Dear Sir,-

We are today in receipt of the Grant from your Department to The Imperial Oil Company, Limited, of portions of Tecumseh and Park Streets and of the lane between Lots 5 to 9 inclusive, Range V, and Lots 5 to 9 inclusive, Range VI, I looked over your description and I fear that the draftsman has mistaken the dimensions of Block 49. You will notice that the description by metes and bounds reads "Commencing at the South West corner of Block No. 49." According to the Registry Office 49 is not a Block but a lot which has its Westerly boundary at the water's edge of the River St. Clair and extends back from that from 2000 to 3000 feet. The description by metes and bounds also mentions Block 50. This also is Lot 50 which commences at the water's edge and extends back from 2000 to 3000 feet. These are the lots which were ceded by the Indians and the Indian Department to the Town of Sarnia and are lots similar in frontage and depth to the present Lots 44, 43, etc., in the present Indian Reserve which is immediately

You will also have a copy of the By-law passed by the Town of Sarnia which gives a correct description of the parcels which The Imperial Oil Company, Limited, is purchasing, and these parcels are all as set out on registered plan Number 25 for the Town of Sarnia. We would suggest, subject to your approval, that the particular description,read as follows,-

"Commencing on the East limit of Park Street where the same is intersected by the Northern limit of St. Andrews Street, thence Northerly along the East limit of Park Street to the South limit of Tecumseh Street, thence Easterly along the South limit of Tecumseh Street to the West limit of Dufferin Avenue, now known as Christina Street, thence Northerly along the West limit of DufferinAvenue to the North limit of Tecumseh Street, thence Westerly along the North limit of Tecumseh Street to the West limit of Park Street, thence Southerly along the West limit of Park Street to the North limit of St. Andrews Street, thence Easterly along the North limit of St. Andrews Street to the West limit of Park Street being the place of beginning all according to registered plan Number 25 for the said Town of Sarnia.

Memorandum

For the Deputy Superintendent General

Ottawa, May 6, 1913.

With reference to the application of the Imperial Oil Company, I desire to state that the portion of St. Andrews St. in the town of Sarnia which it is desired to close is situated in a part of the Sarnia Indian Reserve which was surrendered and subdivided for sale many years ago. All the property adjoining the said portion of street has been sold and there is no other property held by this Department that will be affected by the said closing.

If the Town Council takes the requisite steps to close the street, it has been held in cases immediately contiguous that the fee is then held by this Department, and consequently application has been made here.

A few years ago in the last of the cases referred to $590. per acre was charged. On consulting with Mr. Orr we are of the opinion that $600. per acre should now be charged. I beg to submit the draft hereunder addressed to Messrs Hanna, Lesseer & McKinley for your approval.

From our information this parcel contains in all 6.329 acres. We expect that the bylaw closing these streets will be passed as soon as the time has expired for the necessary publications, after which, we will forward you a copy.

In the meantime we would like to arrange for the purchase of the portions of the streets so to be closed by the City and would be glad to have you advise us of the price the Government will require for these portions of streets. Section 472 of the Consolidated Municipal Act of 1922 requires that we obtain the consent of your Department before the Bylaw is passed and we would appreciate receiving the same at your early convenience.

2. That portion of King Street extending from the south limit of St.Clair Ave. to the north limit of Chippewa Street.

3. That portion of Chippewa Street extending from the west limit of Christina Street to the east limit of King Street.

This information is required in order that the Department may be in a position to object to the passing of the said By-law, should it be found necessary to do so.

Sirs,-

In reply to your letter of the 29th ultimo, I have to inform you that the Department does not understand why those streets mentioned in your letter should be closed and disposed of by sale, unless similar action is taken with regard to that portion of Park Street lying between St.Clair and Chippewa Streets and also those lanes East and West of those portions of Park Street situate in the adjacent blocks, as it would appear that, if those streets enumerated in your letter are closed, it would cut off from public access the portion of Park Street and those lanes above referred to. The Department is not, therefore, disposed to consent to the closing and sale of the streets enumerated by you, unless a good and valid reason could be supplied for not including the parcels mentioned in this letter.

Survey plans did these streets get closed WRW

The area of the streets and lanes mentioned in your letter has been computed at 6.33 acres and the additional area to which I have referred has been computed at 1.161 acres, making a total of 7.491 acres.

If arrangements are made for the closing of all those streets and lanes comprised in the area of 7.491 acres, the Department is willing to effect the sale of these for $4494.60, which is at the rate of $600.00 per acre and is the price realized by the Department from the last sale of streets made in that vicinity.

Dear Sir: Re closing streets, your file 330181

We have your favor of the 6th inst. We regret that we did not mention in our previous letter to you that, that portion of Park street between St. Clair Ave., and Chippewa street and the lanes east and west of that portion of Park street had been deeded to the Imperial Oil, Limited, by a crown grant, dated the 2nd of January, 1912. The price paid for this property to the Department at that time was $600.00 an acre throughout. It would indeed be hard to understand why application for closing the other streets was made if these streets had been left open. We trust the matter will now be plain to you.

O.K.

In these circumstances we presume the total acreage would be 6.33 and at the price mentioned, $600.00, an acre, the amount owing to the Department will be $3798.00. We are proceeding with the closing of the streets mentioned in our letter to you of the 29th ult., on the understanding that the Department will be willing to convey this property for the above amount.

Very truly yours,

Sir,

Under date of the 16th January, 1924, a Patent was issued out of your Department in favour of The Imperial Oil Company, Limited, for certain Indian lands at Sarnia, being portions of streets which had been closed. The Solicitors who made the application for this Patent overlooked the fact that the name of the Company had some years previously been changed to Imperial Oil Limited, the legal result being that the Patent was issued in favour of a Company which had no legal existence.

We would esteem it a favour, acting as we do on behalf of Imperial Oil Limited, if a new Patent, reciting the error, could be issued in favour of Imperial Oil Limited, and we will feel obliged if you will consider the matter and let us know, at an early date, if this can be done, and whether or not you will require a more formal application to be made.

Dear Sir:

Imperial Oil Limited, are the owners of all the land on the west side of Christina Street and north side of Clifford Street in the southern part of the City of Sarnia lying west of the Pere Marquette Railway tracks, with the exception of Chippewa Street from the railroad tracks to the east limit of King Street, and King Street from the south limit of Chippewa Street to the north limit of Clifford Street, and the Company has applied to the City of Sarnia for the closing of those parts of the above mentioned streets.

You will remember that in 1923 the Company, with the consent of your Department, closed parts of St. Clair Avenue, King Street, Chippewa Street, Park Street and all of two lanes, all of which are set out in our letter to you of October 29th, 1923.

From our information this parcel contains one and thirty-two tenths acres. The previous purchase price was at the rate of $600.00 an acre and we will be very glad to receive advice from you as to whether it is satisfactory to your Department to sell this land to us at the above price when the same has been approved of by the Corporation of the City of Sarnia.

Very truly yours,

Sir,-

I am enclosing for your information a copy of a letter sent this date to the City Clerk, Sarnia. It is considered that if the Department should consent to the by-law which the Imperial Oil Company proposes to have passed, unless there are good and valid reasons, the lanes referred to in this letter should also be closed. If the Department consents to the closing, sale of course will be made to the Oil Company. The previous sales made to the Company in this part of the City of Sarnia were made at the rate of $600.00 per acre. The last sale made at this rate was in 1923 when demand was made to the Company for the same price per acre as they had paid for similar streets in 1913.

I have to ask you to report on this question and also state whether you consider $600.00 ample compensation or if it is your opinion that a higher rate should now be charged.

Your obedient servant,

Sirs,-

It is noted that your letter of the 25th instant, which refers to the closing of certain portions of King and Chippewa Streets in the City of Sarnia, does not refer to the closing of those lanes parallel to King St., and situate in the blocks adjoining the West side of King St., between St.Clair and Clifford Sts.

It would appear that these lanes would be rendered useless by the closing of those portions of the streets referred to in your letter and the Department, therefore, would not be disposed to consent to the closing and sale of the streets referred to unless a good and valid reason could be supplied for not also including the lanes mentioned. I shall be pleased to hear further from you in this connection.

Ottawa, 29th April 1927

Sir,-

The Department has been informed that the Imperial Oil Company Limited is making an application to the City of Sarnia for the passing of a by-law closing (1) Chippewa St., from the railway tracks easterly to the East limit of King St. (2) King Street from the South limit of Chippewa St., to the North limit of Clifford St.

As this Department is requesting a report from its local Agent before giving to the representatives of the Company its assent to the closing of these thoroughfares, I have to ask you to be good enough to inform me if the notice of the proposed by-law has already been published and if so, when the final notice will be published as required by Clause A, Sub-section 1, Sec. 475 of the Consolidated Municipal Act of 1922. This information is required in order that the Department may be in a position to object to the passing of the said by-law should it be found necessary to do so.

The Department is of the opinion that if this recent application of the Company is to be granted, it would also be necessary to include within the by-law the closing of those lanes parallel to King St. and situate in the blocks adjoining the West side of King St. between St. Clair and Clifford Sts.

I beg to acknowledge the receipt of your letter,ofthe 29th.ult. with reference to closing,of streets,in the City of Sarnia,by the Imperial Oil Co.,Ltd,viz:- Chippewa St.,from the Railway Track,easterly,to the east limit of King St.,and King St.,from the south limit of Chippewa St.,to the north limit of Clifford St., In reply would say that those streets,are practically closed now,the only entrance being,-by a gateway,erected by the Imperial Oil Co.,the closing of those streets,would I believe,also close Lanes leading to them. You state that previous sales,were made to the Company,in this part,of the City of Sarnia,at the rate of $600.00,per acre,I think, thatthis land should be worth,$1,000.00 per acre,but as it is worthless,to anyone,other than the Imperial Oil,$600.00,may be a fair valuation. I do not think,that the closing of those streets, will cause injury,or inconvenience,to any-one,and will no doubt, be a benefit,to the Imperial Oil.

Sirs,-

With further reference to your letter of the 25th ultimo, I have to advise you that the Department does not feel disposed to agree upon the price of $600.00 per acre as being a suitable one at the present day for the lands included in the streets which the Imperial Oil Company now wishes to have closed and to acquire ownership. As you remarked in your letter, the Company was sold streets in that vicinity for the sum of $600.00 per acre in 1923 but it is considered the Company was most leniently dealt with at that time, as this sale was made on the same valuation as one made in 1913. It is thought that for the present purchase the Company should be prepared to pay the sum of $1000.00 per acre.

Would you please let us know just exactly what claim the Indian Department has upon these streets? The streets were laid out under a plan Number Twenty-five for the City of Sarnia which was filed in the month of November, 1882, and our contention is that the soil and free hold of these highways is vested in the Corporation.

Your File No.330181

Dear Sir: Re Imperial Oil Limited

With reference to your letter of May 27th and of August 11th, we have been delayed owing to a check of the area involved which was to be made by the City Engineer as well as by the Engineers of Imperial Oil Limited. In this connection we beg to advise you that the Engineering Department of Imperial Oil Limited have again checked up the acreage of the property covered by the closing of Chippewa and King Streets and find the same to be 1.32 acres. This agrees with the figures of the City Engineer, whose letter we are enclosing for your information.

You also mention in one of your letters the closing of the lanes lying between the south side of St. Clair Street and the north side of Chippewa Street and the south side of Chippewa and the north side of Clifford Street and between King Street and River Street.

With regard to the lane between the south side of Chippewa and the north side of Clifford Street this is entirely on Pere Marquette Railway Company property, is practically included in their yards and there would be no object in closing the same.

With regard to the lane between the south side of St. Clair Street and the north side of Chippewa Street one of the lines of the Pere Marquette switches covers more than half and we can see no object at the present time in closing it. Unless, therefore, your Department insist that these be closed we would request that the matter be left as it is at the present time.

If this is agreed to then the only matter to settle is the acreage of Chippewa and King Streets to be closed. You will note from the City Engineer's letter that this has been checked from actual measurement on the ground and, further, we

Sirs,-

I have your letter of the 30th ultimo regarding the portion of King Street and Chippewa Street which your Company desires to acquire and beg to inform you that the area at King Street from the North side of King Street to the North side of Chippewa Street is computed to be 1.02487 acres and the area on Chippewa Street from the East side of the lane to the West side of King Street is .28435 acres, making a total of 1.30922 acres. When the patent is prepared, it will read 1.31 acres, more or less, and the compensation expected is $1310.00. The difference in area is caused by the lane being taken out of it and also that portion of Chippewa Street lying East of the centre line of the Erie and Huron railway and West of the East side of the lane.

SCHOOLS BRANCH. JUL 6 1908

Sir,

I thought I would ask you if there is any possibility for me to obtain a scholarship at McGill University. I am an Indian and a native of Caughnawaga Indian Reservation. I am now 18 years old and have completed my first year in Arts at McGill this spring. as I am poor and without a mother, I find that there is lot of struggling to get thro' college without some aid.

I graduated from Feller Institute, Grande Ligne, Que., in the spring of 1907 with Honors, that is, I lead the class. In the matriculation examinations, I obtained first class in my mathematics, and my highest mark was 96% in History. I went to Feller Insti

in the winter of 1902, so that if you wish to be informed as to my character and qualification, I trust you will obtain good satisfaction from the following; Principal Matté B.A. of Heller Institute; Rev. Dr. Gordon of First Baptist Church, Montreal, or Prof. Roy, whom I have been associated for some years. And, if you wish to be informed from Caughnawaga, I refer you to Mr. Martin Two Axe, my neighbor.

I may also say that I am the grand-nephew of the late Dr. Oronhiatekha of the Independent Order of Foresters, and the only Indian in McGill.

Respectfully yours

S i r :

Jospeh Herbert Jacobs, Caughnawaga, an Indian, was a regular student of the First Year in Arts last Session. He completed his year except for English, in which he has to take a supplemental examination next September. Even should he fail, however, it would not prevent him going on with the regular undergraduate work of the Second Year.

So far as I can learn, Mr. Jacobs was well-behaved and,on the whole, an average student both as regards his work and his conduct. I am inclined to think that he deserves any pecuniary assistance which the department can give him, being of the opinion that he will be able to complete the course which he has outlined for himself, and perhaps creditably.

The fees in Arts are $62 for the Session and the text-books would probably cost $15 or $20 every year. Of course, when he goes into Medicine, the fees will be considerably higher - $125 besides a few extra hospital and other fees.

Yours very truly,

J. A. Nicholson,
Registrar

Memorandum for

Secretary

With reference to the application of Joseph Herbert Jacobs, a Caughnawaga Indian, for assistance to aid him in obtaining his degree at the McGill University, I beg to say that after communicating with the Principal of the Fuller Institute and the Registrar of McGill University, both of whom write favourably concerning this young man, I would recommend that the Department assume the responsibility of paying the University fees and supply him with the necessary text books, the total cost of which will be within $100.00 I think this would be sufficient encouragement to give him. As he lives in Caughnawaga he could arrange for his own living expenses.

MEMORANDUM:

Deputy Superintendent General.

I agree with Mr. Benson's recommendations in this matter and, as funds are available, we might take steps to carry it out. In planning for himself such a career at College as [illegible], this young man may be over-estimating his ability; but if this is so we will find it out before long.

Sir,

In accordance with the understanding ~~that~~ by which your Department undertook to pay the fees and supply the books required for Mr. J. H. Jacobs, the Indian student in attendance at McGill University, I have the honour to enclose account for fees due for the current year, together with the list of books which he will require. Most, if not all, of these books can easily be purchased from Foster Brown Co., Ltd, or the Cambridge Corporation, who make a point of having on hand the books needed for the University. Mr. Jacobs will be glad if you would find it convenient to arrange so that he may receive the books as early as possible, as he is considerably handicapped until he has the use of them.

Mr. Jacobs, on account of not passing all the examinations last year, has entered as a partial student, though it may be possible later on in the session for him to take additional subjects.

I have the honour to be,

Sir,

Your obedient servant,

Sir,

I have to acknowledge the receipt of your letter of the 11th instant, enclosing an account for the fees of Joseph Hebert Jacobs, an Indian student in McGill University, for the current year amounting to $61.00, and also a list of books required for Mr. Jacobs.

In reply I beg to say that a cheque for the amount of the fees due will be sent you in due course, and the Department would like you to purchase the books needed as outlined in your list from the Montreal firm and forward the account in duplicate to the Department for payment. This will obviate the delay which occurred last year in his receiving his text books. I may here add that all accounts of this nature should be sent to the Department in duplicate.

From your letter it would appear that Mr. Jacobs was not successful in all his examinations last year, and the Department would be glad to have, at your earliest convenience, a report as to his standing, conduct, etc.

The Secretary,

Department of Indian Affairs,

OTTAWA, Ont.

Sir,

I have the honour to enclose herewith an account for the books purchased for Mr. J. H. Jacobs, an Indian student at McGill University, which you kindly authorised in your letter of November 23rd, No. 330203. This completes Mr. Jacob's books, with the possible exception of one. If this comes in, I shall let you know later on.

I have not replied to your enquiry asking for a report on Mr. Jacob's standing, etc., as I was expecting to have the books completed at any time. The Dean of the Faculty of Arts reports that Mr. Jacobs last session took the full Undergraduate course of the Second Year, which comprises four subjects and English composition. In three of these, viz.: French, Latin, and English Composition, he passed in the Third Class. He also passed in Botany, which is half of the course of Biology: in Zoology, which forms the other half, he failed. He also failed in Chemistry. He did not succeed in passing supplemental examinations in the two subjects in which he failed (Zoology and Chemistry), and, consequently, could not enter the Third Year as an undergraduate.

I am in receipt of your favour of the 9th instant (#330203), enclosing cheque for $18.31, in payment of account for books supplied to Mr. J. H. Jacobs. Please accept my thanks.

I do not quite understand your reference to our charges for $15 and $10. These amounts were paid in October, as you state, and there was no intention on our part to send you a bill for them again. Perhaps it may be explained by the fact that, when the account for books was sent down to us with the request that Mr. Jacobs state on it that the books had been received by him, there was also sent our receipt for the tuition fees of Mr. Jacobs, together with the $10 and $15 referred to, which Mr. Jacobs was asked to certify to at the same time. The account and the receipt were returned to you at one time, and may both have been taken as accounts.

For the last few years the Department of Indian Affairs has been paying the College fees, cost of books,etc., of Mr. J.H.Jacobs, an Indian student. Referring to your File #330203 (the Department's Number for the initial correspondence in this case)you will find that reference was made to Mr. J.H. Jacob taking an Arts and Medical Course at McGill. Mr.Jacobs has intimated to me that, having finished attendance upon the Faculty of Arts, he intends next year to start his medical studies. In your letter of September 5th, 1908, the Department assumed the responsibility of paying his University fees. Am I to understand that this covers his medical course? The fee for this is $150 per year,including hospital fees,etc., with additional sums for instruments and text books which will average from $40 to $45 a year.

MEMORANDUM:-
Mr. Pedley.

In 1908 the Department undertook the obligation to pay for the books and fees at McGill University of Joseph Herbert Jacobs, a Caughnawaga Indian. Reports have been received at intervals from the Secretary of the University and the Department is now advised that Mr. Jacobs obtained his degree of B.A. at the Convocation held on the 5th instant. Mr. Jacobs' standing in the different subjects during the four years course for this degree is also shown in a statement by the Registrar and it is very satisfactory.

It is Mr. Jacobs' intention to take the Medical Course in the same institution and, in view of his very satisfactory, record, I would propose with your approval to continue paying his fees and the cost of the necessary text books. The fees for the Medical Course will be higher than those for the Arts Course and will amount to approximately $200.00 a year, but I think this young man is worthy of encouragement. His parents bear the cost of his board and clothes.

Dear Sir:-

I would like to know if there is any possibility of the Department increasing my educational allowances to that of a regular scholarship at McGill University for the next three years.

After considering all my circumstances, you will no doubt know that money could not be better spent than the above cause.

I am the first Indian to graduate from McGill University. Last year I did the two first years of Medicine in one year, thus leaving three more years.

My sole aim in my future career is to devote my time in the education and the great struggles of my people in Canada.

I have applied for a Rhodes Scholarship and other scholarships both in England and in Canada, in order that some day I might be able to accomplish my wish but with no avail. I only hope now that the Department will help me and learn that they will lose nothing and gain much in the end if they will grant me a scholarship similar to the one at Dartmouth College.

In the United States, millions of dollars are spent each year towards the education of the Indians with great results. At Dartmouth College alone, American Indians

are granted $500 scholarships. I myself have had an offer to enter West Point provided I became an American citizen but I preferred to stay in Canada for the good of my own people

It costs, on an average, from $600 to $900 to study medicine at McGill University per year.

After considering everything, I know I can make good use of a $500 scholarship for three years to be granted by the Department and put on the same plan as the $1500 Rhodes scholarships or other Government scholarships.

Sir,-

I have to acknowledge the receipt of your letter of the 20th instant in which you ask the Department for a $500.00 scholarship for three years to enable you to complete your course at McGill University.

In reply I beg to say that the Department regrets that it has no funds for this purpose. It is, however, prepared to continue, while conditions are satisfactory, the grant that has been made for sometime, which covers in full the payment for your tuition fees, books, etc., during the school year. It is considered that this is liberal assistance.

Dear Mr. McLean;

As college opens next week, I wish to know what the Department intends to do with the financial aid that is granted to me towards my medical course. As the Department is aware of the fact that when I took up the study of medicine in 1911, I was promised a grant for five years, but as I have saved a year, I would like to know if I could benefit by it by increasing the grant for the next two years.

Although I have earned about four hundred dollars this summer, I will only have about two hundred dollars left after I have paid my debts which I was forced to incur last winter in college. It is thus plain that I am far from having enough money to keep myself in college this winter. My financial matters have been the greatest cause of my uncomfortness in college the last six years as well as my downfall in competing for the Rhodes Scholarship last winter

My dear Mr. Scott, 473881

Some time ago I sent a photograph of myself to you, as I thought it might be of some interest to you. I hope you have received it all right.

As you suggested, I resigned my position as resident medical office at the Montreal General Hospital and have been following my practice here ever since, but have been rebuked by one of our leading physicians in Canada for not taking up a hospital training before going out for myself.

so far I have had a lot of work to do but the unfortunate part of it, is that there are so many poor people who are not even able to pay for their medicine, and so not able to take proper treatment. The result is I am already a hundred dollars in debt for drugs. But what other course can I take, other than giving up my practice? For an outside physician it is just like treating infants and children who are not able to give you their symtoms etc. or the reserve as there are many people who are unable to speak English or French.

curiously enough, however, as on other reserves, most of the diseases are tuberculous. The prevalence of pulmonary tuberculosis among our young people is really alarming. It is a problem which I strongly urge you to become interested in.

The Dominion Medical Council examinations are taking place two weeks from to-day. Being unable to pay the fee, I am forced to postpone it until next spring if things look better.

Dear Dr. Jacobs -

I have your letter of the 28th instant. I received the photograph some time ago, and was very pleased to have it.

I note what you say about the examination for the Dominion Medical Council, but I am informed that the applications for this examination closed on September 14th; however, this is an examination that you can take at some future time. In the meantime I presume you will not lose anything through not having been able to take it this fall.

With reference to your future work, I note what you say in regard to the hospital training, which I think is quite right. I am sorry that you do not see your way clear to undertake medical work in connection with active service, either in some of the hospitals or on the field. I read an article recently in which it was stated that at the present time there

Dear Sir:-

Would you be so kind as to let me know anything you can in regardto the following matter:-

There is a question that has arisen in the Courts of Wisconsin in reference to the descent of property which belonged to an Oneida Indian and who died near Green Bay, Wis. several years ago. The claimant of the property is an adopted child. The alleged adoption is alleged to have taken place in accordance with an existing custom of the Oneida Indians at Munsey. The child who claims ~~it~~ he was adopted claims the property as against the other collateral heirs.

I have looked through the Indian Act and I cannot find anything in regard to the question of adoption or legalizing such a step so as to make an adopted child stand in the position of an actual child. Would you be so kind as to write me fully:-

1. In reference to any such custom that exists.
2. Tell me if such a custom exists and whether there are any formalities that have to be gone through and where any records are kept.

3. Whether such Act has to be confirmed by the Dpartment , the Indian Agent or any other Official.

4. Whether or not there is any Statute recognizing this Custom or whether it is any Order in Council or any other enactment of any kind which bears thereon .

5. In distributing Indian Estates would an adopted child be recognized in any way?

Dear Sir:- Re Powlas No.332339.

I have to thank you for your favor of the 10th of July ult. answering my letter of the 4th of July.

Might I trouble you to advise me on the point following namely: does the government either by statute, departmental rule or by virtue of any court decision recognize the existence of the Oneidas or any other Indian tribe as a separate nation?.

To explain my point I may say that it has developed in the U.S. that the courts hold that the Indian tribes are semi-independent nations, subject only to the territorial jurisdiction of the general government and following this holding the courts the~~re~~ hold that the local customs and laws of the Oneidas and other Indians in Wisconsin, are recognized under the principals of comity as would be the laws of ~~the~~ a foreign nation and the information that I want to get at is whether the Canadian government take this same view of the Indian tribal organizations.

If you could kindly advise me as to the position the government take regarding the customs among the Oneidas or any other Indian tribe, I would be very much obliged.

My opinion from what I can make out is that the Canadian Government recognize in no way any customs among the Indians in regard to any matters and that they hold rights of the Indians to the inheritance of property, their civil commerce, rights of adoption, marriage and etc. are entirely governed by the Canadian Statute regarding Indian affairs.

Having reference to your letter of the 30th.ultimo in which you ask for information on the subject of claims put forward by the Six Nations that they are allies and not subjects of the Crown, I have to inform you that as far back as the year 1839 the claim was asserted by the Indians; and, at the request of Sir George Arthur, Lieutenant Governor of Upper Canada,was examined into by the Honourable Mr.Justice Macaulay who reported on April 22nd, of that year as follows;-

"As to the exercise of civilized rights, the resid-
"ent Tribes are peculiarly situated. Being in point of fact
"naturalized or natural born subjects,and domiciled within
the organized portions of the Province, it would be difficult
"to point out any tenable ground on which a claim to an ex-
"empt or distinctive character could be rested. The Six Nat-
"ions have, I believe, asserted the highest pretensions to
"separate nationality, but in the Courts of Justice they have
"been always held amenable to, and entitled to the protection
"of the Laws of the land."

"Instances could be cited in which Indians in diff-
"erent parts of the Province have been arrigned, criminally,
"for homicides committed on white people and on each other,
"and also for other indictable offences."

2 "An Indian of the Six Nations was tried and con-
" victed before myself, at a late Niagara Assize, for stealing
" one or two blankets from a squaw, on the Grand River Tract.
" The woman applied to a Justice of the Peace, who felt bound
" to act upon her complaint. Exemption was claimed by the
" prisoner's counsel, as being a matter only cognizable among
" the Indians themselves, according to their own usages and
" customs; but I had to refuse the plea, not being able to
" point out any legal authority by which the protection of the
" Criminal Law could be refused to the Indians inhabiting the
" county of Haldimand, whenever any of them sought it. And I
" observed, that however important it was that a sound distin-
" ction should be exercised by local magistrates in cases not of
" an aggrevated character, I could not but admit that, in my
" opinion, the Indians were responsible, for crime."

"One of the Delaware Indians was convicted before
" me, at the last London District Assizes, of larceny, committed
" in a house owned by the Earl of Egremont, in the Township
" of Carradoc."

"So, as respects civil matters, I believe our Courts
" are considered open to enforce their contracts, or to afford
" redress for injuries to their persons or property, not
" only as between them and the white people, but in relation to
" each other, unless mental incapacity to contract, fraud, or
" some other valid defence, could be established, or some special

"It is true civil suits, in which Indians were part-

Dear Sir:- RE 330399

I have your favor of the 8th inst in regard to copies of Official Documents.

The position of the matter is that there is a Commissio issued to take my evidence in this matter and I have to give my authority for the position I take in regard to the Status of the Six Nations and I do not see how this can be very well shown without having ~~as~~ a copy, at least, of the Order-in-Council which was passed determining the, if it shows without reference to the Petition and Report what the decision of the Government on the matter is. If it does not a certified copy of the Order-in-Council would be all that is necessary.

I do not see how it is possible to get on without at least a copy of the Order-in-Council, though as I said I think if it showed the result without necessary reference to the other documents, that would be all that I would require.

I do not think there would be any objection to furnishing a copy of that.

Sir,-

Having reference to your letters of 8th and 10th instant, on the subject of certain documents relating to the affairs of the Six Nations, I have to say that a certified copy of the Order in Council of 13th Nov., 1890, dealing with the claim of the Six Nations to be considered as allies and not subjects of the Crown, is enclosed herewith. You will notice that a copy of the memorial from the Indians is attached to the Order in Council.

The leases granted by Joseph Brant were under authority of power of attorney granted him by the Indians on the 2nd Nov., 1796. This document, while referred to in various reports, is not of record in this Department.

Under separate cover, I am sending you a copy of " Indian Treaties and Surrenders," and would refer you to page 9 of Vol. 1 for copy of the deed to the Six Nations of their lands.

By reference to the index you will see a list of surrenders made by the Indians mentioned.

Sir,-

Mr.O.T.Daniels of Bridgetown,N.S.,has written to S.W.Pickup,Esq., M.P., in the interest of Noel Labrador an Indian who resides near Paradise on a plot of land containing ten acres, on the Annapolis River taken off the rear end of the Globe lot. It is not known how this land was reserved for the Indians or what right Labrador has to occupy it. Labrador desires to obtain a title to the property. I have to request you to be good enough to look into the matter and render Mr.Labrador any assistance you can.

If you should ascertain that the land was set apart as a reserve for an Indian or Indians please report to the Department in full,and advise what action in your opinion should be taken.

Sir

In reply to your letter of July 16th No. regarding the title of the Indian Note Labadee to 100 Gen Acres of Land situated near Paradise, his rights to the Land is unquestionable it has been in possession of different Indians for Sixty or more years, when one gets tired living on it he sells his possession to another. Labadee acquired his rights by purchase from another Indian.

I am always ready to assist him personally, but I think the general interest of the band should be considered.

I cannot give any definite information in regard how the title become invested in the Indians without a search of original Grants, that would require an outlay of time and money.

The title of the Indians is good but I cannot say whether it came from the Government of Nova Scotia prior to Confederation or from the Church authorities that held the title to the Glebe lot, part of which lot the Indian is. Labadee wants to get a title to enable him to sell to any purchaser.

I should advise the question be allowed to remain as it is

Dear Sir,_

Referring to letter to you of the 16th ultimo relating to the land occupied by an Indian, Noel Labrador, near Paradise, Annapolis County, N.S. I beg to inform you that Mr. John Lacy, Indian Agent, Annapolis, has reported to the effect that there is no question as to the title of the Indian to the plot of about ten acres he holds as it has been transferred from one Indian to another for sixty or more years. It would incur some little expense and trouble to ascertain whether any actual deed or document exists transferring the land to an Indian at some former date. The Agent adds that Labrador wishes to get a title to the land to enable him to sell it to any intending purchaser, and advises that the matter be allowed to remain as it is. I may say that it is probably better to allow the Indian to keep his land accordingly, and not take

Dear Mr Scott;-

Would you kindly inform me at your earliest convenience if your Department knows anything of lands reserved for Indians in Annapolis County Nova Scotia on the South side of the Annapolis River between the towns of Lawrencetown and Paradise? An Indian named Labrador now lives on the property and desires to sell it and a friend of mine wishes to know in whom the title lies. If the title should be in the King would there be any way of procuring the prpperty either by purchase of lease providing the Indians conserhed are all agreeable.

Dear Mr. Davidson,

I beg to acknowledge the receipt of your letter of the 29th ultimo, asking if the Department knows anything of lands reserved for Indians in Annapolis County, Nova Scotia, on the south side of the Annapolis River between the Towns of Lawrencetown and Paradise, said lands being now in possession of an Indian by the name of Labrador.

In reply I beg to say that the only Indian reserves in Annapolis County, so far as our records show, are Kajimkujik or Cegumcega Lake reserve on the boundary between Annapolis and Queen's Counties, and New Liverpool reserve on the New Liverpool Road, about seven miles from Annapolis. If this land is outside of a reserve, as appears to be the case, this Indian, Labrador, would have the same title to the land as he would if he were a white person. The only thing that I can suggest is that the purchaser of the property search the title in the registry office as is done in ordinary cases.

Yours truly,

Deputy Superintendent General.

To the Deputy Minister-

Lot No. 11, in the 20th concession of Amabel, containing 99 acres, was sold on the 22nd of September, 1882, to Mr. John Kidd, of Wiarton, who paid the first instalment of principal, amounting to $15.00, which is the only sum that has been paid on the lot.
On the 10th of November, 1893, the lot was sold at tax sale to William Duke, and again, on the 5th of December, 1900, the lot was sold at tax sale to the Municipal Corporation of the township of Amabel, in whose name it still stands on the books of the Department. The balance of purchase money due and unpaid amounts to $59.29, and interest thereon at the rate of 6% from the 22nd of September, 1882, until paid.

On a report of examination and valuation of this lot, made with others in the Saugeen Peninsula some years ago, the price of the lot was reduced by Order-in-Council of the 21st of March, 1898, from 75 cents per acre to 50 cents per acre, on condition that the balance of principal at the reduced rate should be paid within one year.

Sir,

Late this afternoon I was notified by Dr. Adams that Hydrophobia had appeared on the Reserve - some cows having been bitten by a dog. Two have since died.

I will endeavour to have the Council tomorrow pass a By-law ordering all dogs running July. Aug. & Sept. to be chained up or muzzled under a penalty of $25.00 which has ordered some printed notices to that effect. which I will take down with me.

The Reserve is full of dogs and some stringent measures must be taken to stamp out the disease.

As I advised you on the 3rd.inst, an outbreak of Hydrophobia has occurred on the Reserve. The Council passed a bylaw ordering all dogs during the months of August and September to be muzzled or chained up, and in the event of this not being done the Forest-bailiffs are authorized to destroy any dogs found at large and the expenses to be paid by the owner out of his interest money. Sir,-

I beg to direct your attention to the Order-in-Council passed by the Dominion Government on Saturday the 5th inst. in reference to the supression of rabies in the Province of Ontario and to ask for instructions regarding its enforcement on the Six Nations Reserve.

It has been estimated that there are about two thousand dogs on this reserve, and you will remember about a year and a half ago some cattle were bitten by a mad dog in the lower part of the reserve. To enforce this Order-in-Council will I feel sure cause an immense deal of opposition amongst the Indians whose love for a dog is proverbial. Before taking any action, I would like to have a copy of the Order and definite instructions from the Department.

Dear Sir:-

In connection with the serious outbreak of rabies in certain sections of the Province of Ontario, my attention has been drawn to the fact that in Brant county the officials who are handling this matter have no jurisdiction over the Indian Reserve, and as there have been many cases in the county, and as the number of dogs on the reserve is probably greater in proportion to the population than in the rest of the county, some steps should be taken to have the law put into effect there as well as in the county.

I am drawing the attention of the Minister of Agriculture to the condition existing, and hope that some steps may be taken so that the people will be protected from the dogs on the reserve as well as from those in the county., and I hope you will give this matter your immediate consideration, and that some effective measures will be the result.

With respect to the order for the suppression of the further spread of rabies in the Province of Ontario, I beg to say that it is the intention of this Department to have assist in this order enforced on our reserves.

I believe it has been the practice in the Western Provinces for your Department to send one of your officers to co-operate with our Indian Agents in the enforcement of such orders. This appears to be a satisfactory way of dealing with the matter, and this Department would be glad to know if the same method could be followed with respect to our reserves that come within the rabies infected district of Ontario.

Sir,-

I beg to acknowledge receipt of your favours of the 8th instant and 16th instant respectively, in reference to the enforcement on yourreserve of the Order for the suppression of the further outbreak of rabies in the Western portion of Ontario.

In reply I have to say that we have been discussing this matter with the Veterinary Director General who suggested that his Department would, if desired, send an officer to the reserve to co-operate with the agent in the enforcement of this order. It appeared to the Department that this would be the most satisfactory way of dealing with this matter as it would relieve the agent of any hostility that might be shown by the Indians to the enforcement of the Order. It was on the Veterinary Director General's suggestion that we wired you yesterday to "defer action as to notice re rabies. Await letter advising." His officer expects to visit you on Monday next the 21st instant.

The Department would be glad to have you report on this matter after the said officer has visited you.

Sir,- File No. 331800.

Last evening Mr. W. W. Stork Dominion Live Stock Inspector called on me in reference to the enforcement of the Order-in-Council respecting rabies. The conclusion we arrived at was that the Dominion Order-in-Council was sufficient to enforce the muzzling or tieing up of dogs and inflicted a penalty upon anybody who neglected it, but there is no provision for destroying dogs running at large. He recommended that the Council next Tuesday pass a regulation authorizing the constables and forest bailiffs to destroy all dogs found running at large and in the meantime I was to issue instructions to the constables that all dogs must be muzzled or tied up. I have done this and expect to get the resolution passed by Council next week.

Sir,-

At the regular council meeting yesterday a by-law relating to dogs was passed.

The by-law provides that on or after the 7th day of March every dog must be either securely chained up ~~and~~ or properly muzzled . In the event of any dog running at large without a muzzle ~~which~~ it may be destroyed by any path-master or forest bailff and the owner if known shall be liable to a fine of fifty cents to provide for its burial.

The by-law also provides that the only magistrate having power to convict for non-compliance is myself, the reason being that many Justices of the Peace, especially those living near the reserve, have been charged with working up cases amongst the Indians merely for the purpose of securing fees and it is thought that if I try all the cases there will be less expense.

It was further decided to keep all county constables off the reserve so far as dogs are concerned as it was though they would work up costs against the Indians or against the county.

A short time ago I received a letter from Dr. Stork of the Department of Agriculture, Ottawa, requesting me to let him know what steps were being taken on the Reserve, towards carrying out the provisions of the dog muzzling order now in force in western Ontario. Dr. Moore of the same Department called on me also and advised me in the matter.

I also received a number of posters bearing on the matter which I have had posted up through the Reserve.

It appears to me that I should have some instructions from the Indian Department, as there might be some difficulty in enforcing the order.

And I do not know what authority I have in such a case. It does not come under sec 161 of the Indian Act.

It is important that this order should be carried out on the Reserve

On the above date according to the above instructions accompanied by Mr. A.R.McDonald. I also tried to persuade them to pass a By Law that all dogs found running at large without being muzzled could be killed by any person, but they objected doing so. The Chief said their Agent had notified them all about muzzling their dogs and he thought they were all living up to the rules and regulations and it was not necessary.

Sir:-

I have the honour to inform you that the reports received from the Veterinary Inspectors of this Department, with regard to the enforcement of our recent dog muzzling Order on the various Indian reservations lying within the Rabies infected district in Western Ontario, are, speaking generally, of a most satisfactory nature. I beg to enclose, however, copy of a report forwarded by W. B. Rowe, one of our veterinary inspectors, with reference to a visit paid by him on March 2nd. to the reservation of the Moravians of the Thames.

It would appear from the inspector's letter that Mr. McDonald, the agent in charge, seems to be in some doubt as to whether or not he has power to compel the Indians to properly observe the terms of the Order. As this is a point on which I do not feel qualified to give advice, I am submitting the matter to you in the hope that you will furnish Mr. McDonald with definite instructions.

Resolutions no. 3 & 4. refer & the & the recent enactment which is in force in Albemarle ~~in~~ the County of Bruce, in the matter of having dogs muzzled according & law. or Chained up. & this is not done they are & be shot. Now I suppose that Cape Croker Reserve being in the County of Bruce. that Indians are subject & the Common law as well as other people. and as they have a large collection of all kinds and conditions of dogs. most of them half starved animals. and as it has happened here & late that it has been almost impossible for anyone living on or adjoining the Reserve. & keep a flock of sheep. on account of the dogs. many people have had & abandon the idea of keeping any sheep and have had large losses when they tried &.

I am of the opinion that if this law in regards & the dogs were enforced. it would not only do away much the danger of Rabbies

Sir,-

I be g to acknowledge receipt of your favour of the 2nd instant enclosing copy of the By-law relating to dogs which was passed by the Oneidas of the Thames.

In reply I beg to point out that section2 of this by-law appears to allow dogs to go about without muzzles so long as they are in charge of some one. The recent Dominion and Provincial Orders-in-Council relating to dogs provides that all dogs must be either chained, kept under lock and key or muzzled, and the Department is of the opinion that it would be well to have your by-law to have this provision also in order to provide against any danger of being bitten by a dog.

The authority to pass a by-law of this kind appears to be given under Sec.98 (a) of the Indian Act, as it is the danger of persons being bitten by rabid dogs that the bylaw is intended to provide against, and according to part 2 of Sec.98 the penalty imposed cannot exceed the sum of thirty dollars. Sec.5 of your by-law provides for a fine of fifty dollars.

I may say that the Department is glad to note the anxiety on the part of the various bands to assist in preventing the spread of rabies, and we want to give every

every encouragement to them in their efforts. I am enclosing herein a copy of a by-law which is being passed by another band which appears to be fairly comprehensive. If it appeals to your Councils of the Chippewas of the Thames and the Oneidas of the Thames they might make it the basis of their by-law with any change of detail in the method of enforcing the by-law which they think might be more particularly suitable to their reserves.

I beg to acknowledge receipt of your favour of the 10th instant enclosing copy of by-law relating to dogs adopted by the Six Nations Council.

In reply I have to say that this by-law appears to be satisfactory except in regard to the penalty imposed. This by-law was passed apparently by virtue of authority given to Councils under Sec.98 (a) of the Indian Act. And part 2 of Sec.98 provides that the fine or penalty shall in no case exceed thirty dollars, and the imprisonment shall in no case exceed thirty days. Your by-law provides that the fine may be fifty dollars and imprisonment may be three months. It would appear to be necessary to amend this by-law in respect to the penalty and imprisonment.

Sir,-

I beg to acknowledge receipt of your letter of the 2nd instant asking as to what authority you might have in enforcing the recent regulations for the prevention of the spread of rabies.

In reply I have to say that several bands are passing by-laws relating to dogs, in keeping with Dominion and Provincial Orders, in which authority is given to enforce it. I am enclosing herein a copy of a by-law that is being passed by another band which appears to be fairly comprehensive. If it appeals to your Council they might make the basis of their by-law with any change of detail in regard to enforcement that might be more suitable to their reserve.

I would like to point out two particulars in this by-law that ought to be complied with, viz.:

In reply I beg to say that I am enclosing herein a copy of a by-law in this connection which is being passed by another band and which is fairly comprehensive. I beg to point out however two matters that should be complied with, viz.:

Ottawa, March 24, 1910.

Sir,-

Your favour of the 19th instant enclosing by-law passed by the Munsies of the Thames has just come to hand.

In reply I beg to point out that section 2 of your by-law hardly meets the requirements of the Dominion and Provincial Order recently issued in regard to the prevention of the spread of rabies. This section would for instance permit a dog to roam about a farm without a muzzle, while the Dominion and Provincial Orders provide that all dogs must be chained , kept under lock and key or muzzled.

Section 3 of your by-law provides that any Indian may kill a dog that is running at large contrary to the provisions of the by-law. The Department is of the opinion that it would be better to give this authority to certain specified persons rather than to everyone indiscriminately . In the latter case for instance a man might seek an opportunity to shoot the dog of a neighbour with whom he might be at variance, which would cause resentment.

The Department would therefore respectfully suggest that your by-law be amended in regard to these two points, or you might for the sake of uniformity in the dog by-laws of your reserves pass one based on the one I enclosed in our letter to you yesterday.

Under and by virtue of the authority conferred upon me by the provisions of the Order in Council of the 10th August, 1905, as amended 28th May, 1909, containing Regulations relating to Rabies, I do hereby order that on the report of J. G. Rutherford, Veterinary Director General, an Inspector under The Animal Contagious Diseases Act, to the effect that rabies is known to exist in many widely separated districts in that part of the Western peninsula of the province of Ontario lying west of the eastern boundaries of the counties of York and Simcoe, all dogs within the said area must either be securely chained in an outhouse or other building or kept under lock and key, or kept constantly muzzled with effective metallic muzzles, in a manner satisfactory to the veterinary inspectors of this Department.

Provided that in any municipality where rabies is known actually to exist, the muzzling privilege may be withdrawn, in which event all dogs must be detained or isolated by being chained or kept under lock and key.

In view of the fact that rabies is readily transmissible to human beings, the attention of all provincial and municipal officers is specially directed to this Order and their cooperation in its enforcement is earnestly requested.

Gentlemen;-

Beg to inform you that the dogs both on the Nipigon Mission, and the Nipigon Indian Reserve appear to be suffering from rabies. A dog from the Indain reserve strayed into the village a short time ago, which acted strangely. The Nunicipal Constable destroyed the dog, and forwarded head to Laboratories #5, Queens Park, Toronto, from which we were informed that upon examination of the brain cells showed the presence of typical Negri bodies which are considered diagnostic of rabies.

A few days ago a dog died on the Indian Mission, Nipigon, and according to reports appeared to have symptoms of rabies. Our Municipal Constable secured dog's head, and forwarded same to Toronto. Today we are in receipt of the following letter:-

OFFICE OF THE VETERINARY DIRECTOR GENERAL.

OTTAWA, January 21, 1913.

Dear Sir:

I beg to acknowledge the receipt of your letter of the 20th. instant, enclosing copies of correspondence from Mr. McLean, of the Indian Department and Mr. D. McDonald, the Reeve of the Municipality of Nipigon, with reference to a suspected outbreak of rabies on the Nipigon Mission and the Nipigon Indian Reserve.

In reply I would say that on December 21st. last I received a wire from our officer in Toronto, advising me that the Provincial Pathologist had reported positive evidence of rabies in a specimen forwarded by Reeve McDonald, of Nipigon. I therefore immediately wired Inspector Fraser, of Port Arthur, and instructed him to investigate and take whatever action was required under the Regulations of this Branch.

This officer reported on December 24th., that he had visited the district in question, and had consulted the Chief of Police and the Reeve of the Municipality, and that the latter informed him that the Council had passed a by-law enforcing the muzzling or chaining up of all dogs in Nipigon.

It appears that Mr. Gordon, Chief of Police, at this point, killed a dog early in December, which had been exhibiting symptoms of rabies, and the head was forwarded to Toronto and a positive report, as above mentioned, was obtained.

Another report was received from Inspector Fraser dated December 28th. in which he states that he again visited Nipigon, the Indian Reservation and the Indian Mission. He further advised me that there were a great many dogs at these places which were used for hauling sleighs loaded with supplies, and that they travelled as far as one hundred miles north of Nipigon. I understand these dogs are worked all winter and turned loose in the spring, and that they run in the woods in a semi-wild state all summer, and are caught again as winter approaches for work purposes. Some of these dogs become so wild that they are never caught and remain in this state in the woods.

Inspector Fraser has informed me that Mr.R.McKnight, the Indian Agent at Port Arthur, has been fully advised of the situation, and further states that all possible precautionary measures are being taken.

