EVERY COUNTRY FREE TO MAKE ITS TARIFF LAWS EXCEPT CANADA

Effect of Reciprocity Bar- gain on Favored Nation Clause Clearly Brought Out in the House—Taking Away Every Vestige of Protection From the Farm- ers.

GOVERNMENT PLACED ON THE DEFENSIVE

OTTAWA, Feb. 23.—The sudden change in the situation regarding reciprocity in the house of commons brought about on Wednesday was continued to-day. There was a splendid display of guerrilla tactics by the opposition. The government, more than ever, was placed on the defensive, and on a question affecting the operation of the pact with nations signatory to the favored nation treaty, R. L. Borden completely worsted the minister of finance. For two hours the opposition obstructed the house getting into committee of ways and means. One member after another spoke on the motion, until both Mr. Fielding and Mr. Patterson gave evidence of anger and exasperation.

The bill was started by C. L. Owens (E. Northumberland) reading a telegram from Washington that Senator Cummings would introduce an amendment to the tariff law of the United States admitting all Canadian manufactures free of duty. "If this is done, will our government allow American manufactures into Canada free of duty?"

Mr. Fielding said he preferred to wait until he received the proposal. On the motion to go into committee, E. G. Porter (W. Hastings) started in a skilful way. He read a resolution of protest from the strawboard manufacturers of the country.

Would Not Affect Our Loyalty.
W. E. Knowles (Moos-Jaw) responded with a resolution from the Swift Current Board of Trade, "Viewing with satisfaction that a reciprocal tariff agreement had been reached with the United States," as it would help agricultural interests and bring about closer relations between the two countries, and concluded by saying: "It will not affect our nationality or our loyalty."

The Kootenay member, E. S. Good- eve, was next on his feet with protests from the Kootenay Farmers' Institute, and two other agricultural organiza- tions, while another member asked if the government had under- stood if the bill was passed that the cereal mills at Peterboro would close down.

The Boards of Trade Resolutions.
W. E. Middleboro (N. Grey) drew the attention of the minister of finance to the resolution of the associated boards of trade at Toronto, moved by R. S. Gourlay and seconded by E. J. Davis, one time member of the Ross Govern- ment, and of the statement of Sir William Vanhorne that he was "too sick and ashamed" to say anything.

The only point which is now in my honorable friends' observations," said Mr. Fielding, "is the high opinion of E. Derrill, I just tried to see that he has changed his mind."

Then followed other interruptions. Members produced more protests. E. B. Lew (Yarmouth, N.S.) had one in favor of it.

Both Mr. Bradbury and Dr. Reid started to get the floor, and while one was bowing to the other, David Henderson (Halton) convulsed the house by retorting in stentorian tones, "I have a protest from the Burlington Fruit Growers' Association."

"Sober Second Thoughts."
At this point Hon. Wm. Patterson took a hand in the agreement. He opposed had given the house some in- formation, quoting from newspapers and otherwise, he would like to read an article from the Summer-op, re- view, a fruit publication in British Columbia in support of free fruit. "The subject of the article is 'Sober Second Thoughts,'" said Mr. Patterson, while the members roared. The minister of customs made some inarticulate refer- ence to Martin Burrell, which caused the latter to ask if it was said that he was the author of the article. Mr. Pat- terson feigned not to hear the question. The members called "order," but he blundered on.

Finally, when Mr. Burrell got a hearing, the minister replied that the mem- ber for Yale-Cariboo would have writ- ten the article if he had been in his "second sober thoughts."

Geo. Bradbury (Selkirk), also contrib- uted to the procession of protests. Dr. Reid (Greenville) said he under- stood that if the agreement went thru butter would come in free from Den- mark just as from the United States. This was made possible under the fa- vored nation treaties. He observed that when the delegation of farmers was here neither the premier nor the in- sider minister said that twelve other countries besides the United States could send into Canada their products in competition with Canadian farmers. When Mr. Fielding had been asked the question in the house the other day he had jumped up irritated and had not given a full answer. He was afraid to tell the people the facts, Mr. Fielding said he had answered clearly enough.

Mr. Borden wanted to know if the countries affected by the favored nation treaty would be able to send into Canada free of duty the same goods that the United States could send into Canada free of duty under the reciprocity agreement.

Favored Nation Treaties.
Mr. Fielding reminded that Mr. Bor- den

REJECTED RECIPROCITY MOTION

WINNIPEG, Feb. 23.—The Manitoba Legislature, by a straight party vote of 28 to 19, to-day defeated the resolution of T. C. Norval, leader of the oppo- sition, approving the reciprocity pact, and passed an amendment thereto advocating imperial prefer- ence and free trade within the empire. At the close of the vote the National Anthem was sung, followed by cheers. Mr. Norris would not injure interprovin- cial trade, and would result in a great flow of capital to the west and increased immigration.

POWERS SHY AT PEACE PROPOSAL

Time Not Ripe, Would En-
danger Defences of France,
Says M. Pichon — Ger-
many Adds to Army
Strength.

