SATURDAY MORNING JUNE 19 1920

40TH YEAR—ISSUE NO. 14,465

TWO CENTS

FACTORY

Two-story mill in construction, nearly twelve thousand feet, for 40 to 120. Railway siding. Immediate possession. \$31,000.

ROBINS LIMITED, Adelaide 3208.

ROBBERS GET RICH LOOT JEWELRY STORE HOLD-UP Canada's Outlay on Pensions increased More Than \$9,000,000 LARGE PENSION INCREASES T GREAT WAR VETERANS RECOMMENDED TO HOUSE POLISH ARMY ENVELOPED? DARING DIAMOND ROBBERY \$55,000 IN VALUABLES TAKEN JEWELER BAILY INJURED

Also State Insurance for Returned Soldiers—Pension Increases of One-Third Present Receipts—Advance Means Over Nine Million Dollars Additional.

Ottawa, June 18.—(By Canadian Press)—Marked increases in pension, state insurance for returned soldiers and the grant of a war service gratuity based on three years' service, to the dependents of those who died during the war, and who were in receipt of separation allowance, are the chief recommendations contained in the report of the special committee on pensions and establishment tabled in the house tonight by Hume Cronyn, chairman of the committee.

By Means of Bonuses The main pensions increases are made by means of an increased bonus. The increased cost to the Dominion will be in the neighborhood of \$9,000,000. This pension bill for the current year is estimated at \$8,000,000. The act proposed will come into effect on September 1, next, and will add nearly one third to that amount. As the new rates will not become effective until September, it is estimated that the pensions bill for the fiscal year ending March 31, 1920, will be \$32,000,000.

Several important amendments to the pension act are suggested. Pensioners with less than 14 per cent disability are given the option of commuting their pensions.

Based on 1918 Rate. Pensioners under the recommendations are based on the 1918 rate. For those pensioners resident in Canada, a bonus recommended is 50 per cent over the basic rate, with 20 per cent bonus for those residing outside of the Dominion.

A private soldier in 1918, if totally disabled, received \$50 a month, or \$600 per year. Under the new schedule, he will receive \$75 a month, or \$900 a year. A widow will receive \$720 per year, or \$480 a month. The same rates and increases will apply to widowed mothers or other dependents of deceased soldiers.

Question of Rank. The pensions applicable to those of higher rank than private have also been increased by the bonus, so that these pensions will equal those of the rank and file. All pensions payable to those below the rank of captain will be on a basis of equality, under the new scale.

The committee confirms its opinion (Continued on Page 5, Column 4).

SERIOUSLY WOUNDED DURING A SCUFFLE

Dave Carey Lies With Bullet in Abdomen at Western Hospital.

David Carey, aged 32, 55 Delaney Crescent lies at the Western Hospital with a deep bullet wound in the abdomen with no certainty that he will live while Alec Miller, tobacconist, 626 College street, is resting at Police Station, No. 3 under arrest as the result of a scuffle between the two men at midnight in which the gun went off, scurrying the bullet into Carey's side.

According to information gleaned from the Police Station, No. 3, Carey entered Miller's store on College street and bought some cigars. He forgot to pay for them, and when reminded of this matter is alleged to have refused to hand out the coin, pulling out a gun instead. He pulled the gun out on Miller, the latter snatching it from him. The scuffle ensued with the results noted. The bullet was removed.

WILL NOT CONFER ON PULP EMBARGO

President Wilson Signifies Disapproval of the Underwood Resolution.

Washington, June 18.—The Underwood resolution providing for negotiations with the Canadian government or the provincial governments of Quebec, Ontario and New Brunswick relative to the embargo on the shipment of wood pulp to the United States, failed to receive the president's approval, it was announced today.

The president signed eight bills passed in the closing days of the recess session of congress, including the waterway development bill, ten years in the making. Announcement that the president signed the waterway measure prior to June 11 was made today at the White House. No explanation of the delay was made.

POLISH ARMY ENVELOPED?

Berlin, June 18.—A Breslau despatch to The Taegliche Rundschau reports a Polish communique, signed by General Pilsudski, as announcing the collapse of the Polish offensive and the envelopment of the Polish army by the Bolsheviki.

WET ISSUE GIVES DEMOCRATS MUCH SOBER REFLECTION

McAdoo Out, Cox Looms Up as Strong Contender for Nomination.

Washington, June 18.—(Special).—With the national Democratic convention scheduled to meet at San Francisco on June 28, uncertainty still prevails as to the presidential nomination. The Democrats require a two-thirds majority to nominate, and there is no candidate in the field who has anything like a bare majority of the delegates pledged to him.

BUSINESS RECOVERS FROM BUDGET JOLT

Credit Men Say Reduction in Luxury Taxes is Quite Helpful.

Winnipeg, June 18.—(By Canadian Press).—Trade throughout Canada—manufacturing, wholesale and retail—is recovering from the hesitancy or slackening up, rightly or wrongly attributed to the budget announcements, says the Weekly Trade Report of the Canadian Credit Men's Association.

SPECULATION IN SUGAR IS INDICTABLE OFFENCE

Board of Commerce Restricts Profit Which Sugar Dealers May Make to Two Cents Per Pound or Five Per Cent.—Drastic Regulations Laid Down.

Ottawa, June 18.—The handling of granulated sugar by any other middle-man than the wholesaler or retailer is declared unlawful in Canada by an order of the board of commerce issued today. T spread of five per cent, except to other refiners, is forbidden. Refiners are forbidden to increase their prices without the consent of the board, and the re-sale of raw sugars by refiners, except to other refiners, is forbidden. Retailers are restrained from increasing prices on their stocks to conform to increases in market prices. This speculation in sugar has become an indictable offence.

MORE PRODUCTION IS CHINA'S LESSON TO WESTERN WORLD

China—that so-called huge monster, which for centuries has led a slumbering existence, unperturbed by the rise and fall of nations—has at last been aroused, and is gathering itself together to take its rightful place among the leading industrial and agricultural countries of the universe. This may be by now a hackneyed statement as far as repetition is concerned, but it is a vital issue with Dr. Tehyi Hsieh, Chinese labor and trade commissioner to the States. Dr. Hsieh is visiting Toronto for a few days to study trade conditions here, and is staying at the King Edward Hotel.

To hasten the development of this great oriental country, Dr. Hsieh is making a general tour of Canada, America and Britain, gathering facts and statistics, ascertaining trade conditions, and what is more important, counselling his own countrymen, resident in these places. The doctor is of the decided opinion that China's future hinges upon the kind of trained leadership which can be made available. In this connection, he is so much in favor of western and European education that he states "that every Chinese trained abroad is worth ten at home."

HOOVER IS PROVING A CHEERFUL LOSER

Washington, June 18.—Endorsing in the main the action of the Republican national convention at Chicago, Herbert Hoover, in a letter to friends, made public today after he had conferred with Senator Harding, called upon all elements of the party to support the national ticket at the polls.

KAISER CRITICALLY ILL?

MAN OF MILLIONS HELD FOR FRAUD

Pastor D. S. M. Kidd Byrne Claims Estate of Chicago Millionaire.

Yesterday's police court Pastor D. S. Kidd Byrne was arraigned on the charge of having on June 14 defrauded Leo Coffey of \$500. Accused was arrested in Montreal while conducting a prayer meeting.

DOUGHTY IN ITALY; TORONTO WOMAN RECEIVES LETTERS

Reliable Authority Says Missing Secretary Last Heard From in Naples.

The statement made in the evening papers last night that two warrants were issued yesterday for the arrest of John Doughty, the missing secretary to Ambrose Small, is incorrect as to time and some two months after the date of the issuance of the warrants. The World exclusively announced some eight weeks back that these warrants were in the hands of the authorities. Detective Sergeant Mitchell has had that warrant in his pocket all the time ready for immediate execution.

CRUSHING BLOW AT RACE SUICIDE

St. Joseph, Mo., June 18.—Walter P. Fulkerson, St. Joseph banker, is building a row of houses for rent only to families in which there are children and to newly-married couples. Newly weds, according to Mr. Fulkerson, will be allowed to occupy the houses with the provision that if there are no children in their families at the end of two years' residence, they will be asked to vacate.

#### Predict an Early Boom in Gold Company Shares

Homer L. Gibson & Company in a circular say: Since 1914, when the great world war began, gold mining companies have worked under very adverse conditions. The price of their product---fine gold---has remained fixed at \$20.47 per ounce. On the other hand, the cost of materials used in mining gold has risen materially. Labor, too, in spite of increased wages, has been not only scarce, but indifferent. This condition has prevailed practically throughout the world. As a result the production of new gold has fallen considerably short of meeting the demand for use in the arts alone, to say nothing of the demand for coinage purposes.

As an example, \$58,500,000 represented the value of all the gold produced in the United States last year; \$30,000,000 was used commercially---\$21,500,000 more than was produced. The same ratio applied practically throughout the world. Where is the gold for coinage purposes to be obtained? This question is now occupying the attention of financial authorities and lawmakers of those great nations which maintain the gold standard as a basis for their money issues.

