The "Royal Grand" Range.

Rough, uneven casting, full of holes, denotes poor iron. The castings of the Royal Grand are very smooth and will take a high polish, as the best quality of pig iron only is used in its construction. Then again, the Enterprise Foundry Co., who make this range, employ only skilled labor, which accounts for the thorough manner in which the castings are made. Have you seen this Range? Over 200 satisfied customers are using them in this city alone.

ANOTHER LOT OF MEN WHO WILL BOOM NEW INDUSTRIES

Citizens Express Opinions Favorable to the 75,000 Club Scheme and See No Reason Why it Might Not be a Success.

In addition to the opinions already expressed the following citizens have added their names to the long list of those who favor the establishment of a 75,000 club.

J. S. MCGIVERN.

James S. McGivern is heartily in favor of the movement. He thinks that there should be more industries here. Mr. McGivern mentioned the fact that at one time there were half a dozen shoe factories located in St. John but now there are none. They did not close on account of poor business or lack of facilities, but because the cheap labor law, which went into effect in Quebec, influenced the help to leave for that place. Mr. McGivern thinks there are many lines of goods which might be manufactured in St. John.

He stated that coal can be purchased here at a smaller cost than in the majority of Canadian cities. Amherst get cheap coal, because it is near the Cumberland coal fields, but the facilities for manufacturing are no better there than they are here. Mr. McGivern thinks that the formation of the 100,000 club will help to bring new industries here.

JAMES HUNTER.

James Hunter had not interested himself in the matter, but when told the purpose of the club, he expressed himself as favoring the formation. Mr. Hunter thought that more people and industries were needed here.

LOUIS GREEN.

Louis Green is another enthusiast in the scheme, and thinks that good results would surely attend the formation of the club. Mr. Green also felt that the club would help the work of the tourist association. "It is a grand scheme and should be pushed along," said Mr. Green. The well known tobacconist hoped that the power men would be chosen to promote the club. He thought that every member should be an energetic worker in the interests of the city, otherwise brilliant results would not follow.

J. L. THORNE.

J. L. Thorne when approached on the subject, said that he thought the scheme a grand one. He had considered the matter and came to the conclusion that if properly managed good results would surely follow the formation of the club. Mr. Thorne thinks that every citizen should be so attached to his city that he would praise it wherever he travels. He is convinced that great opportunities exist here for new industries and thinks that the club besides increasing the city's population would bring new industries. Mr. Thorne stated that he would use all in his power to help along the city's interests.

JAMES MOULSON.

James Moulson had read of the proposed club in the Star, but had not prepared himself to make a statement. He thought it would be a good thing if new industries were brought here.

Wm. H. BUSTIN.

Wm. H. Bustin thinks that an increase in the population of St. John is what is needed and this can only be had by the citizens energetically entering into the work of such a scheme. Mr. Bustin can be counted upon as a hearty supporter of the 100,000 club.

E. S. DIBBLEE.

E. S. Dibblee is a supporter of the scheme and sees no reason why the formation of the 100,000 club would not be attended by good results.

CHAS. L. BUSTIN.

Charles L. Bustin thinks that St. John will be benefited by the power men, and to get them the city must be boomed," said Mr. Bustin.

ARTHUR SHARPE.

Arthur Sharpe is in favor of the formation of the club and considers the great facilities which exist here for new industries. "I think success will follow the formation of the club," said Mr. Sharpe.

DANIEL MONAHAN.

Daniel Monahan is another enthusiast and seems confident that the proposed club would do much toward increasing the city's population and bringing new industries. Mr. Monahan spoke of the great facilities here for manufacturing and thought that if the city was better advertised more manufacturers would be located in St. John.

J. R. Reid of Fredericton was a passenger on the noon train today.

Mrs. Charles McRobert is reported to be seriously ill.

THE 'FRISCO RELIEF FUNDS WERE STOLEN

Fully a Million Dollars Have Disappeared

And Roosevelt is the Mover in an Investigation Which Promises to Become a Disgraceful Scandal

SAN FRANCISCO, Cal., Nov. 14.—The Chronicle says today:

"A new investigation is progressing in the course of developments in the local relief fund. It now appears that many sums of money, large and small, sent from different states to San Francisco for the relief of the earthquake fire sufferers, never reached the relief committees. Some of these amounts which aggregated a large sum, were mailed to the care of Mayor Schmitz, F. J. Henry, Detective Wm. Burns and about 100 government agents have been making an investigation. President Roosevelt is the moving spirit behind the inquiry and he declares that no man guilty of diverting the relief shall escape justice. The cases come within the jurisdiction of the federal authorities because of interstate character of postal service, which it is alleged was criminally tampered with. A considerable sum of money was also sent through the express companies and Wells-Fargo express, which companies are now investigating the disappearance of \$10,000 sent in one package from the citizens of Searchlight, Nevada, which they never received, and which the company says was delivered to the representative to whom it was addressed. The crime of forgery is said to be included in the list of the offenses of the relief contributors. It is said that in aggregate the stealings will amount to a million dollars.

HORRIBLE DEATH OF MAN AT ST. STEPHEN

Mill Hand Fell Into a Narrow Chute

And Had His Life Beaten Out—No One Saw the Accident—Body Was Found This Morning.

