

The Howl Of Cut Prices

from every source these days is enough to make the unsophisticated think that their wants will be supplied gratis, and car fare thrown in. It appears that way, but we want to say that the REAL bargains are not all in the newspapers, and the biggest bubble is, after all, ONLY WIND! We are not making a big noise over our January Sale, but the buyers who secure the reductions ARE, and that's OUR way of creating MORE business. From \$50 to \$10 is what you may save on every purchase here during January, and you don't have to be a WISE buyer to know it.

GRAIN MEN NOT SATISFIED. Winnipeg Men Say Sample Market is Necessary.

WINNIPEG, Jan. 10. (Special.)—There is considerable dissatisfaction among local grain men over the finding of the grain commission, particularly the report against establishing of a sample market.

Local men all claim that the establishing of a sample market at Winnipeg, where the representatives of the mills would have to come on the floor and buy their wheat from sample, instead of on straight grade as at present, would make a Winnipeg as big a milling centre as Minneapolis.

Not only that, the farmer would derive great benefits because live and sell his crop on its merits and get every cent of value out of it, whereas now he is cramped by the limitations of grade.

AT THE BIBLE SCHOOL. Public Meeting Held in Favor of Christian Unity.

Sentiments warmly favoring the growth of Christian unity in the advancement of general movements for moral reform were expressed at a well attended meeting under the auspices of the Evangelical Alliance, held in the Bible Training School, College-street, last night. Lieut.-Gov. Clark occupied the chair and addresses were given by Bishop Sweetman, Canon Welch, Rev. J. V. Smith, Rev. J. A. Turnbull, Rev. Elmore Harris and N. W. Hoyles, K.C.

The general tenor of the remarks was that without perfect accord in spirit among the denominations success in missionary endeavor, as well as other branches of spiritual activity, could not be obtained in proper measure.

The following were appointed members of the executive committee for 1908: Honorary chairman, Lieut.-Gov. Clark and Archbishop Sweetman; chairman, N. W. Hoyles, K.C.; members, Dr. A. Carmichael, J. V. Smith, Canon Welch, Principal O'Meara, Dr. D. McTavish, Dr. J. A. Turnbull, Dr. Elmore Harris and Dr. A. Francis Perry; secretary-treasurer, Rev. E. D. Silcox.

A resolution was passed, on motion of Dr. Hoyles, pledging the alliance to give all aid possible to the representatives of the British Evangelical Alliance, who are coming to Canada in the spring to stimulate interest in the work of the organization.

FREEMASONS IN QUEBEC. Why Existence of Lodges Has Been Ignored by Clergy.

MONTREAL, Jan. 10. (Special.)—"Are there a great many Freemasons amongst the French-Canadian people?" was a question put not long since by a leading prelate of the Roman Catholic Church, but the question remained unanswered, although it is repeated daily amongst those who have given more or less study to secret societies and the influence they exert upon the people at large.

It is said that the two French-Canadian Masonic lodges which are known to be affiliated with the English Freemasons have given the ecclesiastical authorities very little concern, not because they approve even English Freemasonry, but for the reason that it is better to ignore the existence of the United Hearts and its sister lodge rather than to advertise them by an official condemnation.

It is claimed, however, that since the advent here of the Emancipation Lodge, which is a branch of the Grand Orient of France, the members of the episcopacy are watching the progress of events with a very careful eye and expect that at almost any time.

HAD THIRTY-TWO BOILS ON HIS BACK AT ONE TIME. TWO BOTTLES OF BURDOCK BLOOD BITTERS CURED HIM.

Boils are simply evidence of the bad blood within coming to the surface. Just when you think you are cured of one, another seems ready to take its place and prolong your misery.

The only way to rid yourself of boils, pimples, and all skin blotches and blemishes, so that they will never return to bother you again, is to have the blood thoroughly cleansed of all its impurities.

For this purpose there is no other blood medicine to equal Burdock Blood Bitters. It has been on the market for over thirty years, and in that time we have received thousands of testimonials stating positively that it will cure the worst known cases of boils.

Mr. James Combs, Eden, Ont., writes: "I took Burdock Blood Bitters a great medicine for boils. I had them so bad I could not work. I had thirty-two on my back at one time. I used only two bottles of B.B.B. and they completely cured me. I cannot recommend it too highly."

NOTE AND COMMENT

Good-natured Tom Flanagan of the Irish-Canadian Athletic Club could no longer stand the champing at the bit of Longboots, Coley and the rest of his runners, who have almost forgotten the sound of the pistol, and he has come down to New York to see if Pooah Jim Sullivan will graciously allow the Canadians to start in some pre-tentious events that are to come off in Madison Square in the near future. The movement, it is understood, is in perfect accord with the C.A.A.U., and may pave the way for a return to a peaceful understanding between the two governing bodies.

With the Woodbine spring and autumn racing dates fixed, there was little left for Montreal, Buffalo, Hamilton, Windsor and Fort Erie to work in their meagre to their best possible advantage. Here is the result, which some are pleased to call the northern circuit schedule: Woodbine, May 23 to June 6; Montreal, June 6 to June 20; Hamilton, June 20 to July 25; Windsor, June 23 to July 25; Fort Erie, July 27 to Aug. 29; Montreal, Aug. 29 to Sept. 12; Woodbine, Sept. 19 to Sept. 26; Hamilton, Sept. 23 to Oct. 19; Windsor, Oct. 5 to Oct. 19.

Good news was received in Toronto yesterday from Mr. Farrell of the New York Americans, who is the owner of a majority of the stock in the Montreal Baseball Club, that he has appointed George Stallons, formerly with Buffalo, to manage his team. Ed Barrow was spoken of for the vacancy. He was too good a man to waste on such a prospect.

H. J. P. Good writes: Thank you very much for publicity given last week by request regarding the family of the late Edward Hanlan. I have received an offer from Mr. F. W. Thompson, managing director of the Toronto Lacrosse Club, offering to play a match on the Island on May 15 against the Terrence family, the whole proceeds from such a match to be devoted to the Hanlan Memorial Fund.

Goderich won at New Hamburg. A. intermediate game between Goderich and New Hamburg was played at Goderich on Jan. 10. The home team, which was a crowd, both teams played a large frame-one of the best ever witnessed here. The playing of Beck in goal and Howat, rover, were the chief features. Goderich (4): Goal, D. McLeod; rover, J. Wiggins; left wing, J. McDonald; centre, J. Wiggins; right wing, J. McDonald; rover, J. Wiggins; left wing, J. McDonald; centre, J. Wiggins; right wing, J. McDonald; rover, J. Wiggins.

Lindsay win at Peterboro. LINDSAY, Jan. 10.—(Special.)—Lindsay triumphed over Peterboro in a game played on the 10th inst. which was the first of the intermediate O.H.A. game by a score of 6 to 4. It was a fine-ding-dong contest all the way, and the game was played for the most of the time. At one stage of the game Lindsay led by 3 to 1. Peterboro bucked up and played in succession, making the half time tally 2 to 3. Lindsay hit a well-placed shot the forward line is fast and aggressive, playing good combination and shooting well. Stoddard and Laidlaw were the stars on the line, all four of the men did clever work. Koyl and Sullivan also shone on the line. Farrell and Glover were the most effective for Peterboro and the most dangerous goal-getter for the losers. Dusty and Howson played a good game on the forward line. The second half was a hard and did some clever work, but were somewhat weak at combination.

Mount Forest Trim Lucknow. MT. FOREST, Ont., Jan. 10.—Lucknow and Mount Forest came together here to-night in a Northern League hockey match. The home team won by a score of 6 to 2. The line-up was as follows: Lucknow (3): Goal, McQuaid; rover, McCoy; cover-point, Thompson; rover, centre, Habelock; wings, Johnson and McCoy. Mount Forest (4): Goal, Chapman; point, Glover; cover-point, McLeod; rover, Habelock; wings, Weatherstone, Lindsay (6): Goal, Newton; point, Koyl; left wing, McGiffin; right wing, Swan; rover, Spence. Referee—Pettigrew.

Markham Beat Simcoes. MARKHAM, Jan. 10.—The first junior game in District No. 1 was played to-night between the Simcoes of Toronto and Markham High School, and was won by the home team by a score of 5 to 1. Markham scored 5, Toronto 1. In the second half each team scored practice, the Toronto had the better combination, and it was only the wonderful work of little Ed. Sanderson in goal for Markham that won the game for the home team. He stopped time and again what looked like impossible shots. Stewart at referee also started for Markham, and Barry and McGiffin started for Toronto. Referee Pettigrew of Toronto is one of the best in the business and satisfied both teams. The line-up: Markham (5)—Goal, Sanderson; point, Weber; cover-point, Stewart; centre, Robinson; left wing, Reesor; right wing, McMillan; rover, Dobson. Toronto (1)—Goal, Croft; point, Jardine; cover-point, McEachern; centre, Barry; left wing, McGiffin; right wing, Swan; rover, Spence. Referee—Pettigrew.

