

CITIZENS ELECT MAYOR FRINK; WIGMORE, RUSSEL AND POTTS

Com. Wigmore Leads Polls; A Heavy Vote

Miles E. Agar Goes Down to Defeat by 37 Ballots—Mayor Frink Tops Com. McLellan by Nearly 600 in Closely Contested Mayoralty Campaign.

MAYOR FRINK.

Great interest was displayed in the civic elections yesterday, an unusually large vote was polled, and thousands of people crowded the streets...

Com. Wigmore again led the polls, having over 1,100 votes more than the next highest candidate for a commission...

Mayor Frink defeated Com. McLellan by a majority of about 600, but his victory was not as decisive as some of his friends anticipated...

Ex-Ald. Potts, who was defeated at the last election, again based his claim for public support upon his championship of the land tax...

Com. Russell Ex-Ald. Russell pulled up well in the polls, receiving practically double the number of votes he did in the primaries...

Com. Wigmore Com. Wigmore's huge majority is a magnificent endorsement of his administration of his department...

that any impression which has existed that young men have little chance of success in the public life of an old city like St. John has little foundation in fact...

While elections were without incidents of a spectacular nature, they were keenly contested. All the candidates had many friends at work...

The common clerk was at first thought to receive the returning officers' reports and take charge of the ballot boxes, but owing to the number of polls to be counted he decided not to make an official announcement...

In spite of the keenness of the contest the elections were conducted in a very orderly manner, and no cases of attempted impersonation were reported.

Among the workers around the booths considerable surprise was expressed at the strength of the vote for Com. McLellan...

The question of the extension of the franchise to married women, who pay taxes, was decided in favor of the ladies by a handsome majority of 315 ballots.

Among the women there was evidently considerable interest in the matter, for the returning officers at many polls reported that they had never seen so many women turn out to vote as did yesterday.

ELECTION RESULT IN DETAIL.

Table with columns for candidates (FRINK, McLellan, Agar, DeForest, Fleher, POTTS, RUSSELL, WIGMORE) and various wards (Grove, Brooks, Stanley, Dukes, Queens, Kings, Wellington, Prince, Victoria, Dufferin, Lansdowne, Lorne, Stanley, Total).

Bathurst Swept By Disastrous Fire Yesterday

Bathurst, N. B., April 28.—The business section of Bathurst is a mass of smouldering ruins as a result of the fire, forty-eight buildings were destroyed and eleven families are homeless...

Explosion in Mine Entombs 250 Workmen

Beckley, West Va., April 28.—Over two hundred and fifty men are reported entombed by an explosion in the mine of the New River Collieries Company at Beckley, W. Va.

CANADA TO HAVE A CARDINAL PREMIER OF MANITOBA IN OTTAWA

Ottawa, April 28.—Everybody in my province seems to be talking about a general election. The Grits say I have lost the confidence of the people...

GOOD BILL OF HEALTH FOR P.E.I. FOXES

Charlottetown, April 28.—The loss of foxes in the Dalton ranch has led to inquiries being made from outside the island as to the crop of young foxes...

TROOPS ARE ORDERED TO COLORADO

Washington, April 28.—Federal troops were today ordered to Colorado. The president, in a telegram to the Colorado governor, expressed his belief that the federal troops would confine themselves to maintaining order...

FIRST ALLAN LINER ARRIVES AT QUEBEC

Quebec, April 28.—At 8:15 this morning the first ocean vessel to reach Quebec this season docked in the Allan liner Corsican. She was followed by the Donaldson liner Saturna...

PUT POTATOES FROM STATES ON FREE LIST

Ottawa, April 28.—In the House of Commons tonight Hon. W. T. White's tariff resolutions were taken up. There was considerable discussion in regard to an item changing the tariff on potatoes...

SEALING STEAMER GIVEN UP AS LOST HAS BEEN HEARD FROM

St. John's, Nfld., April 28.—The steamer Kite, previously reported missing, harbored at Bay de Verde tonight with 3,000 tons, and is due here tomorrow morning.

CARVELL STILL IN ROLE OF NEW LINE BLOCKER

Carleton County's Muckraker Seeks to Prejudice Dominion Government Against Provincial Undertaking.

Asks that Aid to the Big Bridges be Withheld — Hon. J. D. Hazen Completely Exposes the Disreputable Game — H. F. McLeod Scores Carvell, While DeWitt Foster Convicts Him of Misstatement—Interesting Session in Dominion House.

Ottawa, April 28.—Carvellian methods were again in evidence in the House today when F. B. Carvell of Carleton seized an opportunity to vilify Premier Fleming of New Brunswick taking as his subject the St. John Valley Railway. This is a provincial affair and there was no occasion for its introduction into the Dominion House...

Mr. Carvell under a sharp cross-fire had to admit that there was no blame to be attached to the Minister of Railways or the department, and he also admitted that subsidies had not been overpaid. On the contrary they had all been earned.

Government's Proposal In the C.N.R. Matter Placed Before House

Ottawa, April 28.—The proposals of the government in connection with the Canadian Northern Railway were placed before the House tonight. Forty-five million dollars, with the other assets now available, is considered sufficient for the completion of the company's line as a transcontinental system.

The company's stock issue now amounts to one hundred and forty-five millions, of which about one hundred and thirty-eight millions are held by MacKenzie and Mann, Limited, and seven millions by the government.

CONDITION EMPEROR AUSTRIA REMAINS ABOUT THE SAME

Vienna, April 28.—A bulletin issued this evening on the condition of Emperor Francis Joseph reported that it was "practically unchanged."

STATEMENTS OF WINNING CANDIDATES

Give Assurance of Faithful Service in Best Interests of City—All Appreciate Honor.

JAMES H. FRINK.