I wrote to this officer under date the 3rd. instant, and informed him that unless every possible precaution was taken the existing conditions in the districts mentioned were favourable for a very serious outbreak. I instructed him therefore to keep in close touch with the situation and to take prompt action in all cases coming under his observation regarding which there might be the least reason for suspicion.

On the 11th, instant a wire was received from our Toronto office, stating that the Provincial Pathologist reported positive rabies in a specimen forwarded by Chief Constable Gordon, of Nipigon, and I immediately wired Inspector Fraser, of Port Arthur.

This officer reported under date of the 13th. instant, and stated that upon visiting Nipigon he found that the authorities were exercising every precaution to prevent the spread of the disease, and that all dogs were muzzled or securely chained.

I further directed this officer's attention to the fact that, as the Animal Contagious Diseases Act provided for official Federal action in dealing with this disease, it might be well for him to visit this district occasionally so as to satisfy himself that proper measures were being taken to effectively deal with the situation, and that in case this was not done by the municipal authorities, it would be necessary for him to take action under our Regulations.

I have received no further reports in this connection but I am to-day wiring Inspector Fraser, instructing him to consult Mr. R. McKnight again with a view to taking whatever further action may be deemed advisable.

I would respectfully suggest that Mr. McLean, of the Indian Department, be advised of the facts in the case, so that he will be familiar with the situation should any question arise.

I have the honour to be,

I beg to report that in company with Dr.D.B.Fraser, acting on behalf of the Department of Agriculture, I visited the the reserve. Sir:-

Their has been a few cases of rabies in the Township of Walpole adjoining this reserve on the South I understand one farmer lost ~~two~~ three cows and another one from the disease. The Council of the township have ordered all dogs to be tied up or shot, in the township, the Council of this village have done the same.

By-law No.X. of our Rules and regulations says, the owners or harbourers of dogs shall restrain the same from running at large at night.

Has the council authority to order all dogs to be tied up the same as has been done in the adjoining township and if they fail to do this have them shot.

There is far to many dogs kept on Indian Reserves, If the by-lays were changed so that they ahd to pay a tax on them it might be a good thing for the Indians as dogs require food as well as other animals.

Sir,-

With reference to requisition No.I dated 21st ultimo that half the cost of the bridge at Victoria Mills between the Townships of Tuscarora and Townsend be paid in accordance with the authority given in letter of the 22nd Aug.last I have to say that the said letter of the 22nd of August referred to yours of the 6th of the same month in which you state that the Indian Council would pay one third of the cost of the repairs to the old bridge at the dam provided a satisfactory arrangement could be made with the Courtnage estate; in the event of failing to make this agreement a deviation in the road was to be made and the Indians were liable for only one half the cost of the land. No mention was made of a new bridge on the said deviation,which evidently was required.

Please obtain and forward a copy of the plan and of the specificationsfor the new bridge in order that the Department may have data from which to judge whether the charge it is called upon to pay is a reasonable one.

Dear Sir

No plans or specifications of the Bridge built at the Victoria Mills were ever fyled with me. The bridge was purchased from the Hamilton Bridge Works Co. and I think the abutments and the other work, not being of a difficult character, was done by the joint Committee without getting up special plans. Our county engineer was not consulted as it was not deemed necessary to go to the expense of getting expert assistance

Memorandum for

Deputy Minister:-

A deviation was made in the road between the Six Nations Reserve and the County of Norfolk with the concurrence of the Indian Council and approval of the Department, the land in the deviation was then only mentioned; the Indians to pay one half the cost and the County the other half.

The said deviation has been made and the Department is called upon to pay one half of the value of the land* above mentioned and one half of the construction of the road which includes two bridges; the total amount demanded from the Department as its half is $1160.87.

The Department requested that the plans and specifications of the bridge (or bridges) be submitted. A reply has been received to the effect that no plan and specifications were asked for; the two bridges which were of iron, were purchased from the Hamilton Bridge Works Co and the abutments were built by contract, but without either plan or specifications.

Under the circumstances I think the account may be paid but it appears to me that the Accountant should require duplicates of all vouchers in connection with the work.

Ottawa, 1st February, 1909.

His Excellency

The Governor General in Council.

The undersigned begs to report that, a road being required for a short distance along the southern limit of the south half of lot 29, concession 1, of the township of Tuscarora, within the Six Nations Indian reserve, in the county of Brant and province of Ontario, and abutting on the northern boundary of the township of Townsend, in the county of Norfolk,- an arrangement has been come to by the Indians with the municipal authorities of the county of Norfolk - as the road would be used by both Indians and whites - for a contribution of half the cost of its establishment. The total cost has been found to be $2321.74.

As the road will be of permanent value to the band, the undersigned would recommend that, under the provisions of section 90 of the Indian Act, authority be given for the expenditure of half the cost thereof - namely, $1160.74 - from the capital at the credit of the Six Nations Indians, which amounts to $869,662.51, a resolution in favour of such expenditure having been passed by the band.

Establishment of road on Six Nations reserve.

This road is required by both the Indians and whites in order to get over a difficulty with the owners of a dam where, apparently, the road at present runs. No arrangement could be made with the owners as regards a bridge on the line of the road at the dam, and it was therefore decided by the Indians & whites to make a detour for the road through a part of the reserve. The short strip referred to in Memo. to Council herewith is what is required in order to get round the obstacle. The cost of establishing the new piece of road covers the cost of compensating the Indian owner of the strip for the value of his occupancy and improvements and the construction of the road, including necessary bridges; amounting in all to $2,321.74, half of which is to be borne by the SIx Nations and the municipality of the County of Norfolk, each.

The township of Tuscarora, in which lot 29, Con. 1 is situated, is entirely Indian reserve land & abuts on the County of Norfolk, where the dam is situated.

As the road is required by Indians & whites, they pay half each, but the land will not be alienated from the reserve.

At the regular council in September an application was made for a grant of $25.00 towards the Deists Convention and was refused. At the meeting of Council held on the 5th. inst. when a small number of Chiefs were present and the chief opponents of the grant were absent the Deists succeeded in having the former decision cancelled and the grant passed. There appears to be a strong feeling in the council against this grant, the chiefs belonging to Christian churches feeling that they have as much right to an annual grant from the Council as the Deists and for these reasons I do not approve of the grant and beg to recommend that it be not paid.

W. L. Nichols, Esq.,

Dear Sir:- re- S. 1/2 of the S. W. 1/4, Section 18, township of Fisher, Algoma.

This land is now occupied and has been occupied for some time by Peter A. Jones, who has made substantial clearings on the land and has erected a number of valuable buildings as set forth in his affidavit of August 1st, 1908., which buildings, exclusive of the clearing, are worth over $1200. These lands were originally located by Dr. E. Tobie, over twenty years ago, which were part of the partnership property of Dr. Tobie and Joseph Cozens, C.E., of this place. Nothing was done on these lands by Tobie or Cozens and no improvements made by them, all the improvements being done by Peter A. Jones, who occupies the land at the present time with his family.

Mr. Jones desires to obtain a patent of the lands, and as so much improvement work has been done and the lands have already been paid for, I think a reasonable thing to do would be to cancel the location to Dr. Tobie and locate Peter Jones thereon, say, for the nominal sum of one dollar. By doing so, the Department will be doing nothing more than strict justice.

Yours truly,

I, Joseph Cozens of the town of Sault Ste. Marie in the District of Algoma, Provincial Land Surveyor, make oath and say as follows:-

1. That the lands in question were originally located by Dr. E. Tobie of Buffalo, New York, who departed this life about twenty years ago, leaving as his Executrix, Magdalena Tobie of the said City of Buffalo.

2. The lands above described were owned by the said Dr. E. Tobie and myself as partners.

Dear Sir:- re: Peter Jones.

I beg to enclose you herewith a further affidavit in this matter. It is absolutely impossible to get a Release from Mrs. ~~Kirby~~ Tobie, as she left here many years ago, for the States.

Jones took over the property in good faith, through Cozens, who was really the owner; that being the part of the property that was released by Mrs. Tobie, set forth in the agreement sent to the Department, as an Exhibit to Cozens' affidavit.

If there ever was a bona fide settler, Jones is one. He has made more improvements on his farm than all the other settlers put together. A rank injustice will be done Jones, unless the previous location is cancelled, and Jones re-located for a nominal fee. When James took it over it was unimproved and in a State of nature.

I think your own personal knowledge embodied in the report, will show the same state of facts.

Yours truly,

J. A. McPhail

Ottawa, October 6, 1908.

To the Deputy Minister-

Ft. acknowledgment for Dr. I.

The S. ½ of the S. W. ¼ of Sec. 18, in the township of Fisher, containing 73 acres, was sold on the 11th of July, 1882, to Edward Tobie, in whose name it still stands on the books of the Department, the purchase price of $36.50 having been paid in full at time of sale.

It appears from evidence under oath filed in the Department, that Edward Tobie departed this life about 20 years ago, leaving as his executrix Magdalena Tobie, of the City of Buffalo; that the land in question or the interest of the said E. Tobie, was held by him under a partnership arrangement with Joseph Cozens, of the town of Sault Ste. Marie, and an agreement has been entered into between Joseph Cozens and Magdalena Tobie, executrix as aforesaid, under which all the properties and assets of the partnership are released to the said Joseph Cozens, who swears that Peter Jones entered into the use and occupation of the land under authority given by him, and he believes that Peter Jones is entitled to the use and occupation of the lands and to a patent therefor. Peter Jones has been in occupation of the land since 1906, and I would beg to recommend that, as requested by his solicitor, the old sale be cancelled and a re-sale entered in the name of Peter Jones, crediting him with the moneys before paid.

In reply to your communication in regard to the south ½ of the S. W. ¼ of Sec. 18, Fisher, and inclosing a letter from Mr John A. McPhail as to application for cancellation of old sale and re-location of the land to Mr. Peter Jones, I beg to call attention to the fact that, among the papers submitted under cover of your communication of the 26th of August last, it appears that the articles of agreement dated the 30th of August, 1889, between Magdalena Tobie, executrix of the last will and testament of Dr. Edward Tobie, and Joseph Cozens, the same was only signed, accofding to the copy furnished, by Joseph Cozens, and, before the Department can consider the question of cancellation of the old sale, it would require to have satisfactory evidence that Mrs. Tobie has relinquished her interest in the land as executrix of her late husband, and you should notify Mr. McPhail that a document to this effect must be furnished or satisfactory evidence that Mrs. Tobie signed the agreement above referred to.

Dear Sirs;

Upon searching the records of the Local Indian office respecting the title of the South half of the South-west quarter S½ of SW¼) of Section 18 in the township of Fisher, in the District of Algoma, I find that by Sale Number 55, bearing date the 11th July 1882, the Crown conveyed, among other properties, the above land to Edward Tobie. This land has apparently never been patented. There is also a further record of blank date, being a transfer of the above lands, by one, Joseph Couzens to Peter A. Jones.

LANDS BRANCH
JUN 14 1915

It would seem that there was some encumberance against the land preventing the patent being granted at the time of sale which is not recorded in the books here and that the transfer from Tobie to Couzens has not been registered or has not been recorded here.

Kindly let me have any information in this respect that may be recorded in your registers and a memo of your charges and I I shall be pleased to remit.

Yours truly,

To the Deputy Minister-

In regard to Lots 18 and 19, Con. 10, Carnarvon, examination and valuation of which have been furnished by Mr. Inspector Fraser, I beg to report that Lot 18, Con. 10, which was sold to John Whitney on the 15th of March, 1879, is now in the hands of the Department for sale, as the original sale was duly cancelled some years ago and this lot was included in list of unsold lots to be examined and valued and reported on by Mr. Fraser.

Lot 19, Con. 10, stands on the books of the Department in the name of Hugh Little, sale having been made on the 18th of June, 1878, for $50, twenty dollars of which has been paid. This lot was included in list of lots to be examined by Mr. Inspector Fraser with a view of cancellation of the sale.

Mr. Fraser's report on Lot 18 shows that the land and timber thereon are worth $42, and the report on Lot 19 shows no improvements on the lot, the land unfit for farming purposes, and the value of the land and timber $39.

The lands on the Manitoulin Island are not at present in the market, having been withdrawn from sale for the purpose of examination and valuation, and it is submitted as to whether action should be taken as to cancellation of the old sale of Lot 19 and re-sale of the lots under Sec. 6 of the Regulations at the upset price placed thereon by Mr. Inspector Fraser.

In reply to Official Letter No. 333,492 dated the 30th Ultimo, I have the honor to report that in April last Mr. Archie Galbraith called at this office and wanted to purchase Lot 18, Con. 10, Carnarvon, but I informed him that it was not for sale as it was included in the Michaels Bay timber limit under License No. 101, and I could not recommend the sale to him unless he would secure a release for the lot from Messrs Playfair and White Company of Midland, who hold the license. It appears that he could not get the relinquishment, and then he requested of me to give him authority to fence it in for pasture and when it came in market he would purchase it, but I informed him that I had no authority from the Department to let any person fence unsold land and that I would not consent to it, but it appears that he has erected a fence around the lot since that time.

On the 28th Ultimo Mr. Archie Blue of Providence Bay submitted a relinquishment from Mr. Robt. Gault, Agent for Playfair and White Company, of the Lot in question, accompanied with an application to purchase the same, so I wrote Mr. Galbraith in connection with this matter, and made enquiries about the lot, so the letter I wrote appears to be the cause of Mr. Galbraith writing to the Department explaining his case.

I might add that there has not been any operating on this limit for the last two years, and Mr. Gault, Agent for the Company, stated that they do not intend to operate any more as the merchantable timber is all out, and as there

The Deputy Minister,-

In regard to letter from Mr. Agent Lewis, of the 5th instant, submitting application by Archie Galbraith to purchase lot 18, Con. 10, Carnarvon, I beg to say that this lot, which contains 100 acres, was examined and valued by Mr. Russell, who reported the lot unfit for agriculture, unoccupied and unimproved, with no merchantable timber thereon, and valued it at 25 cents per acre.

Mr. Archie Blue made a subsequent application for this lot, submitting a relinquishment of rights by the timber licensee.

As the timber license has been terminated, and as Mr. Galbraith is the first applicant for the lot, I would beg to recommend sale of the lot to him at the upset price, cash, under section 6 of the Land Regulations.

MD/B:

FROM: The Secretary,

TO : The Secretary,
Department of Indian Affairs,
O t t a w a.

I send you herewith for perusal the file of this Department (11751-1) relative to an enquiry from the Reeve of Laird Township,Ontario,as to the rights of the municipality to prevent the construction and maintenance of a fence from high water mark to the water's edge, St.Mary's River,in front of that township.

You will note that the first petition in the matter dated July 6,1927, was addressed to the Department of the Interior.

Enc.
F.11751-1.

The subsequent correspondence was exchanged with the Department of Marine,which finally referred the matter here for attention.

From the report obtained from our District Engineer the fence complained of has no significence from the standpoint of navigation,and the matter which therefore remains to be determined refers to the rights of the municipality.

This Department,of course, is not in a position to express an opinion on this latter point.

Ref 20-21

May I call your attention to the statement made in the last paragraph,first page,of the District Engineer's report to the effect that the solicitor for the township of Laird thinks that your Department has jurisdiction in the matter.

I would be pleased to be advised what may be the position of your Department in this connection. Please return our file with your reply.

DEPARTMENT OF PUBLIC WORKS CANADA

District Engineer's Office
Sault Ste.Marie,January 26th 1928

re Laird Township
(St.Mary's R.-Maskinonge Bay)

Sir:

I beg to acknowledge receipt of your letter dated the 29th of November ebclosing C.R.File 11751-1,referring to a complaint by residents of the Township of Laird,in the District of Algoma against the erection and maintenance of a wire fence across the beach and into the water of the St. Mary's River in front of that Township.

I have conferred with the Reeve and Solicitor of the Township and have searched the records in the Office of the Registrar of Deeds Etc. in order to obtain particulars of the matter,but without learning wherein this Department can possibly be interested.

The fence running a short way into the water is of no significance from the standpoint of navigation and the only other point which can be considered is as to who has jurisdiction over the area or strip which is shown on the recorded subdivision plan of the property butting on the river at this point,as lying between "High Water Mark" and the waters' edge. This latter area is the sand beach which has been closed to the public by a fence erected by the owner of the property butting thereon. The plan of survey of the Subdivision shows the lots extending only to the line marked "High Water Mark" and the strip between this line and the line of the waters' edge is by scale,about 100 feet wide.

The Solicitor for the Township states that he is of the opinion that the Department of Indian Affairs has jurisdiction as the Township of Laird comprises surrendered Indian Lands and that any subsequent accretion to the shore or beach belongs to the Indian Department. I would respectfully suggest that the Indian Department be asked regarding its status under these conditions and I would be glad to be informed of the answer as those interested here will look to me for definite information.

The original survey of the Township was made in 1875 when the water level was three to four feet higher than when the Subdivision plan was made in 1926. From my general knowledge of the place,I would say that there has not been any real accretion but that the strip in dispute represents what was land under water at the time of the original survey and is now dry land by reason of the recession of the water. The original plan of the Township does not show that there was a 66 ft "Marine Allowance" reserved.

The circumstances of the case are briefly as follows:

The Ontario Government several years ago built a good

road leading from the roadway between the Townships of Laird and Tarbutt to the shore of Maskinonge Bay and thence across its shallow waters to Pine Island to connect with a cable scow ferry to St.Joseph Island. This gave easy access to a stretch of nice sand beach on either side of the point where the road enters the water and the owner of the land through which the road passes,i.e. broken front lot "E" in the Township of Laird, has subdivided the part which fronts on the sand beach into lots having a width of about a hundred feet and has sold some of them for the purpose of Summer camps,etc. Incidentally, purchasers desired privacy and so the fence was built to debar the public from entering on the lots and the beach in front of them. The residents of the Township have used the spot for many years as a picnic ground and bathing beach and it is the only spot of the kind available to them as all the rest of the shore in the locality is muddy,marshy or rocky. They resent the closing of the beach and being advised that the lot owners are acting illegally,the Township Council is seeking information as to proper means of procedure with the object of restraining the erection and maintenance of the fence and of having the rights of the public to the shore authoritatively defined. They have no money to waste on lawsuits and hope to evade such action.

The file which you sent me is returned herewith

Sir,-

I have your letter of the 2nd instant regarding a fence on the beach in Laird Township, pertaining to the Frac. N.W.¼ Sec.B, Township of Laird, and in reply I beg to say that the description in the patent reads,- "The fractional North West quarter Section B, Township of Laird, containing five acres more or less, reserving thereout and therefrom five per cent of the area hereby granted for roads and the right of the Crown to lay out roads where necessary." The plan of this Township does not show that there is a road or marine allowance along the shore and it does not appear that the patent would give the owners any right beyond high water mark.

As requested in your letter, please find enclosed your file No.11751-1.

Sir,-

I beg to inform you that documents have been received by the Department without any covering letter, in connection with Lots 3, 4, 5 and 6 in the 3rd Range of the Temiscamingue Reserve, one being a petition from one, Xenophile Caza, as to one of the lots; another, a petition from Alexander Lafreniere, and a copy of an agreement between Tremblay and Caza, which documents are inclosed in order that you may report fully in regard thereto.

I would point out that these lots stand in the name of J. A. Tremblay, and only an unconditional transfer from him can be accepted under the provisions of the Indian Act. If there is any claim against the lot and the claimant desires to prevent a transfer, he should file the usual lis pendens issued out of a Court of competent jurisdiction.

Dear Sir,

You find enclosed a contract, an affidavit and fees required for registration. The parties thereof are M.J.A.Tremblay N.P. of Tilbury Ont. and M.X.Caza of North Temiskaming Co. of Pontiac P.Q.

The 15th September 1905, M.J.A.Tremblay transferred the lot No.6 range 3 of North Temiskaming to M X.Caza. In that contract the granter promised, when obtaining "Letters Patent", to make an act of sale in order to give the title of proprietor to the grantee M.X.Caza This promise was subjected to some conditions that grantee has perfectly fulfilled. You can ascertain the truth of these facts by examining the protest already handed to you by Mr. Burwach Agent of Indian Reserve at North Temiskaming.

Some weeks ago the said J.A.Tremblay has transferred to Mr.B.Ballard the lots No.3,4,5,6, Range 3 without reserving lot 6. And now this man has made the fist advances to obtain "Letters Patent". So as you see, the conduct of that gentleman is very strange and suspicious. It is to be noted that Mr.Caza is a poor farmer and having a family to support and since the possession

the possession of this lot,he made many improvements.Consequently he will suffered great damages by so doing of Mr.Tremblay.Further the latter is indebted to Mr.Alex.Lafreniere of North Teniskaming in a sum of $90.00 for working done and improvements perfomed in the said lots. We are told that he thus transferred these lots to avoid his creditors. Mr.A.Lafreniere took legal proceedings against him.

Now at first our efforts are to prevent Mr.Tremblay from obtaining"Letters Patent"relating to the lots No.3,4,5,6, Range 3 and especially lot No.6. Secondly we require the registration of this contract being in due form. Thirdly,considering that the articles 1476 and 1478 of Civil Code states that a promise of sale with tradition and actual possession is a sale and the creditor of promise may demand that the debtor shall execute a deed of sale in his favor according to the terms of the promise;and considering that the grantee Mr.Caza has fulfilled all conditions in the contract mentionned, and by the protest asserted and sworn,and considering that he has perfomed all legal improvements described by "Statutes"as to Lands to obtain "Letters Patent,we now ask for the issuing of "Letters Patent relating to the lot No.6,Range 3 ,being now in possession of M.Caza.

We hope an answer as soon as possible If the amount of money enclosed is not sufficient we will pay the balance.

Yours very truly,

Sir,-

I should like to have information in regard to lots 3 and 4, range 3 of the reserve, for these lots are not occupied by any person, and no clearing at all and no building, absolutely nothing. They belong to a man who will never come and settle or rather reside there, because he is a notary practising in the county of_____ whereabouts I cannot say exactly, I do not know the name of the place; but all the same you will see from that that he is only a speculator. So I think it is your duty to change these, and in that case I should like to buy them from the Department at the ordinary price and conditions.

The Honourable Frank Oliver,
Superintendent General
of Indian Affairs.

The undersigned begs to report that one of the conditions embodied in the surrender of the St. Peter's Indian Reserve was that immediately after the locations of the individual Indians were made, letters patent would issue. The survey of the locations has just been made and a description of each location has been furnished by the surveyor. Each description by metes and bounds occupies from one to two pages of typewriting, and, as there are about four hundred patents to issue at once, extra assistance is immediately required for the engrossing of these patents.

The undersigned would therefore recommend that, under Section 23 of the Civil Service Amendment Act, the authority of His Excellency in Council be obtained for the immediate temporary employment of Messrs. Alexander Ogilvy and E. J. O'Neill, of Ottawa, for the purpose of engrossing the patents referred to, Messrs. Ogilvy and O'Neill to be paid salary

Reply.

January 12th, 1909.

Sir,

It having been represented to the Commission that aneed exists in some of the departments of the Public Service for a number of clerks in Sub-division B of the Second Division and it being imperative under the Civil Service Act that such positions be filled by competitive examination,it has been decided by the Commissioners to hold an interim examination for such division at as early a date as practicable. Inasmuch, however, as the proposed arrangement will be a temporary one only, pending the inauguration of the system of regular competitive examinations provided for by the Act, which it is hoped will take place not later than the month of May next,it is desired that this examination shall have reference only to existing vacancies and to such further appointments to the division in question as may be considered probable within the next six months. Will you be good enough, therefore, to state, for the information of the Commissioners, whether your department is likely to require any appointments to such division within the period mentioned, and if so the number of clerks and the nature of the duties to be performed in each case.

May I ask the favor of an early reply in order that the notice of examinations required by the Act may be published with as little delay as possible.

I have the honour to be,
Sir,
Your obedient servant,

Dear Sir,-

In reply to your letter of the 13th instant, I have to say that there is one vacancy in Sub-Division B of the 2nd Division in this Department. The clerkship to be filled is in the Records Branch of the Department, and the nature of the duties are such as appertain to handling of records, filing and distributing papers, etc. etc, and the appointee should be a young man with general intelligence, a good memory and sense of order and arrangement if such can be found.

REGULATIONS OF THE CIVIL SERVICE COMMISSION

WITH REFERENCE TO ENTRANCE TO THE SERVICE AND PROMOTION IN THE SERVICE.

(Approved by His Excellency the Governor General in Council, on the 19th day of April, 1909.)

In accordance with section 10, clause 2 of the Civil Service Amendment Act, 1908, requiring that the duties of the Civil Service Commission 'shall be performed in accordance with regulations made by the Commission, and approved by the Governor in Council,' the following regulations have been prepared by the Commission:—

Examinations for Entrance to the Inside Service.

1. In order to comply with section 13 of the Civil Service Amendment Act, which states that 'except as herein otherwise provided, appointment to positions in the Inside Service under that of deputy head shall be by competitive examination, which shall be of such a nature as will determine the qualifications of candidates for the particular positions to which they are to be appointed, and shall be held by the Commission from time to time in accordance with the regulations made by it and approved by the Governor in Council,' the Commission will provide for general competitive examinations for entrance to the following divisions and subdivisions of the Inside Service:—

(*a*) Clerks for Subdivision B of the Third Division.

(*b*) Clerks for Subdivision B of the Second Division.

2. In accordance with section 15 of the Civil Service Amendment Act, the number of competitors to be selected, for appointment to the Service, from those taking the examinations for the above divisions, shall be computed by the Commission on the basis of the reports from the several departments as to their probable requirements for the ensuing six months.

3. The general competitive examinations shall be held twice a year, in the months of May and November. Forms on which applications for these examinations shall be made will be provided by the Commission, and may be had on application to the Secretary of the Commission. General competitive examinations shall be held at the following places: Halifax, Yarmouth, Sydney, Charlottetown, St. John, Fredericton, Moncton, Quebec, Montreal, Ottawa, Kingston, Hamilton, Toronto, London, Sault

Ste. Marie, Port Arthur, Winnipeg, Brandon, Regina, Saskatoon, Calgary, Edmonton, Nelson, Vancouver, and Victoria. The examinations may also be held at such other places as may be selected by the Commission for the convenience of candidates applying for examination.

2. Where competitive examinations are required involving technical or scientific subjects and necessitating the use of scientific apparatus, it shall not be necessary to hold such examinations at each of the above places, but the Commission shall, as far as possible, arrange for at least one place in each province where such examinations may be taken.

4. Any examination may be taken in the English or French language, at the option of the candidate.

5. A general examination for messengers, porters, sorters and packers shall be held at the same times and places as the general examinations for the Second and Third Divisions, and shall include the following subjects of the ordinary public school standard:—Reading, writing, spelling, and the first four rules of arithmetic. The minimum percentages of qualification shall be fifty per cent on each subject and sixty per cent on the whole examination.

6. Where messengers, porters, sorters and packers require certificates of qualification and fitness under section 22 of the Civil Service Amendment Act, the Commission may require any or all of these to pass an examination which shall be as nearly as may be of the same standard as that set for those who take the general examination for entering that grade of the Service.

7. The general competitive examination for clerkships of Subdivision B of the Third Division shall include the following subjects of the average high school standard: Writing, spelling, arithmetic, geography, history, composition, copying manuscripts, typewriting. No candidate shall be selected for appointment to a position in the Third Division who secures less than fifty per cent of the marks assigned to each subject, and sixty per cent of the marks assigned to the whole examination.

8. Candidates may take, in addition to the foregoing subjects, either or both of the subjects of stenography and book-keeping. While the marks obtained for these extra subjects shall not affect the standing of the candidates in the compulsory subjects, yet, where a knowledge of stenography or book-keeping is required for any position in the Service, those having these qualifications and otherwise on the list of successful competitors will be given the preference.

9. Persons employed in the Civil Service in the Third Division may take the competitive examination for entrance to the Second Division under the following regulations:—

2. Such persons must have been employed at least one year in the Third Division before competing in such examination; also their records in the reports to be furnished under the Civil Service Amendment Act must be good.

3. In case of failure in such examination any person so failing shall not compete again within a year.

4. Persons so failing may, if their records for conduct continue good, present themselves for examination a second time, but in case of failing a second time they shall not again be allowed to take the said examination.

10. To insure the availability of a sufficient number of competent typewriters and stenographers, the Commission may appoint a special competitive examination for typewriters and stenographers, for Subdivision B of the Third Division, which shall include the following subjects:—Typewriting, stenography, writing, spelling, composition and copying manuscripts.

2. Where a sufficient number of typewriters and stenographers are not available among those who have taken the full examination for Subdivision B of the Third Division, the requirements of the departments may be supplied by appointing, in order of merit, those who have taken the special examination for typewriters and stenographers.

3. No one appointed as the result of such special examination shall be considered as eligible for promotion to Subdivision A of the Third Division who has not subsequently qualified in the additional subjects of arithmetic, history, and geography as required for the regular examination for entrance to the Third Division.

11. Where candidates for employment as temporary clerks require certificates of qualification and fitness under section 23 of the Civil Service Amendment Act, the Commission may require any or all of these to pass an examination which shall be as nearly as may be of the same standard as that set for those who take the general examination for entering that grade of the service.

12. Candidates for the general competitive examination for clerkships of Subdivision B of the Second Division shall take all of the subjects in group A of the following list, any two in group B, and any three in group C:—

	A.
Writing,	Typewriting,
Spelling,	French (for those taking the general examination in English),
Composition,	
Literature,	English (for those taking the general examination in French).
Arithmetic,	
	B.
Algebra,	Chemistry,
Geometry,	Geology (including mineralogy),
Physics.	Biology (animal and vegetable).
	C.
Latin,	Economics,
German,	Geography (general, physical and commercial),
History (modern),	
Political Science,	Philosophy (scholastic or general),
	Law (English or civil).

2. No candidate shall be selected for appointment to a position in Subdivision B of the Second Division who secures in Group A less than 50 per cent of the marks assigned to writing, spelling, composition, literature, arithmetic and typewriting, 40 per cent of the marks assigned to French and English and 60 per cent of the marks assigned to the whole Group.

3. No candidate shall be selected for appointment to a position in Subdivision B of the Second Division who secures in Groups B and C less than thirty per cent of the marks assigned to each subject and forty per cent of the marks assigned to the subjects selected from the two groups.

4. The standard of examination shall require a good general knowledge of the subjects selected from the above groups. In order that due regard may be had to the different university systems in Canada, a curriculum shall be prepared by the Commission showing, with as much detail as possible, the ground to be covered under each of the subjects in the above groups A, B and C. A copy of this curriculum shall be supplied to any person on making application to the secretary of the Commission.

13. Candidates may take, in addition to the foregoing subjects, either or both of the subjects of stenography and book-keeping. While the marks obtained for these extra subjects shall not affect the standing of the candidates in the compulsory subjects, yet where a knowledge of stenography or book-keeping is required for any position in the Service, those having these qualifications, and otherwise on the list of successful competitors, will be given the preference.

14. Where the Deputy Head of a Department applies to the Commission for a nomination to a clerkship in Subdivision B of the Second Division in such department requiring special competitive examinations in technical or scientific subjects, these may be provided by the Commission, instead of the general competitive examinations for Subdivision B of the Second Division. The subjects for such special examinations shall be arranged between the Commission and the deputy head of such department.

15. Where the deputy head of a department applies to the Commission for a nomination to a position above that of Subdivision B of the Second Division, which requires to be filled by appointment from without the Service, the Commission shall, after consultation with the deputy head of the department in which the appointment is to be made, provide a special competitive examination or test, which may or may not involve written answers to questions, but which shall be of such a nature as to secure a person well qualified for the position to be so filled. In determining the qualifications of candidates for such positions, the examination or test shall have special reference to executive ability and tact, such special or professional training as may be required, and a successful experience in duties similar to those pertaining to the position to be filled.

16. Where the appointment is one which is to be made under section 21 of the Civil Service Amendment Act inasmuch as the person to be appointed requires to obtain from the Commission a certificate that he possesses the requisite knowledge and ability, the Commission, with the consent and co-operation of the head and deputy

head of the department in which the appointment is to be made, may arrange a form of examination or test, by which to determine whether the person is qualified. On satisfying the Commission that he is duly qualified, such person will receive the certificate of the Commission.

17. When the selection is made by the head and deputy head of the department without reference to the Commission, the Commission may make such inquiries and appoint such an examination or test to determine the qualifications of the person so nominated, as it may deem necessary for an intelligent and responsible discharge of its duties.

Promotions in the Inside Service.

18. A candidate who is recommended by the head of a department for promotion, other than from the Third to the Second Division, in order to receive the prescribed certificate of qualification, must satisfy the Commission of his ability to perform the duties of the position to which he is to be promoted. For this purpose the Commission, if it considers an examination necessary, may, after consultation with the deputy head of the department in which the promotion is to take place, prescribe a promotion examination, having regard to the requirements of the Subdivision to which the promotion is to be made, and the special duties of the position to be filled.

19. Where there are two or more persons in the employment of a department who are eligible for promotion to any vacant position, the Commission may, on the request of the head of the department, provide a competitive promotion examination limited to those who are declared eligible for promotion. Such an examination shall have regard to the requirements of the subdivision to which the promotion is to be made, and the special duties of the position to be filled. Upon the results of this examination, if satisfactory, the Commission shall issue the required certificate of qualification.

20. Candidates who, under sub-section 2 of section 26 of the Civil Service Amendment Act, 1908, are nominated by the head of a department for promotion from the Third to the Second Division must, in order to receive the prescribed certificate of qualification, satisfy the Commission that they are qualified to enter the Second Division. To this end the Commission, after consultation with the head or deputy head of the department in which the promotion is proposed, shall prescribe a non-competitive promotion examination which, while having special reference to the requirements of the position to be filled, shall nevertheless insure a qualification substantially equivalent to that required in the open competitive examination for entrance to the Second Division.

General Regulations.

21. All competitive examinations for entrance to the Service shall be advertised in the *Canada Gazette* at least four weeks before the examinations are to take place. Such advertisements shall state the number of positions to be competed for, the conditions to be complied with by the competitors, the subjects to be covered by the examinations, and the places at which the examinations may be held.

22. Within one month after the publication of the results of a Civil Service examination any candidate who considers that his answer papers have not been cor-

rectly valued may make application to the Commission to have his papers re-read. Such application must be accompanied by a fee of $3 in the case of Third Division or lower examinations, or $5 in the case of Second Division or higher examinations. In cases where the appeal is sustained the fee will be returned.

2. The answer papers of all candidates at any Civil Service examination, after being valued by the examiners, shall be retained by the Commission for a period of six months from the date of publishing the results, and at the end of that period they shall be destroyed.

23. Every successful candidate, before receiving a permanent appointment to the Inside Service, must furnish the Commission with a certificate of good health, which shall be filled out on standard forms to be furnished by the Commission.

2. There shall be appointed by the Governor General in Council in each place where an examination is held one or more medical examiners, from whom such certificates shall be obtained.

3. The fees for the health certificate shall be:—For messengers, porters, sorters, packers, and for temporary clerks, two dollars ($2); for clerks of the Third Division, three dollars ($3); for clerks of the First and Second Divisions, five dollars ($5).

24. Every successful candidate, before receiving an appointment to the Inside Service, must furnish the Commission with references to at least three reputable persons who may be able to give adequate information as to the candidate's character and habits.

25. The following shall be the schedule of fees to be paid by the candidates at the several examinations held under the direction of the Commission:—

Examination for clerkships in Subdivision B of the Third Division, a fee of	4 00

2. No fee shall be required for the privilege of taking optional subjects.

3. The fees for the regular Third and Second Division examinations shall be payable by the candidates when presenting themselves for examination. The fees for the extra examinations shall be payable at the time of making application to take such an examination.

26. Copies of the reports of the 'conduct and efficiency of all officers, clerks and employees below the First Division' which, in accordance with section 40 of the Civil Service Amendment Act, are required to be made in each department, shall be furnished to the Commission by the deputy heads of the various departments every three months.

2. To insure uniformity these reports shall be made out on forms prepared by the Commission which may be procured by the departments upon requisition to the Government Stationery Office.

27. As soon as practicable, after the coming into force of these regulations, the Deputy Heads of the several departments shall furnish to the Commission, for the purpose of its Establishment Books, returns of the officers of their departments, with such particulars as to their past service and present employment as are provided on the form prepared by the Commission.

28. The Secretary of the Treasury Board shall notify the Commission of all changes which take place in the organization of the offices in the several departments in the Inside Service, whether these changes result from the creation of new offices, the division or combination of existing offices, or the abolition of offices; also of all changes in the personnel of the officers holding respective offices in the several departments in the Inside Service, whether these changes result from original appointment, promotion, transfer, death, resignation or dismissal.

29. The Commission shall select examiners duly qualified to prepare the necessary examination papers and to value the answers of the candidates, in connection with the general and special examinations provided for in the Civil Service Acts and in these regulations.

2. Each of the examination papers for the First and Second Divisions of the Inside Service shall be prepared and the answers valued by two examiners.

3. In the case of promotion examinations, and of special or technical examinations for the First and Second Divisions, as far as possible one of the two examiners shall be selected from within the Department in which the appointment is to be made, and the other from without.

Dear Sir,-

From time to time memoranda are submitted to the Treasury Board from the several Departments recommending the appointment of officials who have been successful at the competitive examinations. It would appear from the provisions of the Civil Service Amendment Act with regard to appointments that the selection from the list of candidates is made by the Civil Service Commissioners and that after they have served their probationary term they are deemed permanently accepted for the Service. It does not seem, therefore, that at any stage of appointment as the result of competitive examination an Order in Council is necessary. I shall be very much obliged by your letting me know if I am correct in my reading of the Act.

Yours truly,

Mr. Pedley,-

As the Lands Branch and records room are at present shorthanded, I think it will be necessary to ask the Commission for the services of two temporary clerks.

Miss Back has all she can do in connection with the statistics for Mr. Macrae. Miss Lord is fully engaged in Mr. Bray's room. Miss Doyle is doing work for the Law Clerk and Mr. Stewart, and also, when required, for the Hon. Mr. Laird. Miss Gorrell is employed in Mr. Campbell's room. So that at present there appear to be no available clerks to assist in the Lands branch and records room.

What money is available for extra clerks to the end of the present Fiscal Year? In reply to this question I would report that ~~from~~ on the 31st. December we will have $865.31 unexpended. From this amount we shall have to pay for the services of Miss Langdon and Miss Churchill, and a clerk to substitute for Smith, if one is required in the Records Branch. This will leave the unexpended balance on the 31st. March if no other extra clerks are employed, $490.31. This is almost enough to enable us to pay four additional extra clerks from the 1st. January to 31st. March, 1912. The unprovided amount being $9.69. It will be observed that three clerks may at once be appointed in the Third Division, Subdivision B. Neither of the two extra clerks at present employed have passed the examination, but they both intend to present themselves in May.

MEMORANDUM

Mr. Pedley -

In connection with my memo dated today, relating to vacancies on the staff, etc., I would point out that two extra clerks at present employed are working in this Branch, Miss Langdon and Miss Churchill. As I stated in my other memorandum, these young ladies have not passed the examination but intend to present themselves in May. There is another vacancy in this Branch which has never been filled, that is a vanancy which occurred when Miss Neelin left. Miss Caddy has been doing her work but she was very useful as a copying clerk and in other ways.

Memorandum

Mr. McLean:-

The reply to your memorandum January 27th is contained in my memorandum of December 27th herewith, but, in answer to your present question I would say that since the memorandum was made two extra clerks have been employed, and one asked for (see letter January 25th). We can now only employ and pay for one extra clerk up to the 31st March. We have three vacancies in Third Division Sub-Division B, and if the Commission can recommend a clerk who has passed the examination to fill one of these vacancies, the appointment could be made. I think, however that these vacancies (in B. 3rd. Division) should be filled by clerks whose ability has been actually demonstrated. *as the Sup't*

Mr. McLean,-

With reference to your memorandum herewith I have to say that we are now paying four extra clerks and one extra messenger, viz:- Mr. A. Bristow, Miss C. McDonald, Miss L. E. Langdon, Miss B. M. Owens and Miss A. Masta, and it therefore would not be possible to pay two additional extra clerks if this whole group of five at present employed is to be continued throughout the year. Our Estimates would allow us to pay six extra clerks throughout the whole year. I would suggest, however, that as there are vacancies some of them be appointed permanently, those whom we need and who have passed the examinations. That will give us plenty of funds in the vote for temporaries. I think Mr. Bristow, the extra messenger should be appointed permanently. Miss McDonald and Miss Langdon have both passed the examinations and Miss Masta although she has not yet passed the examinations is turning out to be a very good bookkeeper and I would like to keep a place for her permanent ~~position~~ appointment, as she will be a valuable addition to the staff.

Referring to my telephone conversation with you this morning, regarding the clerical help which we wish to obtain in this Department for a short period, I would state that I proposed to utilize the services of this extra clerk partly in reading the copy of the Annual Report for an hour or two each day and in typewriting in the office of the Architect, whose typist is at present on leave. The clerk to be of real service to us should be, if not a stenographer, a fairly good typewriter.

EXTRACT from the Minutes of the Proceedings of the Civil Service Commission of Canada, Wednesday, 14th November, 1917.

The Commission considered the question of the records of conduct and efficiency which are required to be kept in each department under the provisions of Section 40 of the Civil Service Amendment Act, 1908.

It was decided that

(1) If the reports are carefully made in the various branches of the departments and furnished to the deputy heads every three months, as required by Sub-section 2, it will only be necessary for copies of the reports to be forwarded to the Commission by the deputy head, as required by Sub-section 3, every six months.

(2) If the departmental record is carefully preserved, it is only necessary to keep the copies on file for two years at the office of the Civil Service Commission.

(3) In writing to the deputy heads regarding the reports, the Secretary is to emphasize the fact that in future efficiency records will be regarded as an important factor in dealing with all recommendations for promotion and that the greatest care should, therefore, be taken to see that all officers and clerks are carefully rated in the reports which are sent to the Commission.

(4) In all cases where an adverse or unfavourable report is made respecting any Civil Servant, the matter shall immediately be brought to the attention of the Commissioners.

DEPARTMENT OF INDIAN AFFAIRS
DEC 4 1917

ED.

November 30th, 1917.

Sir,

It having been brought to the attention of the Civil Service Commission that many departments of the Government Service are taking on temporary employees without reference to the Commission, the following resolution was recently adopted, incorporated in the Minutes, and ordered to be forwarded to the Government:

"That the Government's attention be called to the fact that certain Departments of the Public Service in Ottawa are appointing hundreds of temporary employees without reference to the Civil Service Commission, with the request that, in the interest of the Civil Service and the Commission and of public confidence in the intentions of the Government to eliminate patronage in the matter of appointments to office, the Government be respectfully requested to direct that the Departments shall, in future, apply to the Commission for all employees required."

In the opinion of the Commissioners, the Civil Service Commission is intended to be a useful department of the Government service, and was established for the purpose of supplying the clerical assistance required by the various departments on a fair and equitable basis of merit, and of certifying to the qualifications of every applicant for employment, either temporary or permanent, in the Inside Service at Ottawa. But, owing to certain loop-holes in the law, by means of which extra clerks may be taken on

by the departments without reference to the Commission, and paid from an Outside Service vote, from the War Appropriation, or from some other of various funds at the disposal of the departments, the Commission has found it increasingly difficult to obtain enough qualified applicants for employment to form a suitable eligible list. Candidates naturally prefer to make application where no test or competition is required. There is also the question of salary, causing great unfairness to those departments which endeavour to get their clerks through the Commission, the Commission being bound by the terms of the Civil Service Act, and unable to offer the same rate of remuneration as certain of the departments in which the salary of temporary clerks has been increased to an unreasonable extent.

In view of the announcement of the Government of its intention to entirely eliminate patronage from Civil Service appointments, the Commission ventures to ask the co-operation of all heads of departments in an effort to make the merit system a success in Ottawa. If an assurance is received from the Government, and from the various departments, that in future all employees will be obtained through the Commission, immediate steps will be taken to establish eligible lists in order to avoid all possible delay in supplying suitable persons for every class of employment. It is

sincerely hoped that any laxity which has obtained in the past will not be continued, and that the half-hearted interest which has hitherto been shown in the work of the Commission will be replaced by a whole-hearted support and co-operation from all departments, which will have the most beneficial results.

EXTRACT from the Minutes of the proceedings of the Civil Service Commission of Canada, Monday, 7th January, 1918.

The Board considered the question of the principles which should govern in considering applications for the issue of Certificates of Qualification under Section 33 of the Civil Service Amendment Act, 1908, and it was agreed that each case must be considered upon its own merits but that, as far as possible, the following principles should be observed in considering appointments to the Third Division:

In cases where stenographers and typists who have had at least two years' experience obtain a good standing at the competitive examinations, and take, in addition to the subjects required of stenographers, the three subjects of arithmetic, geography and history required to complete the full clerkship examination, the Commission will consider recommendations for their appointment at salaries ranging from $600 to $800. Consideration will also be given to stenographers who are competent to take dictation in both English and French. Only in exceptional cases will applications be considered for appointment at a salary in excess of $800 per annum, namely, where the person to be appointed has had a long experience in responsible work, and where the duties to be performed require the appointment of a stenographer with such special qualifications.

In the case of clerks without a knowledge of stenography, that is, those taking the general clerkship examination, certificates will be issued for appointment at salaries above the minimum only when the candidate has obtained an exceptionally good standing at the examinations, and has had previous experience and training along the line of the duties to be performed in the position to which he is to be appointed.

Clerks and stenographers without previous experience who are assigned to temporary positions, and who, after learning the work of the office, subsequently qualify for permanent appointments, should not be recommended for a special increase to the minimum salary simply on account of the experience which they have acquired while in the Government service.

CIVIL SERVICE COMMISSION OF CANADA.
OTTAWA.

S 8th January, 1918.

Sir,

Since the publication of the results of the competitive examinations for Stenographers and Typists and Third Division Clerks, held in November, 1917, the Commission has received several applications for the issue of Certificates of Qualification under the provisions of Section 33 of the Civil Service Amendment Act, 1908, for the appointment of certain of the successful candidates at a salary above the minimum of Subdivision "B" of the Third Division. In dealing with these cases, the Commissioners found it necessary to draw up certain rules by which they should be guided in considering the advisability of issuing the Certificates applied for, and I am now directed to forward you a copy of these principles, and to ask for an expression of your views thereon. The memorandum referred to is enclosed herewith.

Dear Sir,-

I am in receipt of your letter of the 8th instant inclosing extract from the minutes of the proceedings of the Civil Service Commission of 7th instant with regard to appointments in the 3rd Division with salaries above the minimum under the provisions of Section 33 of the C.S.A. Act 1908, and requesting an expression of opinion thereon.

In reply I would say that I can suggest no improvement in the principles that the Commission propose to adopt.

Stenographers in this Department require only to be able to take from dictation in English.