PARIS, Feb. 23.—The peace advoca- tes in the chamber of deputies re- turned to the charge to-day. On Jan. 16 the chamber sent to the committee on foreign affairs the resolution of the Socialist leader, M. Jaures, inviting France to join the movement being by the United States to make treaties of arbitration with all foreign coun- tries. This resolution was opposed by M. Pinchon, the foreign minister.

The Socialist deputy, M. Sembat, to- day submitted a motion inviting the government to open negotiations with Germany, particularly Great Britain and Germany, with a view to the simulta- neous limitation of armaments, and in the meantime suspend the construc- tion of warships, advocated by the minister of armaments, M. Borel.

M. Pinchon opposed this as futile. He declared that the time was not ripe for such action, and that a step of this kind would seriously endanger the defences of France. The question had been thrice snatched at The Hague. President Taft, he continued, a great advocate of arbitration, had declared that the American navy must be de- veloped. Germany similarly held strong defences as the greatest guar- antee of peace at present. The motion was rejected, 225 to 159.

Eventually the government accept- ed a motion inviting co-operation with other powers, with the object of secur- ing discussion at The Hague of the question of simultaneous disarmament. This was adopted, 447 to 56.

Germany Strengthens Navy.
BERLIN, Feb. 23.—The Reichstag to- day passed the second reading of the five-year military bill, which is design- ed to strengthen the army gradually by more than 10,000 soldiers.

Herr Baumbach, the National Lib- eral leader, said that ideal universal peace cannot be realized in the near future. France continues arming. Eng- land is adding a tendency to increase her army and introduce universal military service, and the United States is de- veloping an imperialist direction which shows a big navy to her com- mercial fleet, he said.

Dr. Otto Wiemer, Progressive, de- manded that the Reichstag seriously discuss the problem of disarmament, and Herr Korfanty, a Polish repre- sentative, said that Germany should reject England's disarmament overtures, and not reject them with a wave of the hand.

Britain Friendly to Scheme.
LONDON, Feb. 23.—Sir Edward Grey, in a written reply to the house of commons on the question, outlined the negotiations with the United States concerning the peace proposals. He said that the British Government would give the friendliest consideration to any definite scheme that a peace com- mission appointed by congress might succeed in formulating.

LIGHTHOUSE REMAINS

So Hon. L. P. Brodeur Assures
Toronto Deputation.

OTTAWA, Feb. 23.—(Special).—A civic deputation from Toronto discus- sed matters affecting the city and its citizens with Hon. L. P. Brodeur and Hon. George P. Graham to-day.

The minister of marine and fisheries assured them that the lighthouse au- thorities would be maintained. Mr. Brodeur said that the lighthouse au- thorities would be maintained. He also discussed with them the bill to revise and extend the power of the har- bor commission and said it was pos- sible that the bill might be taken over as a government measure.

With the minister of railways the deputation opened that the question of amending the railway act so as to bring commutation rates under the control of the railway commission, Mr. Graham said there was a bill on the order paper which had this for its ob- ject, but it was too far down on the list to be reached this session. How- ever, he would confer with representa- tives of the railway companies regard- ing the matter.

AT THE "CONTINENTAL" CROSS ROADS STORE

STOREKEEPER: What did you think of the Boards of Trade's kick agin Reciprocity up in Toronto?

UNCLE BILLY FIELDING: Kids—just kids.

UNCLE BILLY PATERSON: I'll bet ye they was some of them lads not seventy years of age.

Paltering With a National Crisis

The Globe and other government organs seem to think that ingenious quibbling about such questions, and juggling of opinions held, or not held, by people twenty years ago, will cover the fact of the immense upheaval of solid business opinion throughout the country on the reciprocity question.

The Globe and its allies should at least do the country the justice to treat the matter earnestly, and not imagine that feeble quips and cranks and wanton wiles will satisfy a nation at a time when its lead- ing business men, without respect to party, are moved as they have not been moved in a generation, over what they conceive to be a great national danger.

Hoisting-the-flag taunts and stage-thunder suggestions are poor replies to the demonstrations made all over Canada, and if The Globe and other Liberal organs continue to ignore these things, and burying them in a dead corner is distinctly an evidence of the desire to ignore them, people must feel that there are no arguments to meet the situation.

Senator Ross and Mr. Hugh Blain, both Globe directors, have spoken out. People expect to hear from Senator Cox and from Sena- tor Jaffray. It will not do to attempt merely to minimize the impor- tance of those who speak. Secondary prominent men cannot agree touching a matter of this kind without solid grounds. Let us have something better than recriminations about party loyalty.

WOULD DRAW CHURCHES INTO FEDERAL UNION

Important Movement Launched
by Prominent Presby-
terians, Seeks to Establish
General Council, Each
Protestant Church Retaining
Its Autonomy—Organic
Union Discarded as Im-
practicable Dream.

A movement which will undoubtedly take rank as one of the most im- portant in the history of the churches of Canada for many years, was launched yesterday, when at a meeting of about 50 representative ministers and laymen of the Presbyterian Churches of Toronto, and other centres, held in the schoolroom of New St. Andrew's Church, a strong organization, to be known as the Presbyterian Associa- tion for the Federal Union of the Churches, was effected.

