## INDIAN MADE BREAK FOR LIBERTY

Jumped Through Window  
of Express Train Near  
Gloucester Jct.

### NOT CAPTURED.

With the maritime express speeding along at a rate of thirty-five miles an hour, an Indian named Bernard, Friday morning made a thrilling dash for liberty a few miles east of Gloucester Jct. by jumping from the lavatory window of the second class car. He was in charge of Sheriff Stewart who was taking him to Dorchester to serve a term of two years sentence recently passed on him by Judge McLachy at Dalhousie for stealing a cheque for \$15 from a fellow Indian.

His hands securely handcuffed Bernard made his plunge through the window into space heading, landing on the ground with terrific force and rolling down the embankment. Apparently he was unhurt, for as he came to a standstill he picked himself up, jumped the fence and made for the woods. His action was seen by the fireman on the train who immediately had the train stopped and on hurrying back to where he had seen the Indian disappear could see nothing of the man.

Asking permission to go into the closet for a moment Bernard who introduced himself as Bernard, who was talking to a friend in the car. He went into the closet and after he had closed the door he made the leap heading. The train was travelling at the rate of thirty-five miles an hour and that the prisoner escaped with his life is a miracle. The train was stopped and started again, minus two passengers, namely Bernard and Sheriff Stewart, the latter remaining behind to look for his prisoner.

American suffragettes are cold to Mrs. Penkard. We must look for a contract between a nation distinguished for quiet reserve and a sister nation noted for swift and even violent progress.

## SOCIALISTS TO INVADE MONCTON

Citizens Have no Use for  
Anti-British Sentiments  
Expressed.

### OTHER NEW ITEMS

MONCTON, Nov. 15.—Rev. W. B. Hinson occupied the pulpit of the First Baptist Church yesterday morning and evening. In the afternoon he addressed the Christian Brotherhood in their hall. All the services were unusually well attended. At the evening service hundreds were unable to get standing room and had to leave. Rev. Mr. Dawson occupied the pulpit in the Central Methodist Church Sunday morning and evening.

St. George street is fast coming into prominence. The number of grocery stores is increasing and now it has a fine concrete sidewalk.

Rev. E. R. McLaughlin gave a very interesting discourse last evening in the West End Baptist Church on Felix's Choice.

Katherine, the 11 year old daughter of James E. Groves of the I. C. R. died last Wednesday, and was buried near Pettibon in the cemetery at Mr. Groves' former home.

Mr. Brown, expert, who introduced and established the new system of book keeping at the general offices of the I. C. R. is here at present. It is said that his work here now is in connection with the classification of the books.

The funeral of Mr. W. H. T. Sumner on Saturday was very largely attended. Mr. Sumner was 80 years old and his death removes one of the old landmarks of this city. He succeeded admirably in building up an extensive business, which was run by Mr. W. Sumner, now carries on.

How Haul was one of the features at the Davidson Theatre last night. A young man named Butt, stepped up and offered to try. This man Butt was a quiet, unassuming person, and was a member of the I. C. R. as a laborer. He sprang on the stage and it seemed as if he was there to stay, for he made the leap heading. The train was travelling at the rate of thirty-five miles an hour and that the prisoner escaped with his life is a miracle. The train was stopped and started again, minus two passengers, namely Bernard and Sheriff Stewart, the latter remaining behind to look for his prisoner.

Mr. Haywood, who is lecturing in the Maritime Provinces on Socialism has been in Springfield and other parts of the N. S. and is expected here soon. Some of the labor unions have been asked to take an interest in the meeting. Mr. Gibble, another Socialist, has been here and lectured. The day of our Labor parade was here, and in sending a report of it to a Socialist paper he ridiculed our parade and insulted the people of Moncton by saying silly things about the British flag. If Socialism denounces the British flag and our order, religion and our literature, then Moncton has no immediate use for it. This seems to be the attitude of those Socialists who have been here so far.

The last story of the Creamer children is not talked much about here. Mr. Sumner who generously offered \$200 to the one who would locate the children does not believe the story, and we can all rest assured if this last story is true the \$200 will soon be taken. Stories like this have been about ever since the children disappeared.

Duncan Cameron of the I. C. R. audit office, had the good luck to shoot a moose while hunting at Grand Lake recently.

**ROSS SELLS HIS COAL STOCK TO SYNDICATE**  
Merger of Big Sydney Companies  
About Completed—Terms of the Deal

MONCTON, Nov. 14.—Jas. Ross, president of the Dominion Coal Company and owner of 50,000 out of the 150,000 shares of its common stock has conditionally sold his entire holdings to E. R. Wood representing the purchasing syndicate, at \$15 a share. This gives the control of the coal company to the parties who desire to merge the interests of the coal with the Dominion Iron and Steel Company. This syndicate, composed of Sir Henry M. Pellatt and E. R. Wood, of Toronto, and J. C. McCaughey, Montreal, have been for some time actively buying steel common and they are understood to now control \$5,000 shares. The deal with Mr. Ross will be closed tomorrow. It is stated that holders of 45,000 additional shares of coal have agreed to support the new syndicate's merger policy, while 25,000 additional shares were financed on Saturday in Montreal and Toronto. Particulars have been sent to the holders of the remaining 30,000 shares and if they refuse to support the new policy they will be bought out at the same price as Mr. Ross. The latter will receive a first payment of \$1,250,000 cash, with the balance in installments.

## THREE HUNDRED PERISH IN MINE FIRE IN ILLINOIS.

Fire Cuts Off Escape of The Miners And They Are  
Probably Dead From Suffocation.

### RESCUERS PERISH.

CHERRY, Ill. Nov. 15.—Four hundred men are dead in the St. Paul mine, where a fire and explosion occurred today, according to the figures given out by the mine officials tonight. Twelve corpses have been taken out. Six of these bodies, not employed in the mine, gave their lives in a futile effort to save the imprisoned men. Mine Superintendent Jas. Steele declared, five hours after the explosion that it was almost impossible that any of the miners still imprisoned could escape death.

The mine had a day shift of 484 men. Of these fifty left the mine at noon. Twenty five or more escaped after the fire broke out. The others are believed to be dead.

The entrance to the mine has been sealed up in the hope of checking the flames. The building above the pit entrance was blown up to permit this.

Despite the frantic efforts of the officials and the great number of volunteer assistants in the little town of Cherry, it seemed assured at 6 o'clock that only bodies of the dead would be taken from the mine.

The fire causing the explosion which may prove one of the worst tragedies in the list of mine horrors, had an origin almost trivial. A pile of hay allowed to smoulder too long finally ignited the timbers of the mine, and before the workers realized their danger the mine was filled with smoke, gases and flames, and all exit was impossible.