To The Standard last evening Mayor James H. Frink gave out the following statement: "I feel much gratified at the result of the election. My friends worked hard and well and while my majority may not have met the highest expectations of my supporters, this was due, I think, in the great part to the silence which I maintained in regard to statements made, which many citizens desired refuted. This could have been easily and effectively done. I listened to the majority of my intimate friends and perhaps after all I took the better course. The temptation was great, but I resisted. I am of the opinion that this election is a substantial endorsement of my public course."

COM. WIGMORE.

Com. Wigmore in an interview said he wished to thank the citizens for the high honor done in placing him at the head of the police. "I deeply appreciate the great honor done me, and the trust reposed in me," he added. "In the past I have tried to serve the interests of the people to the best of my ability, and I will endeavor in the future to justify the confidence of my fellow citizens. I will try to do my duty without fear or favor, and in the administration of my department will give as much consideration to the interests of those who opposed me as to those who supported me. My office at city hall is open to anyone who wishes to see me on business. Certainly the vote given me was very gratifying, and I sincerely thank those who supported me."

J. V. RUSSELL.

In an interview with The Standard J. V. Russell said: "I want to thank the people of the city for the support which they have given me, and I assure you that it is with the deepest appreciation of their faith in me that I thank them. I want to thank especially the people of the North End who have stood by me so well, and also the people of Carleton who gave me their strong support. I have just doubled my vote in the primaries, and I feel justly satisfied with the result of the election. For three years I served in the old city council, and while there I always worked as best I could in the interest of the city. As chairman of the safety board in the old council I worked to promote and advance, in whatever way I could, the department in which I was placed, and when I

MILITANTS SET FIRE TO BIG HOTEL

Hotel and Bathing Pavillion at Felixstowe, Eng., Both Burned.

Felixstowe, England, April 25.—Militant suffragettes set fire to the largest hotel and bathing pavillion here today. Both were destroyed. The furniture of the hotel, which was newly furnished this spring at a cost of \$75,000, was also burned. The employees formed a bucket brigade between the sea and the hotel, but were unable to save the building. Militant pamphlets saying: "worse than this will come unless we get votes," were found on the hotel grounds. The fire is believed to have been set by three women who came here from London yesterday.

"CONFERENCE" METHOD OF FIXING OCEAN RATES

Washington, April 28.—Whether the "conference" method of rate fixing by ocean lines violates the Sherman anti-trust law came before the Supreme Court of the United States today for consideration. Hugo A. Thomson and other New York shippers to South Africa seek to recover irreparable damages against Sir Charles W. Cuyser and other British ship owners "for restraint of trade" in making such arrangements as to rates.

Try Ungar's Laundry for carpet cleaning.

was elected alderman-at-large I worked, as I thought, honestly and faithfully. In the new council I shall serve as I have tried to serve in the past, and work for that which benefits St. John.

F. L. POTTS

In an interview, F. L. Potts said: "Well, I consider that I have won a great victory and I appreciate the support that has been given me. I want to thank those who have stood by me and I feel highly pleased with the trust they have placed in me, in electing me to a commissionership. I feel that I have won a great victory, as I had to fight my battle alone on the single tax problem. The question of taxation is one which is bound to come before the people and it simply means educating the public. It is a grave problem and in receiving the support of the public, as I did, to win my election, I think that I have accomplished something worth while. I shall work on the single tax and while in the council I will try to work with the interest of the city at heart."

NEAR BRINK OF A REVOLUTION IN IRELAND?

Report that Nationalists Are Trying Gun Running Gives Situation in Ulster Threatening Outlook.

London, April 28.—Much interest has been created by a new offer to Sir Edward Carson, the Ulster leader, made by Winston Churchill, first lord of the admiralty, in the course of a speech in the House of Commons tonight. The minister invited Sir Edward Carson to make an attempt to compromise the home rule question on the federal basis.

Mr. Churchill is reported to have spoken entirely for himself and without the authority of the cabinet. Many of the Liberals are indignant at him for taking the course he did, contending that it will only be interpreted as a sign of weakness on the part of the government.

John Redmond in an interview said he did not understand there was anything now in Mr. Churchill's offer, but that if anything came of it he was ready to exert himself to placate the Ulster men and reach an honorable settlement of the question.

The view of the Unionist leaders here is that Mr. Churchill's offer must have been debated in a cabinet conference held earlier in the day. They believe it entirely changes the situation and improves the prospect of an agreement being reached. Mr. Bonar Law, the opposition leader in the House of Commons, is said to be ready to renew negotiations with Premier Asquith if the government will take the initiative.

"We are near the brink of a revolution," was the observation of an experienced member of parliament yesterday. "We are approaching it, though few seem to realize how near we are."

This statement seems to find some support in a report from Londonderry that the Nationalists have emulated the Unionist volunteers by also trying a gun running experiment. It is asserted that a cargo of guns from America was landed off the Donegal coast.

FAVORS POLICEWOMEN ON MONTREAL FORCE.

Montreal, April 28.—In a report to the board of control, Chief of Police Cameron speaks in favor of appointing four policewomen to the Montreal force.

The city attorney, however, in a legal opinion informed the board that the present wording of the law required the police force to be composed of men.

How Many Times Have You heard the Remark "I Must Take a Spring Medicine"

Do You Know Why This Remark is Made?

The reason for this is that your liver is sluggish, your bowels inclined to be constipated, and your blood thick and impure.

This is caused by the amount of rich and heavy food you have eaten during the winter months to keep your body warm.

"Is it not enough to clog the system up with waste and poisonous matter?" What you need is something to put the blood into proper shape and prepare it for the hot summer months.

BURDOCK BLOOD BITTERS

will entirely eliminate that dull, weary, tired, worn-out, don't-care-to-exert-myself feeling which creeps over you at this time of the year.

Try it, and you will find that it will give snap and vigor to the entire body.

