

ACTRESS' LETTER A DEATH WARRANT.

Did Epistle Send Mrs. Bradley on Murder Mission to Washington?

Text of the Letter Which This Woman Wrote to Senator Brown.

Washington, Nov. 21.—The cross-examination of Mrs. Bradley, in her trial on the charge of murdering former Senator Arthur Brown of Utah, was resumed at 10.10 a.m. to-day. Mrs. Bradley testified that Brown and she had frequently quarrelled and on one occasion she struck him in the mouth with an umbrella, because of cruel things said to her. Mrs. Bradley's cross-examination was concluded at 11.22. Previous to going under cross-examination Mrs. Bradley had related the dramatic story of the shooting, and with downcast and tearful eyes had identified more than one hundred letters that had passed between the Senator and herself, as well as the letter from Mrs. Annie Adams to Brown, which is described as the immediate cause of the tragedy. In these passages of her letters she was as tender as later she became defiant. It is this that makes the woman so remarkable. In two days she has run the entire gamut of the passions. Watchers have seen her eyes alight with the flame of love and her face ablaze with angry passion. The fact that upon going to Brown's room at the Raleigh Hotel, Mrs. Bradley found there a letter from Mrs. Annie Adams, the actress, to the ex-senator, was dwelt on at some length by Judge Powers, making it evident that he means to attempt to show that the discovery of this letter was the immediate motive for Mrs. Bradley's killing Brown. The letter was read at length by Mr. Wells and was as follows: "Saturday, p. m., Dec. 1, '06. Philadelphia, Pa. "My Dearest, my Dearest—The world seems to have taken another hue, because perchance I've heard you from you, which means so much. I was, as I told you, very fearful of the contrast at the house and sorry it could not have been avoided. I think your idea of living there must be given up. I wonder at gates being open as passed—bolts and bars would seem the proper thing. For misguided soul who can't see better results from a more dignified procedure and give what courage and strength it requires for continued onslaughts, I wish the winter were over. "I do hope you can arrange a change of date for ease mentioned, but do not worry more than necessary. What is to be will be, and right must prevail in the end—so they tell us. I shall not be in the bill week after next, 10th, and they say for four or five weeks, or until Boston, and may stay in New York or I please. Will you definitely next week and write you at W. I do so wish you to have a pleasant time in New York and trust time shall be arranged. I fear this will hardly reach you before leaving S. L., and may send it to W. instead if address comes and it should by Monday—you say—I must hate with your late, love with your love—love you the latter part so glad, have been feeling for you, and you are all, so you see, there is no room for aught else, that is my religion, and you and I are to become true believers in the divine command love ye one another—belovest thou this? I answer you weekly. I spent Thanksgiving Day giving thanks for you and my very happy state of feeling, which one year ago I never dreamed could be possible—I seem too sweet to be real. I am not going to send this until I get address, so possess my soul in patience. "Fifth.—So surprised to learn you are on route to so glad, have been feeling for you at length of my movements. I think we leave here early on Sunday, 9th, or Monday, for N. J. My cousin, too, has written me she is coming on to N. J. from Canada; however, will arrange—and write you fully—how soon must you get back home? Let me know, either here or Empire Theatre, N. Y. Must get to work, love dear heart—answer. "Amie." "Please return clipping." The only other letters read during the trial were three from Mrs. Bradley to Brown which were introduced by Mr. Baker as a part of his cross-examination. Extracts from letters of Mrs. Bradley to Senator Brown were read, in which the names of Schroeder, Evans, McGuire and "The Priest" were mentioned. Mrs. Bradley declared that Senator Brown's jealousy of these men was not justified. She added that she knew these gentlemen would be astonished to learn that their names had been referred to. When the relations between herself and Senator Brown first became known to Mrs. Brown, Mrs. Bradley said that the Senator instantly advised her to say nothing and deny everything. Mrs. Bradley left the stand at 12.25, her testimony having been concluded. Recess was then taken.

CAT ESCAPED But House Was Blown Up in the Chase to Put it Out.

Greensburg, Pa., Nov. 20.—The efforts of George Doherty, aged 16, who lives at Jamison Works, No. 3, to put the family cat out of the house at midnight probably will result in the death of himself and Carl Orocco. Three other men were also injured before the affair was over. The five men occupied a room in a boarding house at the works, and the cat entered about midnight, got under the bed and began to mew. The boy took a lamp and crawled under the bed after the animal. The lamp exploded and set off two kegs of powder which almost blew the house to atoms. The cat escaped injury.

LIBERALISM AND LABOR. WRONG CONSTRUCTION PLACED ON MR. CHISHOLM'S WORDS.

He Thinks Their Interests Are One and There Should be the Closest Alliance Between Them. That portion of Mr. James Chisholm's address at the Liberal Association's annual meeting on Tuesday evening in reference to Liberals and labor, is being misconstrued. What Mr. Chisholm said was that, speaking as an individual, he could see no need for a three cornered contest. There should be no chasm between Liberalism and Labor. Labor owed almost everything it had ever obtained in the shape of beneficial legislation to the Liberals, and the Liberal party could and would support labor in all its reasonable demands. For that reason there should be the closest alliance between Liberalism and labor, the labor party supporting Liberalism, from which it received all its benefits.

WANTS A JOB But Does Not Want to Be Her Employer's Sweetheart.

Chicago, Nov. 20.—"I want to be somebody's stenographer or bookkeeper, not his sweetheart. If there is a man in Chicago who needs help and would rather have a girl attending to business than making eyes, I would like to hear from him." The foregoing is part of an advertisement brought to the business office of an afternoon paper to-day. The writer was Miss Julia G. Dunkirk, who came from Indianapolis a few days ago to seek employment. In her quest for work, she said, so many men tried to make love to her, that she decided to advertise as above.

TERRIBLE DEED. Woman Kills Herself and Her Two Young Sons.

Newton, Mass., Nov. 21.—Mrs. Jessie T. Hedges, wife of William T. Hedges, killed herself and her two sons, William, aged 11, and Butler, aged 6, by asphyxiation, at her home, in Newtonville, some time during the night. All cracks in doors and windows had been plugged and the gas turned on. Mr. Hedges was away on a business trip.

INSANE MOTHER CUTS BABE'S THROATS FROM EAR TO EAR.

Watches Slaughter of Hogs, Then Goes to Her Home and Slashes Throats of Children.

Canandaigua, Nov. 21.—After watching asked his wife where they were. She hog killing in progress on her husband's just laughed and would not give him farm Mrs. Elizabeth Thomas, who lives near the Ontario county line, went to her home and cut the throats of two of her children with a butcher knife, killing one and probably fatally wounding the other. Thomas, with several assistants was killing pigs at a slaughter house a short distance from his home when his wife came out to witness the operation. She stood nearby and apparently took a morbid delight in seeing the animals being stuck with the knife. She watched every move carefully and studied the method of cutting the throats, asking many questions to satisfy her curiosity. Before the slaughtering had been finished she left the scene and went to the house, as her husband thought, to prepare the dinner. About noon the husband went home to dinner, and, missing his children,

INITIATED TEN. Unity Lodge Now Membership of 570.

Unity Lodge, I. O. O. F., met last night and initiated ten candidates, bringing the membership up to 570. The work was done by Past Grand of the lodge, some of whom had not occupied the chairs for 25 years. The attendance was large, the hall being filled. The meeting was a splendid success. After degree work a programme was presented, consisting of singing and addresses by the newly-initiated candidates, the principal speaker being Bro. W. A. Spratt. Several of the visitors also spoke, and P. G. Bros. Chas. H. Mann, D. D. G. M., gave an address. Bro. J. Ledrew entertained the crowd with a recitation, and Bros. John Syme and Stevenson gave a fine exhibition of fencing.

Seven Killed Kenora, Ont., Nov. 21.—Word reached here late last night of a terrific explosion in the G. T. P. construction camp, No. 6, about 5 o'clock, in which seven were killed and four injured. The explosion occurred at Phillips' camp, about twenty miles from Dryden, but from the news to hand it is not known whether it was a blasting mishap or a magazine explosion. Drs. W. J. and J. R. Munne, of Kenora, and Dr. Chapman, the coroner, left last evening immediately after receipt here of the news of the disaster, and the details will not be known until they return.

BIG STORM COMING. Expected to Centre Around Lakes Erie and Ontario.

Reports from the weather bureau indicate that the rain of last night and the wind of to-day are the forerunners of a severe three-day storm. Cautionary signals have been ordered up at all the Canadian lake ports. Already a great storm is sweeping across the southwestern States, in a southeasterly direction, while another storm is on the upper great lakes. The weather bureau at Toronto predicts that these storms will meet in the region of Lake Erie and Lake Ontario. The storm has reached a velocity of 40 to 44 miles per hour at Chicago, and a heavy gale is blowing at Cleveland, while on Lakes Superior and Huron and in Manitoba a terrific gale is raging. Navigation has not closed on the lakes and it is feared that many vessels, which have not been warned, will not be able to reach shelter, and will have a rough time of it.

TO RETAIN OFFICE. Street Railway Company Keeps Gore Street Office.

The former Street Railway offices at the corner of James and Gore streets will be retained by the company as a waiting room for the motormen and conductors. As all the city cars pass that corner it is more convenient than the Terminal Station for the men to relieve one another and to get change and tickets. Two clerks will be kept there for that purpose, and Superintendent Miller will make his headquarters there. The announcement made last night that after Dec. 1 the big Barton street cars will run along King street east, instead of going around the James street bend, was well received by southeasters, who have been complaining of the service for some time. The south-siders have no complaint about the Barton street cars being taken off the James street line. The street car lines were tied up off and on from 11 to 1 o'clock to-day, the power being off. The absence of cars at the noon hour helped the business of the uptown restaurants and lunch counters.

SCHOLARS MUST NOT SING OF CHRIST OR CHRISTMAS.

All Mention of These Removed From Hymns and Carols in New York Public Schools.

New York, Nov. 20.—The Herald to-day says: Orders that no hymn or carol containing mention of Christ or Christians shall henceforth be sung in the public schools of New York, were given yesterday by the Board of Education. Following the announcement protests were uttered in every section of the city. Emphatic instructions were given by Frank R. Rix, general musical director, to all the teachers under him that in no circumstances, during the approaching Christmases, particularly, are they to permit pupils to sing any song that shall contain any word or phrase which would accentuate religious significance. That all sectarian references which include the name Christ, and mention of Christmas are being eliminated from the song books in use in the public schools of the city, was a surprising bit of information, which was disclosed with the announcement of Mr. Rix's action of yesterday. All the books are now in the hands of printers for revision. The decision by the Board of Education to take the radical step resulted from the agitation of a year ago, when a representation of orthodox Hebrews appeared before the board and complained that the Christmas festival, as celebrated in the schools was essentially sectarian. At that time no action was taken. The matter was referred to the Committee on Elementary Schools, of which Abraham Stern is chairman, and that committee reported recently in favor of eliminating all sectarian reference from the song books. The report was adopted by the Board of Superintendents.

At Britannia Rink. A large crowd was in attendance at the matinee and evening sessions at the Britannia Rink yesterday, taking part and watching the graceful skaters as they glided over the large surface. The selections for the gentlemen's competition on Friday evening were W. Hyde and Loek McMaster. The judges were Messrs. Smith, Somerville and Walper.

COSTLY CHINESE. Vladivostok, Nov. 21.—The Chinese commercial agent, in behalf of his government, has demanded an indemnity of \$12,500 for the death of a Chinese, who was killed during the recent mutiny of Russian sailors here.

