old rate 30; proposed rate 15. Logging wagons, preferential tariff, old rate 17 1-2; proposed rate 12 1-2.

5; general tariff, old rate 25; proposed rate 10. The sales tax is also to be removed from the foregoing items pertaining to the lumbering industry.

**Fishing Industry.** Dressed marlin for the fisheries is already exempt from sales tax, and, as a result of the change we are proposing, all marlin for the fisheries will become exempt from the sales tax.

**BREADSTUFFS, PROVISIONS.** It is proposed to remove the sales tax from the following articles: Cereal foods, macaroni and vermicelli, sago and rice.

Meat, salted or smoked. The sales tax is being reduced from 6 per cent to 2 1/2 per cent on biscuits, canned vegetables, canned fruits, jams and preserves.

Boots and shoes, including rubber footwear: We propose to reduce the sales tax from 6 per cent to 2 1/2 per cent.

The sales tax will be removed from milk foods. Woolen and many other manufacturing establishments will benefit by a proposed clause which will provide that materials, consumed in process of manufacture or production, which enter directly into the cost of goods subject to the consumption of sales tax, will be exempt from the sales tax.

Well drilling machinery and apparatus: The sales tax is to be removed. Crutches are being made free of both customs and sales tax.

**SALES TAX REDUCED.** In addition to all this, the sales tax is to be reduced from 6 per cent to 2 per cent. For the better protection of the revenue the sections referring to manu-

I Can Work Now Thanks to Dodd's Dyspepsia Tablets

As a result of these proposed changes it is estimated that there will be a reduction in customs and sales tax revenue of \$24,000,000. Whatever division of opinion Canadians may have, surely we share a united confidence in the future of our country, said Mr. Robb. We have great natural resources. We have certain basic industries, upon the success of which depend the growth of all other industries, and the greater development of our trade. Of these basic industries I would place agriculture, in all its var-

ious branches first. Next to agriculture I would place out forests, our minerals and our fisheries. A real national policy is a policy that will encourage the growth and development of these basic industries.

**Products of Farms.** The more of the products of the farm, the fisheries, the mines and the forest we have going to market, the greater will be the earnings of our transportation companies—the greater the purchasing power of the nation's

As a result of these proposed changes it is estimated that there will be a reduction in customs and sales tax revenue of \$24,000,000. Whatever division of opinion Canadians may have, surely we share a united confidence in the future of our country, said Mr. Robb. We have great natural resources. STOUT PERSONS

Incline to full feeling after eating, gassy pains, constipation. Relieved and digestion improved by CHAMBERLAIN'S TABLETS. Cleansing and comforting - only 25c

and as a consequence we will have factories running full time and tradesmen working overtime to supply the needs of those who will have money to buy. In that belief, Sir, we submit today proposals to lighten the burden of taxation of those primary, basic indus-

tries. Our budget shows a reduction in debt of \$30,000,000 last year, and a reduction in taxation of \$24,000,000 this year. It is confidently expected that this reduction will give much impetus to trade and that it will result in greater development and prosperity to all the provinces of Canada.

GOOD YEAR CORD HOSE

Its final cost is lowest of all. And it does not kink or crack. Goodyear means Good Wear

BIRD'S PAROID ROOFING

The only PAROID roofing made in the world is made by Bird & Son. Make sure of getting it by asking your dealer for BIRD'S PAROID—the Roll Roofing that has never failed to give satisfaction for the past 25 years.

Write us for name of your Bird dealer and Free Booklet—"The right way to buy Roofing". BIRD & SON, LIMITED 626 Head Office—Hamilton, Ont. St. John Warehouse, 3 and 4 North Wharf, Phone 1141.

The Driving Force of 200,000 Partners

A dozen active partners, imbued with the same selling principle, would make any business hum. That's granted. Now think of 200,000 partners all interested in the same merchandising policy and you get some idea of the tremendous driving force behind the Robinson's Clothes Shops Service for men and young men. Of course my satisfied customers become boosters and partners—because they participate directly in the earnings of this business—in the savings I effect and guarantee.

"Walk Upstairs and Save Ten"

That statement is as strong as the guarantee behind it and there's a million-dollar guarantee behind it at Robinson's. My boosters and partners know this because they have proved it again and again. So certain were they on this point that they brought me 30,000 new customers in 1923. Think of it! Thirty thousand new customers during a period when practically all other clothing houses frankly admitted they were marking time or going backward. Get that! While the best of my competitors were marking time I smashed all previous sales records—registered an enormous increase. Why? Simply because my customers are indeed my partners. They are vitally interested in the success of my business because it's a money-saving proposition for them.