Heracles such as is rarely exhibited was shown by officials of the mine and residents of the town of Cherry. These men who are outside the mine, save those of his comrades who risked their lives with him, standing at the bottom of the shaft, he carried four bags full of hay, and the only hope of escape. As the last was carried in he fell across the body. He was dead, as were all of his companions when the cage reached the top.

Those who went into the pit with him were John Bundy the mine superintendent, and a number of his assistants, a merchant of Cherry, and Dominic Fennell. Dr. E. Howe, a physician, of the city, who sought to save those of his comrades who risked their lives with him, standing at the bottom of the shaft, he carried four bags full of hay, and the only hope of escape. As the last was carried in he fell across the body. He was dead, as were all of his companions when the cage reached the top.

Not Probably Any Will Be Found living  
David Ross Secretary of the State Labor Union, who arrived here yesterday, declared last night it was extremely improbable any one would be found living. Richard Newsam, President of the State Mining Board, said it would be a miracle if any one

**PRIEST IN A FIGHT**  
He's a Lawyer and Kicks Down His Opponent

ST. LOUIS, Mo. Nov. 15.—Judge H. Priest a member of the law firm of Boyle and Priest and chief counsel for the United Railways company, struck and knocked down John A. Gilliam, attorney, who has been active in many suits against the corporation in Judge Mench's court. Gilliam appeared an attorney for Brooks Johnson against the St. Louis Transit Company. Judge Priest, arguing, said that Gilliam had obtained certain judgments against the Transit company by advertising for them. Gilliam arose from his seat at the counsel table and said: "The records show nothing of the kind."

"You are a liar," shouted Judge Priest. As he spoke he wheeled about and struck Gilliam in the face with his fist. Gilliam reeled and fell and Judge Priest struck him again as he lay on the floor.

Other lawyers pulled him away and prevented him from continuing the attack on the prostrate man. Judge Mench from the bench rebuked Judge Priest and ordered that he be placed in custody of the sheriff until he should apologize.

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by all druggists.

years of these men to loudly-shrieking inquiries only added to the terror. Almost a man the survivors declared there was no hope for those still in the mine.

The fire had burned away the timbers of the shaft and the flames soon reached the escape shaft. A few minutes later the fan which supplied air to the shaft collapsed and tumbled through the opening. The flames then swept on to the mouth of the pit where they were carried to the surface, forcing back all those who ventured near. The officials knew that the fire must be eating its way back into the shaft and then the measure of sealing the mouth of the pit was adopted.

Before this, water had been poured down the escape shaft but to no better effect than to flood the mine and further impede any effort of those inside to escape.

That those of the men who were able had retreated to the furthermost ends of the mine was the statement of the miners on the surface. There they might huddle together saving what oxygen remained.

CHERRY, Ill. Nov. 15.—Before tonight it seemed probable the rate of the 300 men entombed in the St. Paul mine, through a fire which started Sunday time, was Walter Wait, a living in the small houses, many still needing glass for all the windows. It seems likely that many of the cottages never will be finished.

Underwriters from other towns have been notified for removal of numerous bodies. President Earl, the Cherry, Minn. and St. Paul, Minn. will share the burial expense of the more needy families at least and officers of aid have come from the more prosperous inhabitants of Cherry.

The Knights of Pythias, the most important organization in town, had a membership of 75 last week. Today there are only 6 members. The rest are in the ill-fated mine either dead or dying.

**An Act of Heroism**  
From the mine who were rescued Saturday it was learned that another act of heroism was performed by one of the men in the shaft below, a man who is in all probability dead at the present time. He was Walter Wait, an assistant foreman in the second vein. When we got in the elevator there were only 6 men left. The rest were in the ill-fated mine either dead or dying.

**Men Remained All Night at Mine**  
All night a few anxious men and women surrounded the openings of the mine. The women complained bitterly at the sealing of the shaft, and to cut off all the air. If it was true that the air would be shut off, mining officials declared that the men, alive, would not be effected by the total sealing except that it would probably put an end to the fire at the top if we got anyone out. No risking your life down here."

The physician vainly sought to resuscitate the men when they were carried to the surface a few minutes later. He said they died of suffocation.

At the entrance hundreds of screaming women, weeping children and frantic but helpless men crowded around. A few survivors were surrounded by groups of the women and the anxious.

**LORD MINTO'S  
NARROW ESCAPE.**  
He and Lady Minto Had  
Close Call at [hands of] Bomb Throwers.

**ASSASSINS ESCAPE**  
AHMEDABAD, Nov. 14.—Lord Minto, the viceroy of India, and Lady Minto had a narrow escape yesterday from being killed by bombs. They were driving through one of the streets when without warning, two bombs were thrown at their carriage. A dragon who was riding alongside, spurred forward with outstretched arms, intercepted the first bomb, hurling it a little distance away into a ditch.

The second bomb struck the viceroy's motor. A native lieutenant, who was holding an umbrella over Lady Minto, and fell harmlessly to the ground.

Neither bomb exploded, as the sort and acted as a buffer. On examination they were found to contain picric acid. Just prior to this, as the carriage passed through one of the streets, a bomb exploded some little distance away. Police and others, attracted by the explosion, ran up and found a man on the ground, with his hand blown off. He proved to be an innocent bystander. The bomb throwers made their escape in the excitement and as yet no arrests have been made.

was spared. Yesterday's attempts to send men to the bottom proved futile, because they could not reach a foothold at the entrance of the galleries from the bucket in which they were lowered.

Under the direction of Jas. Taylor, State Mine Inspector, and Mr. Newsam, the regular cage will be lowered today. It is the shaft like a piston and the persons it will carry will step from it into any gallery entrance.

**Women's Society For Relief Organization**  
Mrs. Panny Buck wife of J. P. Buck Chief Clerk of the mine, has organized the women of the little town of Cherry into a society to extend relief and comfort to those needing it.

There is no destitution. A party of nurses from Chicago who arrived last night today turned into comforters of the families probably bereft. Through the little hamlet are scattered cottages in various stages of completion. Families of men entombed are living in the small houses, many still needing glass for all the windows. It seems likely that many of the cottages never will be finished.

Underwriters from other towns have been notified for removal of numerous bodies. President Earl, the Cherry, Minn. and St. Paul, Minn. will share the burial expense of the more needy families at least and officers of aid have come from the more prosperous inhabitants of Cherry.

The bomb throwers made their escape in the excitement and as yet no arrests have been made.

## H. H. GUNTER KILLED AT MOWAT'S CROSSING

Was Crossing In Front of  
Shunter Engine When  
He Stumbled.