The Man In Overalls

Barker and Pritchett. It was but natural that the coppers should capture copper thieves. Muzzle the Times, then do it in the dark. Weed out the weeds. Whitney is a better promisee than he is a performer. The high level bridge was just the place for high-waymen operating. Ald. Farrar should be merciful. Must the City Engineer go? If Mr. S. Barker promised Pritchett immunity from prosecution for his crimes, wasn't he perverting justice? This continual cry of graft by the Tory heeled and speakers is giving the country a bad name. There was a lot of wire-pulling yesterday before the police arrested the alleged wire thieves. I thought the North End Improvement Society was to wind up the season with a dance over at the revivment wall. But I have heard no more about it lately. And Beck didn't know any better! Hundreds of thousands needed for good roads and electric pumps, and more hundreds of thousands for the hydro power scheme. Do the aldermen think that the citizens are made of money? Talking of "knocking," the Times never canvassed the patients and members of the Consumption Sanitarium, so that it could get a hit at the good ladies who are managing it. Statesmen are proverbially long-lived. With proper care Sir Wilfrid should be able to run along smoothly for another twenty years. Sealey seems to be the only one in sight so far. It's not the "Black Hand," it's the "Black Hand" in a waylaying people at the high level bridge. Now if the Spec. really wants to show the public how much of a fraud the sucker is, why doesn't it stick it in its window? Is it afraid? Fat pocketbooks are now in demand for the Christmas season. Whitney promises to abolish the prison labor contract. Is that another promise or a bribe? But how could Mr. Barker promise Pritchett immunity from prosecution? To do that would be to tamper with justice. "Bongard for Mayor" may be the Spectator's next college yell. Chief Smith now points with pride to the doings of the police the past few days. Fire a volley. Holy smoke, Adam Beck, did you never read the Power Act?

HE WILL NOT ALLOW MUSSING OF BASINS.

Trades and Labor Delegates Will Not be Permitted to Disturb the Water There.

Well Known Citizens Tried to Buy Park Lands For Speculation Purposss.

It looks as if another storm was brewing over the filtering basins. Last night the Fire and Water Committee granted the Trades and Labor people permission to go down there and make an inspection. This morning City Engineer Barrow instructed Caretaker Myles Hunting that the property was not to be mussed up by people tramping along the sides of the banks and stirring the water up. "I am not going to let every Tom, Dick and Harry go down and muss the basins up. The line has to be drawn somewhere, and I am going to draw it," declared the Engineer to-day, with considerable emphasis. "When the Trades and Labor people go down there on Friday morning I have instructed Mr. Hunting to afford them every facility for seeing all that is to be seen, but there is to be no raking of the basins, and I have issued orders to that effect." Mr. Barrow says he does not want the water that people have to drink raked and stirred up every time anyone takes a notion to do it. He expects that his action will cause a row, but declares that he is going to remain firm. After a meeting of the Civic Committee of the Board of Trade yesterday afternoon the reports of the sub-committee appointed to get options on land along the mountain brow, in connection with the big park and driveway scheme, projected by those who would like to see the beauty of the mountain face preserved, were presented and proved very satisfactory. With one or two exceptions, it was reported, the property owners seemed quite alive to the benefit their property would accrue from the improvements that would be made. It was reported that some enterprising citizens, in view of the park scheme, had approached the property owners, with the intention of buying the land for speculation, but had not received any encouragement in that direction. The secretary of the Board of Trade was instructed to write the Parks Board, asking that a day be named when the commissioners would receive a strong deputation appointed to lay the matter before them. Those interested in the scheme say that some of the property owners have been generous almost to a fault, and that there seems to be general approbation among all classes in the city that the face of the mountain should be preserved, especially as the scheme being promoted will save two fine pieces of land for park property. The Fire and Water Committee has accepted the resignation of Fireman Cook. James O'Dornan has been appointed permanently, and Albert Whitney, William Swain and Everett Fisher put on the probation list. The chief has been granted permission to have minor repairs made to the stations. The big aerial truck wrecked in an accident in the spring will be advertised for sale, and also the old Merryweather ladder. The Finance Committee to-night the by-law fixing polling places and appointing deputy returning officers for the municipal elections will be dealt with. Other matters to be considered include the request from the Queen Victoria Statue Committee for the city to pay the expenses in connection with the visit of the Governor-General; the by-law re public health and an application for a grant to assist in opening a school to teach the English language to foreigners. The following building permits have been issued: Mr. Webb for two brick houses at the corner of New and Elizabeth streets, \$3,500. Frid Brothers, addition to Foster Pottery, Main street west, \$1,100. Fowler Canadian Company, power house adjoining factory, \$5,000. Munro & Mead, alterations to buildings 8, 10, 12 and 14 James street south, for J. L. Counsell, \$1,200.

JAKE SUNFIELD'S UNCLE COMMITTED SUICIDE.

Wife of the Condemned Murderer Writes Her Forgiveness.

Judging from the tone of a letter that Mrs. Mary Tamillo, of Chicago, has sent to Jake Tamillo, alias Sunfield, who is under sentence of death at the local jail, the feeling of the wife of the murderer is changing toward the man who ill-treated her and her children as the day set for the execution approaches. About two weeks ago she wrote to him, but there was little sympathy expressed in the letter for the doomed man. So far as can be learned Sunfield didn't reply to this letter, yet within the past two or three days the poor woman has sent him another missive. The letter reads as follows: "Dear Jake Tamillo—I must drop you a few lines and tell you that this is no fault of mine, that you are there behind the bars. You did not want to take care of your children and now you must suffer and I must tell you that you cannot write to the children as they don't get no letters. You can write it to me and I will tell them. "I will forgive you all that you have done to me and the children and I hope that you will enjoy yourself in the other world. I am very sorry to say that you die, but it cannot be helped. I send you the best regards of all the children, they are all getting fat and they have good care. Answer as soon as you can for I am waiting for answers. I am very sorry to write to me. I sent you back the letter you sent me in September and I saved that. This is all for to-night, so good-bye. "Jake, your uncle Frank Tamillo has killed himself and has been buried. Mrs. Radzky is at home in Canada. Write. Mary Tamillo." The letter referred to in this communication is one that she sent back to him in her former letter. It was sent to her a year ago last September, a few months after Sunfield's counsel for her to leave to Chicago. In this letter Sunfield asked her for some money and promised to join her in Chicago at no distant date. Unless the Court of Appeal grants the application of Sunfield's counsel for leave to appeal, the execution will take place a week from tomorrow.

PREDICTS A BIG SLUMP IN THE BUTTER MARKET.

Supply Good and Demand Decreased—Some Farmers Selling Their Cattle.

Beamsville, Nov. 21.—(Special)—Your correspondent was in the vicinity of Ridgeway, and Welland, on Tuesday, and through a portion of Southern Lincoln, all a fair stock and dairy country, and it is an enigma how butter is kept up at so high a price, when so little is being shipped out of the country. The supply seems great enough, and the demand has sensibly decreased, owing to the greater economy in its use, and the inability of the poor any longer to indulge in so expensive a luxury. Several dairymen told me that, owing to the scarcity of fodder, and the high price of grain, farmers have been crowding their cattle on the market. Still, grass is very much improved in all portions of the peninsula from a month ago, and if the winter is at all open it will be a great help in getting stock through this year. Twenty-two car loads of stock, a large number of them cows, passed through Welland station a few days ago for the Buffalo market. With butter worth 30 cents a pound, the owners must have been hard pushed or they would not have parted with them. Many country store keepers are now receiving consignments of butter from the dairies, and retail it at 35 cents a pound, and to farmers at that. Hitherto the same merchants have been overrun with butter. "If the butter speculators come to grief, it will serve them right," said a dealer on the St. Catharines market. "Some farmers, too, are holding, and may be compelled to sell in short order at reduced prices. It is quite probable that butter advanced much higher than the real state of the market warranted, and eggs, and a reaction will be the natural consequence." "What about the importations of Irish butter?" he was asked. "It is possible that the butter was brought in, and can be brought in, as reported, but it is quite evident that those who import it will find it a losing business. I am disposed to think it a story got up by the dealers for the purpose of frightening the holders of butter. At any rate, Europe cannot afford to dispose of any great quantity of dairy produce, as the consumption there is at all times equal to, if not greater than, the supply," he said.

THE LUSITANIA May Beat Her Previous Record By Half an Hour.

Queenstown, Nov. 21.—The Cunard Line steamer Lusitania, which left New York on Nov. 16, passing Sandy Hook lightship at about 4.38 p. m. to-day, was 175 miles west of Fastnet at 1.35 a. m. to-day. Fastnet is 54 miles west of Queenstown. She should arrive at Queenstown at about 8 o'clock this evening, making the time of her passage 4 days 22 hours and 23 minutes. In this case she would beat her previous record by about 30 minutes.

MAURETANIA'S ANCHOR LOOSE

New York, Nov. 20.—A wireless despatch from the Mauretania tells that the fast new Cunarder has been encountering heavy storms. The small run on the second day out was due to an anchor getting loose on deck, compelling the vessel to slow down. At present she is making great speed.

SON OF A CHIEF.

Grief in Hagersville Over Toronto Tunnel Tragedy.

Hagersville, Ont., Nov. 21.—The announcement of the tragedy at the Toronto tunnel caused general sorrow here. The men left here a little over a week ago to work under Foreman Wm. Cronin, who was in charge of Inglis' quarry in this town all summer.

Huron Elliott was a member of the Messengers of the Credit, the son of Chief Wm. Elliott, and was an expert driller. During the past two years he had been engaged in prospecting in Cobalt. His widow resides about three miles northwest of here, and is a daughter of Sydney Brent. There is also a small child.

John Nelson resided at the corner of King and Main streets here. He had been employed usually in laboring work among the bricklayers and farmers. He leaves a widow and six small children in destitute circumstances.

Little known here, Angelo Jacopino, beyond the fact that he was employed in the M. C. R. quarry this summer, and was a recent arrival from Italy.

Leo Dougherty is the eldest son of a dealer of this place. He is a young and capable driller, and had returned from Joliet, Ill., a short time ago.

TO BE HANGED.

John Boyd, Who Killed Wandle, to Hang Jan. 8.

Toronto, Ont., Nov. 21.-John Boyd, the colored porter, who on January 11 last, shot and killed Edward F. Wandle, a colored restaurant keeper, in the latter's place on York street, was found guilty of murder this morning, and will be hanged on January 8. The murder was most cold-blooded and premeditated. Boyd called at Wandle's restaurant on the morning of July 11, looking for a woman named Mrs. Naomi Carr, with whom he had been living, and was put out of the restaurant by Wandle. Boyd went away, purchased a revolver and box of cartridges, and returned in the afternoon to the restaurant. Wandle was upstairs and Boyd followed him from room to room till he finally found him in a bedroom where he deliberately shot him dead.

BAD FOR THE GIRLS.

New York, Nov. 21.-Eight occupants of an old three-story frame rooming house at 19 Commerce street, narrowly escaped death early to-day in a fire, which seriously damaged the building. A second blaze at almost the same time nearly destroyed the six-story business block on Canal street, east of Broadway, causing a loss of over \$75,000, and throwing about 350 girls temporarily out of employment.

The length of the road lines in operation in British India at the close of 1906 was 29,097 miles, the additions in the preceding 10 years being 7,980 miles. The native States have been encouraged to develop railroad construction and the aggregate length of native State lines increased from 2,062 miles in 1897 to 3,471 miles in 1906.

MARKETS AND FINANCE

Stocks and Bonds

NOON STOCK LETTER. (Received by A. E. Carpenter from Ennis & Stoppani.)

