The Outdoor Rink

To the Citizens of Wolfville—Ladies and Gentlemen:
As mentioned elsewhere in this paper, I have been appointed by the playground Committee of the Civic Club chairman of a Committee to arrange for an outdoor rink in the School grounds. Permission has been granted by the Town Council and the side boards used by the College for their rink will be purchased.

My object in writing this letter is to ask those who are interested to contribute to a fund for this purpose. It is hoped that the citizens will so support this plan that it will not be necessary for the committee to make a canvas of the town; but that sufficient funds will be forthcoming in response to this appeal to pay for the boards and other equipment and to hire a man who will make the ice, and with the assistance of the older boys of the school, supervise and keep it clear of snow.

I believe that a time table can be arranged so that all children, large and small, boys and girls, may have an equal chance and I will do my best to see that this is carried out. No time is to be lost if we are to obtain the benefit of the rink this season, therefore please leave your contribution, which will be acknowledged through THE ACADIAN, with Grant Porter, treasurer of the fund.

Respectfully submitted
E. PERCY BROWN,
Chairman.

The subscription list stands as follows:
Grant Porter \$10.00
Percy Porter 10.00
E. Percy Brown 10.00

PORT WILLIAMS

Miss Dorothy Illsley, who has been spending her vacation with her parents, G. H. Illsley and wife, has returned to her school at North Sydney, where she has been teaching for the last two years.

Mrs. O. G. Cogswell is visiting at the home of her parents, Mr. and Mrs. Steadman, at Sackville, N. B.

Miss Gladys Newcomb has returned to Bridgetown, where she is teaching.

The outdoor skating rink has been recently installed with electricity.

A very large number from here are following the hockey games played at Wolfville, Windsor and Canning.

Misses Alice Lockwood, Clara Cogswell and Jean Murphy have been spending their vacation at their homes here. They are holding positions in Halifax.

The stores here are closed every evening at 6.30, except Saturdays.

The annual meeting of the Nova Scotia Poultry Association was held at Truro yesterday, at 10 a.m. E. C. Griffin, as Vice-President of the Association, was in attendance.

Our Public School teachers, Misses Smith, Graham and Dickey have returned to their schools, having spent their holidays at their homes.

Mr. McKinnon has his fine new house nearly completed, and expects to move in soon.

The Sunday School here is a thing to be proud of. We have a membership of 150 with an average attendance for the year just ended of 100. The average Sunday collection is \$8.00. The officers just elected for the coming year are as follows: Supt.—J. S. Lockwood; Asst. Supt.—Mr. McKinnon; Treasurer—Miss Margaret Beanson; Secy.—Mr. Lloyd Jess; Organist—Miss Lucy Cogswell.

Mr. and Mrs. Manning Ellis are in Halifax this week. Mr. Ellis will shortly leave for Florida.

The Port Williams Institute met in Citizen's Hall yesterday afternoon. Rev. O. N. Chipman gave an address, subject, "The Destitute and Needy of Central Europe."

Wolfville Hockeyists Win

Defeat Canning in Second Game of Series.

The Wolfville hockey team registered its second win in the Valley League series when it defeated the Canning team in Evergreen rink last Friday evening. The contest was witnessed by nearly seven hundred fans, including a large number from Canning. The game was excellent and the play fast throughout the whole game. K. C. Fraser, of Acadia refereed most satisfactorily.

The local team started the game with a rush and Beardsley scored twice in the first ten minutes. Eaton scored for Canning and Beardsley followed three minutes later with another. The visitors improved their combination at this point and carried all before them. Houghton scored once and Kinsman twice. The period ended with the score 4 to 3 in favour of Canning.

In the second period Wolfville's teamwork improved. Beardsley scored two more goals putting the home team in the lead. Fraser then worked the puck up the ice and scored on a long wing shot. Canning tried hard to score but failed. Mason made a pretty dash and netted the puck just before the period ended, making the score 7 to 4 in favor of the home team.

In the third period the play was strenuous and more equal than the score would indicate. The visitors put up a big fight but were unable to get past Wolfville's defence. Tingley made a pretty run through Canning's defence and scored after four minutes of play. On a long shot Fraser got the puck near the goal and after making one of the prettiest rushes of the game, carried the puck to Canning's goal and scored. Kennedy scored twice before the period ended, making the final score 11 to 4 in Wolfville's favor.

Though very keen the contest was clean from the start to finish. Eaton, Houghton and Kinsman appeared best of the fast bunch of visitors, while Fraser, Parker, Tingley and Beardsley were the stars for the home team. The line up of the teams was as follows:

Wolfville	Goal.	Canning.
Eagles		Baxter
Fraser	Defence.	Jodrey
Parker	Defence	L. Lyons
Mason	Right	H. Kinsman
Tingley	Centre	Eaton
Beardsley	Left	Houghton
W. Kennedy	Substitutes	H. Lyons
G. Christie		E. McBride
G. Kenney		C. Spiecer

CANNING AND WINDSOR PLAY A DRAW.

Over six hundred people witnessed the Windsor-Canning hockey game at Canning on Monday night. It was the fastest game ever seen in Canning and resulted in a tie, each team scoring six goals. In the first period Windsor had the lead, the score being 4-1. In the second Canning came back and the score was 5-5. Each team scored one in the third period. After a brief rest two five minute periods were played with neither side scoring.

The standing of the teams now is as follows:

	Won	Lost	Drawn
Wolfville	2	0	0
Windsor	0	1	1
Canning	0	1	1

PROFITTEERING ON CANADA APPLES

LONDON, Jan. 10.—The Pall Mall Gazette today refers to Canadian complaints regarding prices of apples, as a specific instance of profiteering by middlemen.

The Canadian grower, it says, gets 27 to 37 shillings per barrel for apples sold here at 130 to 140 shillings a barrel. The Pall Mall says that what is required is a system of co-operation bringing producer and consumer together, and it asks why the Canadian apple-growers do not establish their own agencies here and so cut at the root of the evil against which they protest.

A former Wolfville lady, now resident in the old land writes THE ACADIAN comes to us each week as a delightful message from home.

County Council

Holds Busy Session At Wolfville

The January term of the Municipality of Kings opened Tuesday at the Court House, Kentville, Warden Campbell in the chair and all members of the Council present. Letters were read from Dr. Hattie in reference to county health clinic and the care of lunatics from the N. S. Hospital that Kings County had six patients there who could be placed elsewhere at a much lower cost. The Clerk stated that the Sanatorium was prepared to take the patients. A letter was read from E. H. Armstrong, Minister of Public Works and Highways, re the survey of the Province as to the number of mentally deficient in the Province. The committee investigating reported that fully 65 per cent of those in the county poor homes were people needing mental treatment.