ST. STEPHEN, Nov. 14.—The first accident in the new paper mill at Woodville occurred last night, resulting in one man's death in a fearful manner. Job Deane, a Syrian, about whom little is known, excepting that he came from Eastport, was the victim. His mangled body was found in the chip screen this morning by a fellow workman. There were no witnesses to the accident but it is thought that he fell into the fourteen-inch conveyor, which carries chips from a chipping machine to the screen, where his life was beaten out.

MARIE SULZER IS DRIVEN OUT OF PRUSSIA

Vengeance of the Kaiser Follows This Actress Even After She is Married

NEW YORK, Nov. 14.—A London despatch to a morning newspaper credits the Berlin correspondent of the Daily Express with the statement that taking advantage of the fact that by marrying Baron Liebenberg, Marie Sulzer, the actress, became an Austrian subject, the Prussian Government served a notice on her ordering her to quit the country within a fortnight on the ground that she is an undesirable alien. If she does not comply she will be forcibly expelled by the police. This step was taken to supplement the Kaiser's banishment to German Southwest Africa of Prince Juchidil, his Majesty's cousin, who intended to marry the actress.

SET FREE, AND ARRESTED.

John Allan, a young Longshoreman, is having rather a hard time. Last night he was found on Prince Wm. street lying drunk, chilled and with a large cut on his forehead. Dr. E. Berrymann was summoned to the Water street lockup and took a few stitches in the wound. This morning in court Magistrate Ritchie was lenient with the prisoner, who said it was his first offence and on promising to do better in the future he was allowed to go with a fine of \$2. The fine was paid and Allan left the court room elated. But with him it was a case of "out of the frying pan into the fire," for he had dreamed that Constable Thomas Gibbons was waiting in the court hall all morning with an execution against him for debt. As Allan left the court he was arrested by Gibbons and landed in jail. The amount due was a small one but the constable could not have had an easier time in making the arrest. Allan should have been to his work this morning and intended returning to work when he left the court.

I. C. R. EXPRESS WAS HELD UP BY A HERD OF DEER

CIVIC OFFICIALS NEVER GET DRUNK

Magistrate Ritchie Makes an Interesting Suggestion.

The Wandering Frenchman Was Sentenced to Two Months Hard Labor—Other Fines Imposed

Three prisoners were gathered in by the police last night. John Allan was fined \$2 or five days jail for drunkenness. Fred Nolan was asked to pay a fine of \$8 for a like offence. The third prisoner was Alphonse Wauger, the Frenchman, who is termed a dangerous man. Policeman Gosline who arrested Alphonse said he found the prisoner on Union street, West End, early this morning and took him to the lockup for not giving a satisfactory account of himself. On being searched a 13 inch bread knife was found in the prisoner's pocket. The policeman said that Alphonse had been flourishing a knife in St. Stephen and was put on the train and sent to St. John. On arrival from St. Stephen last evening he left the train at Blue Rock and was not located until after midnight. Alphonse said he had just come from the woods and objected to being sent to jail. Some weeks ago when he had but a few hours to serve to complete a sentence Alphonse escaped to the woods and after annoying the country district residents was landed in Sussex and Moncton jails, from the latter place he was shipped to St. John, and again sent to jail. Last week he was given his liberty on condition that he would go to work. He worked about one hour after getting out of jail and again took to the woods. The man originally came from Montreal, and the magistrate says that the city seems to be a dumping ground for such people. Alphonse was fined \$5 or two months jail with hard labor. Being an escaped prisoner the Frenchman can be sentenced to a term in Dorchester penitentiary, and there is a probability of this sentence being imposed. Four of the Saturday or Sunday batch who had been remanded to jail were brought into court. Cornelius O'Leary promised to do better in the future and was allowed to go on a \$4 fine. Michael Mahoney was fined \$3 or 30 days jail for drunkenness. In imposing this fine the magistrate advised Mahoney, who works in the Rolling Mill, to quit drinking liquor and let liquor be left to him and other officials who receive high salaries. "Why," said his Honor, "you never see a civic official here charged with being drunk, for the presumption is that they never get drunk."

Fred Lockhart, charged with drunkenness and stealing a fur robe from James Flood's bar, said that he had become chilled with spray while in charge of a pulp barge being towed from Miramichi to St. John on Monday morning. He had eaten no dinner or supper and took three hot gins. He would not have stolen the rug if he had been sober. He was fined eight dollars or two months in jail for being drunk and a sentence of six months for stealing was allowed to stand pending his future good conduct. Wm. Baxter, Wm. Morgan, Harry Green and Daniel McNamara, a milkmen's quartette, were reported for selling milk in the city without license. Daniel McNamara was the only one to appear and explained to the court that he went out of the milk business last Saturday. He was excused and told if he commenced business again with out a license he would be liable to a fine of \$40. Messrs. Baxter and Morgan had not taken out licenses when they agreed to and were fined ten dollars each. Green will be given a chance to take out a license or be fined. Joseph McGordon, who on Saturday was described by the police as a deaf mute, who could shout and swear, was brought into court from jail and having had credentials from the St. Andrews Society at Ottawa his case was looked after by Mr. Cameron of the local society. The magistrate pointed out that the man should not be encouraged about the province. On Saturday it was stated that he was a tailor by trade, but this morning the prisoner denied this. He had but two dollars in his pockets and did not wish to return to Ottawa, as he claimed there was no work there. He wanted to go to Moncton. He was fined eight dollars, which was allowed to stand providing he leave the city immediately.