New York, Nov. 21.-The market during the morning developed selling which seemed designed to facilitate covering of railroad stocks with high prices in U. P., Reading, A. R., A. C. P. and Steel. London sold very moderately on balance. The gross earnings of So. Pac. were \$124,800,000 in last fiscal year. If gross should decrease by \$35,000,000 through business contraction, the net would be sufficient to cover present dividends. While business reaction will doubtless enable the road to operate more economically, this might not count for as much as in the case of the Atchafalpa, because the So. Pacific ratio of expenses to earnings in 1907 was already down to 66.52 per cent. Union Pacific, however, operated last year on less than 51 per cent. of gross. Comparing present prices of railroad stocks with high prices of 1907, we find that if dividend yield on the investment on high level was adequate, then the decline has discounted reduction in Atchafalpa dividends to 3.34, Union Pacific 5.9 per cent., So. Pacific 4.1 per cent., Pennsylvania 5.3 per cent. and St. Paul 4.2 per cent. The gross earnings of railroads which have reported for the second week of November show a general decrease of nearly 2 per cent., the first showing of this kind in over two and one-half years. There is every indication that gross losses will be large, and it is gratifying to find that very heavy decreases must take place before gross will reach high dividend rates now existing will be touched by margin of earnings of the best stocks. The theory is that the business reaction will be short and sharp. Steel manufacturers admit that the situation is about as bad as it can be, and after the flurry about opinion is that better conditions must develop. \$3,285,000 foreign gold arrived to-day, and \$14,000,000 is due to-morrow. The Terminal Bank of Brooklyn opened to-day with 100 depositors in line, and \$45,000 received in the first hour.-Ennis & Stoppani.

LABS' NAVIGATION.

Bradstreet's has been announced that navigation on Lake Superior will be kept open until December 19th. This will mean accumulation at Upper Lake ports. At present the movement of western grain to these ports is somewhat slow but should the government speedily come to the relief of the situation by placing in circulation several millions of dollars this trouble will be much alleviated and lake carriers should be kept busy. The total tonnage of vessels employed in the lake trade is steadily increasing. Quite recently the largest vessel ever built in Canada was launched at Port Erie. It is 319 feet long, has a capacity of 3,000 tons, draws 12 feet of water and cost about \$100,000. The New York, Nov. 21.-The stock market opened heavy.

BECK RETRACTS.

The Hydro organs have been crowing a good deal over a statement made by Hon. Adam Beck at Brantford to the effect that the Government would guarantee its power estimates, and in event of them being exceeded would bear the loss, thus protecting the municipalities. They have professed to regard Adam's word as final, and brushed aside the terms of the statute as overridden. Mr. A. G. MacKay's objection to Mr. Beck's announcement was treated as childish, and the Government was regarded as insuring the power-plunging municipalities.

A WASTE OF MONEY.

"To Shelve the Good Roads By-law—Present Not an Opportune Time to Ask Taxpayers to Vote Money—Aldermen Have Enough Important Schemes to Submit for Approval." That is the way the Hamilton Herald intimates that the city cannot afford to put its streets in good repair, and the reason therefor—"aldermen have enough important schemes to submit for approval," it says; and it goes on to add: "An objection to asking the people to vote \$200,000 or \$300,000 for good roads is that they will have to vote at least \$225,000 for a civic street lighting plant, and \$50,000 for new waterworks pumps. If the ratemakers are asked to add another \$200,000 or \$300,000 for good roads, it is feared that they will think the aldermen have gone mad, and will shut down all the money by-laws. Another objection is the state of the money market. Bonds cannot be sold to advantage now.

In other words, the city is so poor and financial conditions are so bad that it should not borrow money for the legitimate needs of street paving, but that no matter how much the taxpayers' burden, and no matter what loss may be incurred in realizing on debentures the people ought to be taxed "at least \$225,000" for a light distribution system that the city needs no more than a cart needs a third wheel, which may prove a cause of constant loss to the city, and every possible benefit of which we can enjoy without taxing the people a single dollar, and without opening the way to the would-be grafters and jobbers to fatten at their expense.

Here is one of the Herald's appeals made in the effort to bunco the taxpayers into spending a quarter of a million or so in this utterly unnecessary and probably permanently wasteful scheme, while they are told that they cannot afford to keep up the streets of the city.

As a rule there are two sides to every question. It is the Herald's opinion that the other side of this question—so far as the city's welfare is concerned—is a blank. If any intelligent, substantial argument could be advanced against the proposition it would have been advanced before now. But we have seen or heard no objection that deserves a minute's consideration by any intelligent and public-spirited citizen.

EDITORIAL NOTES.

Maybe Beck will read over the Power Act now.

A few \$50 fines will discourage brutality in sports.

Suppress the hold-up men. Police vigilance and court severity will do it.

Will Barry get a diver's suit and go down in the basins looking for weeds and bacteria?

Somebody appears to have been doing extensive copper wire-pulling, and now Magistrate Jelfs is at an end of the line.

W. H. Bennett, M. P., protests against his name being coupled with that of Hon. Geo. E. Foster, Fowler, et al., in those odorous land deals. Oh, George!

A solicitor doesn't count for much with the Fire and Water Committee. "Blank his notions of legality; we'll defy the law!" was its sentiment last night.

Phoenix Company officials blame the collapse of the Quebec bridge on changes in the design made by Consulting Engineer Cooper, thus increasing the unit stresses.

Speaking of the power question the Globe says: "The case is one for the exercise of common sense and business aptitude." That may be true of Toronto, but our Mayor and some of the aldermen refuse to so regard it here.

In view of Hon. Mr. Beck's retraction of his Brantford misstatement, the Windsor Record will probably withdraw its vengeful references to Mr. A. G. MacKay's very pointed and sensible objections thereto.

The London Free Press says it is authoritatively told that the estimates of the engineers of the Hydro-Electric Commission "are based upon the most liberal lines." Perhaps. They allowed \$1,800 a year for wages of operating a 500-lamp electric light system in Hamilton!

Whitney boasts that he got nearly two millions out of the mining department last year. He also got from Laurier a big increase in the Provincial subsidy. And yet he has set the jackal organs crying out for Laurier to come to the help of the Province in the matter of technical education!

Chicago has granted its telephone company a 20-year franchise under conditions for its regulation and control. The press generally accept it as a boon to have only one service, and the Mayor says the franchise ordinance "is one of the most complete that has ever been adopted in this city for the regulation and control of a public service corporation."

The Toronto News has not gone daffy over the power scheme. It declares that "an agreement to expropriate the existing plant or an arrangement for effective control of rates would save millions of civic money and enable us to turn our energies towards sewage and water supply. Besides, ultimately competing power, lighting or water services mean a burden on the consumers through the excessive charges necessary to support the excess capital invested in the enterprises." The first thing the News knows it will be denounced as guilty of the capital offence of bringing common sense to bear on this Hydro scheme. Here the Hydro organ and certain aldermen would pronounce it anathema, and charge it with being an enemy of its city.

Toronto Council says it will offer no objection to the Radial bill, to come before Parliament next session, giving as the reason for its change of front that J. M. Gibson has agreed to add to the bill these words: "But shall not construct or operate its railway . . . without first obtaining the consent . . . of the municipalities and upon terms to be agreed on with such municipality." That statement reveals gross ignorance, or worse, on the part of Toronto's aldermen. The situation is changed not one iota by the addition of those words. The Railway Act contained exactly that provision. As a matter of fact all the outcry raised last session was insincere or ignorant, and arouses the suspicion that those behind it had some ulterior purpose in view that would not bear the light.

HERE AND THERE.

Buffalo Courier: Elders of the Mormon Church from Utah and Idaho are said to be making a concerted effort to convert all the ministers of other denominations in Minneapolis, making a house to house canvass among the preachers, and personally pleading with them.

Ottawa Free Press: No man realizes how silly it is possible for him to be until his love letters are read in a breach-of-promise suit.

N. Y. Herald: Why did you rob this man?" asked a Chicago judge. "I needed currency," was the highwayman's answer.

Brantford Expositor: The dear old Courier tells us that the holding of a Conservative convention for the Commons means victory. We have a few dozen such prophecies on the part of our contemporary hanging up on the office clothes line.

Toronto News: Evidence exists to prove that emigrants incapable of earning a living and subjects for charity are entering Canada in considerable numbers. Reports from charitable societies, hospitals, sanitariums, prisons and asylums show where these people go and how they are handled.

Ottawa Journal: Three kings and five queens were found around a table at Windsor the other night. The Peacemaker and Uncle of Europe had stacked the deck.

Phoenix Company officials blame the collapse of the Quebec bridge on changes in the design made by Consulting Engineer Cooper, thus increasing the unit stresses.

Speaking of the power question the Globe says: "The case is one for the exercise of common sense and business aptitude." That may be true of Toronto, but our Mayor and some of the aldermen refuse to so regard it here.

In view of Hon. Mr. Beck's retraction of his Brantford misstatement, the Windsor Record will probably withdraw its vengeful references to Mr. A. G. MacKay's very pointed and sensible objections thereto.

The London Free Press says it is authoritatively told that the estimates of the engineers of the Hydro-Electric Commission "are based upon the most liberal lines." Perhaps. They allowed \$1,800 a year for wages of operating a 500-lamp electric light system in Hamilton!

Whitney boasts that he got nearly two millions out of the mining department last year. He also got from Laurier a big increase in the Provincial subsidy. And yet he has set the jackal organs crying out for Laurier to come to the help of the Province in the matter of technical education!

Chicago has granted its telephone company a 20-year franchise under conditions for its regulation and control. The press generally accept it as a boon to have only one service, and the Mayor says the franchise ordinance "is one of the most complete that has ever been adopted in this city for the regulation and control of a public service corporation."

The Toronto News has not gone daffy over the power scheme. It declares that "an agreement to expropriate the existing plant or an arrangement for effective control of rates would save millions of civic money and enable us to turn our energies towards sewage and water supply. Besides, ultimately competing power, lighting or water services mean a burden on the consumers through the excessive charges necessary to support the excess capital invested in the enterprises." The first thing the News knows it will be denounced as guilty of the capital offence of bringing common sense to bear on this Hydro scheme. Here the Hydro organ and certain aldermen would pronounce it anathema, and charge it with being an enemy of its city.

Toronto Council says it will offer no objection to the Radial bill, to come before Parliament next session, giving as the reason for its change of front that J. M. Gibson has agreed to add to the bill these words: "But shall not construct or operate its railway . . . without first obtaining the consent . . . of the municipalities and upon terms to be agreed on with such municipality." That statement reveals gross ignorance, or worse, on the part of Toronto's aldermen. The situation is changed not one iota by the addition of those words. The Railway Act contained exactly that provision. As a matter of fact all the outcry raised last session was insincere or ignorant, and arouses the suspicion that those behind it had some ulterior purpose in view that would not bear the light.

CHALMERS' CHURCH.

MR. MELVIN, OF KNOX COLLEGE, ASKED TO TAKE CHARGE OF IT.

Mr. Sarkissian Denies That He Chose a Student to Fill the Pulpit Without the Consent of the Congregation—New Secretary Appointed—A Harmonious Meeting.

At a congregational meeting of Chalmers' Church on the mountain last evening, it was decided to ask Melvin, a Knox College student, who is highly spoken of, to take charge of the church for a term. Mr. Sarkissian, the moderator of the meeting, occupied the chair, and at the opening made a lengthy explanation of the steps he had taken to get a supply for the church. He stated that he had consulted with the members of the church, and that the members had given their consent. He stated that the members had given their consent, and that the members had given their consent.

Mr. Melvin is expected to preach there next Sunday evening, and as he is a very able young man, much is expected of him. Mr. Haslewood resigned the secretaryship of the church and Mr. David Smith was elected to act until the close of the term. Messrs. Kartzmark, Loch and Hunt were appointed a committee to make arrangements about a stopping place, etc., for Mr. Melvin, when he arrives on the mountain. The meeting was quite harmonious.

AN ANNUAL AFFAIR.

St. Thomas Ladies Pleased With Success of Sale.

St. Thomas' Church ladies brought their sale of work to a close last evening, making a pronounced success of it in spite of the inclement weather. When closing time came at 10 o'clock last evening practically everything was sold. The attendance at tea from 6 to 7.30 was again large.