#### BRADSTREET'S REVIEW

Toronto reports to Bradstreet's say that the more reasonable weather which has prevailed recently has had a beneficial effect on the wholesale drygoods trade, and there is a slightly improved tone in business. Cancellations are fewer, and, if the weather keeps good, there will be further improvement noted no doubt. Prices are still holding as firm as ever, with little to indicate a decline, and the mills are still holding in their deliveries. In the grocery markets, the principal feature this week has been an advance in the price of granulated sugar. At the moment of writing, three refineries have advanced prices 2c per pound, and it is expected that the others will follow in a very short time. In the hardware trade, supplies of steel products are tight, and difficulty is experienced in filling orders for these. Deliveries of some lines of heavy steel, however, are reported to be increasing. The demand for ready-made clothing is dull, and some factories are reported to be suffering considerably from lack of work. Commercial users of the metal, however, will pay an excise tax of 10 per cent. This will in turn be paid to the producers.

#### A SONG AT SUNSET.

A lone thrush sings as the night begins.  
 A rich wild song as the darkness falls;  
 And a mystic peace creeps over the world,  
 Over the starry halls.  
 So may I sing on the edge of death,  
 When the dark descends and the hours depart;  
 So may the mystic peace creep down  
 Over my weary heart.  
 ---By Edwin Markham.

#### BELGIUM FAVORS LIFTING BLOCKADE

Attempt to Be Made to Resume Trade Relations With Russia.

Brussels, June 18.—At a cabinet council here it was decided unanimously that Belgium should favor in principle the lifting of the blockade upon soviet Russia. The decision, it is reported, should be made to resume economic relations, with reservations, however, concerning Belgian rights in Russia. King Albert presided over the session.

#### GOVERNOR CLARKE GOES TO R. M. C. JUNE BALL

Kingston, Ont., June 18.—On June 21, Lieutenant-Governor Clarke will arrive at the Royal Military College with his family on his yacht. They will attend the June ball and the lieutenant-governor will present the prizes and diplomas to the gentlemen cadets on June 23. On the latter date his honor will be received by the station of gentlemen cadets when the inspection and march past will take place. It was announced today that 600 will be present for the June ball which will take place on the 21st.

#### GLASS LOOMS UP FOR DEMOCRATIC NOMINATION

Washington, June 18.—The refusal of William G. McAdoo to allow his name to be presented to the San Francisco convention will result in the holding of an active fight for the nomination of Senator Carter Glass, of Virginia, declared Assistant Secretary of Treasury Houston tonight.

#### NO LOVE LOST 'TWIXT AUSTRIA AND HUNGARY

Vienna, June 18.—Instructions for the enforcement of a boycott against Hungary have been issued by the steamship employees, railwaymen's postal employees, telegraphers and printers' associations.

#### ADVANCE BRANDON FARES

Winnipeg, June 18.—An increase of two cents per fare has been granted the city of Brandon by the public utilities commission for its municipal-owned street railway. Effective June 15, the cash fare will be seven cents. Women's tickets will be five cents, and regular tickets six or 35 cents.

#### RETREAT WAS 'STRATEGIC'

New York, June 18.—A Warsaw cable dispatch dated today to the Polish Bureau of Information says: "General Haller, chief of the general staff of the Polish army, declares that the retreat from Kiev was decided upon for strategic reasons, and was effected in perfect order without any fighting. He declares that the local successes of the Bolsheviks will have no permanent influence on the military situation. "In the region of the Beresina the Bolshevik offensive was completely repulsed, and the former Polish front almost completely restored."

#### MANY PACKAGES UNDELIVERED

Paris, June 18.—Y.M.C.A. investigators have found that more than 100,000 post packages sent from the United States have been lying in French ports undelivered for months. This is largely due to the fact that the shipping companies have not been able to handle the packages as freight. The Y.M.C.A. authorities have suggested to the United States postoffice department that an embargo be placed on packages to France.

#### A MAINE REFERENDUM

Augusta, Me., June 18.—A referendum on the act passed by the last legislature, granting women the right to vote for presidential elections, was ordered by Governor Milliken in a proclamation today.

#### PHONE REVENUES

Washington, June 18.—Operating income of the larger United States telephone companies in February was \$7,807,678, an increase of \$2,027,914 over that in the corresponding month the year before. Operating revenues totalled \$97,734,773, and operating expenses \$22,273,348.

#### STEAMERS COLLIDE

London, June 18.—Two United States steamers, the Samnanger, from Norfolk, and the Virginian, from New York, collided at Rio Janeiro yesterday, according to advices from that port. Both vessels were slightly damaged.

#### SKULL IS FRACTURED.

Sauhininski Simininski, 87 Hook avenue, an employe of the Canada Foundry, was killed down by a bicycle last night as he was leaving the works and his skull was fractured. He was immediately ambulated to the Western Hospital and is resting as easily as can be expected.

#### FRY FOR CLEAR LAKE

Peterboro, June 18.—Mr. Thomas Potts, M.L.A., received word from the deputy minister of fisheries in Ontario, that 20,000 bass fry are to be placed by the department in Clear Lake, and a similar number in Stony Lake.

#### COLLEGE HEAD DENIES SMUGGLING IS WIDE

Hanover, N.H., June 18.—President Ernest Martin Hopkins, of Dartmouth College, in a statement tonight, said he wished to "unqualifiedly deny that there has been any general system of smuggling liquor to Hanover from Montreal."

#### WHISKEY RUNNERS WORRY WINDSOR

Mayor Demands That Suppression of Crime Get More Attention.

Windsor, Ont., June 18.—In the course of a very "peppery" session of the Windsor Police Commission held behind closed doors at the city hall this afternoon, Mayor Winter took up the subject of crime in Windsor, rather than to have much of the time of the Magistrate Miers and other police court attaches spent in deciding the fate of a lot of whiskey runners from outside the city. The police court was being blocked up from outside municipalities, the mayor declared, and the city was being given a very unsavory reputation because of it. He informed Magistrate Miers that in his (the mayor's) opinion, outside municipalities should look after their own affairs and Windsor should "trouble enough of her own."

#### ANOTHER OUTBREAK AT DULUTH FEARED

Governor Burnquist Asked to Send Troops to Protect Negroes.

St. Paul, June 18.—Fearing a further outbreak Saturday night at Duluth, where three negroes were lynched Tuesday night, officials there appealed to Governor Burnquist tonight to send troops to patrol the streets. Fourteen negroes are still in jail, and threats have been made against them, it is said.

#### SCORE'S RADICAL CLEARANCE SALE GETS 'ALL ATTENTION' FROM MEN WHO KNOW VALUES.

Here are two specials that have just passed into stock from a special reserve and cheviot consignment. Extraordinary quality and values. Rough Irish blue chevrons and smooth Irish blue tweed suits. Lighter weight for summer wear. In the guaranteed dyes. Regular \$85.00 to your measure for \$68.50. And these are but examples of the values all along the line at Score's, 77 King West.

#### MILLION POUNDS OF ORE FROM THE COBALT CAMPS

Cobalt, Ont., Jan. 18.—Thirteen cars containing over one million pounds of ore and constituting a record week's shipment for many months, went out from the Cobalt camp in the week ending tonight. The total approximate tonnage is: Nipissing, five cars, 447,241 pounds; Minnegan, two cars, 178,797 pounds; Minnegan Corporation, two cars 130,301 pounds; McKinley-Darragh, one car, 80,410 pounds; Dominion Reduction, 64,000 pounds; O'Brien, one car, 64,000 pounds; La Rose, one car, 61,207 pounds. There were no bullion shipments.

#### GLASS WANTS MCADOO.

Washington, June 18.—Senator Carter Glass, of Virginia, in a statement to The Associated Press tonight, declared he still favored the nomination of William G. McAdoo by the Democratic party for president, notwithstanding Mr. McAdoo's decision not to permit his name to be presented at the party's national convention.

#### REPORTED IMPROVED

Hamilton, June 18.—The condition of Emma Symons, Indian girl, who swallowed carbolic acid in Dundurn Park, was reported to be slightly improved tonight.

#### DE VALERA-COHALAN FEUD NOW BITTER

Accusations and Counter-Charges Are Flying Briskly Thru Air.

New York, June 18.—Eamon de Valera, self-styled "president of the Irish republic," and Supreme Court Justice Daniel P. Cohanlan, head of the Friends of Irish Freedom, reached formal status tonight at an executive session of the national council of Friends. No conclusion was reached, but it was said that the bed-plates were laid of a final test of strength.

#### CIVIL SERVICE BILL PASSES IN SENATE

Receives Third Reading—Inserts a Number of Amendments.