West End Team to Hamilton To-Night. The West End Stars play the Hamilton T.M.C.A. crack team to-night, and much interest has been aroused in the ambitious city, as the West Enders are looked upon as the best team in the city that they will have to contend with on this side of the border. The Toronto boys are not going up with a pipe dream of winning their game, although they feel confident of doing something worth while. The Hamilton players have been playing since early in the season and are in prime condition. The Toronto players are a little handicapped for practice with a good, strong team, as variety is not yet ready to meet outside company. Arrangements will be made by their manager to have a return game in this city on next Saturday night, and if everything turns out as is hoped it will win, which is not yet ready to meet outside company. Arrangements will be made by their manager to have a return game in this city on next Saturday night, and if everything turns out as is hoped it will win, which is not yet ready to meet outside company.

Woodstock Shut Out. LONDON, Jan. 10.—(Special.)—The Woodstock team to-night in the Intermediate O. H. A. by a score of 5 to 0. The visitors were outclassed at all stages of the game. London (5)—Goal, Pearson; point, Caselman; cover, Thompson; rover, Albert; centre, Boles; right wing, Carruthers; left wing, C. Carruthers. Referee—Hancock of Toronto.

Rough Game at Winnipeg. WINNIPEG, Jan. 10.—The senior hockey game to-night between Strathcona and Maple Leaf, both Winnipeg teams, was one of the roughest ever seen on the ice. Attendance about 300. The score was 10 to 5 in favor of the Maple Leafs.

Canada Life Preliminary

Many O. H. A. Games Are Played—Simcoes Lose at Markham—Lindsay Win at Peterboro—Parkdale and St. Georges To-night

BERLIN, Jan. 10.—(Special.)—The Flying Dutchmen delivered the goods again this evening, when they put away the much-touted Guelph collection of all-stars to the extent of 7 goals to 1 in the first of the Professional Hockey League game on Berlin ice. No stage of the match after the first ten minutes was the outcome in doubt, for from the outset the Dutchmen displayed superiority in all that was in him until the big lead showed which he landed the puck for Guelph. Guelph who took his place as rover, was a frost. The star players for the visitors were Fyfe at centre and Corbett at cover. Goldie Cochrane made several sensational end-to-end rushes, in one of which he landed the puck in the net. Uncle Gross, as usual, tallied one on a long hit.

Simcoe Defeat Oskades. SIMCOE, Jan. 10.—In the first intermediate O. H. A. game of the season here, the Simcoes defeated Oskades by a score of 5 to 1. Half-time score was 4 to 0. The line-up: Niagara Falls (6)—Goal, Broughton; point, Logan; cover, Garrett; rover, Gibb; cover, Smith; forwards, Grant, Andrews, Platt and G. Andrews. Referee J. Moxon of Toronto gave splendid exhibition.

Cornwall Trim Ottawa Vics. CORNWALL, Jan. 10.—(Special.)—The Stanley Cup hunters, the Ottawa Victorias, were trimmed here to-night by a score of 2 to 1. The line-up: Cornwall (2)—Goal, Booth; point, Barber; cover, Corbeau; rover, Betsau; left, Sanford; centre, Fyfe; right, Kroul.

Mercantile Hockey League. At the last meeting of the Mercantile Hockey League the following officers were elected: President, J. W. Woods; vice-president, A. H. Lovell; secretary, C. Collett; treasurer, G. C. Bell. The A. Bradshaw & Son hockey team were admitted to full membership in the league, and it is expected that during the coming season the interest will be taken by all teams as the above team, along with Gordon-Mackay & Co., have already gained their reputation as being fast teams. The following is the schedule: Jan. 11—Corticeil Silk Co. Ltd., v. Gordon-Mackay & Co. at Old Orchard. Jan. 12—Corticeil Silk Co. Ltd., v. Bradshaw & Son at Old Orchard. Jan. 13—Corticeil Silk Co. McKay; committee, H. W. Bourne, C. F. Wilkison, W. W. Campbell, G. T. Sullivan, H. McKean, H. C. Munn, A. M. Ryan also shone on the line. Farrell and Glover were the most effective for Peterboro and the most dangerous goal-getter for the losers. Dusty and Howson played a good game on the forward line. The second half was a hard and did some clever work, but were somewhat weak at combination.

DR. WILLIAMS' PINK PILLS CURE ANAEMIA

Pale Faces, Dizzy Spells, Palpitating Heart, Headaches and Shortness of Breath Are Symptoms of Anaemia.

Watery blood is an open invitation to disease to take possession of our system. Watery blood is responsible for nearly all the headaches, and backaches and sideaches that afflict womankind. Watery blood is responsible for the dull eyes, sallow cheeks and the listless, dragged-out feeling that is found in so many growing girls. Good blood actually comes thru the use of Dr. Williams' Pink Pills. Weak, ailing, dependent women who use this medicine are made active and strong; listless, pale-faced girls are given new health, rosy cheeks, bright eyes and a new sense of happiness and security.

JAMIESON'S NOVEL SALE ROUNDED CORNER ALIVE

Big Preparations Have Been Made for a Huge Reducing Sale.

What was Philip Jamieson doing? This was the query of many a passer-by, yesterday as the big entrances to his popular store on Yonge-street were closed and big red and white signs blocked the whole front.

That is the catchline issued by this well known house at the corner of Queen and Yonge-streets for to-day's great sale.

And it is as square as it reads. A visit to the store yesterday, which was closed in preparation for to-day's big clearing sale, revealed the extent of the bargains that are to be offered to the public. It is no fit-and-fam. It is no fake "marking down" of goods. The goods are their regular lines, and they are cut down in some cases less than one-half the marked prices.

The well-appointed store tells the same story in all its departments of boys', youths' and men's furnishings. Three suits selling regularly at \$35 must go at \$25. In fact, bargain after bargain opens up as you wander around the comfortable halls.

"Come this way," said the business-like Jamieson Jr., who has recently returned from Texas, "and I will show you how we are putting the prices of our goods down. And there we saw an elegant line of tweed clothes at prices cut down to \$15.50 and \$16.50, while their best serge suits are marked at \$35.

"Well, Mr. Jamieson," said the reporter, "I surely will not pay you to sell these goods so low."

"I know there is nothing in it for us," he returned, "but we are out to let the public know that we do business on the square. We have good clerks. We do not importune a man into buying, and our greatest pride will be to see a pleased customer. We will not tolerate a lying clerk. The business must go right, for I believe the people will support a truly upright business man. Any dissatisfied customer can get his money back if he wants it."

On the ground floor genuine reductions are seen at every counter. Big red cards announce to the buyers the prices of the goods. The goods themselves are there for inspection. Hats, gloves, underwear, shoes, collars, ties, scarves, etc. are all below the prices people are accustomed to paying for them. And to-day will see a busy day for the Rounding Corner Extra clerks. They were engaged, and the store that was boarded up with big red and white signs yesterday will make many a boy and man happy to-day.

The determination to make this firm one of the best, cleanest, straightest, and most courteous houses in Toronto is indeed commendable. All the world loves a pusher, and the business-energetic, keen insight and honesty in his dealings with men will have its reward.

Too often sales of this kind are put on false advertising accents, which discredit the honest attempts of just such as is this one. There will be no disappointment in to-day's prices, and the man or boy who needs the article will find it at the Rounded Corner.

LAKE ONTARIO FISHERIES.

Why Presque Isle Fishermen Should Not Get More Licenses.

A man who knows says: The petition signed by the net fishermen of Presque Isle Bay, Lake Ontario, and presented to the Ontario Government, praying that more licenses, both for hoop nets and for gill nets, be allowed, is really of interest and consequence to the public in the City of Toronto.

Waters situated as Presque Isle Bay, Wellers Bay, and the Bay of Quinte are the natural spawning grounds of the fish of Lake Ontario, both food and game, and as the provincial authorities have no hatcheries it is absolutely necessary if the Lake Ontario fisheries are to improve that certain spawning grounds be not interfered with, and that certain waters be at least not over-fished.

The price at which Ontario-caught fish is sold in the markets of Toronto has steadily risen, and it cannot be denied that some 35 per cent. of the fish caught in our waters is exported to the United States.

It is true that in certain constituencies such as Prince Edward County and others in the province, the net fishermen's vote carries political weight, but where such constituencies hold the natural spawning grounds of the fish it is to be hoped the government will be strong enough to stand out against such influences where the public weal is concerned.

Less licenses should be issued in this case if it is expected that the Province let's Bay and waters of that class, not more, and if the government yields to the net fishermen in this case it is expected that similar petitions gotten up at other points in the province.

BELL SHAREHOLDERS APPROVE OF BARGAIN

Company Retains Certain Privileges—May Operate Connecting Lines Across Province.

