C. P. R. and C. N. R. Men Promise Co-operation in Maritime Plans.

HALIFAX MEETING

Education as to Needs of Population Increase is Urged.

(Canadian Press.)
Halifax, N. S., Oct. 5.—An appeal by E. A. Schofield, representative of the St. John Board of Trade, for something more tangible than promises of "co-operation" from the transportation and Government representatives present, was the outstanding feature of this morning's meeting called by the Maritime Board of Trade for the discussion of a proposed Maritime Province Colonization and Development Association, in accordance with a resolution passed at the annual meeting of the Maritime Board of Trade held here last month.

Colonel J. S. Dennis, industrial agent of the Canadian Pacific Railways; W. D. Robb, vice-president in charge of colonization of the Canadian National Railways and W. J. Black, Deputy Minister, Department of Immigration, all expressed themselves as heartily in accord with any sincere movement directed toward the building up of population in the Maritimes and promised the ready cooperation of the bodies they represented.

Other speakers were Major John Burnet, representing the British Settlement Board; E. T. Higge, Charlottetown Board of Trade; G. Price-Green, of the C. N. R.; and E. M. Robinson, former member for Kings County, N. S.

EX-PREMIER SPEAKS

Says Post War Difficulties Caused by Failure of Treaty Operation.

(Canadian Press.)
New York, Oct. 5.—Police reserves today broke up a parade of middle aged women carrying banners denouncing Great Britain outside of city hall where a crowd of several thousand persons had gathered to greet former Premier Lloyd George on his arrival in America. More than 20 women carried the banners, some of which read "Don't Let England Pull the Wool Over Your Eyes," and "British Bootleggers Are Flooding America with British Booz." The police grabbed the banners and tore them into shreds. There were no arrests.

HARVESTING THE LATE GRAIN CROP

St. Martins Farmers Had a Fair Season—Lumber Trade Quiet.

A. P. Bentley, M. P. P., of St. Martins, is in the city today. Mr. Bentley says the farmers in that part of St. John County have considerable late grain to harvest, as it was slow in ripening because of weather conditions. With fair weather, however, it will be in good shape. The potato crop appears to be good and the quality is superior. All vegetables have done well, and on the whole the farmers have had a good crop year.

With regard to lumber, Mr. Bentley says there is nothing worthy of special note. Stocks, however, are not heavy anywhere, and with the cost of production as it is, he does not see how there can be much cheap lumber next year. The Peapack Company has been cutting a considerable quantity of pulpwood this season.

Touching the matter of Maritime industries, Mr. Bentley observed that the success of quite a number of them, in the face of freight rates and any other apparent handicaps, proves what our people can do; and he felt our attitude of mind should rather be determined by these successes and the further possibilities they suggest, than by any conditions which may seem to operate against us. He would not be at all despondent regarding industrial growth in this province, but encourage the very opposite feeling.

MCDONALD CASE IS GONE INTO

Charge in Waterbury & Rising Matter First Taken Up.

A preliminary hearing in the case of Harold C. McDonald charged with obtaining money under false pretences was started in the police court this morning. Sergeant Detective Power acted for the prosecution and called Richard C. Thomas, manager of the Main street store of Waterbury & Rising Ltd. The latter said that the defendant on September 18 it was returned to him a check for \$30 and asked him to cash it. He examined the check, which seemed to be good and consented to cash it while the defendant asked to look at some goods. He purchased goods to the value of \$135.50 and received the goods and \$14.15 in cash and departed. The witness said he presented the check to the bank and on September 19 it was returned to him marked "rejected, forged." He said he had witnessed the defendant endorse the check.

Detective Power then called the defendant forward and asked the witness to look at the check McDonald was signing. The witness said he did know the man who had sold him the check.

Cross questioned by the defendant the witness said he did know the man who had sold him the check. At this stage Detective Power asked that the case be postponed as there were other charges against the defendant.

FINE OPENING OF ORPHANS' FAIR

Governor Urges Support for Cause—The Attractions are Many.

The Protestant Orphans' Fair in the St. Andrew's Rink, organized under the auspices of the various fraternal organizations, was opened officially last evening by His Honor the Lieutenant Governor W. F. Todd. His Worship Mayor Fisher occupied the chair, supported by Commissioner R. W. Wigmore and Amon A. Wilson, High Sheriff.

Governor Todd in his address pointed out the importance of this particular day of Christmas effort showing that it had taken thousands of years to develop the idea of caring for the children such as is being done today by such institutions as that of the New Brunswick Protestant Orphans Home and others. He also pointed out the fact that the institution in which interests the fair was being conducted was a provincial organization and said that already about 40 per cent of the children being cared for in the three homes already under this management were from outside of St. John County.

He complimented the directors on their judgment in securing the Manchester and other fraternal organizations for their action in organizing the fair, as well as for the beautiful decorations which adorned the rink.

In closing, he called on the people of New Brunswick to get back to their work. He then declared the fair opened.

HON. DR. ROBERTS' ON VISIT TO U. S.

Hon. Dr. Roberts will leave tomorrow for Philadelphia, where he will take a week's course in radium treatment. En route he will attend a meeting of the American Public Health Association in Boston. He has been asked and has consented to address a Boston church audience on Sunday evening on public health. He will also deliver two addresses to nurses in Boston hospitals. Dr. Roberts will also spend two days in New York. He hopes to crowd all his activities into two weeks, and be home in a fortnight hence.

Mrs. Roberts will accompany the Minister of Health on this trip. This morning he received the following despatch from Boston University:—"Will you be able to address student body, Boston University School of Medicine, Wednesday?"

As he will leave for New York on Tuesday night Dr. Roberts is compelled to decline this invitation.

Miss Charlotte Odienne Talented Teacher Opens Dancing Studio

This issue of The Times contains an advertisement of Miss Charlotte Odienne's classes in ball room, social and classic dancing, which will begin October 8th, and be held in the Venetian Gardens.

St. John is fortunate in having this talented young woman take up her work in the city. Since early childhood Miss Odienne has been a pupil of her mother, Mrs. Rosamond Odienne of Bangor, who is the leading teacher of aesthetic dancing in the east of Boston and more recently Miss Odienne has had extensive training in New York.

Much is written and a great deal of time is spent in the study of the art of dancing, and the famous Italian ballet master, and other teachers, including Ned Wayburn the well known producer of musical shows. Miss Odienne will not only teach ball room dancing in its best and latest form, but will specialize in classic dancing. No. 2 booth, blankets and dolls, etc.; Oris Duff, fish pond, Miss Alice Silphant. BUSY TIMES AT ST. JOHN Y.M.C.A.

Gymnasium and Other Activities Go With Swing—Community Centre.

That the Y. M. C. A. is a busy place was borne in upon a visitor yesterday. At four o'clock there was an excellent turn-out of High School boys at their gym. class. The boys' game rooms at the same time were thronged with scores of boys.

Last evening, at seven o'clock, the Business Boys' Gym had a record crowd; the Young Men's Class, which followed, was equally enthusiastic.

While these classes were going on, the swimming pool drew enthusiastic swimmers. The bowling alleys were going full force, looking especially good after being thoroughly repaired.

The billiard room, with its newly covered tables, held the attention of another group of young men.

One is also impressed on entering the building with its attractive lobby, now made more home-like and pleasant by the recent gifts of the Y. M. C. A. Ladies' Auxiliary.

While all this was going on, in another part of the building a meeting of the St. John Boys' Work Board was being held, while in another the City Baseball League was holding a wind-up meeting.

Truly, indeed, said a visitor, the "Y" is a splendid community centre, making a really great contribution to the Christian citizenship of the city, and it is proving well worth the time, effort and money being invested in it.

It's the favorite of Lord Renfrew

"Runnin' Wild!" That captivating fox-trot! And so all evening long on the Empress of France, out on the high seas, the orchestra played "Runnin' Wild" for His Lordship to dance to!

"RUNNIN' WILD" is Lord Renfrew's Dance favorite! And no wonder! Hear The Great White Way Orchestra play it on "His Master's Voice"—Victor Record No. 19028—and then you'll say he has rare judgment.

To cap the climax—on the reverse side there's "Little Rover." Once you hear the International Novelty Orchestra play this fox-trot you're sure to say "I hope His Lordship has this record."

"Runnin' Wild" is equally as good in song. Hear Miss Patricia Stanley and tiny Sammy sing "You've Got to See Mamma Ev'ry Night." Tell "His Master's Voice" dealer you want "His Master's Voice" Victor Record 19027.

WESTERN CROPS TO BE HANDLED

Winnipeg, Oct. 4.—There is no need for pessimism in regard to the handling of Western Canada's grain crop from the head of the lakes, to Atlantic ports, declared members of the board of grain commissionaires following a meeting here this morning. "There is more cargo space than there is grain ready for shipment at the present time," they stated. "What we have to guard against is any possible congestion or blockade at the end of this month or in November, which we are doing by every available means."

HUSBAND WENT HOME WITH MA ON HIS BRIDAL NIGHT

New York, Oct. 5.—Samuel Ades of Newark was her husband, but not her provider, Mrs. Ades told Vice-Chancellor Church in Newark in applying for a divorce on the grounds of desertion. They were married at a synagogue in 1919, she said. After that time, she attended a wedding party at the home of the bride, and then to her astonishment, she said, Sam went home with his mother and refused to go to the apartment on which she had spent \$300 to decorate.

The Evening Times-Star

ST. JOHN, N. B., OCTOBER 5, 1923

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by the New Brunswick Publishing Co. Ltd. J. D. McKenna, President.

A STRONG WITNESS

The British Prime Minister is a witness worth quoting as to the real value of the League of Nations. When the threat of war between Italy and Greece became most menacing there were loud complaints that the League was useless, that it had failed, and that it never had accomplished anything anyway.

to our loss of native population, saying we must make the country so attractive and prosperous that Canadians will be content to remain at home. And just here he had an encouraging word to say of improving conditions at home and abroad.

SOME PRECAUTIONS

A curious development is the proposal to introduce legislation at the next session of Congress providing against conspiracy to overthrow the Government by force or violence. The criminal law is to be extended for this purpose, and provision is to be made for the registration of aliens in order that those suspected of sedition may be kept more easily under the eye of the authorities charged with the duty of guarding public safety.

THEY ARE NEEDED.

The country will agree with Hon. Mr. Robb, the new Minister of Immigration, who says one of Canada's crying needs today is a greatly increased immigration of the right sort, and it will hope Mr. Robb will speedily move from theory to practice. Immigration has increased considerably—it is very much greater than it was a year ago—but thus far the figures are not what they should be.

How are we to get enough settlers of the right type? By presenting Canada's attractions to them in their own countries, chiefly the British Isles and the Scandinavian lands and a few other portions of Europe, and by restricting the flow from some countries upon which we draw too heavily in the present period when our tide of immigration reached its highest level. Mr. Robb made an indirect reference

be from \$200,000 to \$250,000. The Government pays twenty-five per cent. of the building cost, sixty per cent. of the yearly salaries, and fifty per cent. of the equipment cost. A point to be kept in mind is that the present high school is overcrowded. St. John needs the vocational school, and in addition to the valuable work it would do its creation would relieve the increasing congestion. A prompt and comprehensive report by the committee now having the matter in hand is to be desired.