Ozawa, June 18.—The senate today gave a third reading to the government's civil service bill, amending it so that employes and officials of the upper house are taken from the jurisdiction of the civil service commission, and holidays of civil servants are limited to nine days during the year; reported the bankruptcy act from committee, and adopted the report of the committee dealing with the navigable feasibility of Hudson bay and straits. Before the civil service bill was given a third reading there was considerable discussion of Senator Fowler's amendment limiting civil service holidays. Senator Laverne moved that the bill be referred back to the committee of the whole house, in order that Ephraim, Ascension Day, the Feast of the Immaculate Conception and All Saints' Day be restored as legal holidays. These holidays, he pointed out, were observed by the Catholic religion, and ought not to be stricken from the list of legal holidays.

#### SETTLEMENT BOARD IS FOUND EFFICIENT

Inquiry Reports on Certain Allegations Regarding Land For Soldiers.

Ottawa, June 18.—In its report on the settlement of land of a very considerable number of men to the extent of the money appropriations set apart for the purpose by parliament, the board of inquiry into the efficiency of the settlement board, the special committee on re-establishment finds that "no further important changes appear to be advisable at present in the general scope of the act."

## TAG FUNDS STOLEN; TWO FOUND GUILTY

### Shown That Contributions Were Diverted From Designated Channels, Said Judge.

### DEFENCE INGENIOUS

### One Blamed Fits and Inefficient Memory, Other Want of Education.

Yesterday in the sessions before Judge Coatsworth and a jury a verdict of guilty was returned against Capt. Ross C. Cockburn and a verdict of guilty, with the strongest recommendation to leniency, against Walter C. Packer, both of whom were charged with having stolen about \$850 from subscriptions collected in the tag day held under the auspices of the Army and Navy Veterans' Association.

hundred and twenty-five dollars, which was received in cheques payable to the Army and Navy Veterans, was diverted to them and not paid into the legitimate channels. And there is another \$180, which was put by the accused man, Cockburn, in his pocket when he was confronted with the shortage and handed it over. These moneys should have been handed over to the proper officers of the Army and Navy Veterans. The moneys Cockburn had in his pockets should have been in the cash box of the Army and Navy Veterans. So we start out with these men admitting the charge. The only question you have to try is the explanation that each one of them gives and whether that explanation removes the offence they committed from the category of crime.

A Sordid Display. "Now, we expect soldierly things from soldiers, but we have had very sordid display in this court. Each one of the accused tries to unload blame on the other, and one connected with the army for about five years, to present. It is a lamentable thing that a man of standing and respectability to come before us in this humiliating fashion, and each one to unload the blame on the other. The only thing you have got to try is the explanation that each man makes. Can you put it in the category of a mistake and out of the category of crime? The onus of proving is on them. When he comes before you, the prisoner stands before you an innocent man. The crown has got to prove to you that the crime has been committed. In this case, as the accused man admit that the money had been taken, that reverses the onus or burden or responsibility of proof. Therefore, the burden is on the accused that the explanation they make removes them out of the category of crime into one of mistake, or something for which they should not suffer. Take each man's explanation separately. Cockburn first. The evidence is that he took the money which was handed in, and instead of handing same over to the officers of the fund, they put the moneys to their own credit in the bank, because they by their two signatures withdrew the \$850 from the bank. Cockburn's answer is that for some time he has been suffering from epileptic fits, and in consequence of these fits he has suffered mentally and physically, and was not responsible for what he had done. You have got to weigh that explanation, and you have to say whether you think that explanation satisfies you that he was not responsible in taking these moneys. We heard nothing about this affliction when he was running for parliament, two years ago. He was able to carry on his campaign.

The Master Mind. "It does look as if Cockburn was the master mind in the whole thing. The cheques came to him, Packer had nothing to do with them. It was Cockburn's duty to hand over the cheques to the officers in their names, and he gets Packer, and the money to the Sterling Bank and open an account. The account was to be opened in their names, and the cheques were to be signed by Packer. All the usual and ordinary steps were taken to open the account, and all cheques were endorsed by Cockburn and lodged in the bank, while the moneys were drawn on the signatures of Cockburn and Packer. It was Cockburn, according to Packer, who got the rubber stamp, and then Cockburn finally got the acknowledgment from Packer. There was the master mind throughout the whole of this wretched business. Now, where is his action consistent with his explanation that he was mentally wrong? Could a man who was mentally incapacitated carry out this kind of business?

fellow-soldiers? Are you prepared to accept of that explanation? The doctor who gave evidence on his behalf said that the effect of the fits should not last over two or three hours. Do you think he can come forward here and say, 'I was not well; let me off?' You have a very serious responsibility before you. The people are not going to trust their money if they feel that it is not to be protected to the proper channels for the soldiers; therefore, it is for you to say today whether you think this explanation of mental infirmity arising from epileptic fits satisfies you that Cockburn was not dealing dishonestly, but that he organized this whole scheme, got the money out of the bank, got Packer out of the way, and finally paid the money back to it for you to say whether a defence of that kind is good. As to Packer and his defence, the first thing he puts up is his want of education; that he was led into this thing by Cockburn. On the other hand, when they want to bring forward evidence as to his character, one of the strangest things brought forward was the evidence of the secretary to E. J. Fleming, who said that he had looked up the record of the Toronto Street Railway, which showed that Packer had been in the employment of the street railway for ten years, and that during three of these years he was entrusted with collecting round barn after barn, gathering in moneys down by special car to the head office. Now, it is shown that in all these transactions he was honest and faithful. Does it not occur to you that a man who is able to take a car, go round barn after barn, gathering in large sums of money, bringing them to the head office, and nothing found wrong, is he an honest man, and was he the victim of Cockburn?

Collected for Street Railway. "He knew how to look after moneys for the street railway; he has recently been entrusted with large sums of money by Major Reeve, and ever since has been found right; and this man comes before you and says he was so innocent that he was the dup of Cockburn, and that he was led into the matter and did not know the meaning of what he was doing. It is hard to get over his long experience. The responsibility rests with you to say whether this man, who had all this experience of dealing with money, can be allowed to come to the court and say that, by reason of the want of education, he was an innocent man." His honor then dealt with the argument that Packer had been the worse of criminals at the time the offence was committed, but he warned the jury that that was no excuse for crime. "There has been no case before this court, during the present sessions of more importance than this one. If you honestly believe and accept the explanations of these men, you are entitled to acquit them, but if you are not satisfied with their explanations it is your duty to convict."

### SENTENCED FOR THEFT

Sentence of six months was imposed on Ernest J. Shaw, who was charged in yesterday's police court with the theft of feminine footwear and a bag full of gentlemen's boots.

## AGAINST MOVING JUVENILE COURT

### Some Objections to Evangelia Settlement as a Detention Home.

An inspection of the Evangelia Settlement was made by the board of control yesterday with a view to leasing it as a detention home and welfare building for children, and their report will be forthcoming soon. They were accompanied by W. H. Smith, E. S. Dickie and E. H. Alderson of the special service commission, and also Judge Mott of the juvenile court committee. The settlement is situated at the corner of Queen and River streets and has been closed up for about three years.

The members of the juvenile court committee were opposed to the idea of moving the court to the settlement building, and members of the board of control also seemed disposed to leave the court where it is for the present. As a detention home the Evangelia Settlement building is regarded as highly suitable. It is entirely equipped as a home for girls and boys, with separate dining rooms and gymnasiums, and playgrounds. The party also inspected a large residence containing 26 rooms which Judge Mott and Aid. Hiltz regarded with greater favor, but no definite decision was reached.

### CHARGED WITH STEALING

On a charge of stealing from his employers a quantity of shoes, William Tovel, a former branch manager of the St. Leger Shoe Company, was remanded on bail.

### STOLE FROM EMPLOYERS

Sentence of one month in jail was imposed on Wilbert Blakeway, Victor Penny and Fritz W. Watson for the theft of tires and auto parts from the Willys-Overland Company, with whom they were employed. Watson pleaded guilty. The other two were found guilty by a jury.

### RADIAL RAILWAYS.

Sir Adam Beck had a conference with the Ontario government yesterday in connection with Engineer Murray's report on the radial railway situation. Sir Adam will also confer with Hon. Dr. Reid at Ottawa next week.

### SON FAILS TO APPEAR.

Owing to the failure of Edgar O. Burnett to appear in support of his action against his father, J. E. Burnett, for damages in connection with a partnership for the manufacture and sale of graphophones, Justice Lennox yesterday dismissed the suit.

### Asked to Get Off Easy; Judge Says Six Months

Sentence of six months' imprisonment was passed on Vera Hopkins, who pleaded guilty in the sessions yesterday to having secured \$80 from Charles Kelly and \$82.50 from the Robert Simpson Company by false pretences. Accused had previously been before the court and allowed to go with a warning. This time the judge told her she would not get off so easily, to which she replied: "I don't expect to get off this time, but make it as easy as you can."

