BRITISH SCORE SUCCESSES IN NEW DRIVE IN WEST PALESTINE ADVANCE IS PUSHED; BRITISH ARE ONLY TWELVE MILES FROM JERUSALEM ITALIAN FORCES DEFEAT FIERCE TEUTON EFFORTS TO DRIVE SOUTHWARD

WILL BE SEEN IN CITY STREETS TODAY

American Soldiers Will Take Part in Great Victory Loan Parade.

PURCHASES SMALL Investors in Bonds of Lower Denominations Save the Day.

The small investors yesterday again saved Toronto from slipping further back in the Canada Victory Loan drive. An additional two million dollars, mostly in small subscriptions, was gathered in, but the net failed to catch the five, ten, fifteen and twenty thousand-dollar buyers, despite the hopes of the central executive. This is proving the difficult job of the campaign. The laboring and clerical classes are doing their utmost, but the higher-ups are shunning their just duties and running away from opportunity. Toronto's total at noon was \$27,835,450 to date, with a total of 6,423 subscriptions represented in the \$4,450,000 addition. The total number of subscriptions for the campaign thus far is 28,633.

Two Mighty Engines. The big tank parade thru the city this morning will be the spectacular feature, but some time during the day a monster C. P. R. engine will run by Yonge street. This is a special "stunt" arranged by Sir George Bury, of the C. P. R., and he informed H. H. Williams, one of the district chairmen, today that the mogul would make use of the car tracks on Yonge street some time Wednesday. "What the thing may look impossible, it is well to remember that in the city of Hamilton they ran several locomotives about town during the first days of the campaign, there is no reason to think that the C. P. R. will fail to send a mogul up Yonge street.

The seven American officers with the United States troops and E. I. Ruddy, chairman of the publicity committee of the Toronto campaign, gave the hundreds of passengers on the C. P. R. train from Montreal last night a very interesting time. After the private soldiers and the passengers had retired, the American officers, with the O. C., Col. Rhea, rigged Mr. Ruddy out as an international soldier. He was dressed in the breeches of an "English" tank Tommy, wore the turn of the American army, the helmet of a United States marine, and the uniform of the American soldier who was on the train. The British and the officers started thru the train.

Sold Bonds on Train. The passengers were got out of their berths and bonds offered for sale. Mr. Ruddy started the ball rolling by buying ten thousand dollars' worth of bonds, and the passengers quickly followed until a further ten thousand dollars was subscribed.

"I'll give two thousand if you'll let me get some sleep," moaned some body in a pathetic voice from behind a curtain. The "gang" took the two thousand dollar order from the elderly gentleman and retired from the train.

"I've given your tips now," said an American officer. "Don't wait till the morning." As soon as the darkies got their tips the officers took the train to change for bonds and in this way a further \$400 was raised, while the (Continued on Page 7, Column 1).

GERMAN AGENTS BURN UNITED STATES CROPS

Wheat Fields, Grain Warehouses, Flour Mills Suffer From Fires.

Philadelphia, November 20.—Wheat fields, grain warehouses and flour mills in the United States are being systematically burned by German agents, at a time when America and its allies are facing a shortage of more than 50 per cent of the necessary wheat supply.

This statement was made today by Erwin F. Smith, United States Department of Agriculture, before the National Academy of Science at the University of Pennsylvania.

Mr. Smith also advocated drafting for harvest work any men not found acceptable for the army.

"Following the world war there will be a shortage of wheat for many years. As regards the present, we know we must help feed England, Belgium, France and Italy," he said.

COSSACK GENERAL HAS THE WHIP HAND

Kaledines Controls Russian Supplies of Coal and Bread—Reported Leading an Army in Direction of Moscow.

Washington, Nov. 20.—No shipments of supplies will be permitted to go from the United States to Russia until the situation in that country clears. The American Government, before allowing the export of goods already on the docks, want to know into whose hands they will fall on their arrival.

The provisional Russian Government was given credits amounting in all to \$25,000,000, of which \$19,000,000 already had been advanced. Much of this money has been spent for supplies now awaiting shipment, and the Russians have been given vessels for its transport. Shipments will be held up by denial of bunker coal to the ships.

Conditions in Russia still are far from clear. The state department today had no additional despatches from Ambassador Francis at Petrograd, but unofficial messages coming from Sweden were that General Kaledine, betman of the Don Cossacks, who held the master hand in Russia

thru domination of the country's coal and bread supply in the Don Cossack region, was marching with an army on Voronez, 200 miles south of Moscow.

Passengers arriving at the Swedish frontier from Russia also reported that soldiers were parading the Petrograd streets bearing banners demanding a constitutional assembly of all Russia and declaring that the Bolshevik regime was more tyrannical than that of Nicholas. The passengers believed the present revolutionary government must fall, owing to lack of the support of the principal parties.

Kerensky is again reported to have escaped capture and to have gone to the front in an effort to get support.

Kerensky at Luga. Petrograd, Nov. 20.—Two army corps, loyal to the committee for the salvation of the revolution, stationed at Luga, report that Premier Kerensky is with them. Luga is 90 miles south of Petrograd.

KEEP TEUTON FORCES FROM VENETIAN PLAIN

Italians Repulse Four Strong Austro-German Attempts to Capture Passes Thru Hills on the Northern Front.

London, Nov. 20.—Between the Brenna and the Piave Rivers, on the northern front of the Italian theatre, the Italian forces are holding back the enemy and preventing his advance southward to the Venetian plains, the latter being the chief objective of the entire line along the Piave River, southward to the Adriatic Sea. Four times attacks against Monte Tomba, the chief position still blocking the way from the hilly country to the plain, have been repulsed by the Italians.

East of the Asiago Plateau the Italians are keeping up their offensive against the invaders and have taken more than 200 prisoners and a number of machine guns and several hundred rifles. Along the Piave River the enemy apparently has made no further effort to cross the stream, following the serious losses he sustained in being driven back Monday from the Zenson bridgehead.

Four Times Repulsed. The text of the Italian statement issued today reads:

"The struggle begun on the Monte Tomba-Monte Monfenera front Saturday night is continuing fiercely. The enemy four times interrupted the bombardment of our positions on the Monte Monfenera spur to launch his masses against us. Each time our troops, with courage beyond all praise, drove them back."

Menaces Macedonia. An Austrian official statement received here claims a completely successful operation against an Italian bridgehead at Feras, on the lower Vorona River, in Albania, the operation being driven off and considerable booty taken. The Daily Mail calls attention to the claim, pointing out that the Italian offensives on the lower Vorona protect the port of Avlona, from which Feras is 12 miles away, and suggests that it is the initial step in an offensive against the allied armies in Macedonia, which Premier Venizelos of

Greece and other observers have been anticipating. Avlona and the neighboring Italian lines being in the nature of flank positions of the Salonika army.

Big Troop Transfers. Copenhagen, Nov. 20.—Reports from Germany give up the hope of detaching German troops and come to terms with the central powers.

The whole despatch gives the impression of having been hastily prepared for the correspondent, and may be regarded as a feeler. Reports from Stockholm, also mentioning the hope of detaching German troops, indicate that the Swedish government is not the one in question.

German newspapers discuss with suspicious frankness and vividly the prospect of an offensive on the Salonika front, but have never in a word said about the chances of a smashing blow at Rumania in an effort to end the resistance of that nation.

Some troops are reported to have been moved to the western front, but this is not necessarily suggestive, as Field Marshal Haig's pounding tactics necessitate frequent reliefs for exhausted German divisions.

MAINTAINS HIS HOLD ON THE GOVERNMENT

Lloyd George Comes Out of War Council Controversy With His Prestige Somewhat Increased.

London, Nov. 20.—The reception of Premier Lloyd George's speech in the house of commons by the morning newspapers justifies the assumption that the storm which lately threatened a crisis has passed not only without damaging the premier's hold on the country, but perhaps even strengthening it. It is conceded, even by his opponents, that the speech was in the premier's best manner and was a parliamentary triumph. It is editorial encomiums flow freely from his supporters, while the comments of hostile critics lack the fierceness of previous denunciation.

AMERICAN SHIPYARDS COMPLETE MANY CRAFT

Twenty Thousand Tons Completed Last Week—Production is Being Speeded Up

Washington, Nov. 20.—American shipyards whose construction was commanded by the government, completed last week 20,000 tons of merchant shipping. The shipping board announced today that this brought their total output since the commanding order was issued August 4, up to 128 vessels of 158,000 tons. With speeding processes under way, tonnage soon will begin to come from the yards at a much faster rate than that, shipping board officials predicted.

GOES TO ITALIAN FRONT.

Paris, Nov. 20.—General Marie Foy, commander of the French forces in Italy, departed last night to take up his duties.

AMERICAN DESTROYER IS SUNK IN COLLISION

Twenty-one Lives Believed Lost—Tragedy Occurred in the War Zone.

Washington, Nov. 20.—Sinking of the American destroyer Chauncey, in collision in the war zone early yesterday morning, with a probable loss of twenty-one lives, was announced today by the navy department.

WEEK'S CASUALTIES OF BRITISH HIGHER

Reach Total of 32,227, as Compared With 26,059 Reported for Previous Week.

London, Nov. 20.—British casualties reported in the week ending today reached a total of 32,227. They were divided as follows: Killed or died of wounds, officers 286, men 6169; wounded or missing, officers 323, men 24,848.

BRITISH SUPERMAN HAS NEVER MADE SUGGESTION FROM SEAT IN PARLIAMENT.

