CAMPBELLTON, NEW BRUNSWICK, FRIDAY, JULY 30TH, 1923.

PRICE: Single Copy, 5c. The Daily, 10c.

## MISUNDERSTANDING ABOUT PRIZES

Explanation Made so That The Matter May be Understood.

ESSAYS PUBLISHED.

DALHOUSIE July 26.—The article published in Saturday's "Graphic" and the misunderstanding that seems to exist about the prizes awarded to the pupils of the Dalhousie Superior School for which three prizes were given demands an explanation from your correspondent.

During the closing exercises of our school in 1922, Mr. LaBrosse at the close of an address offered a gold prize to the pupil who wrote the best essay relating to the Town of Dalhousie. About ten pupils entered the competition. Principal Jones named three of our best citizens to examine the essays. No names were given consequently the examiner could not favor any one, even if they were discovered to do so. The judges were Rev. A. A. Boucher, W. A. Treisman, W. S. Smith.

When our painstaking teacher found that three of the essays were very good, he suggested that in addition to the gold prize, a second and third prize be given. Mr. Boucher, Mr. Magee, donated a valuable book for second prize, and Mr. Treisman did the same for a third prize.

The judges awarded the prizes as follows: Alban Bate, first prize; Miss Elsie Mitchell, second; and Miss Elsie Mitchell, third.

Mr. LaBrosse speaking at the closing this year said that he would endeavor to have one of the short essays published, as he doubted if the papers would justify a long treatment. He therefore passed over a copy of the third essay, written by Miss Mitchell to the young lady who sends the editorial note to the "Graphic" with the explanation that Miss Mitchell's essay had taken a prize.

The same correspondent sent the information to the "Graphic" and it appeared as stated above. Alban Bate, first; Elsie Mitchell, second; Elsie Mitchell, third.

When the error appeared in the columns of the "Graphic" the affair was satisfactorily explained to those who were interested in the first prize and Mr. Bate's essay was published in the "Graphic."

There was no intention on the part of any person to do an injustice to anyone. Miss Mitchell's essay was published by the "Graphic" and she was given a credit to the three competitors. All it will do is end well.

LOOK AHEAD FOR ILLNESS  
Sudden illness and pain come in every family to parents and children alike. But if you have looked ahead and have ready in your home a bottle of NERVINE there isn't much to worry over. If it's a sore throat or contracted chest, apply NERVINE and get on a NERVINE Porous Plaster. If it's colic, cramps or any stomach disorder, just administer ten drops of NERVINE in hot water. No family medicine is more useful or more depended upon in emergencies than NERVINE Porous Plasters. They keep the doctor bill small, too, and at all dealers. Refuse substitutes.

BUY YOUR BOYS' CLOTHING at a BIG REDUCTION  
Take advantage of the big discount in our Boys' Clothing Department.  
20 per cent discount.  
of every boys' suit in the store.  
Suits for boys 3 to 5 yrs. 2.00 and up.

## RUSSIANS HANG A VILLAGE BELLE

Refuse Any Longer to Be Outdone by Pretty Maiden.

TAKEN FROM CHURCH.

LONDON, July 26.—Details of the lynching of a young and beautiful woman by a crowd of Jewish members of her own sex are to hand from St. Petersburg.

The affair took place last week in the village of Volski. The victim had incurred the hatred of the other women in the village by her refusal to marry with the men of the neighborhood, both married and single, and feelings reached a climax when it became known that she had accepted one of the young men of the village had broken his promise to marry another girl.

On coming to the church the other day the women, both old and young, threw themselves upon the girl, and in spite of her cries for mercy tore all her clothes off. They then dragged her through the village by the hair of her head, beating and stoning her mercilessly.

At first the men laughed, but when they saw how savagely the girl was being maltreated they attempted to rescue her. The infuriated women, however, drove them off, and then dragged their unhappy victim, who was by now a mass of wounds, to a large tree just outside the village, where they hanged her to one of the branches and then lit a fire of brushwood under her. When the police arrived the scene they found the victim of the women's fury lying dead under the tree, blackened to a cinder.