### EXECUTOR LOSES ACTION

In the sessions yesterday, Justice Kelly dismissed the action brought by Robert Armstrong, executor of the estate of the deceased Hannah Webb, who sought a declaration that Mrs. E. Johnstone, a daughter of deceased, held in trust a mortgage for \$1,900, a house at Milton, a Victoria bond for \$200 and household goods, which had been transferred to her by her mother.

### DOCTOR SOLD LIQUOR.

Dr. H. Mason, 119 Annette street, a former city coroner, was fined \$400 and costs in yesterday's police court for selling liquor from his own office. From the evidence it appeared that accused received and disposed of 89 gallons of whiskey in one month.

### SPANKING A DETERRANT.

In the sessions yesterday Judge Coatsworth sentenced Walter Eldridge to thirty days in jail for the attempted theft of an auto belonging to E. J. Robinson. His honor said that if spanking were allowed the sentence would have been ten days and a spanking. The crown attorney agreed that a spanking was a better deterrent than a term in jail.

## WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she would not be without them. They are the ideal home remedy for the baby; being guaranteed to be absolutely free from any opiates or other harmful drugs. They are a gentle laxative and have been proved of the greatest aid in cases of constipation, indigestion, colic, colds and simple fevers. Concerning them, Ernest Gagne, Beausjour, Que., writes: "I have used Baby's Own Tablets for constipation and colic and have found them so successful that I would recommend every mother to keep a box in the house." The Tablets are sold by medicine dealers or by mail at 26 cents a box from The Dr. Williams Medicine Co., Brookville, Ohio.

### FOREIGN DELEGATES SAP LABOR LOYALTY

James Higgins, third vice-president of the Grand Army United Veterans has brought to the attention of the association a resolution passed at the Montreal convention of the delegates of the American Federation of Labor dealing with the Irish republic, and endorsing it. "Mr. Higgins' statement is as follows: 'It is not rather ironical that a system from a foreign country should come to a part of the British Empire and have the audacity to try and dismember the empire. What were our Canadian delegates doing to allow a motion to pass of that description without raising a voice in protest. It is unnecessary for me to go into details of the conduct of certain parts of Ireland during the war, but I believe that if they had done their duty as members of the empire, they would have had the endorsement of the rest of the empire in their quest. What are the Canadian union men who have the right to do? They are the British Empire's best friends. They are the ones who should endorse the action of foreign delegates telling them they must endorse anything the same delegates desire. In my opinion as a member of the A. F. of L. it behooves all returned men and those other members of the A. F. of L. in Canada, to resent vigorously the attention of the foreign delegates and withdraw from such associations. Surely we are able to conduct our own business as labor men. Another danger is that resolutions of that description are breeding racial feelings amongst the rank and file and the outcome is going to be disastrous to loyal labor men.'

### WILLS AND BEQUESTS.

The Canada Permanent Trust will administer the \$21,227 estate left by James Henderson, formerly a post-office inspector in Toronto. Deceased left an annuity of \$100 and a life interest in his estate to his widow, and to his daughter, Isabella, an annuity of \$100. On the death or remarriage of Mrs. Henderson, the daughter and two sons inherit.

### Under the will of the deceased, Dr. Herbert W. Wilson, his widow inherits his estate, valued at \$15,765, subject to the payment of small legacies to three sisters and a brother.

The heirs to the estate of Edward Lister, who left a farm at Eloblooke, valued at \$7,257, are three sisters, three brothers, three nieces and a nephew. Mrs. Emma King, widow, four daughters and a son share in the \$3,286 estate left by Alexander King, a contractor, who died intestate. Mrs. Leah Green, Church Farm, Grully, Worcestershire, inherits the estate of her deceased son, Percy V. Green, who left \$310. Mrs. Isabel Wallivich is sole beneficiary under the will of her deceased brother, Matthew Tait, who was killed in action in October 1918, and left estate valued at \$745.

### FINED FOR NEGLIGENCE.

Pleading guilty to a charge of negligence while driving an auto whereby serious injuries were suffered by William Hart Walter G. Baldock was yesterday fined \$100.

## BELIEVES GOMPERS WILL STAY AWAY

### Mayor Church Says Labor Leader Would Not Be Welcome Now.

Mayor Church has called the attention of the Exhibition board to the resolution adopted by the American Federation of Labor at Montreal endorsing the Irish republic, and it is expected as a result that the invitation to Mr. Gompers, head of the federation, to visit Toronto during the exhibition week will be cancelled. "The American Federation of Labor delegates," said the mayor, "showed very bad taste in proposing such a resolution on British soil, and their action is resented by the Canadian people. It is about time the Americans were told that the people of the British empire were capable of running their own affairs. Mayor Church added that many Torontonians had commented on the impropriety of bringing Mr. Gompers here in the light of recent events and he believed the Federation of Labor chief will decide to remain away.

### SUPPLIED DRUGS

A fine of \$100 was imposed on Harvey Adams, in the sessions yesterday, for providing drugs and an instrument for an improper purpose.

## COMB SAGE TEA INTO GRAY HAIR

### Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and lustrous. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-made preparation improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyneth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

White gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyneth's Sage and Sulphur Compound, you can call, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and lustrous and you appear years younger.

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

CHAPTER 2 (CONTINUED). "No, ma'am," he told her, with no hint of a twinkle in his calm eyes.

"Well," Judith smiled, "I don't know. It will be a jolt to me if there's a square man left on the ranch! Go down to the bunk-house and tell the cook I'm here and I'm hungry as a wild-cat..."

"Thank you, ma'am," said Bud Lee. "But you see I had just told Trevors here he could count me out. I'm not working for the Blue Lake any more..."

"There was a little smile under the last words, just as there was a little smile in Bud Lee's heart at the thought of the boys taking orders from a little slip of a girl..."

CHAPTER III. AND RIDES AN OUTLAW.

Wrinkled, grizzled, old half-breed Jose, his hands trembling with eagerness, culling the perfect buds, a joyous tear checked...

"You've known her a long time, Jose?" "Sense she es born!" and Jose, unashamed, wind away a tear upon the back of a leathery hand...

"You shut up!" It was Judith's voice as Judith's hand fell upon Bud Lee's shoulder, pushing him aside. "I couldn't take care of myself to do what I'd be fool enough to take over a job like running the Blue Lake!"

"You shut up!" It was Judith's voice as Judith's hand fell upon Bud Lee's shoulder, pushing him aside. "I couldn't take care of myself to do what I'd be fool enough to take over a job like running the Blue Lake!"

**GERMANY'S CABINET IS STILL UNFORMED**  
Fehrenbach's Efforts Directed Toward Old Coalition Parties Unsuccessful

Berlin, June 13.—Efforts by Konstantin Fehrenbach to form a cabinet from the three old coalition parties have thus far been unsuccessful. The Social Democrats have definitely announced that they will not participate. They say, however, that in view of the coming conference at Spa, they will not place difficulties in the way of organizing a new ministry. The party will not be able to give the cabinet a complete vote of confidence, but will not vote against the government, although it reserves its liberty of action in the event the government adopts an anti-labor policy.

Dr. Fehrenbach is negotiating now with the Bourgeois parties.

**KRASSIN FORMS TRADE SOCIETY**  
Mystery Surrounding Rental of Quarters in London is Solved.

London, June 13.—The mystery surrounding rental by Gregory Krassin, the Bolshevik minister of trade and commerce, of quarters in the modish west end shopping district was cleared up today when it was learned the "All-Russian Co-Operative Society, Ltd." had been officially registered with a capital of £15,000.

Organizers of the new company are said to be M. Krassin, M. Rosovsky and M. Negin, but the names of the latter two are not in the list of registered directors, those named being M. Rosovsky, B. Crysin and Madame V. Polovseva.

Former executives of the London headquarters of the co-operative organization characterized the directors of the new company as "traitors to the co-operative movement, saying they have manoeuvred into places of authority in the co-operative organization for the purpose of engineering an eventual soviet control of this agency.

They maintain the new company constitutes an invasion of the old organizations which are engaging in remunerative trade.

An explanation offered for the small capital of the company just organized is fear of some confiscatory action on the part of France.

**RUSSIAN SOVIET RECALLS WASHINGTON AMBASSADOR**  
Washington, June 13.—Ludwig C. A. K. Martens, who for more than 15 months has been in the United States as the self-styled Russian soviet ambassador, has been recalled by the soviet authorities. It was learned tonight in official circles.

Martens' confidential secretary, Sanford Nuorteva, left the United States several weeks ago by way of Canada and now is believed to be attending the conference being held in England by Gregory Krassin, Bolshevik minister of commerce. It was said tonight by United States department of justice officials.

**STILL NO LIGHT IN ELWELL CASE**  
New York, June 13.—Solution of the mystery surrounding the murder of Joseph B. Elwell, turkman and international whist expert, shot in his home here June 11, is "as far off" as a week ago, District Attorney Swann announced tonight.