Sir,

As you are probably aware, an Order-in-Council was passed yesterday placing all appointments to the Public Service, whether temporary or permanent, under the Civil Service Commission. In order to insure the success of this new system, it is absolutely necessary that the Commission should have the co-operation of the heads of departments. Some difficulty will be experienced at first in meeting the needs of the departments promptly as they arise, but it is hoped that, as a better class of clerks is furnished, the need for extra assistance will gradually be decreased. The Commission is informed that several of the departments are now overmanned and that their needs will, therefore, be negligible for some little time to come and probably when the incentive to distribute patronage is removed, it will be found that fewer clerks are required to carry on the work of the department. I am to ask, therefore, your hearty co-operation with the Commission in the matter of appointments to the Public Service, and I am also to beg that you will furnish the Commission, as soon as possible, with

with an estimate of your probable requirements for the next two or three months, in order that steps may be taken towards forming eligible lists of candidates, from which appointments may be made. The Commission would also suggest that, whenever it is possible for the department to gauge its needs before hand, it would be only fair to the Commission to state them as soon as known and not to wait until the clerks' services are required immediately and little time can be spared for judicious selection.

Sir,

The Commissioners are of opinion that, in order to give full effect to the policy of the Government to eliminate patronage from all civil service appointments, it will be necessary in future to throw open to competition all positions of a professional or technical nature, unless it is found that competition is impracticable or unnecessary in the public interest, in which case the Commission will accept the responsibility of exempting the position from competition. In this connection, I may quote Section (a) of the Order-in-Council, P. C. 358, approved by His Excellency the Governor General on the 12th February, 1918.

> (a) In any case where the knowledge and ability requisite for any position in the Outside Service are wholly or in part professional or technical, a person shall only be appointed to such position in the manner prescribed by Section twenty-one of the Civil Service Amendment Act, 1908, for similar appointments to the Inside Service, and no appointment shall be made under this rule to the Outside Service, or under Section twenty-one of the Civil Service Amendment Act, 1908, to the Inside Service, unless the Civil Service Commission determines that the position is wholly or in part professional or technical.

I am further to state that in future special positions will be advertised only on the first Saturday in each month, in order to avoid unnecessary expense and labour in sending copies of the advertisements for publication throughout Canada. The departments are, therefore, asked when special appointments

Sir,

With the object of expediting the transaction of public business between the Commission and the several Departments of the Public Service, the following mode of procedure was suggested and was adopted by the Commission, as forming a more direct method of obtaining prompt results.

In all cases of appointment, transfer, promotion, additions to or changes in organization, etc., the departments are to be divided among the Commissioners, in order that a carefully considered report on each case may be laid before the Board. The first communication in regard to any matter is to be addressed to the Secretary, in order that the same may be duly registered, and an official file made. The file will then be referred to the Commissioner in charge of the department concerned, and any further communication in regard to that specific case should be addressed to said Commissioner.

All matters relating to the Department of Indian Affairs will go first to the desk of Commissioner Jameson.

Sir,

Section 23 of the Civil Service Act 1918, relating to temporary clerks, requires that temporary employment in the Civil Service shall only be authorized for such time, not exceeding six months, as the Commission deems necessary, and that the period for which the employment is authorized shall be mentioned in the certificate of qualification by the Commission. It is also necessary, for the purposes of the Auditor General's record, that the certificate should state the salary and the vote from which such salary will be paid. I shall be obliged, therefore, if, when making requisition for extra assistance, you will be careful to furnish the above mentioned information, and such information should be furnished immediately in the case of any clerks who have been sent to your Department since the Royal Assent to the Civil Service Act of 1918 on the 24th of May. DEPT. OF INDIAN AFFAIRS SEP 17 1918 RECORDS

Sir,

I have the honour, pursuant to the provisions of Section 35 of the Civil Service Act, 1918, to request that you will be good enough to furnish the Commission with a statement showing the number of additional permanent officers and Clerks likely to be required in your department from October, 1918, to March, 1919, both months inclusive. To facilitate the preparation of such statement I am enclosing herewith, a printed form setting out the requirements of the Commission in this connection. The Commission realizes that in many cases to give an accurate estimate of the number of additional clerks likely to be required it will be necessary for deputy heads to make enquiries from all outside offices as to their probable needs. If this is done, considerable delay is unavoidable, and as the matter is urgent, it will suffice if a reasonably accurate statement based upon the needs of the departments in the past and such as could be made without enquiry outside of Ottawa is furnished. The information is required to enable the Commission to compute the number of vacancies for which examinations are necessary and in this instance at all events whatever estimate is reported will not be binding on the departments. The computation of the Commission will be made on the 24th instant, and all reports should be in on or before the 23rd. Your prompt attention to this matter will, therefore, be appreciated.

Dear Mr. Scott,

Owing to the inadequacy of office accomodation at the disposal of the Commission, it is found impossible to give "oral interviews" to persons who are selected for employment in the various Departmnets, and we are forced at present to instruct them to report direct to the Department to which they are being assigned.

This will occasionally, no doubt, lead to unsuitable assignements, in which case we would, of course, ask that such persons be instructed to report back to the Commission and that advice to that effect be sent us. I am also to ask that the Department will, with the least possible delay, advise when any newly assigned official assumes his or her duties, so that our records may be kept up to date, and the necessary certificate issued.

As soon as the Commission is provided with suitable and adequate office accomodation, every person selected for employment will be required to present himself for "inspection" at the office of the Civil Service Commission, so that the chances of unsuitable selection may be reduced to a minimum.

Trusting that you will continue to assist the Commission by the consideration which you have been good enough to show hitherto, I am,

Dear Mr. Scott:

With reference to the appointment of temporary employees in the various departments, Boards and Commissions of the Public Service, I am instructed to advise you that the eligible lists on record in the office of the Civil Service Commission are now in a fairly healthy condition and sufficient to meet the ordinary requirements of the service.

It will not therefore be necessary to continue the arrangement made last Spring by which departments were permitted to engage employees, subsequently reporting to the Commission. In future all appointments must be made strictly according to the law and the regulations of the Commission, and no appointments will be approved in future unless requisition has been previously submitted and assignment made in response thereto.

It is, of course, possible that in very exceptional cases unexpected emergencies may arise where exception to this rule may be necessary in the interests of the public service, but if reasonable foresight is exercised in the departments, such cases will be exceedingly rare and the Commission must be thoroughly satisfied that the circumstances justify a departure from the prescribed procedure before they will make any exception thereto.

This causes some uncertainty and even confusion in keeping records.

I am therefore to ask if you will be good enough to issue instructions in your Department that care be taken in every case where the name is submitted originally from the Department that at least one christian name be given, together with all other initials. Referring to your letter of

Herewith I enclose you clipping from the Fort William "Times -journal" with advertisement of treasurers sale of Lands in Arrears for taxes for Municipality of Neebing to take place on 30th Oct, In looking these lots up I find a number are lots sold from the old reserve in 1904, various payments have been made and evidently the purchasers have neglected to pay the taxes. These that go to sale the purchaser has a year to redeem, perhaps it would be better for the Dept to buy them in to protect the purchaser and the Dept.

Referring to your letter of Oct 26/08

No. 335 362

Lands in old reserve Fort William

I beg to say that seven of the lots in the old reserve south of river , sold by the Municipality for taxes last 30th Oct have not been redeemed by the owners up to date, I have advised them by mail so they may not neglect or blame me.

Again there are to be sold by same Municipality on 26th Oct/09 the following lots

Lot 19 Con 3 taxes 26.10
Lot 18 Con 5 " 26.10
Lot 19 Con 5 " 19.94--------I have notifi- the owners by mail so they can protect themselves.

Lot No 21(according to my map) con 5 does not contain the 100 acres , this lot was sold to Archie Mc Gillis,sale No 34.

Regarding the sale of lands to date of this old reserve the Indians are continually enquiring about their money from this sale, I find there has been paid into the Dept $10,018.50 principal and $648.35 interest, the statement sent me this spring does not show if any interest has been credited them for these amounts , the above amounts with interest 2,3,&4 years should make a good payment to them, when will it be made?

Sir,-

In reply to your letter of the 16th instant, I beg to say that all payments received by the Department for land (Fort William Reserve), whether principal or interest, are credited to capital account.

With reference to the enquiry in the last paragraph of your letter, I beg to say that no special distribution of interest money will be made. The interest account of the Band has been credited with the full amount of interest due the Indians.

Ottawa 7th October, 1909.

Sir,

With reference to your letter of the 24th uktimo, and particularly the last paragraph thereof, in which you ask what amount of money will be distributed to the Fort William Band this fall and when the money will be sent for distribution, I beg to say that about $1,000.00 is available for distribution, but a cheque for the amount will not be sent until a properly signed pay-list in duplicate is received by the Department accounting for the distribution of the $300.00 sent you last spring to pay the Indians of the Fort William Band. The statement which you forwarded under cover of your letter of the 28th July, File No 344.198, is not satisfactory, as there is nothing to show that the persons entitled to payment received the amounts due them.

With regard to your statement that certain of the Indians are desirous of information beyond what you are in a position to give them regarding the condition of the band's account, etc., I beg to refer you to the annual report which shows receipts and disbursements on their account. You should point out to the Indians that they can not reasonably expect to receive a distribution of the total amount of interest on their capital funds and at the same time have all their expenditure incurred on behalf of the band defrayed. Necessary expenditure on behalf of the band is charged against the interest account, and after the payment of the same the balance remaining on hand is distributed (per capita) to the members of the band, at the spring and fall distributions.

Your obedient servant.

Dear Sir:-

The Ludlam-Ainslie Lumber Coy. of Sarnia required the use of about one-thirtieth part of an acre of land alongside of the Pere-Marquette Railroad to be used as a switching-ground, and purchased the right of Mr. Jackson, the Indian who is in occupation of the same, but who afterwards thought there was some misunderstanding as to what he was to pay for it, and started to sue in the High Court of Justice to eject the Company from the premises. The amount in dispute was so very small that the Company thought it better to pay something and get a Quit Claim deed of his interest. Mr. Jackson was willing to leave the amount to the Indian Agent here who fixed it at $18.00 and which amount has been paid to Mr. Jackson, he giving the Company a Quit claim deed of his interest in the small piece of land.

We know, as against the Department, that this Quit Claim deed might not be of any value, but simply took it as a way of adjusting the trifling matter so far as the locatee was concerned, and we herewith enclose you a duplicate of the deed. We apprehend that the consent of the Department could not be got without it being submitted to the Band, which would likely entail more trouble than the small piece of land is worth. We thought it best to let you know what had been done on the premises.

Yours tr. ly, Cowan & Towers

An application made to the Department of Public Works on behalf of Mueller, Limited, for the approval of the plan and site of the construction of a dock and fill in front of water lot 44 in the St. Clair river, Sarnia, has been referred to this Department with regard to the site.

The applicants claim title to the water lot in front of lot 44 under a Provincial Patent.

As the said lot was part of the Sarnia Indian Reserve and as in the surrender by the Indians to your Department of lots 45 to 51, the water rights and privileges were included, I would be pleased to be advised as to whether your Department has any remarks to make in connection with the above application particularly regarding the water lot.

Sir,-

I have your letter of the 7th instant, No. 81-0-39, with reference to the application of Mueller Limited for the construction of a dock and fill in front of water lot 44 on the Eastern shore of the St. Clair River. It does not appear this Department has any interest in this water lot as it is noted the Chippewa band of Indians of Sarnia, Kettle and Stony Point surrendered in July 1907, that part of river lot 44 which lies inside the following boundary;

"Commencing at the waters edge on the St. Clair River on its eastern shore at the point where the water of the St. Clair River is met by the line between the said River Lot No. 44 and the town of Sarnia, thence in a south easterly direction along the line between said River Lot No. 44 and the town of Sarnia to the western boundary of the Pere Marquette Railway right of way thence in a south westerly direction along the said western boundary of the Pere Marquette Railway right of way to the Point where it is intersected by the line between River Lot 43 and River Lot 44 thence along said line in a north westerly direction to the waters edge on the St. Clair River thence in a north easterly direction along the shore of the St. Clair River to the place of beginning; being all that part of said lot 44 which is west of the Pere Marquette Railway."

As the Sarnia Indian Reserve, it would appear, extends to the high water mark, this Department does not claim any interest in or control over the water lot applied for.

Yours truly,

A. S. Williams

Sir,-

An Indian named Thomas Odjik called at this Department to-day and made the following statements: -

That he took up about 14 years ago Lot 6, Range 10, Portland East, and has been living on it ever since; that he made improvements by clearing about 40 acres, 5 acres of which have been fenced and hay grown thereon; that he has also built on the land a small house or shanty with outbuildings; Odjik said he felt secure in the possession of the land as he had been informed by Mr. Asa Cooke, Inspector of Lands, that he need have no fear of being disturbed by anyone.

In spite of this assurance, however, Odjik states that the place was sold for taxes in May last, to one Pierre Pichette for about $22.00, and that the hay on the land was cut and carried away by Pichette and also certain agricultural implements and furniture owned by Odjik were also carried off by him.

Odjik states that he never received a notice of taxes being payable by him and that he was not aware that the land held by him was subject to taxation.

May I ask that you will inquire into the statements made by Odjik and inform me, if the facts are as stated, what action will be necessary in order to have him again placed in possession of the land formerly held by him.

J. Robillard, Esq.,

NOV 27 1908

OFFICE OF THE MUNICIPAL COUNCIL OF THE

COUNTY OF LABELLE

Thurso, November 25th 1908

To the Secretary Dept. of Indian Affairs.
Ottawa.

Dear Sir,

In reply to your letter of the 24th instant re Indian named Thomas Odjick, I have the honor to make the following Statements:

In the course of December 1907, Joseph Cadieux, Secretary Treasurer of the Municipality of the township of Portland, residing at Notre Dame de la Salette, gave me, in my quality of Secretary Treasurer of the Municipal Council of the County of Labelle, a list of lands to be sold for taxes, amongst which was the lot No6, 10th Range of Portland East, property of Thomas Laick (not Odjick) for an amount of taxes & arrears of $15.02.

After due notices given by me as Secretary Treasurer of the County, and publication in the Official Gazette, "The Buckingham Post" and "Le Pionnier" of Nominingue, the sale took place at Papineau-Ville on the regular day, the 5th March 1908, and the lot in question was adjudged to the Municipal Corporation of Portland for the sum of $20.28 ($15.02 for the taxes & 5,26 for the costs)

As to the proceedings adopted by the Municipality of Portland before or after the County Tax Sale, I am not aware of them, and I suppose you could be informed directly by Mr. Joseph Cadieux himself.

I do not see any other way to place Thomas Odjick (or Laick) in possession of the land soldfor taxes than to have said lot redeemed within two years after the day of the sale, according to articles 1022, 1023, 1024, & 1025 of the Municipal Code of the Province of Quebec.

The amount required to redeem said lot in the course of the first year would be as follows:

Price of adjudication	$20.28
Interest 15% for 1 year.	3.05
Price of Redemption Deed & Registration	4.00
Total	$27.33

Enclosed a Blank of a Redemption Deed, to give a better understanding of the question, one copy goes to the Registry Office, one copy to the Redeemer and one copy stays in the Vouchers of the County Council.

Yours truly.

A word to tell you that my piece of land has been sold for taxes to the county and it did not send me any notice and did not send me the notification required by section 1006 of the Municipal Code, which renders null the sale by the county council.

Please be so good as to tell me whether you can do anything to assist me.

Dear Sir,-

I send you a few words to inform you that Mr. Pichette came to my place to look for the hay about which I have already spoken to you; and I forbade them to take it..

They were in my barn that was locked with a padlock and they broke into it twice and took away the hay after they had been forbidden, and there was hay from last year that I had harvested myself and they took that away also. Will you tell me, if you please, whether they have a right to break into buildings that we occupy, also how a piece of land can be sold for taxes. And they took several objects besides that; they took a cradle, and some forks that belonged to me. That was not sold with the land either.

Tell me also whether I can make the council pay for selling my land in the name of another not mine, and I had sold my land and they make me lose my sale. I conclude by hoping to receive news from you very soon.

Yours faithfully,

Thomas Ojick.

I receives a number of cheques this morning from you in payment of Public accounts for Chippewas of Sarnia Among them I find one in favor of John Noah which apparently does not belong to any on these reserves as there is no one that name here. I asked Chief Rodd if he could give us any idea where he belonged and he says he knows a man of that name belonging to the Munsees of Caradoc and also - a John B. Noah at Moravian town - He thinks it is intended for the Munsee man but in any case I return it to you and you can no doubt trace it

Sir - A few days ago I returned a cheque made out in favor of John Noah - No 4064 - for $9.75 - as the name was not one of our Band - I jumped to the conclusion that it had been by mistake sent to Sarnia but on handing out the cheques I believe that the name John Noah should have been John Nahmabin - and the service instead of being repairs to cemetery should have been "work on culvert on cemetery road" he being the cement worker - At any rate his account does not appear to have been paid and it is for the same amount to wit $9.75.

DEPARTMENT OF INDIAN AFFAIRS DEC 17 1908

Ottawa, Dec.10, 1908.

Memorandum to the Deputy.

During the years 1829,30 and 31 the Indians of Three Rivers, St. Francis and Lorette brought before the Department their claims to be allowed to hunt on certain waste lands of the Crown north of the St. Lawrence, which right the Algonquins of the Lake of Two Mountains claimed belonged exclusively to them. Complaints were also made by several bands that their hunting grounds were being trespassed upon and a request was made that the whole question be referred to a Council of the Six Nations to be held at Caughnawaga during the winter of 1829-30. This was agreed to by the Commander of the Forces and the different bands were so informed.

The Council was not however held on the date originally fixed, but was postponed till the 5th July, 1830, when the decision was given that the privilege of hunting north of the St. Lawrence did not belong exclusively to the Algonquins.

The decision gave great offence to the Algonquins and a report was received from Lt.Col.Duchesnay, Indian Superintendent at Quebec that it had occasioned disturbances resulting in the loss of several lives.

The limits of the hunting grounds of each band were apparently not defined by the Council and by letter of the 19th February, 1831, during the administration of Lord Aylmer, the Indians of Lorette signified to His Excellency their desire to lay before Parliament "the necessity of regulating among the Indians the limits of their hunting grounds, &c."

In reply they were informed by His Excellency's direction that"the waste lands upon which they have been permitted to hunt, being the Crown's Demesnes, His Excellency Apprehends the Provincial Legislature is not competent to interfere in determining their limits:- His Excellency will however refer any Petition these Indians may desire, to the Consideration of His Majesty's Government."

No further action appears to have been taken in the matter.

Referring to the question of the hunting rights of the Lorette Indians referred to by you on your recent visit to the Department and to certain representations made in regard thereto during the administration of Lord Aylmer; I have to say that an examination of the records of the Department discloses the fact that during the years 1829, 1830 and 1831 the Indians of Three Rivers, St. Francis and Lorette brought before the Department their claims to be allowed to hunt on certain waste lands of the Crown north of the St. Lawrence, which right the Algonquins claimed belonged exclusively to them. Sir,-

The two Siouis, senior and junior, of the reserve of the Hurons of Lorette have entrusted me with their defence in the prosecution instituted against them by the Sportsmen's Fish and Game Protective Association for having hunted in the National Park established by the Quebec Government. These two Indians tell me that the council of their band would like that they should have a defence authorised by the Department of Indian Affairs based on the fact that about the year 1830, the administration under the presidency of Lord Aylmer made a treaty with the Huron Indians by which he permitted them to hunt at all times on the lands between the St. Maurice river and the Saguenay River. I know that the Indians claim that they have this right notwithstanding the Provincial laws in this matter; but I should like before communicating with the Department that I should be authorized by the latter to undertake the defence of the Siouis in order to obtain the information which I need and the fees and disbursements involved in such a defence.

Monsieur,

Les deux Sioui père et fils de la Réserve des Hurons de Lorette m'ont confié leur défense dans les poursuites intentées contre eux par la Sportsmen's Fish and Game Protective Association pour avoir chassé dans le parc National établit par le Gouvernement de Québec. Ces deux Sauvages me disent que le conseil de votre Tribu voudrait qu'ils fissent une défense autorisée par le Département des Affaires des Sauvages basée sur le fait que vers l'année 1830 l'administration, sous la présidence de Lord Aylmer avait fait un traité avec les Sauvages Hurons par lequel il leur était permis de chasser en tout temps sur les terres entre la Rivière St.Maurice et la Rivière Saguenay. Je sais que les Sauvages prétendent avoir ce droit nonobstant les lois Provinciales à cet effet. Mais je voudrais avant de me mettre en communication avec le Département que je sois autorisé par ce dernier à faire la défense des Sioui afin d'obtenir les renseignements dont j'ai besoin et les honoraires et déboursés qu'entraine une telle défense.

I inclose herewith a letter from Mr. Corriveau, Advocate,K.C., on the subject of the defence of Pierre Sioui and his son. I have before me a letter from the Department addressed to Maurice Bastien and Ovide Sioui No.337680, dated Dec.18, last, on this subject.

However, from what I can see, Mr. Corriveau is of opinion that there is a treaty in existence between the Canadian Government and the Huron Indians by which the latter have a right to hunt in spite of the existence of Provincial law.

If the Department intends to pay the cost of the defence of the Siouis, I beg you to communicate with Mr. Corriveau or to authorize me to tell him to act in the name of the Department.

NO. 1 QUEBEC AND LAKE ST. JOHN RAILWAY.

A sa Majesté Edouard VII Roi d'Angleterre et Empereur des Indes.

Qu'il plaise à Sa Majesté, les sauvages Hurons, mon petit Peuple, se trouvant dans le moment dans une très mauvaise position m'ont solicité de vous faire parvenir dans quelle situation ils se trouvent, et de demander en même temps votre protection; depuis nombre d'années considérable les blancs se sont mis à fabriquer ce qu'on appelle ordinairement l'industrie Indienne, qui, par se fait, ôte aux sauvages le privilége de gagner leur vie. Sur une étendue de terrain d'une lieue de front sur quatre de profondeur que Sa Majesté le Roi et la Compagnie de la Nouvelle France alors maitre de ce pays à cette époque avaient donnés à nos ancêtres, une petite Réserve de quarante arpents carrés seule nous avait été laissée, le reste avait été spolié par les blancs, or le douze Octobre 1904 le Département Indien du Canada, non content des pertes de terrain que nous avons du souffrir antérieurement, s'est permis avec le concours de quelques blancs de faire vendre nos quarante arpents qui étaient cultivés par une partie des Sauvages de cette localité jettant ainsi ceux-ci sur le pave. Alors les Sauvages se voyant ainsi frustré de leur propriété se sont tournes vers les grands bois à faire la chasse pour se soustraire à la misère, mais voila que le Gouvernement du Canada pour cause de chasse, les ménaces de la prison s'ils persistent à chasser; même il y à deux de nos sauvages à l'heure ou vous recevrez cette réquête qui seront peut-être incarcéres dans la prison commune du District.

Il nous semble que le Traité de Paris du 10 Fevrier, 1763 nous à pas réduits à ce point. To His Majesty Edward VII Kind of England and Emperor of India.

May it please His Majesty, the Huron Indians, my little People, finding themselves at present in a very bad position, have begged me to advise you of the situation in which they find themselves and to ask you at the same time for your protection; a considerable number of years ago the whites began to manufacture what is ordinarily called the Indian industry, which, through this fact, takes away from the Indians the privilege of earning their living. On a stretch of land a league long by four deep, which His Majesty the King and the Company of New France, at that time masters of this country, had given to our ancestors, a small reserve of forty square arpents only had been left to us, the rest had been taken by the whites, and on the twelfth of October 1904 the Indian Department of Canada, not content with the losses of land which we have had to suffer formerly, took the liberty with the cooperation of some other whites of having our forty acres sold, which were cultivated by a part of the Indians of this locality, thus throwing them out of their homes. Then the Indians, seeing themselves thus deprived of their property, turned to the forests to keep themselves from want by hunting, but the Government of Canada for the sake of the sport,, threatens them with prison if they persist in hunting; there are even two of our Indians at the time when you will receive this petition, who will perhaps be incarcerated in the common prison of the District.

With reference to your letter of the 13th instant, on the subject of the hunting rights of the Lorette Indians, I have to say that there is no treaty or agreement on file in this Department that would exempt the Indians of that reserve from being subject to the game laws of the Province.

The Department does not assume the responsibility of defending those Indians who violate the provisions of the game laws, and cannot therefore authorize the employment of counsel to act for the Department in the case of Pierre Sioui and his son.

Monsieur,

Deux sauvages Huron sont poursuivis pour avoir chassé illégalement et pour avoir tué des Caribous dans le temps prohibé par la Loi Provinciale. Ces gens prétendent qu'en vertu des traités, qu'ils ont droit de faire la chasse, vu qu'ils n'ont aucun autre moyen d'existence. La question qui se présente est celle-ci: Les traités faits lors de la Cession du Pays et les lois subséquentes passées accordant aux Sauvages le droit de chasse spécialement entre la Rivière St. Maurice et la Rivière Saguenay doivent-elles prévaloir sur celles faites par le Gouvernement Local.

Je crois que les sauvages les maîtres du sol autrefois ont ce droit nonobstant les lois particulières sur ce point. En tout cas il y a doute raisonnable qui devrait être éclairci par les Tribuneaux, et vu que la cause qui se présente est d'un intéret public, il serait de l'intéret du Département des Sauvages de soutenir la prétention des naturels du pays.

Veuillez me croire,

Sir,-

Two Huron Indians have been prosecuted for hunting illegally and killing some caribou within the time prohibited by the provincial law. These people contend that in virtue of treaties they have a right to hunt, as they have no other means of existence. The question that arises is as follows: Do the treaties made at the time of the cession of the country and the subsequent laws granting the Indians the right to hunt particularly between the St. Maurice river and the Saguenay river prevail over those made by the Local government.

I believe that the Indians — formerly

the matters of the soil — have that right, notwithstanding special laws on the point. In any case there is reasonable doubt which ought to be cleared up by the tribunals, and as the case in question is of public interest, it would be in the interest of the Indian Dept. to support the contention of the natives of the country.

Believe me

Sir,

The heads of the Indian Council at Lorette in answer to prosecutions against some of the Hurons, charging them with killing caribou in the prohibited season, and also with hunting contrary to the provincial laws, in the Laurentides National Park, without a license, pretend that in virtue of a treaty made with them on behalf of the Imperial Government by Lord Aylmer, somewhere between 1829 and 1835, or of a general or permanent permit given about that time they are entitled to hunt on all waste lands belonging to the Crown between the St. Maurice and Saguenay, without restriction and at all seasons of the year.

Will you kindly look into this matter and let me know if any such arrangement exists? And if so can you kindly furnish me with a copy of same?

I have the honor to be,
Sir,
Your obedient servant,

Deputy Minister Colonization, Mines and Fisheries.

Dear Mr. Bureau : -

Referring to your letter of the 25th ultimo, relating to an inquiry made by Mr. Apollinaire Corriveau as to the hunting rights of the Indians of the Province of Quebec, I have to inform you that no agreements were made at the time of the cession of the country, and no treaties of any kind have been entered into with the Indians of that province. The rights to their hunting grounds were, however, recognized by the proclamation of George the Third, issued on December 24, 1763, to which reference has frequently been made. An extract from the Proclamation of that portion relating to the Indians is inclosed herewith.

Incl.

Notwithstanding the terms of the proclamation, it has been held by the provincial government that the Indians are subject to the game laws, except in so far as they may be exempt therefrom by the provisions of the statutes.

The Hurons of Lorette have claimed that the right to hunt at all times on the lands between the St. Maurice and Saguenay rivers was conferred upon them by Lord Aylmer during his term of administration of the province, but a careful search of the records has failed to find any document in which this right is conceded to them.

A great deal of correspondence took place about the time mentioned on the subject of the respective rights of the different bands of Indians to hunt in certain localities. In connection with this matter Mr. L. J. Duchesnay, Superintendent of Indian Affairs, Quebec, informed His Excellency Lord Aylmer by letter of February 19, 1831, that the Indians of Lorette desired to lay before Parliament "the necessity of regulating among the Indians " the limits of their hunting grounds, &c. " By command of His Excellency, the Indian Superintendent was instructed to inform the Indians that "the waste lands upon which they " have been permitted to hunt, being the Crown's Demesne, " His Excellency apprehends the Provincial Legislature is " not competent to interfere in determining their limits;- " His Excellency will however refer any petition these In- " dians may desire, to the consideration of His Majesty's " Government."

No further action appears to have been taken in the matter.

In connection with the present case I may say that in reply to a letter of the 13th ultimo from Mr. A. O. Bastien, Indian Agent at Lorette, asking whether it was the desire of the Department that Mr. Corriveau be employed in the defence of the two Indians charged with having hunted in the National Park, a reply was sent stating the Department does not assume the responsibility of defending those Indians who violate the provisions of the game laws, and could not, therefore, authorize the employment of counsel to act for the Department in the case of Pierre Sioui and his son.

Yours very truly,

Sir : -

In reply to your letter of the 25th ultimo, relating to a claim made by the Indians of Lorette that by virtue of a treaty made with them or of a general permanent permit given them on behalf of the Imperial government by Lord Aylmer they are entitled to hunt on all waste lands belonging to the Crown between the St. Maurice and Saguenay rivers without restrictions and at all seasons of the year; I have to say that a search made in the records of this Department has failed to discover a document of the nature mentioned.

It may be said, however, that a good deal of correspondence took place between the years 1829 and 1834 on the subject of the hunting rights of the Indians of the province. The terms of the correspondence indicate that successive governors held the view that the Proclamation of 1763 conferred upon the Indians certain rights in regard to the lands occupied by them as their hunting grounds. An extract from the Proclamation containing that portion relating to the affairs of the Indians is attached hereto.

Incl.

Certain of the letters above referred to deal with the question of the dividing line between the hunting grounds of the various tribes. To settle disputes regarding this matter a Grand Council was held on July 5, 1830,

1830, by Order of Sir James Kempt, Commander of the Forces, and the decision arrived at received his approval. This Council dealt with the hunting grounds of the Iroquois, Nipissing, Algonquin and Abenakis tribes. The decision come to at this Council meeting did not meet with the approval of certain of the tribes, and, by letter of February 19, 1831, the Indian Superintendent at Quebec, Mr. L. J. Duchesnay, submitted a request of the Hurons of Lorette that the limits of the hunting grounds be regulated by parliament. In reply to this request the Indian Superintendent was informed by direction of Lord Aylmer, Governor in Chief, that this was not a matter with which the provincial Legislature was competent to interfere, but that His Excellency would refer any petition the Hurons might desire to the consideration of His Majesty's Government. It would not appear, however, that any further action was taken with regard to this matter.

As an instance of the grounds on which the Indians concluded they had the sole right to hunt within the districts recognized as their hunting grounds it may be mentioned that on March 27, 1834, Jas. Hughes, Superintendent of the Indian Department at Montreal, reported that a trespass had been committed by one Charles Thomas on the hunting grounds of the Nipissing Indians north of the Ottawa river. By letter of April 2, 1834, directions were given by order of His Excellency the Commander of the Forces that proceedings be instituted against Thomas "with the " view of securing to these Indians undisturbed enjoyment " of their hunting grounds". The case was, however, not brought to trial, as the Superintendent reported that there would be difficulty in proving whether the furs in the possession

PURSUED INDIANS ON SNOWSHOES

Provincial Police Rounded Up the Hunters in Laurentides National Park.

Special to The Montreal Star.

Quebec, April 12.—Three Indians of Lorette, all belonging to the same family, named Sioui, were brought to the city to-day by Provincial Police from the Laurentides National Park, in which they were hunting and trespassing. The officers travelled several days' journey on snowshoes to arrest the accused. They captured them by surrounding their camp, using great precautions because of the violence which had been threatened against anybody who followed them.

Other members of the force are still following more of the Indians who are openly defying the Government, claiming the right to hunt in the park at all times in spite of the law.

With the Indians the officers brought to town a moose skin and two beaver skins killed by the Indians as well as several dog sleds, dog harness, traps, etc.

These Indians were already under summons by the local Fish and Game Association, and while under bail to appear for trial, repeated the offence, charged against them, claiming to be subject to none of the laws of the Province of Quebec respecting hunting.

Mr. Oliver.

LORETTE INDIANS:

With reference to the petition of Stanislas Sioui, who, it may be said, improperly signs himself Chief of the Hurons, I have to say that the statement contained therein as regards the sale of the Quarante Arpents reserve is not in accordance with the facts. The Lorette Indians were the owners of three reserves, (1) the village reserve, containing about 40 acres, upon which most of the band reside; (2) the reserve called the Quarante Arpents, containing 1600 acres, - both of these being in the County of Quebec; and (3) the Roemont reserve, County of Portneuf, containing 15 square miles. The last of these reserves was never occupied by the Indians, and the Quarante Arpents reserve was occupied by only six families, the remaining members of the band living at the Indian village of Lorette.

The question of surrender and sale of the two unoccupied reserves was frequently before the Department, and, at a meeting of the Chiefs and members of the Huron band, held on the 15th of March, 1904, the following resolutions were passed : -

1: That it is opportune to surrender to his Majesty the Quarante Arpents reserve, situated in the parish of St. Ambroise de la Jeune Lorette, Quebec.

2: That the Chiefs do hereby authorize to sign the deed of surrender of the said Quarante Arpents reserve.

3: That it is opportune that the Quarante Arpents

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Arpents reserve be surrendered and relinquished to the Government in order that the same may be divided into lots and thus sold at public auction, so that the sale may not bring in less than $6,000.00.

4: That the indispensable condition as to the signing by the Chiefs of the deed of surrender of the Quarante Arpents reserve is that: (a) the sale of the Rocmont reserve be made first for a price of not less than $10,000.00.

5: The Indian Agent, Mr. Antoine O. Bastien, shall receive authority from the Department and be authorized to give notice of the sale and to receive the bids, which shall be made publicly under the direction of the Department of Indian Affairs.

In compliance with the desire of the Indians as expressed in these resolutions surrenders of the Quarante Arpents and Rocmont reserves were submitted to the Indians in March, 1904, and were signed on their behalf by the Chiefs. The sale of the lots was held in conformity with the terms of the resolution by public auction. Six lots on the Quarante Arpents reserve were occupied by members of the Sioui family, and these were reserved from sale and offered to the occupants at an upset price. All of the holders took advantage of the offer and sales were entered in their names. It will be seen, therefore, that none of the Indians owning or occupying the reserve mentioned were thrown out of their homes, as stated by Sioui.

As regards the complaint that the hunting privileges formerly held by the Indians have been taken from them, it may be said that this is a matter which relates to the Government of the Province of Quebec. In the month of March last the Department was informed that proceedings had been entered against two members of the Sioui family by the Sportman's Fish and Game Protective Association for having hunted

hunted in the National Park established by the Quebec Government. The Indians entered the plea that about the year 1830, during the administration of Lord Aylmer, a treaty had been made with the Huron Indians by which they were permitted to hunt at all times on the lands between the St. Maurice river and the Saguenay river. Both the lawyer employed by the Indians and the Department of Mines and Fisheries, Quebec, applied to this Department for information as to whether any such treaty or agreement as that referred to was of record. A very thorough and careful search was made of the records but no agreement of the nature mentioned could be found.

This Department has endeavoured to get from the Provincial authorities some relaxation, in so far as Indians are concerned, of the laws which prohibit the killing of certain animals within specified close seasons, but has invariably failed in these efforts. The Provincial authorities maintain that until the introduction of these prohibiting laws certain kinds of game were becoming extinct, and they point out that it would be unreasonable to expect other classes of the community to submit to restrictions for the preservation of game if the Indians, who are perhaps more interested in this matter than others, were allowed by unrestricted hunting to destroy the effects of such restrictions.

They are proud and they would be glad to receive thee in their wigwams and to be able to address to theee a petition, knowing that being their father, and they thy children, they will be heard with favour.

To-day the Hurons of Lorette have no hunting or fishing ground, all their hunting roads having been closed to be leased to clubs.

Moreover, they cannot hunt without exposing themselves to the most severe penalties for infractions of those laws which are pitilessly pressed against them.

For this reason and in these circumstances they ask thee to grant them a hunting and fishing ground where they can go without being disturbed in season and thus provide food for their families.

Thou art mighty, thou art now one of ourselves, the men, the women, and the children of the tribe pray thee to look with favour upon their request.

Chiefs,-

Your petition of the 9th ultimo, addressed to His Excellency the Governor General, has been transferred to this Department, and in reply thereto I have to say that the Provincial Government of Quebec has under its control the granting of hunting and fishing licenses for that province and all applications for permits should be addressed to the Superintendent of Fish and Game, Quebec. The Department regrets, therefore, that it is unable to comply with the request contained in the petition to have hunting and fishing grounds set apart for the exclusive use of the Lorette Indians.

It may also be said that the Indians of Lorette are held to be subject to the Game Laws of the province to the same extent other people and they should recognize that the observance of these laws, which have for their object the preservation of the game, is a matter of the utmost importance to the Indians of the province.

Dear Mr Wallace.

In reply to yours of Nov 28th would say that the Indians referred to in my last letter were settled 24 miles from their nearest Doctor appointed by Government at Windsor and with the exception of $1.50 all were cases of extreme urgency e.g.

(1) Mrs ~~Stephens~~ — Convulsions (night call) and 4 hrs. detention.
(2) Mr Stephens Hemorrhage (night-call)
(3) Their Daughter. Heart-trouble due to fright + Pregnancy.

You will readily see from the nature of the above cases that it was absolutely impossible for the patients either to go to Windsor

Enclosed you will find a letter from Dr Annie Hennigar of Lehennii of Nov 15 I may say in reply to the same I informed the Doctor that the Department had in their employ two Ind. D one in Shubenacadie one in Windsor who were supposed to attend all Indians in the county and the Indians were supposed to call them in medical aid was needed. but if the particulars of the cases she mentioned warranted it- I could report the matter to my superiors at Ottawa for their consideration and would let her know the result. Her answer is contained in his letter to me of Dec 7th which I also enclose

Ottawa, January7th,1909.

Sir,-

I beg to acknowledge receipt of your letter of the 21st ultimo, with enclosure, regarding the professional services rendered by Dr. Annie Hennigar of Cheverie, Hants Co. N.S. to certain Indians of your Agency, and in reply I have to say that it would appear from the Doctor's report in the matter that the cases treated were all of an urgent nature. Under the circumstances, I enclose herewith a supply of account forms on which you should have her make out her account in duplicate,to which you should certify and forward to the Department for payment. When communicating with the Doctor in the matter you should make her clearly understand that the question of payment is only being taken up owing to the fact that the cases were of a pressing character, requiring immediate relief, and also that the Department has regularly appointed medical officers whose duty it is to attend Indians and that she should not render professional services in cases of an ordinary nature; if she does so she will have to look to the Indians for payment for her services.

To the Chief and Councillors of
Kettle and Stony Point
Reserves.

Sirs,

339-30

If I am not greatly mistaken,
there is a clause, in The Indian
Act, saying that a white man,
or an Indian not belonging to
the band, may not settle or
otherwise derive his living by
taking or cutting timber on
the reserve.

I wish to call your attention
to the fact, that there are two
white men, one at Stony Point
and one at Kettle Point with
their families; settled on the
reserves contrary to the law.

There are also Indians who
have severed their connections
with said reserves, who are

Sir

You will find enclosed herewith the minutes of the last meeting of the Indian Council held at Kettle Point on the 6th Inst: I send a full copy as per instructions of Inspector Ramsden - also I send herewith the accounts passed by the council By Mr Ramsden's advice I will give explanations on those resolutions and accounts requiring it. The first - to wit: the one respecting Ross Lunham, a white man (pronounced Loon-am). I have already referred to the same case last summer - Lavina David - a sister of Mrs Jeffrey Bressette seems to have been rather a hard case - her two oldest children are known as Telford Bressette - and Mrs Levi Johnston, and are members of the band. As nearly as I can ascertain about 25 years ago she took up with a Muncey Town Indian named John Henry or I have heard him called John Muskalonge - Chippewas of the Thames - John has been living at Kettle Point ever since, and he and Lavina have at least three of a family; not on the pay list one daughter is married to Lunham - Lunham is a fairly steady worker and works off of the Reserve nearly all the time He has worked all summer and fall for a fisherman named Smith but his wife lives on the reserve with her mother and he stays there at nights. I enclose a letter from him - proposing to rent a piece of ground from the mother-in-law Lavina Shawnos to call her - Alex Wilde is Albert George's son-in-law and they are living in a house of Albert George's on Stony Point Reserve - John Henry is the Muncey-town Indian above referred to. Moses Thomas is an American Indian who lived at Kettle Point a great many years ago and made some improvement and built a house and married a daughter of one of the Kettle Point Indians. At the time the Pottawotamie Indians left Kettle Point he was looked on as the ringleader although not a Pottawotamie and in 1901 when they were settled with for their improvements he seems to have got $255.00 out of the Band funds. He does not seem to have stayed away long before he was back. He is not on his old lot but stays with his mother-in-law. Neither he or his wife gets any annuity. The others do not call for special mention except the case of Adam James who is a non treaty Indian married to one formerly Mrs Isaac Shawnos a member. It seems to me doubtful whether she has a

right to hold land on Kettle Point Reserve while married to a non treaty Indian

With reference to the Hospital accounts which had been left over Jefford Adams was badly injured on one of the Northern Navigation Company's boats and Dr Henderson had to operate to save his life as his lung was lacerated causing Hemmorhage Dr Bryce will remember the case. The Indian council thought that the Steamship Company was responsible and did not at first pass the account. Till it was made plain that there was no hope of getting them to do this. and as Dr Henderson had taken him to the hospital they seemed to have no option but pay the account. Irene Winters is an illegitimate daughter of Mrs John Joe No 112. she had an illegitimate child on the reserve last spring and afterwards had a bad arm. It seemed and the Doctor confirmed this that without the best treatment she would lose her arm and in order to try and save it the council agreed with Mrs Joe to pay the half of her hospital fees The hospital charged 50 cents a day extra for the baby and this caused the first kick from the council. then they passed the account for half both for mother and baby. The hospital claimed that they were no party to the arrangement between the council and Mrs Joe, and as the chief and Dr Henderson sent her there, held the Indians for the whole bill. Mrs Joe is poor and cannot pay but agrees to give up her own annuity until the $20.40 is paid The two accounts one from the hospital and one from Dr Logie re George Oliver. The Indian Department neither through me or Dr Henderson authorized his being sent to the hospital but in Dr Hendersons absence he went to Dr Logie who found him suffering from appendicitis and had him sent to the hospital where he was operated on and is now better. The resolution re Mrs Eli James is self explanatory. ~~The~~ She is a woman with a young baby and a lot of young children and no way of helping themselves. The old school-house is one not now used for public purposes or likely to be. Respectfully submitted

Re Williams case for sanitary inspection. James Williams is an Indian No 169 Chippewas of Sarnia. He is a County Constable for ~~the~~ County of Lambton appointed by the General sessions He was appointed sanitary Inspector by the Board of Health Feb. 5th 1908 - under regulation 12. Chippewas of Sarnia I asked Mr Milliken the Secretary of the Board of Health to report it at the time, & the Department and expect he did so. At that time there were some cases of Tuberculosis on the reserve at Sarnia and some other troubles over sanitary matters reported by Dr Henderson that called for action by the Board of Health. He inspected all premises on the Sarnia Reserve in the spring of 1908 and notified the parties where he found any thing of an unsanitary nature acting for the most part under Dr Henderson's directions - His account was accepted and passed by the Indian Council on the 6th of January 1909 when his years work was completed

Sir,

I beg to inform you that cheques Nos 849 to 857 have been mailed to day to Agent Nisbet in payment of accounts against the Sarnia Band which reached the Department on the 5th instant, which accounts were returned to Mr Nisbet on the 2nd February for explanations . In view of the explanations which you have furnished, and which you have signed on behalf of Mr Nisbet payment has been made.

It is desired that you shall warn both the Indian Agent and the Councillors of the band that the Department will decline in future to pay accounts for expenditure from bands funds ~~unless~~ unless authority has been granted for incurring the same . The reckless manner in which expenditure has been incurred by the band since the present Agent has held office will not be tolerated in future. You should therefore make it perfectly clear to the Indians as well as the Agent that the Department will expect economy to be observed in future, and as stated will not pay accounts unless authority has been granted from Headquarters.

Your obedient servant.

Memorandum-

Mr. Pedley,-

With reference to the Order of His Excellency in Council of 18th ultimo, indicating how tenders shall be dealt with, I beg to state that the rule in this Department has been to call for sealed tenders addressed to the Secretary, and as soon as they are received they are placed under lock and key, and if any are received after the time specified the hour and day have been marked on the envelope. It has been customary to open the tenders in your presence along with myself; in the case of tenders for Indian supplies it has always been found necessary, owing to the number of them to have Mr. Paget present also.

The Order in Council above referred to requires that the tenders hereafter shall be opened in the presence of the Minister and one of the principal officials of the Department designated by him, or, in his absence, or in cases where it is not convenient

convenient for him to be present, that they shall be opened by two officials of the Department to be designated by him.

It would, therefore, appear to be necessary for the Minister to designate the officials who he considers should hereafter open the tenders when received.

M. le Sec. du Dépt
des Aff. des Sauvages,
Ottawa,

Monsieur,

J'ai devant moi une demande d'annulation des lots 12 et 13, rang 5, canton Ouiatchouan, de la part de M. Joseph Gray, cultivateur, de Roberval. Ces lots, ventes Nos 81 et 82, sont détenus depuis 1893 par M. Arthur Du Tremblay & Frère, marchands de bois, de Roberval. Ces messieurs, paraît-il, ont enlevé en 1895 & 1896 le bois marchand qu'il y avait sur ces deux lots. A ma connaissance personnelle il n'y a aucune amélioration quelconque de faite sur ces lots qui ne sont pas occupés.

M. Joseph Gray qui est cultivateur et qui a plusieurs enfants à établir est allé voir M. Du Tremblay en juillet dernier afin d'acquérir de lui ces deux lots. M. Du Tremblay lui a demandé $400.00 pour ces lots. M. Gray lui a offert le montant payé à votre Département pour ces lots, même un peu plus, et M. Du Tremblay a refusé toute offre moindre de $400.00. C'est ce refus obstiné de la part de M. Du Tremblay qui a forcé M. Gray à demander l'annulation de ces lots. Comme je l'ai dit plus haut, ces deux lots ne sont ni occupés, ni améliorés.

Sir,-

I have before me a request for cancellation of the sale of lots 12 and 13, range 5, Ouiatchouan township on the part of Mr. Joseph Guay, farmer, of Roberval. These lots, sales Nos.81 and 82, have been held since 1893 by Mr. Arthur duTremblay & Frere, lumber merchants, of Roberval.

LANDS BRANCH JAN 26 1909

These gentlemen, it appears, in 1895 and 1896 removed the merchantable timber that there was on these two lots. To my personal knowledge no improvement whatever has been made on these lots, which are not occupied.