### KILLED INSTANTLY

Herbert H. Gunter, one of the best known lumbermen in the province and president of the lumber firm of Wm. Richards & Co. Ltd. was killed at Mowat's Crossing just east of the station here about 4:45 Friday evening. Mr. Gunter had a few minutes previous to the accident been talking with Douglas Miller & Moore Bros. when he left him and walked toward the railway crossing, and attempted to cross in front of the shunting engine, which was slowly pulling the train of passenger cars belonging to the day express which had arrived a few minutes previously down the line to put them in the siding, when he slipped and fell directly under the wheels of the tender, which with one of the driving wheels of the engine, passed over the body, killing him instantly. A little girl was the only one who witnessed the sad fatality, but a youth near by called out and immediately notified the train crew. The little girl states that the unfortunate man ran to the rear of the tender to cross as the train was moving very slowly when she saw him stumble and fall. She was too frightened to make an effort to help him, and it was not until a young man came along that the train crew was notified.

Mr. Gunter was 47 years of age, and a wife and two sons, sons, William and Ralph, were in the company here, and Ralph of Fredericton.

Coroner Doherty held an investigation, but as there was no evidence of negligence on the part of the railway or its employees, he did not deem it inequitable to award a coroner's verdict. The body was taken to Fredericton Saturday morning and interment took place Monday at Boiestown.

The shunter engine was in charge of Driver MacInnes.

Deceased was a native of New Brunswick, being son of the late Benjamin Gunter. He married a daughter of the late Wm. Richards and was for years associated with his father in law in the management of the great lumbering industry which he carried on at Boiestown. Three years ago, after the property had been sold to the Canadian Lumber Company, he removed to Fredericton and has since made his home there.

Mr. Gunter was a genial kind hearted man, and very popular with all who knew him. No man ever applied to him for assistance in vain and also coming from the Boiestown area, he has made hosts of friends who will deeply regret his untimely death.

**FREDERICTON Nov. 15**—The sorrow felt over the tragic death of Herbert H. Gunter, found expression here this afternoon, when hundreds of representative people, including many from points on the North Shore and Miramichi, assembled to pay a last tribute.

Rev. J. H. McDonald conducted impressive funeral services at the house and a quartette from the Baptist church sang appropriate hymns. A long funeral cortege was afterwards formed and wended its way to the Rural Cemetery, where interment was made. The pallbearers were W. W. McDonald, Chas. L. Farrand, Roy Moffat, Don Richards, J. McCurdy and F. E. Neale. The last of mourners included Wm. and Ralph Gunter, sons of Mr. Gunter; David Richards; Howard Richards; Samuel Gunter; Dell Gunter; Howard McLean and D. M. Richards.

**THE NORTH DAKOTA**  
The Big Ship Has Wonderful Steering Radius

QUINCY, Mass. Nov. 15.—Official figures indicate that the U. S. Battleship North Dakota, in addition to being one of the three largest fighting ships afloat—an honor which she shares with her sister ship Delaware and the British ship Neptune—is in a class by herself so far as steaming radius is concerned. The figures compiled on her official endurance trials off the New England coast show that the North Dakota, steaming at an average speed of 12 nautical miles an hour, is able to travel 9,000 knots without recouling. At an 18 1/2 knot speed the big ship will be able to steam 4,000 knots without recouling. When steaming at her maximum speed of 21 knots an hour. This great steaming radius is made possible by the low coal consumption of her turbine engines.

Tobacco is almost identical with that of one of Stander's companions in St. Louis. The police are now seeking this man. Stander was absent from St. Louis for three weeks before Nov. 7 and not even his wife was aware of his whereabouts.

Stander killed himself yesterday with a revolver after a four mile pursuit, during which many shots were exchanged with the police. The officers were seeking to arrest Stander on the charge of robbing the Rainy River branch of the Bank of Nova Scotia.

## TWO STEAMERS IN COLLISION

One Sinks and Many are  
Drowned in Their  
Berths.

### ATTACKED BY SHARKS

SINGAPORE, Nov. 14.—The mail steamer La Seyne of the Messageries Maritimes service, running between Java and Singapore, and on her way to this port, was in collision early this morning with the steamer Onda, of the British India line and sank within two minutes. Seven European passengers, including Baron and Baroness Bruck, the captain of the La Seyne, five European officers and eighty-eight others, comprising native passengers and members of the crew, were drowned.

The accident occurred about 4 o'clock in the morning in a thick haze. The vessels were steaming at good speed and the Seyne was out almost in half. There was no time for panic or for any attempt on the part of the officers of the foundering steamer to get out boats. The majority of those on board were caught in their berths and carried down with the vessel.

The force of the collision brought the Onda to almost a dead stop and her engines were almost slowed down and her boats lowered. The rescue work proved thrilling, for not only were the rescuing parties impeded by the dark but clouds of smoke were already attacking those clinging to pieces of wreckage in the water. Sixty persons from the ill-fated steamer were finally dragged onto the boat and brought by the Onda to thirport.

Many of them had been bitten by sharks and several are severely injured.

**MET MAN ALIVE**  
INSTEAD OF BODY

Thomas Tuttle of Toronto, reported killed in Vancouver wreck, went to the station this morning to receive his body and was pleasantly surprised to see him step off the train in life and vigor. Two men of the same name led to the error.

**Miss Gertrude Harquail of Dalhousie**, who has been reported missing in the Vancouver wreck, went to the station this morning to receive his body and was pleasantly surprised to see him step off the train in life and vigor. Two men of the same name led to the error.

**Miss Allison Clarke, Quebec River**, spent a few hours in town last week.

H. B. ANSLOW, EDITOR AND MANAGER

CAMPBELLTON, NEW BRUNSWICK TUESDAY, NOVEMBER 16th, 1909

The suffragettes sentenced to jail with hard labor may be set to splitting wood.

The combined value of the wheat, corn and oats crop of 1909 in Kansas is estimated at nearly seventy million dollars.

The American Federation of Labor is declaring war on the Steel Trust. But the Trust will laugh as long as the Federation votes protection on steel.

Detroit wholesale firms have adopted a resolution condemning the proposed exportation of Canadian goods. They are evidently learning who pays the duty.

The New York waiter who left a fortune of half a million dollars was either remarkably lucky in his patrons or frugal beyond the average.

It is stated by Montreal papers that the brokers who negotiated the recent cement merger cleared \$200,000.

Mrs. Pankhurst will receive \$200 for lecturing in Chicago on "Why We Go to Prison," the \$200 not being the reason.

Things have come to a pretty pass when Englishmen cannot have a dinner without being the victim of attack by suffragettes.

A Winnipeg bank manager says the farmers are getting all the money. We have wondered for a long time past where all the money was going to.

Lord Dunsford advises the towns and populous counties of Britain to purchase estates in the colonies on which to place their unemployed.

The American Federation will have to modify its view on the modern despot, the Inflection Kansas city milk men have been enjoined against raising the price of milk.

King George, of Greece is sick of his job. On dull December days lots of fellows feel that way, but a wise man, whether he is king or mechanic, will not back his tools and quit until he has clinched a better job.

