SPECIAL SALE

.....OF.....

BLACK DRESS GOODS

.....ON.....

Thursday, Friday & Saturday

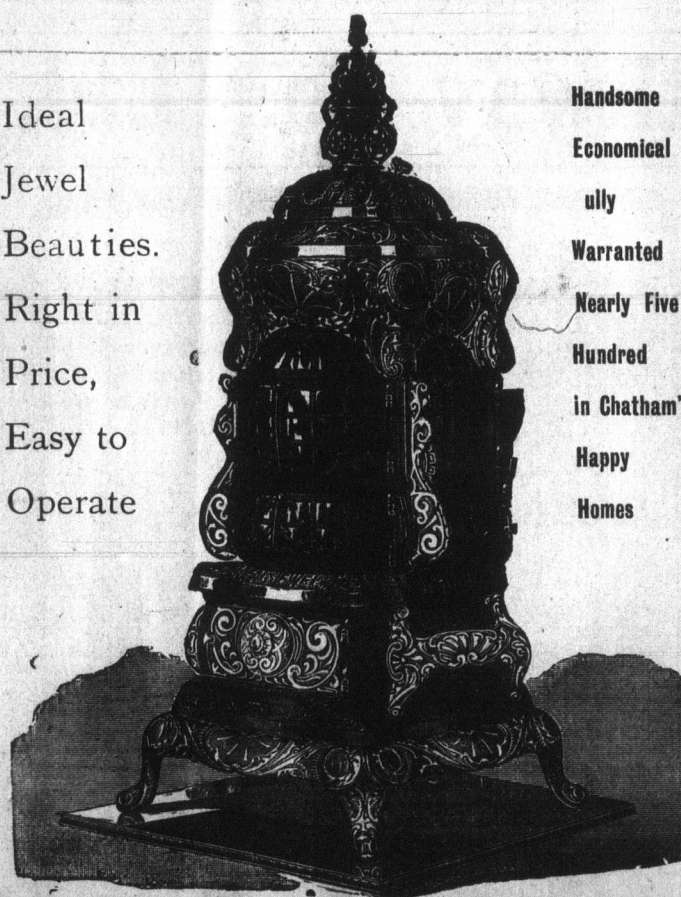

THESE will be three days given over to the display and sale, at special prices, of a large assortment of Black Dress Goods, in a variety of styles. No old goods in the lot, but all crisp, fresh, wanted materials, at a considerable saving, by buying them during the sale. Black Dress Goods are always stylish, and are perhaps more the vogue this season than for some time. Our Sale Prices, for the four lots, will be—

43c., 63c., 73c., 98c.

AT EACH of these prices we will show a big assortment of the fashionable weaves, including **Panama Cloth, Satin Cloth, Popelin, Armures, Venetian Cloths, and Chevots.** At each of the sale prices you will find nearly all of these makes represented. If you want a Black Dress for a Christmas Gift, or a Black Skirt, for every day wear—this sale will afford you an opportunity of purchasing them at much below regular prices. Remember, the reduced prices are good only on the "Sale Days."

WILL BE A GREAT TREAT

Program For The Mrs.
Cooper Benefit To-morrow
Night

TICKETS SELLING FAST

As has been announced in The Planet several times during the past few weeks, the benefit concert which will be given for Mrs. Cooper in the Brisco Opera House to-morrow night, will undoubtedly be the musical treat of the season, and it should be attended by a crowded house.

The different numbers on the program have been prepared with great care and judgment, by the committee who have had this work in hand, and they have been successful in securing nothing but the very best of talent.

Another interesting feature of the evening will be the excellent stage setting. Something out of the ordinary will be presented in this connection.

The tickets are going very fast, and from present appearances, standing room will be at a premium. On this account, people who are anxious to secure seats should act early. Those who have purchased tickets are warned to get them reserved at the earliest possible moment.

The following will be the program for the evening:

1. "Good Masters, if in Love ye be," Adams—Mr. Samuel Slade.
 2. (a) "Adoration," Borowski; (b) "Menuet I. and II. (Sixth Sonata)," Bach—Mrs. Laura Waples McMullen.
 3. Reading, selected—Miss May H. Walker.
 4. "Gypsy Maiden I," Parker—Miss Lottie Baier.
 5. Polowaise opus 40, Chopin—Mrs. Laura Waples McMullen.
 6. "See, 'tis the pale moon," Campbell—Miss Baier and Mr. Slade.
 7. "The Debating Society," Miss May H. Walker.
 8. (a) Sweet Miss Mary, (b) Little Old Woman, Neidlinger; (c) Dreams, Warren—Miss Lottie Baier.
 9. "The Soul of the Violin," Miss May Walker.
 10. "To Scenes of Peace Retiring," Mr. Samuel I. Slade.
 11. (a) Largo, Handel; (b) Le Cygne, Saint Saens—Mrs. McMullen.
- Miss Flossie Bogart, accompanist. God Save The King.

GRAY'S CHINA HALL

A GIRL IS KILLED

Daughter of Westminster Farmer Run
Down by Shunting Engine.

London, Nov. 28.—While on her way to school yesterday morning, Miss Eva Simpson, 16-year-old daughter of Mr. James Simpson, a farmer of Westminster, lost her life at the Colborne street crossing of the Grand Trunk, being struck by a shunting engine, which she did not notice approaching. Death was almost instantaneous. While driving south on Wellington street, George Jones, a married man, employed as teamster by the London Box Co., was struck by the Owen Sound express at 10.40 yesterday morning and received injuries which may yet prove to be very serious. He is now in Victoria Hospital.

Killed While Hunting.
Salisbury, N. B., Nov. 28.—Dennis Ayles, only son of Hillman Ayles, fell out of a tree yesterday while out hunting, caught the trigger of his gun in a bush, causing it to discharge. Ayles received the full contents in the head, scattering his brains about.

Boy's Frightful Death.
Port Arthur, Nov. 28.—Clifford Morin met a frightful death yesterday afternoon. He was driving a rig when his horse became frightened and the lad was thrown down, his head going between the wagon and the wheels. The rapidly revolving spokes inflicted injury after injury, until the boy's head was beaten to a jelly. The boy died a few minutes after.

Killed By Fall On Ice.
Fort William, Nov. 28.—William McCullough of Harbor Beach, Michigan, aged 21 years, a sailor on the steamer Abraham Stearn, fell from the rigging of his ship Tuesday, striking his head first on floating ice. He was instantly killed.

Shoots His Brother.
St. John, N.B., Nov. 28.—Miles Hawkins, a young man belonging to Douglas, York County, was shot by his young brother, who was playing with a rifle Tuesday night. The bullet went through his neck and lodged in the wall, barely missing several other members of the family. Hawkins was at the point of death last night.

Ledging House Holocaust.
St. Louis, Nov. 28.—The Light House Hotel, a three-story structure at the corner of Ninth and Market streets, utilized as a Salvation Army barracks, was damaged by fire early yesterday, when probably 500 homeless men were lodged within it. Six lost their lives and probably 35 were injured, about half that number being seriously hurt, some not being expected to live. Four were burned to death.

GUILD MEETS

Christ Church Senior Guild met at the home of Mrs. E. B. Northwood, Wellington street, Wednesday afternoon.

A very pleasant and profitable hour was spent by the ladies, planning for the distribution of Christmas cheer. The next meeting will not be held till the second week in January.

PRICES FOR NATURAL GAS

Council Meets the Company
And Receive A
Proposition

GUARANTEE FIVE YEARS

Quite an important joint committee meeting of the members of the City Council with the Chatham Gas Co. and the Symmes Natural Gas Co. was held in Harrison Hall yesterday afternoon. Those present were Messrs. Eugene Coste, J. G. Kerr, Phil. Coate, Judge Houston, Wm. Ball, Archie Park, John Morton, and all of the members of the City Council with the exception of Ald. Ben-

sen. The meeting was called at the instance of the Symmes Natural Gas Co., whose solicitor, Mr. Kerr, called up Ald. Scullard yesterday morning, and asked if he could arrange to have the Council meet with his company during the afternoon. Mr. Coate also rang up later, and requested that the Chatham Gas Co. also be allowed to make representations before the meeting.