Mr. Joseph Guay, who is a farmer and who has several young children to start in life, went to see Mr. duTremblay last July in order to acquire from him these two lots. Mr. duTremblay asked him $400 for these two lots. Mr. Guay offered him the amount paid to the Department for them, even a little more, but Mr. duTremblay refused any offer less than $400. It was this determined refusal on the part of Mr. duTremblay that compelled Mr. Guay to ask for the cancellation of these lots. As I have said above, these two lots are neither occupied nor improved.

Sir,

I have to acknowledge the receipt of your letter of the 23rd Instant, requesting cancellation of the Sales of Lots 12, & 13, Rge. 5, Ouiatchouan, and in reply I have to state that you should inform the owners of these properties, Messrs. At the expiration of the time given, you should report again to the Department stating what action has been taken in the matter, and whether you would then recommend cancellation of either or both of these Sales.

Sir:

We have had a hearty response from the heads of the various departments in the Dominion Government in the matter of distributing, collecting and returning classification cards to this office, thus indicating a genuine desire on the part of all to cooperate with this Commission in its work of classification of the personal service of the Dominion.

I wish to call your attention to the fact, however, that your cards are among those still missing. Considerable time has elapsed since sending these cards to you, and any further delay will considerably slow up the work of classification. It is well understood that the work of reading over and approving the classification cards is a long and tedious job, but at the same time, we have a high priced staff engaged in this work, and if they are held up the work will not be finished in contract time, and the cost will be increased. May I respectfully request that you give this matter first attention to the end that the classification cards for your department be forwarded to us at the earliest possible time?

If you are experiencing any difficulty or do not fully understand the kind of information desired, please call upon any of the members of our Organization staff, Queen 8070. Thanking you for your attention in this matter,

I am, Sir,

Your obedient servant,

INSTRUCTIONS FOR FILLING OUT REPORT FOR CLASSIFICATION.

NOTE: The Civil Service Commission is making a complete classification of all positions in the inside and outside services. The classification is of POSITIONS, not of EMPLOYEES. The mere mechanical task of handling the cards is a formidable one; deputy heads and other officers can lighten and shorten the Commission's work materially by observing the following directions:

1. Cards showing in the upper left hand corner the name, present title, and salary of the employee, and other necessary information to facilitate their handling and return, are furnished herewith.

2. Distribute the cards to the employees to be filled out on both sides and signed. Instruct each employee to fill out his card within 48 hours after he receives it, and then to turn it over at once to his immediate superior. Answers to questions 13 to 24 inclusive may be approximated if the exact information is not at hand. Have the immediate superior then fill out his portion at once and turn the cards over to the deputy head or some other designated officer for final approval and return to the Commission. If desired, the blank headed "Approved by head of department or branch" may be signed with a rubber stamp.

EXCEPTION. In some cases where in a single department there is a group of positions having duties, responsibilities, and working conditions of an identical character, the "description of employment" will be filled out on one card only by some officer of the department after conference with a member of the Organization Branch. All other like cards will be referred to this one card.

3. Make no changes in the upper left hand corner except where an employee has left the service and another has been appointed. In this case, strike out the name on the card and write in the proper name on the line below, and make corrections also in salary and title, if necessary.

4. Use ink or typewriter in all cases to fill out the cards. Do not fold cards to send them through the mail, nor allow them, under any circumstances, to be folded, clipped or otherwise mutilated.

5. When the cards for a branch or division of the department have been completed, return them to the Organization Branch of the Civil Service Commission. Use all reasonable measures to expedite the completion and return of cards, in order that the classification work may not be delayed. Return all cards, as they are necessary for record purposes.

6. Cards have been printed in both English and French in order to meet the dual language situation. If an English card is given you where it should be French, or vice versa, copy on the proper card the information in the upper left hand corner, and return the original card to the Organization Branch. An extra supply of both English and French cards in blank is given you for this purpose.

7. Use one of the blank cards furnished herewith if any employe has been missed.

8. If you desire to ask any question, or to obtain additional information on any matter in connection with filling out the cards, telephone the Organization Branch (Queen 8070)and ask for either Mr. Myers, Mr. Telford or Mr. Dixon.

Sir:-

We are sending you by messenger today the several "Duties Cards" which have been prepared by our Organization Branch for distribution to your employees, and which we respectfully request that you have filled out and returned to us at your earliest possible convenience.

Accompanying the cards are some instruction sheets relative to the method of preparing and returning the cards. It was our idea that you would probably want to send a set of instructions with each set of cards to the officer in charge of a branch or division. In case you desire more of these sets of instructions, we can furnish them to you upon application. Please direct that where employees are absent on military leave, sick leave, etc., their cards be filled out and signed for them by such persons as are most familiar with their duties.

The Commission will appreciate your cooperation in this matter to the end that we may secure the best possible information as a basis for the classification which we are by law required to make.

I beg to acknowledge receipt of Forms of "Report for Classification" as referred to in your circular letter of the 17th inst. I notice that you have the names of four teachers in the list who are not with us now and the chances are that the caretakers now employed at the schools are not in all cases the same as those employed before the holidays as they frequently change. The blanks for the Reprt for Classification of the Civil Service has been received yesterday evening .The explanation states that there are some blanks in case some of the employees have been omitted.There are no blanks in my lot.

I presume the idea is to have a knowledge of all the moneys paid out to all employees in each branch of the service.There is no card for Peter Scully the caretaker of the school at Rocky Point.

I do not know if the name of Joseph P.Bernard the ferryman at Lennox Island has been purposely omitted.As his appointment is only for the year it may not be necessary to have one filled out for him.

I notice that the teachers are all in the list tho the Postmaster and mail carrier are not.I presume they will be attended to thr u the P.O. authorities.So I would like to know what to do with regar d to Peter Scully and Joseph P.Bernard.

Mr Andrew Ghould - caretaker of the Indian day school at Why ever enough did not seeder to know or remember the time of his appointment. The teacher Mrs McNeil approached him with his card.

Tenant Officer and Constable G. Sylleboy is absent, to remain so for some time, from the Reserve, and consequently did not sign his card.

Even if he were home either the teacher or myself would have to write it.

I have filled in Mr Ghould and Mr Sylleboy's cards to the best of my knowledge and this from letters on file in this office. I did not wish to wait until Mr G. Sylleboy's return, lest the work of the "Commission" should be retarded through delay.

Dear Sir

Your notification from Ottawa of Oct 11th I have just received, requesting me to fill out the "Reports for Classification" Mr Loring of Hazelton did send me the Reports to fill out; but I returned them to him without filling them out; with a letter explaining, that, as I was not teaching the Meanskinisht Indian School, and also I was no regular teacher I could not see that the reports for Classification were for me at all. At the request of the Rev Mr Ferrier (Methodist) I did teach the Meanskinisht Indian School for the months of April May June 1918 (thirteen weeks in all) but it was with the distinct understanding that it was for that time only. I have not the health or the time to be a regular teacher. I have not been able to do any teaching this Autumn

Dear Sir-

Your official notice of Report for Classification to hand and I am sorry I have made a mistake in not filling out the Report when it came to me about a month ago. Read it over carefully and it seemed to me from my position that it was only intended for all missionaries or Indian teachers who were receiving salary or in the pay of the Indian Department. As I resigned the day school work at Uclulet last April I concluded that I was only responsible to the Church. So I returned the report to Indian Agent Cox explaining my position However, I am sorry indeed if I am not been right and will fill out report at once. I am writing to Mr Cox this mail about it and have him return the report form to fill in.

Ottawa, October 22, 1918

Sir:

In my previous communications to you, I have called to your attention the fact that the classification cards forwarded to you by our Organization Branch should be completed and returned to this office at the earliest possible time Our records show, however that you still have in your possession ten hundred and nineteen cards.

I now wish to emphasize the fact that the Government has made it incumbent upon this Commission to prepare a classification and to recommend salaries for all positions in the service and desires to have this report ready in order that it may be considered by Parliament at its next Session. As I have already pointed out to you, this Commission has retained expensive expert service, but our advisers will be entirely unable to complete the work unless you do your part in the returning of the classification cards at once. The matter is so important that I urge you to take such measures as may be necessary to insure these cards being completed and returned to this office not later than October 31st.

In the prosecution of this classification work, the members of the Organization Branch inform me that they have experienced only the greatest courtesy and cooperation at your hands, and I feel that the Commission can count upon you to continue this spirit of cooperation to the end that the request contained in this letter be in every instance complied with.

Dear Sir:

Herewith you will find a few notices advertising the class Senior Engineering Clerk. It would be appreciated if you were to transmit to your temporary employees engaged in this line of work, information to the effect that they should take the opportunity of presenting themselves at this examination in order to qualify for permanent appointment, either in their present positions or for vacancies which may occur. Failure to do so might complicate matters when an extension of certificate is requested in their favour.

Hoping to have your co-operation in this matter,

I am,

Dear Sir,

Complaints are sometimes received that when a Department is given authority to advertise a vacancy in the Service notices are not posted in certain public places, or that certain public bodies are not notified. In order that uniformity may be obtained in advertising, the Commission suggests that your local officers who may be called upon to advertise be instructed to check up the following list of possible places of advertisement whenever they have to advertise a vacancy:-

The Postmaster.
The Employment Service of Canada.
The Collector of Customs & Excise.
The Secretary, local G.W.V.A.
The Department of S.C.R. (local unit).
The Public Library.
The place of employment (when not one of the above).

Vacancies should be advertised in both French and English in the Province of Quebec, and in bi-lingual centres in the other provinces.

Will you be kind enough to let me know if you have a sufficient supply of French and English posters?

Yours truly,

W. Foran

Dear Sir:

With further reference to my letter of the 3rd instant asking that the attention of employees interested be drawn to the examination for Engrossers, I wish to advise you that this examination will also serve to test the qualifications of those wishing to qualify for Junior Engrossers, it being understood that less will be expected of those writing for the lower class. I am, therefore, to request that those interested and particularly those already employed as Junior Engrossers be supplied with this additional information. This will give all temporary employees an opportunity to qualify and will tend to remove any difficulty which may arise over extensions of certificate for temporary employment when the appointee has not competed and the Commission has qualified eligibles.

CIVIL SERVICE COMMISSION
INDIAN AFFAIRS :

The Board recommend that under the provisions of Section 38B of the Civil Service Act the positions in the classes "Graduate Nurse" on an Indian Reserve, and "Nurse (Indian Reserve)", be exempted from the operation of the Civil Service Act, and that the selection of the employees for such positions be left entirely in the hands of the Deputy Superintendent General of the Department of Indian Affairs, subject to the following conditions :

(a) That the appointment is necessary for the efficient carrying on of the work of the Department.

(b) That the preference extended by Section 39 of the Civil Service Act, 1918, as amended, shall be observed.

(c) That the person selected shall satisfy the Department as to his qualifications.

(d) That he shall be suitable as to age, character, and habits.

(e) That the salary or wages paid are fair and reasonable and do not exceed the rates approved by the Department.

Provided that, where any position which is exempted under the provisions of Section 38B of the Civil Service Act, 1918, as amended, is to be continued for more than six months the Department shall report the duties thereof to the Commission in order that the position may be classified and that no further payment of salary in connection with the same shall be authorized until the position shall be so classified.

Provided further that a report shall be made by every department to the Civil Service

The Superintendent General of Indian Affairs.

Commission in the months of January, April, July and October in each year, setting forth the name, duties, salary, place of residence and place of employment of each person appointed under the authority of these Regulations during the preceding three months, with the date of commencing duty and the probable duration of employment. In each case where the employee has been on military service overseas, the letters "O.A.S." should be added after the name.

From the papers submitted to the Board it appears that the question of reducing the hospital expenses of Indians has been under consideration for some time and it is thought that a large saving can be effected by utilizing the Victorian Order of Nurses for Canada in connection with public health nursing among the Indians on the various reserves in Canada.

It is anticipated that if it were arranged that the Victorian Order of Nurses furnish nurses as required, not only would a considerable saving result, but the administration would benefit in view of the fact that the Victorian Order of Nurses is an organized and disciplined body, the workers of which are imbued with an esprit de corps and loyalty to the general purpose of the order. They also wear a special uniform, which would be an important feature of the work on an Indian Reserve, as Indians are always impressed by a uniform.

GENERAL DIRECTIONS

(1) Although these examinations qualify for permanent appointment, candidates are warned that it is probable that, for some time, only temporary employment will be available.

(2) The attention of male clerk-stenographers is particularly called to positions in this class. Vacancies occur in the Department of Immigration and Colonization and the Department of Customs and Excise which are open to men alone. The line of promotion leads not only to senior stenographic positions but also to executive positions in the Department.

(3) Stenographers who intend to take these examinations in French should note that there are very few positions where French shorthand only is required. It is to the advantage of the candidate to pass in both languages.

(4) Except in the case of positions at Ottawa, preference in appointments will be given to residents of the districts where the vacancies occur.

(5) Preference in appointment is given to candidates who have been on active service overseas or on the high seas and who are found to possess the minimum qualifications for the position. A further preference is given to candidates who are in receipt of a pension on account of disability received as a result of service in the Great War and who have not been successfully re-established.

(6) The examinations will be conducted October 24 and 25 in the following centres: Prince Rupert, Victoria, Vancouver, and Nelson, in the province of British Columbia; Edmonton and Calgary in the province of Alberta; Saskatoon, Regina and Moose Jaw, in the province of Saskatchewan; Brandon and Winnipeg, in the province of Manitoba; Port Arthur, Sault Ste. Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston, and Ottawa, in the province of Ontario; Montreal, Sorel, Sherbrooke, Three Rivers, and Quebec, in the province of Quebec; Fredericton, Chatham, St. John, and Moncton, in the province of New Brunswick; Charlottetown and Summerside, in the province of Prince Edward Island; Kentville, Yarmouth, Halifax, and Sydney, in the province of Nova Scotia. Examinations may be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

(7) Applications must be made on Form C.S.C. 50. Applicants must state definitely the particular examinations they wish to enter and must file a separate form for each examination. Applications filed in connection with previous examinations will not be transferred; candidates who have already tried an examination must file new forms.

(8) Application forms may be obtained from the Secretary of the Civil Service Commission, Ottawa, or from the Postmasters at the following centres: Prince Rupert, Victoria, Vancouver, Edmonton, Calgary, Moose Jaw, Regina, Winnipeg, Fredericton, St. John, Charlottetown, and Halifax.

(9) Applications must be filed in the office of the Civil Service Commission not later than October 9, 1922; late forms will not be accepted.

(10) The fee for any one examination is $2. The prescribed fee must accompany the application for each examination, except in the case of candidates who have been on active service overseas, and widows of persons who have died owing to active service overseas, who are exempt from paying the fee.

(11) Candidates for these examinations must be between the ages of 18 and 35 years on the first day of examination.

(12) The age limit for entrance is waived in the case of persons who have been on active service overseas or on the high seas, widows of persons who have died owing to such service and persons entitled to the disability preference. The age limit is also waived in the case of civil servants, who when permanently appointed, were not over 35 years of age.

(13) Experience qualifications are waived in the case of candidates who have been on active service overseas or on the high seas. All candidates must, however, write on Education and Experience wherever this subject is mentioned.

INSTRUCTIONS GÉNÉRALES

(1) Pour être déclarés éligibles, les candidats doivent obtenir 50 pour 100 sur chaque sujet et une moyenne de 70 pour 100 sur l'ensemble de l'examen.

(2) Commis-dactylographes et commis-dactylographes junior: il y a peu de positions dans ces classes, mais les candidats qui failliront en sténographie pourront être déclarés éligibles comme dactylographes s'ils ont obtenu, sur les autres sujets de l'examen, 50 pour 100 sur chaque sujet et une moyenne de 70 p. 100. Les commis-dactylographes et les commis-dactylographes junior employés à titre temporaire devraient saisir cette occasion de se qualifier pour nomination à titre permanent.

(3) Les listes d'éligibles expireront un an après la date de leur établissement, excepté quand, de l'avis de la Commission, il est dans l'intérêt public de les continuer plus longtemps. Quand une liste d'éligibles est sur le point d'expirer, les personnes sur la liste qui n'ont pas encore été nommées en seront averties; toutefois, les personnes dont le nom est sur la liste et qui sont alors employées au Service conserveront leur éligibilité pendant la durée de leur emploi.

(4) Bien que ces examens qualifient pour emploi permanent, les candidats doivent remarquer que, pendant un certain temps, il est probable qu'ils ne pourront obtenir que de l'emploi temporaire pour de courtes périodes.

(5) Les sténographes qui se proposent de subir les examens en français doivent remarquer qu'il y a très peu de positions où la sténographie française seulement est requise. Pour obtenir de l'emploi comme sténographe bilingue, les candidats doivent passer l'examen de sténographie et de dactylographie anglaises et françaises.

(6) On attire particulièrement l'attention des commis-sténographes (hommes) sur les vacances de cette classe. Il y a des vacances dans le ministère de l'Immigration et de la Colonisation et le ministère des Douanes et de l'Accise, qui sont ouvertes aux hommes seulement. Par voie de promotion, on peut parvenir non seulement aux positions de sténographes senior, mais aussi à des positions administratives dans le ministère.

(7) Les employés temporaires dans ces classes qui n'ont pas encore subi l'examen avec succès doivent profiter de cette occasion.

(8) Excepté dans le cas de positions à Ottawa, préférence dans les nominations sera accordée aux personnes résidant dans les districts où les vacances se produisent.

(9) Préférence dans les nominations est accordée aux aspirants qui ont fait du service actif outre-mer ou en haute mer et qui possèdent le minimum d'aptitudes pour la position. Une préférence spéciale est donnée aux candidats recevant une pension pour incapacité physique due à leur service au cours de la grande guerre qui par suite de cette incapacité ne peuvent pas se livrer avec succès à leur occupation d'avant-guerre et qui n'ont pas été rétablis avec succès.

(10) Sous l'autorité de la Loi de pension du servicee civil, 1924 on déduit 5 p. 100 du traitement de tout employé permanent qui entre au service, comme contribution au fonds de pension.

(11) Les examens seront tenus les 19 et 20 mai 1925 dans les centres suivants: Prince-Rupert, Victoria, Vancouver et Nelson, dans la province de la Colombie-Britannique; Edmonton, Calgary et Frank, dans la province de l'Alberta; Saskatoon, Regina et Moose Jaw, dans la province de la Saskatchewan; Brandon et Winnipeg, dans la province du Manitoba; Port-Arthur, Sault-Sainte-Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston et Ottawa, dans la province d'Ontario; Montréal, Sorel, Sherbrooke, Trois-Rivières, Québec et Rimouski, dans la province de Québec; Fredericton, Chatham, Saint-Jean et Moncton, dans la province du Nouveau-Brunswick; Charlottetown et Summerside, dans la province de l'Ile du Prince-Edouard; Kentville, Yarmouth, Halifax et Sydney, dans la province de la Nouvelle-Ecosse. Des examens peuvent être tenus à d'autres endroits, mais seulement lorsque le nombre des candidats et la distance d'un centre régulier justifient une telle action.

(12) Les inscriptions aux examens doivent être faites sur la formule C.S.C. 50. Les aspirants doivent expliquer clairement pour quel concours ils désirent s'inscrire et doivent remplir une formule pour chaque concours. Les demandes d'inscription faites au sujet de concours antérieures ne seront pas transférées; les aspirants qui ont déjà subi un examen doivent donc remplir de nouvelles formules.

(13) On peut obtenir les formules de demande d'inscription du Secrétaire de la Commission du Service civil, Ottawa, ou des maîtres de poste aux endroits suivants: Prince-Rupert, Victoria, Vancouver, Edmonton, Calgary, Moose Jaw, Regina, Winnipeg, Saint-Jean, Charlottetown et Halifax.

(14) Les demandes d'inscription doivent parvenir au bureau de la Commission du Service civil pas plus tard que le 30 avril 1925; les demandes en retard ne seront pas acceptées.

(15) Les honoraires pour chaque examen sont de $2, mais ce seul montant peut couvrir les examens de commis-sténographe, commis-sténographe légiste, et préposé de dictaphone. Les honoraires prescrits doivent accompagner l'inscription à chaque examen, excepté dans le cas des candidats qui ont servi outre-mer, qui sont exemptés de payer les honoraires

(16) Les candidats doivent être âgés d'au moins 18 ans et de pas plus de 35 ans au premier jour de l'examen, excepté au cas où il n'y a pas suffisamment de candidats qualifiés dans ces limites d'âge.

(17) La limite d'âge ne s'applique pas aux personnes qui ont fait du service actif outre-mer ou en haute mer, aux veuves de vétérans morts comme résultat de leur service, et aux personnes qui ont droit à la préférence accordée pour incapacité physique. Elle ne s'applique pas non plus aux employés civils, qui, lors de leur nomination à titre permanent, n'étaient pas âgés de plus de 35 ans.

(18) Les candidats doivent être sujets britanniques.

(19) Les candidats doivent avoir demeuré au Canada au moins trois ans, excepté dans le cas des vétérans de la grande guerre, qui, s'ils étaient domiciliés au Canada lors de leur enrôlement, ne sont pas tenus de se conformer au règlement quant à la résidence. Ceci devra être expliqué clairement sur la demande d'inscription.

(20) Les candidats aux examens de dactylographie doivent fournir leur dactylographe.

Par ordre de la Commission.

W. FORAN,
Secrétaire.

Eligibles for this class, however, cannot be assigned to positions in the regular Clerk-Stenographer class unless they qualify also in Shorthand II (90 and 110 words per minute).

Scope of Examination Subjects

Shorthand I	Dictation at the rates of 75 and 90 words per minute; subject matter to be business letters and memoranda.
Shorthand II	Dictation at the rates of 90 and 110 words per minute; subject matter to be business letters and memoranda.
Typewriting I	Copying at the rate of 30 words per minute.
Typewriting II	Copying at the rate of 40 words per minute.
General Questions I & II	Tests of mental accuracy, alertness and general intelligence.
Office Practice	Questions relating to office duties, including letter writing.

GENERAL DIRECTIONS

(1) In order to be declared successful, candidates must secure 50 per cent on each subject, and an average of 70 per cent on the whole examination.

(2) Clerk-Typists and Junior Clerk-Typists:—There are comparatively few positions in these classes, but candidates who have failed in shorthand may be declared eligible as typists provided they have secured, in the other subjects of the examination, 50 per cent in each and an average of 70 per cent. Clerk-Typists and Junior Clerk-Typists who are temporarily employed should take this opportunity to qualify for permanent appointment.

(3) Eligible lists shall expire one year after the date of establishment, except in cases where in the opinion of the Commission the public interest will be served by the continuance of the list. Where an eligible list is about to expire, persons whose names appear on the list and have not yet been given employment, shall be notified thereof, provided that persons whose names appear on the list and who are then employed in the service, shall retain their eligibility during the period of such employment.

(4) Although these examinations qualify for permanent appointment, candidates are warned that it is probable that, for some time, only temporary employment for short periods will be available.

(5) Candidates who intend to take these examinations in French are advised that there are very few positions available in the Civil Service where French shorthand only is required. To obtain appointments as bilingual stenographers, candidates must write in both French and English Shorthand and Typewriting.

(6) The attention of male clerk-stenographers is particularly called to positions in this class. Vacancies occur in the Department of Immigration and Colonization and the Department of Customs and Excise which are open to men alone. The line of promotion leads not only to senior stenographic positions but also to executive positions in the departments.

(7) Temporary employees in these classes, who have not yet qualified by examination, should avail themselves of this opportunity to qualify.

(8) Except in the case of positions at Ottawa, preference in appointments will be given to residents of the localities where the vacancies occur.

(9) Preference in appointment is given to candidates who have been on active service overseas or on the high seas and who are found to possess the minimum qualifications for the position. A further preference is given to candidates who are in receipt of a pension on account of disability received as a result of service in the Great War, who, by such disability have been prevented from pursuing efficiently their pre-war occupation and who have not been successfully re-established.

(10) Under the provisions of the Civil Service Superannuation Act, 1924, a deduction of 5 per cent is made from the salary of every permanent employee entering the Service as a contribution to the Superannuation Fund.

(11) The examination will be conducted May 19 and 20, 1925, at the following centres (provided that not less than three candidates make application to write at the same place): Prince Rupert, Victoria, Vancouver, and Nelson, in the province of British Columbia; Edmonton, Calgary and Frank, in the province of Alberta; Saskatoon, Regina and Moose Jaw, in the province of Saskatchewan; Brandon and Winnipeg, in the province of Manitoba; Port Arthur, Sault Ste. Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston and Ottawa, in the province of Ontario; Montreal, Sorel, Sherbrooke, Three Rivers, Quebec and Rimouski, in the province of Quebec; Fredericton, Chatham, St. John and Moncton, in the province of New Brunswick; Charlottetown and Summerside, in the province of Prince Edward Island; Kentville, Yarmouth, Halifax and Sydney, in the province of Nova Scotia. Examinations may be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

(12) Applications must be made on Form C.S.C. 50. Applicants must state definitely the particular examinations they wish to enter and must file a separate form for each examination. Applications filed in connection with previous examinations will not be transferred; candidates who have already tried an examination must file new forms.

(13) Application forms may be obtained from the Secretary of the Civil Service Commission, Ottawa, or from the Postmasters at the following centres: Prince Rupert, Victoria, Vancouver, Edmonton, Calgary, Moose Jaw, Regina, Winnipeg, Fredericton, St. John, Charlottetown and Halifax.

(14) Applications must be filed with the Civil Service Commission, Ottawa, not later than April 30, 1925; late forms will not be accepted.

(15) The fee for any one examination is $2, but one fee will cover the examinations for Clerk-Stenographer, Law Clerk-Stenographer and Dictaphone Operator. The prescribed fee must accompany the application for each examination, except in the case of candidates who have been on active service overseas, who are exempt from paying the fee.

(16) Candidates will not be admitted to examination unless they have attained the full age of eighteen years and are not over thirty-five years of age on the first day of the examination, except in cases where duly qualified candidates within these age limits are not available.

(17) The age limit for entrance is waived in the case of persons who have been on active service overseas or on the high seas, widows of persons who have died owing to such service and persons entitled to the disability preference. The age limit is also waived in the case of permanent civil servants, who when first appointed were not over thirty-five years of age.

(18) Candidates must be British subjects.

(19) Candidates must have resided in Canada for at least three years, except in the case of persons with active overseas service who, if they were domiciled in Canada at the date of enlistment, need not conform to the rule of residency. This must be stated clearly on application form.

(20) Candidates for examination in typewriting must supply their own machines.

By order of the Commission,

W. FORAN,
Secretary.

Qualités requises.—Deux ans d'instruction telle que donnée dans une école supérieure (high school) et, de préférence, une année d'expérience comme sténographe; une certaine connaissance des méthodes modernes de bureau; être capable de prendre et de transcrire très rapidement des dictées difficiles.

PORTÉE DES SUJETS D'EXAMEN

Sténographie II.....Dictée à 90 et 110 mots à la minute; des lettres d'affaires et des mémorandums seront dictés.

Dactylographie II.....Copie à 40 mots à la minute.

Questions générales II. Auront pour but d'éprouver l'exactitude et la vivacité d'esprit, ainsi que l'intelligence générale des candidats.

Travail de bureau.....Questions concernant les devoirs de bureau, y compris la rédaction de lettres.

INSTRUCTIONS GÉNÉRALES

1. Pour être déclarés éligibles, les candidats doivent obtenir 50 pour cent sur chaque sujet et une moyenne de 70 pour 100 sur l'ensemble de l'examen.

2. Les listes d'éligibles expireront un an après la date de leur établissement, excepté quand, de l'avis de la Commission, il est dans l'intérêt public de les continuer plus longtemps. Quand une liste d'éligibles est sur le point d'expirer, les personnes sur la liste qui n'ont pas encore été nommées en seront averties; toutefois, les personnes dont le nom est sur la liste et qui sont alors employées au Service conserveront leur éligibilité pendant la durée de leur emploi.

3. Bien que ces examens qualifient pour emploi permanent, les candidats doivent remarquer que, pendant un certain temps, il est probable qu'ils ne pourront obtenir que de l'emploi temporaire pour de courtes périodes.

4. Les sténographes qui se proposent de subir les examens en français doivent remarquer qu'il y a très peu de positions où la sténographie française seulement est requise. Pour obtenir de l'emploi comme sténographe bilingue, les candidats doivent passer l'examen de sténographie et de dactylographie anglaises et françaises.

5. On attire particulièrement l'attention des sténographes grade 2 (hommes) sur les vacances de cette classe. Il y a des vacances dans le ministère de l'Immigration et de la Colonisation et le ministère des Douanes et de l'Accise, qui sont ouvertes aux hommes seulement. Par voie de promotion, on peut parvenir non seulement aux positions de sténographes senior, mais aussi à des positions administratives dans le ministère.

6. Les employés temporaires dans cette classe qui n'ont pas encore subi l'examen avec succès doivent profiter de cette occasion.

7. Excepté dans le cas de positions à Ottawa, préférence dans les nominations sera accordée aux personnes résidant dans les districts où les vacances se produisent.

8. Préférence dans les nominations est accordée aux aspirants qui ont fait du service actif outre-mer ou en haute mer et qui possèdent le minimum d'aptitudes pour la position. Une préférence spéciale est donnée aux candidats recevant une pension pour incapacité physique due à leur service au cours de la grande guerre qui par suite de cette incapacité ne peuvent pas se livrer avec succès à leur occupation d'avant-guerre et qui n'ont pas été rétablis avec succès.

9. Sous l'autorité de la Loi de pension du service civil, 1924, on déduit 5 p. 100 du traitement de tout employé permanent qui entre au service, comme contribution au fonds de pension.

10. Les examens seront tenus les 20 et 21 octobre 1925 dans les centres suivants: Prince-Rupert, Victoria, Vancouver et Nelson, dans la province de la Colombie-Britannique; Edmonton, Calgary et Frank, dans la province de l'Alberta; Saskatoon, Regina et Moose Jaw, dans la province de la Saskatchewan; Brandon et Winnipeg, dans la province du Manitoba; Port-Arthur, Sault-Ste-Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston et Ottawa, dans la province d'Ontario; Montréal, Sorel, Sherbrooke, Trois-Rivières, Québec et Rimouski, dans la province de Québec; Fredericton, Chatham, Saint-Jean et Moncton, dans la province du Nouveau-Brunswick; Charlottetown et Summerside, dans la province de l'île du Prince-Édouard; Kentville, Yarmouth, Halifax et Sydney, dans la province de la Nouvelle-Écosse. Des examens peuvent être tenus à d'autres endroits, mais seulement lorsque le nombre des candidats et la distance d'un centre régulier justifient une telle action.

11. Les inscriptions aux examens doivent être faites sur la formule C.S.C. 50. Les demandes d'inscription faites au sujet de concours antérieurs ne seront pas transférées; les aspirants qui ont déjà subi un examen doivent donc remplir de nouvelles formules.

12. On peut obtenir les formules de demande d'inscription du Secrétaire de la Commission du Service civil, Ottawa, ou des maîtres de poste aux endroits suivants: Prince-Rupert, Victoria, Vancouver, Edmonton, Calgary, Moose Jaw, Regina, Winnipeg, Saint-Jean, Charlottetown et Halifax.

13. Les demandes d'inscription doivent parvenir au bureau de la Commission du Service civil pas plus tard que le 6 octobre 1925; les demandes en retard ne seront pas acceptées.

14. Les honoraires pour cet examen sont de $2, et doivent accompagner l'inscription, excepté dans le cas des candidats qui ont servi outre-mer, qui sont exemptés de payer les honoraires.

15. Les candidats doivent être âgés d'au moins 18 ans et de pas plus de 35 ans au premier jour de l'examen, excepté au cas où il n'y a pas suffisamment de candidats qualifiés dans ces limites d'âge.

16. La limite d'âge ne s'applique pas aux personnes qui ont fait du service actif outre-mer ou en haute mer, aux veuves de vétérans morts comme résultat de leur service, et aux personnes qui ont droit à la préférence accordée pour incapacité physique. Elle ne s'applique pas non plus aux employés civils, qui, lors de leur nomination à titre permanent, n'étaient pas âgés de plus de 35 ans.

17. Les candidats doivent être sujets britanniques.

18. Les candidats doivent avoir demeuré au Canada au moins trois ans, excepté dans le cas des vétérans de la grande guerre, qui, s'ils étaient domiciliés au Canada lors de leur enrôlement, ne sont pas tenus de se conformer au règlement quant à la résidence. Ceci devra être expliqué clairement sur la demande d'inscription.

19. Les candidats aux examens de dactylographie doivent fournir leur dactylographe.

Par ordre de la Commission,

W. FORAN,
Secrétaire.

Quand une liste d'éligibles est sur le point d'expirer, les personnes sur la liste qui n'ont pas encore été nommées en seront averties; toutefois, les personnes dont le nom est sur la liste et qui sont alors employées au Service conserveront leur éligibilité pendant la durée de leur emploi.

GENERAL DIRECTIONS

(1) In order to be declared successful candidates must secure 60 per cent on each subject, and an average of 70 per cent on the whole examination.

(2) There are comparatively few positions for Typists and as there are already sufficient eligibles available to meet the probable needs of departments no examinations will be held for these classes but candidates for the examination for Stenographers who fail in Shorthand only and otherwise secure the required percentages may be listed as Typists.

(3) Eligible lists expire one year after the date of establishment, except in cases where in the opinion of the Commission, the public interest will be served by the continuance of the list. Where an eligible list is about to expire, persons whose names appear on the list and have not yet been given employment, are notified thereof, provided that persons whose names appear on the list and who are then employed in the service, retain their eligibility during the period of such employment.

(4) Although these examinations qualify for permanent appointment, candidates are warned that it is probable that, for some time, only temporary employment for short periods will be available.

(5) Candidates who intend to take the stenographers' examinations in French are advised that there are very few positions available in the Civil Service where French shorthand only is required. To obtain appointments as bilingual stenographers, candidates must write in both French and English Shorthand and Typewriting.

(6) The attention of male Stenographers is particularly called to positions in Grade 2. Vacancies occur in the Department of Immigration and Colonization and the Department of Customs and Excise which are open to men only. The line of promotion leads not only to senior stenographic positions but also to executive positions in the departments.

(7) Temporary employees in these classes should avail themselves of this opportunity to qualify.

(8) Except in the case of positions at Ottawa, preference in appointments will be given to residents of the localities where the vacancies occur.

(9) Preference in appointment is given to candidates who have been on active service overseas or on the high seas and who are found to possess the minimum qualifications for the position. A further preference is given to candidates who are in receipt of a pension on account of disability received as a result of service in the Great War, who, by such disability have been prevented from pursuing efficiently their pre-war occupation and who have not been successfully re-established.

(10) Under the provisions of the Civil Service Superannuation Act, 1924, a deduction of 5 per cent is made from the salary of every permanent employee entering the Service as a contribution to the Superannuation Fund.

(11) The examination will be conducted April 5, 1927, at the following centres (provided that not less than three candidates make application to write at the same place): Prince Rupert, Victoria, Vancouver, and Nelson, in the province of British Columbia; Edmonton, Calgary and Frank, in the province of Alberta; Saskatoon, Regina and Moose Jaw, in the province of Saskatchewan; Brandon and Winnipeg, in the province of Manitoba; Port Arthur, Sault Ste. Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston and Ottawa, in the province of Ontario; Montreal, Sorel, Sherbrooke, Three Rivers, Quebec and Rimouski, in the province of Quebec; Fredericton, Chatham, St. John and Moncton, in the province of New Brunswick; Charlottetown and Summerside, in the province of Prince Edward Island. Kentville, Yarmouth, Halifax and Sydney, in the province of Nova Scotia. Examinations may be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

(12) Applications must be made on Form C.S.C. 69. Applicants must state definitely the particular examinations they wish to enter and must file a separate form for each examination. Applications filed in connection with previous examinations will not be transferred; candidates who have already tried an examination must file new forms.

(13) Application forms may be obtained from the Secretary of the Civil Service Commission, Ottawa, or from the Postmaster at the following centres: Prince Rupert, Victoria, Vancouver, Edmonton, Calgary, Moose Jaw, Regina, Winnipeg, Fredericton, St. John, Charlottetown and Halifax.

(14) Applications must be filed with the Civil Service Commission, Ottawa, not later than March 21, 1927; late forms will not be accepted.

(15) The fee for any one examination is $2. The prescribed fee must accompany the application for each examination, except in the case of candidates who have been on active service overseas, who are exempt from paying the fee.

(16) Candidates will not be admitted to examination unless they have attained the full age of eighteen years and are not over thirty-five years of age on the first day of the examination, except in cases where duly qualified candidates within these age limits are not available.

(17) The age limit for entrance is waived in the case of persons who have been on active service overseas or on the high seas, widows of persons who have died owing to such service and persons entitled to the disability preference. The age limit is also waived in the case of permanent civil servants, who when first appointed were not over thirty-five years of age.

(18) Candidates must be British subjects.

(19) Candidates must have resided in Canada for at least three years, except in the case of persons with active overseas service who, if they were domiciled in Canada at the date of enlistment, need not conform to the rule of residency. This must be stated clearly on application form.

(20) Candidates for examination in typewriting must supply their own machines.

W. FORAN,
Secretary.

GENERAL DIRECTIONS

(1) In order to be declared successful candidates must secure 60 per cent on each subject, and an average of 70 per cent on the whole examination.

(2) There are comparatively few positions for Typists and as there are already sufficient eligibles available to meet the probable needs of departments no examinations will be held for these classes but candidates for the examination for Stenographers who fail in Shorthand only and otherwise secure the required percentages may be listed as Typists.

(3) Since there are very few positions of Clerk, Grade 2, outside of Ottawa, eligibles for this class will not likely be offered appointment except at Ottawa, and should be willing to serve here.

(4) Eligible lists expire one year after the date of establishment, except in cases where in the opinion of the Commission, the public interest will be served by the continuance of the list. Where an eligible list is about to expire, persons whose names appear on the list and have not yet been given employment, are notified thereof, provided that persons whose names appear on the list and who are then employed in the service, retain their eligibility during the period of such employment.

(5) Although these examinations qualify for permanent appointment, candidates are warned that it is probable that, for some time, only temporary employment for short periods will be available.

(6) Candidates who intend to take the stenographers' examinations in French are advised that there are very few positions available in the Civil Service where French shorthand only is required. To obtain appointments as bilingual stenographers, candidates must write in both French and English Shorthand and Typewriting.

(7) The attention of male Stenographers is particularly called to positions in Grade 2. Vacancies occur in the Department of Immigration and Colonization and the Department of National Revenue which are open to men only. The line of promotion leads not only to senior stenographic positions but also to executive positions in the departments.

(8) Temporary employees in these classes should avail themselves of this opportunity to qualify.

(9) Except in the case of positions at Ottawa, preference in appointments will be given to residents of the localities where the vacancies occur.

(10) Preference in appointment is given to candidates who have been on active service overseas or on the high seas and who are found to possess the minimum qualifications for the position. A further preference is givent to candidates who are in receipt of a pension on account of disability received as a result of service in the Great War, who by such disability have been prevented from pursuing efficiently their pre-war occupation and who have not been successfully re-established.

(11) Under the provisions of the Civil Service Superannuation Act, 1924, a deduction of 5 per cent is made from the salary of every permanent employee entering the Service as a contribution to the Superannuation Fund.

(12) The examinations will be conducted October 18 and 19, 1927, at the following centres (provided that not less than three candidates make application to write at the same place): Prince Rupert, Victoria, Vancouver and Nelson, in the province of British Columbia; Edmonton, Calgary and Frank, in the province of Alberta; Saskatoon, Regina, and Moose Jaw, in the province of Saskatchewan; Brandon and Winnipeg, in the province of Manitoba; Port Arthur, Sault Ste. Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston and Ottawa, in the province of Ontario; Montreal, Sorel, Sherbrooke, Three Rivers, Quebec and Rimouski, in the province of Quebec; Fredericton, Chatham, St. John and Moncton, in the province of New Brunswick; Charlottetown and Summerside, in the province of Prince Edward Island; Kentville, Yarmouth, Halifax and Sydney, in the province of Nova Scotia. Examinations may be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

(13) Applications must be made on Form C.S.C. 69. Applicants must state definitely the particular examinations they wish to enter and must file a separate form for each examination. Applications filed in connection with previous examinations will not be transferred; candidates who have already tried an examination must file new forms.

(14) Application forms may be obtained from the Secretary of the Civil Service Commission, Ottawa, or from the Postmaster at the following centres: Prince Rupert, Victoria, Vancouver, Edmonton, Calgary, Moose Jaw, Regina, Winnipeg, Fredericton, St. John, Charlottetown and Halifax.

(15) Applications must be filed with the Civil Service Commission, Ottawa, not later than October 3, 1927; late forms will not be accepted.

(16) The fee for any one examination is $2. The prescribed fee must accompany the application for each examination, except in the case of candidates who have been on active service overseas, who are exempt from paying the fee.

(17) Candidates will not be admitted to examination unless they have attained the full age of eighteen years and are not over thirty-five years of age on the first day of the examination, except in cases where duly qualified candidates within these age limits are not available.

(18) The age limit for entrance is waived in the case of persons who who have been on active service overseas or on the high seas, widows of persons who have died owing to such service and persons entitled to the disability preference. The age limit is also waived in the case of permanent civil servants, who when first appointed were not over thirty-five years of age.

(19) Candidates must be British subjects.

(20) Candidates must have resided in Canada for at least three years, except in the case of persons with active overseas service who, if they were domiciled in Canada at the date of enlistment, need not conform to the rule of residency. This must be stated clearly on application form.

(21) Candidates for examination in typewriting must supply their own machines.

GENERAL DIRECTIONS

(1) In order to be declared successful candidates must secure 60 per cent on each subject, and an average of 70 per cent on the whole examination.

(2) Candidates for the examinations for Stenographers who fail in shorthand only and otherwise secure the required percentages may be listed as Typists.

(3) Although the class Stenographer, Grade 1, is included in these examinations to anticipate future requirements, candidates for this class should not expect appointment for some time unless it be temporary employment for short periods.

(4) In cases where successful candidates secure the same marks their standing on the eligible list is determined by the date on which their application forms were made out.

(5) Eligible lists expire one year after the date of establishment, except in cases where in the opinion of the Commission, the public interest will be served by the continuance of the list. Where an eligible list is about to expire, persons whose names appear on the list and have not yet been given employment, are notified thereof, provided that persons whose names appear on the list and who are then employed in the service, retain their eligibility during the period of such employment.

(6) Although these examinations qualify for permanent appointment, candidates are warned that it is probable that, for some time, only temporary employment for short periods will be available.

(7) Candidates who intend to take the stenographers' examinations in French are advised that there are very few positions available in the Civil Service where French shorthand only is required. To obtain appointments as bilingual stenographers, candidates must write in both French and English Shorthand and Typewriting.

(8) The attention of male Stenographers is particularly called to positions in Grade 2. Vacancies occur in the Department of Immigration and Colonization and the Department of National Revenue which are open to men only. The line of promotion leads not only to senior stenographic positions but also to executive positions in the departments.

(9) Temporary employees in these classes should avail themselves of this opportunity to qualify.

(10) Except in the case of positions at Ottawa, preference in appointments will be given to residents of the localities where the vacancies occur.

(11) Preference in appointment is given to candidates who have been on active service overseas or on the high seas and who are found to possess the minimum qualifications for the position. A further preference is given to candidates who are in receipt of a pension on account of disability received as a result of service in the Great War, who by such disability have been prevented from pursuing efficiently their pre-war occupation and who have not been successfully re-established.

(12) Under the provisions of the Civil Service Superannuation Act, 1924, a deduction of 5 per cent is made from the salary of every permanent employee entering the Service as a contribution to the Superannuation Fund.

(13) The examinations will be conducted **April 17 and 18, 1928,** at the following centres (provided that not less than three candidates make application to write at the same place): Prince Rupert, Victoria, Vancouver and Nelson, in the province of British Columbia; Edmonton, Calgary and Frank, in the province of Alberta; Saskatoon, Regina, and Moose Jaw, in the province of Saskatchewan; Brandon and Winnipeg, in the province of Manitoba; Port Arthur, Sault Ste. Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston and Ottawa, in the province of Ontario; Montreal, Sorel, Sherbrooke, Three Rivers, Quebec and Rimouski, in the province of Quebec; Fredericton, Chatham, St. John, and Moncton, in the province of New Brunswick; Charlottetown and Summerside, in the province of Prince Edward Island; Kentville, Yarmouth, Halifax and Sydney, in the province of Nova Scotia. Examinations may be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

(14) Applications must be made on Form C.S.C. 69. Applicants must state definitely the particular examinations they wish to enter and must file a separate form for each examination. Applications filed in connection with previous examinations will not be transferred; candidates who have already tried an examination must file new forms.

(15) Application forms may be obtained from the Secretary of the Civil Service Commission, Ottawa, or from the Postmaster at the following centres: Prince Rupert, Victoria, Vancouver, Edmonton, Calgary, Moose Jaw, Regina, Winnipeg, Fredericton, St. John, Charlottetown and Halifax.

(16) Applications must be filed with the Civil Service Commission, Ottawa, not later than **April 2, 1928;** late forms will not be accepted.

(17) The fee for any one examination is $2. The prescribed fee must accompany the application for each examination, except in the case of candidates who have been on active service overseas, who are exempt from paying the fee.

(18) Candidates will not be admitted to examination unless they have attained the full age of eighteen years and are not over thirty-five years of age on the first day of the examination, except in cases where duly qualified candidates within these age limits are not available.

(19) The age limit for entrance is waived in the case of persons who have been on active service overseas or on the high seas, widows of persons who have died owing to such service and persons entitled to the disability preference. The age limit is also waived in the case of permanent civil servants, who when first appointed were not over thirty-five years of age.

(20) Candidates must be British subjects.

(21) Candidates must have resided in Canada for at least three years, except in the case of persons with active overseas service who, if they were domiciled in Canada at the date of enlistment, need not conform to the rule of residency. This must be stated clearly on application form.

INSTRUCTIONS GÉNÉRALES

(1) Pour être déclarés éligibles, les candidats doivent obtenir 60 pour 100 sur chaque sujet et une moyenne de 70 pour 100 sur l'ensemble de l'examen.

(3) Bien que ces examens qualifient pour emploi permanent, les établissement, excepté quand, de l'avis de la Commission, il est dans l'intérêt public de les continuer plus longtemps. Quand une liste d'éligibles est sur le point d'expirer, les personnes sur la liste qui n'ont pas encore été nommées en sont averties; toutefois, les personnes dont le nom est sur la liste et qui sont alors employées au Service conservent leur éligibilité pendant la durée de leur emploi.

(3) Bien que les examens qualifient pour emploi permanent, les candidats doivent remarquer que, pendant un certain temps, il est probable qu'ils ne pourront obtenir que de l'emploi temporaire pour de courtes périodes. Comme il y a peu de positions à remplir dans les centres en dehors d'Ottawa, les candidats heureux doivent être prêts à accepter une nomination à Ottawa.

(4) Les employés temporaires dans ces classes doivent profiter de cette occasion de se rendre éligibles.

