

COMMITTED TO STAND TRIAL

Six Suffragettes all Enter Plea of Not Guilty To-Day.

They Were Admitted to Bail on Promise to Be Good.

(Canadian Press Despatch)

LONDON, May 15.—Six militant suffragette leaders and a male adherent of the cause, were committed today by Henry Curtis Bennett, the Magistrate at Bow Street Police Court, to take their trial at the Old Bailey Sessions on charges of conspiracy on the Malicious Damage to Property Act. All of them pleaded "not guilty," and reserved their defense. Bail was allowed on the usual undertaking being given by the prisoners that they would refrain from all participation in militant penitentiary trials.

The amount of bail ranged from \$1,000 in the cases of Miss Alice Lake, Miss Laura Lennox and Mrs. Beatrice Saunders to \$15,000 in the case of the analytical chemist, Clayton.

The militant suffragettes' "roll of honor" entitled "the crimes record book," created a profound interest when it was produced at Bow Street Police Court during to-day's proceedings against the suffragette leaders. Mrs. Harriet Rebecca Kerr, Miss Alice Lake, Miss Rachel Barrett, Mrs. Beatrice Saunders, Miss Annie Kenney, Miss Laura Lennox and the analytical chemist, Clayton, occupied the prisoners' enclosure.

Particulars of some 1,400 convictions for suffragette outrages in which 456 persons were concerned, were entered in the list exhibited, which was accompanied by receipts for money paid to some of the perpetrators.

Mrs. Emmeline Pankhurst's conviction on the charge of inciting others to commit the bomb outrage, which destroyed Chancellor of the Exchequer Lloyd George's country house at Walton Heath, was among the entries, as well as all sorts of trivial disturbances arising from demonstrations of women to the Houses of Parliament.

One item, referring to "prisoners' hampers—\$400," indicates the considerable quantities of chocolates and other delicacies must have been supplied to the imprisoned martyrs. A comprehensive form was produced for the signature of those seeking to have their record entered in the "crimes record book." It called for the name, prison, date of arrest, date of committal for trial, result of the trial, where imprisoned, date of release, reason for release, did you "hunger strike," if so how long, and date of previous imprisonment. Attached to some of the forms were receipts for medals, illuminated addresses and brochures.

Must be Protected
LONDON, May 15.—Henry Curtis Bennett, the magistrate at Bow Street Police Court, who is conducting the hearing of the charge against the militant suffragette leaders, contrary to the Malicious Damage to Property Act, is the latest victim of those whose protection against outrages detectives have been assigned by the police authorities at Scotland Yard. He is accompanied every day to and from the court by two officers in plain clothes, as threats have been uttered against him.

Another Bomb Found
LONDON, May 15.—A so-called "bomb" suffragette "bomb" was found during the night outside the National Gallery, which contains invaluable art treasures and is in the centre of London on Trafalgar Square.

The machine consisted of a tin can filled with live cartridges, wrapped in a copy of The Suffragette. It was labelled "pills to break the windows of the National Gallery." There was no mechanism or detonator connected with the explosives and the bomb was therefore, like many previous ones, quite harmless. The suffragettes apparently threw it over the high railings, as it was found lying against the wall of the west wing of the building.

Japs Optimistic
LONDON, May 15.—The Japanese foreign office is optimistic as to the outcome of the controversy over the Californian alien land ownership legislation. In reply to an inquiry this morning it was stated by a high official: "The negotiations between Japan and the United States are progressing satisfactorily. We expect to reach a friendly and permanent solution of the difficulty."

Horrors of War Fully Exemplified

(Canadian Press Despatch)
NEW YORK, May 15.—A cable to the Tribune from San Giovanni di Medua, via Rome, dated yesterday, says: The keys of the city of Scutari were formally turned over to the naval commanders representing the great powers at noon to-day in the square opposite the military barracks, where Essad Pasha so recently surrendered to the Crown Prince of Montenegro. The ceremonies were brief and simple. The international naval force was commanded by Vice-Admiral Cecil Burney of the British navy. The international force was escorted into the city by a Montenegrin guard of honor.

A touching feature was the presence around the imposing and well-fed naval brigades of several thousand semi-starved and gaunt men, women and children, inhabitants of Scutari, who lost all their possessions during the siege, and who are still destitute. The British commander and Captain Spezz of the Italian navy delegated a force of officers and men to distribute food and clothing transported from various European cities for the benefit of the sufferers. Immediately after the presentation of the keys the last of the Montenegrin regiments withdrew from the city and retired to the camp of the Crown Prince.

MR. W. P. KELLETT VISITS SIMCOE

A Brown Stone Front Depot is Promised Norfolk Town.

(Simcoe British Canadian)

Mr. Kellett, chief engineer of the Lake Erie and Northern Railway, was in town last week. He stated that a steam shovel had been shipped to Simcoe by the contractors and should arrive here at an early date. It will be set to work in a cutting to be made on the farm of Mr. Frank Bowley. Offices for the engineering staff are to be opened on the bridge with stone trimmings, and a tile roof. Placed as it will be directly on the river bank, and with plenty of land to be had, Mr. Kellett says that it should be possible to provide a depot very centrally located, close to the business section, and with beautiful surroundings.

whether the crossing of the two roads is to be a level one or not. The location of the Simcoe depot has, however, been determined upon. The River Lynn will be bridged at the foot of Argyle St., and the station located immediately opposite the Phoenix club house.

Mr. Kellett says it is the intention of the company to give Simcoe an attractive depot. It will be of brown brick with stone trimmings, and a tile roof. Placed as it will be directly on the river bank, and with plenty of land to be had, Mr. Kellett says that it should be possible to provide a depot very centrally located, close to the business section, and with beautiful surroundings.

KING'S PLATERS AT THEIR WORK

Some Very Fair Trials Held at The Woodbine, Today.

(Canadian Press Despatch)
TORONTO, May 15.—Despite the very inclement weather the platers were given some very fair trials this morning. Rickspring from the Hendrie finished the course in 2:55. Mike Gorman's Aurora Baby was the best of the bunch and the clock caught the mile and one eights in 2:01 1/2. Dymen's Crystallwoga went the plate distance in 2:21 1/2. Charles Phair's Legislator did the same distance in 2:24. If these horses don't do better than this they will be eliminated from the contest.

THE BIG BORDEN MEETING

MR. GEORGE RYERSON, president of the Brantford Conservative Association, has been sent a few tickets for those from Brantford who desire to attend the big Borden demonstration in Toronto on Monday night of next week. Those wishing to participate should see him at the T. E. Ryerson & Co.'s store on Market street, and they will be handed out as long as they last.

Hamilton is sending a delegation and will have their Katie band along. It is hoped to make some sort of an arrangement with them so that Brantfordites could return to Hamilton on a midnight train, and if possible arrange for a special electric car home.

TWIN STREETS IN THE CITY

THERE will be a fine mix-up some of these days in regard to the name of a certain street near the Mohawk Institute. The new street, which has been recently opened up, was christened "James," and if that section of Eagle Place is in the future taken into the city there will be two streets by the same name, and then complications will set in. The sooner the authorities hold another baptismal service over this young thoroughfare the better, as it is not advisable to have "twin streets" in the city.

An Accident at Penman's

Robert Baker, a young man who lives on Emily Street, Paris, yesterday got his right arm caught in a Hydro dryer, at Penman's, Limited. His arm was very badly torn, and he was also injured internally. His side and chest were also badly wrenched in the rapidly revolving machinery into which he was drawn.

BIG OPENING FOR HEATHERS

They Will Play on Their Handsome New Grounds on Holiday

The Heather Bowling Club will open their 1913 bowling season on Monday, May 26. This will be the official opening of their fine new green situated on the Grand River bank near Jubilee Terrace. The club has spent a large amount of money in fitting up the new grounds, and have now one of the prettiest greens in the province. The grounds are beautifully located, and are a credit to the club and the city alike.

In the morning a match will be played between rinks chosen by the President, F. C. Tench, and Vice-President, W. Lahey. In the afternoon, at 2 o'clock, the official opening of the green will take place. Each club in Brant county will be requested to send representatives. There will be the usual speech-making, etc. One of the features of the opening will be the hoisting of a brand-new Union Jack, to the top of the club's new flagstaff. Luncheon will be served during the afternoon and evening.