The matter under consideration was the fixing of prices to be charged consumers of natural gas in Chatham, and the question was debated for nearly three hours before an agreement was arrived at. A resolution was finally drawn up and passed in committee, which in effect was as follows:

That the city give the privilege of opening up the streets on condition that natural gas be supplied to consumers at the following rates:

To consumers who use gas all year around for heating purposes, and, if desired, for heating and cooking purposes in connection, 25 cents per thousand feet all year around.

To consumers who use gas for either illuminating or cooking purposes, or for both purposes combined, 35 cents per thousand feet all year around.

To manufacturers using 250,000 feet or more per month, 15 cents per thousand feet.

The maximum price for metres not to exceed the present prices, and that the Gas Company supply metres at cost.

That these prices be guaranteed as the maximum prices for the next five years.

This morning Ald. Scullard instructed the city solicitor to draw up a by-law and an agreement to the above effect. This by-law will be taken up at the next regular meeting of the City Council.

"BONNIE BRIER BUSH"

Owing to the tremendous crowds the "Bonnie Brier Bush" always draws at Chatham, Manager Brisco has arranged for them to play Chatham two nights—Saturday and Monday next. Seats are now on sale for both nights.

Madrid, Nov. 28.—The Cabinet has resigned.
Peterboro, Nov. 28.—Harry McKewen lost his hand Tuesday. It was drawn between rollers of a machine in the Quaker Oats Co.'s mill.
Rome, Nov. 28.—King George of Greece, who has been visiting King Victor Emmanuel here, left Rome Tuesday for Greece by way of Brindisi.
Cleveland, Ohio, Nov. 28.—The body of a woman about 60 years of age who had evidently been murdered, was found lying in a creek near Euclid, a suburb, yesterday.

London, Nov. 28.—While performing a delicate operation at Cheltenham Tuesday night Dr. G. B. Ferguson, president of the British Medical Association, dropped dead.

Montreal, Nov. 28.—The C.P.R. has decided to employ Japanese on its main line trains. They will be in addition to present crews, and will see cars are kept clean of rubbish, etc.

Berlin, Nov. 28.—A "Robur" factory, near Witten, Westphalia, exploded last evening and was wiped from the face of the earth. Many persons were killed, but the exact number cannot yet be ascertained. People say it is far above 50. About 100 persons were wounded and already have been conveyed to hospitals.

Toronto, Nov. 28.—Three firemen seriously affected by inhaling poisonous smoke, and a property loss of about \$45,000 resulted from a dangerous fire last night, which burned out the greater part of the upper two-floors of the premises of the United Factors Limited, 80 York street. Stewart & Wood and the Crompton Corset Co. are also sufferers.

AN IMPORTANT DEAL

An important newspaper deal was made last evening, when Messrs. Leslie Myland and Harry Colville, of this city, purchased the Wallaceburg Herald-Record from Mr. Leonard, the former owner. The new proprietors are good, practical men and the Herald-Record is a good paper, so that the deal will no doubt be a most satisfactory and profitable one.

Mr. Colville came to Chatham from Dresden, where he was engaged for a number of years on the Dresden Times. He has lived in the Maple City for a number of years, and is highly respected here. He is at present employed on The Planet "Ad." staff. Mr. Myland is also a capable printer and is also employed in The Planet office. Mr. Myland has had experience in the Art Presservative outside of the Maple City, having been employed for some time in Detroit, Port Huron and, more recently, in Toronto. Both are practical men of wide experience, and they will be a valuable acquisition to the town of Wallaceburg. The many friends in this city wish them the unbounded success they deserve in their new venture.

MR. CLEMENTS' SPEECH.

The London Free Press, in commenting on the recent speech made in the Dominion Parliament by Herbert S. Clements, the capable young member for West Kent, has the following to say. The speech is one worthy of consideration by every elector of this county, and in it he strikes the keynote to the great needs of the agriculturists of this section of the country:

"Mr. Clements, the member for West Kent, made a rattling good speech in the House of Commons on Monday on the needs of that part of Western Ontario. The promising oil territory should, he said, receive some consideration from the Government. Assistance was required for its development, while care should be taken that the American capitalists who come into this field of speculation, being driven out of Ohio by the oil combination there, should not get an invidious control.

"Mr. Clements followed up his efforts of last year by a strong appeal for Government attention to the mouth of the River Thames. He had asked the Government to send an engineer into that section of the country to ascertain how the annual damage could be obviated. Both in Chatham and the townships below thousands of dollars' worth of damage had been done by reason of the annual floods. This is a matter which, Mr. Clements said, demanded attention from the Government. He suggested that a large sluice should be constructed, from Chatham to Lake Erie, a distance of fourteen miles, to overcome the difficulty.

"The protection of the farming interest and especially the tobacco culture in which the county of Kent was deeply concerned, received able treatment at the hands of the wide-awake member for West Kent. There was no reason, he contended, why under an adequate protective system, the \$5,000,000 pounds of leaf now annually imported from the other side could not be grown in this country."

"I am in hell. Every day, every hour, every minute of my life I am in hell," wails Paul O. Stensland, who wrecked a Chicago bank, from his cell in Joliet penitentiary. We have not yet heard from the depositor ruined by Stensland's thefts. Many of them are, no doubt, experiencing a sort of hell on earth since they were reduced to poverty by this whining convict.—St. Thomas Times.

A very ugly feature of the Hamilton affair is the appearance as the chief instigator and leader of the riot of an American agitator under the orders of a chief agitator on the other side of the line. What right have these men to be throwing their firebrands into a home of Canadian industry and filling with lawlessness and outrage a Canadian city? They are members of the Labor party in the United States, which upholds the Alien Labor law and excludes the Canadian workmen from the great markets of this continent. Our unhappy labor disputes have given birth to a set of agitators who subsist by industrial war, with the leadership of which, if they can combine political influence and votes, they may look to political advancement. About the trouble and loss they may bring on Canada such men care not a straw.—Bystander (Prof. Goldwin Smith) in Toronto Sun.

Cause And Cure Of Piles

WHY PILEANS ARE SO SUCCESSFUL.

Why is it that Pileans are so effective in the cure of piles? Because they don't waste time on symptoms, but get back to the real root cause! Nature has provided that the liver shall secrete a substance which, operating on the intestines, shall prevent the congestion which causes piles. Pileans do not merely soothe the congested veins. They act on the liver cells, enable them to start their work and then the agony of piles disappears as does a river flood when the ice jam is removed.

Mr. Thos. Plunkett, of 472 Manning avenue, Toronto, says: "For three or four years I suffered from constipation and piles. I also had severe headaches. All sorts of remedies were recommended to me but I tried them in vain. Pileans were very different, however. From first trying them I found benefit, and now if anybody wishes to know anything about Pileans I will be glad to tell them how superior they are."

Why superior? Because most remedies merely get at the external symptoms. Pileans go back to the cause. Same reasoning applies to their certain cure of all liver ailments, indigestion, headache, constipation, female ailments, anaemia, debility, etc. Druggists and stores sell at 50c a box, or from the Bilean Co., Toronto, upon receipt of price, six boxes for \$2.50.

MEDALS FOR GRADUATES AT THE CENTRAL SCHOOL

Very Successful And Enjoyable Function Held Last Evening—Splendid Program Provided By The Pupils Of The School

The doors of the Central School last night were thrown wide to parents and other visitors—the occasion was the Graduation Exercises of the class of 1906. And every visitor was made to feel welcome and at home, as only the principal and staff of that school know how. The many kindly compliments—quiet but sincere words of praise and congratulation—afterwards passed to Mr. Plewes—were symbolic of the deep appreciation felt by the visitors. These words were merited, for notwithstanding its reputation for excellence in the past, the Central School this time outdid the Central School. It was the nicety with which all passed off that pleased.

The exercises were held in the lower assembly hall, which was tastefully decorated with palms, ferns and flowers for the occasion. Previous to the program proper being taken up, the grown-ups present participated in a guessing contest. Pictures, along with certain letters of the alphabet, were placed on the walls; each one representing a graduate's name. The prizes—two boxes of candy—were won by Mesdames (Dr.) C. R. Charteris and D. McLaughlin, who, respectively, guessed the largest number of names.

In the absence of Chairman Paxton, who was unavoidably detained from being present, Trustee Wm. Somerville presided over the evening's proceedings. Mr. Somerville made a few short opening remarks. He was grateful for the honor done him in asking him to be chairman over this important program. He was proud, as he felt no doubt, every person present was of the present flourishing conditions so evident at the Central School. He spoke of the improvements which had been made and the general satisfaction which was felt with the principal and staff, to whom he wished to tender his congratulations.