MONTREAL, Jan. 10.—At a special meeting of the stockholders of the Bell Telephone Company of Canada, held to-day, the sale of the company's lines, buildings, equipment and all other assets contained in the Province of Manitoba for the sum of \$3,400,000, was ratified. C. F. Sise, president, stated that he considered the bargain a good one for the company.

Some reservations were made; for instance, the Bell Company had the right to operate lines over the province connecting Saskatchewan and Ontario, and they also had the right to connect with the Manitoba Government lines on thru business.

The \$3,400,000 worth of 40-year 4 per cent. bonds which the company will receive from the province, will constitute a trust fund which can be utilized to pay for improvements to the company's present system. If, for instance, the company erected another line between Montreal and Toronto, the same costing \$400,000, bonds to this amount might be released upon the completion of the line, and utilized to pay for the same.

An important reservation which the company makes in its agreement is that the Bell Company may resume business in Manitoba at any time the government sees fit to no longer operate the lines, and this would, Mr. Sise states, effectively shut out all competition from any other corporation.

James Henderson of Toronto, representing a large number of stockholders, congratulated the officers on the negotiations.

HARBORMASTER'S REPORT.

Receipts for 1907 Within Easy Distance of Preceding Year.

The annual report of Harbormaster Poerlthwaite, presented at yesterday's meeting of the commissioners, says that \$8 vessels are now wintering in the harbor, that 1400 feet of plank is being removed at the eastern pier and concrete. The report approves of the new western entrance. The financial statement is a good one. There is a good increase in the tonnage of vessels in the harbor, and no number came by water last year, and fruit is falling off and coming, no doubt more by rail. The receipts are within a few dollars of last year, being about \$11,000. Expenses have been reduced. The scarcity of storms last year and sales is recorded. The harvest of sealion, and an honorarium of \$200. It is his first holiday in eleven years.

LEON BARASH GUILTY.

Roumanian Took \$225 From Clerk in Banking Office. Leon Barash, a Roumanian, was found guilty in the sessions yesterday of picking the pocket of William Brandham, a clerk employed with the Casualty and Boiler Insurance Company, on Oct. 5 and taking therefrom \$225. Barash was identified by witnesses as Cyril B. Knight, and shows the geological formation of the district, the veins discovered, and all the latest information regarding mines and mining claims.

Owing to the contradictory evidence given by the witnesses in the case of Geo. Staff and Peter Bungo, two Bulgarians charged with assaulting Philip Sims, a Greek, in a Christmas Day row at the house of Mrs. Beber, in Berkeley-street, Judge Winchester asked the jury to bring in a verdict of not guilty.

A. H. Dewdney, charged with obtaining money under false pretences, is ill with nervous trouble and could not appear in the sessions yesterday. An effort will be made to have him present on Monday to renew his bail.

PROSPECTUS NOT FALSE.

Rogers Non-Suited in Claim Against Cobalt Company. The suit to recover \$3000 damages from the Toronto Street Railway, brought by Robert Robb, administrator of the estate of the late Margaret Hunter, was dismissed in the assizes yesterday. The action arose out of an accident which happened on June 14, 1907, at Dorset and King-streets, causing Miss Hunter's death.

The action brought by Stephen Rogers against the Sovereign Mining Company to recover on an amount of stock purchased, alleging misrepresentation of the prospectus, was non-suited. The jury, however, gave him a verdict of \$150, which he claimed as wages.

Winter Tourist Trips

are becoming more popular every year, largely owing to the increased transportation facilities and modern luxurious equipment, making the journey to Florida, Mexico, California and other routes a pleasure instead of a hardship. With one change of cars you can travel from almost any point on the main lines of the Grand Trunk Railway System to your destination in the Sun-ny South or the Pacific Coast, where the oranges and roses are in bloom. Meals served in the dining cars make it unnecessary to leave the train en route. Travel in an education and it is delightful to get away from the every-day grind, the monotonous or strenuous life and mingle with successful, happy people, and, besides, it pays. A round trip tickets, good for nine months, to California, allowing stopover and privilege of going one way, returning another, costs only \$132.25 from Toronto (other points in proportion). Full information, reservations, etc., at Grand Trunk City Ticket Office, northwest corner King and Yonge-streets, or by mail address J. D. McDonald, District Passenger Agent, Toronto.

The Star

THE STAR'S POSITION New Year Greeting

The Montreal Daily Star has a circulation greater by many thousands than any other English daily newspaper published in any of the Provinces of Canada, including ONTARIO.

The Montreal Daily Star has a total bona fide circulation more than 20,000 in excess of that of all the other English daily newspapers published in Montreal, combined.

The Montreal Daily Star has a circulation more than 45,000 greater than the bona fide circulation of any other English daily newspaper in Montreal.

The Montreal Daily Star enjoys a BONA FIDE proven circulation, and is regularly received in more than 97 per cent. of the English homes of Montreal, besides a liberal circulation throughout the adjacent country.

The Montreal Daily Star has a circulation greater than the combined circulation of any SIX other English daily newspapers published in the Province of Quebec.

The Montreal Daily Star has a circulation in the City of Montreal which is more than 15,000 greater than the local circulation of all the other English daily newspapers combined.

The Montreal Weekly Star's circulation is greater than the COMBINED CIRCULATION of the WEEKLY editions of any SIX SUCH papers in all Canada, and 100,000 greater than any other such weekly in Montreal, Toronto or any other city in the Dominion. ONLY BONA FIDE CIRCULATION counted.

The Association of American Advertisers represents a capital of \$500,000,000 and an annual expenditure for advertising in excess of \$50,000,000. This Association recently sent their auditor to Montreal to investigate newspaper circulations. THE MONTREAL STAR welcomed the auditor, who reported supporting THE STAR'S claims in every detail. It is reported that at least one of the English daily newspapers refused to have its circulation investigated.

Why should a newspaper that has the circulation it claims, refuse an investigation of its figures? ? ? ?

TO ITS MILLION OF CANADIAN READERS
The Star Wishes A HAPPY AND PROSPEROUS NEW YEAR

An Event in Canadian Journalism

On Saturday, 30th October, 1907, The Montreal Daily Star's circulation table shows the Saturday Star to have turned 70,000, making 200,000 for one issue of The Montreal Daily and Weekly Star. This is an event in Canadian journalism.

Universal Appreciation of Prominent Advertisers

From Francis Delmet, The Delmet Linn Co., Montreal.

"We have advertised extensively, and we use the Star more than any other newspaper, as we consider it to be the best advertising medium here. It brings results, as the people write asking us for the goods that they saw advertised in the Star."

From Charles Desjardins, Charles Desjardins & Co., Montreal.

"We advertise all over Canada, and the Star is really the best advertising medium. We know that, because we trace results. The Star reaches all classes, and that is the best of results. The Weekly Star brings us fine results."

From Mr. N. Dupuis, Dupuis Freres, Department Store, Montreal.

"One cannot expect to do business without advertising. We use newspaper advertising almost exclusively. We reach the English-speaking people of the city with the Star, which is a great advertising medium."

From Emmanuel Bout, Manager, The Berliner Gramophone Co., Montreal.

"We use the Star (Daily and Weekly), and find that it has the best drawing power of any publication in Canada. It brings us returns from all parts of the Dominion, and the cash frequently accompanies the order."

From Mr. R. Hensley, R. Hensley & Sons, Jewelers, Montreal.

"Advertising has naturally been an essential factor in the success of our business. We have used the columns of the Star from the beginning to address the purchasing public, and that embraces all Canada and some in the States. We were one of the first advertisers to use the columns of the Star, because the bulk of our advertising to the Star, because it gives us the best returns for our money. It covers practically the entire English-speaking population, and both the Daily and Weekly Star have great influence with purchasers of all classes."

From Mr. E. J. Wayland, Manager, Messrs. Sperry & Bros., Montreal.

"We owe our success to the prosperity of Canada, the growth of Montreal, and application of up-to-date business methods and advertising—naturally. We use the newspapers, but the Star more than any of the other English papers, because it reaches the entire English population, and a large percentage of the better class of the French people. It naturally brings us the best results, as well as the quickest."

From Mr. A. C. Johnston, Johnston Bros., Jewelers, Montreal.

"The people of Montreal seem to respond to good advertising and to good goods. We use the Star more than any other paper, on account of its large circulation and influence with the purchasing classes, and we find that it gives us by far the best results. Successful results mean the best goods, the best methods, and the best advertising in the best medium."

From Mr. J. J. Hannan, The Hannan Store, Montreal.

"We built up our business chiefly through advertising, and we have built up a business all over the Dominion of Canada, principally through the medium of the Daily and Weekly Star. Through the Star we get large orders from the lower provinces. Advertising pays. It is the life of trade."

From Mr. J. M. Fortier, President J. M. Fortier, Ltd., Montreal.

"I advertised from the first, and have always used the Star more than any other English daily newspaper. The Star covers the entire English-speaking population in Montreal and vicinity."

From Mr. M. Cochenhaler, Montreal.