WOMEN'S MISSIONARY SOCIETY

PORTLAND, Me., Nov. 14.—The 29th annual meeting of the Women's Board of Missions opened here today with a devotional meeting. Mrs. Charles H. Daniels, the vice-president, presided. The features of the first day of the meetings which will continue through Thursday, were the reports of officers and addresses by Miss S. Harriet Stanwood of Boston, Miss Caroline E. Frost of Africa, Miss Ellen M. Stone of Salem, Turkey, and Miss Helen E. Chandler of India.

LAKE STEAMERS ON THE WAY TO SEATTLE

HALIFAX, N. S., Nov. 14.—The Lake Steamers Iroquois and Chipewa, the latter in tow of the other arrived here last night, two weeks from Detroit for New York and thence to Seattle. The Chipewa has no salt water condenser and is not able to steam fast, hence the tow. They put in for coal and will sail this afternoon.

ALL THE KENSINGTON'S PASSENGERS LANDED

MONTREAL, Nov. 14.—The S. S. Rouville with part of the Kensington's passengers on board, arrived at Grosse Isle at 10:20 a. m. This was the last batch of the wrecked ship's passengers, who are now all safe though they had two days great hardship owing to the cold and lack of provisions. They will come west tonight.

Big Increase This Year in Game Licenses—Transcontinental Railway Commission Will be in St. John Tomorrow.

MONCTON, N. B., Nov. 14.—The National Transcontinental Railway Commission on the official car passed through the city this morning on the Maritime Express from Montreal. Messrs. Farout, Young, and McInnes were on board. The commission will go to Truro and from there to St. John tomorrow.

The northbound express was on Monday obliged to stop when near Flatlands owing to the presence on the track of a herd of Caribou. There were seven animals in the herd which was feeding alongside the track when the train came in sight, and they stood directly in the path until the locomotive was almost upon them. Brakes had to be put on to avoid a collision. With the season not yet ended, Surveyor General Sweeney reports a great increase in game license revenue this year. Twenty-seven thousand dollars have already been taken in, three thousand greater than the total last year. Non-resident fees are responsible for the greater portion of the increase.

MOUNTAIN SNOWS CAUSE SERIOUS FLOOD

Railway Service Interrupted and Much Damage Done in Cascade Mountains in Washington

TACOMA, Wash., Nov. 14.—Swamped by a soaking rain the snow on the slopes of the Cascade Mountains has melted and flowed into the rivers at the base, thereby resulting in one of the worst floods in this section for years. Bridges have been washed away, telegraph and telephone wires are down, the train service of the Northern Pacific is completely interrupted and up to the present time a life has been lost. The whole country between Auburn and the Cascade Mountains is reported to be flooded. The full extent of the danger and damage is difficult to ascertain as all wire communication is interrupted.

ANOTHER LOT OF CRIMES REPORTED FROM PITTSBURG

Police Seem Powerless to Put an End to Them.

PITTSBURG, Pa., Nov. 14.—Despite the efforts of the city officials and the police department to put an end to the burglaries and hold-ups in this city, and notwithstanding the veritable dragnet that has been thrown out by public protectors, reports of hold-ups and burglaries continue to reach the public. In the fashionable east end section of the city where most of the recent crimes have been committed, the house of W. A. Forman, a prominent mechanical engineer, was entered by burglars between midnight and daylight this morning. Joseph Canini, an Italian employed by the Pittsburg and Lake Erie railroad at Newell, Washington County, was attacked by another Italian while at work yesterday and his throat was cut. His assailant stood off pursuers with two revolvers and escaped to the hills. Canini is not expected to live. The Italian who assaulted him had written two letters demanding a job, signing the letters "The Black Hand." Joseph Canini, an Italian employed

OPINIONS DIFFER ON THE WATERLOO STREET FIRE

Some of the Evidence Heard Last Evening Was of a Rather Interesting Nature.

The inquest into the death of James W. King was continued before Coroner Berrymann last evening. The first witness called was George S. Barker, lieutenant of the fire department. He visited the King building on the Monday after the fire and traced where he believed the flames had started from. Mrs. Sweney's cellar and informed him that she probably started from the cellar from the engine which was stationed at the corner of Union and Waterloo streets.

In the rear of the Ames-Holden building he found five bundles of boots addressed to Jas. Russell. The packages, each of which contained a dozen and a half pairs of boots, were probably left for an express team which did not arrive.

THE YOUNG PEOPLE'S ASSOCIATION of St. David's church opened the season of their annual social on Wednesday evening last. The president, Jas. MacMurray, occupied the chair. During the evening address was given by the Rev. A. A. Graham, the pastor, Rev. A. A. Graham, and his worshipful Mayor Sears. A piano solo was given by Miss Cochrane and vocal solos were rendered by Mrs. Dr. Nase, Miss Lida M. Munroe, Mrs. Allen and S. McEwan. At the close of the program refreshments were served by the ladies of the society. There was a very large attendance of the members and their friends.

All the local courts of the Canadian Order of Foresters enjoyed a pleasant evening at a smoking and social in the York assembly rooms last night. Refreshments were served and a large crowd were present.

ARE DISCHARGED WITHOUT HONOR

WASHINGTON, Nov. 13. - The war department mails are heavy with letters protesting against the discharge without honor of the three companies of the 25th Infantry, colored. Most of these originate in Massachusetts, but nearly every section of the country is represented. They can be no avail now, it is said, because the action was taken by direction of the president, who alone can relieve the severity of the order. Most of the communications, according to the department, reveal ignorance of important facts connected with the case, so acting Secretary Oliver has ordered the printing in pamphlet form of the report of Colonel Bixby, who made the original investigation into the rioting as Brownville last August by some of the members of the 25th Infantry, as well as the further report of Inspector General Carleton, and these pamphlets will be supplied to the respondents.