The Perfection of Womanhood  
Who does not envy and admire a lovely woman? The secret of her loveliness, of her perfection, is health. She sleeps well, eats well, digests well—intricate functions are vigorous and regular. Of all woman's remedies Ferrone is the best; it vitalizes the functions upon which health depends, makes the pores rich blood, gives perfect complexion and lots of vigor. Every girl and woman who seeks health, vitality, looks—let her get Ferrone today. Fifty cent boxes at all dealers.

NASH'S CREEK  
NASH'S CREEK, July 26.—Thomas Hayes has a large number of men busy beginning to build a fine new residence directly opposite the I. C. R. station, but some little distance from the station.

Mr. and Mrs. David White and family of Banff, Alberta, are the guests of Mr. White's brother, Jas. Whites of Murrells Settlement. They spent the week end in Campbellton.

Mr. Nat McNair is not in very good health at present. The hay crop all along the front of Durham parish is in very good condition.

There is much dissatisfaction in the parish over the lack of road money this spring. It is alleged, to the heavy expenditures thereon last fall just before the Dominion election, when in an entirely unsuitable season the funds were wasted in order to help the conservative candidates win votes. There was no end of money then, but now the stringency is said to be due to the extravagance of the late government. So much for reform under Conservative auspices.

DALHOUSIE, July 26.—Mr. A. R. Wetmore, Provincial Engineer, Mrs. Wetmore and their two children, arrived at the Inch Arran House on Friday morning. Mrs. Wetmore and children will spend a few weeks at our famous summer hotel.

Mr. Wetmore on Friday drove to see the Red River bridge. On Saturday he went to Dundas to make a survey for a new bridge over McKinnon Brook to replace the structure destroyed by fire in June.

## MAN THOUSANDS GATHER TO HONOR SPEAKER MARCIL

Grand Demonstration at Bonaventure on Tuesday-Banquet and Procession-Address Presented.

GALA DECORATIONS.

BONAVENTURE, July 26.—Several thousand people attended the demonstration in honor of Hon. Charles Marcil, M. P. for the County on the occasion of his election to the Speakership of the Commons. The citizens of Bonaventure under the leadership of Mr. R. McMillan, worked for days to decorate the village and make the gala day a great success. It is computed that there were fully a thousand persons in the procession.

The weather was all that could be desired. The day passed off without a high. The long wharf had been decorated with maple leaves and flags and bunting with the inscription "Honor to Hon. Charles Marcil." Every house had its flag and many were festively decorated. There were a large number of arches. The excursions by boat and rail carried 2,000 people to Bonaventure. There were two bands, the Campbellton and Fraserville bands. The "Canada" arrived at Bonaventure at eleven o'clock. Unfortunately the "Stella" stranded as it left Maria for New Richmond, and only got off at night. A number of excursionists, including Mr. Marcil's wife and children, got off in small boats and proceeded from New Richmond to Bonaventure by train.

On the arrival of the Speaker he was given a great reception. Entering a carriage driven by four white horses with Madame Marcil and Hon. J. C. Kaine, member of the Quebec Government, he was escorted by the procession to the grand stand at Pointe Paré where thousands had gathered. There addresses were read in French by Mr. Boudoin and in English by T. B. Clapperton. Warden Chaplain of Bonaventure County presided. Mr. Turgeon M. P. for Gloucester and Mrs. Turgeon were among those present on the stand. It was a most picturesque scene.

Mr. Paradis read despatches and letters of regret at non attendance from Sir Wilfrid Laurier, Sir Louis Ouchin, Messrs. P. D. Monk, M. P. Dr. Daniel M. P., Hon. C. R. Devlin, Hon. Charles Laugher and many others.

Mr. Marcil delivered a fine political address in both languages, dwelling upon the progress of Canada and the Bay of Fundy. He was warmly applauded by common accord, call him, he will meet the approval of members to the right and to the left of the chair by keeping the scales evenly balanced between both contending parties without favoritism or fear for neither.