"As the city grows larger, advertising becomes more and more necessary. I spend more money in the Star than in any other paper, as it covers the entire field of the English-speaking people of Montreal. The Star is an enterprising paper, up to date, and keeps in touch with all that is going on in the city for the best interest of the city."

From the Bovril Co., Ltd., Montreal.

"We have been using the Daily Star ever since the business was started. It thoroughly covers the English-speaking population. The success of Bovril proves that advertising pays."

From Mr. J. H. Blumenthal, J. H. Blumenthal & Sons, Montreal.

"I find that one needs to use only one paper, the Star, to reach the English-speaking people of this city. The Star is read by everybody. Anytime you see the Star is so, and that applies to the advertisements as well as the news. By concentrating our advertising in the Star our business has grown steadily."

From Nordheimer & Co., Pianos, Montreal and Toronto.

"We think advertising is so essential that no firm can prosper without it. The Star is certainly a paying medium. No concern can do business successfully in this field without it. It reaches all the wealthy, as well as the great middle classes."

From Mr. Henry Birks, Henry Birks & Sons, Montreal.

"We could never have been able to build up our business to these proportions without advertising. We find that three-quarters of our customers take the Star and look to it. It is a wonderful paper."

From Mr. W. H. Leach, The Leach Piano Co., Montreal.

"We have been in business eight years, and every year there has been a steady increase in our business. We use the Star, because we find it the best advertising medium in the field. Through it we have sold pianos as far East as Amherst, N. S., and as far west as Vancouver, B. C."

From Mr. T. W. Boyd, Jr., T. W. Boyd & Son, Montreal.

"We are firm believers in advertising. We built up our trade from coast to coast for local trade. It is the only paper that covers the entire city of Montreal. You simply duplicate circulation and expense by using any other paper. The Weekly Star has put us up to our neck in business. We use it to secure outside orders. No other medium can approach it as a business bringer. We get thirty to fifty orders a day on an average."

From Mr. Robert Kerr, R. & W. Kerr, Montreal, Household Hardware Furnishings and Sporting Goods.

"We advertise in daily newspapers and find we can reach everybody who might want our goods in that way. We do four times as much advertising with the Star as with any other paper. The Star has brought us more direct results than any other publication. We have used the Star for twenty-five years with ever-increasing results."

From Mr. C. W. Lindsay, C. W. Lindsay, Limited, Pianos, Montreal.

"I find that advertising will sell pianos, no matter how high-priced. It will sell the Chickering as well as the low-priced pianos. No matter how good a piano is, it needs advertising. We use the Montreal Daily Star, as it covers the English-speaking population of Montreal, and we find the Weekly Star is far-reaching throughout Canada. We have tried all the newspapers, but we give the preference to the Star."

From James Pyle & Sons, New York, N.Y.

"We consider the Daily and Weekly Star necessary for the general covering of their field—their field the largest in the Dominion."

From Mr. S. D. Joubert, Lamontagne & Co., Montreal.

"We advertise in the best newspapers, like the Star. We have a splendid English-speaking trade, and we naturally must attribute a large part of it to the Star, which is the best paper to advertise in, both in the city and outside."

From Henry Miles, Esq., Leeming Miles & Co., Montreal.

"Of the papers in Canada the Star is the most valuable advertising medium in the English language. There are very few homes the Star does not go into. It has a very wide circulation outside. I have been very much surprised in the little investigation I have made to see how the Star goes through the country. You will find the Star where you do not find any other Montreal paper."

From Mr. H. P. Labelle, Furnitures, Montreal, Household Hardware Furnishings and Sporting Goods.

"We have always been believers in advertising, and so our business has grown every year since the beginning. We use the large business why it is a successful advertising medium. The Star has brought us more direct results than any other publication. We have used the Star for twenty-five years with ever-increasing results."

From Mr. H. A. Layton, Layton Bros., Pianos, Montreal.

"We never could have built up anything like the large business we have without good advertising, and in this respect the Star has been by far the most valuable medium we have used. The people have confidence in the Star, and that is one of the reasons why it is a successful advertising medium. The Star has brought us more direct results than any other publication. We have used the Star for twenty-five years with ever-increasing results."

From John Allan, Men's Hatter and Furnisher.

"Please accept my best wishes for a very happy and prosperous New Year to you and your staff. At the same time allow me to express my high appreciation of your Montreal Daily Star as an advertising medium. One of the best proofs of which I have ever had was from a recent advertisement appearing in one Monday night's issue only. It brought me over two hundred orders by mail, besides easily over one thousand direct purchasers from the city alone. The small orders came from every province in Canada, besides quite a few from distant parts of the United States."

From Mr. P. C. Larkin, "Galada" Tea, Montreal.

"We began our business by using the Star, Daily and Weekly, and it assisted in bringing us great results. The Star has helped us to build up a big business, and gave us a tremendous impetus. We consider the Star reaches all the English-speaking people, and the Weekly Star is the great medium which covers all Canada."

From Robert Reid, Esq., Henry Morgan & Co., Montreal.

"We have a question of two things, good methods and good advertising. One cannot have the best advertising medium without the Star. We feel we are reaching the purchasing people all over Canada through the Weekly Star, which is the best advertising medium in America. It has a Daily exceeding the Star's circulation in proportion to the purchasing public."

From Alex. Nelson, Furrier, Montreal.

"We have been in advertising for many years, and we always buy the Star. It is a good medium for our business, as it reaches all classes. I consider the Star one of the best advertising mediums in our territory, and have the Star is sufficient to cover the English-speaking population."

From Wm. Notman, Photographic Studio, Montreal.

"Advertising is contributing a great deal to the success of photography. We have used the Star for many years, and we find it reaches all our customers."

From N. Stoddard, Esq., The Stoddard Bedding Co., Montreal.

"The Star covers fully three-quarters of our trade. All the better class of French read the Star, as well as the English. It goes without saying the Star is the best advertising medium in Montreal. Our results show that, consequently we are our advertising in the Star each year."

From J. W. Palmer, Esq., J. Palmer & Son, Montreal.

"We get far greater results from the Star than from any other paper. The Weekly Star is the Weekly of Canada by long odds. The fact that we do about half a million hair-dressing business as any concern on this side of the water is proof that our advertising has paid us."

From Renaud, King & Patterson, Montreal.

"We think there is nothing like advertising, especially when you have got what you advertise. The Star is the principal English paper we use, and we think it reaches practically all the English-speaking people here."

From A. Britnell, publisher, Toronto.

"I am pleased to say the results from the Montreal Star have been beyond my most sanguine expectations. I have received very large returns, having as a result of advertising in the Montreal Star shipped goods to every province in the Dominion, also to Newfoundland, Honolulu, etc., and my experience teaches me that the Montreal Star is Canada's Greatest Newspaper."

From C. I. Hood Co., Lowell, Mass.

"We think the Star belongs among the leading, American newspapers of the first class."

From Humphrey's Homeopathic Medicine Co., H. B. Harding, sec. treas., New York.

"We have used the Star for many years, because we believe it to be the paper with the largest possible circulation in Canada, and we always buy the best."

From Ferd. T. Hopkins, New York.

"I would say I find your paper to be very satisfactory, and since I commenced advertising in it I have noticed the increase in orders from wholesale druggists in your city. Your paper is the only one we use in our territory, and of course we give it credit for above-mentioned results."

From Messrs. Scott & Bowne, New York, Montreal.

"We are pleased to say the remarkably large patronage given our West India excursions this winter is, in our opinion, very considerably due to the advertisements which we have been running in the Montreal Daily Star. We have never used a paper which has brought so many replies."

From Wm. J. Clarke, "The Wigwag," Montreal.

"For the last ten years I have been a continuous advertiser in the Montreal Daily Star, during which period my business has increased vastly. I attribute my success largely to the excellent results I have obtained from using your paper."

From Robinson & Cleaver, Belfast, Ireland.

"We have advertised in your paper for some time because we are under the impression: First, that it is a well-managed journal, conducted on most respectable lines. Secondly, that being well conducted and respectable, it goes into the hands of a class of people who want high-class goods and can afford to pay for them. Thirdly, that as our manufactures meet the wants of the readers of your paper, we anticipate good results in advertising in same. Fourthly, that we have not been disappointed, as we expect of letters in our possession will show."

From James Strachan, Montreal.

"Our contract for advertising in the Daily Star is the first newspaper advertising we have had in fifty years' business experience, and the results to date have far exceeded our expectations, so that we are renewing our contract for a greater number of lines."

From Stott & Jury, Bowmanville, Ont.

"Having used your Daily and Weekly Star for a number of years, and having carefully checked results, we can heartily recommend it to those wishing to reach a desirable class of customers."

From Pabst Brewing Co., St. Louis, Mo.

"We are not in the habit of paying compliments to newspapers or any other companies who do work for us, but we can assure you that the results we have attained in advertising in the Star have been a surprise to us."

From Blue Ribbon Tea Co., Toronto, Ont.

