ST. JOHN, N. B., MONDAY, JANUARY 16, 1922

TWELVE PAGES—ONE CENT

GRAVE CHARGES MADE BY SOLDIERS

Neglect of 3,500 Mentally Disabled War Veterans.

Indifference and Profiteering Also Alleged Under "Contract" System in Ohio—Put Before President Harding in Memorial.

(Canadian Press) Washington, Jan. 16.—Asserting that the more than 3,500 mentally disabled former service men now housed in state institutions were victims of "gross neglect, indifference and profiteering" as constituted a "black report" from the honor of the nation, disabled American veterans of the world war today presented a memorial to President Harding...

Charges against the contract system of maintaining these institutions were contained in the memorandum, including the following: That most of "contract" asylums are nothing more than lock-ups. That an average profit of \$800 for each patient out of the \$647.50 annual maintenance fee paid by the government was shown in figures for nine of these institutions in Ohio.

POINCARÉ IS NOW IN POWER

Dechenel Gives Notice of Question on Foreign Policy of New Premier.

(Canadian Press Cable) Paris, Jan. 16.—The new cabinet under Raymond Poincaré went into power today, with the publication in the official journal of nineteen presidential decrees, one for each minister and under secretary of state. Albert Sarraut will be decreed Minister of Colonies, the post which he held in the Briand cabinet, when his acceptance is received from Washington.

Dechenel suggests that an exchange of views is indispensable in the present circumstances. Dechenel's speech on his resignation from the presidency in September, 1920. Announcing the recovery of his health, he was elected to the senate a year ago, and his activities in the body have been confined to occasional brief remarks on his seat.

ARE ENJOYING SPRING WEATHER IN NEWFOUNDLAND

St. John's, Nfld., Jan. 16.—A succession of spring like weather has prevailed in Newfoundland in recent weeks. While reports of rains and snowstorms reach the colony from the New England States and maritime provinces since the middle of December, the sight of a slight on local roads has been as rare almost as a glimpse of the dodo. The Newfoundland winter coat has been a water-proof one and he is driving in his motor car as comfortably as in the spring season.

GREAT DROP IN SHIPBUILDING IN UNITED STATES

New York, Jan. 16.—Shipbuilding in the United States dropped 87 per cent during 1921, from 445 vessels of 1,742,599 tons on January 1, 1921, to 116 ships of 291,738 tons on the first of this month, according to figures for the twelve months made public by the American Bureau of Shipping. This shows the extent of the depression now prevalent in American shipyards, which many shipbuilders say is the worst in history.

SCHOOL RE-OPENED

All work on St. Joseph's school has been completed and the school opened this morning for the first time since the fire of early November. This is away with the one session accommodations made necessary at St. Vincent's school by the lack of room for both boys and girls.

Dublin Castle In Irish Hands

Governmental Powers Turned Over Today by Viscount Fitzalan, Lord-Lieutenant—Telegrams From Father Dominic—Arrests in Tyrone.

Dublin, Jan. 16.—The governmental powers for Ireland, as vested in the British authorities at Dublin Castle, were turned over today to the provisional government of Ireland, constituted last Saturday under the Anglo-Irish treaty. The transfer was made by Viscount Fitzalan, the lord-lieutenant, in the privy council chamber.

It is reported in Dublin that the boycott on British goods will be revoked very soon. Several of the London morning newspapers allude appreciatively to the brief but definite victory for its heretofore which they regard as dignified and business-like. They also commend Arthur Griffith's handling of the railway situation.

Ten Arrested. Belfast, Jan. 16.—Members of the Royal Irish Constabulary in County Tyrone yesterday arrested ten occupants of automobiles bound from Monaghan to Londonderry, who said they were Gaelic football players, but who wore Irish Republican uniforms. Several of the men are declared to have carried loaded revolvers, and arms are alleged to have been found in the cars. One of the men arrested is believed to be an Irish Republican army officer.

From Father Dominic. Belfast, Jan. 16.—Father Dominic, who was released from prison on the 14th of the month, has sent the following telegram to the Lord Mayor of Cork: "Through the victory for which Lord Mayor Mac Curtain and his comrades died has not yet been attained, still I congratulate my native city for its heroic struggle. God prosper our resurgent city."

A message also was sent to Arthur Griffith by Father Dominic asking immediate intervention for the release of Irish men and women arrested in Great Britain, including Corporal McGowan and companions of the Communist League, placed in jail in England for alleged mutiny in India.

London, Jan. 16.—Owing to the increase in direct trade between the United States and Ireland during the past year, it is to be requested to arrange for an accelerated mail service between the two countries.

LAST WEEK ON THE WATER MATTERS

The Shantung Issue Also Well Advanced at Washington.

(Canadian Press) Washington, Jan. 16.—The arm conference continued last week today which was expected to see the naval programme wiped off the slate and the Shantung issue, if not finally settled, at least so far advanced toward that point as to permit the delegates to direct their attention undisturbedly to settlement of the remaining issues in the Far East.

The Chinese and Japanese delegates continued today their efforts to dispose of further collateral questions in the Shantung negotiations, which awaiting final instructions from Peking and Tokio bearing on the compromise proposal for settlement of the central issue, conditionally for restoration of China of the Tsingtao-Tsitsanfu Railroad.

Completing of the naval limitation treaty, meantime, still awaited formal approval by Tokio of the article dealing with Pacific ratification, which was expected in time to permit approval of the treaty by the full naval committee and its announcement at a plenary of the conference before the end of the week.

The Bonin Islands. The Bonin Islands, belonging as they do to the Tokio Prefecture, properly constitute a part of the mainland and must be so regarded and therefore excluded from the zone of fortification limitation, it is alleged to be the decision of the Japanese cabinet.

The Niichi Niichi yesterday quoted a foreign office authority that the question was not of the most importance to Japan, since there was no intention to increase fortifications. "The foreign office," says the newspaper, "denies the report that the government has instructed its delegates at Washington to make further concessions or proposals regarding Shantung and says its attitude in this regard is entirely unchanged."

U. S. AND WELLAND CANAL

Windsor, Ont., Jan. 16.—Participation by the U. S. government in the cost of improving the Welland Canal, as necessary to round out the St. Lawrence deep waterways route, would not be counteracted by Canadian public opinion, so O. P. Fleming, president of the Canadian Deep Waterways and Power Association, said yesterday.

A plan providing that the U. S. government should split the cost of improvements to the canal on a fifty-fifty basis was outlined at Washington by W. W. Chalmers, representative from Ohio.

COMMON COUNCIL

The regular weekly meeting of the city council will be held tomorrow morning at eleven o'clock instead of at three o'clock, owing to the meeting of the municipal council scheduled for tomorrow afternoon.

As Hiram Sees It

"Speakin' about skatin'," said Mr. Hiram Hiramson to the Times reporter, "I mind the time when you could come along Long Beach (Widley's Glen or Gunlo) and see fellers with short refecters."

woolen scarfs round their necks, 'steadin' along to be a winter train. They had Long reachers on 'em, they crossed their hands behind their backs an' bent over to dodge the wind—'an' you gets 'em 'em go. They'd go as far in one stroke as the skaters nowadays 'ud go in two or three. Yes, sir—it was up round there they risk the world-beaters forty or fifty years ago.

An' over on Long Beach (Widley's Glen or Gunlo) that an' see fellers with short refecters. A feller that had a pair o' Widley's skates an' a sheet o' clear ice wouldn't call the king his uncle—no, sir. You can't see much of it now, I guess we ain't got as many young fellers in the country these days. They clear off to town an' leave us old folks to run the farm. It ain't right. No, sir—it ain't right."

ELECTION MAY BE OFF UNTIL MAY

May be Statement by Lloyd George Saturday.

A Week of Great Political Activity in England With Important Meetings for the Liberals and the Unionists.

(Canadian Press Cable) London, Jan. 16.—The British political situation, especially the question as to whom the government is going to call in a general election, has again been brought into prominence through the return of Premier Lloyd George from France and the removal of the political situation.

There is a fairly general opinion among the political writers in this morning's newspapers that the election which recently was forewarned for February, would not occur then, and probably would not be held before May at the earliest. It is said that Lloyd George discussed the matter informally with some of his colleagues last evening, when he became convinced that an early election was undesirable.

Among the reasons which are supposed to have brought about this decision are the strong opposition of the Unionists to such a step and the government's programme of the coming year, the Cannes conference, from which Lloyd George brings nothing to offer the election, and the possibility of an early convening of parliament for the special purpose of passing legislation necessary for complete fulfilment of the government's programme in Ireland. In this case the Times suggests that that election immediately would follow.

Other reports ignore this, assuming that parliament will not assemble until the time already arranged, January 30, when it will take up the Irish question, which it is contended must be cut off the way before an election could satisfactorily be held.

The current week will be one of the great political weeks of the year, when the Liberal and the Unionist and the Labour and the Liberal will have important meetings. Lloyd George is to convene his cabinet on Saturday, Saturday morning, and the cabinet will previously transpire, regarding the date of the election, if he will make a definite announcement in this connection.

TROOPS OUT TO PROTECT COURT

Danger of Serious Clash of Feudists at Trial in Kentucky.

Manchester, Ky., Jan. 16.—Armed with rifles and two machine guns, fifty state guards went on duty at the County Court House where circuit court will convene for the first time in several years. An alleged feudist, charged with the murder of Wood Burge, there were reports that the Martins and Philpotts, relatives of the defendant, were planning to march there, 100 strong, to prevent the conviction of Steve Martin, "even if they have to blow up the court house." It is said members of the Burge clan also are planning to attend the trial in large numbers.

FOUR TEAR THE BARS AWAY AND MAKE ESCAPE

Detroit, Jan. 16.—Four inmates of the Detroit House of Correction escaped this morning by tearing the iron bars from a corridor window and dodging a fusillade of bullets fired by guards. The escape occurred while some 300 prisoners were being taken to breakfast. The fugitives are Frank Wysocki, serving fifteen years for burglary; David Hart and Julius Jansen, each serving five years for theft of an automobile, and Dan Warnock, three years for felonious assault.

Chicago, Jan. 16.—Opening: Wheat, May, 111 1/8; July, 99 7/8. Corn, May, 92 1/2; July, 54 1/4. Oats, May, 36 1/4; July, 38 7/8.

BAD CHECKS

Reports have been received by the detective department of a man having used at least three worthless checks on Saturday, and Sergeant Detective Over says he wishes to issue a warrant to all business men of the city to accept no checks from strangers to whom matter how valid they may appear.

VIEWTRAW HERE; FANS GREET HIM

More Arrivals for the Championships.

Prominent Official Comes—The Badges—Matter of Transportation to the Lake—Ice Reported Fine Today.

Charles Jewtraw, of Lake Placid, National champion, and one of the greatest skaters in America arrived in the city this afternoon on the Montreal train. He was accompanied by Henry Tibbelen, president of the Lake Placid Skating Association. E. Stevenson and another skater of Toronto, also arrived to participate in the championships.

The arrival of Jewtraw was hailed with delight not only by the committee of the Y. M. C. I., under whose auspices the Championships are to be conducted, but also by citizens in general who were deeply disappointed Saturday when a wire was received saying that he could not compete. His arrival coupled with that of Joe Moore, international champion, and the host of other star skaters, makes this meet one of the biggest ever staged in Canada. The skaters were met at the station by D. J. Carr, Ernest Stirling and other members of the Y. M. C. I. in addition to nearly a hundred fans, who were all eager to catch a glimpse of the new arrivals, but especially of Jewtraw, whose fame as a great speed skater is nation wide. He is built along the lines of a champion, slightly taller but rugged and apparently he is in the pink of condition.

Some of the members at the train expressed the opinion that it is certainly a great boost for sport and skating in this city to have the most outstanding skaters of the world here, and through whose co-operation it was made possible to have Jewtraw come to attend the meet.

It was announced this morning that W. F. Roughness of the Montreal Amateur Athletic Association, will officiate as starter in the championships. Mr. Roughness will be in the capacity of the Canadian championships held in Montreal last year. R. F. Melville, general manager of the Montreal Amateur Athletic Association, will be in charge of the skaters here. He will be accompanied by the champion skater, international champion, J. T. Fitzgerald, president of the International Skating Union, who is expected to accompany the two boys here. Other skaters from Boston and Toronto are due to reach the city tomorrow. David Patrick of Winnipeg reached the city on the Montreal train early this morning.

The ice on the track at Lily Lake was said to be as smooth as a bottle this morning, and the local skaters had a long workout this afternoon. L. R. Ross of the New Brunswick Power Company said this morning that provision ought to be made to provide transportation from the end of the track to Lily Lake on the days of the skating races. Mayor Schofield, when asked about the matter, said that skaters could operate a service between the places mentioned if they cared to do so.

The Badges. The skating championships here this week have developed from a dead-end self-sustaining venture on the small East end rink to a tremendously interesting international tournament involving large financial risks, on the broad area of Lily Lake. The element of profits has been eliminated, and the skaters are now up to the people of St. John to make the championships self-sustaining. The tickets (string tags for buttons) being sold all over town are the regular rate to represent skaters. The women and child wearing one will be playing fair with the promoters of the meet, photographs of the skaters will be far that ever graded a Canadian rink. To enjoy the costly sports and contribute to the expenses of the meet, "pretty small potatoes," as the saying goes. To buy tickets uptown now will save a lot of money changing and commences on the days of the events. St. John is really now on its mettle as a fashion this morning by wearing his badge in full view on his coat.

An Attractive Window. One of the central windows of Manchester Robertson Allison Ltd., contains a very attractive display of cups, medals and prizes won by St. John skaters, photographs of St. John skaters who have made names for themselves, some of the various types of skates used in the past and present, and a miniature representation of a lake surrounded by snow on which there are ten small figures to represent skaters. The figures on the miniature lake, which is cleverly made on a mirror, are those of Charles Gorman, Roy McWhorter, George Pickering, William Steinmetz, Bobby Hearn, Fred Baugden, Frank Garnett, Leslie Boyd and E. Stephenson. One end of the window is taken up with a showing of cups and medals to be given at the championships to be held on Wednesday and Thursday.

WESTERN FIRES. Yorkton, Sask., Jan. 16.—One hundred thousand dollars is a conservative estimate of the damage from the most disastrous fire in the history of this place, which completely gutted a block in the business district.

Regina, Sask., Jan. 16.—Fire from an unknown cause damaged the stage of the Regina theatre here today to the extent of \$14,000. An asbestos curtain prevented the spread of the flames to the body of the house.

