POTATOES MAY YET ADVANCE IN PRICE

The Main Thing is to Get Rid of the
Surplus as Price Will Not
Advance Otherwise

The following extract from a daily
paper will encourage farmers, pro-
duce buyers and all business people:

A report from Presque Isle, pre-
dicting that some 9,000 cars of pota-
toes of the 1921 crop in Maine will
be disposed of at low prices to starch
factories and other buyers, or actual-
ly dumped, has been called a false
prediction by Boston potato whole-
salers, and not warranted by facts.
S. C. Hatch quotes statistics from the
United States Bureau of markets,
which he says, show that such a thing
will not reasonably happen.

"In the United States in 1921," he
said, "we had 346,323,000 bushels of
potatoes, which crop was 3,850,000
bushels less than the year previous.

"From Maine the shipment of cars
in 1919 up to the present time of year
was 23,521, and this year about 40,000
more cars have been shipped out than
two years ago. Judging by the gov-
ernment report, we are going to be
short at the end of the season. There
are going to be higher prices the last
two months or so, but, of course, no-
where near the price of two years
ago."

The cause of the low price is the
quantity to be marketed. Just so long
as the country is full of potatoes the
price will remain low. It will not be
before there is an actual scarcity of
supply that real advances in price
may be looked for. In Montreal there
is a slight increase but potatoes in
car lots there bringing \$2.50 a bar-
rel, which is equal to \$1.50 here.

Today dealers are paying for pota-
toes, \$1.50; hay, \$24 and \$25; eggs,
45 cents; butter, 30 to 35 cents.

BYRON GRANT

On Thursday last Byron Grant, a
well known farmer of Ashland died
at his home after a brief illness. On
the Sunday before he was operated
on for appendicitis and his case was
considered quite hopeless from the
start. Mr. Grant was 44 years of age

and leaves a wife, who is a daughter
of Israel Seeley, and two sons aged
11 and 7.

The funeral was held at the home
on Saturday, the service being con-
ducted by Rev. Mr. Bell of Coldstream.

WHO IS THIS?

The Observer has in hand a great
number of photographs of soldier
boys, but in most cases the names of
them have become detached and they
can no longer be identified by the of-
fice staff. Here is one of them. Sure-
ly some one can write and tell who
this is, when and where and with
what unit he enlisted, and give a
brief story of his subsequent career.
Let us have the story right away,
please, and we will be able to print
it next week. Each week we will
print a different picture and ask our
readers to supply the description for
the following issue.

Watch this page. Your own boy's
picture may appear next.

CAR OF LIQUOR SEIZED AT ANDOVER

It Was En Route Montreal to St.
Leonard, But Was Confiscated

On Monday Sub-Inspector McLaugh-
lin seized at Andover a box car laden
with liquor and has had it sent to the
government warehouse at Fredericton.
The seizure was made on instructions
from the Chief Inspector who had
been informed that the car-load of
booze was under shipment. Sunday
night it was reported to him that the
car had been traced as far as Wood-
stock and on Monday it was located.

The liquor was in bond and was
consigned to St. Leonard. The name
of the consignee was Charles A. Hall,
who is known to be an agent for a
firm of dealers of the name Stothart,
located at Toronto. The method fol-
lowed is to ship liquor to agents in
various places who distribute it a-
mong the thirsty ones. Customs of-
ficials are ordered not to accept con-
signment of liquor so it is believed
that had it reached St. Leonard it
would have been unloaded privately
and hurriedly.

CARD OF THANKS

We wish to thank our friends and
neighbors for their kindness and sym-
pathy during the illness and death of
our beloved husband and brother.

SUNDAY NIGHT'S SEVERE STORM

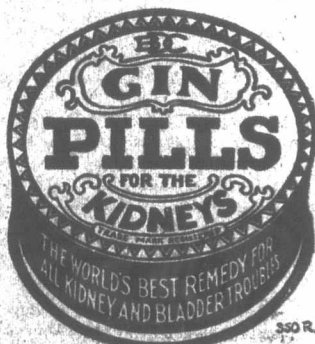

Recalls Conditions of Twenty Years
Ago—The Long Ago When Storms
Were Wild and Things Happ-
ened on a Big Scale

While we have been having on the
whole one of the mildest, most de-
lightful winters, it has been marked
by several intensely severe wind-
storms. That which sprang up sud-
denly on Sunday afternoon was of
the variety included under the gen-
eral caption of "the ring-tailed anor-
ters." Instruments in St. John record-
ed the velocity of the wind as 70
miles an hour. Here the gale reached
its climax about mid-night, when it
gradually died away. It would have
been a fearful night for a fire, but
fortunately none occurred, although a
number of fires burned out.