The movement is the outcome of dis- tinct dissatisfaction with the propo- sed basis for organic union of the Pro- testant churches and if hopes are real- ized, similar organizations will soon spring up in the Anglican, Methodist, Baptist and Congregational Churches.

A Representative Gathering.
Among those present were: Rev. F. Crawford Brown of New St. Andrew's; Rev. B. Strachan, Rosedale; Rev. A. Robertson, St. James' Square; Rev. A. L. Giesse, Parkdale; Rev. D. T. Mc- Carroll, Rev. Dr. McLeod, Barrie; Rev. R. G. McBeth, Paris; Rev. Dr. Smith, St. Catharines; Principal McKay, Westminster Hall, Vancouver; Rev. Dr. McLeod acted as chairman, and A. H. McGillivray, Weston, as secretary.

In the course of the discussion there was revealed an increasing feeling about the church against the union of the Methodist, Congregational and

REFUSED TO SANCTION INCREASE IN RATES

Interstate Commerce Commis-
sioners' Finding Surprises Wall
Street—An Exception Made in
Case of Southwestern Roads
—No General Advance Till
Reasonable Economy Shown.

WASHINGTON, Feb. 23.—The Inter-
State Commerce Commission decides
against the railroads in both the eastern
and western cases. The decision,
eagerly awaited by railroads and ship-
pers alike, was handed down late this
afternoon.

The cases are the most important
that have ever come before the commis-
sion. The decisions were in the
nature of a surprise to railroad offi-
cials and other experts, who have
followed closely the proceedings, a ma-
jority of whom believe the commis-
sion would grant some increase to the
western lines, if not to the eastern.

After considering exhaustively the
whole subject, however, from every
viewpoint, the commission could not
see its way clear to grant any advance
in rates, although it concedes that in the
case of some of the roads an increased
revenue is needed. In what is known
as the eastern case, the commission
was embarrassed by the admitted fact
that several of the lines in the territory
were paying good dividends upon
existing rates, while other carriers in
the same territory were barely able to
make both ends meet—a few of them
scarcely that.

Approves Southwestern Advances.
In the so-called southwestern cases,
the commission declines to disturb
either the commodity or the class
rates, thus in effect authorizing the
advances recently made by a roads
except as to the third, fourth, fifth
and sixth classes, on which the old
rates are ordered restored.

The carriers are ordered to cancel
the advanced tariffs on or before
March 10. If they fail to do this, the
commission will order a suspension of
proposed advances and fix the exist-
ing rates for two years. In the western
case the carriers entered a postulat-
ing plea for increased revenue, to put
into improvements and betterments.

The same argument was advanced in
support of the proposed advance in
official classification territory, but
Commissioner Prosty, who wrote the
opinion in the eastern case, says:
"This argument does not appeal to
us. We doubt the practical difficulty
suggested (that of obtaining by loan
sufficient money to finance the roads),
and, were it true, it is not apparent
that the general public should stand
responsible for the mistakes which have
been made in financing these railroad
systems."

History of the Cases.
Both the eastern and western cases
were brought to public attention in the
spring of 1910. Just prior to the enact-
ment of the existing interstate com-
merce law, which, in part, became ef-
fective on June 15, 1910, the carriers
of official classification territory—in

PACT DENOUNCED AT LIB. MEETING

It Means Annexation, Declares
an Old-Time Liberal —
Two Sides to the
Question.

AYLMER, Feb. 23.—Rev. A. E. De
St. Dalmas, Baptist minister at Sparta
provided the East Elgin Liberal rally
here to-day with somewhat of a sen-
sation when he declared
there were two sides to the reciprocity
question and that the Liberal speakers
who preceded him had simply thrown
dust in the eyes of the people.

Describing himself as "A Liberal be-
fore and after" the Sparta clergyman
said: "If we had minded our own busi-
ness the treaty would have been
taken down without the necessity for
any treaty or any concessions on our
part at all."

At this point hisses and catcalls be-
gan to arise and it was necessary for
President Lewis to appeal for order.
"I am not talking about something
that I know not of," said Rev. Mr. de
St. Dalmas, when the uproar had been
quieted. "Its absorption and annexation
that is advanced by reciprocity, then
aim and purpose in this treaty is an-
nexation and if you don't believe it
now you will believe it later."

Yarmouth, moved a
resolution of confidence in the leader-
ship of Sir Wilfrid Laurier and of ap-
proval of the reciprocity agreement.
Several remained seated.
"Stand up, stand up," shouted the
president, and one or two arose and
said: "Stand up, stand up," he shouted
again, but still there were a few re-
mained fast in their seats.

"Now we will give the contrary a
chance to stand," he said, and two
men stood up, while a few more blases
couched. A few declined to vote either
way.
Officers of the association were elect-
ed as follows: President, Walter C.
Lewis, Yarmouth; vice-president, C.
W. Wonnacott, Copenhagen; secretary,
G. W. Howse, Aylmer.

HAMILTON HAPPENINGS

CONTROLLERS APPROVE NEW LINE TO GODERICH

Expect Road Will Be Running by Christmas—Tax Rate to Be 20-1-2 Mills.