"We consider the Montreal Star one of the best mediums for advertising in Montreal, and from your large circulation, we get splendid results from any advertising we have with you. We know of nothing so good in which to advertise as the Montreal Star."

From E. Lawrence McCarthy, Advertising Co., New York.

"We are so well pleased with the returns from your paper that we do not consider it necessary to use another."

From Messrs. Scott & Bowne, New York, Montreal.

"We advertise in the Montreal Star because we believe it to be a newspaper wielding such an immense influence, not only in its editorial, but in its advertising columns, that we cannot afford to be without it."

From Wm. J. Clarke, "The Wigwag," Montreal.

"I attribute my success largely to the excellent results I have obtained from using your paper."

From Robinson & Cleaver, Belfast, Ireland.

"We have advertised in your paper for some time because we are under the impression: First, that it is a well-managed journal, conducted on most respectable lines. Secondly, that being well conducted and respectable, it goes into the hands of a class of people who want high-class goods and can afford to pay for them. Thirdly, that as our manufactures meet the wants of the readers of your paper, we anticipate good results in advertising in same. Fourthly, that we have not been disappointed, as we expect of letters in our possession will show."

From J. Bevan Giles, Esq., Radnor Water, Montreal.

"Advertising has undoubtedly been a great factor in bringing the merits of Radnor Water to public appreciation. We use the Star, making the largest contract in the city, figuring that we get our space cheaper, and that our advertisements are more far-reaching in papers of that class. The Star always furnishes to advertisers ample proof of its circulation claims, so that we know absolutely what we are getting for our money, and our experience has been that the Star is without doubt the newspaper with the greatest pulling power, and produces the greatest results of a greater number of lines."

From J. W. Shaw, Esq., J. W. Shaw & Co., Montreal.

"Recently we enlarged our establishment, and at the same time, enlarged our contract for advertising space in the Star, making the largest contract in the history of the business. That is because we have learned that we can sell pianos of increasing success through the columns of the Star. For that reason, the Star has done for us more than any other paper. We find the Weekly Star brings splendid results from all parts."

From Mr. G. A. Holland, G. A. Holland & Sons Co., Montreal.

"The result of our advertising we doubled our business in a few years, and it continues growing. We are very particular that the goods advertised are actually as represented. Our ads are genuine and appeal to the reader's wisdom. The Star was the first paper we advertised in, and we recognize both its Daily and Weekly editions as the best advertising mediums in Canada. We appreciate very much the co-operation which the Star has always extended to our business, and we are sure to make our operations profitable."

DR. MCCONVILLE INSANE.

Will Be Removed to an Asylum—Charges Against Thomas Trotter.

KINGSTON, Jan. 10.—(Special).—Dr. Andrew McConville, who was sentenced to sixteen months in the Central for assaulting an aged woman, and who later attempted to hang himself in the county jail, was today pronounced insane by Drs. Edwards and McCarty, and upon their report will be removed to an insane asylum, likely to Hamilton.

Thomas Trotter, a farmer living near Joyceville, in the County of Frontenac, is to be tried by Magistrate Col. Hunter tomorrow for doing serious injury to his wife and Mrs. Blake, her mother, his wife, and then chased her with an ax. The mother-in-law was seized, thrown on the stove, and when endeavoring to effect her escape had her arm jammed between the door and its case and seriously hurt. The two women are now undergoing treatment in the hospital here. The reason for the brutal treatment may be found in the fact that Mrs. Blake owns the farm on which her son-in-law, Trotter, lives, and, according to her intention, the property is to go at her death to her daughter, Mrs. Trotter. This disposition, however, does not suit her husband, who wants a girl given to him.

Praise for Grand Trunk Chicago Service.

The district passenger agent of the Grand Trunk has received a letter from a prominent Toronto business man who has just returned from a trip with his family to Chicago, in which he says:

"We had a most agreeable trip and enjoyed every minute of it. The run to and from Chicago was delightful, and we were never more comfortable or better taken care of on this trip. The service and attendance was simply perfect; the cars both going and coming were so comfortably warm and clean, the railway conductor, the Pullman and dining car attendants, and every person connected with the train, were so polite and pleasant. Altogether it was one of the most delightful bits of railway travel we have ever had. Especially in the dining car where we pleased; the service was quick and very good; the food came on piping hot and looked so dainty and appetizing, and the waiters were so obliging, and I felt that I would like you to know how well pleased we were with the Grand Trunk system."

Three trains daily leave Toronto at 8:00 a.m., 4:40 p.m. (International Limited), and 11:00 p.m., over the only double-tracked line. For further information and tickets call at Grand Trunk City Office, northwest corner King and Yonge-streets.

Too Ill to Attend Court.

Caldwell, who was arrested upon his arrival here from Europe several weeks ago, on a charge of perjury in connection with the famous Druce case in London, was too ill to appear before United States Commissioner Alexander for arraignment today. Caldwell is at the home of his daughter on Staten Island. He is under \$5000 bonds to appear before the commissioner.

Would Divert Emigration.

LONDON, Jan. 10.—Amongst the schemes suggested for "booming" the Australian Commonwealth is an agreement with a well-known novelist to "write up" the country with the object of diverting thereto. Australians are devising means of making the attractions of Australia better known in Great Britain.

Transvaal Gold Yield.

LONDON, Jan. 10.—The Transvaal yield of gold for the month of December makes a new record. The output was 583,528 ounces of the yellow metal, which is 28,499 ounces over the previous highest yield for a month. The value of the December output is placed at £2,478,659.

BRANTFORD OPERA HOUSE BADLY GUTTED BY FIRE

Business Firms on Ground Floor Suffered Much Loss From Water.

BRANTFORD, Jan. 10.—The Brantford Opera House was gutted by fire at 5.30 this morning. So badly damaged is the building that it will probably be abandoned. The adjacent buildings also suffered, the not to a serious extent. The cause is unknown. Constable Boylan saw smoke issuing from the theatre, which is situated on Colborne-street, in the heart of the business block between Market and Queen-streets, and a general alarm was turned in and both local departments responded.

The theatre, which is on the second floor, over a row of business houses, was soon a mass of flames, and it was only thru desperate efforts of the department and thick fireproof walls that the conflagration was confined. The interior of the theatre, the stage and dressing rooms were completely gutted and roof destroyed.

Below the theatre, Wood's Fair, Jack Kelly's cigar store and pool room, Harry Sole's barber shop were badly damaged by water. Grafton's clothing store was also slightly damaged.

The total loss will be in the neighborhood of \$15,000. The opera house was erected in 1881.

A NEW LISKEARD DEPUTATION

Secrecy as to Its Mission to Parliament Buildings.

New Liskeard had a deputation at the parliament buildings yesterday to invite Hon. Frank Cochrane to open the new steel bridge and waterworks system there on Jan. 15. Mayor Blair, F. Fumaville, secretary of the citizens' committee; Rev. F. E. Pitts, A. W. Roebuck, E. F. Stephenson, R. Parker and Wesley McKnight composed the deputation. They were admitted to the premier's room and had a lengthy interview with Messrs. the Hon. J. P. Whitney, J. J. Foy, F. Cochrane and Dr. Reaume.

It was not professed that the bridge opening was the sole topic discussed. Redhibition, in view of the approaching session, is understood to be the leading question at New Liskeard at present, coupled with a desire to have that town raised to Hanleybury, selected as the county seat for the new district.

ARRESTED AFTER TEN MONTHS ON A CHARGE OF THEFT

Detective Rogers of the provincial department has brought Henry Cherry to St. Catharines on a charge of stealing furs. The theft occurred last March, when \$300 worth of furs were taken from Jones' store. They were sold in London for \$15 by Henry Cherry and William Moore. Cherry cashed a cheque for \$15. Both men disappeared, but Moore was arrested in November. Cherry came back voluntarily from Detroit, and admits having had the furs, but denies that he stole them.

Complaints Against Motormen.

The Ontario railway board announce that examiners of motormen will be held responsible for the efficiency of motormen appointed on their warrant. A longer training was recommended by a Hamilton grand jury recently.

Other complaints of inefficiency and carelessness on the part of motormen have led to the determination that examiners will be held responsible and, if necessary, prosecuted.

Toronto Bible League Conference.

Persons coming from towns, villages and cities, whether near or remote, to the Bible League Conference, should without fail ask for and obtain a standard railway certificate when buying their tickets to Toronto; for it is hoped to have a sufficient number from outside points to get a substantial reduction, if not a complete rebate of the return fare.

Sunday at Massey Hall.

The speaker at the meeting of the Canadian Temperance League in Massey Hall to-morrow afternoon will be the Rev. Prof. Charles Scanlon of Pittsburg, Pa., holding a similar position in connection with the Presbyterian Church of the United States to that held by the Rev. Dr. Shearer, secretary of moral and social reform in this country.