In answer to an inquiry as to whether any of the black soldiers could be reinstated if they could prove that they had not been guilty of complicity in the rioting, or in any subsequent agreement to conceal the identity of the rioters, it was stated that the war department has believed that the president would probably consent to modify the order in individual cases where injustice would result from its rigid application.

DIRECT WATER ROUTE MONTREAL TO NEW YORK International Commission Will Hear the Plans of a Number of Promoters.

BUFFALO, N. Y., Nov. 13.—The International Waterways Commission met here today. The application of the Richelieu Canal Co. was under consideration. Canadian interests, it is said, are behind the proposition, which if present plans are carried out, will open a direct water route between Montreal and New York. Men prominently identified with the project arrived here today and will be given a chance to lay their plans before the commission tomorrow. It was learned tonight on good authority that the company proposes to utilize Lake Champlain as a storage for the canal and that they want to use about 5,000 cubic feet per second from the waters of the lake. The promoters intend to utilize the water for both navigation and power purposes.

The commissioners also discussed the Lake Erie International boundary question, and the present status of Niagara Falls power. No recommendations were made.

FOOD PRESERVATIVES. From the laboratory of the Inland Revenue department there has just been issued an exhaustive report on the subject of food preservatives, prepared with a view towards definite legislation on this subject.

A prominent southern physician, upon reaching his office one morning, found an old negro who had been a servant in his family standing in the waiting-room. The negro, after mentioning several painful symptoms, related his family history, and begged the doctor to prescribe. The physician filled a small bottle and said: "Take a glass of water at once. After each meal, and come back in a day or two if you do not feel better."

"Mrs. John, I can't take that medicine," answered Moe. "You will have to take it if you want to get well."

NATURAL QUERY. Patrick Murphy, while passing down Tremont street, was hit on the head by a brick which fell from a building in process of construction.

SHE WANTED WATER. A lady came down from upstairs and asked the manager of the hotel if she could get a glass of water at once.

DREW AT SIGHT. Tarantula Tom—Why did Bill plug 't' tenderfoot? LAVA-BED PETE—It all comes o' Bill's distress' ignorance o' legal terms.

WHERE SHE GAINED. Mayme was admiring Mae's French heels and shoes.

TURN ABOUT. "Why," said the traveller, "do you attach so much attention to the drag-on? Don't you know there is no such creature?"

IN THE ART GALLERY. They were making the usual round of exhibitions.

NO TRUE LOVE. Mabel—You have been eating onions? Jack—If you can notice such a thing as that when I kiss you, Mabel, you don't love me—that's all.

AUTO COME BACK. Knicker—So their auto caused a runaway. Booker—Yes, their daughter eloped with the chauffeur.

NOT POLITELY. "Let me see," she said, "what is it you call these men who run automobiles?" "Parsons," replied the pallant man, "I'm too much of a gentleman to tell you what I call them."

LUCKY FOR HER. "What day was I born on, mother?" "Thursday, child."

TIRED—SIMPLY TIRED. I want to let go— To drop the whole thing— The worries, the frets, The sorrows, the sins; Just to let myself down On a bed or the ground— Anywhere, so it's down— And let myself go.

And I don't want to think— Just to let down my nerves, Just smooth out my brain, Just to sleep. And that's all!

CONDITIONS UNFAVORABLE. A prominent southern physician, upon reaching his office one morning, found an old negro who had been a servant in his family standing in the waiting-room.

He called and received five crisp new \$100 bills. "How much did you get?" he asked.

"Two thousand, and you give me \$200? Say, who got hit by that brick, you or me?"

HEARST CONGRATULATED ON HIS DEFEAT. STREETS BLOCKED BY BUILDING OPERATIONS

NEW YORK, Nov. 13.—At a meeting tonight of the executive committee of the Independence League, resolutions were adopted congratulating Wm. E. Hearst upon the result achieved in the recent election in New York state and pleading the continuance of the Independence League as a means for the furtherance of the principles advocated by Mr. Hearst.

At Union street, at the building being erected for D. R. Jack, the street was for a time in a disagreeable condition. After a while a board fence was built which forced pedestrians to the mud, and caused a great deal of inconvenience.

At Ungar's laundry the sidewalk and part of the street is blocked by piles of building material, and pedestrians have to take the other side or wade through mud. There are both unparalytically small jobs, while in comparison people have pointed out that the work on the new Royal Bank, a large contract, has not in any way interfered with the comfort of those who use Canterbury street.

PROHIBIT EXPORT OF SILVER.
LIMA, Peru, Nov. 13.—Although there exists no law to the contrary, the government today refused to allow a local firm of bankers to ship 12,000 silver soles (about \$12,000) to London. Furthermore the authorities are searching the baggage of passengers leaving the country and all silver coin in excess of ten soles is being seized.
The price of silver in Peru is rising and the ministry of finance has been in conference with local bankers, financiers, merchants and members of congress to discuss action in the premises. The advisability of an export duty on silver coin has been seriously discussed.