Manufactured for the Past 40 Years by the T. Milburn Co., Limited, Toronto, Ont.

I want all women to know how Dr. Chase's Nerve Food helped me.

Mrs. M. A. South

A Message to Women

From one who has learned to appreciate Dr. Chase's Nerve Food.

Modern life whether in the office, factory or home means an enormous strain on the more delicate nervous system of women. Whether it is the girl behind the counter or the lady going the round of society functions, the nerves are at high tension and require an abundance of rich, red blood if health is to be maintained.

Because Dr. Chase's Nerve Food forms new, rich blood, it is eminently successful in curing the ailments which cause the greater part of woman's suffering and has become duly popular among those who have learned of its merits.

Mrs. M. A. South, Grand Prairie, Alta., writes:—"I cannot begin to tell you how much good Dr. Chase's Nerve Food has done me. I was all run down, had no appetite, and suffered each month in a way only women will understand. After having followed this treatment for some weeks I feel like a different woman, sleep well, have a good appetite and am able to do my own work, even during the time that I formerly had so much suffering. I have no pain whatever now, which is an entirely new experience for me. You may publish this letter as I want all women to know how Dr. Chase's Nerve Food has helped me, and I feel sure it will do as much for any woman."

Dr. Chase's Nerve Food, the greatest of restoratives. 50c. a box, 6 for \$2.50, all dealers or Edman, Bates & Co., Ltd., Toronto

Dr. Chase's Nerve Food

Ask your druggist for three months treatment, 12 boxes for \$5.00

PEACE ENVOYS BUSY GETTING PLANS READY

Preparing Proposals to Submit to U. S. and Huerta—Troops Arrive at Vera Cruz.

Washington, April 28.—Throughout the day two distinct branches of activity were manifest here—that of the envoys of Argentina, Brazil and Chile in formulating a plan of adjustment to be submitted to the United States and the Huerta regime, and that of the military and naval forces of the United States which continue to go forward steadily in preparation for any eventuality which may develop.

The arrival of General Funston and a brigade of five thousand troops at Vera Cruz was one of the notable military developments of the day.

Chief interest was directed to the sessions of the South American envoys lasting through the day and late into the evening. The meetings were held at the Argentine legation.

At the White House President Wilson and his cabinet advisers held a lengthy meeting, devoted chiefly, however, to the Colorado situation, although the Mexican situation continued to be in the foreground.

Sir Cecil Spring Rice, the British ambassador, was one of Secretary Bryan's callers, his purpose being to report the results of the interview held yesterday in the Mexican capital by Sir Lionel Carden, the British minister, with General Huerta.

Sir Lionel strongly impressed upon the general the opinion of his own government that he should promptly accept the good offices tendered by the three South American republics.

The sessions of the mediators are being conducted in strict privacy, and no announcements are being made on the various stages of progress. Later on it is expected that if the situation warrants an official statement will be issued.

Americans Thrown Into Jail

Washington, April 28.—Gaston Schmitz, United States consul at Aguascalientes, and 110 other Americans who were thrown into jail by Mexican federalists at that place last week, reported to the state department late today their safe arrival at Mexico City en route to Vera Cruz.

Finds Shocking Conditions in a Mexican Prison

Washington, April 28.—Admiral Fletcher telegraphed the navy department this afternoon that he had taken charge of San Juan de Uloa prison at Vera Cruz on account of the "frightful conditions" discovered here. He said 235 prisoners who had not been accused of any crime whatever arrested within the last two months in order to force them into the federal army were confined in the prison.

Admiral Fletcher recommended that these be immediately released and Secretary Daniels so ordered today by telegram.

There were confined in addition forty-three persons sentenced for crime and seventy-five awaiting trial. These will be held pending further investigation of their cases by the United States authorities.

Absolutely the Most Wonderful Picture the Keith People Have Yet Shown in St. John

IMPERIAL THEATRE TODAY

ADAPTATION OF THE APOCRYPHAL INCIDENT AS CONTAINED IN THOMAS BAILEY ALDRICH'S POETIC TRAGEDY.

FOUR PARTS "JUDITH OF BETHULIA" FOUR PARTS "THE ASSYRIAN CONQUEST OF JUDEA"

MARVELOUS PICTURE

In the filming of "Judith," a massive walled city had to be specially constructed with cost in the neighborhood of \$25,000. Helmets, armor and costumes for 2,000 people, the principals and supernumeraries, had to be specially designed and made, at an aggregate cost of \$8,000. Tapestries, tents and other interior settings amounted to close on to \$4,000. One hundred horses and specially built chariots had to be secured at a cost of \$1,000, and with an expensive cast, many of whom receive as high as \$300, \$400 and \$500 a week, the entire cost of the production, excepting printing and developing of the films, averaged close on to \$42,000. "Judith" is a tremendous production and the scenes, which really beggar description, will show the expenditure of these vast sums.

TOWN OF BATHURST SWEEP BY FIRE YESTERDAY; LOSS ESTIMATED OVER \$150,000

Thirty-three Buildings Wiped Out by Most Disastrous Conflagration in History of the Town—Fire under Control after Hard Fight—Help from Newcastle and Campbellton—Whole Town in Danger for Several Hours.

BATHURST, N. B.

THE TOWN AS SEEN FROM THE RAILROAD STATION.

Bathurst, N. B., April 28.—One of the most disastrous fires that ever visited the town of Bathurst broke out at 1:30 p. m. today on the premises of S. Holdengraber, merchant. The fire department responded promptly and did noble service. Very little wind prevailed at the time, but taking all the circumstances into consideration there is very little room for complaint. Owing to the intense heat the hose were subjected to resulted in the complete destruction of the same.

Calls for help were sent to Newcastle and Campbellton, which were responded to with immediate despatch brought assistance in a short time.