The investigation centred today in the examination of Mrs. Marie Larsen, housekeeper for Elwell, and Edward Elwell, his chauffeur. Neither was held, although in the day Assistant District Attorney Joyce announced that both would be formally detained as material witnesses.

Important developments which had been expected during the day, he said, "failed to materialize."

Upon the water, in the boat, I sit and sketch as down I float; The stream is wide the view is fair, I sketch it looking backward there.

The stream is strong, and as I sit and view the picture that we quit, It flows and flows, and bears the boat And I sit sketching as we float.

Each pointed height, each wavy line, To water and other forms combine; Proportions vary, colors fade, And all the landscape is remade.

Depicted neither far nor near, And larger here and smaller there, And varying down from old to new, Even I can hardly think it true.

Yet still I look, and still I sit, Adjusting, shaping, altering it; And still the current bears the boat—Arthur Hugh Clough.

**COUNTY AND SUBURBS SCHOOL TRUSTEES WITH BIG VISION**  
Township to Be Asked for \$70,000 for Harwood School Site.

At a meeting held last night in King Edward School, S.S. No. 29 of York township decided to apply to the county for power to issue debentures for \$70,000 for a school site and building in the Harwood district. The site consists of about three and a half acres, between McCormick and Speers avenues, and can be had for \$13,130. The remaining \$57,000 is for the building and equipment, the latter to total about \$4,000. The trustees were given power also to proceed as soon as possible with the building, as there are 172 children waiting accommodation.

The children of Harwood have been attending George Syms School in Scarlett Plains district and also St. Clair Avenue School and they have had to walk over a mile and a half to the latter school, and some from the Scarlett Plains and Runnymede districts that the move was not a wise one at the present time. It was shown that all the schools of the township were adding a new class room every six months.

Inspector A. L. Campbell strongly advised a permanent structure, which Smith and Wright, architects, who have under construction the Selkirk and Cookville schools, whom the school board consulted, outlined a one-storey structure with provision for the increase to 10 rooms without discussing the first equipment. The chairman was W. T. Mowat and secretary, R. L. Morgan, both of Harwood.

Mrs. Alice Lee, Bedford road, gave an interesting address to the Girl Guide movement and the work of that organization in England and other countries at a meeting of the Todmorden Liberal-Conservative association Ladies' Branch, held at the home of Mrs. W. Burgess, Logan avenue, last evening. At the close of the lecture it was decided to organize a troop and preliminary arrangements made. It was also decided to postpone regular meetings until September.

**PRE-COMMUNION SERVICE HELD.**  
A well-attended pre-communion service was held last evening in Kew Baptist Church, when fifty new members were received. Rev. M. Ellison, pastor Runnymede Church, preached an appropriate sermon and Rev. J. A. Watson, pastor, assisted in the service.

**WHEN SKIES ARE BLUE.**  
There is nothing poetic in the latest explanations for the many hues that the sky assumes on a bright day. The Rayleigh, one of the guiding minds of the Meteorological Society in Scotland, observed that "a blue sky" is not a fact that some particles on which white composite light falls scatter by reflection more than green, more blue, more yellow or red. The longer the wavelength—that is, more violet than blue, more blue than green, more green than yellow, more yellow than red, the more atmosphere there is, the more white or black sky. But the small particles of dust and of the air itself send back to the eye scattered light, and this light is yellow or orange or red, and the more light scattered to the side, and the more yellow or orange or red does the transmitted ray appear. When the sun is low at sunrise or at sunset the rays come slantingly into the atmosphere and pass thru a great stretch of air, losing a proportionately large amount of blue light; hence the yellow or red appearance frequently seen.

A pretty wedding was celebrated at 215 Wheeler avenue, the home of the bride, recently, when Miss Florence Bina Shaw was united in marriage by Rev. J. H. Brown, pastor of St. Paul's, to her groom, Fred Shaw. The bridesmaid was Miss Lois Wilkinson and the groomsmen Percy Shackleton, Mr. and Mrs. Darling left for New York, where the honeymoon will be spent. They will take up their residence at Garden avenue, West Toronto.

**GIVEN HANDSOME PRESENTS.**  
A united school meeting of Waverley Road Baptist Sunday school teachers and members was held in the church to present Ernest Carson Wood and Miss Emma Smith with some handsome presents on the occasion of their approaching wedding. The gifts consisted of an inlaid tray, table electric lamp, two chairs and other presents. George Humphries, superintendent, presided, and the presentations were made by Miss Dell De Sriez, Miss Wright and Mrs. Ayerhart. William Mear and the pastor also took part in the proceedings. A musical program was contributed and refreshments were served. A very enjoyable time was spent.

**ROTARY DELEGATES.**  
Guelph, Ont., June 13.—(Special.)—At a meeting of the Rotary Club held at noon today the following delegates were appointed to attend the international Rotary convention to be held at Atlantic City from June 21 to 28: Messrs. F. E. Partridge, Walter Burgess, Alex. Stewart, Aid. H. Quarmby, and W. E. Buckingham. The party will leave by motor on Sunday morning for Hamilton, where they will join the Toronto delegation.

**FINISH THE JOB.**  
How you start is important, very important, but in the end it is how you finish that counts. The victor in the race is not the one who dashes off swiftly, but the one who leads at the finish. In the race for success, speed is less than stamina. Columbus finished his job. So did Washington. So did Lincoln. Finishing the job isn't always easy. Very often the easiest thing would be to quit. We all are tempted to succumb to difficulties, discouragements, failures, hardships, disasters. We all have moments when we feel, "What's the use?" But if we are made of firm stuff, if we have the backbone of a man, and not a jelly-fish, if we have confidence in ourselves and faith in God, if we know that we are giving our lives to a clean, worthy, healthy, helpful purpose, then we pull our belts a notch tighter, we grit our teeth a little harder, we face east, eyes front, and with unflinching step push forward determined to halt not and whimper not until we finally gain our goal.—Forbes Magazine.

INDIVIDUAL CARE BEATS HERDING

Dr. Dwight Chapin Shows How Unit System Saves the Babies.

Information along new lines was given in an exceptionally interesting address by Dr. Henry Dwight Chapin, M.D. New York, under the auspices of the Child Welfare Council of Toronto at the Physics Building of the University of Toronto yesterday afternoon.

During the last sixteen years in New York 4,000 children have been boarded in individual homes. The method is specifically known as the Speedwell system, three unit areas in operation. These are Morristown, New Jersey; New Rochelle, N.Y., and Yonkers, N.Y.

The chance of life for a child in the institutional home in infancy was declined when the speaker stated that "the soldier on the battlefield has nine times as good a chance as the baby in the institution."

Mrs. Adam Ballantyne presided at the meeting and a large audience among whom were many of the medical profession and social service workers were present.

WAITERS' STRIKE UNCHANGED

Richard Russell, business manager for the Waiters' and Cooks' Union, which has 200 members on strike at the Toronto, Albany and National Clubs, reported the strike unchanged last night at eleven o'clock.

At Miss Drayton's wedding next week in Ottawa, Miss Dorothy Sinclair will be bridesmaid, and Major McDowell, Ottawa, will be best man.

Mr. and Mrs. Gordon Greer have taken Mrs. Robert MacPherson's house, Centre Island for the summer, 8 Chippewa crescent.

Major and Mrs. Kenneth Marriott will return today from their wedding trip.

Mrs. Arthur Sprague and Miss Florence Sprague are leaving shortly for the cottage at Golden, B.C.

and the ushers were Mr. Herbert Larkin and Mr. Jack Doodey. The bridegroom was assisted by Miss Kathleen LeRoy and the soloists were Miss Ruth Howlett and Mr. James Farley.

The ceremony was celebrated last evening at the King Street Methodist Church, the Rev. Mr. Wilson officiating when the marriage of Lillian Victoria, eldest daughter of Mr. and Mrs. J. T. Massingham, Booth Avenue, and Mr. Vyvyan Crawford Black, son of Mr. and Mrs. Black Marguerite, street, took place.

Liberal-Conservative Women Elect Officers for Year Ward 8 Liberal-Conservative Association Women's Auxiliary held their annual meeting and election of officers on Wednesday evening, June 16, at Masonic Hall, Balsam Avenue.

"What's in a Name?"

Facts about your name; its history; its meaning; whence it was derived; its significance; your lucky day and lucky jewel. By MILDRED MARSHALL. RHODA. Among the flower names which have been under discussion in past weeks, appears one name which is not generally recognized as belonging to the list. It is Rhoda, the graceful Greek name, which has completely lost its identity under importation and is now regarded as purely English and American.

### EMPHASIZE NEED OF ENRICHING SOIL

Experts of Ontario Agricultural College Address Soil Fertility Conference.