During the evening solos were sung by Miss Grace Loughurst, Mr. Hamilton Robinson and Mr. Wm. Robinson, and a duet by Miss Loughurst and Mr. Hamilton Robinson. Piano solos were played by Miss Helen Rutherford, Miss Marjorie Davis and Miss Marjorie Pringle. The ladies estimate that they will clear over \$400 for the rectory fund, and are so well pleased that they have decided to make the event an annual affair.

SKY PILOT.

Rev. F. E. Higgins at Erskine Church Last Night.

Rev. F. E. Higgins, known as the Sky Pilot of Minnesota, gave an address in Erskine Church school room last night. There was a very fair attendance, and the address was of much interest to all. Mr. Higgins spoke chiefly upon the work in the logging camps of Minnesota. During the course of his remarks he referred to the late Mr. Thomas Graham, of the Canada Preserving Company, this city, and one of Erskine's former prominent men, speaking of the valued work he had done, and of his personal acquaintance with him.

WORKERS' MISSION.

Cotton Mill Night at Barton St. Methodist Church.

The workers' mission now being conducted every night in Barton street Methodist Church is increasing in interest. Conversations are taking place at every meeting. Last night the services were under the direction of the employees of the Imperial Cotton Mill. Mr. Harry Fenton, a foreman, delivered a telling address, taking as his subject the old question, "Am I my brother's keeper?" Some 30 workers from the mill occupied the platform, and led the singing. The pastor of the church, Rev. Mr. Livingston, had charge of a prayer service, during which a number of young people came out and were soundly converted. To-night Captain Meeks, of the Salvation Army, will have charge of the meeting.

PLUCKY POLICEMAN.

Murderer Tries Suicide in Buffalo Police Station Cell.

Buffalo, Nov. 21.—After having murdered a man and fought with a policeman to obtain liberty, Louis Gambacorta, No. 112 Main street, tried to brain himself in a cell at the Pearl street station late yesterday afternoon. He was beating his head against the bars when discovered by Patrolman O'Grady, who was acting as turnkey, and in consequence

HOME NEEDLEWORK PATTERN SERVICE.

Patterns are being sent from Montreal.

No. 146—The above design is a beautiful motif of real Battenberg lace collar, which is easily worked with the aid of our patterns. A pattern of this design, stamped on cambric, with full working directions, costs 40c. Working material consists of linen braid, crocheted buttons, thread, etc., 65c.

To the Home Needlework Pattern Department D., Daily Times, Hamilton, Ont. Gentlemen,—Please send me Home Needlework Pattern No. 146, as above. Enclosed please find \$1.00, also material to work.

quence of the act a constant watch is being had upon him. Three hours later Patrolman Conroy found the man almost unconscious and black in the face. He had taken a shoe string and had wound it tightly around his neck in another effort at self-destruction. Conway was placed at the door of the man's cell for an all-night vigil to prevent any further attempt on his life.

In the meantime Patrolman John W. Casey, of No. 1 Station squad, is the hero of the Buffalo police department. He holds the centre of the stage—yesterday he captured the murderer, the first good catch that has been made by the police during the wave of crime that has existed during the last few weeks.

At the River Boiler Works in Mary street, near Indiana street, the murderer climbed into the manhole of a marine boiler and tried to conceal himself. Casey was less than a hundred feet off and crawled in also.

MIND UNHINGED.

Buffalo Girl Driven Crazy By Religious Terror.

Buffalo, Nov. 21.—Her mind unbalanced by religious frenzy, Tillie Anthony lies at her home at No. 270 Peckham street, her mother, Mrs. Barbara Anthony, watching over her for fear that the girl might do herself bodily injury. Yesterday the girl was brought home from East Aurora, where she was employed by the Roycroft Inn, by Constable Leonard Ernst. For the greater part of Tuesday night she had wandered about the streets of the town, clad only in her night robe, gesticulating and muttering incoherently.

When some time ago a revival wave struck East Aurora, Miss Anthony became one of the most zealous attendants. From being merely interested, she passed to a stage of religious fervor akin to "possession," during which she declared herself possessed of the "divine spirit." She never missed a meeting—when she could get away from her duties—and soon began to act queerly.

Ladies' Night at Alexandra.

Notwithstanding the bad weather last evening, the special programme for the ladies at the Alexandra attracted a large crowd, and the evening proved the most enjoyable of the season. The music by the 91st Regiment Band, under the personal direction of Bandmaster Harry Stares, was superb. No finer music has ever been heard at this popular rink. The selection played for the ladies' skate, "Wedding of the Winds," by Hall, proved a delightful number, and was repeatedly encored. The rink was beautifully decorated, and its attractive appearance added greatly to the enjoyment of those present. Special attention is being given to the skating and skating surface, and the rink patrons are showing their appreciation of this by increased patronage. Four hundred pairs of steel skates have been added to the rink equipment. The programme will be repeated next Wednesday and the 91st Regiment Band being engaged for the occasion.

The great two-mile amateur race for a gold locket, between Messrs. Roach and Morgan, to-night, is sure to draw a big crowd.

The Cowboys are Used to It. Now, after the day's work was practically over, we had our first accident. The horse ridden by a young fellow from Dos Cabezas, slipped, fell, and rolled quite over his rider. At once the animal lunged to his feet, only to be immediately seized by the nearest rider. But the Dos Cabezas man lay still, his arms and legs spread abroad, his head doubled sideways in a horribly suggestive manner. We hopped off. Two men looked carefully over the indications on the ground.

Did His Vary Lively Little Menagerie. It is said that a friend once asked an aged Englishman what caused him so often to complain of pain and weariness in the evening.

Eight Flights Up. When the first fire company, in response to an alarm, reached the long row of tenements, the fire-captain at once jumped from his engine and endeavored to locate the fire. When he had ineffectually hunted through three or four structures for it, he described an old woman sticking her head out of a window of the topmost floor of an eight-story tenement, a little farther up the street.

Regularly for Baby. Regularity is the keynote to health in a baby. Whatever is done for him must always be done at the same hour. He should have his bath at the same time, always be fed in the same way, at the same hour; the time of being put to bed, either for a nap or the night, should not vary five minutes, and his siring must not be interfered with. Baby is distinctly a creature of habit as well as of instinct, and unless he is allowed to

Folks are like motor-cars. At times they get run down. Scott's Emulsion is full of power. It not only produces flesh but gives new power to weak bodies.

Beauty a Zenith at Forty. There is a beauty quite apart from youth—the beauty of the mature woman. Some there are that maintain that beauty does not reach its zenith until the age of thirty-five or forty. In a measure this is borne out by the events of the antique past which may likewise be paralleled with instances of our own day.

MUSICIANS AND PLAYERS

All-star vaudeville never had a better interpretation in this city than it is having this week at Bennett's Theatre. Manager Driscoll has a fine collection of gill-edged acts assembled, and everyone of them is a treat in itself. Fred Walton's act, "Cissie's Dream," is a most entertaining and unique number, and its merits are being discussed on all sides. It is a pantomimical presentation of Cissie's dream that her dolls have come to life. Mr. Walton takes the roll of "The Toy Soldier," and he is assisted by a very capable company. He is a clever actor, and those who are familiar with the name and fame which he acquired while in the legitimate know well what to expect. The eight Kitamura Japs are among the best acrobats ever seen here. They are the essence of neatness, and their feet juggling is truly wonderful. It is amusing to hear the exclamations of surprise which escape the lips of the audience when Lind, the famous female impersonator, removes his wig, at the conclusion of his clever act. His imitation of a female dancer is very fine. Frank Whitman is giving the first demonstration of dancing and violin playing at the same time that has ever been given in this city, and in the introduction of this new vaudeville feat he is arousing the admiration of vaudeville lovers as a whole. Joe Deming, the monologist, is one of the best in that branch of the business seen here this season, and he is certainly making a hit. Felix and Barry and the other acts are all getting their fair share of applause.

George Hall To-night.
The attraction at the Grand to-night will be George F. Hall, in his new musical farce, "I'm Married Now." Mr. Hall has been seen here many times, but never, it is claimed, has he had such an amusing vehicle as the piece in which he is now starring. There will be scenes of fun, good singing, clever dancing and pretty girls galore.

At the Savoy.
The Savoy's excellent show this week her to contrast the difference between a delighted and large audience last night. Louis Simon and Grace Gardner making an immense hit with their screaming farce, "The New Coachman." There is more fun to the minute in this clever sketch than anything the management has offered its patrons this season. The four Lukens is another number that brings the house down, the thrilling feats of these clever performers meets with the most enthusiastic applause. Froini, whose wonderful playing on the accordion has excited the interest of music-lovers every place he has appeared, is another strong attraction. The rest of the bill includes the following: Kenny and Hollis, "The College Boys"; Dick and Alice McAvoy, "The Kids of Hogan's Alley"; May Hollis, who is making a real hit with her cat songs; Robin, the tramp juggler, and the cinematograph, featuring one of the finest moving picture films of the season. The great Dankmar-Schiller troupe, billed as the feature attraction for the coming week, is an exceptionally fine acrobatic act, which it is promised will be entirely different from anything seen here so far this season. It

proved a great success at the New York Hippodrome for several weeks, and returns to vaudeville after a season with the Barnum and Bailey circus. Newbold and Carroll, an English parallel bar act, that has been making a solid hit on the advanced vaudeville circuit, will be another strong feature. It introduces some ideas that are entirely new.

"The Burgomaster."
Fairly effervescent with musical gems of genuine merit; in fact, Fixley & Laidler's best effort. "The Burgomaster," which comes to the Grand next Saturday afternoon and evening, promises to prove the brightest and best of the musical shows to be offered the present season. All the old favorites, "Good-bye, New Amsterdam," "Keep Cool," "We're Civilized Now," "The Dutch Cadets," "I Drink From My Heart to You," "We Always Work the Public," "Little Sou-brette," "Dear Old College Days," "Rainy Daisies," "Tale of the Kangaroo," "I Love You, Dear, and Only You," "Cupid Does Not Marry," "Modern Gladiator," "Haven't You Discovered Happiness Yet," will again be heard, as well as several entirely new and original interpolated numbers. "How Many Have You Told That To," written and composed especially for this season's tour of "The Burgomaster" by Miss Ruth White, the prima donna, who introduces it. Seats are now on sale.

Two Stars Coming.
Ceclia Loftus and Lawrence D'Orsay will be seen here at the Grand Opera House next Tuesday in a three-act entertainment of music, charm and humor, called "The Lancers," and this engagement is certain to attract an unusual share of popular attention, not only because of the commanding position occupied by Miss Loftus and Mr. D'Orsay in the theatrical world, but because of the reputation of Henry Miller as a producer. Mr. Miller has surrounded the two stars with a company of exceptional

strength, numbering fifty persons, among whom are Eileen Anglin, a sister of Margaret Anglin, Phoebe Coyne, Suzanne Rusmore, Grace Fisher, Doris Cameron, Maud Rowland, Arthur Lawrence, Ben Field, Fred Taylor, A. H. Van Buren, Hubert Hardin, Henry Coote, William Ellis, Cecil Sully, Bertram Allen, George Hollis, Cyril Chadwick, and a score of pretty singing and dancing girls especially trained for this production. Seats will be on sale on Saturday.

TRAMPLED BY COW.

Mrs. Robert Conkie of Beamsville Had Narrow Escape.

Beamsville, Nov. 21.—(Special)—Miss Ethel Kaffyn, who has been a companion of Mrs. Field Marshall for a number of years, and was held in high esteem by all, left for her home in London, England, by the steamship Virginian, to-day, from Montreal.
Mrs. Whiteside (nee Everett, of New Westminster, British Columbia, is visiting her father, J. H. Everett, of Pleasant Valley; also his son, Ed. of Buffalo, N. Y. William and wife of Beamsville, and W. B. Kittenhouse, Excelsior Farm, were guests of Mr. and Mrs. Everett on Sunday.
J. H. Everett left for Caledon yesterday to visit his daughter Mrs. W. C. Burrell, for a few days.
Mrs. M. C. Book, wife of Adolphus Book, is confined to her bed at the home of her niece, Mrs. William Konkle.
Mrs. Robert O. Korle had a narrow escape from being killed by a cow yesterday morning. She was milking in a shed in the rear of the barn when the house dog came around the corner running under the animal which so frightened her that it threw on Mrs. Konkle, and but for the timely arrival of her son, she would have been trampled to death by the infuriated beast. She was seriously hurt and it will be a long time before she will be well again.
County Constable A. L. Tufford was detailed to Stoney Creek on Wednesday where he made a seizure of goods which was loaded on a wagon for removal. They were held under Ben. He was accompanied by Constable Springstead and in a few days the goods will be sold by auction.

Revival services which have been going on at the lake shore appointment of the Methodist Church, conducted by Rev. Judson Truxa will continue during the present week. A large number have come out on the side of right.
Leonard Lintner was in Hamilton yesterday on business.
The Swastika Club has another of its popular dances in the town hall this (Thursday) night.

COMPANION COURT.

At-Home and Presentation in the I. O. F. Hall.

The members of Companion Court Ideal, 296, Independent Order of Foresters, held an at-home in the I. O. F. Chambers last night. The entertainment was a most enjoyable affair, and the ladies proved themselves to be royal entertainers. The room was tastefully decorated with cut flowers and palms. During the musical programme Comp. Gee presided most acceptably. Those who contributed songs were Mrs. J. Kingdon, Miss Jerome, Mr. B. Dennis and Mr. W. McLean. The accompanist was Mr. A. J. Stone. At the conclusion of the musical programme a short dance was held, and those taking part in it had a jolly time. During the evening dainty refreshments were served in abundance. The committee of arrangements was: Mrs. Wm. Gee, convener; Mrs. C. W. Powell, secretary; Mrs. J. M. Paterson, Mrs. A. Thoma, Mrs. W. MacDougall and Mrs. A. Thoma.
Previous to the entertainment a short meeting of the court was held, and during the session occasion was taken to make a presentation to Comp. J. Cole, who was recently married. The address was read by Mrs. Ellen Matthews, the Court Deputy, and signed by her and Mrs. A. Lay, the Junior Woodward on behalf of the members of the court. The gift was a valuable silver mounted carving set in an appropriate case.

HONORS AT OXFORD.

H. J. Rose Again Successful in Rhodes Scholar Exams.

Herbert J. Rose, son of Rev. Dr. Rose, former pastor of Centenary Church, has won the Chancellor's prize for a Latin essay at Oxford University.
Among those successful in final honors at the schools and the examination for the B. C. L. degree were: Second Class, literae humaniores, L. Brehant, Prince Edward Island; E. R. Paterson, Ontario; J. MacLean, Manitoba; jurisprudence, J. Archibald, Quebec; S. M. Herbert, Newfoundland; C. B. Martin, New Brunswick. Third Class: Natural science, physiology, A. W. Donaldson, British Columbia.

TENDERS FOR BEACH PUMPS

Called For Although Solicitor Advises it is Not Legal.

Trades and Labor Council Permitted to Inspect Basins.

What it Would Cost to Lay the Dundas Mains.

The Fire and Water Committee last night decided to advertise for tenders for electric pumps for the Beach pumping station, but not until after Mayor Stewart had changed the title of opinion.

City Engineer Barrow wrote a letter saying that he thought some action should be taken at once. Some of the aldermen did not think they had power to get tenders until the ratepayers voted on the by-law at the next municipal election.

Mayor Stewart argued that it was not a case of whether the pumps were wanted or not; it was absolutely necessary that the city should have them and if the matter was delayed any longer they would not be installed in time for the heavy consumption during the next summer season.

The Council can do anything, argued the Mayor. Then some one suggested that it was not known what the power was to be used. The Mayor said it was but a short time when that would be settled.

I want to tell you right now that I am in favor of advertising for tenders, and accepting them. That is the stand I take," he said very emphatically, and he succeeded in carrying his point.

There was a nice mixup over the much-discussed waterworks by-law before a decision to send it on to the Council was arrived at. Some of the members wanted it laid over again, while others wanted it dealt with at once.

Another favored allowing the old by-law to stand until they knew where they were at. Alderman Peregrine fought to have the \$2 tax on the struck off and moved that the by-law be carried with this amendment, the motion was voted down on the casting vote of the chairman after Mayor Stewart had protested against it.

William Berry appeared on behalf of the Trades & Labor Council regarding the request for permission to inspect the filtering basins. It was a mistaken idea, he said, that the Council wanted the Bongard investigation delayed until the Trades & Labor Committee inspected the basins. They would investigate on their own. Permission was granted without comment.

The Engineer reported that it would cost \$38,016 to lay a twelve-inch pipe to Dundas and \$23,212 for an eight-inch line to supply the Valley Town with water. Mr. Barrow said the Dundas people thought that 7 1/2 cents was too much per thousand gallons for water. He will confer again with them.

THAT "PROMISE."

It Must Be Made More Definite to Be Trusted.

(Kingston Whig.)

After the last general election the Normal College was removed from Hamilton. The loss was severely felt. When a vacancy occurred in the representation of one of the city's divisions it was discovered that the college was running strongly against the Government. The Conservative candidate was defeated.

After another session there will be a new appeal to the people, and preparations are being made to appease the Hamilton electors. It is not declared that a technical college will be established anywhere. Hamilton has promised it before the bye-election. Now it has "chances" of the institution, these "chances" being strengthened by the manual training classes it is proposed to start.

The intentions of the Government must be made more distinct in order to be effective. If it means business it will, at the next session, bring down its scheme, provide for the establishment of the college, and decide that it will be placed in Hamilton. Only a declaration of this kind and to the end will help in the injury of Mr. Studholme, M. P., and he may be elected in spite of it.

REVISING THE VULGATE.

Protestants May Assist in Attempt to Discover Truth.

Rome, Nov. 20.—Abbe Gaquet, president of the English Benedictines, has arrived in Rome to undertake the revision of the Vulgate, or St. Jerome's version of the Bible. This matter has been entrusted to the Benedictines by the Vatican.

The abbe will select his assistants next week, and it is his desire to have among them an American. He is not restricted to Catholics in his selection. The Pope insists that the work be done in the most scientific way, to convince Catholics, as well as non-Catholics, that this is the true basis of the text of St. Jerome.

This attitude will prove, it is believed, that the Vatican does not fear scientific discussion of the Vulgate.

BILL MINER ARRESTED.

Man in Custody is Probably the Escaped Bandit.

Vancouver, B. C., Nov. 20.—A despatch from Seattle states that a man answering the description of Bill Miner, the notorious train robber, has been arrested. He bears certain tattoo marks, which led to his identification after the hold-up at Kamloops, and the police are certain they have the right man.

Clergymen's Princely Stipend.

Ottawa, Nov. 20.—That with only one exception, the clergymen of the Ottawa diocese are now receiving at least \$700 a year stipend, was the encouraging report presented by Rural Dean Bliss at the meeting of the Anglican board of missions, to-day.

A BLOOD MIXTURE.

A Fine Remedy Which Anyone Can Easily Fix at Home.

All medical authorities are agreed that the blood is the great source of disease or of health in the human system. If the blood is pure, the individual is strong and healthy, if the blood is impure or diseased then there is sickness or decay in the whole system.

Rheumatism is strictly a blood disease. It is caused by excessive uric acid. Sores, pimples, etc., mean bad blood. Catarrhal affections must be treated through the blood to get permanent results. To get well, to feel strong, hearty and vigorous one must have good clean blood and lots of it. You can't clean the blood thoroughly unless the kidneys are made active. Bad blood means clogged, inactive kidneys and liver which causes, too, such symptoms as backache, nervousness, bladder and urinary difficulties and other sympathetic troubles.

Here is a simple home remedy and the recipe for making it up as follows: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime. The ingredients can be obtained at any good prescription pharmacy at small cost.

Here the readers of this paper have a simple yet powerful and effective remedy for all forms of blood, kidney and bladder diseases which should relieve rheumatism and catarrhal affections and replace that weak, worn-out indifferent feeling with strength, vigor and health.

This prescription is considered a fine system renovator and being made of vegetable extracts only, is harmless, and anyone can fix it at home. Try this anyway before investing in the secret unknown concoctions of the patent medicine manufacturers.

NO BUYERS.

AWKWARD PLIGHT OF THE ALBERTA RANCHERS.

Said to be Fifty Thousand Head Left on Their Hands—Buyers Probably Punishing Them for Their Evidence Against Beef Combine.

Winnipeg, Nov. 20.—A man who has just returned from Alberta says there are at least 50,000 head of cattle in that Province that were ready for shipment, but have to be turned back on the ranges for the winter. According to the information given the Free Press informant by the ranchers it would appear that they were promised early in the season that buyers would be sent out to pick up their surplus cattle. This promise was renewed from time to time, but no buyers put in an appearance, and as the end of the shipping season neared the ranchers became anxious, and were more importunate in their desire to get rid of their cattle, but were then told that there was no money to purchase with.

This was a sore disappointment, as the ranchers were depending upon the prospective sales to meet their liabilities and carry them through the winter. It is now too late to ship for export, and the home market cannot take all the available supply; consequently the stock rounded up for market will have to go back to the ranges and get through the winter the best way it can, for in many cases no hay has been put up.

The ranchers believe that the treatment they have received is the result of the action some of them took in connection with the beef combine. It is alleged that while the inquiry was in progress in Alberta there were made that the ranchers would be starved for charging that the big buyers had an arrangement whereby competition was stopped. However, whether the ranchers are correct in their deductions or not, because of their failure to dispose of their cattle they will have to do considerable financing with friends or with banks to get through and satisfy their creditors.

Some of them may have to sacrifice their stock and get out of business altogether. The statement that 50,000 head have been turned back on the ranges, however, is regarded as an exaggeration here.

DONE IN PLAY.

SHOOTING OF MAXIM BISILKO BY HIS BROTHER.

Paul Was Not Used to Firearms, and Picked Up Gun and Pointed it in Play—Horrorful When He Saw What He Had Done.

Selkirk, Man., Nov. 20.—Investigation into the death of Maxim Bisilko, the Galician, who was shot by his brother on Monday night, proves that the shooting was accidental, and not done with murderous intent, as was at first supposed. It seems the family were all sitting around, laughing and joking, when Paul got up from the table and picked up the gun. He is a new arrival in the country, not used to firearms. A moment later he pointed the weapon at his brother in a playful mood, when it was discharged by accident, killing Maxim instantly.

Horrorful by what he had done, Paul fled from the house, giving the impression that he had intended to murder his brother. He returned to-day and gave himself up to the police. He is heart-broken.

FOULDS' WILL FOUND.

The Romantic Story of a Winnipeg Estate.

Winnipeg, Nov. 20.—Old-timers remember the George Foulds, builder of the Foulds block and owner of several other very valuable properties. During his life he acquired considerable property, which he left to Mrs. Bowler, cutting out his family. A subsequent will has been discovered, by which the estate is being divided, and a statement of claim has been filed on behalf of one of the children by Messrs. Macdonald, Higgart, Sullivan & Carr, seeking to set aside the will giving the estate to Mrs. Bowler, and asking that probate be directed of the last found will. The estate is estimated at about \$250,000.

It is understood the will was found in Vancouver, in an old trunk amongst deceased's papers, and narrowly escaped being burned with what was considered worthless documents.

J. G. Henderson Dies.

Winnipeg, Nov. 20.—James Gordon Henderson, son of David Henderson, M. P. for Halton county, Ont., died to-day of pneumonia, aged 26 years.

DEAD OR ALIVE.

MRS. BRADLEY WAS DETERMINED TO OWN EX-SENATOR.

Some Amazing Letters Produced in Court to Cast Light Upon the Murder of a Former Senator of the United States.

Washington, Nov. 20.—That Mrs. Annie M. Bradley did not come to Washington to kill ex-Senator Arthur M. Brown, of Utah, and that she did not even remember shooting him, she told the jury in her trial to-day. Judge Powers elicited the statement in his examination. It consumed only a few minutes, and as soon as he had finished District Attorney Baker entered upon his cross-examination. He devoted comparatively little time to the shooting, but went back to the early days of the relationship between Brown and Mrs. Bradley, and sought to show by reading letters and questioning the witness that she deliberately undertook to break up Brown's home, and she was at enmity with Mrs. Brown as early as 1901.

Here is a reference by Mrs. Bradley to Brown's wife in a letter written to the ex-Senator: "Margie and I were walking up State street to see about my hat, and Margie said, 'Oh, look at that and on her head that white hat, with all his warpaint and feathers on.'"

On a closer view it proved to be madame with a velvet visor trimmed in wide white fringe, that looked like feathers, and on her head that white hat, with the plumes standing out at the back that gives her such a fly-up-the-creek appearance.

Another remarkable letter in the case is from Mrs. Annie Adams, an actress, to Brown. This letter accidentally read by Mrs. Bradley is believed to be the direct cause of the murder, because it indicated that there was little hope of Brown marrying Mrs. Bradley or caring for their children.

WHY HE SHOT.

JOHN BOYD TELLS OF THE MURDER OF EDWARD F. WANDLE.

Claimed He Was Attacked—Contradicted by Crown Witnesses—Colored Man's Trial Will End To-day With Judge's Charge.

Toronto, Nov. 21.—How he came to shoot and kill Edward F. Wandle, the York street restaurant-keeper, on July 1st last, was told on the witness-stand in the Criminal Assizes yesterday before Mr. Justice MacMahon by John Boyd, the colored man charged with the murder. Boyd said he went to see Mrs. Naomi Car at Wandle's restaurant. A quarrel ensued, Boyd said, when he called, and he was struck over the head three times with a cane by Wandle. For his own protection Boyd claimed he bought a revolver, and while on his way down York street, he said, Wandle called to him and threatened him. Going to King street, he said, he bought the cartridges, and while passing the restaurant again Boyd said he was attacked by Wandle and dragged into the doorway, where the shooting took place.

The evidence of Boyd was contradicted in important particulars by the store-keepers who sold the revolver and cartridges. Police Constable Latremouille testified that he heard Boyd say to Wandle the morning of the shooting, "I will fix you for this," meaning the calling of the officer, Police Sergeant L. R. Geddes said Boyd, when asked if he shot Wandle, replied, "I guess so." His Lordship will charge the jury this morning.

RESPECTED FARMER'S SUICIDE.

Philip Kennedy, of Admaston, Hangs Himself in His Barn.

Renfrew, Nov. 20.—Yesterday morning Philip Kennedy, of Admaston, committed suicide by hanging himself to a beam in his barn. He was forty-five years of age, and one of the most respected farmers in the district. He had been in good health and the motive for his act is a mystery to everyone.

ATE CASTOR BEANS.

Toronto Traveller and Friend Narrowly Escaped Death.

Woodstock, Nov. 20.—Harry Charlesworth and George Kerr, a Toronto traveller, narrowly escaped death last night by eating castor beans. Mr. Charlesworth had the beans in his pocket and nibbled one of them. Finding them palatable, he offered some to Kerr.

FIVE WORKMEN KILLED.

Boiler Exploded in John L. Roper's Lumber Mills.

Norfolk, Va., Nov. 20.—Five workmen were killed, one fatally and a number seriously injured by the explosion of a boiler in a planing mill at the John L. Roper lumber mills, Gilmerston, Norfolk county, this afternoon.

It Heals the Lungs.

When the antiseptic vapor of "Catarrhose" is inhaled it spreads through the breathing organs, carrying healing and health to the sore spots. An irritable throat "Catarrhose" cures in five minutes, bronchitis it soothes instantly, weak lungs are fed and quickly nourished back to health. To be free from colds and coughs, to avoid catarrh and bronchitis, use Catarrhose; it is prescribed by more than twenty thousand physicians in America alone, and used by the people of nine nations.

CHIEF OF POLICE FINED.

Neglected to Stop a Fight Between Two Men in Verdun.

Montreal, Nov. 20.—Chief of Police Gibeau was fined \$20 and costs for two months in jail to-day by Judge Choquet for not stopping a fight between two men in Verdun. The men had previously been friends, and Gibeau brought them together to try and patch up the friendship, but they started to fight and the chief did not arrest them nor stop the fight.

TWO MEN DROWNED.

Boating Accident Between Steveston and Vancouver.

Vancouver, Nov. 20.—Dickie Chapman, a young man, reached the city with a alarming story. He says that with a young man named Holman and an older one named Hudson he left Steveston for Vancouver in a sailboat on Monday night. The craft capsized, but the occupants made for the boat again, which had been badly damaged. Chapman jumped ashore at Bowen Island, and saw the others drift away.

Insane Mother Kills Children.

Rochester, N. Y., Nov. 20.—While temporarily insane, Elizabeth Thomas, wife of Jacob Thomas, a farmer residing near Palmyra, slashed her two children in the throat with a knife this morning, killing a 4-months-old baby and wounding her 5-year-old daughter Martha to such an extent that her life is despaired of. Her deed was not discovered until noon, when her husband and the hired man came in for their noonday meal.

Bloomfontein's Elections.

London, Nov. 20.—In the Bloomfontein (South Africa) elections to-day the Constitutionalists carried Bloomfontein, winning four seats easily and losing the fifth by two votes. Other results unknown.

Nerveless Women.

No Animation, Lack Endurance, Weak, Unstrong, Tired.

Ferrozone Will Cure.

Ferrozone is a marvellous former of blood-rich, red, nutritious blood, the kind that circulates life and activity to every organ in the body.

Buoyancy, vigor and vim are restored to the nerves in given vitality to weak places in a single day.

Wonderful power in Ferrozone, and any weak, pallid woman can be quickly nourished back to joyous health if Ferrozone is used.

Will you try Ferrozone? It will cure you just as it did Mrs. Abram Carley, of Strange P. O., Ont., who says: "I consider that I should recommend this preparation because I have proved it is simply wonderful in building up. I was all run down, suffered from an extremely nervous and unstrung condition. My sleep was broken and didn't rest me as it should. My appetite was fickle and only certain food appealed to me. My color was dull and I looked sick. Ferrozone gave me a splendid appetite—I grew stronger day by day. My nervousness and apprehension disappeared. Ferrozone has given me absolute, strong health, and I recommend it highly."

No tonic is more effective. Absolutely safe for women, girls and even children. Good wherever there is weakness, debility, nervousness of ill-health. Try Ferrozone, 50c. per box at all druggists.

ETOBICOKE FIRST.

THAT TOWNSHIP BUILT BEST PIECE OF ROAD.

Award of Five Hundred Dollars is Made—Markham Township Second—Results of Ontario Motor League Contest Are Made Public.

Toronto, Nov. 21.—Making the worst piece of road between Toronto and Hamilton into such a highway as to win the first prize awarded by the Ontario Motor League for road construction is what the township of Etobicoke has done. The good roads competition was inaugurated by the league last spring and the number of entries was eleven, in all six municipalities being interested. The prize-winning road extends a mile along the lake shore from the Humber River to Mimico Creek. The amount of the prize is \$500. Another prize of \$100 was awarded the township of Markham for the construction of a mile of highway running north from Markham. Further prizes of \$50 and \$25 were given two supervisors who had charge of the two works. The awards were made by Mr. A. W. Campbell, Ontario Good Roads Commissioner, while the other judges were William Dobie, of Toronto, on behalf of the league, and William Fuglesy, representing York county.

In his report, Mr. Campbell commends the work done in Etobicoke, where, it is understood, \$4,000 was expended. The foundation is twelve feet in width, consisting of eight inches of flat rock and a foot of broken stone on top of that. Before long it is expected that there will be an excellent road between this city and Hamilton. The section as far as Etobicoke Creek will be finished next year. The section in Peel county has been improved, and arrangements are being made to fix the remainder. The directors of the Motor League feel satisfied with the results of the contest.

MURDERED IN COLD BLOOD.

Mollie Lewis Found Dead and Police Arrest Chinaman.

Frank, Alta., Nov. 20.—The mounted police from Frank were called to Blairmore this morning on the discovery of one of the foulest murders in the history of Alberta.

Mollie Lewis, a woman of ill-repute, was found dead in her home near Blairmore at an early hour to-day, and there are ample signs of murder. The police have arrested a Chinaman named Sam Sing on suspicion. There is as yet very little against him.

TOP OF HEAD BLOWN OFF.

Terrible Death of Former Landsdowns Man Near Red Deer.

Brookville, Nov. 20.—The news has reached here of the terrible end of George Beatty, a native of Leeds county, and for many years a resident of Lansdowne, where he was born and raised. At Red Deer, Alta., while shooting rats in the cellar of his hotel, the gun discharged in taking it down from the wall, and the contents, entering over the right eye, took an upward course, blowing off the top of his head.

Deceased left these parts twenty-five years ago, after serving with the Canadian troops in the first Riel rebellion, and engaged in farming, near Red Deer, subsequently purchasing an hotel. He leaves a widow and family.

JAMESON COMMENDS BALFOUR.

Would Like to See Imperial Conference Summoned Again.

Cape Town, Nov. 19.—The South African news, discussing Mr. Balfour's Birmingham speech, says: "Imperial freedom will never be accepted in South Africa or in any other dominions. We are satisfied the tariff reform as pressed in England by the old guard of protectionists is not calculated to benefit the colonies or strengthen a good understanding." Dr. Jameson, however, commends the speech, especially the promise to re-summon the Imperial Conference.

Pale, Anaemic, Sickly Girls.

Anemia is most common among young women and is marked by pallor, weakness, indigestion, irritability, spells of dizziness and fainting, heart palpitation, severe headaches, and feelings of extreme lassitude.

The blood is lacking in the elements which go to form energy, vigor and strength, and demands such assistance as is best supplied by Dr. Chase's Nerve Food.

This great food cure sharpens the appetite, invigorates the nerves which control the digestive fluids, strengthens the heart's action and naturally and gradually restores the sufferer from weak blood to health, strength and vigor.

The headaches and cringes of pain, nervous school girls, of office girls and of factory employees are largely the result of thin, watery blood and will disappear when the blood is enriched and the system built up by Dr. Chase's Nerve Food.

Put this great restorative to the test by setting your increase in weight while using it. 50 cents a box, at all dealers, or Edman, Bates & Co., Toronto.

TOOK MONEY.

PROCEEDINGS WHEN JAPANESE LANDED AT VANCOUVER.

Where Did They Get Canadian Bills?—Evidence of Mr. R. G. Macpherson, M. P., and Dr. Monro Before Immigration Commission.

Vancouver, Nov. 20.—At the meeting of the Oriental Immigration Commission to-day the evidence taken was chiefly with regard to the arrival of about 1,200 Japanese by the steamer Kumerio on July 25th. Mr. Macpherson, M. P., and Dr. Monro, immigration officer, were the leading witnesses. Both appeared to share the belief that the immigrants from Honolulu were supplied with the \$25 landing fee by the agents of the charterers of the ship. Mr. Macpherson, examined by Charles Wilson, K. C., said he was at the gangway when the immigrants came ashore. Between 150 and 175 immigrants deposited money in a sack held at the end of the gang-plank by a Japanese young man; he did not know the amount. The immigrants were lined up in sheds, and the money returned to them by Communist agents. It was returned when it was explained to Morikawa, Japanese Consul, that to take it was improper, neither the Japanese Consul nor anybody else had power to collect money from immigrants.

Answering City Solicitor Cowan, Mr. Macpherson said he saw a number of Japanese on that occasion try to break away without paying. Two able-bodied men on board the boat stopped them. He had not examined the bills paid by the immigrants, but was of opinion they were Canadian Bank of Commerce bills.

Mr. Cowan—Who had control of the money in the bag? Mr. Macpherson—The Japanese Consul.

Mr. Cowan—What reason did he give for taking it? Mr. Macpherson—He was afraid the men would be robbed.

Mr. Cowan—He took exactly the same amount from each, without regard to the pile each might have? Mr. Macpherson—So far as we could see.

Dr. Monro said he had been told by Mr. Geer, representative of the Honolulu charterers of another ship, the Indiana, that the Indians charterers advanced the money.

Commissioner King said he had in his possession Honolulu papers, which, if the translation was correct, the lawyer of the company would see that there was no further trouble in landing.

Mr. Cowan—That money never belonged to them, and it was being collected at the gangway by the Consul, for whom? Dr. Monro—For the benefit of the immigrants.

Mr. Cowan—Obviously, since it never belonged to them, it could not be demonstrated to be for their benefit. Commissioner King—One may draw the inference that he was protecting these particular persons from fraud.

Mr. Cowan—He said he took this money for three different purposes, shelter, food and transportation, to prevent them from being robbed and to prevent it going back to Honolulu.

The Commissioner—All three were good reasons.

Mr. Cowan—Inconsistent with one another. The Commissioner—I think we are not here to throw reflections at Mr. Morikawa. It is not inconsistent to say in the first place: "I am going to take a certain amount of money to secure housing accommodation, and to see that the money comes into the possession of these people it does not go into a fraudulent source, and that, while it is in their hands they will not be robbed."

Dr. Monro submitted a statement showing the following Oriental arrivals since January 1st: Japanese, 2,982; Chinese, 532; East Indians, 1,883.

Winners to play Montreal in Montreal, November 30.

Intermediate: Varsity II, winners of Intercollegiate, vs. Tammany Tigers, winners of O. R. F. U., on Tiger grounds. Winners to play U. in Hamilton Tigers II-Dundas games, Saturday, November 30, at Hamilton.

The programme may not be carried out. The chances are that the Ottawa College-Peterboro game will be transferred to Ottawa, and there is practically no chance of the winners meeting Montreal, the Interprovincial champions, because of the C. A. A. U. embargo.

In the intermediate series there is a chance of the winners of the first game playing the intermediate Interprovincial champions, if the C. A. A. U. does not bar them from so doing.

OTTAWA COLLEGE HESITATE. Peterboro, Ont., Nov. 21.—The local football management were in communication over the telephone with Ottawa College last night, and the students stated that they would not play in Peterboro on Saturday unless the game was decided the Dominion championship. This means that College does not want to meet Montreal in case they should defeat Peterboro. Apparently they do not wish to run the risk of jeopardizing their amateur standing by meeting the Montreal team. The Canadian Union will be communicated with regarding the situation.

CITY LEAGUE GAMES. The Hamilton Football Club has granted the Senior City Rugby League the use of the Cricket Grounds for Saturday afternoon, and two league games will be played there at a bargain price—15 cents. The first game will be called at 2 o'clock and will be between the Beavers and the Westinghouse teams, and at 4 o'clock the league leaders—the Y. M. C. A. and the Alerts—will clash. If the Y. M. C. A. wins the game the city championship cup is theirs. The officials will be Christie and Campbell.

BOTH TEAMS GOOD. Toronto Globe: Comparisons of Parkdale Canoe Club and Hamilton Y. M. C. A. show the teams to be very evenly matched. Hamilton have rolled up a score of about 150 against 10 in three games, while the paddlers have made 119 against 15 in six games. The Y. M. C. A. team, however, have made their points against teams that are new this year in the O. R. F. U., Waterdown and Berlin, while P. C. C. is playing Brockville, St. Michael's and Tammany were up against old-timers at the game. Hamilton were runners-up last year, and they satisfy them this time, while the Canoe Club are determined to make their first year at the game a winner. When these teams meet on Saturday at Diamond Park a red-hot contest is assured.

FREE KICKS. There will be no championship game between the Limestones and Queen's played this year. Queen's refused to play, not because they do not want to, but because they feel that they have lost enough time through football this year.

"Clashes" Elliott will receive an additional bonus from the Montreal Rugby Club if their second team wins the championship of the Quebec Union. The second has a winning lead on their opponents, Ottawa II., through beating them last Saturday in Montreal in the first of the home-and-home finals, 15 to 0.

Four of the Ottawa College team are in the hospital as a result of Saturday's game. Nick Bawlf, the great full-back, who had his shoulder broken a few weeks ago and just out of the hospital, went to the game Saturday, and in the crush that followed had his arm badly hurt that he had to return to the institution. Street, one of the scrummers, had his ankle broken. Capt. Filaret, the star wing man, had his hip hurt, and Joron's shoulder is out of gear, and all three are in the hospital.

The 22 to 0 defeat of Harvard by Dartmouth was a sore touch. On account of the disastrous season experienced by the Harvard eleven this year the football world is wondering whether President Eliot again will come out favoring the abolition of the rivalry which are numerous smaller institutions which undoubtedly would follow President Eliot's lead, and it is hoped he will take a different view of the situation; also that Harvard alumni will instill new blood and life into the coaching system, and once again put Harvard in the position it held in previous years.

BASEBALL SITUATION. Brantford and Guelph Do Not Favor Proposed International.

Brantford, Nov. 21.—As yet it is somewhat early to make any prediction in regard to the attitude of Brantford in connection with the proposed International Baseball League. If a local team

was entered it would probably be a picked aggregation of the players in the City League in which the factories are represented. The league has been maintained for two years now, and is very popular.

Even if an international team were entered, it is the general opinion here that the local league would be continued. There is a local rivalry about it that pleases the spectators. It is somewhat doubtful whether Brantford could support two ball aggregations.

GUELPH OUT OF IT. Guelph, Nov. 21.—Regarding the proposed international baseball league, a local authority, when interviewed, says there is not the least possibility of Guelph going in. It would be impossible to secure the necessary financial backing.

"What do you think would be about Guelph's capacity?" "Well, the only thing I can see clear is that Guelph is altogether out of the reckoning in the formation of this league."

"Yes, altogether out of it."

A. A. F. TO ACT. Eastern Athletic Body Will Investigate the I. C. A. C.

Montreal, Nov. 20.—The chief executive officers of the Amateur Athletic Federation deny absolutely any connection with the sensational charges that are made against the Irish-Canadian A. C. in Ottawa.

"The charges made by Mr. Payne," said Mr. Sprizings, the secretary of the A. A. F., "are purely spontaneous, and the Federation had nothing whatever to do with them."

"How about making the league a six or eight-club one, taking in Galt, Berlin, Woodstock and some other?" "A four-club league would not necessitate playing any more than twice a week to play out a fairly long schedule, perhaps of fifty-six games."

"So the Guelph is altogether out of the reckoning in the formation of this league?" "Yes, altogether out of it."

FLANAGAN KEEPS BOOKS. Toronto, Nov. 21.—Tom Flanagan, of the Irish-Canadians, yesterday issued a statement of his expenses on the two trips to Ottawa this summer, which are in the hands of the local committee in charge of Payne in his recent letter alleging a hold-up.

President Stark, of the C. A. A. U., stated that Payne had not as yet filed any affidavit on the matter, and there was little likelihood of an investigation unless it did come to hand, inasmuch as the evidence now in hand would warrant any such course. The statement given out by Mr. Flanagan is:

FIRST TRIP—(HOME-COMERS). Railroad fares for five \$39 25 Sleeping berths for five 20 00 Hotel bill for five for 14 days 20 00 (each) Exchange on eight C. P. ONE VIEW OF BURNS. How the London Sporting Times Sizes Up Tommy.

The London Sporting Times says of Burns and Moir, who meet there Dec. 2: "There is going to be a terrific scrap between Gunner Moir, the son of the Royal Artillery, and Mr. Burns, of America, the gentleman who lately laid out Bill Squires, Australia's heavy-weight, insensible, by handling him in quick succession four fair 'haymakers' on the point of the jaw. The prelude difference between the men is that Burns is a quick and tricky fighter, whilst Moir is just the reverse—a seemingly disparity which is made up by the fact that the Gunner can stand punishment as long as a wooden leg will stand punishment. Somehow or other I gathered the impression, when I met him, that Burns had been led to underestimate his future opponent, whom he had not then seen. Burns has brought with him the biographic film of his match with Squires, and as the celluloid ran over the spectators it was evident that the lumbering man was knocked out before he had fairly set himself going. Certainly a Yankee fight as a spectacle is sadly marred by the presence in the ring of the referee. Big Jim Jeffries rushing between the men at every clinch obscured much of the men's action. In inspired quarters they are laying out to four on Burns, but I have taken the odds. What is more, I need the money."

IS RIGHT AGAIN. Eddie Whyte Has Tourenne at Washington Track.

Washington, Nov. 21. Eddie Whyte, the trainer of the three-year-old Tourenne, who has been entered in the Dixie Stakes, and who will probably be a starter in the Washington Cup, says the odd-fellow colt is again very nearly as good as he was at Saratoga in August. Tourenne, after running some clever races at Saratoga, he announces that he will

give three meetings next year, sixty days at Butte, ten days at Ansonia, and eighteen days at Palisades. The last-named place is Stover's California home, and the others are in Montana.

ROWING CLUB Has Exclusive Use of Gym. Two Nights a Week.

The Hamilton Rowing Club has made arrangements with Mr. Charles Powis for the use of his gymnasium for two nights a week, Tuesdays and Fridays, exclusively. Members will be expected to take advantage of the rowing machine there.

BUSCH IMPROVING. German Wrestler Won from the "Terrible Pole."

Philadelphia, Nov. 20.—Carl Busch, the young German wrestler, created a sensation last night in the Bijou Theatre by staying fifteen minutes with Broglio, the Terrible Pole, in a catch-as-catch-can wrestling match. The Pole, who is meeting all comers at the Bijou Theatre, offered \$25 to any man who will stay 15 minutes on the mat with him without a fall. Busch, who is a German-Roman wrestler, and does not pretend to be a champion of a catch-as-catch-can performer, accepted the challenge to meet Broglio, and offered to bet \$25 that the latter could not throw him in the time specified. But the Pole would not bet, and left the matter to his manager, who agreed to live up to his announcement that he would give anyone \$25 whom Broglio could not throw in 15 minutes. The men had a terrific struggle and many times the Pole had Busch in tight places, but Carl always managed to get out and once nearly turned the trick on Broglio, who had to act on the defensive.

WRESTLING BY ROUNDS. Wrestling by rounds, with five or ten minutes to each round, and a minute or half-minute rest between each session on the mat, is one of the possibilities of the future. The round innovation is intended to pave the way for a chance for scientific, speedy men against the huskier, slower men who have the endurance to wear down their less sturdy opponents.

Put two men of about the same weight on the mat, with the stronger fellow possessing the most science, and, if the bout goes more than a half hour, chances are against the long chap, even though he be the more scientific. If the short, stocky man is only fairly scientific and knows the blocks to dangerous holds, he can stall off his antagonist until he has tired him, and then proceed to win.

SHORT ENDS. Little Paragraphs of Sport From Far and Near.

Princeton, N. J., Nov. 21.—Princeton won the dual cross-country run from Columbia over the inter-collegiate course of six and one-half miles to-day by the score of 37 to 43. Whitley, of Princeton, who won the race against Yale, did not compete. McGee, of Princeton, who ran against Yale, finished first in 39 minutes 27.5 seconds.