FRENCH COURT GRANTS ABSOLUTE DIVORCE TO COUNTESS CASTELLANE.
She is Given the Custody of the Children But May Not Take Them From France Without the Count's Consent--His Appeal for Annual Cash Allowance Was Rejected.
PARIS, Nov. 14.—The tribunal of first instance of the Seine, Judge Ditté presiding, at noon today granted a divorce to the Countess De Castellane (formerly Anna Gould) and gave her the custody of her children, who, however, will not be allowed to be taken from France without the consent of their father, Count Boni De Castellane. The end of the famous case came suddenly. The court brushed aside the demand of the Count's lawyers for an examination of the witnesses, and, as anticipated, the public prosecutor did not ask to be heard. Directly the court assembled Judge Ditté handed down the judgment, which is a sweeping victory for the Countess, the custody of her children, the Count being allowed only the usual rights to see them and share in the control of their education, which was not contested. The Count is given the right to see the children at stated periods at the home of their grandmother and to keep them a month annually during the holidays. The Count's demand of an alimentary allowance of \$50,000 annually was pronounced by the court to be without foundation in law. The only point decided in the Count's favor is the imposition of an inhibition of the Countess to take the children out of France without their father's consent. The court appointed the president of the Chamber of Notaries to liquidate the affairs of the husband and wife. The judgment was given with costs against the Count. The decree, the reading of which hardly consumed five minutes, was delivered by the Judge slowly and hardly audibly to the crowds which filled the court room. Many women climbed the chairs in vain efforts to hear the decision and when they were aware that a divorce was granted they seemed actually to resent the loss of a public case at which people of social life would be compelled to testify. Anna Gould, the youngest daughter of the late Jay Gould, was married to Count Ernest Boniface De Castellane, the eldest son of the Marquis De Castellane, at the New York home of her brother, George J. Gould, March 4, 1885, the late Archbishop Corrigan officiating. Miss Gould's dowry was understood to have been \$18,000,000, and it was further stated that her income was \$600,000 a year. Immediately after the marriage the couple left the United States for France, where the extravagant manner in which they lived attracted considerable attention. About five years after the marriage the Count and Countess were reported to be financially embarrassed, it being alleged that the Count had already spent about \$7,000,000 of his wife's money. An adjustment of their affairs became necessary, and considerable litigation followed, with the result that the Gould family intervened, and the income of the Countess was cut down to \$300,000. On February 5 of the present year the Countess entered a plea for divorce before Judge Ditté in the court of First Instance of the Seine, and he, in conformity with the French law, endeavored to arrange a reconciliation before allowing a definite suit to proceed. The efforts to reconcile the couple were unsuccessful and sensational reports were circulated regarding the Count's conduct.

NEGRO DESPERADO STILL LEADING HIS PURSUERS A MERRY CHASE
THOMASTON, Me., Nov. 13.—At sunset tonight Minot St. Clair Francis, the negro desperado who broke jail yesterday, was still leading his pursuers a merry chase from the state prison. Local officials and Knox county authorities by several miles, having covered in the first 24 hours of his freedom nearly twenty miles along the west bank of Penobscot Bay. When the hunt was temporarily abandoned tonight Francis was thought to be in the vicinity of Centre Point, five miles north of Camden. The search for the negro began in earnest this morning, and for a few hours good progress was made in picking up the trail. An abandoned team which Francis stole last night was found, and about noon it was thought that the negro had been located on Ragged Mountain, one of the Camden hills. Before the mountain could be reached the desperado was again on the run. Francis had been seen near the post house just outside Camden, and again the force of the constables concentrated on the new trail. Every effort was made to catch up with the fugitive before darkness shut in, but he succeeded in keeping ahead of his pursuers. The postal authorities in Washington offered an additional \$100 for Francis' capture today, which places the amount of reward at \$200. The officers seemed very confident tonight that the negro would be in custody again inside of the next 24 hours. The chase will be renewed in the morning.

SHORTAGE OF LABOR IS FELT IN CUBA
Planters Urge Action to Secure Immigration—Sugar Crop Will Need Many More Men
HAVANA, Nov. 13.—Certain members of the Agrarian League, which is composed of prominent planters, accompanied by a number of steamship agents, held a conference with Governor Magon today on the question of the public scarcity of labor in the handling of the maturing sugar crop. The planters urge the necessity of making use of the \$1,000,000 appropriated by the Cuban congress for the stimulation of immigration and pointed out that Cuba was suffering severely by the competition of other nations seeking immigration, especially the republics of South America and the United States, and the importation of labor to Panama. The next sugar crop promises to be very large and the planters expressed great fears that the present labor supply would be insufficient to handle the crop. Governor Magon listened with great interest to the suggestions of his visitors and arranged to hold further conferences with the committee.

THREE LIVES LOST IN TENEMENT FIRE
Business Man Fell Dead After Running to the Scene—A Whole Block Burned.
NEW YORK, Nov. 14.—A New Brunswick, N. J., despatch to the Times says:—Three deaths resulted from a fire here yesterday afternoon which destroyed several houses on Easton Avenue occupied by negroes. Two of the dead were children, while the other was a business man. Mr. and Mrs. Jas. Doran, who lived in one of the houses, locked in their children, Frank and Susie, as was their custom every day while at work. The children playing with matches set fire to the house, and before neighbors could break the door down the children had perished. The flames spread to the adjoining houses and the whole block was fired. William Song, a business man, who the alarm of fire was sounded, left his business and hastened to the scene. He went to the estate for a New York family and some of the property was near the fire. He returned to his store and, greeting a customer, fell dead, the run having caused heart failure, physicians said.