### THE REASON WHY

# Vinol

IS THE BEST STRENGTHENING TONIC

for Feeble Old People, Delicate Children, Weak, Run-down Persons, and to Counteract Chronic Coughs, Colds and Bronchitis, is because it combines the two most world-famous tonics—the medicinal, strengthening, body-building elements of Cod Liver Oil and Tonic Iron, without oil or grease, tastes good, and agrees with every one.

We return your money without question if Vinol does not accomplish all we claim for it.

A. McG. McDONALD, Druggist, Campbellton, N.B.

The Earl of Erne, who has just passed his seventy birthday, is one of the most popular peers in Ireland, where, though the owner of some 40,000 acres his relations with his tenants have always been of the happiest. Description: It has been stated, indeed, that like his father before him, he has never raised a single tenant.

#### QUEBEC BY-ELECTIONS

The utter hopelessness of the conservatives in the province of Quebec is exemplified again in the three provincial by-elections which took place on Friday. The Union administration is liberal. The regular opposition is conservative. But in addition to the regular opposition there is a very small party composed of nationalists, led by Mr. Bourassa, and assisted by Hon. Mr. Brousselle. The latter was a member of the Gouin government until a comparatively short time ago, and he was compelled to leave it because of attacks made by Mr. Bourassa on the way he managed his department. Almost immediately on resigning from the government Mr. Brousselle went into active opposition, joining Mr. Bourassa, who had brought about his political downfall, and violently assailing his late colleagues. This was the condition of affairs when it became necessary to fill three vacant seats—St. James division, Montreal.

**CHINA AND CROCKERY SALE**  
The great china and crockery sale at McKenzie & Trauman's only last four days more. Remember your choice of this fine range of high class goods at our end in many cases below cost. Save money. Buy your Xmas presents now.

**LOCAL ATTRACTION**  
A number of Bathurst young ladies and gentlemen presented "Messmates" at the Opera House Bathurst on the evening of the King's Birthday, and the performance was of a high order and received merited encouragement. The company have decided to produce the piece here on the evening of Nov. 26th, and we have no doubt but that a crowded house will greet them here.

**PATRONAGE NIGHT**  
Patronage night was the programme at the St. Andrew's Literary, Musical and Social Club last Friday. The entertainment arranged by the Musical Committee was still another of the many enjoyable and successful evenings of this Club. The hall was crowded and singing room with difficulty obtained. Last Friday, like previous evenings, have been the efforts chiefly of the ladies of the Club, and the great credit of success they have most deservedly earned, while the gentlemen, with a few exceptions have in no way assisted. The high standard of the entertainments and success of this Club are now assured. It would be well for the gentlemen who have musical or literary talents to consider how best they can assist the already overworked committee. The large audience was most enthusiastic in their applause. Mrs. Sharpe's orchestra were the favorites of the evening, while the singing societies and readings were excellently rendered, thoroughly enjoyed and most heartily endorsed. The program was as follows:—  
Chorus of 20 voices and orchestra—Maiden Leaf Forever.  
Speech by Mr. Wm. Currie M. P. P.  
Canada East and West.  
Duet, Miss Packer, Mrs. Black—Home Sweet Home.  
Reading, Miss Thomas—Relation of Songs to Patriotism.  
Mrs. Sharpe's Orchestra—Selection.  
Reading, Mr. Yorton—O Canada.  
Misses Graham and Packer, Mr. Black—Canadian Boat Song.  
Recitation, Miss Knapp—Union Jack.  
Chorus of 20 voices and orchestra—President—Mr. Yorton.  
Pianist—Mrs. Lunan.  
Rule Britannia.

**JOB PRINTING**  
We have lately added to our plant and staff and can turn out all classes of commercial printing in the best style promptly. No need to send out of town for your work. Phone or write and we will quote prices. Graphic Office.

**THE FIRST MONITION—**  
Conductor Angus McLellan yesterday informed a representative of the Graphic that thirty four years ago today Nov. 16th, the first regular train left Monition for Campbellton. Mr. McLellan was in charge of the train, and has been in the service ever since. Graphic, Nov. 8—The veteran conductor is wrong in his date. The editor of the World was a passenger on that train, and knows that it was considerably earlier in the season, as early as July or August 1875. The train got into Campbellton about 2 a.m. and nobody could get a room at a hotel except those who had engaged rooms ahead. The reporters and some others spent the rest of the night in the streets.—World.

### FURTHER ADJOURNED

The coroner's inquest into the death of delivers Morton and Whalen at Nash's Creek has been further adjourned until Tuesday, Nov. 30th.

**GIRLS WANTED**—Two girls can get employment by applying at the Graphic office. Thursday morning at 9 o'clock.

**COLDER NOW**  
After some weeks of exceedingly mild weather the wind went around to the northwest last evening and today is decidedly cool.

**ASBESTOS STOCKS**  
Mr. W. T. McCluskey, representing the Dierack Asbestos Co. is in town to offer with some local people who have been negotiating for a block of this company's stock. While in town Mr. McCluskey will be pleased to give full information regarding asbestos stocks generally. He is a guest at the Waverley.

**NOT BADLY BROKEN**  
The four cars overturned in the run off at Chatham, Que. a few days ago passed through here Friday night. One was a dining car and the other three were Pullman cars. Other than the windows being all broken, the cars do not appear to be damaged to any great extent and it is expected they will not have to remain in the shops long for repairs. The dining car was badly broken.

**KING EDWARD'S FIRST BIRTHDAY**  
When the news of King Edward's birth was announced in Chatham in 1841 it has been near a month in getting here. It was December 2nd. One workman, Mr. W. H. Shaw, boy of eight years, hailed on his hand the powder 21 lbs. from Canada's 10 guns at the bank where Miller's foundry now stands. George Landon, the boy, was in charge of the guns. His business place stood where E. A. Strang's store is. The Englishmen were more loyal in those days than now. Every available flag owned by Englishmen, was, fluttering in the breeze. The two guns that thundered the news on that occasion are now buried end of at Wythe's store and can be seen in part there.—World.

Rev. Mr. Sutherland, as Inspector of schools held his usual teachers' meeting in Matapedia on Nov. 2nd. The teachers in the western part of the county from Fleurant to Remy, Matapedia. The exercises consisted chiefly in short addresses and conferences on the best methods of teaching the various subjects of the course of study and of maintaining discipline in the schools. Miss Adela Clark, teacher in Remy, read a very good paper on Modern Geography and the way to teach it.

Mr. Hattie, Missionary, attended, and spoke on the ways of guarding health in school and home. A variety teachers' conference was held in New Richmond on the 9th inst. The teachers of the Protestant schools from New Carlisle west up to Maria Village were expected to meet in New Richmond Centre. Miss Doddridge had her large school room in the best of order for the reception of the visiting teachers, and Miss Robertson of Cascoville House, made all necessary preparations for the entertainment of the teachers in the hotel.

