TWELVE PAGES—ONE CENT

EXPRESS IS WRECKED; THE WORST DISASTER IN CANADA'S RAILWAY HISTORY

ESTIMATE FORTY EIGHT KILLED IN FEARFUL WRECK ON C. P. R.

Soo Express Thrown From Rails on Bridge by Breaking of Trucks and Cars and People Are Plunged Over a Bank

Hundred People on Board—Second-Class Car Splits in Two and Half of it Goes Over and Takes Fire—First-Class Coach Falls Into Water With Passengers Caught in Death Trap—C. P. R. Officials Among The Dead And Injured—The List as Far as Learned

Sudbury, Ont., Jan. 22.—(Special)—The worst wreck in the history of the Canadian Pacific Railway occurred on the "Soo" bridge at the bridge crossing the Spanish River at 1.10 o'clock yesterday afternoon. Spanish River is 208 miles from Sudbury and is crossed by the Canadian Pacific Railway by means of an iron bridge.

When the train left Sudbury at noon it carried in the neighborhood of 100 people. The train was made up as follows: Engine, mail and baggage car, express, second class coach, colonist, first class coach, diner and Pullman.

The bridge was approached at a fair rate of speed and the engine, mail, baggage and express cars had gone on to the structure.

Go Down The Bank

From causes not yet ascertained, the trucks jumped the track. The second class coach split in two as clear as it had been cut with a knife, and the momentum of the train carried one half of the second class coach, first class car and diner, on their trucks, down the bank.

Estimate 48 Killed

North Bay, Ont., Jan. 22.—(Special)—The estimated number of dead in yesterday's wreck is forty-eight. An incomplete list of the dead and injured follows:

Thomas Parrish, colored, waiter on diner St. Paul, lands and head hurt slightly. Mrs. George P. Dietz, Boisvein, Manitoba, internal injuries, serious. Mile Nikola, Mary North Dakota, slight by hurt.

It is impossible to obtain a correct estimate of the dead, reports varying all the way from thirty-five to fifty-five. The number of injured will total between fifty and seventy. Fourteen passengers enjoying lunch in the dining car when the accident happened, but it is said they all got out safely.

Details stamp the wreck as one of the worst in the history of Canada, with features terrible and gruesome. The first class car is submerged in fifteen or more feet of water, and it is hardly possible that any one on board of it escaped alive if they survived the plunge down the twenty foot embankment.

Excitement aroused by the discovery of a small vein of anthracite coal under the city by an excavation along a week ago was heightened yesterday when a larger vein of better quality of coal was discovered by a gang laying water mains. There are several tons in the pocket and the contractor is using the coal in his furnace on the work. The coal has been tried in furnaces and gives good satisfaction.

Car Takes Fire About twenty-five passengers were in the first class car, which is partially submerged.

W. J. Bell, Sudbury, manager of the Spanish River Pulp & Paper Company, injured head and chest.

Arrangements for the trip of the Queen's Own Rifles to England during the coming summer are being completed. The corps will proceed to London spending four days there and leaving for Canada about Sept. 20.

FOSTER HAS CASE AGAIN POSTPONED

Suit Against Toronto Editor Off Till After May 24—Anthracite Coal Under Port Arthur Streets

Toronto, Jan. 22.—(Special)—At the request of the plaintiff's counsel, Justice Stibbard yesterday made an order postponing the trial of Hon. G. E. Foster's libel suit against the Globe and its editor, Rev. J. A. MacDonald, until after Monday, May 24, so that the plaintiff may attend the House of Commons.

UNIONISTS NOW HAVE MORE VOTES THAN LIBERALS AND LABOR COMBINED

Government Forces Now Place Their Hopes in the Results of Next Week's Polling—Conservatives Meanwhile Continue to Make Gains in the Counties—Today's Latest Returns

Table with 3 columns: Name, Party, Votes. Includes names like Honorable Lloyd George, Honorable Walter Runciman, Honorable Winston Churchill.

STATE OF THE PARTIES

The latest election returns are: Unionists, 317; Liberals, 179; Labor, 33; Nationalists, 66; Unions, 110; Liberal Gains, 12; Labor Gains, 1.

TO KEEP VALLEY RAILWAY PROJECT WELL TO FRONT

Fredericton Board of Trade Council Acts—Subsidy For River—Freight Rates to Commission

Fredericton, N. B., Jan. 22.—(Special)—The council of the Fredericton board of trade met last evening and dealt with a number of important matters, including the Valley Railway project and discrimination in freight rates.

MEAT BOYCOTT CAMPAIGN HAS HIT NEW YORK

Butchers' Business Drops Off One Half—Women Plan Big Demonstration

New York, Jan. 22.—The fight for cheap meat waged here in New York today, pledged to obtain from meat eating for thirty days or more were extensively circulated and signed and the indications were that the movement although slower in getting a foothold here than in many cities will reach impressive proportions in metropolitan territory.

PLEASED WITH THE ALLIANCE WITH BRITAIN

Japanese Premier's Speech at Opening of The Upper House of National Diet

Tokyo, Jan. 22.—Both houses of the Diet convened in regular sessions here today. Premier Katsuma made the opening speech in the upper house at 10 o'clock this morning. He said the relations of Japan with all the treaty powers were increasingly intimate and that especially had the alliance with Great Britain strengthened the solidarity of the two nations.

KENT COUNTY RAILWAY AND WATER SERVICE

Buctouche Railway and Transportation Company Asking Parliament for Charter

Ottawa, Jan. 22.—(Special)—The Buctouche Railway and Transportation Company is applying to parliament for a charter for a railway between Buctouche and Richibucto and to operate a vessel line between Buctouche harbor and Prince Edward Island and Nova Scotia ports.

BRIAND CHARGES BLAME TO THE CHURCH IN FRANCE

French Premier Takes Part in School Question Debate in The Chamber of Deputies

Paris, Jan. 22.—Premier Briand intervened in the debate on the school question in the Chamber of Deputies last night and was loudly applauded. In his speech he blamed the church for reopening the agitation in France when the question was in a fair way of settlement.

HON. WALTER SCOTT COULD TAKE CARE OF HIMSELF IN HOUSE

Ottawa, Jan. 22.—(Special)—In the house yesterday, Glen Campbell said he had seen a report that Hon. Walter Scott was to come into the parliament and the ministry. He promised to make a red letter day of Hon. Walter Scott's entrance to parliament, for he would denounce him as a traitor to the people, basing his charges on documentary evidence he had seen.

D. McARTHUR IS OUT TODAY FOR MAYORALTY

Ex-Alderman Douglas McArthur today announced to the Times that he would be a candidate for mayor at the election in April in opposition to Ald. James H. Pink.

MRS. F. M. TWEEDIE WINS PRIZE AT CARNIVAL

Chatham, N. B., Jan. 22.—(Special)—More than 700 people attended the first carnival of the season, in the skating rink last evening under auspices of the Chatham skating rink. Nearly 300 were in costume and the carnival was the most successful ever held on the North Shore.

WAR TO THE DEATH

Issue in Nicaragua Clearly Defined—Arrests on Charge of Plotting

Managua, Nicaragua, Jan. 22.—The Nicaraguan government has ordered the arrest of all the conservative leaders in Managua, Granada, Masaya, and Rivas. The discovery of a widespread conspiracy against the Madriz regime is given as the reason for the arrests.

ENLARGES BISHOP'S POWERS

An announcement of the very greatest importance is contained in the dispatch from Rome stating that in the new Papal decree, "De Episcopo," the Holy Father grants new and enlarged powers of bishops throughout the world, including the right to settle all questions relating to the marriage of Catholics without reference to the Pope.

CONDEMNED TO DEATH, BUT NOT CAPTURED

St. Petersburg, Jan. 22.—A court martial at Riga has condemned to death, Jan Pournen, who was accused of murdering Dr. Katerfeld in Kurland province.

ROOT, UNITED STATES COUNSEL IN NEWFOUNDLAND ARBITRATION

Washington, Jan. 22.—Senator Root of New York will be the leading counsel for the United States in the Newfoundland fishery arbitration case which will come up for argument before the Hague court next June.

MARINE ENGINEERS ARE GIVEN INCREASE

Detroit, Mich., Jan. 22.—It became known today that the Lake Carriers Association which has been in session here decided to increase the salaries of marine engineers employed by the association.

EARTHQUAKE RECORDED

St. Louis, Jan. 22.—The seismograph of St. Louis University registered an earthquake which began at 3.18 this morning and lasted until 3.45.36. The movement was directly from the west with traces from the south.

