The different churches in town have been holding very interesting meetings since the departure of Evangelist Gale. On Wednesday evening at the Baptist church two were received for baptism and many more are expected.

Ladies' Journal

Two years ago we clubbed the Ladies Journal with our papers. Since that time the Journal we believe, has been sent to those who subscribed through us and consequently a year's subscription is now due at the rate of \$1. As several have spoken to us about this, we have made arrangements with the proprietors of that paper whereby we can settle the old subscription at 50 cents for the year if paid to us this month and also 50 cents for a renewal subscription if any desire to continue. Those who have been receiving this journal should not delay in remitting to us as otherwise they will be obliged to pay the full price of \$1.

The annual meeting of the officers of the 68th Battalion will be held in the Aberdeen Hotel on Wednesday next at 3 p. m.

NOTICE—The Baptist Conference of Kings County, is to meet, D. V., at Tremont, Aylesford Tuesday the 2d day of April, commencing at 10 o'clock a. m. There will be three sessions during the day. A free return by rail will be given to any who procure a first class ticket to Kingston Station. Delegates will be sure to ask for certificates at the station when they procure their tickets. Teams will meet delegates at Kingston Station.

Through an accident to a steamer the goods have been somewhat delayed, but have now arrived and include some of the latest novelties of the season.

Customers who will wait will see the FINEST stock of Trimmed Goods she has ever shown.
Webster Street Kentville

Newspaper Purchased

Mr. Stanley A. Marchant of this town has purchased the Hantsport Advance and will take charge of that paper the first of April. Mr. Marchant has had considerable experience in newspaper work both in the United States and in this county and is well fitted for the position he is to fill. Under his energetic management we expect to see the Advance truly advance in every respect and soon be able to claim a circulation as good as the largest of our county papers. We recommend him to the people of Hantsport and vicinity and trust they will render him loyal support in his endeavors to further the interests of Eastern Kings and Western Hants. Under the management of Mr. J. W. Lawrence the Advance has always been a very new paper and its locals were frequently reproduced by exchanges.

The appearance of the Halifax amateurs at Kentville on Friday evening April 19th, will be looked forward to with more than usual interest principally because those who are coming are considered the best in the province and especially selected by Mr. Pyke for operatic work. Besides Miss Francis Foster and Mrs. J. McD. Taylor who are known to Kentville audiences, will be Mrs. James Slayter and Miss Laura Frazee both equal to the former two. Among the gentlemen are Mr. James Slayter, without question the best tenor in the Maritime Provinces and Mr. W. A. Covey and Mr. H. Pemberton acknowledged the best baritone in Halifax. Mr. A. D. Johnston and W. E. Hebb are the comedians and both exceeding funny. The orchestra which is composed principally of the best local instrumentalists—10 in number—will be under the direction of Mr. C. M. Pyke. The sale of seats will be opened soon and it will be advisable for all those who intend going and wish a choice to look out for them early, as there will be many outside orders booked as soon as pian is ready.

Mr. Elisha D. Harris farmer and trader of Auburn, has assigned to E. B. Cogswell.

Mr. Barrons manager of the Nova Scotia Carriage Co. will return to Ontario in a short time.

New telephone subscribers in town are Dr. Moore, office; James Sealy, store and W. M. Carruthers, office.

Any reasonable offer for clothing accepted at Sacrifice Sale before we close tomorrow night. D. Jacques proprietor.

Mrs. Geo. Magee of Somerset is seriously ill. Her daughter was hastily summoned from Grand Pre yesterday morning.

Mr. W. M. Carruthers is progressing rapidly with the construction of his large warehouses for carriages, implements etc. on Aberdeen St.

Any one who desires a desirable dwelling in town should read the adv. of P. S. MacNutt in this issue. House is in fine location. 11 rooms and new.

Miss E. M. Davis will hold her Easter Millinery show days on Wednesday the 3rd and Thursday the 4th inst. See ad in another column.

The great Sacrifice Sale of mens clothing closes tomorrow night. Great bargains can be obtained today and tomorrow.

Messrs. A. W. & E. G. Bishop provision merchants of this town have been obliged to make an assignment on account of their difficulty in collecting accounts.

Regarding Boars of Trade—In the last number of the Maritime Merchant is a well written article by M. G. deWolfe, advocating the need of some journal that would become the exponent of Board of Trade work, so as to stimulate the local boards of the provinces and to keep each other posted in what the others are doing. Mr. deWolfe is strongly in favor of the Maritime Merchant doing this work, and we fully agree with him, for we know of no Trade Journal that has made such rapid improvements in eight years as the above. All of which is due to I. C. Stewart, president and editor. We hope the local and maritime boards will take up this question and carry it out. The Maritime Merchant is willing to publish any Board of Trade news that is sent to it and local boards should be on the alert. ETC.

Mrs. C. F. Rockwell is visiting Mr. and Mrs. Frank Fowler of Bridgetown.

TO LET, house occupied by Mr. James Sealy, Prospect St. Apply to Shaffner & Robertson, Kentville, N. S.

The officers of the 68th Battalion will hold a dinner at the Aberdeen Hotel on Wednesday afternoon.

Mr. Kennedy, boss painter of the Nova Scotia Carriage Co. has severed his connection with that company.

The principal musical event of April will be the appearance of Mr. C. M. Pyke in Kentville with his complete operatic organization which so delighted Halifax audiences. The date is April 19th.

Mr. D. R. Cummings, ex-Scott Act Inspector of Sydney, was arrested last week on the charge of accepting a bribe offered if he would agree not to bring liquor dealers up on a second violation of the Scott Act.

Evangelist Gale left on Tuesday for Berwick where he will hold Evangelistic services the coming week. Miss Hall who favored the Kentville people with her singing made many friends while here. A large number assembled at the station to bid her good bye.