It is impossible at the present to estimate the entire loss, but is figured that over one hundred and fifty thousand dollars worth of property is destroyed thirty-three buildings are in ruins, and the insurance on same is considered very light. Some of the sufferers are as follows:

S. Holdengraber, store and residence. Mrs. Wm. Walsh, residence. S. Williamson, store and residence. Mr. M. McKendry. Mr. Wm. Lamb. Swenny Hotel. Allen Branch store and residence. Mrs. Robert Ramsay, residence. Mrs. E. D. Southwood, store and residence. John Branch, residence.

Mr. John Doucet, residence. M. A. Derrance, residence. George Windsor, residence. A. B. Carter, store and residence. Jos. Thibideau, residence. Reg. Ross, residence. N. B. Telephone Exchange. W. G. Fenwick's residence. Miss Mary Kerr, store and residence. Masonic Hall. Jas. McEwen's residence and others; Loubury & Co.

About 5:30 p. m. the Newcastle fire department arrived with engine and hose by special train, and materially assisted in checking the onward march of conflagration. The Campbellton brigade came in about fifteen minutes later, and in a short time many streams were at work playing from the four quarters of the fire.

The Mayor of the town has sworn in twenty special police to look after the salvaging of property of the sufferers. A great amount of the goods stored from the buildings was burnt on the streets. Great excitement prevails in the town tonight, and the loss is very likely to exceed far more than the most pessimistic expectation at the present time. The Newcastle and Campbellton fire departments are still working to the best advantage on the fire, and it is felt that it is now under control. The insurance on the buildings is light. The losses in Jarvis and Whittaker's office—Mrs. Mary L. Swenny,

hotel and barn, Queen, \$1,250; John O. Branch, dwelling and furniture, Queen, \$1,150; Samuel Williamson, dwelling, store and barn, Queen, \$1,500; S. Holdengraber, stock, Insurance Company of North America, \$3,000.

INSURANCE ON FACTORY

Total Amount on Building \$21,500 with \$9,000 on the Lumber—Complete Loss.

The factory of the Christie Woodworking Co., City road, which was burned on Monday evening, was visited by insurance men yesterday morning. Charles Christie said that while the appointment of adjusters had not been fully arranged, it was practically sure that the whole risk would be a loss. Edgar H. Fairweather, representing the Aetna and Hartford Co., and W.M. Jarvis, representing the Liverpool and London and Globe, visited the ruins. The total insurance on the building and contents amounted to \$21,500; on the lumber piled in the yard \$9,000. The building insurance was placed as follows:

Liverpool, London and Globe, \$1,000
Commercial Union, 4,000
Providence and Washington, 1,000
General Fire, 1,000
Aetna, 1,500
Hartford, 1,000
New York Underwriters, 1,000
Mercantile, 1,000
Liverpool, London and Globe, 2,000
Companies represented by Messrs. Gale and Stone, Boston, had \$9,000 on the building.

Policies on the lumber are as follows: Liverpool, London and Globe, \$2,000
St. Paul, 1,000
Quebec, 2,000
Lumber Mutual, Boston, 2,000
London and Lancashire, 2,000
So far as the present plans of the Christie company are formed it is the intention to build again on the old site. The old factory building was about fifty years old. It was built by the Fairbanks and Hawes Company and operated by them until the fire of 1877. After the death of Mr. Fair-

banks, in 1878, the factory was run by Mr. Hawes and later by John Sime. The Christie Woodworking Company became the next proprietors of the old factory which survived the fires of half a century until its destruction on Monday night.

WINNIPEG GIVES TWO THOUSAND TO FUND

Winnipeg, April 28.—Winnipeg has responded handsomely to the appeal made for contributions to the Newfoundland seal fishery disaster fund. The sum of \$2,000 was remitted today to the central committee at St. John's, as the contribution of this city and neighborhood.

THE TEA PLANT

The tea plant reaches its highest perfection in the climate and soil of Ceylon. The plant matures in four years in high altitudes and the leaves are plucked week by week the year round.

The plucking is done by women and the light touch of their fingers is the only touch that the human hand gives "Salada" tea.

Your grocer sells "Salada," so that all you have to do is to insist on getting the genuine in sealed lead packets with the name on each, this is your safeguard.

At a meeting of the Executive Committee of the New Brunswick Bible Society, held in their rooms, 49 Canterbury street, April 28th, the following resolutions were adopted: Whereas, it has pleased God to call to his rest our dear brother, Joshua Clawson, who for forty years has faithfully served this society as secretary-treasurer, vice-president and an indefatigable member of the committee, the committee desire to place on record our thankfulness to God for the long and useful life of our departed brother, his untiring activity in every good work of a social, educational and religious character rendered him a useful and valued member of our city and community. The committee desire to express their sympathy to his bereaved family and friends for He giveth His beloved sleep.

THE DISTURBING ELEMENT IN WALL ST.

Montreal, April 28.—For the past few days London has rallied the price of C. P. R. and Wall Street has just as regularly hammered it down. This seems to dispose of the question of where the disturbing element is located on the stock like a ton of bricks the way the bears in Wall Street landed on the stock like a ton of bricks near the close yesterday should move it. The power to dictate the price is with the market holding the largest floating supply of stock and that appears to be Wall Street.

Best He Could Do.

BRAVERY OF CAPTAINS RECEIVES RECOGNITION

Silver Plate, Suitably Inscribed, Presented to Captains John and Adelbert McKinnon, for good work done at time of Cobequid Wreck.

At Yarmouth, N. S., on Monday, Mayor Fuller, on behalf of the Royal Mail Steam Packet Company, presented an extraordinary silver plate, suitably engraved, as a remembrance of the services performed by them during the rescue of the passengers from the steamer Cobequid in January. They were also presented with \$50 in gold each from the Town Council of Yarmouth.