FIFTEEN KILLED BY EXPLOSION OF NITRO GLYCERINE IN TUNNEL

Fishkill Landing, N. Y., Jan. 21.—Fifteen men, three of them Americans, were killed yesterday by the premature explosion of nitro glycerine in a tunnel which is to form part of the great aqueduct which will carry water from the Ashokan dam in the Catskills to New York city. Five were terribly mangled, but were so near the mouth of the tunnel that they were rescued alive. The other fifteen were found beneath a mass of rock and debris. It is believed that one of the workmen,

TWELVE IN BELGIUM

Charleroi, Belgium, Jan. 22.—A large building in the course of construction near the viaduct, the foundations of which had been weakened by the rains, fell today burying the workmen in the ruins. Twelve men were killed and a score of others injured.

BOWEN RE-ELECTED

Boston, Mass., Jan. 21.—William J. Bowen, of New York, was re-elected for a third term as president of the Bricklayers & Masons International Union of the United States and Canada at today's session of the convention held in Ford Hall.

IF YOU HAVE \$100 TO INVEST
 We would Recommend
P. Burns Co. 6 per cent. Bonds due 1 April 1924
Nova Scotia Telephone Co. 6 per cent. Stock
Canadian Car & Foundry Co. 7 per cent. Stock
 Send for full particulars.

You will not only save, but make money by investing in the above SECURITIES. What per cent. is your money bringing you now?

FINANCIAL AND COMMERCIAL

Morning Cotton Letter.
 New York, Jan. 22.—It looks as though the extreme activity was all over in the cotton market, but following the extreme excitement of the past few weeks we may look for continued nervousness and more or less irregularity. The decline of nearly 8 1/2 a bale from the high level of the season has greatly strengthened the position of the local market, which is now selling under parity; however, and while there may be frequent reactions we look for a gradual advance of at least a cent a pound, following which the course of price will depend upon the leadership of the spot markets. The advance of a cent would appear to be justified by the present condition of spot cotton in the south. Of course the prediction of an upward movement in futures is based upon the assumption that the weekly bid spot cotton in the south has been liquidated and that present quotations will be maintained.—T. & Randolph.

New York Financial Bureau.
 New York, Jan. 22.—Bullish operations against the shorts seemed to be continued in the stock market today. Speculative work may be a little more in evidence. This is no reason for relaxing part guard on bulging values. It is manifest that the rise in the market of price will depend upon the leadership of the spot markets. The advance of a cent would appear to be justified by the present condition of spot cotton in the south. Of course the prediction of an upward movement in futures is based upon the assumption that the weekly bid spot cotton in the south has been liquidated and that present quotations will be maintained.—T. & Randolph.

BRITISH SCHOONER PRESENTS PROBLEM TO BOSTON OFFICIALS

Boston, Jan. 21.—With a broken back sustained by stranding at Vineyard Haven Dec. 23, the British schooner A. K. McLean of Lunenburg, (N. S.) was towed to National docks by the Orion and her coming presents a problem for customs officials.

The vessel is loaded with 227 tons of coal for Halifax that must be unloaded before she can be hauled on a railway. Foreign vessels are not allowed to engage in coastwise commerce, and if the coal brought here by the schooner stranding on the part of the vessel is to be used for the purpose of coal scooped from the McLean will be regarded by a federal inspector till the vessel has completed repairs at Chelsea and reloads.

THE WINTER PORT RECORD TO DATE

The following is the valuation of exports to date from this port to the United Kingdom and South Africa, showing the official valuation of the cargoes of thirty-eight steamers as filed at the customs house:

Canadian goods	\$6,071,923
Foreign goods	1,580,371
Total, thirty-eight sailings	\$7,652,294

This valuation of exports shows an increase of \$450,000 over last season away from the steamships—2,068,948 bushels of grain, 285,603 bags of flour, 18,897 boxes of cheese.

Very few cattle are going forward this season, but before the season closes some large shipments will be made. Cattle and carloads are on the way here now from the United States.

Forty-two steamships doing winter port business have arrived up to date. Their net register amounts to 178,280 tons. The same number of steamers arrived last season but their tonnage was 6,563 tons less than this season.

SUNDAY SERVICES

St. John's Presbyterian Church, King street east, Rev. J. H. A. Anderson, B. D., minister. Public worship 11 a. m. and 7 p. m. Sabbath school at 2:30 p. m. Young Men's Guild Monday 8 p. m. All welcome.

Rev. A. A. Rideout, pastor of the Baptist church in Fredericton, will occupy the pulpit of Main street Baptist church 10:30 a. m. and 7 p. m. on Monday morning. Rev. David Hutchinson will preach before the U. N. B. students at Fredericton tomorrow.

PERSONALS

James D. Seeley was a passenger to the city on the Boston train at 10:30 a. m. Fred M. Maxwell returned to the city on today's Boston train.

Mrs. A. H. Hamilton is visiting her daughter in Montreal.

J. B. Lambkin, of the J. C. R. R., was in the city yesterday.

D. J. Brown, of the principal European markets, where he will spend some time in the interests of the firm.

Mrs. G. W. Campbell, who has been critically ill, was reported as being somewhat better last evening.

The friends of Alexander Robertson will be sorry to hear that he is critically ill at his home, in King street east, and that there are grave doubts of his recovery.

Mrs. W. N. Maxwell left this morning by steamer Yarmouth to visit her son, W. H. Maxwell, of Bridgetown, N. S.

BENGORE HEAD'S WOODWORK RIPPED UP FOR FUEL

Not a Pound of Coal Left When Pomeranian Fell in With Her — Life Boats Washed Overboard — A Fearful Trip

St. John's, Nfld., Jan. 22.—The experience of Captain Ferguson and the forty men comprising the crew of the steamer Bengore Head, which was towed to port last night, was a thrilling tale.

When the Bengore Head was picked up at sea by the steamer Pomeranian, the latter's boats were washed away by the seas which constantly swept the steamer. The Bengore Head, when towed into port last night, ended a twenty-five day trip across the Atlantic from Maryport, Eng.

When the Pomeranian fell in with the Bengore Head, the latter craft had been helplessly for two days and was drifting dangerously near the Virgin Rocks, off the Newfoundland coast, at the mercy of wind and sea, as will be recalled by all who saw the boats washed away by the seas which constantly swept the steamer. The Bengore Head, when towed into port last night, ended a twenty-five day trip across the Atlantic from Maryport, Eng.

PARIS FLOODS GROW DISASTROUS; EIFFEL TOWER IS THREATENED

Paris, Jan. 22.—The flood of the Seine threatens to assume the proportions of a catastrophe. The water at 2 o'clock had risen a foot since morning. The foundations of many buildings, and notably the Eiffel tower, have been infiltrated and the structures are in danger of collapsing.

Paris, Jan. 22.—The flood of the Seine threatens to assume the proportions of a catastrophe. The water at 2 o'clock had risen a foot since morning. The foundations of many buildings, and notably the Eiffel tower, have been infiltrated and the structures are in danger of collapsing.

CAPT. ADAMS, WELL KNOWN IN CANADA, DEAD

Was of Royal Welsh Fusiliers — British Market Reports by Cable to the Times

London, Jan. 22.—Captain W. H. Adams, late of the 23 Royal Welsh Fusiliers and well known in Canada is dead.

QUICK DESPATCH GIVEN TUNISIAN CARGO HANDLED IN FAST TIME — Lakona Sails

The Allan line Tunisian sailing this morning at 9:40 o'clock, after making the best time for discharging and loading made in this port for some time. The steamer docked at 9:15 on Wednesday. She was consequently about seventy minutes late. She had 3450 tons of inward freight and the outward cargo was by no means a heavy one. The best method of unloading which the steamer took away—350 barrels of apples; 4300 pounds of poultry; 1000 cases of fresh produce; 1000 cases of leather; nine cars sundries; twelve loads of grain, and 170 standards of denim.

GLASS BRICKS

From Harper's Weekly.

Glass bricks are coming into use in France because they are hygienic and of easy make. The glass brick does not crack in use. The best method of making the brick is to use a mold of iron and to use a special machine. The brick is made in a mold of iron and to use a special machine. The brick is made in a mold of iron and to use a special machine.

UNGROWN MARTYRS

The difficult life of a mother, pliantly sustained for the sake of Jesus and in the spirit of Jesus, can be as true and glorious a martyrdom as was ever witnessed by Stephen or Paul or Hus. Crosses and stakes and vats of boiling oil may call for no sturdier heroism and complete abnegation. God bless the mothers—Christ's martyrs of the home! No human heart can fully know, no tongue express, his heroism. Here, after all, and not in the extra large spectacular scenes of fidelity, is Christ's real power shown and glory won.