WEDDING GOWN OF PRINCESS IS TO BE BEAUTY

Cloth of Silver With Train of Ivory Silk, Shot With Silver—Plans for Wedding Gifts.

(Canadian Press Cable) London, Jan. 16.—Princess Mary's wedding gown is to be of cloth of silver, of magnificent design. The material was brought by the queen from India some years ago, and is described as a triumph of native manufacture. The dress will have a train of ivory silk, shot with silver, which is being woven by hand workers at Braines, Essex, an old English silk manufacturing centre, where the art of silk weaving has been passed down from generation to generation. So great is the care taken in the manufacture of this material that only a few inches are finished each day. The train is expected to be ready soon and it will then be placed in the hands of the embroiderers.

Many schemes for presenting wedding gifts to the king's daughter are afoot. The Lord Mayor of London is opening a popular fund for the purpose, with contributions limited to one pound sterling. Rumor has it that Viscount Lascelles and his royal bride may spend part of their honeymoon at the beautiful Villa Medici at Florence, Italy. The villa belongs to a cousin of the bridegroom, Lady Sibyl Scott.

OTTAWA SOCIETY FUNCTION FOR THE NEEDY A SUCCESS

Ottawa, Jan. 16.—(Canadian Press)—The "fair of all good neighbors," held at Government House on Saturday evening in the presence and under the patronage of Lord and Lady Byng, has taken its place in the history of the capital as one of the most outstanding successful and picturesque events of its kind ever seen. The purpose of the "fair" to secure the capital's needy was well fulfilled. More than 85,000 having been secured.

LAST OF THE OLD HAWAIIAN KINGS IS LAID TO REST

Honolulu, Jan. 16.—A five mill procession, weaving its colorful way through palm fringed roads today concluded the last rites in the funeral of Johah K. Kalanialoehi, the last Hawaiian monarch, whose death on January 7, ended the old Hawaiian line of monarchs of these islands, known to natives as "Kulio," was the last titular descendant.

The procession was led by a marcher carrying a christian cross, while by his side marched one who carried a tabatik, emblem of the ancient regime.

CANNERS SAY THEY'VE WON IN PTOMAIN FIGHT

Louisville, Ky., Jan. 16.—Science has laid low the ghost of ptomaine poisoning, according to members of the National Canners Assn., who are here for the fifth annual convention of the association.

Speakers at a dinner declared that the canners are spending \$250,000 annually in backing up by one of the amount of two in the air and slight injuries to himself, has arrived here from Botwood in a plane with which he plans to make a second attempt to fly to the Nova Scotia capital. He was accompanied by Captain V. Bennett. The 180 mile flight was made in less than two hours without hitch. The airman will fly back to Botwood to resume preparations for their longer flights, the St. John's flight being for the purpose of a trial.

RESUME PLAN FOR FLIGHT TO HALIFAX

St. John's, Nfld., Jan. 16.—Major Coker, who since last fall has been working on an airplane to fly from Botwood, Nfld., to Halifax, N. S., with mails, and who, to Halifax, on December 10, reported a forced landing after two hours in the air and slight injuries to himself, has arrived here from Botwood in a plane with which he plans to make a second attempt to fly to the Nova Scotia capital. He was accompanied by Captain V. Bennett. The 180 mile flight was made in less than two hours without hitch. The airman will fly back to Botwood to resume preparations for their longer flights, the St. John's flight being for the purpose of a trial.

GARMENT WORKERS' STRIKE NEAR END

New York, Jan. 16.—The garment workers strike, which has disrupted the industry in New York since November 14, is expected to be called off. Members of the strike committee of the international ladies' garment workers union will meet tonight to consider the situation.

Resumption of work under old conditions, as suggested by Secretaries Hoover and Davis temporarily continues the forty-four hour week, which the union desires to send them up for trial. One of the boys, he said, had been in the Industrial Home, another in Dorchester penitentiary, and all but one of them had been before him on various charges, ranging from truancy to breaking and entering. He refused to allow the motion of K. J. MacRae, who appeared for two of the boys, when he asked for bail.

EX-PRINCE OPERATED ON

Berne, Switzerland, Jan. 16.—Former Prince Robert, son of former Emperor Charles and former Empress Zita, of Austria-Hungary was operated upon for appendicitis on Saturday in Zurich. The operation was apparently successful.

PROBE STATUS OF 100 ATHLETES

Maritime Province Investigation Reported Extending.

Frank Frisch and Home Run Baker to Wed, Latter to Quit Baseball—Late News in World of Sport.

(Canadian Press Cable) Halifax, N. S., Jan. 16.—The Herald on its sporting page this morning states that it is "informed by reliable parties that one hundred maritime athletes are slated for investigation."

The paper states that the "fireworks" are expected to get underway during the present week. New York, Jan. 16.—Frank Frisch, of the Giants, star base runner of the National League, is sliding toward a real home plate. His engagement to Miss Ada Lucy, playmate since childhood, was announced today. The wedding will take place next week.

Baltimore, Jan. 16.—J. Franklin "Home run" Baker, Yankee third baseman, proposes to quit baseball professionally after his marriage to Miss Margaret Mitchell, of Baltimore tomorrow. As a promise to his bride, the famous third sacker lay away his spiked shoes, but he is not through with the diamond. He intends entering the jewelry business.

Paris, Jan. 16.—"Now for the Olympic games of 1924," said Gaston Vidal upon assuming office today as the new Poincaré cabinet as under secretary of state for technical education as his post is now known. Under the Briand regime he was known throughout France as "minister of sports."

A bill granting the city permission to lease to the Olympic committee a plot of ground in the Parc des Princes, will be pushed through parliament early after its reconvening, he said. The committee will then have no excuse if it does not begin work on the stadium immediately. Amherst, N. S. Jan. 16.—E. C. Twaddle of the Amherst Independent hockey team was injured on Saturday night while fighting a fire at the Diamond Garage. He was thrown with force to the icy ground when a thirty-foot ladder on which he was working slipped. His injuries are not so serious as at first feared, and it is expected that he will be around again within a week. His team-mate, Lester Louwer, suffered a severe gash in his wrist.

MURDER IN A TORONTO STREET

Toronto, Jan. 16.—Isaac Madchet, aged 41 years, died in the Western Hospital last night from injuries received when he was beaten over the head with a hammer by an unknown man on the night of January 10, while walking along Baldwin street. He died without making a statement.

SAYS AUSTRALIA VERY STRONG IN MONEY MATTERS

Sydney, Australia, Jan. 16.—With only approximately \$250,000,000 in notes backed up by one of the amount of two in the world, Australia today occupies one of the strongest financial positions in the world, according to Sir Henry Y. Braddon, former commissioner for Australia to the United States.

Addressing a group of students, Sir Henry said that the world at present is interdependent, and that if one nation is not prosperous, the world suffers thereby. He added that it was therefore to Australia's interest for Germany and Russia to recover.

EX-SERVICE MEN SAY MONTREAL TAG DAY POOR

Montreal, Jan. 16.—Unemployed ex-service men who on Saturday participated in the second of a series of weekly tag days in the interests of their association, reported that the public did not respond generously and the taggers met with many refusals. Although the contents of their boxes have not yet been counted, it is most certain that the amount obtained will be much less than secured on their last tag day, several weeks ago. "The public," said one old veteran, "don't seem to be in sympathy with us."

ULTIMATUM TO GOVERNMENT IN CHINESE CAPITAL

Peking, Jan. 16.—Governor Wu Pei-fu, inspector general of Hunan and Hupien, who is moving troops north from Hupien, has sent an ultimatum to the Peking government, giving the Liang cabinet three days in which to resign. Wu Pei-fu threatens to publish further charges against the cabinet if it does not comply with his demands within five days and declares he will fight if the cabinet declines to retire in seven days. The cabinet has replied that it refuses to resign under any circumstances within three, five or seven days.

THE DOLLAR TODAY

New York, Jan. 16.—Sterling exchange firm, Demand, Great Britain 122 3/4. Canadian dollars 51.4 per cent. account.

CITY HEARS OF NEW INDUSTRY

Manufacture of Cast Iron Pipe in St. John.

T. McAvity & Sons' Statement—Grant for V. O. Nurses—Matter of Damage to Property—Condition of Wharf.

Tenders for cast iron pipe for the water and sewerage department were opened this morning at a committee meeting of the city council. The matter of making water and sewerage extensions in Purdie avenue and in West Street extension, West Side, were considered and authority was given Commissioner Bullock to call for tenders for lumber that will be needed for wharf repairs in the summer. Several other matters also were discussed. Mayor Schofield presided and all commissioners were present.

Tenders for 2,500 feet of eight inch, 1,500 feet of ten inch and 1,000 feet of twelve inch class C cast iron pipe were opened and were as follows: S. Norman Sanction, eight inch, \$65.75 per ton; ten inch, \$85.00; twelve inch, \$54.65. Canada Iron Foundries, Ltd., through Yoom and Arnold, \$22 per ton all sizes, exclusive of freight; F. Gerson, second hand pipe, \$28; T. McAvity and Sons, Ltd., \$33.00; Francis, Hankin and Co., bell spigot, \$31.25, special spigot, \$120.04; Canadian Fairbanks, Morse, Co., Ltd., special pipe, \$129, \$122 and \$220.98 per ton. The tenders were received by Mr. Jones and the city engineer to report.

Major R. A. McAvity appeared on behalf of T. McAvity & Sons, Ltd., and said that if his firm received the preference on cast iron pipe on a competitive basis they would set up a plant at a cost of \$30,000 to manufacture cast iron pipe in St. John. They also intended to install electric furnaces and were prepared to go ahead and make two sizes of pipe at first. If the undertaking proved satisfactory they would eventually employ 150 to 200 men. If they received the present contract they would employ a manufacturer eight inch pipe right away. Prices and quality being equal, all they wished was a preference. The home manufacturers would certainly get the preference. He would pass of water and sewerage and have him consider it.

Hon. J. G. Forbes appeared and requested a sum of \$3,000 for the Victorian Order of Nurses. He made a strong plea and was promised a motion when the estimates for the year were considered.

A letter was received from G. H. V. Beltra, K. C., regarding damage done to the residence of Charles A. Donald last summer when work was progressing in the Newman Brook area. Mr. Jones said that Moses, the contractor, had agreed to take all liability in the event of damage and the city was not liable. He had asked for an opinion from the city solicitor. The matter was stood over until the estimates for the year were considered.

A letter was received from Frank H. Garden in regard to damage done to the house occupied by him and his wife, West Side, and owned by W. E. Emerson. Blasts set off by public works employees last Friday had done damage to the house to the extent of \$119. Mrs. Garden had received a severe shock and was in a serious condition. Mr. Garden also complained of language used by city employees to him and his wife. He had reported this against this work being continued, as he foresaw that damage would result. A petition had been received from the residents of the West Side to carry on the work owing to the unemployment situation, and so the work was going on. He had asked for an opinion from the city solicitor. The matter was stood over until the estimates for the year were considered.

On the request of Mr. Thornton, he was given authority to arrange with the chief of police for police protection on the days of the races at Lily Lake.

Mr. Bullock asked if the promoters of the race had asked for an estimate from the city. The mayor replied that they had.

Notices of Births, Marriages and Deaths, 50 cents.

BIRTHS
THOMPSON—On Jan. 14, 1922, to Mr. and Mrs. F. Y. Thompson, 27 Charles street, a son.

HOSPITAL—At the General Public Hospital, St. John, on Sunday, Jan. 15, William H. Thompson, aged 72 years.

FUNERAL from the residence of his son-in-law, George M. Campbell, 195 Waterloo street, on Tuesday afternoon, 3:15 o'clock to Cedar Hill cemetery. Friends invited to attend.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

"THE SHEPHERD OF THE HILLS"

Comes to the Opera House for Four Days, Starting Wed., January 18.

The introduction of the most popular American novel into the world of motion pictures is causing a sensation, in a field where the ability to produce the best has long ago been raised to the teeth of power. The filmization has been directed by Harold Bell Wright, its author, personally.

OPERA HOUSE

Pauline Frederick Today in "Sting of the Lash" With Great Punch.

At her best in strong characterizations and vivid contrasts in which she can cut loose and act, Pauline Frederick has just such a role in "The Sting of the Lash" today and Tuesday. Based upon an intensely human theme, the underlying story is the attraction of the husband who drags her down into a veritable living hell, "The Sting of the Lash" is a dramatic and gripping story of a woman who is quite the most powerful woman on the silver sheet in many a month.

MOVIE MAN ARRIVES

A. E. Dufresne, Moving Picture Expert of the Pathe Forces, Montreal, Arrived in Town at Noon.

He is the operator for Imperial Theatre's complete pictorial of the big meet.

Rev. Miles P. Howard arrived today from Kingscliff, York county.

Dr. W. P. Broderick returned today from Ottawa where he was attending a convention of the Knights of Columbus.

Mrs. J. S. Flaggler left on Saturday for Newtonville (Mass.), where she will spend the winter.

R. E. Hills, Rev. from Newtonville, Mass., Flaggler goes on to Washington, where she will visit for five or six weeks.

Whitford, of Wolfville, who was a recent visitor in St. John is staying in Portland at present and will join Mr. Flaggler when she goes to Washington.

Mrs. Daniel Mullin left last night for New York with her three daughters.

The eldest daughter, Miss Beryl Mullin, will resume her studies at Manhattanville Sacred Heart Convent, New York, while the Misses Catherine and Constance Mullin are to attend Edith Hall, Sacred Heart Convent, Philadelphia.

had not. They felt sure of clearing expenses.

Mr. Bullock reported on the serious condition of No. 1 wharf, West Side. This was the old Connolly wharf, built twenty-eight years ago. Mr. Bullock said that the last storm had damaged the wharf and that the face of the wharf had broken away in its entirety from the main structure. The wharf had been getting weaker for some time and the face had been bulging out. Penders had been put in about a year ago to overcome this. The face of the wharf was at present fastened with cables until repairs could be made. There was a crack four to six inches in width and fifty feet in depth the entire width of the wharf. Repairs would cost about \$30,000. Meanwhile, revenue from the wharf would be lost. The cause of the damage was that the salt water had rusted away the bolts. Cross rods would have to be put in and some day a new crib would have to be built, taking away the angle of the wharf.

Mr. Bullock was given authority to purchase from D. C. Clark 75,000 feet of hemlock timber at \$20 a thousand.

Mr. Thornton, Mr. Bullock said that he could not call for tenders as there was no hemlock in the market and none was being cut.

Mr. Bullock also was authorized to call for tenders for 288,000 feet of hemlock, twelve by twelve inches; 25,000 lineal feet of round spruce timber and 27,000 feet of piling. This is for new summer's work.