HAMILTON, Feb. 23.—(Special.)—The board of control held a special meeting this afternoon to discuss the proposed line to Goderich. Mr. Grant asked if the board had any objections to the building of this line, which is to be known as the Hamilton and Guelph Junction Railway, operating under the old charter of the Southern Ontario Pacific and controlled by the C. P. R. The board heartily approved of the plan submitted, which showed that it was to connect the Hamilton and Goderich lines and enter the present Hunter-street station. Mr. Grant assured the board that no effort would be made to run the line to the city of Goderich. Mr. Grant expected that the line would be in operation by next Christmas. John Buddey, the well-known valman, died suddenly this afternoon. He was about 60 years of age and had been in the cab business in this city for a good many years. He resided at 57 Tisdale-street.

Hamilton Presbyterian.
The annual meeting of the Hamilton Presbyterian of the Women's Home Missionary Society, was held today in Central Presbyterian Church. The following officers were elected: Lady Taylor, honorary president; Mrs. J. C. Thomson, president; Mrs. Mitchell, assistant president; Mrs. J. G. Gordon, first vice-president; Mrs. Gray, Dundas, second vice-president; Mrs. McGregor, Niagara-on-the-Lake, third vice-president; Mrs. McPhail, Cayuga, fourth vice-president; Mrs. Macdonald, St. Catharines, fifth vice-president; Miss L. MacKee, treasurer; Miss Madeline Bell, secretary; Mrs. Thomas Ramsay, secretary of supplies; Mrs. J. G. Gordon, pioneer secretary; Mrs. E. J. Whyte, mission band secretary; John Bell, auditor.

The controllers agreed to recommend that the tax rate be fixed at 20-1-2 mills. The following increases in the salaries of civic servants will also be recommended: J. H. Land, from \$900 to \$1,000; W. A. Fry, \$600 to \$750; H. W. Webb, \$600 to \$700; Arthur Ait, \$700 to \$800; George Mullins, \$900 to \$1,100; W. A Reasonable Plea For the Stomach

If Your Stomach is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work—Especially When It Costs Nothing to Try?

Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach. Scientific analysis shows that digestion requires pepsin, nitrogenous ferments, and the secretion of hydrochloric acid. When your food is not digested, it is proof positive that some of these agents are lacking in your digestive apparatus.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to digestion and when placed at work in the weak stomach, they immediately stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad and are found to contain nothing but natural digestives. EMPIRE CLUB IN THROES OF RECIPROCITY ISSUE

President Hopkins Wanted Snap Vote on Resolution, But Members Declined.

President J. Castell Hopkins precipitated a scene at the Empire Club yesterday by calling on Dr. Hastings to present an anti-reciprocity motion to the club after a speech from J. D. Allan on the subject. A number of members jumped up to protest against taking a snap vote without hearing both sides of the question, several of those in favor of such a resolution opposing the procedure as hastily as those against it, while several, including W. H. Orr, J. M. Foeter, F. W. Hodson, T. G. Mason and J. W. Wilkes, K.C., stated their unambiguous opposition to having the club abandon its non-partisan platform, to which they held the passing of the resolution would amount to an endorsement of the action of the board of trade and the associated boards, and expressed the view that the reciprocity legislation was opposed to the true interests of Canada, was on the president's suggestion, allowed to stand as a notice of motion, with which the executive will deal.

A feature of the meeting was the clear-cut reasons given by G. T. Somers for his strong stand against reciprocity, which, like Mr. Allan, is a political preference lay with the Liberal party.

A. S. Goodvee, M. P., III. The club assembled to hear Hon. A. S. Goodvee, who was to have spoken on British Columbia, but he was too ill to leave Ottawa, and it was under these circumstances that the springing of the resolution met with such objection. "It comes out of good, as we all know," said President Hopkins, somewhat ominously after the royal toast, "and out of evil," he corrected the members before him. He introduced Mr. Allan, who defended his position as an opponent of reciprocity. "I was only telling my friends at Ottawa what I think any good friend should tell another when he thinks he has done something wrong. I think such an action is not bringing down party wrath, nor the sneers of party newspapers. But a man thinks little of the things which does what his conscience tells him to do, and that is the position I am in to-day."

"I don't believe this is a party question," he declared at the close of a speech full of facts and figures. "I have always been a Liberal and always hope to be. I do not propose to allow even to stray when they read a man out of the party, what interpretation is to be put on Liberal principles. When E. B. Osler and E. F. Clarke had to be opposed, I was one of these slaughtered because of my Liberal principles. I have no grudge against these who opposed me," he observed, "but I was no better Liberal than I am now when I oppose this reciprocity agreement, because I believe it would be harmful and its results harmful."

G. T. Somers, president of the Sterling

Bank, was called on after the postponement of Dr. Hastings's motion. The time was short as the hour had been exceeded, but Mr. Somers briefly, thoughtfully and weightily gave his views as arising out of his own experience as a business man.

"I do not class myself as one of the rebels or renegades or anything of that kind, he began. "I am one of the Canadian people, and you will believe I have been honest in giving my opinion, whether right or wrong."

He appreciated the position of gentlemen on the other side of the legislative point, but this trade arrangement to annex any further portion of our land, I have traveled across the line and I make the statement freely and frankly, the people on the other side have it in mind that Canada will eventually be part and parcel of the United States. That is not in our minds and we are not as a people satisfied to acquiesce with them.

