**The Chances Against You**

"Oh, I will be all right in a few days," says the person who is tired and has to drag himself to his daily work because the nervous system is exhausted. Unfortunately nervous diseases do not right themselves, and the wasting process which has brought you to this condition keeps right on until there is a complete breakdown. You must get the building-up process started, so that, instead of being a little weaker at the end of each day, you will find the balance on the other side and know that you are gradually getting strong and well.

Dr. Chase's Nervine Food will help you wonderfully if you only give it a reasonable chance. As the system is built up you will find such symptoms as headache, sleeplessness and indigestion leaving you. You will find the old energy coming back. The mind and body will better serve you, and you will see a new pleasure in life.

Dr. Chase's Nervine Food, 50¢ a box, 8 for \$3.50, at all dealers or Edmanston, Bates & Co., Limited, Toronto.

Keep Minard's Linctant in the house.

**Reform.**  
The outdoors life, the old abuse. The glow from transparent green. The good bird captive in the use of wrong alone.  
These wait their doom from that great law. Which makes the past time serve to-day. And render life the world shall draw from their decay.  
O back ward looking son of time, The new is old, the old is new, The cycle of a chosen nation will evering through.  
Not life shall end and upward go. The eternal step of Progress beats To the great avenue called and done, which God repeats.  
Take heart!—The Water boils again.—  
The sun is shining, the birds are singing,  
God works in all things; all they fit face promise of the bright; Wake thou and watch the world to grey with morning light!

**He Kept the Flag Flying.**  
"Thank God, We Kept the Flag Flying."  
These were the words of Sir George Stuart White, the defender of Ladysmith on that town being relieved from siege. General White is one of the many Irishmen who have done much for the Empire. Proportionately to population Ireland runs Scotland closely for the premier position in providing celebrated soldiers.  
General White died at Chelsea Hospital a few weeks since in his seventy seventh year of age closing a military career in which he had filled with distinction many important positions. Born at Ballymore in the county of Antrim, he in the fifties went to India before the mutiny was over and served on the Northwestern frontier. As Major White he accompanied Lord Roberts on his famous march to Candahar in 1879-80. The story of how he won the V. C. at the battle of Charasiah is told in Holman's "History of the Afghan War."  
The success gained was mainly due to Major White's personal gallantry, one striking instance of which may be quoted. Not caring to expose his men in a particularly steep bit of ground, which was flanked by a few Afghans well placed in the rear of some rocks, he took a loaded rifle from one of his Highlanders, and stalked the enemy single-handed. By cautious climbing he reached the rocks behind which they were concealed, and as he showed himself they jumped up and ran to do what in his own mind he felt was only the single of the others.  
"One man stayed by fire but missed his aim, and as he turned Major White shot him through the head. Unfortunately he had no more cartridges with him, or some of the others would have fallen. This bill is to be called 'White's Hill' in memory of his gallantry."  
Lord Roberts has thus written of Major White:  
"Much of the success which attended the operations on this side was due to White's military instincts, and at one supreme moment to his extreme personal gallantry. It afforded me, therefore, very great pleasure to recommend this officer for the V. C., a honor which in his case stands more than an instance in his subsequent career proving him to be well worthy."

After the historic march through Afghanistan, he led the final charge at Candahar, rising straight to the muzzle of the guns. Services in other parts of India and on the Nile filled in the intervening years until the outbreak in South Africa.  
In the history of his defence of Ladysmith with his little army of a few thousand men aided by a few fellows and their big gun, he wrote a most thrilling page of British Imperial Military history. He thereby checked the Boer advance and not merely saved Natal but South Africa.  
He recognized the peril of the situation and decided that until reinforcements could come, the stand must be made at Ladysmith. He left the open field to General French, rushed back to Ladysmith and made the necessary preparations. It was once suggested

**Useful Hints.**  
For a nervous headache or one following a too strenuous day a simple means of alleviation is to remove the pressure of the blood on the brain by soaking the feet in water as hot as can be borne. The blood is quickly drawn to the feet, and the water will effect a relief when the former method fails.  
A little salt rubbed on cups will take off tea stains. As a tooth powder it will keep the teeth white and the gums hard and rosy. It is one of the best gargles for sore throat. Neuralgia of the feet and hands can be cured by bathing night and morning with salt and water as hot as can be borne. When taken out rub briskly with a coarse towel. Salt and water is one of the best remedies for more eyes, and if applied in time will scatter the inflammation.  
Overshoes are now being made of a mixture of rubber and asbestos.