On Monday trains were all on time
except the northbound express, which
was two hours late. There was hard-
ly sufficient snow to cause a serious
blockade, either on the railway or on
the highways. The roads in some
sections required to be shovelled out.

This storm recalls another which
occurred on a Sunday evening 20
years ago. It was a Candlemas Day—
Feb. 2—and toward night a gale ac-
companied by heavy snow came out
of the east. There was a terrific wind
until midnight. Several barns near
here were blown down, and the next
day from one vantage point near Flo-
renceville the wrecks of 14 barns could
be discerned. In that storm a man
was killed by the falling timber of a
barn at Foreston. Up to the appear-
ance of that storm the winter had
been mild with hardly sufficient snow.
Thereafter, until the middle of March,
storms were frequent and severe,
when a great thaw set in and the ice
in the river broke up on March 23.
That occasion will be recalled by
many—when the ice jammed at Grand
Bar and the water backing up reached
a higher point than it ever has since
or before. A large two story build-
ing owned by Keith & Plummer was
pushed off its foundation and several
smaller buildings were crushed or car-
ried away. Stocks in the basements
of the stores along Main street were
flooded, and the condition of the rail-
way track, blocked with ice, held the
south bound express here until near
noon on the following day. The re-
mainder of that spring was cold and
backward.

The Observer is not, however, in-
recalling the events of 1902, predict-
ing their recurrence in 1922, although
a continuance of such generally mild
conditions throughout can scarcely be
looked for.

Listen!

Have you heard about Peps? Peps is a scientific preparation put up in a little bottle, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles.

Peps contains certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs.

In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence healing.

FREE TRIAL Cut out this article, write across it the name and date of this paper, and mail it (with a stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.

cases ended in death! So a recent Canadian investigation showed. These were not cases of infectious diseases—of consumption—of typhoid! They were cases where a person had sustained some slight injury—a cut, a burn, a wire-prick—and where the wound, being thought not serious enough for careful treatment, had been neglected. Blood-poisoning and death resulted. When you or your children sustain any injury, ensure against infection by applying Zam-Buk. This balm soothes the pain, stops bleeding, and by destroying all germs, prevents blood-poisoning, etc. Hence no time need be lost from work or pleasure by those who use Zam-Buk. AESOP'S ADVERTISING FABLE

Once upon a Time there lived a Merchant Prince who inserted a small ADVERTISING Card in his local paper. The World and His Wives rushed to the Store and the Great Battle of Push and Take occurred. The Merchant Prince did such a Tremendous Business, as a Result of this one Small Advertisement that He was able to Retire and Spend the rest of his life playing at Golf.

That is a Fable!

But it still represents some folk's ideas of advertising.

ADVERTISING won't make any man or firm rich over night, but, if intelligently used with persistence, it will multiply customers, increase turnover, swell profits and build such goodwill for the advertiser as nothing else will.

YANKEE THRIFT

Last month fire destroyed the sixty-
thousand dollar High School building at
Presque Isle, and last week a meet-
ing of the citizens was held to vote
money to build a new school. Within
a few minutes the taxpayers agreed
unanimously to issue bonds and erect
a building to cost up to \$150,000 and
a committee was appointed to pro-
ceed with the business without un-
necessary delay.

Presque Isle town was already heav-
ily bonded and this new liability
reaches the limit of its borrowing
capacity. Nothing daunted the citi-
zens shoulder the responsibility and
take pardonable pride in what they
call their "thrift and enterprise." Ap-
parently they consider that they
would not be getting all the benefits
out of their town, or all the benefits
for their town, if they neglected to
use to the limit the town's full credit
resources.

This situation should interest Hart-
land taxpayers, and the following edi-
torial from the Star-Herald should
tend to illuminate some Hartland
souls.

"The town meeting on Tuesday as
an exhibition of the characteristic
qualities of Presque Isle's body of
citizens was a remarkable gathering.
It showed the same splendid spirit,
working along the same lines, which
has prevailed throughout the town's
history, and made it what it is.

"Presque Isle has been built up,
step by step, year after year, decade
after decade, by acts of enterprise
and public spirit, and by a disposition
to deal wisely, broadly and courage-
ously with the large problems which
have come up, affecting the town's
future. Back ten, twenty, and thirty
years what the citizens of Presque
Isle were called upon to undertake in-
volved smaller debt burdens, but when
the smaller burdens were assumed
years back the town was far poorer
in purse than now, and its resources
in accumulated wealth were very
small indeed compared with its pres-
ent great material prosperity. The
debt it incurred to get its first rail-
road was a greater burden in pro-
portion to its means than the one it
now shoulders to build a school build-
ing on the site of the burned High
School, commensurate with its pres-
ent and future needs.