The Heather Club, on account of their handsome new, centrally located grounds, have greatly increased their membership, and look forward to a very prosperous season.

BORDEN WILL GET GREAT WELCOME

Premier's Visit to Toronto Will be Memorable Event.

(Canadian Press Despatch)

TORONTO, May 15.—According to final arrangements completed this morning the visit of the Prime Minister of Canada to this city Monday night will be one of the events in the political life of Ontario. The most novel feature of the Borden meeting will be the arrangement whereby the wards will be divided so that each in turn will hear some part of the Premier's address. Ward one and two will enter the arena first, stay half an hour and then retire in favor of wards three and four, and so on until the thousands have had a glimpse of the demonstration. Ward six will not attend the meeting, but will make the street demonstration its big end. Hamilton will send 900 with two bands and a large delegation will be here from Ottawa. Provision has been made for sixty working newspapermen, who will be on hand from all the cities of Ontario and Quebec.

RECORD TRIP CALAIS TO DOVER

French Aviator Flies Across Channel in 20 Minutes.

(Canadian Press Despatch)

LONDON, May 15.—The well-known French aviator, Marcel G. Brindejone Des Moulins, who landed at Hendon near London, from his monoplane on Sunday after a 430 mile flight from Bremen, Germany, is the first aviator to fall a victim to the comprehensive prohibition issued by the Admiralty. The aviator, who was also injured internally, his side and chest were also badly wrenched in the rapidly revolving machinery into which he was drawn.

During his flight from Germany to England, the aviator made a fresh record for the passage across the English channel, from Calais to Dover, which he accomplished in twenty minutes.

British Workmen Not Inferior To Americans

(Canadian Press Despatch)

LONDON, May 15.—The assertion that the efficiency of the British workman is far below that of the American, made in a report issued by the United States Secretary of Commerce, is disputed on all hands by British employers. The manager of one of the largest tin plate manufacturing firms in Britain said:

"I should like to know on what basis the American figures were obtained. Men in the British tin plate mills work continuously in shifts of eight hours and are very skilful; in fact, a great number of workers in American tin plate mills are Welshmen trained in British mills."

Dr. G. B. Hunter, of Swan, Hunter & Wigham, of Richardson, builders of the Campania, said:

"It is not correct to say that American shipbuilding is cheaper than English, or that wages are lower, although at the present moment the difference in cost between British and American-built ships is smaller than usual. The price is still higher in the United States than here. American workmen certainly work longer hours."

BISHOP SEES A JOKE IN IT

NEW YORK, May 15.—A cable from London says: The Bishop of Salisbury, speaking yesterday at a meeting of church people in Marlborough to discuss the financial needs of the diocese, said: "I had a letter recently from a firm of agents offering to purchase the bishop's palace at Salisbury for a wealthy American client. My reply was obvious. It was if other bapismal service over the cathedral as a little extra I might possibly consider it."

A Resolution By German Voted Down

OTTAWA, Ont., May 15.—The Naval bill was presented to the House to-day for its third reading and the division will take place to-night. The division will let the government programme in this regard prevail without the necessity of closure.

At the morning session William German of Welland again presented his amendment calling for naval expenditure by annual appropriations. It was voted down by 85 to 45—a government majority of 39. Mr. Rodolphe Lemieux moved an amendment that all works in connection with the expenditure be under the provisions of the old Naval Act of 1910. It was under discussion at 10 o'clock.

During the debate Mr. German declared that the Senate would kill the Naval Bill.

Chinese Loan.
LONDON, May 15.—The five power Chinese loan will be issued in a week in London, Paris, Berlin, St. Petersburg and Belgium. The loan carries five per cent interest and will be offered to the public at 90, without the assistance of underwriters.

Band Engaged.
HAMILTON, Ont., May 15.—The 91st Highlanders' Band, under the direction of H. A. S. Sairs, has been engaged for the Calgary Industrial Exposition from June 30 to July 5. It will play a number of engagements on the trip out.

Died at Fort George.
ST. CATHARINES, Ont., May 15.—A letter received here to-day brought word of the death at Fort George, B.C., of Thomas Lewis, a former St. Catharines man, and son of Rev. John Lewis of Peterborough, who is a brother. Deceased was killed in a runaway accident.

Another at Toronto.
TORONTO, May 15.—The body of an unidentified man was washed up Centre Island. It had been in the water several days. This is the second drowned man found this week.

IMPORTANT DEAL IS PUT THROUGH

Cobalt Mining Deal, in Which Brantfordites are Interested.

(Canadian Press Despatch)

A very important mining proposition has just been put through in Brantford. For some days Mr. Mapes of the Mapes-Johnson mine in the Cobalt, has been in the city, seeking to interest local capital in the property which is capable of very great development. He has succeeded in interesting a number of prominent Brantfordites, who have formed a syndicate of such dimensions as to be able to secure the control.

The share issue will be placed at one million dollars.

All the indications go to show that this mine has most valuable possibilities and that it may in the future become a leading shipper.

A Thorold Industry May Move to Brantford—An Offer Said to Have Been Made.

A despatch from Thorold to a Toronto paper to-day says: Brantford is endeavoring to coax away the silver smelter of the Coniagas Reduction Company from Thorold. An offer of a free site and other inducements was made at the head office of the company which decided to double the output of the plant. Brantford's offer will be considered.

This is one of concerns of which Major Reuben Leonard, an old Brantford boy is the head. Industrial Commissioner Emerson confirmed the announcement this morning. The firm employs about 175 hands and works 364 days a year. The wage roll is \$120,000 per year. The thought that there is an excellent chance of securing the industry.

Gambling Is Pretty Well Protected in Paris, France.

(Canadian Press Despatch)
PARIS, May 15.—Deputy Vicomte Gustave de Kerguelon, who at the previous session of the chamber of deputies exposed clandestine gambling in Paris, and the manner in which wealthy visitors are fleeced by professional gamblers, made another statement last night which caused a great commotion. On the authority of the special gambling police commissioner, he declared that many deputies and senators were addicted to gambling in public as well as in private houses. The police therefore found much difficulty in establishing a breach of the laws because of the protecting influence of these politicians over the gambling places. Invariably the gamblers knew the day and the hour when a raid might be expected and the police on their arrival could find no one.

Lake Captain Drowned.
OSWEGO, N. Y., May 15.—Capt. Wm. J. Scott, 50, of this city, one of the best known mariners on the Great Lakes, was drowned in Lake Ontario yesterday when he fell from the deck of the Tug Tonawanda, of which he was the owner. His body has not been recovered.

CROPS WILL BE GOOD IN THE WEST

Reports From Western Points Are Very Encouraging.

Fine Weather for Ten Days Will Mean Wonderful Yield

(Canadian Press Despatch)

WINNIPEG, Man., May 15.—Reports from 220 points in the Canadian prairies show that wheat seeding is practically completed, which is as it should be, it being unwise to seed wheat after May 15. About sixty per cent of the wheat is up. A few points report wheat three inches high, but the majority state that it is just through the ground. A few points report wheat having been frozen or put back by severe weather. Visit of U. S. Fleet To Europe Discussed

LONDON, May 15.—The Standard, commenting editorially this morning on the proposed Mediterranean visit of the American fleet, which it refers to as the "mighty flotilla," says: "Europe will have brought home to it a fact which it is too often disposed to ignore. In their opinions of the relative strength of maritime forces the statesmen and publicists of the old world sometimes forget to direct their gaze beyond the Atlantic. They will be reminded that the United States is still the second naval power of the globe. It chooses to hold aloof from the various alliances, understandings and rivalries of the European system, but if it pleased it could throw its weight into the scale with decisive effect. There is no reason to suppose it has any immediate intention of departing from its traditional policy. It is not without significance that this remarkable illustration of American potentialities is to be given in that quarter of the world, which at present is undergoing reconstruction and political transition. It is at least a very forcible hint that when American diplomacy cares to assert itself it can do so with the only kind of backing our modern diplomatists readily recognize."
Home Policy Hurtful
In an editorial yesterday The Daily Standard said in part that the size of the United States visiting fleet will indeed completely dwarf the completion of the Admiralty's scheme of reorganization will comprise only four battle cruisers and four armored cruisers. This British force when contrasted with the main fleet of the United States will appear almost insignificant in size, and this demonstration of American naval power will hardly likely be without effect on British naval opinion. Throughout the British fleet it is felt that injury to the spirit and character of the service is being done by a policy of continuous concentration in home waters.