In the exercises here Miss Jessie Godfrey assisted by giving a very able and helpful illustration of the ways in which the working of nations may be explained by drawing and examples on the blackboard. As it was the King's Birthday the evening was spent in the hotel by the teachers, led by Mr. Malcolm of the Bank of Nova Scotia, in singing patriotic songs.

### SELECTED RECIPES

**American fried onions**—Slice onions and apples and fry together in butter. The apples should be quite tart and form two thirds of the mixture. Serve with foil.

**A simple puree**—To 2 cups onions, boiled and rubbed through a sieve, add half cup cream and the well beaten yolks of two eggs. Season to taste. This may be served on buttered toast if preferred.

**Creamed Onions**—Boil 1 pt. onions till tender, then drain and place in the dish from which they are to be served. Make a sauce of 1 dessert-spoon butter heated and rubbed smooth with tablespoon flour, added gradually to a scant pint of milk. Season and pour over the onions.

**Scalloped Onions**—Slice boiled onions and place in alternate layers in a baking dish with bread crumbs and cheese, equal parts mixed. Place a thick layer of crumbs on top with bits of butter, cover with milk and bake.

**Onion Salade**—Caspacho, eaten uncooked, is but a form of salad. Cucumbers and onions made an ideal combination since cucumbers are cooling and need assistance in digestion, and the onion is a stimulant. Serve the two sliced in lettuce, cream or young cabbage. Onions and green peppers, sweet or hot, make a delightful form of salad and may be mixed with tomatoes as a third ingredient and blended with oil and lemon juice. Mayonnaise may be used or lemon, sour orange juice or lime juice alone. Parsley chopped is an addition to onion salads.

# REMNANT SALE

Our endeavors to clear out the general Dry Goods Stock, purchased of Wm. Currie & Co. Ltd., has left us with a vast amount of remnants which we wish to dispose of at once.

This sale must positively close out the following

#### HER UNHINGED JAW LOCKS UP A JOKE

Mrs. Caroline Dressler, Dislocated It  
While Telling Good One to Friends

"What's the trouble?" said Dr. Tourant of Harlow Hospital, as he jumped from an ambulance in front of a tenement house at No. 1885 Second avenue.

"Woman with a dislocated jaw on the second floor," said Policeman Hanson of the East 164th street station, and the two hurried to the apartment of Mrs. Caroline Dressler, who was sitting on the floor, looking at her jaw with a sense of humor.

Dr. Tourant found Mrs. Dressler surrounded by sympathetic friends, who were striving to put back in place a jaw that obviously needed adjusting. Mrs. Dressler was in great pain. "Here come away from there," said the physician.

Mrs. Dressler's anxious friends felt best about this. "She was telling a joke and laughing," explained one. "And then her jaw stuck," added another.

"And she can't tell the joke till her jaw's fixed," added a third, and then silence fell upon the room, while those who had spoken waited expectantly. It was clear that that joke would never get out of that room alive.

Dr. Tourant worked steadily at the jaw for a few minutes then there was a click and Mrs. Dressler was able to work it up and down and sideways with little effort.

"That seems to be all right," she said at length. A relieved murmur went through the room; then there was silence, as everybody leaped forward.

"The joke," said a voice from the rear. "Let her tell the joke."

"Oh, it was such a funny joke," cried

#### COULD NOT SLEEP IN THE DARK.

Doctor Said Heart and  
Nerves Were Responsible.

There is many a man and woman tossing night after night upon a disquieted bed. Their eyes do not close in the sweet refreshing repose that comes to those whose heart and nerves are right. Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system, that it cannot be quieted.

Mrs. Calvin Stark, Rosemont, Ont., writes: "About two years ago I began to be troubled with a peculiar sensation at night when I could lie down. I lay so long I could not sleep in the dark, and would have to sit up and rub my limbs, they would become so numb. My doctor said my heart and nerves were responsible. I saw Mr. Allen's Heart and Nerve Pills advertised in a box to try them. I took these pills and can now lie down and sleep without the light burning and can even go to bed. I can recommend them to all nervous and run down women."

Price 50 cents per box or 3 for \$1.25 at all dealers or mail it direct on receipt of price by the E. M. Allen Co., Limited, Toronto, Ont.

#### SOLDIERS HAVE CAIRO UNDER CONTROL

No Further Signs of Mob Rule in the  
Southern City

CAIRO, Ill., Nov. 15.—Orders for the disbanding of the fourth regiment of Illinois National guard which has occupied Cairo since early yesterday were expected by the commanders of the organization this morning. The absence last night of any sign of a disposition to renew mob rule and the safe arrival at Padukow of Alexander who was escorted from here late yesterday by two companies of militia, both the local and state authorities to believe that there was no chance of further disturbance. Alexander who was suspected of complicity in the murder of Annie Polley is the only person in whom members of the mob have any interest.

Whether a special grand jury is to be summoned to consider possible charges against members of the mob may be determined today. It is likely, however, that the matter will be left for the next regular grand jury in December.

#### NEW TRIUMPH IN PHOTOGRAPHY

Robert W. Woods, professor of experimental physics at John Hopkins University, has made another remarkable discovery. He has photographed light waves of color invisible to the human eye.

These are landscape photographs, in which the infra-red and ultra-violet rays never before photographed and never seen, produce startling and beautiful effects, some like snow scenes.

The discovery is of value to astronomy as well as photography, for Dr. Woods has already taken pictures of the moon by his new method.

Professor Woods is the discoverer of a method of color photography of the first eye lens, of a memory reflecting telescope that promises to solve many difficulties in the astronomical line, of a screen which placed before an ordinary incandescent light, makes the light appear like that of ordinary day, and of a method of intensifying the colors of oil and water color paintings and giving them the same relative strength they have in nature.

#### HIS TAXES TOO LOW, SAYS BISHOP

Hamilton Prelate Appeals on Ground  
that he is not Assessed High Enough

HAMILTON, Ont., Nov. 15.—Bishop Dumoulin has set an example to his parishioners and ratepayers generally by appealing against his income assessment on the ground that the amount is too low.

#### WHAT SOME OF OUR GRADUATES HAVE TOLD US RECENTLY

Graduated five years ago, and am getting \$2,000 per year.

Graduated seven years ago; am getting good salary and am worth \$7,000.

Graduated three years ago; am now secretary of this firm and am worth \$10,000.

Pretty good for boys who remained in New Brunswick and whose only capital was plenty of energy and a diploma from.

#### TRIES TO HOLD DARING BURGLAR

Toronto Woman Makes a Plucky Fight  
But Brute Strength Prevails

TORONTO, Nov. 15.—Send up a policeman, right away. We have a burglar in the house," was the message which came over the phone to No. 2 police station from 25 Maitland street about 10:25 on a recent morning.

Constable Hobson was in the station at the time and he was sent up to the place with Police Constable Albert and 15 patrol men.