"Every debt Presque Isle has thus
far contracted has been so much seed
well and wisely sown, and has result-
ed in a rich and continuous harvest
of growth in prosperity.

"According to every test that can be
applied to it, and according to ev-
ery reasonable conclusion as to the
future before it, Presque Isle is so
sound and strong financially, and its
outlook for future growth and pros-
perity so good, that there is no need
to fear but that this new burden will
be borne easily. As it is carried
along, wisely spread over such a term
of years as its magnitude justifies,
every year what this great undertak-
ing in the interest of the education
of our children brings back to the
town will be seen in a harvest of
good results, whose lasting and per-
manent value no one of us can now
estimate or realize.

"Presque Isle all along its history
as a town has reached out with ag-
gressive energy and courage to se-
cure material advantages. It has not
hesitated to incur debt after debt to
lift itself from lower to higher levels,
to push itself forward from one stage
of progress to another. And while it
was paying off these successive debts
it has grown bigger and stronger as
a result of what the debt burdens
brought it in needed instruments to
expand its trade, and develop and uti-
lize the wealth of its great area of
fertile soil.

"With this energy to get ahead and

terially it has not lost sight of things
even more important as well rounded
progress and prosperity, such as the
generous fostering of education, and
the maintenance of all the other
higher and better things which go to
make up a community sound in every
thing that is worth while, and abun-
dantly possessed of all that tends to
make a town desirable to live in, dis-
playing the pride and loyalty of its
citizens, and of the respect and high
regard of people outside its borders.
This is Presque Isle of today. It will
be even truer of Presque Isle twenty
years hence, the community of the fu-
ture that will be enriched through
the dividends it will draw from the
great investment made this year for
better, bigger and broader school
training and instruction."

HALF THE WINTER

Next Thursday is Candlemas Day,
and an old saying is to the effect that
we have left then "half the wood and
half the hay," meaning that the day
denotes the middle of winter. Accord-
ing to another old saw it marks the
end of winter if the ground-hog, ven-
turing out, sees his shadow.

In this section of the country mid-
winter is a little earlier than Candle-
mas, and The Observer figures it is
just about January 22. At that date
we are 53 days past Dec. 1, while 53
days more will bring us, to March 17,
when the weather is of about the same
degree of moderation as at Dec. 1.
On Jan. 22 we are 83 days past Nov. 1
and 83 more days will bring us to
April 16, when the temperature is or-
dinarily similar to that of Nov. 1.

MR. CALDWELL'S ACCOUNT

A large portion of The Observer
this week is taken up by the volumi-
nous and minutely detailed report of
the monies received and expended on
behalf of T. W. Caldwell, M. P., in his
election campaign. Thus does he re-
deem at least one pre-election prom-
ise.

Every voter in Carleton-Victoria
will scan the report with interest, but
not with as keen curiosity as they
would if some other candidates would
make as complete a show-down. The
late election in Carleton-Victoria was
doubtlessly as nearly clean as any
election ever run in the constituency,
barring the election of 1913.

"AND THAT IS IRISH, TOO

An old-country newspaper gives an
extensive report of a severe flood on
the river Humber. One paragraph
says: "Four feet of water stood in
the kitchen, two calves, two pigs and
45 fowls being drowned."

half of the Carleton County Hospital.
They asked for a bond issue of \$20,000

drive, recently held, raised \$10,012.50
in cash and on time notes.

School, was heard asking for a grant
of \$2500.

Counsel F. H. J. Dibble, John S.
Leighton and R. F. Armstrong spoke
on behalf of Agricultural Society No.
41. They asked for a grant of \$2,000.
The expenditure at last year's exhi-
bition was \$22,000, there was at at-
tendance of 24,906. Some \$4,000 worth
of stock exchanged hands. There was

When adjournment was made the
Council was in committee of the whole
on bills and accounts with Warden
Ferry in the chair.

THURSDAY MORNING

The County Council this morning
heard the report of the county val-
uators: Messrs. Leighton, Morgan and
Giberson. These men made a thor-
ough valuation of the parishes as be-
tween each parish and the county. It
took 26 days to do the work, at a cost
of \$1,420.25.

The council was pleased with the
work and paid the bill.