(5) Préférence dans les nominations est accordée aux candidats qui ont fait du service actif outre-mer ou en haute mer et qui possèdent le minimum d'aptitudes pour la position. Une préférence spéciale est donnée aux candidats recevant une pension pour incapacité physique due à leur service au cours de la Grande guerre, qui par suite de cette incapacité ne peuvent pas se livrer avec succès à leur occupation d'avant-guerre et qui n'ont pas été rétablis avec succès.

(6) Sous l'autorité de la Loi de pension, du service civil, 1924, on déduit, comme versement au fonds de pension, 5 pour 100 du traitement de tout employé qui entre au service à titre permanent.

(7) Les examens seront tenus **les 17 et 18 juillet 1928** dans les centres suivants: Prince-Rupert, Victoria, Vancouver et Nelson, dans la province de la Colombie-Britannique; Edmonton, Calgary et Frank, dans la province de l'Alberta; Saskatoon, Regina et Moose Jaw, dans la province de la Saskatchewan; Brandon et Winnipeg, dans la province du Manitoba; Port-Arthur, Sault-Sainte-Marie, North-Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston et Ottawa, dans la province d'Ontario; Montréal, Sorel, Sherbrooke, Trois-Rivières, Québec et Rimouski, dans la province de Québec; Fredericton, Chatham, Saint-Jean et Moncton, dans la province du Nouveau-Brunswick; Charlottetown et Summerside, dans la province de l'Ile du Prince-Edouard; Kentville, Yarmouth, Halifax et Sydney, dans la province de la Nouvelle-Ecosse. Des examens peuvent être tenus à d'autres endroits, mais seulement lorsque le nombre des candidats et la distance d'un centre régulier justifient une telle action.

(8) L'inscription aux examens doit être faite sur la formule C.S.C. 70. Les candidats doivent expliquer clairement pour quel concours ils désirent s'inscrire et doivent remplir une formule pour chaque concours. Les demandes d'inscription faites au sujet de concours antérieurs ne seront pas transférées; les candidats qui ont déjà subi un examen doivent donc remplir de nouvelles formules.

(9) On peut obtenir les formules de demande d'inscription du Secrétaire de la Commission du Service civil, Ottawa, ou des maîtres de poste aux endroits suivants: Prince-Rupert, Victoria, Vancouver, Edmonton, Calgary, Moose Jaw, Regina, Winnipeg, Saint-Jean, Charlottetown et Halifax.

(10) Les demandes d'inscription doivent parvenir au bureau de la Commission du Service civil pas plus tard que **le 21 juin 1928;** les demandes en retard ne seront pas acceptées.

(11) Les honoraires pour chaque examen sont de $2. Les honoraires prescrits doivent accompagner l'inscription à chaque examen, excepté dans le cas des candidats qui ont servi outre-mer, qui sont exemptés de payer les honoraires.

(12) Les candidats doivent être âgés d'au moins 18 ans et de pas plus de 35 ans au premier jour de l'examen, excepté au cas où il n'y a pas suffisamment de candidats qualifiés dans ces limites d'âge.

(13) La limite d'âge ne s'applique pas aux personnes qui ont fait du service actif outre-mer ou en haute mer, aux veuves des vétérans morts par suite de leur service, et aux personnes qui ont droit à la préférence accordée pour incapacité physique. Elle ne s'applique pas non plus aux employés civils permanents, qui, lors de leur nomination à titre permanent, n'étaient pas âgés de plus de 35 ans.

(14) Les candidats doivent être sujets britanniques.

(15) Les candidats doivent avoir demeuré au Canada au moins trois ans, excepté dans le cas des vétérans de la Grande guerre, qui, s'ils étaient domiciliés au Canada lors de leur enrôlement, ne sont pas tenus de se conformer au règlement quant à la résidence. Ceci devra être expliqué clairement sur la demande d'inscription.

Par ordre de la Commission,

Secrétaire.

Where an eligible list is about to expire, persons whose names appear on the list and have not yet been given employment, are notified thereof, provided that persons whose names appear on the list and who are then employed in the service, retain their eligibility during the period of such employment.

(5) Although this examination qualifies for permanent appointment, candidates are warned that it is probable that, for some time, only temporary employment for short periods will be available.

(11) Under the provisions of the Civil Service Superannuation Act, 1924, a deduction of 5 per cent is made from the salary of every permanent employee entering the Service as a contribution to the Superannuation Fund.

Examinations may be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

(13) Applications must be made on Form C.S.C. 69. Applications filed in connection with previous examinations will not be transferred; candidates who have already tried an examination must file new forms.

(14) Application forms may be obtained from the Secretary of the Civil Service Commission, Ottawa, or from the Postmaster at the following centres: Prince Rupert, Victoria, Vancouver, Edmonton, Calgary, Moose Jaw, Regina, Winnipeg, Fredericton, St. John, Charlottetown and Halifax.

GENERAL INFORMATION

The qualifications of all applicants are carefully considered. Those who are held to fulfil the conditions of the foregoing syllabus are formally selected as candidates for the next examination and notified accordingly.

The next examination will probably be held early in 1929.

The papers are examined independently and collectively, by an examining Committee of three.. The decision of this Committee, taken in conjunction with the report of an Interviewing Board, also appointed by and responsible to the Secretary-General of the League of Nations, is final.

The result of the examination is usually announced within four or five weeks. Every candidate, whether successful or not, is communicated with.

The examination is of a qualifying nature. Those candidates approved by the Interviewing Board, who send in the best papers are notified that they have "qualified" and, as vacancies occur, are appointed to temporary *trial* engagements with the Secretariat of the League at Geneva.

Permanent vacancies, as they arise, are in all cases filled from among those candidates, qualified in a Test, who prove most suitable *as a result of a probationary period*. Since the Secretariat has been established in Geneva, no candidates have been appointed to this Section other than on the above basis, namely, a probationary engagement or engagements after qualification in a Test.

Candidates who only seek *temporary* work with the League are "placed" in the examination in exactly the same way as those seeking permanent appointment. For the autumn Assembly, and occasionally at other times, extra staff is required, and temporary translators or interpreters are often needed for this period in addition to those on a probationary footing with a view to permanent appointment.

Salary.—The rate of pay at present (July 1928) obtaining in respect of short probationary engagements is 40 Swiss francs per day, plus first class fare to and from Geneva; for rather longer probationary engagements, the initial salary of the permanent scale.

For permanent posts the present initial salary, subject to small variations according to cost of living, is 13,700 Swiss francs (say £550) per annum, rising by annual increments of 800 Swiss francs to 19,000 Swiss francs (£760); sometimes higher, in the case of members of the staff doing special work, and with some years' seniority.

GENERAL DIRECTIONS

(1) In order to be declared successful candidates must secure 60 per cent on each subject, and an average of 70 per cent on the whole examination.

(2) Eligible Lists expire one year after the date of establishment, except in cases where in the opinion of the Commission, the public interest will be served by the continuance of the list. Where an eligible list is about to expire, persons whose names appear on the list and have not yet been given employment, are notified thereof, provided that persons whose names appear on the list and who are then employed in the service, retain their eligibility during the period of such employment.

(3) Although these examinations qualify for permanent appointment, candidates are warned that it is probable that, for some time, only temporary employment for short periods will be available. This is particularly applicable in the case of Female Clerks, Grade 2, for which the demand is comparatively small. It is to be noted that since there are very few vacancies in centres outside of Ottawa, successful candidates should be prepared to accept appointment in Ottawa.

(4) Temporary employees in these classes should avail themselves of this opportunity to qualify. Persons already permanently employed in the Service as Grade 1 Clerks should take this opportunity to qualify for promotion to Grade 2. No fee is required for an examination which qualifies for promotion only in the Department in which the candidate is employed, but by paying the fee of $2.00 candidates may qualify at the same time for the class Clerk, Grade 2, generally throughout the Service.

(5) Preference in appointment is given, to candidates who have been on active service overseas or on the high seas and who are found to possess the minimum qualifications for the position. A further preference is given to candidates who are in receipt of a pension on account of disability received as a result of service in the Great War, who by such disability have been prevented from pursuing efficiently their pre-war occupation and who have not been successfully re-established.

(6) Under the provisions of the Civil Service Superannuation Act, 1924, a deduction of 5 per cent is made from the salary of every permanent employee entering the Service as a contribution to the Superannuation Fund.

(7) The examinations will be conducted **July 16 and 17, 1929,** at the following centres (provided that not less than three candidates make application to write at the same place): Prince Rupert, Victoria, Vancouver and Nelson, in the province of British Columbia; Edmonton, Calgary and Frank, in the province of Alberta; Saskatoon, Regina, and Moose Jaw, in the province of Saskatchewan; Brandon and Winnipeg, in the province of Manitoba; Port Arthur, Sault Ste. Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston and Ottawa, in the province of Ontario; Montreal, Sorel, Sherbrooke, Three Rivers, Quebec and Rimouski, in the province of Quebec; Fredericton, Chatham, St. John, and Moncton, in the province of New Brunswick; Charlottetown and Summerside, in the province of Prince Edward Island; Kentville, Yarmouth, Halifax and Sydney, in the province of Nova Scotia. Examinations may be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

(8) Applications must be made on Form C.S.C. 69. Applicants must state definitely the particular examinations they wish to enter and must file a separate form for each examination. Applications filed in connection with previous examinations will not be transferred; candidates who have already tried an examination must file new forms.

(9) Application forms may be obtained from the Secretary of the Civil Service Commission, Ottawa, or from the Postmaster at the following centre: Prince Rupert, Victoria, Vancouver, Edmonton, Calgary, Moose Jaw, Regina, Winnipeg, Fredericton, St. John, Charlottetown and Halifax.

(10) Applications must be filed with the Civil Service Commission, Ottawa, not later than **May 27, 1929;** late forms will not be accepted.

(11) The fee for any one examination is $2. The prescribed fee must accompany the application for each examination, except in the case of candidates who have been on active service overseas, who are exempt from paying the fee.

(12) Candidates will not be admitted to examination unless they have attained the full age of eighteen years and are not over thirty-five years of age on the first day of the examination, except in cases where duly qualified candidates within these age limits are not available.

(13) Before becoming eligible for either temporary or permanent employment, successful candidates must produce their Birth Certificates. A declaration of age will not be accepted unless documentary evidence is supplied to show that the candidate's age is not officially registered. A Baptismal Certificate, however, will be accepted, provided it shows clearly the date of birth.

(14) The age limit for entrance is waived in the case of persons who have been on active service overseas or on the high seas, widows of persons who have died owing to such service and persons entitled to the disability preference. The age limit is also waived in the case of permanent civil servants, who when first appointed were not over thirty-five years of age.

(15) Candidates must be British subjects.

(16) Candidates must have resided in Canada for at least three years, except in the case of persons with active overseas service who, if they were domiciled in Canada at the date of enlistment, need not conform to the rule of residency. This must be stated clearly on application form.

Noted HSD

IN REPLY REFER TO FILE No. Sub. 6. OTTAWA, August 20, 1929.

Copy given to Mr. Paget & Mr. Mackenzie

Circular Letter 1929-6.

Dear Sir,

The Commission has directed that the present situation with regard to the assignment of stenographers at Ottawa be drawn to the attention of each Department.

At the present time all those on the last permanent eligible list for Stenographer, Grade 2, ($1080-1380) have been assigned under permanent or temporary certificate, making it necessary to hold a test qualifying persons for this grade, for temporary assignment only. The Commission has, however, a list of eligibles for permanent (or temporary) assignment as Stenographer, Grade 1, ($720-1020).

The principal reason why the eligible list for Stenographer, Grade 2, has been exhausted is the unusually large number of requests for the temporary assignment as Stenographer, Grade 2, received this year. At the same time few requisitions for Stenographers, Grade 1, have been received.

The examinations for Stenographer, Grade 1, provide a class of employee, the majority of whom will qualify within a short time as Stenographer, Grade 2. In many instances they lack office experience rather than stenographic ability. As the Government Service is the largest single employer of clerical workers at Ottawa, it follows that unless a reasonable proportion of stenographers qualified for the entrance grade are assigned and employed in the Government Service, the opportunity for newly trained stenographers to obtain office experience is limited in the city.

Indian Affairs. (RG 10, Volume 3127, File 339,996-7 pt. 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

The Commission considers that in many cases where assignment as Grade 2 is requested, appointments as Grade 1 would meet the Department's requirements. The Commission is instructing its officers to scrutinize temporary requisitions for Stenographer, Grade 2, at Ottawa, with a view to changing these to Grade 1 where this is feasible.

In view of the desirability of making fewer assignments as Stenographer, Grade 2, Departments will avoid the delay required to make inquiries, if requisitions for stenographers are carefully considered and in every case, where possible, the Grade 1 class is used.

GENERAL DIRECTIONS

(1) In order to be declared successful candidates must secure 60 per cent on each subject except Accuracy, and an average of 70 per cent on all subjects.

(2) Candidates are advised to take the optional paper in Arithmetic since, unless they qualify in this paper, they will not be eligible for subsequent promotion into the clerical classes without a test in Arithmetic.

(3) Candidates for the examinations for Stenographers who fail in shorthand only and otherwise secure the required percentages may be listed as Typists.

(4) Since the demand for Typists is very small in comparison with the demand for Stenographers, candidates are advised to try the examinations in Shorthand, if possible.

(5) In cases where successful candidates secure the same marks their standing on the eligible list is determined by the date on which their application forms were made out.

(6) Eligible lists expire one year after the date of establishment, except in cases where in the opinion of the Commission, the public interest will be served by the continuance of the list. Where an eligible list is about to expire, persons whose names appear on the list and have not yet been given employment, are notified thereof, provided that persons whose names appear on the list and who are then employed in the service, retain their eligibility during the period of such employment.

(7) Although these examinations qualify for permanent appointment, candidates are warned that it is probable that, for some time, only temporary employment for short periods will be available.

(8) Candidates who intend to take the stenographers' examinations in French are advised that there are very few positions available in the Civil Service where French shorthand only is required. To obtain appointments as bilingual stenographers, candidates must write in both French and English Shorthand and Typewriting.

(9) Temporary employees in these classes should avail themselves of this opportunity to qualify.

(10) Except in the case of positions at Ottawa, preference in appointments will be given to residents of the localities where the vacancies occur.

(11) Preference in appointment is given to candidates who have been on active service overseas or on the high seas and who are found to possess the minimum qualifications for the position. A further preference is given to candidates who are in receipt of a pension on account of disability received as a result of service in the Great War, who by such disability have been prevented from pursuing efficiently their pre-war occupation and who have not been successfully re-established.

(12) Under the provisions of the Civil Service Superannuation Act, 1924, a deduction of 5 per cent is made from the salary of every permanent employee entering the Service as a contribution to the Superannuation Fund.

(13) The examinations will be conducted **October 22 and 23, 1929,** at the following centres (provided that not less than three candidates make application to write at the same place): Prince Rupert, Victoria, Vancouver and Nelson, in the province of British Columbia; Edmonton, Calgary and Frank, in the province of Alberta; Saskatoon, Regina, and Moose Jaw, in the province of Saskatchewan; Brandon and Winnipeg, in the province of Manitoba; Port Arthur, Sault Ste. Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston and Ottawa, in the province of Ontario; Montreal, Sorel, Sherbrooke, Three Rivers, Quebec and Rimouski, in the province of Quebec; Fredericton, Chatham, St. John, and Moncton, in the province of New Brunswick; Charlottetown and Summerside, in the province of Prince Edward Island; Kentville, Yarmouth, Halifax and Sydney, in the province of Nova Scotia. Examinations may be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

(14) Applications must be made on Form C.S.C. 69. Applicants must state definitely the particular examinations they wish to enter and must file a separate form for each examination. Applications filed in connection with previous examinations will not be transferred; candidates who have already tried an examination must file new forms.

(15) Application forms may be obtained from the Secretary of the Civil Service Commisison, Ottawa, or from the Postmaster at the following centres: Prince Rupert, Victoria, Vancouver, Edmonton, Calgary, Moose Jaw, Regina, Winnipeg, Fredericton, St. John, Charlottetown and Halifax.

(16) Applications must be filed with the Civil Service Commission, Ottawa, not later than **September 26, 1929;** late forms will not be accepted.

(17) The fee for any one examination is $2. The prescribed fee must accompany the application for each examination, except in the case of candidates who have been on active service overseas, who are exempt from paying the fee.

(18) Before becoming eligible for either temporary or permanent employment, successful candidates must produce their Birth Certificates. A declaration of age will not be accepted unless documentary evidence is supplied to show that the candidate's age is not officially registered. A Baptismal Certificate, however, will be accepted, provided it shows clearly the date of birth.

(19) The regulations prescribe that the age limits for these classes should be 18 to 35 years but in view of the difficulty of securing sufficient eligibles as Stenographer, Grade 2, candidates who are not within these age limits but who have the required experience may take the examinations for Stenographer, Grade 2. However, such candidates will be listed, if successful, below the eligibles within the ages of 18 and 35.

(20) The age limit for entrance is waived in the case of persons who have been on active service overseas or on the high seas, widows of persons who have died owing to such service and persons entitled to the disability preference. The age limit is also waived in the case of permanent civil servants, who when first appointed were not over thirty-five years of age.

(21) Candidates must be British subjects.

(22) Candidates must have resided in Canada for at least three years, except in the case of persons with active overseas service who, if they were domiciled in Canada at the date of enlistment, need not conform to the rule of residency. This must be stated clearly on application form.

(23) Candidates for examination in typewriting must supply their own machines.

There will also be an additional test given, designed to gauge the probable capacity of the candidate to learn and become expert in the operation of the calculating machines and office appliances used in the Bureau of Statistics. This subject must be taken by every candidate. Failure to obtain a pass mark will not eliminate from the competition, but marks in this subject will have a bearing on appointments to the mechanical staff. Candidates obtaining a mark of 80 per cent and over on the first four examination subjects will be given preference in appointment to positions on the Clerical Staff whether or not they pass the special test.

This examination will also qualify successful candidates to be listed as eligible for appointment to positions as Clerk Grade 2 in the Civil Service of Canada.

Persons, whose names are at present on eligible lists for Office Appliance Operators and Clerks Grade 2, should enter as candidates in this competition and pass the examination if they wish to secure employment on the Census Staff, as appointments to positions as Census Clerks will only be made from the eligible list to be established as a result of this competition. Successful candidates who receive appointments will not be required to report at Ottawa until June 15, 1931. Candidates must be prepared to give an undertaking that if appointed they will remain at least one year on the Census Staff. The attention of students and others desiring purely vacational work is drawn to this point.

The period of employment in the Census Staff is limited to three years. The peak of work will be passed in about fifteen months, after which time the staff will gradually be reduced as may be found necessary. Candidates receiving appointments must report for duty at Ottawa at their own expense.

A fee of $2 must accompany each application except in the case of persons who have been on Active Service Overseas.

According to law, preference is given to persons who have been on active service in the military or naval forces of His Majesty or of any of the Allies of His Majesty during the late war. These candidates must, however, furnish a certified copy of their discharge certificates, or in the case of commissioned officers, a certified statement of their military services.

Tous les candidats doivent subir cette épreuve. Le fait de ne pas obtenir le minimum des points n'éliminera pas un candidat du concours, mais les points obtenus dans cette épreuve seront pris en considération dans les nominations au personnel préposé aux machines. Les candidats qui obtiendront 80 pour cent et plus sur les quatre premiers sujets de l'examen auront la préférence dans les nominations aux positions de commis aux écritures, qu'ils aient réussi ou non dans l'épreuve spéciale.

Cet examen rendra aussi les candidats heureux éligibles aux positions de commis, grade 2, au service civil du Canada.

Les personnes dont les noms sont à l'heure actuelle sur les listes d'éligibles pour préposés aux machines de bureau et commis, grade 2, devront prendre part à ce concours et subir l'examen avec succès, si elles désirent obtenir de l'emploi au recensement, car les nominations aux positions de commis au recensement ne seront faites que d'après la liste établie à la suite de ce concours. Les hommes et les femmes seront admis à l'examen.

Les candidats heureux qui seront nommés n'auront pas à se présenter au travail à Ottawa avant le 15 juin 1931. La période d'emploi au recensement est limitée à trois ans. Le gros du travail sera terminé dans environ quinze mois, et après ce temps le personnel sera graduellement réduit. Les candidats nommés doivent se présenter à Ottawa à leurs propres frais.

Un honoraire de $2 doit accompagner chaque demande, excepté dans le cas des personnes qui ont servi outre-mer.

D'après la Loi, préférence est donnée aux personnes qui ont fait du service actif outremer dans les armées ou la marine de Sa Majesté, ou de l'un des Alliés de Sa Majesté, au cours de la dernière guerre. Ces candidats doivent cependant fournir une copie assermentée de leurs certificats de licenciement, ou, dans le cas des officiers, un état assermenté de leur service militaire.

Les formules d'inscription, dûment remplies, doivent parvenir à la Commission du service civil, Ottawa, *au plus tard le 28 février 1931.* On peut obtenir les formules nécessaires des bureaux de placement du Canada, des maîtres de poste à Prince-Rupert, Vancouver, Victoria, Edmonton, Calgary, Regina, Saskatoon, Winnipeg, Quebec, Fredericton, Saint-Jean, Charlottetown et Halifax, ou du Secrétaire de la Commission du service civil, Ottawa.

CIVIL SERVICE POSITIONS

List No. 624

Open competitive examinations are announced by the Civil Service Commission, in order to establish lists of eligibles for employment as

STENOGRAPHERS, GRADE 1

Competition No. 23948

Initial Salary: $720 per annum.

Examination: Subjects and weights as follows: Shorthand, weight 3; Typewriting, weight 3; Spelling, weight 1; English, weight 2; Accuracy, weight 1.

SCOPE OF EXAMINATION SUBJECTS

Shorthand—A written examination in shorthand consisting of dictation at the rates of 80 and 100 words a minute, and transcription in longhand of the shorthand notes.

Typewriting.—A practical examination in typewriting at a minimum rate of 40 words a minute.
N.B.—A word in the typewriting test is a "stroke word" consisting of five strokes on the typewriter.

Spelling.—A written examination covering spelling.

English.—A written examination covering letter-writing and report-making including penmanship, grammar, punctuation, vocabulary, business and correspondence forms, proof-reading and general office practice.

Accuracy.—A written examination covering checking and comparing, tabulating, indexing, accuracy and general intelligence.

GENERAL DIRECTIONS

(1) In order to be declared successful candidates must secure 60 per cent on each subject except Accuracy, and an average of 70 per cent on all subjects.

(2) The purpose of this examination is to establish an eligible list for Stenographers, Grade 1, and not for Typists. Candidates who enter the competition must take the Shorthand test and those who fail in Shorthand will not be given standing as Typists.

(3) Eligible lists expire one year after the date of establishment, except in cases where in the opinion of the Commission, the public interest will be served by the continuance of the list. Since the eligible list for Stenographers, Grade 1, established from the last general examination will be cancelled when the results of this examination are known, and since this is likely to be the only general examination for Stenographers held for some time, persons employed temporarily as Stenographers, Grade 1 or Stenographers, Grade 2, unless they are assured of continued employment, are advised to qualify again by taking this examination.

(4) Although this examination qualifies for permanent appointment, candidates are warned that it is probable that, for some time, only temporary employment for short periods will be available. In the event of permanent appointment, the initial salary of $720 per annum may be increased upon recommendation for meritorious service and increased usefulness at the rate of $60 per annum, until a maximum of $1,020 has been reached.

(5) Candidates who intend to take the stenographers' examinations in French are advised that there are very few positions available in the Civil Service where French shorthand only is required. To obtain appointments as bilingual stenographers, candidates must qualify in both French and English Shorthand and Typewriting.

(6) Except in the case of positions at Ottawa, preference in appointment will be given to residents of the localities where the vacancies occur.

(7) Preference in appointment is given to candidates who have been on active service overseas or on the high seas and who are found to possess the minimum qualifications for the position. A further preference is given to candidates who are in receipt of a pension on account of disability received as a result of service in the Great War, who by such disability have been prevented from pursuing efficiently their pre-war occupation and who have not been successfully re-established.

(8) Under the provisions of the Civil Service Superannuation Act, 1924, a deduction of 5 per cent is made from the salary of every permanent employee entering the Service as a contribution to the Superannuation Fund. Returns under the Superannuation Act are not made if the employee leaves with less than ten years' service, except in the case of disability or abolition of office, or a woman leaving to be married, or of the death of a contributor with dependents.

(9) The examinations will be conducted at a date to be determined later (probably during the month of July) at the following centres, (provided that not less than three candidates make application to write at the same place): Prince Rupert, Victoria, Vancouver, and Nelson, in the Province of British Columbia; Edmonton, Calgary and Lethbridge, in the Province of Alberta; Saskatoon, Regina and Moose Jaw, in the Province of Saskatchewan; Brandon and Winnipeg, in the Province of Manitoba; Port Arthur, Sault Ste. Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston and Ottawa, in the Province of Ontario; Montreal, Sorel, Sherbrooke, Trois Rivieres, Rimouski, Chicoutimi and Quebec, in the Province of Quebec; Fredericton, Chatham, Saint John and Moncton, in the Province of New Brunswick; Charlottetown and Summerside, in the Province of Prince Edward Island; Kentville, Yarmouth, Halifax, Sydney and Wolfville, in the Province of Nova Scotia. Examinations may also be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

(10) Applications must be made on Form C.S.C. 69. Applications filed in connection with previous examinations will not be transferred; candidates who have already tried an examination must file a new form.

(11) Application forms may be obtained from the Secretary of the Civil Service Commission, Ottawa, or from the Postmasters at any city post office.

(12) Applications must be filed with the Civil Service Commission, Ottawa, not later than June 4, 1935; late forms will not be accepted. Ottawa candidates are advised to send their applications by mail.

(13) The fee for the examination is $1. The prescribed fee must accompany the application, except in the case of candidates who have been on active service overseas, who are exempt from paying the fee. If the fee is paid by cheque it should be certified by the bank on which it is drawn.

(14) Before becoming eligible for either temporary or permanent employment, successful candidates must produce their birth certificates. A declaration of age will not be accepted unless documentary evidence is supplied to show that the candidate's age is not officially registered. A baptismal certificate, however, will be accepted, provided it shows clearly the date of birth.

(15) Candidates will not be admitted to examination unless they have attained the full age of eighteen years and have not reached their thirty-fifth birthday on the first day of the examination, except in cases where duly qualified candidates within these age limits are not available.

(6) The age limit for entrance is waived in the case of persons who have been on active service overseas or on the high seas, widows of persons who have died owing to such service and persons entitled to the disability preference. The age limit is also waived in the case of permanent civil servants, who when first appointed were not over thirty-five years of age.

(17) Candidates must be British subjects.

(18) Candidates must have resided in Canada for at least five years, except in the case of persons with active overseas service, who if they were domiciled in Canada at the date of enlistment, need not conform to the rule of residency. This must be stated clearly on application form.

(19) Candidates for examination in typewriting must supply their own machines.

Dear Sir,

I beg to advise you that the Civil Service Commission is at present advertising a general examination for positions of Stenographer, Grade 1, to be held this summer. In this connection, I am enclosing a number of notices giving full particulars regarding this examination.

Your attention is particularly directed to Paragraph 3 of the General Directions, which indicates that temporary Stenographers, Grade 1, should avail themselves of this opportunity to qualify for permanent appointment.

As there is no indication at the present time that an examination will be held for Stenographers, Grade 2, temporary employees in this grade, whose names are on temporary eligible lists only, may wish to take advantage of this examination to qualify for permanent appointment to the class Stenographer, Grade 1. Such action might result in improving their prospects of securing continued employment.

It will be appreciated if you will have these advertisements brought to the attention of all interested employees in your Department at Ottawa and branch offices outside Ottawa. The time limit for the receipt of applications expires June 4, 1935.

COMPETITION No. 24953

Time Limit.—Application forms, which may be obtained at any City Post office or from the Secretary, Civil Service Commission, Ottawa, must be filed with the Civil Service Commission, Ottawa, Ont., **not later than April 30, 1936.**

Applications must be made on Form C.S.C. 69. Applications filed in connection with previous examinations will not be transferred; candidates who have already tried an examination must file a new form. Ottawa candidates are advised to send their applications by mail.

Appointments.—275 Census Clerks are required for temporary employment on the Census Clerical Staff of the Dominion Bureau of Statistics, Department of Trade and Commerce, Ottawa, in connection with the Quinquennial Census, 1936, of the Provinces of Alberta, Saskatchewan and Manitoba.

Appointments will be made on a temporary basis as the positions are not permanent. The period of employment may last from six months to eighteen months. Appointments will not be required until July 1, 1936. Successful candidates assigned to positions must be prepared to remain in employment during the period required, and must understand that when their work is terminated their services will be discontinued. The attention of students and others desiring vacational work is drawn to this point.

Candidates are warned that they must pay their own transportation expenses to and from Ottawa, in connection with employment.

Salary.—The initial salary of $75.00 per month may be increased at the expiration of six months on recommendation for meritorious service and increased usefulness to $77.50 per month and after another six months' service, under similar conditions, to $80.00 per month.

Duties.—To perform, under supervision, prescribed routine clerical, statistical, tabulation and audit work involved in the compilation of the Quinquennial Census; to supervise or under supervision to operate or assist in the operation of mechanical or electrical sorting, tabulating and computing machines, and to perform other related work as assigned.

Qualifications required.—Education equivalent to at least three years in high school; legible hand writing; a knowledge of Canadian and general geography; ability to understand and follow directions and to make accurate additions. Some knowledge of agriculture is also desirable as this census deals largely with agricultural returns from the Provinces of Alberta, Saskatchewan and Manitoba.

Age limit.—Candidates will not be admitted to examination unless they have attained the full age of eighteen years and have not reached their thirty-fifth birthday on the first day of the examination. This age limit is waived in the case of persons entitled to preference for active service overseas or on the high seas with His Majesty's Military or Naval Forces or with those of any of his Allies during the Great War. Before becoming eligible for employment, successful candidates must produce their birth certificates. A declaration of age will not be accepted unless documentary evidence is supplied to show that the candidate's age is not officially registered. A baptismal certificate, however, will be accepted, provided it shows clearly the date of birth.

Nature of examination.—Subjects and Weights as follows:—

Arithmetic ..... Weight 3—A written examination covering the first four rules, and elementary commercial problems.

Geography ..... Weight 3—A written examination covering the location of towns, cities, etc., in Canada; and General—countries of origin, towns, cities, etc.

English and Spelling.... Weight 2—A written examination covering spelling, letter-writing and report-making, including penmanship, grammar, punctuation, vocabulary, business and correspondence forms, proofreading and general office practice.

Accuracy ..... Weight 2—A written examination covering checking and comparing, tabulating, indexing, accuracy and general intelligence.

NOTE:—

(1) In order to be declared successful, candidates must secure 60 per cent on each subject and an average of 70 per cent on the whole examination.

(2) An eligible list, valid for a period of one year, will be established. Only a sufficient number of names to meet prospective requirements will be placed on the eligible list.

(3) This examination will also qualify for temporary and permanent appointment as Clerk, Grade 1, initial salary of $720 per annum as positions occur, but the successful candidates who receive appointments on the Census Staff must not necessarily expect to receive assignments at the expiration of their employment in the Census.

Examination Centres.—The examinations will be conducted at a date to be determined later (probably during the month of May) in the following centres, (provided that not less than three candidates make application to write at the same place): Prince Rupert, Victoria, Vancouver and Nelson, in the Province of British Columbia; Edmonton, Calgary and Lethbridge, in the Province of Alberta; Saskatoon, Regina and Moose Jaw, in the Province of Saskatchewan; Brandon and Winnipeg in the Province of Manitoba; Port Arthur, Sault Ste. Marie, Fort William, Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston and Ottawa, in the Province of Ontario; Montreal, Sorel, Sherbrooke, Trois Rivieres, Rimouski, Chicoutimi, Quebec, in the Province of Quebec; Fredericton, Chatham, Saint John and Moncton, in the Province of New Brunswick; Charlottetown and Summerside, in the Province of Prince Edward Island; Kentville, Yarmouth, Halifax, Sydney and Wolfville, in the Province of Nova Scotia. Examinations may also be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

Examination Fee.—Except in the case of those entitled to preference for service in the Great War, candidates must pay an examination fee of One Dollar ($1.00). This fee must be made payable to the Receiver General at Ottawa and should be forwarded to this office with the application forms. If the fee is paid by cheque it should be certified by the Bank on which it is drawn.

Residence.—Candidates must be British subjects. Candidates must have resided in Canada at least five years, except in the case of those entitled to preference on account of active service overseas or on the high seas with His Majesty's Military or Naval Forces or with those of any of His Allies during the Great War, who, if domiciled in Canada at the date of enlistment, may be admitted to examinations without regard to length of residence in Canada. The widows of such persons are also exempt, provided they were domiciled in Canada at the date of their husbands' decease.

Returned Soldier Preference.—Preference in appointment is given to candidates who have been on active service overseas or on the high seas with His Majesty's Military or Naval Forces or with those of any of his Allies during the Great War and who are found to possess the minimum qualifications for the position. A further preference is given to candidates who are in receipt of a pension on account of disability received as a result of service in the Great War, who by reason of such disability are prevented from pursuing efficiently their pre-war occupation and who have not been successfully re-established.

Discharge Certificates.—Successful candidates, if entitled to the preference provided by law for service in the Great War, will be asked at a later date to supply an official discharge certificate or a legally certified copy thereof.

No examination fee is required

TIME LIMIT

Application forms properly filled in must be filed with the Secretary, Civil Service Commission, Ottawa, Ontario, **not later than September 18, 1937. Late forms will not be accepted.**

Applications must be made on Form C.S.C. 69 and are obtainable at all City Post Offices, the Post Offices in the larger towns, the Offices of the Employment Service of Canada, or from the Secretary, Civil Service Commission, Ottawa, Ontario.

Ottawa candidates are advised to send their applications by mail.

Applications filed in connection with previous examinations will not be transferred; candidates who have already tried an examination must file a new form.

Please quote *competition number 26782* when filling out application form.

General Information

(1) The purpose of this examination is to establish an eligible list for Stenographers, Grade 1, and not for Typists. Candidates who enter the competition must take the Shorthand test and those who fail in Shorthand will not be given standing as Typists.

(2) Candidates who obtain 80 per cent or over on this examination will be considered qualified for promotion to Stenographer, Grade 2, without writing another examination.

(3) Eligible lists expire one year after the date of establishment, except in cases where, in the opinion of the Commission, the public interest will be served by the continuance of the list. Since the eligible list for Stenographers, Grade 1, established from the last general examination will be cancelled when the results of this examination are known, and since this is likely to be the only general examination for Stenographers held for some time, persons employed temporarily as Stenographers, Grade 1, or Stenographers, Grade 2, unless already qualified by examination for permanent appointment and assured of continued employment, are advised to qualify by taking this examination.

(4) Preference in appointment is given to candidates who have been on active service overseas or on the high seas and who are found to possess the minimum qualifications for the position. A further preference is given to candidates who are in receipt of a pension on account of disability received as a result of service in the Great War, who by such disability have been prevented from pursuing efficiently their pre-war occupation and who have not been successfully re-established.

(5) Although this examination qualifies for permanent appointment, candidates are advised that they should accept temporary employment, when offered. Usually permanent positions, when vacant, are filled in order of merit by the temporary employees already on the staff of the Department concerned. In the event of permanent appointment, the initial salary of $720 per annum may be increased upon recommendation for meritorious service and increased usefulness at the rate of $60 per annum, until a maximum of $1,020 has been reached.

(6) Under the provisions of the Civil Service Superannuation Act, 1924, a deduction of 5 per cent is made from the salary of every permanent employee entering the Service as a contribution to the Superannuation Fund. Returns under the Superannuation Act are not made if the employee leaves with less than ten years' service, except in the case of disability or abolition of office, or of a woman leaving to be married, or of the death of a contributor with dependents.

(7) Candidates who intend to take the Stenographers' examination in French are advised that there are very few positions available in the Civil Service where French Shorthand only is required. To obtain appointments as bilingual Stenographers, candidates must qualify in both French and English Shorthand, but they have the option of taking Typewriting in either English or French.

(8) Candidates will not be admitted to examination unless they have attained the full age of eighteen years and have not reached their thirty-fifth birthday on the first day of the examination, except in cases where duly qualified candidates within these age limits are not available.

(9) Before becoming eligible for either temporary or permanent employment, successful candidates must produce their birth certificates. A declaration of age will not be accepted unless documentary evidence is supplied to show that the candidate's age is not officially registered. A baptismal certificate, however, will be accepted, provided it shows clearly the date of birth.

(10) The age limit for entrance is waived in the case of persons who have been on active service overseas or on the high seas in a sea-going ship of war and persons entitled to the disability preference. The age limit is also waived in the case of permanent civil servants who, when first appointed, were not over thirty-five years of age.

(11) Candidates must be British subjects and must have resided in Canada for at least five years.

(12) Except in the case of positions at Ottawa, preference in appointment will be given to residents of the localities where the vacancies occur.

(13) The examination will be conducted at a date to be determined later at the following centres, (provided that not less than three candidates make application to write at the same place): Prince Rupert, Victoria, Vancouver and Nelson, in the Province of British Columbia; Edmonton, Calgary and Lethbridge, in the Province of Alberta; Saskatoon, Regina and Moose Jaw, in the Province of Saskatchewan; Brandon and Winnipeg, in the Province of Manitoba; Port Arthur, Sault Ste. Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston and Ottawa, in the Province of Ontario; Montreal, Sorel, Sherbrooke, Trois Rivieres, Rimouski, Chicoutimi and Quebec, in the Province of Quebec; Fredericton, Chatham, Saint John and Moncton, in the Province of New Brunswick; Charlottetown and Summerside, in the Province of Prince Edward Island; Kentville, Yarmouth, Halifax, Sydney and Wolfville, in the Province of Nova Scotia. Examinations may also be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

(14) The Civil Service Commission has no connection with any school giving courses of instruction in preparation for Civil Service examinations, and no particular school receives preferential treatment in connection with information regarding examinations, which in all cases is only that available to candidates themselves on application to the Commission.

While the Civil Service Commission has been requested to give publicity to the following vacancies, it may be noted that the appointments to these positions do not come under its jurisdiction. All the information the Civil Service Commission has received concerning these vacancies is indicated herewith.

The Committee does not normally appoint to this grade candidates who do not possess a University Honours Degree.

The scale of pay for this grade is as follows:—

For men—£180, rising by annual increments of £15 to £300,
and
For women—£150, rising by annual increments of £12.10 to £250.

NOTE: Recruits do not necessarily start at the bottom of the scale.

Particulars.—The officer selected will be expected, after a period of training, either to become responsible under general supervision, for the production each week up to time, of a summary of economic intelligence on certain agricultural products or to undertake economic enquiries and the production of periodical reports (not week to week) on the trade in various commodities. NOTE: The Imperial Economic Committee, London, England, will be glad to give careful consideration to the claims of any Canadian candidate.

Dear Sir,

The Civil Service Commission is advertising a general examination for Clerks, Grade 1 and Clerks, Grade 2, (Male or Female), with a view to establishing a list of eligibles to fill vacancies which may occur in Dominion Government Departments in future. In this connection a supply of notices is enclosed and it will be appreciated if you will have these notices brought to the attention of any employees in your Department at Ottawa, and any other Branches of your Department outside Ottawa, who may not yet have qualified and who may desire to compete.

Particular attention is directed to the following:

(1) Candidates who obtain 85 per cent or over on this examination will be considered qualified for appointment as Clerk, Grade 2, and for this grade preference will be given to candidates with two years of clerical experience. This standing will also qualify for promotion to Clerk, Grade 2.

(2) Eligible lists expire one year after the date of establishment, except in cases where, in the opinion of the Commission, the public interest will be served by the continuance of the list. Since the eligible list for Clerks, Grade 1, established from the last examination will be cancelled on or before the date on which the results of this examination are known, and since this is likely to be the only general examination for Clerks held for some time, persons employed temporarily as Clerks, Grade 1, or Clerks, Grade 2, unless already qualified by examination for permanent appointment and assured of retaining their eligibility are advised to qualify by taking this examination.

Your co-operation in this matter will be greatly appreciated.

Yours truly,

W. Foran

Traitement initial: $720 et $1,080 par année respectivement.

Examen.—Sujets et coefficients comme suit: orthographe, coefficient, 2; exactitude, coefficient, 2; arithmétique, coefficient, 3; français, coefficient, 3.

ÉPREUVES

Orthographe.—Une épreuve portant sur l'orthographe des mots employés couramment dans les affaires.

Exactitude.—Une épreuve écrite portant sur la vérification et la comparaison, la mise en tableaux, la préparation d'un index facile; exactitude et aptitude à suivre les instructions.

Arithmétique.—Une épreuve écrite portant sur l'addition, la soustraction, la multiplication, la division, les fractions simples, le pourcentage, les proportions et les problèmes simples d'arithmétique commerciale.

Français.—Une épreuve écrite portant sur la grammaire, la ponctuation, le vocabulaire, les formules de commerce et de correspondance et les termes commerciaux.

REMARQUE.—Pour être admis, les candidats doivent obtenir 60 p. 100 sur chaque sujet et une moyenne de 70 p. 100 sur tous les sujets. Les candidats qui obtiendront 85 p. 100 ou plus à cet examen seront qualifiés pour nomination comme commis, classe 2, et pour cette classe préférence sera donnée aux candidats qui ont eu deux ans d'expérience dans un bureau. Il ne se fera, cependant, que très peu de nominations de commis, classe 2.

Droits d'examen.—Un droit d'examen de $2 doit accompagner la formule d'inscription, mais les candidats qui ont droit à la préférence accordée aux anciens combattants sont exemptés du paiement de ce droit. Il est désirable que les droits soient payés par chèque, mandat-poste ou bon postal, lesquels doivent être faits payables au Receveur Général du Canada. Si les droits ne parviennent pas à la Commission avant la date de l'examen, l'examen sera annulé.

DÉLAIS D'INSCRIPTION

Les formules d'inscription convenablement remplies doivent parvenir au Secrétaire, Commission du service civil, Ottawa, Ont., **au plus tard le 4 juin 1938.** Les formules en retard ne seront pas acceptées.

Les demandes d'inscription doivent se faire sur la formule C.S.C. 70 que l'on peut se procurer à tous les bureaux de poste des villes, aux bureaux de poste des gros villages, aux bureaux de placement du Canada, ou en s'adressant au Secrétaire de la Commission du service civil, Ottawa, Ontario.

Les candidats d'Ottawa feraient mieux d'envoyer leurs demandes d'inscription et leurs droits par la poste.

Les demandes d'inscription soumises pour des examens antérieurs ne seront pas transférées; les candidats qui ont déjà subi un examen doivent remplir une nouvelle formule.

Veuillez mentionner **le numéro de l'examen 27707,** en remplissant la formule de demande.

RENSEIGNEMENTS GÉNÉRAUX

(1) Les listes d'admissibles expirent un an après la date de leur établissement, sauf dans les cas où, de l'avis de la Commission, l'intérêt public profitera du maintien de la liste. Comme la liste d'admissibles aux emplois de commis, classe 1, établie après le dernier concours général sera annulée quand les résultats de cet examen seront connus, et comme l'examen actuel sera probablement le seul examen général pour commis tenu pour quelque temps, les personnes employées temporairement comme commis, classe 1, ou commis, classe 2, à moins qu'elles se soient déjà qualifiées par examen pour une position permanente et qu'elles soient assurées d'un emploi continu, feraient bien de se qualifier en prenant part à cet examen.

(2) La préférence pour les nominations est accordée aux candidats qui ont fait du service actif outre-mer ou sur les hautes mers sur un navire de guerre ou dans les armées de Sa Majesté ou l'un des Alliés de Sa Majesté durant la Guerre de 1914-1918, pourvu qu'ils possèdent le minimum des qualités requises pour la position. La préférence est aussi accordée aux candidats qui reçoivent une pension en raison d'incapacité physique résultant du service durant la Grande guerre, et qui, à cause de cette incapacité physique, n'ont pu poursuivre efficacement leur occupation d'avant-guerre, et n'ont pas réussi à s'établir avec succès.

(3) Bien que cet examen soit pour une nomination permanente, les candidats feraient bien d'accepter un emploi temporaire s'il leur est offert. Les positions permanentes, lorsqu'elles deviennent vacantes, sont généralement remplies par ordre de mérite parmi les employés temporaires faisant déjà partie du personnel du département concerné. Dans le cas d'une nomination permanente, le salaire initial de $720 par année pour classe 1 peut être augmenté, sur recommandation pour services méritoires et plus grande utilité, de $60 par année jusqu'à ce qu'un maximum de $1,020 ait été atteint; et pour classe 2 le traitement initial de $1,080 par année pourra être augmenté de la même façon jusqu'à ce qu'un maximum de $1,380 ait été atteint.

(4) Sous le régime des dispositions de la Loi des pensions du service civil, 1924, une déduction de 5 p. 100 est faite sur le salaire de tous les employés permanents entrant dans le service comme contribution au fonds de pension. On ne rembourse pas la cotisation au fonds de pension aux employés qui quittent leur emploi avant d'avoir complété dix ans de service, excepté dans le cas d'invalidité ou d'abolition d'emploi, dans le cas d'une femme qui doit se retirer du fait de son mariage, ou dans le cas de décès d'un contribuant avec personnes à sa charge.

(5) Les candidats civils ne seront pas admis à l'examen à moins qu'ils aient complété leur dix-huitième année et n'aient pas atteint leur trente-cinquième année le premier jour de l'examen.

(6) Avant d'être admissibles à un emploi temporaire ou permanent, les candidats heureux doivent produire leur certificat de naissance. Une déclaration d'âge ne sera pas acceptée à moins que des preuves documentaires ne soient fournies pour indiquer que l'âge du candidat n'est pas officiellement enregistré. Toutefois, un certificat de baptême sera accepté pourvu qu'il indique clairement la date de naissance.

(7) La limite d'âge ne s'applique pas aux personnes qui ont droit à la préférence accordée aux anciens combattants pourvu que la Commission certifie que ces personnes sont d'un âge et dans un état de santé leur permettant de remplir les devoirs de l'emploi qui peut leur être assigné et qu'elles seront probablement capables de continuer à remplir cet emploi pendant une période raisonnable après leur nomination. La limite d'âge est aussi supprimée dans le cas des employés permanents qui, au moment de leur entrée au service, n'avaient pas dépassé 35 ans.

(8) Les candidats doivent être sujets britanniques et doivent avoir résidé au Canada au moins cinq ans.

(9) A part des positions à Ottawa, la préférence dans la nomination sera accordée à ceux qui résident dans les localités où les vacances se produisent. Les candidats qui connaissent les deux langues doivent en faire mention, car dans certaines nominations locales il est essentiel de connaître le français ou l'anglais.