**Commandments of Spottless Town.**  
1. Don't throw anything on the sidewalk or street. Find a rubbish can.  
2. Don't tear up paper and scatter it anywhere.  
3. Don't let any piles of ashes or rubbish stay in your back yard.  
4. Don't mix ashes and garbage in the same can. Pigs don't like to eat old coal or clinkers.  
5. Don't fill the ash bin or garbage can too full.  
6. Don't chalk the sidewalks, fences, buildings or pavements.  
7. Don't deface benches, school furniture or any public property.  
8. Don't forget that horses love banana skins. A banana skin isn't dangerous if it is inside a horse's stomach.  
9. Don't do anything that will bring disgrace to the town where you live.  
10. Don't expect your town to be clean and perfect all at once. It will become an ideal town when everybody does something everyday to help make things better.

**Do Not Neglect Your Bowels.**  
Many serious diseases arise from neglect of the bowels. Chamberlain's Stomach and Liver Tablets are a pleasant and agreeable laxative. They invigorate the liver and regulate the bowels. For sale by all dealers.

**Just Pleasantness.**  
The habit of looking at the bright side of things is worth more than a thousand pounds a year.—Samuel Johnson.  
"Perhaps just pleasantness has not an heroic sound, but the human heart, that, knowing its own bitterness, can yet carry itself cheerfully is not without heroism. Indeed if that human heart does no more than hold its tongue about its own aches and pains it has a certain moral value that the world cannot afford to lose. 'Pleasantness' does not sound so well as self-sacrifice or wisdom or spirituality but it may include all these words. And certainly just to start one's husband out to his work cheerfully, to make the hobbyhorse of a son feel a gentler and sweeter sentiment to wards women because of his own mother's sound, even gassy and strength to help one's servants to put good humor and friendliness into their services, these things make for righteousness in the world.—Margaret Deland.  
"I do not know of any way so sure of making others happy as of being so one's self."

**Meaning of Stepmother.**  
"Stepmother" is a word with a commonly unappreciated history. Probably most people, it called upon to explain it, would say that it meant a woman who had stepped into the place of the true mother. Dr. Johnson, at any rate, believed that this was the suggestion of the word to most minds. Really 'step' is the Anglo-Saxon 'steop,' the original meaning of which appears to have been 'orphaned.' Stepmother, step-brother, stepson and stepdaughter came first, and then by gradual fading of the etymological meaning of 'step,' stepfather and stepmother came to being.

During the summer months mothers of young children should watch for any unusual looseness of the bowels. When given prompt attention at this time serious trouble may be avoided. Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon. For sale by all dealers.  
The fashionable women of Belleville, N. J., have complained that their tight skirts do not permit them to stoop to read the titles of the books on the lower shelves of the public library.  
Old Chronic Sores.  
As a dressing for old chronic sores there is nothing so good as Chamberlain's Salve. While it is not advisable to heal old sores entirely, they should be kept in a good condition for which this salve is especially valuable. For sale by all dealers.  
A Cairo despatch received in London alleges that a conspiracy to kill Lord Kitchener, the Premier and the Khedive, at present in London, has been discovered and that four persons have been arrested.  
Dysentery is always serious and often a dangerous disease, but it can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has cured it even when malignant and epidemic. For sale by all dealers.  
"Excuse my impertinence, but why on earth do you hitch up to such a homely sign as your man is?"  
"Was, yuh see, I prefud a ugly husband wud stay home and wring mail clothes, rad'n a shore handsome niggab wud kite around 'n wring mail heart."

Forgetfulness; taste this genuine tea-treat now. Your dealer offers it to you with this fair agreement:  
"Either you must like the flavor so well that you want to keep on drinking this tea by preference, or else you will please return the broken package and get your money back."  
This is straight, unmixtable. A confident printed guarantee is on each 35c, 40c, and 50c package. 40c. KING COLE is special value.  
35c, 40c, and 50c, see list.

**Fashion Hint.**  
The return of ruffles is a certainty. We shall see them on every description of frock coat, mantle and separate bodice. The parasol entirely covered with narrow ruffles of chiffon will delight the heart of the woman who loves fluffy things and grace at the same time.  
An Indian chief in British Columbia has been deposed because he was addicted to the use of liquor. This ought to be a warning to all other Indians, red and white.