A Good Year A DUKEDOM FOR CARNEGIE

Brant Avenue Church is Making Splendid Progress.
Brant Avenue church held its annual congregational meeting last evening in the lecture room. A good attendance was present. Reports were presented from the choir, the Sons, the Epworth League, the Mission Band, the Mission Circle, the Sunday school, the classes, the Brotherhood, the Women's Missionary Society, the Ladies' Aid Society and the Quarterly and Truancy Societies. The pastor, Rev. A. E. Howell, presided. All departments reported progress and prosperity. The total missionary gifts show increase over last year. The Ladies' Aid Society completed their payment of the \$100 promised the trustees. The Sunday school reported increased attendance and giving. Mr. A. S. Dwyer, the church treasurer, reported that when the year closed on May 31st, the board expected not only to be able to pay all current expenses but to take \$1500 more off the church debt. The members of the congregation feel pleased over the fine year's work completed.

LARGE SUM TO BE ASKED OF GALT TAXPAYERS

For School Purposes and Waterworks Extensions \$125,000 Needed.
MAY 15.—In the near future the taxpayers of Galt will be asked to contribute a considerable sum for school purposes and waterworks extensions. The trustees of the Collegiate Institute have decided to ask for \$75,000 for the erection of a new gymnasium, and the government inspector threatened to degrade the institution to the rank of a high school if this was done. The Public School board will request the council to pass a law providing \$50,000 for a new public school, tenders for which are now in hand and a site purchased. Some \$100,000 more will be required by the Water Commission to carry out its proposal for a new trunk main and to make extensions to supply residents in new sections of the town.

BLOCKERS BRIGADE WILL DISCONTINUE THEIR BLOCKING

Naval Bill Will Receive Third Reading at Ottawa Tomorrow—Serious Doubt as to Whether Senate Will Throw it Out or Not.

OTTAWA, May 15.—The Naval Aid Bill is to pass the House to-morrow if the present understanding is carried out. Furthermore, and again if the understanding is carried out, the closure rule, will not be invoked for the third reading. The necessary motion was not given yesterday. It is pretty certain to be given if there is any hitch to-morrow. The willingness signified by the Opposition to vote on the third reading 34-day without insisting upon the closure means a complete reversal of the original intention, though not, perhaps, a change of heart. The leading obstructionists are in leash for the time being, the moderate element of the Opposition having at last asserted control. This was not accomplished without difficulty. It has taken days, and but for the resistance offered by the leading blockers the bill would have already passed the House this week.
What seems to have happened is this: The riotous behaviour of Saturday morning, when the bill was reported out of committee, has had a bad effect upon the party. Sane Liberals realize this and don't want to have the scene repeated. At the same time they have persuaded themselves that by voting without the closure they are losing nothing, because they believe the Senate can be relied upon to kill the bill whether passed by the Commons under closure or not. To-day there will be some speeches, some amendments will be moved—perhaps for the six months' hoist—and the final division will be taken. The Liberals will affirm their unalterable hostility to the government's proposal for increasing the effective naval forces of the empire.
The naval aid proposal has been before Parliament since December 5, when the resolution was introduced by the Prime Minister in his memorable speech. The bill was read a second time on February 27, and went into committee. There it stayed till last Saturday morning, the closure being introduced and adopted in the meantime, following the two weeks' sitting which began March 10. The Senate will probably take up the bill next week. The Commons Liberals, as already stated, still believe that their friends in the Upper House can be relied upon to kill the measure, even though sent up without the closure. This confidence is not so generally shared in the lobbies as it was a week or two ago. The Senate is showing some signs of a disposition to pass the bill after all. The Liberal majority includes many Senators who would like to do the bidding of the blockers, but there are others who have never liked the idea from the beginning and like it less every day.
As a result there is a chance that, as between the passage of the bill and some sort of Senate reform, the Senate may choose the former.

Omaha Has Bad Storm

OMAHA, Neb., May 15.—Reports received early to-day show that the tornado which formed in the southern part of Steward county last night took a toll of 17 lives, injured forty persons and destroyed property valued at \$250,000.
At least three towns—Seward, Tomar and McCool Junction—suffered from the tornado, the greatest destruction being at Seward where eleven persons were killed and thirty injured. At Tomar, four lives were lost and much property destroyed. At McCool Junction two deaths occurred.
At Seward a much greater disaster was averted by the fact that the tornado crossed only a comparatively small part of the town, instead of sweeping across the more densely populated section two blocks south. The property loss in that city is estimated at \$100,000. The tornado apparently originated southwest of McCool Junction, and gathering force as it moved to the northeast, struck with full force both at Tomar and Seward.
The storm crossed this city near the southern limits but its strength had been so far spent that the damage done here was nominal. This fact, however, did not prevent many Omahans from seeking refuge in cellars and other places considered tornado-proof.
The experience of Easter Sunday taught them to consider seriously the approach of ominous-looking clouds and the appearance of the southwest and of last evening's storm was sufficient to set everybody to looking for avenues of escape.

I ATTRIBUTE MY CURE SOLELY

And Entirely To Taking "Fruit-a-tives"
"For the past twelve years, I had painful attacks of Dyspepsia. I could not digest my food and everything caused the most agonizing pain in my stomach. I also had a fearful attack of Constipation and at times, I had no movement of the bowels for two weeks. Three doctors attended me for two years and gave me all kinds of medicine but did me no good. My weight came to only 80 pounds and everyone thought I was going to die. Finally, I had the good fortune to try "Fruit-a-tives" and as soon as I began to take them, I felt better. I persisted in the treatment and to my great joy, I steadily improved. Now I feel very well, weigh 115 pounds, and this is more than I ever weighed even before my illness. I attribute my cure solely and entirely to "Fruit-a-tives" and can never praise them too much for saving my life. To all who suffer from Dyspepsia and Constipation, I recommend "Fruit-a-tives" as a miraculous remedy!"

Your Furs are Safe in our Vaults!

Why send them out of town when they can be stored just as well in Brantford?
Furs are so highly prized by everyone, it follows that great care must be taken to protect them from the ravages of moths. It is a fact that more furs are ruined by these pests than by actual wear.
The cold, dry air system of storage is a positive safeguard against moths. Much work and worry can be avoided by simply telephoning us at 619, and we will call for your furs and other winter apparel. You place your own valuation on each article, and we are responsible to you for that amount in case of loss by fire or moths. Our charge for storage and insurance is 3 per cent. of the value—a moderate charge when it is remembered that we carefully dust each article, and hang them in a vault that is intensely cold. Nothing is packed or folded. Everything is kept on hangers, so that the most delicate article will not become creased or mussed, and will carry no odor of moth preventatives.

MR. COCKSHUTT'S SPEECH

Elsewhere in this issue the Courier quotes from Hansard a speech on the naval debate which Mr. Cockshutt made in the House of Commons on Friday last.

It was in many respects a most important contribution, and his forcible explanation of the Australian proposal as compared with that of Canada throws a lot of new light upon that phase of the matter.

He showed conclusively that when the Laurierites were talking of the Australian plan of local coast defence as applied to Canada it would involve an outlay of at least \$440,000,000. In this regard it might be mentioned that the Dominion possesses a fifth of the coast line of the entire British Empire.

Mr. Cockshutt closed with a patriotic appeal for the Liberals to join hands, but that, of course, fell upon deaf ears.

Sir Wilfrid and the rest of his lieutenants still labor under the silly hallucination that their defeat in 1911 was a fluke, and all that they desire is to force a needless appeal to the country in the vain hope that by some mysterious procedure they would again get hold of the flestepots.

TO DO AWAY WITH EXAMS

Inspector Putman of the Ottawa Public School Board is known as a man possessed of a liberal allowance of common-sense.

He has just shown this once more by issuing a circular, in which he recommends that the examination curse should be removed.