Mrs. Gill and her daughter who were in the house at the time, heard noise in the cellar, and going down to see what it was Miss Gill saw a man. Instead of running out of the house, the man boldly went upstairs and confronted Mrs. Gillson.

"What are you doing here," she asked him. "I'm a detective and I'm looking for a man here," he replied. "Are you?" Mrs. Gillson replied, snarling savagely, whereat she proceeded to get a struggle hold on the burglar while the daughter phoned for the police. They had a desperate struggle, but brute strength prevailed over pluck, and the burglar made his escape just before the police arrived.

#### ELECTION BALLOTS OVER FOUR FEET LONG

Sample of Those Used in Recent New  
York Elections is an Object  
of Curiosity at City Hall

An election ballot which is a curiosity to most 32 John voters, has been received by Mr. Clarence Ward from a relative in New York City. The ballot is a sample of those used in the recent New York city election.

It is printed on a sheet of paper sixteen inches long and four and one-half feet wide and presents a rather formidable front view.

Eighteen different parties are represented on the ballot and if they were not enough an "X" is provided in which the voter may write the name of any person not on the ballot for whom he wishes to vote.

To tick a tick on the number of candidates shown according to their individual qualifications or office would be a heavier task than most voters wish to undertake and it is not surprising that so many vote a straight ticket. This is one of a very simple manner by placing a cross under the number of the party which heads the list of candidates.—St. John Star.

#### INDIAN STILL MISSING

As yet no trace has been obtained of the Indian named Bernard, who jumped through a window of the second class car on the maritime express Friday morning, as the train was running at a high rate of speed by Bonaventure Jet. Sheriff Stewart is still in the woods looking for his prisoner, but it is thought Bernard was met by friends and driven him away.

Ridder, owners of pets. By a new ruling of the railroad if your dog is small enough to carry in a basket or your cat can ride with you in the passenger coach. For some time past all dogs have been relegated to the baggage cars.

#### ANIMALS' LOVE OF MUSIC

Singing to Squirrels and Mice—Music  
Lessons for Bluejays

(Nashville Visitor)

Many of the forest folk are fond of music and seem to take as much pleasure in it as we do ourselves. A young bluejay at our house spent two months as a guest in my home. We all know what harsh voices the jays have. But this one never heard a jay sing a sweet, tuneful little song. I wonder? While the small jay lived with me it was my custom to practice singing for half an hour every morning. No sooner did I seated myself at the organ and struck a few chords than J-J hopped over the door sill and settled himself on the range of a nearby chair. He listened with rapt attention, and after a few weeks practice he could sing very sweetly—not exactly the times he heard but little ones that he made up as he went along. If any noisier pleased him he began to sing. A heavy thunder shower or the whir of a sewing machine always moved him to exclaim his delight in song.

More than 200 years ago a young violinist, Isidore Berthoume, was obliged to practice on his violin many hours daily. One day he sat a spider peeping at him from its crack in the wall. When it ventured forth and every day it gave a little lesson from being drawn irresistibly by the sweet sounds from Isidore's fiddle.

"At last," said the boy, "the great pleasure of seeing the spider take its place on his bow arm. Presently his stopper, coming into

#### DOMINION STEEL AND COAL MERGER ABOUT COMPLETE

Heavy Selling on the Market Result  
James Ross Sells Out at 95

MONTREAL, Nov. 15.—The Steel and Coal merger is practically complete and will be completed in a few days, not later than the evening. James Ross has sold for his five thousand shares instead of the one which was at first demanded.

On the strength of the progress in negotiations, the market on steel opened with a rush and hundreds of shares were sold in the first few minutes this morning. Steel opened at 91 and sold up to 94.14 within a few minutes. Coal sold up to 92. James Ross, E. R. Wood, Colonel Pollett and a conference yesterday, and the above agreement was made to late in the evening.

#### NEWSPAPER ADVERTISING THE ACME OF PUBLICITY

"Mr. James Ramsay, President of the Albert Frank Company, New York, a company which probably pays out as much money annually for advertising as any other company in the world."

## BATHURST

**BATHURST Nov. 15**—The Church of the Holy Family, Bathurst Village, was the scene of a pretty marriage on Monday morning at eight o'clock, when Miss Augusta Calman, daughter of Mr. and Mrs. John Calman, was united in marriage to Mr. Chas. A. Baldwin, son of Mr. and Mrs. Henry Baldwin. The bride wore a becoming tailored suit of blue broadcloth, and hat to match, and was attended by her sister, Miss Loretta Calman who also wore a pretty suit of blue broadcloth. The groom was supported by his brother Mr. Jas. Baldwin. After a wedding breakfast which was served at the home of the groom's parents, the young couple drove to the home of the bride's parents where a reception is being held today and a dinner to be served to a large number of invited guests. The young couple are well and favorably known here, and have many good wishes for a happy married life.

Miss Lottie Devereaux, who has been visiting with relatives here, is spending this week in Carleton Place.

Miss Josephine Rivett, who has been visiting with relatives here, is spending this week in Carleton Place.

Miss Nellie Burke after spending several months with her home people here, returned to Boston on Thursday.

Rev. John Wheaton, who has been in charge of the Parish of the Sacred Heart for some time, returned on Friday to Port Hope.

Mr. T. D. Adams, accompanied by J. P. Byrne, M. P. P. and H. Bishop went to Boston during the week.

Mrs. J. B. Hickey is making a visit to relatives in Chatham.

Mrs. C. A. Grant and little daughter have returned to their home in Boston, where Mr. Grant is in business, after spending a pleasant visit with Mrs. Grant's sister, Mrs. Wm. Kennah at Rough Waters.

**HOW'S THIS?**  
We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

**F. J. CHENEY & CO., Toledo, O.**  
We the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out all obligations made by him.

**WALDING, KINNAN & MARVIN**  
Wholesale Druggists, Toledo, O.  
Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

**TORY CAUCUS WAS NOT A LOVE FEAST**  
All Day Session Threshing Out Party Troubles Ends in Disagreement

**OTTAWA, Nov. 12**—The Conservatives in caucus today sat for two hours and a half in the morning and for more of the evening and finally adjourned without reconciling their differences on the naval policy.

The west is still for Dreadnoughts. Mr. Borden is still with the government and P. D. Monk gave expression of his views by staying away.

The final conclusion was that as they could not agree among themselves the best policy would be to stop talking for a time and wait until the government programme was finally laid before parliament.

In the month of October Police Commissioner Baker reports that twenty-two people were killed and more than one hundred injured in street in New York by automobiles. The modern juggernaut is certainly making a shocking record.

**Straight Talk On Danger of Colds**  
Let your cold gain headway and you can't keep it from running into Catarrh.

Catarrh never stays in the same place—it travels down into the lungs, then it's too late! Drive colds and catarrh right out of your system while you have the chance.