Guelph, June 18.—(Special.)—At the concluding session of the soil fertility conference held today, Prof. Blackwood of the physics department of the O.A.C. strongly advised the delegates to maintain the high standard they had chosen for their association, namely, the soil and crop improvement bureau. He emphasized the fact that proper drainage should always precede the application of fertilizer if the best results are to be secured, and that the fertilizer men themselves should be the strongest advocates of this policy. Director Bell of the crop improvement bureau of Ontario removed from the soil almost one hundred trainloads of 100 cars each of plant food. He discussed the different theories relative to the use of fertilizers. The work of the Field Husbandry and Experimental Union in connection with fertilizers was briefly described by Dr. C. A. Lavitz of the Ontario Agricultural College. He gave the results of a questionnaire submitted to the short course and regular students at the college during the last four years. Soil fertility was always mentioned as being one of the means of great production on Ontario farms by the greater number of the students, he said.

### MORE PRODUCTION IS CHINA'S LESSON

(Continued From Page 1).  
tella, as well as in the States and Britain, is an ardent worker for the industrialization of China. A Momentous Movement. He has been actively identified with the most momentous labor movement ever started in the far east and is now promoting international trade relationships and seeking Canadian assistance and instruction in the development of his country's unlimited resources. "I have brought with me the message of goodwill from 450,000,000 of my compatriots to the people of this great Dominion," he said, "and hope to return to China with the assurances of many Canadian friends in the world of commerce and industry. What we now need in China, with her unbounded natural resources, is instruction in development of our latent wealth, and a closer association with the progressive nations of the world."  
Wants Reasoning Men. The first requisite in this regard, Dr. Hsieh believes to be the return to China of educated Chinamen, who are fully posted on what is proceeding in western civilization. Unlike the popular conception of the orient, the commissioner is vivacious and speaks rapidly. He pokes fun at the type of Chinaman who, on coming to the States and securing an automobile for the first time, says: "No pusher, no pullee, go like—the nether regions." "This isn't the type we want to lead our nation," he declared. "What we want is men who will reason with us out and then try to adopt modern improvements in China."  
Some idea of the strides which China has made following the war were given, when he stated that at present in Peking, Canton, Shanghai and other large cities, electric railways have been built with capitalizations of from three to ten millions of dollars. There are three big departmental stores in Shanghai, three in Hongkong, two in Peking and two in Canton, all capitalized at more than five millions. Trade is booming to such an extent that British and American capital is coming in at a general influx.  
"China has been lying dormant for centuries," he said, "but the time is now ripe for an awakening, and it is coming about with a vengeance. Since the war the cost of labor and the cost of living has advanced 80 per cent. Don't let anybody try to tell you that China is a cheap place to live. It is not, although the working people are better off than they ever have been."  
Nearly All Producers. "Yes, but if the cost of living had gone up commensurate with the rise in labor, how are the workmen making any more?" asked the reporter. "Why, that is very simple. They are nearly all producers, and as such consume a certain amount of their own produce. They are getting more for what they sell, and it is not costing them much more to produce. Also—and this is the way in which they are ahead—they are producing more and working harder at it because they are getting greater returns. In this respect, I think, we have it over this country, where workers are content with kicking about shorter hours. Here you are producing less and asking more."  
"Well, what part will Canada play in this new development of China?" asked the reporter, who, having a very proper vindictive, set rather bare when discussing international affairs. "It is Canada which will play one of the biggest parts. You are an undeveloped country, and your industries are just beginning to come into prominence. Also, you combine the finest characteristics of the British, American and French, as does your merchandise. My one biggest piece of advice to Canada is

### MRS. SOLOMON SAYS

Being the Confessions of the Seven-Hundredth Wife.  
BY HELEN ROWLAND.  
(Copyright, 1920, by The McClure Newspaper Syndicate.)

"How sayest thou, my daughter? is the way of a Bachelor all roses and kisses and conquests?"  
"Nay, verily! For, as surely as a wedding followeth a Reno divorce, so surely will the day come, when damoiselle shall say of him, 'He is well-preserved!'"  
"And wilt thou scorneth to choose a wife, saying, 'There are always as good fish in the sea, as ever were caught?'"  
"Peradventure he is letting the BAIT grow stale. And the Buds of Babylon are not collecting antique!"  
"Now, there dwell two Youths in Babylon. And they were called 'Honey' and 'Comely.' And the heart of a certain damsel was divided between them. But I counselled her, saying, 'Of two lovers, choose the one that PROPOSITH! For a promise on the lips is worth two in the eyes.'"  
"Therefore, when Honey had proposed three times, and Comely had broken these engagements, the damsel heeded my words, and married Honey. And her friends breathed freely and said, 'Thank heaven!'"  
"Yet, in the hour of dreams, she could not forget the way in which Comely's hair curled about his forehead. And her husband tracked mud in the house, she wept, thinking herself a lighted being. For a woman MUST 'suffer' in order to be perfectly contented."  
"Now, it came to pass, after seven years, that the Woman returned to the home of her youth. And there, she came upon Comely.  
"But at sight of him she covered her

### TORONTO FACED WITH GRAVE CRISIS

E. W. Compton, fair wage officer, has wired to Hon. Gidton Robertson, minister of labor, at Ottawa to the effect that a very serious industrial situation is brewing in Toronto, of which the possible strike of the street railway men is but a phase.

### PREPARING FOR STRIKE

John Munroe, president of the Trades Council; Jack Macdonald and A. W. Mance met last night to consider the case of the teamsters who are likely to go out on strike on Monday to force the Dominion Transport Company to observe the award of the recent board of conciliation. They interviewed representatives of the transport company, and in the later evening held a special committee meeting at the Labor Temple, under the chairmanship of James Scott, vice-president of the Trades Council. James E. Miller, business manager for the Union of Freight Clerks, reported that his organization would help the cause of the teamsters in a manner eminently more satisfactory than had been the case last year.

### MUSKOKA WEEK-END SLEEPING CAR SERVICE VIA CANADIAN NATIONAL RAILWAYS.

Commencing Friday, June 25th, Muskoka week-end sleeping car service will be inaugurated via Canadian National Railways between Toronto and Lake Joseph Station. On this date, car will leave on train No. 1 at 8:15 p.m., Standard Time, and on July 2nd and each Friday thereafter will leave on new train No. 11 at 8:30 p.m., Standard Time. Car will be set off at Lake Joseph Station (Upper Level), and Muskoka Lakes Navigation Company will operate special service, steamers leaving Lake Joseph Wharf at 6:15 a.m. and 8:45 a.m., Saturdays only, for all points on the lakes. The sleeping cars will also be in service southbound, and will be placed for occupancy on Lake Joseph siding (Upper Level) at 9:00 p.m., Standard Time, Sundays only, commencing June 27th. They will be attached to new train No. 13 and will arrive Toronto Union Station at 8:50 Monday mornings. This service proved very popular last year, and the demand for space renders desirable early application for berth accommodation, both going and returning, which may be secured at City Passenger Offices, 52 King street East, Toronto.

### MAN FROM LAKE NOT A. J. SMALL

Description Does Not Tally With That of Missing Millionaire.

In regard to the body of a man supposed to have been murdered, found in Lake St. Clair, five miles from Mount Clemens, Mich., on Thursday night, and in whose pockets some cards bearing the name and address of Toronto business men were found, it was learned yesterday that the card, "D. F. Mortimer, Dominion Guarantee & Accident Co.," had no reference to the identity of the body. Mr. Mortimer, who is alive and well, stated yesterday that he had no trace as to whom the card might have been given. He was apparently given to someone who had either been insured or contemplated taking insurance. Regarding the Oak Hill clothing card, it is stated that the company issue a small ticket case to customers, similar to those found on the supposed murdered man's body. The police are said to be investigating the matter, but from a description of the body and the man's weight, it is thought that it cannot possibly be the body of Ambrose Small, as the first telegrams from Mount Clemens suggested.

### ATTACK ON THE HYDRO BY 'INDUSTRIAL BANNER'

The Industrial Banner makes a front-page feature of an article headed "Hands Off the 8-hour Day," reading in part as follows: "The deliberate attempt made by the Ontario Hydro magnates to turn down the finding of a commission appointed by the Ontario government, which investigated conditions prevailing in the Hydro power canal at Chippawa, in which it upheld the 8-hour day and recommended that 10 hours be worked, with time and a half paid on the two hours worked in excess of the eight-hour day, which was conceded by agreement in last year, by the Hydro commission, can only be viewed by the workers of Ontario in the light of a challenge and a deliberate attack on the principle of the eight-hour work-day."