London, Nov. 20.—Sir Edward Carson, in a speech in London today, defending the military and naval leaders from recent attacks and characterizing the agitation as a "sham crisis," attacked Lord Northcliffe. He said: "In the midst of these attacks a great man, a man of the highest caliber, comes to tell us that, in contrast with America, we are so inefficient that we cannot manage the war. I have a great admiration for this great man, but I think that it is a great bluntness upon his fellow-citizens, and I know it is not the view of Americans. I have had the honor of meeting many members of the American mission, and they are lost in astonishment and amazement at the energy and the effort put forward by Great Britain. I have searched the official reports, and this great man, so far as I can see, has never made one single suggestion since the war began, from his seat in parliament, when he can be criticized. I attended an historic meeting in Downing street today. America has shaken hands with England across the Atlantic. We are in the war together to the end, and will see it thru."

Real British Tank In Today's Parade

Lieut.-Col. Rhea, 20th U. S. National Army, will command the troops in the Victory Loan parade today. He will be assisted by G. Mitchell, First Depot Battalion, First C. O. and Lieut. Clarke, A. I. C. O. Major-General Leslie, Order of March. Two troops of the Canadian Dragoons, United States National Army 36th Artillery band, United States National Army 30th Cavalry, Artillery cars, Armored motorcycle section, Overseas Training Company, C. O. T. C., 39th Battery C. F. A., G. E. F., United States naval band, United States marines, Detachment of A. S. C. Two troops Royal Canadian Dragoons. Route of March. Yonge street, from the intersection of University avenue, Queen, Simcoe, King, Jarvis, Carlton, Yonge, College, University.

BOLSHEVKI CONSIDER RUSSIA'S OUT OF WAR

Declare Russia No Longer a Belligerent and Ready to Conclude a Separate Peace.

Copenhagen, Nov. 20.—The Berlin correspondent of The National Tidende learns that the German Government has received information by an indirect route that the Maximilianists in Germany have declared Russia out of the war. The correspondent asserts that the information was traced to a military quarter, where he declares, the belief is now held that the prospects for a "peace of conditions" are far better than before. He adds a long statement of the military situation in Germany, but the article is too long to quote in full.

The whole despatch gives the impression of having been hastily prepared for the correspondent, and may be regarded as a feeler. Reports from Stockholm, also mentioning the hope of detaching German troops, indicate that the Swedish government is not the one in question.

German newspapers discuss with suspicious frankness and vividly the prospect of an offensive on the Salonika front, but have never in a word said about the chances of a smashing blow at Rumania in an effort to end the resistance of that nation.

SUCCESSFUL BRITISH ATTACK ON ST. QUENTIN-SCARPE FRONT

This Austrian official photograph, taken on the British front in France, shows an overturned limber, one of the many incidents in the struggle to prepare for the battle of Passchendaele.

BRITISH IN E. AFRICA TAKE 1,000 PRISONERS

Important Positions Are Occupied and the Enemy Forces Deprived of the Last of Their Heavy Artillery.

London, Nov. 20.—Sustained pursuit of the remaining German forces in German East Africa, during which nearly 1,000 prisoners were captured, important positions occupied and the last heavy gun remaining to the Germans in the colony taken intact is reported in an official statement today.

The text reads: "Continuing the pursuit on the Makonde Plateau we occupied Lutsheni on Saturday in the face of considerable opposition, and took Field Marshal Haig's pounding tactics necessitate frequent reliefs for exhausted German divisions.

The Widow's Mite Behind the Soldier's Might Buy VICTORY BONDS

Considerable Quantity of Material and Some Prisoners Taken By Haig's Men in Thrust at German Lines—Berlin Admits Repulse.

London, Nov. 20.—Shifting this offensive to the south, Field Marshal Haig has delivered a series of attacks against the Germans in the region between St. Quentin and the Ieper Scarpe in France—territory on which there has been little fighting since the spring offensive, when notable gains eastward from Arras to Peronne were made. Details of the new offensive are not yet at hand, but the British official communication says that the stroke had satisfactory results and a number of prisoners and considerable quantity of material had been taken. The Berlin communication admits that ground has been gained on the roads leading from Bapaume and Peronne toward the important railroad junction of Cambrai.

Started at Daybreak. "Soon after daybreak this morning we carried out a series of operations between St. Quentin and the Scarpe. These operations have been conducted with satisfactory results. A considerable quantity of material and a number of prisoners have been taken, but no estimate can yet be given.

The weather has been stormy and war, rendering action by our aircraft very difficult. The hostile artillery has been active in a number of places on the Ypres battlefield, particularly in the neighborhood of Zonnebeke and Passchendaele.

Enemy's Artillery Repulse. Berlin, via London, Nov. 20.—The supplementary report from general headquarters tonight says: "There were lively artillery activities at Passchendaele and Passchendaele (Flanders). In the region between the roads leading from Bapaume and Peronne, towards Cambrai, the British attacked with strong forces and gained ground. Our counter-measures are in full swing."

BIG RIOTS REPORTED IN GERMAN CAPITAL

Fierce Conflicts Between Police and Rioters, and Many Persons Are Injured.

London, Nov. 20.—Serious rioting took place in Berlin last Sunday according to despatches received by the Wireless Press and the Exchange Telegraph Company from Amsterdam.

The message to the Exchange Telegraph Company says that the fighting between the mob and the police was very fierce and that there was a heavy casualty list as the police used their firearms.

ALLIES WON'T LOSE WAR THRU THE SUBMARINES

No Fear of Famine in Britain, Tho Food May Be Scarce Thru Shipping Shortage.

London, Nov. 20.—Baron Rhondia, food controller, in a speech in the house of lords today, said he was still hopeful that compulsory rationing could be avoided, but that it must come unless in the approaching few weeks the public fully responded to the appeals for voluntary rationing.

"There is no fear whatever of famine," said Baron Rhondia, "but the country might have to endure a scarcity."

The controller said that the allies would not lose the war thru submarines. He was sanguine there would be the necessary tonnage to provide the necessary supplies.

INDIAN REVOLUTION PLOTTED IN AMERICA

U. S. Authorities Begin Prosecution of the Anti-British Agents Said to Be Involved.

San Francisco, Nov. 20.—Efforts of the United States Government to prevent a revolution in India began today when thirty-four alleged conspirators went on trial in the United States district court.

Two things were to be accomplished by the alleged conspiracy, the government charges—India was to be freed, and England was to be forced to withdraw forces from the continental battle fronts, thus weakening the allied forces. The plot had spread freely, the government alleges, until it flourished in many places on the Pacific coast, in most large American cities, in India, and in Mexico.

Gardner Kempie, he'll soon be here. India was to be freed, and England was to be forced to withdraw forces from the continental battle fronts, thus weakening the allied forces. The plot had spread freely, the government alleges, until it flourished in many places on the Pacific coast, in most large American cities, in India, and in Mexico.

Toyland's in Full Swing--Come Choose Your Playthings Early

Our artist has made the rounds with notebook and pencil, and behold below these sketches of toys to be seen here and there in the joyful region. We submit them for your help in your Christmas buying.

A. A willing, reliable-looking Dobbins, isn't he? And right well he'll live up to his looks, you'll find. For he's a sturdy little wooden pony, made in Canada—and intended, as you'll notice, to run along on four strong wheels. He may be had in two sizes, at 15c and 30c, respectively.

B. Talk about a whole barrel of tricks! In this long, round tin are wooden bars and joints with which a kiddie may build bridges, Ferris wheels, chairs, beds, arbors—a host of things that interest both boys and girls. It is called the "Builder Toy" and priced 29 cents.

Cabinet or Drop Head Sewing Machines, Thursday, \$22.50

If Purchased for Christmas Gift, Will be Held and Delivered Christmas Week. Both Styles Guaranteed for 10 Years

THIS is one of the most important purchases made in many a day in the Sewing Machine Department, and while the shipment has been somewhat delayed, they arrived at a most opportune time, and are offered Thursday—cabinet or drop-head styles, at the same price, \$22.50.

The Cabinet machines are a most popular style, for they take up little space when not in use, the cases are practically dustproof, and they can be quickly opened for operation. They have automatic lift device, full desk ball bearings, and quarter-cut oak cases in polished golden finish. The principal working parts are of hardened steel and finely adjusted. Complete with full set of attachments. Price, Thursday, \$22.50.

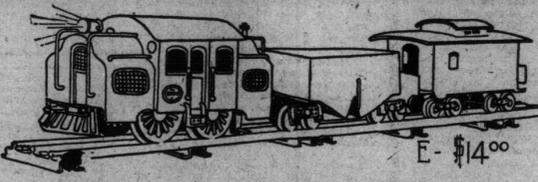

—Furniture Building, James and Albert Sts.

C. Time was when dolls were always beautiful and always good. This "Baby Grumpy," one of the best beloved of modern dollies, is just like an ordinary, everyday little kiddie, with actually a point on his face. There are little boy "Grumpies" and little girl "Grumpies," but in either case the price is \$1.25.

D. Isn't she a belle? And no wonder, for she's a real Parisienne—her frock made in latest style in pale pink silk, and her pink silk hat, adorned with an ostrich feather. Can't you just hear her calling out to you, "Bon jour, Madame"! She is priced \$16.00. Other French dolls there are at \$5.50 to \$40.00, all dressed in some such smart manner. French dolls not yet dressed are \$1.25 to \$3.00.

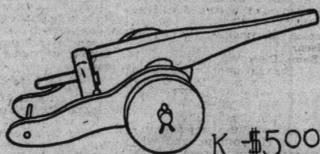

E. Ever notice the electric engine which drew your train out of New York? This one above is very much like it. It's called a "Miniature Electric Railway," and consists of engine, two cars and circular tracks, and can be run in your house by transformer and electricity. Price, \$14.00. Other electrical railways are featured at \$6.00, \$6.50, \$7.50, \$8.00 up to \$21.00, according to the number of cars, tracks, switches, transformers, etc., which are in the outfit.