The people known as Disciples of Christ have always laid great stress upon evangelism, and it is their custom to have protracted meetings at frequent intervals. The series of meetings commencing to-morrow in the Cecil-street Church of Christ will furnish the people of Toronto an opportunity to observe and study the evangelistic methods of the Disciples of Christ, which in some respects are unique and often are attended with results marvellous and gratifying to those who are concerned for the Christianizing of their friends and fellow-citizens.

The Church of Christ on Cecil-street is almost on Spadina-avenue and so is very conveniently reached by the street cars. The evangelistic campaign advertised in this issue of The World will be continued for a number of weeks, beginning to-morrow at 11 a.m.

Canadian Institute.

The Insurance Law

Will Be Opposed by the I.O.F. So Declares S. C. R. Stevenson.

The Attitude of the I.O.F. toward the pending Insurance Bill is indicated by the following statement given out last evening at I.O.F. headquarters by Elliott G. Stevenson, S.C.R.

Since I have had an opportunity to examine and consider the portion of the Insurance Bill recently introduced into the Parliament of Canada relating to Fraternal Societies, and that all Fraternal Societies should actively oppose the passage of the same.

As concerns the Independent Order of Foresters, the provisions affecting it would not only seriously embarrass, but practically destroy it.

Our Society has shown a deep interest in and willingness to enact by its own laws provisions having for their purpose the insurance of its permanency by adopting adequate rates of premium or assessment.

THE WAY TO HEALTH

SEND THIS COUPON AND GET IT FREE.

The little coupon which is appended to the bottom of this advertisement, mailed to me, will bring you a book which has opened the eyes of thousands of suffering men and women to the newest, easiest and cheapest way to health and vigor. It is yours, sent by mail, free, if you will send this coupon.

Dr. McLaughlin's Electric Belt

WITH FREE ELECTRIC SUSPENSORY FOR WEAK MEN.

Pours new life into weak, debilitated men, builds up nerve and vital forces, cures Varicocels, Nervous Debility, Rheumatism, Back Pains, Weak Kidneys, Stomach, and revives the spark of youthful energy, giving back the old, vigorous animation. It makes strong, husky and vigorous specimens of manhood. (It is just as good for women as for men.)

NO MAN SHOULD BE WEAK

No man should suffer the loss of that vital element which renders life worth living. No man should allow himself to become less a man than nature intended him; no man should suffer for the sins of his youth, when there is at hand a certain cure for his weakness, a check to his waste of power, a reserve power through mistakes of youth. You need not suffer for this. You can be restored. The very element which you have lost you can get.

My Electric Belt, with Special Electric Suspensory (free), will restore your power, and will give back the old vigor of youth. I know how skeptical people are after paying out hundreds of dollars without getting any benefit, and know that many would pay after they were cured. To those I say, set aside those prejudices, give me evidence of your honesty by offering me reasonable security for the Belt. I will arrange it with necessary attachments suitable for your case, express it to you, and you can

Wear It Until Cured and Pay Me When the Work is Done.

Use My Belt and Be Strong

My Belt is easy to use; put it on when you go to bed; you feel the glowing heat from it (no zinc or burn, as in old style belts), and you feel the difference with the new life flowing into them. You get up in the morning feeling like a two-year-old.

Dr. McLaughlin: Bruce Mines, Ont. has cured me, and I am entirely satisfied with your treatment. When I gave it to my sister to wear, she, too, was entirely cured after being treated by the best medical men, and also being told that she would never be cured. She used your Belt and was entirely cured.—JOHN W. THURTELL.

This drain upon your power causes all kinds of debility and Stomach Ailments. You know it's a loss of vital power, and affects every organ of the body. Most of the ailments from which men suffer can be traced to it.

I have cured thousands of men who have squandered the savings of years in useless doctoring.

An old man of 70 says he feels as strong and young as he did at 25. That shows it renews the vigor of the old.

It cures Rheumatism, Sciatic Pains, Lumbago, Kidney Trouble. It banishes pain in a night, never to return.

What else you? Write and tell me, and, no matter where you are, I think I can give you the address of someone in your town that I have cured. I've cured thousands, and every man of them is a walking advertisement for my Belt.

Every man who ever used it recommends it, because it is honest. It does great work, and those whom I have cured are the more grateful because the cure cost so little.

Every man who uses My Belt gets the advice and counsel of a physician free. I give you all that for my beautiful illustrated book, with cuts showing how My Belt is applied, and lots of good reading for men who want to be "The Nobliest Work of God"—A MAN.—enclose this coupon and I will send

MISSION WAS A SUCCESS SAYS RODOLPHE LEMIEUX

Confident That What He Reports to Prime Minister Will Satisfy Canadian People.

OTTAWA, Jan. 10.—The statement of Hon. Rodolphe Lemieux provided the government papers on his return to the capital is given below:

"I am entirely satisfied that my mission to Japan on behalf of the government has been a great success. I may be prejudicial in favor of my own case, but I feel that what I will report to the prime minister, to my colleagues and to the house will be accepted by the Canadian people as satisfactory."

"The Japanese press is very active, wide-awake and well circulated," he said. "It has been filled with the discussion of this topic for weeks, and the people of the Japanese cities have heard it discussed from all points of view. There is an impression of the position of Canada in respect to the matter, and there is not the general feeling of resentment that we have been led to suspect existed. There was feeling over the trouble which occurred at Vancouver, but there is also an impression that Canada should not be held altogether responsible for this. The letter of Sir Wilfrid Laurier expressing regret at the occurrence, and the prompt settlement of the damages by Canada, went a long way towards removing the first hostile impression."

Mr. Lemieux stated that it was rather Japanese pride than Japanese interest which was touched by the desire of the United States and Canada to exclude Japanese immigration. For years it has been the aim of Japan to secure a position of equality with those of the other countries of the world. The victory over China and Russia and the establishment of embassies in the United States and Europe, which formerly contented the foreign governments, and the alliance with Japan all tended to increase the feeling of pride and to increase the Japanese people's dignity among the American continent, therefore, came as a shock, and it is the importance with which it is regarded can be judged by the attention which the Japanese press gives to it daily. Mr. Lemieux said that the interests of Japan lay in directing immigration to Asiatic countries, Korea, Manchuria, Formosa, and Saghalien, where there were opportunities for the settlement of Japanese and the development of resources by them. The Japanese Government took that there was no necessity for attempting to force the settlement of their people where they were not wanted.

"Throughout Japan," he continued, "there is the most general and astonishing feeling of friendship for Great Britain. This is to be observed among all classes of people, and it exists in all parts of the country. There is no truth in the report that there was friction between me or the Canadian authorities and the British authorities over my mission. There was a perfect feeling of harmony."

When his attention was called to the Associated Press report that his mission had been a failure, Mr. Lemieux laughed and said that it was hardly report and thought that it was hardly warranted. He thought that a more recent despatch from the same source rather contradicted the first one, for he had noticed that the Tokyo correspondence stated that the United States minister had received assurance of a satisfactory settlement of the Japanese Government, and that the United States would be given what had been promised by Mr. Lemieux for Japan.

Mr. Lemieux stated that he had been most struck with the way the English language is spoken in Japan. "It is simply wonderful," he said. "I can truly say that I never felt inconvenienced by inability to speak the Japanese language while in Japan. I expected that the Japanese would be spoken, but I found that it was spoken by clerks in the stores and in many other places where it was not to be expected. It is said that now one cannot go to any part of Japan without finding someone able to speak English."

"Canada has a great opportunity for the establishment of trade with Japan. The Dominion is chiefly known in Japan through the visit of Hon. Sydney Fisher, and the display that Canada made at the Tokyo Exhibition and the Canadian Pacific. That company is particularly prominent in the mind that through Japan Sir William Van Horne is regarded as one of the big men of the day. I cannot understand why our producers and manufacturers are not taking advantage of the opportunities the Japanese markets offer. The American market is full, and I was sorry to see that so much of their wares was on sale in the shops and so little from our own country. The stores were full of American goods, gramophones and manufactures of all sorts. Canada has a great opportunity for building up a business in cereals and flour, in canned goods, in horses and cattle, in condensed milk and in a hundred other things."

2000 MEN WANT WORK.

Commissioner Thompson Says That Situation Hasn't Begun to Clear Yet.

Industries Commissioner Thompson says that while the problem of the city's unemployed appears to have dropped from public view to some extent, the situation is quite as acute as ever. Thus far there have been no less than 2035 applications for work at the city's labor bureau in St. Andrew's market, and it has only been possible to find work for about 160. There do not seem to be any business firms that require workmen of any kind at present, he says, and a like statement is made by City Relief Officer Taylor, who notes that the number of those appealing for aid continues very large.

What the Theatres Offer

In spite of the fact that Manager Charles Frohman is a stickler for discipline, there is more kicking in "The Little Cherub" Company than in any other theatrical organization on the road, and, oddly enough, Mr. Frohman not only stands for it, but actually encourages it. So does the audience, for except for Miss Hattie Williams' song "Experience," which is very famous, there is no more popular number in the dainty musical comedy that comes to the Princess Theatre on Monday night than the football verse in the song entitled, "I Should So Love To Be a Boy," when the pig-skin is sent spinning over the footlights by the four charming athletic daughters of the Earl of Sanctobury.