He asserts that the past method of promoting from one grade to another by means of such tests has not only proved unsatisfactory, but also positively dangerous. He further declares that said examinations place an undue strain upon the children and are most distinctly not a success in weeding the fit from the unfit. He quotes many illustrations and suggests advancement on the judgment of teachers and principals.

Mr. Putman is unquestionably on the right track.

How often it is that scholars upon whom teachers have placed the most reliance fail in their exams, while some happy-go-lucky youngster of not nearly so much real ability scrambles successfully through. The reason, no doubt, is mainly that the careful and conscientious little student becomes unduly wrought up at that time, whereas the indifferent kind are not bothered with apprehensions and anxieties.

It is said that the Ottawa Board are likely to adopt the change, and it might also well be tried in Brantford. The vast majority of parents everywhere would certainly vote for such a healthy and beneficial system.

THE NEW MARRIAGE LAWS

The new marriage laws for Ontario are, of course, primarily aimed at Windsor, the so-called Green of Canada.

Green, it may be recalled, is situated on the border of England and Scotland, and in the old coaching days this was the most convenient spot for runaway couples to have the nuptial knot tied. The English Marriage Act of that period required the consent of parents and guardians, publication of banns and the presence of a priest—all of which involved considerable publicity and inconvenient delay.

All of this was got rid of by contracting parties going to the Green, as the Scotch law held that marriage was legal if the man and woman made a mutual declaration in the presence of witnesses and without the attendance of a minister. In addition it did not matter whether those exchanging such vows were simply minors. The declaration of marriage having been made, the contracting parties could at once return to England, and, strange to say, said unions were held ever after to be valid there and the world over.

Needless to say, there are many romantic stories attaching to the place.

Windsor has not been a Green in the sense of allowing a mere exchange of words to make two people man and wife, but it has, in a marital sense, been the scene of altogether too hasty ceremonies. In fact, ministers there have made handsome yearly in-

comes by the performance of hundreds of rush weddings from the other side.

Now this will be stopped, and very properly so, too.

Marriage, in the opinion of both the Church and State, is too solemn and far-reaching a contract to be lightly entered upon.

REFORM THE SENATE

The wind-jamming Pugsleyites have at last realized that their unseemly game of trying to obstruct public business has come to an inglorious end.

Attention is now centred on what the Senate may do.

Their they have the power to throw out the bill holus bolus, or to amend it beyond recognition, is not and cannot be denied.

Laurier, before he acquired office, made loud boast that if returned he proposed to reform the Upper Chamber, and he immediately did so by filling it up with Grits as often as the opportunity offered, so that now he has a party majority there of about twenty-five.

Hitherto they have been obedient to his nod, and may again bow subservient to his command regarding the navy matter.

If so, they are likely to simply hasten the general feeling that it is about time to put members of the Senate upon an elective basis—to make them feel and realize that for all their votes they will sooner or later have to come before the people.

NOTES AND COMMENTS

For a backward stunt the present Spring has any circus acrobat beaten to a frazzle.

Toronto has appointed a woman constable. She ought to be a dabster at putting on the bracelets.

It is quite likely that the National Art Gallery at Ottawa will be thrown open to the public on Sundays. And why not?

The powers having landed a force in the place, that fact means that the spelling is Scootari as far as the Montenegrins are concerned.

Says the Toronto Star (Liberal):

Hon. Isaac B. Lucas, the new Provincial Treasurer, strengthens the Whitney Cabinet. He is recognized by both friends and opponents as a man of ability and character.

It is announced from Ottawa that when the supplementary estimates are brought down there will be an item in them helping to make provision for the family of Explorer Scott. This grant will be generally approved.

Premier Borden announces that he has received "hundreds of letters from Liberals in various parts of the country, who say they are disgusted with the conduct of the Opposition and will work and vote for the Conservative party next time." And by the same token, Brantford has many members of that side who feel the same way.

Wants Assessment

Mr. T. J. Barton has asked Township Clerk Smith for a copy of the assessment of the various properties on both sides of the Hamilton Road from the city limits to Echo Place.

He believes that properties which have been sub-divided and sold are still assessed as farm lands. Mr. Barton wants each lot assessed to its owner.

What the Other Fellow Thinks.

Uncle Sam and the Japs

Buffalo News: Great Britain is the one close ally of Japan and yet the anti-Japanese laws of the British colony do not excite either protest or comment; in fact it is assumed as a matter of course that such laws shall be passed and, on the other hand, Japan has laws to the same effect with reference to land owning by foreigners within her dominion.

It is a little hard to understand why there should be any real discussion over the subject as it has now turned as the facts have become known. But the prevalence of the "jingo spirit," the determination of some citizens to get us into trouble with Japan, has made the Japanese somewhat sensitive about legislation in this country that touches themselves. That appears to be as near to an explanation as can be had. In any event the question in dispute can be settled by the courts to which it can be taken if anybody cares to do so.

Opposition Neck

Guelph Herald: Listen to this from the Globe report of the Ottawa doings:

"Momentarily Deputy Speaker Blondin rose. Mr. Carvell ordered him to sit down. 'We have now had enough of this farce,' declared the New Brunswicker. 'Only a ninny would show the feeling that animates the Liberals of attempting to control Parliament through an Opposition.'

Graceful Act

Woodstock Sentinel Review (Liberal): It was a graceful act on the part of the Conservative members of the House of Commons to present the wife of Premier Borden with an electric brougham. It is too seldom that the services rendered by the wives of public men are recognized in a public way. One reason, of course, is that while much of this service is public in the best sense, because it is for the public it is not rendered in a public way, and does not get into the newspapers. Yet in a general way it is known to all who know anything about such matters that much of what is best in the public service of public men is due to their wives.

It Would Be Popular.

Toronto News: If it becomes necessary to recognize the senate, a halfway measure should be adopted. There are considerations in favor of an appointed senate, although these have been immensely weakened by every fact of Canadian experience since confederation. Probably complete abolition of the upper chamber and the substitution of an elected senate would command the support of a great majority of the people.

Reform the Senate.

London Free Press: The navy bill will shortly be on its way to the Senate of Canada. What will happen to it there is problematical, but this much the country already knows: the treatment to be given to the measure will be partisan. Either it will be endorsed because by its indorsement the Senate believes it can thereby do the least serve to the Borden administration or it will be vetoed for the same reason.

One of the promises made to the country by Sir Wilfrid Laurier before he assumed power 16 years ago was that he would reform the Senate. The Senate today is more partisan and less useful to the country than ever in the days when Sir Wilfrid believed it to be in need of reformation.

Military Notes

The recruit class drilled at the armories last night and will drill again to-night. All recruits will be passed through for inspection by Capt. Ballachey on Friday night.

The B. C. I. Cadets had a good drill at the armories yesterday afternoon. They will likely be inspected Monday afternoon by General Lessard and Capt. Barkur.

An invitation to attend the church parade of the Duffin Rifles on Sunday, May 17th, is extended to the Veterans' Association. The members attending should wear badges of medals.

SATAN AT THE APOLLO.

In presenting "Satan," the \$200,000 Ambrosia masterpiece, the management of the Apollo are to be highly complimented, as this wonderful drama of humanity has been endorsed by press, clergy and public as being the greatest pictorial sermon ever produced. The tremendous cost of production makes this film a very expensive attraction to secure but as Mr. Monte says, nothing is too good for Apollo patrons.

The film is in four parts, the first taken from Milton's "Paradise Lost," showing Satan in his desperate effort to overthrow Heaven, the temptation of Adam and Eve, the building and destruction of the Tower of Babel, and other familiar Bible stories. The second part opens in the streets of Jerusalem and pictures in an awe-inspiring and reverent manner the Life, Crucifixion and Resurrection of our Saviour. The third part deals with the invention and after results of the demon Alcohol. The final part in two reels shows Satan in his daily work among the classes and masses, in a gripping story.

ANY WEAKNESS IN YOUR BACK?

Sometimes you experience pain and weakness without much suffering. Later on the pain will surely come. The trouble can be stopped now by rubbing on Nerviline—rub it in deeply over the spine, and then put on a Nerviline Porous Plaster. In these remedies you will find wonderful and quick relief. They will spare you from an attack of Lumbago, which is the outcome of neglected pain in the back or side. For all muscular pains, strains, and weakness, Polson's Nerviline and Nerviline Plasters have no equal. Refuse substitutes.