The plate bears the following inscription:

To
Captain MacKinnon,
From
The Chairman and Directors
of
The Royal Mail Steam Packet Co.
in grateful remembrance of the services rendered by the
Westport 111.
13th and 14th January, 1914.

TWO HUNDRED AND FIFTY MILLIONS MORE NEEDED FOR ARMY PURPOSES

President of German Army League says it's Necessary in order to Guarantee Safety of Country against Attack.

Berlin, April 28.—Major-General Keln, President of the German Army League, has started an agitation for another billion marks (\$250,000,000) for army purposes, without which, he declares, the safety of the country against the expected French and German attack cannot be guaranteed. This demand is in addition to the measure passed only last year, voting an extraordinary war tax of \$250,000,000, the first installment of which has yet to be collected.

Speaking before the branch of the Army League at Essen, incidentally the seat of the Krupp works, General Keln made a bitter attack on Count von Hertling, Premier of Bavaria, who declared recently that the burden of armament taxation had reached its limit and that further war taxes must be demanded for years to come. General Keln, who referred to the premier as "that man" declared von Hertling needed to study political economy to learn that Germany, whose resources were greater than those of France, could afford to make as many sacrifices. He characterized von Hertling's remarks as unconstitutional and imperfect, and said they would have evoked immediate protest from Berlin in the days of Bismarck.

"The truth is," continued General Keln, "that we are not as strong as our possible opponents. We must make ourselves much stronger than we are. Only when we are strongly entrenched, can we rob our enemies of the courage to attack us from East and West and crush us as in a vise. It is not better for us to offer up another billion and ensure peace? Or, worse, if we do nothing to strengthen our military power, in the approaching war, we shall see our wives and daughters violated by the Cossacks and Turkos (French African troops). France will take from us Alsac El-Lorraine, Russia, East and West Prussia, and we shall have to pay an eventual war tribute of at least thirty billions."

This speech, with the record and article by General von Bernhardi of the same faction, pointing out alleged grave deficiencies in the country's military forces, leaves no doubt that the Army League, which by its agitation paved the way for last year's armament

COULD NOT PUT HANDS IN WATER

Salt Rheum Began with Itching and Burning, Watery Pimples, Cuticura Soap and Ointment Cured in Two Weeks.

L'Anse à Brillant, Que.—"I suffered with salt rheum for nine months. It began by itching and burning and my hands broke out in watery pimples, and I could not sleep, only scratch my hands and they would bleed. The pimples were small and white, about the size of pin heads filled with water. I could not put my hands in water at all. I tried but found no relief until I used Cuticura Soap and Ointment. I put the Cuticura Ointment on my hands after washing them with the Cuticura Soap and in two weeks they were perfectly cured." (Signed) Miss Bridget A. Briand, May 17, 1913.

CHILDREN CRY FOR FLETCHER'S CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

The Kind You Have Always Bought In Use For Over 30 Years

ment was in the new Catholic cemetery. The funeral of Mrs. Christina Logan took place at 2:30 o'clock yesterday afternoon from her late residence, Chapel street. The obsequies were conducted by the Rev. H. Pierce, and interment was in Fernhill cemetery.

U. S. STEEL CORPORATION DECLARES DIVIDEND

New York, April 28.—The United States Steel Corporation today declared its regular quarterly dividend of one and a quarter per cent. on the common stock and one and three-quarters on the preferred stock. The total earnings for quarter ending March 31st, were \$17,494,381; net income \$12,106,368; and deficit for quarter provided from undivided surplus December 31st, 1913, was \$6,289,844.

The returns compare with total earnings at the end of the previous quarter of \$23,036,349; net income of \$17,263,625, and a deficit of \$1,902,304. The corporation's common dividend requirements are \$6,353,781.

All the retiring officers of the corporation, including Chairman E. H. Gary and President James A. Farrell, were re-elected at today's meeting. Chairman Gary declined to express an opinion regarding trade prospects, but from unofficial sources it was learned that the question of a reduction of the wage schedule was inconclusively discussed.

MONTREAL MARKET SHOWS UP STRONG

More Activity and Greater Interest than for Some Days.

C.P.R. STOCKS TAKE AN UPWARD TURN

Canadian Pacific gained more than two points during yesterday's Session—Closed at 191 1/4.

Montreal, April 28.—The local market was strong and active throughout the day and interest in the more general than it has been for several sessions.

R. & O. opened steady at ninety-nine three-fourths and although it later lost one-fourth it recovered and closed at 100.

Canada Steamship Lines have now received all the money coming to them as a result of \$6,500,000 debenture stock in London last fall.

Toronto Ralls was unchanged at the opening and later sold down to 123 3/4. It recovered rapidly, however, and closed at 130 1/4.

The public utilities companies were all firm, Brazilian selling up to seventy-seven, as compared with seventy-six at the close yesterday.

Ottawa Power at 14 and Montreal Power selling up to 218, as compared with 217 1/2 at the close yesterday.

One of the strongest issues of the day was iron which opened half a point up, at twenty-four one-half, and on active buying strengthened to twenty-six in the late afternoon trading.

Scotch was also very strong, touching sixty-three, three points up from yesterday's close, but afterwards going to sixty-two.

The Cement issues were inactive today, only a few shares of the preferred selling at ninety-one.

Shawinigan did not share in the general advance of the higher priced stocks but was one-half lower at 127 3/4.

The Rights were fairly active at one to three-fourths.

Ames-Hidden continued made a slight recovery to eight one-half. Quebec Railway was a shade easier at twelve one-fourth and the bonds were unchanged at fifty-one one-fourth to fifty-one.

Laurentide opened one-half down at 172 1/2 but later recovered to 173 at the close.

