the case in Newcastle and it should surely distributed as far as practicable, as follows : a proclaim the necessity the immediate organization of a sup of and effective r police force. Our increasing shipping in-tercourse with foreign parts will naturally "Fifteen rounds of ball and 20 rounds of

blank ammunition for practice will be althrong our port with numerous suspicious h characters from abroad, of various moul ls lowed to each man authorized to drill." and shades, and these, with the well-proven GENERAL REGULATIONS.

y and shades, and these, with the well-proven o quality of home-made ruffianism, will greatly jeopardize the public peace and safety throughout the coming season, and this fact should enhance the necessity for in some certain mode of protection that would be a sufficient to be consultation some certain mode of protection that would be a sufficient to be consultation in some certain mode of protection that would be a sufficient to be consultation in some certain mode of protection that would be a sufficient to be consultation in some certain mode of protection that would be a sufficient to be consultation with commanding officers, may think be the tribulation to be possible to prescribe an uniform system for all the districts, the drill of corps in each district is to be carried out in such a manner as the De-puty Adjutant General, in consultation with commanding officers, may think

in some certain mode of protection that would ensure the general security of the public. Sees Why then the delay of the Police Com-mittee in such an important discharge of their duty, for surely daily occurrences testify to the wisdom of an immediate ap-pointment? There is already a requisition out, signed by a large number of our citi-the casidy. Why not accept it? Mr. Cas-sidy has heretofore performed the duties and exemplary manner, and with the ad-ditional requisite of experience should claim priorship in any choice of appoint-ment. The act that occasioned his dis-missal was almost too trivial to notice,

The Quebec Fire.

QUEBEC, May 31. Another terrible calamity, of a kind of

thrown dependent for shelter upon the charity of their friends and the public last night, at about the same number of thousands. Many families, however, including delicate and poorly or half-clad and territhe cold night air, guarding their little offects from the miserable and unscrupalous plunderers which such occasions invari-ably beget, to accepting such shelters as, r evenings previous two young men were a attracted by the piteous bellowing of a

4

As for the conflagration itself, its origin, progress and incidents may be more fully described as follows :- About 3 o'clock in leir lowing evening he pursued a cow belonging or to Thomas McAfferty to the door yard to Thomas McAfferty to the door yard and there attacked her fiercoly. Had it not been for the faithful dog he would havo accomplished his purpose. It is be-coming alarming in this vicinity. It is entirely unsafe for young children to roans through the woods or along the roads alone. box 62, and repeated several times. Large numbers of people repaired to the spot, and it was found that the fire had taken in the stable of Leon Boivin, a carter, liv-ing in Scott street, owing, it is said, to children playing with matches, and had quickly spread to several houses adjoining. There was a smart wosterly breeze blow-ing and the stable of Leon Boiving. And, Mr. Editor, it was amusing to watch the movements of some of one would be Alle, arr. Entrop, it was more of our would-be-the movements of some of our would-be-witty councillors at their last meeting held of the buildings were of wood, it can be in Newcastle, to see how cunningly they worked to have a tax levied on all the ity the fire spread. Sh John street and worked to have a tax levied on all the country dogs but a large majority of the Uniview to and the lower suburbs were crowded with the

Il For it is nothing but nature that a policehe man should have enemies—they are con-sequent upon the faithful discharge of his which it has too often experienced the sad duty. To zealously execute the trust im-posed upon him is to bring down the thun-derings of vengeance and hate upon him-velt. The tativity of the second out. The cattor this shifts and afternoou, and shot two, at a period when ian are to be gauged by the enmity and op-position of the runsellers, loafers and the general subtrata of society—all encom-ate iums to his worthiness are sounded out in imprecations. Seeing then the peculiar-ity of his organization, I think his dismissal was a bright and lasting reflection to misfortune falls heaviest, we are sorry to of his credit, when we consider the spirit ath that prompted and the persons that per-formed it. But be this as it may there still remains the urgent necessity for the derly quarters of the city, underwent again immediate appointment of a Pelice force. Let the committee decide at once as the of the St. Louis suburbs, it passed through consequences of such hesitation can not be foretold. Two officers at least are nebe foretold. Two officers at least are ne-cessary to complete the force. Hoping, therefore, that the committee will recog-nize the importance of noming to a deci-sion at once, e, I remain, yours &c., S. er | sion at once,

Bruin on the War Path. Sir :-- Permit me through your columns to Sir -- Fermit me through your columns to ine state a few facts concerning bruin, and his it many unwelcome visits to this settlement the cold nicht air, guarding their little efof late, he has succeeded in killing or

of | maiming six horned cattle and is still lurk. ast ing around the neighborhood. A few with converting a short distance, they, knowing these that she was in some hole, went to her assistance, and found it to be one of those progress and the short distance. de denizens tearing her. At their approach ted he made good his escape and on the folto through alone.