ANCESTRAL INHERITANCE

A hundred years ago at this time of the year a dead turkey was more important than a living human being. For there was such a rush to supply London with its Christmas turkeys and geese that of course I must uphold the hereditary House of Lords. Here is the answer given by the supreme exponent of the hereditary principle. Let me add that the work done during the last few decades, both along Galtonian and Mendelian lines, more than confirms what has been here quoted. If a man has a distinguished father or grandfather he has something to boast about; but if he merely boasts distinguished ancestors of some centuries ago he has nothing to boast about at all. I do not say that I expect him necessarily to see this, but there it is.

ALIMONY FOR MRS. CURREY IS CONTINUED

Suit Money Refused and She Must Pay Her Own Counsel Fees

After hearing the argument of counsel in the application for alimony and suit money in the case of Mrs. Mary Elizabeth Currey vs. Lemuel A. Currey, His Honor, Judge McKeown, today, ordered that the alimony of \$75 a month be continued until the appeal was made, and he dismissed the application for suit money.

After hearing the argument of counsel in the application for alimony and suit money in the case of Mrs. Mary Elizabeth Currey vs. Lemuel A. Currey, His Honor, Judge McKeown, today, ordered that the alimony of \$75 a month be continued until the appeal was made, and he dismissed the application for suit money.

Collars and cuffs laughered with a colossal finish in cheap luggage. Ungar's do it daintily. Tel. 88.

Does \$500 look good to you? If so, come in and order a made-to-order suit for \$100 of regular price, if C. B. at just \$50.00. Corner Main and Bridge streets. Pidgeon's.

THE MAN IN THE PULPIT

The Man With the Fountain Pen
 II—BISHOP RICHARDSON.

The wisdom of the choice which was made when a successor was elected to Bishop Kingdon has been abundantly justified. While some may have regarded the comparative youth of the then Canon Richardson as a disqualification for so great and responsible an office, it has proved in the sequel a potent factor in his success. His broadness of administration of the See of Fredericton, his unswerving energy and a boundless enthusiasm. Already the effects of his able and vigorous rule are being felt, and the cause of Anglicanism in this province has received an unmistakable impetus.

CONDENSED DESPATCHES

Cincinnati, Jan. 22.—The Chicago express on the Big Four is reported wrecked on the outskirts of this city.

Enslavement, Wis., Jan. 22.—Captain Victor Wolf, who carried the famous eagle "Old Abe" throughout the Civil war as the mascot of the Wisconsin Eagle Company, is dead here at the age of eighty-six years. The eagle is now a relic in the National Museum at Washington.

W. D. BASKIN FOR PLAGE ON LIQUOR LICENSE COMMISSION

While there has been some active canvassing for the vacancy that will be caused in the board of liquor license commissioners on the retirement of Thomas A. Linton, whose term will expire in June, it is pretty generally conceded that Mr. Alderman W. D. Baskin, of Capleton, has the main track and will probably land the plum.

ALF. LYNCH, BOXER OUT FOR BUSINESS

The following letter shows that Alf. Lynch means business:—
 To the Sporting Editor of The Montreal Daily Star:

I was very much surprised to read in the Star that Kid Fleming said I refused to fight him. No one knows better than Fleming himself that this is absolutely untrue. The fact is that we were matched to fight at Schermer Park, but Fleming thought that this was absolutely untrue. The fact is that we were matched to fight at Schermer Park, but Fleming thought that this was absolutely untrue.

SAY MARCH OF UNIONISTS IS CHECKED

Liberals Claim That Their Innings Will Now Come—Some Results Yesterday

London, Jan. 21—Only ten results of yesterday's pollings were declared last night, and London took political recreation in the music halls, groaning for the Liberal cheering for the Unionist victories, hooting at portraits of Asquith, Lloyd-George and Churchill, and selling for Balfour's picture thrown on a screen, and still leader for Chamberlain.

Weak Heart, Poor Blood

Shortness of Breath a Symptom "It was a good thing I began taking Ferrazone when I did, or my condition would have fallen into Pernicious Anemia, and this disease I am told is incurable," writes Mr. Samuel S. Michaud, of Pembroke.

My blood had turned to water, I was told, and I needed the very best tonic obtainable to vitalize it. You can imagine how run down in quality my blood was when it seemed that I was suffering from Pernicious Anemia. Ferrazone worked wonders. Every week I could see how my blood was making my constitution stronger. I hadn't my heart disease. The palpitation was caused by poor blood—so was the shortness of breath. Ferrazone has made a new man of me. I am as hearty, ruddy and vigorous as I was twenty years ago. I urge every man and woman in poor health to build up with Ferrazone.

No tonic is so certain as Ferrazone—just one or two tablets to take at meals, 25c. per box, six for \$2.50, all dealers or The Catarhozone Co., Kingston, Canada.

EXCITING TIME AGAIN IN THE RICHIBUCTO WHARF INQUIRY

Ottawa, Jan. 21—Evidence submitted at the public accounts committee today endorsing the purchase of the Richibucto wharf by the government was so strong and crushing in its character that several of the Tory M. P.'s lost their temper and there were scenes. Some of the questions put to witnesses were so ungenerous and uncalled for that finally the chairman, who had all along allowed the utmost latitude, put an end to them.

The climax came as the committee was about to adjourn, when Dr. Reid, the Conservative member for Grenville, declared that he was satisfied that there had been perjury committed before the committee on more than one occasion, but particularly on this.

"I believe," he said, "that there have been witnesses in this case who have liberally perjured themselves, and I intend that this shall not stop here. Perjury should be punished by prosecution by the attorney-general of the province or by some one else. I intend to report to the house that there has been perjury, and demand that the house shall take action."

Dr. Pugsley—"It is open to Dr. Reid, if he believes that there has been perjury, to lay information, or to test the matter by stating to any witness after the adjournment of the committee that he believes he has perjured himself and taking the chance of all hell. So far as I have observed, and I have given the matter the closest attention, I have seen no evidence of any witness having committed perjury in this case."

Mr. Carvell—"Any man who has had experience as a lawyer, and Dr. Reid has not, knows that witnesses often differ in a most extraordinary way, due to recollection or observation. It is a terrible thing for Dr. Reid to stand up here, under the protection of his position as a member of parliament, and to challenge a witness charge that witnesses have committed perjury in this case, without naming the witnesses whom he believes to be guilty."

Dr. Reid—"Well, I believe that there has been perjury committed, and I am not at all sure that I believe the same thing. I do not intend to let the matter drop. A motion was made that the committee adjourn."

Mr. Carvell, turning to Dr. Reid, said: "Now, Sir, the committee has adjourned, and you are without any more protection than any other citizen. Practically all of the witnesses who have given evidence in this case are in the room, and I challenge you to name which of them you believe has committed perjury."

A STEP AT A TIME

Have you ever noticed how unresponsible the man at the bottom of the ladder envies the man at the top? Not until success has been actually attained does the man appear at the top, and the consequence is that he gets scant credit for the step at a time climbing which has brought him there.

This, at any rate is the experience of the Midland Vinegar Company of England, the manufacturers of H. P. Sauces. They are now at the top of the ladder—H. P. is an assured success—everybody who tastes it likes it, and recommends his friends to make a trial of it.

At the annual banquet of the boys' department of the Y.M.C.A. last night an enjoyable time was spent. Music was furnished by Messrs. Robb and Colwell. Speeches were given by the chairman of the various committees, I. Dow, G. Scott, H. A. Lortly, Lawrence Hemminger, J. W. Jones, H. Heans, E. B. Tennant, Arthur Green and C. Chinn. The banquet was in charge of J. G. McKinnon, chairman of the social committee.

In St. John's Sunday school last evening Rev. G. F. Scovell delivered the second lecture of a series dealing with English cathedrals. A large number of people were present, and the lecture was much enjoyed.

It is reported that capitalists are endeavoring to secure options on the Grand Lake coal properties, on account of the expectation that the belt will soon be remarkably developed.

of public works. They may have enlarged their plant since but I think they were engaged in the dredging business before I became minister. At all events they did not acquire any plant at any suggestion of mine. They are very thorough business men who do not interfere with anybody's business, they are men who do not make many acquaintances, and know very little of them, although I know them."

The fact was elicited that Dr. Pugsley did not see Messrs. Loggie when he visited Dalhousie on October 14, where it has been reported the minister and engineer did Messrs. Loggie first and after consultation Dr. Pugsley arranged by telegraph for dredging at Bathurst.

In answer to a question as to whether he had ever seen the Richibucto wharf before purchasing it the minister of public works said: "I first made an order. I think it was in June, to have a report made upon the wharf. The report was made. I looked it over, and considered that as it had such a large area, and in view of the report of the engineer that the quantity of material in it was estimated at about a million cubic feet, and knowing a good deal about the value of wharf properties myself, I thought this was a reasonable price for it. I never occurred to me that there would be any question in regard to it. I did not know that Mr. O'Leary had owned the property. I had no idea from whom Mr. Murray had bought it, and supposed that he had held it for some years. I did not decide at once to purchase it, but later on I think some other recommendations in reference to the matter had been brought to my attention and I asked for a further report on the engineer's estimate in August, perhaps the 9th of August. There was an additional report made and I considered the matter again, and I recognized that we needed the wharf for a public convenience in connection with the railway and also in connection with the sewerage of the public buildings, and believing that the price was reasonable and relying upon the statements of Mr. Stead, I decided to purchase. I had found he was a careful man and had great credit with him. Later on, after the purchase had been completed, I learned that Mr. Murray had bought this property from O'Leary at the sum of \$1,000."