The offensive noise called Belling Siki was put off at a train at St. Lambert last night, after threatening to accompany the passengers in combat. The conductor merely turned him over to a C. N. R. policeman who abolished the nuisance by leaving him at St. Lambert minus manager and equipment.

Lord Beaverbrook has casually acquired a few more London newspapers, including the Evening Standard and the Daily Sketch. These, with the Daily Express, give the former New Brunswick a powerful metropolitan battery and a largely augmented influence upon public opinion.

Dry Dock day will be a memorable one in the city's history. The great dock and its subsidiary industries will give an immediate and substantial impetus to the business of the port. St. John is going ahead. The completion of the dock in itself is a great stride forward.

"The fact is that the financial world of Canada is stronger today than at any time since the war," says the October letter of the Canadian Bank of Commerce.

THE GOLDEN GATE

(Edward Pollock, in San Francisco Argonaut.) The air is chill, and the days grow late. And the clouds come in through the Golden Gate. Phantom fleets they seem to me. From a shores and unbounded seas. Their shadowy spars and masts well, unnumbered, have wreathed a thousand gales.

What bear these ships?—what news, what freight? Do they bring us through the Golden Gate? Sad echoes to words in gladness spoken, And withered hopes to the poor heart broken. Oh, how many a venture we Have rashly sent to the shoresless sea! How many an hour have you and I, Sweet friend, in sadness seen go by, While our eager, longing thoughts were roving.

Over the waste for something loving, Something rich and chaste and kind, To brighten and bless a lonely mind; And only waited to behold Ambition's gems, affection's gold, Return as "remorse," and "a broken vow." In such ships of mist as I see now.

The air is chill and the days grow late And the clouds come in through the Golden Gate. Freight with sorrow, heavy with woe, But these shapes that cluster dark and low Tomorrow shall be all a-glow! In the blaze of the coming rain these misty, Whose weight my heart in vain resists, Will brighten, and shine and soar to heaven.

A POSTAGE STAMP MORAL. (P. O. Keekly Bulletin.) Consider the postage stamp. It is inexpensive, unobtrusive, and well-nigh ubiquitous, but how much it can convey of sorrow or joy. Has it not a friend? Thou canst write him a word of cheer, and drop it in the box, and the little postage stamp will convey it all the way. Hast thou a neglected brother, there is every available unto thee in his behalf a Post Office and a Throne of Grace, and both of them are blessings of high order.

REV. J. M. RICE IS MADE PRESIDENT

St. John Boys' Work Board Holds an Important Meeting.

At the annual meeting of the St. John Boys' Work Board, at which A. R. Crookshank presided, an extensive programme of work was outlined for the coming year. A finance committee was appointed and commissioned with the task of raising funds to carry on the work during the year.

The nominating committee report was adopted and the following officers and chairmen of committees appointed for the ensuing year: President, Rev. J. M. Rice; vice-president, A. R. Crookshank; secretary, W. T. Denham; executive members of the executive, R. H. Parsons, F. L. Withers and C. M. McCully; chairman of committees: sports, D. MacLaughlan; basketball, F. N. Myles; skating, R. Crookshank; debating, W. T. Denham; visiting, Rev. W. A. Robins; programme and social, Rev. A. L. Tedford; conference and religious work, Rev. R. T. McKim; publicity and propaganda, Rev. E. E. Styles; finance, Rev. H. A. Goodwin.

The Y. W. C. A. authorities suggested the advisability of organizing a "leaders' training course to prepare prospective mentors to carry on the C. S. R. P. programme. The Y. M. C. A. offered to organize such a course in connection with the regular work of the association if the boys' work board desired it to do so and on motion the board expressed appreciation of the offer of the Y. M. C. A. The board undertook to endeavor to secure as many young men from the city churches as possible to enroll in this course.

The question of employing a part-time boys' work secretary for the city was considered and the meeting placed itself on record as feeling strongly the desirability of such an appointment being made as soon as a suitable secretary could be secured and the necessary funds were arranged for.

It was decided to request the Maritime Religious Education Council to convene a boys' work conference in the city as early as possible this fall.

Montreal Supports Maritimes' Claims

Halifax Scheme is Backed Up by Trade Board Council.

Montreal, Oct. 4.—The Montreal Board of Trade Council is largely in agreement with a resolution recently passed by the Halifax Board of Trade urging the operation of rail ways, and is unanimously in opposition to any steps being taken by the railways which would tend to increase the present heavy freight charges, it is said. However, at a meeting of the council the matter was referred to the transportation bureau of the board and formal pronouncement was deferred until the bureau had reported.

ROBBERS OBTAINED \$75,000 IN GEMS

Trio Trail Jewelers From City to Irvington, N. J., in Automobile.

New York, Oct. 4.—Three automobile bandits obtained between \$75,000 and \$100,000 worth of diamonds, when they held up and robbed Henry Hirschberg, wholesale jeweler, and his salesman, Walter Beal, in the hallway of Wiegand & Co. ten minutes before the robbery of the jewelry store in Irvington, N. J. The robbers got away in a red touring automobile which drove a New York license.

After many years at 21 King street under the old name of L. L. Sharpe & Son, the practice of optometry carried on by Mr. J. Allan Sharpe was removed today across to 50 King street. Hereafter it will be known as Sharpe's and the premises formerly occupied by the McRobbie Company have been extensively remodelled to this purpose.

Patrolman Michael Sweeney of the Hudson County force, at the Hackensack bridge on the Lincoln Highway, saw a red motor car containing three men approach at 3:30 p. m. He had been notified of the robbery, and took the three men to the Oakland avenue station for questioning and searching for weapons or jewels that could be found.

PLUMES FOR THE MALE. (New York Herald.) Bright hues that men were hinted at by the National Association of Retail Clothiers, in convention at Chicago. This business of rejuvenating the plumage of the male offers new signs and portents every year. It may be that we are on the verge of a new sartorial epoch.

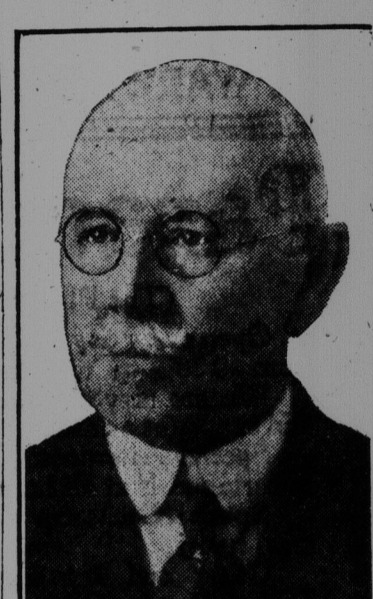

Two—That steps be taken to reduce the salaries and wages of railway employees both executive and operative to a level commensurate with the work done in other undertakings in Canada, and to a point within the means of the public to pay.

Three—That working conditions on railways be revised with a view of removing part at least of the loss and inconvenience to which the railway and the public are now subjected.

Run-ning Amuck. "I found a run started in my best stocking this morning," said the woman, "so I thought I'd run downtown and into that store where they are having a great run on silk hose. They ran a full-page ad. in this morning's paper, you know. Well, I ran my eye over it on the way down and I saw so many bargains that I ran out of money before I got to the hose counter."

Well, by this time I'd run my legs off and I was in despair, when who should I run into but my husband. I got some money from him—his more generous than the general run of men—but when I got to the counter they'd run out of my size. "What a run of bad luck!" commented her friend.—Boston Transcript.

RECENT WEDDINGS

Gould-Johnson.

A pretty wedding took place in St. Aloysius church, Richibucto, on October 3, when Rev. J. J. McLaughlin united in marriage Mary Elvina, daughter of former Sheriff B. J. Johnson to William Jones of Fairville, N. B. The bride wore a becoming suit of navy blue poret twill, grey hat with navy and silver trimmings, and grey

squirrel scarf, the gift of the groom, and carried a white prayer book. The groom was supported by Alphonse J. Johnson, brother of the bride. The bride was given away by her father, A. Budeau of St. Louis presided at the organ. Both were recipients of useful gifts including a beautiful parlor lamp from the staff of Macaulay Bros. & Co. Ltd., St. John, where the bride has been employed for several years. Mr. and Mrs. Gould left on the morning train for a short trip to Halifax and other places in Nova Scotia with the best

wishes from friends for a long and happy future. On their return they will spend a week with Mr. and Mrs. J. E. Leger, sister of the bride, 30 Richmond street, before making their home at 92 McKel street, Fairville.

Ashburne-Graham.
At the home of Mr. and Mrs. Richard Graham, Summer Hill, N. B., on Wednesday afternoon, their daughter, Reta Margaret, was united in marriage by Rev. J. E. Shanklin to Alfred Ashburne of Gagetown. The bride was dressed in white crepe-de-chine, trimmed with white radium lace and beads and carried a bouquet of sweet peas. Mr. and Mrs. Ashburne, who received many valuable and useful gifts, motored to St. John en route to Maine and other places. The guests were Mr. and Mrs. James McKinney and family, Mr. and Mrs. John Johnson and family, Mr. and Mrs. Arthur Graham, Mr. and Mrs. Herbert McKinney and family, Philip Graham, Miss Edna Graham, Miss Julia Graham, Miss Ellen Graham, Miss Helen Graham and Mrs. Aldus, J. W. Hamilton and Basil Gaunce, of Gagetown, N. B.

Boudreau-Robichaud.
At the Cathedral yesterday morning, Rev. Joseph B. Ward married by St. John's, Joseph Boudreau, 21 David street, and Miss Mary Robichaud, 51 Carleton street. The witnesses were Dominick LeBlanc and Daniel Boudreau. The bride formerly resided at Neguac, Northumberland county.

Long-Clark.
At the Avon Hotel, St. Martins, on Sept. 28, Miss Ariel May Clark was married to Mr. F. A. Hubley, 109 of Kierstead Mountain by the Rev. F. A. Hubley.

Gamble-Sweet.
At the bride's home recently Miss Inez P. Sweet, daughter of Mr. and Mrs. Oliver Sweet, was married to Bert A. Gamble, both are of St. Martins, Rev. F. A. Hubley officiated.

RECENT DEATHS

Henry King.
The death of Henry King occurred yesterday at his home in Newark, N. J., after a severe illness. Mr. King left St. John last autumn to engage in business in the United States, but his health gave way soon after leaving his native city. He was born in St. John and lived here all his lifetime until last year. He was known and respected by a large circle of friends and leaves a number of relatives in the city. He is survived by his wife, two sons and four daughters. His daughters are Sister Cyril, of Mount Carmel Convent, and Sister Electa, of the St. John Infirmary, and with him in Newark are his daughters, Mrs. George Preszley and Mrs. J. McManus. The sons are Louis, of the Provincial Bank, St. John, and Charlotetown, and Joseph of St. John. Interment will be in Newark.

VENGEANCE AFTER 4 YEARS.