ARTILLERY FOUGHT WITH INFANTRY
Militia at Cheyenne in a Bloody Quarrel in Which Five Men Were Wounded
CHEYENNE, Wyo., Nov. 14.—A desperate fight occurred on the streets of Cheyenne last night when a detachment of artillerymen from Fort Russell attacked a number of infantrymen all on leave. Each side fought desperately with knives. Five men were cut and slashed, one of whom is expected to die. The wounded were taken to the hospital.
The cause of the fight is an old feud existing between the two arms of the service.

SENSATIONAL TURBULENCE ONTARIO BANK AFFAIR

Writ Issued Against President Cockburn to Set Aside Conveyance of Land to His Wife—McGill's Counsel Brings Out Some Good Points for His Client.

TORONTO, Nov. 13.—A new and sensational turn was given to the Ontario Bank affair this morning when the Ontario Bank issued a writ against President Cockburn to set aside recent conveyance of certain property from Cockburn to his wife. The writ was issued at Osgoode Hall by the Ontario Bank, acting in its own behalf and for "all other creditors of the defendant against Cockburn, president of the Ontario Bank, acting in his own behalf and for property to Mary E. Cockburn, dated Oct. 25th, 1906."

The conveyance was registered the same day and transfers lots four and five and part of lot number three on Bay street. The bank seeks a declaration that the conveyance was fraudulent and void as against the plaintiff and also for judgment setting aside the conveyance and directing the lands to be sold for the satisfaction of debts and liabilities of the defendant. The court is also petitioned for its pendens.

McGILL'S CASE STRENGTHENED.

Evidence against Charles McGill upon the charge of issuing false statements to the government was considerably weakened by the cross-examination of W. J. Langton, the ex-accountant of the bank. R. E. Mackay, who appeared for McGill, succeeded in proving considerable knowledge upon the part of the directors of the investment in speculative stocks and in Ontario bank shares. He also proved by Langton that the bank was in an unenviable position when McGill took hold. President Cockburn was in court, and his case was at the request of Arnold, R. C. adjourned for a week.

The branches according to the witness were generally in an unsatisfactory condition. At best there was but one branch that could be said to be in

BRITISH MAILED WILL BE LANDED AT HALIFAX

C.P.R. May Drop Out of Mail Contract of Mail Contract

All Allan Boats Except Virginian, on First Trip Will Come to St. John for Freight-Allans' New Boats

OTTAWA, Nov. 13.—It is now as if the mails will be landed at Halifax this winter. The post office department has not agreed to the application for the variation of the contract so as to allow the C. P. R. to carry the mails direct to St. John. It is not thought that the permission will be given for the contract to hold on the Allans, who have the government contract and let the Allans perform the weekly mail service to Halifax.

It is understood the Allans will make Halifax their terminus only for the Virginian from Liverpool for Halifax. There is no accommodation at St. John. The other Allan boats after leaving the mails at Halifax will probably go on to St. John for freight.

INSURANCE COMPANIES FAVORED BY STATE INSURANCE COMMISSION MANAGERS

They Tell Insurance Commission Result Would be Good if Politics Kept Out—More Power for Policyholders—Many Other Reforms Suggested Including Stricter Govt. Supervision.

OTTAWA, Nov. 13.—William Robbins, Walkerville, vice-president of the Policyholders' Association appeared before the insurance commission this morning to discuss the proposed amendments to the insurance act. He would recommend an annual return and a midwinter return.

Mr. Robbins said he could hardly claim to thoroughly represent the associations as there had been no general meeting yet. The investigations of the commission had shown many departures by companies from prudent practice. He suggested that policyholders should be represented on the management of companies at least on the investment boards. The greater part of a company's funds belong to policyholders. The government should appoint policyholders who sit on the board.

Mr. Robbins favored widening the insurance company's field of investment. In investment he would make no distinction between stocks and bonds if the policyholders were represented on the board, if there were government custody of securities, or if there was adequate publicity.

The government knows all about the company and investments. At present the government depends on the annual statements of companies. This showed the securities only on one day of the year and was silent as to the other 364. Therefore government custody of securities was necessary. The first step should be to have the annual statements of companies. This should be done by the government. It should be done by the government. It should be done by the government.

ONE MAN KILLED IN TRAIN WRECK ON C.P.R. NEAR KAMLOOPS, B.C.

Collision Between Sections of Eastbound Specials—Several Sailors More or Less Injured—Are Members of Old Crew of H. M. S. Spearwater, and Were Homeward Bound

VANCOUVER, B. C., Nov. 13.—A bad collision took place about 10 miles west of Kamloops, on the C. P. R. main line last evening, as a result of which the naval special, containing the old crew of H. M. S. Spearwater en route to England, came to grief.

The dead are J. A. Rowe, Vancouver, third cook in commissary car. Injured: Whiting, chief stoker of H. M. S. Spearwater, burned feet, and legs; Logan, sailor; Spearwater, turned face, feet, hips; Joe Allen, second cook; cuts and bruises; Louis Charney, chief dining and sleeping cars, fractured ribs and bruises; S. W. Durrett, porter, contusions; nine sailors slightly hurt.