This was brought to his attention by Mr. LaBlanc, who afterwards explained to him that he thought the government purchase a much smaller area, and when he learned the size of the property Mr. LaBlanc changed his mind and thought the fact it was got very cheaply.

Referring to Murray and Robertson's bid for the wharf, Dr. Pugsley said he saw the two of them together at his office door. He had a valise in his hand, was in a great hurry to catch a train, and was dressed in a suit. He said to him: "I cannot see you now; I am just catching a train."

"It was very much the same way as when Mr. Stead was there. There were a great many people waiting to see me." Accounts amounting to \$720, repairs to building done upon Richibucto wharf, with both of which Thomas O. Murray was connected, were paid \$100 for a public accounts committee and tonight the investigation into the municipal wharf expenditure was principally into the price paid for lumber, which varied in the purchase from Richard O'Leary from between \$7 and \$8 for hemlock and \$15 for spruce and that obtained from John Dumas for \$6 for the logs and the expenses of cutting the same in the summer time, hauling them to a creek and selling them to the public work and sending them to the operation, which brought the expense to such a figure that Murray swore the average cost of the lumber obtained from all parties was \$12 per thousand, of which he informed the engineer before entering into the agreement for its delivery, and which sum he charged the department.

One cheque for \$500 from the department was made out in favor of John Dumas, whose real name, it appears, was John Dumas Richard, but who was generally known in Kent county, as distinguished from other Richards, as John Dumas. Mr. Crockett sought to show that the contract was entered into under that name purposely, and that the cheque was not endorsed by Dumas himself. There, however, no evidence of this except the statement of Richard O'Leary, who said he did not think that Dumas endorsed the cheque.

EVERY statement, every claim, every guarantee concerning Red Rose Tea from the time it was first put on the market until to-day has been lived up to the fullest degree.

Its remarkable success and enormous sale are the result of this method of doing business, coupled with the all-important fact that Red Rose Tea has always been good tea.

Estabrooks' Red Rose Coffee will have the benefit of the same business methods. Equal skill will be employed in its selection and preparation and equal determination to maintain its superior quality.

Estabrooks' Red Rose Coffee and Red Rose Tea will form a very strong partnership, each resting on its own quality, which, in Red Rose Tea, has been so aptly described as "good."

A good combination is Estabrooks' Coffee for breakfast and Red Rose Tea for other meals.

CONSERVATION COMMISSION HAS ADJOURNED

Ottawa, Jan. 21—The work of the closing session of the Commission of Conservation was today restricted to the presentation and discussion of the reports of the various committees on national resources.

In one thing the condemnation of railroad corporations for their wasteful and destructive effect upon forests, the commission was decidedly unanimous.

The Intercolonial Railway was especially condemned by W. B. Snowball, of Chatham (N. B.), who carried through the commission a resolution favoring legislation to make the railway liable for the fires they cause and also to make them carry fire insurance of charge.

Earache, Toothache

To Cure the Pain in Ten Seconds and Get Instant Relief, Nothing Equals NERVILINE.

Fifty years ago Nerviline was used from coast to coast and in thousands of houses this trusty liniment served the entire family, cured all their minor ills and kept the doctor's bill small. Today Nerviline still holds first rank in Canada among pain-relieving remedies—scarcely a home you can find that doesn't use it.

Messrs Loggie's Letter

Following is the complete text of Messrs Loggie's letter and Dr. Pugsley's most important statement in connection with it:

"Loggieville, Jan. 18, 1910. "To E. D. Lafleur, Chief Engineer Department Public Works, Ottawa: "Dear Sir—With the hope that the public works department will be willing to resell and dispose of the wharf property in Richibucto (N. B.), sometimes called the 'Sawdust Wharf,' and being desirous of purchasing same for use in prosecution of our business, we hereby offer to purchase said property, together with the wharf at Richibucto, from R. O'Leary and wife to T. O. Murray, dated on or about May, 1908, and to pay for same the sum of \$1,000, for which amount we here with enclose our certified cheque on the Bank of Montreal payable to the order of the minister of public works, and this offer to remain open for thirty days and that notice of acceptance or refusal be forwarded within that time."

"In case of acceptance that deed be executed and delivered to Andrew Loggie, Robert Loggie and Francis P. Loggie, all of Loggieville in the county of Northumberland and province of New Brunswick, merchants, immediately on the expiration of the period. In case of refusal of this offer, that a notice of same be given immediately on the expiration of that period and the certified cheque enclosed herewith be returned to the undersigned."

"Yours sincerely, (Sgd.) 'A. & R. LOGGIE' Referring to the offer of Messrs. Loggie, Mr. Crockett asked: "Did you ever know, as a business man or as a member of the government, either in New Brunswick or here, of such a proposition as that?"

Dr. Pugsley's Statement

Dr. Pugsley—"I think it is a very reasonable proposition for the purchase of the property of \$5,000. I take it for granted that having seen that the value of this property has been questioned, and their names having been mentioned by Mr. Stead, they would know that they had told Mr. Stead, the government engineer, they would gladly pay more for the property than the government was paying for it and I take it for granted that they grant this property as a business proposition, and I think that is true, because, if Mr. Murray stated what is true, they request me to advise to withdraw the option he had given the government and stated that they would give him more than that for it. I take it that the government engineer, if the government reserve the sewerage right and that portion of the property we want, it strikes me as a business proposition and I have no doubt it is a perfectly bona fide offer. I might say that I know Messrs. Loggie. They are the most thoroughgoing straight business people you could find in New Brunswick. In answer to a further question of Mr. Crockett, as to whether Messrs. Loggie had recently acquired a dredging plant, Dr. Pugsley said: "My idea is that they had a dredging plant before I became minister

MAN WHO SOLD HIMSELF. A man who recently spent his last few shillings on an advertisement offering to sell himself for a year for the immediate payment of \$1,000 was bought by a London evening paper for a term of six months.

New Amberol Records by Slezak

Leo Slezak, the great tenor, now sings for you in the Edison Phonograph the same famous arias from the Grand Operas that the New York audiences pay \$5.00 a seat to hear.

Slezak has made ten records for the Edison, comprising the principal tenor songs from the more prominent roles of his repertoire.

WOULD BUILD WARSHIPS AT ESQUIMAULT

Shipyards to be Enlarged as to be in Position to Bid

Capital Being Secured for the Proposed Work—Statement That Preference of 33 1-3 Per Cent. is to be Given to Shipbuilders of Dominion

The British Columbia Marine Railway Company of Esquimault, is making financial arrangements with a view to a great addition to the scope of the shipyards operated by the company to equip the plant to enter into competition for the construction of the Canadian warships that are to be built for the Pacific coast squadron of the navy of Canada.

Already ample capital has been promised by English financiers for the enterprise and the enlargement of the Esquimault plant is considered practically assured.

The four armored cruisers of the Bristol type, one unarmored cruiser of the Bona type, and six destroyers of the river type, which are to be provided for at a cost of approximately \$11,000,000 for the financing of a great shipyard at Esquimault will be completed, and there will be consequent great increases to the financial strength of the Dominion.

Pacific Coast Steamer

Of the four armored cruisers of the Bristol type, one unarmored cruiser of the Bona type, and six destroyers of the river type, which are to be provided for at a cost of approximately \$11,000,000 for the financing of a great shipyard at Esquimault will be completed, and there will be consequent great increases to the financial strength of the Dominion.

H. M. S. Glasgow

The H. M. S. Glasgow, was the most recently launched of this class, being built by the Fairfield Shipbuilding and Engineering Company, Glasgow, Scotland.

It is a fast and powerful vessel, with a length of 433 feet in length over all, 41 feet in breadth, and 10 feet 3 inches in draught under normal load conditions.

Her turbine machinery will develop 22,000 indicated horse power, and she will have four funnels and two masts, with a signaling yard on the foremast. The vital parts are protected by an arch of armor plating, extending the full length of the ship, and the coal bunkers have been arranged to give further protection to the machinery.

The hull is divided into a number of compartments which will be used for the storage of fuel, stores, and other necessities.

The armor plating is of the highest quality, and is of a thickness of 12 inches in the most important parts.

The ship is fitted with a high-pressure steam engine, and a high-pressure turbine engine, which will give her a speed of 21 knots per hour.