Easily done by inhaling Catarrhazone, which instantly reaches the true source of the trouble, gets right where the living germs of catarrh are working.

**Catarrhazone**  
A Convenient Inhaler Treatment is the Proper Remedy to Cure.

You see, Catarrhazone is simply healing balsams and rich, pure essence, and is able to penetrate the sore spots and remove that tender, sensitive feeling from the nose and throat.

Hawking and spitting cease, because the discharge is cured. The nostrils are cleared, headache is relieved, breath is purified. Every trace of catarrh, bronchitis and throat weakness is permanently cured.

Two months' treatment, large size, price \$1, and guaranteed. Small size, 50c. All reliable dealers, or the Catarrhazone Co., Kingston, Ont.

## A TEST CASE

**'Nove Stout' an Intoxicant Under the Indian Act, Says the Department of Indian Affairs.**

An interesting case was disposed of this morning at New Carlisle by Mr. Tremblay, the District Magistrate, which certainly is interesting to parties who sell certain so-called "Nove Stout." A short time ago Mr. J. D. McLean, Inspector of Indian Agencies, Ottawa, made a visit to Cross Point. His visit resulted in certain convictions, a certain beverage called "Nove Stout" was found in the possession of one William Moffat, residing on the Mission. Mr. J. H. Kelly, of New Carlisle, was instructed by the Department of Indian Affairs at Ottawa, to institute proceedings against Moffat. The latter appeared for trial this morning at New Carlisle, and was represented by Mr. J. A. Mousseau. The accused admitted having sold the "Nove Stout" but denied that it was an intoxicant. Mr. Kelly, who had had special analyses made of the beverage in question, produced the report showing that "Nove Stout" was an intoxicant within the meaning of the Federal Act, and, consequently, any selling it was liable to be prosecuted.

This analysis had been made at the Laboratory of the Inland Revenue Department at Ottawa. Upon the production of these analyses the accused asked leave to put in a plea of guilty and was condemned to pay the costs, and upon the recommendation of the Attorney for the prosecution, was allowed to go on suspended sentence.

A great deal of this beverage is sold along the coast and in the town of Campbellton. It would be interesting to know whether this beverage which is can, for all purposes of the Indian Act, be considered as an intoxicant, would also be considered as such in the meaning of the Provincial acts.

**AMERICANS INTERESTED IN NEPISQUIT DEAL**  
SPRINGFIELD, Nov. 12—Springfield business men are largely interested in Canadian lumber interests by the formation of the Nepisquit Lumber Company, which has secured an option on the timber of 500 square miles of land along the Nepisquit river, in the vicinity of Bathurst, N. B. In the company are a number of wealthy lumber dealers, and Ralph W. Ellis of this city has been elected its president. A. E. Appleton is assistant secretary and has heard of direct interest in the new company and is in Canada now looking after its interests. A new lumber mill to cost between \$30,000 and \$50,000 is being built.

Herebefore the products of this tract have mostly been shipped to Europe, owing to the tariff, but because of the decrease in the tariff on lumber in this country it is probable that much of the product will be shipped to the United States hereafter. Plans are being made to cut about 30,000,000 feet of lumber on the tract this winter.

**ILLINOIS TOWN WAS SCENE OF LYNCHING**  
Affair Attended with Acts of Horrible Degradation—Women Were in the Mob

**CAIRO, Ill. Nov. 12**—Last night's mob rule, which cost the life of one negro and one white man, was attributed by Mayor Parsons today to the fact that although the city had its share of murders there had been no official executions there for ten or fifteen years. "No one can regret last night's affair more than I do," said Mayor Parsons. "I do not think that any blame attaches to any official. The entire community was worked up to such a pitch that no other termination was possible. I believe that the majority of the citizens are pleased at the turn of affairs, and while they deplore the disgrace of the city and state, they believe that the result was salutary. There has not been an official execution in Cairo for ten or fifteen years. Justice has failed to convict of homicide cases or have convicted only for minor degrees, and it has been possible for murderers to escape. In fact, murder in Cairo has, I regret to say, been tolerably safe. The feeling against crime that has been so long suppressed has found vent and I believe that Cairo will be peaceful and law abiding hereafter."

**CAIRO, Ill. Nov. 12**—Cairo was quiet this morning after a night of mob violence such as few cities have experienced. The mob had dispersed and only an occasional watcher for the negro Alexander could be seen lurking about the streets. Alexander was known to be in the custody of the police, but he was secreted in some place the mob could not discover. It is known that he was spirited about the city in police-man's clothes. The confession of the negro, James, implicating Alexander in the horrible murder and assault of Miss Anna Pelley, makes him a much wanted negro, and his hidden place is discovered it may make a regiment of soldiers to protect him. When James, the negro-lyncher, was captured at Belmont, he was taken to the city.

## HESTIA'S CAPTAIN HELD RESPONSIBLE

**Capt. Lugar was not Lying in Making Up His Verdict.**

**MONTREAL, Nov. 12**—Capt. Lugar, wreck commissioner of Nova Scotia, who enquired into the wreck of the Donaldson liner Hestia here, heard some further evidence today before closing the case and afterwards gave out his judgment placing the responsibility for the wreck on the captain and officers in the following decision:

- 1 An error of compass due to 500 tons of iron in the cargo.
- 2 Neglect of proper precaution in taking soundings.
- 3 Not sufficient allowance for the strong set of wind and waves.
- 4 Error of judgment of the captain and officers in neglecting to take the bearings of the Channel Rock Light, which was only five and a half miles away.

In response to the request of the shipping interests that an investigation take place into the subsequent efforts at rescue, Capt. Lugar announced it probable that there would be another investigation.

**250 GOOD STORIES**  
The Youth's Companion abounds in stirring stories of adventure and heroism. One may describe an escape from a special jail, another a strange encounter with wild creatures—man or beast.

Many of these stories are true as to facts, and only disguised as to names and places. A score or more of such stories will be published during 1910 in addition to nearly 200 others—250 good stories in all, and no two alike. And this is not counting the serial stories which it is believed will be considered by old Companion readers as the best.

Every new Canadian subscriber will find it of special advantage to send at once the \$2.00 for the new 1910 Volume. Not only does he get the beautiful "Yearly" Calendar for 1910 lithographed in thirteen colors and gold, but all the issues of the Companion for the remaining weeks of 1909 from the time the subscription is received.

**THE YOUTH'S COMPANION**  
Companion Building, Boston, Mass.  
New subscribers received at this office.

This is the day when the women of Canada prove that though they may not have the franchise, they can still command attention on the floor of Parliament.

New Zealand seems to be plunging into the "vortex of militarism" with a vengeance. It is probably the only British community in the Empire where compulsory military training could even be suggested.