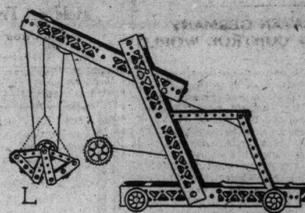

F. Baby dolls are in great demand this year, and Toyland will supply them to you, dark or fair, in long clothes or short. This one above is a dear, cuddlesome dolly in a simple white lawn frock and muslin bonnet. The price is \$2.00. Other baby dolls are to be had at \$1.00, \$1.50, \$2.00, up to \$5.00.

H. When Daddy starts criticizing the people who are running the war, just get him to try his hand at "Hustle-Tussle." It's a game of Nations, played like Parcheesi. Price, 50 cents.

K. The boy who's going to be a soldier in the Artillery when he grows up he can get a lot of practice in the meantime with this Gordon Automatic Registering Cannon. It is one of the many play guns that you'll find in Toyland—machine guns, rifles, etc. The price of it, including target and ammunition, is \$5.00.

L. Here's something to satisfy that keen desire "to make things," cherished by every small boy—"Steelrector," the steel construction outfit from which he may build bridges, derricks, cranes, skyscrapers, windmills, etc. No fear of not knowing what to do with Johnny or Robbie on a rainy day when there's a box of "Steelrector" in the house. It includes many new formations, and its pieces are adjustable to any of the other well-known steel construction units. Prices are \$1.00, \$2.00, \$3.00 upward per set, according to number of pieces.

J. "Sandy Andy" is the name of this tall contrivance above, and, as you might guess, it's one of the sand toys that small boys like so well. The sand in the funnel at the top filters into the shovel on the car, then down the incline railway the latter travels, dumping the sand into the big receptacle below. "Sandy Andy" may be had in two sizes at 65 cents and \$1.25.

What Would the Men in the Trenches Think of Us

if it were said we at home were holding back? They are suffering indescribable hardships—facing danger of horrible form—and counting it only their duty.

What would they think of us should we refuse to lend our money to send them food and munitions—to lend it to our Country with no chance of losing it?

We can give only one reply to the question, and buy, buy—buy to our utmost ability of

Victory Bonds

THE T. EATON CO. LIMITED

N. \$2.00

N. Wouldn't your little girl go into raptures over this Couch Hammock for her family of dolls? It's modeled exactly on the lines of a real hammock, iron stand, swinging seat with cushion and windshield, and a canopy of the same brown fabric that covers the cushion. The price, moreover, is the small sum of \$2.00.

R. Your old, well-loved favorite, the Teddy Bear. What Toyland or nursery would be complete without him? And you'll meet him in the Ark in many sizes. As shown in this sketch, he's a good middling size. Teddy, with a soft, silky brown coat. Price, \$1.50.

\$1.50

This is Interesting

SLIPPERS for folk dancing—they're something quite new to talk about here. But the craze has come for this tripping of the light fantastic in the old postie way, and behold the proper shoe—the one recommended by Dr. D. A. Sargent, of Harvard University, and the Sargent School of Physical Education. It has a short sole, eyelid lacing, and, of course, has no heel. The price is \$3.50 a pair. A ballet slipper of a similar type is \$3.00, and a toe-dancing slipper, with hard box toes, is \$4.75.

If you are one of those who is ever on the outlook for some new thing to send to a soldier Overseas, you may be glad to hear that those popular bits of absurdity known to fame as "Bringing Up Father," may now be had in book form. They are published in a long, narrow volume, the size of the original newspaper cartoons, and are priced at 25 cents a copy. There is not much doubt that "Maggie," "Dirty Moore" and "Father" will find a welcome in the trenches.

Anyone who is keen about the delicate enamelware that comes from the silversmith would go in to raptures over the dear vanity boxes lately arrived in the Jewelry Department. The enamel is in glorious tints of green, blue and pastel shades, sometimes inset with a floral motif or tiny scraps of landscape. The interiors of the cases, which are of sterling silver finished in gilt, are equipped with mirrors. Prices run from \$3.50 to \$15.00.

Remember that Ian Hay's new book is now available. "All In It" is what he calls the continued narrative of "The First Hundred Thousand" and "K. I." And, as you might expect, it is a capital tale. The price is \$1.25.

The next time you're possessed by doubt as to what to give in the way of wedding or Christmas present, take a little walk through the place where the odd bits of furniture are set forth, and you'll find yourself in the proverbial clover. There are hosts of charming and useful things—tea-carts, sewing tables, magazine stands, nests of tea-tables, telephone tables, dainty chairs for drawing-rooms, low stands for palms, high pedestals for statuary, fern boxes and book racks.

MEDICAL AND DENTAL INSPECTION IS ASKED

Big William Hearst Promises Deputation Government Will Consider This for Rural Schools.

Mr. J. Conroy, who outlined briefly the need for medical and dental inspection in the public schools. His remarks were supplemented by Dr. Wallace Secombe and J. A. Taylor, public school inspector, of St. Thomas.

Dr. Conroy stated that the act passed last year by the provincial government was a step in the right direction, but there was now need for compulsory inspection.

Dr. Secombe pointed out that of

ten children were handicapped in their intellectual development because of physical and dental defects which a careful supervision by skilled dentists and doctors would overcome. Children were compelled to go to school, and they should be in a position of taking full advantage of the education forced upon them. He advocated the appointment of a provincial dental officer with two assistants who should supervise the work of inspection. Ninety-five per cent. of public school children were sufferers from dental disease.

Mr. Taylor said that everything possible was being done to improve the teaching in the public schools as a means of improving efficiency of the race. Teachers and pupils were both handicapped, however, in the work by the slight ailments so prevalent among children of public school age and the surest remedy was by introducing compulsory inspection. The premier assured the gathering that the matter would be placed before the minister of education and the members of the cabinet. Any effort that would help to make our boys and girls strong and healthy was entitled to the best thought of the government. But he pointed out that it was necessary that there should be a strong public sentiment in favor of the proposition or otherwise medical and dental inspection could not be a success. Instruction was given for as practicable to teachers training in the normal schools of the importance of training the child in the care of his teeth. It would be a drastic step to say to a school board that they would have to take steps in introducing medical inspection into their schools. He, however, assured the deputation that their proposals would receive serious consideration at once.

NEURALGIA PAINS YIELD QUICKLY

Hundreds Find Sloan's Liment Soothes Their Aches.

The shooting tearing pains of neuralgia and sciatica are quickly relieved by the soothing external application of Sloan's Liment.

Quiets the nerves, relieves the numbness feeling, and by its tonic effect on the nerve and muscular tissue, gives immediate relief.

Sloan's Liment is cleaner and easier to use than musky plasters and ointments and does not clog the pores. Just put it on—it penetrates. Kills pain. You will find relief in it from rheumatism, neuralgia, sciatica, stiff neck, toothache, etc.

For strains, sprains, bruises, black-and-blue spots, Sloan's Liment quickly reduces the pain.

It's really a friend of the whole family.

Generous size bottles at drugists everywhere. 25c, 50c, \$1.00.

APOLOGY DISMISSES ACTION FOR DAMAGES

Claim for Ten Thousand Dollars for Malicious Prosecution is Dropped After Pardon is Asked.

After the defendant's apology had been received by the plaintiff, Mr. Justice Hodgins dismissed the suit of J. Leslie McNair, against W. S. Rumble and W. G. Woods, who claimed \$10,000 damages for malicious prosecution in the assizes yesterday. A free fight which took place at a rat-payers' meeting of school section No. 15, Vaughan, February 28 last, was the cause of the claim being made. It was alleged that during the fight the plaintiff kicked Rumble in the abdomen. Woods had a charge of aggravated assault laid against McNair, and when the case came up before Major Brunton at Richmond Hill on March 10 last he dismissed it. McNair, whose father was reeve of Vaughan last year, said that he had been disgraced by being arrested in the presence of the munition workers at the plant where he was employed. It was alleged that during the fight the case came to court, a number of the members of the county council were present, and as a result he was arrested. He alleged that when in public life to which he aspired, the Rumble denied authorizing the proceedings against McNair, and Woods said that in laying the information he was only doing a public duty.

Stomach Troubles Due to Acidity

SO SAYS EMINENT SPECIALIST.

So-called stomach troubles, such as indigestion, wind, stomach-ache and inability to retain food, are in probably nine cases out of ten simply evidence that fermentation is taking place in the contents of the stomach. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, and acid formation is not only unnecessary, but it involves most serious consequences if not corrected. To stop or prevent fermentation of the food content of the stomach, and to neutralize the acid, and render it bland and harmless, a teaspoonful of bisulphate of magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous consequences of indigestion, and should be prevented by the use of a proper antacid, such as bisulphate of magnesia, which can be obtained from the chemist and drugist. Do not let the stomach do the work properly without being hindered by poisonous gas and dangerous acids.—M. F. F.

ACCIDENT PREVENTION IS PROGRESSIVE WORK

Association Convention Held in Normal School is Well Attended by Employers of Labor.

The attendance at the two sessions of the Industrial Accidents Prevention Association's convention in the Normal School yesterday testified to the interest the work has for the busy men of the country. J. B. Shaw of Woodstock was chairman of the morning session. "Safety Committees in Modern Industry," by C. W. Price, field secretary of the National Safety Council, Chicago, and the workings of the Compensation Act, by H. H. Egbert of Hamilton, and S. Price, with moving pictures, illustrating the workings of the modern safety devices, completed the morning program.

J. Cockshutt, of the Cockshutt Plow Company, Brantford, was the chairman of the afternoon session, and every chair was occupied when the meeting was called to order.