The ship is also fitted with a gun turret, and a searchlight, and is capable of operating in all climates.

The ship is expected to be completed in the near future, and will be one of the most powerful vessels in the Dominion.

The ship is also fitted with a gun turret, and a searchlight, and is capable of operating in all climates.

The ship is also fitted with a gun turret, and a searchlight, and is capable of operating in all climates.

Rheumatism for Several Years—Now as well as Ever

647 Main St., St. John, N. B. Nov. 27, 1908. Father Morrissey Medicine Co., Ltd.

I am writing to tell you I have been a victim to Rheumatism for several years, and have been treated by seven doctors without finding any permanent relief until I got Father Morrissey's medicine. It has cured me so I am able to do my work and find I am as well as ever in my life.

Yours truly, JOSEPH CRAWFORD.

Rheumatism cannot exist when the kidneys are in perfect working order for then they take out of the blood all the Uric Acid, which alone causes the Rheumatism.

Father Morrissey's "No. 7" Tablets

act directly on the kidneys, toning them up and helping them to clear the blood of the Uric Acid. If the Rheumatism is of long standing it may take some time to clear out all the poison, but almost from the first "No. 7" Tablets relieve the pain, and if used faithfully they rarely fail to cure.

Even if other remedies have done you no good, do not give up till you have tried Father Morrissey's "No. 7" Tablets.

50c. at your dealer's.

Father Morrissey Medicine Co., Ltd. Chatham, N. B.

Let the GOLD DUST TWINS do your work

The Dog and The Shadow

You remember the fable of the dog who dropped a real bone for his shadow which he saw in the water. "Bear in mind that all is not Gold Dust that glitters under the name of washing powder. Don't accept a shadowy substitute; get the real Gold Dust Washing Powder with the Gold Dust Twins on the package."

OTHER GENERAL: Scrubbing floors, washing clothes and dishes, cleaning wood-work, oil cloth, silverware and brasses, polishing brass work, cleaning bath room, pipes, etc., and making the finest soft soap.

Gold Dust Washing Powder

Gold Dust makes hard water soft

THE H. K. FAIRBANK COMPANY, Montreal, P. Q.—Makers of FAIR SOAP.

CANADIAN IMMIGRATION DRAWS NOTICE

Chicago Tribune Sees Something Striking in Statistics of the Year

The statistics of immigration into Canada during the year 1909 to close are striking. They tell of 71,888 persons who crossed the border from the United States into the territory of our northern neighbor.

One observer calls this "the most heavily financed heira in the world's history."

For the estimate is made that Canada received \$1,000,000 from each man, woman and child coming from this side of the line.

There is no wonder, then, that immigration from the United States is welcomed with open arms by the Canadian government.

Colonizing with paupers has never been successful and any scheme which will be strongly opposed by sensible Englishmen.

But a plan to give boys and girls a chance in the Dominion is attracting much attention. There are close to 100,000 orphaned, waifs, and other dependent children, most of whom would develop into useful citizens of Canada if they had a chance.

There are other thousands now in the schools who would add a splendid element of population if they were properly trained for Canadian opportunity and need. The various projects for utilizing youthful life in connection with Canadian immigration are making strong appeal to Englishmen just now. If they are pushed in perfect harmony with the wishes of Canadian authorities they may prove effective agencies for good both to Great Britain and to Canada.—Chicago Tribune.

BANK FUND. The Cashier—Say, don't you notice that draft?

The Janitor—Oh, yes, sir. The Cashier—Then close that door and give it a check.

IN CARTLOADS. He—Wouldn't it be nice to be married and have some one to share your troubles with? She—Yes; but marriage doubles your troubles.

Be Wise in Time

You cannot keep well unless the bowels are regular. Neglect of this rule of health invites half the sicknesses from which we suffer. Keep the bowels right; otherwise waste matter and poisons which should pass out of the body, find their way into the blood and sicken the whole system. Don't wait until the bowels are constipated; take

BEECHAM'S PILLS

They are the finest natural laxative in the world—gentle, safe, prompt and thorough. They strengthen the stomach muscles, and will not injure the delicate mucous lining of the bowels. Beecham's Pills have a constitutional action. That is, the longer you take them, the less frequently you need them. They help Nature help herself, and

Keep the Bowels Healthy Bile Active & Stomach Well

Prepared only by Thomas Beecham, St. Helens, Lancashire, England. Sold by all Druggists in Canada and U. S. America. In boxes 25 cents.

Dr. de Van's French Female Pills—the Wife's Friend

A reliable regulator: never fails. While the female system is in a state of disrepair, the generative portion of the female system, they are strictly safe to use. Refuse all cheap imitations. Dr. de Van's pills are sold in a box, or three for \$10.00. Mailed to any address. The Scobell Drug Co., St. Catherine's, Ont., or at Christ's drug store.

OVERHEARD ON THE HILL. "Mamie—Oh, Johnny, wouldn't it have been lovely if the world was all down hill!"

Johnny—Yes; but just think of pulling the old sled up again to a free start!

Do You Realize What an Important Work the Kidneys Do?

You know that every drop of your blood goes to the kidneys hundreds of times a day? Do you know why?

To be filtered and purified from its impurities. That is the great work the kidneys do. They filter the blood, and then these impurities go to the bladder and are passed out of the body along with the urine.

Do you think it possible for you to be well, unless the kidneys do this work thoroughly?

It is these impurities—this unfiltered blood—that causes backaches, headaches, rheumatism, diabetes, Bright's disease, and all the ailments that interfere with the whole system.

If you have any kidney trouble let Dr. de Van's French Female Pills do for you what they have done for thousands of others. They cure all forms of kidney trouble, and they cure them to stay cured.

Price 50 cents per box or 3 for \$1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

In ordering specify "Donn's."

8 Gives Clearness to Skin

Feeds and Purifies Blood and Thereby Keeps You in Good Health.

Most women and some men try to remove yellowishness of skin, blotches, dark lines under the eyes by cosmetics. Such means are as useless as disappointing. When the skin lacks clearness, particularly when the body is emaciated, it is simply the stain upon the skin of impurities in the bowels that are carried about by the blood. Sluggish activity is certainly the cause of bad complexion even if regularly should be pretty fair.

Better than any cosmetic because they remove the cause of skin discoloration. Dr. Hamilton's Pills ensure inward cleansing and activity. In addition to their laxative action they are a true tonic to all the eliminating organs, liver, kidneys, bowels and glands. Dr. Hamilton's Pills remove the causes of all blood troubles that manifest themselves outwardly, and they fortify and strengthen the organs and thereby prevent a return of diseased conditions.

One box of Dr. Hamilton's Pills proves their merit, even one dose shows how different they are from other pills. 25c per box, at all dealers, or The Catarrh-epson Co., Kingston, Canada.

BUDGET DEBATE ENDED YESTERDAY

Ottawa, Jan. 21.—The budget debate, which was begun before the Christmas holidays, was closed tonight in the house of commons. During the day there were several speeches delivered. Mr. Loggie, of Northumberland, concluded a well prepared speech, and both Ontario and the west were heard from during the course of the day.

Mr. Loggie, resuming his speech in the debate on the budget to-day, replied to some of Mr. Foster's criticisms of government expenditures on public buildings. He recalled that when Mr. Foster was minister of finance he granted large appropriations for public buildings in Restigouche and Sussex (N. B.) when the revenues were very small. The building at Sussex, when Mr. Foster was the member for Kings county, cost \$23,000 when the revenue was only about \$200.

Then at Bathurst, in Gloucester, under Mr. Foster's regime, there was erected a building at a cost of \$28,000 when the revenue was only about \$1,200. In view of these facts he did not think that Mr. Foster had any reason to complain of the appropriations granted by the present government.

Dealing with the intercolonial, he referred to Mr. Foster's criticism that the capital account had been increased by 60 per cent. Mr. Loggie pointed out that as against the cost of \$28,000, the building at Bathurst had been increased by about 318 miles and the equipment was now capable of earning \$8,000,000, as compared with \$2,000,000 in 1896. In other words the road was capable of earning three times more than in 1896.

Speaking of deficits, he found that for seven years of the past thirteen there had been deficits and for six years surpluses, while in the preceding thirteen years when the Conservative government operated the intercolonial there were deficits for eight years and surpluses for only four.

YORK COUNTY COUNCIL CONCLUDES SESSION

Fredericton, N. B., Jan. 21.—Although the county business was in a very healthy condition the municipal council this afternoon reduced its annual grant to the Victoria Hospital from \$750 to \$500. In dealing with another public institution, the county jail, the councillors displayed a more generous spirit and voted \$100,000 increase in its stipend.

A committee was appointed to go into the matter of Secretary Blais' remuneration and consider the advisability of paying him a lump sum in lieu of extra.