This splendid testimony, some few moments later received the sanction of the leader of the Opposition, Mr. W. L. Borden, in the following words: "As regards the member for Bonaventure, Mr. Marcil, I must say that after having followed and observed him since the last century. A railway man said he was ashamed of the whole business."

DALHOUSIE, July 26.—Mr. and Mrs. D. O'Leary of Richibucto, spent Sunday last with Mrs. W. S. Montgomery.

Mr. M. Moffat of Campbellton was in town Saturday.

Master Wm. Matilda Lelie, 16, of Bathurst spent the week with his sister Mrs. Wilson Malone in Dalhousie.

Mr. H. H. Bray, chief train dispatcher, was here on business today.

Mr. Jas. Reid of Cahiro, was in town this week.

## FINAL WORD

Public Works Dept. MILLPOX

GOOD ADVICE.

Mr. Editor:—I have for some time, been reading your paper and have been very much interested in the articles published therein. I have been particularly interested in the article on the subject of the "Final Word" published in your issue of July 20th. I have been particularly interested in the article on the subject of the "Final Word" published in your issue of July 20th.

It is a pleasure to me to see that you are so interested in the public works of the Government. I am sure that you will continue to be so interested in the future.

I am, Sir, your obedient servant, J. J. CHENEY & CO., Toledo, O.

Private Sewers, etc.  
Your correspondent would remind the Board of Health that there are at present no private sewers, or what is known as the N. Lane sewer. These sewers are opened out on the beach, and occasionally, I may say very often, the water does not reach the openings of such sewers. Our readers can imagine what rank odor would issue from that vicinity. Has the Board of Health ever thought that it would be a good idea to have a sewer system in this town?

It is a pleasure to me to see that you are so interested in the public works of the Government. I am sure that you will continue to be so interested in the future.

HOW'S THIS?  
We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

P. J. CHENEY & CO., Toledo, O. We, the undersigned, have known P. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out all obligations made by him.

WALDEN, GUNNAN & MARVIN, Wholesale Druggists, 784-80, O. Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all druggists.

Dr. De Van's French Female Pills are a specific regulator. For sale at White's Drug Store.

## RAN ASHORE ON N. S. COAST

Says His Charges Are All True and Can Back Them Up.

ASHORE IN FOG.

Mr. Editor:—I have for some time, been reading your paper and have been very much interested in the articles published therein. I have been particularly interested in the article on the subject of the "Final Word" published in your issue of July 20th. I have been particularly interested in the article on the subject of the "Final Word" published in your issue of July 20th.

Troubled for Years with CONSTIPATION.  
Constipation or constiveness does the bowels, clogs up the natural outlet of impure matter, and retains in the system the poisonous effluvia which produce in nature, thereby causing Biliousness, Headache, Piles, etc. Avoid this serious trouble by the use of MILBURN'S LAXA-LIVER PILLS. They act on the bowels and promote their free and regular action, thus curing constipation and all the diseases which arise from it.

Mr. Henry Pease, 49 Standish Ave., Owen Sound, Ont., writes: "Having been troubled for years with constipation, and trying various so-called medicines which did me no good, whatever, I was persuaded to try Milburn's Laxa-Liver Pills. I have found them the best I have ever used. They are, indeed, a miracle pill, and I can heartily recommend them to all those who suffer from constipation." Milburn's Laxa-Liver Pills are 25c. per box, or \$1.00 for a 4-box supply. They will be mailed direct on receipt of price by the manufacturers, The T. Milburn Co., Limited, Toronto, Ont.