Miss Nesta Edwards of the Kimberly Clark Company, Neenah, Wis., told what service work is and its value to employers. "Service work is not a substitute for long hours and short pay; it is simply good business," said Miss Edwards. She traced the beginning of this work in the industrial world, and pointed out that it had not succeeded until recently because this work was largely flavored with fraternalism, and men will have none of it. "Men do not object to be mothered, but they hate to be fathered," said Miss Edwards. She did not agree with the employer trying to find amusement for his employees or making them mental beggars by doing their thinking for them. Speaking very frankly of the conditions in many large plants, Miss Edwards told of the things as she had found them. She said lack of light meant accident, dark, dirty factories meant immoral conditions. Miss Edwards advised all employers to install a first aid system in their plants and if possible a lunch room. "The day is gone forever," said Miss Edwards, "when an employer can say to the employee, 'If you don't like it, get out'; the day has gone forever when you can lead an army from the rear. You have got to get ahead of it. Ninety per cent. of the troubles in the industrial world are imaginary," declared Miss Edwards, "and lack of comprehension is the cause of many troubles. The man are just like us, they want to know why."

G. C. Martin, of the T. H. and E. Railroad, Hamilton, spoke on the subject of the safety first organization, which, he said, was first introduced into Canada by his railroad in 1912. The method of this company, searching out danger and handling the organization, was fully explained by Mr. Martin and proved interesting.

A. W. Wright of the Workmen's

COMPENSATION BOARD WAS THE NEXT SPEAKER, AND IN HIS BRIEF ADDRESS HE POINTED OUT THE GREAT ADVANCEMENT MADE BY THE EMPLOYERS OF LABOR IN USING THE SAFETY DEVICES, THE GREAT IMPROVEMENT IN INDUSTRIAL CONDITIONS AND THE SAVING OF LIFE IN THE LAST FIVE YEARS.

"In safety work we are all allies," he said. Experience, he declared, demonstrated that accidents were not decreasing, but were on the increase. "It is difficult to get a correct record of the good work that has been accomplished. A great many accidents which happen could be prevented. Much of the trouble comes from the men themselves not using the safety devices provided."

C. W. Price spoke upon the cost of accidents to the employer, and said that out of 18 years' experience he had proved that the employers were awakening to the fact that the saving of the human equipment of their plant spelled money to them; it was good business. Every day industrial employers were giving more thought to the value of the man on the job, and that this safety idea was a movement tending efficiency and conservation

Particulars of the Death of Late Lieut.-Col. Tom Irving

T. C. Irving, general manager of Bradstreets, has received a letter from Maj.-Gen. D. Watson, officer commanding the 4th Canadian Division, in which is contained an account of the death of his son, Lieut.-Col. Tom Irving, D.S.O., C.R.E. The letter in part is as follows:

"Yesterday afternoon Col. Irving came in as usual to my headquarters, and we went over the program of work together, going into the different phases of the work already done, and mapping out the most urgent requirements for further consideration and action. He had tea with us between 5 and 5.30 p.m., and afterwards went across the road to his dugout. A short time afterwards a German airplane came over and scattered the usual nightly supply of bombs all over the area. One of these struck immediately at the door of his dugout, and as he was unfortunately sitting at the only place in the dugout opposite the door, he was hit by a piece of the shell in the chest and died almost instantly. He was buried this afternoon at a little military cemetery some distance in our rear, and his grave will be properly looked after and carefully marked.

"I would take this early opportunity of again expressing on behalf of all in this division our very sincere sympathy with you all in this your great bereavement, and it is at such times, and under such a loss, that it is difficult to find proper words for expressing the depth of one's feelings."

CHILDREN ARE PREPARING

The children of the Rosedale School kindergarten, who are to take part in the fairy play to be given in Massey Hall in aid of the Secours National, are working as enthusiastically as if they were all "grown-ups" and the success of the performance rested upon their individual shoulders.

and women. The factory has been organized on a systematic basis and everyone is out to equal the "possible" put up by the Hamilton works of the firm.

What returned soldiers think of the branch headquarters are located at 420 Roncevalles, Dundas and Keele streets, and Bloor and Lansdowne.

A Greek who called at the central headquarters of H. H. Williams' division could speak only very broken English. All that he wanted was to give the government \$50, and without asking any questions he paid over the money and walked off.

Bonds were sold to 400 aviation cadets at Leaside yesterday. Everyone of the men in the school purchased a bond.

Provincer is Ahead. Thanks to the province outside of Toronto, Ontario is two days ahead of its Victory Loan schedule, being \$8,400,000 over the required average to attain the \$100,000,000 goal by Dec. 1.

In all the province has subscribed for \$69,490,050 bonds, Toronto contributing \$27,535,450, or about 45,700,000 less than the required average amount to keep up its end.

While Toronto was falling down again yesterday the outside divisions fully maintained their average, and a surprisingly large number of places sent word that they had decided to raise the minimum appropriation originally allocated to them.

Rural Districts Subscribing. "A gratifying feature of the campaign is the manner in which the rural districts and the smaller industrial centres are taking up the loan," said G. Tower Ferguson, vice-chairman for Ontario.

British Columbia 3,308 Manitoba 11,276 New Brunswick 1,350 South Alberta 4,723 North Alberta 222 Nova Scotia 5,386 Quebec 2,382

ter of the investment funds coming out from these sections is a most hopeful sign. In the cities one naturally looks for a percentage of the bonds now being purchased to find their way into stock market channels, but this will not be the case with the outside buying.

An encouraging feature of yesterday was the manner in which Montreal and Quebec spurred forward. In the province, outside of Montreal, the organization was late in getting started, but constant improvement is being shown, and the prediction came from Montreal last night that Quebec would exceed its minimum quota by 50 per cent.

Reports from Ontario received at provincial headquarters last night unanimously agreed that the response of the small buyers was one of the outstanding features of the day. The small subscribers are greatly in the majority everywhere, and this has served to strengthen the conviction that the issue will continue to appeal to all classes.

As an indication of how popular the Victory Loan has become Dominion headquarters has prepared a list of the number of subscribers in the various provinces, showing a total to date of over 10,000 individual subscribers, against 40,000 for the last loan.

Not in any season since the commencement of the war have scores of men so fortunate in obtaining subscriptions from the old land as they have been this season, and weeks and weeks waiting to receive them—as an example, completeness in one shipment of 100,000 pairs of neckwear, and by the way, a most timely opportunity to choose the handsomest of neckwear that ever carried the Score label.

Score's are making a two-day special sale of nearly one hundred dozen of the "last minute novelties" in imported English neckwear—a riot of color and wealth of variety in patterns. Two lots of those four-in-hand shapes at two prices, regular \$1.00 and \$1.25, for 65 and 75 cents.

TO THE MEN AND WOMEN OF THE ELECTORAL DISTRICT OF WEST YORK Ladies and Gentlemen: I am a parliamentary candidate in your riding in the present Dominion general elections, the voting taking place on Monday, December 17, 1917.

Largely signed petitions and nomination papers have been presented urging me to this decision. I am delighted to act on the requests that have come to me through these expressions of confidence and through other sources.

It is a pleasure to me that in these representations people of all shades of political thought joined. It is quite true that, owing to the lack of time, no formal convention or nomination or ratification of the wishes of those who signed the petitions or nomination papers, but as I am a native-born resident of the County of York my political faith is known. In a word, I am a Liberal.

The purpose of this short statement is to bring the foregoing facts before the electors, leaving a further presentation of my views to the discussions that will take place between now and polling day.

I have to thank those who urged me to be a candidate, and know they will appreciate their responsibility as I do mine. This enables me with all the more confidence to ask for your votes and influence to elect me as your representative in the next parliament of Canada.

Believe me, women and men of West York, Yours faithfully, FRANK DENTON.

Will Decide Tomorrow on Toronto or Quebec Pros

MEET ON THURSDAY TO SETTLE LEAGUE

Pros Are Not Yet Sure of Circuit—Lalonde for Quebec?

Special to The Toronto World.

Montreal, Nov. 20.—The professional hockey situation will likely be straightened out on Thursday night when a meeting will be held to organize the proposed new league with four clubs in it. It is now assumed that the Ottawa Club will remain in the running, while the Wanderers and Canadiens are also anxious to have a playing schedule this season. Whether Quebec or Toronto will be the fourth club has not been decided. The local promoters say that they do not know of a club in Toronto, although they have been assured by the local owners of the Toronto Arena that the Toronto Company will operate a franchise if they are given one. Should Quebec decide to drop out of the running, the Toronto Company will operate a franchise if they are given one.

Quebec are now worried over the loss of Malone and MacDonald, who are filling positions in Montreal. The Toronto Company will operate a franchise if they are given one. Should Quebec decide to drop out of the running, the Toronto Company will operate a franchise if they are given one.

Among the amendments to come before the O.H.A. convention on Saturday, Dec. 1, is one introduced by Mr. N. K. White of Bradford, to reduce the age limit of the junior series from 20 to 19 years of age, which is a very radical suggestion. It is the least, and one that is sure to meet with formidable opposition at the convention.

The Returned Soldiers Association of Bradford suggested informally that the junior age limit be taken in under 21 years of age, but there has been no agreement introduced to that effect, and therefore is not before the convention. The present age rule reads as follows:

1. The association must file with the secretary an official document issued by the registrar-general of the department of the local registrar, or an extract from a church baptismal record, that the said player had not attained his 20th birthday on the first day of January in the season in which he is to play. In addition, the secretary upon receipt of such declaration shall issue a certificate entitling the said player to play with the club specified, and no player shall be allowed to compete in any junior match without first producing such certificate to the referee.

Mr. White's amendment is to reduce the age limit by one year, and his contention is that such a change will be a benefit to the smaller players. This argument, however, is not likely to hold water, as the 20-year-old rule has proved one of the most satisfactory rules in the book for a great number of years.

At a meeting of the executive of the Kingston Hockey Club it was decided to enter two teams in the O.H.A. A junior and an intermediate. The junior team, Jack Powell was re-elected as manager, as well as the other officers; treasurer, William Driver.