All the present county officers were re-appointed at the same salaries. The question of lighting the county jail by electricity was laid over until July.

Failler Winter applied for an increase of salary from \$200 to \$300 and offered in the request a copy of the petition signed by the prisoners to save wood for the jail and thus effect a saving to the county. The application was granted.

A resolution was passed authorizing all highway boards to borrow money for road purposes from the county treasury at three per cent interest, the amount not to exceed \$200.

Councillor Sterling put a resolution through calling for legislation to compel the city of Fredericton to pay one-half of the cost of the administration of justice instead of one-third.

The warden and Councillors Sterling, Rogers, Colter, Timmins, Fawcett, and Secretary Blais were appointed delegates to the municipalities convention which meets at Campbellton.

The council adjourned this evening after four days' session.

Thirty Deaths From Razor.

A physician in Chicago states thirty deaths have resulted from paring cuts with a razor. Avoid blood poisoning by applying Putnam's Corn and Wart Extractor. Purely vegetable. Painless and sure is Putnam's.

The following subscriptions are gratefully acknowledged by the board of management of the St. John Protestant Orphan Home, H. C. Rankin, treasurer: T. H. Eastbrook, \$50; W. H. Thorne & Co., \$10; Mrs. F. A. Stetson, \$10; The Misses Murray, \$20; Geo. E. Barbour, \$20; Mrs. W. H. Barnaby, J. M. M., W. F. Leonard, Judge Forbes, Jas. Holly, Scovil Bros., \$5 each; Rev. R. A. Armstrong, J. L. Thorne, J. Morgan & Co., Fred R. Fleming, \$1 each.

FAIRVILLE BAPTIST CHURCH; INTERESTING HISTORICAL SKETCH

Organized Thirty-nine Years Ago, Debt Wiped Out and Mortgage Burned Last Week—Fairville of Old Days Recalled and Church History Traced to Present Time

With the burning of the mortgage on their church property on Tuesday evening last the Fairville Baptist church is now free of debt and enters on its thirtieth year in a robust, healthy condition. The present very satisfactory condition of affairs is due very largely to the energetic work of the pastor, Rev. F. E. Bishop, and the generosity of the church members who have aided him in accomplishing the wiping out of the mortgage.

In connection with the service held on last Tuesday a history of the church from its organization in 1871 was read and the Times here presents it to its readers. The sketch was prepared by Mrs. M. Black and is as follows:— Few perhaps if any, of the younger people in this audience can go back in their memories to the Fairville of the old days, before the great fire which so woefully dismantled our little village. Fewer still, yet, very few, can call up a picture of the Fairville of a decade before that. Some old landmarks of so many years ago still survive, but more generally new buildings obscure the old sites.

At this time, say 1881, only thirty years ago, Fairville possessed the public buildings common to all villages, and not least among them, churches. The first Protestant church built in Fairville was the Methodist. Here, for many years, the church-going people of Fairville and out-lying districts worshipped. Services were sometimes held in halls or school houses by the Baptists in the place, at that time; but it was not until the summer of 1881 that the old brick church with its tall spire, was erected on the site of this present building. Here in the vestry of the new church, on Tuesday, September 6, 1881, there met together a few people for the purpose of organizing the First Baptist Church of Fairville. These charter members were twenty-six in number, and their names were: Rev. J. P. Bartlett, W. T. Baker, John A. Waring, Mrs. Rebecca MacFarlane, M. D., David Phillips,

help by entertaining the delegates to the annual meeting held in 1884. Since that time we have assisted in the entertaining on the material side of our work, we can truly say in looking back over the past, that much faithful work has been accomplished by the members of this church. The good seed has been constantly sown, and a plentiful harvest has been yielded. And the whole harvest is not yet, our one desire, deeper now than ever before, is to do all that the loving, gracious Master of men requires of us.

The first pastor, Rev. J. P. Bartlett, was present at the organization, and baptized the first candidates on November 13, 1881. Rev. Mr. Bartlett did not remain long with us, just a little over a year. He was followed by Rev. Wellington Camp, at that time a student, but soon afterwards ordained by Rev. Mr. Swaney, in spite of all the difficulties and weaknesses of a youthful church, prosperity, spiritual and material, was plainly evident. Rev. J. P. Bartlett, thirty-nine years in Fairville, before his arrival the late Rev. Isaac Wallace, the well-known home missionary of New Brunswick, Nova Scotia, and Prince Edward Island, spent some time here. He baptized eleven candidates. Twenty-seven were baptized by Rev. Mr. Martell. It was during his pastoral work that the present parsonage was built.

In October 1891, after a summer without a pastor, Rev. I. W. Corey took charge of the work. He was with us one year and seven months. During that time, sixty-four, mostly young people were baptized and given the right hand of fellowship. The next thing was longer the old brick-ed building dates from this time. Next came Rev. G. R. White, then Rev. H. F. Dykeman, and following him our present pastor, Rev. F. E. Bishop.

Many were added to the church during Rev. G. R. White's short stay with us. In 1898 Rev. Mr. White accepted a call to Hantsport, and in October Rev. A. T. Dykeman began his seven years' pastorate, the longest thus far in the history of the church. In these seven years, much outside work was accomplished. The mission church at Pleasant Point was built and extensive repairs made on the building at Grand Bay. Also a greater spiritual interest was awakened in that part of the field, as well as in the home church.

The present Pastor has labored faithfully and earnestly during the last four years. Although hampered as were his two predecessors, by the heavy burden of a church debt, a steady advance has been

shown in all departments of the work. In 1893 the membership of the church, as shown by the church register, numbered four hundred and forty-six. A large number of these, however, have made homes elsewhere, and perhaps a still larger number have passed away to the eternal home that awaits us all.

Among the several departments of church work, the Sabbath school is probably the most important. The growth of our Sabbath school has been coincident with that of the church. Organized at the same time as the church, the work has been carried on by faithful, energetic workers through all the years. We suffered a great loss in the death of our beloved superintendent, the late Chas. F. Baker, who for many years, so earnestly labored for the advancement of the Sabbath school, and the well-being of the church. After Mr. Baker's death, John S. Lord took charge of the work, then Mrs. L. A. Long, and following her, Deacon J. W. Stevens.

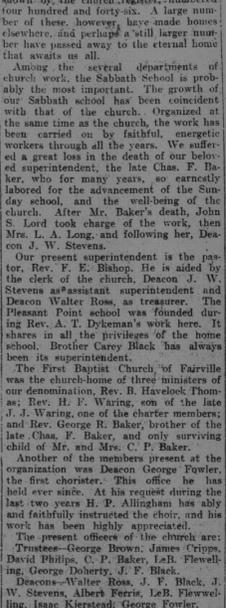

Our present superintendent is the pastor, Rev. F. E. Bishop. He is aided by the clerk of the church, Deacon J. W. Stevens, as assistant superintendent and Deacon Walter Ross, as treasurer. The Pleasant Point school was founded during Rev. A. T. Dykeman's work here. It was in all the provinces of the same school. Brother Clark Black has always been its superintendent.

The First Baptist Church of Fairville was the church-home of three ministers of our denomination, Rev. B. Havelock Thomas; Rev. H. P. Waring, son of the late J. J. Waring, one of our first members; and Rev. George R. Baker, brother of the late Chas. F. Baker, and only surviving liberator of the church. He is aided by another of the members present at the organization was Deacon George Fowler, the first chorister. This office he has held ever since. At his request, during the last two years H. P. Allingham has ably and faithfully instructed the choir, and his work has been highly appreciated.

The present officers of the church are: Trustees—George Brown, James Gripps, David Phillips, C. P. Baker, L. E. Flewelling, George Dolery, F. Black, Deacons—Walter Ross, J. F. Black, J. W. Stevens, Albert Ferris, L. E. Flewelling, Treasurer—Walter Ross.

Again the church, like all organizations, needs financial support; and in our case this has always been approached by voluntary contributions. During the years we have not, as a church, contributed to denominational purposes as liberally as we should, owing probably to the great pressure of home needs. We shall hope to do better in the future.

THE LOST PARADISE, AT THE OPERA HOUSE

MISS WARREN AT THE OPERA HOUSE

The largest audience that has so far greeted Our Own Stock Company thoroughly enjoyed last night's production of 'The Lost Paradise.' Applause was liberally bestowed upon the various players and especially so for the performance was one of the best St. John has seen in some time. Barton Mallory made of Reuben Wainwright all that the author had intended. His work was finished and convincing. Elith Warren was a charming Margaret Knowlton. This unusually clever actress seems to be equally at home in any role and last night only served to make for herself many new friends. A valuable addition to the company is Arthur McCloskey, of St. John, who made his debut as William Hyatt. His success was emphatic and showed that his ability easily places him among the most clever men in the cast. Carl Blyth made the most of the 'heavy,' Ralph Stearns, and Paul W. Hills was in the cast for the first time this week and strengthened the excellent impression made by him last

AMUSEMENTS FOR OURSELVES AND OTHERS

NICKEL'S BIG SATURDAY'S BILL This is the Nickel's biggest day in the week, the day when all school children consider it their privilege to see a big, wholesome show and hear bright, cheery music.