Following the chairman's address the song "Maple Land" was sung in most acceptable style by the Central Sixty-Sevens. Fred. Stone was called upon to present the prizes to the medallists, a function which he proved himself quite duly fitted to perform. The gallant captain favored each of the young lady medallists with a kiss—an example which he warned those scheduled to present the certificates, not to emulate. Mr. Stone made a few remarks reminiscent of the days when he went to school, when he said that the pupils had not the advantages of modern times. Now, however, Chatham had a school of which her people might be proud, the Central School was second to none. It was magnificently equipped and magnificently managed. He concluded with a few words of advice to the medallists, and congratulated them on their success.

The medals were distributed as follows:

The A. H. von Gunten medal, for head pupil at H. S. entrance, won by Ross Taylor.

The Dr. Cornell medal, for head pupil in grade seven, won by Mary Scanlon.

The Mrs. W. A. Hildy medal, for head pupil in grade six, won by Edith Bullis.

The T. W. Poile medal, for art, won by George Mann.

The Dr. McKeough medal, for nature study, won by Inez Roach.

The piano solo by Jean McLaughlin, and the recitation by Laura Allen, which were next on the program, elicited much applause.

Mr. George W. Sulman was greeted with quite a flattering round of applause when he came forward to present the certificates to the girl graduates. Mr. Sulman said he wished to express his appreciation to Mr. Plewes for the honor he had done him in asking him to act on this occasion. To present these certificates in any school would be an honor, but it was all the more so to be called upon to present them in the Central School, which he said was known far and wide as the leading institution of its kind in the province. Much of its enviable reputation was due to Mr. Plewes and his excellent staff. Mr. Plewes, he took occasion to remark, was appreciated for his ability all over the province, as his recent election to the advisory council of education amply proved. The speaker reminded the graduates that the passing of the entrance exams, marked a great epoch in the pupil's career, but that they must not tire of well-doing, but continue to strive for the further honors of life.

A pleasing feature of the evening's proceedings next took place, when two of her pupils—Laura Allen and Essie Stone—presented Miss Hillman with a set of books and an address. Miss Hillman made an apt and feeling reply, thanking her pupils for the honor they had done her.

Dr. G. T. McKeough was called away hurriedly on urgent professional business last evening, and therefore was unable to be present to present the boy graduates with their certificates. Mr. Collins, of the C. C. I., acted in the doctor's stead. Mr. Collins also made many complimentary remarks about the present excellent equipment of the Central School building, but he reminded the graduates that they would not find things so fine at the Collegiate. He cut his address short with the jocular remark that the boys would hear

PRINCIPAL J. W. PLEWES,
Who Capably Managed the Evening's Entertainment.

A WOMAN'S BACK WAS NOT MADE TO ACHE.

Thousands of Women suffer Un-
told Misery Every Day
With Aching Backs That Really have
no Business to Ache.

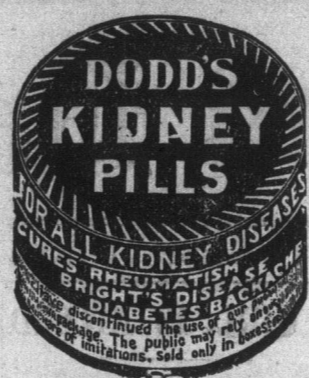

Under ordinary conditions it ought to be strong and ready to bear the burdens of life. It is hard to do housework with an aching back. Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause.

But they can't help it. If more work is put on them than they can stand it is not to be wondered that they get out of order. Backache is simply a warning from the kidneys and should be attended to immediately so as to avoid years of terrible suffering from kidney trouble.

Doan's Kidney Pills

will cure you in the same way as they have cured thousands of others.
Mrs. Thos. Craig, Almonte, Ont., writes: "I was doctored for six months for kidney trouble and my back was so lame I had to lie in bed. I was advised to try Doan's Kidney Pills. I did so and in one week I was able to walk with very little pain, and in five months my back was as strong as ever."

Doan's Kidney Pills are 50 cents per box or 3 boxes for \$1.25 at all dealers, or will be mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

JUST A LITTLE BIT OFF THE TOP

How would it be to elect Sulman by acclamation?

The two candidates for Mayor have publicly announced themselves. Be a good idea for the aldermanic aspirants to fall in line.

The local Liberal party are apparently having a lot of bad luck trying to hunt up somebody to run against Sulman.

It's getting high time that some good live material cropped up for that new Board of Education.

Hamilton policemen have not had any sleep since the strike has been on. Think how the bakeries must miss 'em these evenings.

It will pay you to read the editorials on busy merchants are writing these days about their Christmas goods.

Seeing that the bye-election will not take place before Christmas, the voters up in London will have to strike their holiday shopping estimates \$10 less than they might otherwise have been.

Over in Germany the other day they fined a man for not cheering for the Kaiser. Next thing we may expect to hear is that the Kaiser is sending out search warrants for those citizens who refuse to lay awake at nights and think good things about him.

Col. Denison is becoming impressed with the fact that quelling a strike in Hamilton is next best thing to being a grand duke in Russia.

GREAT DISTRESS IN HER THROAT

Not an uncommon experience was that of Mrs. H. S. Wilson, of Shaler, N. S. Doctors failed, still a quick cure was found in Catarrhazone. Notice this statement: "I have been a most dreadful sufferer from bronchial trouble and catarrh. On damp days I would hawk and suffer great distress in my throat. I used all kinds of medicines, but didn't get permanent relief till I used Catarrhazone. It has strengthened my throat, cured my cough and made me entirely well." Refuse substitutes for the one reliable bronchial and throat cure. All dealers sell Catarrhazone in 25c and \$1 sizes.

SHOPPING

JUST when this question is vexing prudent women, we stress the superiority of this store. It's not our habit to do hurrah advertising—featuring bargains that are not bargains. However, we write you to prove that our values straightforwardly quoted, mean infinitely more than the loudly hurrahed "specials" encountered at some places.

It's cheap prices you're wanting, regardless of quality, this store won't suit you. No shoddy stuffs here. If you want the finest products of reputable manufacturers making only the most faultless and high-grade fabrics, wearables, etc., at prices which cannot with profit be figured lower anywhere—this is THE shopping place above all others for you.

There's no such thing as a bargain in CHEAP goods—they're costly at any price, as thousands of women have learned to their sorrow.

Pennies saved on little articles, and Dollars saved on big ones, foot up in a week or month to a tidy little sum.

It pays in the long run to count the pennies—to make every dollar go its full length—to get the biggest possible value for every hundred cents.

You'll find us specialists in helping you to save pennies and dollars.

NOTE our Prices as they are quoted from time to time—avail of them—and we'll guarantee that all your shopping will result in perfect satisfaction.

Household Hints For Women

A Column Specially Prepared By The Planet For
The Busy Housewives of Chatham and Vicinity.

Preparing The Christmas Turkey.

All poultry should be dressed as soon as killed. The feathers come out more easily when the fowl is warm, and when it is killed off toward the head. If the skin be very discolored, it is better to do this before the bird has been cut. The drumstick of a turkey is greatly improved by removing the tendons, as they always become hard and bony in baking. Cut carefully through the skin below the leg joint, but do not cut the tendons; bend the leg at the cut by pressing it on the edge of the table and break off the bone. Then pull out the tendons, one at a time, with the fingers; or all at once by putting the foot of the fowl against the easing of a door that opens toward you, then pressing the door hard against the foot, and pulling on the leg. The tendons will come out attached to the foot, but if they are once cut they can never be removed. There is an advantage in breaking the leg below instead of at the joint, as the ends of the leg afford more length for trussing, and after roasting, this is easily broken off, leaving a clean, unburned joint for the table.

Cut off the head. Slip the skin back from the neck, and cut the neck off half way down, or else close to the body if you prefer, but always leave the skin longer than the neck so that it may be folded over on the back. Remove the wind pipe and the skin over; pull the crop away from the neck and breast and cut it off close to the body. If the bird be not drawn at the market, make a circular cut around the vent to free the end of the intestine. Cut out the oil bag in the tail. Make a horizontal incision through the skin one inch above the vent, and wide enough to insert two fingers. Keep the fingers close to the breast bone until you can reach in beyond the gizzard and heart, and can loosen the membranes on either side down toward the back. Then draw out the whole mass and afterward remove the lungs which lie close to the ribs and the soft brown kidneys found in the hollow of the back.