**Successful Jelly Making.**  
Use good fruit which is a little under-ripe.  
Use the best granulated sugar.  
Do not make large quantities of jelly at one cooking.  
Heat the sugar in the oven before adding it to the fruit juice.  
The juice must be boiled down, always do so before the sugar is added.  
The jelly will be clearer and finer if the fruit is simmered gently and not stirred during cooking.  
Do not allow the syrup to boil rapidly, crystals may appear in the jelly.  
Always make jelly on a bright clear day.  
Wash the jelly glasses in hot water and set them on a folded cloth rung out of hot water.  
Set the jelly in a sunny window for twenty-four hours, then cover with melted paraffin and set in a dry, cool place.

**The Vegetable Garden.**  
When Parliament was in session a number of very useful papers on Agricultural topics were read by prominent authorities before the standing Committee of the Senate on Agriculture and Forestry. One of these by W. Saxby Blair, Professor of Horticulture, Macdonald College, Quebec, deals with the growing of certain vegetables. After pointing out some important details more or less common to their application to all vegetable crops, the author follows with some specific information relative to the growing of many of the principal vegetable crops grown in this country. Among other important points taken up are the construction and management of hot beds and cold frames, kinds and applications of manures, tillage, successional sowing, etc. Among the crops dealt with are tomatoes, onions, cauliflower, celery, melons, parsnips, beets, asparagus, etc. Of all these and others desirable varieties are named. This paper is issued as a pamphlet of seven cents pages and is being distributed free by the Publications Branch of the Department of Agriculture at Ottawa.

**Whale Sends Vessel Down.**  
A collision with a whale on the Grand Banks caused such serious damage to the masted schooner, Rumpo, operated by St. John's, that the vessel was abandoned by the crew. The accident happened on July 9th, and after keeping the vessel afloat two days the crew had to leave her when the pumps became choked. The men rowed 10 miles toward land before they were picked up.  
"When I was shipwrecked in South America," said Capt. Cowpitt, "I came across a tribe of wild women who had no tongues."  
"Mercy!" cried one of his listeners of the fair sex. "How could they talk?"  
"They couldn't," snipped the old salt. "That is what made them wild!"

**Two Planks.**  
The first plank in the new Democratic platform pledges the party to an immediate revision downwards of the existing tariff, and to the placing upon the free list of trust controlled products. With this position there will be much sympathy in Canada. Compared with the Dominion's moderate and serviceable tariff the United States custom duties are inordinately high. The Republic has overdone a good thing. In proposing to discipline the trusts the Baltimore convention has taken a leaf out of the Board of Governors's book. A determination to strip the trusts of their States trust rule was one of the reasons why the people of this country rejected reciprocity.  
A second feature of the Baltimore program will be generally resented in this country. The party will back the Senate committee in its scheme to give American coastwise shipping a preference in tolls on the Panama Canal. In other words a party committed to social reform and international peace apolls its own record at the outset of a campaign by proposing to violate a solemn treaty with Great Britain entered into eleven years ago. The national honor of the United States is pledged to give the ships of all nations the use of the Panama Canal on absolutely equal terms. This was the consideration upon which the Republic was allowed a free hand at the Isthmus. We prevail that better counsels will prevail at Washington and that Congress will finally decide to keep faith with other nations. Fortunately some of the best United States newspapers oppose the sacrifice of American honor.

**Hot Weather Ailments.**  
A medicine that will keep children well is a great boon to every mother. This is just what Baby's Own Tablets do. An occasional dose keeps the little stomach and bowels right and prevents sickness. During the hot summer months stomach troubles speedily turn to fatal diarrhoea or cholera infantum and Baby's Own Tablets are not at hand the child may die in a few hours. Wise mothers always keep the Tablets in the house and give their children an occasional dose to clear out the stomach and bowels and keep them well. Don't wait till baby is ill—the delay may cost a precious life. Get the Tablets now and you may feel reasonably safe. Every mother who uses the Tablets praises them and that is the best evidence that there is no other medicine for children so good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

**A Foolish Critic.**  
"Eastern Canada and the People Therein," is the title of a small volume written by Edgar Dupuy, apparently an American author, which is now on sale in Canada. It contains extended references to New Brunswick, Nova Scotia, Ontario and Quebec which are the observations of a man in a hurry who absorbed surface impressions and accepted much idle conversation as a recital of fact. This careless author may be judged by his statement on page 31 in which he says:  
"The Union Jack will meet the fate of the flag of France in North America. Furthermore, I expect to see the day when the talented statesman, Hon. Robert L. Jordan, now premier of Canada, will find himself comfortably installed as a cabinet minister in Washington."