Keeping Value Up and Holding Prices Down

Observe that I absolutely guarantee \$35 values for \$25, and that I maintain my \$10-less-than-elsewhere policy throughout my entire range of prices. Here are the reasons why I am able to do this:

- 1. Direct from maker to wearer. 2. Low rent Upstairs Shops from coast to coast. 3. No delivery service. 4. Cash business—no credit losses. 5. A Million-Dollar Guarantee. Save your money. Join the army of practical economists who wear Robinson clothes.

For Easter I am showing 42 new models: Snappy Styles, Fine Fabrics, Pleasing Patterns at Guaranteed Savings

ROBINSON'S CLOTHES LIMITED. WALK UPSTAIRS AND SAVE \$10. 90 King Street

SPORT NEWS GLEANED FROM WORLD'S CENTRES

BLACK'S CAPTURE FIRST OF SERIES

Defeat Imperials in Elimination Contest—Game Well Contested.

The elimination contest to decide which team will represent St. John in the Brunswick-Balke-Collender trophy tournament, which is to be staged in Eastport, Me., on April 22, 23 and 24, was started on Black's alley last evening between Black's alley team and one from the Imperial alley.

Table with 2 columns: Team Name, Total Ave. Score. Includes teams like Black's, Imperial, etc.

OLIVE WON.

In the off-out for the consolation prize in the Clerical League last evening, Olive of the T. S. Simms team won out with a score of 231.

SPRING IS HERE!

Brisk as the season and very smartly tailored are these New Spring Overcoats. Styles that are new, yet avoid extremes.

Priced to give you the best Overcoat values in town.

A large range to choose from in the following materials: Tweeds, Velours and plain shades.

P. S.—We are showing a large range of Gaberdines, an ideal coat for spring or rainy weather.

Henderson's Up-Town Clothing Store 51 Charlotte Street.

Hat Satisfaction

That's just what every man gets here—every time. \$5.00, \$6.00, \$6.50, \$7.50

are the prices for Hats never bettered, seldom equaled. They're long service giving as well as smart.

We sell Gloves you don't see everywhere. Deerskin, Suede, Cape \$2.50 to \$3.50

D. MAGEE'S SONS, Limited Since 1859 St. John, N. B.

ROOKIE HOPES TO WIN BERTH IN OUTFIELD

New Orleans, La., April 11—It has been years since the Indians have had a "one-man" rightfielder. In the pennant-winning days of 1920, Elmer Smith and Joe Wood alternated against right and left-handed pitching.

Table with 2 columns: Player Name, Score. Includes C.N. Exp., S.P.O., etc.

BRAVES' STANDING SETS RENT RATE

Park Opposite Ball Field is Held Under Peculiar Restrictions.

Boston, April 11.—The Lowell parking space opposite Braves' Field in Commonwealth avenue is probably the only piece of real estate in this country where the annual rental of the land is determined by the position that the Braves' team finished in the previous year's pennant race.

"Lowell Park" will have to pay an annual rental of \$5,000 if the Braves were fortunate enough to win the pennant.

The land is well known to real estate operators because of the peculiar restrictions placed on it 23 years ago, requiring that nothing but single houses could be built upon it for 30 years.

WHITE SOX STAR IS SHOWING UP

Schalk Will Not Attempt to Repeat Iron-man Stunt.

Jacksonville, Fla., April 11—Ray Schalk's day as an iron-man catcher is ended.

The White Sox star who holds the major league record for consecutive games caught, does not plan to catch more than 70 or 80 games this season.

A newcomer, Joe Burns, from Shreveport, developed by Ira Thomas, is well thought of and will break into a number of games back of the plate himself.

The Hall of Fame!

Pete McDonald

Star hockey player of eleven years' standing. Playing defence for Dartmouth Senior Hockey team—Maritime champion 1916, champions of the Halifax League, 1923. Pete is recognized as one of the best defence players in the Maritime Provinces.

Maritime Sports Wear Maritime Caps

There's something about their cut that's a hit with men. Ask for them by name at your dealers.

Wear a cap and keep your hair! Make it a Maritime and stay in style.