"The Little Cherub" is the brightest, daintiest, songiest play of the past two seasons. Popular numbers are, "Under the Linden Tree," "Popular Song," and "The Doggie in Our Yard," which are sung by Miss Williams; "Little Willie Browne," between the verses of which James

for an amateur performance, and there the earl meets her, and after his first shock, becomes very much smitten with her, and invites her and her actress friends to a supper at Dunbridge Baths. There, too, go the earl's son, and the four young daughters—all of them in search of Molly. Complications result rapidly, but before the end of the second act the earl, who is a widower, proposes marriage to Molly, who accepts in the belief that he is really consenting to her marriage with his son. In the end of course everything is clear up happily.

In London she was leading support to William Gillette, and Willie Collier. Ever since she went on the stage, she has been

well is a clever and versatile actor. The special attraction is Paul Conchas, known as Kaiser Wilhelm's military aide, and such trifles as 50-lb. cannon balls he juggles and tosses about as tho they were feathers. A cannon also forms part of the paraphernalia of the act, and with the aid of block and tackle it is raised above the stage by six men and then balanced without aid on the head of the Hercules. The Elinore Sisters are back with a new skit, "The Actress and the Maid." May Elinore appears as the actress and funny Kate Elinore as the maid.

John W. World and Mindell Kingston are known as the dancing comedian and the subretrie with the grand opera voice. This clever team has played in every country in the world. Miss Kingston wears some beautiful gowns, including one made entirely of ostrich feathers collected in Africa.

Bellaire and Kremer are exponents of physical culture and athletes, and the Dixon Brothers, who have not been seen in Toronto in some time, are musical grotesques who furnish a budget of fun and good music at the same time.

Murphy and Francis with their cool stunts are always clever and they come with this time with new songs and parodies. The kinetograph closes the bill with a full line of new pictures.

Novelty and merit are promised when Williams and Walker open at the Grand Monday evening in "Bandanna Land," their new musical comedy creation for this season. They say it is all constructed and built of the old but everlasting material—the negro's peculiarities and characteristics of speech and actions, his talent for singing, dancing and surrounding himself with an environment of happy and amusing scenes. The scene are laid in the northern part of Georgia and show the picturesque side of southern home life and landscape. Bert Williams, as usual, will present the same tail-end of good and bad fortune in his character of "Bower," and George Walker, the singing and dancing comedian, will play "Bon-Bon Buddie," has something that will outlast the most flashy appearance and work he has ever seen in any of his former productions. They say they have been away from home for five years—three in "In Dahomey" and two

him. There are no plays more superbly staged and many scenes and mechanical innovations are introduced. Ahy assisting Mr. Hertz is one of the best companies playing on the road. Several startling revelations in stage effects are

promised; one particularly surprising will be "The Dime since his retires shadow." During the action of the play Mr. Hertz will vocalize several of his new songs. One, a yodel, is said to be one of the most interesting and pleasing compositions ever heard of its kind. During the week a matinee will be given every day.

A good burlesque show is "The Americans," which will be "The Star Theatre all next week. The company is this season surrounded by the best comedians in the burlesque business. Will H. Ward, the funny Dutchman, besides the list, and is singing one of those catchy topical songs for which he is famous. Two lively comedians, Sullivan and his famous partner, will retire from all public exhibitions. He is giving a better account of himself now with the gloves than at any time in his career, and is a most interesting and amusing performer. At every performance he has a beautiful way of keeping Kilrain busy, and, he is said to Kilrain's credit, he frequently has Sullivan in the gulling list. Kilrain has frequently so worked Sullivan up that the latter has tried to land one of his famous knock-out blows, which thus far Jake has succeeded in avoiding. These two heavyweights put up an excellent four-round bout.

At the Gayety Theatre the ever-popular "Golden Crooks" company will be the attraction next week. The company consists of former times, Jake Kilrain, will be the leading lights to share honors with a host of clever comedians and entertainers and his famous partner, John L. is making his last tour this season and at the expiration of his present contract with the "Golden Crooks" will retire from all public exhibitions. He is giving a better account of himself now with the gloves than at any time in his career, and is a most interesting and amusing performer. mark walked away from the composer's house, the pianist pointed backward over his shoulder and said, "You are distinguished some day after you are dead." "Indeed," murmured Goldmark, blushing with pleasure. "Yes," said De Pachmann; "they will decorate it with a tablet." "And, pray, what do you suppose they will say on the tablet after I am dead?" asked De Pachmann eagerly. "To Let," was De Pachmann's pithy reply as he scuttled across the Ring-strasse.

When the Boston Symphony Orchestra gave its concert in Boston last spring for the benefit of the San Francisco sufferers, Mme. Olga Samaroff, whose concert in Conservatory Hall on Friday under the auspices of the Women's Musical Club is the next musical event of importance in Toronto, gave her services to the good cause and played Liszt's concerto in E flat. The next day Philip Hale, perhaps the most discriminating and at the same time severe critic in America, said in the Boston Herald:

"Last night she gave a superb performance, superb in dash and brilliance. Not was this performance merely one of glittering pomp. Romantic tenderness and sentiment were poetically expressed. Passages of bravura were performed with an elegance that was never heartless. The whole interpretation was one of rare beauty and vitality." The sale of seats begins at Northumberland on Thursday.

The solos by George J. Banister, the well-known tenor, at Association Hall are an addition to the excellent program of moving pictures which are presented daily, with changes every two days. All the pictures are absolutely new to Toronto and are also instructive, interesting or amusing. The magic arts as performed by Prof.

Walton, the exposé of spiritualism, add to the variety of the nickel program, which begins at 12 noon and continues till 10 p.m.

HURON COUNTY'S ROADS. Warden Currie Thinks Bridging of Six Rivers a Big Task. Warren Currie of Wingham, who remained in the city yesterday after attending the delegation of Huron County in the matter of good roads, in conversation with The World explained that six rivers ran thru the county and that these subdivided in many places, and that it meant over 110 county bridges and a very large number of township bridges. The rebuilding of the old wooden structures has to be undertaken and the burden will fall very heavily on the municipalities. The engineer's estimates for the next two years make necessary the raising of \$77,000. The new bridges are iron, with concrete approaches.

As Huron County expended her money on good roads years ago, it is felt that the government ought to do something towards granting to Huron a proportion of the million dollars given for road work.

In yesterday's World a mistake was made in saying that the Goderich bridge would cost \$27,000, but it is now replaced by a steel structure.

MISS IDA CONQUEST. Noted Actress Who on Monday Commences a Special Three Weeks' Engagement With the Royal Alexandra Players.

Blakeley, the English comedian, shows in pantomime how little Willie went a-fishing, caught a big one and then a sound whipping from his irate mother; "Moe, Me By Twilight," a dainty little song sung by Winona Winters, who also has the rare gift of ventriloquism; and "Burlesque Imitations," in which Miss Williams gives some astonishing impersonations of Maude Adams, Ethel Barrymore, Madame

HATTIE WILLIAMS in "The Little Cherub."

Nazimova, Rose Stahl and other stars. The newest feature of "The Little Cherub" is a burlesque on the famous "Merry Widow" waltz by Miss Williams and Mr. Blakeley. There are seventy comedians, singers and dancers in "The Little Cherub," and Manager Frohman has had the production staged and costumed with exquisite taste.

The evening performances will be given promptly at 8 o'clock, and the Wednesday and Saturday matinees at 2.

The story of "The Little Cherub" deals with the adventures of Molly, and his strides against the stage have driven Molly from a London theatre, where she was playing in "The Little Cherub." She visits the earl's house in order to coach his daughters

almost continuously under the management of Charles Frohman. During that time she has been leading woman with John Drew, and the late Richard Mansfield. She has also played the leading character in "London Assurance," "The Tyranny of Tears," "Second in Command," "Man and Superman" and other big productions. She last appeared here with Mansfield in "Old Heidelberg."

Miss Conquest will make her debut with the Royal Alexandra players in the four-act drama, "The Girl With the Green Eyes," by Clyde Fitch. In this play the author introduces as his main topic the insane jealousy of a young wife. The wedding ceremony is scarcely over before Jimmy shows that he is not the ideal character by becoming jealous of her young husband. She has a brother, Geoffrey, married a shop girl named Maggie, while he was a student at Yale. Since then he has fallen in love with Ruth Chester, a friend of his sister's. He confides his troubles to his brother-in-law, whom he asks to help him have the marriage annulled. Austin and his wife go to Europe on their honeymoon tour. There they meet Miss Chester. She tells Austin that she is married to Geoffrey. This staggers him and he decides to return at once to New York to try and get his scamp of a brother-in-law out of his troubles. While in Europe Mrs. Austin has seen her husband and Ruth in conversation, and this, with her jealous disposition, enrages her, and there is a flareup. She knows nothing of her brother's perfidy in marrying a second woman while he has already a wife living. When they return to New York they meet Ruth again, and when she finds a letter written to Ruth by her husband, she flies into a most violent temper, and beats Ruth as well as her husband. They are then forced to tell her of what her brother has done, and she seeing that she has made a fool of herself begs forgiveness of her husband. But he has become weary and sick of her constant nagging, jealous disposition, and he leaves her. She, when left alone, attempts to commit suicide by asphyxiation. The husband returns and saves her.