Texas Trails Band of Confidence Men to Get Sixth and Last.
Salt Lake City, Utah, Oct. 5.—Identical men, M. P. F. and a salesman of Salt Lake City, as W. B. Spencer of Texas, ended for J. Frank Norfleet, a Texas ranchman, his four years' search for six men who forced him out of \$45,000 in Fort Worth, Texas, his home. Hunt is in jail on three charges of violating the Federal narcotic laws, and the Government refuses to surrender him for trial in Texas on Norfleet's charge until after his trial here.
Dallas, Texas, Oct. 5.—Freed out of \$40,000 in Fort Worth, Texas, in November, 1919, for four years J. Frank Norfleet has covered this country and others tracking down and causing the arrest and conviction of a band of confidence men, finally finding in Salt Lake City, Utah, the last fugitive.
Norfleet has at times taken assumed names and traveled in disguise. He has been on the trail far into Mexico, in many parts of Canada, in every state in the United States, save one and in Cuba.
Of the original six who were accused of staging the fake stock game by which he was forced, the late County ranchman says that two are now in the penitentiary, one was acquitted, one committed suicide, one died of an illness, and the last is now in prison awaiting trial.

About fifty of the friends of Miss Eileen Fanjoy met at her home in King street East last night to tender her a lovely shower in honor of her approaching marriage. She received many lovely presents, and many expressions of good wishes. The evening was pleasantly spent in social enjoyment and refreshments were served.

The Jubilee diamond, shown at the Paris Exposition, weighed 239 carats.

Dame Fashion and Common Sense agree

It's astonishing how many ladies are wearing wool "undies," particularly when they can wear pure woolen vests—as soft as the finest flannel—made with low neck and no sleeves, that can be worn with the present fashion of dresses.

This is partially the reason for the great demand for

Turnbull's Vests and Bloomers made to match

Other reasons are the fine unexcelled softness, and high quality that can always be relied on in TURNBULL'S under-clothing.

You can get these beautiful, fine wool vests and bloomers to match in pure wool "CEETEE" No. 225 or wool mixture Turnbull's No. 420

75,300 Deaths Toll Of Year's Accidents

Safety Congress in Buffalo Reports Heavy Increase in Fatalities.

Buffalo, N. Y., Oct. 5.—Accidents in the United States during 1922 exacted a toll of approximately 75,300 human lives, an increase of nearly 2,000 over the estimated number for the previous year, the committee on public accident statistics of the National Safety Council declared in its report before the public safety section of the National Safety Congress.

Although there has been a somewhat halting decline in the accidental death rate for the past ten or twelve years, the actual number of fatal accidents has never been less than 70,000 each year, the report said.

The report credited the automobile with the largest entry in the annual accident mortality budget—11,900 for 1922, 18 per cent of total accidents for that year. The committee estimated that during each day in 1922, 206 American citizens were killed by accident. Of this daily number, 38 were automobile fatalities. Accidental falls ranked a close second with 38. Drownings and burns totalled 19 and 16 respectively.

In 105 cities throughout the United States in 1922 there were 11.3 deaths per 10,000 cars registered, and 12.8 per 100,000 population, the report said.

David Van Schaack of Hartford, Conn., Vice President of the Council, declared at the opening session of the public safety section that a big opportunity in public safety work lies with the newspapers of the nation. The newspapers, said Mr. Van Schaack, are performing "a most significant service in keeping causes and results of public accidents continually before the public."

"An automobile accident is not only a tragedy to the individual, it is a community calamity of the highest importance—another human life needlessly sacrificed in America," he said.

Louis J. Dublin, Chairman of the Public Accident Statistics Committee, public safety section of the National Safety Congress, said that in 1922, 206 American citizens were killed by accident. Of this daily number, 38 were automobile fatalities. Accidental falls ranked a close second with 38. Drownings and burns totalled 19 and 16 respectively.

The railway coach and the Pullman places in America, declared by Dr. E. George Payne, professor of educational sociology, New York University.

Greater achievement has been made in welfare work than that made by the railroads in handling the accident situation," Dr. Payne said.

They have made railroad operation so safe that a person actually is in less danger in the modern railroad than he is walking in the streets. The railroad Pullman and coach are the safest place in America today.

Nurse Offers Life To Man She Blinded Admits Hurling Acid Into His Eyes When He Scorned Her.

New York, Oct. 5.—Blind with fury because John Harvey refused to keep his promise to marry her, Marie Tith, a nurse, hurled muriatic acid in his face a month ago, causing him to lose his eyesight.

This much Miss Tith admitted when she was brought before Magistrate Moses R. Ryttenberg in Harlem court yesterday. She was fined \$200 which she would spend in helping Harvey regain his eyesight, and would devote the rest of her life to seeing that he is properly cared for.

She said she was employed as a waitress in a Yorkville restaurant, where Harvey also worked. They fell in love and he promised to marry her, she said, but later he spurned her. She bought the poison, intending to end her own life, but decided to make one more appeal to him. When he spurned her the last time she threw the acid in his face.

Harvey has been in the City Hospital, Welfare Island, ever since. The woman was held in \$5,000 bail for the grand jury on a charge of felonious assault.

Dr. Emden Fritz, of Manchester, N. H., who practised in St. John about thirty-five years ago, was a visitor in the city this week. Dr. Fritz left on the Dwyer boat yesterday to visit his mother, Mrs. William Fritz, at Lawrencetown, N. S. While in St. John he was the guest of his cousin, Dr. H. D. Fritz, and Mrs. Fritz, Wellington Row.

WOULD REVISE VOLSTEAD ACT

New York, Oct. 4.—The Chamber of Commerce of New York state today adopted a resolution recommending that Congress that the Volstead Act should be revised and modified "so as to conform more nearly with public sentiment and on lines that are more reasonable, just and practicable."

Enjoy Walking— Wear the shoe with a real chassis!

PUT on a pair of the shoes with a real "chassis," pick out a good roadway—then throw yourself into high gear! You'll get a new thrill—a thousand new thrills! You'll feel young again you'll want to run, and jump, and climb!

Wonderful result to get from a shoe—but the cause is simple. The Arch Preserver Shoe provides a correct foundation for the weight-carrying-structure of the foot, along the outer side of the bottom from heel to ball. This prevents sagging and straining of the foot arch—keeps the foot vigorous and youthful.

Just to look at the Arch Preserver Shoe you'd say it was just like any high-grade, smartly designed shoe. Yet the difference is there—in the "chassis." There is a concealed, built-in, anchoring bridge, which gives exactly the kind of walking base Nature planned the foot to have.

Enjoy walking! A real pleasure—a boon to health! A help in business! It is within your reach right now. The Arch Preserver Shoe offers all that good regular shoes offer—and so much more. Surely you will try it.

RELIGIOUS EDUCATION DISCUSSION
MARKS CLOSE OF SYNOD MEETING

Week-day Training—Committee for Conference With Methodists.

The last session of the Maritime Church Synod of the Presbyterian church yesterday was featured by a discussion on religious education. A committee of 34 was appointed to confer with a like committee from the Methodist church at two o'clock today. The next conference will be held in New Glasgow.

Reports Submitted.
The afternoon session was largely devoted to receiving reports from committees. Professor Faulkner gave the report of the widows and orphans fund, and Principal MacKinnon the report of the committee on education, both of which were adopted. Rev. A. L. Fraser gave the report of the Maritime Church Building fund, which included a regretful reference to the death of Dr. Thomas Stewart. On motion of Rev. L. W. Parkes, seconded by Hon. J. G. Forbes, it was decided to print Principal MacKinnon's communication in the minutes.

Professor Kent, of Pine Hill, gave the report of the boys' residential school at Pictou. The residence, he said, was filled to overflowing, with sixty boys in attendance. Dean W. C. Ross thanked the Synod for the assistance given in securing scholars. He explained the purpose and aim of the school, and told of the work being done there.

On motion of Professor Kent, seconded by Judge Forbes, a resolution of appreciation of the school was passed. In seconding the motion, Hon. J. G. Forbes referred to the sacred trust reposed in them of giving the young proper education, in such a school as that at Pictou.

A report from the committee considering the recommendation of the Miramichi Presbytery for proper supervision of buildings and a greater range in the design of architecture was read by Rev. George Farquhar, of New Glasgow. The recommendation was approved by the committee.

Rev. Dr. D. MacIntosh presented the report of the home missions committee, previously read by him on Wednesday evening. The report was voted upon, clause by clause, and adopted. Rev. A. V. Morash, of Sussex, and several other speakers in brief addresses commended the committee's report.

Rev. Dr. J. S. Sutherland, of Fredericton, read a report from his committee recommending that the receiving office at Halifax be kept open until the end of 1924 and that Dr. J. S. Sutherland be continued in office. Rev. H. MacLean spoke in favor of closing the office at the end of 1923 and introduced an amendment to that effect which was voted upon and lost. Rev. James McCurdy then moved an amendment that the office be closed at the end of April 1924. This was also defeated, after which the main motion was voted on and carried. It was then decided that no promotion agent should be appointed by the Synod, and the report as a whole was adopted.

Rev. Dr. John McIntosh read the report of the committee to nominate members to the General Council. The names submitted were: Dr. Pringle, D. Macdonald, G. E. Forbes, G. D. MacG. M. MacLeod, D. K. Grant, Dr. F. J. Coffin, D. W. Macdonald, J. D. McIlhenny, Hon. J. G. Forbes, E. Kaulback, P. A. Walker, Dr. John Pringle, E. Kaulback, C. H. Mitchell, M. D. McArdill, Alfred Dickie and E. A. Religious Education.
In the evening Rev. F. M. Milligan, secretary for religious education, delivered his report. He told of the young people's programme which had been recommended by the council for Canada and said that it would be found adaptable to any situation. Weekday religious instruction was important. Children were not receiving adequate religious training. They did not get as much instruction in the Bible as they should have. It was necessary for them. He read a recommendation from the council that the synod take such steps to secure such adequate weekday training as was consistent with the law.

There was considerable discussion of this point. Alfred Dickie thought the clergy in Halifax had been lax in this regard. The Catholics had been securing instruction for the children and he thought the Protestant clergy were to blame for not securing permission to do the same.
Mr. McKean, of Halifax, regarded

the banishing of the Bible as a text-book as one of the great tragedies of the day. There was a deplorable ignorance of the word of God even in the Sunday schools. The greatest need of revival was in the Christian homes. Principal MacKinnon regarded the sacrificing of non-sectarian schools as too great a price to pay for religious instruction. He recommended that the synod find out just what the law was.

A. W. Robb, of Halifax, spoke of the progress being made in Sunday school work and said that too much indulgence was being shown with regard to such instruction in the homes.
Rev. Mr. Farquhar said that in Halifax neither priest nor minister had the legal right to give instruction in the schools. The Protestants had a long way to go before they reached the perfection of the system the Catholics had for instructing their children.
The recommendation was voted on at this point and rejected by a large majority.
Recommendation for co-operation with other denominations in the work of religious education and the encouraging of teachers' training were passed.
C. C. McIntosh read the report of the special benevolent committee, showing receipts of \$4,180 and expenditure of \$2,212 and a balance of \$1,968. The report was adopted with a recommendation to hold a special collection for the fund.
Dr. Sutherland read the report of the general interests committee. He said the budget for the church was \$1,800,000, and for the synod \$210,000 as before. The allocations for the various presbyteries were the same as

last year. It was urged that a special effort be made to secure the full allocation, and the efficacy of special contributions was also urged. The position on the subject of non-sectarian schools was reaffirmed. The Presbyterian Witness, Record and other publications were commended, as was the use in the Sunday schools of the new literature being prepared. Mr. Armstrong explained the scope and purpose of this literature. The report was adopted.