Donnan Textile was a little easier at seventy-one one-half. Dominion Bridge did not appear to receive much support, a few shares selling in broken lots fractionally lower than yesterday.

Winnipeg Electric was unchanged at 190 7/8.

F. B. McCURDY & CO.

C.P.R. FLUCTUATIONS HAVE THEM GUESSING

Traders can't figure out Best Time to Get In—Hard to Gauge Market from day to day.

Montreal, April 28.—The principal query one hears in the street at the present time is "When is the time to get in on C. P. R.?"

Brokers are all asking the same question. The answer is to the effect that the man who can pick the bottom is bound to make a barrel of money.

After the gruelling experience the stock has gone through at the hands of the New York bears the local talent is utterly perplexed as to what may happen further.

One broker said that anyone getting in even five points from the bottom will make money if he stays with it.

The lowest levels were created yesterday at 186 1/4, in all stand 187 locally. That the break near the close yesterday was a straight-out and out bear drive left no doubts in the minds of anyone who is at all familiar with stock market tactics.

It is no use trying to explain the drop by any other circumstance and for its viciousness it probably surpassed anything the market has seen in a long time, although there have been more extensive crops at other times.

Has the stock touched the bottom will the bears be able to carry out their threats to put it down to 180, or even to 173?

Seven weeks ago would have utterly scouted the idea that the stock would reach its present level, but there are very few to be heard now who will venture an answer to the above question or even hazard an opinion of any sort.

The losses which have been incurred in the stock must now run into a colossal sum. The bear movement has been in its way a wonderful and irresistible as was the great bull movement which culminated in 1912.

REPORT RICH GOLD STRIKE AT ALBREDA

Edmonton, Alta., April 28.—Thomas A. Ketchy, local broker, of H. Beneker Mining Engineers, of New York, and E. A. Skuler of Winnipeg, have just returned to this city from Alberta, a point in the G. T. P., and C. N. lines, west of Yellow Head Pass, and report finding a wonderfully rich gold strike.

Mr. Beneker states the vein is 30 feet wide 400 feet long and 425 feet deep and will run about 50 per cent. free milling. From assays already made and estimates by Mr. Beneker there exists about a million and a quarter tons, averaging \$43 a ton in gold.

The district also has indications of galena silver and other minerals. Near there a \$45,000 mica proposition changed hands last week. Water falls in the vicinity could be generated in 75,000 electric horse power a company will be organized here at once and development work begun.

UPWARD MOVEMENT ON WALL STREET

Market Shows Strength and all Classes of Stocks Join in Rise.

FEW OPERATIONS ON LARGE SCALE

Uncertainty over Mexican Situation causes Speculators to Move Cautiously—Increase in Outside Buying.

New York, April 28.—From open to close today the stock market moved upward. Trading was quiet and the advance was slow, but the showing of strength was none the less pronounced and by the end of the day the upturn ran from one to four points.

All classes of stocks joined in the rise. Uncertainty regarding the Mexican situation was too great for operations on a large scale on either side of the market. Not knowing at what time the outlook might be completely changed speculators proceeded cautiously and held down their commitments.

Nevertheless the increasing hope that war might be averted caused a revival of demand for copper, the price of which was raised. Progress on the freight rates case indicated a speedy decision. London assisted the upturn by buying stocks here.

Short covering was the mainstay of the market here. Short were so thoroughly sold out on the recent decline that it difficult to obtain stocks for covering. There was also an increase in outside buying. It was reported that several large traders who had been persistently bullish had covered and taken a position on the long side.

Missouri Pacific was under heavy pressure for a time and fell off three points to sixteen one-half, the lowest figure in many years. Its weakness, for which no specific reason was advanced, was without influence elsewhere.

A rise in new high levels for the year in its foreign exchange was coincident with the private discount abroad. The impression prevailed that owing to unsatisfactory financial and political conditions of peaceful settlement of the Mexican controversy would be followed by exportation of gold. Reports that a shipment of \$2,000,000 to Paris had been arranged, lacked certification.

Bonds were firm. Total sales, par value, \$1,630,000. United States two registered declined a half on call.

LATE NEWS FROM THE COTTON MARKET

New York, April 28.—Interest centered on the extent and reception of May notices. Local traders, however, found the day's developments rather more confusing than illuminating. Early estimates placed the notices at 50,000 bales, later the estimates were raised to 60,000 bales from the stock of about 55,000. It is safe to say that all the lower, as well as other grades were tendered. The circulation of the notices was accompanied by a decline in old crop prices, but an increased May premium, notwithstanding the easier tendency of prices, competition for the cotton was indicated. The rumor was southern spinners were taking up cotton and that cotton was also being taken up for Liverpool account.

July closed at a loss of ten points from last night's closing. May at an advance of four points.

W. W. PRICE.

FIND GOLD QUARTZ VEIN NEAR TERMINUS

Complete Outfit has been Installed on Lally Gold Mines Ltd. Property, and Eight Camps erected.

Montreal, April 28.—Mr. G. H. Benson, president of the Lally Gold Mines Ltd., returned this morning after spending two months on the company's property near Timmins. Mr. Benson says that Messrs. Smith and Travers of Sudbury are making tests with a diamond drill in the Lally property which is composed of 400 acres of mineralized area. A complete mining outfit has been installed by J. and R. Weil, Montreal. While making the foundation for the compressor Mr. Benson says they discovered a gold quartz vein and the compressor is now placed on the same and a cross cut would be driven from the shaft.

Eight large camps have been erected on the property and forty-eight men are at present at work there.

ANOTHER REASON FOR LIQUIDATION

Montreal, April 28.—A good many ingenious ideas are worked up to account for the alleged liquidation of C. P. R. from European sources. One of the latest is the probability of a further guarantee by the Canadian Government of Canadian Northern and Grand Trunk Pacific bonds.