Have a large piece of brown paper under the bird to protect the table, and gather the waste up in the paper and put it into the fire. Wash the bird quickly in warm soda water and then in cold water and wipe dry. Washing does not mean soaking in a pan of water, but a quick rubbing all over and rinsing.

Place the fowl in a deep bowl and put in the stuffing at the end of the neck until the breast is filled round and plump. Draw the neck skin together at the end and sew it over on the back. Put the remainder of the stuffing into the body at the opening. Use enough to fill in lightly.

The best and most wholesome stuffing is made by crumbling the soft inside of a loaf of stale bread, moisten the crumbs slightly with melted butter, and season with salt, pepper, and slightly with thyme. The steam from the fowl will furnish sufficient moisture, and the stuffing will be light and delicate instead of soggy, rank, and heavy.

Draw the thighs close to the body and put a long skewer through the thigh into the body and out through the opposite thigh. If the incision be made as directed, the ends of the drumsticks may be put through the opening and out at the vent, and then fastened to the tail with a skewer or with wire, but, if made in the usual way, across the tips of the wings back and keep them in position close to the body—not up on the breast—by running a skewer through one wing, under the breast, and out through the other wing. Wind a string from the tail to the skewer in the thigh, then up the back to the one in the wing, across the back to the other wing, then down to the opposite thigh and tie firmly at the tail.

Put the turkey on a rack in a pan, rub well with butter, salt and pepper. Put the nice pieces of turkey fat on the breast.

ROASTING THE TURKEY.

Put it into a hot oven for five minutes or until the flour begins to color; then reduce the heat and add a pint of water. Melt one-quarter of a cupful of butter in a cupful of hot water, and baste with it often, until some of the fat of the turkey has been drawn out into the pan; or spread a piece of clean paper with soft butter and lay it over the turkey. When the paper is dry and brown lay on another piece, and when this is dry baste with the dripping and add more water as it boils away. Baste often, and when half done dredge again with flour, to give the outside a frothy appearance. Cook the turkey slowly after the first slight browning, and quicken the fire the last half hour if the bird be not sufficiently browned. An eight or ten pound turkey will cook in two or three hours. It is done if the thigh seems tender when pierced with a small fork, and appears as if it would separate from the body.

LETTERS

SAN JOSE SCALE.

To the Editor of The Planet:

Kindly permit me space to make a few remarks on the above subject. In the first place I consider that the thanks of the public are due to Mr. Boles for the numerous letters he has addressed to them through your columns, as well as to yourself for editorial remarks on the matter, and although I regret that I cannot coincide with the views advanced by both of you as regards the case with which this most terrible pest can be exterminated, viz., by simply spraying, still it is by discussion that we shall arrive at a solution of the matter. In the first place this scale is the most fearful curse that has come upon the country, and its extermination is utter impossibility. And the only hope we have in spraying is simply to act as a check. For instance, in spraying a large tree, badly infested, as thorough as possible, there are bound to be hundreds, and perhaps thousands, left untouched. Now that the public may fully understand what that means, I may state that the progeny of a single pair during their breeding season from the latter part of May until about the 15th of October, exceeds one billion. Mr. Boles has of late commended us to spray the California remedy, viz., sulphur, salt and lime. Now this remedy is expensive and requires an expert to make it right, as it is useless, and again it is fearful stuff to handle, and very destructive to machinery, and certainly the hand spray pumps would be of no use in applying such stuff. The Government should take the matter up of testing the various remedies now before the public, and when one is found that is cheap and effective, furnish it to fruit growers at cost. The C. F. Association last spring purchased \$35 worth of a much lauded remedy, and which was applied by one of our power sprayers to the orchards of those members to the east and south of Chatham. After all of that expense the owners of those orchards do not consider that they received a particle of benefit. You may now, Mr. Editor, have a slight conception of what we are up against. I fully agree with what Mr. Boles recommends in regard to topping off and otherwise reduce the size of trees before spraying. After all that can be done by individuals here and there to stem this pest, it will be of no use unless the Government immediately comes to our assistance and has power sprayers, as it at the best could only do a few orchards. We would require several dozen power sprayers to do any profitable good. By passing a most stringent law modeled after that of Oregon, and then compel every township council to appoint an inspector to enforce the law, Mr. McCoig favors compensation to the owners of trees destroyed. That might be a nice election cry, but an absurd thing to put into practice, as it would cost an enormous sum and would be putting money into the pockets of men utterly unfitted by nature to take care of an orchard, consequently about nine-tenths of the orchards in this country have either grown wild or have been so mis-managed as to be at the present time a curse to their owners and a serious menace to the welfare of this country. In conclusion, Mr. Editor, I make the following assertion, and I defy successful contradiction: That unless the Government is prepared to compel the destruction of all useless fruit trees as well as all orchards that are beyond being successfully sprayed, the fruit industry of this country is doomed. With your kind permission I will shortly take up the subject of fighting the scale with moth and other pests by means of parasites, and will also reply to the letter in your last issue from Mr. Elliott.

MILTON BACKUS.

Raleigh, Nov. 23, 1906.

NEARING COMPLETION

The new market front building is rapidly nearing completion. The brickwork has been finished with the exception of a small portion of the pointing, and the partitions have been put up and lathed. The plasterers are now at work in the downstairs portion of the building. Contractor Gallagher said this morning that the butchers' stalls would be ready for occupation by the latter end of next week. The construction of the tower will be commenced to-morrow.

PRODUCE FAMINE

The result of the bad state of the country roads is being felt by the local grain and produce dealers, and the demand lately has been much in excess of supply.

Mr. J. B. Stringer, of the firm of Stringer & Co., told a Planet reporter this morning that the local oat, barley and corn market is at present almost at a standstill on account of the bad country roads.

"There is a big demand for shipment at present," he said, "and for local consumption we have had to depend on the supply of grains in store."

The lively men and others who keep horses are suffering most. Hay is commanding as high as \$13 a ton, and is hard to get even at that price.

MR. POPE'S CHARGE.

Judgeships For Sale to the Highest Bidder in British Columbia. Nelson, B.C., Nov. 23.—Mr. Rufus H. Pope, ex-M.P. for Compton, Que., addressed a local gathering of Conservatives, and attacked vigorously the Liberal Administration. He declared that he had learned on reaching British Columbia that the judgeship vacant by Judge Duff's promotion was for sale for \$7,000, adding: "It is hard enough for the ordinary man to get justice these days, what with lawyers and juries, but we should not have judges on the Bench who have paid to get there." The statement has made quite a sensation here.

Curling Fluid.

This will make a satisfactory curling fluid. But it has, like all other so called curlers, to be repeated whenever necessary. Dry salts of tartar (carbonate of potash), one dram; cochineal (powdered), one and a half drams; liquor of ammonia, essence of rose, one dram each; glycerin, one-quarter ounce; rectified spirit, one and a half ounces; distilled water, eighteen ounces. Let the mixture digest, with frequent stirring, for a week and then filter. Moisten the hair with the lotion when dressing. The effect will occur as the hair dries.

LAURIER AND HOME RULE.

Says He Has Advocated It In Parliament For 20 Years.

London, Nov. 23.—(C. A. P.)—Sir Wilfrid Laurier acknowledges a tale of home rule sent to the Irish party on the occasion of the T. P. O'Connor banquet. He says: "Whilst I deeply appreciate your courtesy I am bound to say I deserve no thanks, as I only repeated what I have always been advocating on the floor of the Canadian Parliament for nearly 20 years."

MADE FROM NATIVE ROOTS. SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that he might do the work and let him hunt. Therefore, he dug "papoose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine. It is curing all the various weaknesses and painful derangements peculiar to women. Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefits in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines put up for sale through druggists for women's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" comes in store, bottle, or in a small box, forming drams. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, school, or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

Rev. Mr. and Mrs. Irwin, Thameville, Will Entertain Their Choir—Tea Meeting Proceeds

From Our Own Correspondent.

Thameville, Nov. 28.—Miss Winnifred Edwards, accompanied by little Mary Mayhew, went to Detroit today.