ARMORED CRUISERS TENNESSEE AND WASHINGTON ORDERED TO STEAM HOME

THE USS WASHINGTON

THE USS TENNESSEE

The armored cruisers Tennessee and Washington have been ordered home at once from Turkish waters. Sensational newspapers have it that the reason for this is that in case of war with Japan both these ships would be caught by a superior force and captured or destroyed. Another reason is held forth for the recall of the boats. This is that Japan will soon receive from English shipbuilders the huge battle cruiser Kongo, which weighs 27,500 tons, has a battery of eight 13 1/2-inch guns, and a speed capacity of twenty-seven knots an hour. The Tennessee and Washington weigh 14,500 tons each. The main battery of each is four 10-inch guns and the speed of each is 22.16 knots an hour. It is asserted that the Kongo's superior strength could destroy the Washington and Tennessee.

Suspect in Case.

SARNIA Ont., May 15—As a result to the complaint made by H. Minke, a German on the way from New York to the American West on the Grand Trunk express No. 5, by way of Canada, that he had been robbed of two thousand six hundred dollars currency, a suspect was taken

off the train at Port Huron by the American immigration authorities and cross-examined minutely. The fellow, however, proved to be a farm hand from Dayton, Ohio, and the officers convinced of his innocence allowed him to go. Mr. Minke was accompanied by three sons and their little fortune meant to them a farm and independence in a new country.

CITY NEWS ITEMS

THE PROBS

TORONTO, May 15—The cool wave is now centered in the Ottawa Valley while the depression which was in the Southwest States has now reached Wisconsin. Rain has fallen during the night in the Peninsula of Ontario, and showers have been fairly general in the Western and the Maritime Provinces.

Fresh to strong easterly to southerly winds, occasional rain and local thunderstorms to-day and on Friday. Friday, higher temperature.

Temperature

Temperature for the last 24 hours. Highest '60, lowest 43. For the same date last year, highest 80, lowest 38.

Holding Banquet.

The teams of the Pin Bowling League are holding a banquet to-night in Campbell's restaurant.

Plaster Fell.

Quite a quantity of plaster fell off the walls and ceilings of the city hall just inside the east entrance. There would have been no tears shed if the whole business had collapsed.

Will Entertain.

The Borden Club bowlers will entertain the other teams in the league in their club rooms to-morrow night for which a good programme has been arranged.

Tools Arrived.

Hydro Commissioner Ireland announced this morning that he had received a consignment of tools this morning and that a number of men would commence erecting poles right away.

Call For Tenders.

Hydro Commissioner Ireland will advise the Commission in Toronto to advertise for tenders for the supplying of substation transformers, high tension equipment and lightning arresters and switch board for the local plant.

Left For Edmonton.

Roy Hill, who for some time past has been employed as a teacher in one of the schools on the Indian Reserve, left on Tuesday for Edmonton. Major Smith regretted to lose him as he was a good teacher and popular with the scholars.

Canton Brantford.

The officers of Canton Brantford were unable to come to terms with the G.T.R. in connection with running a special train to Brantford on Sunday where they wished to attend divine service with the Oddfellows of that village. The members of the Canton will go out in carriages.

Attending Funeral.

Assistant Chief Kingswell and Fireman Howarth, of the Brantford brigade, are to-day attending the funeral of the late chief of the fire department at Stratford. A beautiful floral offering was sent by the members of the two local departments.

Inspected Cadets.

Lieut.-Col. M. F. Muir and Major G. J. Smith of the 25th Brant Dragoons, journeyed to Paris last night where they inspected the cadets of the factory town. There was a large turnout of the cadets who executed a number of difficult movements. The officers speak in the highest terms of the Paris boys.

Merry Chase.

A number of ladies who reside on Arthur St., had a merry chase after a tame canary which got out of its cage and took flight from tree to tree. Step-ladders, rakes, brooms, mops and other contrivances were brought into commission and after much manoeuvring the pet was caught.

Entertained.

The Y. M. C. A. minstrels to the number of twenty, were entertained by the Y. M. C. A. social committee at a banquet last evening in the parlors of the Association in recognition of their services. After full justice had been done to good things provided, there was an informal program. It was very much regretted that Mr. D. Forbes Thompson, teacher of the minstrels, was unable to be present.

Annual Rummage Sale.

Chief Slemm will hold his annual rummage sale of confiscated goods in the court room at the police station to-morrow afternoon.

A Protest.

Base decisions by the umpire and grounds, are the grounds of a novel protest to be entered by the Beavers, against the G. S. and M. victory at soft ball last night.

Committee to Meet.

The committee on reports appointed at the mass meeting of the temperance workers held in the Y. M. C. A. Monday night, will meet at the Y. M. C. A. this evening.

Communication.

A communication is on file at the City Clerk's office from P. C. Casey requesting the city to allow him to move his buildings on lots 70-72 Bridge street to a lot on Sydenham street between Dublin and Charing Cross.

Lacrosse Executive.

A meeting of the executive of the Brantford Intermediate Lacrosse team will be held to-night for the purpose of appointing a representative to attend the group meeting which is being held to-morrow in London to draw up the playing schedule.

Brantford Girl's Success.

The many friends of Miss Gladys Heatley, who is in training at the George Washington University training school for nurses, Washington, D.C., will be pleased to learn that she has so successfully passed her examination in materia medica, having obtained 100 per cent of the marks given.

Knights of Pythias.

Chancellor Commander Black was greeted with a full house when he opened the regular meeting of Calanth Lodge, Knights of Pythias last night. The degree team conferred the rank of Knight on a number of esquires in a very creditable manner. The lodge room has been recently painted and decorated and presents a very home like appearance.

Building Permits.

Buildings permits at the City Engineer's office have been granted to J. Millard, Marlboro street for a brick addition to cost \$50. G. A. Elliott, Jr., Egerton street, iron garage to cost \$700. M. McIntyre, Strathcona Avenue, brick cottage to cost \$1,000. J. Secord, Hart street, brick dwelling to cost \$1,800. E. Secord, Hart street, brick dwelling to cost \$1,000.

We Deserve It.

Peterboro had 2341 paid admissions for the opening game with Brantford. Pretty soft for the Red Sox. They opened at home with Ottawa and had a crowd of 3761 paid. Then they jump to Peterboro and run into a 2341 crowd. Now they go on to Ottawa for the opening in that city and are almost sure to open to three or four thousand if the weather continues good in the meantime. Some of the club owners are wondering how Ottawa got the Brantford opener and Brantford fell in for three opening dates—Hamilton Spectator.

Trespassing on Farms.

Paris Star Transcript.—It is quite common now to see signs on farms adjoining Paris reading, "Trespassers will be prosecuted." What has brought about this condition of affairs? Simply the reckless manner in which parties of young men, often mere lads have persisted in shooting and fishing over these farms. Gates are left undone, fields of grain trampled, and cattle frequently dogged,

With The Police

not a few have been shot, while the owners in some instances have had narrow escapes themselves. This utter disregard for the care of other people's property has naturally caused a section, but throughout Ontario, generally to close their bush and streams to the general public. It does not seem to have appealed to some young men that they were trespassing and when so informed of their cases, have simply treated the owners with abuse. Last year several farms in South Dumfries and Brantford Township were closed to the public. This year the farms of Messrs. Christopher Barker and Son, near Paris Station, as well as those of W. D. Barker, will have trespass cards up, and parties offending will be prosecuted. It is to be regretted that those who love to stroll through our woods and enjoy nature are being prohibited from so doing, owing to the reckless conduct of others whose insolent behaviour when spoken to, is not far removed from hooliganism.

Four Steamships.

SAN FRANCISCO, May 15—The purchase of four huge refrigerator steamships for the transportation of frozen beef and mutton from Australia and New Zealand, was announced yesterday by a trans-Pacific line. The deal was made with an English firm and within a few months the new refrigerator line will be in operation between San Francisco and the Antipodes. A shipment of 400,000 pounds of meat will arrive here to-day.