New Houses.

Mr. Jones said that W. I. Panton had applied for water service in Winslow street extension, West Side, as he intended to build five houses there. Mr. Panton was willing to give the ten per cent. advance of the cost. A six inch water main would have to be extended 200 feet through solid rock. The estimated cost was \$1,600. It was moved and carried over.

Mr. Jones was authorized to extend the six inch water main work to be done by day's labor and paid for by bond in St. Peter's church for requiem high mass.

Right Rev. J. J. Walsh applied for water and sewerage for a new school to be built in Purdie avenue. The school board had approved the site. Water and sewerage would have to be extended from Cannon and Wall streets, a distance of 240 feet. The estimated cost was \$3,100. The matter was stood over until the council meeting tomorrow.

OPPOSING VIEWS OF THE PROJECT

Toronto Globe Favors St. Lawrence Plan, Montreal Gazette Opposes.

1,750,000 Horsepower—One Paper Sees Great Benefit and the Other Possible Danger to Canada—Joint Commission Approves.

(Toronto Globe.) The St. Lawrence development project has been approved by the International Joint Commission, which recommends that it be undertaken jointly by the United States and Canada without delay.

The completion of this work will be of enormous benefit to Canada. The plan provides for a development of 1,750,000 horsepower, of which half, or more than half, is now developed at Niagara, and will go to this country. But more than this, it will take the place of a large part of the coal which we are obliged to import annually from the United States at an increasing cost and difficulty. It will greatly stimulate manufacturing enterprises, and aid in the development of hydro-electricity and the electrification of railways which now generate steam from imported coal at a ruinous cost.

IMPORTATION OF LIQUOR HERE NEAR AT END

C. B. Lockhart, collector of customs has received from the department at Ottawa notice as follows relative to the prohibition of liquor importation in New Brunswick, in effect next Wednesday.

"Under the provisions of Part IV of the Canada Temperance Act, a vote of the electors of the Province of New Brunswick was taken for and against the prohibition specified, the result being in favor of the said prohibition; and His Excellency the governor-general-in-council has, by order-in-council No. 4384, dated 15th day of December, 1921, been pleased to direct that the prohibition which, under the provisions of Part IV of the Canada Temperance Act is by order-in-council to be declared in force, shall, in respect of the Province of New Brunswick, go into force on the thirty-first day next following the date of the said order.

The prohibition thereby declared in force is defined by Section 154 added to QUACKER TIME BY HALIFAX.

HALIFAX, N. S., Jan. 16.—Fifty two and a half hours from City Island, New York, to her dock at Halifax, a dispatching of about 450 miles, was the time taken by the two stick Newfoundland-laid vessel H. H. MacIntosh, which with 185 tons of hard coal, the time is considered good freight steamer time. Captain Bennett said he had a good run with the wind with the exception of an eight hour calm on Saturday. The MacIntosh was built at Mahone Bay, N. S.

Brokers in Trouble.

New York, Jan. 16.—An involuntary petition in bankruptcy was filed in federal court today against E. D. Dier & Company, stock brokers. The company had a membership in New York Produce Exchange and the Chicago Board of Trade.

The Canada Temperance Act by Chapter 8 of 1919 (Second Session), which will be printed with Memo. 2442-B.

ST. JOHN'S GREATEST
MERCANTILE EVENT
COMING SOON

Many inquiries are daily being received as to when the big annual January sale will open. Year by year the public interest in this annual mercantile event grows immensely. Friends and customers of the firm have learned to expect big things in the way of low prices and big values at this great sale. Preparations are going on daily at the Oak Hall store, and when the opening date is announced (which will be shortly) the values shown and the low prices quoted will surpass all expectations. The many friends of the firm can rest assured that the great event will be bigger and better this year than ever, and further announcements will be forthcoming shortly through the papers—Scovil Brothers Limited. 1-16

IN CITY CHURCHES

Yesterday was mission day in the Carleton Methodist church and in the morning, Rev. J. Heaney preached on "The proper emphasis on Missionary work." In the evening, Rev. Dr. George Stead gave an address and a report of the work of the missionary society. Mr. Heaney had accepted a call from the Methodist church in St. Stephen subject to the approval of the stationing committee. Special evangelistic services were commenced yesterday in the Ludlow street Baptist church. Rev. Isaac Brindley gave his morning sermon on "Bliss is the Merciful." The subject of the evening service was "God's message to the Church." A song service followed in the evening with Miss Sharpe at the piano. Solos were sung by Messrs. Vincent, F. Belyas, Wallace, Butler and Warnock.

THE secret of getting well is finding the right medicine. The fact that Dr. Caldwell's Laxative Syrup Pepsin has the largest sale in the world would seem to prove that several million people find THEIR right medicine. Miss Evelyn A. Craig of Sherbrooke, Que., once a semi-invalid, says Dr. Caldwell's Laxative Syrup turned her sickness into health.

A WINTER HOLIDAY. A winter holiday in summer sunshine is provided by the Canadian Pacific Railway in its sailings of the S. Sicilian to Havana and return. This makes an ideal short holiday trip for those twenty days being required for the trip, the itinerary allowing five full days in Havana, with its glorious winter climate and historic associations; its palaces, parks and gardens, and all that helps to add joy to life and rob it of care. The steamer calls at Boston on second day out, and on the return touches and leaves Boston on the nineteenth day. The fares St. John to Havana and return 180. Accommodation is provided on board during the stay in Havana. No passports are necessary. Anyone contemplating this very delightful tropical cruise should communicate with N. R. DeBriary, district passenger agent, Canadian Pacific Railway, St. John, N. B., who will advise dates of sailings and any additional information that may be desired.

FREE PUZZLE \$60000

Who has been given away FREE also hundreds of Merchandise Prizes \$2000 more IN CASH will be given away as follows:
1st Prize, \$50.00 in Cash
2nd Prize, \$40.00 in Cash
3rd Prize, \$35.00 in Cash
4th Prize, \$25.00 in Cash
5th to 9th Prizes—Each \$10.00
TOGETHER WITH MANY MERCHANDISE PRIZES

BE WISE DO IT NOW!

Solve this puzzle and win a CASH PRIZE. There are 8 pieces to be found above, above it in the limbs of the tree and the body of the owl. Can you find them? If so mark each one with an X, cut out the picture, and write on a separate piece of paper these words, "I have found all the pieces and marked them" and mail same to us with your name and address. One of five hundred writing and answers will be considered correct. If correct we will give you by return mail of a simple expedition to fulfill. Don't miss your money. You can be a prize winner without spending one cent of your money. Send your reply direct to:

Piles

are usually due to straining when constipated. Nujol being a lubricant keeps the food waste soft and therefore prevents straining. Doctors prescribe Nujol because it not only softens the suffering of piles but relieves the irritation, brings comfort and helps to remove them. Nujol is a lubricant—not a medicine or laxative—so cannot grip. Try it today.

Nujol For Constipation

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, JANUARY 16, 1922

The Evening Times and Star

ST. JOHN, N. B., JANUARY 16, 1922.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every morning (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act. Telephone—Private exchange connecting all departments. Main 2417. Subscriptions—Delivered by carrier, \$4.00 per year; by mail, \$3.00 per year in Canada. By mail to United States \$5.00 per year. The Times has the largest circulation in the Maritime Provinces. Special Advertising Representatives—NEW YORK, Frank R. Northrup, 350 Madison Ave.—CHICAGO, E. J. Fower, Manager, Associated Bldg. The Audit Bureau of Circulation audits the circulation of The Evening Times.

PUBLIC HEALTH MEASURES

If there is any one expenditure more than another, federal, provincial or municipal, which deserves to be considered without political bias, and regarded as essential to the public welfare, it is the expenditure to promote and conserve public health.

Hon. Dr. Roberts, in an article in Saturday's Telegraph, dealt exhaustively with this subject some of the statements made are so serious that legislators and the people at large should alike be startled into action. Consider the following:

"The result thus far of medical school inspection in the province has found over sixty per cent of the pupils to be abnormal, requiring attention on the part of either the surgeon or the medical man."

Compared with results of investigation in some other parts of Canada and the United States this is a moderate estimate—but it is not very depressing, and does it not point to the necessity of covering the whole field and providing the remedy? True, it costs money, but healthy and efficient citizens are more than worth the price. Not only does medical school inspection reveal defects in the individual pupil, but it helps to prevent the spread of contagious diseases in the schools, which saves money and doubtless lives as well. For the benefit of those defective pupils whose parents are unable to pay for treatment, the Red Cross, at the request of the provincial health department, has granted \$10,000 for free clinics throughout the province. This is a boon of inestimable value, and more especially in districts where medical and nursing care are not easily obtained. With the help also of the Red Cross and Victorian Order, the training of public health nurses has been and will be continued, and some of these nurses are already in the field. The value of the work in a remote district or settlement is such that eventually every district will regard it as a portion of the province of Manitoba where the province of Manitoba where the people would not be without it at any cost. That will be the condition in New Brunswick, but the people as yet do not appreciate what a boon is within their reach.

Dr. Roberts also deals with a very important matter upon which he dwells with earnestness and force before he became minister of health. It is that of saving the babies, and being as much earnest about it as we are to bring immigrants into the country. The infant mortality rate is far too high, and far too large a proportion of those who survive suffer from physical defects. There is need of pre-natal care, and instruction upon the proper care of infants, and this end clinics should be made available. Just before the health department under Dr. Roberts was organized, the province had to issue bonds to the extent of more than \$125,000 to pay smallpox bills, and similar bonds had been issued in former years. Today there is no fear of smallpox, for though cases are liable to break out here and there, the organization is here to act promptly and effectively and prevent the spread of the disease. Not only so, but seventeen depots have been established in different parts of the province, where serum and vaccines may be quickly obtained for the treatment of the various diseases in which they are efficacious. The country physician does not have to wait to send to Montreal or even St. John, and the service is dispensed free to the poor. It is not easy to estimate the value of this service, but added to it is the laboratory at St. John, to which any physician in the province may send samples of blood or sputum or cultures for examination, to enable him to make an accurate diagnosis, with the assurance that he will be as well served as in Montreal or Boston. Lives are saved by prompt service and every medical man appreciates the value of the serum depots and the laboratory.

The public health act of this province provides for three services: General sanitation, medical school inspection and vital statistics. General sanitation deals not only with the inspection of houses and premises, sources of water and milk supply, outbreaks of communicable diseases, but prevention of disease, and with infant mortality and child hygiene. If it costs money it saves both money and lives, and the more liberal a wise expenditure is made the greater the ultimate saving to the community.

Medical inspection of schools should also embrace mental examination, leading to proper care of mental defectives. A mental survey of this province has been made at the request of the health department and the report will be submitted at the next session of the legislature. That it will reveal conditions of a startling nature as those shown by

the chief obstacle to Chinese peace and progress is the lack of unity among the people. Today the cables tell us that an army is moving on Peking, calling upon the government to resign. The authority of the Peking government is disregarded in both northern and southern portions of the country. Until a stable government is secured, other countries will have difficulty in extending trade in China or doing very much to assist the Chinese in their troubles.

A Renter cable from Madras says the Prince of Wales was welcomed heartily by crowds of natives, and that earlier reports of disturbances were too highly colored. There is unrest in India, but it is a vast country and the great mass of the people are not affected. The congress now in session at Bombay may have good results.

Shantung is still a bone of contention at the Washington conference, but the despatches are hopeful in tone regarding the outcome of negotiations between Japan and China. With that question settled, the conference would be able to adjourn, feeling that altogether it had accomplished results of great moment in advancing the cause of world peace.

One would expect Arctic explorers to be generous-hearted fellows, agreeing among themselves and drawn closer together by the fact of their common isolation and danger. The changes made regarding the Stefansson expedition of 1913 should be investigated, even at this late date, in the interests of all concerned.

There is much speculation in England as to the probable date of the general election. The prestige of Lloyd George has been wonderfully heightened by recent events, and his speech before a Liberal convention on Saturday next is awaited with universal interest.

The smoothness with which the momentous change in Ireland is thus far proceeding is ground for hope that all matters may be adjusted amicably and a prosperous career.

The interest aroused in the question of distribution of hydro-electric current has brought out a petition urging that the municipality take it over. The situation grows more and more interesting.

From the skater's standpoint, and he is everybody's barometer just now in St. John, the week begins well. May it continue at least until Thursday night.

The new French cabinet is now in office. Its attitude regarding Anglo-French relations is awaited with universal interest.

Boston, Jan. 16.—The coastguard cutter Seneca today took in tow the three-masted schooner James M. W. Hall, which had been abandoned by its crew on account of a leak. The crew were landed at New York yesterday. It was believed the Seneca would try to tow the schooner to New York.

FENCE OR AMBULANCE.

'Twas a dangerous cliff, as they freely confessed, Though to walk near its crest was so pleasant; But over its terrible edge there had slipped a duke, and full many a peasant; So the people said something would have to be done. But their projects did not at all tally. Some said, "Put a fence round the edge of the cliff, and an ambulance down in the valley." But the cry for the ambulance carried on the day, For it spread through the neighboring city; A fence may be useful or not, it is true, But each heart became bituminous of pity For those who slipped over the dangerous cliff. And the dwellers in highway and alley Gave pounds or gave pence, not to put up a fence, but an ambulance down in the valley. "For the cliff is all right if you're careful," they said, "And if folks ever slip and are dropping, It isn't the slipping that hurts them so much. As the shock down below when they're stopping." So day after day as those mishaps occurred, Quicker and quicker these rescuers rally, To pick up the victims who fell off the cliff. With the ambulance down in the valley.

BETTER GUIDE

Better guide well the young than recluse, When they're old, For the voice of true wisdom is calling; To rescue the fallen is good, but 'tis best To prevent other people from falling. Better close up the source of temptation and crime, Than deliver from dungeon or gallery; Better put a strong fence round the top of the cliff, Than an ambulance down in the valley.

LIGHTER VEIN

Clarence Littlebeck—Thinking of you all day has given me absence of mind. Dolly—Don't worry. You'll never miss it.

THE GREAT SYMBOL

Myles—Don't you think we'd all be happier if there was no money in this world? Styles—Oh, no; my wife would never be satisfied or happy to play bridge just for beans.—Yonkers Statesman.

THE STRANGER

The stranger—'I've just bought a permit to move it on to another lot a couple of blocks away. The Mayor of Coona City—You can't get a permit to move a house on the streets of this city. Might run over some one.

WIFE—DOUBT

Wife—"Doubt if we were both free again would you choose me to be your little wife?" Hubby—"Now, what do you want to start a quarrel for just as everything is going pleasantly?"

MORE RELIABLE SOURCE

She—A fortune teller says that I have money coming to me. He—'I'd sooner hear that from a paying teller.—Boston Transcript.

A JAPANESE VISITING ENGLAND

Interested at the sight of a large sign, and on learning its nature remarked: "Ah, yes, you have a saying about the insane being invisible, have you not?" This query caused some bewilderment until it transpired that the saying referred to was "Out of sight, out of mind."

LETTER FROM F. A. CAMPBELL

To the Editor of The Times-Star: Sir—Kindly permit me space in your valuable paper to place clearly before your readers my position in the past in connection with the labor movement.

In 1919 I became president of the Trades and Labor Council and also district organizer of the A. F. of L., both of these offices being purely voluntary. I am quoted as having received a substantial salary for my services, and I am absolutely correct. It is also the opinion in the mind of many people that I am solely to blame for the trouble that exists between the N. B. Power Co. and its former employees, which organization had the privilege to vote by secret ballot and to elect their own officers. I have always stood by the vote in regard to this particular question.

The connection with other organizations I never at any time advocated or tried to influence them to go on strike. I am a laborer and I am proud of my position. I feel it my duty to correct those false statements in my own personal interest. I would be pleased to invite fair criticism and I fully deny any statement made that I ever received money other than as a delegate attending the different conventions.

Now, sir, in conclusion, I want to say that I have always acted in a clean, honorable way and I defy any man to say that I was ever mixed up in any discreditable action.

I have always tried to use my influence in the best interests of all and I hope that these few brief remarks will serve to change the opinion of those who have wrongfully informed.

Yours truly,
F. A. CAMPBELL,
Former President of Trades and Labor Council.

WARM SCHOOL LUNCHEONS PAID

Warm school lunches, combined with simple lessons on foods, made badly underweight children gain at three times the normal rate. Such is the finding of a practical experiment conducted by the home department of the Ohio State University in co-operation with rural schools.

Mary had a little lunch,
To tell the honest truth,
Too little, quite inadequate
It wouldn't fill a tooth!
It went with her, this little lunch;
This pepper, bread and bacon,
To school each day; she lost her punch,
Her health was sadly shaken
'Til Mary's school served every day
Now ask her how she feels; she'll say,
Warm milk soup nutritious,
'Oh boy, I feel suspicious!"

SAY BUT LITTLE AND SAW WOOD

New Government Shows Silent Efficiency.

Eager for By-elections—Momentous Decisions to be Made in Railways—Confidence in Hon. W. S. Fielding.

(By Ross Munro, staff correspondent of The Toronto Globe.)

Ottawa, Jan. 16.—Now that this Liberal Government is a little more than a week old, Ottawa is sitting back and sipping things up. If it were not for the criticism of a Government, a Cabinet or a legislative measure, you can always get it here, and get it in very varied after a week's keen observation Ottawa seems much more satisfied with Hon. Mr. King and his colleagues, than it pretended to be when the announcement of the personnel was made. But what surprises this Capital more than anything else in the quiet, unostentatious manner in which this new Government has taken over power. At the swearing-in there was particular ceremony, and there has not been a sign of anything since with which the most violent democrat could disagree. The Cabinet has taken hold like so many plain business men would take over a new venture. The Ministers went to their offices, met their leading officials, sat down at the desks and got to work.

Want No Advertising.—"Somehow or other they didn't act like politicians at all," one veteran Canadian public affairs states. "They didn't seem to want to advertise. They seemed to want to keep out of the limelight. It's very strange. We don't use to it, and we are waiting to see what's coming next. This new Cabinet has shunned publicity. You don't see Ministers interviewed and don't hear them promising. It's quite strange." That little statement just about sums up the situation. These new Ministers are not being interviewed. They are courteous, but they say there is nothing to tell you; that they are just getting acquainted; that they are in a hurry to get the by-elections over, and get to real business. Ottawa had become accustomed to party members and new Cabinets talking quite a bit, and sometimes exactly having his "Honorable" sit comfortably, could talk of nothing else, but could at least tell the people of his office, and minded his own business, and everyone admits that Quebec has not had much of a show since the Tories came into power in 1911.

But neither Hon. Ernest Lapointe nor Hon. Jacques Bureau nor Hon. Lomer Gouin are spending their days listening to the wants of strings of callers from their native Province. They are busy with their own affairs. "Joe Archambault of Chambly-Vercheres, he came first, and minded his own business, and I doubt if Tommy Vion of Lotbiniere will ever get there before the session." Political observers here are frankly desirous that the new Premier, Hon. Mr. King, credit for this new order. It is pointed out that he is sincerely desirous of giving Canada a business man's administration. If it is Mr. King's desire to begin the new administration with a clean slate and feathers, without the constant worries from job-hunters, without interviews and advertising, that desire being carried out to the letter, even though the young chieftain is many miles away.

Big Decision Coming.

Though there is silence in Ministerial circles, signs are not wanting that some important decisions will be made soon on the big railway problem. The interests on both sides of this controversy are powerful, but so far it is undecided that the highest pressure will soon be bent to implement that promise by action. The desire for economy alone will drive the Government to see that the present extravagant double management in Government-owned roads will cease. The last is going to be an unpleasant one in so far as it affects some leading railwaymen, but economy must come first.

It is hinted here, though not in any Government circles, that Sir Joseph Flavel wants to quit his job as Chairman of the Board of Directors of the Grand Trunk. If Sir Joseph leaves that post it is a pretty good guess that the country will be searched for a man of his financial ability to see that Government ownership of railways does not need to be fed by a pipeline from the money only a guess to try to tell how and when the amalgamation of the Grand Trunk with the Canadian National will take place, but the fact remains that no one here seems to doubt that it is going to happen, and happen soon.

One notices here a feeling of confidence in the Department of Finance. The results that Mr. Fielding is not an experiment. People in Ottawa are close to these matters. They know that the right thing at the right time, making it as easy as possible for Canada to carry her financial burden. This confidence in Ottawa in the Treasury is bound to be reflected throughout the country in the next few weeks, with results which cannot help but be beneficial.

Perhaps one of the first problems to be dealt with by Mr. Fielding and Hon. Jacques Bureau, Minister of Customs, affects import trade and exchange. It is

ABOUT BEANS

For good rich baked beans use plenty of clear pork fat and always bake in the OLD FASHIONED BEAN POT made by

The FOLEY POTTERY, LTD., St. John, N. B.

When a Bean Pot is sold it should not be placed immediately on the hottest part of the stove. It is safer to put it at first on the shelf at the back and to move it forward a little at a time as it heats.

Baking the beans in the oven gives the pot a better chance, as in that case the sides are heated as well as the bottom.

No other Grinder cuts so true

Accuracy is the first rule of good grinding. The tool being ground must be held true on the wheel, proof against slipping or wobbling. That's what the Pike Peerless Grinder does.

PIKE PEERLESS. A TOOL GRINDER.

This grinder is fitted with a fast-cutting wheel made from material as hard and sharp as the diamond. Best quality construction and expert workmanship. These grinders are GUARANTEED FOREVER against all mechanical defects. We have a small size, ideal for home use. Come in and see it.

RECENT WEDDINGS
Carpenter-Barretts.

A war romance was brought to a happy consummation in St. John on Saturday when James W. Carpenter was united in marriage to Miss Constance M. Barretts at the Centenary church parsonage by the minister, Rev. R. G. Fulton. The groom, who is the provincial government organizer of schools in north Saskatchewan, came from Winnipeg to claim his bride. The bride arrived from her home in London, England, on board the steamer Empress of Britain. Immediately after the ceremony, Mr. and Mrs. Carpenter left for their future home in the west.

RECENT DEATHS
William C. Allen.

The death of William C. Allen occurred on Friday at the home of his daughter, Mrs. Leslie Carty, St. John, aged seventy years. Mr. Allen for many years conducted a transfer and trucking business in Yarmouth until about a year ago. He sold his property and belongings to make his home with his daughter. Mr. Allen is also survived by his wife and two daughters, Mrs. Albert Wyman, and Mrs. D. D. Hillon, both in Yarmouth.

Mrs. Elizabeth Toole.

The many friends of Mrs. Elizabeth Toole, a life long resident of this city, will regret to learn of her death, which occurred yesterday morning after a short illness of 62 Waterloo street. Mrs. Toole was a daughter of the late Zachariah Nell, 49 Main street, on Saturday. Mrs. Roberts, of the west side, and was of the United Empire Loyalist descent. Her husband was the late Edward Toole, of West St. John. Mrs. Toole is survived

by four children and two sisters. The children are Leonard and Zachariah, Miss Lillian Toole and Mrs. W. Lockhart. The sisters are Mrs. Shirley Stoffer, of Philadelphia, and Mrs. Sydney Sprague, of Rawlins, (Wyo).

The funeral will take place at 2:30 o'clock tomorrow afternoon from the residence of her daughter, Mrs. W. Lockhart, 409 Main street. Interment to be in Fernhill cemetery.

Mrs. Mary Anderson.

The death of Mrs. Mary Anderson, widow of Michael Anderson, occurred at the home of her niece, Miss Nellie Connell, 49 Main street, on Saturday. Mrs. Anderson was formerly a resident of Dorchester, but for the last twenty years had made her home with Miss Connell in this city. She is survived by two

MORNING NEWS OVER THE WIRES

Mrs. John A. Fancy, aged forty years, of Moser River, Halifax county, was found drowned in a well as her home on Saturday evening. She had been in ill health for some time.

Lucien Pelletier, aged twenty-four, of St. David, Lewis county, Quebec, died in the front of the Joliette train near Lanora station, Saturday afternoon, after shooting and seriously wounding Alderic Gullbault, a hotel keeper, of Lanora. The young man believed that he had been rejected by Miss Destina Malouin on account of the intervention of other people.

Mrs. James W. Hudson of Yarmouth died in the Yarmouth hospital as a result of burns received while attempting, it was said, to burn her twenty-four-hour-old baby by filling the chimney of a lamp with paper. A twelve-year-old daughter saved the baby.

Harvey Finley, seller in the Canadian Bank of Commerce at Parrsboro, while skating in that town on Friday night, was injured in a loaded revolver, which fell from his pocket and discharged, the bullet striking his thigh and entering his body. He was taken to the hospital in Amherst.

Toronto, Jan. 10.—Progress is reported to have been made in experiments looking to a cure for diabetes, which Professor J. R. McLeod has been conducting at the University laboratory for several months.

Peru, Ind., Jan. 16.—A merger has been completed at Cincinnati, Ohio, the Hagenback-Wallace, Sells-Plato, Howe's and John Robinson circus organizations, it is announced here. The capital stock is \$2,000,000.

PURE GOLD QUICK PUDDINGS

A Woman's Rheumatic Lameness

Relieved by Hood's Sarsaparilla.

I have taken Hood's Sarsaparilla and it has done me so much good in relieving my lameness I am very thankful to you for it. I can walk well now and go almost everywhere. Before taking this medicine I was confined to the house for a year and a half. It strengthened my limbs.

I advise my friends that are lame from rheumatism to take it.

My husband and son have also taken Hood's Sarsaparilla, and it has given all of us a good appetite. Mrs. Mary A. Wall, 21 Florence street, Rockland, Me.

If you need a laxative or cathartic take Hood's Pills.

ENGAGEMENT ANNOUNCED.

Mr. and Mrs. Edward Sears announce the engagement of their daughter, Kate Geraldine, to W. H. C. Mackay, the marriage to take place on Wednesday, January 18.

ON RUNNING AMUCK.

(New York Evening Post.)

Mr. Root's proposals against the use of submarines as commerce raiders and against the employment of poison gas in warfare have been accepted by the conference but not by a section of public opinion which seems determined to fear the worst. In the case of the submarine it is urged that a nation hard beset in war will make its own definition of merchantmen and let loose its undersea boats against merchant ships after the German fashion. A nation similarly situated will mobilize its chlorine and mustard cylinders, of which it can lay in a goodly stock in peace times, since there is no way of differentiating industrial chemistry from war chemistry. Against that contingency every nation must be prepared, and therefore the five powers, while pledging themselves not to use gas

on their own initiative, must nevertheless be ready to deal with a nation that fights foul.

Such arguments really amount to saying that international law can provide no safeguards against a nation that runs amuck. Obviously international law cannot offer such guarantees. A nation with its back to the wall in what it considers a righteous cause or a nation sure that it can "get away" with anything may take to poisoning wells or slaughtering prisoners. There can be no legislation against madness. But once we assume that a nation under the worst of war stress, does not altogether part with its senses, international law does offer safeguards through the creation of moral sanctions. If Germany had foreseen the effect of poison gas, or the ruthless U-boat on world opinion, if she had foreseen the effect of Ypres gas on British feeling and of the Lusitania on American feeling, she would have thought twice before launching her poison clouds and her torpedoes.

With the worst intention in the world the ruthless fighter will refrain from ruthlessness if he is convinced that it does not pay. And when the five leading powers declare against the torpedoing of merchantmen and the use of gas they help to create a state of public opinion which, in the test of war, is bound to make Lusitanias and gas unprofitable.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, JANUARY 16, 1922

FORD PLANS A CITY 75 MILES IN LENGTH

Proposes to Make Muscle Shoals Greatest Industrial Undertaking in America—Bigger Project to Follow.

Detroit, Jan. 16.—If Henry Ford obtains possession of the Muscle Shoals project in Alabama he will take immediate steps to make that part of the South one of the industrial centres of the country, so The Associated Press learns.

The Muscle Shoals plan of Mr. Ford contemplates one of the greatest undertakings in the history of industrial America, it became known, and includes development of the property as a model and the eventual extension of the system to many other parts of the country.

Mr. Ford's proposal includes the building of a city seventy-five miles long in the Muscle Shoals region. It would be made up of several large towns or small cities. This is in line with the manufacturer's view that men and their families should live in small communities where benefits of rural or near-rural life would not be entirely lost.

Mr. Ford's proposal to the government includes leasing of the property for 100 years. But before the expiration of half that time he proposes to turn the completed project over to the people of the district or to the government in such a way that no one in the future will be able to make a personal profit from the undertaking. He will arrange that neither he nor any of his heirs may realize any monetary benefit from the Muscle Shoals plants or the power developed, it became known for the day. He proposed to make the project, if the government gives its consent, the

DON'T NEGLECT BRONCHITIS

The principal symptom of bronchitis is a cough which is dry, harsh and hacking, accompanied with rapid wheezing, and a feeling of tightness through the chest.

There is a raising of phlegm, especially in the morning after rising from bed. This phlegm is at first of a light color, but as the trouble progresses it becomes of a yellowish or greenish color and is sometimes streaked with blood.

DR. WOODS' NORWAY PINE SYRUP
You will find a remedy that will stimulate the weakened bronchial organs, relieve the inflammation, soothe the irritated parts, loosen the phlegm and mucus, and help nature to easily dislodge the morbid accumulation.

Mr. John H. Root, 40 Maple Ave., Hamilton, Ont., writes: "I was troubled with bronchitis and had a very bad cough. I had it so long I was beginning to get afraid of other developments. I tried all kinds of cough remedies without relief. I was advised by a friend to try Dr. Woods' Norway Pine Syrup so I got a bottle, and it convinced me to believe that I had at last gotten the right medicine. I used several bottles and am practically well. I have recommended it to others since, and good results followed."

Be sure and get "Dr. Woods'" when you ask for it; price, 35c. and 60c. a bottle; put up only by The T. Millburn Co., Limited, Toronto, Ont.

the farms. One detail of the plan is the harnessing by farmers of every creek and brook that crosses their property.

Mr. Ford expects to leave here about noon tomorrow for Washington to confer with Secretary Weeks regarding his proposal of leasing the Alabama plant.

If the government accepts Mr. Ford's bid, work at Muscle Shoals will be started at once. The nitrate and power plants would be run by steam power pending the time the great dam, that will require about two years to build, has harnessed the water at this point. Then would follow rapid development. In the opinion of Mr. Ford, until within a comparatively few years an industrial centre greater than Detroit would have been built up.

Mr. Ford believes the Muscle Shoals plan, if consummated, would be the start toward development of the Mississippi River Valley. The manufacturer believes this valley could "run the United States," if the water now going to waste could be utilized.

Believes It Could Support Government. Mr. Ford's opinion of the government could derive enough revenue from these power projects to support itself, thereby revolutionizing the financial system of the country.

Washington, Jan. 16.—Renewing his charge that "the fertilizer trust" was seeking to defeat the Muscle Shoals development project, Senator Harris of Georgia, called the attention of the Senate today to a circular which, he said, had been sent out by the National Fertilizer Association of Philadelphia and its payers of Ford Muscle Shoals Offer.

"I simply wish to call this to the attention of the Senate," said Senator Harris, "to show that the fertilizer trust has been from the very beginning an aggressive force against the development of the Muscle Shoals project, and that a 'clean slate' should be selected. Such a slate would not qualify in the matter of taxation and others could not serve for personal."

Other meetings followed, and Monday evening of this week the following slate was formed and the members have consented to serve should they be elected: John F. Clark, councillor for Duke's ward; Harold C. Purves, councillor for King's ward; Wm. R. Carson, councillor for Duke's ward; Wm. A. McVie, Walter G. DeWolfe and M. C. Buchanan, councillors-at-large.

The slate has met with popular approval and there is but small doubt of its election should opposition offer. This fact being made doubly sure by the stand taken by Mayor Johnson.

Man that he is, John Johnson, went to Mayor Johnson to talk over the matter last evening.

Mr. Clark stated his desire to serve as mayor, largely in response to the expressed desire of many that he would do so. Mayor Johnson met him in a friendly way and did the splendid thing. Mayor Johnson said that he had had all the honors of the office and appreciated the kindness of the people in electing him for three years.

Mr. Clark decided to take his part in town affairs, that no selection could please him more, and he expressed his willingness to help secure re-election should opposition offer. He realized that a mayor should have a council board working in harmony with him, and pledged himself to do all that he can to help elect the ticket.

Mr. Johnson asked that the decision be made known at the Courier office so that the statement would be made by or announced in the Courier in the morning. Mr. Clark thanked him sincerely and expressed his appreciation of his friendliness towards him, which has been of long standing.

Most of the members of the present council have expressed their determination not to offer again, and at the present time it looks as though there will be no opposition to the slate named above. Should any offer, it will find itself against very strong workers, and citizens. Technical Education—M. Vidal. Aeronautics—M. Eynac.

PROMINENT CITIZENS FOR TOWN COUNCIL

Ticket Now in the Field in St. Stephen With General Approval and No Opposition is Expected—Mayor Johnson Pledges Support.

(St. Croix Courier)
The desire of the people of St. Stephen to secure the participation of prominent citizens in the government of the town has been advanced a lot in recent days and not in any way is it more advanced than by the action, last evening, of H. W. Ward, mayor Johnson.

The sentiment has been growing for some time that such citizens should be willing to take their share of the labor of town government, and on December 19th a meeting was held of citizens representing societies, factories and various organizations, to consider this important matter. C. N. Vroom, F. Parker, Arthur Kirk, representing the board of trade; A. D. Ganong, J. W. Sewell and John F. Clark, representing the Rotary Club; Henry McAlcennan and Leroy W. Hill, representing the Retail Merchants' Dr. Cook and E. G. Beer, representing the Agricultural Society; A. M. A. McLean, Vernon Grimmer and M. C. Buchanan, representing the Great War Veterans; Parker Hanson, representing Haley & Sons factory; Arthur Kirk, representing the shoe factory, C. A. Laubman, representing the candy factory; J. W. McWha, representing the soap factory; J. Randall Webster, representing the fertilizer plant.

These representative citizens were in accord that a more progressive and more aggressive town council than the one that has had in recent years is desirable, and that a "clean slate" should be selected. Such a slate would not qualify in the matter of taxation and others could not serve for personal.

Other meetings followed, and Monday evening of this week the following slate was formed and the members have consented to serve should they be elected: John F. Clark, councillor for Duke's ward; Harold C. Purves, councillor for King's ward; Wm. R. Carson, councillor for Duke's ward; Wm. A. McVie, Walter G. DeWolfe and M. C. Buchanan, councillors-at-large.

The slate has met with popular approval and there is but small doubt of its election should opposition offer. This fact being made doubly sure by the stand taken by Mayor Johnson.

Should any offer, it will find itself against very strong workers, and citizens. Technical Education—M. Vidal. Aeronautics—M. Eynac.

AMT OF COUNTESS BEATTY DEAD IN NEW YORK
New York, Jan. 16.—The death of Miss Nora Scott, sister of the late Mrs. Marshall Field, and aunt of Countess Beatty, wife of Admiral Earl Beatty of the British Navy, was announced Saturday. Miss Scott, aged seventy, died of cancer. She was a daughter of Robert Scott, an early iron master of Trenton, Ohio.

PETITION IN FAVOR OF PUBLIC OWNERSHIP

At a meeting of the executive committee of the Citizens' Association of St. John, held on Saturday afternoon, it was decided to prepare a petition to the city authorities and actively to endeavor to obtain thereon the signatures of all citizens who believe that the best interests of the city can only be secured by extending the principle of public ownership to the distribution of the electric current now being offered by the New Brunswick Electric Power Commission.

This petition will be immediately circulated, and it is confidently expected by the association that a very large proportion of the residents of the city and county will be found to endorse the aims of the association which it defines. It reads as follows:

"To His Worship the Mayor and the Commissioners of the City and County of St. John:
We, the undersigned, as citizens and ratepayers of the city and county of St. John, respectfully petition you, in order that the community may derive the full benefits from the present and proposed hydro developments, that the municipality take over the distribution of electrical energy in the city and county."

Two members were added to the executive committee, Rev. H. A. Cody and W. F. Hatheway.

Rev. Mr. Cody said that the matter so closely concerned the welfare of the whole community that he felt compelled to offer all the assistance he might be able to render to the association, whose aims and objects he felt were directed towards the betterment of living conditions. Mr. Cody said that his personal observation while in Ontario had convinced him that great benefits had been derived there through the public ownership of the electric energy.

He had just returned from Moncton and people there were expressing wonder that so little, as yet, had been done in St. John towards preparing to grasp the opportunity offered by the T. S. Simms & Co., Ltd., urged upon the committee the need for immediate vigorous action. He said that he was convinced that when the matter had been explained to everyone in the majority of the citizens of all ranks and conditions would be found lined up in favor of public ownership of the distribution system.

A pamphlet containing arguments in favor of public ownership compiled chiefly from letters written by Herbert Phillips, now president of the association, and which have appeared in local newspapers is being printed for public distribution.

HAG PLEADS FOR CHURCHES' UNITY

(Canadian Press Despatch)
London, Jan. 15.—At the unveiling of memorial tablets to members of St. Columba's church who fell in the war, including two sons of Bonar Law, St. Douglas High pleaded for unity of the churches of the empire. He asked whether an imperial church was impossible. Continuing the military commander said he prayed "for the love of country and love of God whereby the British conquered in the war might continue to work together and that the clergy of all denominations in England should realize that in the maintenance of the bonds of empire they had a common task and were members of one imperial church."

BIG INCREASE IN RATES TO INSURE AGAINST THIEVES

Chicago, Jan. 16.—Insurance companies yesterday announced an increase of fifty per cent in rates for burglary and theft insurance in Chicago. It was also announced that the increase will apply to other large cities.

HOW RHEUMATISM OF JOINTS OFTEN SPOILS PLEASANT EVENING

Many Experience Difficulty in Rising from Seat—Shoulders Also Painful—Weldons Said to be Effective.

Hundreds of women never go to theatre because of the conspicuous difficulty in getting up from a chair after the performance, due to slow, progressive arthritis or chronic rheumatism of the joints. This type of rheumatism is quite common. Says the Weldons man: "One may not have any trouble while walking about, but marked stiffness of the joints is experienced when going up or down stairs, or getting on or off a street car. The shoulders are often involved so that pain is experienced when putting on a coat or wrap. If neglected both forms of rheumatism will gradually become more pronounced, and weakness of the arms, wrists and finger joints, often allowing dishes to drop." Early treatment is advised in all cases. Dress warm, avoid drafts near open windows, keep hands out of cold water and keep feet dry. One of the most successful preparations yet given to the public is Weldons, which may be secured from any drug store. Weldons does not disturb the stomach and does not contain opiates or harmful ingredients. See to it that you get the genuine. Sold in St. John by J. Benson Mahony, druggist, 2 and 4 Dock street, and other leading druggists.

LOCAL NEWS

New Glasgow. Another organist may take over the duties in St. John's church so it was said, as the vestry are in communication with one who is now in England.

About forty young people held a sleigh drive on Saturday afternoon and evening to the Ashburn Lake Fishing Club in a big four-horse sledge. They were the guests of members of the club and were chaperoned by Mrs. W. Knight.

VIRGILIA
(Edwin Markham)
"Had we two gone down the world together,
I had made fair ways for the feet of song,
And the world's fang been but a foam-soft feather,
The world that works us wrong.
With you the cloud of my life had broken,
And the heavens rushed up to their silver heights;
The last lone peak of my soul had spoken
That last peak last in sight."
If you had but stayed when the old sweet wonder
Was a precious pain in my pulsing side!
Ah, why did you hurry our lives under—
You, born to be my bride?
What sent it upon me—my soul impertinent—
All the grief of the world in a little span,
All the tears and fears, all the fates and fortunes,
That the heart holds for man?
Is this, then, the pain that the first gods kneaded?
Into all the joy that the strange world brings?
Did the tears fall into the heap unheeded,
These tears in mortal things?"

Does Fine Flour Cause Appendicitis?

People Ate More Coarse Bread Years Ago. Less Appendicitis Then

Where there is already constipation and intestinal inflammation, the eating of bread or biscuit made from extremely fine wheat flour might possibly tend to cause further trouble, especially when the bread of biscuits are eaten freshly baked. When the flour reaches the stomach and intestines it is more likely to pack into a solid, pasty mass than would the coarse whole wheat flour used by our ancestors.

A Treacherous Disease. Appendicitis attacks at any moment even persons seemingly in good health. Usually, however, it is preceded by so-called stomach troubles, constipation or similar disturbances. Often when there is a warning feeling of uneasiness in the abdomen, appendicitis can be guarded against in exactly the same manner in which one guards against the spread of what infection, because that is just intestines spreading to the appendix. When one has sore throat, one can often prevent further trouble and the development of influenza or grippe, by using an antiseptic wash or gargle against the germs and a laxative to carry off the poisons from the body. Just exactly the same process is necessary to fight appendicitis and guard against appendicitis. But instead of an antiseptic wash for the throat, an "INTESTINAL ANTISEPTIC" is necessary.

Intestinal Antiseptic. There is now offered to the public a preparation having the DOUBLE action of an intestinal antiseptic and a COMPLETE system cleaner. This preparation, known as Adlerika, acts as follows: It tends to eliminate or destroy harmful germs and colon bacilli in the intestinal canal, thus guarding against appendicitis and other diseases having their start here.

Cinniform Pastilles

Keep your throat antiseptically clean by using CINNAFORM PASTILLES. Keep a bottle in your desk or cupboard—use them every day. They are as tasty as candy. Also good as a preventative for Quinsy, Tonsillitis or Sore Throat. 50c. per bottle. See Size 25c. NATIONAL DRUG & CHEMICAL CO. OF CANADA, LIMITED

Special Offer

Full Upper or Lower Set of Teeth Low as \$10.00

Fit Guaranteed
Painless Extraction, 25c
Guaranteed Bridge Work Low as \$5.00 Per Tooth.

UNION BANK OF CANADA HAS AN EXCEPTIONALLY STRONG STATEMENT

Bank's Position is Well Maintained, the Liquid Assets being 53.70 per cent. of Total Liabilities to the Public—Resources aggregate \$152,625,386.

THE BALANCE SHEET of the Union Bank of Canada, for the fiscal year ended November 30th, 1921, which was returned to the shareholders at the 57th annual meeting, held at the Bank's head office in the city of Winnipeg, on Monday, January 9th, discloses this well-known banking institution to be in a very strong and liquid position. The meeting was largely attended by representative shareholders. W. R. Allan, Vice-President, presided; H. B. Shaw, General Manager, presented the Bank's Annual Statement.

Following the shareholders' meeting, the Board of Directors elected W. R. Allan, President, retiring because of his removal from Winnipeg to Victoria, B. C. Mr. Allan remains a Director of the Bank. H. B. Shaw was elected Vice-President and will continue as General Manager.

The Bank's assets total \$152,625,386. The readily available portion of these assets represents 53.70 per cent. of the Bank's total liabilities to the public, thus demonstrating that the liquid position of the Bank has been strongly maintained.

A very strong feature of the statement is the carrying forward of \$541,686 into next year's profit account, this being \$400,000 greater than the previous year, and the largest amount in the Bank's history.

That the Bank has continued to do its full share for the commercial interests of Canada is shown by the fact that the total of these loans at the end of the year was \$62,010,007.

Grain loans total \$7,295,483. Loans to Governments and Municipalities are \$7,420,529.

Deposits totalling \$116,723,755 are reported.

Net profits for the year amounted to \$1,342,389, which is about \$300,000 less than the previous year.

Complimentary copy of our Year Book, giving statistics of the progress of Canada may be obtained from any of our branch managers.

NEW FRENCH CABINET FORMED

Premier Poincare Presents to President Millerand His Selections.

(Canadian Press Despatch)
Paris, Jan. 16.—Raymond Poincare, the French premier, at 4:30 o'clock this evening presented to President Millerand the names of the men he had chosen to participate in his ministry. The president accepted the designations, and M. Poincare declared the cabinet crisis was ended. The cabinet follows:

Premier and Minister of Foreign Affairs—Raymond Poincare.
Vice-premier, Minister of Justice and for Alsace-Lorraine—Louis Barthou.
Minister of War and Pensions—Andre Maginot.
Minister of Marine—H. Rabier.
Minister of Finance—Charles De Lasteyrie.
Minister of Interior—M. Maunoury.
Minister of Education—Leon Bérard.
Minister of Public Works—M. Letourneur.
Minister of Agriculture—Adolphe Gheron.
Minister of Colonies—Albert Sarraut.
M. Maginot will take up the duties of this office until M. Sabhaut, who is in Washington, is heard from.
Minister of Commerce—Lucien Dole.
Minister of Liberated Regions—M. Reibel.
Minister of Labor—M. Peyronnet.
Minister of Health—M. Strauss.

The following under secretaries of state are also announced: The Premier—M. Colrat. Merchant Marine—M. Rio. Post and Telegraphs—M. Lafont. Technical Education—M. Vidal. Aeronautics—M. Eynac.

AMT OF COUNTESS BEATTY DEAD IN NEW YORK
New York, Jan. 16.—The death of Miss Nora Scott, sister of the late Mrs. Marshall Field, and aunt of Countess Beatty, wife of Admiral Earl Beatty of the British Navy, was announced Saturday. Miss Scott, aged seventy, died of cancer. She was a daughter of Robert Scott, an early iron master of Trenton, Ohio.

ARE OPTIMISTIC ABOUT OUTLOOK

Canadian Manufacturers Give Views on Situation.

A Hundred and Fifty Heard from and the Majority Feel That Canada Has Seen the Worst of the Depression.

W. S. Fisher in List of Interviewed.

(Canadian Press Despatch.) Toronto, Jan. 14.—In a review of industrial conditions and the outlook for 1922, in the January issues of Industrial Canada, the official publication of the Canadian Manufacturers' Association, 140 prominent Canadian manufacturers take an optimistic view of the situation.

It is the opinion of the majority that Canada has seen the worst of the depression, and from now on a slow but steady improvement is anticipated. Estimates differ largely, according to industry, as to when all formal activities will be resumed.

In some industries the change for the better has already taken place; in others the turning point is placed about March or April; in a limited number of cases appreciable betterment is expected until the fall. High freight rates and low prices for agricultural products are regarded as the principle obstacles in the way of a more rapid recovery.

Speaking for the steel industry, W. C. Franz, president of the Algoma Steel Corporation, says: "My opinion is that as far as the iron and steel business is concerned, the worst has been reached. There is no doubt in my mind that improvement has started already and that special effort on the part of everyone to get the cost of production down is going to help in this industry the same in all others."

"The outlook for 1922 as it appears to us in the automobile business," writes T. A. Russell, general manager of the Willys-Overland, Limited, "is that we may count on a somewhat better year than 1921, but until there is a more general industrial activity and a freer exchange of commodities in general, the automobile business, purchasing power will not be greatly improved."

Dealing with the boot and shoe industry, G. W. McFarland, Williams Shoe Co., Brantford, says: "The outlook for business in our industry in 1922 is promising. We have on our books for the present time the largest placing business we have ever had. The last two months nearly one hundred per cent. We are laying plans for a still greater production and believe we will not be disappointed."

The outlook for the leather business in 1922 is indeed very hopeful, judging from the amount of business already in the hands of shoe manufacturers," declares Charles Robson, the Robson Leather Co., Limited, Ottawa. "The leather and shoe industry in Canada should enjoy good prospects during the next few years."

Reviewing conditions in the milling industry, Brig. General Labelle, president of the Canadian National Millers' Association, finds that "Canadian flour is being sold through the same general adjustment during the past year as other industries have done, but I think in a much more satisfactory manner than others."

Speaking for the pulp and paper industry, C. Howard Smith, Howarth & Sons, Paper Mills, Limited, Montreal, says: "I think the outlook for the year 1922 will be very much better than for 1921. Conditions are more favorable, confidence is being restored and the worst is over. We have had a very short period of depression but we are apparently on the up-grade."

"The outlook for 1922 is much better, we see it, than it was for 1921," writes V. N. Manning of the Sherlock-Manning Piano & Organ Co., London. "Dealers are not carrying large stocks and, while they are ordering small quantities, they are ordering often. Money dealers are saying cash for their goods now than in all our experience. We believe the worst is over as far as the piano trade is concerned."

F. G. Daniels, general manager of the Dominion Textile Co., Limited, Montreal, referring to the textile industry, says: "We feel that the year 1922, as a depression, should show a decided improvement in manufacturing conditions throughout the world and particularly in our country. Generally speaking, stocks of manufactured goods are low."

For the canning industry, W. R. Dryden, Dominion Canners Limited, Hamilton, points out that "the demand for canned goods is low. Every body is buying from hand to mouth, hence savings in the bank and the inherent wealth of Canada is tremendous. With the influx of new population which must come, and with the usual optimism of Canadians, we look for improved conditions in 1922, but no more."

Speaking for the lumbering industry, W. Grier, G. A. Grier & Sons, Limited, Montreal, says: "There are signs to be generally a feeling of confidence in all branches of trade that the year 1922 will witness an improvement in the demand for lumber, the consensus of opinion being that this improvement will be gradual and will not take the form of any pronounced boom. It is generally admitted that stocks of lumber in the hands of retailers compel depressing of supplies with possibly 7 per cent. price resulting."

The furniture industry is reviewed by William Cawell, Secretary of the Furniture Manufacturers' Association, Toronto, who says: "There is still a very great shortage of houses throughout the Dominion, and it is reasonable to expect that during 1922, because of the reaction of building costs, and estimate 25,000 houses to be built in 1922, is a low high. The expected amount of furniture required for these houses, in the regular replacements warrant in looking forward confidently to a gradual increase in demand which, towards the fall, will give us normal operation in the factories."

"Conditions in the stove business," writes W. S. Fisher, Enterprise Foundry Co., Sackville, N. B., "have been difficult. During the first six months of 1921 there was a very great lifting off in business but later there was a lull in the demand. Since then there has been a considerable slow-down and we do not look forward to a very large volume of business in the future. At the same time we feel that our new passing through the year 1922 and that business will gradually return to a normal basis."

Happy Parents Pour Out Their Thanks To Tanlac

George Henderson, president of the Brandon-Henderson, Limited, Montreal, reviewing the paint industry, says: "It is my opinion that in industrial life generally the worst is well back of us and that the deflation, which has occurred, bringing with it a more normal and settled condition of mind among our citizens, will ensure a gradual and steady improvement in demand for the whole of the year 1922."

The farm implement industry has naturally suffered from the effect of low prices for farm products and Arthur W. White, of the George White & Sons, Limited, London, says that "Prices of farm machinery will be considerably lower for 1922, but still altogether too high to warrant a farmer buying unless he has some assurance that this produce can be placed on the market at a price corresponding to the price he is paying for the goods he requires. Severe measures may be necessary to correct present conditions but no doubt the spring of 1922 will see these conditions being corrected and a balance struck between the great spread between the price paid to farmers for produce and the market price to the final consumer."

With regard to shipbuilding, F. R. Miller of Canadian Vickers, Limited, Montreal, says: "There is a fair volume of business in ship repairing, although less than normal, but in shipbuilding there is practically no market and no signs of any improvement. We do not expect any such signs for at least two years."

The brick manufacturing industry is discussed by F. B. McFarren, of the Metropolitan Brick Co. of Canada, Limited, Toronto, who states that "our plants are at present operating at about 80 per cent. of capacity and we expect by March or April to be operating to full capacity. We feel that if we can just get some relief in freight rates, there will be plenty of business for capacity operation of all our plants."

These are extracts from a few of the reviews contributed to this symposium of opinion on the industrial situation, the whole reflecting in a comprehensive way the feeling of Canadian manufacturers at the beginning of the year.

That Tanlac is a wonderful medicine for delicate children is conclusively proven by the remarkable results accomplished in the cases of the three children shown in this picture.

Little Blanche Blair, of Providence, R. I., aged 13, gained 10 pounds; Regina McCabe, at right, aged 9, of Scranton, Pa., gained 15 pounds; little Richard Leary, Jr., of Philadelphia, who was very delicate, gained 15 pounds. The statements made by their parents are as follows:

Mr. A. M. Blair, residing at 20 Atwood street, Providence, R. I., said: "We are just so happy over the change in our little girl that we can't do or say enough to show our appreciation. She had lost nearly 20 pounds in weight and looked so frail and weak that her mother and were both almost worried sick over her condition. Since taking Tanlac, she has gained 15 pounds, her color is better than it ever has been and she looks and acts like a different girl."

Mrs. Catherine McCabe, 414 Dielen Ave., Scranton, Pa., said: "The 'flu' left my little Regina in such a bad condition that I have not been able to get her well now if it hadn't been for Tanlac. It is a mystery to me how she lived on so long as she was 'eating' and was so little since then. She never even came to play with the other children until she got at Christmas. She is now as healthy as a horse and well as any child could be and has gained 15 pounds in weight. I will always praise Tanlac for restoring my little girl's health."

Richard Leary, 2340 Palmetto St., Philadelphia, said: "There is no doubt in my mind but that Tanlac saved my little boy's life. For two years I have seen him drop off at any time."

HE FOUGHT CRUELTY IN GERMAN PRISONS

H. M. Mitton, Now in Ottawa, Saved Corporal Noble's Life.

(Ottawa Journal.)

Imprisoned in German punishment camps for his defence of British prisoners of war before German courts martial, and eventually a trusted agent of the British Secret Service in Germany, where he had the interesting experience of H. M. Mitton, representative of the Department of Immigration and Colonization, Ottawa, Belgium, and who is now in Ottawa on official business.

Mr. Mitton, while serving as a sergeant in the 29th Battalion, who was captured by the enemy in the Third Battle of Ypres, July 2, 1916, and taken to the German front, was always kept them on hand for general use.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

Following his court martial work Mr. Mitton, through collecting a great mass of information on the conditions in many of the camps changed materially for the better, although he was again sent to the punishment camps for his activities.

At Heeston Camp, a punishment camp for British non-commissioned officers, he organized and acted as secretary of the British Social Aid Committee, whose main object was to organize resistance to the attempt of the Germans to force non-commissioned ranks to work contrary to an Anglo-German agreement.

After getting in touch with the British Secret Service Mr. Mitton received detailed orders for almost two years and sent important information through to the Secret Service Bureau in London. In this work Mr. Mitton used a special post card which opened after being treated in a certain manner. Forgetting to do this on one occasion resulted in a note of thanks was tendered him.

The recording secretary read the report for the year, which covered the activities of the society from Dec. 4, 1920, until November, 1921. In that period there arrived at St. John 2,982 immigrants of Hebrew nationality. Of this number forty were deported to Europe, two died here, while twelve were sent to the immigration building at Quebec for disposal of their cases. Of the remainder, a great majority went to the provinces of Ontario and Quebec, with a few going to Saskatchewan and Manitoba. Twelve remained in New Brunswick.

The election of officers resulted as follows: President, M. Budovitz; vice-president, A. Poyas; financial secretary, E. Ellman; corresponding secretary, E. Boyaner; treasurer, B. Jacobson; executive, Mrs. I. Isaacs, Mrs. B. Jacobson, Mrs. I. Ellman, Messrs. Newbold, Vanger and Davis. The membership of the organization now totals 180.

Another Big Hull Raid. Montreal, Jan. 16.—Thirty blind pigs were raided at Hull on Thursday by officers of the Quebec Liquor Commission. It was the fourth raid within a week.

STRAIGHT FROM PARIS. A SUPER-SPECIAL PICTURE. Sparkling Photogram, Presenting Clara Kimball Young in "Photoplay of French Life—Open at Unique Today—Prices Slightly Increased.

Clara Kimball Young in "Straight from Paris," the dazzling photogram that exposes the spectacular climax of a National Unionist Association on Saturday said a vast majority of Conservative opinion in Lancashire was opposed to the holding of an immediate general election and in their name he appealed to Prime Minister Lloyd George to postpone holding it.

He declared he failed to see any body of men who in the terrible times after the war could not find a means of agreement. He said no man had greater influence in foreign affairs and Lloyd George should be retained as the head of the government.

HEBREW SOCIETY AIDS IMMIGRANTS. The annual meeting of the Hebrew Immigrant Aid Society was held last evening in the synagogue vestry rooms when officers for the ensuing year were elected and reports of the activities of the association read. M. Budovitz was the chairman.

The meeting was addressed during the evening by S. Cutler, representative of the head office of the society in Montreal. Mr. Cutler spoke in an interesting manner on the work of the organization and at the conclusion of his address a vote of thanks was tendered him.

The recording secretary read the report for the year, which covered the activities of the society from Dec. 4, 1920, until November, 1921. In that period there arrived at St. John 2,982 immigrants of Hebrew nationality. Of this number forty were deported to Europe, two died here, while twelve were sent to the immigration building at Quebec for disposal of their cases. Of the remainder, a great majority went to the provinces of Ontario and Quebec, with a few going to Saskatchewan and Manitoba. Twelve remained in New Brunswick.

SIDELIGHTS ON MATTERS IN THE MOTHER LAND

In a letter to the London Times an Admiral (Percy Scott?) writes:—

"There appear to be people who imagine that there is some military reason why a battleship should carry 16-inch guns, a mass of armor, and so forth. There is none. These guns and this armor have been introduced in the struggle to produce something more powerful than what is possessed by an enemy who is a possible enemy. This is a military, but a mechanical reason. Now that our outstaremen are sitting round a table and discussing this in friendly fashion, eager to reduce the cost of defence, we have such an opportunity as has never occurred before. They have the people behind them. The sole qualifications of a ship of war are that she shall be able to go to sea and to fight. There is a limit in size below which she cannot do these things; there is also a limit beyond which it is quite unnecessary for her to go. I have suggested 10,000 tons, but this is guesswork—it may be 6,000 or 14,000. I am sure it is not more."

For many years H. A. Barker, the famous London "bone-setter," to whom many cures involving the miraculous have been attributed, has been the subject of a boycott by the surgical profession in Switzerland, Wales, and Scotland. Barker, however, has not been deterred. Nevertheless, his practice has been enormous. Now a London paper announces "that a number of thirteen hundred per cent. of the practice of Barker to all night amusement places. These remain after one o'clock, the police closing hour, has been unanimously approved by the city council. The tax will be collected in the form of cards and stamps in the form of a tax on persons taking refreshment in amusement places and places where entrance is free. A similar tax in operation in Stuttgart in one month netted 100,000 marks."

WANTS LAW TO COMPEL PEOPLE TO GO TO CHURCH. Boston, Jan. 16.—A bill filed with the legislature Saturday seeks to require every citizen to attend church on a certain day each Sunday unless unable to do so because of mental or physical condition. The bill would require the state to provide machinery to enforce the law. B. P. Bennett, of Saugus sponsors the proposal.

NEW OFFICERS OF FAIRVILLE A. O. H. Installation of newly elected officers of Division No. 5, A. O. H. was held yesterday afternoon in St. Rose's hall, Montreal. The ceremony was presided over by a large number. Reports submitted show that the lodge is in a flourishing condition. Short addresses were made by the new officers, Dean Collins, who spoke of the importance of maintaining the lodge in the best possible condition. The following officers were installed: President, Louis Kerman; vice-president, James C. Hanlon; recording secretary, William McManus; financial secretary, Joseph McGinley; treasurer, Daniel Murphy; sentinel, James McGovern; chairman standing committee, Patrick Kane; sergeant-at-arms, Joseph McGovern; spiritual director, Rev. Dean Collins.

GEDDES TO STAY. (Canadian Press Despatch.) Washington, Jan. 15.—At the British embassy this afternoon, an emphatic denial is given to the cable report from England that Sir Auckland Geddes would resign his post as British ambassador to the United States. The report was based on the armaments conference.

RHEUMATISM vs. T.R.C.'s. Lumbago, Neuritis, Sciatica. Rheumatism and similar troubles invariably yield to the T.R.C.'s (Templeton's Rheumatic Capsules) treatment. Many doctors and many hundreds of testimonials letters in our files show that T.R.C.'s have successfully treated Rheumatism, Lumbago, Neuritis, Sciatica and acute Neuritis of all kinds. But the best evidence is your own experience. If you suffer we want you to try this guaranteed non-injurious remedy at our expense. Druggists sell T.R.C.'s \$1.00 per box. For free trial write T.R.C. Co., 55 Colborne St., Toronto.

Sold by Wasson's, Ross's and Mahoney's Drug Stores. Perth by Regal Pharmacy.

BERLIN TO TAX THOSE WHO STAY OUT AT NIGHT

Berlin, Jan. 16.—An ordinance taxing sightseers, diners and patrons of cafes, dancing and other amusement places who remain out after one o'clock, the police closing hour, has been unanimously approved by the city council. The tax will be collected in the form of cards and stamps in the form of a tax on persons taking refreshment in amusement places and places where entrance is free. A similar tax in operation in Stuttgart in one month netted 100,000 marks."

Boston, Jan. 16.—A bill filed with the legislature Saturday seeks to require every citizen to attend church on a certain day each Sunday unless unable to do so because of mental or physical condition. The bill would require the state to provide machinery to enforce the law. B. P. Bennett, of Saugus sponsors the proposal.

NEW OFFICERS OF FAIRVILLE A. O. H. Installation of newly elected officers of Division No. 5, A. O. H. was held yesterday afternoon in St. Rose's hall, Montreal. The ceremony was presided over by a large number. Reports submitted show that the lodge is in a flourishing condition. Short addresses were made by the new officers, Dean Collins, who spoke of the importance of maintaining the lodge in the best possible condition. The following officers were installed: President, Louis Kerman; vice-president, James C. Hanlon; recording secretary, William McManus; financial secretary, Joseph McGinley; treasurer, Daniel Murphy; sentinel, James McGovern; chairman standing committee, Patrick Kane; sergeant-at-arms, Joseph McGovern; spiritual director, Rev. Dean Collins.

GEDDES TO STAY. (Canadian Press Despatch.) Washington, Jan. 15.—At the British embassy this afternoon, an emphatic denial is given to the cable report from England that Sir Auckland Geddes would resign his post as British ambassador to the United States. The report was based on the armaments conference.

RHEUMATISM vs. T.R.C.'s. Lumbago, Neuritis, Sciatica. Rheumatism and similar troubles invariably yield to the T.R.C.'s (Templeton's Rheumatic Capsules) treatment. Many doctors and many hundreds of testimonials letters in our files show that T.R.C.'s have successfully treated Rheumatism, Lumbago, Neuritis, Sciatica and acute Neuritis of all kinds. But the best evidence is your own experience. If you suffer we want you to try this guaranteed non-injurious remedy at our expense. Druggists sell T.R.C.'s \$1.00 per box. For free trial write T.R.C. Co., 55 Colborne St., Toronto.

Sold by Wasson's, Ross's and Mahoney's Drug Stores. Perth by Regal Pharmacy.

TORONTO WOMAN KILLED BY A CAR

(Canadian Press Despatch.) Toronto, Jan. 15.—Mrs. Winnifred Cronie, aged thirty-eight years, was fatally injured when she stepped from the curb of her home at 100 St. George street, last night, and was struck by a motor car. She was taken to St. Michael's hospital, where she died this morning. Her husband, Harold Cronie, aged forty-five, was made unconscious when they were struck by a motor car. He was taken to St. Michael's hospital, where he is recovering. Mrs. Cronie, eight small children are left behind.

Another Big Hull Raid. Montreal, Jan. 16.—Thirty blind pigs were raided at Hull on Thursday by officers of the Quebec Liquor Commission. It was the fourth raid within a week.

STRAIGHT FROM PARIS. A SUPER-SPECIAL PICTURE. Sparkling Photogram, Presenting Clara Kimball Young in "Photoplay of French Life—Open at Unique Today—Prices Slightly Increased.

Clara Kimball Young in "Straight from Paris," the dazzling photogram that exposes the spectacular climax of a National Unionist Association on Saturday said a vast majority of Conservative opinion in Lancashire was opposed to the holding of an immediate general election and in their name he appealed to Prime Minister Lloyd George to postpone holding it.

He declared he failed to see any body of men who in the terrible times after the war could not find a means of agreement. He said no man had greater influence in foreign affairs and Lloyd George should be retained as the head of the government.

HEBREW SOCIETY AIDS IMMIGRANTS. The annual meeting of the Hebrew Immigrant Aid Society was held last evening in the synagogue vestry rooms when officers for the ensuing year were elected and reports of the activities of the association read. M. Budovitz was the chairman.

The meeting was addressed during the evening by S. Cutler, representative of the head office of the society in Montreal. Mr. Cutler spoke in an interesting manner on the work of the organization and at the conclusion of his address a vote of thanks was tendered him.

The recording secretary read the report for the year, which covered the activities of the society from Dec. 4, 1920, until November, 1921. In that period there arrived at St. John 2,982 immigrants of Hebrew nationality. Of this number forty were deported to Europe, two died here, while twelve were sent to the immigration building at Quebec for disposal of their cases. Of the remainder, a great majority went to the provinces of Ontario and Quebec, with a few going to Saskatchewan and Manitoba. Twelve remained in New Brunswick.

The election of officers resulted as follows: President, M. Budovitz; vice-president, A. Poyas; financial secretary, E. Ellman; corresponding secretary, E. Boyaner; treasurer, B. Jacobson; executive, Mrs. I. Isaacs, Mrs. B. Jacobson, Mrs. I. Ellman, Messrs. Newbold, Vanger and Davis. The membership of the organization now totals 180.

Liver Pains

Pains under the shoulder blades tell of liver derangements. Other indications are slow complexion, indigestion, constipation, biliousness and bilious headaches.

The quickest way to arouse the liver to healthful action is by use of Dr. Chase's Kidney-Liver Pills. Continued use will insure lasting relief, correct the whole digestive system and purify the blood.

Mr. Wm. Barten, Hanover, Ont., writes: "For some time I suffered from liver trouble. There was a hard, bearing-down feeling in my back which I could not get rid of. Some one advised me to try Dr. Chase's Kidney-Liver Pills. I did so, and found them excellent. The dragging feeling in my back disappeared and I felt much better generally. I have great confidence in Dr. Chase's Kidney-Liver Pills, and always keep them on hand for general use."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

Following his court martial work Mr. Mitton, through collecting a great mass of information on the conditions in many of the camps changed materially for the better, although he was again sent to the punishment camps for his activities.

At Heeston Camp, a punishment camp for British non-commissioned officers, he organized and acted as secretary of the British Social Aid Committee, whose main object was to organize resistance to the attempt of the Germans to force non-commissioned ranks to work contrary to an Anglo-German agreement.

After getting in touch with the British Secret Service Mr. Mitton received detailed orders for almost two years and sent important information through to the Secret Service Bureau in London. In this work Mr. Mitton used a special post card which opened after being treated in a certain manner. Forgetting to do this on one occasion resulted in a note of thanks was tendered him.

The recording secretary read the report for the year, which covered the activities of the society from Dec. 4, 1920, until November, 1921. In that period there arrived at St. John 2,982 immigrants of Hebrew nationality. Of this number forty were deported to Europe, two died here, while twelve were sent to the immigration building at Quebec for disposal of their cases. REAL ESTATE

NEW PRESIDENT OF UNION BANK

W. R. ALLAN, President of the Union Bank of Canada.

The shareholders of the Union Bank elected, on Monday, January 9th, W. R. Allan to the presidency recently vacated by John Galt, who is leaving Winnipeg to make his home in Victoria, B. C. Mr. Allan is a member of the Montreal shipping family and instead of staying east, where he would have been able to avail himself of a ready-made position, he, as a young man, elected to go west and carve out for himself his own career. Standily he has worked upwards and in his new position with the Union Bank he occupies the highest office that the shareholders can put before him.

ANCIENT EGYPTIAN NOVEL

Professor Bonner Declares Egyptian Fragment in Possession of Michigan University is Part of Romance.

Learned archaeological and philological papers have interest for bodies of learned men and women perhaps, but rarely is the man to be street interested, except, perhaps, when one of these papers touches on magic.

And so one of the papers carrying the greatest general interest read before the two national societies meeting here, the American Philological Society and the Archaeological Institute of America, was presented by Professor Campbell of the University of Michigan.

A Papyrus of the University of Michigan Describing Magical Power.

Professor Bonner declared that among the P-youn papyri acquired by the University of Michigan in 1920 there was a small piece which attracted attention promptly because of its peculiar contents.

A considerable upper margin of this special papyrus is preserved, but the lower margin has broken away, taking with it presumably some lines of writing. There are twenty-two lines, however, that are well preserved. It was written early in the second century, it is believed.

The first words of the magic papyrus are gone, but the subject referred to is the sun. The translation runs like this—

It will stand still; and if I command the moon, it will come down, and if I wish to delay the day, the night stays for me, and if, again, we need the day, the light will not go away. And if I wish to sail the sea, I do not need a ship, and if I wish to go through the air, I shall be made light. A love charm also I do not find, either one able to cause love or one to ally it, for the speaker is describing magical powers in general. But if anybody has it and gives it, I shall say, 'I beg of you to give it to me.' I wish to see it. It appears to be a pretty phantasm; you say, and this seems strange in the circumstance that the speaker is describing magical powers in general. But if anybody has it and gives it, I shall say, 'I beg of you to give it to me.' I wish to see it. It appears to be a pretty phantasm; you say, and this seems strange in the circumstance that the speaker is describing magical powers in general.

Explaining the papyrus, Professor Bonner declared there was nothing strange in the circumstance that the speaker is describing magical powers in general. But if anybody has it and gives it, I shall say, 'I beg of you to give it to me.' I wish to see it. It appears to be a pretty phantasm; you say, and this seems strange in the circumstance that the speaker is describing magical powers in general.

SPORT NEWS OF
A DAY; HOME
AND ABROAD

WRESTLING.

Zbysko to Meet Martinson.
St. Louis, Mo., Jan. 15.—Stamilius Zbysko, world's heavy-weight champion wrestler, and Paul Martinson, will meet here January 26. Jimmy Lando, heavy-weight Greek champion, and Joe Goshlow, of Boston (Mass.), have been matched for the same night.

For Championship.
Chicago, Jan. 16.—The U. S. middle-weight wrestling championship will be decided here on January 23 in a match between Johnny Myers and Johnny Kilonis, who it was announced last night.

BASEBALL.

Milan Manager.
Washington, Jan. 15.—Clyde Milan, outfielder, will be manager of the Washington American League baseball club this year, it is announced by President Clark Griffith.

Milan is a native of Tennessee and has been a member of the local teams since 1907 when he was obtained from the Wichita Club of the Western Association. He succeeds George McBride who resigned last month owing to illness.

HOCKEY.

Senators Defeat St. Pats.
The world's champion Ottawa Senators are well in the lead in the National Hockey League race as the result of the 2 to 2 defeat handed St. Pats at the Toronto Arena, Saturday night. The Canadiens are pressing hard for second place. The teams entered the last period with the score 2 to 1 in favor of Ottawa, but within thirty seconds the score was evened. Then the penalties started and shortly the St. Pats were playing three men short. Despite great efforts, the remaining Toronto men could not withstand the onslaught of the Senators and three more goals were scored.

Canadiens Defeat Hamilton.
The Canadiens defeated the Hamilton Tigers at Montreal on Saturday night by the score of 10 to 6. Newy Lalonde was absent from the home ice for the first time in years. The play was clean and very fast.

Standing of N. H. L. Clubs.
Club Won Lost For Against
Ottawa 7 2 40 17
St. Patricks .. 5 4 31 34
Canadiens 4 5 22 37
Hamilton 2 7 24 37

Fredrickson Commercial League.
The Fredrickson Commercial Hockey League opened on Saturday night with

two matches at the Arctic Rink. The Hart Boat and Show Company beat the John Palmer Company, 2 to 1; and R. Chestnut & Sons defeated the Chestnut Canoe Company 4 to 2.

St. Patricks Protest Game.

Toronto, Ont., Jan. 15.—It was announced by the St. Patricks last night that they had protested Saturday night's game, which was won by Ottawa 5 to 2. The reason given is that Referee Lester had not power, under the playing rules, to extend the limit of Dye's penalty for the language that the player used to the official.

The rules state that if a player is guilty of using bad language he is to be fined and reported to the league executive, and makes no provision for any time penalty. Dye was originally put off for two minutes for a check and his penalty was increased to five minutes and then for the rest of the game and no fine imposed.

Treasurer Percy Samby said that the game was being protested not for a replay or a change in the standing so much as to get an official ruling on the matter. He said that if a replay was ordered local charities would greatly benefit.

CURLING.

Jones Cup Competition.
In the first round of Jones Cup competition three sets of rinks curled their matches in St. Andrew's rink on Saturday afternoon. The rinks captained by W. A. Stewart, S. P. McCavour and F. C. Beattie won their matches and thus are admitted to the second round.

BASKETBALL.

Girls' League.
The second game in the Girls' City Basketball League was played on Saturday evening. The two Y. W. C. A. teams, the Sparks and the Derts, played a tie game, six all. In the second game the Y. W. C. A. team defeated the Fairville girls by the score of 16 to 5.

Large Entry Lists.
Cleveland, Ohio, Jan. 16.—The championship stallion stake No. 15 and Matron Stake No. 15, promoted by the American Association of Trotting Horse Breeders, to be raced on Grand Circuit tracks in 1924, drew banner lists of eligible gets of 1921, as indicated by returns given out here on Saturday.

The champion stallion stake, one of the richest events of grand circuit racing, drew thirty-three nominations, including every sire of note in the country, together with making all of their 1921 get eligible. The Matron Stake drew 370 nominations, nearly 100 more than were returned in 1920. Practically every stock turn in the country is entered. The favorite stake, No. 3, for pacers, two-year-olds, to race this season as three-year-olds, drew only thirteen nominations.

Harvard Defeats Dalhousie, 4-1.
Boston, Jan. 15.—The Harvard hockey team defeated the Dalhousie Tigers last night, 4 goals to 1. The Nova Scotians

were unable to beat down Harvard's defence. George Owens, the Harvard captain, was the star of the game.

FOOTBALL.

England Defeats Australians.
(Canadian Press Despatch.)
London, Jan. 14.—England won the third and final rugby football test match today from Australia by 6 to 0. England has now won two out of the three games. The game was played at Sarford.

Five of the games scheduled for today in the Northern Rugby Union fixtures were postponed on account of snow. Following are the results of matches that were played:
Hull 10, Wakefield 9.
Barrow 6, Leigh 2.
Dewsbury 16, Bramley 8.
Hull Kingston 10, Swinton 5.
Keighley 9, York 11.
Leeds 16, St. Helen's Rec. 5.
St. Helen's, Rochdale 13.
Warrington 5, Batley 3.
Widnes 0, Broughton 6.

Results of league rugby matches played today are as follows:
Manchester U. 0, Newcastle U. 1.
Hartlequin 11, Blackheath 6.
London Scottish 13, Chatham United Services 16.
Oldalleynians 8, Richmond 11.
Swansea 9, Leicester 13.
Bristol 8, Guyshop 5.
Portsmouth United Services 27, Rosslyn Park 6.

Cross Keys 24, Penarth 3.
Plymouth Albion 8, Newport 3.
Bath 3, Penly Pool 0.
Keath 20, Cardiff 0.
Aberavon 5, Llanelly 0.
Gloucester 20, Moseley 0.
Birkenhead Park 6, Manchester 6.

Soccer Games.

London, Jan. 14.—Results of league soccer games played in the old country today follows:
English League—First Division.
Arsenal 1, Chester 0.
Blackburn R. 3, Oldham A. 2.
Bolton W. 1, Everton 3.
Cardiff City 3, Birmingham 1.
Huddersfield T. 2, West Brom A. 0.
Liverpool 2, Bradford City 1.
Manchester U. 0, Newcastle U. 1.
Middlesbrough 1, Sheffield U. 1.
Preston N. E. 1, Tottenham H. 2.
Sunderland 2, Manchester C. B. 3.

Second Division.
Bradford-Notts County, snow.
Leicester C. 2, Westham L. 1.
Portvale vs. Coventry City, postponed.
Rotherham C. 1, Leeds 0.
The Wednesday 0, Stoke 1.
Wolverhampton W. 2, Bristol C. 2.

THE KING RECEIVES PERLEY.
London, Jan. 14.—The King yesterday received in audience Sir George Perley on his relinquishing his position as Canadian high commissioner in London. His successor has not yet been announced.

I. O. D. E. SCHOLARSHIPS

Miss Laing, national educational secretary of the I. O. D. E., in her address at Stone church school room tomorrow, Tuesday, evening, will give an explanatory talk on the war memorial scholarships. This meeting will be open to the public and will be most instructive to all interested in this national educational scheme.

WORK FOR FORTY-FOUR.

Last week's records at the St. John Registration and Employment office show that a total of forty-four jobs have been filled out of eight applications for workers sent in to the office. Those given out were six permanent and eighteen temporary for men and ten permanent and ten temporary for women. There were 141 registrations recorded, including twenty-seven women.

COLLAR BONE BROKEN.

Many friends of Kenneth Hanington, 174 Duke street, will regret to learn of an accident which occurred last night. While he was walking along Sydney street he had the misfortune to slip on the ice and fall heavily, causing a fracture of the right collar bone. A companion and another young fellow who volunteered his services were able to get him into the house of a friend, where he was attended by Dr. C. Malcolm and Dr. F. T. Dunlop. He is resting comfortably and seems as well as can be expected after his painful accident.

SOUTH END RINK.

The South End Improvement League have built a very comfortable structure for checking purposes on the edge of their skating rink. It contains separate rooms for boys and girls, with a stove in each room, and is very comfortable. The young people are able now to do their skating and step out on the rink with the greatest ease. The south end rink is larger than last year, and has a beautiful view of the city. There are two caretakers, who keep the ice in excellent condition, and the rink is a great pleasure to the people of the south end, especially the younger portion. Roy Cameron, chairman of the rink committee, has strong support by other south end citizens, who take a great interest in this community playground.

MISS IDA E. OSBORNE.

The death of Miss Ida E. Osborne occurred suddenly on Wednesday at her home in Gagetown. Although Miss Osborne was subject to heart trouble, she was apparently in good health and the news of her sudden death was a shock to many friends. She leaves to mourn her mother, two sisters and four brothers. The sisters are Mrs. J. Kettle of Glen Falls and Minnie at home. The brothers are Walter of Boston, Arthur of Halifax, Henry of Jemseg and DeVeber at home. Miss Osborne had a host of friends, and she will be greatly missed. She was of a very lovable and genial disposition and was always jolly and fun-loving. The family have the sympathy of many friends in their bereavement. The funeral took place on Friday afternoon from her late residence and was attended by many. Rev. Mr. Buckland conducted service and interment was in St. John's cemetery.

MADE IT A DUET.

There may be people that do not believe that advertisements pay, but the two newsboys who took shelter from the storm on Saturday afternoon in the doorway of the King street, are apparently convinced of the truth of the maxim. Evidently thinking they were not getting their share of notice from the crowds passing by merely shouting out the names of the papers against the heavy opposition from the wind and driving snow, they combined voices and after a few rehearsals they found the sound a trifle harsh to the ears of the passers-by and they were at it again. They were in a fight in progress, there is no doubt that business improved for the two ragged ingenious lads or that all pedestrians passing that spot realized that papers were for sale.

POLICE COURT.

Three men, charged with being drunk, pleaded guilty and were remanded after a warning that they were liable to a fine of \$200.

Harry Stone pleaded guilty to having an illicit still in his possession in his residence, 267 Chesley street. He was warned that he was liable to a fine of \$200 and was remanded.

Gordon Parise and Robert Friars, charged with selling liquor illegally, pleaded not guilty. Some evidence was taken and the case was postponed until Wednesday night when they appeared in court.

John Currie who gave himself up to the police last night as a deserter from the Royal Garrison Artillery at Halifax, morning and pleaded guilty. He was ordered to get out of town and left the court room in a hurry.

Wilfred Warren and Albert Brown, charged with vagrancy, pleaded guilty and were remanded to jail.

PRESENTATIONS TO PASTOR AND WIFE COMING HERE

Charlottetown, P. E. I., Jan. 16.—Rev. C. R. Freeman, pastor of the Charlotte Baptist church, St. John West, preached his farewell sermon here last night. Yesterday an address and purse were presented to him by the congregation. Mrs. Freeman was given a pearl necklace by the Women's Missionary Aid Society, and a diamond and onyx ring by the choir.

FREDERICTON MARKETS.

In Fredericton market, on Saturday, the prices were: Turkeys, per pound, 60c; chickens, 35 to 45c; fowl, 30 to 25c; beef, 5 to 10c; pork, 16 to 18c; lamb, 10 to 15c; veal, 10 to 12c; mutton, 8 to 12c; potatoes, per barrel, \$2; apples, \$5 to \$7; turnips, 65c; carrots, \$2.50; wood, per load, \$5 to \$8; hay, per ton, \$25 to \$30; butter, 40 to 45c; eggs, 65 to 70c.

Today local dealers are paying \$1.50 for cobbles and \$1.75 for mountains. Hay is firm at \$22 and oats bring 45 cents. Butter, 25 cents; eggs, 40 cents.

The Observer of this week ten years ago quotes potatoes, \$1.10; hay, \$8.00; oats, 35 cents; butter, 20 cents; eggs, 25 cents. Farmers can comfort themselves by looking backward a few years.

DRESS FOR COLD WHEN YOU GO TO THE LAKE RACES

Now that the success of the Canadian national skating championships, scheduled to be held at Lily Lake next Wednesday and Thursday, is assured, so far as entries are concerned, it behooves citizens who are planning to attend the meet to make arrangements to get themselves in trim for the big event. Those who were operators at the maritime skating championships on the East End grounds, last winter, will recall that, despite the warm sunshine which prevailed that afternoon, standing on the ice for a considerable period, subjected to a breeze, proved rather chilly business. It would be well, therefore, for people who intend to go to the races to make up their minds that they are not going to a tea party, but winter sports, and that they should dress accordingly. Usually, the cold strikes the feet first, and once those extremities are chilled, the joy of living becomes tinged with impatience, to say the least. Experience has determined that overboots or moccasins over several pairs of stock or socks, as the case calls for, give the best results.

The body should be clad for comfort and not for style, and warm gloves or mitts should be carried. In addition, a blanket or rug will prove of great value as a shield from the wind and also as a seat should one become leg-weary.

In general, garments and accessories such as are worn on snow-shoeing and tobogganing excursions will give good results, and will tend to contribute largely to the success of the meet from the spectators' standpoint.

RE HYDRO MATTERS

Statement Made by Mayor Schofield This Morning.

The Mayor said this morning that he had just had an opportunity of reading the newspaper accounts of a meeting held on Thursday night, and the apparent action of the citizens committee in favor of municipal ownership for the extension of the water and the industries involved in the same.

From the newspaper accounts, this meeting represented some 50 persons, some of whom might not be taxpayers, and as there would be some 17,000 taxpayers who were not there, he felt it his duty to say just a word or two, to the effect that those who were not there could rest assured that every effort was being made to bet at a correct interpretation of the whole situation, and that immediately definite information was available on this subject, it would be presented to the public, and all papers in connection herewith laid on the table, but that until such time as this information would all be available, he had hoped that every one might realize that the only interest of the city council had in front of them were the taxpayers, and so far as he was concerned, and he felt sure so far as the rest of the council were concerned, although he did not care to speak for them, that no one was tied up in any way to anybody whatever in connection with this matter, but that everyone had absolutely in mind the taxpayer and when the facts are ready to present, whatever way shows a fair situation, he could assure them that that is the way the council would act.

Every effort is being made to get the best bargain possible from all sides and he was glad to see that in a newer effort submitted by the hydro commission, there was some further co-operation expressed by the commission which he hoped would work out to the benefit of all concerned as well.

A good deal of discussion, he said, seems to be taking place without many of the facts being available, and seeing that the contract itself has not been laid on the table yet, it was premature to take up all this discussion, and while the contract was one that hardly any business man anywhere would consider on a business basis, yet it might be possible to consider it in the interest of all concerned if there is a saving to be made. He had nothing more to say except that the 17,000 odd taxpayers, who were not at the meeting referred to could rest assured that the fullest information will be given them as soon as the facts are available.

MINISTERS ON WATCH TOWER

Appoint Committee Relative to Temperance Legislation in Province.

The weekly meeting of the Methodist Ministerial Association of the city was held this morning in Centenary church. The ministers present were: Rev. Messrs. Neil MacLauchlan, Dr. Steele, R. G. Fulton, L. Wasson, H. E. Thomas, P. E. Styles, J. M. Rice, William Lawson, J. Henney and H. B. Clarke. The only minister absent was Rev. J. K. King, who is ill. This was the first meeting of the New Year and encouraging reports of the watch night services were given. There was a lengthy discussion on the present condition of temperance affairs in the province. The following resolution was passed unanimously by the meeting. That a committee be appointed to watch the question of temperance in New Brunswick, so far as the legislation is concerned, and to cooperate with any similar committee that may be appointed by any other organization. The committee was appointed as follows: Rev. Messrs. H. E. Thomas, R. G. Fulton, Neil MacLauchlan, and H. A. Goodwin.

PRODUCE PRICES.

(Hartland Observer).

On Friday potatoes advanced to \$2 a barrel, but the markets were speedily swamped so that in two days there was absolutely no sale. There already have been shipped this season as many carloads as were shipped the whole of last season and the country is still full of potatoes. Dealers have been hit harder by the slump than the farmers, as most of them have thousands of barrels for which they paid the farmers as high as \$3. Some brought at \$4. The big markets are still loaded down with the stock that was rushed in last September and October, at which time many dealers bought largely on speculation.

Today local dealers are paying \$1.50 for cobbles and \$1.75 for mountains. Hay is firm at \$22 and oats bring 45 cents. Butter, 25 cents; eggs, 40 cents.

The Observer of this week ten years ago quotes potatoes, \$1.10; hay, \$8.00; oats, 35 cents; butter, 20 cents; eggs, 25 cents. Farmers can comfort themselves by looking backward a few years.

Satin Hats

Just Arrived

For Wear With the Fur Coat or Early Tailored Suit. You Will Be Delighted With These Smart and Ultra Fashionable Hats.