A number from here go to Detroit this week for Thanksgiving. Mrs. Coates and Miss Merle Coates are attending a birthday party in Chatham, given for Miss Verlyn Lamont.

The proceeds of the tea meeting at St. James Presbyterian church were beyond expectations—\$100 being taken at the door, besides tickets sold. On Sunday, \$150 was realized. George Watts is making a business trip to points east.

Invitations are out for an At Home at the parsonage Friday night, Nov. 30, when Rev. and Mrs. Irwin will entertain the officials and members of the choir of the Methodist church of Thameville and Botany.

Edward Stanton, who has been visiting his aunts, the Misses Davies, will spend Thanksgiving at his home in Detroit.

Capt. Post's Tug Arrives At The Eau-Daniel Rumble Dead

From Our Own Correspondent.

Blenheim, Nov. 27.—Mrs. Metcalf, of Chicago, is visiting her mother and sister, Mrs. S. Tedford and Mrs. F. McLean.

The second of the jubilee services to be held in all Anglican churches in the Diocese of Huron until October, 1907, was held on Sunday in Trinity church.

Miss Gertrude Johnson, of Tilbury, is visiting her father, Mr. C. Johnson.

The Ladies Aid of the Presbyterian church are making great preparations for the supper and entertainment on Friday evening.

The funeral services of the late Charles Reynolds will be held on Wednesday at 1:30 p.m. The service will be conducted in the Baptist church by Rev. G. W. Ray.

Mr. and Mrs. Eric Tremblay expect to leave Blenheim this week. Jack Clarke leaves on Wednesday for Windsor to visit his sister, Mrs. G. F. Morley.

Word was received here yesterday afternoon from London of the death of Mr. Daniel Rumble, who was formerly a well known resident of this town.

The tug Thistle, owned by Capt. Post, arrived at Erieau this morning. On account of the storm she was detained on the American side. Fears were entertained for a few days that she had not weathered the storm. Mr. Trimble, of Amherstburg, was a Blenheim visitor on Thursday and Friday last.

Miss Josephine Haggart, who has been visiting at Mr. and Mrs. J. W. Shillington's for some time, left on Saturday for Windsor to join her sister.

On Sunday, Nov. 25th, the wife of H. M. Winters of a son.

TILBURY

Tilbury, Nov. 27.—Miss Grace Lockerie, of Detroit, is the guest of her cousin, Miss Minnie Bartley. Mrs. Thos. Jackson, of Tilbury North, leaves today to visit relatives in Detroit.

Mrs. Chas. Johnson returns today from a month's visit with relatives at Port Rowan.

The dance given by the Tilbury Assembly Club in Anderson Hall last evening proved a most successful affair. Except the music was furnished by John Smith, of Chatham. Guests were present from Detroit, Comber, Chatham and Merlin.

Misses Mary and Lily Jardine leave today for New York, where the latter will enter the Mount Sinai Training School there, to take up the profession of nursing.

Miss Edith Bell, of Merlin, is the guest of Miss Minnie Richardson.

CARS RUNNING; NO DISORDER

Hamilton Aldermanic Committee Have Hopes Of Peace

Hamilton, Nov. 29.—The street car strike is not settled yet, but negotiations are still on, and the aldermanic committee, consisting of Ald. Stewart, McLeod, Clark and Findlay, have hopes of bringing about peace this morning.

They have been trying to get the union to make an unconditional reference to the Ontario railway board of the whole trouble. The union has always imposed the conditions that all the men must be taken back at once, while the arbitration is on. Yesterday it waived that condition, but imposed a new one. What the new one is no one will say, but it is not acceptable to the company.

Cars Not Molested.
In view of the fact that negotiations were in progress, Mayor Biggar requested Col. Gibson to take the cars in. He refused and kept the cars out until 9 o'clock. They were not molested, and although there was a big squad of police in reserve, with batons and revolvers, and the soldiers, who have been served with ball cartridge, were kept ready for trouble, there was not the least trouble of any kind.

Four rioting cases were heard at the police court yesterday afternoon, in each case the prisoner was acquitted. They are: Merritt Roy, 137 South John street; John Swallow, 143 Grant avenue; Fred Fisher, Buffalo, and Henry Hoyle, 61 Vine street.

The company operated only four cars on the East King street route last night.

The city council met yesterday afternoon, but the only reference made to the street cars was a question of Ald. Findlay as to whether the council intended to ask the company to name a price for its system.

Ald. Stewart replied that he would introduce a motion to that effect at the next meeting of the council.

Sympathizers Sentenced.
The police court had another all-day session yesterday on the rioting cases. Thomas Garrett, 446 Mary street, was the only one who trusted himself in the hands of the magistrate, and he got two years for throwing stones at a car and at soldiers Tuesday afternoon. In passing sentence, the magistrate said that thousands of citizens, and even the bench, sympathized with the strikers, but throwing stones was no way to show sympathy.

The following were discharged: Newton Mathews, 30 Cheever street; Geo. Phillips, 75 North Wentworth street; Thomas Wilson, 137 Princess street; Cecil Smith, 296 North Victoria avenue; Joseph Carson, 9 North Hess street, and Thomas Champ, 29 Steven street.

Alex. Thompson, 281 North John street, was committed for trial on the charge of assaulting Sgt. Finch, and Joseph Sherrier, 39 East Stuart street, on the charge of riotous conduct.

A BROAD STATEMENT.

This announcement is made without any qualifications. Hem-Roid is the one preparation in the world that guarantees it.

Dr. Leonard's Hem-Roid will cure any case of Piles. It is in the form of a tablet.

It is the only Pile remedy used internally.

It is impossible to cure an established case of Piles with ointments, suppositories, injections, or outward appliances.

A guarantee is issued with every package of Dr. Leonard's Hem-Roid, which contains a month's treatment.

Go and talk to your druggist about it.

NEW LOT JUST IN.

The "Austin" Winter Overcoats at \$10 to \$15, for men, represents the best value ever offered. A bold statement, indeed, but one that is backed up by a clothing organization as nearly perfect as years of experience can make it. The fact that others besides ourselves think so, vouched for by the struggle we've been having to keep sufficient of these lines on hand this season. BUT to-day we are ready to care for all comers with these splendid Coats.

At \$10.00.—Handsome made of all wool Oxford Meltons and plain black Beavers, and fancy Tweeds, for which there has been such an unprecedented demand this season. Made with broad shoulders, deep vents, raised or flat seams. A most attractive Overcoat at this price.

At \$15.00.—More of the stylish long Overcoats for which the young men are looking for this season and of which we alone have been able to secure ample supply. They are 48 to 50 of plain Oxford Meltons, Black Beavers and Meltons, long loose backs and the close form fitting styles, broad shoulders and deep vents, full range, sizes 34 to 44.

CAR STRIKE
IS STILL ON

Strikers Won't Leave
Question To Ontario Rail-
way Board

TURN DOWN THE OFFER

Hamilton, Nov. 28.—Everything passed off peacefully last night, the cars being taken in about 6 o'clock. Peace negotiations are dragging along slowly. Ald. Stewart, MacLeod, Clarke and Findlay are trying to get the union and the company together again on arbitration. The company will consent to make an unconditional reference to all matters in dispute to the Ontario Railway and Municipal Board, and though the union refused that before, the aldermen think the men would get a fair deal from the board.

Will Have to Meet Again. They had a conference with W. D. Mahon, Fred Fay and the executive last evening. The union explained its position to the aldermen, who then waited upon the company. They will not give out any information about their conferences further than to say that the aldermen and the union officials will have another session today. The men will make an unconditional reference of the subject to almost any arbitrators other than the board. Efforts are being made to get them to accept the board. As yet little impression has been made upon them in this respect.

Mayor Sigler's Letter. The company received the following letter from Mayor Biggar yesterday: "I have been assured by a deputation of aldermen who have just returned from an interview with Mr. Mahon, that he is desirous of having a little time given him to afford an investigation by him into the present troubles. Mr. Mahon arrived in the city at 3 o'clock to-day, and he and the executive have actively taken the matter up and hope to be in a position to state to us some time to-night whether or not there is any probability of a settlement being arranged by negotiations. The aldermen state that they stated to him that it would be on the basis of an unconditional reference to the Railway Board, which the company has always expressed its willingness to agree to, and they are desirous of further considering that. In view of this I would be glad if you would not operate the cars to-night."