This is the record for the first collision of passenger trains that ever occurred on the Pacific division of the Canadian railway. It was a rear-end collision and took place at the Tranquille siding, seven miles west of Kamloops and 240 miles from Vancouver. The estimates from Vancouver left here yesterday afternoon in two sections, the first carrying time-expired men from the Spearwater who, as they left the city, joyfully sang, "Rolling home, rolling home across the sea," and who announced they were going home to their homes in England. "Oh, Tranquille siding for it to pass. The second section dashed into it, telescoping the sleeper Louvie, in which was the officer commanding the men, and overturning the commissary car and sailors' cars. The three cars caught fire, an acetylene gas tank exploding. The marines and blue-jackets scrambled out of the wreck with the agility of cats and set to work extinguishing the flames and extracting the injured. The injured performed heroic work in digging injured comrades from burning cars. Many were in the hands and only half clad when they scrambled from the burning cars. All were taken to Kamloops, where the six seriously injured men were put in the hospital. The others were found to have only minor injuries and bruises.

KNIGHTS OF COLUMBUS.

Programme Arranged for Celebration of Their Second Anniversary

The committees of the local council of the Knights of Columbus have completed arrangements for the celebration of the second anniversary of the council. At 9 o'clock tomorrow morning the local council, headed by City Councillor, will march in procession from Berrymans' Hall to the cathedral, where a high mass will be celebrated. The sermon will be preached by Rev. Dr. Thomson of Antigonish. While the mass is being celebrated the council hopes that there will be a very large attendance of the general congregation. After the high mass the procession will return and march from the church to the hall.

During the afternoon and evening the first, second and third degrees will be exemplified in the York Theatre assembly room, and on Friday evening in the same place the smoker, which a musical program is being prepared, will be given in honor of the visiting Knights, who are expected from the three Maritime Provinces, Maine and Upper Canada.

GIRL AT SIXTEEN SHOULD KNOW

Tenth Lady Gives Her Opinion Emphatically Regarding Marriage Contract—Divorce Discussed.

PHILADELPHIA, Nov. 13.—The National Congress on uniform divorce laws in session in this city today adopted about one-third of the proposed uniform bill as drafted by the committee appointed at a meeting in Washington nine months ago. The portion adopted includes seven causes under which a divorce may be obtained and six causes for absolute divorce.

The causes stated in the bill discussed for which divorce can be granted are: adultery, felony, bigamy, desertion, cruelty and drunkenness and intolerable cruelty and in the discussions of the various sections there was little opposition to any of these provisions, but in the list of causes for annulment of marriage, opposition was presented against several.

Governor Pennypacker took exception to the clause which provides that either party unknown to the other was insane at the time of marriage, it should be annulled.

There was also opposition to the clause annulling the marriage of a girl under the age of 16 and a youth under 18. Ernest Merten of Wisconsin held that a girl under 18 years was incapable of making a proper marriage contract, and the law of his state, which makes the marriage of a boy under 21 and a girl under 18 void. Miss Harriet K. Kerr, of Ohio, speaker, held that 16 years for the girl was all right. She said: "We women ought to know."

Though personally opposed to divorce, Bishop Shanley voted for the sections in behalf of his state because other delegates were not present.

WILL INCLUDE ST. JOHN IN KEITH CIRCUIT.

LEWISTON, Me., Nov. 12.—Keith's new theatre was opened tonight with a big house of representative citizens of Auburn and Lewiston, including Mayor Thomas of Auburn and Mayor Washburn of Lewiston. The entertainment consisted of first class features. Gov. Cobb wrote a letter acknowledging an invitation and wished the entertainment prosperity.

Lewiston will be an important link in the Keith circuit, which will extend to St. John, N. B., including Bangor.

GENTLEMAN FARMER SHOT HIMSELF IN HEAD

HALIFAX, N. S., Nov. 13.—Henry K. Logan, a gentleman farmer, committed suicide by shooting himself in the head at Glenmore, Musquodoboit, on Sunday. He came out from the country a few years ago and leaves a widow and four young children.

NEWCASTLE, Pa., Nov. 13.—One man was instantly killed and three persons were fatally injured tonight when a fast east-bound passenger train on the Pittsburg and Lake Erie railroad crashed into a wagon heavily loaded with logs on a grade crossing at Edenburg, Pa., six miles west of this city. The train was bound for Pittsburg, Pa. After colliding with the wagon the train left the tracks and ran into the Edenburg flouring mill, demolishing the building.

WRITS FOR PROSECUTION OF COLONIAL FISHERMEN

ST. JOHN'S, N. F., Nov. 13.—A colonial fishery inspector with the assistance of his lawyer from St. John's expects to issue writs tomorrow for the prosecution of colonial fishermen at Bay of Islands and Bonne Bay for joining American vessels in fishing operations. The trials will be conducted at both places in order to demonstrate to the fisher folk what the government intentions are.

The colonial authorities strongly resent the attitude of the commander of the British cruiser Brilliant, who has assured the fisher folk that the American modus vivendi will protect them.

FIRE DESTROYS GRAND STAND AT HALIFAX EXHIBITION GROUNDS

HALIFAX, N. S., Nov. 12.—The big grand stand at the exhibition grounds was destroyed by fire tonight. The fire was thought to be of incendiary origin. The stand had a seating capacity of 4,000, and was 486 feet long. It cost \$4,300 to construct, and was insured for \$2,800. Manager Hill says the stand will be rebuilt. The reflection from the fire could be seen for miles and attracted thousands to the scene.

The testing of No. 3 high service main has not yet been resumed. Engineer Hunter has been confined to his home through illness for several days. It was able to be out this morning, so it is probable that the testing will commence shortly.

