Those who attended the Concert given by the Choir of St. Andrew's Church on Thursday evening last, had the pleasure of listening to an entertainment of a very excellent character. The piano duet, March "En Avant," was performed by Mr. Peiler and the Rector, the Rev. H. H. Barber. A short but brilliant composition, in the rendition of which the pianists reflected credit upon themselves as well as the composer. Mrs. Perley was loudly applauded as she appeared at the footlights. The various pieces on the programme are said to have been rendered in a most efficient and creditable manner by the choir and the lady and gentleman from St. John who assisted.

Strange to say, the attendance was small, owing perhaps to the fact that the Concert had not been sufficiently advertised, for it cannot be accounted for in any other way. The proceeds amounted about ninety dollars.

Close confinement in poorly ventilated work rooms, and want of proper exercise, are often unavoidable, but tend to produce dyspepsia, want of energy and loss of appetite. In such cases Hanington's Quinine Wine and Iron is the best medicine to use.