Yours very truly,
"G. D. Sigler"
Rioters in Court. Another arrest was made yesterday afternoon as a result of Saturday night's riot. During the trouble the soldiers made a raid on a Greek candy store on East King street, and threw everybody, even to the piano-player, out on the street. The piano-player, J. B. Kerr, was prodded on the mouth with a bayonet and arrested on the spot. Yesterday afternoon, the proprietor of the store, John Seamen, was arrested, charged with assaulting one of the color-sergeants.

The police court ground all day in connection with the arrests Saturday night. At the morning session, Arthur King, a Tammany Tiger, charged with rioting, was released. Archie Fair, 78 East Murray street, was committed for trial. James Moran was also committed on the charge of rioting.

No Blank Cartridges. The soldiers have been served with ball cartridges, and Lieut. Col. Hemming, who is now in command, has given out an official notice that if the soldiers are called again to deal with a riot they will not use any blank cartridges, and will not shoot over the heads of the crowds, but right into them.

The street railway is willing to withdraw the night cars if the aldermen will sign an agreement absolving them from all legal liability. The aldermen have not seen their way clear to do that yet.

T. & N. O. RY. EARNINGS.

For September They Totaled \$43,428,
With Expenses \$31,816.

Toronto, Nov. 28.—September earnings on the T. & N. O. were \$43,428, and the expenses \$31,816, leaving \$11,612 net earnings. The percentage of operating expenses is thus 73.03, about 2 per cent. above normal. The total earnings for the year up to Sept. 30 were \$388,300, and the expenses \$243,789, leaving net \$144,511. Last year the net amount for the same period was \$71,342.

The train mileage for 1906 so far has been 23,244, as against 12,630 last year. Part of the increase comes from the extension of the road to Englehart.

A Record Mail Run. Montreal, Nov. 28.—The overseas mail, which arrived on the Empress of Ireland at St. John last Friday, arrived at Vancouver at 8:08 yesterday morning, having made the run from St. John to Vancouver in 78 hours, having made up 14 hours of lost time in the run across the continent. This establishes a new record across the continent from St. John to Vancouver, and also from Montreal to Vancouver.

Had \$70,000 Ready to Bribe. Pittsburgh, Nov. 28.—City Councilman W. A. Martin, charged with bribery in connection with the alleged tube city railroad franchise scandal, was arrested yesterday and locked up with C. S. Cameron, president of the Tube City Railroad Co. Later the two men were released on furnishing \$10,000 bonds each. It was learned by detectives that the sum of \$70,000 was to be used to bribe aldermen.

THE COAL FAMINE.

Eighteen Cars Sent From Winnipeg to Help Relieve Famine.

Winnipeg, Nov. 27.—Hon. Walter Scott and Hon. H. Motherwell arrived in the city last night and are arranging with the C.P.R. to send immediately fuel throughout Saskatchewan to relieve the needs of the west.

Eighteen cars were sent out yesterday to relieve the situation, which the Premier describes as desperate. In 41 towns out of 54 there is absolutely no coal, while in the whole province, there is, said Mr. Scott, only six hundred tons, while there is needed up to January fully 35,000 tons. There is already great suffering at many points.

LIKE A THIEF IN THE NIGHT.

That's how pain comes. We sit near an open window, get stiff neck or sore back. Perhaps cool off too quickly after exertion—rheumatism develops.

Spend what you may, but money can't buy anything better than Polson's Nervine. Its penetrating power enables it to reach deep tissues—that's why it cures aches that all else can't touch. For outward application we guarantee five times more strength than in any other liniment. Inwardly it's harmless and as sure as the hereafter to ease at once. Don't accept a substitute for Polson's Nervine, which is the one great household panacea of today.

What Surprised Him.
The minister of a certain church was greatly exercised by the drowsy habits of his people. Taking them to task on this score on Sunday afternoon, he remarked: "I see a great many of you overcome with sleep. I do not wonder at it, for the weather is oppressive, your work is hard and many of you have come a long way. Therefore," he added, "I am not surprised to see many of you asleep, but what surprises me is to see many sleeping who have had such a comfortable sleep here in the morning."—Pearson's Weekly.

OH, FOR A CLEAR COMPLEXION!

A clear complexion is the outward evidence of inward cleanliness. In bad health the face becomes a sign-board, telling of disease within. If yellow, bile is not properly secreted; if pallid, the kidneys are faulty; if skin is murky and dark circles beneath the eyes, look for constipation. Whatever the cause, no remedy compares with Dr. Hamilton's Pills, which are mild, safe, purifying and vitalizing in their action. They give a marvelous rosy tint to the cheeks, brighten the eyes and establish health that defies age and disease. Sold everywhere in 25c. boxes.

The Dresser Drawer.

The girl who throws everything in a mix-up jumble in her dresser drawer is paying dearly for her lack of care, for it is like throwing money out of the window to fail to keep one's dress accessories as neat and nice as they possibly can be kept. Anyway, the mere desire to keep oneself and one's belongings neat and tidy should be a sufficient incentive for these small attentions.

THIS TONIC BUILDS UP.

Many medicines stimulate, break down, leave you worse than ever. Ferronine is different—it's a blood-former, a nerve-strengthening, a body builder. Pale anaemic girls are given color and vigor. The tired and sleepless are strengthened and restored. "Better than all tonics," I found Ferronine," writes Mrs. F. F. Castleton, of Woodstock. "I was completely run down, cheeks were blanched, lips white and had every sign of anaemia. Ferronine added to my weight, gave me strength, ambition and good health. GOVERNMENT DELAYS ACTION

Laurier Admits Their Impotency To Deal With Western Question

A HELPLESS MINISTRY

Ottawa, Nov. 28.—In the House yesterday, R. L. Borden called attention to the Lethbridge coal strike, and the serious coal famine now prevailing in Saskatchewan. Had the Government under consideration any measures to relieve the situation?

Sir Wilfrid Laurier replied that the latest advice received by the Minister of Labor indicated an immediate settlement. In events of this hope, not being realized, it was difficult to say what could be done by the Government. He would be glad to receive any suggestions.

Seize the Mines.
Mr. Borden suggested that the Government take over the mines and furnish fuel to prevent suffering and death to so many people.

Sir Wilfrid thought that this would be a very high-handed proceeding. He frankly stated that under no circumstances would the Government lay hands on private property.

Mr. Borden ridiculed the Premier's "philosophic calm" in the presence of so much impending suffering and possibly death.

May Settle Strike.
Mr. Lemieux, Minister of Labor, announced that he had received a despatch from MacKenzie King, announcing that negotiations were progressing rapidly and favorably towards a satisfactory settlement of the great coal strike at Lethbridge.

In reply to a question, Sir Wilfrid Laurier stated that Hon. Sydney Fisher was acting as Minister of Public Works.

The Address Passed.
The House gave little less as the debate on the address progressed, although Archie Campbell, whose speech faintly suggested a candidate's sermon upon trial for a call to the Ministry, was loudly applauded as he closed with what Dr. Stockton afterwards called a "venerable peroration."

Mr. Broder (Dundas) warned the House that electoral reform must begin at the top. The election crooks could not have operated at London without the knowledge and consent of Mr. Hyatt, he said.

Col. Tisdale made an excellent speech, entirely free from partisanship. He advocated the return to open voting. Labor to day was so powerful and respected that no employer would dare to intimidate his employees.

Dr. Stockton closed the debate, and after the usual formal motions and a notice of motion for Thursday to take up the budget and to go into supply, Sir Wilfrid Laurier moved that the House adjourn.

More M.P.'s For the West.
The population of the two new prairie provinces, as shown in the quinquennial census, means that in the proposed readjustment of their Parliamentary representation this session, Alberta will probably be given seven seats and Saskatchewan ten. At present both of them together have ten members.

Canada's Debt.

The public accounts for the fiscal year ended June 30, 1906, show the revenue of Canada to have been \$30,139,360, the expenditure was \$37,240,640 on consolidated fund, and \$16,037,000 on capital account, which, allowing \$2,318,000 placed to sinking fund account, means a net addition of \$318,841 to the public debt for the year. The net debt is now, therefore, \$267,042,977.

Senate Passes Address.
After speeches by Hon. R. W. Scott, Hon. James McMullen and Senator Coffee the address was adopted.