"I feel very strongly from a Canadian standpoint, from a national standpoint, that this trade arrangement will be very detrimental to our country, and that is why I oppose it."

Farmer Not Complaining. "I want to say a word for the farmers. I don't think the farmer has been making any portentous howl about his position. The farmer is a prosperous man, and is not going round with his hat in his hand begging favors."

"The villages used to be full of lawyers. Now they are all gone to the cities. The reason is because the chattel mortgages are all gone off the farms, and the mortgages also had been abundant, but now all this was changed. Chattel mortgages were unheard of, and land mortgages had almost disappeared. The farmer now had a little loan company of his own, and had moved into the city and was loaning money on city property."

"I do not think the farmer will benefit if the proposed legislation is passed. I think his home market will materially suffer, and I think Canada, as a part of the empire, will materially suffer," Mr. Somers observed.

He alluded to the building of the Owen Sound Canal, the deepening of the Welland, the construction of the National Transcontinental Railway and the many millions involved for the purpose of developing an east and west intercolony trade.

"Now, by a stroke of the pen we are to change this north and south" he inferred.

Scaring Off Capital. "Some say it will not affect capital. It does affect capital. Already in Toronto you are aware that \$1,000,000 worth of bonds were placed in London for the purpose of establishing a flour mill and elevator on the bay front. Their proceeds had been underwritten, but as soon as the announcement of the agreement being under consideration was made, the underwriters cancelled their proceeds and there that look as if Canada had nothing to fear in regard to the scattering of the fear of British capital."

Another instance adduced by Mr. Somers was that of a firm in England

having seventeen representatives in Canada. On the news of the reciprocity agreement they were called to return to England at once and make no further commitments until the matter was settled.

He did not impugn the loyalty of anyone, but they were no less loyal across the border in their desire to attach to their Union such a grand territory as lay north of them.

"But we are very desirous to assist them. We should be very careful at this important juncture to see we do not in any way assist our friends to annex any further portion of our land. I have traveled across the line and I make the statement freely and frankly, the people on the other side have it in mind that Canada will eventually be part and parcel of the United States. That is not in our minds and we are not as a people satisfied to acquiesce with them."

"I feel very strongly from a Canadian standpoint, from a national standpoint, that this trade arrangement will be very detrimental to our country, and that is why I oppose it."

Farmer Not Complaining. "I want to say a word for the farmers. I don't think the farmer has been making any portentous howl about his position. The farmer is a prosperous man, and is not going round with his hat in his hand begging favors."

"The villages used to be full of lawyers. Now they are all gone to the cities. The reason is because the chattel mortgages are all gone off the farms, and the mortgages also had been abundant, but now all this was changed. Chattel mortgages were unheard of, and land mortgages had almost disappeared. The farmer now had a little loan company of his own, and had moved into the city and was loaning money on city property."

"I do not think the farmer will benefit if the proposed legislation is passed. I think his home market will materially suffer, and I think Canada, as a part of the empire, will materially suffer," Mr. Somers observed.

He alluded to the building of the Owen Sound Canal, the deepening of the Welland, the construction of the National Transcontinental Railway and the many millions involved for the purpose of developing an east and west intercolony trade.

"Now, by a stroke of the pen we are to change this north and south" he inferred.

Scaring Off Capital. "Some say it will not affect capital. It does affect capital. Already in Toronto you are aware that \$1,000,000 worth of bonds were placed in London for the purpose of establishing a flour mill and elevator on the bay front. Their proceeds had been underwritten, but as soon as the announcement of the agreement being under consideration was made, the underwriters cancelled their proceeds and there that look as if Canada had nothing to fear in regard to the scattering of the fear of British capital."

Another instance adduced by Mr. Somers was that of a firm in England

CITY CANNOT ASSURE HYDRO POWER FOR MONTH

Electrical Engineers Will Make Exhaustive Tests to Prevent Mishaps.

"I would not like to promise that the city will be supplying hydro-electric power for a month yet," said Assistant Engineer Ashworth of the city electrical department yesterday, in answer to a query. "It may be in a shorter time than that, but I think not."

"Now that the power is at the transmission station what is to prevent you using it at once?" he was asked. "The hydro-electric commission will require some time to make a thorough test of their lines," was the reply. "This will probably require a couple of weeks. Then we will want a short time to make a complete test of our system. We want everything to go smoothly when we get started. We don't want any trouble like some other cities by taking the power before everything has been properly tested out."

Further information of the tests made at the hydro-commission's transformer station show that before the power was finally turned off the high tension wires from the falls stood at 148,000 volts. This was successfully stepped down to the 12,000 volts at the station. As announced exclusively in yesterday's World, the test was satisfactory in every particular. Further tests will be made during the week.

It is the intention to put the transmission lines to the severest test possible, but from present indications there is little possibility of any weakness being discovered.

Hon. Adam Beck expressed himself as well pleased with the result. The Toronto section, he announced, is the final link in the system as originally designed. Its completion gives the commission 280.8 miles ready for use.