Good Work This.

CHICAGO, May 15—Enough cement to construct the proposed ocean-to-ocean highway was donated yesterday by members of the American Cement Association. Each member agreed to give one per cent of his annual output for three years. The subscription is estimated to be worth \$2,500,000.

The Girl Returned.

WINNIPEG, Man., May 15—Sarah Godey, the young girl believed to have been kidnapped returned last night. She had run away because she wanted to work in an office. Repentant she returned to her parents who will put her in a business college to satisfy her ambition.

Fort William strike.

FORT WILLIAM, Ont., May 15 The joint board of the street railway executive and the Trades and Labor Council of the twin cities met yesterday at the request of the latter body in order, if possible, to effect a settlement of the dispute. The conference lasted all afternoon. At its conclusion the joint board issued a statement stating there was nothing further to be gained by negotiations and they would maintain the stand taken when the strike was first declared, one of absolute determination to give no ground to the strikers. A fairly good service is being maintained.

Sad Accident.

WINNIPEG, Man., May 15—Oral Stewart, aged 17 was run down and killed on Maryland street by the Winnipeg general ambulance which was responding to a call.

Briny Tears

By WALT MASON

Once I met a gloomy mortal and I said to him, said I: "You should caracole and chortle—better far to smile than sigh. All our woes and pains will leave us, and the sun for us will shine; nothing is so doggone grievous as to call for all this brine. For your moping there's no pardon, it's against all recent styles! Read the dope of O. S. Marden, note the curves of Sammy Smiles! Why go snooping round to borrow trouble when there's joy to spare? If there's gloom to-day, to-morrow will disperse your grief and care." But the old man wept the louder as he heard my gems of thought, saying: "You are full of chowder—all the things you say are rot. For my trade is helpful verses and the uplift graft, my son, and I feel like forty hearses with a corpse in every one. Life has lots its charms and sorrows, it has nothing but distress, for I write the sunshine songs for the optimistic press."

Players Declared Eligible for Games Saturday—Other Notes of the Sport.

The executive council of the Football Association met last night and following business was put on the agenda: W. Richardson, Cockshutt, W. Loity, Dufferin Rifles; R. T. Harrison, Dufferin Rifles; R. T. Harrison and G. Brown, St. Andrews; G. Elliott, 25th Dragoons, were all declared eligible to play on Saturday night. The report from the first vice-president that the offer of a set of uniforms for the John Hill cup, was gratefully received, and the league wishes to thank Mr. Cartwright for his generosity. The Dufferin Rifles have permission to play Dundas on the 24th of May. The application from the Dufferin Rifles and the 25th Dragoons was laid over until the next meeting of the executive council, which will be held next Wednesday night. References for Saturday's games: H. Elliott, Tutela vs. Y.M.C.A. S. C. Smith, Holmedale Tiger and 25th Dragoons. G. Elliott, Dufferin Rifles and S. O. E. M. Goatley, Cockshutt and St. Andrews. Nearly every club in the League will hold a practice this evening, when the players who will represent the different teams in the league will be selected. All Scots Met. The players of the All Scots football team are requested to meet in the Borden Club this evening at 8 o'clock. Matters of importance pertaining to the club will be discussed.

Walter Johnson Made New World's Record in Yesterday's Game. ST. LOUIS, May 15.—The St. Louis team of the American League yesterday ended Pitcher Walter Johnson's string of consecutive scoreless innings with one out in the fourth inning, the three and one-third inning, the Washington man pitched yesterday make his total 56. Johnson and his team-mates last night claimed that the Washington star had made a world's mark. The record is said to have been made by Coombs of the Philadelphia Americans in 1910 and was 53 1-3. Johnson's record follows: Against. April 10—New York, 8 innings. April 19—New York, 9 innings. April 23—Boston, 9 innings. April 25—Boston, 1 inning. April 30—Philadelphia, 9 innings. May 3—Boston, 2 2-3 innings. May 5—Boston, 5 innings. May 10—Chicago, 9 innings. May 14—St. Louis 3 1-3 innings. Total 56 innings.

We need Burrill and Kane. Guelph ball players have ordered new and larger head-gear. They have beaten Ottawa three times. Brantford isn't getting enough base bingles. Who would ever have thought that Peterboro could do it thrice. Ottawa lost to Guelph and St. Thomas dropped one. It helps some. What do you think about Hamilton being up at the top of the league? Ottawa and Brantford have both dropped three games in a row. They meet to-day. It is not often they score ten runs on Chubby Coose. Will somebody kindly switch the Knotty Lee with a pennant winner, What do you know about that? Oh, well, it's pretty early in the season. Creswell for Peterboro apparently not square for getting taken out of the box last Saturday. The Canadian League race is going to be some battle this year. Collins to-day for pitcher against Ottawa is the one best bet. Shaughnessy has been saving his best pitchers for Opening Day. Burrill is working out behind the dyke and will get into the game on Monday next against London. London dropped three in a row to Hamilton and have the cellar position cinched. New York and Cleveland played a great thirteen innings tie yesterday. The Giants walloped the Cubs. Berlin didn't do a thing to the Saints—10-0. It was sure Quaker Oats for the Red Sox at Peterboro. We will be glad to see our paid amateur hack game again when they behave so badly away. Oh, for a few good mighty clouts when clouts mean counters. Holding up the Brantford ball team these days is like defending reciprocity. Good night, Peterboro! It is a good thing the Red Sox have only got to go there once more. If we had a Mathewson or a Joe Wood could we win? With Kane and Burrill missing and Brundage having had a hole in his bat, how could we win? Just like the last sad rites around the Courier bulletin last night. It was worse over the telephone. First road trip looks disastrous. Oh, well, we've got to beat Hamilton next week. The Red Sox will play two games here Monday, May 26—one in the morning and one in the afternoon. If things keep up as they are, the club will take batting practice on Tuesday, the game for that day being called off. Hamilton with a winner is reported baseball bugs; wait till they start to lose and listen to the anvil chorus. Toronto finally got beaten at the Stadium and there is a considerable reduction in the size of hat worn in the Queen City. Pittsburgh broke its losing streak. Wish Brantford could break something except the atmosphere. The writer just noticed a big cudgel on the shelf. If things keep on as they have to send over to The Expositor to get a bigger one. And to think that our own Chubby Coose, only married last winter, should have met such a sad fate. When last seen, Ambrose Kane was reported as biting up railway spikes, because he couldn't get into the fray. Where about is Peterboro on the map any way? Please, Mr. Deneau, London, you have our cordial sympathy, especially when playing at home.

Knotty Likes Them. MONTREAL, May 13.—Knotty Lee, manager of the Hamilton team in the Canadian League, has notified Pitcher Sabourin of the Athletic City League team to report as soon as possible. Sabourin, who was ailing the greater part of the winter, is gradually getting into shape and will probably join the team at Ottawa. Lee writes that "Rick" Paquette and Charley Wayman, two pitchers, although graduated from city league rank to the Canadian League, have made such a good showing in the preliminary exhibition games that both would be used regularly. Service Resumed. PORT ARTHUR, Ont., May 14.—The street car service was resumed again this morning without any evidence of trouble. The patronage is rather lighter than usual, large numbers of workmen refusing to ride on cars manned by non-unionists. The joint board is facing a new trouble. While the staff of strikebreakers apparently quite capable of handling cars, the non-comers claim that cash fares belong to them and refuse to conform to regulations regarding the use of the fare boxes, so that all the street railway gets out of it is the tickets.

Free Tickets

The Courier has great faith in the "little ads." and more people are reading them every day. You will too as soon as you commence to make them your daily companions. In order to create more interest in these advertisements, which appear on classified page No. 2, The Courier presents a proposition that will, of course, meet with your hearty co-operation and approval. It will give away a series of theatre tickets to the readers of these "little ads," and the method will be as follows: Hundreds of names of thoughtful residents of this city have been collected and placed in a box. Every day one of these names will be withdrawn and printed upon the classified page, interspersed between the "little ads." You will have to read the advertisements very carefully in order to find them. Perhaps your name will be among them. If it is, simply bring a copy of the Courier, with your name distinctly marked, to the office, and you will be presented with tickets to Colonial or Apollo theatres, free of charge. These tickets will be good for any seat in the playhouse, any afternoon or evening except Saturday. You'd better start right now. Look through the "little ads," and get acquainted with them, for the first series of names appears in this issue on Page Two.