# THE ACADIAN.

WOLFVILLE, N. S., JULY 26, 1912.

## Our Representation.

A matter of grave consideration for the people of the Maritime Provinces is the redistribution in representation which will take place at the approaching session of Parliament. Unless in the meantime some arrangement is arrived at by which the older provinces shall retain their present representation, Nova Scotia will lose five members, New Brunswick two and Prince Edward Island one. The Province of Ontario also loses eight members if the redistribution takes place along the old lines. As the representation of Quebec stands steady the power of Quebec will be considerably increased as compared with Ontario. Quebec maintains thirty per cent of the seats in Parliament, while Ontario drops from thirty-five per cent to thirty-five. It so happens that the growth in population of Quebec has been just proportionate to the growth in population of the whole Dominion, and if the census figures are followed out as in the past there will be the same number of members in the next house as were in the last. The difference would be that sixteen members would be taken from Ontario and the Maritime Provinces and given to the four Western Provinces.

Unless the demand of the Maritime Provinces for a constitutional amendment which will permit them to at least retain their present representation is acceded to, the brunt of the loss will fall upon them. The situation which confronts the people of these provinces is a serious one, and calls for united action on the part of the Provincial governments.

## The Panama Canal.

The issue between Great Britain and the United States on the subject of tolls on vessels to be passed through the Panama Canal is not a cheerful one. If the United States had due regard for the obligation of her treaty on the subject with Great Britain the issue would not have arisen. Senators in Washington say: "We own the canal because our money constructed it." True, but the ownership is subject to treaty regulations between the United States and Great Britain and the state of Panama. Of course there will be no war over it, but if the United States will pass her own vessels through it free and charge tolls to vessels of other nations a never ending unpleasantness will be there. Senator Root, the man best informed on the subject in Washington, takes the ground that the United States, according to the treaty with the other powers, should not pass the law now before Congress, but if it does it will have to go to the Hague Tribunal for judgment, and the Senator says the Hague Tribunal will give the case against his country. Great Britain controls the Suez Canal but British vessels pay tolls as those of other nations do.

## Premier Borden Lionized.

The stir in England over the presence there of Premier Borden still continues. He is inviting the attention of kings, queens, princes, peers, ministers of the crown, and members of the House of Commons. No Canadian premier has ever had a more sincere and magnificent reception, and few, if any, have equalled it. In this respect Mr. Borden's visit to England is unique. Even the Liberal press throughout Canada find it difficult to minimize the warmth of feeling, the abundant pride shown by the people of all classes to the conservative premier of Canada. The British people for some time have been in great need of a tonic. They are finding the required stimulation in the presence of the Canadian ministers, representing as they do, with splendid adequacy, the abounding vigor, and shrewd practical insight and the enlarged patriotism of this great, young democracy.

## Visit of H. R. H. Duke of Connaught, Gov. General of Canada.

It having been definitely ascertained that the vice-regal train is scheduled to arrive in Wolfville at 2:30 p. m. on Aug. 16th, the town Council held a session on Wednesday evening last to complete arrangements. The following committees were appointed: Reception Com.—The Mayor, Recorder and Town Clerk. Decoration Com.—Councillor Bishop, J. F. Herbin, J. W. Williams, Frank Bishop, Herbert Johnson, Chas. H. Porter and Arthur Young. Band Com.—Councillor Regan and Grant Foster. Scouts Com.—Morgan Temple and E. Percy Brown.

Resolved that the Mayor be requested to proclaim a half-holiday on Friday afternoon, the 16th of August.

The Right Hon. R. L. Borden, speaking in London on the future of the Empire and the necessity for assistance to the part of the overseas dominions, said:

"The next to us in point are critical in the history of the Empire. They may be divided into two main groups, whether we be of these mother islands or of the dominions, that we so bear ourselves that the future shall not be in the hands of one vainly negligent and dead."

Wednesday, General Pitt is expected to arrive in London on Thursday. He will be accompanied by his wife and children.