CAMPBELLTON, NEW BRUNSWICK

FRIDAY, JULY 30th, 1909

RURAL ROAD MAKING

This is the rather fruitful way in which the Toronto Globe puts it: "Every spring the farmers in many sections of the province show their 'penny-wise-by-carried-out-in-sparrows' and go to work to make a piece of road. This is done most successfully where stiff soil may be secured from the bottom of roadside ditches. If graded out in large blocks and scattered about carelessly, the soil can be dumped up on to make it into a fair sample of adobe, and it can be guaranteed to make any road impassable for a whole summer. Anyone wishing a wide and capable road on a motorist needs only to tamper with his road map so that when he takes an outing he will encounter a few stretches of road that have been treated in this manner and will do so according to the width of the area of disturbance. The merry sport of bringing roads into this condition is known as doing stative labor. The custom has come down to us from our fathers, as when road work was a serious business. In order to have roads of any kind they were obliged to make them. To this end they would manfully felled trees grubbed out stumps, dug ditches, and built corduroys that, though their lives were in excellent condition, whether they did their share honestly cannot be known, but it is certain that amongst their descendants doing road work is largely a farce. Here and there a public spirited path master sees to it that necessary work is done, but where such a man can be found he should be appointed road superintendent for a township or county. As a rule, however, the pathmaster is a neighborly person who allows the lime assessor to be put in by the lame and the halt, and is satisfied if he gets the weeds and insects out of his beard. "Valuing a day's work at a dollar, enough time is employed in Ontario every year to build at least a thousand miles of the best roads or to put many thousands into a good state of repair. It is doubtful if as many roads are properly treated. In some townships it is found more profitable to commit the work to a contractor, but with the money so collected in securing efficient work. No further comment is needed on the value of the services rendered by the taxpayers in such localities. If all the time devoted to stative labor throughout the province could be committed at a dollar a day and the money expended wisely, one generation would see all the roads brought to a high state of efficiency without the expenditure of a cent more. But with the Provincial Government ready to contribute one third of the expense of building country roads and one third of the cost of necessary machinery, there is no excuse for the continuation of present conditions. There may be places where stative labor is still the only way to get a road, but where scientific roadmaking has become a necessity, it should be promptly discarded. Only maintenance to the work and under the guidance of an efficient superintendent can build permanent roads. As a method of doing our most needed public work stative labor has outlived its usefulness. As a joke it is too expensive to be kept up, and should be allowed to pass into history. The Spanish Pretender who died the other day wasn't pretending when he said: "May's last enemy isn't so easily fooled. So serious is the cholera epidemic in St. Petersburg that the proposed visit of the King and Queen of Denmark has been abandoned. New Brunswick is ambitious to locate the South Dakota of Canada. The "divorce" granted by one of our courts is a good start. We notice that some of the papers most anxious for Canada to contribute to Britain's defence, demand at housing and feeding the Empire's homeless children. Sidg Sing prison, New York, is so crowded that 200 are sleeping in the chafin. Thus far, however, no guests have left on account of insubordinate room. The Baltimore Sun says the trolley car, the automobile and the train are responsible for the decadence of walking and for making people fat and gummy and liable to disease. An Italian prince has just married a wealthy New York widow 23 years older than himself, but when he deducted from her \$200,000,000 he probably found her to be young enough. It is a novel situation when we find a legal action being taken to compel a "judge" to deliver a judgment. One would prefer that the rival party in the suit take action. Another prophet has fixed the date for the end of the world. He lives in Boston and the date he has chosen is September 15 next; but that should not prevent you getting in your winter coal supply. High ocean rates out of Montreal to the old country ports are sending many vessels away light from that port. It was stated by a prominent member of the Corn Exchange today that rates for Boston were 15¢ per cent. per bushel of 56 pounds cheaper than the Montreal consequently American shipping routes are carrying large quantities of Canadian grain.

While it is said that the Donkshobers who are migrating to British Columbia entertain no free notions, yet it is worth noting that they are heading for that part of Canada where there is a reasonable chance of wearing the garb of Eden without catching pneumonia. Clipped about are redeemable in Canada at seventy-five cents on the dollar, but the man who puts them on the collection plate will still cherish the fond delusion that they are taken at face value in heaven. Did you ever feel when in a jewelry store that the staff of clerks unobtrusively treated you as a potential thief? It isn't flattering, but in view of how those Ottawa thieves got away with two trays of diamonds it isn't fair to blame the clerks. The Montreal Journalist who equipped a Canadian navy with ten cruisers and a dozen other ships for the benefit of American newspaper readers, was probably the same man who converted the peaceful lighthouse Suncor "Suncor" into a "to die for" weapon for the protection of the Upper Lakes. The homestead entries in the West for the first five months of 1909 are almost exactly five times as numerous as they were in the same period of 1908. Various causes have no doubt been at work to produce this state of affairs, but one certainly is that the real merits of the Canadian West are yearly becoming better known. There may be minor fluctuations, but the average increase will continue large.