There yet remains to be completed the transformer station at Port Credit, the 30,000 volt low tension line to Brantford and the low tension line to Mitchell, Seaforth and Stratford, and the low tension line from Woodstock to Tilsonburg. The last mentioned are all additions since the system was started. When they are finished the system for Western Ontario will be complete so far as the present plans have made provisions for.

A SMUGGLING GANG.

WINDSOR, Ont., Feb. 23.—By the capture of a Syrian, Mrs. Rosey of Detroit, Windsor customs officials believe they have got next to a gang of smugglers who have been smuggling goods from Detroit to Windsor and then peddling them thru Essex and Kent Counties. Goods to the value of \$250 were seized to-day at the Syrian's house on Mercer street.

Guests of Sir Thomas.

Because they were unnecessarily delayed by a broken journal of a freight car near Kendry, the passengers of the C. P. R. train from Montreal that arrived in Toronto at 10:20 yesterday morning, were breakfasted by the company on their arrival here.

CAN'T ANNUL MARRIAGE

As Parties Were Over 18 Years, Judge Has No Jurisdiction.

The action of James G. Calne, asking the annulment of his daughter's marriage to Max Birmen, was dismissed by Justice Clute yesterday.

According to the evidence, she was always of a quiet nature, associating with low people, and was married to Birmen by Rev. T. H. Henderson (colored) while he was under the influence of liquor. Her husband is serving a term in Central Prison, while the girl, Annie, is in the Queen-street asylum.

A CATCHY PAGE OF MUSIC—words by Anita Owen—called "In a Canoe With You," and printed in colors, will appear in this week's Sunday World. Order now, as the edition is limited.

MUSIC AT THE AUTO SHOW.

In Dread of Something

You Can Scarcely Tell What It May Be Hysteria, Insanity, Nervous Collapse.

DR. CHASE'S NERVE FOOD

When the nervous system breaks down you live in constant dread of something terrible about to happen. Physical suffering cannot be compared to the mental agonies of the nervous wreck who fears that his mind may give way or that his body may be paralyzed.

In this condition you must suffer alone, for friends cannot understand or sympathize with you. They tell you to cheer up or that it is only imagination.

TRIAL OF COL. MUNRO LAID OVER UNTIL MARCH

F. W. Stair, Important Witness, in Florida—Wilson and Morden Appear To-day.

The charge against Col. Jas. Munro, former president of the Farmers' Bank, was called yesterday before Justice Winchester in county judge's criminal court. The colonel did not appear, as his counsel, H. H. Dewar, K.C., was delayed by a late train from Ottawa. Later in the day it was arranged that, as the crown could not go on owing to the absence of F. W. Stair, the provincial attorney for the prosecution, who is in Florida, the case will stand until the March sessions, unless Mr. Stair be sooner here and both parties ready to go on.

Matthew Wilson, K.C., and W. S. Morden, assistant manager of the Trusts and Guarantee Co. will be called in police court this morning up on the charge of conspiring with Travers to procure him to give an undue and unfair preference to the company as a creditor of the Farmers' Bank in respect of the alleged consolidation of a \$120,000 deposit, with a secured loan of \$175,000, for which additional securities were alleged to be advanced.

Yesterday Travers was not brought from the jail until afternoon. He was kept at the detention office, while Inspector Duffan spent some time with him. Inspector Duncan also spent considerable time at the bank offices.

Robbed Nickel Show.

The three young men who robbed the Crystal Palace Theatre by reselling tickets while they were there employed, were in court yesterday, and pleaded guilty to the charge. They are Wesley Matthews, 19; J. W. Wilson, 23, and Earl Langton, 17. Matthews had a bad record and was sentenced to nine months in the Central, while the other two were remanded for a week.

OBITUARY.

John Pearce. A cable received yesterday by Mrs. Frank Sanderson of 44 De Lisle street, conveyed the death of her husband, John Pearce, Bahamas Islands of her father.

Two weeks ago Mr. Pearce and his wife left Toronto for the islands, and at that time he appeared to be in the best of health. The deceased for many years conducted a large mercantile business of the Town of Parry Sound. He had considerable interests in Northern Navigation Co. and for a time had charge of the boats plying between the south and the west on the Georgian Bay. For the last 11 years, however, he had retired from active business life, spending the winter in the south and the summers in Toronto with his daughter, Mrs. Sanderson.

WESTERN UNION'S CONDOLENCES

H. P. Dwight, president of the Great North Western Telegraph Co., has received the following telegram from Newcomb Carlton, vice-president, of the Western Union Telegraph Co., New York:

"The president and officers of the Western Union Telegraph Company have received the sad announcement of Mr. McMichael's death with deep regret, and they desire on behalf of the company to pay their last tribute to the memory of one whose devotion and character was of the highest order. The president and directors ask that these expressions be conveyed to the directors and officers of your company."

SAVED HER FINGER.