The mass of people had become impatient during the efforts to induce the negro to make a statement, and there were demands for "work." "We don't want to hear him, string him up, kill him, burn him," were frequently heard. The crowd pressed forward and the body jerked a few feet from the ground, when it broke and came tumbling down. The mob by this time had become so impatient that they fell upon the negro and ridged him with bullets. The body was dragged more than a mile through the streets to the spot where the murder was committed and burned.

The lynching of Henry Salmer, the white man, for the brutal murder of his wife on August 16 last, was a rebuke to delay justice. The people asked for an immediate trial and ever since the case was put off by the court dissatisfaction has been universal.

Salmer killed his wife but she recovered enough to state that she did not want to let him pray, but cooler heads prevailed and he was allowed a moment's respite.

Later—Arthur Alexander the negro implicated in the assault and murder of Miss Anna Pelley by his confession of the lynched negro James, was safely lodged in the county jail this morning by the officers.

The officers put a policeman's uniform on Alexander, thus helping him to escape detection. The mob learned that he was in the jail and could easily have taken him out, but it was thought best to let the matter rest for the present and the mob dispersed and the city is so calm and quiet that no signs of the mob's work can be detected by the casual observer. Company K of Cairo has been called out and is in actual charge of the city.

## HYPNOTIST IN JAIL, GIVES STRIKING DEMONSTRATION

**Everton Who is Charged with Causing 'Subject's' Death, Put His Keeper to Sleep for Medical Men's Benefit**

**NEW YORK, Nov. 12**—To prove his contention that his power cannot interfere with heart action sufficiently to cause a rupture of the aorta, "Professor" Arthur Everton, who is charged with having caused the death of Robert Simpson, one of his "subjects" a few nights ago, gave a number of demonstrations for the benefit of visiting members of the medical fraternity in his cell at Sonnerville, N. J., yesterday afternoon. One of the acts was to hypnotize the keeper, James P. Major. Keeper Major had just let the doctors into the witness room in which Everton is imprisoned and stood near the door with a bunch of keys in his hands. Everton stood before him looking him squarely in the eyes for a few seconds and then said, "Major, you are falling forward." Major's body stiffened and he gradually fell forward. He would have fallen face downward on the floor had not Everton caught him. The hypnotist held Major upright, restored him to his normal condition, then got behind him, made a quick pass down the keeper's spine with his hand and said gently, "Major, you are falling backward." Major closed his eyes as if in slumber and he leaned backward until he lost his balance. He was caught again by Everton. Everton stood the keeper on his feet and restored him to his normal condition with a pass of the hand across the forehead.

Keeper Major had never been hypnotized before and Everton's industry rivaled to the authorities the possibility of a hypnotist in jail. Major is the only person who stands between Everton and liberty, but Sheriff Ross said last night that he had so much confidence in Everton he would not place an extra guard over him. If he can cast a spell over one keeper he can hypnotize two," said the Sheriff.

**OBITUARY**  
**DAWSONVILLE, Nov. 7**—It is with regret that we learn of the death of Mr. Lydia Thompson of Dawsonville, who passed peacefully away at her home on Nov. 7, after a short illness from a serious attack of typhoid fever. She was loved and respected by all who knew her. She was the youngest daughter of Mr. and Mrs. Augustus Thompson. Deceased was sixteen years of age and was a kind and devoted sister and daughter. She leaves to mourn the loss a father and mother, one sister and four brothers. Much sympathy is extended to the bereaved family.

There was laid away to rest in the rural cemetery at Campbellton on Wednesday last, the mortal remains of the late Miss Mary Ann Adams, a daughter of one of the early settlers of Pictou County, one whose name and home life is well known to those who have been long resident in the county. As a member of a home in which God was revered, she has poured herself a dutiful daughter, a loving sister and a devoted friend. Of a quiet, retiring disposition, she always shrank from taking any prominent place in public or social life, but her sympathy and help was always extended to those objects, which call forth the earnest and regard of the noblest hearts. She was a truly representative type of a class of citizenship which seems to be gradually passing away from the face of the earth. She was a woman of those early residents whose open doors and open hearts told of a spirit of hospitality such as is now rarely seen, and of a freedom from the grasping selfish character becoming so prominent in these latter years. As one who has known her from her youth up, the writer seeks to give voice to what he knows to be the feeling of many others of her old acquaintances who will miss her hearty welcome and kindly smile, and who would seek to express to all her kindred their deepest sympathy, at the same time feeling assured that the Master's words are applicable in her case: "She hath done what she could."

**Had Weak Back.**  
Would Often Lie in Bed For Days, Scarcely Able To Turn Herself.

Mrs. Arch. Schmare, Black Point, N.B., writes:—"For years I was troubled with weak back. Oftentimes I have lain in bed for days, being scarcely able to turn myself, and I have also been a great sufferer while trying to perform my household duties. I had doctors attending me with various remedies and tried liniments and plasters, but nothing seemed to do me any good. I was about to give up in despair when my husband induced me to try Doan's Kidney Pills, and after using two boxes I am now well and able to do my work. I am positive Doan's Kidney Pills are all that you claim for them, and I would advise all kidney sufferers to give them a fair trial."

**DOAN'S KIDNEY PILLS** are a purely vegetable medicine, relieving quick, permanent relief, without any after ill effects. A medicine that will absolutely cure backache and all forms of kidney and bladder disease.

Price 50 cents per box, or 3 for \$1.25, at all dealers or The T. Milburn Co., Limited, Toronto, Ont.

In ordering specify "Doan's."

## Sleepless? Nerves Are Racked Vitality is Lowered

**Opales, Sedatives, Narcotics, Worse Than Useless. Produce No Permanent Good.**

Healthy, natural sleep can't be produced by drugs. First, the blood circulation must be improved. Congestion of blood in the head must be removed. Irritation in the brain must be relieved. For building blood and nerve, for instilling force and life into overworked organs, for establishing strength and vitality, where can you find anything so sure as Ferronine? Remember, sleep is just as important as food. You must sleep, or break down. You can if you use Ferronine and thereby remove the conditions which now keep you from sleep.

Ferronine is not a narcotic, not a dope. It is a health-giving tonic that any child or delicate woman can use. Food tonic, a healer to the weak, a stimulant, a boon to the sluggish. Still everywhere in the home, six for \$2.50, by mail from the Chiropractic Company, Kingston, Ont.

To sleep well, look well, feel well, to be free from depression, nervousness, or blues—use Ferronine. If you are a month, take it for a year—30 days, but immeasurable good will result.

**Vital Tablets** The GREAT BRAIN and NERVE FOOD  
Cure Tired Brain, Strengthen the Nerves, Purify the Blood, Cure Rheumatism and all Nervous Diseases. If you are tired, run down, no ambition, try a box of Vital, 50c box, or 6 for \$2.50.

For sale at White's Drug Store or by mail from the Scobell Drug Co., St. Catharines, Ontario.

**McKENZIE & TRUEMAN'S**