At night time the working man brings his family and the whole town seems bent on going. The programme that awaits these people, young and old, today has its special merit. It was designed to give the British Bluejackets on the alert in their gun drill and Chemical Experiments, as depicted on the curtain, will certainly have an educational value. In the line of story pictures, The Dancing Girl of Butte will certainly make a big hit today as it did last night, and for genuine Edison's Bear Hunt in the Rocky Mountains is sure to be a great success. A clever team of hand balancers, who save the larger cities, are the next on the bill. Three reels of new and up-to-date pictures will, it is said, bring this excellent programme to a close.

ORPHEUM NEXT WEEK

The Orpheum management announces an all-star vaudeville programme for next week. Heading the bill is Macdon and Lee, a clever team of hand balancers, who save the larger cities, are the next on the bill. Three reels of new and up-to-date pictures will, it is said, bring this excellent programme to a close.

THE GEM

This popular theatre is offering a good programme, to its patrons. Tonight, the feature film will be 'A Shooting Star,' a fairy tale. The coloring is hand-painted and the scenery outclasses anything yet shown at the Gem.

'The Greeds and the Ant' is a love story of interest. In the comedy line, 'Pet among the Indians,' supplies the fun. The scenic film showing the Ocean at St. Jean Du Luz in France, is as yet untried. This is one of the most rugged and dangerous parts of the French coast. Two other subjects of interest will be shown. Percy Harvey will be heard in new songs.

OBITUARY

Mrs. Herbert A. Foster The friends of Herbert A. Foster, foreman of the shops of the St. John Street Railway, were greatly shocked yesterday afternoon at the news of the very sudden death of his wife, Lillian. Mrs. Foster was only 30 years of age, and had always enjoyed the best of health. She was around yesterday attending to her household duties as usual, and was in fact preparing to go out to attend one of the nickels when she was suddenly seized with convulsions. Dr. McIntyre and Baxter were summoned but their assistance was of no avail for she died two hours later. She leaves behind her husband three small children, the youngest one a girl, the child being only six years of age. Her loss will be greatly felt not only in her household but also by a large number of friends.

Arthur Morton and Fred Jackson, of Lepreau, were bitten by a dog, thought to be suffering from hydrophobia, yesterday afternoon. Some men from a lumber camp came to their assistance and fired a couple of shots at the animal, which escaped into the bushes.

The Y. M. S. of St. John the Baptist have decided to begin a series of lectures in their rooms, Berymen's hall, Hon. R. J. Ritchie will be the first speaker.

THE LOST PARADISE, AT THE OPERA HOUSE

MISS WARREN AT THE OPERA HOUSE

Frank Oliver has not had a more congenial part and together with daily little Myra Crowe had the house in laughter whenever they were on the stage. Mollie Revel made Cinders a very likeable character. The audience could scarcely recognize the staid old spinster in Lady Huntworth's Experiment in the care-free, bold was another newcomer, whose capable performance was deserving of much praise. J. W. Hartman, Corland Hopkins and Percy Charters were good in their respective parts.

HE IS THANKFUL HE HEARD OF THEM

That's What Antoine Cottenore Says of Dodd's Kidney Pills They Cured His Diabetes After the Doctors Had Failed to Give Him Relief—What Dodd's Kidney Pills Did for Him.

St. Pie de Guire, Yarmaka Co., Que. Jan. 21—(Special)—That there is one cure for deadly Diabetes, and that cure is Dodd's Kidney Pills, is proved once more in the case of Mr. Antoine Cottenore, of Yarmaka. I am thankful I ever heard of Dodd's Kidney Pills. Mr. Cottenore, states 'They cured me of Diabetes. I suffered with Diabetes. I always felt drowsy. I had severe headaches and my limbs would tremble. I had a dizzy feeling and felt tired in the region of the kidneys, with a dragging heavy sensation across the loins. I was treated by the doctors, but got no benefit from them. Then I heard of Dodd's Kidney Pills, and made up my mind to try them. I took in all three dozen boxes of Dodd's Kidney Pills. Today I am free from Kidney trouble of all kinds. 'Dodd's Kidney Pills also cured me of stomach trouble from which I suffered for twenty-five years. Diabetes is one of the most deadly forms of Kidney Disease. But Dodd's Kidney Pills cure any form of Kidney Disease. They also by curing the Kidneys cure all those diseases that come from disordered Kidneys, such as Rheumatism, Lumbago and Heart Disease.

CHANGES IN HOTEL BARS MUST COME

The St. John Liquor License Commission yesterday afternoon inspected the city hotels, which hold liquor licenses, and also the saloons in the central part of the city. The commissioners have decided that the section of the amended license act which provides that all bars must be visible from the street calls for changes in the arrangement of some of the hotel bars and in this the proprietors of the hotels concur. At present only the Hotel Edward and the Grand Union hotel have their bars so situated as to give a clear view from the street. In the other hotels glass has been installed in the doors leading to the bars, but the commissioners hold that this is hardly sufficient.

In order to comply with the law it will probably be necessary in the case of at least two of the principal city hotels to remove the grill work from the top of the desk enclosures in the office which at present partially obscures a view of the bar, while in the third a semi-circular partition will be removed. The hotel proprietors have agreed to these changes and they will be made in a few days. The commissioners will meet again on Wednesday next and it is expected they will then announce the names of the successful applicants for licenses.

Judgment was reserved yesterday afternoon in the case of Amos vs. Clark & Adams, under the Workmen's Compensation Act. J. B. M. Baxter, K. C., appeared for the plaintiffs and F. R. Taylor for the defendants, and argument was heard before Judge McCloskey.

Mission services will be conducted in St. Luke's church Feb. 14 to 27, and Bishop Richardson will conduct the evening services each day. In the afternoon Rev. G. E. Scovil, of St. Jude's church, will conduct services for the children.

"77" Humphreys' Seventy-Seven Famous Remedy for Colds & GRIP

Don't wait till your bones begin to ache, take "Seventy-seven" at once, it will knock out the Grip at the start.

Don't wait till you begin to Cough and Sneeze, take "Seventy-seven" at the first feeling of lassitude and weakness, it will break up the Cold at once.

Handy to carry, fits the vest pocket. All Druggists, 25c. Humphreys' Homeo. Medicine Co., Cor. Williams and Ann Streets, New York.

LOCAL APPLICATIONS AVAIL NOTHING

A Fair and Faultless Complexion Is Gained Only by Purifying "The Blood."

A Trial Package of Stuart's Calcium Wafers Sent Free.

The best and only permanent colors of the face are those which Nature herself paints thereon, not on the surface both sun and wind, but in the capillaries, or superficial blood vessels in such a way as to maintain a perfect condition of the skin, with the pores entirely unobscured by foreign or effluvia matter of any kind.

It is impossible to estimate the number of cases yearly wasted through the vain and foolish attempts of people to rid their faces of pimples, blotches, blackheads, or other blemishes, by using salves, ointments, lotions, cold creams, etc., to say nothing of the widespread use of facial massage, which is done with the hands, by which they attempt to coax the thin and sluggish flowing blood to the cheeks, in order to give them a rosy and healthy appearance; and although, by such methods, they may succeed in drawing the blood there temporarily, they cannot keep it there permanently, as only Nature can do that, and in half an hour or so later, the massaged cheeks are as pallid as before.

The "skin food" fallacy is another one of the many foolish fads of the day. The skin has no power of absorption, that a rubber coat, and is simply an "envelope" over the muscular system for the protection of the body, and is intended to keep things out, not to admit anything. The epidemics, or outer skin, is constantly peeling off. The epithelial cells drop away, carrying with them the things which have been applied to the skin.

The skin cannot be fed from the outside, and nothing of a nutritious, healing or fat-producing character can be introduced through it, so that the time and money spent on so-called "skin foods" are simply wasted, for such treatment is contrary to Nature, and the skin, even the most sensitive, will not receive its nutriment from the inside. If your complexion is full of pimples, blotches, "liver spots," or blemishes, do not waste time on local treatment, but purify the blood thoroughly, and these blemishes will quickly depart.

STUART'S CALCIUM WAFERS are getting excellent results in curing all skin and blood diseases, and not only do they rid the blood of impurities, but also build it up and strengthen and increase the blood current, making the cheeks rosy, removing pallor, etc., and causing the whole countenance to fairly beam with superb health. Secure a box of these blood-purifying and complexion-clearing wafers, etc., and make your skin smooth, rosy and free from blemishes and wrinkles. Also give your name and address to F. A. Stuart Company, 175 Stuart Bldg., Marshall, Mich., for free sample package.