The life service committee report was read by Rev. W. C. Ross and adopted. Rev. Mr. Frame gave the report of the presbytery records committee which was adopted. Rev. A. D. Archibald read the report of the synod committee, showing \$4,000 receipts with expenditures to date of \$2,200. The report was adopted after some discussion as to whether the synod should pay the traveling expenses of the general interests committee.

On motion of Rev. W. W. McNairn, with other denominations in the work of religious education and the encouraging of teachers' training were passed. C. C. McIntosh read the report of the special benevolent committee, showing receipts of \$4,180 and expenditure of \$2,212 and a balance of \$1,968. How to have beautiful hair
For really beautiful and attractive hair, just follow this simple method:
Dissolve a tablespoonful of Lux into a gallon of very hot water. Whisk into a foamy lather. Cool down with cold water, then work the lather through the hair briskly with the tips of the fingers. Rinse with fresh water, gradually cooling it. Dry by gentle rubbing—in the sun, if possible—but not with strong heat.

Everybody admires her beautiful hair—
it is so richly lustrous, soft and silky, and always so delightfully fresh-looking.

And when her friends openly admire it and beg her for the secret of its lustrous beauty, she always smiles and answers, "Really it's so simple. I just shampoo it frequently with Lux."

Try a Lux shampoo the next time and you will be both surprised and delighted with the result. The creamy, soothing Lux lather will leave the scalp fresh and healthy, and will bring out the natural wave and colour in your hair, making it soft, silky and bright-looking.

FAIRVILLE SCOUTS.
The Boy Scouts of the Church of the Good Shepherd, Fairville, held their first meeting of the season on Wednesday evening in the church hall under the direction of the scout leaders, DeVinney and Daigle. After drill, arrangements were made for the programme for the coming months and a social time with games and refreshments followed.
Rev. James MacLean, of Nova Scotia, is the guest of Mrs. James Walls, of Fairville.

GIRL GUIDES' FIELD DAY ON SATURDAY
Field sports and competitions in Guide work in which between seventy and eighty of the members of the five city troops of Girl Guides and two troops of Brownies will participate are to be staged on the old golf links, off Hawthorne avenue, now Miss Parke's property, on Saturday morning and afternoon. It will be a big rally day for the Guides and Brownies of the city and a cordial invitation has been extended to the general public to attend and see the sports. The competitions will include contests for two cups, a proficiency cup and a sports cup, and as these two trophies were won for the first time last year, the present holders are determined to hold them against all comers. St. Paul's troop of Guides has the sports cup and the second Rotheray troop the proficiency cup. The sports will be directed by Miss Dorothy Purdy, V. C. Timberley and Mrs. William Allison.
The Guides will take their lunch and spend the day on the field and will give many demonstrations of the various forms of Guide work. The companies which will be present are the Knox Church, St. Paul's, St. James', Trinity and the Boosters Girl Guides and St. Paul's and St. James' Brownies.

COMMITTEE ON VOCATIONAL NEEDS

School Board Appoints One—Early Action for Federal Grant.

What are the needs of the city with regard to vocational education and what is the opinion of the citizens with regard to vocational education? These two questions loomed large at the special meeting of the Board of School Trustees, held last night, to consider the position of the board in view of the special meeting of the provincial legislature. Hon. H. A. McKeown, the chairman presided, and others present were Trustees Mrs. D. P. Chisholm, G. Herbert Green, H. Colby Smith, E. R. W. Ingraham and A. A. McIntyre, S. A. Worell, acting superintendent, and A. Gordon Leavitt, secretary.

Judge McKeown explained that the new legislation swept out of existence the former vocational committee of St. John and placed the onus on the school board. It was desired to have vocational education established in the city. The board must submit plans of a building and outline of the course of study to the Vocational Board of the province and if these plans and outlines were approved by the Board of Education, the city school board would have authority to assess for the money required to carry on the work, the assessment being made in the same manner and in addition to other school funds. The board would then appoint a vocational committee to have direction of local vocational education. It was necessary that the board should take action at once if it intended to avail itself of the government grants for this purpose. The Federal Government had set aside \$10,000,000 which over a period of years was to be used for technical education in every province on a basis of population and this sum would be exhausted in 1925. This federal money would come to the provinces which asked for it and which agreed to carry on vocational education in accordance with the Dominion Act, and according to legislation in this province it would defray twenty-five per cent. of the cost of the vocational school building, sixty per cent. of salaries, and fifty per cent. of the cost of the equipment. In addition the province was authorized to expend up to \$50,000 a year supplementing the federal grant. This provincial expenditure might be in the form of interest on bonds.

Judge McKeown emphasized the fact that the approval of the Board of Education must be secured in time to have the expenditure included in the school estimates this year and, therefore, the time in which to decide was short. He understood that under the local Act the manual training, as now carried on, could be passed over to the vocational committee's charge as being pre-vocational education, but that would be a matter for the vocational committee to take up. It was a large and important subject and if the board did not act in time it would be guilty of grave negligence.

How best to secure information with regard to the needs and the wishes of the citizens formed the subject of considerable discussion. The report of the vocational education survey of St. John, made in June, 1922, was before the meeting and it was plainly stated that any citizen desiring to obtain the report might secure one by calling at the office of the school trustees or on request a copy would be mailed to any address.

May Cost \$200,000.

Judge McKeown, as a rough estimate, thought the expenditure for a vocational school, such as would benefit a city of the size of St. John, would be about \$200,000. He believed a vocational school would relieve the pressure in the High School and at the present time the board could not close its eyes to the fact that it might have

to do something to relieve the overcrowding in the High School, and vocational education might effect this at least cost and to best advantage.

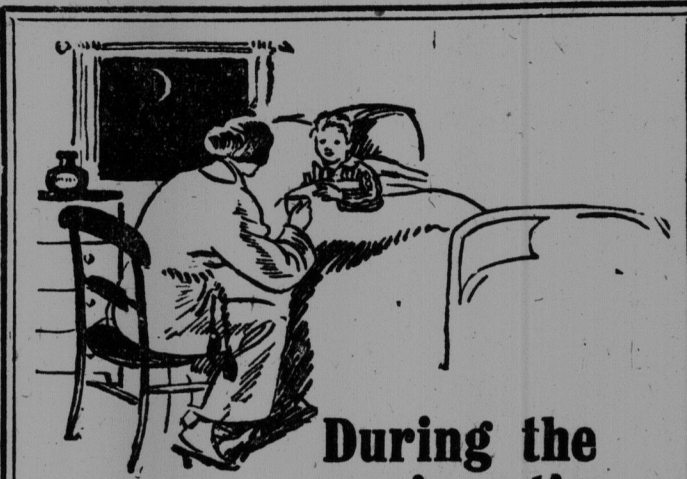

On Mr. Smith's motion the chairman appointed a committee to obtain information as to vocational education needs in St. John and to make suggestions. He named on the committee H. C. Smith, A. A. McIntyre, G. Herbert Green and Thomas Nagle, the chairman and secretary of the Board of School Trustees and the acting superintendent of schools being ex-officio members. This committee was to ask George T. Hennessey and Alexander Wilson, of the former vocational committee, and Mrs. Richard Hooper, representing the Women's Council, to meet with it, believing that these three might have valuable information to give on the subject.

Mr. Ingraham thought that public sympathy was what was most needed and the meeting agreed that anybody who had views on the matter should be invited to give the board the benefit of those views. It was decided to ask, through the public press, for general expression of any opinions in the matter. It was also suggested that the matter might be discussed at a meeting to which the general public would be invited.

SONS OF ENGLAND DECORATION DAY

FAREWELL TO FATHER ORAM

The ladies' division of the A. O. H. of Fairville and the Sewing Circle of the division gave a reception and shower in St. Rose's hall on Friday evening for Rev. Father Oram, who has been assisting Very Rev. Dean Collins, of St. Rose's, for the last two months, and who has now taken up his new pastoral duties at Riverside, Albert county. Miss Mary Ryan, the president of the society, on behalf of those present, presented to Father Oram linen, aluminum and other useful household articles and extended good wishes. Father Oram thanked his friends for their thoughtfulness and kind appreciation and he paid a tribute to the hospitality of Father Collins. Father Collins also addressed the gathering. Vocal solos were given by Harold Gillis and piano selections by Miss Dorothy Berry and Miss Mary Kelly.

Many acceptable gifts of fruit as well as a gift of a fine codfish were acknowledged by the board of directors

of the Home for Incubables at their meeting yesterday. Good friends of the institution had sent the gifts for the patients. Routine business chiefly was dealt with at the meeting and J. S. Gregory, the president, was in the chair.

THE APPLE CROP OF THE DOMINION

Ottawa, Oct. 4.—Nova Scotia will market 1,500,000 barrels of apples this year, while British Columbia will have 3,120,000 boxes of apples for sale, according to an estimate issued today by the fruit branch of the Department of Agriculture. The estimated commercial supply of apples in Ontario is 650,000 barrels; in Quebec 33,000, and in New Brunswick 10,000.

Quebec will lead the province as to potatoes with an estimated production of 18,786 centals (100 pounds), while Ontario's crop is set at 3,920 centals. New Brunswick will come next with 4,666 centals, according to estimates; Saskatchewan, 4,409 centals; Alberta, 3,823; Prince Edward Island, 2,977; Nova Scotia, 2,930; Manitoba, 2,821, and British Columbia, 2,841 centals.

LORNEVILLE W. M. S. ELECTS.

The W. M. S. at Lorneville was held at the Manse, with the president, Mrs. Bevis, wife of the pastor, Rev. W. J. Bevis, presiding. The election of officers resulted as follows: President, Mrs. Bevis; vice-president, Mrs. David McCavour; secretary, Mrs. Samuel Galbraith; treasurer, Mrs. Bertha Ferguson; organist, Mrs. Alfred Splane. The membership fees were all collected and the meeting was followed by a fifteen-cent tea in which all participated. Those assisting Mrs. Bevis, who presided were Mrs. Samuel Wilson, Mrs. Alfred Splane, Mrs. Ferguson and Miss Margaret Bevis. Among those present were: Albert Wilson, Mrs. S. Galbraith, Mrs. Walter Wilson, Miss Alice Titus, Mrs. William Cox, Mrs. Wilfred McCavour, Miss Jean Ferguson, Miss Jessie Ferguson and Miss Hazel Galbraith.

Here Even From Nova Scotia For St. John Shopping Days

BUYERS FROM AS FAR AS WOODSTOCK ALSO IN CITY YESTERDAY

Merchants Report First Day Very Successful and Look for Even Greater Business During Today and Saturday.

Judging by the opening day's results, it was said this morning, the big three-day co-operative sale event, put on by forty or fifty of St. John's leading retailers to demonstrate that St. John is a good shopping centre, will prove a success. To most of the participants, yesterday's results were reported greatly in excess of their anticipations and the indications were that today and tomorrow would see even greater crowds taking advantage of the many good things offered.