RUSSIAN EDUCATION REFORM.

Minister Kauffman Submits His Plan to the House.

St. Petersburg, Nov. 28.—The Minister of Education, M. Kauffman, has just submitted to the Cabinet a plan for the reform of the primary educational system of Russia, which, next to the agrarian reforms, is recognized as the gravest problem confronting the Russian Government.

The most important feature of the Minister's proposals is one providing for the abandonment of the old policy, which, in accordance with the dictum of M. Pobedonostzeff, ex-procurator-general of the holy synod, that education was synonymous with revolution, threw hindrances in the way of the efforts of the zemstvo and private persons to spread elementary knowledge among the ignorant masses of the Russian peasantry, and even imposed veto on instruction being given in history and other similar branches of education.

M. Kauffman recommends instead that the central Government support, materially and morally, all such efforts and assume the payment of minimum salaries to teachers in the popular schools opened by the zemstvos and other local administrations. As the greatest difficulty in the way of a speedy institution of general, obligatory elementary education is the lack of capable teachers, the Minister proposes to enlarge, at the state's expense, the number of schools where teachers are educated, and to increase the allowances made to the existing institutions.

In regard to the schools for the non-Russian population, the Minister proposes to permit elementary education being given to pupils in their mother tongue, on the condition that the teaching of Russian history and geography must be in Russian.

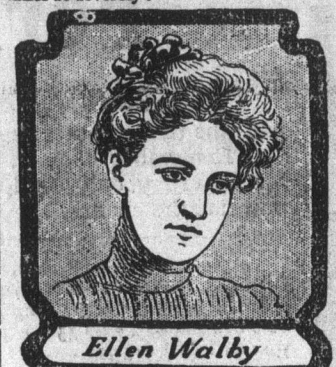

299 Deported.

CANADIAN WOMEN FIND RELIEF
The Case of Ellen Walby Is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that it is not the plan of nature that women should suffer so severely?

Ellen Walby

Thousands of Canadian Women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs these periods of their terrors.

Ellen Walby, of Wellington Hotel, Ottawa, Ont. writes: "Your Vegetable Compound was recommended to me to take for the intense suffering which I endured every month and with which I had been a sufferer for many years getting no relief from the many prescriptions which were prescribed, until finally becoming discouraged with doctors and their medicines I determined to try Lydia E. Pinkham's Vegetable Compound, and I am glad that I did, for within a short time I began to mend and in an incredible short time the flow was regular, natural and without pain. This seems too good to be true and I am indeed a grateful and happy woman."

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacement of organs, inflammation or ulceration, that "bearing down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising women free of charge. Thousands have been cured by so doing.

LIFE SAVING IS FOR GLORY.

Government Doesn't Pay Very High For Life Boat Crew.

Toronto, Nov. 27.—Hon. Mr. Broder, Minister of Marine, has wired Mayor Coatsworth:

"Regret unable to assist in search for bodies of men lost from wreck in Lake Ontario, as such action is entirely outside province of this department."

The Government have awarded the lifeboat crew which saved those on board the Reuben Dowd last summer with \$3 per man and \$5 for Capt. Ward. They are paid at the rate of \$2 per adult and the occurrence is styled as such.

The Department of Marine and Fisheries "maintains" the boat and crew, Capt. Ward, who is in charge, receives \$75 a year for his services. He is entitled to a crew of six men and the Government regulations say that they may hold 14 drills from May to November, for each of which they are paid \$2 apiece, so that the crew gets \$28 for the season.

Peace rules the day where seasons rules the mind.

Better Than Spanking

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mr. M. Summers, Box W. 4, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if you children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

ALL PROFIT, NO RISK.

By the way, who was the best man at your wedding? The person seemed to be feeling the best. You see, it was all profit to him, and no risk whatever.

STOMACH TROUBLES

To wrong action of the stomach and impaired digestion a host of diseases owe their origin.

When the food is imperfectly digested the full benefits is not derived from it by the body, and then stomach troubles start to appear.

Thus you become thin, weak, nervous and debilitated, energy is lacking, brightness, snap and vigor are lost and in their place come dullness, dizziness, loss of appetite, depression and languor. The great point is to get the stomach back into good shape again so it can properly digest the food, and the easiest, quickest and best way to do it is by the use of

BURDOCK BLOOD BITTERS

Miss Lizette Parlette, Jacques River, N.B., writes: "I was very much troubled with my stomach and did not know what to do. I consulted several doctors, got medicine from them, but all to no purpose, and was constantly growing worse. One day I had the good luck to meet with a friend who had been troubled in the same way as myself. My friend told me of the wonderful cure Burdock Blood Bitters had made with her and advised me to try a bottle. I did so, and what a happy change! STR. JONES IS LOST

Message From Christian Island Indians Gives No Hope

FOUNDERED IN STORM

Owen Sound, Nov. 28.—It is practically certain that the last has been seen of the steamer J. H. Jones.

Last Thursday afternoon the steamer, which belongs to the Crawford Tug Co. of Wiarton, left Owen Sound on her regular trip to Peninsula and Manitoulin Island ports. It was her last trip of the season, and she carried a very heavy load of freight, besides twelve or fifteen passengers. She was reported as passing Griffith's Island and Cape Croker Lights the same evening, and is said to have been seen on Friday off Barton Bay.

Nothing further was heard of her, though she should have called at Lion's Head, for which place she had a quantity of freight and a number of passengers. Messages were sent in all directions, but without result.

Message From the Indians.

The owners hoped the steamer was lying in shelter, so did not give up hope, but yesterday afternoon a message was received stating that Indians had found wreckage and a lifeboat from the missing steamer, cast upon Christian Island. It is therefore almost a certainty that she has foundered.

The Jones was under command of Capt. James Crawford, one of the owners, and carried a crew of 12 men. Among the passengers were J. T. Donaldson, manager, W. J. Donnelly, Mr. Lyons, of Owen Sound.

Gloom at Wiarton.

Warton, Nov. 28.—This town is sunk in gloom. The coasting steamer J. H. Jones, owned by the Crawford Tug Co., it is now conceded, foundered off Cape Croker on Thursday afternoon and all hands were lost. The crew consisted of 12, all from Wiarton, and the blow to the town is a severe one.

The Jones, which plied between Owen Sound, Wiarton and Manitoulin Island ports, was one of the staunchest boats on the Georgian Bay, and was commanded by one of the best and most experienced men on the lakes, Capt. Crawford.

Two Bodies Found.

Part of the cabin, a lifeboat and two unidentified bodies have been found by Indians on the north shore of the Christian Island. Boats are now out from here, Owen Sound, Penetanguishene, and Parry Sound, looking for survivors and wreckage, and it is hardly likely anything or anybody will be found.

The boat carried a good list of passengers, and the following are: Capt. J. V. Crawford, Mate, E. Leonard, Wheelman W. Ross, Geo. McEwan, Engineers Chas. N. Shaw and W. Sadler, Firemen Tom Simmons, L. Shummonds, L. MacVittie, Deckhands Jas. Tilley, George Smith, Cook Frank Jackson and Assistant Cook M. Clark.

The Passenger List.

Coasting boats carry no booking list, and there may have been one or two more passengers than the following, which are known to have been on board: T. J. Donaldson of Owen Sound, Alex. Lyons and Mrs. Lyons, his mother; Mr. Fox Frank Felon, George Felon, Mr. Thomson, Mr. Allen, I. M. Wagg, all of Tobermory; Dan McIvor of Providence Bay and three unknown men on their way to Manitoulin Island to work for Capt. Graham.

PERISHES FROM EXPOSURE.

Prominent Blenheim Barrister Loses Life While Out Hunting.

Blenheim, Nov. 28.—Barrister R. M. Thompson, B.A., of this town, in company with George Carnes, Wm. Henry and Mr. Craig of Springfield, went out on Rondeau Monday morning, each in separate boats, and decided to row across to East Eriean. The way over the deceased became parted from his companions and did not turn up at Eriean. A search was instituted, and kept up all night without result.

Parties set searching again yesterday morning, and about 9 o'clock the body of the missing man was found in his boat by Wm. Henry and Thomas Taylor. The boat had a hole in the bottom, the gun evidently having gone off, and it was hauled up some ten feet above the water. Thompson was not a hardy man, and must have perished from exposure during the night.