"The Girl With the Green Eyes," in which Miss Conquest has already starred, will be beautifully presented. Another new member of the cast will be Miss Lily Lorrell, a Toronto girl, who has had the leading parts in "A Message From Mars" with Charles Hawtrely and "In the Sign of the Cross" and other well-known plays. During Miss Conquest's engagement matinees will only be given on Thursday and Saturday. The prices will not be advanced.

Minnie Seligman and William Bramwell will head the bill at Shea's Theatre next week in one-act comedy called "A Dakota Widow." Miss Seligman is a player of wide reputation and has not been seen in Toronto in several years. She was for many seasons prominent in both the Daly and Frohman forces and her appearance in vaudeville for a short season has given her many admirers an opportunity of welcoming her once more. William Bram-

GEORGE W. WALKER. Of the famous team of colored entertainers, Williams & Walker, who will present their latest and greatest musical play "Bandanna Land" at the Grand next week.

In "Abyssinia"—and has this season returned to Dixie—"Bandanna Land." To insure harmony and the true presentation of the colored man's talents to entertain and amuse, Williams and Walker have collaborated only with men of their own race, of known and tried ability, the book being by Jesse Shipp, the lyrics by Alex. Rogers and the music by Will Marion Cook.

The attraction at the Majestic next week will be the first local performance of "Our Friend Fritz," introducing in the title role Joe Hertz, an actor and vocalist of exceptional ability. The story of the play is as absorbing in interest as the scenes and mechanical effects are spectacular and novel. It depicts in vigorous and forceful style the efforts of a villain to force a young woman who loves another to marry

New York Stocks Bubble With Enthusiasm for a While—Local Investments Are Firmer.

World Office Friday Evening, Jan. 10. Considering the fever heat which marked the Wall-street market to-day, the Toronto Exchange remained comparatively apathetic for speculative stocks. Speculative sentiment has improved under the pressure of advanced prices, but transactions are still limited, and inside operations are able to be conducted without much difficulty.

Wall Street Pointers. Brooklyn tunnel perceptibly relieves pressure of traffic over the bridge, but the effect on B.R.T. earnings is not yet apparent.

The decline in railroad earnings is now rapidly increasing.

At present rate, Southern Railway earnings will barely cover the fixed charges without providing for preferred dividend.

There is lighter demand for stocks in the loan crowd.

The estimated iron production is now running below the monthly record of 1907.

Anthracite output for 1907 easily broke all records.

Some western opposition is developing to the Aldrich currency bill.

Reduction in German bank rate expected on Monday, and in London rate next Thursday.

Forty rods for the fourth week of December show an average gross decrease of 12.61 per cent.

CALCUTTA.—Rate of discount of the Bank of Bengal was raised from 7 to 8 per cent. to-day.

VIENNA.—The Austro-Hungarian Bank has reduced its rate of discount 1 per cent., to 5 per cent. The 6 per cent. rate has been in effect since Nov. 9 last.

The known movements of money make a notable showing this week, a gain in cash on the direct express movement, and from the interior being reported of \$7,852,000.

American Can Company announced a general reduction in price of its products for 1906.

Union Pacific and Burlington roads are reducing expenses by taking off all porters and doing away with some of their flagmen.

National Copper Company and H. Heppenheimer & Sons Inc., metal dealers, are in financial difficulties, owing, it is said, to the low price of copper, and the inability to obtain bank accommodations.

LONDON.—The production of gold at the Rand in December is officially announced at 838,529 two ounces, valued at \$2,478,859, against 860,147 in December, 1905, and 431,594 ounces in December, 1906. The out-turn for the year ended Dec. 31 was 5,530,000 ounces, against 5,736,917 in 1905, and 4,937,221 in 1906.

In the early afternoon the market had become irregular after a reaction, in which early advances in the leaders had been lost and some of the lower-priced issues had developed a weak tone. There was too much company on the bull side, and this checked the advance. November earnings of the Harriman roads did a good deal to check bullish sentiment. The rumor market was active when Erie and Southern Railway sold off a good deal of stock, but also for many industries have been quietly unloaded under cover of strength elsewhere, and market for them had, so to speak, reached saturation point. The selling has been an earnings and need of new financing, but there is no mystery about the reasons and no need of extravagant rumors.

Dow Jones.

Chas. Head wired to R. R. Bondard early yesterday. The improvement in the money market has increased the buying power, and as there has been a considerable shortening of the line, and the floating supply of stocks is comparatively small, the market has naturally advanced easily. It looks as if the market might continue further, but it is not advised purchases, as I think prices have already improved as much, if not more than the underlying conditions warrant.

Joseph says: The process of readjustment of values is under way, and by the end of the month higher prices will be established, not only for railroad issues, but also for many industries. The consistent activity and strength of the bond market are the most conspicuous and healthy features. This reflects the return to normal conditions. Discard talk of government procedure against Harriman lines. Keep sense of Union Pacific and do not be afraid to average on dips of a point or so for big results. Specialties: Big short interest in Aichison. Hold Cotton Oil. Follow Reading upward.

Bullish operations are likely to continue to-day. A good bank statement is evidently being discounted. A reduction in the Bank of England rate next week is expected to follow. Both French and American demonstrations world-wide ease. General developments financially this morning are favorable, and it will be found that most of the detailed conditions are in the same class. seems to be striving for bull leadership under what we infer to be Harriman buying. Good buying is reported in B.C. S.P. Here are a few brief tips noted: C. O., A.R., C.F.I. and A.C.P.—Financial News.

Steel preferred was particularly strong this morning on short covering. We have no faith whatever in the advance in these stocks at the present time, as we believe that it is only manipulation against the short interest, and not a bonafide investment demand that is sending them up.

On Wall Street. Charles Head & Co. to R. R. Bondard. The upward movement in the stock market to-day, with every indication of an increasing speculative interest and broadening tendencies. The leading issues in addition to the number of issues traded in, and also a large amount of profit-taking was in evidence. The volume of new buying was sufficient to absorb all offerings, without permitting any material increase in the floating supply. The preliminary figures of the week's currency situation indicated a cash gain by the banks of \$3,000,000, leading to the belief that the reserve deficit would be largely, if not entirely, wiped out in the late dealings the market was adversely affected by the decided weakness in Southern Railway issues, which was construed to indicate pending unfavorable developments relating to the financial condition of the company. Traders turned to the selling side and general declines ensued. The closing was active and weak.

Marshall, Spader & Co. to J. G. Beatty. To-day's market was a significant revelation of strength on St. Paul, U.P. and S.P. and eastern trunk line groups, as well as in the steel shares and metal properties. The bond division of the market was well patronized, as has been the case recently, some notable strength being shown by the traction bonds and also by the better class of investment issues. While the market has recently shown an excellent undertone and has responded promptly to favorable influences, we are inclined to look upon its present condition as showing some loss in technical strength. The short interest must have been much reduced this week, particularly in such leading issues as U.P., Reading, the Copper shares and Steel preferred. Mean-

time the situation is not broad enough to warrant a full-fledged advance, and, except with care in making selections, we should advise purchases only among the more active railway issues, particularly St. Paul, the Harrimans and hard coals.

Ennis & Stoppani wired to J. L. Mitchell: The market to-day has ruled broad and active, with a very heavy volume of profit-taking after early buoyancy, during which many stocks recorded fresh high records for the movement. London took over 15,000 shares on balance. Encouraging developments are reported in the copper market. It is estimated that the visible supply of copper in this country has been reduced to 50,000,000 pounds. The Statements of Harriman roads for November showed a slight gain in net by Union Pacific and a large loss by Southern Railway, due in part to unusual circumstances. December gross earnings of Northern Pacific and Illinois Central show decreases, and the first statements of railroads for first week of January reveal a local boom. The Northern Securities' annual report shows an increase in surplus. The Cripple Creek Central Railroad has passed common and preferred dividends. It is believed that the Southern Railway preferred dividend will be passed in March. The local boom has gained over \$3,000,000 on interior operations, and the reserve deficit has doubtless been entirely eliminated. Lending money by the Standard Oil Company at 6 per cent. for 90 days and reported optimism of Harriman relative to industrial and financial conditions, were important items. Bond trading continues exceptionally heavy. Principal reason for sales of stock has been realization that corporate earnings will be large requirements on the money market as soon as there is prospect for success. The flood of money from the interior, and hoarding of the local boom, which has released thus the business recession, should provide sufficient money for all purposes, including market operations.