ALL READY FOR BIG BOXING CARD

New Brunswick Championships will be Staged in Armory Tonight.

The big night has arrived when the cream of the amateur boxers in the Maritime Provinces will assemble at the local Armory, there to vie for honors in the New Brunswick championships, which are to be staged under the auspices of the Y. M. C. I.

The visiting boys are here, the local aspirants for honors are ready and all that now remains to make the meet one of the most successful ever held in these parts is a capacity house to encourage the participants.

There is a double incentive for the boys in addition to capturing the titles, in at least two classes, the 126 and 135 pounds, are hoping to be selected as Canadian Olympic prospects.

The bouts will start at 8 o'clock sharp and as soon as one set of contestants leave the ring others will be ushered in. In this manner there will be no waits and there will be something doing from the top of the go until the final contest will bring the great meet to a close.

Starting in with the 70 pounders the classes will vary up to the 147-pound class. Chief interest centres in the 126 and 135-pound classes, in which Raymond "Nixey" Kennedy of Halifax and Louis Donovan of this city, two champions, will appear.

On the whole the card is one of the most elaborate ever staged in the Maritime Provinces and from all indications will go down on the annals as the boxing classic of 1924.

Referees, J. J. Power and W. Donohue; judges, Larry MacLaren and Major E. J. Mooney; timers, John Daley and C. A. Owens; announcer, William Case; scorer, H. Cleary; medical, Dr. J. R. Nugent and Dr. H. S. Clarke; tickets, J. H. Colohan; weighing in, John Daley and P. J. Fitzpatrick; Armory, Thomas Killen. "Ernie" Stirling, who has made

ACID STOMACH IS DANGEROUS

Sufferers From Indigestion or Stomach Trouble CUT THIS OUT

"Stomach trouble, dyspepsia, indigestion, sourness, gas, heartburn, food fermentation, etc., are caused nine times in ten by chronic acid stomach," says a well known authority.

Burning hydrochloric acid develops in the stomach at an alarming rate, the stomach lining and often leads to gastritis, accompanied by dangerous stomach ulcers. Don't dose an acid stomach with peppy or artificial digestants that only give temporary relief from pain by driving the sour, fermenting food out of the stomach into the intestines.

Instead, neutralize or sweeten your acid stomach after meals with a little hot water and Bisurated Magnesia and not only will the pain vanish but your meals will digest naturally. There is nothing better than Bisurated Magnesia to sweeten and settle an acid stomach. It soaks up the harmful excess acid much as a sponge or blotting paper might and your stomach acts and feels fine in just a few minutes. Bisurated Magnesia can be obtained from any reliable druggist in either powder or tablet form. It is safe, reliable, easy and pleasant to use, is not a laxative and is not at all expensive.

HOPPE RETAINS WORLD'S TITLE

New York, April 10—Willie Hoppe retained his title of world's 182 ball billiard champion tonight, despite the fact that he was defeated in the final block of his 1,500 point match with Edouard Horsman, of Belgium. The score was 215 to 200 in 13 innings, but Hoppe's enormous lead gained last night, gave him the match, 1,500 to 998.

HILTON BELVEA IS NOW TRAINING

Local Oarsmen at Putney Getting Ready for Big Events.

Hilton Belyea, former Canadian single sculls champion and Canada's representative at the Paris Olympics this year, is now at Putney getting into trim for the famous Diamond Sculls event the first week in July, according to word received by Mrs. Belyea yesterday.

Hilton is boarding at a Mrs. Evans' and has renewed the acquaintance he formed last year. He was met on his arrival by William Barry, his son Bill, who trained Hilton last year and Ernest Barry, former professional champion of the world and brother of William. He also met the editor of Sporting Life, a well-known sports publication. The editor took the west side sculler out in his launch to watch the workouts of the Oxford and Cambridge crews.

"Judging from form displayed, I should say that Oxford will win," wrote Hilton. Which shows that even the best of them fall down. Hilton, as it turns out, was as good a prophet as P. J. Mulneon, Canadian Olympic chairman, who also picked Oxford a winner.

Custom-Made Clothes

This Way For Far Less

Fully twenty dollars below unorganized tailoring—fully ten dollars below ready-made prices—the Triple C Tailors make any high class cloth to your measure, give you a fair fitting, give all the hand-work and high-grade foundation that the best tailors give and hand you back the money that otherwise you'd spend in the middleman expense.