The Ottawa Hockey Club, in its announcement last week, has decided to enter two teams in the N.H.A. The first team is to be announced in the near future. The second team, which is to be announced in the near future, will be a junior team. The team for the first game will likely be composed of the following players: Shore, point; Gerard, center; Nichol, center; Darragh, right wing; and either Denney or Boucher at left wing. If Boucher's knee improves he will be the regular for the position. If not, Denney will be the regular. The referees are Mooney, Bruce and Dowry.

The most important amendment to come before the O. H. A. annual convention will be one introduced by Mr. W. A. Fry, of Dunnville, to change the rule of the game so as to permit six-man hockey. This question has been before the O. H. A. many times before in different forms, but this year it has a much better chance of being adopted, especially as amendments have also been introduced which practically make it the same O. H. A. game as before, with the exception that the referees will be six men a side on the ice instead of seven. As a war measure it will likely

OLD-TIME RUGBY STARS PERFORM IN ENGLAND

Extract from a letter from Captain Harold Campbell, the Varsity half-miler, to his father:

"Yesterday there was a rugby game here between Seaford and Witley, and it certainly reminded us of old times at the Varsity. I was in the Seaford team, and 'Ham' Pottery, the old Tiger wing man, Witley had the famous old Varsity pair, Jack Maynard and Pete Campbell along with Hume Crawford and Hal DeGruchy and Gord McLaren. So, you see, there were some famous stars from Varsity, among them A.A. and Tigers; and they all played great rugby yesterday, in spite of the all-pervading condition of the field."

"In spite of the fact that Witley won by 14 to 1, it was an astonishingly good game to watch, and not one-sided, as the score would indicate. Hal DeGruchy did some great punting and tackling, and Maynard and Campbell pulled off some of their old-time combination runs for Witley, while Frank Knight at Seaford was the bright star for Seaford. He was in every play, and his tackling was as good as ever. He provided one of the ever this year, owing to his sprinting during the summer, and pulled off a nice 40-yard run."

"It was a treat that few of us expected to get over here to see a real game of high-class players participating. Last Saturday, when the Seaford players, a game, 7-11, George Bickell played for Seaford, and did some great running and kicking. I shook hands with Hume Crawford, Pete Campbell, Jack Maynard, Gord McLaren, Lee, Murray and a few other chaps yesterday. It was quite a reunion."

meet with the approval of the majority of the delegates to the convention. O. H. change will be made in the present O. H. A. constitution, which provides that a player who commits a foul on the ice will be ruled out of the game. This is expected to work out satisfactorily and result in much cleaner play on the ice.

As the six-man game is very hard on the players physically an amendment has been introduced to provide one extra player for each team for each game as a means of enabling teams to make changes on the ice at their discretion. The amendment reads as follows:

1. The game is played on ice by teams of six on each side, with a puck made of vulcanized rubber, one inch thick all over and three inches in diameter. The center, right wing, left wing, in addition to the players mentioned each team may use an extra player as a substitute, but there shall not be more than six players a side on the ice at any time during the match.

By J. Ross Robertson, proposed amendment: Substitute the following clause: 1. The game is played on ice by teams of six on each side, with a puck made of vulcanized rubber, one inch thick all over and three inches in diameter. The center, right wing, left wing, in addition to the players mentioned each team may use an extra player as a substitute, but there shall not be more than six players a side on the ice at any time during the match.

By J. Ross Robertson, proposed amendment: Substitute the following clause: 1. WHAT WOULD GEORGIA TECH DO IF THEY WERE PERFECT?

Three Marvelous Players on this Football Team — Jerry Cole Surprised — Kid Elberfeld Out, But Who Did the Trick?

By FRANK Q. MENKE.

New York, Nov. 20.—The footballers from the Georgia Tech. school have had a wonderful showing this year. They have steam-rolled every enemy that has faced them, overwhelming them with record-making scores. That in itself is a remarkable feat, but the most amazing part of it is that three of the stars of the Tech. team are working under a physical handicap.

Frank Freeman, member of the alumni council of the Georgia Tech., is authority for the following statement: "Strapper, the great halfback, is so deaf that he cannot hear signals called, and therefore, does the calling himself. Fincher, the left tackle of the team, has one good eye and one glass eye. Carpenter, the other tackle, has one eye and one glass eye."

Can You Blame Jerry? Jerry Cole, a middleweight batter of Erie, Pa., has what you might call a grievance. This is the story: Jerry was offered a chance to swap punches with Mike O'Dowd in New York on October 27. The offer found Jerry with a wounded mitt, which caused him to express regret. On the night before he was scheduled to take place Jerry was in Kane, Pa. Imagine his surprise the next morning when he read a press association story in an Erie paper which read as follows:

"New York, October 27.—Mike O'Dowd, of St. Paul, defeated Jerry Cole, of Erie, Pa., in the third round of a ten-round match in Brooklyn tonight. The latter scored a knockdown in the first round and two in the second. In the third round O'Dowd's heavy blows sent Cole thru the ropes."

"Sik" Like a Prima Donna. Sik O'Loughlin poked a finger at us and queried: "Name it." "I wish you would write a little piece about my eye and have it inserted in the paper. For some reason or other the public has the idea that because my hair is tinted a little with white at the edges and because I have been unpaired for about 20 years that I have nothing on Methusalem."

"And have you?" "No—no siree. I am only 40 years old."

"Yes, sir, 40, that's it; my correct age. Put that in the paper, will you? And get the number 'right-40'."

VICTORIA DOWNED BY ARTS' FOURTEEN

Easy Victory in Mulock Cup Fixture—Tore Holes in the Line.

University College outclassed Victoria in a Mulock Cup game at Varsity Stadium yesterday afternoon, which had even the score, considered as it was, a true idea as to the comparative caliber of the teams. "Arts" won by 28 to 6, and might have won far as far again if they had so desired. Arts bucked valiantly with little success, however.

McGILL RUGBY PLAYER BACK FROM THE FRONT

Special to The Toronto World.

Montreal, Nov. 20.—Lt. A. A. Brown, another well-known Rugby player, was in Montreal today on his way to his home in London, after seeing over two years in the front line of the war. Lt. Brown was wounded behind the ear and has been sent back to Canada on military duty, to report in England again as soon as he has recovered his hearing.

Lt. Brown was one of the champion McGill team during the season of 1912, and played on the team during the season of 1914, when intercollegiate football was abandoned owing to the declaration of war.

On his way home Lt. Brown spent several days in London, where he talked over the scores, considered as it was, a true idea as to the comparative caliber of the teams. "Arts" won by 28 to 6, and might have won far as far again if they had so desired.

CHRISTMAS TREAT AT BASE.
Red Cross Will Provide Presents for Soldiers at Hospital.

The Toronto branch of the Canadian Red Cross Society has decided to arrange a Red Cross Christmas at the Base Hospital. It will require a thousand stockings for this purpose—practically the same as those sent overseas, made alike of white mosquito netting (a square effect), 18 inches long by 1 1/4 inches wide (these measurements allow for turning the edges in), button-holed with crimson wool. Patterns may be secured at 38 West King street. Those who have no time for filling the stockings may send in money. Empty stockings for filling can be obtained. The stockings will require to be in by Tuesday, December 18. This early date is suggested owing to the possible absence of some of the men who will be on leave for Christmas Day and Eve.

LADY GREGORY'S PLAY.

Two of Lady Gregory's plays were read by Rev. J. C. Hodgins at the Conservatory School of Expression in the course of an address on her Irish drama. Other Irish dramatists who came into the review were W. B. Yeats, W. J. Sinque, Douglas Hyde and George Moore.

TORONTO NURSES MEET.

The regular meeting of the Toronto chapter of the Graduate Nurses was held in the General Hospital, when an address on the Victory Loan was given by W. E. Rundle and Miss

Una Saunders of the Y. W. C. A. gave an address on the relationship of the association to the nursing profession.

OBJECT TO "UNEMPLOYED."

Women Will Try to Have It Changed on Voters' Lists.

At a meeting of the Women Citizens' Association held at headquarters, 205 Yonge street, it was decided to endeavor to effect the discontinuance of classing the housewife as "unemployed" and to secure a better basis for placing her name upon the voters' list. Women who are not enrolled on the municipal voters' lists were advised to appeal to the court of revision before Dec. 5, and those who should be and are not on the general lists were advised to state their case before the court of appeal.

ASK PROHIBITION PLEDGE.

A resolution calling upon temperance people everywhere in Canada to demand from all candidates for parliament a pledge to support a measure for Dominion-wide prohibition as a war measure was passed by a meeting held under the auspices of Tennyson Smith, in the Royal Templar Hall, Queen street and Dovercourt road, last night. The resolution was introduced by Samuel Harriman and seconded by William James. Mr. Tennyson declared that Mr. Robert Borden should declare the position of the Union government on a measure of this kind.

SOCIETY CONDUCTED BY MRS. EDMUND PHILLIPS

Her Excellency the Duchess of Devonshire accompanied by Capt. Kenyon-Slaney, was present at Ashbury College when the memorial tablet in honor of the late Mr. Laurence Sladen, Lieutenant, P. C. L. I., youngest son of Mr. and Mrs. A. F. Sladen, was unveiled after the evening services at the college.

His Excellency the Duke of Devonshire has graciously honored with his patronage the Victory Loan ball in Victoria, B.C., on Friday. The ball will take place after the state dinner at Government House. Patronage has also been given by His Honor the Lieutenant-Governor and Mrs. Barnard, the Premier of British Columbia and the members of the cabinet. Admiral Storey and Major-General Locke. Victory bonds will be purchased with the proceeds, which will be divided between the Red Cross Society and the Patriotic Fund, hence three great causes will be helped along.

The president of the university was the guest of honor of a luncheon party held by the executive committee of the Toronto University Club in Ottawa. Mr. Justice Duff presided, and matters pertaining to the university were discussed.