\$3.50 RECEIPE CURES WEAK MEN--FREE

Send Name and Address, Today—You Can Have it Free and Be Strong and Vigorous

I have in my possession a prescription for nervous debility, lack of vigor, weak, ailed manhood, failing memory and lame back, brought on by excessive use of the brain, or the failure of youth, that has cured so many weak and nervous men, right in their own homes—without any additional help or medicine—just 10¢. I think every man who wishes to regain his manly power and virility, quietly and quickly, should have a copy. So I just determined to send a copy of the prescription, free of charge, in a plain, ordinary sealed envelope to any man who will send me a copy of this advertisement, and I will send you a copy of this splendid recipe in a plain, ordinary envelope free of charge. A great many doctors would charge \$2.00 to \$5.00 for merely writing out a prescription like this—but I send it entirely free.

I think I owe it to my fellow men to send them a copy in confidence, so that every man aware who is weak and discouraged with repeated failures may stop, drugless, himself, and have a permanent cure, secure what I believe is the quickest-acting restorative, rebuilding, SPERMATIZING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like that: Dr. A. B. Robinson, 4000 Lock Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain, ordinary envelope free of charge. A great many doctors would charge \$2.00 to \$5.00 for merely writing out a prescription like this—but I send it entirely free.

THE ESSAY COMPETITION

A careful perusal of the important business notices is interesting. The Board of Trade, City Council, and other bodies having the welfare of St. John in hand will acquaint boys and girls of the public schools with considerable information upon which to base their essays in the Board of Trade's cash prize competition, which is now progressing with much spirit in grade 8 and under, grade 9 and over. Furthermore, a rich fund of data is procurable in the Board of Trade rooms, Prince William street, in the files of the daily papers, and from fiscal returns, as contained in government blue books. But no doubt most of the matter contained in the essays to be submitted will be the observations of adult friends of the children, as written by the youthful ones themselves. This will be easily secured by entreprising competitors and a large number of excellent essays is almost assured.

HAY'S HAIR HEALTH NEVER FAILS TO RESTORE GRAY HAIR TO ITS NATURAL COLOR and BEAUTY.

The meeting of St. John District Lodge, I.O.G.T., which was to have been held this evening at White's Mills, has been postponed until next Saturday night, owing to the ice in the river being thought unsafe for travel.

Mrs. J. A. Richardson, Hawthorne Ave., was the hostess at a pleasant function on Thursday evening in honor of Miss Elizabeth Richardson, who is to be one of the principals in an interesting event in the near future.

Norwegian steamship Livingstone, Captain Johnson, has been chartered by the Thomson City line. She departed from New York last Thursday for this port to load for Havana. A large freight will go forward in this steamer, including potatoes, hay, oats and lumber.

There was but one prisoner on the bench in the police court this morning and he was fined \$4 on a charge of drunkenness. He said he belonged to Montreal and gave his name as Elyas Plante. The two men, McCallum and Sullivan, remanded some time ago on a charge of stealing copper from J. S. Gregory's warehouse, were further remanded.

ONLY THREE DEATHS; RECORD FOR CITY REACHED THIS WEEK

This week is a record one so far as deaths are concerned in St. John, there being only three for the week ended last night, as follows: Inanition, tuberculosis and cerebral paralysis, one each.

Secretary Burns of the board of health, said today that not in twenty years had he known so few the monthly average having been 60 or in the vicinity of fifteen a week. The highest has been more than thirty in a week.

\$25.00 For The Best Suggestion To Boost St. John

A movement is afoot to boost St. John. How can it best be done? For the best suggestion, told in not more than 100 words, The Times and Telegraph will pay \$25.00. The contest will close on January 31. Try to suggest something practical. The award will be made by independent judges. Address "Suggestion," Box 14, The Times, St. John.

SEND TO THE WEST BY CAR LOAD NOW

Here's Another Evidence That the Boom Time for St. John is at Hand

One of the strong points made in connection with St. John as a site for new industries is the fact that goods manufactured here can be marketed at a profit in western Canada. St. John factories are steadily increasing their western market, which is a distinct indication that the city is receiving the benefit of a "boom." Among the firms which are prominent in shipping goods to the west and which are looking in that direction for an advance in their trade is the manufacturing firm of T. S. Simms Co. Ltd., which for some time past has been doing considerable business in western Canada and which is adding more territory from time to time. This firm now has representatives in the west and these are building up the trade at an encouraging rate, despite the fact that there is keen competition from upper Canadian and other firms.

T. S. Simms Co. Ltd. have been making shipments in fairly large quantities to western markets for some time, but early next week will dispatch one of their largest lots to the west, in a carload of brooms, numbering 300 dozen, consigned to Calgary, to the firm of Nickelson & Bain. About the same time another shipment will take place, this time brushes, to Winnipeg, to Walker Woods & Co. Both of the firms mentioned are large wholesale dealers and have an extensive trade.

The local concern has a number of customers as far west as Victoria (B. C.) and does a fairly extensive business through to the coast. H. H. Reid, of the T. S. Simms Co. Ltd., said yesterday that the prospects for local trade in his line of work were very encouraging at present, and he hoped in the near future to see a marked increase in the output of local firms to western markets.

G. M. BOSWICK BUYS THE FINE THOMSON HOUSE

Former Residence of Gov. Boyd Sold at Corner—Price Was \$10,000

At Chubb's Corner today Auctioneer Lantam sold the beautiful brown stone (two-story) residence, No. 19 Queen Square, belonging to the estate of John H. Thomson, and formerly Governor Boyd's residence. A large number of people gathered at the corner among them, some of the wealthy men of the city.

The first bid for the property was \$8,000, second \$8,400—bid \$9,000 until it reached \$10,000 at which figure it was bid in by G. M. Boswick.

Harry J. Garson, of H. J. Garson & Co., coal dealers, bid \$9,850 for the property, but declined to go over the \$10,000 mark. The attendance at the sale was unusually large.

The new owner of the property did not state what would be done with it, but it is said that it would be rebuilt into two large compartment houses.

This beautiful residence is one of the finest structures in the province. It was built by the late Governor John Boyd at a cost of \$75,000 and was occupied by him until the time of his death, when it passed into the hands of the late John H. Thomson whose estate offered it for sale today.

Its situation commands one of the finest views in the city, taking in the Bay of Fundy, the harbor and other points. The property was sold at a bargain.

Edwin E. Potts offered for sale at the corner, the T. G. Arthur property, situated on the Marsh Road, but it was withdrawn at \$700.

NUGENT LIKELY TO GET LICENSE FOR AVENUE

Prince William Street Hotel, Also Protested, Will Probably Not be Granted One

It is understood that the names of the successful applicants for licenses for the sale of liquor this year will be published on Monday. While the commissioners make no statement, it is learned that M. J. Nugent, of Douglas Avenue, regarding whom there was a strong protest, is likely to get his license, but that Percy Harney of the Vendome Hotel, Prince William street, who also faced a protest, will not be among the fortunate ones. Otherwise the list will not have many important changes from last year.

THIEVES AT WORK IN PRINCE WILLIAM STREET

Premises of D. K. McLaren Co., Ltd. Broken Into But Little Stolen

Another of a series of petty burglaries which have been going on in certain sections of the city for some time, was perpetrated last night, when the premises of the D. K. McLaren Co. Ltd., 64 Prince William street, were entered, but only a small amount of money taken. It is thought that there were two thieves. They effected an entrance through the rear door, by boring a hole of a size sufficient to allow an arm to be thrust through and a wooden bar inside be lifted.

It is thought that the guilty ones had an intimate knowledge of the premises. When the employees arrived this morning they found two show cases against the front door, fixed as though to prevent an entrance, and they also found the top of a desk pried open and a little more than \$5 stolen from a cash box in one of the drawers.

The annual meeting of the St. John Council of Women will be held in Orange Hall on Friday, Jan. 28, at 2:30 p. m. The election of officers will take place, and interesting reports will be received from the societies affiliated with the council. The public is invited.

MEN ARE SAVING MONEY AT THE OAK HALL SALE

Why is it that throngs continue to come here when other stores are resting? Why is this clothing store busy every week, late as well as early in the season? Why do the same men come back year after year when we announce our clearing sales? Because men know that they get sterling value here at all times. On Saturday last the opening day of this great sale all former one-day January records were smashed.

The good news has spread—there will be another throng today. You had better plan to be one of that throng—one to secure your choice from the exceptional bargains that are offered.

We have made further additions to our sales force and trust to be able to wait upon you with greater dispatch than last Saturday.