## The Saskatchewan Election.

Pressure of other interesting events has prevented us referring to the above event before. It must have been a mild surprise at least to the ignorant and superficial politician, when he looked at the poor old fatherly Morning Chronicle, the morning after the Saskatchewan local elections in not seeing the lucky 'Rooster' that is always trotted out by a winning election. That aged bird was as absent as he was in September last and after the New Brunswick elections of June just passed. The facts are, that the cute Liberal managers of that organ were altogether too wise to display their usual hilarity, because the victory was one for reciprocity, a dead issue, the sole question at issue for the Liberals in Saskatchewan and the Scott government's corrupt record was never permitted to be voted upon. Every province in Canada excepting Saskatchewan and Alberta have pronounced with no uncertain voice against reciprocity. In Quebec the able and wise Premier Gouin, in his pre-election statement, refused to allow reciprocity to be considered an issue in his local campaign.

The Chronicle knew very well that vote getting Conservative politicians would rejoice at the result in Saskatchewan. Sir Wilfrid Laurier failed to be as sagacious as the 'Rooster' when he sent congratulations to Premier Scott for the western province.

The grits are Protectionists while in office, and Free Traders in opposition. Senate reformers in opposition and Senate makers when in office. They screamed for a reduction of expenditures when in opposition and were excessively wasteful and corrupt when in office. They have proved themselves a perfect example of what has been called an organized hypocrisy.

The results of the contest in Saskatchewan were wholly expected as soon as the manner of grit campaign was known. Ten months ago that province elected but one member opposed to reciprocity. The whole west gave 15 for reciprocity and 4 against. But Saskatchewan gave but one member to support the Borden policy.

Some said that following Premier Borden's letter, in which he privately wrote ex-President Roosevelt what his intentions were in the reciprocity pact, viz., to make Canada an adjunct of the United States and divert all our trade and money from our own channels to those of the United States that following this most damning letter, no Canadian would ever again vote for reciprocity; but wise politicians knew that a very large majority of the electors of Saskatchewan were American settlers, who came over to our western provinces to grab up the best lands to until the Stars and Stripes in their back door yards, and vote for Uncle Sam every time. Their ambition, openly expressed, is to win Canada to the United States, destroy our great imperial policy and make Canada truly an 'adjunct' of Uncle Sam. The Scott government knew this, and though Liberal politicians in parliament, always excepting poor Sir Wilfrid, had declared reciprocity a dead issue, it was made the issue. Local government administration was not permitted, and with every 'yankee' rich or poor, dead or alive, permitted to cast his vote for reciprocity how could the villainous Scott government fail to win and how could the poor old Morning Chronicle rejoice? The Tory vote getters in the east, were the only ones who rejoiced. Saskatchewan will bitterly repent her decision. The people of that beautiful province have written a blank check in favor of the most corrupt and unscrupulous government that Canada has ever known. It has rejected the proffered services of a clean, capable, public man. It is Mr. Haultain, who was committed to a progressive platform. And for what? For reciprocity? For wider markets? No; because the government that promised these things is powerless to deliver the goods. It will be written of the Saskatchewan verdict that it was a cowardly ruse to deflect public attention from an unenviable record. Electoral wrong doing, manipulation of lists, bribery and intimidation were rampant, and the American vote was the dominating influence. Sir Wilfrid Laurier should hide his face and seek oblivion in his soft-headed, vain congratulations. Even the 'Rooster' had more political sagacity. Canada don't want reciprocity. She wants it even less than in September last. There is not one safe seat in all eastern Canada for any reciprocity advocate, and the 'Rooster' knows it. Sir Wilfrid and his anti-declavian and senile understrappers are expected to still pray for reciprocity, 'adjunct' or otherwise. The Tory political vote getter is praying that they will continue to lead the van of the Liberal host. The federal elections will soon be around again, and the Laurier party have not one safe seat in all British Columbia, Manitoba, Ontario or the Maritime Provinces, and with the old program, precious few in Quebec. There are a lot of leading Liberals, including the 'Rooster', that would like for Sir Wilfrid and his late Cabinet to take a trip to Egypt and stay there.

The conspiracy of the American farm settlers in Saskatchewan and Alberta to deliver Canada's trade and cash over to Uncle Sam won't work. The balance of us are on to the game. Uncle Sam's sons are sharp, but Canada is on to their schemes.