At a meeting of the executive committee of the R. K. Yacht Club, held last evening, Roy L. Sippel, B. G. McCollough and Willard B. Mahony were elected members. It was decided to hold the first meeting of the season at the city club rooms on Thursday evening, the 23rd inst.

During the past few weeks there have not been many cases of diphtheria reported at the board of health office. The disease among the school children has died out, probably through the great care taken by teachers in not admitting any children who have had relatives ill with the disease, without a permit from a physician.

For some reason or another, not explained by the management, the telephone service yesterday was very ineffective and in some instances it was almost impossible to hear. The difficulty did not seem to be confined to one or two sections of the city, but was over a wide area. "Central" was asked to rectify the defects, but from conversations overheard in cross connections the operators were as much at sea as the subscribers.

In appreciation of his willing services in the choir and Sunday school of Brussels St. church W. J. V. Stokes, the flute and piccolo player, was called upon at his home St. Patrick street last night and presented with a handsome music cabinet and easy chair. A committee of church people were present when the gifts were handed over. Mr. Stokes plays in the church choir in union with the organ, and also with the piano in the Sunday school room. His services are greatly appreciated.

Rev. David Long who leaves tonight for Calgary, was tendered a farewell reception by the members of Victoria St. Baptist church last evening. After a lengthy programme had been carried out, Rev. Mr. and Mrs. Gibbon will leave for Montreal this evening on a wedding trip. Upon returning they will reside on Watson street, Carleton.

NEWSPAPER MAN TAKES A BRIDE TODAY
Wm. E. Hopper to Wed Miss Mabel E. Cowan This Afternoon.

At four o'clock this afternoon William E. Hopper, a well known newspaper writer, son of the late Rev. Dr. J. E. Hopper, and a much respected young man about town, will be united in marriage to Mabel E. Cowan, at the home of the bride's mother, 47 Spring street. It is to be a quiet wedding, at which only immediate relatives of the contracting parties will be present. There will be no attendants.

Rev. A. B. Cohee, pastor of Brussels street Baptist church, will officiate, and after a light luncheon the bride and groom will take their departure for Boston and other parts of New Brunswick. They leave by the 6:05 train. While away they will spend a short time with the groom's sister, Mrs. (Rev.) George Baker, in Leominster, Mass.

Both Mr. Hopper and his bride-to-be are the close friends of so many people that the good wishes and greetings showered upon them in a substantial way make a very valuable collection. Silverware, glassware, furniture, art wares, etc., in variety speak loudly of the popularity of the young couple. As confidential stenographer to the management of the Cornwall and York Cotton Mills management, Miss Cowan was a valued employee, and upon her resignation a short time ago was handsomely remembered by the mill's managers.

Upon their return to the city Mr. and Mrs. Hopper to be, will take up their residence at 137 Lenister street.

MARATHON DISPLAY ATTRACTS ATTENTION
Window Filled With Many Trophies and With Pictures of Formerly Famous Teams

A very attractive sporting window has been decorated at Oak Hall by the Marathon A. C. The window is very prettily decorated with maroon and white. Pictures of the club's colors, over the entrance of the back part of the window hangs a large framed picture of Frank White, president of the Marathon A. C. White held the championship of the Maritime Provinces in 1888 and 1889 for 100 yard dash and the 220 yard run. He was also a winner of prizes for running in Montreal and New York in the same years. Pictures of Wm. Vincent, Fred Coombs, Robert Watson and "Jack" Fairweather, all well known athletes, surrounded by their numerous medals won in athletic events, also help to decorate the window. Pictures of the Canada Winter Fort hockey team, former champions of the Maritime Provinces, the old Beaver Lacrosse and hockey teams which were in their day were the strongest east of Montreal, the St. John A. A. football team, champions of New Brunswick in 1894, the old National baseball team, the Neptune football champions of St. John in 1894, the cup won by St. Joseph's Society this year and that won by the St. John A. A. team as champions of the New Brunswick league are also on exhibition.

The cup for this year's champions, which was donated by Ald. Ballock, has not arrived, but will be placed on exhibition on its arrival. At the outer part of the window is a sand track with words in white letters "Marathon Road Race Nov. 17th." The display on the whole is a very creditable one.

ANOTHER CRIB WAS FLOATED THIS MORNING
But the Site is Not Yet Ready for It—Work Being Rushed on Union St.

No. 2 crib was successfully floated this morning at eleven o'clock. Contractor Clark supervised the operations from a window in his office. As the crib was removed from its bed it was towed to the Donaldson wharf. It will be kept there until No. 3 site is ready.

The Beaver will probably start in today to finish the site and the crib will in all probability be sunk on Friday. The Orangeteal and city dredges are still at work at Sand Point. Work at rebuilding Union street, West End, was being rushed this morning, a large crew of men having been employed. The eastern end of Steith & Quinlan's shed has been torn away, and the men are now working on the thirty-foot strip of land which was excavated by the city. The work of filling in the hole will be commenced in a day or two.

Director Cushing was at the scene this morning and besides watching No. 2 crib being floated he paid attention to the Union street work. Considerable time has been spent in removing Messrs. Steith & Quinlan's large derrick, which was in position on the excavated ground.

ANOTHER POSITION.
Miss Jessie L. Long, of North End, has been selected to fill the position of stenographer for the law office of W. Watson Allen. Miss Long is a graduate of the Currie Business University.