Start in with the cloths. Over a hundred West of England Worsteds and Serges, the better Scottish Tweeds. Take a sample of any, take it to your old tailor and ask him what he would tailor it up for. Submit any test for top quality. Then note the character of the patterns and color.

Study the inside work. One glance, at the 35 tailor team-workers proves the thoroughness of everything, the Silk stitching, the pre-shrinking, the firmness and fineness of the frame work. All the most expensive obtainable.

Look the styles over. See how the mirror satisfies every fitting essential. Then know exactly why the price is so low. Big buying, big selling and complete absence of retail expense says the final word.

24 karat Serges, Fully Guaranteed, Made to measure \$28 to \$38

Pick of Worsteds, Tailored from \$27. Best Tweeds, \$22.50.

RULES THAT ORAL PROMISES IS GOOD

Interesting Case Involving Promissory Note Decided by Chief Justice.

An interesting case involving the statute of limitation was decided by Chief Justice H. A. McKeown in chambers here this morning in the case of Fenwick Bros., Chatham, against John Gill, Gill, who is an employee on a steamer operating between Halifax and Mexico was sued by the plaintiffs; the writ being served in Halifax. The cause of action was a promissory note for \$21, payable on demand, made by the defendant in 1915, and therefore barred by the statute of limitations, which makes such an obligation void after seven years. In 1920, according to the plaintiffs, Gill promised that he would pay \$20 a month on the note until the value of it had been discharged, in consideration of the plaintiffs agreeing not to bring suit against him. The plaintiffs' statement of claim set up this promise as a cause of action in addition to the count on the note. The defendant contended that the promise of 1920 was oral only and therefore void under the statute of limitations. The Chief Justice decided that the plaintiffs' statement of claim disclosed a good cause of action and that the statute of limitations did not apply in this case. H. W. Robertson appeared for the plaintiffs and Teed & Teed for the defendant.

ROTHESAY GIRL GUIDES VICTORS

Win City Junior First Aid Cup Competition—The Scores.

Results of the St. John City Junior First Aid Cup competition of the St. John Ambulance Association were announced last night by Miss Irene Barber, secretary. The cup is awarded this year for the first time and was presented by William S. Allison, the president of the local branch of the association. Rothsay Girl Guides are the winners and Trinity Boy Scouts come second. Ten teams entered. Dr. C. M. Pratt conducted the examinations which consisted of three for each member of the teams and a team test, the care of a case of a fractured thigh with severe bleeding in an accident occurring near the town. The total possible marks was 200 and the following were the marks made by the various teams: 1st, Second Rothsay Girl Guides, 178; 2nd, Trinity Boy Scouts, 163; 3rd, St. John Guides, 152; 4th, Trinity Girl Guides, 140; 5th, St. John's (St. Paul's), 134; 6th, St. John's (Stone) Church Boy Scouts, 140; 7th, Knox Girl Guides, 139; 8th, St. James' Girl Guides, 124; 9th, East St. John Boy Scouts, 127; 10th, St. Jude's Boy Scouts, 118. The two highest teams are eligible to enter in the provincial competition for the Junior Wallace Nesbit trophy. Miss K. M. Stewart of Fredericton will conduct the provincial trophy examination which will commence on April 22. The Moncton cup competition will be completed next week.

SAYS SNUFF DID IT

Police Court Case Brings Out Kick of Copenhagen Variety.

If Copenhagen snuff has the "kick" in it claimed by a Norwegian sailor in the Police Court this morning "boozleggers" have every reason to be disturbed. When the defendant was summoned before Magistrate Henderson and asked if he had been drunk he emphatically denied the charge and said that he had taken a pinch of snuff and it had proven a bit too strong for him and made him stagger. While in danger of losing his equilibrium he was taken into custody. His excuse was not given much credence and the policeman who made the arrest was sworn. He said there was no doubt about the man's condition and he was drunk when arrested. A fine of \$5 or two months in jail was the sentence imposed by the Magistrate.

BOXES ARE READY FOR POLLS MONDAY

The office of the common clerk is a busy place these days preparing for the election on Monday. Today he was getting the boxes ready for the returning officers, who will call for them today or tomorrow. As there are 32 polling places, this means that 32 boxes have to be prepared. In each goes a book in which the clerk has to write the names of the electors as they cast their ballot, a voters' list for the returning officer to check from, and other articles, including hand pencils, pens, ink and sealing wax. For the 32 booths there have to be provided 32 returning officers, 32 constables and 64 scrutineers. The returning officer provides his own clerk, but all the others have to be engaged by the common clerk, who is the official returning officer for the city.