Mr. and Mrs. Harry Miller, Mr. O'Malley, Mrs. R. O. Mackley, Mr. and Mrs. R. W. Eaton, Mrs. Walter Glenn, Mrs. Frank Cowan, Miss Falconbridge, Miss Henrietta Tyder, Miss Dorothy Brown, Mrs. William Chadwick, Mrs. Frank Kenrick, Miss Grace Boulton, Mr. E. W. Schuch, Mr. and Mrs. Freeman, Mrs. Johnson, Mr. and Mrs. Bruce, Mr. and Mrs. King, Mrs. King, Mrs. Wallace, Mrs. Norman C. Stephen, formerly Miss Viola Ferguson, received yesterday afternoon for the first time since her marriage at her pretty flat in the Alinger, North Bloor street, when she was looking very pretty in her wedding gown of white satin, crepe and chintilly lace, embroidered with pearls, a corsage bouquet of pink roses; Mrs. Ferguson received with her daughter and silver-wedding hat to match. Mrs. Leve also received with her sister-in-law, wearing pale grey georgette crepe trimmed with tiny pink roses and black velvet hat. The drawing room was bright with bouquets of russet crysanthemums and all the bride's pretty wedding presents, the table was almost covered with a tablecloth of fine Madeira embroidery and in the centre a brass basket of pink roses and narcissus, bedecked with tulle. Mrs. Ross Stewart and Mrs. E. C. Knox poured out the tea and coffee, assisted by Miss Knox, Miss Edna Crawford, Miss Lucy Love, Miss Eakins, Miss Dorothy Hulsh, (Philadelphia), Miss Florence Smith, Mrs. Darling also assisted. Major Bredford O'Reilly has left for Montreal on examination business in connection with the imperial loyal Flying Corps.

Mr. and Mrs. Herbert Mowat returned from St. Catharines the end of the week.

Miss Constance Boulton went to Chatham yesterday morning to deliver two addresses.

Mr. James Fergie, Mrs. Fergie and Miss Elizabeth Coulthard have arrived from England and are staying a few days in Pembroke and are expected in Toronto later the week.

Mr. Robert Hobson, Hamilton, is at the Chateau Laurier, Ottawa.

Mrs. Charles Kingsmill returned on Saturday from New York, where she spent a week.

Miss Tudor Montizambert is in town from Ottawa on a short visit.

Mr. and Mrs. Andrew Joseph and the Misses Muriel and Sophia Joseph, Quebec, who are at the Ritz Carlton, Montreal, are leaving next month for Toronto, and from there will go south for the winter.

Lady Flaville is in Ottawa at the Chateau Laurier.

Mr. and Mrs. F. N. Beardmore are in New York, staying at the Astor.

Mrs. Lawrence Taylor and Miss Milly White are expected in Ottawa this week from the Welland, St. Catharines.

Miss Edna Kinross, who has been visiting Miss Lemoine in Ottawa, is now the guest of Mrs. D. Davidson Erwin.

Mr. and Mrs. J. E. Lee, Edmonton, Alberta, arrived in town from England on Friday and are the guests of Mr. and Mrs. E. J. Minett, 189 Rushton road.

Mr. and Mrs. O. B. Sheppard have left for Atlantic City. Mrs. Victor McWilliams is with Capt. McWilliams in New York, will join them there.

Mr. and Mrs. Walter Shipman, Guelph, Ontario, announce the engagement of their youngest daughter, Clarissa Rae, to Mr. Raymond F. Miller, Toronto. The wedding will take place in December.

A man in New York declares a tremendous saving in wool would be effected if the women could be educated thru the retail shops to buy more heavy cotton goods, such as velveteens, corduroys, etc., impressing them with the fact that so doing they are saving enough wool to clothe a soldier.

The first annual meeting of the Lourdes Patriotic Society took place yesterday at the home of Mrs. J. J. O'Reilly, president, in the chair. The report was read, showing 613 pairs of hand-knitted socks sent overseas, 16 pairs of pyjamas sent to the convalescent hospitals in town, also 60 jars of jam, 142 Christmas boxes sent overseas, each containing 2 pairs of socks, a prayer book and an assortment of tobacco, chocolate, Christmas puddings and cakes, etc. Thirty dollars was also sent to the prisoners of war fund.

Mrs. K. Jordan, second vice-president; Mrs. D. O'Keefe, secretary; Mrs. McCormack, convener of the sock committee. At the close of the meeting there was a very jolly little tea party.

PRETTY GIRLS PARADE IN BEWITCHING FURS

Under the personal direction of Mrs. Mosher, members chosen from her different dancing classes took part in a decidedly effective fashion parade in connection with the regular Mosher dance at Columbus Hall last night. The young girls chosen to wear and exhibit the costly models supplied by the firm of Sellers-Gough were selected according to their individual types, and presented one of the most captivating galaxes of amateur mannequins that could well be imagined, from the tiny doll-like brunettes in her quaint moleskin capeline to the stately blonde in sumptuous robe of seal and lynx, who led the parade of make-believe models.

The regular dancing was interrupted at 10 o'clock when Mr. Mosher made the announcement from the balcony that the pageant which had been so successful a feature last winter would be repeated on a more elaborate scale than ever.

With special musical accompaniment, the curtains of the stage parted to reveal artistic futuristic settings designed by C. L. Clemens especially for the show. The girls approached the footlights one at a time to music to display their beautiful wraps and walked down steps erected at the centre of the stage to the dance floor below, where they paced to soft musical accompaniment before several hundred interested and enthusiastic spectators.

Among the members of Mrs. Mosher's classes taking part were: Miss Marjory Nicol, very handsome in a long seal coat and close-fitting oyster white turban generously trimmed with kolinsky; Miss A. Brown, exceedingly pretty and noticeably graceful in a slightly frosted sea with handsome metallic ornaments.

If we were asked to lend our money without interest to our country at this critical time, the sacrifice would be nothing compared with the sacrifices our soldiers are making.

But, instead, we are offered more than 5 1/2% interest, and the safest investment in Canada--

Victory Bonds

Let us make our subscriptions worthy of this great patriotic business opportunity.

and carried out under the direction of Mr. Mosher.

Toronto society enjoyed the treat. The resourcefulness of the fashion artists was revealed in every model that passed in review. The furs and fur coats from the Sellers-Gough show-rooms were keenly admired. There was a galaxy of captivating styles which at once bespoke the master hand of the expert designer.

It was such a suggestive array from fashion's storehouse that military of Toronto should find her lack of fur style selection simplified.

This fashion parade will be repeated on Thursday night, and as on Tuesday, it will be preceded by a dance.

Getting Too Fat? Try This--Reduce

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist (or if you prefer, write to the Marmola Co., 34 Woodward Ave., Detroit, Mich.) for a large case of Marmola Prescription Tablets. This is the price the world over. By doing this you will be safe from harmful drugs and be able to reduce two, three or four pounds a week without dieting or exercise.

FASHIONABLE TORONTO ENTERTAINED.
Columbus Hall Scene of Fascinating Fashion Parade on Tuesday Night.

It would require a wide search to discover a more appreciative gathering than met in Columbus Hall last night on the occasion of the annual fashion parade. That it was a huge success is easily understood when it is known that the program was made

The Road to Victory
Is Paved With
VICTORY BONDS

Our Canadian soldiers have the spirit, the heart and the purpose that wins Victories.

Would you refuse them food?

Victory Bonds will clothe and feed our soldiers--will support those brave lads who are protecting our wives, children and possessions.

Victory Bonds are the one road to victory. It is because of this, because your money loaned to the Government will insure the preservation of Canada and the Empire--that you dare not hold back. The safest place for *all* your money is in Victory Bonds.