From Out of City
A special appeal was made to out-of-town shoppers and the response to this appeal was reported as wonderfully gratifying. While a refund of railway fares was offered to all people living within a radius of 75 miles, it is of interest to note that buyers came from beyond that distance, some being registered from Woodstock and others from Westport and other places across the bay. In these cases refunds of part of their fares equal to a distance of 75 miles were made.

Williams Retains His Home Run Lead

New York, Oct. 5.—For more than an hour yesterday Babe Ruth, of the Yankees, was but one home run removed from slugging Cy Williams, of the Phillies, in their exciting race for circuit crushing honors, for, in the very first inning of the Yankee-Athletics game at the Yankee Stadium the Bambino whacked one of Hasty's offerings to the far corner of the right field bleachers.

mentioned pair, for in the Cleveland-St. Louis game. Tris Speaker, who on Wednesday, equaled a record which had stood 37 years, proceeded to wreck that record when he registered his 57th two base hit for the season. The old record, set by Ed Deichman, of Philadelphia, in 1886, was 56. Speaker, in addition to establishing this new mark, enjoyed one of his best days of the year, making three singles, a double and a home run in five times up.

Twins? Yes, Seven Pairs of "Assorted"

Seven sets of twins, and each set consisting of a boy and a girl! Here you have the picture of the group which Port Huron, Mich., insists is the most unusual group of twins extant. Two other pairs of brother-sister twins live in Port Huron, but were unable to meet the others in time for the picture. Note the strong resemblance between each brother and sister.

ALUMNAE CHOOSES MISS M. MANNING

Elects Her President at the High School Association Meeting.

Miss Marjorie Manning was elected president of the St. John High School Alumnae at the annual meeting of the society, held last night in the Y.W.C.A. recreation centre in King street east. The meeting was well attended and the report's committee showed that the year just closed had been a successful one.

Salesman Dazes Traffic Court, Paying Fine In 'Chicken Feed'

New York, Oct. 4.—Perhaps Sain K. Hanarah was playing penny-ante and was a heavy winner, but that is only a theory, constructed to explain what he was doing with all the small change on his person. Sain was fined \$25 in traffic court for passing a surface car at Broadway and Sixty-fourth street.

PROBLEMS TO SOLVE HERE EAST ST. JOHN CAN GET FIRE PROTECTION

No Legislation to Assess Fire District and a Dispute as to Power of the Councillors For Parish of Simonds.

East St. John has a fire protection problem which is somewhat involved, and the people apparently are still far from getting the protection for which they ask.

Two things have prevented action on this resolution. In the first place it calls for assessment on the fire district only, whereas under the Act of the Legislature the whole parish would have to be assessed. In the second place the act relating to hydrants says the hydrants must be asked for by the Councilors of the parish, and this is interpreted to mean all three Councilors of Simonds, whereas one of them, Coun. Mosher is entirely opposed to putting any tax on the rest of the parish for the special benefit of East St. John.

The city has authority "whenever there are good and sufficient main pipes for water supply in the Parishes of Lancaster and Simonds, or any part thereof, to provide and place near any such main pipe such number of fire hydrants as may be from time to time requested by the councilors representing such respective parishes in the Municipal Council and connect any such fire hydrants with said main pipe, the cost of said fire hydrants together with the expense of placing them, and connecting them with the main pipe and keeping them in good order shall, in the Parish of Simonds, be chargeable on the whole parish."

There is another consideration, and it is that the East St. John fire district and designate the firewards, who shall appoint the necessary firemen, and vote up to \$12,000 per year for equipment and upkeep.

Under this legislation the St. John Municipal Council passed a resolution setting apart a fire district in the Parish of Simonds, and adopted the following:

At Tuesday's meeting of the Municipal Council the following firewards were appointed:—Charles Walton, G. J. Lawson, H. E. Grove, A. F. Burditt and Robert Kirkpatrick. Of course firewards are of no service without hydrants and hose, and if the consent of the three Councilors is necessary there will be no assessment on the parish to provide them unless the Councilors succeed. Mosher is agreeable. And as for assessing the smaller area which is the fire district, there is no legislation making it possible.

Following is the board of directors elected yesterday:

Walter C. Allison, Messrs. Manchester, Robertson, Allison, Messrs. W. Shivers Fisher, Messrs. Emerson & Fisher, Ltd., L. C. Greer, Messrs. Bodell & Co., Providence, R. I., W. E. Gauding, Messrs. George McKean & Co. Ltd., James L. McAvity, Messrs. McLean, Holt & Co., Messrs. T. McAvity & Sons, Ltd., A. P. Patterson, Messrs. Baird & Peters, Ltd., E. N. Sanderson, president.

In welcoming the new board, the president, on behalf of the Federal Light and Traction Company of New York, owners of the controlling interest,

expressed their cordial appreciation of the acceptance of the invitation to join in the administration of the St. John public utility. He said: "You will note that of the personnel of the board six members out of nine are well known citizens of St. John having no material pecuniary interest at stake who have willingly consented to give the New Brunswick Power Company the benefit of their judgment and guidance in advancing the best interests of their own city. You come to us free from pledge, promise, restriction or limitation as to your conduct. We ask your hearty interest and co-operation in our enterprise that, together with our best efforts, we may build up an institution in this community which will be found helpful and one worthy of respect. In your acceptance of the responsibilities of directors in this company we feel you are dedicating yourselves to the highest type of public service."

The Laddie Was Right. Charles Hawtry was playing golf with some friends one day. At the very first hole he got into a bunker. While he was trying to extricate his ball his caddy took out a clay pipe and began to fill it. At Hawtry's fifteenth stroke the caddy struck a match on his trousers. Hawtry paused and looked at him. "Well," said the caddy, "it's a fine day any way."

It is estimated that since the invention of printing there have been more than 16,000,000 books printed.

MANY POLICIES WILL BE DECIDED DURING AMERICAN LEGION SESSION

International Air Disarmament Conference One of Subjects

Indianapolis, Oct. 3.—(By A. P.)—The American Legion, at its national convention in San Francisco, October 15-19, will take a stand on numerous questions of international and national policy as well as problems relating purely to the affairs of veterans, according to reports received at legion headquarters here.

One of the principal issues to come before the San Francisco gathering is the question of the convention of an international air disarmament conference. A poll, taken of all the United States senators, congressmen, governors, newspaper editors, college presidents and other prominent citizens, expressed overwhelming indorsement of the legion's proposal to hold an international gathering in Washington to reduce military air forces. The suggestion also was approved by the International Veterans' Federation convention in Brussels, which represented the views of fighters from eight allied powers.

A resolution protesting the recognition of Soviet Russia by the United States. Other departments have adopted similar resolutions.

National and state laws to prevent desertion of the national flag and to insure that it be flown from every school house will be the subject of other resolutions. Liberation of the so-called political prisoners also will be considered.

Adjustment compensation will also come before the national gathering. Almost all state conventions held to date have expressed approval of the bonus measure. The welfare of disabled veterans will be considered in detail, and the convention is expected to consider the retirement of disabled emergency officers on the same status as those of the regular army.

Another issue to be discussed will be the care of orphans of deceased veterans of the war. Various state organizations will bring before the national body a resolution favoring American participation in an international court of justice. The convention last year indorsed the report of the International Veterans' Federation, including a statement favoring the proposed court, but the legion has taken no definite action on the specific proposal.

GEM-SET WEAPONS SHOWN AT MUSEUM

Rare Collection is Said to be Worth a Million Dollars.

New York, Oct. 5.—Jeweled weapons massed with diamonds and other precious stones, said to be worth \$1,000,000, have just been placed on exhibition at the Metropolitan Museum of Art, in one of the small rooms devoted chiefly to Turkish armor, in the department of arms and armor.

One side of the scabbard is covered with inscriptions carved in the gold, and the entire length of the other side is ornamented with an elaborate design in diamonds, with four large emeralds. Flowers are formed by clusters of diamonds with big solitaires in the center. The inner curved edge of the scabbard is set with diamonds in a delicate design.

The sabre is Turkish, dated A. H. 1688, and later was the property of the Sultan Amurat V. Of the six daggers, which are in another case, four have handles of white jade, plain or simply carved, one in the form of a horse's head. Another has a crystal handle, and the sixth a handle of black jade.

Montreal Trade Board Appeals For Empire Preference

Montreal, Oct. 4.—A cablegram was today sent to Rt. Hon. William Lyon Mackenzie King, Prime Minister of Canada, now attending the Imperial conference at London, by John W. Ross, president of the Montreal Board of Trade, to the following effect: "The Montreal Board of Trade, which for many years has strongly advocated the adoption by the Imperial Government of a scheme of preferential trade between the component parts of the Empire, now hopes that the Imperial Conference may consider the resolutions favoring such a scheme as adopted by successive triennial meetings of the congress of Chambers of Commerce of the Empire."

DICKSON AND BROOKS ARE CHOICE OF KINGS OPPOSITION CONVENTION

Inside Manipulation Charged by McAuley When Refused Nomination

Hampton, N. B., Oct. 4.—Hedley V. Dickson, M. P. P., Hammond River; Alfred J. Brooks, Sussex, Conservative organizer for the province, and Councillor J. William Smith, contractor, builder and hardware merchant, Hampton, were nominated as the Kings county Conservative candidates in the next provincial election...

Outstanding features of the convention were the charge levelled by Mr. McAuley that the choice of convention was the result of inside manipulation and did not reflect the true wishes of Kings county Conservatives...

Other high lights were Mr. Jones' declaration that it was his firm belief that a provincial election would be held within a few weeks and the challenge thrown out by C. D. Richards, leader of the Opposition...

All of the speakers, including the three candidates, the unsuccessful candidate, Mr. Richards, Mr. Jones, Hon. James A. Murray, of Sussex, who called the meeting to order...

This viewpoint was exemplified in the challenge of Mr. Richards who declared that, as leader of the Opposition, he had traveled a good deal over the province lately trying to catch the viewpoints of different sections of the country...

He congratulated the Conservatives of Kings upon taking time by the forelock and holding their convention at this early date so as to be ready for the fray. Commenting upon the non-committal statement of the Premier...

Other speakers, with the exception of Mr. Jones, were in the dark as to when the election would be held; Mr. Jones seemed certain that it would be held this year and in this connection declared...

The convention call went out only eight days ago and the fact that 117 of the 135 eligible delegates responded was viewed as a promising augury of success by the various speakers...

SPORT NEWS GLEANED FROM WORLD'S CENTRES

F. J. NESBIT HAS ROWING PLAN

Get Together and Early Arrange Schedule for Regattas Here.

The drawing up of a schedule for aquatic regattas to be held next summer so soon as possible in order to give the oarsmen some definite incentive toward which to work is the suggestion made by F. J. Nesbit, a prominent member of the Renforth Athletic and Outing Association, to forward the proposed regatta revival in this part of the province—a section long noted for the capable oarsmen it has sent to many parts of this continent and England to represent it against the very cream of the rowing world.