THE NEW HOTEL

Gilbert Townsend of Ross & McDonald, Montreal, architects for the Admiral Beatty hotel, is to leave this afternoon for Montreal to secure some additional specifications for the use of the local contractors who are figuring on the work. He will be back in the city on Monday and will be glad to meet the local men and assist them in preparing their bids for the work. Since he arrived in the city on Tuesday he has been very busy consulting with those who purpose tendering on the job.

WILL LOAD FOR BALTIC

McLean, Kennedy, Ltd. reported today that the Scandinavian-American liner Gorm is due to arrive here Sunday to load for Copenhagen and Baltic ports.

BOY BROKE WINDOW

A juvenile appeared in the police court this morning charged with willfully breaking a plate glass window in Gorm Kincaid's store, at the corner of Pitt and Lenestor streets. The boy's mother promised that the damage would be made good.

BASEBALL LEAGUE

A meeting of the clubs in the Civic and Civil Service Baseball League has been called for this evening at 7 o'clock in the Post office to complete the plans and arrange a schedule for the coming season.

DAMAGED IN STORM

Commissioner Thornton has had an examination of the exhibition building made since the recent wind storms, and finds that considerable damage was done. Today he has men at work making repairs to the room and replacing panes of glass that were blown out.

VESSELS REPORTED

According to a report from the Signal Service Station this afternoon the S.S. Brecon was 60 miles out at 11:40 o'clock this morning bound for this port. The Canadian Explorer was 110 miles away at 10 a.m.; the Melita was 80 miles out at 12 o'clock, and the Montclair was 125 miles out at 11:40 a.m.

YOUNGEST DAUGHTER DEAD

The sympathy of many friends will be extended to Mr. and Mrs. Harold Lynch in the death of their youngest daughter, Frances Pearl, aged one year and 11 months, who occurred yesterday at the home of her grandparents Mr. and Mrs. Henry Chandler, Lech Lomond road. Besides her parents, two young sisters survive. Burial will take place on Saturday.

BOARD OF TRADE

An invitation was received today by the Board of Trade to send a delegate to the annual meeting of the Imperial Safety League and the Canadian Safety League, which are to meet in Toronto on April 15. The board is sending to the American Association of the Board of Trade a cut and article on the port and an article on the port to the Maple Leaf.

SONS OF ENGLAND

Marlborough Lodge, Sons of England, met last night in their rooms, Orange Hall, Germain street. About 20 members were present. Three were initiated, and also six applications for membership received. During recess a good programme of recitations, songs and speeches was greatly enjoyed. Those taking part in the entertainment were: Mr. J. W. Harris, Kingston, Parker, Pickup, Olive, Tremain and Clayton. The meeting closed with all singing God Save the King.

JOINS FAMOUS BROTHER HERE

Clement Harbour, younger brother of the great pianist, who was here with him in the fall and who has been in Toronto all winter, joined Mr. and Mrs. Hambourg here today and sailed on the Montrose. He is going to London to study with Mark Hambourg, the latter said, giving the information that Clement's older brothers feel that he has promise of great things in the musical world. He will probably return to Toronto to take up his work with his brother, Boris Hambourg, at the Hambourg Conservatory in Toronto. The trio is expected here again in May of this year, under the management of A. Victor Lee.

AUTO WAS RUNAWAY

Considerable excitement was occasioned in Prince William street this morning when an automobile started from opposite City Hall towards King street. The unguided car picked up considerable momentum and the driver of one of the Canadian Express teams had a hard time getting his vehicle out of the way. A young man ran out from behind the car, and working his arm underneath the side curtain of the car, caught hold of the steering wheel and kept the auto from cutting across the street while other willing hands seized the car and brought it to a stop.

BOWES BUILDING OFFER

A meeting of the Civic Power Commission will probably be held tomorrow to deal with tenders for line materials and poles which were opened at the City Council meeting on Thursday and referred to the commission for a report. Another matter which will come up is the purchase of a building, and it is understood that Yassie & Co., Ltd., owners of the Bowes building in Canterbury street, have submitted a formal offer to sell it to the commission at the price first named, \$11,000, and have given them a fortnight to accept the offer. The number of meters installed to date is 3,618, it was reported this morning.