(10) L'examen sera tenu, à une date qui sera fixée plus tard, dans les centres suivants (pourvu qu'au moins trois candidats s'inscrivent pour subir l'examen au même endroit): Prince Rupert, Victoria, Vancouver et Nelson, dans la province de la Colombie-Britannique; Edmonton, Calgary et Lethbridge, dans la province de l'Alberta; Saskatoon, Regina et Moose Jaw, dans la province de la Saskatchewan; Brandon et Winnipeg, dans la province du Manitoba; Port Arthur, Sault-Ste-Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston et Ottawa, dans la province d'Ontario; Montréal, Sorel Sherbrooke, Trois-Rivières, Rimouski, Chicoutimi et Québec, dans la province de Québec; Fredericton, Chatham, St-Jean et Moncton, dans la province du Nouveau-Brunswick; Charlottetown et Summerside, dans le province de l'Ile du Prince-Edouard; Kentville, Yarmouth, Halifax, Sydney et Wolfville, dans la province de la Nouvelle-Ecosse. Des examens peuvent aussi être tenus dans d'autres endroits, mais seulement quand le nombre de candidats et la distance d'un centre régulier le justifient.

(11) La Commission du service civil n'a aucun rapport avec les écoles qui donnent des cours d'instruction préparatoires aux examens du service civil, et aucune école ne reçoit un traitement de préférence pour ce qui est des renseignements sur les examens; les renseignements que ces écoles obtiennent sont, dans tous les cas, ceux que les candidats eux-mêmes peuvent obtenir en s'adressant à la Commission.

Par ordre de la Commission,

WM. FORAN,
Secrétaire.

Les demandes d'inscription dûment remplies doivent parvenir à la Commission du service civil, Ottawa, Ont., **au plus tard le 31 août 1939. Passé cette date, on n'acceptera aucune formule.**

Lorsque vous remplissez votre formule d'inscription, prière de mentionner *le numéro du concours 29203.*

RENSEIGNEMENTS GÉNÉRAUX

(1) Le but de cet examen est d'établir une liste d'admissibles pour sténographe, grade 1, et dactylographe, grade 1. La liste d'admissibles pour dactylographe, grade 1, sera formée des candidats qui indiquent sur leur formule d'inscription qu'ils désirent se présenter aux positions de sténographe et de dactylographe et qui sont prêts à accepter une nomination en l'une ou l'autre de ces classes, et des candidats qui ne se présentent pas à l'examen de sténographie ou qui ne réussissent pas à le passer mais qui obtiennent 60 pour 100 sur chacun des autres sujets et 70 pour 100 du total des points accordés à l'examen de dactylographe, grade 1. Si le nombre des candidats dans un centre le justifie, l'examen de dactylographie ne sera donné qu'aux candidats qui obtiennent les points requis sur les autres sujets de l'examen.

(2) **Les candidats qui obtiennent 80 pour 100 ou plus à cet examen seront considérés qualifiés pour promotion à sténographe, grade 2, dactylographe, grade 2, sans autre examen, mais cet examen ne qualifie pas pour nominations initiales aux classes de grade 2.**

(3) Les listes d'admissibles sont périmées une année après la date de leur établissement, sauf lorsque la Commission juge qu'il est dans l'intérêt public de continuer la validité de ces listes. Les personnes occupant des postes temporaires de sténographe, grade 1, sténographe, grade 2, dactylographe, grade 1, dactylographe, grade 2, à moins qu'elles ne se soient déjà qualifiées par examen pour nomination permanente et qu'elles soient assurées d'occuper un emploi continu, devraient se qualifier en se présentant à cet examen.

(4) Bien que cet examen qualifie pour nomination permanente, les candidats sont avertis qu'ils devraient accepter un poste temporaire si on le leur offre. Lorsqu'une vacance est déclarée dans une position de nature permanente, elle est habituellement remplie selon l'ordre de mérite par les employés temporaires du ministère en question. Dans l'occurrence d'une nomination permanente, le traitement initial de $720 par année pour Grade 1 pourra, sur recommandation pour service méritoires et utilité accrue, être augmenté aux taux de $60 par année jusqu'à concurrence de $1,020; et pour Grade 2, le traitement initial de $1,080 par année pourra être également augmenté jusqu'à concurrence de $1,380.

(5) Suivant les dispositions de la Loi, parmi les candidats possédant les qualifications nécessaires, préférence dans les nominations est accordée premièrement aux personnes qui reçoivent une pension pour invalidité contractée à la suite de service outre-mer durant le Grande Guerre et qui, à cause de cette invalidité, sont incapables de continuer leur occupation d'avant-guerre, et qui n'ont pas été efficacement rétablies; deuxièmement, aux personnes qui ont fait du service actif outre-mer ou en haute mer sur un vaisseau de guerre des forces militaires ou navales de Sa Majesté ou sur ceux de ses alliés durant la Grande Guerre. Les candidats qui ont droit à la préférence pour service outre-mer sont exemptés des limites d'âge spécifiées, à condition, toutefois, que la Commission puisse certifier que leur âge et leur santé leur permettront d'accomplir les charges de leur position de façon satisfaisante et durant une période raisonnable après nomination.

(6) Sous le régime des dispositions de la Loi des pensions du Service civil, 1924, une déduction de 5 p. 100 est faite sur le salaire de tous les employés permanents entrant dans le service et qui reçoivent un salaire annuel d'au moins six cents dollars. En vertu de la Loi des pensions, aucun remboursement n'est fait à un employé qui laisse son emploi avant dix ans de service. Toutefois, l'invalidité, l'abolition de la position, le cas d'une femme qui laisse son emploi pour se marier, ou la mort d'un contribuant avec personnes à charge, constituent des exceptions aux dispositions de cette loi.

(7) Les candidats qui se proposent de subir l'examen de sténographe en français doivent savoir que les positions dans le Service civil où la sténographie française seule est requise sont excessivement rares. Pour être nommés sténographes bilingues, les candidats doivent subir avec succès l'examen en sténographie française et anglaise, mais ils sont libres de subir l'examen de dactylographie en anglais ou en français.

(8) Les candidats ne seront admis à l'examen que s'ils ont complété leur dix-huitième année et n'ont pas atteint leur trente-cinquième année le premier jour de l'examen, sauf dans les centres où aucun candidat dûment qualifié entre ces limites d'âge n'est disponible.

(9) La limite d'âge pour l'inscription est supprimée pour les personnes qui ont fait du service actif outre-mer ou en haute mer sur un navire de guerre, et pour celles qui ont droit à la préférence à cause d'incapacité physique. La limite d'âge est aussi supprimée pour les fonctionnaires permanents qui, au moment de leur première nomination, n'avaient pas dépassé l'âge de trente-cinq ans.

(10) Les candidats doivent être sujets britanniques et doivent avoir demeuré au Canada au moins cinq ans.

(11) Excepté pour les positions à Ottawa, préférence dans les nominations sera accordée, en autant que possible, aux personnes qui ont habité la localité où se produit la vacance durant une période d'au moins une année précédant immédiatement le délai pour la réception des formules d'inscription.

(12) L'examen sera tenu dans les centres suivants à une date qui sera fixée plus tard (à condition qu'au moins trois candidats s'inscrivent pour subir l'examen au même endroit): Prince Rupert, Victoria, Vancouver et Nelson, dans la province de la Colombie-Britannique; Edmonton, Calgary et Lethbridge, dans la province de l'Alberta; Saskatoon, Regina et Moose-Jaw, dans la province de la Saskatchewan; Brandon et Winnipeg, dans la province du Manitoba; Port Arthur, Sault Ste-Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston et Ottawa, dans la province d'Ontario; Montréal, Sorel, Sherbrooke, Trois-Rivières, Rimouski, Chicoutimi et Québec, dans la province de Québec; Fredericton, Chatham, Saint-Jean et Moncton, dans la province du Nouveau-Brunswick; Charlottetown et Summerside, dans la province de l'Ile du Prince-Edouard; Kentville, Yarmouth, Halifax, Sydney et Wolfville, dans la province de la Nouvelle-Ecosse. Des examens peuvent aussi être tenus dans d'autres endroits, mais seulement quand le nombre de candidats et la distance d'un centre régulier le justifient.

AVIS.—La Commission du service civil n'a aucun rapport avec les écoles qui donnent des cours d'instruction préparatoires aux examens du Service civil, et aucune école ne reçoit un traitement de faveur au sujet des renseignements fournis sur les examens; les renseignements que ces écoles obtiennent sont, dans tous les cas, ceux que les candidats eux-mêmes peuvent obtenir en s'adressant à la Commission.

Par ordre de la Commission.

CLERKS, GRADE 1 AND CLERKS, GRADE 2 (MALE AND FEMALE)

Competition No. 29491

Initial Salary: $720 and $1,080 per annum respectively.

Subjects and Weights of Examination.—Spelling, Weight 3; English, Weight 3; Arithmetic, Weight 4.

SCOPE OF EXAMINATION SUBJECTS

Spelling.—A test in the spelling of words in ordinary business usage.

English.—A written examination in grammar, punctuation, vocabulary, business and correspondence forms, and business terms.

Arithmetic.—A written examination in addition, subtraction, multiplication, division, simple fractions, percentages, and simple problems in commercial arithmetic.

A Test in Translation from French into English, and from English into French, will be required for candidates who claim to have bilingual qualifications, in order that such successful candidates may be declared eligible for assignment to bilingual positions. Candidates who are qualified for bilingual appointments should indicate on their application forms their willingness to take this translation test.

NOTE.—(1) In order to be declared successful for appointment as Clerk, Grade I, candidates must secure at least 60 per cent on each subject and at least 70 per cent on the complete examination. Candidates who obtain 85 per cent or over on this examination will be considered also qualified for appointment as Clerk, Grade 2, and for this grade preference will be given to candidates with two years of clerical experience.

(2) Applications are desired from persons with commercial training, including bookkeeping, and with experience in machine operation. The names of such may be placed on special registers for positions requiring these qualifications, with or without further examination as may appear necessary. Candidates should state on their application forms the machines on which they are prepared to take a test.

(3) Eligible lists may be established also for Laboratory Helpers and Laboratory Assistants from the successful candidates in this competition, and it is therefore desirable that candidates with experience in laboratory work, chemistry, botany, or any other branch of laboratory science, should give detailed information concerning this in their application forms.

EXAMINATION FEE

Candidates who have not paid their fees on the date of examination, are warned that their papers will not be marked and their examination will be invalid.

TIME LIMIT

Application forms properly filled in must be filed with the Civil Service Commission, Ottawa, not later than **November 30, 1939.**

Applications must be made on Form C.S.C. 69 and are obtainable at all City Post Offices, the Post Offices in the larger towns, the Offices of the Employment Service of Canada, or from the Secretary, Civil Service Commission, Ottawa.

Ottawa candidates are advised to send their applications by mail.

Applications filed in connection with previous examinations will not be transferred; candidates who have already tried an examination must file a new form.

Please quote competition number 29491 when filling out application form.

GENERAL INFORMATION

(1) Persons employed temporarily as Clerks, Grade 1, or Clerks, Grade 2, unless already qualified by examination for permanent appointment and promotion to Clerk, Grade 2, and assured of retaining their eligibility, are advised to qualify by taking this examination.

(2) Preference in appointment is given to candidates who have been on active service overseas or on the high seas in a sea-going ship of war with the forces of His Majesty or of any of the Allies of His Majesty during the war of 1914-18 and who are found to possess the minimum qualifications for the position. A further preference is given to candidates who are in receipt of a pension on account of disability received as a result of service in the Great War, who by such disability are prevented from pursuing efficiently their pre-war occupation and who have not been successfully re-established.

(3) Although this examination qualifies for permanent appointment, candidates are advised that they should accept temporary employment, when offered. Usually permanent positions, when vacant, are filled in order of merit by the temporary employees already on the staff of the Department concerned. In the event of permanent appointment, the initial salary of $720 per annum for Grade 1 may be increased upon recommendation for meritorious service and increased usefulness at the rate of $60 per annum until a maximum of $1,020 has been reached; and for Grade 2 the initial salary of $1,080 per annum will be similarly increased until a maximum of $1,380 has been reached.

(4) Under the provisions of the Civil Service Superannuation Act, 1924, a deduction is made from the salary of every permanent employee entering the Service who is in receipt of a stated annual salary of at least $600 as a contribution to the Superannuation Fund. The rate of deduction in the case of all female contributors is five per cent, and that for males five per cent, five and one-half or six per cent respectively according as the salary is not over twelve hundred dollars, between twelve hundred and fifteen hundred, over fifteen hundred. This proposed graded deduction for male contributors, in accordance with the salary received, is subject to legislative enactment. Returns under the Superannuation Act are not made if the employee leaves with less than ten years' service, except in the case of disability or abolition of office, or of a woman leaving to be married, or of the death of a contributor with dependents.

(5) Female civilian candidates will not be admitted to the examination unless they have attained the full age of eighteen years and have not reached their thirty-fifth birthday on the first day of the examination. In view of the present emergency, applications will be accepted from male candidates over the age of thirty-five, but preference will be given to those within the age limits of eighteen and thirty-five.

(6) Before becoming eligible for either temporary or permanent employment, successful candidates must produce their birth certificates. A declaration of age will not be accepted unless documentary evidence is supplied to show that the candidate's age is not officially registered. A baptismal certificate, however, will be accepted, provided it shows clearly the date of birth.

(7) The age limit is waived in the case of persons entitled to the veteran preference. Such candidates, however, are subject to certification of the Commission that they are of such an age and in such a satisfactory physical condition that they are able to perform the duties of the position and will probably be able to continue to do so for a reasonable period after appointment. The age limit is also waived in the case of permanent civil servants who, when first appointed, were not over thirty-five years of age.

(8) Candidates must be British subjects and must have resided in Canada for at least five years.

(9) Except in the case of positions at Ottawa, preference in appointment will be given to residents of the localities where the vacancies occur. Candidates should set forth any claim as to their knowledge of the English and French languages, as in the case of certain local appointments possession of a knowledge of the English or French language is essential.

(10) The examination will be conducted at a date to be determined later at the following centres (provided that not less than three candidates make application to write at the same place); Prince Rupert, Victoria, Vancouver and Nelson, in the Province of British Columbia; Edmonton, Calgary and Lethbridge, in the Province of Alberta; Saskatoon, Regina, Moose Jaw and North Battleford, in the Province of Saskatchewan; Brandon and Winnipeg, in the Province of Manitoba; Port Arthur, Sault Ste. Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston and Ottawa, in the Province of Ontario; Montreal, Sorel, Sherbrooke, Trois Rivières, Rimouski, Chicoutimi and Quebec, in the Province of Quebec; Fredericton, Chatham, Saint John and Moncton, in the Province of New Brunswick; Charlottetown and Summerside, in the Province of Prince Edward Island; Kentville, Yarmouth, Halifax, Sydney, Truro and Wolfville, in the Province of Nova Scotia. Examinations may also be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

WARNING

The Civil Service Commission has no connection with any school giving courses of instruction in preparation for Civil Service examinations, and no particular school receives preferential treatment in connection with information regarding examinations, which in all cases is only that available to candidates themselves on application to the Commission.

For appointment to positions of Stenographer, Grade 2, candidates are required to have at least one year of stenographic experience. For appointment to positions of Typist, Grade 2, candidates are required to have at least two years of clerical experience.

(3) No examination fee is required.

NOTE: Any system or method of making Shorthand notes, including the use of the Stenotype machine, is acceptable, provided the notes are given to the examiner after being transcribed. TIME LIMIT

Application forms, properly filled in, must be filed with the Civil Service Commission, Ottawa, **not later than May 25th, 1940.**

Ottawa candidates are advised to send their applications by mail.

Applications must be made on Form C.S.C. 69 and are obtainable at all City Post Offices, the Post Offices in the larger towns, the offices of the Employment Service of Canada, or from the Civil Service Commission, Ottawa.

Applications filed in connection with previous examinations or applications of candidates temporarily employed will not be transferred; candidates who have already tried an examination must file a new form.

Please quote competition **number 40-340** when filling out application form.

GENERAL INFORMATION

(1) The purpose of this examination is to establish eligible lists of Stenographers, Grade 1 and Grade 2, and Typists, Grade 1 and Grade 2 for the Government Service. The war has created a special demand for stenographers but most of the appointments are to the Grade 1 class. A limited number of experienced stenographers is required for appointment to the Grade 2 class.

(2) If the number of candidates at a centre warrants it, the examination in Typewriting may be given only to those candidates who obtain the prescribed qualifying rating on the other subjects of the examination.

(3) Those who fail in Shorthand but qualify in the other subjects and obtain the required average will be listed as Typists.

(4) Although this examination qualifies for permanent appointment, candidates are advised that they should accept temporary employment, when offered. Usually permanent positions, when vacant, are filled in order of merit by the temporary employees already on the staff of the Department concerned. In the event of such appointment, the initial salary of $720 per annum for Grade 1 may be increased upon recommendation [illegible] has been reached; and for Grade 2 the initial salary of $1,080 per annum may be similarly increased until a maximum of $1,380 has been reached.

(5) Preference in appointment is given to candidates who have been on active service overseas or on the high seas in a sea-going ship of war with the forces of His Majesty or of any of the Allies of His Majesty during the war of 1914-18 and who are found to possess the minimum qualifications for the position. A further preference is given to candidates who are in receipt of a pension on account of disability received as a result of service in the Great War, who by reason of such disability are prevented from pursuing efficiently their pre-war occupation and who have not been successfully re-established.

(6) Under the provisions of the Civil Service Superannuation Act, 1924, a deduction is made from the salary of every permanent employee who is in receipt of a stated annual salary of at least $600 as a contribution to the Superannuation Fund. The rate of deduction in the case of all female contributors is five per cent, and that for males five per cent, five and one-half or six per cent respectively according as the salary is not over twelve hundred dollars; over twelve hundred but not over fifteen hundred; over fifteen hundred. Returns under the Superannuation Act are not made if the employee leaves with less than ten years' service, except in the case of disability or abolition of office, or of a woman leaving to be married, or of the death of a contributor with dependents.

(7) Candidates who intend to take the Stenographers' examination in French are advised that there are very few positions available in the Civil Service where French Shorthand only is required. To obtain appointments as bilingual Stenographers, candidates must qualify in both English and French Shorthand, but they have the option of taking Typewriting and the other subjects in either English or French, but must state definitely the language they select for these subjects.

(8) Preference is given to successful candidates between eighteen and thirty-five years of age, although applications from others up to 50 years of age will be accepted and will be considered for temporary appointment only where a sufficient number of qualified candidates within the regular age limits is not available. Age is reckoned from the first day of the examination.

(9) Before becoming eligible for either temporary or permanent employment, successful candidates must produce their birth certificates. A declaration of age will not be accepted unless documentary evidence is supplied to show that the candidate's age is not officially registered. A baptismal certificate, however, will be accepted, provided it shows clearly the date of birth.

(10) The age limit is waived in the case of persons entitled to the veteran preference. Such candidates, however, are subject to certification of the Commission that they are of such an age and in such a satisfactory physical condition that they are able to perform the duties of the position and will probably be able to continue to do so for a reasonable period after appointment. The age limit is also waived in the case of permanent civil servants who, when first appointed, were not over thirty-five years of age.

(11) Candidates must be British subjects and must have resided in Canada for at least five years.

(12) Except in the case of positions at Ottawa, preference in appointment, so far as is practicable, will be given to persons who have resided in the localities where the vacancies occur for a period of at least one year immediately preceding the closing date for the receipt of applications.

(13) The examination will be conducted at a date to be determined later at the following centres (provided that no less than three candidates make application to write at the same place): Prince Rupert, Victoria, Vancouver and Nelson, in the Province of British Columbia; Edmonton, Calgary and Lethbridge, in the Province of Alberta; Saskatoon, North Battleford, Regina and Moose Jaw, in the Province of Saskatchewan; Brandon and Winnipeg, in the Province of Manitoba; Port Arthur, Sault Ste. Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston and Ottawa, in the Province of Ontario; Montreal, Sorel, Sherbrooke, Trois Rivières, Rimouski, Chicoutimi and Quebec, in the Province of Quebec; Fredericton, Chatham, Saint John and Moncton, in the Province of New Brunswick; Charlottetown and Summerside, in the Province of Prince Edward Island; Kentville, Truro, Yarmouth, Halifax, Sydney and Wolfville, in the Province of Nova Scotia. Examinations may also be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

WARNING: The Civil Service Commission has no connection with any school giving courses of instruction in preparation for Civil Service examinations, and no particular school receives preferential treatment in connection with information regarding examinations, which in all cases is only that available to candidates themselves on application to the Commission.

CIVIL SERVICE EXAMINATION

List No. 804

An open competitive examination is announced by the Civil Service Commission of Canada, in order to establish lists of eligibles for employment as

CLERKS, GRADE 1 AND CLERKS, GRADE 2 (MALE AND FEMALE)

Competition No. 40-650

Initial Salary: $720 and $1,080 per annum respectively.

SCOPE OF EXAMINATION

The examination will consist of one paper, designed to test the candidates' aptitude for and ability in careful, rapid clerical work. The paper will include questions on Arithmetic, Spelling, English, General Intelligence, and Accuracy. The pass mark will be determined by the standard required to give an adequate eligible list to meet immediate and prospective needs. The line will be drawn when a sufficient number of qualified candidates to meet such requirements is secured.

Candidates may elect to write in either French or English. Those having bilingual qualifications should indicate this clearly in their application form. These language qualifications will be tested later, either by written or oral examination.

NOTE: The higher ranking candidates will be listed as Clerk, Grade 2, and for this grade two years of office experience of a clerical nature is required. Candidates without two years of office experience who secure Grade 2 standing on the written examination will be listed as such but will only become eligible for assignment to this grade upon the production of evidence of the possession of the required two years of experience. Candidates themselves will be responsible for notifying the Civil Service Commission when this experience has been acquired.

No Examination Fee is Required.

TIME LIMIT

Application forms properly filled in must be filed with the Civil Service Commission, Ottawa, **not later than September 15, 1940.**

Applications must be made on Form C.S.C. 69 and are obtainable at all City Post Offices, the Post Offices in the larger towns, the Offices of the Employment Service of Canada, or from the Secretary, Civil Service Commission, Ottawa.

Ottawa candidates are advised to send their applications by mail.

Applications filed in connection with previous examinations will not be transferred; candidates who have already tried an examination must file a new form.

Please quote competition number 40-650 when filling out application form.

GENERAL INFORMATION

(1) Persons employed temporarily as Clerks, Grade 1, or Clerks, Grade 2, unless already qualified by examination for permanent appointment and promotion to Clerk, Grade 2, and assured of retaining their eligibility, are advised to qualify by taking this examination.

(2) Applications are desired from persons with commercial training, including bookkeeping, and with experience in the operation of office appliances. The names of such may be placed on special registers for positions requiring these qualifications, with or without further examination as may appear necessary. Candidates should state on their application forms the machines on which they are prepared to take a test.

(3) Preference in appointment is given to candidates who have been on active service overseas or on the high seas in a sea-going ship of war with the forces of His Majesty or of any of the Allies of His Majesty during the war of 1914-18 and who are found to possess the minimum qualifications for the position. A further preference is given to candidates who are in receipt of a pension on account of disability received as a result of service in the Great War (1914-18), who by such disability are prevented from pursuing efficiently their pre-war occupation and who have not been successfully re-established.

(4) Although this examination qualifies for permanent appointment, candidates are advised that they should accept temporary employment, when offered. Usually permanent positions, when vacant, are filled in order of merit by the temporary employees already on the staff of the Department concerned. It is expected that the great majority of assignments from these lists will be to positions for the duration of the war, and other short-time positions. Successful candidates should be prepared to accept appointment to positions of short duration, for which often little or no advance notice can be given. While this examination qualifies for both Grade 1 and Grade 2 classes, it is to be noted that the majority of appointments will be made in the Grade 1 class. In the event of permanent appointment, the initial salary of $720 per annum for Grade 1 may be increased on a recommendation for meritorious service and increased usefulness at the rate of $60 per annum, until a maximum of $1,020 has been reached; and for Grade 2 the initial salary of $1,080 per annum will be similarly increased until a maximum of $1,380 has been reached.

(5) Under the provisions of the Civil Service Superannuation Act, 1924, a deduction is made from the salary of every permanent employee who is in receipt of a stated annual salary of at least $600 as a contribution to the Superannuation Fund. The rate of deduction in the case of all female contributors is five per cent, and that for males five per cent, five and one-half or six per cent respectively according as the salary is not over twelve hundred dollars, over twelve hundred but not over fifteen hundred, over fifteen hundred. Returns under the Superannuation Act are not made if the employee leaves with less than ten years' service, except in the case of disability or abolition of office, or of a woman leaving to be married, or of the death of a contributor with dependents.

NOTE: A deduction equal to 5 per cent shall be made from the compensation of all persons appointed to temporary positions, other than casual positions, in the public service of Canada. This deduction will bear interest at 4 per cent during the period of temporary employment and will be returned upon separation from the Service.

(6) Applications will not be accepted from married women unless they can establish to the satisfaction of the Civil Service Commission that they are required to be self-supporting.

(7) For regular continuing positions, preference will be given to candidates within the regular age limits of 18 to 35. In view of the present emergency, however, applications will be received from candidates over 35 years of age. Such candidates, if successful, will be eligible for temporary employment only.

(8) Before becoming eligible for either temporary or permanent employment, successful candidates must produce their birth certificates. A declaration of age will not be accepted unless documentary evidence is supplied to show that the candidate's age is not officially registered. A baptismal certificate, however, will be accepted, provided it shows clearly the date of birth.

(9) The age limit is waived in the case of persons entitled to the veteran preference. Such candidates, however, are subject to certification of the Commission that they are of such an age and in such a satisfactory physical condition that they are able to perform the duties of the position and will probably be able to continue to do so for a reasonable period after appointment. The age limit is also waived in the case of permanent civil servants who, when first appointed, were not over thirty-five years of age.

(10) Candidates must be British subjects and must have resided in Canada for at least five years.

(11) Except in the case of positions at Ottawa, preference in appointment will be given to residents of the localities where the vacancies occur. Candidates should set forth any claim as to their knowledge of the English and French languages, as in the case of certain local appointments possession of a knowledge of the English or French language is essential.

(12) The examination will be conducted at a date to be determined later at the following centres (provided that not less than three candidates make application to write at the same place); Prince Rupert, Victoria, Vancouver, Nanaimo and Nelson, in the Province of British Columbia; Edmonton, Calgary and Lethbridge, in the Province of Alberta; Saskatoon, Regina, Moose Jaw and North Battleford, in the Province of Saskatchewan; Brandon and Winnipeg, in the Province of Manitoba; Port Arthur, Sault Ste. Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston and Ottawa, in the Province of Ontario; Montreal, Sorel, Sherbrooke, Trois Rivieres, Rimouski, Chicoutimi and Quebec, in the Province of Quebec; Fredericton, Châtham, Saint John and Moncton, in the Province of New Brunswick; Charlottetown and Summerside, in the Province of Prince Edward Island; Kentville, Yarmouth, Halifax, Sydney, Truro and Wolfville, in the Province of Nova Scotia. Examinations may also be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

WARNING

The Civil Service Commission has no connection with any school giving courses of instruction in preparation for Civil Service examinations, and no particular school receives preferential treatment in connection with information regarding examinations, which in all cases is only that available to candidates themselves on application to the Commission.

GENERAL INFORMATION

Residence.—Candidates must be British subjects, and must have resided in Canada at least five years. Except in the case of positions at Ottawa, preference in appointment will be given to residents of the localities where the vacancies occur.

War Service Preference.—According to law, preference is given among candidates possessing the necessary qualifications first to persons who are in receipt of a pension on account of disabilities received as a result of service during the Great War (1914-1918), who by reason of such service are unable to continue their pre-war occupation, and who have not been successfully re-established, and secondly, to persons who have been on active service overseas or on the high seas on a sea-going ship of war with His Majesty's Military or Naval Forces or with those of any of His Allies during the Great War. Successful candidates entitled to the above preference will be asked at a later date to supply an official discharge certificate or a legally certified copy thereof. Candidates entitled to the preference on account of service during the Great War (1914-1918) are exempt from specified age limits, subject, however, to certification of the Commission that they are of such an age and in such a satisfactory physical condition that they are able to perform the duties of the position and will probably be able to continue to do so for a reasonable period after appointment.

Superannuation.—Under the provisions of the Civil Service Superannuation Act, 1924, a deduction is made from the salary of every permanent employee who is in receipt of a stated annual salary of at least $600 as a contribution to the Superannuation Fund. Returns under the Superannuation Act are not made if the employee leaves with less than ten years' service, except in the case of disability or abolition of office, or of a woman leaving to be married, or of the death of a contributor with dependents.

NOTE.—A deduction equal to 5 per cent is made from the compensation of all persons appointed to temporary positions, other than casual positions, in the public service of Canada. This deduction will bear interest at 4 per cent during the period of temporary employment and will be returned upon separation from the Service.

WARNING.—The Civil Service Commission has no connection with any school giving courses of instruction in preparation for Civil Service examinations, and no particular school receives preferential treatment in connection with information regarding examinations, which in all cases is only that available to candidates themselves on application to the Commission.

Veuillez mentionner le numéro du concours, 40-1099, en remplissant votre formule d'inscription.

RENSEIGNEMENTS GÉNÉRAUX

(1) Le but de ce concours est d'établir des listes de sténographes, grade 2, et de dactylographes, grade 1 et grade 2, pour emploi ordinaire. Une préférence additionnelle est accordée aux candidats qui reçoivent une pension pour invalidité due à leur service durant la Grande Guerre et qui, à cause de cette invalidité, sont incapables de continuer leur occupation d'avant-guerre et qui n'ont pas réussi à s'établir dans un autre emploi.

(4) Suivant les dispositions de la Loi de pension du service civil, 1924, une déduction est faite sur le traitement de tout employé permanent qui reçoit un traitement annuel fixe d'au moins $600, contribution au fonds de pension. Le taux de déduction pour toutes les contributrices est de cinq pour cent, et les taux pour les hommes sont de cinq pour cent, cinq et demi pour cent ou six pour cent respectivement, selon que le salaire n'excède pas $1,200; est au-dessus de $1,200, mais ne dépasse pas $1,500; est au-dessus de $1,500. NOTA.—Une déduction égale à 5 pour cent est faite sur le traitement de toute personne nommée à un emploi temporaire, qu'un emploi de courte durée, dans le service public du Canada. Le montant déduit portera intérêt à 4 pour cent durant la période d'emploi temporaire et sera remboursé lorsque l'employé quittera le service.

(5) Les candidats qui se proposent de subir l'examen de sténographe en français doivent savoir que les positions dans le service civil où la sténographie française seule est requise sont excessivement rares. Pour être nommés sténographes bilingues, les candidats doivent subir l'examen de sténographie en français et en anglais, mais la dactylographie et les autres sujets peuvent être passés dans l'une ou l'autre langue. Les candidats sont priés d'indiquer clairement la langue qu'ils choisissent pour les autres sujets de l'examen.

(6) Pour les positions de nature continue ou permanente, préférence sera accordée aux candidats âgés de 18 à 35 ans. FOR IMMEDIATE RELEASE

File No. 41-80G

Comp. No. 41-80

The Department of Naval Services has asked the Civil Service Commission to secure civilian technical officers for the installation and testing of special electrical equipment.

Men selected for this work will undergo a period of one month's training and will then be assigned for duty. A salary of $100 a month will be paid during the month's training and then, on assignment, a salary of $2200 per annum will be paid. A few men will be selected for more responsible work, and these will be paid a salary of $2700 per annum.

The type of men the Commission is looking for must be graduates in electrical or mechanical engineering, experienced in machine shop work and in the installation of standard electrical circuits. A working knowledge of radio principles is also essential.

They should preferably be between 25 and 40 years of age, but younger men may be considered.

In addition, men who have served an apprenticeship and who have had extensive mechanical or electrical experience should apply in case their particular training will fit them for the work to be done.

Suitable applicants will be given a trade test at Halifax, Esquimalt, Ottawa, Toronto or Montreal, or at such other centres as may be desirable. This test will consist of practical and oral examinations along the following lines:

(a) Ability to do machine work and to use common machine tools.

(b) Theoretical training in electrical and mechanical engineering.

(c) Knowledge of power and electric circuit practices and experience with radio.

(d) Ability to read mechanical drawings and to supervise the construction of these drawings.

Persons interested in being considered for this work should apply immediately to the Civil Service Commission, Ottawa, on forms obtainable at the Post Office. Prospective candidates are particularly advised to outline in detail their training and experience. The completed forms should be sent to Ottawa at the earliest possible opportunity.

Before they can be assigned to this work, persons engaged in essential war industries will have to make satisfactory arrangements with their present employers for their release.

La Commission du service civil du Canada annonce un examen de concours pour établir des listes d'admissibilité aux emplois suivants

COMMIS, CLASSE 1 ET COMMIS, CLASSES 1A ET 2 (HOMMES ET FEMMES)

COMMIS, CLASSE 1—CONCOURS N° 41-393. TRAITEMENT $720 PAR ANNÉE

COMMIS, CLASSES 1A ET 2—CONCOURS N° 41-394. TRAITEMENT $900 ET $1,080 PAR ANNÉE, RESPECTIVEMENT

Le but de ces examens est d'établir des listes générales de commis, mais on s'attend à nommer plusieurs centaines de commis au recensement, lesquels recevront les traitements suivants:

Traitement initial, par année..... $720
Après 6 mois de service satisfaisant..... 780

Les candidats qui désirent être nommés à titre de commis au recensement doivent subir l'examen de commis, classe 1 et être disposés à accepter un traitement initial de $60 par mois.

Les candidats doivent indiquer aussi clairement que possible s'ils sont prêts à travailler à Ottawa, afin que les offres d'emploi par télégramme puissent être acceptées promptement. Toutes les positions de commis au recensement sont à Ottawa.

PORTÉE DE L'EXAMEN

Il y aura deux examens séparés, l'un pour commis, classe 1 et l'autre pour commis, classes 1A et 2. Dans chaque cas l'examen consistera en un questionnaire destiné à éprouver les aptitudes des candidats et à s'assurer qu'ils peuvent faire des travaux d'écriture avec soin et rapidité. Cet examen pourra comprendre des questions sur l'arithmétique, l'épellation, la grammaire, l'intelligence générale et l'exactitude. Le minimum requis pour réussir sera déterminé par la moyenne qu'il faudra pour donner une liste d'admissibles pouvant répondre aux besoins immédiats et futurs.

Les candidats sont libres de subir l'examen en français ou en anglais. Ceux qui connaissent les deux langues devront l'indiquer clairement dans leur formule d'inscription. Le bilinguisme sera déterminé plus tard, par un examen oral ou écrit.

NOTA.—Pour participer à l'examen et entrer au service à titre de commis, classe 1A et commis, classe 2, les candidats doivent avoir deux ans d'expérience de bureau, soit comme sténographe, soit comme commis. L'expérience de l'enseignement est acceptée comme l'équivalent de l'expérience de commis, si le candidat possède un brevet d'enseignement professionnel et s'il a obtenu les pourcentages requis à l'examen. Les candidats doivent bien indiquer sur leur formule la nature et l'étendue de leur expérience, et s'ils désirent s'inscrire pour les deux concours, ils doivent remplir une formule séparée pour chaque concours.

Aucun droit d'examen n'est exigé.

DÉLAIS D'INSCRIPTION

Les formules d'inscription convenablement remplies doivent parvenir à la Commission du service civil, Ottawa, **au plus tard le 22 mai 1941.**

Les demandes d'inscription doivent se faire sur la formule C.S.C. 70 que l'on peut se procurer à tous les bureaux de poste de villes, aux bureaux de poste des gros villages, aux bureaux de placement du Canada, ou en s'adressant à la Commission du service civil, Ottawa.

Les candidats d'Ottawa feraient mieux d'envoyer leurs demandes d'inscription par la poste.

Les demandes d'inscription soumises pour des examens antérieurs ne seront pas transférées; les candidats qui ont déjà subi un examen doivent remplir une nouvelle formule pour chaque classe.

Les candidats doivent mentionner le numéro du concours en remplissant la formule de demande.

RENSEIGNEMENTS GÉNÉRAUX

(1) Les personnes employées temporairement comme commis, classe 1, ou commis, classe 2, à moins d'avoir déjà subi un examen pour la permanence, feront bien de se qualifier en prenant part à cet examen.

(2) La préférence dans la nomination est accordée aux candidats qui ont fait du service actif outre-mer ou sur les hautes mers sur un navire de guerre ou dans les armées de Sa Majesté ou l'un des Alliés de Sa Majesté durant la Guerre de 1914-1918, pourvu qu'ils possèdent le minimum des qualités requises pour la position. Une préférence additionnelle est aussi accordée aux candidats qui reçoivent une pension en raison d'incapacité physique résultant du service durant la Grande Guerre 1914-1918, et qui, à cause de cette incapacité physique, n'ont pu poursuivre efficacement leur occupation d'avant-guerre, et n'ont pas réussi à s'établir avec succès.

d'une nomination permanente, le salaire initial de $720 par année pour la classe 1 pourra être augmenté sur recommandation pour services méritoires et utilité accrue, à raison de $60 par année, jusqu'à concurrence de $1,020; pour la classe 1A le traitement initial de $900 par année pourra être augmenté pareillement jusqu'à concurrence de $1,020; et pour la classe 2 le traitement initial de $1,080 par année pourra être augmenté de la même façon jusqu'à concurrence de $1,380.

(4) Sous l'autorité de la Loi de pension du service civil, 1924, on déduit, comme versement au fonds de pension, une partie du traitement de tout employé qui entre au service à titre permanent et qui reçoit un traitement annuel fixe d'au moins $600. Le taux de déduction dans le cas de toutes les contributrices est de cinq pour cent. Le taux pour les hommes est: cinq pour cent si le traitement n'excède pas $1,200, cinq et demi pour cent si le traitement est de plus de $1,200 mais n'excède pas $1,500, et six pour cent si le traitement excède $1,500. On ne rembourse pas la cotisation au fonds de pension aux employés qui quittent leur emploi avant d'avoir complété dix ans de service, excepté dans le cas d'invalidité ou d'abolition d'emploi, dans le cas d'une femme qui doit se retirer du fait de son mariage, ou dans le cas de décès d'un contribuant avec personnes à sa charge.

NOTA.—Une déduction égale à 5 pour cent sera faite sur le traitement de toute personne nommée à un emploi temporaire, autre qu'un emploi de courte durée, dans le service public du Canada. Le montant déduit portera intérêt à 4 pour cent durant la période d'emploi temporaire et sera remboursé lorsque l'employé quittera le service. Tout traitement est aussi sujet à la déduction prescrite pour la taxe de la défense nationale.

(5) Les formules d'inscription des femmes mariées ne seront acceptées que si elles peuvent établir à la satisfaction de la Commission du service civil qu'elles doivent pourvoir à leur propre subsistance.

(6) Pour les positions régulières de nature permanente, préférence sera donnée aux candidats qui sont dans les limites d'âge régulières de 18 à 35 ans. Vu les exigences de l'heure actuelle, toutefois, on recevra les inscriptions des candidats qui ont dépassé 35 ans. Ces candidats, s'ils réussissent, seront admissibles à des emplois temporaires seulement.

(7) Avant d'être admissibles à un emploi temporaire ou permanent, les candidats heureux doivent produire leur certificat de naissance. Une déclaration d'âge ne sera pas acceptée à moins que des preuves documentaires ne soient fournies pour indiquer que l'âge du candidat n'est pas officiellement enregistré. Toutefois, un certificat de baptême sera accepté s'il indique clairement la date de naissance.

(8) La limite d'âge ne s'applique pas aux personnes qui ont droit à la préférence accordée aux anciens combattants pourvu que la Commission certifie que ces personnes sont d'un âge et dans un état de santé leur permettant de remplir les devoirs de l'emploi qui peut leur être assigné et qu'elles seront probablement capables de continuer à remplir cet emploi pendant une période raisonnable après leur nomination. La limite d'âge est aussi supprimée dans le cas des employés permanents qui, au moment de leur entrée au service, n'avaient pas dépassé 35 ans.

(9) Les candidats doivent être sujets britanniques et doivent avoir résidé au Canada au moins cinq ans.

(10) A l'exception des positions à Ottawa, la préférence en cas de nomination sera accordée à ceux qui résident dans les localités où les vacances se produisent. Les candidats qui connaissent les deux langues doivent en faire mention, car dans certaines nominations il est essentiel de connaître le français ou l'anglais.

(11) L'examen sera tenu, à une date qui sera fixée plus tard, dans les centres suivants (pourvu qu'au moins trois candidats s'inscrivent pour subir l'examen au même endroit): Prince-Rupert, Victoria, Vancouver, Nanaïmo et Nelson, dans la province de la Colombie-Britannique; Edmonton, Calgary et Lethbridge, dans la province de l'Alberta; Saskatoon, Regina, Moose-Jaw et North-Battleford, dans la province de la Saskatchewan; Brandon et Winnipeg, dans la province du Manitoba; Port-Arthur, Sault Ste-Marie, North-Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston et Ottawa, dans la province d'Ontario; Montréal, Sorel, Sherbrooke, Trois-Rivières, Rimouski, Chicoutimi, Rivière-du-Loup et Québec, dans la province de Québec; Fredericton, Chatham, St-Jean et Moncton, dans la province du Nouveau-Brunswick; Charlottetown et Summerside, dans la province de l'Ile du Prince-Edouard; Kentville, Yarmouth, Halifax, Sydney, Truro et Wolfville, dans la province de la Nouvelle-Ecosse. Des examens peuvent aussi être tenus dans d'autres endroits mais seulement quand le nombre de candidats et la distance d'un centre régulier le justifient.

CIVIL SERVICE EXAMINATION

List No. 835

An open competitive examination is announced by the Civil Service Commission of Canada, in order to establish lists of eligible employment as

CLERKS, GRADE 1 AND CLERKS, GRADES 1A AND 2 (MALE AND FEMALE)

CLERKS, GRADE 1—COMPETITION No. 41-393. SALARY $720 PER ANNUM

CLERKS, GRADES 1A AND 2. COMPETITION No. 41-394. SALARY $900 AND $1,080 PER ANNUM RESPECTIVELY

The examinations are for the purpose of establishing general clerical eligible lists, but it is expected that several hundred appointments will be made to vacancies of Census Clerk, for which the following salaries will apply:—

Annual initial	$720
After 6 months of satisfactory service	780

Candidates who wish to qualify for appointment as Census Clerk should take the Clerk, Grade 1 examination and be prepared to accept an initial salary of $60 per month.

Candidates should indicate as definitely as possible whether they are willing to serve in Ottawa, so that offers of appointment by telegram may be promptly accepted. Positions of Census Clerks are all at Ottawa.

SCOPE OF EXAMINATION

There will be two separate examinations held, one for Clerks, Grade 1, and the other for Clerks, Grades 1A and 2. In each case the examination will consist of one paper, designed to test the candidates' aptitude for and ability in careful, rapid clerical work. The paper may include questions on Arithmetic, Spelling, Grammar, General Intelligence, and Accuracy. The pass mark will be determined by the standard required to give an adequate eligible list of qualified candidates to meet immediate and prospective needs.

Candidates may elect to write in either French or English. Those having bilingual qualifications should indicate this clearly in their application form. These language qualifications will be tested later, either by written or oral examination.

NOTE.—To be eligible for admission to examination and initial appointment as clerk Grade 1A and as Clerk, Grade 2, candidates must have two years of office experience of a clerical or stenographic nature. Teaching experience is accepted as equivalent to clerical experience, provided the applicant has secured a professional teacher's certificate and has obtained the required percentages on the examination. Candidates should make quite clear on their application forms the nature and extent of the experience they have had, and, if they desire to enter both competitions, should file a separate application for each competition.

No examination fee is required.

TIME LIMIT

Application forms properly filled in must be filed with the Civil Service Commission, Ottawa, **not later than May 22, 1941.**

Applications must be made on Form C.S.C. 69 which are obtainable at all City Post Offices, Post Offices in the larger towns, Offices of the Employment Service of Canada, or from the Civil Service Commission, Ottawa.

Ottawa candidates are advised to send their applications by mail.

Applications filed in connection with previous examinations will not be transferred; candidates who have already tried an examination must file a new form for each grade.

Candidates should quote the competition number in filling out their application forms.

GENERAL INFORMATION

(1) Persons employed temporarily as Clerks, Grade 1, or Clerks, Grade 2, unless already qualified by examination for permanent appointment, are advised to qualify by taking this examination.

(2) Preference in appointment is given to candidates who have been on active service overseas or on the high seas in a sea-going ship of war with the forces of His Majesty or of any of the Allies of His Majesty during the war of 1914-18 and who are found to possess the minimum qualifications for the position. A further preference is given to candidates who are in receipt of a pension on account of disability received as a result of service in the Great War (1914-18), who by such disability are prevented from pursuing efficiently their pre-war occupation and who have not been successfully re-established.

(3) Although this examination qualifies for permanent appointment, candidates are advised that they should accept temporary employment, when offered. Usually permanent positions, when vacant, are filled in order of merit by the temporary employees already on the staff of the Department concerned. It is expected that the great majority of assignments from these lists will be to positions not exceeding the duration of the war, and other short-time positions. Most of the Census Clerk positions are of less than two years' duration. Successful candidates should be prepared to accept appointment to positions of short duration, for which often little or no notice can be given. In the event of permanent appointment, the initial salary of $720 per annum for Grade 1 may be increased upon recommendation for meritorious service and increased usefulness at the rate of $ per annum, until a maximum of $1,020 has been reached; for Grade 1 the initial salary of $900 may be similarly increased until a maximu of $1,020 has been reached, and for Grade 2 the initial salary of $1,0 per annum may be similarly increased until a maximum of $1,380 h been reached.

(4) Under the provisions of the Civil Service Superannuation Ac 1924, a deduction is made from the salary of every permanent employe who is in receipt of a stated annual salary of at least $600 as contribution to the Superannuation Fund. The rate of deduction i the case of all female contributors is five per cent. The rate for male is: five per cent if the salary is not over $1,200, five and one-half pe cent if the salary is over $1,200 but not over $1,500, and six per cen if the salary is over $1,500. Returns under the Superannuation Ac are not made if the employee leaves with less than ten years' service except in the case of disability or abolition of office, or of a woman leaving to be married, or of the death of a contributor with dependents.

NOTE.—A deduction equal to 5 per cent shall be made from the compensation of all persons appointed to temporary positions, other than casual positions, in the public service of Canada. This deduction will bear interest at 4 per cent during the period of temporary employment and will be returned upon separation from the Service. These salaries are also subject to the prescribed deduction for the National Defence Tax.

(5) Applications will not be accepted from married women unless they can establish to the satisfaction of the Civil Service Commission that they are required to be self-supporting.

(6) For regular continuing positions, preference will be given to candidates within the regular age limits of 18 to 35. In view of the present emergency, however, applications will be received from candidates over 35 years of age. Such candidates, if successful, will be eligible for temporary employment only.

(7) Before becoming eligible for either temporary or permanent employment, successful candidates must produce their birth certificates. A declaration of age will not be accepted unless documentary evidence is supplied to show that the candidate's age is not officially registered. A baptismal certificate, however, will be accepted, provided it shows clearly the date of birth.

(8) The age limit is waived in the case of persons entitled to the veteran preference. Such candidates, however, are subject to certification of the Commission that they are of such an age and in such a satisfactory physical condition that they are able to perform the duties of the position and will probably be able to continue to do so for a reasonable period after appointment. The age limit is also waived in the case of permanent civil servants who, when first appointed, were not over thirty-five years of age.

(9) Candidates must be British subjects and must have resided in Canada for at least five years.

(10) Except in the case of positions at Ottawa, preference in appointment will be given to residents of the localities where the vacancies occur. Candidates should set forth any claim as to their knowledge of the English and French languages, as in the case of certain appointments possession of a knowledge of the English or French language is essential.

(11) The examination will be conducted at a date to be determined later at the following centres (provided that not less than three candidates make application to write at the same place): Prince Rupert, Victoria, Vancouver, Nanaimo and Nelson, in the Province of British Columbia; Edmonton, Calgary and Lethbridge, in the Province of Alberta; Saskatoon, Regina, Moose Jaw and North Battleford, in the Province of Saskatchewan; Brandon and Winnipeg, in the Province of Manitoba; Port Arthur, Sault Ste. Marie, North Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston and Ottawa, in the Province of Ontario; Montreal, Sorel, Sherbrooke, Trois Rivières, Rimouski, Chicoutimi, Rivière du Loup and Quebec, in the Province of Quebec; Fredericton, Chatham, Saint John and Moncton, in the Province of New Brunswick; Charlottetown and Summerside, in the Province of Prince Edward Island; Kentville, Yarmouth, Halifax, Sydney, Truro and Wolfville, in the Province of Nova Scotia. Examinations may also be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

WARNING

(1) The Civil Service Commission has no connection with any school giving courses of instruction in preparation for Civil Service examinations, and no particular school receives preferential treatment in connection with information regarding examinations, which in all cases is only that available to candidates themselves on application to the Commission.

(2) Applications will not be considered, from persons in the employment of any firm, corporation or other employer engaged in the production of munitions, war equipment, or supplies for the armed forces, unless such employee is not actually employed in his usual trade or occupation.

Dear Sir:

This will acknowledge receipt of your letter of the 24th instant together with circulars from the Civil Service Commission advertising positions in the Unemployment Insurance Commission for Clerk, Grade 3; Clerk, Grade 2; and Stenographer, Grade 2.

In reply I wish to point out that there are only two employees in this office besides myself, that is, Mr. J. Raichman, Clerk, Grade 2, and Miss E. Disbrey, Stenographer, Grade 1, and she has not as yet been made permanent.

The posters have been shown to both of these employees and in the case of Mr. Raichman, he is forwarding an application. He wrote a previous examination for the Civil Service Commission a short time ago and obtained a Grade 4 standing.

Ex. re Lie 6-2-11

Miss Disbrey is still a Grade 1 stenographer and although she has been in this position for a year and three months, has not as yet been made permanent. Would this bar her from sending in an application for promotion? Will you please ascertain if it could be arranged to give her the opportunity of forwarding an application. When she wrote the Civil Service Examination on November 5th, 1937, she obtained a Grade 2 standing, and although she is filling a permanent position here, I take it from your letter that she would be barred from sending in an application. I am sending this letter by Air Mail and I would ask you to reply immediately in order to give her an opportunity to apply before the time limit expires. I understand this is August 6th next.

War Service Preference.—According to law, preference is given among candidates possessing the necessary qualifications first to persons who are in receipt of a pension on account of disabilities received as a result of service during the Great War (1914-1918), who by reason of such service are unable to continue their pre-war occupation, and who have not been successfully re-established, and secondly, to persons who have been on active service overseas or on the high seas on a sea-going ship of war with His Majesty's Military or Naval Forces or with those of any of His Allies during the Great War. Application forms are obtainable at all City Post Offices, the Post Offices in the larger towns, the offices of the Unemployment Insurance Commission, or from the Civil Service Commission, Ottawa, Canada.

GENERAL INFORMATION

Note.—A deduction equal to 5 per cent is made from the compensation of all persons appointed to temporary positions, other than casual positions, in the public service of Canada. This deduction will bear interest at 4 per cent during the period of temporary employment and will be returned upon separation from the Service.

Residence.—Candidates must be British subjects, and must have resided in Canada at least five years.

War Service Preference.—According to law, preference is given among candidates possessing the necessary qualifications first to persons who are in receipt of a pension on account of disabilities received as a result of service during the Great War (1914-1918), who by reason of such service are unable to continue their pre-war occupation, and who have not been successfully re-established, and secondly, to persons who have been on active service overseas or on the high seas on a sea-going ship of war with His Majesty's Military or Naval Forces or with those of any of His Allies during the Great War. Successful candidates entitled to the above preference will be asked at a later date to supply an official discharge certificate or a legally certified copy thereof. Candidates entitled to the preference on account of service during the Great War (1914-1918) are exempt from specified age limits, subject, however, to certification of the Commission that they are of such an age and in such a satisfactory physical condition that they are able to perform the duties of the position and will probably be able to continue to do so for a reasonable period after appointment. This preference is also extended to ex-service men of the present war who were resident in Canada prior to such service.

Superannuation.—Under the provisions of the Civil Service Superannuation Act, 1924, a deduction is made from the salary of every permanent employee who is in receipt of a stated annual salary of at least $600 as a contribution to the Superannuation Fund. The rate of deduction in the case of all female contributors is five per cent. The rate for males is: five per cent if the salary is not over $1,200, five and one-half per cent if the salary is over $1,200 but not over $1,500, and six per cent if the salary is over $1,500. Returns under the Superannuation Act are not made if the employee leaves with less than ten years' service, except in the case of disability or abolition of office, or of a woman leaving to be married, or of the death of a contributor with dependents.

WARNING.—Applications will not be considered from persons in the employment of any firm, corporation or other employer engaged in the production of munitions, war equipment, or supplies for the armed forces unless such employee is not actually employed in his usual trade or occupation.

TIME LIMIT

Application forms, properly filled in must be filed with the Civil Service Commission, Ottawa, **not later than May 12, 1943.**

Application forms are obtainable at all City Post Offices, the Post Offices in the larger towns, the offices of the Unemployment Insurance Commission, or from the Civil Service Commission, Ottawa, Canada.

Note.—Applications will not be transferred—candidates are requested to fill out new forms.

GENERAL INFORMATION

Note.—A deduction for retirement purposes is made from the compensation of all persons appointed to temporary positions, other than casual positions, in the public service of Canada. This deduction is at the rate of five per cent in the case of persons not insurable under the provisions of the Unemployment Insurance Act, and four per cent in the case of those who are required to pay Unemployment Insurance premiums. The deduction bears interest at the rate of four per cent and will be returned to the employee on the termination of his engagement.

Residence.—Candidates must be British subjects, and must have resided in Canada at least five years.

War Service Preference.—According to law, preference is given among candidates possessing the necessary qualifications first to persons who are in receipt of a pension on account of disabilities received as a result of service during the Great War (1914-1918), who by reason of such service are unable to continue their pre-war occupation, and who have not been successfully re-established, and secondly, to persons who have been on active service overseas or on the high seas on a sea-going ship of war with His Majesty's Military or Naval Forces or with those of any of His Allies during the Great War. Successful candidates entitled to the above preference will be asked at a later date to supply an official discharge certificate or a legally certified copy thereof. Candidates entitled to the preference on account of service during the Great War (1914-1918) are exempt from specified age limits, subject, however, to certification of the Commission that they are of such an age and in such a satisfactory physical condition that they are able to continue to do so for a reasonable period after appointment. This preference is also extended to ex-service men of the present war who were resident in Canada prior to such service.

Superannuation.—Under the provisions of the Civil Service Superannuation Act, 1924, a deduction is made from the salary of every permanent employee who is in receipt of a stated annual salary of at least $600 as a contribution to the Superannuation Fund. The rate of deduction in the case of all female contributors is five per cent. The rate for males is: five per cent if the salary is not over $1,200, five and one-half per cent if the salary is over $1,200 but not over $1,500, and six per cent if the salary is over $1,500. Returns under the Superannuation Act are not made if the employee leaves with less than ten years' service, except in the case of disability or abolition of office, or of a woman leaving to be married, or of the death of a contributor with dependents.

Note.—The Civil Service Commission regrets that, because of pressure of work, it is unable to provide certain services that the public has normally a right to expect. It is, therefore, requested that individual inquiries be not made concerning such matters as the outcome of applications submitted, standing on an eligible list, prospects of appointment and related questions. Please do not write or telephone in regard to such matters as the handling of such inquiries interferes with other urgent activities without in any way improving your own employment opportunities.

WARNING.—Applications will not be considered from persons in the employment of any firm, corporation, or other employer engaged in the production of munitions, war equipment, or supplies for the armed forces, unless such employee is not actually employed in his usual trade or occupation.

OTTAWA, April 22, 1943.

NOTE: As the Department of Pensions and National Health will not accept appointees who are not entitled to the preference on account of overseas service during the Great War (1914-1918) or the present war, this examination is being held to establish a list of qualified candidates, who are entitled to such preference, for appointment to vacancies in the above class in the Department of Pensions and National Health. The eligible list may be valid for a period of one year.

RESIDENCE: Candidates must be British subjects and must have resided in Canada at least five years. Preference will be given to candidates who have resided in the area outlined in the above advertisement for a period of at least one year immediately preceding the closing date for receiving applications. In the case of Postmasterships, preference will be given to persons who have been patrons of the office in question for a period of at least one year immediately preceding the closing date.

SUPERANNUATION: Under the provisions of the Civil Service Superannuation Act, 1924, a deduction is made from the salary of every permanent employee who is in receipt of a stated annual salary of at least $600 as a contribution to the Superannuation Fund. The rate of deduction in the case of all female contributors is five per cent. The rate for males is: five per cent if the salary is not over $1,200, five and one-half per cent if the salary is over $1,200 but not over $1,500, and six per cent if the salary is over $1,500. WAR SERVICE PREFERENCE: According to law, preference is given among candidates possessing the necessary qualifications first to persons who are in receipt of a pension on account of disabilities received as a result of service during the Great War (1914-18) who by reason of such service are unable to continue their pre-war occupation, and who have not been successfully re-established, and secondly, to persons who have been on active service overseas or on the high seas on a sea-going ship of war with His Majesty's Military or Naval Forces or with those of any of His Allies during the Great War. Successful candidates entitled to the above preference will be asked at a later date to supply an official discharge certificate or a legally certified copy thereof. Candidates entitled to the preference on account of service during the Great War (1914-18) are exempt from specified age limits, subject, however, to certification of the Commission that they are of such an age and in such a satisfactory physical condition that they are able to perform the duties of the position and will probably be able to continue to do so for a reasonable period after appointment. This preference is also extended to ex-service men of the present war who were resident in Canada prior to such service.

WARNING: 1. The Civil Service Commission has no connection with any school giving courses of instruction in preparation for Civil Service examinations, and no particular school receives preferential treatment in connection with information regarding examinations, which in all cases is only that available to candidates themselves on application to the Commission.

2. Applications will not be considered from persons in the employment of any firm, corporation or other employer engaged in the production of munitions, war equipment, or supplies for the armed forces unless such employee is not actually employed in his usual trade or occupation.

GENERAL INFORMATION

RESIDENCE: Candidates must be British subjects and must have resided in Canada at least five years. Preference will be given to candidates who have resided in the area outlined in the above advertisement for a period of at least one year immediately preceding the closing date for receiving applications. In the case of Postmasterships, preference will be given to persons who have been patrons of the office in question for a period of at least one year immediately preceding the closing date.

SUPERANNUATION: Under the provisions of the Civil Service Superannuation Act, 1924, a deduction is made from the salary of every permanent employee who is in receipt of a stated annual salary of at least $600 as a contribution to the Superannuation Fund. The rate of deduction in the case of all female contributors is five per cent. The rate for males is: five per cent if the salary is not over $1,200, five and one-half per cent if the salary is over $1,200 but not over $1,500, and six per cent if the salary is over $1,500. Returns under the Superannuation Act are not made if the employee leaves with less than ten years' service, except in the case of disability or abolition of office, or of a woman leaving to be married, or of the death of a contributor with dependents.

WAR SERVICE PREFERENCE: According to law, preference is given among candidates possessing the necessary qualifications first to persons who are in receipt of a pension on account of disabilities received as a result of service during the Great War (1914-18) who by reason of such service are unable to continue their pre-war occupation, and who have not been successfully re-established, and secondly, to persons who have been on active service overseas or on the high seas on a sea-going ship of war with His Majesty's Military or Naval Forces or with those of any of His Allies during the Great War. Successful candidates entitled to the above preference will be asked at a later date to supply an official discharge certificate or a legally certified copy thereof. Candidates entitled to the preference on account of service during the Great War (1914-18) are exempt from specified age limits, subject, however, to certification of the Commission that they are of such an age and in such a satisfactory physical condition that they are able to perform the duties of the position and will probably be able to continue to do so for a reasonable period after appointment. This preference is also extended to ex-service men of the present war who were resident in Canada prior to such service.

WARNING: 1. The Civil Service Commission has no connection with any school giving courses of instruction in preparation for Civil Service examinations, and no particular school receives preferential treatment in connection with information regarding examinations, which in all cases is only that available to candidates themselves on application to the Commission.

2. Applications will not be considered from persons in the employment of any firm, corporation or other employer engaged in the production of munitions, war equipment, or supplies for the armed forces unless such employee is not actually employed in his usual trade or occupation.

CIVIL SERVICE COMMISSION

IN REPLY REFER TO FILE NO. 43-2303G (CMCB)

OTTAWA, September 3, 1943.

SEP 29 19[illegible]

REGISTERED

Dear Sir,-

The Civil Service Commission considers that a qualifying examination for Clerks, Grade 1A and Clerks, Grade 2 should be held, in order to give Clerks, Grade 1 now employed in the Service at Ottawa an opportunity to qualify for advancement.

This is designed primarily to qualify temporary Clerks for reassignment in their own departments to positions of Clerk, Grade 1A and Clerk, Grade 2. The examination is not intended to result in wholesale transfers of Clerks, Grade 1 from one department to another. It is expected that when a department has Grade 1A or Grade 2 vacancies, employees who are now classified as Clerk, Grade 1, and who pass this examination, will first be considered for reassignment to the Grade 2 vacancy in their own department. If, however, such an assignment is not possible, arrangements may be made to assign Clerks from one department to another.

While it is true that employees in war departments need not qualify by examination for reassignment or reclassification from Clerk, Grade 1 to a higher grade, it may be that some Grade 1 Clerks in war departments feel there is little opportunity in their particular branch for advancement, and they may wish to take this opportunity also to qualify for advancement in other departments where the vacancies cannot be filled by the reassignment of Clerks, Grade 1 already employed in such departments. Grade 1 Clerks, therefore, in war departments, may take this examination.

There are a number of permanent Clerks, Grade 1 in the Service who, for some time, have not had an opportunity to qualify for promotion to permanent Grade 2 positions, and the examination will afford such permanents this opportunity. It will not, however, qualify for initial permanent appointment.

The enclosed posters outline the conditions for admission, and the examination standard required, and it would be appreciated if these are

posted where they will be brought to the attention of interested employees.

Reassignments and reclassifications will proceed under existing regulations.

As a measure of economy, application forms are not being forwarded with this letter, as it is felt that many departments have a supply of these, but if more application forms are desired, they may be procured on request, from the Civil Service Commission.

NOTE: A deduction for retirement purposes is made from the compensation of all persons appointed to temporary positions, other than casual positions, in the public service of Canada. Order in Council P.C. 4759 of June 27, 1941 provides that no male person of military age shall be appointed to the Public Service unless he is ineligible for service in the Forces. Military age has been set as from 18 to 45 years inclusive. Among successful male candidates within these ages, except veterans of the Great War of 1914-18 or the present war, only those will receive appointment who, after examination by an Army Medical Board, have been declared unfit for military service. In the event that no qualified person is found among applicants ineligible for service in the Forces, the qualifications of those who do not meet the requirement of this Order in Council will receive consideration.

NATURE OF EXAMINATION: A rating on education and experience will be given from the sworn statements, supporting documents and other evidence submitted by applicants on and with their application forms. Candidates must give full particulars regarding their training and experience, especially as they bear on the qualifications for and duties of this class of position. ELIGIBLE LIST: An eligible list, valid for a period of one year, for both temporary and permanent appointment, will be established.

GENERAL INFORMATION

RESIDENCE: Candidates must be British subjects and must have resided in Canada at least five years. Preference will be given to candidates who have resided in the area outlined in the above advertisement for a period of at least one year immediately preceding the closing date for receiving applications. In the case of Postmasterships, preference will be given to persons who have been patrons of the office in question for a period of at least one year immediately preceding the closing date.

SUPERANNUATION: Under the provisions of the Civil Service Superannuation Act, 1924, a deduction is made from the salary of every permanent employee who is in receipt of a stated annual salary of at least $600 as a contribution to the Superannuation Fund. The rate of deduction in the case of all female contributors is five per cent. The rate for males is: five per cent if the salary is not over $1,200, five and one-half per cent if the salary is over $1,200 but not over $1,500, and six per cent if the salary is over $1,500. Returns under the Superannuation Act are not made if the employee leaves with less than ten years' service, except in the case of disability or abolition of office, or of a woman leaving to be married, or of the death of a contributor with dependents.

WAR SERVICE PREFERENCE: According to law, preference is given among candidates possessing the necessary qualifications first to persons who are in receipt of a pension on account of disabilities received as a result of service during the Great War (1914-18) who by reason of such service are unable to continue their pre-war occupation, and who have not been successfully re-established, and secondly, to persons who have been on active service overseas or on the high seas on a sea-going ship of war with His Majesty's Military or Naval Forces or with those of any of His Allies during the Great War. Successful candidates entitled to the above preference will be asked at a later date to supply an official discharge certificate or a legally certified copy thereof. Candidates entitled to the preference on account of service during the Great War (1914-18) are exempt from specified age limits, subject, however, to certification of the Commission that they are of such an age and in such a satisfactory physical condition that they are able to perform the duties of the position and will probably be able to continue to do so for a reasonable period after appointment. This preference is also extended to ex-service men of the present war who were resident in Canada prior to such service.

WARNING: 1. The Civil Service Commission has no connection with any school giving courses of instruction in preparation for Civil Service examinations, and no particular school receives preferential treatment in connection with information regarding examinations, which in all cases is only that available to candidates themselves on application to the Commission.

2. Applications will not be considered from persons in the employment of any firm, corporation or other employer engaged in the production of munitions, war equipment, or supplies for the armed forces unless such employee is not actually employed in his usual trade or occupation.

OFFICE OF THE SECRETARY

CIVIL SERVICE COMMISSION

CANADA

IN REPLY REFER TO FILE NO. 44-11199 (CMcB)

OTTAWA. February 28, 1944.

EX'D. A

Dear Sir,

The Civil Service Commission considers that another opportunity should be given employees to qualify for Clerks, Grade 1A and Clerks, Grade 2. This is primarily to enable Clerks, Grade 1, now employed in the Service at Ottawa an opportunity to qualify for advancement. The conditions of the examination are substantially the same as for the examinations held last year within the Service and may be summarized as follows:

The tests are designed primarily to qualify temporary clerks for reassignment in their own departments to positions of Clerk, Grade 1A and Clerk, Grade 2. The examination is not intended to result in wholesale transfers of Clerks, Grade 1 from one department to another. It is expected that when a department has Grade 1A or Grade 2 vacancies, employees who are now classified as Clerk, Grade 1, and who pass this examination, will first be considered for reassignment to the Grade 2 vacancy in their own department. If, however, such an assignment is not possible, arrangements may be made to assign Clerks from one department to another.

While it is true that employees in war departments need not qualify by examination for reassignment or reclassification from Clerk, Grade 1 to a higher grade, it may be that some Grade 1 Clerks in war departments feel there is little opportunity in their particular branch for advancement, and they may wish to take this opportunity also to qualify for advancement in other departments where the vacancies cannot be filled by the reassignment of Clerks, Grade 1 already employed in such departments. Grade 1 Clerks, therefore, in war departments, may take this examination.

There are a number of permanent Clerks, Grade 1 in the Service who, for some time, have not had an opportunity to qualify for promotion to permanent Grade 2 positions, and the examination will afford such permanents this opportunity. It will not, however, qualify for initial permanent appointment.

The enclosed posters outline the conditions for admission, and the examination standard required, and it would be appreciated if these are

IN REPLY REFER TO FILE NO.

OTTAWA,

Department of JUN 9 1944 REGISTERED

Dear Sir,

The Civil Service Commission considers that an opportunity should be given employees to qualify for Clerks, Grade 1A and Clerks, Grade 2, Government Departments at Montreal. This is primarily to enable Clerks, Grade 1, now employed in the Service at Montreal an opportunity to qualify for advancement.

The tests are designed primarily to qualify temporary clerks for reassignment in their own departments to positions of Clerk, Grade 1A and Clerk, Grade 2. The examination is not intended to result in wholesale transfers of Clerks, Grade 1 from one department to another. It is expected that when a department has Grade 1A or Grade 2 vacancies, employees who are now classified as Clerk, Grade 1, and who pass this examination, will first be considered for reassignment to the Grade 2 vacancy in their own department. If, however, such an assignment is not possible, arrangements may be made to assign Clerks from one department to another.

While it is true that employees in war departments need not qualify by examination for reassignment or reclassification from Clerk, Grade 1 to a higher grade, it may be that some Grade 1 Clerks in war departments feel there is little opportunity in their particular branch for advancement and they may wish to take this opportunity also to qualify for advancement in other departments where the vacancies cannot be filled by the reassignment of Clerks, Grade 1, already employed in such departments. Grade 1 Clerks, therefore, in war departments, may take this examination.

There are a number of permanent Clerks, Grade 1 in the Service who, for some time, have not had an opportunity to qualify for promotion to permanent Grade 2 positions, and the examination will afford such permanents this opportunity. It will not, however, qualify for initial permanent appointment.

Memorandum:

Deputy Minister.

MR-LNP-203.

I have to refer to Mr. Jackson's memorandum of July 28th, with respect to the promotional competition for the filling of the position of Sanitary Inspector in the National Parks Bureau, Lands, Parks and Forests Branch, at Banff National Park, Banff, Alberta.

While, in our opinion, it is not likely that any permanent employee of the Indian Affairs Branch, on military leave, would be interested in this position, it cannot be stated definitely that no one would be interested in this promotional competition. I am, therefore, submitting rating forms for the following employees:

R. A. Cooper, Clerk, Grade 2.
E. G. Paterson, Clerk, Grade 2.
K. L. Balderston, Clerk, Grade 1.
K. L. Ogden, Clerk, Grade 1.

GENERAL INFORMATION

RESIDENCE: Candidates must be British subjects and must have resided in Canada at least five years. Preference will be given to candidates who have resided in the area outlined in the above advertisement for a period of at least one year immediately preceding the closing date for receiving applications. In the case of Postmasterships, preference will be given to persons who have been patrons of the office in question for a period of at least one year immediately preceding the closing date.

SUPERANNUATION: Under the provisions of the Civil Service Superannuation Act, 1924, a deduction is made from the salary of every permanent employee who is in receipt of a stated annual salary of at least $600 as a contribution to the Superannuation Fund. The rate of deduction in the case of all female contributors is five per cent. The rate for males is: five per cent if the salary is not over $1,200, five and one-half per cent if the salary is over $1,200 but not over $1,500, and six per cent if the salary is over $1,500. Returns under the Superannuation Act are not made if the employee leaves with less than ten years' service, except in the case of disability or abolition of office, or of a woman leaving to be married, or of the death of a contributor with dependents.

WAR SERVICE PREFERENCE: According to law, preference is given among candidates possessing the necessary qualifications first to persons who are in receipt of a pension on account of disabilities received as a result of service during the Great War (1914-18) who by reason of such service are unable to continue their pre-war occupation, and who have not been successfully re-established, and secondly, to persons who have been on active service overseas or on the high seas on a sea-going ship of war with His Majesty's Military or Naval Forces or with those of any of His Allies during the Great War. Successful candidates entitled to the above preference will be asked at a later date to supply an official discharge certificate or a legally certified copy thereof. Candidates entitled to the preference on account of service during the Great War (1914-18) are exempt from specified age limits, subject, however, to certification of the Commission that they are of such an age and in such a satisfactory physical condition that they are able to perform the duties of the position and will probably be able to continue to do so for a reasonable period after appointment. This preference is also extended to ex-service men of the present war who were resident in Canada prior to such service.

WARNING: 1. The Civil Service Commission has no connection with any school giving courses of instruction in preparation for Civil Service examinations, and no particular school receives preferential treatment in connection with information regarding examinations, which in all cases is only that available to candidates themselves on application to the Commission.

2. Candidates engaged in essential war industries, if successful, can only be appointed subject to the consent of employers and National Selective Service Regulations.

Memorandum:

MR. HOEY

I attach a poster issued by the Civil Service Commission as of March 27, 1944, regarding an examination which was held in May, 1944, with the intention of providing an opportunity for stenographers already employed by the Government "to qualify for permanency". #44-1214

To the average reader there is nothing in this poster which would convey the idea that the examination is being held with a view to permitting stenographers to acquire "permanency".

I find that in the language of the Civil Service Commission, the words "promotion, reclassification and reassignment" imply permanency, and it would seem that the persons drafting the posters have these Civil Service Commission definitions of words so firmly in mind, that they do not realize the persons for whom the posters are intended are not aware of these definitions.

Actually this poster does not seem to have been displayed at any time for the staff of Indian Affairs, and under the circumstances it might be in order to request a special examination for the members of the stenographic staff in whose interest it is to "qualify" for permanent appointment.

In any event even if a request for a special examination were refused, such a request might bring to the attention of the proper officials in the Civil Service Commission the fact that posters should either be worded more clearly or a list of Civil Service Commission phrases attached, with an explanation of what they mean.

JUL 16 1945
REGISTERED

Deputy Heads, Government Departments.

The Civil Service Commission is again presenting an opportunity to employees of Government Departments at Toronto, to qualify for Clerk, Grade 1A or Clerk, Grade 2. This is primarily to enable Clerks, Grade 1 now employed in the Service at Toronto, to qualify for advancement.

The tests are designed primarily to qualify temporary Clerks for reassignment in their own departments to positions of Clerk, Grade 1A and Clerk, Grade 2. The examination is not intended to result in wholesale transfers of Clerks, Grade 1 from one department to another. It is expected that when a department has Grade 1A or Grade 2 vacancies, employees who are now classified as Clerk, Grade 1, and who pass this examination, will first be considered for reassignment to the Grade 2 vacancy in their own department. If, however, such an assignment is not possible, arrangements may be made to assign Clerks from one department to another.

This examination will not qualify for initial permanent appointment. Reassignments and reclassifications will proceed under existing regulations.

The enclosed posters outline the conditions for admission, and the examination standard required, and it would be appreciated if these are posted where they will be brought to the attention of interested employees in your Department at Toronto.

As a measure of economy, application forms are not being forwarded with this letter. It is felt that many departments have a supply of these forms, but if application forms are desired, they may be procured on request, from the Civil Service Commission's District Office, 465 Bay St., Toronto, Ont.

Pour les femmes le taux de la retenue est de cinq pour cent. Pour les hommes le taux est de cinq pour cent si le traitement n'excède pas $1,200, cinq et demi pour cent si le traitement est de plus de $1,200 mais n'excède pas $1,500, et six pour cent si le traitement excède $1,500.

NOTA.—Une retenue de quatre pour cent, en vue de la retraite, est effectuée sur le traitement de toute personne nommée à un emploi temporaire de sténographe ou de dactylographe, dans le service public du Canada. Cette retenue porte intérêt au taux de quatre pour cent et sera remise lorsque la personne quittera le service.

(6) **Pour être admis à ce concours et se rendre admissibles à la permanence, les candidats doivent avoir 18 ans accomplis et n'avoir pas dépassé 35 ans au premier jour de l'examen. Exception est faite dans le cas des employés temporaires dans les ministères fédéraux, admissibles à tous autres égards, qui n'avaient pas encore 35 ans quand ils sont entrés au service mais qui auront dépassé 35 ans au premier jour de l'examen, qui ont travaillé sans interruption depuis avant leur trente-cinquième anniversaire de naissance mais n'ont pas eu l'occasion depuis leur entrée en fonctions de se qualifier pour emploi permanent.**

(7) Avant d'être nommés à titre temporaire ou permanent, les candidats heureux doivent produire un certificat de naissance. Une déclaration d'âge ne sera acceptée que si le candidat prouve que son âge n'a pas été officiellement enregistré. Un extrait de baptême sera cependant accepté s'il indique clairement la date de naissance.

(8) La limite d'âge ne s'applique pas aux candidats qui ont droit à la préférence des anciens combattants, à condition, toutefois, que la Commission puisse certifier que l'âge et l'état de santé de ces candidats leur permettent de remplir les devoirs de la position d'une façon satisfaisante et pour une période raisonnable après nomination. La limite d'âge est aussi supprimée pour les fonctionnaires permanents qui, au moment de leur entrée au service, n'avaient pas dépassé trente-cinq ans.

(9) Les femmes mariées seront admises à l'examen, mais en cas de succès elles ne pourront être nommées que lorsque la liste des célibataires sera épuisée.

(10) Les candidats doivent être sujets britanniques et doivent avoir demeuré au Canada au moins cinq ans. Les veuves de soldats ayant droit à la préférence accordée aux anciens combattants si elles avaient leur domicile au Canada au moment du décès de leur mari peuvent être admises à l'examen sans égard à la durée de leur résidence au Canada.

(11) A l'exception des positions à Ottawa, préférence dans les nominations sera accordée, autant que possible, aux personnes qui ont habité la localité où se produit la vacance durant une période d'au moins une année précédant immédiatement le dernier délai pour la réception des formules d'inscription.

(12) L'examen sera tenu dans les centres suivants à une date qui sera fixée plus tard (à condition qu'au moins trois candidats s'inscrivent pour subir l'examen au même endroit): Prince-Rupert, Victoria, Nanaïmo, Vancouver et Nelson, dans la province de la Colombie-Britannique; Edmonton, Calgary et Lethbridge, dans la province de l'Alberta; Saskatoon, North-Battleford, Regina et Moose-Jaw, dans la province de la Saskatchewan; Brandon et Winnipeg, dans la province du Manitoba; Port-Arthur, Sault Ste-Marie, North-Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Guelph, Kingston et Ottawa, dans la province d'Ontario; Montréal, Sorel, Sherbrooke, Trois-Rivières, Rimouski, Rivière-du-Loup, Chicoutimi et Québec, dans la province de Québec; Fredericton, Chatham, Saint-John et Moncton, dans la province du Nouveau-Brunswick; Charlottetown et Summerside, dans la province de l'Ile du Prince-Edouard; Kentville, Bridgewater, Antigonish, Truro, Yartmouth, Halifax, Sydney et Wolfville, dans la province de la Nouvelle-Ecosse. Des examens peuvent aussi être tenus dans d'autres endroits, mais seulement quand le nombre de candidats et la distance d'un centre régulier le justifient.

(13) La Commission du service civil, à cause du surcroît de travail, est incapable présentement de fournir certains services auxquels le public aurait droit en temps normal. Elle prie donc les candidats de ne pas demander de renseignements au sujet du résultat des demandes soumises, du rang sur une liste d'admissibilité, des perspectives d'emploi ou autres questions semblables.

(14) **Avertissement:** La Commission du service civil n'a aucun rapport avec les écoles qui donnent des cours préparatoires aux examens du service civil, et aucune école ne reçoit un traitement de faveur au sujet des renseignements fournis sur les examens; les renseignements que ces écoles obtiennent sont, dans tous les cas, ceux que les candidats eux-mêmes peuvent obtenir en s'adressant à la Commission.

Examen d'admissibilité à un emploi permanent pour les commis

CLASSE	*TRAITEMENT INITIAL ANNUEL*	*TRAITEMENT MAXIMUM*	*N° DU CONCOURS*
Classe 1	$ 900	$1,272	46-3702
Classe 2	1,344	1,704	46-3703

EXPÉRIENCE

Aucune expérience n'est exigée des commis, classe 1.

Pour commis, classe 2, il n'est pas nécessaire aux candidats qui ont droit à la préférence accordée aux anciens combattants de posséder l'expérience ou l'instruction énumérée ci-dessous. Pour les autres candidats on exige: Deux ans d'expérience de bureau dans du travail d'écriture ou en sténographie. L'expérience dans l'enseignement est acceptée comme équivalent à l'expérience de bureau, pourvu que le candidat ait obtenu un certificat d'enseignement professionnel. L'immatriculation junior ou l'équivalent sera acceptée au lieu de l'expérience.

SALAIRE

Les commis, classe 1, sont nommés à $900 par année et peuvent recevoir une augmentation annuelle de $72 pour services satisfaisants après six mois du premier du quartier qui suit la date de la nomination, et d'une deuxième augmentation annuelle de $72, six mois après la date de la première augmentation, et peuvent ensuite atteindre le maximum de la classe $1,272 au moyen de trois augmentations annuelles de $84, $72, $72 dans l'ordre mentionné. Les commis, classe 2, sont nommés à $1,334 par année et peuvent recevoir une augmentation annuelle de $72 pour services satisfaisants après douze mois du premier du quartier qui suit la date de la nomination, et quatre augmentations annuelles de $84, $72, $72 et $60 dans l'ordre mentionné jusqu'à ce que le maximum de $1,704 soit atteint.

ÉPREUVES

On tiendra un examen écrit en vue de juger l'exactitude et l'aptitude à faire le travail de bureau. On ne tiendra qu'un examen pour les deux classes, mais on exigera de plus grandes capacités des candidats qui sont admissibles comme commis, classe 2. Vu la nature générale de l'examen, on ne peut recommander aucune ligne d'étude particulière. La moyenne exigée pour réussir sera déterminée d'après le nombre de candidats nécessaire pour établir une liste d'admissibilité suffisante pour remplir les besoins immédiats et les vacances futures.

Les candidats sont libres de subir l'examen en français ou en anglais. Ceux qui connaissent les deux langues devront l'indiquer clairement dans leur formule d'inscription. Le bilinguisme sera déterminé plus tard.

Aucun droit d'examen n'est exigé.

FORMULES DE DEMANDE

Les formules de demande, dûment remplies, doivent parvenir à la Commission du service civil, à Ottawa, **au plus tard le 28 octobre 1946.**

Les formules de demande doivent être faites sur la formule C.S.C. 70. On peut s'en procurer à tous les bureaux de poste urbains, aux bureaux de poste de tous les villages importants, aux bureaux du Service national de placement, ou aux bureaux de la Commission du service civil par tout le Canada.

Les formules déjà remplies pour d'autres examens ou celles des candidats déjà employés temporairement ne seront pas transférées à ce concours; les candidats qui se sont déjà présentés à un examen doivent remplir une nouvelle formule.

Les candidats qui désirent prendre part aux concours devront soumettre une formule de demande pour chaque concours, et, dans chaque cas, devront spécifier clairement sur leurs formules de demande la nature et l'étendue de l'expérience qu'ils ont acquise dans le travail de bureau ou autre travail semblable.

En remplissant votre formule de demande, n'oubliez pas de mentionner la classe et le numéro du concours correspondant, auquel vous vous inscrivez.

Les candidats d'Ottawa sont priés d'envoyer leur formule de demande par la poste.

RENSEIGNEMENTS GÉNÉRAUX

(1) Le but de ce concours est d'établir des listes de commis, classes 1 et 2, pour emploi dans les ministères, et ces listes seront valides pour une période d'au moins un an.

(2) Bien que cet examen qualifie pour nomination permanente, on conseille aux candidats d'accepter un poste temporaire quand il leur sera offert. On conseille aux personnes actuellement employées à titre temporaire comme commis, classe 1 ou commis, classe 2, qui n'ont pas encore subi l'examen requis pour la permanence de profiter de cette occasion pour se qualifier.

(3) Les candidats heureux seront inscrits sur la liste d'admissibilité par ordre de mérite, conformément à la préférence des anciens combattants prévus dans la Loi du service civil.

(4) **Tous les postulants auront l'avantage de subir l'examen écrit, mais aucun d'eux ne pourra être déclaré candidat heureux à moins qu'il ne possède toutes les qualités requises pour ce genre d'emploi.**

(5) D'après la loi de pension du service civil 1924, on retient, comme versement au fonds de pension, une partie du traitement de tout employé qui entre au service à titre permanent et qui reçoit un traitement annuel fixe d'au moins $600. Pour les femmes le taux de la retenue est de cinq pour cent. Pour les hommes le taux est de cinq pour cent si le traitement n'excède pas $1,200, de cinq et demi pour cent si le traitement est de plus de $1,200 mais n'excède pas $1,500, et de six pour cent si le traitement est de plus de $1,500.

NOTA: Une retenue de quatre pour cent, en vue de la retraite, est effectuée sur le traitement de toute personne nommée à un emploi temporaire de commis, dans le service public du Canada. Cette retenue porte intérêt au taux de quatre pour cent et sera remise lorsque la personne quittera le service.

(6) Pour être admis à ce concours et se rendre admissibles à la permanence, les candidats doivent avoir 18 ans accomplis et n'avoir pas dépassé 35 ans au premier jour de l'examen. Exception est faite dans le cas des employés temporaires dans les ministères fédéraux, admissibles à tous autres égards, qui n'avaient pas encore 35 ans quand ils sont entrés au service mais qui auront dépassé 35 ans au premier jour de l'examen, qui ont travaillé sans interruption depuis avant leur trente-cinquième anniversaire de naissance mais n'ont pas eu l'occasion depuis leur entrée en fonctions de se qualifier pour emploi permanent.

Les candidats heureux seront tenus d'établir leur âge au moyen d'un certificat de naissance ou d'un certificat de baptême sur lequel l'âge est correctement enregistré. Ces documents ne doivent être soumis qu'à la demande de la Commission du service civil.

(7) La limite d'âge ne s'applique pas aux candidats qui ont droit à la préférence des anciens combattants, à condition, toutefois, que la Commission puisse certifier que l'âge et l'état de santé de ces candidats leur permettent de remplir les devoirs de la position d'une façon satisfaisante et pour une période raisonnable après nomination. La limite d'âge est aussi supprimée pour les fonctionnaires permanents qui, au moment de leur entrée au service, n'avaient pas dépassé trente-cinq ans.

(8) Les femmes mariées ne seront admises à l'examen à moins qu'elles puissent prouver, à la satisfaction de la Commission du service civil, qu'elles doivent pourvoir à leurs besoins.

(9) Les candidats doivent être sujets britanniques et doivent avoir demeuré au Canada au moins cinq ans. Les veuves de soldats ayant droit à la préférence accordée aux anciens combattants si elles avaient leur domicile au Canada au moment du décès de leur mari peuvent être admises à l'examen sans égard à la durée de leur résidence au Canada.

Les conditions de résidence ne s'appliquent pas dans le cas des anciens combattants de la première grande guerre, si ces derniers étaient domiciliés au Canada à la date de leur enrôlement.

(10) A l'exception des positions à Ottawa, préférence dans les nominations sera accordée, autant que possible, aux personnes qui ont habité la localité où se produit la vacance durant une période d'au moins une année précédant immédiatement le dernier délai pour la réception des formules d'inscription.

(11) L'examen sera tenu dans les centres suivants à une date qui sera fixée plus tard (à condition qu'au moins trois candidats s'inscrivent pour subir l'examen au même endroit): Prince-Rupert, Victoria, Nanaïmo, Vancouver et Nelson, dans la province de la Colombie-Britannique; Edmonton, Calgary et Lethbridge, dans la province de l'Alberta; Saskatoon, North-Battleford, Regina et Moose-Jaw, dans la province de la Saskatchewan; Brandon et Winnipeg, dans la province du Manitoba; Port-Arthur, Sault Ste-Marie, North-Bay, Windsor, Sarnia, London, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Guelph, Kingston et Ottawa, dans la province d'Ontario: Montréal, Sorel, Sherbrooke, Trois-Rivières, Rimouski, Rivière-du-Loup, Chicoutimi et Québec, dans la province de Québec; Fredericton, Chatham, Saint John et Moncton, dans la province du Nouveau-Brunswick; Charlottetown et Summerside, dans la province de l'Ile du Prince-Edouard; Kentville, Bridgewater, Antigonish, Truro, Yarmouth, Halifax, Sydney et Wolfville, dans la province de la Nouvelle-Ecosse. Des examens peuvent aussi être tenus dans d'autres endroits, mais seulement quand le nombre de candidats et la distance d'un centre régulier le justifient.

(12) AVERTISSEMENT: La Commission du service civil n'a aucun rapport avec les écoles qui donnent des cours préparatoires aux examens du service civil, et aucune école ne reçoit un traitement de faveur au sujet des renseignements fournis sur les examens; les renseignements que ces écoles obtiennent sont, dans tous les cas, ceux que les candidats eux-mêmes peuvent obtenir en s'adressant à la Commission.

MEMORANDUM RE MEDICAL POSITIONS:

The information in the attached Civil Service poster merits amplification.

Our Indian Health Service is responsible for the health and medical care of 125,000 Indians distributed throughout the Provinces and Northwest Territories. Additionally, it is responsible for the health of approximately 10,000 Eskimos scattered throughout the Northwest Territories.

This Department operates 18 Indian Hospitals, the largest having bed accommodation for 400 patients. A number of nursing stations are in operation and the number will increase.

The reorganization of our Indian Health Service is reflected in the positions now being advertised. For instance, you will observe six positions of Regional Superintendent are to be filled. The incumbents of these positions will administer all activities in the Province or area for which responsible.

There are vacancies for Medical Officers in almost every Province in the Dominion, and at various locations in the Northwest Territories, both in hospitals and in the field service. The majority of these will be filled on the basis of $4800-5400 per annum though a few will be filled at slightly higher and lower salary rates.

Our intention is to rotate Medical Officers as far as it is administratively practicable. In other words, a Medical Officer appointed to a specified field position would be permitted to take a turn in a hospital, and if mutually advantageous to both parties, would be moved to some other field position other than that to which originally appointed.

Competition 46-3043

This competition is to cover the employment of Medical Officers to service hospitals, a Reserve or series of Reserves. The minimum salary rate in which you are interested should be clearly specified on page 2, question 46, of Civil Service Application Form 69.

Competition 46-3003

The salary range for Regional Superintendents is $5400-6000 per annum. Headquarters for the areas will be as follows:

Maritimes	- Halifax or Truro	Saskatchewan	- Regina
Ontario	- Ottawa	Eastern Arctic	- Ottawa
Manitoba	- Winnipeg	Western Arctic	- Edmonton or a point in the N.W.T.

Competition 46-3044

There is an immediate opening for a Medical Specialist (Surgery) salary $5100-5700. The location is Vancouver, B.C. The eligible list to be established will provide for similar appointments elsewhere.

Competition 46-3041

As indicated on the poster, there are two vacancies in Ottawa, for Assistant Director, Salary $6000 per annum. One is responsible for treatment services and the other for general administration. These are headquarters staff positions.

It might be added that a separate application form must be filed with the Civil Service Commission for each competition in which you may wish to be considered. As indicated on the poster, the required application forms are obtained in the various offices listed on the poster. The closing date for these competitions has been advanced from September 21st to October 1st, 1946.

Age Limits

For admission to this competition for the purpose of qualifying for permanent appointment, candidates should have attained the full age of 18 years and be not over 35 years of age on the closing date for the receipt of applications. Exception is made in the case of temporary employees in Government Departments, otherwise eligible, who were under 35 years of age when they entered the Service, but who will be over 35 years on the first day of the examination, who have had continuous service since prior to their 35th birthday but have had no opportunity since entry to qualify for permanent appointment.

Successful candidates will be required to establish age by means of a Birth Certificate or Baptismal Certificate on which age is properly recorded. This document should not be submitted until requested by the Civil Service Commission.

The age limit is waived in the case of persons entitled to the Veterans' Preference. Such candidates, however, are subject to certification of the Commission that they are of such an age and in such a satisfactory physical condition that they are able to perform the duties of the position and will probably be able to continue to do so for a reasonable period after appointment. The age limit is also waived in the case of permanent civil servants who, when first appointed, were not over thirty-five years of age.

Salary

Office Appliance Operators, Grade 1, appointed in a permanent capacity at $900 per annum may be granted an annual increase of $72 for satisfactory service after six months from the first of the quarter following the date of appointment and a second annual increase of $72 six months after date of first increase, and may then proceed by way of three annual increases of $84, $72 and $72 in the order stated until the maximum of $1,272 is reached. With reference to my letter of April 25, in connection with the competition for Office Appliance Operators, Grades 1 and 2, I am enclosing copies of the advertisement for distribution to the various Branches and Sections within your Department.

This advertisement should be brought to the direct attention of all temporary employees, who may be interested in this class of position, including veterans now temporarily employed, so that such persons may take advantage of this opportunity to qualify for permanency. The special attention of employees concerned should be brought to the requirements as outlined on the enclosed advertisement.

Dear Mr. Keenleyside:

Attention Personnel Officers

The revision of salary rates for Office Appliance Operators has now been approved by Treasury Board, consequently the Posters advertising the Open Competition for Office Appliance Operators Grades 1 and 2 will be ready for release in a very few days.

It has been noted by the Commission that in practically every advertised competition, a considerable number of temporary employees claim they neither saw the Posters nor were they told by their Personnel Officers that they must enter applications and qualify by competitive examination for permanent appointment. The result has been that the Commission receives numerous requests for supplementary examinations, to hold which at an early date might be quite impracticable.

I would appreciate therefore, your co-operation in instructing the Personnel officers of your Department as to the above mentioned possibility so that all possible measures be taken that no temporary employees might overlook the entering of his or her application regardless of Class or Salary who occupies an Office Appliance operator's position, and endavouring to qualify in the present competitive examination.

The Commission would also be glad to receive from your Department, efficiency ratings for all temporary employees engaged in Office Appliance operation in all branches of your Department as quickly as possible in order to prevent delay after the written examination is completed. This will serve as a valuable check on the operators' value to your

Please quote competition number 47-807 when filling out application form.

GENERAL INFORMATION

(1) The purpose of this examination is to establish eligible lists of Stenographers, Grade 1, 1A, 2 and 2A, and Typists, Grade 1, 1A and 2, for the Government Service, which will be valid for a period of at least one year.

(2) Candidates who intend to take the stenographers' examination in French are advised that there are very few positions available in the Civil Service where French shorthand only is required. To obtain appointments as bilingual stenographers, candidates must qualify in both English and French shorthand, but they have the option of taking typewriting and the other subjects in either English or French but must state definitely in their application the language they select for these subjects.

(3) While applicants will be given an opportunity to write the examination, no successful candidate at the written examination will be declared successful unless he or she meets fully the standard requirements as outlined for these classes of positions.