Dr. J. A. Wade, of the Board of
Health, addressed the board this morn-
ing. The board asks for \$4,000.

THURSDAY AFTERNOON

County Council this afternoon took
up the consideration of the appropri-
ation for the Board of Health, after
hearing Dr. J. A. Wade, in charge
of that branch in this district. The board
asked for \$4,000. After a heated de-
bate, in which the legal aspect was
discussed, the council decided to take
a chance and voted \$3,000. Couns.
Carvell, Melville and McIntosh were
elected members of the board, in suc-
cession to ex-Councillor Fleming, John
A. Lindsay and Dr. McIntosh.

A motion was passed unanimously pe-
titioning the Government to resume
the daily service of the Valley Rail-
way.

A grant of \$2,500 was given to the
Vocational School. Councillors Brown,
McDougall and Perry were appointed
to represent the county on the Vocational
School Board.

A grant of \$3,500 was given to the
Carleton County Hospital. The hos-
pital asked for a bond issue of \$20,000
to spread over twenty years. Left
over till January session.

a grant of \$2,000. It was decided to
give but \$1,000.

on a grant of \$400. This exhibition is
proposed to be held next fall.

FRIDAY MORNING

This morning the first business be-
fore the Carleton County Council was
confirming the parish officers, voting
money for poor purposes and for land
damages. Motions in connection with
grants to agricultural societies were
reconsidered and Woodstock was granted
\$1,500 and Centreville \$500.

A resolution was carried in favor
of good roads, early dragging of roads
being advocated, approving the good
roads system of the Government and
requesting the Government to put in
force immediately the law of "Turn
to the right."

A resolution requesting the lower-
ing of freight rates was carried un-
animously.

The warrant for the county for this
year was fixed at \$42,000. It was re-
ported that the dog tax fund amounted
to about \$1,500, and the claims, al-
though not adjusted yet by the chair-
man, Councillor Phillips, will amount
to \$538.

It was decided to authorize the sec-
retary-treasurer to overdraw to the ex-
tent of \$30,000.

The council then adjourned sine die.

cases ended in death. So a recent Canadian investigation showed. These were not cases of infectious diseases—of consumption—of typhoid! They were cases where a person had sustained some slight injury—a cut, a burn, a wire-prick—and where the wound, being thought not serious enough for careful treatment, had been neglected. Blood-poisoning and death resulted. When you or your children sustain any injury, ensure against infection by applying Zam-Buk. This balm soothes the pain, stops bleeding, and by destroying all germs prevents blood-poisoning, etc. Hence no time need be lost from work or pleasure by those who use Zam-Buk. Oil Cloth Table Sets

No housewife will fail to enjoy the new table sets of oilcloth with their cheerful borders of gay flowers and fruits. They are much handsomer than the stenciled pieces and many women use them for the dinner as well as the breakfast table. These sets consist of a centerpiece, plate doilies and smaller doilies. The fruits and flowers in the set pictured are in their natural colors and the oilcloth in a deep cream color.

A Winter Sports Expert

Mr. C. B. Vasesha, a noted Swiss ski instructor, who has won numerous championship trophies in various international ski competitions at St. Moritz, Davos, Klosters, and other famous Swiss resorts, is located at the Chateau Frontenac hotel, Quebec, this winter, where his services will be available for any one desiring instruction in any and every branch of skiing. Born in Davos, Switzerland, and being an active ski enthusiast from his boyhood, Mr. Vasesha's experience covers a period of 20 years, mostly in that country. He is an expert of international reputation and holds the European record for distance in ski jumping, having jumped 203 feet at Klosters in 1915. He holds the Swiss championship for fancy ski-ing, including the "Telmark," the "Christiana," cross jumps, etc. He was instructor of ski-ing in the Swiss Army during the Great War. He was instructing at Lake Placid Club during the winter season of 1920-21. The upper illustration above C. B. Vasesha racing on his skis while in the lower picture one gets a good idea of the fine physique which winter sports have developed in the man.

Another interesting feature of winter sports in Quebec City this season is a young team of wolf-like huskies which have been brought from the far north of Canada for the entertainment of those visiting the ancient city.