a country dogs but a large insport of the lower suburts when the low FARMER. Cricket Field were also occupied by house hold goods, whilst the Tower Field and Cove Field, towards the close of the night, Upper Bay du Vin, June 4, 1876. Annual anil 1876-7. looked like a fair ground. We take the following from an Militia The police were early on the spot, as General Orders relating to annual drin for were also the fire brigade in full strength, the current year :--"The annual drill of all corps (except Field Batteries of Artillery) authorized for that purpose, will be for eight days, and when it appeared that the conflagration he same may be carried out at the Head was assuming dangerous proportions, and Quarters of corps on different days as may it did excellent service during the evening s or s or al of the Deputy Adjutant General of the Eustache street, drawing its supply of water of District. In all such cases, no allowances from the well of the Esplanade, and pro-at- will be made for ration or forage, and the jecting it through between 2,000 and 3,000 pay will be for officers, one dollar ; and feet of rubber hose. The city steam-fire -commissioned officers and men, fifty engine was also brought up and located in the vicinity of St. John's Church, but it FIELD BATTERIES OF ARTILLERY. did not scem to get into proper working "The annual drill of the Field Batteries order until the evening was somewhat of Artillery will be for twelve consecutive advanced, owing to a scarcity of water. days in camps of exercise, Head Quarters The fire having once got headway it was of the respective corps. The officers, non-commissioned officers, gunners, and drivers will be paid for the days they are actually course; driven as it was by the westerly present in camp as follows :- The officers | wind, the efforts of the Fire Brigade, Pro ore and non-commissioned officers, the pay of vincial Police, and B. Battery, who had their ranks, the gunners and drivers at the of a rate of sixty cents, and for horses one dol-limited to fighting the flames wherever an ew lar por diem. Rations and forage will opportunity offered of confining them withany not be issued in kind, but an allowance any will be granted in lien thereof-for rations the at the rate of twenty five cents for each yard, and, under the leadership of Mr. by and driver por diem, and for forage at the oxcellent work, pulling down houses and ret, rate of thirty five cents for each horse per diem. No allowance for transport will be aid." "Tents and blankets for use by the offi-oughfare at its intersection with d'Artigny con-neers and drivers will be issued on applica-nuch tion of each commanding officer. Jones was in town or "wrench" by illiterate persons. SAINT JOHN, N. B. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured Bronchitis. Fifty cents' worth has cured an old standing cough. It positively cured catarth, asthma, and croup. Fifty cents' worth has oured crick in the back, and the same quantity lame back of eight years' standing. It cures swelled neck, tumors, rheumatism, neural-gia, contraction of the muscles, stiff joints, spinal difficulties, and pain and soreness in any part, no matter where it may be, nor from what cause it may arise, it always does you good. Twenty-five cents' worth has cured bad cases of chronic and bloody dysentery. One tea-spoonful cures colic in 15 minutes. It will cure any case of piles that it is possible to cure. Six or eight applications is warranted to cure any case of excornisted nipples or inflamed broast. For bruises, if applied often and bound up, there is never the slightest dis-coloration to the skin. It stops the pain of a burn as soon as appplied. Cures frosted (tex, boils, warts, and corns, and wounds of every description on man or For particulars and connections see small Tim It is the cheapest medicine ever made. tout. "Yes." Judge Obadiah. "You will both be so kind as to fol-Mr. Fogg made no movement indi-Entry any surprise. This agent was a representative of the law, and for every Englishman the law is sacred. Passe-partout, with his French habits, wanted to discuss the matter, but the policeman not at hand! to discuss the matter, but the policeman touched him with a stick, and Phileas

morning, he saw him get out of the car, accompanied, it is true, by a young wo-man whose presence he could not ex-plain. He immediately sent a police-man after him; and the widow of the ra-jah of Bundlecund were taken before in dependent, and can by no means be regarded as an unmixed blessing in any Dated 25th May, IS76. And if Passepartout had been loss preoccupied with this affair, he would have perceived in a corner of the room the detective, who followed the discus-sion with an interest easy to understand, for at Calcutta, as at Bombay, and as at Suez, the warrant of arrest was still not at hand! TEACHER WANTED. A SECOND Class Male Teacher wanted, to take charge of No. 8 School. JOHN STYMIEST. intelligent to rate it at its true value." not at hand! But Judge Obadiah had taken a note of the confession escaped from Passe-partout, who would have given all he touched hin with a stick, and Phileas Fogg made him a sign to obey. "This young lady can accompany is?" asked Mr. Fogg. "She can," replied the policeman. The policeman conducted Mr. Fogg, Mrs. Aouda, and Passepartout to a palki-ghari, a sort of four-wheeled vehicle with four seats, drawn by two horses. They started. No one spoke during the twenty-minutes ride. "Mathing of the confession escaped from Passe-partout, who would have given all he possessed to recal his imprudent words. "The facts are admitted?" said the judge. "Admitted," replied Mr. Fogg cold-"Inasmuch," continued the judge, "a she English law intends to protect equally and rigorously all the religions Alnwick, April 21, 1876. 2 Alines