### SPECULATION IN SUGAR CURBED

(Continued From Page 1).  
voice cost of all sugar in stock at the time of sale per pound over refiners' price as Montreal, Chatham, or Vancouver, central points for the three districts of the Dominion, is declared to be the maximum profit. With the refiners' price now standing at 21 cents or under, a retail price of more than 23 cents per pound is declared to be an unfair profit-taking on general sales, and in cases where the sale of one pound lots may involve a loss for the dealer, a special charge, or the dealer may refuse to sell less than four pounds at a time and may charge not more than 88 cents for the four pounds, or may require the purchase of two pounds, charging 47 cents therefore. In special cases where a spread on retail prices may necessitate higher prices, a minimum price of 48 cents for four pounds is fixed. Wholesalers are restrained from charging a percentage higher than refiners' prices which will prevent re-

tailers from selling at the prescribed five per cent. profit. All these prices refer to granulated sugar, lump sugar or lump sugar on sugar in cartons is excepted. Drastic regulations are made for the handling of raw sugar. The Canadian refiners are forbidden to sell raw sugars, acquired up to September 30 next, except to another refinery, or with special permit from the board of commerce. Refiners are required to file with the board copies of every contract for raw sugar. All the foregoing regulations are effective until September 30 next, and persons concerned may file any objection they have to make with the board, which promises to make special orders where justice and reasonableness demand. Refiners are also restrained from increasing their price on granulated sugar without the consent of the board, which means that until such consent is obtained the retail price to the consumer stands at 23 cents a pound on an average, and no more than 23 3/4 cents a pound in special and isolated cases. The order is made a regulation under section 26 of the board of commerce act, and persons indicted under this regulation will be prosecuted by the attorney-general of the province in which the offence is committed.

# Johnson's Fight Against the League at Chicago

One of the outstanding incidents of the Republican Convention at Chicago was Hiram Johnson's victory in forcing the adoption of the League of Nations plank in the platform. According to The N. Y. Times, "the net result is that the Republican party has met the issue squarely and has made the League of Nations a paramount issue of the Presidential campaign. It is a clean-cut fight from now on between President Wilson's principles of the settlement of National disputes through a society of nations and the principle accepted by the Republican convention that the United States should hold itself aloof from participation in the affairs of the world."  
For all the important news, with special attention given to reporting the Republican Convention, you should read this week's LITERARY DIGEST, dated June 19th.

UTTERLY HELPLESS FROM ST. VITUS' DANCE

The Sufferer Restored to Health Through the Use of Dr. Williams' Pink Pills.

St. Vitus' dance is a disease of the nerves brought on by a morbid condition of the blood. It is a common disease with children, and attacks girls more frequently than boys. Its first signs noted. The child frets, it is quarrelsome, and does not sleep well. The jerky movements that characterize the disease come a little later. The patient becomes pale, languid, and often constipated. The limbs and sometimes the whole body jerk spasmodically, and in severe cases the power of speech is affected. Such a child should not be allowed to study, but should be kept quiet, given a nutritious diet, remain out of doors as much as possible, and above all things given a course of Dr. Williams' Pink Pills to build up the blood and restore the shattered nerves. Without this treatment the trouble may become chronic and the patient a life-long sufferer. The value of Dr. Williams' Pink Pills in cases of this kind is shown by the following statement by Mr. Frank J. Scriven, Acton, Ont., who says: "In January, 1917, when I resided at Milton, Ont., my daughter Gertrude, then aged fourteen, had a bad attack of rheumatic fever, which left as its after effect a severe attack of St. Vitus' dance. For weeks she was confined to her bed under the doctor's care. She was entirely helpless, being unable to even hold a spoon to feed herself. For a time she lost the power of speech almost entirely, and only with great difficulty made herself understood. The twitching of her muscles was so bad it was painful to see her. After a long time had taken a lot of medicine, she seemed to improve. But she did not seem to get along as she ought to. In November, 1917, we removed to Acton, and in January, 1918, she was again confined to her bed with St. Vitus' dance. She was again in a terrible state and quite helpless. She was under a doctor's care, and while there was an improvement, she was still very nervous, did not look well and was always tired. In May, 1918, we decided to try Dr. Williams' Pink Pills, and see what they would do for her. She took them regularly according to directions, and after taking several boxes there was a marked improvement. After a further use of the pills she is now as healthy a girl as you would wish to see. She is fat, with a fine, healthy color and is strong and lively. The neighbors to whom she is well known remark on the wonderful change in her appearance since taking Dr. Williams' Pink Pills. Both her mother and myself are convinced that the pills have done her a world of good as she is now far healthier than we at one time thought she ever would be."

For all trouble due to poor blood and weak nerves there is no other medicine can equal Dr. Williams' Pink Pills. You can get these pills from any dealer in medicine, or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SAYS SETTLEMENT BOARD SAVED SOLDIERS HUGE SUM

Ottawa, June 18.—W. J. Black, chairman of the Soldiers' Settlement Board, was shown today a statement made by E. R. R. Mills, regarding a committee of inquiry at Winnipeg into charges that land had been purchased at prices in excess of their value. He said: "In respect to all the lands referred to by Mr. Mills, the settlers themselves applied for the parcels on which they were located." The chairman further stated that the board from the beginning had made the utmost effort to protect the settlers against their own imperfect knowledge of farm values.

WHAT IS OFFERED AT LOCAL THEATRES

Varied Entertainment Will Be Provided in Playhouses During Coming Week.

"Father and the Boys" (Robins Playars). Whether the young man of the present day are smarter than their fathers will be humorously fought out all next week at the Royal Alexandra Theatre by Edward H. Robins and his Playars, assisted by Tom Wise, when they will offer for the first time by any resident company in the world George Ade's most successful comedy, "Father and the Boys."

In nearly every song or story that has been offered to the public, the theme of "father" is never mentioned, while "mother" is given all the credit; or, if father is spoken of, it is always as a dominating old crank. George Ade, in his humorous way, decided that father should at least have a little credit, so he wrote "Father and the Boys." The boys decide that, because father has allowed a woman to work in the kitchen, and a back number, whom it would never do to introduce to one's friends in the social world, father knows Ontario, and decides to show the boys that he is very much up-to-date. For over two hours there is a battle of wits in which the "mattress" type of youth of today, "The mattress" will be as usual, on Wednesday and Saturday.

"The Whirl," recognized as one of the greatest productions in film, will be given a revival at the Grand Opera House next week with a matinee every day. It is a story of real melodrama, and its lovers of real melodrama, who thrill at the employment of Saratoga, are shown "The Whirl" is easily one of the leading motion picture productions. It is alone, that of the great train wreck, was at an enormous expense, merely for this picture, and it is the best and best train wreck yet seen in motion pictures. An automobile race and a horse race. The scenes for the picture were taken at Saratoga, where the biggest racing events of the year are held, and the excitement and enjoyment of Saratoga are shown. From start to finish it has been staged on a remarkably elaborate scale. The production has been made by that genius of the screen, Maurice Tourneur, and he has collected all his previous efforts in this tremendously successful production. "The Whirl" is the one big feature picture dealing with a horse race that you cannot afford to miss.

At Loew's Next Week. "The Inferior Sex" at Renart. If Toronto has been talking about this picture, "The Inferior Sex," prior to its presentation at the Renart Theatre, considerable more talk will be done after its first showing on Monday next. In this story the Renart presents an unusual problem. Mildred Harris' character on the star has made it not only fascinating but extremely interesting to the observer. Outdoor settings are taken along the western coast on the sea shore, where the surf breaks at the foot of the lawns of the wonderful country estates. This scenery is unusually attractive and a delight to the eye. The ensemble forms a picture of gorgeousness seldom seen on the screen. "The Inferior Sex" is a story of a beautiful young society girl, who, having believed the man of her heart's desire, becomes a long honeymoon, but who wakes up, after a few weeks of married life to find that her husband is more engrossed in business than he is in her charming personality. What she does to remedy this condition is the inferior sex.

WOODSTOCK TEACHERS RESENT BOARD'S ACTION

Woodstock, Ont., June 18.—(Special)—Recently the board of education placed a number of the teachers on the reserved list. When renewing the contracts the names of the teachers were published, which caused resentment in the ranks of the local council of women and federation of women workers' organizations, seconded by George W. Perkins of the Clarendon Union, and pledged their hearty support to his leadership, declaring that the convention's action of yesterday in endorsing government ownership should not be construed as a repudiation of his administration.

FEDERATION AGAIN HONORS GOMPERS

Entire Administration Cabinet Re-elected Amid Scene of Enthusiasm.

Montreal, June 18.—The American Federation of Labor again expressed its confidence in the leadership of Samuel Gompers, its veteran president, here today, in its fortieth annual convention, when it re-elected him for the thirty-ninth time and returned to office his entire administrative cabinet. His election was practically unanimous, as the only delegate that voted against Gompers was the representative of the Seattle Central Labor Council, leader of the progressive wing of the federation. The delegates gave the aged labor leader a tremendous ovation as he again assumed their leadership, declaring: "I accept the call to duty and will do my best to be much affected by the demonstration of applause and cheers which continued for several moments."

Denial of Defeat. After asserting that his "mind is not closed to progress, but would continue to attempt to lead the army of workers to victory," President Gompers denied a story syndicated by a news service to the effect that he "had suffered his first defeat in the executive council," when he had failed to get the council to ask the Republican and Democratic parties to declare for light wines and beers. "While that subject was discussed by the executive council recently," he added, "there was no division in the judgment of the executive council of the inadvisability of the council presenting to the two dominant parties the question of beer and light wine."