The present system of care of the poor was generally condemned, also the system. The maintenance of mentally deficient would be a charge upon the town or municipality in which they resided. Warden Campbell suggested Councilors Bishop, Meek and Selridge as a committee. They were appointed. Warden Campbell was added to the committee. Report read by Health Officer Dr. F. N. Balcom showed that good health had prevailed in the county through a general compliance with health regulations.

He recommended the appointment of a county board of health to co-operate with the health officer, the health clinic and the district boards. Report was adopted. A letter was read in reference to new legislation re fire prevention, and asking each councillor to report every fire taking place in their ward. The report of the county fire ranger showed receipts of \$595.80, and expenditures of \$642.50, leaving a balance of \$46.70 to be paid by the county. Report of Robert White, inspector of temperance, net with statements and vouchers was read. Thirteen cases for bringing liquor into the county and all sustained by the magistrate. Application of Robert White for removal of his office at Kentville was granted until Wednesday morning.

At the afternoon session quite an exciting discussion was raised upon the report of the Board of Revision and Appeal. This body has actually revised the work of the Ward Assessors. They had reduced the valuation of Ward 2, 15 per cent.; that of Wards 10 and 12 was raised 10 per cent.; of Ward 7, 15 per cent. and that of Wards 3, 4, 5, and 13, 20 per cent. Wards 1, 2, 6, 8, 9, 11; and 14 were left without change. Councilors Durno, Nichols, Selridge, Bryden, Bill and others spoke quite earnestly on the subject. Messrs. Levi R. Clark and J. D. Martin, of the Board, explained and justified the Report.

The second day's proceedings of the Municipality Council was quite a lively session in which most of the Councilors took part, some of them too often. The first matter before the Council, was the appointment of a temperance inspector for the County and considerable opposition developed against veteran Robert White being appointed. However the opposition could not make good, and Inspector White was again appointed.

At the meeting of the Council in April last, a delegation of ladies representing the Women's Institute appeared before the Council and through their leader Mrs. Burpee Bishop, presented a request that the sexes in our poor houses, be segregated. At that time there was a lively discussion and Mrs. Bishop received many compliments on the forceful way in which she presented the matter, but she could not get backbone enough into the Council to pass the necessary legislation.

Mrs. Bishop, however, is one of the kind that do things, and she was on hand Wednesday morning, with Miss Annie Stuart, of Grand Pre and a large delegation of the Women's Institute, and from about 10.15 a.m. to 12.45 p. m. she kept things lively. Finally Councilor Meek moved a resolution "that sexes in the poor houses and poor farms, of King's County be separated." The motion was seconded by Councilor Durno and was first passed by a standing vote of 11 to 2 with a number of councillors fastened to their seats. A few of them tried to hedge and explain their position but Warden Campbell got tired of it and put the motion again with the result that it passed the Council with an unanimous standing vote.

H. Stairs, the agent for the Children's Aid Society, was reappointed and his annual allowance increased from \$300 to \$500 and by resolution of the Council he was also authorized to take charge of all children under the age of 16 now in the poor house of the County. Mr. Stairs

The Sir Robert Borden Chapter I.O.D.E held a meeting in the Town Hall, January 11.

The Treasurer reported balance in the current account \$214.05.

Twenty five dollars was voted to the Armenian Relief Fund.

A letter from Dr. Miller, Medical Superintendent of the Provincial Sanatorium, was read, thanking the ladies of Wolfville for Christmas parcels for the military patients.

A circular letter from The Provincial Educational Secretary explained the work to be undertaken by the Chapters.

On motion the Secretary was directed to write for more definite information regarding the Provincial Committee of Selection for the War Memorial Scholarships and to place this Chapter on record as requesting that if possible in the future, at least one member of this Committee be chosen from outside of Halifax.

Arrangements were made for a Pantry Sale to be held during the month and for a tea on Thursday, January 20th, when Mrs. F. W. Woodman will be the hostess at her home on Main Street.

Nomination of officers for the ensuing year completed the business before the meeting.

LOWER HORTON CEMETERY COMPANY.

The annual meeting of the Lower Horton Cemetery Company was held in the Vestry of the Methodist Church, Lower Horton, on Wednesday, January 5th. The President, Dr. A. C. Borden in the chair.

Report of Treasurer shows contributions and interest to the amount of \$95.00. Amount expended \$78.00 leaving a balance on hand of \$221.00; this includes \$100.00 as a permanent investment.

The chief work done during the past year was under-draining which the committee consider very important, in order to put the Cemetery in proper condition.

Officers elected for the year are: President—Dr. A. C. Borden
Vice-pres.—Mr. A. H. Patteron
Sec'y-Treas.—Miss Annie Stuart
Directors—Messrs. F. C. Dennison and L. H. Curry
Lot-Layers—Messrs. D. M. King and F. C. Dennison

Superintendent—Mr. Frank E. Harris
Committee on Fencing—Messrs. R. W. Woodman and S. H. Trenholm
Committee on Finance—Mrs. Harriet Simon, Miss Alice Fuller, Messrs. L. H. Curry, D. M. King and Sec'y-Treas.

Committee on Underdraining—Messrs. Stephen G. Stewart and Scott L. Trenholm.
Rev. G. W. Whitman and Miss Stuart were appointed a committee to arrange a day to be known as Commemoration Day and to notify all Lot Holders that they are to beautify their lots and assist in clearing up the Cemetery.

Exclusive of those dying in prison camps, 1,500,000 Germans were killed during the war.

report was presented by Judge Barclay Webster, who in an eloquent address urged its adoption.

The afternoon session was devoted principally to hearing an address by Miss Hayden, the King's County trained nurse operating under the Provincial Health movement. Miss Hayden's address was an eye opener to our staid County Councilors and was listened to with marked attention. She presented graphic pictures of what this health movement really meant and the result was that the Council decided by an unanimous vote to pay the bill for the rental of headquarters at Kentville, as well as the thorough equipment of the same after September 30th next when the Red Cross get away from the gun. Kings County may be depended upon to look after Miss Hayden or her successor.

Mayor Blair dropped into the meeting and referring to the fact that a large number of rooms at the Provincial Sanatorium were needing occupants, but that under existing conditions many persons, who should be occupants, were debarred because they did not have the price. Mayor Blair called attention to a resolution passed by the Kentville Board of Trade, "That the Provincial Government should make some arrangement whereby persons unable to pay, would be taken care of." The Council unanimously endorsed the Board of Trade's action.

The Boy Scouts and Tuxis Boys

Hockey is at present the chief item of interest among both the younger and older boys. As most of the games come on Friday evenings it is necessary to hold the Scout meetings earlier and to drop those of the Tuxis boys for the present.

However those in charge of the work consider that there is as much to be learned in playing and in witnessing clean sport as in any other way.

On Friday afternoon the Wolfville Tuxis Boys defeated the Windsor boys in a fast and clean game of hockey. Gordon Kennedy and Cecil Thompson played a star game for the home team. It is to be regretted that both the Scouts and Tuxis movements have been allowed to drop in Windsor and that the boys who played here do not belong to some organization.

On Friday evening the Foxes defeated the Wolves in Basket Ball. John Johnson making most of the score for the winners. Saturday morning the Foxes defeated the Beavers in a good game of hockey, score 3 to 1. Tom Tamplin and John Johnson starring for the winners. Walter Peck, Fred Regan and Alan Pick doing their utmost to put the Beavers ahead.

Monday afternoon the Trail Rangers of the Presbyterian Church and the "Crusaders" of the Church of England met in mortal combat at the rink. The score for the first period was 2 to 0 in favor of the Crusaders, but in the second period the "Trail Rangers" tied the score thus leaving the battle undecided. The enthusiastic crowd of young folk in attendance rooted in a manner that would have done credit to a senior league game. Gordon Mahony played the star game for the Anglicans, while Jack Hill and George Pratt upheld the honor of the Presbyterians.

This evening the Scout meeting will open at 6.30, program as follows:
6.30 to 7.00—Group games.
7.00 to 7.30—Indoor hockey.
7.30—Wolves against Lions and Scout tests.

7.30—Roll Call
7.40 to 8.00—Group games.

WESTWOOD HOSPITAL.

The following clipping was taken from an article on the Annapolis Valley written by Mr. Morgan Tamplin in the New Year's Edition of the Morning Chronicle:

While the proposition of a Western King's Memorial Hospital has engaged much attention during the year and has reached the stage of selecting the site in Berwick, Wolfville finds itself blessed with a hospital which is gradually and surely winning for itself a unique record. It is the Westwood Hospital which was started in Dec. 1918 by Dr. A very DeWitt. During these two years it has been a great boon to the town, a valuable education to the local doctors who assist at the operations, and a blessing to the many people needing surgical attention and, unable to travel to a more distant place, made a speedy and successful recovery here. Dr. J. C. MacDougall, and Dr. H. K. McDonnell and other prominent surgeons who have done a large number of the major operations in this Hospital, speak in the highest terms of the attention given to the patients, of its splendid staff of nurses, and dietetic departments.

The building itself is situated in an ideal spot for hospital purposes, and was named after the avenue on which it is placed—Westwood Avenue. From its spacious sun porches can be seen the surrounding country which is famous for its beautiful scenery. During the short period of its existence, about two hundred cases have been treated, of which one hundred and twenty have been surgery cases, and all of them have made good recoveries. This is a remarkable record and goes to show that, combined with the good attention the patients have received, Wolfville is an ideal place for convalescent patients. There is not the slightest doubt also that Dr. DeWitt has proved that a hospital in this part of the country is an absolute necessity, and this fact should stimulate the public in the near future to assist in promoting, on a larger scale, an institution which cannot fail to bring a blessing and credit to our fair town.

Dr. J. H. MacDonald gave a lecture before the Women's Canadian Club at Digby, on Monday evening.

NATURE OUR TEACHER

Many inventions have been the result of close observation of Nature. Making paper from wood is one of the world's most important discoveries and industries. An old hornet's nest was the cause of a doctor making close and painstaking search as to how the paper nest was made, and making him think that it might be possible for human beings to manufacture paper of the same kind. The doctor knew that there were not enough rags and cotton in the world to supply the enormous quantities of paper which newspapers and journals require, so one day he took the hornet's nest to a friend and they tried to see if it were possible to make paper in a like manner to the little hornet.

They sat down, took the nest to pieces, analysed it carefully, and decided that if a hornet could make paper out of wood, man could do the same. The doctor first discovered that the hornet chewed the wood into a fine pulp. Then they decided to make machinery which would accomplish this in huge quantities. The experiments were at last completed satisfactorily, and paper made from wood pulp was the result.

Logs are now floated down a river to a pulpmill. In an amazingly short time each log comes out in great masses of pulp; ready to be sent to the paper mill to be reeled, chemically treated, and dried.

It is then delivered in great rolls or sheets ready to feed to printing presses. It is interesting to know that the copy of THE ACADIAN you are now holding was not so very long ago, part of a flourishing tree in a Quebec forest.

CLOTHING PRICES COMING DOWN

CHICAGO, January 4.—The market for men's spring and summer clothing was opened in Chicago today and manufacturers offered suits much below that of the spring of 1920. One of the leading factories in the ready-made trade quoted the manufacturer's price of wool suits at \$25, compared to \$40 last fall, and \$37 a year ago. Fine blue serge suits are offered at \$30 compared to \$47 last fall and \$43 a year ago. A standard worsted suit is now wholesaled at \$34, compared to \$45 for spring of 1920. The very finest suits made in America are now offered at \$53, compared to \$80 the price last fall. Fine worsted trousers are now \$8, compared to \$12.50 last spring. Prices for summer goods, such as mohairs and Palm Beaches range upward from \$14.50, compared to \$16.50 last year.

Buyers from every part of the United States say that they have, for the most part liquidated goods bought at peak prices, and from now on clothing will be retailed on the new level.

The latest American church device for raising the wind is what a religious paper describes as some collection box. The inventor hails from Oklahoma. If a member of the congregation drops in a 25-cent piece, or a coin of larger value, there is silence. If it is a ten-cent piece, a bell rings; a five-cent piece sounds a whistle, and a one-cent fires a blank cartridge. If any one pretends to be asleep when the box passes, it awakens him with a watchman's rattle, and a kodak takes his portrait.—From the London Christian-World.

FRAGILE, PALE AND MISERABLE

The Melancholy State of Thousands of Bloodless Children and Young Girls.

How often do you hear the remark, "She is very delicate?" How often it means that some young woman is living in misery, suffering from periods of prostration, dizziness, loss of appetite and disordered digestion. Headaches afflict her at intervals; pain in the back and limbs follow exertion. She is never really well. This fragile state of health, this lack of vitality, calls for prompt treatment. The blood must be made strong enough to vitalize the system that is so lacking in energy. In such cases Dr. Williams' Pink Pills have proved remarkably successful in making the new, rich, red blood necessary in restoring tone to the system. Mrs. L. M. Duncan, South Mountain, Ont., tells of the wonderful benefit Dr. Williams' Pink Pills made in the case of her young daughter. She says: "It is only right that I should let you know of the good derived from the use of Dr. Williams' Pink Pills by our girl of eleven years. She was always very thin and not gaining in weight. Her appetite was poor and she had no desire for wholesome food. Finally we decided to give her Dr. Williams' Pink Pills. After taking one box, she went away on a three weeks vacation, taking three boxes of pills with her, which she took regularly while she was away. When she returned home we were surprised and delighted to see how well she looked, and to find that she had gained seven pounds in weight. She had a much better color and her appetite had improved so that she was always ready for her meals. She continued using the pills until she had taken seven boxes, and the great improvement made in her condition was noticed by many around here. I can only add that I believe Dr. Williams' Pink Pills are a splendid medicine."

The best time to begin taking Dr. Williams' Pink Pills is the moment you feel the least bit out of sorts. The sooner you do so the sooner you will regain your old time energy. You can get these pills through any dealer or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

ODDITIES IN NEWSPAPERS.

The smallest newspaper in the world is now being printed in New York City. Its pages are only about five inches wide and six inches long but they contain short news items that are very easily and quickly read. Another odd newspaper published in this same city is called the Deaf Mutes' Journal, all of its editors being members of a deaf and dumb school. However, The Deaf Mutes' Journal is a real newspaper in size and contains four pages of interesting reading.

In Germany there is a newspaper that has nothing in it but stories about rheumatism. People having this trouble write in their experiences, doctors tell new ways to get rid of it and it seems that everybody there having rheumatism subscribes to this queer newspaper. Some years ago a Russian editor started a postcard size newspaper, the print of which was so small that he furnished a magnifying glass to each of his regular subscribers. Somehow the idea didn't take, as he only printed a few numbers before finding out that the people didn't appreciate the idea, even though the magnifying glass was furnished free.

Greenland hasn't many newspapers of any kind, but the oddest of them all is a monthly paper called The Kalorkmit (Did you get your tongue twisted after pronouncing this name?) The most unusual thing about this paper being that a three months subscription costs two ducks, while it requires a sable skin to pay for a year.

"Good citizenship is the subordination of one's desires and inclinations to the common good; the faithful observance of the duties and obligations of citizenship of just laws and ordinances; the acceptance of the duties and obligations of citizenship as well as its advantages and its protection; loyalty to one's family, one's city, and one's nation."—L. THE COUNTRY WEEKLY

Nearly all the country papers have raised their subscription price from \$1.50 to \$2.00 per year. This has been made necessary through the increased cost of publication. In common with the city dailies, and the trade class publications, the country papers have been brought face to face with a very serious situation and have been forced by self-preservation to increase their subscription price. It is to be hoped that no more of the country weeklies will be forced to suspend publication. Already there has been a lengthy list of papers forced into the hands of the receiver.

No matter how efficient city papers may be, they can never take the place of the country weekly. There is a personality and a flavor about the home town paper that cannot be furnished by any other publication on earth. To the people of the district it is a guide, philosopher and friend, and to those living away from the old home centre, its weekly coming is welcomed like a message from an absent friend.

For the most part country papers have done a real service in fighting the battles of the community they serve. They see the interests of the small town and of the farm are linked together, and for the most part they have been warm supporters of the Modern Movement to give the common people a larger voice in the affairs of the nation.

In passing, a well wisher for the country papers would like to make a suggestion. In making it, he recognizes the difficulties under which his country conferee labors, that he is often editor, compositor, reporter, and advertising manager combined. Despite the many and increasing difficulties under which the country publisher has had to work during recent years, we would like to see more of them conduct an editorial column or corner where they could express their opinion on public questions. Some of the country papers have excellent editorial columns, and it is really too bad that all of them do not feature this side of their paper.
 After all, we have more confidence in the crystallized judgement of the country editor than in the shouting and ranting of the average city paper. There is more time for mature thought and ripened judgement in the country. The rural editor is nearer to his constituency and is better able to summarize and express the opinions of his readers than the city writer. The Farmer's Sun wishes to country papers every possible success in their efforts to put their publications on a better financial basis, and trusts that as a result of increased prosperity will come an editor's corner.

TENEMENT AMENITIES.

(From the Boston Transcript.)
 Mrs. Clancy was returning from shopping and what with the crush and the high prices she was in no pleasant humor. As she approached the door she saw Mrs. Murphy, who occupied the street floor, sitting at her window.
 "I say, Mrs. Murphy," she called out in deep sarcasm, "why don't ye take your ugly mug out of the windy an' put your pet monkey in its place? That'd give the neighbors a change they'd like."
 Mrs. Murphy was ready for her.
 "Well, now, Mrs. Clancy," she retorted, "it was only this morning that I did that very same thing, an' the policeman came along and when he saw the monkey he bowed and smiled an' said, 'Why, Mrs. Clancy, wiah did ye move downstair."

Keep Little Ones Well in Winter

Winter is a dangerous season for the little ones. The days are changeable—one bright, the next one cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or grippe. What is needed to keep the little ones well is Baby's Own Tablets. They will soon regulate the stomach and bowels and drive out colds and by their use the baby will be able to get over the winter season in perfect safety. The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

YOUR FUTURE.

It is a natural instinct and a pleasant diversion to dream of one's future. The good old platitude that distant hills look greenest has much truth to commend it. Unfortunately, so many worthy souls regard the future as something entirely dissociated from the present.
 "Some day," says the young man with a congenial bent for writing, "I shall be an author."
 With such rosy thoughts he proceeds to squander his time and his brains with inane pleasures.
 "I shall be a great pianist," affirms the daughter of the house, and dances into the small hours until her pretty head is incapable of sustained study.
 So the world goes on—with people always sighing for the moon.
 If you want success in the future, get a firm grip on today. Today is the parent of tomorrow.
 Don't make the future an excuse for neglecting the present. Achievement requires a stronger foundation than a wish.

A NEIGHBOR SAYS:

When ironing between buttons on a blouse, place buttons down on a folded turkish towel and the space between buttons will be ironed beautifully smooth.
 If you want the contents of a saucepan to cook quickly never leave a spoon in it. The spoon carries off a great deal of the heat and delays the boiling.
 To open oyster shells easily just place the oyster on the warm kitchen stove for a second then insert the knife between the thin portion of the shell and it will open easily.
 To clean the railing of bannisters wash off all the dirt with soap and water, and when dry rub with two parts of linseed oil and one part of turpentine. A good rubbing will bring up the polish as if the rails had been repolished.
 Save wooden meat skewers, as they are useful for getting into the corners when scrubbing paint, etc. Let a skewer soak in the bucket while you are scrubbing wainscoting. After being used once or twice it forms a little brush, and is more useful.
 To clean Coral Beads—Dissolve a teaspoon of borax in a pint of warm water. Dip the coral in and when clean pass through tepid water. Dry by rolling in a soft towel.

THE FOLKS AT HOME.

When through some lonely city street,
 For months and years we've gone our way,
 When some remembered face we greet:
 "How are the folks at home?" we say,
 "How are the folks" our eager cry;
 "The folks are well, they speak of you."
 "With thoughtful care, with softening eye,"
 "They send their love, they miss you too."
 We go our way in crowding throng,
 Our hearts are light with gladsome glee,
 Our steps are dancing to the song,
 "The Folks at Home Remember Me."

It is said the Government of Alberta will bring in a new marriage Act, making the publication of banns a necessary condition of marriage.

GASPEREAU NOTES

READ IT—

NEWSPAPERS would be much less than they are if they contained no enjoyable, instructive and valuable advertisements. Many persons read the advertisements quite as thoroughly as they read the news matter. This is just as it should be.

The more advertising the more buying. The more buying, the greater the consumption of goods or service advertised.

More business could be done by the merchants of Wolfville if they advertised more, and if more of them advertised. Much business goes to the big city mail-order houses because they advertise. These houses would cease to draw business from this community if they ceased to advertise.

TO THE MERCHANTS OF WOLFVILLE

Advertise more, and more of you advertise, and the big mail-order houses will get less and less business from this community.

Editorial Notes

Little interest is as yet manifest in the approaching town elections. There is no telling, however, when the civic pot will begin to boil. We want the best men obtainable at the civic board next year in view of the many important problems to be faced.

The annual meeting of the lot holders of Willow Bank Cemetery, which falls this year on Monday, Jan. 24th, ought to call out a much larger attendance than is usually the case. For often only a handful of people are present to transact the affairs of the cemetery. Citizens generally should keep the date free this year and make a point of being present. The Cemetery is an institution in which there should be a growing interest and its condition a matter for keenest attention. Make a New Year resolution to give the matter your attention.

It is hoped that the public meeting next Friday evening may be very largely attended by citizens and that the best possible solution of the problem of school accommodation may be found. Every citizen should give the matter the most careful consideration and go to the meeting fully prepared to vote for what seems most in the public interest. Wolfville should have the very best in the matter of schools and we are sure they will be entertained by every loyal citizen. There may be difference of opinion as to methods, but we all have the same end in view namely—an efficient and up-to-date school. Every plan should be fully considered and freely discussed and when the decision is at length reached, there should be the most hearty co-operation.

OUR DEBT

It is not probable that more than ten per cent. of our ratepayers know how much our town debt is. Well, for the benefit of those (if they care a rap about it) who do not know, we will remark that it is close to the neat sum of one hundred and fifty thousand dollars. This sum is about equal to the assessment of one hundred homes in the town. Now while we cannot avoid paying this debt, we ought to avoid increasing it more than is necessary. It would seem that the regular appropriation for street purposes should be sufficient to pay for general repairs like bridge work, etc. without borrowing more, and it would be if the said appropriation were not wasted in impracticable means of doing work.

Then there is that fool scheme of the artesian well which will increase our debt by nearly five thousand dollars. The motion passed at the public meeting had no sum specified in it when it was signed by the mover and seconded, so those in charge are at liberty to put in any sum they please. We question the legality of such a resolution.

Some might reply that fifty ratepayers voted for the thing; but then, over nine hundred did not vote for it. With regard to those who voted for it, I will say that, by a blatant speech or two that is not in accordance with fact, you can stampede a crowd into voting for most anything; but if you tell them anything that is backed up by absolute reason they will not listen to it, because they cannot understand it. Now if any person, who can understand things, will ask a few questions about the capacity of our water service. I will show them that with the expenditure of less than five thousand dollars, our water service can be made to supply a town of ten thousand people, without duplicating the six inch pipe over the Gaspereaux River or boring any artesian well.

The death of Mr. John Gibb, for many years a resident of Wolfville, took place at the home of his brother in Halifax last week. Mr. Gibb came to Wolfville a number of years ago to take charge of the Corn Mill which he conducted until recently. Last autumn he was taken sick and after spending some time at Westwood Hospital, went to Halifax, where he has since resided. He was 65 years of age and was a highly respected in Wolfville.

BIG LINERS WILL BE TAKEN OFF

According to advices received from the old Country all the large passenger ships in the Trans-Atlantic service will be withdrawn within a month. The White Star liner Olympic and the Cunarders Aquatania, Mauretania and Imperator will be laid up, ostensibly for repairing and refitting, but in reality because of the unprecedented slump in ocean travel. The Olympic already is undergoing repairs and enlargement of her oil tanks, and the Aquatania will make her final voyage from Liverpool instead of Southampton on January 22.

A large number of freighters are also being withdrawn from the Atlantic service, because the world-wide trade depression has strangled foreign trade and seriously affected both freights and express. In the British shipping world a situation has arisen which is without precedent. Explaining it, a British shipper said: "The market is now glutted with ships. The world has 8,500,000 tons gross more ships afloat than before the war. Owing to conditions in Central Europe there is less stuff to carry."

Major General Ronald Storrs, Governor of Jerusalem, "the successor to Pontius Pilate," as he describes himself, is resisting all attempts to modernize the Holy Land. He has refused to permit an electric railway to run to Bethlehem and the Mount of Olives. Gen. Storrs is a nephew of Mr. Robert W. Storrs, of Wolfville.

The annual sleigh-drive of the Freshman-class of the University was held on Wednesday evening, and a most enjoyable time was spent. The party drove to Kentville where they attended the 'movies'. On their return to Wolfville they went to A. M. Young's, where oyster stew was served. The party was chaperoned by Dr. and Mrs. W. H. Thompson.

Mr. George C. Roy, who for a number of years has been the popular manager of the Bank of Nova Scotia at Kentville, has been transferred to a similar position at Sussex, N.B. On the eve of his departure the citizens of the shire town gave him a farewell with addresses, etc., which was a most interesting function. Mr. Roy has been a good citizen and will be greatly missed in our sister town.

Rev. Dr. MacDonald was called to Fredericton on Saturday to attend the funeral of an old parishioner and friend, and in his absence the appointment at St. Andrew's Church was filled by Rev. A violin solo by Mrs. Thompson was much enjoyed as was also a vocal solo by Mrs. Sutherland, with violin and organ accompaniment.

A delegation from the Children's Aid Society of King's County waited on the County Council on Wednesday morning asking that the vote of \$300 to Mr. Herbert Stairs, the devoted agent of the Society, be increased to \$500. Judge Webster read the statement of Mr. Stairs and briefly urged the matter upon the Council. Rev. G. W. Miller, president of the Society, made a strong plea and addresses were also given by Mr. E. Percy Brown and Miss Annie M. Stuart. The Council gave the speakers a careful hearing and readily granted the request.

DEATH OF WELL KNOWN LADY

At her residence at Lower Canard on Friday evening last, the death occurred of Eunice, relict of the late Levi Eaton. For some time she had been in declining health but her serious illness was only of about two weeks duration. She was 81 years of age. The funeral service was held on Sunday afternoon at 2 o'clock and was conducted by Rev. A. J. Prosser, pastor of the Canard Baptist Church. There was a large attendance of relatives and friends.

Mrs. Eaton was a daughter of the late Joshua Ellis, of Canard and had always resided there. She was a woman most highly esteemed, a devout member of the Cornwallis Baptist Church and a friend of those who needed help. She leaves the following family: Leverett Eaton, of Milton Mass.; James E. and Walter H., both prominent farmers, of Canard; Mrs. John Borden, Canard; and Miss Carrie, who resided with and cared for her mother.

A GRACEFUL REPLY.

It will be remembered that on the occasion of the recent visit of His Excellency the Governor General, a letter was sent by the Sir Robert Borden Chapter, I. O. D. E., to the Duchess, regretting her inability to accompany the Vice-Royal party and expressing the devotion and appreciation of the members. The following is the reply recently received and read at the meeting on Tuesday afternoon:

Government House, Ottawa, 22 Dec., 1920.

Dear Madam:

I am desired by the Duchess of Devonshire to thank you for your letter and to ask you kindly to convey to the members of the "Sir Robert Borden" Chapter Imperial Order Daughters of the Empire. Her Excellency's very warm appreciation of the kind greeting sent to her.

It was a great regret to Her Excellency that she was unable to accompany His Excellency in his visit to Nova Scotia.

The Duchess desires me to extend to your Chapter her best wishes for the success of your work in the coming year.

Believe me,

Yours faithfully,

HELP A GOOD CAUSE

On Saturday afternoon there will be afternoon tea served at the Devonshire Tea Room in aid of a fund for the relief of the destitute children of Central Europe.

The object for which this relief fund is intended is one that should appeal very strongly to those who appreciate the deplorable condition in which these children live, and the urgent need of some form of relief.

To those who realize the gravity of the situation no further request need be made. We would however, ask those who are not so deeply interested to sacrifice the few moments of their time that will be required to favour this humane movement with their patronage.

Efforts are being made to give it as great an element of attraction as circumstances will permit. A leading Palmist has kindly consented to place her mystical skill at the disposal of those anxious to know what the future has to offer them, for a slight consideration.

PEARL DIVER'S PERILS

Conger eels grow to enormous size in the pearl lagoons of the Pacific, a diver says, as reported in The Atlantic. The divers must keep close watch for them. The eels lie in holes and crevices of the coral and dart out their heads to seize a passing fish, or the wrist of a diver. When the conger's jaws close on wrist or ankle, the diver needs a cool head; no amount of struggling will pull the eel from his hole. The diver must wait quietly until the conger relaxes his jaws preparatory to taking a better grip. Then a quick wrench and the man is free.—Outlook.

"Old age is just a pose," according to Sir James Cantie, a famous London physician, who has announced that on January 11th he will preside over the inauguration of a class of physical training for business and professional men of more than fifty years of age. "A man usually grows old because he thinks it is dignified," he said. "He sits back and lets the years do what they like to him. I shall be seventy in a fortnight, but I rise every morning at 4.30, and soon after that dance for a quarter of an hour. I prefer dances—highland fling and strathspeys. There is not enough exercise in the modern dances for me."

Misfortune and disgrace may have overtaken your neighbor, but it does not become you to get on the housetops and shout it out to the world. You will not be called upon to pay for or to answer for any of the sins of your neighbor. You will have all you can attend to to pay for your own indiscretions.

It is not wealth and ancestry but honorable conduct and a noble disposition that make men great.

A Clergyman's Wife Wants Women to Know Advantages of Internal Bathing

A Clergyman's Wife Wants Women To Know Advantages of Internal Bathing.

If women could only see the thousands of letters Dr. Tyrrell has received from grateful women in all parts of the world thanking him for his wonderful invention for Internal Bathing, they would soon discard the medicine bottle and look to the real cause of their trouble. 95 per cent. of all human ills are due to accumulated waste in the Colon, or large lower intestine. Warm water, properly used with the J. B. L. Cascade, will relieve the cause of your troubles, and perfect health will follow.

A Winnipeg clergyman writes: "My wife is naturally sensitive having her name appear in public print, yet is anxious that others should know what the J. B. L. Cascade has done for her. It has really given her a new lease of life. For years she has been doctoring for Constipation, which became worse each year. Since using the J. B. L. Cascade, first about four years ago, she has not been sick a day, and has become robust and strong again. Should any person wish this letter confirmed, you are at liberty to give my name in private."

The J. B. L. Cascade is shown and explained at A. V. RAND, Druggist, Wolfville. The J. B. L. Cascade is an invention perfected by Dr. Chas. Tyrrell, of New York, and has done more during the past few years to restore health and lessen disease than all other means combined. Ask for booklet explaining all about Internal Bathing and what it has done for others. It is free, or write to Tyrrell's Hygienic Institute, 163 College Street, Toronto.

A total of 2,325,000 workers are out of employment in the United States, according to a survey of the industrial situation made by Clint C. Houston for the current issue of the Plumb Plan League. He asserts that his inquiry disclosed the greatest industrial slump since the money panic of 1907. The larger groups of unemployed by industries given by the survey were the building trades with 300,000 unemployed, automobiles with 250,000, textiles with 225,000, railroads with 200,000, clothing with 150,000, steel and iron with 150,000, and food products with 100,000. Amusements, it is interesting to note, account for 75,000 out of work.

THE BETTER JOB.

By EDGAR A. GUEST
(Boston Herald.)

If I were running a factory I'd stick up a sign for all to see. On every wall that men walked by, And I'd have it carry this sentence clear: "The Better Job you want is here!" It's the common trait of the human race To pack up and roam from place to place: Men have done it for ages and do it now, Seeking to better themselves somehow; They quit their posts and their tools they drop

For a better job in another shop. It may be I'm wrong, but I hold to this— That somewhere something must be amiss When a man worth while must move away For a better job with better pay; And something false in our renown; When men can think of a better town. So if I were running a factory I'd stick up this sign for all to see, Which never an eye in the place could miss:

"There isn't a better town than this: You need not go wandering, far or near— The Better Job that you want is here!"

ROUND ABOUT SPENDING

(From the Boston Transcript.) "No, sah, ah don't neber ride on dem things, said an old colored lady, looking in on the merry-go-round. "Why, de other day I seen dat Rastus Johnson git on an' ride as much as a dollah's worth an' get off at de berry same place as he got on at, an' I sez to him, 'Rastus, I sez, 'yo' spent yo' money, but whar you been?'"

ALL THE YEAR ROUND MOTORING IS ONE OF VANCOUVER ISLAND'S CHARMS

TYEE CAUGHT ON VANCOUVER ISLAND

The motorist's idea of paradise is a beautiful country where roads and weather permit continuous traveling. The nearest approach to that ideal in the north-western part of this continent is Vancouver Island. Nature has provided beauty and the right sort of climate; man has built fine roads. The temperature of Victoria, the hub of island life, is so modified by the Japan current that its average mean temperature is 45 degrees F. There is a range of only 22 degrees F. between the mid-winter and mid-summer averages.

Sunshine is the rule, averaging nearly six hours for each day in the year. Of course, the summer days have longer hours, but there is enough sunshine all winter to keep vegetation green and gardens in bloom. While Victoria has few rainy days, the annual precipitation being 27.46 inches, which is less than that of any other Pacific coast point north of San Francisco, the city has abundance of water caught by neighboring mountains.

Although situated on the southernmost tip of an island, Victoria is quite free from fogs. Because of its low range of variance in temperature and clearness of atmosphere, this city was chosen by the Canadian Government as the site for its two great observatories.

The motor roads of the Island are worthy of their setting. Victoria with its miles of residential streets and more miles of marine drives and beautiful views, is the starting point, for many delightful trips. Among them are the 40 miles of Saanich Peninsula, skirting Cadboro and Cordova Bays; winding, thrilling roads that climb up to the observatories, and a fourteen-mile

run to the famous Butchart Estate with its sunken gardens, metamorphosed rock garden and exquisite Japanese garden.

The Island Highway is the pride of the island. It is a 170 mile stretch of well-made road running from Victoria to Campbell Falls along the Gulf of Georgia. It is strung with picturesque towns and branch roads lead to such delightful resorts as Shawinigan Lake, Cowichan Lake, Cameron Lake, Great Central Lake, and many a trout stream. The southern portion of the Highway is known as the Malahat Drive, pronounced by the knowing ones as a perfect motorway.

THE CHRISTMAS SEASON AT OUR NQVA SCOTIA SANATORIUM, KENTVILLE.

As many of the men had home leave for Christmas, the Season's celebrations at the sanatorium began before their departure. On Monday evening, December 20th, the Olympic Chapter (Kentville) Daughters of the Empire gave a "Treat" with cards and music, in the patients' dining hall.

Each of the boys going home was presented, before leaving, with a box containing sweets, smokes and useful articles by the Knights of Columbus, and each also received from Capt. Holland, a Princess Mary Souvenir Box and a cartidge pencil, which he had been able to secure for the men; and a pair of socks from Miss MacDonnell on behalf of the Red Cross Society.

On Christmas morning each bed patient, on awakening, found a well-filled stocking which Santa Claus had presumably left in the night. Each Infirmary Ward (3 beds) had its own Christmas tree, giving a seasonably festive appearance to the porches; and the halls and reception room were very prettily decorated with festoons and wreaths of spruce with touches of red trimming. Pavilion patients received each his Christmas stocking at breakfast time and a gift of a pair of warm socks.

At ten o'clock there was a service in the Assembly Hall in the Recreation Building, at which Mr. Hogan, Y. M. C. A. Secretary and Rev. Mr. Porter, of Kentville, spoke to the patients, and at which music was rendered by the "San" orchestra, and a special choir of staff and patients. Following this service, the choir, led by several of the orchestra, walked through the corridors of the infirmary singing Christmas carols for the enjoyment of the bed-patients.

At eleven o'clock, Mr. Hogan, representing the Y.M.C.A., and accompanied by Messrs. Newcombe and Harris, of the Kentville Y.M.C.A., Rev. Mr. Porter and the Matron, led around a Santa Claus who gave to each patient in the Infirmary a Christmas box containing the usual sweets, fruits, smokes and small articles, also a suit of pyjamas.

At noon, luncheon was served; and in the afternoon the nurses, in their pleasant and homelike reception room, were "at home" to all pavilion patients from two o'clock until five. This meant over a hundred callers.

At 6.30 came the "event of the day," the Christmas dinner, followed at once by the Christmas tree. The dining hall had been elaborately decorated with spruce garlands and colored lanterns, for which special lighting was arranged. The broad, high hall, with its tall pillars, lends itself well to decoration; and the numerous round tables, shining with white linen cloth, and gay little favors and menu cards, were arranged in great circles around the immense Tree, twinkling with colored lights. Each table had as a centerpiece a good-sized chimney filled with fruits and confections, topped by a presiding "St. Nicholas" or to give him the name of our childish days, a jolly little Santa Claus. Altogether it was a scene of brilliance and cheer such as one might go far to see. And the usual noises of a holiday crowd were fully in evidence, together with the

decorum of a happy home. The menu followed the best traditional lines of a real home Christmas dinner, consisting of consomme, oyster patties, turkey, cranberry sauce, vegetables, plum pudding, frozen pudding, nuts, candy and coffee.

During dinner music was provided by the Sanatorium Patient's Orchestra, assisted by Mrs. Cross and Mr. Percy Young of Kentville. Mr. R. B. Logan, who was in fine voice, sang twice. Next came the distribution of the gifts from the Tree, by a portly and witty Santa Claus, whose voice resembled that of Mr. Reverdy Prosser. There was a parcel for each patient. This was made possible through the interest and generosity of friends throughout the Province (one in P.E.I.) some of whom are former patients of the Sanatorium. Grateful reference to this was made by Dr. Miller, in a short speech at the close, in which he voiced the gratitude of staff and patients to the Red Cross Societies and others who had so generously provided Christmas gifts. He also expressed the keen appreciation due to those heads of staff and other workers at the sanatorium who spared no care nor labour to make the day the success it assuredly was. Among those are Doctors Sieniewicz and Bayne, Miss MacDonnell (Matron), Miss Dobson, (Dietitian), Capt. Holland, Miss Churchill and Miss Johnston, all of whom, in addition to their own duties, naturally increased at this season, helped in committee work and at supervising and preparing the decorations. The decoration of the Recreation Hall was in charge of Miss Nixon and Mr. MacGillivray.

Some of the pavilion rooms were very prettily trimmed, interest having been aroused among patients by the offering of a prize for the best-decorated ward or section.

On the Wednesday following Christmas, the choir of St. Stephen's Methodist Church, Kentville (35 voices) led by Mr. Burpee Bishop and accompanied by Rev. W. A. Porter and Mrs. Porter, came to the Infirmary and gave a delightful program of music.

Kindnesses such as these add greatly to the courage and contentment of those "taking the cure."

On Thursday the patients were favored with a concert by Halifax artists—Miss Ella Courtney, Mr. Ivan Williams, Mrs. Arthur Tully and Mr. Gilbert Hart, assisted by Mrs. J. D. Clark, of Kentville, as accompanist. This was music of a truly high order and it was fully enjoyed.

On New Year's Day, the staff were "at home" to the townspeople and friends of the sanatorium from 2.30 to 5.30 p.m. Most of Kentville's prominent men and

women were present, and the "San" orchestra again did good service in furnishing music for dancing. Mrs. D. G. Ross of Kentville and Mrs. Arthur Tully, of New Glasgow, sang, to the delight of guests and hosts. There was, also, on New Year's afternoon, another reception for the patients at the Nurses' Home.

The Y.M.C.A. is deferring its Christmas Social until the men return from home leave, which will be about the 4th of January.

Money contributions for the Sanatorium were received from: Mr. Joe Aucoin, Kentville; Mr. Burpee Tucker, Kentville; Mr. H. H. Marshall, Greenwich, N.S.; The Young Scouts, Oxford, N.S.; Mrs. Botsford, Kentville; Red Cross Society, Millville, N.S.; Mrs. M. A. Tylor, Windsor, N.S.; A Friend, Yarmouth, N.S.; C. Arthur Hopkins, Springhill, N.S.; Coleraine Chapter, I.O.D.E., Pictou, N.S.; George C. Roy, Kentville; Lord Amherst Chapter, I.O.D.E., Amherst, N.S.; Mr. P. J. Aucoin, Kentville; Tantramar Chapter, I.O.D.E., Amherst, N.S.; Mr. E. C. Bowers, Westport, N.S.; Miss L. A. Smith, Windsor, N.S.; Markland Chapter, I.O.D.E., Yarmouth, N.S.; Canadian Club, Digby, N.S.; W. F. D. Brommer, Falmouth, N.S.; Miss Ruby Balcom, Margaretville, N.S.; Women's Local Council, Yarmouth, N.S.; A Friend, Westport, N.S.; Red Cross Society, Hantsport, N.S.

Christmas stockings were received from the following: The Nova Scotia Branch of the Canadian Red Cross Society, Halifax; The Kentville Red Cross Society, Kentville; and several individuals.

DAYLIGHT SAVING

The New Year's Day referendum in several Ontario towns in favor of daylight saving during the coming summer is a welcome assurance that the movement to make good use of the long hours of summer daylight is still alive. The St. John Globe thinks no reason exists why there should be the slightest conflict between the city and the country on this issue. Daylight saving during the months of June, July, August and parts of May and September gives the city dweller opportunity for the enjoyment of many pleasures that would otherwise be denied. The use of daylight time by the cities need not in any way interfere with the time of the country dwellers. A great mistake of the past has been the effort to get city and country to agree. Far better is it for each to go its own way. The daylight saving decision of several Ontario towns and of many towns across the border is an assurance that daylight saving in the cities will be quite general this summer.

WHEN LOW IS HIGH

(From Set Square, Toronto.) "Let me have sleeping accommodations on the train to Ottawa," I said to the man at the window, who didn't seem at all concerned whether I took the trip or stayed at home. "For a single passenger?" he finally said. "No," I replied, "I'm married, but I'm not taking anybody with me. A single shelf will answer." "Upper or lower?" he asked. "What's the difference?" I enquired. "A difference of fifty cents," came the answer. "Our prices to Ottawa are \$2.50 and \$3." "You understand of course," exclaimed the agent, "the lower is higher than the upper. The higher price is for the lower berth. If you want a lower you'll have to go higher. We sell the upper lower than the lower. It didn't seem to be so, but we found everybody wanted the lower. In other words, the higher the lower." "Why do they all prefer the lower?" I broke in. "On account of its convenience," he replied. "Most persons don't like the upper, although its lower, on account of it being higher, and because when you occupy an upper you have to get up to go to bed, and then get down when you get up. I would advise you to take the lower, although it's higher than the upper, for the reason I have stated, that the upper is lower because it is higher. You can have the lower if you pay higher; but if you are willing to go higher it will be lower."

AN INTELLIGENT ANTI-SUFFRAGIST

Lady Astor told in London a story about an anti-suffragist. "Anti-suffragists are all alike," she said. "Once I was canvassing for signatures to a petition about Lord Milner, the Viceroy to India at that time. When I called on Mr. Boggs, the grocer, he read the petition carefully and then said: "Who is this here Milner, ma'am?" "Our Indian Viceroy," I said. "Wot's a viceroy?" said Mr. Boggs. A pro-consul, you know," and I explained Lord Milner's position in detail. "Mr. Boggs, satisfied, dipped his pen in the ink, then he looked up anxiously. "You're not letting the women sign this, are you?" he said. "Oh no, indeed," said I. "That's right," said Mr. Boggs as he slowly traced his signature. "That's right ma'am. Women don't know nothin' about these things." Happiness is not a matter of events; it depends upon the tides of mind.

MUST WE LOSE TO FIND?

Must we indeed lose our life that we may find it again? Yes, that is the law of life; with the wheat and with the soul. It is the fact of life in us. But how? We must lose our life in our fellow men. We must plant it in the life of others.

Only that is kept which is given away. We then meet it again invested in hearts that show it in what it has wrought for them and in them. How enriching is this contemplation to the Christian who would do good but who is lowly in heart! Even that candle was made to be lit, the life of what Christian to invest itself in others.

There are many justifications of silence; there can be none of insincerity.

PUBLIC MEETING

Notice is Hereby Given

That a public meeting of the ratepayers of the Town of Wolfville convened by the Town Council under the provisions of the "Towns Incorporation Act," will be held at eight o'clock P.M., on Thursday the 20th day of January, A. D. 1921, in Temperance Hall, in the Town of Wolfville, for the purpose of taking into consideration a recommendation of the School Board, approved by the Town Council, that the Town provide additional school accommodation for the Town by erecting a new school building in the town, and, if such recommendation be approved by the ratepayers, that the Council be authorized to apply to the Legislature at its next session, for power to borrow on the credit of the town, a sum not to exceed TWENTY THOUSAND DOLLARS for the purpose of providing such school building for the Town. The meeting is also called for the purpose of considering a request from the Council for authority to borrow temporarily, for payment of current necessary expenses of the town, a sum, not to exceed \$5000.00, such loan to be assessed for in the next general assessment of the town and to be repaid as soon as possible out of current revenue of the town. And that the Council be authorized to apply to the Legislature if deemed necessary, to legalize such loan. Wolfville, the 13th day of January, A. D. 1921.

By Order, H. Y. BISHOP, Town Clerk.