"It seems to me that we should give our promising young fellows something definite on which to work," says Mr. Nesbit. "During the summer, just past, there was little encouragement given them in the way of competition—which is what they want and need. Only one regatta was held here—that at Millidgeville. After training for that what was left for them to look forward to?"

Concrete Suggestion.

"When the Commercial Club was in existence, I always hoped that it would take up the question of rowing quite strongly. There were men in that club who were capable and qualified to put the game right on its feet. Now, that this club is not functioning, it seems to me that the first thing to do is to call a meeting and have the various rowing organizations represented, in addition to other organizations that contemplate assisting in this movement. To be definite, we need representatives present from the St. John Rowing Club, from Millidgeville, Renforth, Westfield, West St. John and other parts to take hold of this project firmly. I believe our objects can be attained by mutual co-operation. The first thing necessary, I would suggest, is the drawing of a regatta schedule. Let it be known in plenty of time where and when these regattas will be held next summer. Let us give the boys something definite. We can hold regattas at Millidgeville, Renforth, Westfield, in the harbor, and other places along the shores of the St. John and Kennebecas. I would also include Fredericton in this movement. And, I would not wait very long before having this meeting called at once, if possible."

Retain Identity.

This central organization would control the sport but each club would retain its identity, suggests Mr. Nesbit. "It is only by working together we can achieve our aims. In holding these regattas, tags can be sold and the proceeds go toward the expenses of the meet. I feel that the holding of regattas during the summer will serve two purposes: It will arouse public interest in the sport and it will develop our young scullers along the proper lines. Let it be known that the crews and scullers showing up the best in these regattas will be selected to represent New Brunswick at the Maritime rowing championships next year at Halifax and it will be found that some keen competition will be provided. This would be given the oarsmen a definite object."

Mr. Nesbit's concrete suggestion.

probably will be acted on and a meeting called in the near future to exchange ideas on the situation and to consider ways and means of placing the game on a basis that will attain the results expected. While the natural facilities here are not as good as those at Halifax, there are several good courses, notably at Renforth, where many great races have been staged in years gone by. It was on this course that Renforth died; that the great Haslam defeated Wallace Ross, when the local oarsman fell out of his shell; when Robert Fulton defeated John Biglin, of New York, and many others. A district that can produce such oarsmen as Fulton, Ross, Brayley, Belyea and many others—men who met and defeated some of the very best—can continue to be the breeding ground of rowing champions provided the promising youngsters are given the encouragement they deserve. The seed sown by the Renforth Club at a recent meeting appears to be bearing fruit.

Here's a Triumverate of Champions

Bud Fisher, the world's best known cartoonist on those famous "Mutt and Jeff" pictures the sun never sets. Ring Lardner, who takes regular "falls out of the English language." It is seldom that such a trio of arts is assembled. The occasion that drew them together was Dempsey's last chapter in his training course for the Firpo match. Fisher and Lardner, anxious to know just how Jack looked and how he made ready to enter a 24-foot ring with the "Wild Bull of the Pampas," journeyed to Sulphur Springs, near Saratoga, N. Y., and saw for themselves. It was not long before that Fisher made Dempsey a present of a wildcat, a worthy gift to a champion. Ring made personal visits to the training quarters of both fighters and telegraphed daily stories of what he saw to hundreds of papers throughout the country.

RUTH HAS SERIES HOME RUN MARKS AS HIS NEW GOAL

New York, Oct. 5.—(By A. P.)—Home runs have played an important part in the world's series but the records reveal no startling feats of cloutings by the greatest hitter of them all—Babe Ruth. The Bambino starred as a twister with the Red Sox in the series of 1916 and 1918 but, as a regular outfielder with the Yankees, he was handicapped by injuries in the 1921 series and last season was badly off form.

Playing the best all-around game of his career this year, Ruth may come into his own in the championship struggle and take his place among the hitting immortals of the title class.

Ruth has one homer in his series total, in 1921. The marks at which he will try to shoot this fall include the highest all-time series total, three, held jointly by J. Franklyn Baker and Larry Gardner; the highest total for a single series, two, held jointly by eleven players; and the single game record of two, held by Harry Hooper and Benny Kauff.

Elmer Smith, now a member of the Yankees, holds the unique distinction of being the only player ever to hit a homer with the bases full during a series, a feat he accomplished with Cleveland in the 1920 series with John Brooklyn. The homer was made off Burleigh Grimes.

The greatest fame as a series cloutier belongs to "Home Run" Baker, of the old Athletics. Curiously enough, all three of Baker's circuit sallies were recorded at the expense of the Giants, two of them winning games for the Mackmen. In the 1911 series, Baker's home run off Marquard in the game of October 16, with Collins on base, and the score tied, gave the verdict to the Philadelphia team, 3 to 1. Two years later, a homer by Baker gave the Athletics their winning margin in a game with the Giants, again with Marquard pitching and Collins on the base.

Other homers that proved deciding factors in series contests were made by Joe Finker, of the old Chicago Cubs; Fred Clarke, when he was manager of the Pittsburgh Pirates; Danny Murphy, of the Athletics; Harry Hooper, of the Red Sox; Larry Gardner, of Cleveland; Oscar Felch, of the Chicago White Sox; and Benny Kauff, of the Giants.

Prospects of Bout For Firpo Dimmed

Fulton's Defeat by Renault Has Altered Plans of Argentine for This Winter.

New York, Oct. 5.—When Fred Fulton, elongated heavyweight of Minnesota, succumbed to the blows of Jack Renault in the ninth round of his scheduled ten-round bout last Monday night at Boston, he forfeited his prospects of a remunerative ring meeting later this year against Luis Angel Firpo, South American giant. Pronator Tex Rickard was after a bout between Firpo and Fulton for Madison Square Garden some time in December or January. There were indications that the contemplated match would be closed. It was understood that Firpo, despite his assertions to the contrary, was being prevailed upon to remain in this country until next year for the purpose of practicing at his profession while his popularity remained high.

The knowledge that he probably would not experience a hard match against Fulton and the stimulating influence of promised additional income were elements which were inducing Firpo to delay his return to Buenos Aires. But that was before last Monday's fight. Now that the Argentine has been knocked out of the picture by Renault there seems to be no heavy weight, out side of Jack Dempsey and Harry Williams, who would gain the necessary public support to make a financial success of a Firpo bout, and the promoter is turning his thoughts homeward.

Promoter Rickard said yesterday that he had abandoned whatever hopes he entertained of arranging a bout between Firpo and Fulton. The promoter, however, has not entirely discarded his plans for arranging a bout in which the Argentine giant will appear at Madison Square Garden during the year door season. Rickard said he will believe Firpo's assertions that he will not return to his native land until the heavy weight actually boards ship for his journey home. Firpo will be the guest of honor at a dinner in the Lafayette Hotel, which is described in the invitations as a "farewell banquet."

It is said Firpo is arranging to sail for home next week. If his business affairs can be arranged, he plans to sail here Oct. 13. Rickard has accepted an invitation to attend the dinner, but he has no intention of staying here for a winter bout. The promoter, however, refused to mention the heavy weight he had in view as a rival for Firpo, and carefully avoided even hinting at the identity of the boxer he has in mind.

Rickard expressed surprise at announcements that Firpo intended to become an American citizen. The promoter said he did not think, from what he knows of Firpo and his plans, that the Argentine boxer intended to renounce the land of his birth. At the same time, however, Rickard was at a loss to ascribe a motive for Firpo's application for first papers.

"The news is a surprise to me," said Rickard. "I don't believe the boy intends to become a naturalized citizen, because I know he loves his own country. From a purely business standpoint it would be a mistake for Firpo to become a naturalized American. His income then would be subject to a higher tax than it is now and his powers as a box-office drawing card undoubtedly would be affected since he is a greater attraction as an international figure, than as a national figure."

The W. M. S. of Queen Square Methodist church is planning to erect the personage, Mrs. Nell MacLauchlan presiding. The opening devotions were held by Mrs. S. E. Logan. Mrs. N. Dickinson, who is a delegate to the district meeting in Sussex, gave a report, after which she gave a chapter from "Exploring Pioneers," a chapter from the study book "Building the Nation."

The United States department disclosed the fact yesterday that Ambassador Harvey is determined to retire from his post in London the first of the new year.

Firpo Changes Mind; Does Not Want To Become U. S. Citizen

New York, Oct. 4.—Luis Angel Firpo does not want to be a citizen of the U. S. of America, despite the fact that he applied for naturalization papers a few days ago. He conveyed this information to the Bureau of Naturalization yesterday in a note both signed and sworn.

As explanation of his signature of the other day, the Wild Bull of the Pampas stated that he had taken out first papers through a misapprehension; he did not think anyone would take him seriously.

The idea conveyed in his letter was that he merely wished to pay the U. S. a delicate compliment for the generous treatment received here. He now is the victim of "deep regret" because of the inconvenience he has caused the department.

THE EVENING TIMES-STAR, ST. JOHN, N. B., FRIDAY, OCTOBER 5, 1923

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

INDUSTRIALS MOSTLY HEAVY

Further Irregularity at the Opening of Wall Street Business.

New York, Oct. 5.—Further irregularity took place at the opening of today's stock market, with most of the leading industrial displaying a heavy tone. Oils held relatively firm, Associated rising a point and Gordon, Marland and Sinclair improving fractionally. Davison Chemical advanced 1/2, Kelly Springfield dropped 1/2 point to 26, a new low for the year, and American Woolen dropped 1-1/2.

Montreal Market.

Montreal, Oct. 5.—Trading in listed shares on the local stock exchange was extremely dull at this morning's opening, transactions being mostly in broken lots. Cement was the least active issue, coming out at 84-1/2 unchanged. Brompton was next in volume of trading and was down 1-2 point at 41. In general the tone was weaker and most of the stocks that appeared were fractionally weaker. The Spanish issues were off 1-2 point and Laurentide was down 1-4. Montreal Power, however, was up 1-2 point at 129-7-8, as was also Illinois preferred at 92.

GRAIN IS HELD UP

Lachine Canal Blocked By Fall of Bridge — Steamers Are Delayed.

Montreal, Oct. 5.—Egress for grain vessels from the Great Lakes to the ocean port of Montreal was still blocked last night by a fall of the bridge which Wednesday night broke away from its 800 ton counterweight and now lies across the Lachine locks and new locks across the Lachine locks and Montreal. It is hoped that by Saturday engineers will be successful in moving the bridge, permitting the unimpeded grain stream to again flow into elevators of this port.

OPINIONS ON THE STOCK MARKET

(McDougall & Cowans.)
Transcontinental, 20, 25, 25%
Weeks.—We will be surprised if the sequel to this move is not sharp and decisive reaction. Nothing indicates an immediate return to the low points of last week, and nothing has happened to assure the starting of an important forward movement.
Block Maloney.—There is sufficient short interest to carry stocks higher on this swing and we would use dips to buy best issues.
Josephthal & Co.—This rally from technical causes shows a strong indication that the market is being liquidated in a temporarily removed.
Hutton & Co.—Sugar stocks especially appear attractive on moderate reactions.
Housman & Co.—It seems reasonable to believe that the advance in stock is because of long buying and not because of short covering.