IT WAS AWFUL AT PETERBORO--10-4

Red Sox Dropped Three Straight Games to the Petes—Orcutt Did Some Opportune Hitting—Other Features of the Game.

(Special to the Courier) PETERBORO, Ont., May 14.—Chubby Coose, usually Peterboro's jinx, failed to stop the fast-coming Petes to-day, and they won handily 10 to 4, taking the third straight game of the series from the Red Sox. The home team had three triples and a double, mixed up with nine singles, and scored in all but two innings. The visitors scored a brace in the first innings off Creswell, the young local south-paw, whose control was bad. In the third, after he had passed Wagner, he was derickied in favor of Belding, who held the visitors to four hits for the balance of the game. In the meantime the Petes were hammering Coose hard, and when Reilly was sent in in the seventh they handed him the same treatment. In the first inning Tesch was passed and Diem took one in the ribs. Wagner's intended sacrifice resulted in Totten's failure to cover third for McNeal's throw, and Tesch scored. Orcutt drove a pretty liner over second for the second run of the inning. An error by Brant, Orcutt's second single and a sacrifice fly by Lamond gave the visitors another in the seventh, and in the ninth singles by Lamond and Reilly and an infield out gave them another. Manager Amby Kane was chased from the grounds in the eighth inning for making some remarks to Umpire McLaughlin. Manager Rowan and McLaughlin were having an argument over a ball thrown out from the Peterboro bench, and Amby took a hand in the conversation. He was not in uniform, and Umpire McLaughlin banished him. Brant's great fielding in the short was the feature of the game.

Are Your Shoes Properly Fitted?

Shoe fitting is VERY important. It counts for extra WEAR in your shoes as well as proper comfort while wearing. We fit shoes SCIENTIFICALLY. We make a special chart of each individual foot, and give you a shoe that fits YOUR foot as if it were custom-made for yourself alone.

This scientific foot-fitting system will add to the wear of your shoes, because it prevents any undue strain on any part of your shoe. A perfect fit means perfect adjustment of the shoe to the anatomy of your feet at EVERY point without foot pressure or strain on the leather at ANY point.

Come in and let us explain our special method of fitting by INDIVIDUAL chart!

ST. THOMAS, May 14 — Berlin came back to-day and scored a clean shut-out against the locals. Kehoe twirled a magnificent game for the visitors, letting the home team down with four hits, Kopp and Craven being the only men to hit safely. Leroy, the Indian twirler was hit hard and retired in the fourth in favor of Green. Leroy was given his release after the game. The Saints left for the east after the game and will be on the road for two weeks.

HAMILTON, May 14— Hamilton defeated London with ease here yesterday by a score of 11 to 3, and by so doing took all three games of the series.

The Tecumsehs played very ragged yesterday, and seemed to have trouble in connecting with Garlow, the Indian's benders when his meant runs. Fitzpatrick was Manager Deneau's selection for mound duty, but he failed to show class, and was hit hard and at the right time, when his meant runs. Garlow was very effective in pinches and in more than one instance when London had two men on and only one down he struck such batters as Bierbauer and Stewart out.

Fitz was Found Easy. Hamilton went right after Fitzpatrick in the first, by a pass, an error and a three bagger, succeeded in getting two runs across the plate. They came back in the third with two more, and in London's half the first two men who went up singled, but they failed to rally, as the next batter was an easy out and the next was out to Garlow who held the runner on second and threw out the batter at first. Foye struck out, retiring the side. In the next innings London did the same trick, but the first man up got a single, and was sent on to second with another single, they got one runner across when the next batter was thrown out at first and in an effort to get another at second the ball went to the outfield.

London Might Have Tied. Timely hitting in the fifth gave them one more, and it looked as if London was going to tie things up in this innings, but Garlow settled down, and all they got was one run. In the sixth Hamilton got to Fitzpatrick for five hits and seven runs. Deneau took him out. The first two men up singled. The next was an easy out. Corns was passed and the bases filled. Killies then hit for two bases and Fisher followed next with another two bagger. Barton hit to Marshall, who fumbled, and all were safe.

filling the sacks for the second time. Tyson and J. Murphy singled and Fitzpatrick was derrick in favor of Higgins, who put the lid on the scoring. London got another in the seventh after Marshall had singled. Dunlop followed with another safe single, moving him up a peg. Foye was an easy out, and Myers, a pinch hitter, hit a sacrifice fly long enough to allow Marshall to score. This ended their scoring.

In the next innings they failed to show only three batters going to the plate in the last innings. They got two hits in a row, but foolish base running lost them a chance to score, and the game ended with Hamilton on top.

Tecumsehs Make Impression. London made quite an impression with the fans here, and they have a very fast team. With one or two changes, London would be a hard team to beat, as they are all good hitters.

Guelph Takes One More From Ottawa

GUELPH—Guelph wound up their first series of games with the Ottawa champions yesterday with another victory, thus making three straight wins from Shaughnessy's team. It was one of the prettiest games ever played on the local diamond and was full of good fast baseball from start to finish.

Ottawa outlived and outfielded the home team, but the Leafs were lucky and especially good in the pinches. Three fast double plays pulling them out of somewhat of a hole.

Lill was batted out of the box in the second and was replaced by Renfer, who did better. Dorbeck pitched good ball for Guelph until the ninth when the Chaps got to him for a couple of runs. Schaefer finished and forced Lair to hit into a double play with two men on the bases. The Ottawa team left for home last night where they will open the season today with Brantford. The Score by innings:—

Ottawa 000001012 — 4 14 7
Guelph 04000001X — 3 9 3

Matty Signs Few Passes to First. Running along with Walter Johnson, who yesterday succeeded in his efforts to pitch a record number of scoreless innings is Christy Mathewson, who is setting a mark for perfect control that may never be equalled.

The star twirler of the New York Giants finished his forty-seventh innings Monday afternoon without a base on balls. Matty has given only two passes this year. That was in the first game he pitched against Boston on April 17. His record since then follows:

Date. Opp. Inn. B.B. B.H.R.
April 23—Phila. 9 0 5 1
April 29—Brook. 13 0 6 0
May 3—Phila. 8 2 3 0 6 3
May 7—Cincin. 7 1 3 0 7 3
May 12—Chicago. 9 0 3 1 0

Totals 47 0 27 8
Matty has won five games and lost one so far this season. He was

beaten by the Phillies on May 3, the score being 3 to 2, two men being out when the winning run was scored.

COCKSHUTT

The Brantford
On the Square
the Canadian
Cost \$44

During the last hours of the debate, Mr. W. F. Cockshutt, for Brantford, made a statement which was received to have been, on the whole, an effective contribution to the cause.

As is generally well known, Mr. Cockshutt is a thoroughly well acquainted with Australian affairs, and his statement that the Australian Government's great cost to Canada's great coast is an outlay of \$40,000,000 is a most illuminating incident in the history of the address. Mr. Cockshutt (B. M. C.) has caused a great deal of interest as to what can be done and much has been said in connection with regard to the matter. More than 1000 people read to the committee from the National Review last, which shows in which Australia is in the moment.

"But since 1900 the rate has gone by the rate so far as Australia. The Commonwealth probably never pretended local ambitions or the ambitions of the Australia be satisfied with four six destroyers. That is, manifestly inadequate protection of Australia. More over the policy of the British naval race in Europe steadily deteriorating, dreadnoughts, agitators was no sooner accepted than it was discarded. It was not government ordered the building of the proposed, but popular opinion that something be done and requested to send out a naval expedition the foundation of a considerably larger proper expert, Admiral Sir Ross, went out in 1910 his recommendations. The cost of the entire Australian coast was to report not merely of ships required, proper equipment of coast defence and the training of seamen. His report was published by the Commonwealth. He advocated eight first-class cruisers (Invincibles), ten or eighteen destroyers, and marines, which with repair ships, make a fleet. The personnel required is 23,144 millions sterling a period of twenty years on this, however, the Bill is that period, and there outlay on naval work which has been estimated at \$15,000,000—though of Defence recently would reach that figure. £15,000,000, however, is correct, the Australian naval policy scheme becomes an average of \$4,000,000. Mr. Henderson has a financial table, in which charge begins at about rises rapidly to nearly the ultimate year."