(4) Although this examination qualifies for permanent appointment, candidates are advised to accept temporary employment, when offered. Usually permanent positions, when vacant, are filled in order of merit by the qualified temporary employees already on the staff of the Department concerned.

(5) In accordance with the Civil Service Act, successful candidates will be listed in order of merit subject to the provisions relating to the Veterans' Preference, as defined in the Civil Service Act.

(6) Candidates must be British subjects and must have resided in Canada for at least five years. War widows entitled to the veterans' preference, if domiciled in Canada at the date of their husbands' decease, may be admitted to the examination without regard to length of residence in Canada.

(7) Under the provisions of the Civil Service Superannuation Act, 1924, a deduction is made from the salary of every permanent employee who is in receipt of a stated annual salary of at least $600 as a contribution to the Superannuation Fund. The rate of deduction in the case of all female contributors is five per cent, and that for males, five per cent, five and one-half per cent or six per cent, respectively, according as the salary is not over twelve hundred dollars, over twelve hundred but not over fifteen hundred, over fifteen hundred. NOTE: A deduction of four per cent is made from the compensation of all persons appointed to temporary positions of stenographer or typist in the public service of Canada for retirement purposes. This deduction bears interest at the rate of four per cent and will be returned to the employee on separation from the Service.

(8) For admission to this competition, for the purpose of qualifying for permanent appointment, preference will be given to candidates who have attained the full age of 18 years and are not over 35 years of age on the closing date for the receipt of applications. However, if an insufficient number of eligibles is obtained, successful candidates who are over 35 but not over 40 years of age on the closing date for the receipt of applications, will be placed on the list qualifying for permanent appointment after those who come within the regular age limits. Successful candidates will be required to establish age by means of a Birth Certificate or a Baptismal Certificate on which age is properly recorded. This document should not be submitted until requested by the Civil Service Commission.

(9) The age limit is waived in the case of persons entitled to the veterans' preference. Such candidates, however, are subject to certification of the Commission that they are of such an age and in such a satisfactory physical condition that they are able to perform the duties of the position and will probably be able to continue to do so for a reasonable period after appointment. The age limit is also waived in the case of permanent civil servants, who, when first appointed, were not over thirty-five years of age.

(10) Married women need not be self-supporting to be admitted to the examination but if successful their temporary appointment to positions will be made only in the event of the supply of self-supporting eligibles being exhausted.

(11) Except in the case of positions at Ottawa, preference in appointment, so far as is practicable, will be given to persons who have resided in the localities where the vacancies occur for a period of at least one year immediately preceding the closing date for the receipt of applications.

(12) The examination will be conducted at the date to be determined later at the following centres (provided that no fewer than three candidates make application to write at the same place): Prince Rupert, Victoria, Nanaimo, Vancouver and Nelson, in the Province of British Columbia; Edmonton, Calgary and Lethbridge, in the Province of Alberta; Saskatoon, North Battleford, Regina and Moose Jaw, in the Province of Saskatchewan; Brandon and Winnipeg, in the Province of Manitoba; Port Arthur, Sault Ste. Marie, North Bay, Windsor, Sarnia, London, Guelph, Woodstock, Brantford, Hamilton, Toronto, Peterborough, Kingston and Ottawa, in the Province of Ontario; Montreal, Sorel, Sherbrooke, Trois Rivieres, Rimouski, Riviere du Loup, Chicoutimi, and Quebec, in the Province of Quebec; Fredericton, Chatham, Saint John and Moncton, in the Province of New Brunswick; Charlottetown and Summerside, in the Province of Prince Edward Island; Kentville, Bridgewater, Antigonish, Truro, Yarmouth, Halifax, Sydney, and Wolfville, in the Province of Nova Scotia. Examinations may also be held at points other than these centres, but only when the number of candidates and the distance from a regular centre would justify such action.

(13) WARNING: The Civil Service Commission has no connection with any school giving courses of instruction in preparation for Civil Service Examinations, and no particular school receives preferential treatment in connection with information regarding examinations, which in all cases is only that available to candidates themselves on application to the Commission.

Circular Letter - 1924-6

Dear Sir,-

As directed by P.C. 530 of 29th March, 1924, the Civil Service Commission is proceeding with salary revision of the Civil Service of Canada. Having completed the outside Postal Service and the Customs outside service well under way, a start is now being made on other portions of the service.

As accurate statements regarding costs are required for the information of His Excellency the Governor General in Council, the Commission finds it necessary to call on your department for the following information; such information having already been supplied by the Post Office Department as regards their outside service and by the Department of Customs and Excise for their whole service:

(1) A statement of all classes in your department with a maximum salary of $3000 or less, showing the number of employees at each salary rate in the salary range for the class (see sample attached).

(2) A statement showing the bonus paid employees in each class;

(This information may be included with statement #1 if more convenient.)

I trust that this information can be furnished at a very early date in order that as soon as the work now in hand is completed the other portions of the service may be proceeded with without delay.

THE CIVIL SERVICE COMMISSION THEREFORE RESPECTFULLY RECOMMEND FOR THE FAVOURABLE CONSIDERATION OF HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL:

I. That the existing salary schedules for the classes of positions set out in Schedules "A" and "B" hereunto attached, together with the bonus hitherto payable in respect thereof, be discontinued; and that the revised rates of compensation also set out in Schedules "A" and "B", effective as of April 1st, 1924, be substituted therefor.

(a) Employees receiving less than the minimum salary provided for the class by revision shall be advanced to the minimum of the class.

(b) Employees for whom head of household bonus payments are authorized up to the date of the passage of this Order in Council, under the revised regulations governing the payment of head of household bonus, which are now before His Excellency the Governor General in Council for approval, shall be entitled to receive increases in salary even if such increases in salary exceed the maximum of the class shown in Schedules "A" and "B" hereof, in which they are placed as follows:

To those who receive $25 or more per month bonus, an amount of	$300	per annum shall be added to their present salary.

(c) Where an employee's salary under clause (b) exceeds the maximum rate of the class in which his position is classified, this rate, for an employee so affected, shall be held to constitute the maximum of the class.

(d) Employees shall not be entitled to receive increased compensation under both clause (a) and clause (b) above, but shall receive increase under such one of the two clauses (a) or (b) which gives them the higher total compensation.

(e) An employee after increase as provided in clause (a) above shall be entitled to receive annual increments in salary up to the maximum of the class or grade in which he is classified one year from the date of his last annual increase, and irrespective of any increase herein provided.

(f) An employee after increase as provided in clause (b) above, if such increased rate is not above the maximum of the class in which he is classified, shall remain at such increased rate until such time as his annual increases would have attained this increased rate and shall then be eligible to proceed by annual increases to the maximum of the class.

(g) An employee after increase as provided in clause (b) above whose increased rate is above the maximum of the class shall be entitled to receive this increased rate above the maximum of the class until such time as the classification of his position is changed by promotion, transfer, etc., and if an employee is promoted to a position in a class with a maximum salary lower than his salary as provided in clause (b), he shall retain the salary provided by clause (b) after promotion.

(h) For any employee who qualifies for head of household bonus under the revised regulations governing the payment of head of household bonus and who receives a flat increase in salary as provided in clause (b) above, whose domestic responsibilities change so as to make him ineligible to receive this flat increase, the flat increase shall be removed and the employee placed in his class at the salary plus annual increments which he would have received had he at the time of the passing of this Order in Council not been entitled to receive this flat increase.

(i) That employees, not in the service at the time of the passing of the Order in Council which authorizes these revisions, shall not benefit by the proposed flat increase.

(j) Employees who have left the service up to the time of the passage of this Order in Council shall not be entitled to any salary adjustments under this Order in Council.

(k) Temporary employees in the service on the date of the Order in Council approving these schedules shall be entitled to treatment as indicated in clause (a) above.

(l) Temporary employees in the service on the date of the Order in Council approving these schedules shall be entitled to treatment as indicated in clause (b) above, and in order that such employees (now in the service) who are eligible for permanent appointment should suffer no reduction in salary on being made permanent, the minimum salary of the class in which they are classified shall, for the purpose of making such employees permanent, be the salary which they are entitled to receive under clause (b) above.

III. That in view of Orders in Council P.C. 1099 of the 27th June, 1924, and P.C. 33/2084 of the 1st December, 1924, relative to total compensation receivable by Post Office and Customs employees (whereby no employee was to receive less total compensation under salary revision than he would have received at his old salary plus the 1924-25 bonus), it is recommended that provision be made whereby employees affected by the salary revision as proposed in Schedules "A" and "B" attached hereto, may be paid in addition to the salary herein recommended in Schedules "A" and "B", an amount in bonus to provide an aggregate payment during the year 1924-25 equal to their 1924-25 salary and bonus.

THE CIVIL SERVICE COMMISSION THEREFORE RESPECTFULLY RECOMMENDS FOR THE FAVOURABLE CONSIDERATION OF HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL:

I. That the existing salary schedules for the classes of positions set out in Schedule "A" hereunto attached, together with the bonus hitherto payable in respect thereof, be discontinued; and that the revised rates of compensation also set out in Schedule "A", effective as of April 1st, 1924, be substituted therefor.

II. That as regards Schedule "A", the following regulations be approved regarding the method of application for the salary revision to the individual employee.

(a) Employees' salaries shall be determined by placing the employee in a corresponding rate in the new salary range to that of the old salary range, - that is, an employee at the first rate of the old salary range will go to the first rate in the new salary range and an employee at the third rate in the old salary range will go to the third rate in the new salary range.

(b) Employees for whom head of household bonus payments are authorized up to the date of the passage of this Order in Council, under the revised regulations governing the payment of head of household bonus, which are now before His Excellency the Governor General in Council for approval, shall be entitled to receive increases in salary even if such increases in salary exceed the maximum of the class shown in Schedule "A" hereof, in which they are placed as follows:

To those who receive $25 or more per month bonus, an amount of	$300	per annum shall be added to their present salary.
To those who receive $20 or more per month bonus, an amount of	$240	per annum shall be added to their present salary.
To those who receive $15 or more per month bonus, an amount of	$180	per annum shall be added to their present salary.
To those who receive $10 or more per month bonus, an amount of	$120	per annum shall be added to their present salary.
To those who receive $5 or more per month bonus, an amount of	$60	per annum shall be added to their present salary.

(c) Where an employee's salary under clause (b) exceeds the maximum rate of the class in which his position is classified, this rate, for an employee so affected, shall be held to constitute the maximum of the class.

(d) Employees shall not be entitled to receive increased compensation under both clause (a) and clause (b) above, but shall receive increase under such one of the two clauses (a) or (b) which gives them the higher total compensation.

(e) An employee after increase as provided in clause (a) above shall be entitled to receive annual increments in salary up to the maximum of the class or grade in which he is classified one year from the date of his last annual increase.

(f) An employee after increase as provided in clause (b) above, if such increased rate is not above the maximum of the class in which he is classified shall remain at such increased rate until such time as his annual increases would have attained this increased rate and shall then be eligible to proceed by annual increases to the maximum of the class.

(g) An employee after increase as provided in clause (b) above whose increased rate is above the maximum of the class shall be entitled to receive this increased rate above the maximum of the class until such time as the classification of his position is changed by promotion, transfer, etc., and if an employee is promoted to a position in a class with a maximum salary lower than his salary as provided in clause (b) above, he shall retain the salary provided by clause (b) after promotion.

(h) For any employee who qualifies for head of household bonus under the revised regulations governing the payment of head of household bonus and who receives a flat increase in salary as provided in clause (b) above, whose domestic responsibilities change so as to make him ineligible to receive this flat increase, the flat increase shall be removed and the employee placed in his class at the salary plus annual increments which he would have received had he at the time of the passage of this Order in Council not been entitled to receive the flat increase.

(i) That employees, not in the service at the time of the passage of the Order in Council, which authorizes these revisions, shall not benefit by the proposed flat increase.

(j) Employees who have left the service up to the time of the passage of this Order in Council shall not be entitled to any salary adjustments under this Order in Council.

(k) Temporary employees receiving less than the minimum salary provided for the class by revision shall be advanced to the minimum of the class, but this clause shall not apply to temporary employees who receive flat increases in salary under clause (b)

(l) Temporary employees in the service on the date of the Order in Council approving these schedules shall be entitled to treatment as indicated in clause (b) above, and in order that such employees (now in the service) who are eligible for permanent appointment should suffer no reduction in salary on being made permanent, the minimum salary of the class in which they are classified shall, for the purpose of making such employees permanent, be the salary which they are entitled to receive under clause (b) above.

III. That in view of Orders in Council P.C. 1099, of the 27th June, 1924, and P.C. 33/2084, of the 1st December, 1924, relative to total compensation receivable by Post Office and Customs employees (whereby no employee was to receive less total compensation under salary revision than he would have received at his old salary plus the 1924-25 bonus), it is recommended that provision be made whereby employees affected by the salary revisions as proposed in Schedule "A" attached hereto, may be paid in addition to the salary herein recommended in Schedule "A" an amount in bonus to provide an aggregate payment during the year 1924-25 equal to their 1924-25 salary and bonus.

Office of the Secretary,

Ottawa, MAY 8 1925

CIRCULAR LETTER 1925-16

Dear Sir,-

Order in Council P.C. 8/712, dated May 6th, 1925, approves of the attached recommendations of the Civil Service Commission which provide new ranges of compensation for certain classes in the Printing Trades, Engineman, Agricultural Labour, Domestic, Custodial and Janitorial, and Marine Skilled Labour Services, with a view to the discontinuance of the cost of living bonus.

It will be observed that salary adjustments in accordance with the attached regulations covering the revision of salaries cannot be made for employees who received bonus allowances of $5 or more during the month of March, 1925, until the provisions of Order in Council P.C. 1/712 are complied with.

Other adjustments, however, can be made immediately in accordance with the above mentioned P.C. 8/712.

Yours truly,

O. Scott

Secretary.

THE CIVIL SERVICE COMMISSION THEREFORE RESPECTFULLY RECOMMENDS FOR THE FAVOURABLE CONSIDERATION OF HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL:

I. That the existing salary schedules for the classes of positions set out in Schedules A, B, C, D, E, and F, hereunto attached, together with the bonus hitherto payable in respect thereof, be discontinued; and that the revised rates of compensation also set out in Schedules A, B, C, D, E, and F, effective as of April 1st, 1924, be substituted therefor.

II. That as regards Schedules A, B, C, D, E, and F, the following regulations be approved regarding the method of application of the salary revision to the individual employee:

(a) Employees receiving less than the minimum salary provided for the class by revision shall be advanced to the minimum of the class.

(b) Employees for whom head of household payments are authorized up to the day of the passage of this Order in Council, under the revised regulations governing the payment of head of household bonus, which are now before His Excellency the Governor General in Council for approval, shall be entitled to receive increases in salary even if such increases in salary exceed the maximum of the class shown in Schedules A, B, C, D, E, and F, hereof, in which they are placed, as follows:

To those who receive $25 or more per month bonus, an amount of	$300	per annum shall be added to their present salary.
To those who receive $20 or more per month bonus, an amount of	240	per annum shall be added to their present salary.
To those who receive $15 or more per month bonus, an amount of	180	per annum shall be added to their present salary.
To those who receive $10 or more per month bonus, an amount of	120	per annum shall be added to their present salary.
To those who receive $5 or more per month bonus, an amount of	60	per annum shall be added to their present salary.

(c) Where an employee's salary under clause (b) exceeds the maximum rate of the class in which his position is classified, this rate, for an employee so affected, shall be held to constitute the maximum of the class.

(d) Employees shall not be entitled to receive increased compensation under both clause (a) and clause (b) above, but shall receive increase under such one of the two clauses (a) or (b) which gives them the higher total compensation.

(e) An employee after increase as provided in clause (a) above shall be entitled to receive annual increments in salary up to the maximum of the class or grade in which he is classified one year from the date of his last annual increase, and irrespective of any increase herein provided.

(f) An employee after increase as provided in clause (b) above, if such increased rate is not above the maximum of the class in which he is classified shall remain at such increased rate until such time as his annual increases would have attained this increased rate and shall then be eligible to proceed by annual increases to the maximum of the class.

(g) An employee after increase as provided in clause (b) above whose increased rate is above the maximum of the class shall be entitled to receive this increased rate above the maximum of the class until such time as the classification of his position is changed by promotion, transfer, etc. and if an employee is promoted to a position in a class with a maximum salary lower than his salary as provided in clause (b), he shall retain the salary provided by clause (b) after promotion.

(h) For any employee who qualifies for head of household bonus under the revised regulations governing the payment of head of household bonus and who receives a flat increase in salary as provided in clause (b) above, whose domestic responsibilities change so as to make him ineligible to receive this flat increase, the flat increase shall be removed and the employee placed in his class at the salary plus annual increments which he would have received had he at the time of the passing of this Order in Council not been entitled to receive the flat increase.

(i) That employees, not in the service at the time of the passing of the Order in Council which authorizes these revisions, shall not benefit by the proposed flat increase.

(j) Employees who have left the service up to the time of the passage of this Order in Council shall not be entitled to any salary adjustments under this Order in Council.

(k) Temporary employees in the service on the date of the Order in Council approving these schedules shall be entitled to treatment as indicated in clause (a) above.

(l) Temporary employees in the service on the date of the Order in Council approving these schedules shall be entitled to treatment as indicated in clause (b) above, and in order that such employees (now in the service) who are eligible for permanent appointment should suffer no reduction in salary on being made permanent, the minimum salary of the class in which they are classified shall, for the purpose of making such employees permanent, be the salary which they are entitled to receive under clause (b) above.

III. That in view of Orders in Council P.C. 1099 of the 27th June, 1924, and P.C. 33/2084 of the 1st December, 1924, relative to total compensation receivable by Post Office and Customs employees (whereby no employee was to receive less total compensation under salary revision than he would have received at his old salary plus the 1924-25 bonus), it is recommended that provision be made whereby employees affected by the salary revision as proposed in Schedules A, B, C, D, E, and F, attached hereto, may be paid in addition to the salary herein recommended in Schedules A, B, C, D, E, and F, an amount in bonus to provide an aggregate payment during the year 1924-25 equal to their 1924-25 salary and bonus.

CIRCULAR LETTER 1925-12

Dear Sir,-

Order in Council P.C. 4/712, dated May 6th, 1925, approves of the attached recommendations of the Civil Service Commission which provide new ranges of compensation for certain classes in the General Artisan and Skilled Labour Services, with the exception of the Canal Operating, Radiotelegraph, and Lightkeeper classes which are dealt with separately, with a view to the discontinuance of the cost of living bonus.

It will be observed that salary adjustments in accordance with the attached regulations covering the revision of salaries cannot be made for employees who received bonus allowances of $5 or more during the month of March, 1925, until the provisions of Order in Council P.C. 1/712 are complied with.

Other adjustments, however, can be made immediately in accordance with the above mentioned P.C. 4/712.

Yours truly,

O. Foran

Secretary.

THE CIVIL SERVICE COMMISSION THEREFORE RESPECTFULLY RECOMMENDS FOR THE FAVOURABLE CONSIDERATION OF HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL:

I. That the existing salary schedules for the classes of positions set out in Schedule "A" hereof, together with the bonus hitherto payable in respect thereof, be discontinued; and that the revised rates of compensation also set out in Schedule "A", effective as of April 1st, 1924, be substituted therefor.

II. That as regards Schedule "A" the following regulations be approved regarding the method of application of the salary revision to the individual employee:

(a) Employees receiving less than the minimum salary provided for the class by revision shall be advanced to the minimum of the class.

(b) Employees for whom head of household bonus payments are authorized up to the date of the passage of this Order in Council, under the revised regulations governing the payment of head of household bonus, which are now before His Excellency the Governor General in Council for approval, shall be entitled to receive increases in salary even if such increases in salary exceed the maximum of the class shown in Schedule "A" hereof, in which they are placed as follows:

To those who receive $25 or more per month bonus, an amount of	$300	per annum shall be added to their present salary.
To those who receive $20 or more per month bonus, an amount of	$240	per annum shall be added to their present salary.
To those who receive $15 or more per month bonus, an amount of	$180	per annum shall be added to their present salary.
To those who receive $10 or more per month bonus, an amount of	$120	per annum shall be added to their present salary.
To those who receive $5 or more per month bonus, an amount of	$60	per annum shall be added to their present salary.

(c) Where an employee's salary under clause (b) exceeds the maximum rate of the class in which his position is classified, this rate, for an employee so affected, shall be held to constitute the maximum of the class.

Indian Affairs. (RG 10, Volume 3129, File 339,996-8)

(d) Employees shall not be entitled to receive increased compensation under both clause (a) and clause (b) above, but shall receive increase under such one of the two clauses (a) or (b) which gives them the higher total compensation.

(e) An employee after increase as provided in clause (a) above shall be entitled to receive annual increments in salary up to the maximum of the class or grade in which he is classified one year from the date of his last annual increase, and irrespective of any increase herein provided.

(f) An employee after increase as provided in clause (b) above, if such increased rate is not above the maximum of the class in which he is classified shall remain at such increased rate until such time as his annual increases would have attained this increased rate and shall then be eligible to proceed by annual increases to the maximum of the class.

(g) An employee after increase as provided in clause (b) above whose increased rate is above the maximum of the class shall be entitled to receive this increased rate above the maximum of the class until such time as the classification of his position is changed by promotion, transfer, etc., and if an employee is promoted to a position in a class with a maximum salary lower than his salary as provided in clause (b) above, he shall retain the salary provided by clause (b) after promotion.

(h) For any employee who qualifies for head of household bonus under the revised regulations governing the payment of head of household bonus and who receives a flat increase in salary as provided in clause (b) above, whose domestic responsibilities change so as to make him ineligible to receive this flat increase, the flat increase shall be removed and the employee placed in his class at the salary plus annual increments which he would have received had he at the time of the passage of this Order in Council not been entitled to receive the flat increase.

(i) That employees, not in the service at the time of the passage of the Order in Council, which authorizes these revisions, shall not benefit by the proposed flat increase.

(j) Employees who have left the service up to the time of the passage of this Order in Council shall not be entitled to any salary adjustments under this Order in Council.

(k) Temporary employees in the service on the date of the Order in Council approving these schedules shall be entitled to treatment as indicated in clause (a) above.

(l) Temporary employees in the service on the date of the Order in Council approving these schedules shall be entitled to treatment as indicated in clause (b) above, and in order that such employees (now in the service) who are eligible for permanent appointment should suffer no reduction in salary on being made permanent, the minimum salary of the class in which they are classified shall, for the purpose of making such employees permanent, be the salary which they are entitled to receive under clause (b) above.

III. That in view of Orders in Council P.C. 1099 of the 27th June, 1924, and P.C. 33/2084 of the 1st December, 1924, relative to total compensation receivable by Post Office and Customs employees (whereby no employee was to receive less total compensation under salary revision than he would have received at his old salary plus the 1924-25 bonus), it is recommended that provision be made whereby employees affected by the salary revisions as proposed in Schedule "A" attached hereto, may be paid in addition to the salary herein recommended in Schedule "A", an amount in bonus to provide an aggregate payment during the year 1924-25 equal to their 1924-25 salary and bonus.

THE CIVIL SERVICE COMMISSION THEREFORE RESPECTFULLY RECOMMENDS FOR THE FAVOURABLE CONSIDERATION OF HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL:

I. That the existing salary schedules for the classes of positions set out in Schedule "A" hereof, together with the bonus hitherto payable in respect thereof, be discontinued; and that the revised rates of compensation also set out in Schedule "A", effective as of April 1st, 1924, be substituted therefor.

II. That as regards Schedule "A" the following regulations be approved regarding the method of application of the salary revision to the individual employee:

(a) Employees receiving less than the minimum salary provided for the class by revision shall be advanced to the minimum of the class.

(b) Employees for whom head of household bonus payments are authorized up to the date of the passage of this Order in Council, under the revised regulations governing the payment of head of household bonus, which are now before His Excellency the Governor General in Council for approval, shall be entitled to receive increases in salary even if such increases in salary exceed the maximum of the class shown in Schedule "A" hereof, in which they are placed as follows:

To those who receive $25 or more per month bonus, an amount of	$300	per annum shall be added to their present salary.
To those who receive $20 or more per month bonus, an amount of	$240	per annum shall be added to their present salary.
To those who receive $15 or more per month bonus, an amount of	$180	per annum shall be added to their present salary.
To those who receive $10 or more per month bonus, an amount of	$120	per annum shall be added to their present salary.
To those who receive $5 or more per month bonus, an amount of	$60	per annum shall be added to their present salary.

(c) Where an employee's salary under clause (b) exceeds the maximum rate of the class in which his position is classified, this rate, for an employee so affected, shall be held to constitute the maximum of the class.

Indian Affairs. (RG 10, Volume 3129, File 339,996-8)

ARCHIVES PUBLIQUES

(d) Employees shall not be entitled to receive increased compensation under both clause (a) and clause (b) above, but shall receive increase under such one of the two clauses (a) or (b) which gives them the higher total compensation.

(e) An employee after increase as provided in clause (a) above shall be entitled to receive annual increments in salary up to the maximum of the class or grade in which he is classified one year from the date of his last annual increase, and irrespective of any increase herein provided.

(f) An employee after increase as provided in clause (b) above, if such increased rate is not above the maximum of the class in which he is classified shall remain at such increased rate until such time as his annual increases would have attained this increased rate and shall then be eligible to proceed by annual increases to the maximum of the class.

(g) An employee after increase as provided in clause (b) above whose increased rate is above the maximum of the class shall be entitled to receive this increased rate above the maximum of the class until such time as the classification of his position is changed by promotion, transfer, etc., and if an employee is promoted to a position in a class with a maximum salary lower than his salary as provided in clause (b) above, he shall retain the salary provided by clause (b) after promotion.

(h) For any employee who qualifies for head of household bonus under the revised regulations governing the payment of head of household bonus and who receives a flat increase in salary as provided in clause (b) above, whose domestic responsibilities change so as to make him ineligible to receive this flat increase, the flat increase shall be removed and the employee placed in his class at the salary plus annual increments which he would have received had he at the time of the passage of this Order in Council not been entitled to receive the flat increase.

(i) That employees, not in the service at the time of the passage of the Order in Council, which authorizes these revisions, shall not benefit by the proposed flat increase.

(j) Employees who have left the service up to the time of the passage of this Order in Council shall not be entitled to any salary adjustments under this Order in Council.

(k) Temporary employees in the service on the date of the Order in Council approving these schedules shall be entitled to treatment as indicated in clause (a) above.

(l) Temporary employees in the service on the date of the Order in Council approving these schedules shall be entitled to treatment as indicated in clause (b) above, and in order that such employees (now in the service) who are eligible for permanent appointment should suffer no reduction in salary on being made permanent, the minimum salary of the class in which they are classified shall, for the purpose of making such employees permanent, be the salary which they are entitled to receive under clause (b) above.

III. That in view of Orders in Council P.C. 1099 of the 27th June, 1924, and P.C. 33/2084 of the 1st December, 1924, relative to total compensation receivable by Post Office and Customs employees (whereby no employee was to receive less total compensation under salary revision than he would have received at his old salary plus the 1924-25 bonus), it is recommended that provision be made whereby employees affected by the salary revisions as proposed in Schedule "A" attached hereto, may be paid in addition to the salary herein recommended in Schedule "A", an amount in bonus to provide an aggregate payment during the year 1924-25 equal to their 1924-25 salary and bonus.

OTTAWA, Ontario.

Dear Sir,-

Referring to the questions raised in your letter of June 11th in respect to the application of regulations under P.C. 2/712, I am directed to reply as follows:-

1. An employee receiving a salary of $660. on March 31st. 1924 was granted an increaseto $720. on April 1st. 1924. Under the above Order in Council Paragraph 1@, 2(E) is he entitled to a salary of $780. from the latter date? If so he will be receiving each year a larger salary than some clerks who were previously receiving more than he was.

This employee is payable at $720. for the fiscal year 1924-25 for on April 1st. 1924 he was advanced to $720, and was receiving the minimum and therefore clause (a) does not apply.

2. Is an employee receiving a salary of $600. since April 1st. 1923, with bonus of $315. entitled to a salary of $900. or $960. on April 1st. 1924, that is, should the statutory increase be added first and the bonus afterwards, even if the two increases raise the salary above the maximum?

Add increase in lieu of Bonus to 1924-25 salary. In this case if the statutory increase to $660. was duly approved, effective April 1st. 1924, his salary as of April 1st, 1924, willbe $960.

3. An employee at a salary of $1380, from April 1st, 1923, and a bonus of $136. is classified in Grade 4. What is his salary on April 1st. 1924, that is, does he get a statutory increase on that date?

If there was a statutory increase approved as of April 1st, 1924, to $1440, the adjustment of $120. in lieu of bonus gives a total of $1560. The same would apply if the clerk did not receive an increase as of April 1st. 1924, for the adjustment would also be as follows:-
Salary April 1st 1924, $1380. plus $180. - $1560.

4. A clerk at $1380. from April 1st, 1924, with bonus of $180. is reclassified in Grade 4. On his salary of $1500. the new minimum, he would be entitled to a bonus of only $120. Is he entitled to add the bonus of $180. which was based on a salary of $1380. or only $120. the bonus for the new rate of $1500?

Adjustment in salary $1380. plus $180. - $1560. effective April 1st 1924. One annual increase will be omitted and employee will be eligible for increase to $1620. April 1st. 1926, which is governed by the following increases which the employee must catch up.

April 1st. 1924, $1500. minimum of class.
April 1st. 1925, $1560.
April 1st. 1926, $1620.

5. A Senior Audit Clerk at a salary of $1320. since April 1st. 1923, with a bonus of $186 is classified in Grade 3. What salary is he entitled to from April 1st 1924 and April 1st 1925, that is, is he entitled to benefit by the addition of bonus and be allowed to proceed to his old maximum as well?

If the employee's salary was duly increased as of April 1st, 1924, at $1380, the following treatment applies.

	With bonus	Without bonus
April 1, 1924,	$1380 plus $180 - $1560.	$1380
" 1, 1925,	No change	$1440
" 1, 1926,	No change	$1500
" 1, 1927,	No change	$1560.
" 1, 1928,	$1620.	$1620.
" 1, 1929.	$1680.	$1680.
" 1, 1930,	$1740.	$1740.

If there was no salary increase approved as of April 1st, 1924 the following treatment applies, increases being duly approved.

	With bonus	Without bonus
April 1, 1924,	$1320 plus $180 - $1500.	$1320.
" 1, 1925	No change	$1380.
" 1, 1926,	No change	$1440.
" 1, 1927,	No change	$1500.
" 1, 1928,	$1560.	$1560.
" 1, 1929,	$1620.	$1620.
" 1, 1930,	$1680.	$1680.
" 1, 1931	$1740	$1740.

6. Is a Senior Audit Clerk at a salary of $1740. since April 1st, 1923, and classified in Grade 4 entitled to the new maximum on April 1st 1924 or April 1st 1925?

Entitled to $1500. April 1st 1924. Note: This would not apply in case of a Senior Audit Clerk classified as Clerk Grade 3 and promoted to Clerk Grade 4 April 1st, 1926. In this case the employee would have to remain at $1740 until in Grade 4 for one year when he would be eligible for an annual increase April 1st, 1927.

7. An Audit Clerk at a salary of $1320. on March 31st. 1924, without bonus, is classified in Grade 3, what salary rate shall be paid on April 1st, 1924.

8. An Audit Clerk at a salary of $1300. on March 31st, 1924, with a bonus of $198 in March 1925 is classified in Grade 3. What is his salary rate on April 1st, 1924.

	With bonus	Without bonus
April 1, 1924,	$1300. plus $180 - $1480.	$1300. adjusted to $1320.
" 1, 1925,	No change	$1380.
" 1, 1926,	No change	$1440.
" 1, 1927,	$1500.	$1500.

(See letter of July 24th amending this answer)

9. An Audit Clerk at $960. promoted to Senior Audit Clerk on October 1st, 1924 at a salary of $1320 is classified in Grade 3 from April 1st, 1924. What salary should be receive on October 1st, 1924?

Treatment:

April 1, 1924 - October 1st, 1924	$1260.
October 1, 1924	$1320.

and by annual increases up to maximum of old class, Senior Audit Clerk ($1740). In this case it is assumed that the position of Audit Clerk originally occupied by this employee before promotion was reclassified as Clerk Grade 3 and the employee promoted to a position of Senior Audit Clerk, which is subsequently classified as Clerk Grade 3.

10. (a) A Senior Audit Clerk was receiving a salary of $1320. on April 1st 1924, and a bonus of $186. He is now classified in Grade 4, proceeding to $1500. When may he be advanced to $1560?

He may receive an annual increase April 1, 1925 to $1560. It is assumed that this employee received the rate of $1320. on April 1st, 1924 and not before, thereby being eligible for annual increase not before April 1st 1925. However if he received the rate of $1320 effective say July 1st, 1923. he would be eligible for increase to $1560 July 1st, 1924.

(b) A Senior Audit Clerk was receiving a salary of $1380. on April 1st 1924 and a bonus of $186. He is now classified in Grade 4 and evidently goes to $1560. How long does he remain at that salary?

This employee would be eligible to anincrease to $1620. on April 1st 1925, the date on which he would have reached this rate had normal increases applied, rather than the bonus adjustment.

11. Paragraph 13, 3 (b). What steps are provided to ascertain when status as head of household changes? Should new declaration be called for each year?

This matter is under consideration at the present time.

12. Paragraph 18, 2(g). In view of thestatutory provision in the Civil Service Act, that transfers or promotions cannot be made at salary rates above the maximum of the class, has it been established that a regulation passed under the Civil Service Act can legally alter such statutory provision?

A legal opinion has not been obtained in this respect.

13. Paragraph 18, 2(L). The Civil Service Act specially provides that all appointments must be at minimum of class. Has it been ascertained that under this regulation, appointments may legally be made at higher salaries than the iminimum?

The Order in Council specifically provides that the minimum of the class shall be higher than the rate specified under certain conditions and thus the higher minimum being provided, appointments maybe made at the higher rate without exceeding the authorized minimum of the class,as fixed by the Governor in Council on the recommendation of the Civil Service Commission.

It might be pointed out in general that the basis for computation of adjustments is the 1924-25 salary plus the amount of the adjustment in lieu of bonus. The adjustments were intended to cover current salaries in the year 1924-25 plus the bonus of that year, less a fractional loss in bonus to employees of amounts less than $5. per month in order to bring salaries to even multiples of $60 annual.

The term 'present salary' as used in 11(b) as follows:

"To those who receive $25.or more per month bonus, an amount of $300. per annum shall be added to their present salary",

is taken to mean salaries with the annual increases granted and approved during the fiscal year 1924-25, based on classes and salary ranges in effect previous to the recent salary revision.

To replace the former bonus allowance, the amounts shown in Paragraph 11 (b) are to be added to such salary.

It is not intended however, that the effective date of the Order in Council being April 1, 1924, that this should have the effect of antedating to April 1, 1924, annual increases granted in July 1st, 1924, November 1st, 1924 or January 1st 1925.

Yours truly,

(Sgd.) W. Foran,

Secretary.

Dear Sir,-

Re: Revision of Salaries.

Referring to your letter of July 21st. in respect to the case of an employee formerly in receipt of a salary of $1300. (without bonus) now classified with a maximum of $1500.

The Commission's letter of June 25th. showed this employee as proceeding to $1320. as of April 1st. 1924. As stated in your letter, there are no regulations covering the point in question.

However under promotional regulations (See P.C. 10/185 and Regulation 83 (a), an employee may receive an annual increase even though a fractional increase has been given as an adjustment on promotion, within the previous twelve months. It would appear, therefore, to be equitable and in conformity with the treatment provided under Regulation 83 (a) to neglect the $20 as a fractional increase and approve of a full annual increase in the case in question, up to $1380. as of April 1st, 1924.

Yours very truly,

AUDITOR GENERAL'S OFFICE

OTTAWA, July 18th, 1925

Dear Sir,-

Re: Revision of Salaries

I am in receipt of your paylist covering increases of salary for certain employees of your Department effected by revision of salaries under Order in Council of May 6th. last.

Attention is called to the case of C. Ferrill, Inspector of Textile Products for whom you claim an increase of $130. for 1924-25, $120. salary and $10.00 bonus, based on the new salary of $1800. and the new bonus of $40.

As Mr. Ferrill was in receipt of $1680. salary in 1923-24, he would under the revision be entitled to the new salary of $1800. from April 1st, 1924. I find no authority for adding thereto the amount of bonus previously payable on a salary of $1800. Under the revision there is no bonus payable on a salary of $1800. The increase in my opinion should be $70. only.

Yours truly,

Dear Miss Saunders,-

I understand that statutory increases cannot be granted until the increase added to salary in lieu of bonus has been absorbed.

An official who has had $300.00 added to his salary from the 1st April, 1925, in lieu of bonus, and whose statutory increases are given on the 1st January, would have this increase absorbed by the 30th June, 1928, viz., 1st January, 1926 - $120.00; 1st January, 1927 - $120.00; 1st January, 1928 - $60.00 to 30th June, 1928; Total $300.00. It would appear, therefore, that he would be entitled to an increase of $60.00 for the last six months of 1928, - as if he could not be given an increase until 1st January, 1929, he would lose $60.00, had he received statutory increase instead of increase in lieu of bonus, which would be most unfair.

Kindly advise.

Yours truly,

OTTAWA, 28th.September 1925.

Dear Mr.Paget:

Replying to your letter of the 28th. instant I beg to say that the balancing of the regular salary plus annual increases, with the salary which has been adjusted by means of a flat increase in lieu of bonus is not so much a case of absorbing the actual sum of $300 as of waiting until the salary with the addition of annual increases would be equal to or greater than the salary with the flat increase adjustment. Take for instance, the class "Indian Farming Instructor and Constable" in your Department.

An employee who was appointed on the 1st January 1924 at the minimum of $840 per annum would have his salary increased to $960 from the 1st. January 1925 and with the flat increase of $300 in lieu of bonus, would be paid thereafter at the rate of $1260 per annum. His salary without the flat increase would be $1080 from the 1st. January 1926, $1200 from 1st. January 1927 and $1320 from the 1st.January 1928. This latter increase would therefore be granted as he is entitled to a higher salary from that date than the $1260 which he has hitherto been paid.

Yours very truly,

E. Saunders

Memorandum,-

Mr. Hayes.

Another increase in salary cannot be given until your former salary($720.00) with the addition of annual increases of $120.00 would be equal to or greater than your salary with the flat increase adjustment of $300.00. Therefore, your salary will remain at $1020.00 until the 1st January, 1928, when it can be increased to $1080.00, the next salary rate in the Indian Farming Instructor Class, and on the 1st January, 1929, to $1200.00, the maximum salary of your class.

CIVIL SERVICE COMMISSION

DEPT. OF INDIAN AFFAIRS
OCT 5 1925
RECEIVED

IN REPLY REFER TO FILE No. .....

OTTAWA, OCT 2 1925

Circular Letter 1925-28.

Sir:-

I shall be much obliged if you will be good enough to submit to the Civil Service Commission at your earliest convenience a list of all cases of employees in your Department where a flat increase has been granted in lieu of bonus showing the name of employee, position reference number, the salary and bonus as of the 31st. March, 1925, and the adjustment by means of the flat increase effective 1st. April, 1925. This information is necessary to complete the records of the Commission in regard to the present salary of employees, to show when each employee will become eligible for further salary increase, and to determine the salary on promotion of such employees as may be advanced to higher classes.

As regards the annual salary increases which will be withheld until the employee would have attained by regular annual increments the amount which he is now being paid through the flat increase, I am directed to say that in the opinion of the Commission, it would be advisable to have these increases approved each year as they fall due, notwithstanding the fact that they will have no effect upon the employee's salary, inasmuch as it is provided in the regulations governing salary revision, that any employee whose domestic responsibilities change so as to make him ineligible to receive the flat increase, shall have the flat increase removed and shall be

placed in his class at the salary plus annual increases which he would have received had he at the time of the passage of the Order in Council, not been entitled to receive the flat increase. If the increases are not submitted and approved each year, there will be no report on the character of the employee's service and it would be impossible to say, when further adjustment becomes necessary, whether he would in the ordinary course of events have been granted the increase or no.

I am, Sir,
Your obedient servant,

Memorandum,-

Dr. Scott.

It is now almost eight months since the bonus was discontinued and only recently have we received the approval of the Commission to increase salaries in most cases in lieu thereof. They, however, withheld approval of a few cases and I have been unable to obtain any satisfactory explanation as to their fate from the Commission's account beyond a statement that they are before the Board. Why there should be such delay is beyond me as it seems clear to us that these cases are worthy of the continuation of the bonus in the form of an increase to salary. It is not very considerate of the Commission, to say the least of it, to treat servants of the Government in this manner, even though they are poor and without influence. It may be that the Commission is not aware of this disgraceful delay, but it seems their attention should be drawn to it.

CIVIL SERVICE COMMISSION

The Board had under consideration the following memorandum from the Civil Service Commission, submitted by the Honourable the Acting Secretary of State:-

1. "Pursuant to instructions contained in Order in Council P.C. 530, dated March 29th, 1924, the Civil Service Commission has completed the work of Salary Revision in the Service with a view to discontinuance of the provisional bonus allowances in effect during the fiscal year 1924-25.

2. Following conferences with the deputy heads of departments at the time of Salary Revision in the Service, and in compliance with the expressed opinions of the Deputy Ministers that many employees in the Civil Service who were formerly in receipt of bonus payments, although complying strictly with the then existing regulations, should not be regarded as bona fide heads of household, the Commissioners submitted to His Excellency the Governor General in Council, certain proposed changes in the regulations governing bonus payments as authorized by Order in Council P.C. 621, dated April 12th, 1924, such proposals being approved by Order in Council P.C. 1/712, dated May 6th, 1925.

In order to more definitely establish the conditions upon which the said flat increases in salary approved under Salary Revision to replace former bonus payments, shall be applied, the Civil Service Commissioners respectfully recommend that Paragraphs 4,5 and 6 of the said Order in Council P.C. 1/712, of May 6th, 1925, be replaced by the following:

A. Flat increases in salary in accordance with Paragraph II (b) of the Regulations governing Salary Revision in the Service shall be granted to employees who received, were entitled to receive, or may subsequently hereto be authorized to receive bonus payments for the month of March, 1925, in pursuance of the said Order in Council P.C. 621, dated April 12th, 1924, and who, under the regulations contained herein are deemed to have been entitled to such payments.

Memorandum:

Dr. Scott.

In June, last, the Department decided to add $15 per teaching month to the salary of each teacher at Indian day schools. The authority was P. C. 1/712, dated May 6, 1925, which provided new ranges of compensation with a view to the discontinuance of the Cost of Living Bonus. Miscellaneous Vote No. 492 provides, subject to the approval of the Treasury Board, for such increases. The Treasury Board advised you at that time that the item need not be placed in our Supplementary Estimates, Indian Education, but that at the end of the fiscal year arrangements should be made for the transfer from Vote 492 to Indian Education of the funds necessary to pay such increases.

Mr. MacInnes and I have discussed the matter and I suggest that the Treasury Board be approached as follows: -

> The undersigned has the honour to request that authority be granted for the expenditure of $35,031.25 for the payment of salary and bonus increases and adjustments for teachers of Indian day schools in the employ of the Department of Indian Affairs, as provided by Parliamentary Appropriation, Vote No. 492, 1925, and pursuant to the provisions and requirements of an Order of His Excellency in Council of May 6, 1925, respecting the regrading of certain classes of civil servants and regulations made under authority thereof by the Civil Service Commission. The said increases and adjustments are shown in detail in a statement which is appended hereto.

Memorandum:

Dr. Scott.

During the fiscal years 1918-19 to 1924-25 teachers of Indian day schools were paid bonus at a flat rate of $150 each. This practice was approved by P. C. 2341, of November 11th, 1922, and re-affirmed for the fiscal year 1924-25 by P. C. 1036, dated June 21st, 1924. Copies of these Minutes are attached hereto.

P. C. 1/712, dated May 6th, 1925, provided new ranges of compensation with a view to the discontinuance of the bonus. Section B of Section 11 of Civil Service Regulations re Bonus and Salary, approved by this last mentioned Order in Council, was considered authority for adding $150 to the salary of each teacher for the fiscal year 1925-26.

I understand that Miscellaneous Vote No. 492 includes an item of $83,950 for salary adjustments in the Outside Service of Indian Affairs. Arrangements should now be made for a transfer from this Vote to Indian Education of the funds necessary to pay the increase in salaries of teachers of Indian day schools. The amount required is $35,031.25, as shown on the attached list.

The Treasury Board will give favourable consideration to our application provided it is approved by the Civil Service Commission. I wish to recommend that steps be taken to secure such approval.

Dear Sir:

Pursuant to my recent conversation with Dr. Roche and Mr. Putman, I have now to request that you will arrange for a general change in the Classification of "Teacher (Indian School)". It is extremely desirable that the compensation read "From $300 to $1200 for the academic year," the exact amount to be decided by the Department and the Civil Service Commission in each case."

I should be grateful if you would secure approval to adjust as from April first, last, the salaries of teachers of Indian day schools, who, during the year 1924-25 were in receipt of special bonus. It is desired to add the amount of bonus paid during the said year to their salaries for 1925-26.

Dear Sir:-

RE: Quarterly Statement of persons employed exempt from the operations of the Civil Service Act.
Your file No. 339,996-10.

With reference to your statement under cover of a letter dated 6th July, 1923, it is noted that several appointments appear to have been made at a higher rate than $200 per annum. It is understood that several of these cases are covered by special Orders in Council and for the purposes of a comparison with the records of this office, would you be good enough to advise, in each case, of an appointment at an annual salary of more than $200 and as to the number of the Order in Council authorizing such an appointment.

Yours very truly,

Secretary.

CIVIL SERVICE COMMISSION

CANADA

IN REPLY REFER TO FILE No. 56-5-IA

OTTAWA, FEB 6 1934

DEPT. OF INDIAN AFFAIRS
FEB 21 1934
REGISTRY

Dear Sir,

The Commission notes that in your quarterly statement of persons employed in positions which are exempt from the operation of the Civil Service Act, you list two Laundresses employed at $25.00 per month, plus maintenance, two Housemaids at $24.00 per month, plus maintenance, and two Housemaids at $20.00 per month, plus maintenance.

As the classification does not provide an allowance for Laundresses, I must point out that such a rate of compensation is contrary to the Act. The rate for this class is minimum $420, maximum $900.

With respect to the Housemaids, the Commission would like to be informed of what the maintenance consists, as the allowance clause provides that meals, in some cases full maintenance may be provided, the meals only being valued at $120 per annum, and full maintenance $180 per annum. It is also provided that when lodging is provided an amount not exceeding $15.00 per month as agreed upon between the Department and the Civil Service Commission shall be deducted. The evaluation of the allowances is provided for by Order in Council P.C. 32/1724 of July 30, 1932, and the deduction by Order in Council P.C. 256/1367 of June 14, 1932. It is to be noted that the salary provided the Housemaids as reported in your quarterly report is less than the minimum of the class.

Yours truly,

Secretary.