STILL AWAIT WORD

No reply has been received from Captain Burch to a cablegram sent a few days ago asking him for information regarding the death of Mr. Dougall, who shipped from here on the S. S. Welland County. Nagle & Wigmore, local agents for the steamer, said this morning that when they received notification of Mr. Dougall's death the steamer had already sailed from Hamburg, so that Captain Burch would receive the message when he arrived in England. Since they sent the cablegram the steamer was diverted from Barry Roads to the Tyne, and they think that this is the reason that no reply has been received.

VEVS OPEN BRANCH AT DORCHESTER

A new local branch of the Great War Veterans' Association was instituted in Dorchester this week with a membership of about thirty, so it was announced this morning. A. P. Bourgeois of Moncton, 1st vice-president, and G. Earle Logan of St. John, secretary of the provincial command, carried out the organization of the branch and installed the officers.

MANY ARRIVE; OTHERS LEAVE

Passenger Stir is on at Sand Point—Two Vessels Near Port.

The Canadian Pacific steamship Melita was reported off Lurche Light at noon today and was expected to reach port some time this afternoon. She is from Antwerp, Southampton and Cherbourg and has 135 cabin and 999 third class passengers, general cargo and mail. The Montclair was reported 120 miles out at noon today, bound here from Liverpool with 210 cabin and 772 third class passengers in addition to general cargo, and a heavy engagement of mail. She is expected to reach port tonight and her passengers will be handled in the morning. To accommodate the large number of passengers of these liners eight special trains will be made up to convey them to their destinations throughout Canada. The Montrose sailed this afternoon for Liverpool with a large passenger list and general cargo. Among her cabin passengers are: Dr. and Mrs. I. M. Curran and daughter, Muriel, Mrs. George Carter and son, Owen, Mrs. E. E. Brown and Mrs. Frank Wade and two daughters. A transfer train was made up in the station this morning and conveyed passengers to the steamer at Sand Point.

ACCEPT SUBJECT TO AMENDMENT

Customs Officials, Awaiting Official Tariff Word, So Stamp Entries.

No official word of the new tariff, following yesterday's budget speech, had been received at the local customs house, it was said this morning and all entries had to be made at the old rate. A telegram from R. E. Farrow, chief commissioner, instructed the staff to accept entries subject to amendment until further notice and this is being done. On each entry are stamped the words "subject to amendment" and after the official notice has been received adjustments will be made. Where refunds are due they will be made as where more duty is required the one receiving the goods will have to pay up.

ODDFELLOWS HAVE HAPPY EVENING

Hold Last of Season's Entertainment Series—Anniversary is Observed.

A series of entertainments which the Odd Fellow lodges of the city have been holding during the winter came to a close last night with the celebration at Golden Rule Lodge hall, West Side, of the 10th anniversary of the lodge. The hall was crowded to capacity. Sapphire Rebekah Lodge members acted as hostesses for the evening and added to their reputations as entertainers.

MASONS TO DISCUSS WAGES ON MONDAY

The wage offer of \$1 an hour, made by the local contractors to masons and bricklayers, will be considered at a meeting of the local bricklayers' and masons' union on Monday evening, so Albert J. Harris, the union president announced this morning. The men are asking for \$1.12 a 22 hour from the first of this month. Mr. Harris said that there was no change in the situation today.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "has Mrs. Hornbeam said anything to you yet about getting yourself a new hat for Easter?" "She hes," said Hiram, "but she won't let me pick it out myself. She says I got about as much sense about buying clothes as a saw-horse. I bought one of them there white felt hats one time—'an' she used it to put on a scarecrow—'an' went 'an' bought me a black one. I guess she thinks I'm too giddy fer an old feller."

"And what about her own hats?" queried the reporter. "That's different," said Hiram. "You orter see the contraption she picked out the other day fer herself. I couldn't describe it. They was straw—'an' flowers—'an' ribbons—'an' I don't know what else. I call 'em 'scrammell' do her a lot more good when it hes to soak in through that noo head-gear—Yes, sir."

Do That Painting Job Now!

If you have any building that needs painting, don't put it off. Remember that paint maintenance is cheaper than renewal of surfaces.

Protection is the chief mission of paint—protection from decay and destruction—protection from repair bills. You cannot afford to let your property go so bad that labor must be wasted in renewing surfaces before you paint them.

To "Save the Surface" as well as to beautify your property use