NEWS NOTES OF STOCK INTEREST

(McDougall & Cowans.)
New York, Oct. 5.—U. S. Rubber declares regular 5-cent 20 per cent. dividend.
F. W. Woolworth Sept. sales \$14,774,868, increase \$1,266,721 over Sept. 1922. Nine months, \$125,438,792, increase, \$18,200,426.
U. S. Sugar interests expect new agreement for modification of Tariff bill, which does not become law till Tuesday.
D. J. & CO.
1923 Victory Loans—108.55.
1927 5 p. c. War Loan—102.75.

MORNING STOCK LETTER

(McDougall & Cowans.)
New York, Oct. 5.—The short interest is still large enough to warrant another turn up in prices on this move. At the same time there was little follow-up in the market yesterday, and as soon as short covering quieted down the market turned very dull.
We rather expect another rally, but whether it comes or not, the market will likely sag off again, at least to the lows which were reached a week or so ago, with some stocks probably going over.

FINDS RELICS OF OLD DAYS OF THE SOLDIER'S HERE

The contractor who is tearing down the old historic house, in Main street referred to elsewhere in today's edition came across a lot of old leather uniforms which had been lodged beneath the floors in some of the rooms. They were so badly decayed that it was impossible to distinguish any identifying marks, but it is thought they were the property of some of the officers who lived there over a century ago.
NOT MISS FERGUSON.
Mildred Ferguson, 163 Adelaide street, wishes it understood that she is not the Mildred Ferguson, whose name appeared in the report of the Police Court proceedings yesterday.

FINANCIAL DEATH RECALLS GOOD ROAD WORK

Widow of John Jordan, a Former Supervisor, Has Passed Away.

The death of Mrs. Mary Alice Jordan, widow of John Jordan, supervisor of roads, occurred at her home following a lengthy illness. She was the only daughter of the late Gilbert Jordan of the parish of Portland and was the last surviving member of her father's family. She is survived by two sons, LeBaron B. of Lakewood, and B. Bloomfield, a barrister of Toronto; also three daughters, Mrs. A. P. Thompson of New York, Miss M. C. Jordan at home and Mrs. E. F. Dickinson of Lower Woodstock, also a niece, Mrs. LeBaron Jordan. Mrs. Jordan was a direct descendant of one of the oldest French families and was also of Loyalist descent. Her grandfather came to St. John in 1783. She was among the first settlers of Lakewood and was an energetic worker in church circles and took a prominent part in the building of the Methodist church at Silver Falls, in which edifice her funeral services will be held. Mrs. Jordan had a large circle of friends and her passing was felt as an invalid for many years her brightness made her an enjoyable companion, endeared to all who were in contact with her. The funeral will be held from her late residence (Summerside) to Silver Falls Methodist church for services, interment in the family lot in Fernhill.

RECALLS OLD DAYS.

The death of Mrs. Jordan recalls the days when her husband was a road supervisor particularly in charge of the Marsh and Loch Lomond roads. During a considerable portion of that period Hon. David McLellan and W. A. Quinton were provincial representatives of the City and County of St. John and they took a great interest in the improvement of the Loch Lomond Highway particularly. Mr. Quinton loved a good driving team and under his personal inspection John and Benjamini worked on the highway. The people who lived in those days still recall what good roads they had, but portable sawmills did not abound and were practically unknown when Jordan and Stackhouse kept the roads in repair. In later years the haulage of lumber over the Loch Lomond road has made it next to impossible to keep the highways there up to their former standard.

FIRST TELEPHONE GIRL, ON JOB 45 YEARS, CALLS TALKERS BAD TEMPERED AS EVER

Convent, N. J.—The original "hello girl" hasn't said "good-bye" yet. After 45 years at the switchboard, she's still on the job listening in on the world asking the same old questions, receiving the same old answers, in much the same old way.
But Mary Beatrice Kennedy, the first girl to put the smile in the voice, no longer sits in a bustle-skirt at an old-fashioned switchboard in the New York "Nassau" exchange. She's now plugging in at a desk in the College of St. Elizabeth where she is telephone operator and chaperone.
"The times have changed," she says, "and the telephone has improved, but not so the people's temper. I was the first to get the job, and the telephone company was tired of firing its boy operators for swearing at the subscribers who grew irate at the poor service."
"If you think you're getting poor service today, you should have tried it in the eighties."
"Near riots were almost daily happenings in the outer office of our exchange. Subscribers came down to fight the operator who had sworn at them and had given directions as to where he wished they would go."
"The boys soon made it impossible for them to hold the jobs as operators, and the girls took their places. I was the first to get the job, and went to work just 45 years ago this month. The boys were all jealous of me, but I didn't mind. They were soon all fired."
Alexander G. Bell, inventor of the telephone, often came down to the exchange where Miss Kennedy worked. Sometimes he was accompanied by Thomas A. Edison.
"But, didn't you pay much attention to him?" she says. "He wasn't famous then."
"The favorite questions of the old days?"
"What's the weather prediction?" said Miss Kennedy, "used to be most frequently asked. And 'How much are selling eggs' was another favorite."
"What time is it, Central?"
"Where is the fire, please?" hadn't come into vogue yet.
"And nobody asked for the baseball score or prize-fight results."
"Calling a number was unheard of in the early days. Subscribers simply called for Smith's drug store or Jones' grocery or this or that building on Broadway at such and such a cross street. When they didn't get their party at once, of course, they blamed poor Central—just as today."
Miss Kennedy got \$3 a week for her work when she first began.
"When I think of the comforts in the offices today," she says, "I realize how poor I was when I first began."
"My friends thought I was crazy to take the job. But after 45 years I'm not sorry."

The daughters are being treated in the hospital. Mrs. Packwood and her friends will be sorry to learn of her death.

HOME FROM WEST

Charles Coster returned home yesterday from Calgary where he was one of the delegates to the meetings of the Church of England in the West. Rev. Dean Neales of Fredericton, also a delegate, had returned from the country to be entirely inefficient and that there is, too, a great spread between the cost of production and the cost of the fluid to the man who actually puts it into his car, although so far as is known here, this is the first time actual steps have been taken by Mr. Ford to work out the theory.

FOR REPORTED ABOUT TO GO INTO THE GASOLINE BUSINESS

New York, Oct. 4.—Reports are current in Wall street that Henry Ford plans to enter the oil industry in a large way and will make the retelling of gasoline and motor oil a part of Ford service at the 5,000 or more agencies under his control in the United States. The development, which has stirred the oil industry as nothing has since California production commenced, is based on confidential details of what is expected to be a very good-sized enterprise.
It is reported that the plan under consideration by Mr. Ford and the Ford Motor Company officials would be to purchase the excess and surplus supplies of a number of independent companies, probably through a subsidiary to be organized later, and to ship this surplus to concentration plants in centres of congested population, from which centres it would be doled out to Ford dealers, to be refilled by them from their established agencies.
In further confirmation of the fact that Mr. Ford is looking at conditions under which the fuel which operates automobiles is sold, it has been known that he was having three (test) wells drilled by J. Dalton of Huntington, W. Va., in the Pond Creek, Pike county, Ky., field.
It has been known for some years that Mr. Ford believes the present system of distribution of gasoline throughout the country to be entirely inefficient and that there is, too, a great spread between the cost of production and the cost of the fluid to the man who actually puts it into his car, although so far as is known here, this is the first time actual steps have been taken by Mr. Ford to work out the theory.
In commenting on the policy of Ford business principles into the oil industry in a large way, the Oil Trade Journal in its issue of today, declared that "The dangers are Mrs. Elizabeth Beatrice Dorchester, Mass.; Mrs. Charles Howard, Halifax; Mrs. Margaret Robb and Miss Annie Gertrude of this city. The daughters are being treated in the hospital. Mrs. Packwood and her friends will be sorry to learn of her death."

ASSESSOR PUTS NEW YORK CITY VALUES UP A BILLION

Realty \$11,275,526,200 and Personal Property at \$840,629,525

New York, Oct. 4.—The assessing officials of the Department of Taxes and Assessments have thrown open the tentative assessments for 1924, disclosing an increase in the total as compared with last year of \$1,153,669,747. The real estate assessed total for the year 1923 was \$10,166,433,378, for both real estate and real estate of corporations. The tentative total for 1924 is \$11,275,526,200.

Expands Debt Margin.

Assuming that the reductions on hearings will total 10 per cent. of the tentative total, the net increase will be found billion. This will mean that the debt incurring margin of the city will be expanded by \$100,000,000. The personal assessment total for 1924 is \$840,629,525. This will be off that takes place annually. The billion-dollar increase is distributed throughout all the boroughs. The Brooklyn dry goods district has been marked up generally, and sharp increases have been made in Park avenue holdings. Reductions are exceptional, the greater number being due to court decisions. The aggregate of such reductions is inconsiderable. In a statement accompanying the figures, Henry M. Goldfogel, president of the Department of Taxes and Assessments, said: "As a result of legislation at Albany from time to time the city has been deprived of authority to tax much of the personally which receives protection through the various agencies of municipal government. "The city receives a proportionate share of the state income and corporation tax, which last year netted the city \$15,000,713.34. For the first six months of this year the city received \$16,073,007.18. What the city may receive for the last six months of this year is problematical. "Under the law providing for partial exemption of new dwelling houses, which was sustained by the Court of

Pirates Rob Ship Of \$11,000 Platinum

Overpower Crew of Eleven and Customs Officer is Disabled.

New York, Oct. 4.—Detectives of the Poplar street station in Brooklyn were investigating yesterday the boarding of the steamship Bridgetown of the Columbia Line, lying off Main street, by a band of fifteen pirates. In typical fashion the pirates boarded the ship in a motor boat and climbed up the side, armed with revolvers. They overpowered the crew of eleven and a customs officer and thrust them into the chief officer's room. Then they attacked a strong box with an oxyacetylene torch and took three boxes thought to contain platinum worth \$11,000. The piracy was one of the boldest ever executed on the Brooklyn waterfront. The Bridgetown arrived from South America with a cargo of gold and platinum. There were three boxes of gold, jewelry and platinum aboard. The American Express Company removed the gold and platinum and took three boxes thought to contain platinum worth \$11,000. The piracy was one of the boldest ever executed on the Brooklyn waterfront. Switzerland Will Suppress Drug Traffic

Montreal, Oct. 5.—The following statement is given out by Dr. Carl Hubscher, Swiss consul general in Canada here: "Recent statements contained in the Canadian Press alleged that drugs are clandestinely exported from Switzerland to Montreal. "The Swiss consul general in Canada is authorized by the Swiss Foreign Office to inform the press that the Swiss Federal Council unanimously agreed upon immediate ratification by Switzerland of the International Opium Convention and that a Swiss Federal law suppressing drug traffic will be put in force as soon as the necessary judicial and economical questions are settled. The Swiss federal council will then act promptly and it will hardly be necessary to add that this future Swiss law, as is customary in Switzerland, will be enforced strictly."

HISTORIC ST. JOHN BUILDING RAZED

Dismantling May Mean Cold Storage and C. P. R. Expansion.