JOY IN CAMPBELLTON (Times News Reporter) CAMPBELLTON, July 26.—The arrival of Evelyn Thaw at this place, whether she is really Evelyn or not, is a great honor to the young man who some day to become reporter on the New York American or the Police Gazette. Evelyn means "cog" at the space rates, and it does not seem likely that she can long enjoy the shady ankles of Harry's Evie or the thin shanks of a woman nobody knows. What could be more reasonable in New York than to give her a publisher jack striding through the streets of Campbellton with a bottle of champagne by the neck in either hand, in honor of the girl whose picture has been in all the papers, and who has seen the inside of Paris and New York? The picture of Evelyn has been a joy to the girls and boys of Campbellton, and it is hoped that she will carry to Campbellton the town which will surely be accorded some day to give her a commission. It is hoped that this will be the last of her visits to this town before fall. It beats all how people who are so busy in New York and the great and good people of the east, why don't you come up yourself?

HANDSOME TABLET The regular anniversary services will be held in the Presbyterian Church, Dalhousie, on Sunday next, the 1st of August, and will be conducted by Rev. Peter McIntyre. A handsome designed marble tablet is being placed in the church this week. It bears the following inscription: In Memory of the Rev. Alexander Burnett, Minister of this congregation, May 1874, in which he served until his death in August 1888.

UPPER BALMORAL, July 26.—It is long time since the readers of the "Graphic" have enjoyed an interesting Balmoral note. Let us show some signs of life. Today is St. Anne's day and a large number of parishioners have heard Mass and received Holy Communion in honor of that great saint. Our annual bazaar will begin tomorrow and will last three days. A large number of strangers is expected, and if the weather is favorable a very pleasant time will undoubtedly be enjoyed by all. Everything will be carried on as usual and other games have been added in order to make our picnic enjoyable by all. It is a nice drive from the surrounding places and it is worth while coming to see our beautiful church. Mrs. Alexander Bernard was the victim of a painful accident yesterday when coming down stairs with her baby in her arms she slipped and fell down breaking her left arm. Doctor Doucet was immediately summoned and replaced the broken limb. The baby was also seriously injured, but is expected to recover in a short time. Messrs. Celeste and Barney LeBlanc of Seven Mile Ridge, drove down here yesterday. Miss Annie Polier spent a part of her holidays in Dalhousie. Miss Eugenie Melancon, trained nurse in Quebec, N. H. and a sister of Rev. A. Melancon, is spending her holidays with her parents here. Mrs. Joseph Bernard's health is gradually improving and she was able to be out this morning.

LONDON, July 29.—James Joshua Shannon, the portrait artist, has been elected a Royal Academician. James J. Shannon was born in Antrim, N. J. in 1842. He went to England in 1878. He has received first class medals at the Paris, Berlin and Vienna exhibitions.

A Household Necessity

Father Morrissey's Liniment Should be in Every Home

How seldom a week passes without some member of the family suffering from a sore throat, chest or back, a burn, a cut, a sprain, strain or ache! Such troubles will come, but there is no need of suffering much from them. Keep a bottle of Father Morrissey's Liniment in the house, use it freely, and the pain has little chance. During his lifetime Father Morrissey prescribed this Liniment regularly, and it proved very effective in relieving all sorts of pains and aches, in Rheumatism, it is valuable as a "rub", when "Father Morrissey's No. 27" Tablets are taken internally. Similarly, applied freely to throat and chest it helps "Father Morrissey's No. 10" (Lining Tonic) quickly break up and drive away a sore throat, cold in the chest, or cough. Taken all around it is one of the best family liniments in existence. Price 25¢ per bottle. At your dealer's, or from Father Morrissey Medicine Co., Ltd., 22, Chatham, N.B.

GROUNDS OF APPEAL BY INTERNATIONAL R.V.

Judge Barry to Hear Argument in Arbitration Case on August 17 at Fredericton. The award of \$4,542.50 made by the arbitrators in the matter of the International Railway Co. and the New Brunswick Railway Co. in favor of the latter company has been appealed.

The International Railway Co. by Messrs. Stevens and Lawson, their attorneys appear from the arbitration under the provision of the New Brunswick Railway Act, and for the following reasons: 1. The award is against the evidence and the weight of evidence. 2. Improper admission of evidence. (a) Allowing a copy of the mortgage to the Central Trust Co. to be received in evidence as a base of the Canadian Pacific Railway for compensation. (b) Excessive damages for compensation. The appeal will be held before Judge Barry on August 17, at Fredericton.

ANNAPOLIS, Md., July 28.—Today's session of the board of inquiry of the Naval Academy, which is investigating the death of Lieutenant James N. Sutton, of the Marine Corps, who was mysteriously shot two years ago, afforded a surprise. W. W. Kennedy, now a private in the Marine Corps at Norfolk, Va. and Surgeon A. D. Macdonald, of the Marine Corps, who Kennedy dropped into the situation like a bolt from the clear sky and told a frank straightforward story of some of the incidents in the shooting which had not been mentioned by any of the young officers who have already testified. Though an ex-convict, Kennedy's story was so convincing that the board of inquiry supported the contention of Sutton's mother and sister, that Sutton did not seek the right that Adams and the other officers. In attacking his credibility, Major Leonard, the judge advocate, went into the private record and showed he had been disciplined on several occasions in the service. Kennedy said he had been reluctant to mention his part in the affair because Lieutenant Uitley and Adams his superiors, had both admonished him on the morning following the shooting to keep quiet, on his way to relieve a sentry at 1 o'clock in the morning of the shooting he came on Sutton, Adams, Owsman and Uitley in an angry argument, the witness said. "Adams was in his shirt sleeves ready for a fight, and Sutton had accused him of having shot him. He said he held his blouse, cap and cap. All right, Adams, if you want to give Uitley the credit, he would be glad to hold his blouse, cap and cap. A second time he was admonished and Sutton came together as he was going away to his post. Kennedy said that an hour later Kennedy heard the shot from 105 yards at the naval hospital, and soon after Adams appeared at the hospital and volunteered the information to Kennedy, that Sutton had shot himself and that Adams had his finger shot off. Uitley also told him at the time that Sutton had killed himself, the witness said. Next morning they both cautioned him not to say anything about the affair. While at early drill on the following morning, the witness said, he saw Lieutenant Uitley go to the edge of the parade ground and pick up a .35-caliber Colt service revolver, which Uitley carried into the barracks with him. The incident had been observed by other privates in the company, the witness said. Kennedy's testimony was not shaken by cross examination of Adams, counsel, Mr. Birney, nor by that of Major Leonard.

HAIRNCRAG A WRECK

HAIRNCRAG, July 29.—A survey of the SS. Cairnrag, ashore near Canoe, revealed that the starboard plates had broken on the starboard about 120 feet wide had been made in the vessel's side. The masts are loosened and the steamer is gradually settling with the action of the sea. There are no longer any hopes of floating the vessel, which will be sold in a few days, unless it breaks up or drops into the water.

TENDERS.

Plumber Work. Sealed Tenders endorsed "Alterations at Grammar School" are invited by Campbellton School Board for alterations and extensions on Plumber Work, at Grammar School. Tenders addressed to S. Laughlin, Esq., Secretary, will be received until 5 p. m. on Wednesday, 4th August, 1909. Plans may be seen on and after Saturday 31st inst. at the office of Town Engineer, Council Chambers, where specifications, schedules and all information concerning said work may be obtained. The lowest or any tender not necessarily accepted.

Synopsis of Canadian Northwest Land Regulations

Any person who is the sole head of a family, or any male over 18 years old may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at an agency on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on six months in each of three years and occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$1.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to clear homesteaded acres) and cultivate fifty acres extra. A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$200 per acre. Duties—Must reside six months in each of three years and cultivate fifty acres and erect a house worth \$200.00.

W. W. CORRY, Deputy of the Minister of the Interior, FARM FOR SALE

The undersigned offers for sale, if any demand for it, the property owned by him at Charlo Station, in one block, or in three divisions as follows:— Let No. 1. The front part of farm between shore of Bay and the Intercolonial Railway (not intersected by King's Highway) including corner lot suitable for a factory site or co-operative store, with ample room to swing a curve around from I. C. Railway, and by building a wharf, run by track out to deep water. There will be a road reserve north, which runs both East and West sides between King's Highway and Bay. The whole is cleared and contains 2 acres more or less.

Let No. 2. That part of western half of farm between Intercolonial Ry. and rear, with right of way 20 ft. wide, between King's Highway and the Intercolonial Railway. The whole is cleared and contains 2 acres more or less.

Let No. 3. That part of eastern half of farm between Intercolonial Ry. and rear, with right of way 20 ft. wide between King's Highway and the Intercolonial Railway. The whole is cleared and contains 2 acres more or less.

Let No. 4. That part of eastern half of farm between Intercolonial Ry. and rear, with right of way 20 ft. wide between King's Highway and the Intercolonial Railway. The whole is cleared and contains 2 acres more or less.

Let No. 5. That part of eastern half of farm between Intercolonial Ry. and rear, with right of way 20 ft. wide between King's Highway and the Intercolonial Railway. The whole is cleared and contains 2 acres more or less.

Let No. 6. That part of eastern half of farm between Intercolonial Ry. and rear, with right of way 20 ft. wide between King's Highway and the Intercolonial Railway. The whole is cleared and contains 2 acres more or less.

Let No. 7. That part of eastern half of farm between Intercolonial Ry. and rear, with right of way 20 ft. wide between King's Highway and the Intercolonial Railway. The whole is cleared and contains 2 acres more or less.

Let No. 8. That part of eastern half of farm between Intercolonial Ry. and rear, with right of way 20 ft. wide between King's Highway and the Intercolonial Railway. The whole is cleared and contains 2 acres more or less.

Let No. 9. That part of eastern half of farm between Intercolonial Ry. and rear, with right of way 20 ft. wide between King's Highway and the Intercolonial Railway. The whole is cleared and contains 2 acres more or less.

Let No. 10. That part of eastern half of farm between Intercolonial Ry. and rear, with right of way 20 ft. wide between King's Highway and the Intercolonial Railway. The whole is cleared and contains 2 acres more or less.

**DRINK, TOBACCO and CURED**

NEW SYSTEM OF TREATMENT. Recently Discovered Remedy that cures rapidly and permanently. Marvellous results obtained that makes our remedy one of the wonders of Modern Medicine. Patients cured secretly at their own homes - against their own will and knowledge. No suffering, no injections, no loss of time, or defilement from business, no bad after effects.

**FREE!** We send by mail, free of charge our 64 page book, which fully explains our modern system of treatment, of how the Drink, Tobacco and Drug habits can be rapidly overcome and cured. This book is sent in a plain envelope, sealed from observation, so no one can tell what your letter contains. All correspondence absolutely secret and confidential. Mail Address: DR. SHIVA INSTITUTE, 55 University St., Montreal, Canada.

**Money in Economy**

Classified Want Ads are an economical and effective method of reaching the buying public. Their small cost is not an expense, but an investment which will return large dividends.

 High-Class Automobiles and Bicycles  
 TORONTO, ONT.

**EDUCATION FOR THE IMPROVEMENT OF RURAL CONDITIONS**

Dr. James W. Robertson, so well and favorably known in New Brunswick, the Principal of Macdonald College, Ste. Anne de Bellevue, Quebec, is now through the invitation of Educational Associations, Provincial Governments and Canadian Clubs (visiting various western centres and delivering addresses in the interests of rural education.

Early this month he spoke at a meeting of the National Educational Association of the United States at Denver, Colorado, and from the press reports he evidently made as he usually does a powerful impression upon his auditors.

The Denver Daily News says of his address:

"For the first time since the beginnings of the general sessions of the National Educational Association, the headquarters at the auditorium yesterday endorsed the rule that only members of the Association should be admitted to the meeting.

"Notwithstanding this restriction the session yesterday was more largely attended than any of the previous meetings. The theatre portion of the auditorium was crowded and the enthusiasm was high.

"Cheers upon cheer greeted the epigrammatic address of Dr. James W. Robertson, president of Macdonald College, of Quebec, who spoke on 'Education for the improvement of rural conditions.'

"Dr. Robertson has done more than any man in America toward the improvement of rural schools and conditions."

**Beware of Ornaments for Catarrh that Contain Mercury.**

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is great. It is safer to use Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is the most effective remedy for the cure of Catarrh. It is taken internally and acts directly upon the blood and mucous surfaces of the system. In buying Catarrh Cure be sure you get the genuine, it is taken internally and made at Toledo, Ohio, by F. J. Cheney & Co., Testimonials free. Sold by Druggists. Price 75c per bottle. Take Halls Family Pills for constipation.

**MY! THIS BAD ACTOR! BATHING WITHOUT!**

He Wasn't Dressed - Oh, Well Even New York is Shocked.

**ALL NAKED TRUTH.**

NEW YORK, July 29 - Boston has received an awful shock. Heretofore the Bostonians were accepted by the rest of the world as models of deportment. But this morning a man from Boston - from the Back Bay of Boston - went swimming in the harbor.

He went swimming without any, without any - well, he wasn't dressed for it. He wasn't even dressed for Central Park; he didn't have - the truth is he was clad in nothing except his own Boston reserve.

It was a man who later described himself as John A. Cantwell, 41 years old, of 42 Beacon street. He quietly looked off his shirt and even the shirt in the park near Central Park West and walked leisurely down to the mere, several blocks away. Arrived at the mere he pulled for a moment and took a perfect dive.

It was 6 o'clock this morning. Mr. Cantwell was disposing himself with every evidence of satisfaction. With a resolute mind, at ease with himself and the world, he turned over on his back and floated with great skill. It was a policeman who came within view.

**GUARANTEED CIRCULATION**

The Graphic guarantees its advertisers four times the circulation of its local contemporary. Any advertiser in Campbellton and suburbs. Our books and lists are open to the inspection of advertisers who wish to verify this statement.

**WHY NOT OWN AN AUTOMOBILE?**

If automobiles are needed anywhere at all they are in the country. One of the speakers of the Women's Institute, at Gilespie, recently predicted that the time was near at hand when farmer's wives would run their own automobiles. Now is the prediction a visionary one. Like the telephone and the trolley, the automobile seems destined to add to the comfort of country life, and the cost will not interfere with your buying. We can sell.

**Good Second-Hand Machines**

at a mere fraction of original cost. These cars are taken by us as part payment for the newest and latest models, and are such as we can thoroughly recommend. Any machine we send out is guaranteed to be in first-class condition, and beyond the fact that second-hand cars are not this year's style, there is nothing wrong with them in any way. We use them as a means of introduction to the country trade, and make the values extra special to encourage quick buying. If interested, send your name and address for fuller particulars.

STEAMER STRIKES AN ICEBERG

WAS A BUSY DAY AT OAK HALL

The Bonavista, bound to St. John's, has her bow stove in.
PANIC ON BOARD.

ST. JOHN'S, Nfld. July 18.—When the steamer Bonavista, bound to St. John's from Montreal, struck an iceberg off Cape Race yesterday morning during a dense fog, the seventy passengers on board became panic-stricken and for a short time were excited over the supposed danger that they, including the infants, according to the story told here by Capt. Fraser, when the Bonavista arrived.
The Black Diamond line steamer had her bow badly damaged but was able to make port safely with a doctor, Capt. Fraser said that after the first excitement his instructions for the crew led to the gathering of the passengers who were soon under control. They were mostly Welsh and English immigrants, lately landed at Montreal who are to work in the mines in Newfoundland. The steamer also had on board a quantity of freight for this place.