Going for P. Our friends have a trial as an example, that Canada should footstep. The hon. John (Mr. Pugsley), doubt, preached the John, but that gospel salvation for the defence Empire. In the go which has been expounded gentleman day in and days—I think the hon. must have spoken at five times on the subject. The hon. member said that of Imperial naval has not been mentioned of certain sense which the hon. gentleman regard to harbor work building at St. John's have heard. I saw a cent issue of the Globe gives a good idea of the policy advocated member for St. John's keeper, depicted as a of beefsteak and potatoes his customers, produce which there was a veal and a very small beefsteak was entirely covered by few minutes later the restaurant came around customer: 'How did you steak?' 'Oh,' he said, 'I simply lifted the pot it was!' This is what her for St. John's has is lifting the potato—the city of St. John's finds imperial defence country wants is not good only for the city.

Beethoven

By HOWARD L. RANN

LUDWIG VAN BEETHOVEN was a well-known musician who specialized on the piano and could play just as well with one hand as the other. He was of foreign descent, but most of his music has been translated into the English language and is intelligible to anybody who knows a dimming seventh from a sideboard.

Beethoven came of a musical family. His father was born with a tenor voice, for which he was not responsible, and which annoyed all who heard it.

The elder Beethoven was addicted to liquor and singing off the key, and he never broke himself off so that the music critics noticed it.

Mr. Beethoven kept a piano in his home which he used to pit his voice against several times a day, he drank, and at the age of four years young Ludwig began to toy with the

diatonic scale and coax melody out of the bass clef. At nine years he could play a tune with his right hand and keep time with his left foot, and by the time he was able to reach both pedals at the same time he began to compose that series of mysteriously 88-note records which are now sold to the piano-player public at \$5 per roll. He also got up a number of songs which are still sung by vocalists who insist on inserting the Swede accent into the German language.

The later years of Beethoven's life was saddened by a great calamity. One day while engaged in drawing plans and specifications for a new opera, he lost his hearing. He looked around his studio for it, as it was the only one he had, but he never was able to find it. However, this relieved him from the necessity of listening to pupils who played everything in waltz time and were not handicapped by a sense of rhythm.

Beethoven never composed any rag time music, as it had not broken out in its present eruptive form.

He did write, however, in very durable and careful handwriting, and over again without causing people to edge uneasily to the rear.

SAVES ELDERLY PEOPLE FROM KIDNEY AND BLADDER MISERIES

Sleep Disturbing Bladder Weaknesses, Backache, Stiff Joints
Rheumatic Pains Disappear After Few Doses are Taken

While people along in years are naturally more subject to weak kidneys, they can avoid the tortures of backache, and rheumatism, and be saved the annoyance of getting up at night with disagreeable bladder disorders, for the new discovery, Croxone, quickly relieves the most severe and obstinate cases.

Croxone cures these conditions because it removes the cause. It is the most wonderful remedy ever devised for ridding the system of uric acid. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. Croxone makes the kidneys filter the blood and send out all the poisonous acids and waste matter that cause these troubles.

It soaks right in and cleans out the stopped-up, inactive kidneys like water does a sponge, dissolves, and drives out every particle of uric acid and other poisonous impurities that lodge in the joints and muscles and cause rheumatism. It neutralizes the uric acid so it no longer irritates the bladder, overcomes the unnecessary breaking of sleep and restores the kidneys and bladder to health and strength.

It matters not how long you have suffered, how old you are, or what else you have used. The very principle of Croxone is such that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieve you the first time you use it, and all your misery and suffering soon disappear. You can secure an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.

CANADIAN CLAIM DATES FROM 1812

Commissioners on Seizure of the Lord Nelson Bethune Asking \$5,000.

WASHINGTON, May 14.—Half-forgotten romances of olden days will be told before the International Joint Commission which met here yesterday for the purpose of disposing of all outstanding pecuniary claims between Great Britain and the United States. The claims of British subjects against the United States total \$2,966,000, while the American claims against Great Britain aggregate \$4,433,000.

Henry M. Forman, of France, Sir Charles Fitzpatrick, Chief Justice of the Dominion of Canada, Chandler P. Anderson, former Counsellor of the United States Department of State are the Commissioners.

Seizure of Lord Nelson

From a romantic viewpoint the most interesting case to come before the Commission involves the alleged illegal seizure of the British ship Lord Nelson on the great lakes by a United States national vessel a fortnight prior to the beginning of the war of 1812. A United States

court declared that the seizure was unlawful and awarded the owners of the Lord Nelson \$5,000 for the loss of the vessel, which had been sold.

Clerk Absconded With Money

It is set forth in the claim that Theron Rudd, Clerk of the United States Court for the District of New York, absconded with most of the \$5000 damage money. Only \$185 was left, and this was awarded by the United States Court of Claims to the heirs of the original claimants. An Act of Congress was required to pay this small sum out of the Federal Treasury, but the act never got to the desks of two Presidents before the report of two Presidents to have an appropriation bill passed. Henry James Bethune of the Province of Ontario is the present claimant. He has asked the international committee to award him \$5,000 with interest at six per cent, from June 6, 1812 making a total of something more than \$35,000.

Only Half

White Star Line Dividend is Very Much Depreciated This Year.

[Canadian Press Despatch]

LONDON, May 14.—Owing to the loss of the Steamer Titanic the laying up of the Steamer Olympic for repairs and because of labor disturbances the annual dividend of the Oceanic Steam Navigation Company, owners of the White Star Line, is only one-half that paid last year. The dividend for 1911 was 60 per cent. The company paid a dividend of 30 per cent in March, but, owing to the loss of the Titanic and other troubles no final dividend was recommended. A sum of \$540,790 written off on account of the sinking of the Titanic is described as "the proportion of loss on the first cost of the Titanic."

The report of the directors expresses regret at the retirement of J. Bruce Ismay as managing director of the White Star Line.

POPULAR YOUNG FARMER TALKS

Tells What Dodd's Kidney Pills Did For Him.

He's Back at Work Again, After Suffering from the Pains, Nervousness and Depression that Only Kidney Disease Can Bring.

POINT ALEXANDER, Ont., May 12.—(Special)—Mr. D. A. Froncare, a well-known and popular young farmer, living near here, who has been a sufferer from kidney disease for some time past, is back at work again, and he says, without hesitation, that his cure is due to Dodd's Kidney Pills.

"I was always tired and nervous," Mr. Froncare says, in speaking of his illness. "I suffered from backache and neuralgia, and my sleep was broken and unrefreshing. My eyes were puffed and there were dark red circles around them.

"My muscles would cramp, I felt heavy and sleepy afterwards, and I was depressed and low-spirited, while shortness of breath and dizzy spells served to make life yet more miserable for me.

"I was always thirsty; my limbs were heavy; and I had a dragging sensation across the loins.

"My symptoms led me to believe I had kidney disease, and I started to use Dodd's Kidney Pills. I have taken eight boxes in all, and I am very grateful for the benefit I have received from them."

If the disease is of the kidneys or from the kidneys' Dodd's Kidney Pills will cure it.

W.C. Wood's English Remedy, known and appreciated by the whole nervous system, makes now for the relief of the following ailments: Headache, Vertigo, Nervous Debility, Mental and Brain Worries, Depression, Sexual Weakness, Impotence, Spasmodic, and other ailments of the Urinary System, and all other ailments of the Urinary System. Price \$1 per box, six for \$5. One will please, six will cure. Sold by all druggists or mailed to plain post on receipt of price. New pamphlet mailed free. Maybe there's an old fellow working beside you—the house keeps him on—he's sort of pensioner. His productive years are gone. While he was a producer he never saved. If you could analyze that old fellow's thoughts, you'd find him sadly rueing the years when he spent all he made. Instead of being able to retire to a comfortable, independent old age, he is working for a mere pittance, keeping body and soul together.

Man! Don't let yourself come to that. Provide for your declining years by means of an Imperial Endowment Policy.