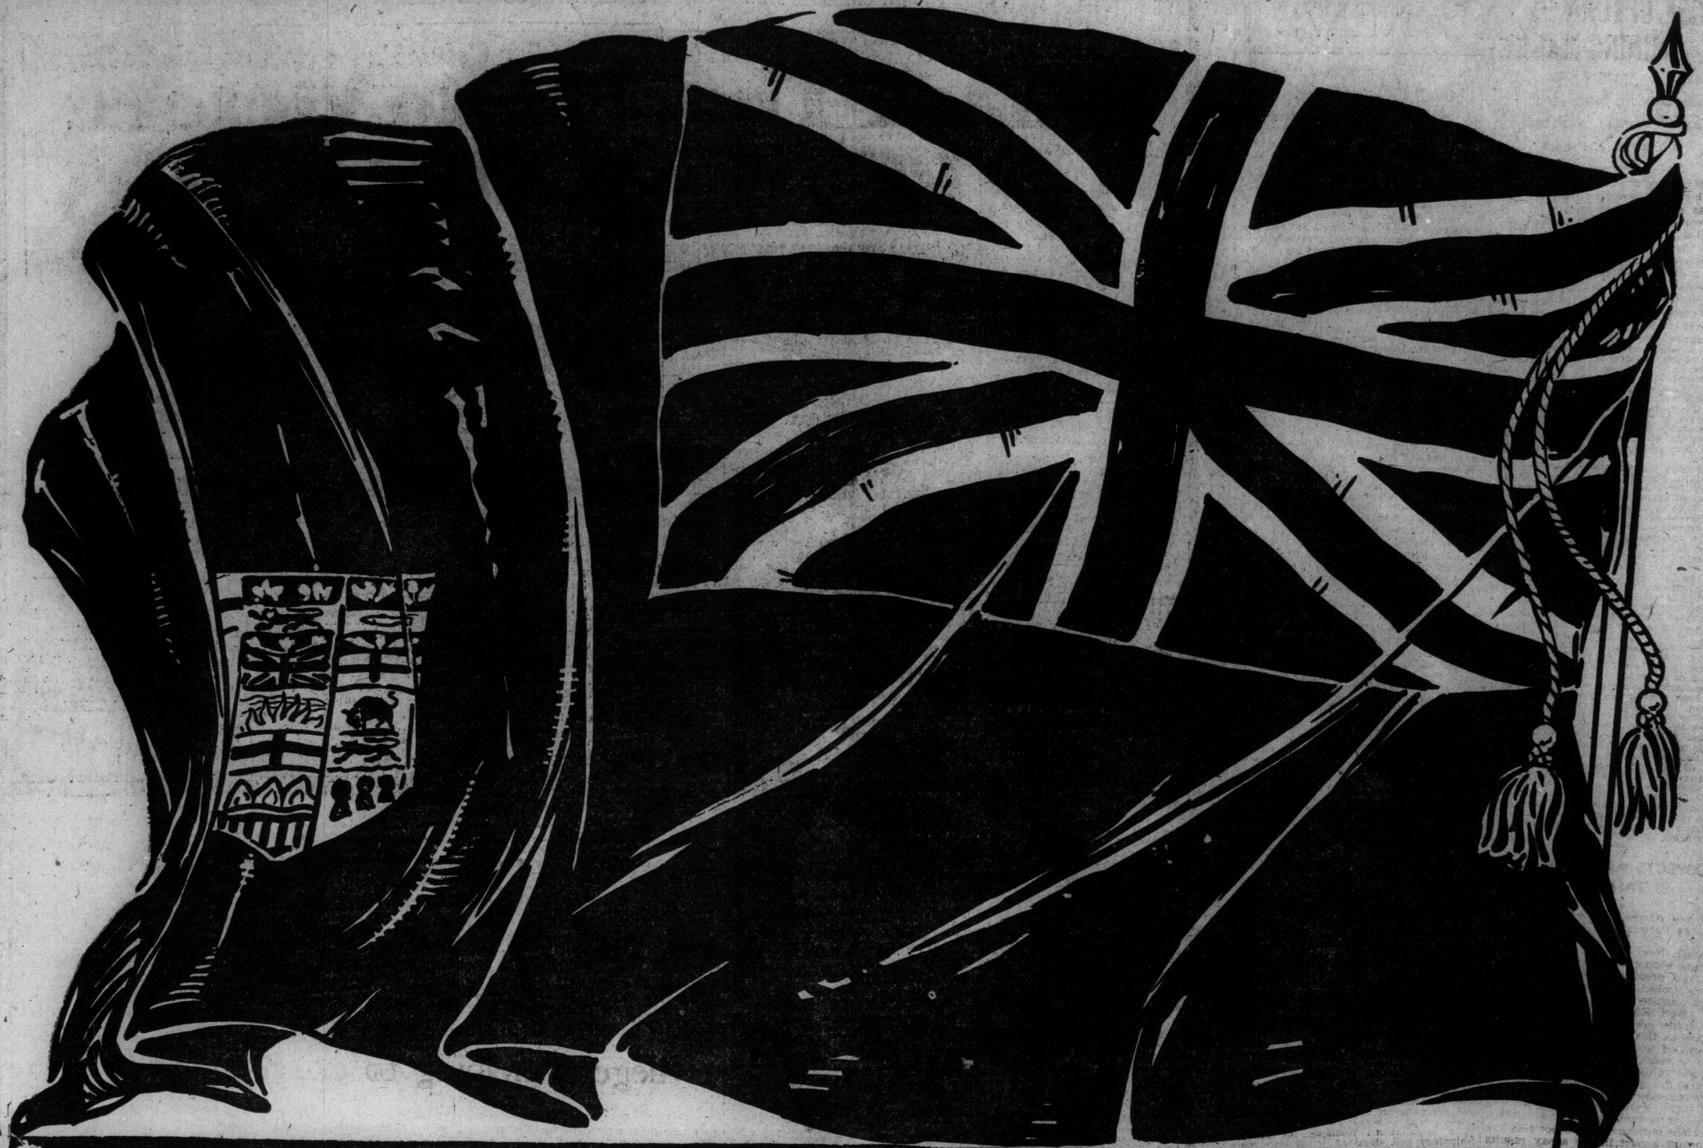

Both patriotism and self-interest point the way.

Buy all you can--your bank or your employer will explain how you can get them on easy partial payments.

In Flanders' Fields.
In Flanders' fields the poppies blow
Between the crosses, row on row,
That mark our place, and in the sky
The larks, still bravely singing, fly,
Scarce heard amid the guns below.
We are the dead; short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders' fields.
Take up our quarrel with the foe!
To you from failing hands we throw
The torch; be yours to hold it high!
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders' fields.

BRISK UPTURN IN MINING MARKET

Public Buying is in Evidence, and Strength is Shown Throughout the List.

The burst of strength and activity with which the Standard Exchange closed yesterday afternoon gave rise to hope that the long-awaited turn in the mining market has come. Trading has been for some time largely in the hands of the professional element, and it is believed that a considerable short interest is still in existence. The revival of public buying yesterday was hailed with satisfaction, except by the bears, whose buying to cover commitments is likely to quicken the upward movement. It is stated that quite a large number of orders to buy a little under the present quotations are on the books of brokers, but if the upward continues for a day or two it is probable that the majority of such would-be purchasers will scramble to have their orders filled. The situation in the north is reported to be considerably better of late, and such improvement will be particularly welcomed by holders of Dome, Hollinger and McIntyre.

The chief activity yesterday centered in McIntyre, which accounted for a total of nearly 100,000 shares. The close swung within a two-point limit, the close at 1 1/2 being a point up from Monday. It is reported that recent discoveries on the property have added materially to its ore reserves, and that the stock as it is put on the market is being steadily taken up by insiders. Dome finished at 68, 50 points up, and the final bid was 65. Holly was firm at 460 bid, but the closing bid of 35 was strong. There were no transactions in Buchanan. The company's output is said to be running about \$20,000 a month. West Dome was also higher at 1 1/2 bid.

OPHIR TO FORT.
Ophir was again the feature of the mining stocks selling up to 1 1/4. The market is still awaiting the word of the final of silver on the property, but in the meantime Ophir is classed as one of the best speculative purchases in the market. Strength was well distributed thru the list, and the general feeling is that the future of the Ophir property as secured by the United States Government as low as 50 cents. Atlantic at 14 showed a gain of 1/2, and Harveys was up to 1/2. England and Tumbler were up to 1/2, and the other firm features. Beaver sold between 2 1/2 and 3, at which price it is figured that the market value of the entire stock issued is less than the amount at which the Kirkland Lake property could be sold.

PROSPECTS ARE GOOD IN TASHOTA SECTION

Hull and Kipper Properties Regarded as Particularly Promising.

Cobalt, Nov. 20.—Prospects in the Tashota section of the Kowakish gold area look promising. Among the properties looked upon as of more than usual promise is that of Nelson Hull and Albert Kipper. A large body of low grade ore has been exposed on the surface on this property. The body is understood to be one hundred feet or more in width and contains encouraging gold values. In fact, the gold on the surface, the quite low, are due to the enormous size of the body, considered high enough to make the whole of commercial value. Thus, if surface enrichment does not play too important a part in the assay results obtainable on surface, the proposition appears to be in line for developments of interest.

STRENGTH PREVAILS IN LEATHER MARKET

The general leather market, says Dun's Review, is in a very strong position, and while activity has lessened in some lines, there is a considerable amount of business in most varieties of sole and upper, and heavy purchases have again been made by the British buying commission of upper stock. Especial activity rules in heavy-weight sole, owing to government work, and also in heavy upper for army shoes and for the stock for women's footwear. Sole leather is strong, especially in heavy weights, which are in short supply.

MANY MANITOBA APPEALS

Winnipeg, Nov. 20.—Practically one-half of the men refused exemption by Manitoba tribunals to date have filed notices of appeal. Registrar Chapman has already received upwards of 900 notices and several hundred men are on the way to him as a result of the adverse decisions rendered since Friday.

CONTROLLER OF LABOR

Medicine Hat, Nov. 20.—Hon. A. L. Sifton opened his campaign by addressing a large public meeting here last night. He announced that after the election a controller of labor, who would be a labor man, would be appointed as cabinet minister from the members of the house of commons.

ENGINEERS WANT INCREASE

Victoria, Nov. 20.—Engineers in the lumber mills of the island have notified employers that they want the 10-hour day reduced to one of eight hours, that they demand a readjustment of the wage scale and double time for all overwork.

Doctor Tells How To Strengthen Eyesight 50 Per Cent. In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa.—Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that, according to Dr. Lewis, there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything near and far, and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed to be with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time, and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of

NO SLACKENING IN INDUSTRIES

Orders From United States Offset Loss of British Contracts.

In reference to industrial conditions in Canada the monthly commercial letter of the Bank of Commerce says: The cessation of orders for certain kinds of munitions has necessitated the readjustment of several manufacturing plants, but generally speaking there is no diminution of industrial activity. Orders for equipment for the new army of the United States have been placed in Canada and, in some instances, Canadian manufacturers are operating plants in that country for the same purpose.

The demand for metals, especially iron and steel, continues to be very exceptional and is so far from being fully met that official requests have been made that the utmost economy should be practised in their use. During the first six months of the current year the steel produced amounted to 282,419 short tons, an increase of 246,898 tons or 42 per cent. Of the first 152,000 tons were produced, an increase of 45 per cent. Imports of steel for the first six months of the fiscal year total 139,840 tons, compared with 47,493 tons in the same period last year. These figures indicate the larger manufacturing capacity of the working plants, many of which are suffering embarrassment thru the lack of a regular supply of raw material.

Continued efforts are being made to employ all existing facilities for the building of ocean-going vessels, on the supply of which so much depends.

Mining Situation.
Scarcity of labor and high prices for the products of the mines are stimulating enterprise and ingenuity. Experiments are being conducted in recovering the potash contents of the raw material used in the manufacture of cement. In British Columbia the lead producers have come to an arrangement under which they will supply a greater proportion of the home requirements. As a result of the shortage of labor the coal output is below that of last year. In the metalliferous mines the labor situation has improved and shipments have accordingly increased.