Presumably the argument is that the completion of these roads will weaken the position of C. P. R. To most people who have studied the situation the failure to complete these roads would hurt Canada and the C. P. R. more than anything else that could happen.

The Commercial Reserve Plan

Said a business man to a bond salesman the other day: "I put all my profits back into my business where they will earn fifteen per cent. to twenty per cent., so why should I invest in bonds or stocks which would only bring me six or seven per cent?"

A brief investigation of the plan of Commercial Reserve as now used by many shrewd merchants, would soon convince him that his argument is to a certain extent, specious, and that there are some real advantages in the plan which the bond man had outlined to him. Lack of space precludes dealing with them today, but look for the explanation of the Commercial Reserve TOMORROW. Or write us for full particulars.

J.C. Mackintosh & Co. Members Montreal Stock Exchange. 88-90 Prince William Street. ST. JOHN, N. B. Also at Halifax and Montreal.

WE RECOMMEND AN INVESTMENT IN International Milling Co. 7 p.c. Preferred Stock AT \$85 PER SHARE.

THE WEATHER.

Maritime—Strong northerly and northwesterly winds; cooler and unsettled, with local showers.

Toronto, April 28—The western area of high pressure has spread quickly eastward across northern Ontario, and the low area which was in Iowa last night is moving slowly across the northern portion of the Great Lakes. It is expected to general today in northern Ontario and western Quebec. Elsewhere the weather has been fair.

Washington, April 28—Forecast: Northern New England showers Wednesday and probably Thursday; colder; moderate winds, mostly north.

AROUND THE CITY

Returned to Home.
The young Norwegian woman, who was taken into custody Monday night by the county policeman on the charge of vagrancy, she having left the Municipal Home, was yesterday returned to the Home by Deputy Chief Jenkins.

Fire in Ruins.
All day yesterday five streams of water were played on the burning ruins of the Christie factory, and a special detail of firemen were kept on the work. It was not until about six o'clock last evening that the fires in the ruins were quenched, and then it was thought it advisable by Chief Blake to keep a stream of water at the ruins during last night in case the fire should break out anew.

POLYGAMY NOT ALLOWED NOW SAYS MORMON

Hagburt Anderson, Missionary to Europe, gives emphatic denial to this idea—People prosperous.

"The idea that Mormons are going about the world trying to secure girls for dubious purposes, which appears to exist in some quarters is absolutely absurd," said Hagburt Anderson, a member of the Mormon church from Ogden, Utah, who is in the city on his way to Europe on a special mission for his church.

"Such an idea can only exist in the minds of people without intelligence, for if they gave the matter a moment's intelligent thought they would realize how ridiculous it is to suppose that the American government would allow us to do anything like that," he added.

"In Salt Lake City 65 per cent of population are Mormons, and they live on terms of the greatest friendliness with the rest of the population. In my home town some of my best friends are among people of other beliefs. When I left home a distinguished minister of another denomination came to me and wished me success in my mission. In business circles it does not matter what faith a man professes as long as he had ability and integrity."

When Utah entered the American Union as a state it did so under the express condition that polygamy should cease, and the Mormon congregation voted almost unanimously to accept this condition. Those who were living with more than one wife were required to live with their first wife and make provision for their other wives and children. Since Utah became a state I only know of two cases where men were married to more than one wife, and they and the apostles who performed the ceremonies were expelled from the Mormon congregation.

Mr. Anderson, who is accompanied by Joseph Kyar of Salt Lake City, is bound for a six months mission to Sweden, Norway and Denmark. When members of the Mormon congregation are expected to pay their own expenses, going to their chosen fields while engaged in such work, but the church pays their fare back home. There is no compulsion in the matter, and if a man feels that his absence would hurt his business, or if he feels that his family needs him, he need not respond to the call. But the number of those who are willing to leave their businesses and homes to go away on a missionary tour for periods ranging from three months to a year is large and a great deal of missionary work is being carried on in the Western States and Europe.

John Anderson said it was now the organ of the church to send older folks away on missionary work, in order to reach older people.

Love, being the organization of the church, Mr. Anderson said it was the privilege to a high degree, the community was electing their bishops.

The missionaries and his fellow missionaries on the Virginian.

ROUSING RECEPTION TO NEW COUNCIL BY MOOSE

Members of Order escort Mayor Frink and Commissioners Wigmore, Russell and Potts, with Ex-commissioner Agar, from City Hall to Home on Hazen Street—Bands and Cheering Thousands in Magnificent Demonstration to Successful Candidates.

One of the striking features of the civic election was the remarkable interest and enthusiasm that attended the results. There was not a single individual on the streets that was not wrapped up in the outcome and from Prince Wm. street up to King street the streets were literally lined with men, women and children ready to catch the first word at the newspaper offices and the official figures at City Hall. Never in the history of civic life in the city of St. John, it is said, was such a demonstration and apparent interest shown on the part of the public as that which attended yesterday's election. Bands lined on Prince William, outside of the newspaper offices and the greatest enthusiasm was shown as the standing was announced from time to time as the turns were received from the different polling booths.

When the four leading candidates were announced the crowd joined in the procession and with three bands in the line-up they escorted, seated in a carriage the Mayor and newly elected commissioners, with ex-commissioner M. E. Agar, to the handsome quarters of the Moose on Hazen street. Here the grounds were decorated with lighted Chinese lanterns and a royal welcoming reception was tendered those newly elected to office. The great interest in the election was fully demonstrated when fully eight thousand people thronged outside the quarters of the Moose to hear the different addresses. The successful candidates were called upon and as they spoke from the carriage in front of the rooms of the Moose their remarks were met with ringing cheers.