CONTAINS QUININE IN IT. NO WAY NEEDED. ZAM-BUK

Mrs. B. E. Bellwell, of 337 Provencher Ave., St. Boniface, Winnipeg, says:—"Some time ago my children took diphtheria, and while attending them the poison entered a small scratch on the second finger of my left hand. This became very sore and blood-poisoning set in. For months after the child was quite well I was suffering from a chafed and itching finger. The scratch was caused originally by a pin, and in itself, was not at all serious. The consequences, however, of neglecting this scratch, were very serious to me. When the blood-poisoning set in I tried quinine as a cure, but it had no effect. These, however, did not cure the disease. Quite on the contrary the finger became more and more swollen and discolored. It then began to fester, and I had to call in a doctor. He lanced the finger to let out the pus, and you can imagine how painful the finger was. Despite his care, however, it again festered and the pain, laceration, and other preparations which the doctor gave me seemed absolutely unable to bring about any relief."

"The doctor then upon advised me to go into a drug store and buy a box of Zam-Buk. I went to the drug store and bought a box of Zam-Buk. I used it as directed and in a few days the finger was cured. I am now able to use my finger as usual. I am sure that Zam-Buk is a cure for all cases of blood-poisoning, diphtheria, and inflammation of the skin. It is a most valuable medicine, and I can recommend it to all who are suffering from any of these ailments."

"We, therefore, decided to give Zam-Buk a trial. A single was procured and we commenced the use of Zam-Buk. It only needed a few days to show the wisdom of this step. The blood-poisoning and inflammation were reduced, the pain was relieved, and the finger was cured. We were very sorry that the trouble was being reduced to a less and still less area. We were very glad to see the finger cured. Instead of trying ordinary preparations, we had the Zam-Buk. It is a most valuable medicine, and I can recommend it to all who are suffering from any of these ailments."

All medicine should go to this case. Zam-Buk is a sure cure for blood-poisoning, diphtheria, and inflammation of the skin. It is a most valuable medicine, and I can recommend it to all who are suffering from any of these ailments. Send to stamp for postage of test list box. Refuse all imitations.

Note and Comment

Not to be outdone by the St. Louis and Chicago bookmakers who are laying odds on the two big leagues, a Buffalo bookmaker announced that he is prepared to accept bets on the Eastern League race.

According to a Montreal despatch things are doing there in amateur hockey circles. W. Nothley announces that the dates for the Stanley Cup match have been set for Feb. 27 and March 1.

Some time ago another paper aptly termed him the town piper and he announces that he'll stick to his job.

While the press despatch had one round about putting it all over knockout Brown, New York papers favored the latter.

MORE SELLERS THAN BUYERS.

World Office.
Thursday Evening, Feb. 23.
The Toronto stock market evidences in no unmistakable way the presence of more sellers than buyers. In the interest of prices most of the listed issues it might be said that the public are not forcing sales, and because it would be ill-advised the big holders are not pressing stocks on the market. Rio has a broad enough market to allow it perfect trading freedom, and the further drop-to-day may be accepted as the result of an overweigh of speculative bulls. There is a scarcity of some investment securities, and these are the only ones which have an inclination to strength. For speculative turns on the long side, the market offers no present inducement.

Narrow Fluctuations in Values Wall Street in Waiting Mood

New York Market Hanging on Expected Freight Rate Case Decisions—Toronto Exchange Shows a Depressed Undertone.

World Office.
Thursday Evening, Feb. 23.
Selling of Rio was the only feature of importance on the Toronto Stock Exchange to-day. These shares were on offer from the opening, and a setback of twenty per cent. or more was expected. The price of one or two of the Rio price recently registered. The break in Rio was somewhat disturbing, the why it should be no one could explain. The stock in two months advanced about twenty points, and a setback of twenty per cent. of that amount is surely a normal action from a speculator's viewpoint.

Rio has been touted in local financial circles until the market has become congested. London holders have sold in this market until the field of present absorption has been used up, and the decline is perfectly rational in consequence. It is now stated that the Rio company will need considerably more money to complete its works, and in connection with this it is rumored that the bonded indebtedness will have to be increased.

Despite the reported effort to buy Northern Navigation control, no more was wanted above 121. Sawyer Massey issues were apparently strong, but the advance was not apparent to those not in the know. Speculative interest in the market was almost nil, and the buying was left pretty much to supporting orders. At the close the exchange had lost all semblance of a buoyant disposition.

are amply recompensed by the yields on their stocks, and in consequence do not sell on what they consider temporary business depression. So far as speculative ventures are concerned, the pending decisions prevent a general movement, although it might be truer to say that the extreme dullness results in speculators believing that they do not buy because of those decisions.

Cotton Gossip.
Erickson Perkins & Co. had the following to report:
A higher level for futures, under buying for the account of Manchester and the continent, together with spot sales of 20,000 bales for the two days made it clear to local shorts that the situation abroad was not as pessimistic as had been painted, and the local market advanced sharply with the coverings of shorts. The spot situation here shows a marked improvement. Exports continue large, spot prices hold firm with the demand active. Memphis reports sales of 6000 bales to-day. At New York the local stock shows a decrease of 27,000 bales for the month of February. The India crop movement shows a decrease, as of nearly 600,000 bales under last year, which means that foreign spinners will turn to American to make up for deficiency. We continue favorable toward the market and advise purchases on all sharp setbacks for turns.

Huge Drydock for Esquimaut.
VICTORIA, Feb. 23.—Official announcement made that the British Columbia Marine Railway Co. will build a drydock to cost \$3,000,000 at Lang's Cove, Esquimaut. The dock will be 900 feet long and 100 feet wide. It is the intention to equip a modern shipyard for the construction of cruisers and destroyers for the Pacific squadron of the Canadian navy at Esquimaut.

New York Stocks

NEW YORK, Feb. 23.—Through-to-day's session of the stock exchange the market maintained a good undertone, although the day was one of disturbing uncertainties. Closing prices recorded few net changes of consequence. Bear traders took advantage of the situation and sold the market at the opening, but their efforts availed them little. Evidence of support at small commissions checked the selling, and after a dip in the first hour the market righted itself. Prices were maintained thru the remainder of the day on an approximate parity with Wash. preferred close. Concentrated bidding up of specialties in the last hour lent an appearance of strength and activity to trading, but there was no response from the usual market leaders. The market closed firm, but the market righted itself. The trading in the Golds again made up a large share of the transactions, although there was less evidence of aggressive buying than on the earlier days of the week, and their prices advanced more gradually. Wash. preferred gained a point, but Missouri Pacific improved by only a small fraction. Canadian Pacific was again active and strong. Revival-Dom. closed firm, but the market righted itself. Erickson Perkins & Co. (J. G. Beary), 14 West King-street, reported the following fluctuations: Wash. York market, 10 1/2; Open. High. Low. Close. Sales.

MONTREAL, Feb. 23.—Trading on the Montreal stock market to-day was fairly active, and there were some strong features. Richeieu was the most active issue, and under good buying advanced in the late market to 10 1/2 ex-dividend, equivalent to 10 1/2. It closed strong, 10 1/2. Other issues to show activity were Canadian Pacific, Detroit United and Stio, which both advanced were recorded by Quebec Railway and Eastern Canada. Puip and Paper, Canadian Pacific in the early trading under active buying advanced sharply to 2 1/2 or 1/2 points above yesterday's close, with the last sale at the close. That figure being bid and 2 1/2 asked at the close.

Toronto Men Know Where to Direct Strangers

Could you tell me a good place to buy clothes?

Yes, take a Yonge Street car just outside and ask the conductor to put you off at Simpson's.

Here are a few of the good things that will greet the stranger on Saturday. Some of our regular customers will be surprised when they see these reductions, but, as we have intimated before, there is going to be something doing in the Men's Department.

MEN'S HIGH-GRADE SUITS.

Materials are imported English worsteds and tweeds, in this season's patterns; cut in single-breasted sack models; coats lined with extra quality twill mohair, fronts reinforced with thoroughly shrunk French canvas and haircloth, tailored in the best possible manner in our own workshops by expert workmen; pants stylishly cut and perfect fitting; sizes 36 to 42. Half price Saturday, \$15.00.

MEN'S FUR COLLAR OVERCOATS.

The shells are made from a fine quality English beaver cloth, in fast black shade, lined throughout with an Italian cloth lining, cut in double-breasted style, with Russian marmot and German otter collars, fastened down the front with barrel buttons and loops, having all the appearance and comfort of a fur-lined coat, without the weight; extra well tailored; sizes 35 to 39. Special to clear; Saturday, \$12.95.

BOYS' SPRING WEIGHT REEFER COATS.

In medium and dark grey, fawn and red shades, plain and with fancy stripes and checks, cut in double-breasted style with self and velvet collars. Sizes 22 to 28. Saturday at \$2.98.

Boys' English Tweed Suits in dark grey ground, with triple black stripes, cut in double-breasted style, nicely tailored, lined with good quality Italian cloth, pants bloomer style. Size 26 to 30. \$3.75. Size 31 to 34, \$4.25.

475 Men's Flannel Shirts, in shades of green or drab with stripe effects, reversible collar, pearl buttons and pocket. Regular \$2.50. Saturday, each 98c.

500 Suits Men's Pyjamas, flannelette, percale, striped chambray and zephyrs; all sizes. Regular \$1.50 and \$2.00. Saturday, per garment, \$1.19.

2000 Men's Flannelette Nightrobes, we guarantee the workmanship. Regular \$1.00. Saturday, 69c.

\$125.00 MEN'S FUR-LINED COATS, SATURDAY FOR \$69.50.

5 coats only, 3 have mink linings; sizes 38, 40 and 42, and 2 are beaver lined; size 39 and 40; all are trimmed with fine Canadian otter, collars, lapel and shawl style fur, custom tailored shells of black beaver. Saturday, for \$69.50.

Men's Derby Hats, samples of the new spring shapes, fine quality English fur felt and very reliable maker, mostly black, some browns and fawns. Regular prices \$2.00 and \$2.50. Saturday, special, \$1.00.

Furniture Well Worth Looking Into

The only trouble is that the February Sale has only three more days to run, and, like the young gentleman depicted here, you must take immediate advantage of your opportunity. Our furniture will bear standing on or inside examination.

Turn your back on all old broken pieces; the doors of economy are wide open, and from these few illustrations of the good things within you may take your choice. You (and our little friend here, if he doesn't lie on his back) will then get a comfortable bed to sleep on.