Coroner Hanks is fully convinced that in trying to plug up the hole in the boat with his coat he lost his ears and paddle and was left at the mercy of the wind and waves, and died from exhaustion.

The deceased lawyer was an art graduate at Toronto University, and has been practicing here for about ten years.

ONE DROWNED; ONE SAVED.

Young Men Upset From a Canoe During Monday Night.

Parry Sound, Nov. 28.—Albert Buchner, about 21 years old, was drowned here Monday night at 10 o'clock.

He was coming over from Havelock with Isaac Hall, the wharfinger, in a canoe. The craft upset, after a short struggle Buchner sank, but Hall hung on and shouted for help, his cries were heard and men from the steamer Minnie M. put out in a boat and rescued him.

He was unconscious when brought in, but was restored by medical aid. The body of young Buchner has not yet been recovered.

BOY CRUSHED TO DEATH.

Drawn In First Between Spindle and Revolving Platform.

Charlottetown, P.E.I., Nov. 28.—A terrible accident occurred at Richmond.

Tweed Barrow, aged 14, while working around a thrashing mill, was caught by the fly wheel spindle and drawn in feet first between the spindle and the revolving platform.

Before the mill was stopped the whole body of the unfortunate boy was drawn in, the terrible crushing and mangle process being stopped only when the head had passed through. He died five hours later.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. TO THE ELECTORS

TO THE ELECTORS OF THE CITY OF CHATHAM:

Ladies and Gentlemen: I am a candidate for the office of Mayor of the city of Chatham for the year 1907, and respectfully ask for your vote and influence.

If elected I shall endeavor faithfully to discharge the duties of the high office, and shall place my time, energies and best judgment unreservedly at the service of the city.

Thanking you for the support you have so kindly given me in the past, I am,

Yours faithfully,

THOMAS SCULLARD.

TO THE ELECTORS OF THE CITY OF CHATHAM.

Ladies and Gentlemen:

I am a candidate for the position of Mayor of the City of Chatham for 1907. Some years ago I appealed to you for support for the same office, and although unsuccessful, I trust that my actions at the Council Board since that time will warrant your support and confidence in the coming election. If elected you can depend that my best energies will be devoted to your interests.

Thanking you for past favors, I am,

Yours faithfully,

W. M. STONE.

THE STAGE

ANNOUNCEMENTS.

(Supplied to The Planet by Press Agents.)

At the Brieux Opera House—
Bonnie Brier Bush—Dec. 1 and 3.

In reviewing the stage adaptation of Ian MacLaren's stories, "The Bonnie Brier Bush," a prominent writer said:

"A simple story is 'The Bonnie Brier Bush.' There is no intensity of dramatic feeling, no straining for effect, no running the gamut of emotions, but a plain, straightforward tale, direct from the shoulder that is accurately aimed and hits the right spot. It is an old story in a new garb. The supposedly erring daughter, the cruel, unrelenting father, the true, steadfast lover, the imaginary wrong, the denouncement, the mistake, forgiveness, happiness, curtain—is all there as of yore, but it is told in a higher vein in 'The Bonnie Brier Bush,' is natural and true to life and written by a master hand, so cannot fail to make an impression. The characters of the crusty, stern and narrow-gauged father, Lachlan Campbell, and the tipping, but far-sighted 'Posty' are both unusual and exceptionally artistic."

"The Bonnie Brier Bush" will appear here on Saturday and Monday, Dec. 1 and 3. Special cars on each night from Wallaceburg.

When you want BLACK silk, you don't say "a spool of silk." When you want Windsor Table Salt, say so—"WINDSOR."

THE MOST IMPORTANT EVENT TO PRESENT PURCHASERS

Commencing Monday next, and continuing until all is disposed of, von Gunten will place on sale every dollar's worth of the high class china in his store at manufacturer's cost, and in most cases much less. This includes the recognized highest quality hand decorated china in the world, such as Cloisonne, Royal Worcester, Salsuma, W. A. Pickard's hand decorated china, known as the finest decorated ware in America to-day. The reason for such a sacrifice is best told in Mr. von Gunten's own words. In selecting fine art goods for our new store we aimed too high and tied up too much money in this class of goods for a city the size of Chatham, and realizing our mistake are willing to sacrifice our profit. Yes, even believe to sell at a direct loss in such a case is good business, as the money thus secured can be invested in other more saleable goods. A dollar thus invested is better than two dollars lying on our shelves. We also recognize the fact that now is the only time of the year, with Christmas so close at hand, when a sale of this kind can be successfully made.

CLEMENTS-SAMPLE

A quiet wedding took place in Windsor yesterday, when Mr. Chas. Clements, of this city, was united in marriage to Miss Lizzie Sample, of the border town, Rev. J. C. Tolmie officiating.

The bride was formerly of Chatham and is well and favorably known here. Mr. and Mrs. Clements returned to this city last night, and have taken up their residence on Grey street.

VERY PROBABLY.

There's no use crying over spilt milk.
No, there's probably enough water in it already.

A GREAT SHOW

"Painting the Town" was the attraction at the Brieux Opera House last evening, and it was a good one. Every minute of the evening was a minute of intense interest and enjoyment to the audience. There was a very good house, but not as good as the show deserved. Every seat should have been filled.

This show is described as a musical burlesque, and it is well named. One of the special features of the performance is a male quartet, which is a whole show in itself. They are very generous with their numbers, but it was impossible to fully satisfy the audience, who insisted upon encore after encore. The singing throughout the whole play was good, and the humor was side-splitting.

AN EXPLANATION

"I noticed in the report of Monday night's meeting of the City Council, that it was stated that a man named Zebbs had been confined to the Isolation Hospital, and while there had been put at the work of erecting a tent which he occupied," said Health Inspector George Webber to a Planet reporter yesterday.

"Now, as a matter of fact, the man Zebbs did erect a tent and was paid for it, but it was not his own tent, and he did the work after he recovered. We needed his help at the work, and he was willing."

"I wish you would make this explanation, as some people might be led to believe that we were putting the patients out there to do their own work, which is incorrect."

PASSED AWAY

George Findley, colored, passed away at his home on Princess St. this morning, after an illness of about three months' duration. Death was caused through the bursting of an internal blood-vessel. The deceased was 17 years of age, and he is survived by his parents, one brother and a sister, Nelson and Eliza. The funeral will take place Saturday afternoon at two o'clock to Maple Leaf Cemetery.

The death occurred yesterday of Mrs. Mary Burke, a pioneer resident of Harwich, aged 88 years. She passed away at the residence of her son-in-law J. A. Morgan, of the 4th concession. The funeral will take place Friday at 1.30 to Maple Leaf Cemetery.

"The Maples," a large brick house at the foot of Victoria Avenue, next to Tassman's Greenhouse, formerly occupied by Mr. J. C. Pennefather, Collector of Customs, is for rent or sale. And person desiring can get full information by calling on W. E. Rispin.

PUZZLE FOR PHYSICIANS

Stoney Point, Nov. 27.—The case of Mrs. Joseph Mailoux, Stoney Point, puzzles physicians.

The woman is 64 years of age, and for the past 40 years has lived wholly upon a diet of sweet milk with a little sugar.

She is unable to digest a particle of solid food, nevertheless. She is not only able to perform all the duties of a farmer's wife, but is robust and is the mother of eleven children.

INSPECTOR TILLEY HERE

J. J. Tilley, of Toronto, Provincial Inspector of Model schools, visited the Chatham Model schools this morning, and this afternoon delivered a public address on the new educational program, and the teachers' salaries question. He stated that the attendance at the Chatham Model schools was the largest in the educational history of Ontario.

Mr. Tilley highly complimented the management of the school on the manner in which things are being conducted.

GAS TOOK FIRE

Tilbury, Nov. 28.—A terrible accident happened at the well on the Tremblay farm in the Township of Romney on Monday night about nine o'clock. Oil was struck at a depth of 300 feet in slight quantities, but the drillers were going on with their work. On Monday evening, when a depth of about 400 feet was reached, gas was struck in such great quantities that before the operators could prevent an accident the gas spread to the engine house and caught fire. The derrick was blown up, one of the operators killed, and two more so badly burned that recovery is impossible.

The engine and all the machinery, including \$500 worth of rope, were destroyed. The fire was plainly visible from the village.