One of the oldest buildings in the city has fallen a prey to the ravages of time and is today being razed. It is situated near the cold storage premises in Main street. During the time when Fort Howe was garrisoned by a corps under Major Guilford Studholm in 1777-78, this building was utilized as a headquarters for some of the officers and their wives. It is said that it was there that William Cobbett, who later in life was author of "Rural Rides," "Cottage Economy" and other works, resided. History does not give details as to the various owners of the building, but for many years it belonged to the Corkery eye and some time ago was purchased by the C. P. R.

The building, a three story structure with an arch over the front door, was used as a residence until about a year ago when the Board of Health condemned it. Since that time it has been unoccupied. It is now being torn down as there is some prospect of the cold storage plant being extended. Even to this day the woodwork in the old structure shows perfect preservation and the brick walls are thick and solid. In the interior of the building there are still evidences of former beauty and some of the trimmings indicate former works of art. As it had been condemned and was more or less of a fire trap, it was decided to have it torn down.

It will be recalled that an effort was recently made to locate a spring between the old house and the cold storage plant, but after boring nearly 1,000 feet the attempt was given up. It is said that many years ago there was a boiling spring at this site and people from all parts of that section of the town went there for water. It was hoped to secure this additional supply for use in the cold storage plant, but all efforts to locate the source proved futile.

C. P. R. Plan in Mind.

Just what the future has in store for this historic site, time alone can tell. If business conditions permit it is the intention of the C. P. R. to construct a large addition to their plant, but it is declared doubtful that such a plan will be made at least until such time as the company can be assured of a sufficient expansion of the plant to warrant the necessary large expenditure.

Questioned about the plans of the N. B. Cold Storage Company, Henry R. Ross, manager, said he was not in a position to make any announcement, beyond that plans to expand the plant were being considered, but nothing definite had been decided on.

CHARGE AGAINST INSURANCE MAN

He is Said to Have Admitted Shortage in His Accounts.

Ronald Moore was taken into custody today and brought before Magistrate Henderson on a charge of misappropriating money from the local office of the London Life Insurance Company. He was not asked to plead. Dr. W. H. Wallace, K. C. for the company, called Wallace H. Linton, superintendent of agents, to testify. He said the defendant had been a solicitor for the company and had collected money, that the defendant's account sheet for the week of September showed a deficiency of \$56.59. The defendant had acknowledged that he was short in his account and was sent to the manager. The witness said he later found two other shortages for \$8.40 and \$1.05. The defendant had ordered him that he had collected the money, marked it paid, and then rubbed it out again. He said he did not know whether or not any part of the shortages had been made good by the defendant.

James W. McCarthy, local manager of the company, said Moore had been in the company's employ since May 28. He said the defendant had said he had taken the money to pay a debt. He had also spoken to him later about the second shortage.

Cross-questioned by the defendant, he said he could not say whether or not there were any commissions accruing for him.

The defendant then said that he had written a letter to the manager offering to pay back the money by weekly installments, but that the offer was rejected.

On request of Dr. Wallace, Moore was remanded until next Tuesday at 11 o'clock. Magistrate Henderson explained to the defendant that the remand was for his sake and it would give him an opportunity of making restitution. In the meanwhile the matter would be brought to the attention of the home office in London, Ont. He said it would be regrettable to have to send a young man to jail at his age, and he pointed out the seriousness of the charge.

REMEMBER WHEN—

A grand banquet was tendered in honor of Lieut. Governor S. L. and Mrs. Tilley in the Victoria Hotel on Tuesday, January 13, 1924.

A baseball game arranged by the members of the Athlete Baseball Club of St. John was to have been played on the ice on the Kennelbrooks River on Wednesday, January 14, 1924, but was postponed on account of a snow storm.

LOCAL NEWS

FATHER WALKER HERE
Rev. F. F. Walker arrived in the city from Riverside, Albert County, last evening, to take up the duties of his new pastorate at East St. John. He will take up residence there.

FEW ATTENDED.
Due to small attendance, a meeting of the St. John Ambulance Association which was to have been held yesterday in the Red Cross Society Headquarters, was postponed until next Wednesday.

IS IMPROVING.
Friends of Duncan G. Lingley, chamberlain of the city, who has been ill for the last three weeks, will be pleased to know that he is now showing some improvement in condition.

TAKEN TO HALIFAX.
A man who was brought to the city yesterday by Sheriff Foster of Woodstock, was this morning taken to Halifax by the St. John and on his arrival there is to be placed in a home for nervous diseases.

NOVELTY SHOWER.
About 60 friends of Miss Eileen Fudge gathered at her home on King street east, last evening, and tendered her a novelty shower in anticipation of a happy event which is to take place in the near future. Many beautiful presents were received.

HAS GONE HOME TO CONVALESCENCE.
H. T. C. Hutton, physical director of the Y. M. C. A., has improved to such an extent that he has been able to leave the hospital. He has gone to his home in Moncton for about three weeks to convalesce.

PAY DAY
The fortnightly payment of salaries was carried out at City Hall today, the following amounts being disbursed:—Officials, \$2,188.36; sundry, \$1,608.92; ferry, \$1,492.80; market, \$264.70; police, \$8,622.71; fire and salvage corps, \$2,688.28; wiring west side city hall, \$81.40; total, \$11,788.22.

THUNDER STORM.
An electrical storm, accompanied by heavy rain, passed over the city last night between twelve and one o'clock. No damage was reported, as the lightning was not very sharp. The storm was accompanied by a short but heavy shower of rain. Four-tenths of an inch fell.

DEATH OF TWINS.
Sorrow came to the home of Mr. and Mrs. John Corbett, 107 Adelaide street, yesterday, when their twin sons, Edmund Burton and Alfred Donald, passed away in a brief stay of a few days in this life. The funeral will be held tomorrow. Friends will sympathize with the bereaved parents in their great loss.

RALLY SOCIAL.
The Baraca Brotherhood and the Philathea class of the Central Baptist Church held a social in the school room of the church last evening and it proved a great success. The first part of the evening was devoted to a community singing, which was led by Arthur Gillis. There was then a short and enjoyable program of readings, vocal and instrumental selections, followed by games. Rev. James Dunlop presided, and Miss Beryl Blanche accompanied. The games were under the direction of Mrs. E. P. Scott. The refreshments were served by the Philathea Class, who supplied everything but the ice cream, which was supplied by the Baraca Brotherhood.

CHOIR GUESTS AT DINNER.
A very pleasant affair took place last evening in the Methodist Church, when the choir was entertained at a banquet given by the official board. There were 72 at table. Excellent speeches by the pastor, Rev. F. F. Bertrand, Erick Thompson, Alfred Burley, C. B. Holder, F. W. Henderson, and F. J. Punter, choir leader. They referred to the excellent work of the choir and the good results since the organization under the leadership of Mr. Punter and the organist, Geo. LaFon, a son of Wm. LaFon, bandmaster of the Carleton Cornet Band. Special mention was made of the good work of his pockets. He characterized the choir membership is 80 and they have provided themselves with a uniform costing more than \$300.

PAY \$70 OR GO IN FOR THREE MONTHS

Sentence of George Hicks—Had Liquor and Struck Girl.

A fine of \$50 or three months in jail for having liquor in his possession and \$50 or two months in jail for striking Bertha Peters was the sentence imposed on George Hicks by Magistrate Henderson in the Police Court this morning.

Policeman Corner testified that while walking along Union street last evening in company with Sergeant Scott he saw the defendant strike Miss Peters and was in the act of striking her a second time when he seized him and placed him under arrest. When searched at police headquarters, a bottle containing gin was found in one of his pockets. He characterized the assault as cowardly and dirty.

Miss Peters was sent for, and on her arrival told of being struck by the defendant following a verbal disagreement. The defendant said he could not remember anything that had taken place. The fines were then struck.

FORTY HOURS IN TWO CHURCHES

At mass at 6 o'clock this morning, with Rev. W. M. Duke officiating at mass of exposition, the Devotion of the Forty Hours was begun in the Cathedral. There were very few congregations at the various masses, and many throughout the day making visits to the church during exposition of the Blessed Sacrament. The devotions will continue until Sunday evening.

The Devotion of the Forty Hours also opened this morning in St. Rose's church, Fairville, at 6 o'clock, when solemn high mass of exposition was celebrated by Rev. George Coffin, C. S. S. R., of St. Peter's. Special services will be held this evening and tomorrow evening, and the devotions will close on Sunday evening.

WOULD FILL PLACE OF MAGISTRATE

Meaning of the Appointment of Four St. John Barristers.

As announced yesterday, E. J. Hennesberry, Francis Kerr, Edmund S. Ritchie, and W. A. Ross, all barristers in the city, were yesterday appointed sitting magistrates for the City of St. John by the provincial government.

When asked about these appointments Magistrate Henderson said that the position of a sitting magistrate was what might be termed a substitute position. In case of his being ill, or in the event of his taking a holiday, or for some other reason he was prevented from attending at the police court he could appoint any one of these four sitting magistrates to fill his position for the time. There is no salary attached to the position, but only the fee they would receive when they acted as magistrates.

Prior to his appointment to the post of Police Magistrate, Mr. Henderson said that he was the only sitting magistrate in the city, and hence these appointments.

PLAN TO HAVE BANNER WINTER

Scouts and Cubs of East St. John Begin Their Activities.

The East St. John Scouts and Wolf Cubs last evening started on their programme for the winter season, and there was a good attendance at the first meeting, held in the Edith Avenue hall.

The Scouts listened to an interesting address on football by Walter Brindle, superintendent of the Seaman's Institute, who has donated a cup for competition amongst the scout troops of the city. The boys gave three cheers for Mr. Brindle when he had finished speaking.

After the lecture two football teams were formed, with William Gibb and Patrol Leader Leslie Bank as their respective captains. Following this the boys were treated by Harry Jones one of their numbers, to a showing of motion pictures. The boys are very enthusiastic, and this winter is planned to be a banner one in scouting in East St. John.

UNION COMMITTEES IN JOINT SESSION

The committee of 84 appointed by the Maritime Synod of the Presbyterian Church, at their last session yesterday, met with a committee of 84 from the Methodist Church this afternoon at two o'clock in St. Andrew's Presbyterian church. The primary object of the committee meeting is for the promotion of church union in the Maritime Provinces.

One of the matters to be given consideration at the meeting was the drawing up of plans for a series of conferences to be held at various places in the provinces, at which speakers will deliver public addresses. As no definite programme had been outlined for this afternoon's meeting, it would have to make its own business, so one of the local ministers said to The Times this morning.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hennesberry, "how many new settlers could you find homes for in The Settlement?"

"Lots of 'em," said Hiram. "We got plenty o' vacant land out there—an' quite a lot o' folks that 'ud sell out quick if they could get their price—an' move into town or away to States."

"But that raises a question," said the reporter. "If our own people are not altogether satisfied—how long would it be before the new settlers would want to take the road again?"

"That's just what these here immigrants an' colonizers wants to be ast," said Hiram. "The fust thing is to get a better market for the farmers that's quittin' the job. We want to see what the farmers workin' for quality in what they do turn out—us always find a buyer somewhere. We want a lot o' things wuzn't we want people that don't know nothin' about the country an' mistus we know what we're goin' to do to keep 'em here—yes, ma."