Mayor Frink.
When the baronets stopped in front of the Moose Home it was surrounded by thousands of citizens who loudly called for Frink. His Worship stood up on the seat of the conveyance, to make a speech, but was unable to address the public, owing to the strain of a brass band that was playing over time and would not stop even when called on, by a man with a megaphone. At last, when the Mayor got an opportunity, he again mounted the seat of the carriage and gave three hearty cheers and a tiger.

After thanking the electors for returning him to office he said that this campaign was the greatest he had ever been in, and that his opposition was of the most contemptible nature. During the campaign, His Worship said, he had been called a moon and despite all the public hall speeches that had been made and things had been said against him he did not say a word. What he wanted was a man, if he had anything to say was to come out on the grass man to man and the best man win.

His opponent had spoken much about the Gutelius agreement. "Why should I argue with my opponent? The agreement was signed before the Minister of Marine or the Prime Minister knew of it." Many people thought that the Mayor should go to Premier Borden and tell him he was a buffoon, he did not think that he should have done any such thing. "I as Mayor of the City of St. John represent both sides of politics. Where was McLeLan when the Gutelius contract was spoken of? Was he there trying to right a wrong? No, all he had to say was something about hot air artists, etc. McLeLan was then too much interested in a police investigation, which showed that the members of the police force were not grafters. He was too much interested in bringing a man down here from the States to say that the City of St. John was one of the most immoral cities in America. I will repeat it was a crime, and when he says that St. John is a most immoral city, I say that he is a liar."

Mr. McLeLan spoke about the Fore-shore question. He did not tell you he once had a strip of foreshore land about 900 feet, and another 300 feet, and he got it for the sum of twenty dollars a year. When in 1906 when I was a candidate against Edward Sears, McLeLan tried to defeat me and he has harbored a grudge against me, which he carried for years, he carried it even up until today, but he did not win."

Tribute to M. E. Agar
The speaker congratulated the commissioners who had won their election and while he congratulated the winners, he had to regret that one of the men who was a candidate had been defeated. I never sat at the board with a man who was any better than Miles E. Agar. Cheers. He again thanked all who had voted for him and said that he would continue to serve the city as mayor to the very best of his ability, and would strive to bring St. John to the place where he hoped the city would be, one of the leading cities in north America.

Commissioner Wigmore
Commissioner Wigmore was next called to speak. He expressed his warm appreciation of the handsome vote that he had polled in the election. He appreciated the confidence that the people had shown in him, and his aim would be to serve in the best interests of the city. He had served in the old city council and for two years under the commission form of government, and as head of the water and sewerage department had tried to carry out the duties of his department. In being returned to the office with such a handsome vote, he was heartily glad and thankful, and allowing class or nothing else to intervene he would try to serve always in the interest of the city, always appreciating the confidence that the public had placed in him.

While he thanked all those who so ably supported him, he on the other hand was not unthankful to the others whose judgment had directed them otherwise. In being returned to fill again the office of commissioner, he was there to serve in the public interest and he would be found in his office at City Hall just as ready to treat with those who did not vote for

ANNIVERSARY OF BOAT CLUB CELEBRATED

Commodore Gerow congratulated members on rapid growth—Excellent programme rendered.

The fourth anniversary of the founding of the St. John Power Boat Club was celebrated last evening in the club's quarters at Marble Cove. There was a large attendance and Commodore S. P. Gerow, who presided congratulated the club on its rapid growth. The original membership of the club was 47 and now the membership is 515 with 230 boats.

An interesting programme was gone through with during the evening. The club orchestra rendered a number of selections. Three reels of comic pictures were shown and greatly enjoyed. The original membership of the club was 47 and now the membership is 515 with 230 boats.

OLD COUNTRY MEN TO FARM IN PROVINCE

Arthur Brooks and James Moffatt believe East is better than West—Retired business men.

Arthur Brooks, a retired business man of England, has bought a government farm at Bellisle, Kings County. Mr. Brooks was at one time active in politics in Great Britain and ran for the Imperial parliament but was defeated.

Another native of the old country, who has recently bought a government farm is John Moffatt, who has taken up a farm at Havelock, Kings County. Mr. Moffatt spent several years in Western Canada, but though he did very well while there was not satisfied with conditions. A few weeks ago he came to New Brunswick to look over the situation here, and after the work in the farm and decided to settle here it is presumed that he considers New Brunswick a better place to establish a home than the west.

PERSONAL

FURS
Dr. Corbett arrived on the C. P. R. today from Montreal.

Let us look after your furs during the summer months. We have good storage facilities—H. Mont Jones, 54 King street.

Warm enthusiasm and logical argument especially when sent through the medium of a Smith Premier typewriter. A Mills Presser, (G. A. Little, manager), 37 Dock street, St. John, N. B.

The new freight tariff in use by steamers on the St. John River during the coming season calls for all up going to be accompanied by cash rather than charged back to shippers as formerly.

FURS
Stored and insured for the summer at reasonable charges—H. Mont Jones, 54 King street.

On Thursday morning F. A. Dykeman & Co. will have a big alteration sale. They have secured the two upper floors in the adjoining building and will tear down the partition between the two, which will form one large room. They also propose putting a new front in their premises and taking in the adjoining stairway. These changes will necessitate moving a lot of goods, and the changing of departments, and they propose reducing their stock by putting on sale everything in their store, and one will have an opportunity of buying new spring goods from any department at a great discount.

PARK HOTEL, KING SQUARE.
FURS REMODELLED
Now is the time to attend to them, we can quote you more reasonable prices now than later on, when they will be busy, and then will be ready for fall delivery when you want them to put on—H. Mont Jones, 54 King street.

THE PRINCE WILLIAM HOTEL
ing character and were listened to with great interest.
Organization for the revival campaign was not completed, but further meetings will be held to arrange details. Rev. Ralph Haughton was secretary of the meeting.
It is planned to conduct the campaign on a scale calculated to arouse St. John to the need of a deeper spiritual life.