The Nova Scotia Steel Company has found that to move their plant to North Sydney would involve in a heavy expense. There is some possibility of an American company purchasing the company's areas at Sydney Mines and if the sale is not made then the N. S. Steel Co., will erect a plant at Trenton.

At the close of pastor Martell's sermon on Sunday evening at Steam Mill Village, Mr. George Vaughn went to the platform and presented him with twenty-four dollars, on behalf of his many friends residing in the community. Mr. Martell made a very suitable reply, thanking the friends for such an expression of love and good will. The service closed singing, "Bless be the tie that binds our hearts in Christian love."

The C. P. R. is advised by Lord Strathcona that the imperial government is sending an officer to the Dominion to purchase Canadian horses to be sent to South Africa. One or two thousand will be purchased and shipped at Halifax. The horses used by the Strathcons were so serviceable that the war office authorities want more of the same breed, and Canada will be looked to supply the right material for the service.—Ex

The following are the subjects of the lectures to be given by Mrs. Kathleen Jones the second week of April. For other particulars see notice elsewhere:—

No. 1. Some facts about a nurses life. The airing and furnishing of sleeping apartments. How to prevent illness in our homes.
No. 2. Disinfectants. Their evil and abuse; Stimulants. The management of infectious diseases; Many that animal eat No. 3. The nurses own health; Infants and childrens illness convalescents; Visitors; No. 4. Accidents. (What to do before the doctor comes); Cookery for the sick; Milk; Water. No. 5. For Ladies only.

CANNING

No doubt a large number of people from here will take advantage of the chance to hear a good thing on the 2nd of May when the Canadian Jubilee singers will visit Kentville. We understand a special train will run from here to accommodate those interested to "take in" this musical treat.

Canning is very quiet at present in many respects. The merchants are getting in new stocks of spring goods.

us and fill our hearts with brightest music.

Mr. Ney Woodworth of the Kentville "Wedge" visited Canning last week.

The address given by the Rev. W. U. Hutcheon at the B. Y. P. U. on Monday evening was on "Tobacco." It contained several very convincing truths and some excellent advice. We won't repeat many of his assertions for the benefit of any of our male readers because we have a strong conviction that our time would be wasted over the majority. A man whose habits are formed in a hard object and hard to turn. It is the coming generation whom we must try to reach and to train up to more sensible habits. The "chewing" habit was not touched upon in Mr. Hutcheon's address. We presume he considered the habit too revolting to be spoken of just then. The cigarette was proved to be more injurious to the human system that tobacco used in any other form.

Mr. Tod Woodworth, wife and child were in town last Saturday.

Miss Alma Melvin who has been visiting in Digby and at Woodville for the past two months has returned home.

Miss Bernice Newcombe has gone to Halifax for a few weeks where she will be the guest of her aunt Mrs. Farquarson.

Mr. Shaw of Berwick, who is Superintendent of the R. W. Kinsman Co. orchards on the ranch at Woodside, arrived last week with his wife and child and has commenced his duties.

We cannot express our true thankfulness to those who have taken such just measures with one who has been doing so much harm in our village of late years. We can almost sympathize with Mrs. Carrie Nation and followers when we witness the result of the great liquor evil. Are we to see our young men go down to a life of degradation without lifting a hand of remonstrance? Are we not our brother's keepers?

The death of Mrs. Brock wife of Rev. C. Brock D. D., occurred at her residence yesterday morning at 6 o'clock. She had a stroke of paralysis the evening previous and never rallied.

WILD RUSH FOR CROWN CLAIMS

Hundreds Race On The Klondike

GOVERNMENT OPENED RESERVATIONS

At Night, and With the Thermometer Away Below Zero, the Stampeders Start

SEATTLE (Wash.) March 11.—A stirring drama was enacted in the Klondike today. Hundreds of men and not a few women participated in one of the wildest races ever known, to locate claims believed to contain that alluring metal, gold. All this was at night, with the thermometer 35 degrees below zero, and the moon shining but part of the time.

The opening of long reserved crown claims and fractions in the Klondike to staking the entry by miners was the cause of the mad stampede. Thousands of claims and thousands of fractions that had lapsed to the crown or accumulated to the crown through the method of reserving alternate blocks of ten claims were set free for location. The men who participated in the race went out in most instances the day before.

As the clock hands reached 12, stampedeers began setting their stakes. A minute or two more and they had their notices up, and then they were off on a race to the Gold Commissioner's office. They raced out in all manner of conveyances. Some had teams of horses hitched to light sleighs some rode bicycles, some came with fast dog teams, and others by special stage or on foot. One man came eighteen miles on Norwegian "skees" or snowshoes, aided by a dog running before and drawing him by a rope he held. He covered the distance in two and three quarter hours, and beat in a horse which drew a sleigh.

Oftentimes several struggled to stake the same claim. In some instances trouble occurred, it is reported, and a revolver was drawn by one disputant. At places men staked claims knowing some one else was staking the same property and hurried away. The race was not alone to the strong. Many women were participants. One little woman weighing less than 100 pounds hurried in by a dog team from Bonanza. Other women came in stages or private rigs.

The wheelmen were swiftest of all on the whole. Trails and roads of creeks are packed as hard as the finest cinder path, and cyclists find them superior highways. Many were those who came on "heels, and notwithstanding the low temperature they pedaled like circuit riders. A man from Gold Run is said to have nearly killed a team of horses.

On arrival at the Commissioner's office all the stampeders had to stand in line until 9 o'clock, the regular opening hour. Perhaps a hundred were in by that time.