LOCAL AND PERSONAL ITEMS

The funeral of the late Roy McCall, who died in a hospital in New Jersey on Saturday, Jan. 14, at 3 a.m., was held at his old home in Simcoe, Ontario. Mr. McCall was well and favorably known in Centreville and vicinity through the several vacations he spent in this place and by his genial disposition won a host of friends who will grieve with his relatives at his comparatively early death. The deceased was just 43 years of age, and took an active part during the four campaigns in South Africa in 1898 and 1899. Subsequently he took a course in McLean Hospital, Waverly, Mass., from which he graduated about 15 years ago. Since which time he has been engaged in the practice of his profession. About thirteen years ago he was married to Miss Alice Williamson of Centreville, a graduate of the above hospital, and who was with him at the time of his death. Besides his widow, he leaves a little daughter Alice, eight years of age. Much sympathy is felt and expressed for the bereaved in the loss of a kind and loving husband and father.

W. Knox of Carleton spent the week-end here assisting Evangelist Good in his campaign.

Mrs. Frances Gregg, widow of the late John Gregg, died at her home here on Wednesday morning last, after a few weeks' illness at the age of 76 years. The deceased was formerly Miss Frances Toms and was born in Tracey Mills where she lived until about fifteen years ago when she came to Centreville with her husband, since which time she has lived on Mill st.

She leaves to mourn one daughter, Mrs. Herbert Agnew, of this place and one grand daughter, Hilda Agnew, two brothers, James Toms of Knoxford and John Toms of Tracey Mills, and two sisters in the west. The funeral was held from her late home on Thursday afternoon, at which Rev. Hugh Miller officiated. Interment was made in the United Baptist cemetery.

The Ladies' Guild of the Episcopal church were entertained last Thursday by Mrs. Guy Thompson.

Mr. and Mrs. Herman Giberson of Bath were the guests last week of Mr. and Mrs. L. A. White.

The series of evangelistic services held in the U. B. church for the past three weeks came to an end on Sunday, the last service being held on that evening. Much interest was manifested throughout and a great deal of good was done for the cause. On Sunday morning at the river side a large gathering assembled to witness the rite of baptism administered to ten converts. Evangelist Good goes from here to Avondale to enter upon a similar series.

MRS. FRANCES E. GREGG

At Centreville on Tuesday, Jan. 17, in the 76th year of her age there passed away to her eternal rest, Frances E. Gregg, widow of John Gregg who predeceased her about four years ago. She was one of a family of twelve and this is the fifth brood.

Mrs. Gregg resided at Centreville and leaves to mourn, an only daughter, Mrs. Herbert Agnew, who with her husband had come to take care of her during her illness. Besides Mrs. Agnew, there are left to mourn, two brothers and five sisters: John Toms of Long Settlement and James Toms of Knoxford. Mrs. Charles Boyer of Florenceville and Mrs. Whitfield Elliott of Middle Simonds, as well as three others now living in Montreal.

Mrs. Gregg had been ill for some time but it was not until very recently that any anxiety was felt, but a week or two ago she took a turn for the worse and sank rapidly. During her illness she showed much patience and Christian fortitude, and was quite resigned to the will of the Master whenever the summons should come. To her it was but the breaking of the cable and a sailing away to the dearest haven, even to the "rest that remaineth to the people of God."

The funeral services were conducted by Rev. Hugh Miller who spoke from the passage, "Precious in the sight of the Lord is the death of His saints." He was assisted in the services Rev. H. R. Bell and the remains were laid to rest in the cemetery by the United Baptist church at Centreville amid a large company of sorrowing friends who had gathered in sympathy with the bereaved.

DANIEL B. SECORD

The death of Daniel Secord, at his home at Bath came as a great shock to his relatives and friends on Jan. 7. Although troubled with his heart for several weeks, he had been confined to his bed but a few days and recovery was still hoped for. His passing leaves a void in the community that cannot be filled easily, as he was an active worker in any cause for its good; a man of noble character with ever a good word and helping hand for his fellow men. Much sympathy is extended to the bereaved wife and little sons, and also to his brother, E. S. Secord.

**Appetite Good,
Gained 20 lbs.
Could Not Feel Better**

From a nervous wreck this man was restored to health, strength and happiness.

He tells his own story in this letter.

Mr. Ralph A. Roberts, Loverna, Sask., writes:

"In 1917 I had lost all appetite, failed 25 pounds in weight, became very nervous and shaky and in fact given up all hope of recovery. For some time I had suffered from constipation, which kept getting worse, until one fast becoming a total wreck. Doctors and their drugs were sending me to my grave at the age of 39."

"Then I read about people being restored by Dr. Chase's Medicine and after three months' use of Dr. Chase's Nerve Food and Kidney-Liver Pills I found that my bowels were restored to normal movement each day and the constipation was no more. I had a good appetite, had gained 20 pounds and could not feel better. I shall always be grateful for these benefits."