Grass for sale on the Grand Fre Dyke. Enquire at this office.

The weather has been decidedly cool this week, in marked contrast to the early part of the month.

Persons requiring plumbing of any kind should call up 'Phone 100 and ask for M. K. McKinnon.

On account of the heavy rain on Monday the 'Mighty Haug Show' did not exhibit at Kentville.

Mr. M. Tamplin, who has been spending some weeks in Prince Edward Island, returned home on Saturday last.

Mr. Arthur Chute preached at the Tabernacle on Sunday evening last, and gave a most interesting and helpful address.

Mrs. John A. McDonald will be at home to her friends on Tuesday and Wednesday afternoons, July 30th and 31st, at Wolfville.

Patrons are respectfully requested to place their orders early so there may be no distressing disappointments when the busy season begins.

BOATS & CO.

The anniversary number of the Acadia Athenaeum has reached our table. It contains a large amount of interesting matter with many fine illustrations and is an intensely interesting paper.

A special meeting of the R. A. E. Club will be held at the home of Mrs. Mitchell, Westwood avenue, on Monday evening. A large attendance is requested as important business is to be discussed.

The ten-mile race between Tom Longboat and Fred Cameron, which took place at Windsor on Thursday of last week, was won by the former, the Indian finishing about half a mile ahead. There were a number present from Wolfville.

A report to the National Grand Lodge of Canada, I. O. G. T., by J. V. Jackson, national secretary, showed 145 lodges divided as follows: Alberta ten, British Columbia twenty-five; Ontario thirty-six; Manitoba and the Northwest, fifty-six; Nova Scotia leading with 5,352.

The family of the late Byron J. Hennigar desire through THE ACADIAN to express their sincere thanks for the many tokens of sympathy extended to them in their recent bereavement as well as for acts of kind helpfulness which are deeply appreciated and will be long remembered.

Rev. E. D. Webber, pastor of the Baptist church, is now away on his annual vacation, accompanied by Mrs. Webber. On Sunday last the pulpit was occupied by Rev. Brebant, of New York, a graduate of Acadia of the class of '07. Next Sunday it is expected that Mr. Arthur Chute will be the preacher.

Messrs. J. H. Hicks & Sons, Bridge town's progressive building contractors and manufacturers, have the contract for the construction of a new 500,000 warehouse 150 feet long, to be erected at New Minas for the New Minas Fruit Co., of which Mr. Ernest Johnson of Greenwich is president. —Bridgetown Monitor.

Prof. Haycock has been successful in getting a fine well on his farm at Lower Wolfville. The well is about 270 feet in depth and has a capacity of between eight hundred and a thousand gallons per day. The water rises to about forty feet from the surface and is easily pumped. The quality of the water is excellent and the supply abundant.

The rain storm which began on Sunday night and continued for forty-eight hours was the heaviest experienced here for a long time. Nearly five inches of rain fell and settled pretty effectively the question of water supply. The rain was much needed as the season has been a very dry one. The farmers got a severe setback in their haying operations but on the whole the country will be very much benefited.

The government ditching machine has been at work during the past week or two on the property of the Wolfville Fruit Lands Improvement Co. The ditcher, we understand, will be operated in different parts of the county and will give our farmers a most important branch of work done at a very moderate cost. Those who have seen the machine in operation are much pleased with the manner in which the work is done.

WANTED.—A couple to occupy large, pleasant room with board. Apply to Box 126, Wolfville.

Mr. S. B. Chute, manager of the Central Co-operative Association, informs the Outlook that the first shipment of apples will probably be made by the association about Sept. 10th. Shipments will probably begin from Annapolis about Oct. 1st, and at least five steamers will be loaded at that port during the season. Mr. Chute estimates the yield this year at about one-half that of last season or at a million barrels. His own orchard now includes 220 acres and the crop prospects are splendid.

Ask for Minard's and take no other.

Canada's Big Revenue.

Increase in revenue and expenditure is shown in the Canadian financial statement for June and the first quarter of the fiscal year just issued. In the three months the revenue aggregated \$37,838,110 as against \$29,239,646 in the corresponding period last year. The expenditure on consolidated account was \$12,481,931, as compared with \$8,935,732. Capital output, total \$1,533,920, shows a decrease of half a million. At the present rate the year's revenue will total \$160,000,000.