Canadian Order of Foresters

Among the many fraternal and sick benefit societies in the Dominion of Canada, the Canadian Order of Foresters stands at the head as regards finances, having the largest surplus per \$1000 of risk of any society doing business in this country. The membership now numbers 40,000 and the surplus in the insurance fund at the end of January last was \$1,001,000, and it is increasing at an average of about \$12,000 per month. The business of the society is confined to the Dominion of Canada, hence the death rate is very low, being only 4.56 per 1000 of membership in the year 1898, 4.43 in 1899, and the average death rate since the organization of the society in 1879 has been only 4.92. The Society is adding largely to its membership, new Courts being established in all parts of the Dominion and the old Courts strengthened. Insurance policies are issued for \$500, \$1000, \$1500 or \$2000, the latter amount being the largest sum written on any life. The insurance premiums are very low, being as follows, payable monthly in advance.

Between the On On On On	On On On On	On On On On	On On On On
ages of \$500 \$1,000 \$1,500 \$2,000			
18 to 25	.35	.50	.90
25 to 30	.40	.55	.98

35 to 40	.50	.65	1.28
40 to 45	.55	.70	1.50

The sick benefit department, though an optional feature, is a very popular among the membership, upwards of 22,000 being enrolled in that department. The benefits are very liberal, namely, \$3 per week for the first two weeks of illness, and \$5 per week for the following ten weeks, altogether \$56 during any year, besides a funeral benefit of \$30, considering the low rates charged, which are as follows, payable monthly in advance.

Between 18 and 25 years	25 cents
" 25 and 30 "	30 "
" 30 and 35 "	35 "
" 35 and 40 "	40 "
" 45 and 50 "	45 "

All physically and morally qualified males, between the ages of 18 and 45 years, who are not debarred on account of occupation, are accepted for membership.

Old and Faded Garments Made to Look as Good as New By Use of DIAMOND DYES

Mrs. William Sargent, Petrolia, Ont., says: Your Diamond Dyes are the best I have ever used, and they have done splendid work for me. In a short time Diamond Dyes saved me ten dollars, so that I think they deserve a good word. My friends, to whom I have shown my dyed goods, say that Diamond Dyes make old things look like new. The richest woman in our town, after seeing my work, has become a user of your Dyes. I thank you for such valuable money-savers as Diamond Dyes.
Mr. Thos. Hyndham, Masham, Que., says: I have been using Diamond Dyes for many years and find them most satisfactory in renewing the colors of my children's clothes. For brilliance and fastness Diamond Dyes cannot be excelled.

Hon. Attorney-General Longley intends leaving by the steamer Lake Champlain on Saturday for England and rumor, doubtless well founded, says that on arrival in London he will be one of the principal speakers at a very pleasant event. Rumor further has it that the other principal will be a charming Halifax lady, who for some weeks has been visiting in the old country—Miss Lois Fletcher. The wedding will take place immediately on Mr. Longley's arrival on the other side, and the happy man expects to be back in Halifax with his bride early in May. A host of friends in this city will welcome them home again. While Mr. Longley has many friends he has not more than his accomplished bride elect, whose very fine qualities endear her to all who know her.—Herald.

THE OLD CHURCH BELLS

Ring on, merrily,
Loudly, cheerily,
Blithe old bells, from the steeple tower;
Hopefully, fearfully,
Joyfully, fearfully,
Move the bride from the maiden tower.
Cloud there is not in the fair summer sky,
Sunshine flings benison down from on high;
Children sing loud, as the train moves along.
"Happy the bride the sun shines on."
Knell our dreamily,
Measured and wearily,
Said old bells, from the steeple grey;
Priests chanting lowly,
Solemnly, slowly,
Passeth the corpse from the portal today;
Drops from the leaden clouds heavily fall,
Dripping over the plume and the pall;
Murmur old folks, as the train moves along,
"Happy the dead that the rain raineth on."

Toll at the hour of prime,
Matins and vesper chime,
Loving old bells, from the steeple high;
Rolling like holy waves,
Over the lowly graves,
Floating up, prayer fraught, into the sky;
Solemn the lesson your lightest notes teach;
Stern in the preaching your iron tongues preach,
Ringing in life from the bud to the bloom,
Ringing the dead to their rest in the tomb.

Peal out evermore,
Peal as ye pealed of yore,
Brave old bells, on each Sabbath day;
In sunshine and gladness,
Through clouds and through sadness,
Bridal and burial have passed away;
Tell us life's pleasures with death are still rife;
Tell us that death ever lead us to life,
Life is our labor death is our rest;
If happy the living, the dead are the blest.—Ex.

It was a beautiful evening in June. The waters of the drainage canal purged and rippled against the prow of their gondola, virtually as any other waters might. The occasion invited confidences.

Did you marry your first love? asked the guest.

Yes, replied Helen, naively, while her color deepened perceptibly; my first, third, fifth, and seventh, thus far! Of course, I'm not in the least superstitious, but there certainly is luck in odd numbers!—Detroit Journal.

Freshleigh—Pray, how did you become ossified?

Ossified Man—In my youth I was nice and soft like you. When I grew up and realized what a cruel world this is, I became hardened.

The Waterville correspondent of the Register says: Present appearances tend to show that the Mayflower goldmine in South Waterville, will be productive of good returns. Mr. Rafuse the owner, has disposed of the greater portion of the shares, to a New York Company represented by Joseph E. Parks, for a very good sum. Last week we were shown some fine specimens of gold bearing quartz taken from the junction of the two leads. One especially good specimen, a detached nugget, weighed about a half penny weight. Its intention of the company to open the leads and put up a prospecting mill early the coming season. There is a strong feeling among those who pretend to know that the discovery will realize the most sanguine hopes of the proprietors.

Why Scott's

EMULSION of Cod Liver Oil?

There are others; why SCOTT'S?
The good one is SCOTT'S. It's nearly 30 years old; it is used by intelligent people all over the world; and approved by physicians all over the world.

When anyone says "Emulsion of Cod Liver Oil," he means SCOTT'S. No other is famous.