Man Arrested in Montreal May Be Slayer of Policeman. Montreal, June 18.—A chauffeur believed to be the man who fired the shot which killed Constable Thomas Chiorine, was arrested today by members of the Montreal detective department. The chauffeur refused to divulge the name of this man and it is surmised that there may be more than the four men now held in connection with the murder, implicated.

MANITOBA SOON TO REACH PEAK OF HOPPER PLAGUE

Winnipeg, June 18.—The peak of the grasshopper plague in Manitoba will be reached by the end of this week, and from then onward it will lessen, it is believed by experts engaged in fighting the menace. Registrar received from 18 points by J. P. Evans, deputy minister of agriculture, was a spectacular blizzard and seen for miles. The exact cause is not known.

WILSON'S CHALLENGE ACCEPTED BY HARDING

Washington, June 18.—President Wilson's challenge to submit the peace treaty to a referendum of the American people was accepted today by Senator Harding, the Republican presidential candidate. "I am sure," said Senator Harding, "the Republican party will gladly welcome a referendum on the question of the foreign relationship of this republic and the Republican attitude of preserved nationality will be overwhelmingly endorsed."

Herbert Hoover, whose name was voted on to the last at the Republican convention, had breakfast today with Senator Harding at the senator's invitation. Mr. Hoover today announced formally that he will support the ticket nominated by the national convention.

JEWRY'S ARISTOCRATS OUT FOR INCREASE

That the kosher cattle killers in Toronto are among the most aristocratic members of the Jewry; that they are receiving insufficient wages for their onerous and highly-valuable duties of killing kosher cattle; that it takes 12 years solid training to learn to properly kill a kosher bull, and that the boys now being maintained by the wives would speedily end in kosher cattle killers receiving their increase, was a statement made by Abraham Roosenbloom, international organizer for the Amalgamated Garment Workers' Union, yesterday afternoon. The boycott is being waged against buying kosher meat by the wives of the community as a token of protest against injustices alleged to be practiced against kopers.

# The Truth About "Short Runs"

IN THE PRESS of June 15 there appeared a statement issued by Mr. W. D. Robbins, secretary of the Street Railwaymen's Union, of the hours and wages of one man for January, February and March, 1920, which he represented as typical of the actual wages received by employees of the Toronto Railway Company.

In the case cited, the man receives 52½ cents per hour, which shows that he is a new man in his first year of service. The statement shows that his daily run was 7 hours and 36 minutes in January, 7 hours and 23 minutes in February and March, and even with this short day and without working any extra time, the man is quoted as having earned for the three months \$313.49, an equivalent per year of \$1,253.96, which we think is not bad wages for a new man working only 7 hours and 23 minutes per day, without any extra time. The probability is, if the man had wanted to he could have worked extra time to augment his income without having worked for an undue length of time on any one day, as shown in other illustrations already given.

It is impracticable on a street railway to make all the runs exactly eight hours, because, unlike a factory, we cannot stop running all the cars at a given time. Each route is of different length and different running time, and so the schedule cannot be divided into runs of equal length. Furthermore, under our agreement, we have to relieve the crews at points on the respective lines nearest to the car house from which they operate, and when they reach that point their time may be less than eight hours; and yet if they make another trip, particularly on a long route, their time would possibly be more than nine hours—we have to make it one or the other, and our agreement is to make it as near eight hours as possible.

As already pointed out, the average schedule run over the whole system is eight hours and five minutes. Obviously, some of the runs are more than eight hours, and others are less. Out of a total of 745 scheduled crews there are only 85 less than 7 hours and 40 minutes, and of these 47 have the opportunity of doing morning "tripper" runs. Twenty-eight crews, or less than five per cent., are scheduled during the morning and evening rush hours, but could do opera extras in the Winter season or park extras in the Summer season. These runs are the lowest on the board, and would naturally fall to the newer men. If they were not made up into runs, the different parts of them would have to be operated as separate units by extra men, but when joined together they form a run which some men prefer as regular work compared with the uncertainty of getting different parts of runs as extra work.

The men have what is known as "selection of runs" by seniority of service; that is, the oldest man in the service has the right to select any run, and so on down the list until all the runs are filled. Now, the records show that in many instances men who by their seniority have the right to select runs of higher value or straight runs having continuous work, prefer the runs which are of shorter duration and which are divided into two or three shifts.

For instance, the runs cited by Mr. Robbins in his statement in the evening press of Wednesday, June 16, where he states:

"Crew No. 50 Yonge street worked from 7.01 a.m. to 9.48 a.m., went off until 1.43 p.m. and then worked from that hour to 6.43 p.m. They gave up 13 hours of the day, for which they received value for 7 hours and 47 minutes. Crew No. 58 Yonge street worked from 6.57 a.m. to 9.13 a.m. and from 3.34 p.m. to 9.12 p.m., getting value for 7 hours and 54 minutes, for which they gave up over 14 hours of the day."

Take the first instance, crew 50 Yonge, with value 7 hours and 47 minutes and "spread over" of 11 hours and 42 minutes, not 13 hours. "Spread over" means the period from the time a man begins his day's work on a run until he finally completes it—including the rest period between the different shifts of the run. The conductor who selected this run was entitled by his seniority to have selected

The above illustrations show that the value and desirability of a run is purely a matter of individual opinion, depending upon each man's desire and convenience. Our experience has been that among a large body like two thousand men, what one man may consider undesirable another will go out of his way to secure. In past years, it is a matter of record that the committee representing the union have consistently objected to a certain class of run while at the same time the Company was in receipt of hundreds of personal applications from employees to secure these very runs, many more applications than we had runs to fill.

a straight run, No. 11 Dupont, on which he would go on duty at 3.09 p.m. until 11.55 p.m., value 8 hours and 46 minutes; or he could have selected any one of twenty-five straight crews of similar hours, all straight runs, from 8 hours to 8 hours and 32 minutes per day; or he could have selected a two-piece late crew, 60 Yonge, on duty from 2.53 p.m. to 4.13 p.m. and from 4.46 p.m. to 12.12 a.m., value 8 hours and 46 minutes, with a spread over of 9 hours and 19 minutes; or any one of sixteen crews of similar hours all running from 8 hours to 8 hours and 46 minutes per day, had he been so minded; but he chose of his own free will to select the two-shift run complained of by Mr. Robbins.

The motorman of 50 crew Yonge could have selected No. 11 Dupont, referred to above, or any similar crew to that which the conductor was entitled to select.

Take the second instance, No. 58 Yonge, of the value of 7 hours and 54 minutes, with a spread over of 14 hours and 16 minutes. The conductor, by his seniority, could have selected 21 crew Avenue Road, straight run, 8 hours in value, from 4.26 p.m. to 12.26 a.m.; or 21 Church, a two-piece run from 2.51 p.m. to 4.09 p.m. and from 4.53 p.m. to 11.57 p.m., value 8 hours and 22 minutes, spread over 9 hours and 6 minutes; or 22 Church, a two-piece run from 2.59 p.m. to 4.17 p.m. and from 5.07 p.m. to 12.02 a.m., value 8 hours and 13 minutes, spread over 9 hours and 3 minutes. He was in the service only seven and a half months when the selection was made, and chose of his own accord the run complained of by Mr. Robbins in preference to the others.

The motorman on crew 58 was also only seven and a half months in the service at the time selection was made, and could have chosen 18 crew Dupont, a straight run, from 3.42 p.m. to 12.01 a.m., value 8 hours and 19 minutes; or straight run, 19 crew Dupont, from 4.24 p.m. to 12.41 a.m., value 8 hours and 17 minutes; or 22 Church, from 2.59 p.m. to 4.17 p.m. and 5.07 p.m. to 12.02 a.m., value 8 hours and 13 minutes, and spread over 9 hours and 3 minutes.

The fact that these men chose of their own accord to work a run below the value to which they were entitled by seniority means that some other man, newer in the service, secured a run of higher value than he would otherwise have been entitled to, so the probability is both parties were satisfied.

DOME PRESIDENT IS OPTIMISTIC

Forecast Reduction of Capital if Dividends Are Not Paid.

The ninth annual meeting of the Dome Mines Company, Limited, was held yesterday at the head office, 36 Toronto street, J. S. Bahe, of New York, the president, in the chair. All the old directors were re-elected.

The president expressed the view that the future of the company depends on the supply of labor. If sufficient men can be obtained it is probable that in addition to the present dividend the company will pay earnings to the redemption of capital.

BOND DEALERS MEET

Winipeg, June 18.—At the annual convention of the Bond Dealers of Canada, under the presidency of Sir Augustus Nanton, one of the features brought out was that the marketing committee was able to confine any depreciation on Victory bonds to those who have actually been obliged to sell, thereby saving millions of dollars to the other holders of Dominion war bonds.