St. Louis, Nov. 21.—By making 44 points in 40 minutes to-day, Harry P. Cline, of Philadelphia, won the fastest game thus far played in the tournament for the national three-cushion billiard championship. He defeated Joseph Capron, of Galt, Ont., 60 to 24. Cline's high run was 4; average, .75. Capron's high run, 3; average, .33.

Brockville, Nov. 21.—Brockville will be represented at least by two young men playing hockey in Pittsburgh this coming winter. Harold Higgins and Thos. Muldoon, of last year's O. H. A. Invincibles, have received offers of good positions in the Smoky City provided they are willing to get into the game, which each has accepted, and next week will see them make their departure. Albert Kerr may also go along, but his engagement has not yet been completed.

Toronto, Nov. 21.—The project to have a composite senior O. H. A. team in this city has been abandoned. This move is deemed advisable by the Executive Committees of the teams interested in the proposal.

THIS IS RICH. Roosevelt Would Have a Hand in Our Legislation! Washington, Nov. 20.—It was learned to-day that the recommendation which President Roosevelt will make in his message in favor of free paper and free pulp to satisfy the publishers will not be the splendid boon which the publishers expect, because it will be conditional. The conditions under which the president would be willing to have free paper and free pulp are that there shall be no export tax maintained on wood by Canada, so that papermakers can get free raw materials also. There is now no duty on wood. As there is said to be no likelihood of Canada refraining from maintaining a stampage tax, there is also little likelihood of publishers getting the tariff revised for their purposes.

IS JOE ULLMAN "CRAZY LIKE A FOX,"

Unknown to Himself, the Noted Gambler Gathered a Great Fortune By Strange Dealings in Stocks.

Just before Joseph Ullman, a bookmaker and race-track gambler, became mentally unbalanced last spring he plunged into the stock market with an abandon that his friends now believe was the result of his derangement, but which has brought to him, it is said greater wealth than he ever before possessed, says a New York paper.

But little is known among the bookmakers and gamblers of this city who were buying stocks in the belief that the securities had reached rock-bottom prices. Ullman took the other side of the market and went heavily short. Many of his friends lost so much that they have been unable to do business in the betting rings in and about New York city. Ullman's gains, his friends are told, will make a total of many hundreds of thousands of dollars.

Ullman last winter capitalized and attempted to manage the San Carlos Grand Opera Company, of which Miss Alice Nielson was star. It was while this organization was on tour that he first showed symptoms of insanity. His friends then became much worried, but until Ullman reached Los Angeles, Cal., they thought his trouble was only temporary. But in California his condition became so bad that he was placed under restraint and finally was brought here and placed in a sanitarium at Amityville, Long Island. There he remained several months in a disheartening mental condition.

Finally he began to recover and a few weeks ago he was taken to Chicago, in which city he has spent the greater portion of his life. As he continued to improve his relatives took him to Texas, New Mexico, Arizona, and finally to Los Angeles, where he now is, and where, it is said, he continues to improve that his complete recovery is practically assured.

Always secretive in his business dealings, Ullman, when his mental ailment was coming upon him, seemed to have a mania to keep his friends all ignorant of his affairs. When many of the more wealthy bookmakers and gamblers in this city last winter began to make heavy investments in the

stock market they attempted to persuade Ullman to join them. He protested that they were on the wrong side of the market, but he did not let buying stocks that while they were laying stocks he was selling.

His first plunge into the market was made more than a year ago, when he sold 1,000 shares of Interborough-Metropolitan at a time when that stock was holding around fifty-five and when it was said that it had been "pegged at fifty." It is a matter of Wall Street history that the "peg" was taken out, with the result that men high in the councils of Tammany Hall lost millions of dollars, the stock tumbling to thirty-five in a day.

But Ullman's associates among the bookmakers and gamblers of this city were buying stocks in the belief that the securities had reached rock-bottom prices. Ullman took the other side of the market and went heavily short. Many of his friends lost so much that they have been unable to do business in the betting rings in and about New York city. Butler 28c, eggs 30c. Mr. Abraham Bowman, who had a stroke of paralysis on Friday, the 8th, passed away on Monday night at the home of his nephew. The funeral service was held at Zion Church on Wednesday afternoon, Rev. Hugh Saunders officiating. Deceased was 74 years of age and leaves a widow and four children, three sons and a daughter. He was a member of the Baptist Church of this village.

Your correspondent stated that Mr. E. Armstrong, a former agent of the T. H. & B. Station here, had spent the past year in the Northwest, which, through a mistake, appeared in last week's issue as having spent the past week there. Mr. Ulan Flanders of Boston, was calling on friends here on Monday. The children are preparing for the holiday entertainments.

Mr. B. McMicking is visiting friends at Round Plains. A very pleasant birthday anniversary was celebrated at the home of Mr. and Mrs. D. E. Bloomfield on Friday the 15th inst., in honor of Mrs. Bloomfield's father, Mr. Wm. Johnson, of Round Plains. A splendid dinner was prepared by the hostess and after it was partaken of the guests, 20 in number, repaired to the drawing room where they were entertained with music, both vocal and instrumental. Among the guests were Mr. and Mrs. C. G. Bigger, and daughter Aletha, of Pleasant River; Mr. and Mrs. Eber Johnson, and little daughter, Lula, of Boston; Mr. Wm. Johnson, Mr. and Mrs. John T. Bloomfield, of Round Plains; Mr. and Mrs. A. G. McMillan, and Mr. and Mrs. G. H. Wilcox, of Kelvin; Mrs. G. H. Johnson and daughter, Lena, and son, Joseph, of Vanessa; Mrs. N. Owen, Mr. B. McMicking, Mr. Geo. and Miss Johnson, near this village. The day was happily spent, it being Mr. Johnson's 78th birthday. He is still hale and hearty. He was the recipient of a number of presents and good wishes.

HARPER'S CORNERS. The King Edward Beef Association, after having a very satisfactory season, decided to wind up with an oyster supper, which was held at Mr. Richard Hamilton's, who has done the butchering for the association, and given great satisfaction. Having sold his farm, Mr. Hamilton is likely to leave the neighborhood next spring. After the company had partaken of oysters and other good things provided, the evening was spent socially. It is intended to make an annual fair of the association.

Mrs. C. Harper is making an extended visit to her daughter in Puslinch and other relations in that neighborhood and in Guelph. Mr. Wm. Cust, of Nelson, was the guest of his brother-in-law, Mr. Bogie, over Sunday.

Mr. C. Hamilton removed to his new home in the vicinity of Copetown last week and Mr. Wm. Fulton of Strabane, who bought his farm, has moved in and become a resident of this quiet neighborhood.

Mrs. Brown, who has been illing for some time called on Dr. McGregor of Waterdown, and after undergoing an operation is getting along nicely, with prospects of recovering.

EAST SENECA. Rev. Mr. Havison spent part of this week visiting in this vicinity. Mr. and Mrs. H. Spittal and family left for their new home, Bridgewater Farm, on Monday last. Mr. and Mrs. Fred Wilcox, Sinclairville, spent Sunday at T. Johnston's. Mr. Hermon Rozell visited on the second line on Sunday.

Miss Aggie Lattimer spent Sunday under the parental roof. E. S. Clement treated a number of his friends to a party on Wednesday night. Gordon Hannah having purchased the farm of Alonzo Morrison, took possession last week.

Mr. and Mrs. A. Kingsboro spent Sunday at Wesley Pettigrew's. A few from here were at the party given by Mr. and Mrs. G. Humphrey, Stage Road, on Wednesday evening. All reported a good time. Harry Robinson visited at George Lattimer's on Monday evening.

There has been a revival of the whirling dervish. A few years ago the annual catch had dwindled down to 150.

CHIEF SMITH ARRESTED TWO.

More Brass Stealing Cases at the Police Court.

Severe Punishment For Selling Venison Without a License.

Fined For Assault Upon Roof of a Building.

Chief Smith is getting into the game of catching alleged thieves, and his friends are wondering if he is trying for the job of detective.

Both men pleaded not guilty and elected to be tried by the Magistrate. L. Monk, storekeeper at the Terminal, said that he knew Taylor, and had seen him around there yesterday.

Taylor took the stand and said that he was working gathering up rubbish in the yard behind the Terminal for the past two or three days and had got the stuff out of the rubbish.

F. J. Portous pleaded guilty to having venison exposed for sale, and was fined \$20. He was also fined \$20 for selling deer meat without a license.

Guy Ivey, Crown Point, was fined \$5 for assaulting George Stewart, a fellow employee. The assault took place on a roof where the men were working.

Montreal Prodigal Son Turns Up in Detroit.

Detroit, Mich., Nov. 21.—Walter Farmer, a young boy, who said his home was on Seignais street, Montreal, that he had run away from home, after a quarrel with his brother, and to escape parental restraint, and that, having got as far as Detroit, his money was exhausted, he was provided with transportation and is now on his way home.

WAS IT ON STRAIGHT?

Woman Can Keep Hat on in Theatre if She Likes.

Montreal, Nov. 21.—An interesting judgment was given by Judge Piche to-day relating to theatres and their management. Miss Barry, a woman journalist, recently attended a cinematograph moving picture theatre, and taking a box seat refused to remove her hat when requested to do so by Constable Lefebvre. She was eventually put out of the theatre, whereupon she took action against the constable for assault. The judge decided Miss Barry could keep her hat on in the theatre if she wanted to.

DIED OF HIS HURT.

Toronto, Ont., Nov. 21.—William E. Ryan, 196 William avenue, who lost his left leg as a result of an automobile accident at Colborne on Friday, Oct. 25, died in St. Michael's Hospital early this morning.

A FIERCE GALE.

Kingston, Ont., Nov. 21.—A fierce gale is sweeping the gale to-day. The waves are high and flood every wharf in the harbor. The weather is mild. No disaster has been reported so far. Few vessels are moving about. The roof of the newly renovated curling rink was badly damaged this morning by the wind.

RAN INTO TRAIN.

Utica, N. Y., Nov. 21.—The north-bound mail and passenger train on the Rome, Watertown & Ogdensburg Railroad, out of this city early to-day ran into a south-bound freight train at Alder Creek, about thirty miles north of this city. None of the passengers were seriously hurt.

NETS STOLEN.

Leamington, Ont., Nov. 21.—Provincial Detective Campau, of Windsor, is at work on the theft of about 8000 worth of pound nets from Marsh & Hemming fishermen, of this place, early this week, and has orders from the Crown Attorney not to stop until the offenders are captured.

Arthur Jackson, the colored man, who was arrested here some weeks ago, suspected of holding up Night Operator Walcott and robbing the C. P. R. Station at Woodstock on October 9th, was this morning committed for trial at Woodstock.

Immense Saltpetre Beds.

Amal Cruz, Minister from Chile to the United States, said last night that reports that the immense beds of saltpetre found in that country will be exhausted in a few years are erroneous. "Those beds will not last merely a hundred years or two hundred, but will be helping to make Chile wealthy a thousand years from now. Chile is the only country in the world in which such deposits of saltpetre are found. They are for the most part owned by Germans and Englishmen. The Germans are the most heavily interested, with the English next. Most of the saltpetre is exported to Hamburg, while some of it goes to Liverpool. The Chilean Government derives a large amount of revenue from this export trade, as a duty of about two shillings a ton is exacted on all that is sent out. The revenue amounts to eighty or ninety million shillings each year.—From the Washington Herald.

The Wisdom of the Bee.

We marvel at what we call the wisdom of the hive bee, yet there is one she never learns from experience, writes John Burroughs, in the Atlantic, and that is, that she is storing up honey for the use of man. She could not learn this, because such knowledge is not necessary to her own well-being. Neither does she ever know when she has enough to carry her through the winter. This knowledge, again is not important. Gather and store honey as long as there is any to be had is her motto, and in that rule she is safe.

Sharks were unknown in the Adriatic Sea until after the Suez Canal was opened.