SCOTT'S EMULSION is made in a certain way; of certain things; it keeps; it is always alike; it does what it does.

The others—nobody knows what they are or do. There wouldn't be any others but for the goodness of SCOTT'S—there wouldn't be any counterfeit money but for the true.

Coated

Look at your tongue. Is it coated? Then you have a bad taste in your mouth every morning. Your appetite is poor, and food distresses you. You have frequent headaches and are often dizzy. Your stomach is weak and your bowels are always constipated. There's an old and reliable cure:

Don't take a cathartic dose and then stop. Better take a laxative dose each night, just enough to cause one good free movement the day following. You feel better the very next day. Your appetite returns, your dyspepsia is cured, your headaches pass away, your tongue clears up, your liver acts well, and your bowels no longer give you trouble.

A Social Evening

On Saturday evening the W. W. W. entertained the Maple Leaf Club of Mt. Denson in Sweet's hall. The latter arrived at 8 o'clock and after some minutes spent in social chat and friendly answers to conundrums, the following program was rendered.

1. Speech, Welcoming the Visitors by Gabriel Beazley.
2. Chorus, The Maple Leaf.
3. Reading, A Back-woods Wedding, by Josie Borden.
4. Solo, Just a Spray of Heather-bell, by Grace Burgess.
5. Reading, The W. W. W. in 1924, by Carrie Borden.
6. Solo, Sweet Bunch of Daisies, by Ollie Toye.
7. Dialogue, The Enrolling Officer Nettie Burgess, Jean Burgess, Carrie Borden, Gabriel Beazley.
8. Solo Anchored, by Fred Lake Games and Refreshments.
9. Solo, My Old New Hampshire Home, by Edith Toye.
10. Dialogue, by Nettie Burgess and Gabriel Beazley.
11. Duet, No Sir, by Edith Toye and Fred Lake.
12. Monologue, by Harry Newcomb.
13. Reading, "I want to fly," by Jean Burgess.

The Maple-leaf club was then asked to contribute something and responded with:

1. Speech by the president, Miss Pentz thanking the W. W. W. for the general good time.
2. Recitation, "Neighbours" by Miss Nellie Shaw.
3. Solo "Warrior Bold" by Miss Pentz.
4. Duet, "My Old Kentucky Home" by Mr. Chandler & Mr. Bishop.

The towboat W. M. Weatherspoon was sold last week to Mr. Hugh McDonald of Sydney, Cape Breton, contractor. This makes five boats owned by Mr. McDonald. She will leave in a few days to go around to Halifax, and may be employed in P. E. Island waters this summer, or may go to Gabarous.

Capt. T. W. McKinlay started his new steam saw mill in his ship yard, last week. In these days of scarcity of ship carpenters, a saw mill in a shipyard is a necessity. Capt. McKinlay has material on hand for the building of two vessels. A three-mast schooner of about 250 tons will be set up as soon as the frost is out sufficiently to lay the bed blocks, she will be launched about Sept. A smaller schooner will be started this summer but not launched this year.

Muscle

Does not make the man. "The blood is the life," the vital force of the body. So it not infrequently happens that the man who looks to be a picture of physical strength falls a sudden victim to disease.

A proper care for the blood would prevent many a serious sickness. The cleansing of the blood is perfectly accomplished by the use of Dr. Pierce's Golden Medical Discovery. It drives out the impurities and poisonous substances which corrupt the blood and breed disease. It increases the activity of the blood-making glands, and so increases the supply of pure blood. It builds up the entire body with good sound flesh.

There is no alcohol in "Golden Medical Discovery" and it is entirely free from opium, cocaine and all other narcotics.

The dealer who offers a substitute for the "Discovery" does so to gain the little more profit paid by inferior medicine. There is nothing "just as good" for the blood as "Golden Medical Discovery" therefore accept no substitute.

"I took five bottles of 'Golden Medical Discovery' for my blood," writes Mr. William D. Shambaugh of Remy, Cherokee Nation, Indian Territory. "I had 'ring worms' on me and I would have they were on me when I commenced using 'Golden Medical Discovery,' and they went away and I haven't been bothered any more."

ST. JOHN LETTER

A painful scene was enacted at the Salvation Army Maternity home last Thursday, when Police Magistrate Ritchie and a priest demanded admittance to the bedside of a dying girl, alleged to be a Roman Catholic. The girl did not wish to see the priest and the matron's refusal was followed by some violence. On Friday the priest was admitted but not at the girl's request.

When Your Cold Catches You

There is no Time to Wait

It is not a "little thing." It's a deadly thing. It will not "get well by itself." If you let it alone, "Whiskey and quinine and such things" trace you up for the time, but they don't cure you. Ask any intelligent doctor why you catch cold so easily. He will say "You are a bit run down." He means that the force which nature placed in your body to keep out disease germs—the resistive force—is weakened. The door is open a little way toward disease. There is not a grave in any cemetery in the world which is the result of consumption or pneumonia or any lung trouble whatever which did not start with what you call "nothing" but a cold.

When taken in time Cures a Cold in a night

A cold should not be beaten back or drugged over—it should be cured, and the general health should be built up. Dr. Shilo's Consumption Cure should be taken at the first symptom of cold. This is not merely a consumption cure: it is a tonic for the whole body, a specific for sudden colds, coughs or sore throats. It doesn't matter where the cold is or how it got there, we know that Dr. Shilo's Consumption Cure will reach it and cure it. It is sold on a positive guarantee. No cure; no pay.

If you have a cold—no matter how slight—it means something. Take Dr. Shilo's Consumption Cure at once. Keep it in the house. If it does not relieve you almost instantly, go to your druggist and get your money back. Mrs. E. R. Frost of Philadelphia, Pa., says:—"Every one should know of Shilo's Care. We have used it in our family for over six years. It is our doctor and medicine combined. Shilo's Consumption Cure is sold by all druggists on a positive guarantee that the purchase money will be returned in case of failure. 25c., 50c. and \$1.00 in Canada and United States. In England, 1s. 2d.; 2s. 6d.; 4s. 6d. S. C. WELLS CO., 52 Colborne St., Toronto, Ont."

SOUTH SHORE RAILROAD

Premier Murray has introduced a bill embodying the Government policy for aiding in the construction of a railway from Halifax to Yarmouth by what is known as the South Shore Route. This line will open up a splendid fishing, lumbering and agricultural country and will give access to some of the best summer resorts in North America.

The road will be 170 miles long and the Government will lend to any company that will build the railway the sum of \$10,000 a mile payable in cash or provincial debentures. This amount nearly \$2,000,000 will be secured by a first mortgage on the road, interest at 3 1/2 per cent, and a sinking fund of 1 1/2 per cent per annum. This is quite an important move on the part of the Government and is a progressive step taken in railway construction in Eastern Canada. Part of the road which was built by an American company is now in operation between Yarmouth and Barrington. The Government will have power to control the freight and passenger rates, to name two of the directors and to take over the road if it deems it necessary.

What about our new sprinkler? Perhaps it is a little too early for the use of one, but it is not too early for the Councilors making a move toward the purchasing of one. It will not be long when that arrives we will want a more up-to-date sprinkler than the old "watering can" which has been used for so long a time in trying to lay the dust. We hope they are thinking about it and that when summer comes we will have our streets watered by an up-to-date sprinkler and that the old "watering can" will be stored away for a relic.

There is a fortune awaiting the wagon manufacturer who will produce a wheel having a wide tire, but making no appreciable addition to the ordinary weight. A high authority in Hastings County says wide tires would save that county \$5,000 a year in the matter of "good roads." Wagon users would thus benefit themselves as taxpayers as well as in the saving of their horses.

The British and Canadian census will be taken on Monday. In the former fifty thousand enumerators will be engaged.

COOK INVESTIGATION

The Senate Committee appointed last week to investigate into the charge of H. H. Cook met on Tuesday morning. Mr. J. A. Ritchie K. C., appeared for the Senate, S. H. Blake K. C. for defendants and A. H. Marsh on behalf of Cook. Cook was first called. He stated that it was in 1896 that he commenced pressing his claim for a seat in the Senate and continued to do so until 1899 without any result. The other evidence showed that at one time considerable correspondence passed between the late M. C. Cameron and Cartwright and the latter and Cook. It was just before the death of Hon. David McPherson, Cook said that Cartwright told him that he could not get the first vacancy but would receive the next. At this time Mr. Ferguson was not expected to live and Cook expected to get his place.

On Oct. 1st 1896, Cook received a telegram to meet the late Mr. Cameron at the depot in Toronto. The parties met here and discussed the question. The latter produced a letter and read it to Cook. The letter was from Sir Richard Cartwright, in which he said that Cook ought to do something. The matter was explained but Cook refused to comply. Shortly after W. R. Preston a grit worker, called upon Cook and told him if he wished to obtain a seat he would have to pay \$10,000 and that would be the only way he could succeed. The committee has decided to give evidence.

ASIATIC COMPLICATIONS

The condition of international affairs in China appear to be of a very grave character. Russia has seized by military force a place which was diplomatically in dispute. It was not within her sphere of influence at all but at Tien-Tsin itself the common rendezvous of all the allied forces.

This move is an expression of contempt by Russia for Great Britain. It would not have been done if Great Britain were not obliged to keep a large force of troops in Africa. As it is it appears now impossible for the Mother Country to meet the Russian show of force by a similar demonstration.

But another nation is ready and willing to resent this high handed measure. Japan for a generation has considered a clash with Russia as inevitable and now thinks the time has come to carry it out. In the Chinese trouble her soldiers, men for men have proved themselves superior to the Russians. The consensus of military opinion is a Russian corps of soldiers is inferior to the Japanese in every single quality of military efficiency.

Japan looks to Korea for her sphere of influence and trade for the future. She is determined that Russia shall have no foothold there and it now appears Russia has provoked a quarrel which will lead to war. Japan is ready and could undoubtedly beat back any body of Russians that could be accumulated in Eastern China.

Death Roll

WILLIAM GRIERSON

The death of Wm. Grierson took place at his residence, Kentville on Wednesday at 1.30 P. M., aged 78 years. Although he had not been in good health for some time his death came after a very short illness.

Wm. Grierson was born at Kirkpatrick Durham Kirk a brightshire, Scotland, Nov. 22, 1822. He was reared at Liverpool, England in 1848 Miss Kearney Tooney and came to New York in 1852. He was an architect and builder and on account of his wife's health he came from New York in 1863 and has resided here ever since. When the Windsor & Annapolis Rly. was opened he was appointed to the position of superintendent of that position until the car and engine department was amalgamated about three years ago.

He was a very quiet persevering man and deeply beloved by all with whom he was intimately acquainted. He was a consistent member of the Presbyterian church and when in active life was an elder for some years. He leaves besides a sorrowing wife the following children:—Mrs. William Uhlman of Carleton, Miss Kearen who resides at home, William B. of Waterbury Conn., Miss Jean E. who teaches in Yarmouth, J. Arthur who is a barrister at Weymouth and Robert H. foreman of the car department at Kentville.

Funeral this afternoon at 2.30.

WILLIAM ROCKWELL

Mr. Wm. Rockwell whose death we announced on Tuesday, was well known in Canada where he resided for many years and also in Kentville. He was associated in business here for several years with his son Mr. J. S. Rockwell and on account of ill health moved back to Canada. He leaves a wife and four children to mourn their loss. They are J. Stanton Rockwell now studying dentistry in Baltimore, W. W. Rockwell of this town, Mrs. Bird who resides in the United States and Mrs. Feiwick Rand of Canning.

MRS. E. C. BANKS

Mrs. Banks wife of deacon E. C. Banks of Waterville, died very suddenly at her home on Wednesday evening. She retired as well as usual

and at eleven o'clock she was found dead. She leaves a husband and two sons and two daughters. Miss Kezzie Banks former teacher at Kentville was one of the daughters.

The R. M. C. Association at their regular annual meeting elected the following officers for the ensuing year: W. F. Cochran, President; Richard Mosher, vice-President; (re-elected) Frank Andrews, Secty and Treas., M. Fraser, T. M. Boggs and Aaron Young, sick and visiting committee. The association is in fairly good circumstances and is now entering the fourth year of its existence, with good prospects ahead. The association take this opportunity to thank all those who have helped us in any way, especially Rev. Mr. Gaetz, the male quartette of the Baptist choir, and Miss Mitchener, who made our anniversary services on Sunday 17th March, the success they were, also the trustees of the Methodist church for the use of the vestry of their church to hold our Sunday meetings in, free of charge. The Association still continues to hold their cottage meetings Saturday nights, and their meetings for men Sunday afternoon.

HE KISSED ME OUT OF \$4000

Dr. Tompkins, a Faith Curist, Claimed They Were to Heal Miss McCullough.

NEW YORK, March 12.—Dr. Tompkins kissed me daily while giving me the Christian Science treatment.

He defaced his kisses would cure me, but I got worse and worse. It was all the fault of those kisses. I did not enjoy them, and they disturbed my conscience.

I told the doctor so, and asked for the \$4,000 which I had given him.

Then he stopped kissing me.

This is the statement of Miss Kate McCullough, whose suit against the Rev. George Tompkins for the recovery of \$4,000, which she gave him as trustee to treat, was heard yesterday before Vice-Chancellor Grey in chancery chambers.

After hearing Miss McCullough's testimony the details were referred to a master in chancery, to be returned in ten days for the vice-chancellor's decision.

Concerning her experience with Dr. Tompkins as a "healer" Miss McCullough talked freely last night. Especially does she deplore the fact that she took the kissing treatment.

The doctor kept it up for many months, she said.

He induced me to come to Camden because he was here. Indeed, it seemed as if I would not come quick enough after he expressed his wishes. I sold my household effects and gave him the money on coming.

I brought him \$1,500, and gave him that, because he asked for it. Then I gave him the power of attorney, signed it without reading it, because he told me to.

Then I gave him the remainder of my money, over \$4,000 in all.

It followed that when he said it would be good if he would kiss me, that I believed him.

I did not like this form of treatment and frankly told him so. I had never been kissed by a man, and could not become accustomed to it. My conscience troubled me greatly about the matter.

I told him that I suppose he was so good and holy that he could kiss me as a brother without feeling any conscientious scruples about the matter, but with me it was different.

He would reassure me for the time, by reading Romans xvi, 16: Salute one another, with an holy kiss.

Sometimes instead of quoting from the Bible he would tell me I needed some one to love me.

All this time, however, my health was getting no better, despite his kisses.

Next I told him he really must stop. He did for a few days. Then it was the old story over again, only worse. He kissed me oftener than before.

I tried another plan then. I wore a veil—a heavy one, too.

But he promptly raised the veil—before he knewed me. The little ruse didn't do a bit of good.

To sum up my experience with Dr. Tompkins, he kissed me out of \$4,000.

I am penniless, and a bankrupt in faith as well.

Elsie—Mamma there's a funny old man in this Pickwick book that's always telling his son to beware of the widows. Why is that? Mamma—Well, a widow is supposed to be skillful in catching a husband.

Elsie—Gracious! I wonder if I'd have to be a widow before I can get married.—Philadelphia Press.

The grain ration fed to fattening steers at the Central Experimental farm, Ottawa, consists of five parts gluten meal, two parts of crushed oats, and one part of wheat bran. The steers over two years old get six lbs. of this with 50 lbs. of roots and ensilage mixed half and half per day; those under two years get four lbs per day. All of these cattle are making an average gain of about three lbs. per day.

SUFFERING WOMEN

A MESSAGE OF HOPE TO THE WEAK AND DISTRESSED

A Grateful Woman Tells of Her Release From the Agonies That Afflict Her Sex After Three Doctors Had Failed to Help Her.

The amount of suffering borne by women throughout the country can never be estimated. Silently, almost helplessly, they endure from day to day afflictions that can only fall to the lot of women.

The following story of the suffering and release of Miss Charles Hoeg, of Southampton, N. S., ought to bring hope and health and happiness to other sufferers.

Mrs. Hoeg says:—For nine out of the forty-two years of my life I have suffered as you women, unless she has been similarly afflicted, can imagine I could suffer and yet have lived. Three weeks out of four I would be unable to move about and, indeed, at no time was I really fit to attend to my household duties.

I consulted physicians—three of the most skillful doctors in the county of Cumberland at different times had charge of my case. These all agreed in their diagnosis, but the treatment varied; and while at times I would experience some relief, at no time was there any hope given me of a permanent cure.

Many a night when I went to bed I would wish myself dead, for I had heard that death was better than my suffering.

I never had much faith in proprietary medicines, but at one time I took a half dozen bottles of a blood-making compound that was highly recommended. This, like everything else, failed to help me.

There seemed to be not a particle of blood in my body. My face was as sootily colorless, and my appetite almost entirely deserted me.

I often saw in the newspapers letters testifying to the merits of Dr. Williams' Pink Pills, but nine years of suffering and discouragement had made me too sceptical to see any hope of relief when doctors had failed to effect a cure.

But at last I came across the story of cure near home—that of Mr. Moses Boss, of Rodney, I knew that at the time he had been regarded as a hopeless consumptive, and his cure through Dr. Williams' Pink Pills, determined me to try them.

I had not taken two boxes before I began to feel better, and grew confident of my cure. I kept on taking the pills, all the time feeling new blood in my veins, and my activity returning to my limbs, and the feeling of depression gradually wearing away.

To many women it may seem incredible that the mere making of new blood in my veins could restore to a healthy condition my prostrated internal organs, but this has been my happy experience. My pains have all left me, and I am now as healthy a woman as there is in this place. This health I owe to Dr. Williams' Pink Pills, which have restored me from a life of suffering, if not from the grave.

Dr. Williams' Pink Pills are especially valuable to women. They build up the blood, restore the nerves and eradicate those troubles which make the lives of so many women, old and young, a burden.

Palpitation of the heart, nervous headache and nervous prostration speedily yield to this wonderful medicine. These pills are sold only in boxes, the trade mark and wrapper printed in red ink, at 50 cents a box, or six boxes for \$2.50, and may be had of druggists or direct by mail from Dr. Williams' Medicine Company, Brockville, Ont.

Money makes the mare go, but it cannot keep happiness in the saddle.

Enormous Sale. Many Imitations. Dr. A. W. Chase's Nerve Food has come into popularity by leaps and bounds, until now the sales are enormous, far surpassing those of any other nerve restorative.

As a consequence of the phenomenal success there have sprung up many imitations that relieve by depressing the nerves, but which can never really cure and are positively harmful and dangerous to the system.

As you value your life and health beware of these worthless imitations, and refuse all substitutes which are said to be "just as good."

Imitators do not dare to reproduce the portrait and signature of Dr. A. W. Chase, which are found on every box of his genuine remedies.

Dr. Chase's Nerve Food.

THE SCHOOL BELL

AND OTHER SCHOOL MATTERS

Great excitement prevailed last Wednesday in town among the school pupils, over the arrival of the much talked of School Bell.

On Thursday Messrs. Hubbert, Mitchener and Fred Lake opened the way to the belfry over the school hall and set up the bell, the rope for which leads to the Chemistry room. The time of ringing the bell will be found in another column of this issue.

This bell is of cast steel, bronzed, weighs 215 lbs. net and with the gear for hanging 325 lbs. it cost something over \$50 00 in Toronto.

The purchase of this, and a large lot of necessities for the chemistry room, has been made during the present school term, by funds amounting to nearly one hundred dollars, raised wholly by the school teachers and pupils, under the management of Principal Shields.

This money was gotten by Concerts and entertainments during the past year, and while the patrons of those affairs considered that they were getting their money's worth at the time, intrinsic value for their gate money is now in evidence also.

The school commissioners have lately added to the schools, at a cost of fifty four dollars, 5 large maps, one each of Canada, Ancient Greece, Ancient Rome, Africa, and South America, also one colored Zone Globe one Lippincott's Gazetteer, 1 set (5) Anatomical Charts. So it will be seen that what ever may be our faults, or the faults of our Town Council, we lay claim to having good comfortable school buildings, five departments under good and efficient school teachers, and the machinery for carrying on the education of our children compares favorably with any of the smaller towns of the province.

Now this is all as it should be, there is no other branch of town service that requires such united effort on the part of the population as the schooling of the young, who are in a few years to take our places. Three cheers for the school commissioners, the Town Clerk, the staff of teachers and the Junior.

Duke and Duchess of Cornwall Start

Prismouth, March 16—Amidst the firing of a royal salute by the assembled fleet and hearty cheers from the concourse of people gathered at all points of vantage the steamer Ophir, with the Duke and Duchess of Cornwall and York on board, started at about four o'clock this afternoon, on the voyage which is not to terminate until their royal highnesses shall have made a tour of the world.

Well! exclaimed the early mockingbird, this is queer weather! I saw a bluebird on a telephone wire yesterday and two English sparrows with straws in their bills; and I was just primpin' up and fixing to sing, when a breath of a blizzard came along and froze me out!

GRAND PRE

Some half dozen of our leading men have clubbed together and purchased a "traction engine" and a thrasher of a capacity of 1000 bushels a day. The cost was \$500 with freight \$105. A barn will be built near the station and grain will be thrashed this Autumn as it comes from the dyke and field. The engine is now sawing cordwood at 40 cents. Every yard has a good woodpile, thanks to the long, steady winter of sledding. The boiler is geared upright on large wheels and the machine is a "self" propeller. It is a curious sight to see her steaming along the road like an automobile. There will be plenty of work for this new comer and the commendable enterprise of our farmers will be rewarded.

The annual meeting of proprietors of Grand Pre Dyke will be held in Evangeline Hall Saturday afternoon, March 30th. This will be an interesting meeting to the large number of proprietors. Since the payment of the large tax for building the new dyke, the rate has been comparatively small. The object for which the dyke was built has been a partial failure. The bottom of the sluice is so high that the Island Creek has never been thoroughly drained. The greatest improvement made in the last decade is the fencing of the middle road. There are no gates for the public to open and no blockade of cattle on the road.

KINGS CO. APL. SOCIETY

The oldest in America, having passed the century mark by 12 years, will hold a quarterly meeting in Temperance Hall, Wolfville Tuesday afternoon, April 2nd. The Society's thoroughbred short horn bull, Chipman of Woodstock; 5 years old, will be offered for sale at that meeting.

Mr. H. Wenman White, Halifax, has purchased Rose Cottage, the home-stead, where his parents, Mr. and Mrs. E. P. White, live, and Mr. and Mrs. Kay, Wolfville, have left Wolfville and moved into Rose Cottage with her parents.

Mrs. H. Wenman White has purchased Delemere cottage from Mrs. Bowser and will make their home here in the near future.