It is estimated that the ore reserves of the various gold mines in the Porcupine district represent a value of \$60,000,000. In the first six months of the current year there was a slight decline in the amount of gold produced, owing to the shortage of labor and other troubles. Some of the leading mines are at present devoting their attention to developing their ore bodies and increasing their milling capacity with a view to working on a larger scale when operating costs are more normal.

NEW YORK STOCKS DISPLAY STRENGTH

Budget of Favorable News Gives Cheer to Wall Street.

New York, Nov. 20.—The decision of the railway executives to place their interest with the government in the event of further labor difficulties, and the more encouraging reports from abroad, acted as a further stimulus to quoted values in the stock market today. Gross gains of 2 to almost 5 points in leading issues were well sustained, despite intermittent realising for profit. Shipments and standard equipments were the chief elements of strength with copper and kindred stocks.

United States Steel, relatively in the background recently, furnished much of the day's propulsion on its advance of 1 1/2 points, to 96 1/2, the highest quotation since the early part of the month.

Rails were held back until the last hour by occasional heaviness in Canadian Pacific, Union Pacific and Delaware and Hudson, but tended higher as a group, low-grade or recognized shares affecting a fair inquiry. Sales amounted to 785,000 shares.

Most call loans were again made at 5 per cent and time accommodations hardened for the longer dates. Foreign exchange was unsteady, except for the low rate of 87 1/2 for livres.

Distinct improvement was shown by all classes of bonds. The Liberty 4's ranged from 97 to 97 1/2, with greater activity in the 3 1/2's at 99 1/2. Total sales, per value, \$4,925,000.

TWO BURNED TO DEATH

Brandon, Man., Nov. 20.—While using coal oil to light a fire, the oil can exploded with the result that Mrs. Stafford and her five-year-old child were burned to death at their home in Virden this afternoon. Three other children who were in the house were got out safely and the building was saved.

DUKE AT VANCOUVER

Vancouver, Nov. 20.—The Duke of Devonshire, governor-general of Canada, arrived in town late last night by special train from the east and left here immediately for Victoria, where he will remain the rest of the week. He will return here next week.

VANCOUVER'S SUBSCRIPTIONS

Vancouver, Nov. 20.—Vancouver's contribution to the Victory Loan now totals \$2,423,500. The \$5,000,000 mark is expected to be reached by Wednesday noon.

OVER at the battlefield, rolling onward remorselessly, its guns belching forth disaster and death to the enemy, the Tank smashes through all obstacles that bar the way.

And here in Canada the Victory Loan brings to every one of us the privilege of helping to crush the Hun with our money.

We cannot all serve in the trenches; we cannot all fire a gun or help to man a Tank; but we can all buy Victory Bonds.

What of your money? Is it helping to smash through to Victory?

The amount of the Victory Bonds you buy is the measure of your fighting power.

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

TRADE OF CANADA STILL EXPANDING

Large Increase Shown for October and for Seven Months' Period.

Ottawa, Nov. 20.—An increase of approximately \$273,000,000 for the first seven months of the fiscal year ending with October, as compared with a similar period last year, is shown in the trade statement for October, just issued. For the seven months the trade in the Dominion totaled \$1,586,616,258, as compared with \$1,313,189,951 last year. For the month of October alone Canada's trade amounted to \$238,844,321. In October, 1916, it aggregated \$164,330,178.

Exports of domestic goods for the seven months were to the value of \$922,195,134, as compared with \$622,049,481 last year. These figures include coal and bullion. Imports for the seven-month period amounted to \$663,749,923. During the seven-month period last year imports aggregated \$488,132,928. Dutiable goods were to the value of \$446,108,703, on which the customs collections amounted to \$102,102,365. Free goods imported were to the value of \$221,629,217. During the same period in 1916 dutiable goods worth \$254,580,838 were brought into Canada and \$2,177,312 was collected in customs duties. Free goods importations were valued at \$207,630,647.

Manufactured goods to the value of \$420,850,872 were exported, a big increase as compared with last year when domestic manufactures to the

EXPORTS OF CORN TO BE INCREASED

Lessening of U-Boat Danger Causes Rise in Price.

Chicago, Nov. 20.—Chances of enlarged exports resulting from the lessening of the U-boat danger had a decided bullish effect today on corn. Prices closed strong, 1 1/4 to 2 1/4 net higher, with January 1 1/4 to 1 1/2, and May 1 1/4 to 1 1/2. Oats raised 1/4 to 1 1/4, and provisions 1/4 to 3/4.

Corn prices went up-grade from the start and finished at substantially the highest point reached. Attention focused chiefly on Lloyd George's statement that there was now no fear of the submarine menace. Buyers drew the inference that ocean trade would be greatly facilitated and that much more corn than had been figured on would find an outlet overseas. In this connection sharp notice was taken of remarks by Chairman Wheeler, of the Illinois council of defence, emphasizing the shortage of wheat. The better tone of the New York stock market tended further to strengthen corn. About the only corn that had been figured on would find an outlet overseas. In this connection sharp notice was taken of remarks by Chairman Wheeler, of the Illinois council of defence, emphasizing the shortage of wheat. The better tone of the New York stock market tended further to strengthen corn. About the only corn that had been figured on would find an outlet overseas. In this connection sharp notice was taken of remarks by Chairman Wheeler, of the Illinois council of defence, emphasizing the shortage of wheat. The better tone of the New York stock market tended further to strengthen corn. About the only corn that had been figured on would find an outlet overseas. In this connection sharp notice was taken of remarks by Chairman Wheeler, of the Illinois council of defence, emphasizing the shortage of wheat. The better tone of the New York stock market tended further to strengthen corn. About the only corn that had been figured on would find an outlet overseas. Canada's Victory Bonds

WHY should you subscribe for Canada's Victory Bonds?

BECAUSE our National safety is at stake, and Canada must have money to support our soldiers fighting in France.

This Bank will accept Victory Bonds to the amount of \$1,000 from any one person for safe-keeping for one year without charge.

Loans will be made to wage earners on favourable terms for the purchase of Victory Bonds. How much will this enable you to subscribe for?

BETTER TONE IN TORONTO MARKET

Mackay and Twin City Respond to New York's Buoyancy—Dom. Steel Firm.

The improved tone in the Toronto market yesterday was chiefly manifested in higher quotations for the listed stocks which made fair response to the bullishness in New York. Mackay opened weak at 70 1/4, but soon developed strength, and its close at 72 1/4, the high point of the day, was 1 1/4 above Monday's level. Twin City, in which there had been no transactions since its lowest level in ten years was established at 69 1/2 a week ago, ruled strong at 71 1/2. Dominion Steel was traded in at 83 a point above the last previous high. Steel of Canada and Canada Cement, on which bullish reports have been spread within the past few days, continued in limited demand, the former selling at 60 and the latter at the minimum of 57. Ten shares of Winnipeg Railway, on offer recently at 48, came out at that figure. The first and second war loans closed even at 95, the first being 1-5 off and the latter unchanged. The third issue, in which there was the greatest activity, closed at 93 7/8, or 1-4 higher.

LAND SALES OF C.P.R.

Revenue for First Ten Months of Year Shows Increase. The following statement has been furnished by E. W. Beatty, vice-president of the Canadian Pacific Railway. "My attention has been called to a published statement that there are practically no bids for Canadian lands, and that it is difficult to see how the Canadian Pacific with its immense holdings of lands can do anything but drag lower as its earnings drop." The Canadian Pacific land sales for October, 1916, amounted to 450,577 acres at a price of \$880,819; for October, 1917, sales amounted to 32,533 acres at a price of \$1,456,461. For the ten months ending October, 1916, the total sales were 316,796 acres for \$4,963,116, while for ten months ending October, 1917, 543,116 acres were sold for \$9,627,636. "I am giving you this information on behalf of the natural resources department of the Canadian Pacific and shall be glad if you will correct the published statement."

AWAIT COTTON REPORT

J. P. Bickell & Co. received the following wire at the close of the New York cotton market: "Following the market's extensive advance the market seemed today to be awaiting further developments in Italy, and the trading element were disinclined to make commitments until the issuance of the census giving report, giving the amount ginned to Nov. 14. These figures will be published at 10 o'clock tomorrow morning and will compare with 8,415,000 bales ginned to Nov. 14 last year and with 8,771,275 bales ginned to the same date in 1916. The ginning report shows a smaller total than expected, but is not a bullish government report on Nov. 17."

MONEY AND EXCHANGE

London, Nov. 20.—Money: 4 per cent. Discount rates: Short bills, 4 1/2 per cent.; three months bills, 4 1/4 per cent. Sterling exchange in New York was unchanged yesterday, with demand at \$4.75-16, and cables at \$4.76-16. Local exchange on New York was slightly easier, at 4-24 1/2 cent. premium to par. Local sterling rates were slightly higher yesterday, with demand selling at \$4.75-35, and cables at \$4.76-30.

PUBLIC BUYING STOCKS

J. P. Bickell & Co. received the following from New York at the close of the stock market: "The market closed strong with the usual apparent scarcity of stocks as was evident yesterday. Sentiment has improved rapidly and new buying is now coming in in the present condition of the market it would be easy to advance prices further, and any good news overnight would be favorably reflected."

N. S. STEEL EX-RIGHTS.

The Nova Scotia Steel shares were ex-rights yesterday, being the final phase of the new capital issue from the stock exchange standpoint. A stock dividend of 20 per cent. amounting to \$2,500,000, is being distributed and will bring the total capitalization to \$15,000,000, which is the authorized capitalization of the company.

MINES ON CURB.

Closing prices yesterday in the Curb and Porcupine stocks on the New York Curb, as supplied by Hamilton B. Wills, the Royal Bank Building:
