Gompers Answers Charges Before The Meeting of Miners

Denies What Was Said—President's Salary Given Boost on Close Vote

Indianapolis, Ind., Jan. 30.—Samuel Gompers, president of the American Federation of Labor, defended the organization and its executive council at a speech late yesterday, before the convention of the United Mine Workers of America, against charges made by Charles H. Meyer, president of the Western Federation of Miners, Duncan McDonald of Illinois, and others in the convention. Mr. Meyer charged that if the copper strike in Michigan should be lost, it would be due to the inactivity of the executive board of the Federation of Labor.

Mr. Gompers declared it would be impossible to levy an assessment for the copper mine strikers of Michigan and denied that the organization is "reactionary, fossilized, worm-eaten and dead," and that the executive council is made up of "booster fighters."

After Mr. Gompers had concluded, McDonald announced he would speak to the convention in the morning, and ask the federation president if he would be in the city. He said he would be here as long as he possibly could and still keep an engagement in New York city on Saturday afternoon. Mr. Meyer said he also would speak today.

"Taking the newspaper report as a criterion," Mr. Gompers began, "the most important news item of the day has done, has consisted of an attack on the American Federation of Labor and its officers, and discussing whether the president's salary is increased \$1,000 a year. I don't know if the charges in the newspapers are true, but it was printed that it was declared in the convention here that the American Federation of Labor is 'reactionary, fossilized, worm-eaten and dead.'"

Amid loud cheers McDonald said: "I made those statements and others like them."

"Only McDonald answers," Mr. Gompers continued. "Of the eleven men who compose our executive council, eight are testotallers, who never touch a drop of liquor. Two of the men are moderate drinkers as any men who ever take a drink. For myself, I take a glass of beer when the day's work is done. I challenge any man to prove otherwise than that I am as good a man mentally and physically as I ever was, and I reached my sixty-fourth year last Tuesday."

"Fossilized and dead mean the same, but I submit that an organization can't be these and at the same time reactionary, for that means going backwards. The history of the organization shows that it is not dead."

Mr. Gompers denied that the federation had placed obstacles in the path of industrial unionism, but on the contrary said it had encouraged it wherever possible and he urged an assessment of kindred trades. He added that the federation had done everything as asked of it except to levy an assessment. This, he said, was impossible under present circumstances.

The increase in the salary of the president to \$4,000, was carried by a vote of 1,758 to 1,697.

OFFICERS HERE Arriving on the second section of the Montreal express today, an hour and thirty-five minutes late, following a breakdown at St. Mary's, were the assistant-general manager, A. Price, of Montreal; H. C. Groat, superintendent of the Atlantic Division, and Dr. Ruthford, superintendent of the department of agriculture at Ottawa. The two railway officials had been on a trip of inspection over the Aroostook branch, and with Dr. Ruthford had visited the C. P. R. experimental farm near Fredericton. They will return to Montreal this evening. The first section of the train reached the city on time. When the second section reached South Bay an accident occurred to the engine.

Phelix and Phrediana WEATHER BULLETIN Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—The disturbance which was centered near Lake Superior yesterday has passed to the Gulf of St. Lawrence, and high pressure with lower temperature is now spreading over the Great Lakes and middle states. The unusually mild weather that prevailed yesterday in Ontario and Quebec has extended into the maritime provinces.

WIRES HOT AGAIN OVER CUTTING OF TRAIN SERVICE

The wires were hot again today following the announcement that the trains referred to last week as to be withdrawn on Sunday, January 25, would be positively taken off on Sunday next, February 1. There was a storm of protest against another of the highly "popular" acts of Manager Gutelius and the compliments handed the management in this connection were of a questionable sort. It was announced yesterday that the management had decided to withdraw the Ocean Limited between Montreal and Halifax, as well as some local trains through New Brunswick and Nova Scotia. Those of interest here aside from the Ocean Limited are the suburban trains between St. John and Hampton.

Hon. H. F. McLeod, of Fredericton, arrived in the city at noon. He sent messages to Ottawa, having failed to get Mr. Gutelius. One went to Hon. Mr. Cochrane, minister of railways, the other to Mr. Cochrane read something to the effect "that it was inadvisable to withdraw trains referred to particularly after Mr. Gutelius' announcement to the contrary last week, and asking him not to take action until he had heard more from the sender." To Mr. Hazen, the Fredericton member said "Make Mr. Cochrane withhold action on the Fredericton-Marysville train until later advised."

Mr. McLeod was chiefly concerned with the order regarding the Fredericton-Marysville suburban connection and his messages had bearing on this.

From scores of citizens who have used many of the trains mentioned there were expressions of indignation and protest today. As one friend of the road put it, "Gutelius has a chance to make the I. C. R. popular and in so doing make it more profitable from every viewpoint, but by antagonizing regular patrons he can hardly expect to gain admirers either for himself or the road."

The cancellation of the I. C. R. suburban trains was not dealt with at the meeting of the council of the Board of Trade this morning, but it is expected that it will be taken up at the full meeting of the board next week.

UNHOLZ HELPLESS BEFORE AD. WOLGAST Boer Fighter Takes the Count Five Times in Two Rounds

Fond Du Lac, Wis., Jan. 30.—Rodolph Unholz, Boer fighter, was knocked out last night by Ad Wolgast, former light-weight champion, in the second round of a scheduled ten round bout, after a game but hopeless fight. Unholz took the count of nine four times in the first round, and once in the second, and was reeling helplessly around the ring, when, after one minute and thirty-five seconds of fight, in the second round, his seconds tossed a towel into the ring.

It is said a large number of volunteers are anxious to serve in the standing army.

THE MONROE GOES DOWN TEN MINUTES AFTER CRASH WITH THE STEAMER NANUCKET

Passengers Roused From Sleep by Shock To Plunge Into Icy Waters

Eighty-Five Are Rescued Then Cries For Help Cease—Collision on Atlantic Coast in a Very Thick Fog in Early Morning Hours

Norfolk, Va., Jan. 30.—Forty-nine persons went down to death today when the Merchants and Miners Liner Nanucket sank the Old Dominion Liner Monroe near Winter Quarters Lightship. The last passengers numbered 25; crew 24; total 49. The saved—Passengers 30; crew 55; total 85.

The Monroe left Norfolk at 7 o'clock last evening, with passengers and freight for New York, while the Nanucket was bound to Norfolk from Boston, with passengers and freight. The dead include twenty-three passengers and twenty-four of the crew. Thirty-nine passengers and fifty-five of the crew were saved. In all eighty-six were rescued. The latter included Captain Johnson and all officers of the Monroe.

As the Nanucket staggered back after the crash of steel on steel, Captain Berry swung out his searchlight and dimly the bulk of the settling Monroe loomed up through the drifting fog. Uncertain as to the fate of his own vessel he ordered out the lifeboats.

Lost from view in the fog they began the work of rescue guided only by the shrieks of the drowning boats. The Nanucket's boats scoured the waters, and are said to have picked up the survivors. The Monroe's boats scoured the waters, and are said to have picked up the survivors. The Nanucket's boats scoured the waters, and are said to have picked up the survivors.

First news of the collision trickled in here through the wireless operator at the Nantucket. The Monroe, a passenger liner, which also carried freight, put out of here at seven o'clock last night, on a regular trip to New York. The line of coast also carried freight, put out of here at seven o'clock last night, on a regular trip to New York. The line of coast also carried freight, put out of here at seven o'clock last night, on a regular trip to New York.

One wireless report which said that Captain Johnson of the Monroe was among the rescued, leads to the belief that the Monroe sank very rapidly, and that her passengers, roused by the dead of night by the shock of a collision, had little time to prepare for leaving a ship as they were sinking in icy waters. The Nanucket, a much lighter ship than the Monroe, and about half her tonnage, probably rammed a hole in the passenger liner's iron hull, her lower compartments were flooded and she went down by the head, in much less than an hour.

The old Dominion Liner Hamilton, bound down from New York to Norfolk, had not been far from the scene when the operators of the Nanucket and the Monroe sent out distress calls, some of which reached as far north as Boston and also were relayed up and down the coast.

Both vessels had every agency of rescue within striking distance, was set in motion. Within a half hour the revenue cutter Onondaga was pointed toward the scene, and the collision occurred fully five hours run away for her, she could hope to do little more than aid the Nanucket or stand by for the fog to lift with daylight in the hope that more of the Monroe's passengers and crew might have got away in boats and were missed in the night.

Early today officials of both lines here were pressing Captain Berry of the Nanucket for a list of the survivors. Officials checked their passenger list and made it known on the Nanucket's arrival.

The Dead Passengers The following is a list of passengers who perished on the Monroe:—Mrs. W. Bolton, Newark, N. J.; W. C. Clausen, Milwaukee, Wis.; Lieut. L. B. Curtis U. S. A.; F. C. Davis, Brooklyn; J. A. Edwards, U. S. navy; Ed. German, Pa.; Mrs. D. Gibson, New York; J. Haskell, Cortlandt, New York; Miss Haviland, Macaria Theatrical Co.; W. H. Ingram, Sumpter, S. C.; Mr. Lewis, Macaria Theatrical Co.; E. P. Lyons, New York; Mr. Marlow, Macaria Theatrical Co.; J. Okamoto, Japanese; C. W. Poole and wife, Gray, Va.; J. F. Ray and wife, New York; Miss Seville, Macaria Theatrical Co.; Miss Sydney, New York; Mr. Vernon, Macaria Theatrical Co.; O. Wagner, U. S. marine corps; G. Williamson, New York; Mrs. Thomas R. Harrington, died after rescue.

Earlier Reports The Nanucket, with her bow crumpled, and otherwise damaged, was slowly groping her way to Norfolk early today, with about eighty-five survivors. Collided in Fog No details of the accident were available early. Wireless operators all along

SCOTT ACT IS CARRIED BUT BY SMALL MARGIN

Two Ontario Counties Vote Dry—Recout Likely in Each Case

Brampton, Ont., Jan. 30.—By a majority of fifty-six the Scott Act was carried in Peel county yesterday. Voting was over long before the polls closed. A large vote was polled. The contest between the liquor men and the temperance party elicited little excitement, and there were no demonstrations. It is probable there will be a recount.

Welland, Ont., Jan. 30.—Unless a recount, which is almost a certainty, shows that the figures are wrong, Welland county temperance workers have carried the Scott Act after one of the most extensive and well managed campaigns ever carried on in Ontario. The majority is thirty-six.

Twelve municipalities are made dry, namely: Welland and Thorold towns, Port Colborne, Humberstone, Port Erie, Bridgeburg, Chippewa village, Growland, Bertie, Willoughby and Stamford townships. Thorold, Pelham and Wainfleet townships were dry before. One bar, seven shops and one club's licenses are wiped out.

WESTPORT CAPTAIN SERIOUSLY ILL One of The Gallant Rescuers in The Cobqueug Disaster

Friends of J. Edgar Mackinnon, commander of the little steamer Westport III, who came into prominence on account of his gallant work in the rescue of the passengers of the Grampian, are reported to regret to learn that he is seriously ill at his home in Westport. Captain Mackinnon was overtaken by a hemorrhage a few days ago and his condition is said to be serious.

The Westport arrived here this morning under command of Captain E. H. Lewis, who brought the news of Captain Mackinnon's illness. Many friends will join in wishing Captain Mackinnon a very speedy recovery.

It is understood that the cruise will be of two months' duration, during which time the party will cover almost the same course as that followed by the late Col. John Jacob Astor on his ill-fated honeymoon trip.

Want Parcel Post Zone Here Extended (Special to Times.) Moncton, N. B., Jan. 30.—The Moncton Board of Trade supports the action of Premier Flemming in an effort to secure extension of the local parcel zone beyond twenty miles. The question was brought up last night and a resolution adopted. Several favored extension of some for local rates to fifty miles. It was said that twenty mile zone might be practicable in densely populated sections of Ontario, but not in New Brunswick.

BOARD OF TRADE SECRETARY GIVES UP HIS POSITION

The resignation of H. T. Hoag, secretary of the St. John Board of Trade, was presented to the council of the board at a meeting today. The resignation, which came as a surprise to the council, was not accompanied by any explanation but as it was of a definite character the council was forced to accept. It will take effect on March 1.

The committee on the potato embargo reported that their inquiries had revealed the fact that Canada imports three times as many potatoes as are exported and that this indicates that the domestic market should be sufficient for the product.

GRAMPIAN NEAR PORT BUT SHE WAS DETAINED

Much Interest in Her Arrival This Time—Other Steamers In

There is much interest about the city today in the arrival of the U. S. S. Grampian, of the Allan Line, due this afternoon, on account of the fact that it has been reported that an interview with a passenger is much desired in connection with the murder of Kent Reeks, a young Australian ship broker, who was found dead with three bullet wounds in his head at Ettingwic, in Staffordshire, Eng., several weeks ago.

The man suspected is a third-class passenger, who gives his name as George Rogers, and who says that his address is Market Street, Chicago. Soon after leaving the other side of the Atlantic, as told in a cable to the Times a few days ago, the captain of the Grampian received a wireless message telling of the murder and of the man suspected. The captain replied that the suspect was aboard, but there was evidently a mistake in connecting him with the crime, as he professed total ignorance of the affair. It would seem that this explanation has satisfied the English authorities, as both the local police and the Dominion Immigration authorities say that they have received no instructions to hold the man up here. It is said, however, that an international detective is in the city in connection with the case.

The Grampian was due to arrive here early this morning, but she was held up for some time this morning off Brierley Island by fog, and it is expected that she will be late this afternoon before she arrives.

Capt. Kendall in Port The C. P. R. steamer Ruthenia, Captain Kendall, arrived last midnight and anchored in the stream. She docked at No. 1 berth, west side at 9 o'clock this morning and landed her twenty-five passengers, all of whom are destined for the west.

The Ruthenia left Trieste on Jan. 7 and Naples on Jan. 12, crossing the Atlantic by the southern track, and had a fair passage all the way across.

Captain Kendall was commander of the C. P. R. Liner Montrose, when he assisted in the arrest of Doctor Crippen and it is a coincidence that he and his vessel arrived here on the same day as the Allan Liner Grampian, connected with which there is a somewhat similar interest.

Speaking about cases of this kind, where fleeing criminals escape from the country where their crime was committed by ocean going steamers, Captain Kendall said that the commanders of steamers should be taken more into the confidence of the police authorities and they would be of better assistance in the apprehension of criminal suspects.

Steamer Manchester Port, of the Manchester Line, from Manchester via Halifax, arrived in port this morning, docking at No. 6 berth at 10:15 o'clock. The vessel had a very rough passage across the Atlantic, but the passage from Halifax was fair. She struck extremely rough weather off the Banks and the barometer readings were exceptionally low, the glass going as low as 27.80. The ship has about 200 tons of coal freight. She landed 250 tons at Halifax.

Furness Liner Kanawha, Captain Kellman, arrived in port this morning from London via Halifax, docking at the I. C. R. pier a little after noon. She brought about 90 tons of cargo.

Battle Liner Tanagra, Captain Dalton, sailed here morning from Antwerp for Cardiff.

Report to Board of Trade Council on Matter of Timely Interest

That investigation into actual conditions in St. John seems to refute the statement that the cost of building is unduly high in this city is the substance of a report submitted to the council of the Board of Trade this morning. The chairman of the department of civic recommendations, however, the revision of the building laws to make the erection of residences an easier problem. The report is as follows:

To the Council of the Board of Trade:—With reference to the communication of Mr. F. G. Spencer, the department of civic wishes to report that it is collecting data bearing upon the cost of labor, material and other elements entering into the cost of building in this and other cities and expects shortly to be in a position to present some information on the subject. So far as the investigation has gone it appears that, while the cost of labor and materials is naturally lower in the smaller towns of the maritime provinces, it is, generally speaking, higher in cities of like size, or larger than St. John; that where houses are apparently built at less cost in large cities it is due to building a considerable number of what may be termed a stock design under one contract and the opportunities for economy in the purchase of material and in the application of labor thus afforded. That class of houses is usually of shabby construction and it has yet to be shown that individual houses of substantial construction cost more in St. John than in other cities where like conditions prevail.

With regard to building regulations which form the subject of the greater part of Mr. Spencer's communication, there can be no question but that the city needs an entirely new or thoroughly revised building law, which should embody also what is usually termed a housing code. The housing commission has had this matter under consideration and as soon as the results of the proposed housing investigation are made known hopes to take up the whole subject of building regulations in conference with the department of public safety.

In the meantime there seems to be no reason why the law should not be so amended as to permit the erection of a class of houses which Mr. Spencer refers to in certain districts where they are now prohibited, although no doubt the districts also need some revision.

(Sgd.) W. F. BURDITT, Chairman, Department of Civic.

MR. SAYRE CONFIRMS REPORT OF SALE OF STREET RAILWAY STOCK

The report that F. E. Sayre has sold out his interest in the St. John Railway Company, amounting to about 800 shares, was confirmed by Mr. Sayre this morning, but Mr. Sayre said that he did not know of this having to do with any project for amalgamating the company with any other body. It was said that the purchasers of the stock were Col. H. H. McLean and F. R. Taylor, and that they would hold control of the company. Mr. Taylor did not deny the purchase, but would not confirm the report that he and Col. McLean had held control. He said that he had not been held by anyone with any suggestion for amalgamation with the Suburban railway, the Hydro-Electric company or any other concern, and that there is no change in the situation with regard to the company's business.

GOVERNMENT MEMBERS TO MEET DELEGATIONS

Premier Flemming, Hon. John Morrissey and Hon. John E. Wilson will meet a delegation this afternoon to discuss a request for an increased subsidy for the ferry service on the river now carried on by the steamer Maggie Miller.

A delegation of local doctors will also wait upon the members of the government with regard to the medical congress to be held here soon.

Speaking of his recent trip to Ottawa in the interests of maritime representation in the federal parliament, Premier Flemming said this morning that there had been no new developments and that he expected that he would have to return to Ottawa on the same mission before long.

"WHEN WE WERE TWENTY-ONE" A FINE PRODUCTION

Amateurs, Under Auspices of Irish Literary and Benevolent Society, Delight Large Audience—The Cast

"When We Were Twenty-One," the comedy-drama which was staged last evening at the Opera House by members of the Irish Literary and Benevolent Society, was a decided success. The house was filled with an enthusiastic audience who showed their appreciation of the work of the amateurs by their frequent applause. The story is one in which Richard or "Dick" Carewe is the most important figure. His chin, Richard Audain, known as the "Imp," falls in love with a dance hall girl, Dick, however, wants his to marry Phyllis, the daughter of his housekeeper, but his wife secretly marries the dance hall girl and is indignant with Dick for interfering with his affairs. Dick afterwards learns that Phyllis has a strong affection for him, and as he has loved her for years their affairs are happily adjusted. Probably the most difficult part was that taken by D. J. Carr, who acted the part of Richard Carewe to perfection. Miss Stella Pyne took the part of Phyllis Ericson, the daughter of Dick's housekeeper, and although she had a difficult part to play, she proved herself equal to the occasion. Miss Caples played admirably in the part of Kate Glyneske. Fred A. Hazel had a difficult part in the role of "The Imp," but his part was decidedly well taken. Miss Kathleen O'Malley as Babetta, was much admired. Miss Vera King was seen to advantage as Budgie, and Miss Gertrude King won praise in her part as Mrs. Ericson. The excellent presentation of the play showed the results of careful preparation. The elaborate specialties between the second and third acts were attractive features of the evening. "When Cupid Comes A-Tripping," which was put on by Miss Florence Halpin and T. Chip Olive, was much appreciated. Between the third and fourth acts "You Want to Go To Tokio," a piece, delighted the audience, the singing of Gerald McCafferty being heartily applauded. The specialties were arranged and directed by John A. Kelly and won him hearty praise. Miss N. Barry was accompanist. The following is the cast of characters: Richard Carewe... D. J. Carr Sir Horace Plumby (commonly called Waddles)... J. B. McCloskey, Jr. Colonel Miles Graham (The Soldier)... M. F. Kelly Terrance McGraith (The Doctor)... M. F. Kelly Richard Terrance Miles Audain (The Imp)... Frank T. Hazel Herbert Corrie... J. W. E. Gale James Hirsch... Geo. T. Creary Hughie Belmont... Miss Gertrude A. King Wallis Brundall... Miss Mae Caples Mrs. Ericson... Miss Stella Pyne Phyllis Ericson... Miss Stella Pyne Act I—Dick Carewe's room in his flat in Clement's Inn. Evening. Act II—Same scene. Next morning. Act III—Room in Miss Glyneske's apartments. Same night. Act IV—Same as Act I. Midnight. The ladies and gentlemen of the chorus were: Misses Gertrude McCafferty, Armalie Carney, Zita Sweeney, Bertella Sweeney, Mary Crowley, Rose Phillips, Katie McGrath, Marnie McGrath, Gertrude McGraith, Josephine Connor, Helena Scully, Gussie Wallace, Elinor Wallace, Florence Halpin, Gertrude McManus. Messrs. Matthew T. Morris, Gerald McCafferty, Daniel Owens, T. Chip Olive, Harry Dever, Edward O'Hara, Edward Pratt, John McManus, George Connell, John Lynch, William Fitzgerald, Mrs. Matthew O'Neill, Mrs. John Dalry, Mrs. F. B. Fitzgerald, Mrs. William Pyne, Mrs. Fitzgerber, Mrs. Fitzgerald. The play will be repeated tonight when the various societies of the city will be represented.

CHILDREN HATE OIL, CALOMEL AND PILLS

"California Syrup of Figs" Best For Tender Stomach, Liver, Bowels

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them. With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them. If your child's stomach, liver and bowels need cleansing give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with castor.

Brooklyn Woman Has Eight Children and Husband Cannot Provide for Family. Brooklyn, N. Y., Jan. 30.—Mrs. Maximilian Seufert, 87 years old, mother of eight children, is ready to offer the youngest of them—Henrietta Alma Seufert, aged ten months, to a good family for adoption owing to the impoverished position she is in. "It is either a question," she said, "of having all eight children with my husband and myself put out on the street when our rent comes due on February 1, or of giving up the baby for some consideration."

LIBERALS' FREE WHEAT MOTION DEFEATED

Ottawa, Jan. 29.—By a vote of 102 to 57, a government motion for a resolution before adjourning for the state ball this evening, voted down the Liberal amendment calling for the removal of customs duty, submitted by De Neely, the member for Humboldt. It was a straight party vote, with the exception of W. F. MacLean, South York, who voted with the opposition. The address in reply to the speech from the throne was passed without further debate. Before rising, Hon. Mr. Perley, in the absence of the minister of finance, submitted to the house the estimates for the coming fiscal year. One proposal, definite and concrete, if somewhat unusual, to solve the problem of the high cost of living, and the present stress of hard times, has finally been submitted from government benches. Mr. Rainville proposes bounties to railways. The Chambly-Vereches friend of Sir William McKenzie et al. spoke in all seriousness. Sooner than see the free food and free wheat proposals of the Liberals acted upon he would see this government pay bounties to railways and depend upon these corporations to improve conditions by increased transportation facilities.

THE PAVING LAW.

To the Editor of the Times: Sir—I have received a notice from the Board of Trade to attend a meeting to discuss the pavement law; said meeting to be held at 4 p. m. Monday. As this is a very important matter and one that the Commission are anxious to get public opinion on, and as the passing of the law means an improvement in our streets, which we have been waiting for many years and the defeat of the proposed law means the continued bad streets, and as the large proportion of property owners are not members of the Board of Trade, I would suggest that the meeting be held at 7.30 p. m. instead of 4 p. m., and that the meeting be open to the public. This would give a long evening to discuss matters, but the 4 p. m. meeting would only give two hours at the most. Yours truly, A. O. SKINNER.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-time Recipe That Anybody Can Apply

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair. A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant. Agent—Wasson's 5 Stores.

THE DELICACY OF BABY'S SKIN

Cold Air, Rough Winds, Strong Soaps Often Bring on Chronic Eczema. More beautiful than the rose is baby's skin when in health, and so delicate that it is susceptible to anything which irritates. For this reason baby's skin troubles are many, and frequently chronic itching eczema is developed. Nothing can be better for baby's skin when irritated, than Dr. Chase's Ointment, and when eczema is developed you can apply this preparation with the knowledge that its wonderful record as a healer of the skin is due to the success it has proven in the cure of eczema. The intense itching of eczema of the face and scalp is very hard for the little one to bear, and is a source of worry and anxiety to the mother. The itching parts are scratched, and nasty and colored scars are formed. Eczema naturally becomes chronic and spreads over the body. You can positively control eczema and cure it by the use of Dr. Chase's Ointment. What is better still is to use this ointment for all chafing and irritation of the skin and prevent eczema from getting started.

Daily Hints For the Cook

Golden Corn Cake Use twice as much Indian meal, yellow cornmeal, as wheat flour and the same amount of butter, in weight, as sugar, leaving out yeast working ingredients (rice) and a suitable flavoring is a little of both nutmeg and cinnamon. Mix together, while dry, a scant half-teacup wheat flour, 1 heaping teacup sugar. Soften a full teacup of butter and beat well 4 eggs, emptying both into center of dish containing dry ingredients. Gradually mix the wet and dry together, and beat the whole considerably longer than you would an ordinary cake batter. It does well baked in a tin 10 inches long, 6 1/2 inches wide and 2 inches deep. The oven should be moderately quick, allowing one hour's time to bake. It is usually well to allow a little longer.

LAST NIGHT AT VICTORIA STREET REVIVAL SERVICE

There was a very large attendance at Victoria street Baptist church last evening to hear the evangelist, Rev. Dr. Burrows. He took for his text, "I waited patiently for the Lord and He inclined unto me and heard my cry."

The preacher said that David had been for a long time in right relations with God, but there came a day when his enemy overcame him. There were two classes of temptation, gradual and sudden. The former led a man down gradually but surely until he gave up his religious duties and drifted into evil habits. David's temptation was sudden. He was on his guard, but down he went, and when the peace and light were gone he turned with a sad heart and cried unto God.

Some yielded to sudden temptation, some did not. The preacher told of a prince who caused a slave to weld a chain and then had him bound with the chain and cast into a pit to die. He who yielded to temptation welded the chain with David who to God and heard and he was brought out clean and clear. God's forgiveness was complete, but there must be true repentance. David repented and God heard his cry. There were pits of jealousy, of enmity, and a host of others into which people fell, but if they truly repented God would lift them out and send them into life with a new, clean, unburdened and untrammelled heart, ready to do the best work for God and man.

Dietetics was the subject of an interesting lecture delivered by Miss Jessie Church in the Natural History Society rooms yesterday afternoon. The speaker pointed out the importance of proper and sufficient food, the neglect of which was the cause of more deaths and imperfect development than all other causes combined. Economy in the purchase of food, the different kinds of food necessary for all ages and occupations, and the preparation of all kinds of eatables, were dealt with in a very instructive manner. The lecture was greatly enjoyed and a vote of thanks was tendered Miss Church.

MR. BORDEN'S WEAKNESS.

No government could ask a greater opportunity to prove its ability to conduct the affairs of the country in such a manner as to make better the conditions of life for the average man than is now offered to Mr. Borden and his colleagues. They are confronted with conditions which are making it harder for the average man, because there is less employment and because the cost of living is greater and continues to increase.

ACCIDENTS YESTERDAY

Several accidents occurred yesterday about the city and vicinity.

Charles Crawford was badly shaken and his horse was killed, when his fine bay pedigree gelding "Kilho" bolted and ran from the head of Mill street nearly to the Union station, where he collided with a telegraph pole, breaking his shoulder.

The animal lay for some time in Mill street before it was put out of agony. A policeman, who arrived on the scene, found that his revolver was not capable of firing a fatal shot.

The dead animal was a valuable horse and had a splendid track record. Mr. Crawford's pecuniary loss is about \$850.

EX-SENATOR CULLOM DEAD

For Thirty Years Represented Illinois in U. S. Senate

Washington, Jan. 30.—Ex-Senator Shelby M. Cullom of Illinois, is dead, after an illness of more than a week. His last words were a wish that he might have lived to see the completion of the national memorial to Abraham Lincoln, who was his personal friend.

When he became city attorney of Springfield he launched upon a political career of unbroken service unchallenged by any other American. He was elected to the legislature and defeated as an elector on the Fillmore ticket. In President Lincoln's second term Mr. Cullom came to the National House of Representatives.

A WONDERFUL CURE OF AN ABSCESS BY Burdock Blood Bitters.

Mr. A. W. Dryden, Amherst, N.S., writes—"I am going to tell you what Burdock Blood Bitters has done for me. I took him to a doctor in St. John, N.B., and he told me it would get well in a few days, and wanted me to keep it squeezed out. It did not seem to get any better, so my wife took him back. The doctor told her to take him home and it would soon get better. It would gather and break, and it went on that way until he was over four years old.

He lost four pieces of bone out of where it was lanced, and two pieces came from his mouth; he has lost all of his cheek bone, and his eye was drawn down. I took him to doctors in St. John, Montreal, and Amherst, and

THE HERBERT MARRIAGE

A new turn has been given to the case of the Herberts, whose marriage was annulled by Archbishop Bruchet, and by civil effect to the annulment by Judge Laurendeau. The Quebec supreme court has reversed Judge Laurendeau's decision and Mrs. Herbert gets back her legal marriage status, though the marriage is not recognized by the church.

HEWSON'S SHAREHOLDERS MEET HOLD RATHER STORMY SESSION

Management Come in For Considerable Criticism But Willhold Making Any Statement Until Meeting of Investigating Committee

(Amherst News)

The special meeting of the bondholders and shareholders of the Hewson Pure Wool and Textile Company, held yesterday afternoon, was anything but a love feast.

At the previous meeting held some weeks ago there was a special committee appointed to investigate the affairs of the company and prepare a report as to what action should be taken with regard to the future operations of the concern.

Lieutenant Colonel Weston of Halifax was a member of the committee, but could not attend the meeting, and hence, tendered his resignation.

Yesterday afternoon's meeting was called for the purpose of appointing a successor to Colonel Weston. The president, Mr. Frank Stanfield, M.P.P., presided, and there were a fairly representative number of shareholders and bondholders present.

Mr. Stanfield explained briefly the object of the meeting. Immediately after his remarks, W. H. Weatherly, the well-known broker of Halifax, took exception to the report. He declared it to be illegal, and that the shareholders and bondholders should not be asked to investigate until the committee of investigation was ready to report.

Having placed his objections before the meeting with an intimation that he might be heard from through another channel, Mr. Weatherly withdrew and took no further part in the proceedings.

Mr. George Corbett, of Annapolis Royal, then gave a very pointed review of the history of the company since its reorganization, somewhat over two years ago. He read extracts from the original prospectus sent out by F. B. McCurdy & Co., explaining the statements made by Mr. Stanfield that he had personally inspected the plant and recommending it to the public as an investment.

He also read a number of contradictory letters from the officials and directors, and rather severely criticised the management. Dr. J. G. MacDonnell, H. L. Hewson and a number of the other shareholders and bondholders pressed for information with regard to the removal of the building plant to Truro and other points, but no information was forthcoming, the officials doubtless desiring to make their first statement to the committee of investigation.

One bondholder prefaced his remarks by inquiring of the president if he knew of any physical force or the operation of any law that would prevent people from entertaining certain opinions with regard to individuals. Premising his remarks with this query, he went on to say that if there was any mistification or through business conditions that unavoidable the present crisis had been reached, then the bondholders and shareholders would cheerfully accept the results, they would take their loss of the management and go down with them.

If, on the other hand, the industry had been purchased at an inflated value and then a deceptive prospectus issued to be given to investors, then another opinion might be held. He stated that he was still further, if the industry had been juggled in the stock market for the advantage of the few and the disadvantage of the many, it was open to people to hold their own views on the subject.

He intimated that there was a colored gentleman in the wood pile, and if the committee could be formed to place an appeal would have to be made to other sources. The discussion all terminated in appointing Major Bligh, of Halifax, as a member of the committee to take the place of Colonel Weston. The committee will probably report as soon as possible, and it is to be hoped that some plan will be formed to place the industry again on a solid basis, and that a satisfactory explanation can be made to the men who invested their money in it.

DEBT OF SIX GOLF BALLS.

New York, Jan. 30.—Prof. William Garrott Brown, lecturer on history at Harvard University, who died in New Canada, Conn., on October 19, 1913, will in which he stipulated that before his bequests were paid certain "debts of honor" must be liquidated.

The stipulation was made in two memoranda attached to the will, the writer saying in the first of these that his creditors would not press their claims, as they were all friends of his. He did not want them to lose their money, hence this method of calling attention to the debts.

The "debts of honor" are set forth as follows: Owing to L. Townsend Burden, Jr., six golf balls. To John C. Breckinridge of New York, \$5. To William Luce, Ft. Smith, Ark., \$20. To Dr. Arthur B. Duell, New York, \$1,494.88 and interest.

Professor Brown wrote that the money owed Mr. Smith had been borrowed. The second memorandum had largely to do with the times he had borrowed from Smith, and the amounts. He also referred to books he had written.

The estate was left to Wilson R. Brown, who is dead, and Eugene L. Brown, of Birmingham, Ala. But Eugene will receive nothing, as Professor Brown left less than enough to pay Mr. Smith.

SCHOLARSHIPS FOR WOMEN

Plan of Empire League to Commemorate The Peace Centenary

London, Jan. 30.—A movement to commemorate the Anglo-American peace centenary by establishing a service of scholarships for women tenable at Gipsy, Newham or Bedford College, is being instituted by a section of the League of Empire. The proposal is for scholarships organized similarly to the Rhodes scholarships, and would be open to women of the English speaking nations between the ages of twenty-one and twenty-six, and would have an annual value of \$1,250, tenable for two years.

Madame Thayer, hon. secretary of the Women's Scholarships Committee, explaining the proposal, said: "The scholarships would be a living memorial to the hundred years of peace. The expenditure has already been tried successfully, for in 1910, when Miss Points, an American girl, was sent over here for two years by the general Federation of Women's Scholarships Committee, explaining the proposal, said: "The scholarships would be a living memorial to the hundred years of peace. CALGARY LIBERALS ACTIVE

The Liberals of Calgary have taken on a new lease of life and are making preparations for the most vigorous winter's campaign of their career.

In fact, the association will go so far back from Ottawa for long enough to deliver one of his justly famous orations, says the Western Standard.

The unusual activity in the Liberal ranks is said to indicate that they expect an early federal election, and are accordingly strengthening their forces to the end that they may give the Conservatives a real taste on the occasion of their engagement.

Winthrop Child Was Restored To Health by Vinol

"Five years ago our little girl had a severe attack of diphtheria which left her subject to bronchitis and stomach trouble. She has been almost constantly under medical treatment. I have tried also two or three remedies containing cod liver oil, but found her stomach rebelled against the oil.

A., of Montreal, met in conference at Centenary church with the Methodist ministers of the city and others from outside points, as well as several laymen, representing the temperance and moral reform committee of the various Methodist churches of St. John.

The million packet soup

This soup, of which millions of packets have already been sold; this soup, which has taken over a quarter of a century to perfect; this soup, which is prepared from the finest of Irish garden-grown vegetables—surely it is worth making the right way.

Boil it for half-an-hour at least. Give it plenty of time to cook. It's worth it.

Edwards' Soup is good as a soup by itself, it is good as a strengthener of other soups; good as a thickener of gravies; good for babies, good for stew—too good to be spoiled by insufficient boiling.

But you must give them half-an-hour—worth it.

Three varieties—Brown, Tomato and White. 5c packet, and 15c tin; but the 25c tin comes cheaper.

Suffered Intense Agony With His Back. Kidneys Were The Cause.
Weak back is caused by weak kidneys, and on the first approach or evidence of kidney trouble Doan's Kidney Pills should be used, and serious trouble avoided.

Doan's Kidney Pills go right to the seat of the trouble, cure the weak aching back, and prevent any further complications arising.

Mr. John Briggs, Whitewood, Sask., writes:—"I am sending you this testimonial out of pure gratitude, as I am not a believer in patent medicines, but I got so run down, that I became quite willing to give anything a trial. I paid a visit to our local druggist, and told him I was suffering intense agony with my back. He told me I had kidney trouble, and handed me a box of Doan's Kidney Pills, saying it was the best thing he could possibly give me. I tried them, and the effect was certainly marvelous. They are worth \$10.00 a box of anybody's money, and I would not be without a box by me. I certainly owe my present condition to Doan's Kidney Pills."

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. M. Burns Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

Commercial League
M. R. A. Ltd., took three points from the W. H. Thorne & Co. team in the Commercial League, 1204 to 1171. Henderson, of the winners, was high man with 88 1-8.

HOCKEY
Hockey Player May Die.
Ross Bryan, of Ottawa, right defence for Queens intermediate hockey team, suffered a severe injury to his head while playing against R. M. C. in Kingston, Ont. He may die.

Deaf and Dumb Player Ill
Montreal Star—Henry Carter, deaf and dumb hockey player, one of the celebrated Beaver hockey team of deaf and dumb boys, is lying dangerously ill in the General Hospital and they fear for his life.

He was suddenly taken with appendicitis and was removed to the Hospital last evening.

The operation which was performed was successful, but his general condition was not very too strong at the time, and his friends are very anxious about him.

McNamara Changes Jobs.
The Toronto Hockey Club has purchased George McNamara from the Ontarios and will play him as one of the regulars for the remainder of the season. The Ontarios have also disposed of Marchbanks, who is now with the Canadiens.

RING
Buffalo Costello Dead.
Montreal Star—News reached here yesterday telling that Martin-Buffalo-Costello is dead.

Costello was born in Grifintown, and was at one time one of the best known middleweights in America.

He defeated many of the celebrated men of his class, and once fought a eighty-four round draw with Alex. Griggan.

He was exceedingly popular everywhere, whether in Canada or the United States, and extremely good-hearted.

good-hearted in fact that some of the smarter sporting men took advantage of him.

He once owned a hotel in this city, and was, before that, considered very wealthy, at the time that he ran a well-known restaurant in San Francisco.

His brother Jack left for New York to take charge of the funeral, as soon as the news arrived.

News of the Boxers.
Tom McCarey's arena at Vernon, Cal., has been christened "The Appendicitis Arena," on account of so many boxers getting stricken with that ailment just before they were to box in it.

Ad Wolgast lost \$328 by selling his end in his recent bout with Rivers at Milwaukee to the promoter for \$8,400.

Promoter McCarey of Vernon, Cal., is trying to get George Carpenter to cross the ocean to meet Jimmy Clabby.

Snowy Baker, an Australian promoter, is on his way to the United States. He is making a world's tour.

Tommy Kilbane and Red Robinson will box in Pittsburg on next Monday night.

Leo Hock and George Chip are booked for a bout in Youngstown, O., on Feb. 20.

In Williamsport, Pa., last night, Robert Fitzsimons, six rounds, won by "Knockout" Sweeney of Cleveland and floored Sweeney repeatedly.

Freddie Welsh, lightweight champion of England, defeated Leo Kelly of St. Louis in eight rounds of snappy boxing in St. Louis last night.

BASEBALL
Thanks it Rather Shabby.
Cleveland, O., Jan. 29.—Cy Fallenberg, Nap pitcher, who is reported to have signed a Federal League contract, said he is disgusted with the treatment he has received under organized baseball.

"I was whisked away to the minors when I possessed major league ability," said he. "I showed that by leading the American Association in 1912. In 1913 I came back and worked under a salary almost equivalent to that of a recruit pitcher. And I won 25 games and lost 10 for Cleveland in 1913."

"I feel that my 'come-back' increased the profits of the Cleveland Club \$50,000 and yet the contract I was expected to sign for next season granted me an increase in salary of \$9.88 a week."

Frank Roth Married.
Frank C. Roth, former catcher for the Montreal Royals, joined the ranks of the Benedicts recently, in Chicago, when he was married to Miss Maude Gleason, of that city. Roth, who is thirty-five years of age, played last season with Louisville.

Goods Will Not Be Delivered
Philadelphia, Jan. 29.—It was announced yesterday at the office of the Philadelphia Nationals that Harry Imlay, a former Penn student, who was traded to Montreal, had decided to quit professional baseball. Imlay will coach the Bordentown Military Institute baseball team this year. Imlay figured in the deal whereby Walsh, Miller, Howley, Imlay and Duncan were sent to the Canadian city in payment for Catcher Burns.

It looks as if somebody was going to be stung, for both Howley and Walsh have signed Federal League contracts; Miller and Imlay declare they will never

report to Montreal, while nothing has been heard from Duncan.

Buffalo Player Jumps to Feds
The first player belonging to the Buffalo International League Baseball club to "jump" organized baseball and join the ranks of the Federal League is Fred Beck, Bison first baseman, who, according to word received by a friend, has signed to play with the Chicago Federal League club next season. Beck has not signed with the Buffalo club for next season, and as the terms offered him by Joe Tinker, \$8,000 a year for three years, were better than those made by the local club, it is apparent that the Bisons' first baseman grabbed the chance.

A Tearful Affair
The bride read the recipe over and said: "I'm really afraid that these onions are strong; And it says, 'Under water's the best way to peel them,' But I never can stay under water that long."

Gladys—Did the hostess put you next to Mr. Verlat at the dinner last night? May—Well, I should murmur! She told me his whole awful past— "Judge."

ROBT. PICKFORD IS DEAD IN NICE

Halifax Shipping Man and Former President of The Board of Trade (Special to Times) Halifax, N. S., Jan. 30—A cable from Nice announces the death of Robert Pickford, of the Halifax shipping firm of Pickford & Black. He retired from the firm two years ago and, being in poor health, was in the habit of spending the winters abroad. He leaves his wife, but no family. No man in Halifax took a deeper interest in the development of the port than did he. For several years he was president of the board of trade.

MONCTON PROTEST ON I. C. R. RATES

Railway Town Charges Discrimination and Says St. John is Favored (Special to Times) Moncton, N. B., Jan. 30—The Moncton board of trade is protesting against the rates on the I. C. R., saying there is discrimination against Moncton. At a meeting last evening several grievances were presented to C. A. Hayes, general traffic manager, who promised consideration. J. F. Edgett submitted a comparison of rates to show discrimination against Moncton as compared with St. John in importing grain and other goods. In importing from Chatham, Stratford, Peterborough, Fort William and other points in Ontario from ten to forty cents a ton more is paid by a wholesaler dealer in Moncton than in St. John, but St. Andrews, St. Stephen, Welsford, Harvey Beach and other points outlying from St. John, would have saved \$5,000 in local freight rates in the last year. He said St. John manufacturers also had an advantage over Moncton in distribution.

LOCAL NEWS

MACDONALD-DUNPHY. James W. MacDonald of Blackfield, and Miss Dora B. Dunphy of Blissfield were united in marriage at Fredericton on Wednesday.

APPLICATION REFUSED. In the county court chambers this morning in the case of Baird & Peters vs. Burpee A. Greer, Judge Forbes refused the application made in behalf of the defendant for discharge. The plaintiff, who may be assigned for the benefit of his creditors, was arrested by the plaintiffs on a bailable writ. An examination was made and the defendant's application, C. F. Sanford appeared for the plaintiffs and no person appeared for the defendant. The application was then dismissed.

ALONG THE RIVER. Charles Parker, of Public Landing, was in the city today. He says the ice is out of Grand Bay and out of the river to Woodman's Point. The farmers do not, therefore, expect to do much driving up and down the river this winter. Mr. Parker says there is a good deal of interest at the Landing in a rumor that the location of the road to what is called the Backlands is to be changed. There will be, he says, very strong opposition to the proposal. A considerable quantity of logs is being hauled out at the Landing this winter.

AN ENJOYABLE EVENING. A very enjoyable time was had last evening in Brussels street Baptist church when the choir entertained the members and congregation at an at-home. Part of the evening was devoted to an excellent musical programme which was followed by refreshments. The choir under the direction of W. H. Allen gave several selections and the following also took part: Elting Brown, Albert F. Beiding, Mrs. Bell, Mrs. Brown, Miss Mildred Kierstead, Miss Beryl Blanch was accompanist. The choir and artists were highly congratulated on the success of their efforts. Rev. M. F. McCutcheon presided.

MAINE'S POTATO CROP

At a meeting of Maine potato growers Clarence A. Day of Presque Isle told of the growth of the potato industry in Maine. In 1899 the acreage was about 185,000 acres, and the crop was valued at \$9,000,000. The number of bushels raised was about 715,000. In 1909 the crop amounted to 25,000,000 bushels, with a corresponding increase in the value and acreage. Among other things, it was brought out that the new Aroostook farm, at Presque Isle, which has been bought by the state for the purpose of conducting experiments in potatoes, will doubtless prove a boon to the growers of Aroostook. Tests of potato growing, conducted on one of the largest and best potato farms of the garden county, will be made in soil that is typical of the Aroostook variety. Practically nothing but potatoes will be experimented upon here, the fruit and grain tests of the experiment station being confined to Highmoor farm. The formaldehyde treatment for disinfecting potatoes was talked of at length. Prof. Morse agreeing with previous speakers that the best method for insuring an absence of blackleg and other diseases is to soak the seed in formaldehyde liquid for several days. Other ways of using this disinfectant have been tried, such as placing the potatoes in a closed room and filling the room with formaldehyde gas. If conditions are perfect, this may be done successfully, but it is difficult for the grower to get a room hermetically sealed, which will keep the gas confined. Sprinkling the liquid on a pile of potatoes is not the best method, either for every portion of the seed is not reached in this manner. The safest and best way is to soak the seed in the liquid.

WHO IS THIS MAN WITH BLACK CAPE?

Holds Up Woman in Market Square and Said to Be Lurker in That Vicinity

A young lady who lives in Carleton writes to the Times that she came down Dock street on Tuesday evening about 9:30 and cut through Market Square to go along Water street to the ferry. She was intercepted by a man dressed in black and wearing a black cape. He was short and stout, with a red face, and probably more than forty years of age. He caught hold of her and asked where she was going. She replied that she was going to her home in Carleton. He produced some money and asked her to go with him, and when she refused he caught her again and tried to force her to go down the wharf. When she threatened to cry for help he put his cloth cape over her face. There was no one in sight at the time, but a moment later a man came along Water street and her assailant ran away. When the young woman reached the ferry boat she met a girl friend, who said that this man made a habit of lurking about this locality and that he worked on one of the boats in the harbor.

REV. D. S. O'KEEFE IS APPOINTED TO PARISH

Promoted by Bishop to Charge of Kingsclear in York County—Freeman Loses Able Editor Rev. David S. O'Keefe received last night at the hands of His Lordship Bishop LeBlanc promotion to the charge of the parish of Kingsclear, York County. The appointment will become effective on February 10. He will make a preliminary visit during the coming week, and remove permanently within the time stated. Rev. Father O'Keefe is a native of this city, having been born in Carleton, the son of the late Phillip J. O'Keefe, so prominently connected with C. M. B. A. matters and other activities. He attended the public schools here, and later studied at St. Joseph's University, graduating in 1898. For the next four years he was engaged in newspaper work, starting as reporter on the St. John Gazette and later transferring to Montreal, where he became a valued member of the Montreal Gazette staff. In 1902 he took up his theological studies at the Grand Seminary, Quebec, and he was elevated to the priesthood in the Cathedral here by Archbishop Casey, then Bishop of St. John, on June 29, 1903. He has since been attached to the Cathedral parish and for the last seven years has had charge of the missions of Hampton and Robitash, N. B. matters and other activities. While many will regret his going, they will also be pleased at his promotion to the position of parish priest. Father O'Keefe's successor as editor of the New Freeman has not yet been announced, but probably will be made at the next meeting of the directors. His predecessor at Kingsclear was Rev. F. X. Cormier, who has been transferred to Aboujagane, Kent County. The pastures, Rev. H. D. Cormier has been transferred to Moncton under the new division of the Moncton diocese. In Kingsclear, Father O'Keefe will also have charge of the missions of Cork, Newmarket and Hanwell.

DRIVEN FROM HOME BY FIRE IN ZERO WEATHER. The fine dwelling of John Hawkes at North Tay, York county, N. B., was destroyed by fire a few nights ago. The flames burst out suddenly in the middle of the night and had gained considerable headway before being noticed. The family were asleep at the time and narrowly escaped, being from the burning house to the barn clad only in their night clothes. Frank Hawkes, brother of the owner, who lives nearby, heard the screams of the frightened occupants and rushing to the scene found the family huddled together in the barn. It was zero weather at the time. He cared for them at his home. Mr. Hawkes, who owned the burned dwelling, was at work in the woods at the time of the fire.

GRAND MANAN FOX FARM.

Several other prominent citizens of Grand Manan have established a fox farm on the island and on a recent trip of the Grand Manan boat from St. Stephen there were over \$7,000 worth of foxes on board to be taken to the farm. This is the second fox farm to be established in this vicinity this winter, the other one being a few miles outside of the town of St. Stephen, where there are some very valuable black foxes.

TROUBLE IN CAMPBELLO.

An Eastport letter in the Bangor Commercial says:—An injunction has been placed on the affairs of the Campobello Land Company. The new corporation which recently purchased the Island, by the former owners and everything is tied up. Those who have been engaged in cutting the timber on the island have been ordered to cease any further operations and it is reported that the affairs of the company are badly mixed up and that a receiver is to be appointed in a few days to take charge of the business.