Mrs. Augustus Brown and her sister, Mrs. Wells, will go to Halifax to reside in May. Mrs. Brown will be very much missed in the community and especially in the Presbyterian church.

Lily of the Valley Division, Port Williams, paid Evangeline Division a fraternal visit Monday evening. After an excellent literary and musical programme, refreshments were served, consisting of hot coffee, cake, sandwiches and ice cream. The divisions reluctantly closed at midnight with mutual expressions of enjoyment and good will.

As the "Census fiend" draws near, old maids are preparing to hide old bibles. F. C. Dennison is the enumerator for ward 9. Population in this ward has decreased and the value of real estate as well.

LOWER CANARD

Crowded out on Tuesday

Not seeing any items from this flourishing street for some time, perhaps these few lines will not be out of order.

The farmers are making preparations for their spring work.

Leander Ellis has returned from Horton Academy and Arthur McGowan from Acadia Villa.

Cornwallis Division is in a flourishing condition. It has made several visits to sister orders through the winter and profited much by so doing. An invitation has been received to visit Kentville Division. Three weeks ago the division drove to Grand Pre and had a royal good time with Evangeline Division. The reception and entertainment was one of the best they ever experienced. Evangeline returned the visit a week later.

Mr. John Holland arrived home from Halifax on Saturday, where he has been spending the winter at Kaulbach and Schurman's commercial college.

The Sabbath school of this place is practicing for a concert to be held on Easter Sunday. This concert under the skillful management of Mrs. R. O. Chisholm, promises to be a very pleasant event.

Mr. N. Holland left last Wednesday for Boston, where he will spend a few days with his daughter.

Miss Hope Chisholm who has been visiting in Canning, returned home last week, and owing to ill health, will not return to Acadia.

Master Jettie Eaton has returned home from Horton Academy.

Lagrippe is quite prevalent in this street, Britannia.

March 25th, 1901.

Mrs. Mayhew Beckwith of Wolfville celebrated the 93rd year of her birth last Monday.

CENTREVILLE

Spring will soon be here, the robins and spring birds have arrived.

Clarence M. Roscoe is about ready to begin digging the cellar for the house he is going to build this summer. It is to be a two story building and will be a great improvement to our village.

H. B. Bowles shipped a cartload of hard wood to Halifax last week.

F. E. Woodworth's mill has arrived from Berwick. We will have a much better mill than ever before.

Mrs. J. Palmer's one blacksmith, has a fine new horse clipping machine, with which he is prepared to do good work in the horse clipping line.

Roy Lowden is agent for the Boker Fertilizers, they are good value.

S. B. Pennell was a guest of Mr. and Mrs. H. B. Bowles one day this week March 27, '01.

A SUCCESSFUL WOLFVILLE BOY

We are pleased to record the success of one of the natives of this town, who left here for the United States about twelve years ago. Of those who have sought prosperity abroad, perhaps no one has advanced to a higher position. We refer to Mr. A. E. Woodman, son of Mrs. James Woodman of Wolfville, who is now in Kentville, a brother of Mr. Wm. Woodman of Grand Pre, Mr. James Woodman and Mrs. J. D. Chambers of this town and Mrs. England, wife of Rev. E. E. England.

Mr. Woodman is not a college bred man and in fact when at home he had not the reputation of being one of the brilliant boys. After leaving for the United States he had several positions without very great success. Yet he had perseverance and was constantly looking for the position in which he would prosper. He at last engaged with the firm of Ivina, Dietz & Magee of Philadelphia, a very large firm and now has risen to the position of manager of the rug department of that firm. This is the largest firm dealing in Oriental rugs on the continent, we believe.

From a booklet issued by this firm we clip the following:

"Facing these coming conditions and understanding what the situation is sure to be in the near future, we decided not to depend upon our regularly employed native collectors to provide ourselves with a suitable supply of these pieces. We send Mr. A. E. Woodman yearly to Constantinople, where he makes his plans for a tour of all the leading rug districts, accompanied by interpreters and a corps of native American rug collectors, who know where to find the gems that are never offered in the open market at Constantinople or in London.

With this equipment and a suitable gold supply within call he visits the mountain and desert homes of the rug weavers. With true American audacity and enterprise he secures access to Oriental palaces, mosques and the homes of Oriental dignitaries, and through the power of gold secures from their owners rugs and carpets that have for hundreds of years been guarded with religious zeal and protected with an enthusiasm that is only experienced by those familiar with rug history. So well does he do his work, so thoroughly does he search through Khiva, Bokhara, Tiflis, Senna, Kirmansha, Kurdistap, Kirmen, Belochistan, Samarcand, Shirvan, all the country of the Caucasus and over into Egypt as well, that we unhesitatingly pronounce the collection which is now in our show rooms as the result of his work, the richest and greatest that was ever brought out of Sunrise Land."

Mr. Woodman has been married twice, and this season he leaves for Constantinople, Cairo, Switzerland, Italy etc., taking his wife with him. He has just completed a splendid mansion for himself and his magnificent salary of \$5000 a year should remove from him all fears of financial embarrassment. He was in Wolfville four years ago and we hope that soon again he will visit his native town.

Many Boers Killed

London March 25—The War Office has received the following despatch from Lord Kitchener:

"Pretoria, March 25—Babington's force, including Shakleton's column attacked Delarey, 1500 strong, southwest of Venterdorp and having defeated him followed him up rapidly with the result that the Boer rear guard was driven in and their convoy, including the guns captured at Valsbank

"Our troops displayed great gallantry and dash. They captured two fifteen pounder guns, one pom-pom, six maxims, 320 rounds of big ammunition, 15,000 rounds of small ammunition, 100 rifles, 53 wagons and 24 carts, besides taking 140 prisoners. Our losses very slight. Many Boers were killed or wounded."
