We don't ask you to encourage
home industry—we ask you to see
the quality of goods we manufacture
and get our quotations. Goods man-
ufactured by us are considered High-
Grade in the leading cities of Canada.
Foreign woods imported direct from
the south.

MAIL ORDERS
We collect out of Town orders, which receive
our personal attention. The length of time taken
to fill orders is governed very largely by how
busy we are in the department of our factory, in
which the particular goods are made. While
we have exceptional facilities for promptly
turning out goods, it is important to place or-
ders as far ahead as possible. Orders are filled
by us in the rotation in which they are received,
and customers can always depend on our doing
everything in season to give prompt despatch.

OUR OFFICE IS CONNECTED WITH THE N. B. TELEPHONE BY TWO SE-
PARATE LINES INSURING PROMPT ATTENDANCE.
OFFICE HOURS—7 A. M. TO 9 P. M.

PHYSICIAN FACES SERIOUS CHARGE

Dr. Byrne's Arrest Causes Sen-
sation—Admitted to
Bail of \$2,000.

ENQUIRY FRIDAY

Chatham, N. B., Sept. 9.—The
news of the arrest of Dr. T. I. Byrne,
one of the most prominent physicians
of the county, a former Mayor of the
town and a candidate for nomination
at a party convention in the last
federal general election, on a most
serious and revolting criminal charge,
became public today and caused one
of the greatest sensations in the his-
tory of Chatham.

The charge is that of attempted
assault on the twelve-year-old daugh-
ter of a well known and highly re-
spected citizen of the town.

The alleged offense is said to have
been attempted on Thursday. The
child told her parents and the war-
rant for Dr. Byrne's arrest was sworn
out that night. The latter was
thought to have left town but on
Saturday night Chief of Police Peter
Coughlan, who had been watching
the doctor's residence at the corner
of St. John and Wellington streets,
entered the house and found him.
He at once placed him under arrest
and brought him before Magistrate
Connors. Bail was given for
\$2,000, J. L. Stewart and Joseph
Grogan each subscribing to bonds
of \$1,000, and the doctor was al-
lowed his freedom. A date has
been set by the magistrate and the
defendant will have to appear for
preliminary examination before him.

JAMES H. DUNN GIVES \$5,000 MORE

Bathurst, N. B., Sept. 11.—Jas. H. Dunn,
the former resident of this town and now a
power in the financial circles of London, has
given a further donation of \$5,000 to provide
for improvements in the hospital here which
he donated some years ago.

While here this week Mr. Dunn spent
some time in visiting the hospital, accompanied
by Dr. Turk, a noted specialist, of Chicago,
who arrived here with him in his private car.

Dr. Turk suggested a number of im-
provements, all of which Mr. Dunn agreed to,
and before leaving a check for \$5,000 was
given to the trustees to pay for the im-
provements.

W. L. McRAE DEAD IN MONTREAL

Prominent Business Man of
Campbellton Succumbs after
four Weeks Illness

FUNERAL TODAY

Citizens of Campbellton learned
with deep sorrow of the death of
Mr. W. L. McRae, proprietor of
Oak Hall, which occurred at the
Mount Royal Sanatorium at an
early hour Wednesday morning,
after an illness of four weeks.

In February last the deceased's
sister Miss Ruth died, and this to-
gether with the fact that he had
worked hard and steadily since the
fire, made serious inroads in his
usual robust health, so that in the
early spring he went to Shawbridge
to recuperate. He was making
good progress toward health when
he took suddenly ill and was re-
moved to the Mount Royal Sana-
torium when he died as above stat-
ed.

Deceased was one of Campbell-
ton's brightest and most progressive
business men. When a mere boy
he took charge of Oak Hall for
Fraser, Fraser & Co., and later
purchased the business for himself
which he ran very successfully un-
til today Oak Hall is well known
throughout this district. Honest
and upright in all his dealings, he
has made friends everywhere in the
business world of Canada.

Among the young people he was
deservingly popular. In all manly
sports he took a great interest and
was always one of the leaders in
promoting same.

He was the oldest son of the late
Wm. McRae and his mother, two
half brothers, three brothers and
four sisters survive. He was 28
years of age.

The funeral was held this after-
noon at 2.30 and was largely at-
tended, most of the business houses
being closed during the time of ser-
vice. Some of the members of St.
Andrew's church choir was present,
singing the hymns "The Sands of
Time" and "Nearer my God to
Thee", Rev. T. P. Drumm of St.

THE LAST DAY OF PIANO CONTEST

Workers for Contestants have
Been Busy this Week but
Votes are Withheld

EVERYTHING READY

The Graphic's piano contest
closes Saturday evening, Sept. 14,
at 8.30 o'clock. At this hour
the judges, Judge Botkin, R. M.
Hope and M. A. Kelly will take
charge of the ballot box and pro-
ceed to count the votes and the re-
sult will be announced immedi-
ately they report.

The ballot box is now in po-
sition in the business office of the
Graphic, and everyone subscribing
to the Graphic or renewing their
subscriptions will have an oppor-
tunity of depositing their votes for
their popular candidate.

So many new names have been
received that our help have found
it difficult in the short time to get
these entered on our list so we ask
new subscribers to be patient for
a week or two until matters are
straightened out.

So far a large number of new
names have been added to our list
and we think we can truthfully

say that the Graphic now goes to
every home in Campbellton. Ad-
vertisers should take notice of this.

The contestants and their
friends have this week been work-
ing hard but as the contest closes
to-morrow, they have not taken
time to deposit their coupons, so
little change is manifested in the
standing, but surprises will be the
order to-morrow, as we know all
the workers have large numbers
of coupons in reserve.

The standing is as follows:

Mrs. W. Killam 67,500

Mrs. J. Hugh O'Keefe 60,563

INTERESTING EVENT AT NEW SETTLEMENT

The Blessing of the Church
Bell at Anderson Carried
Out with Ceremony

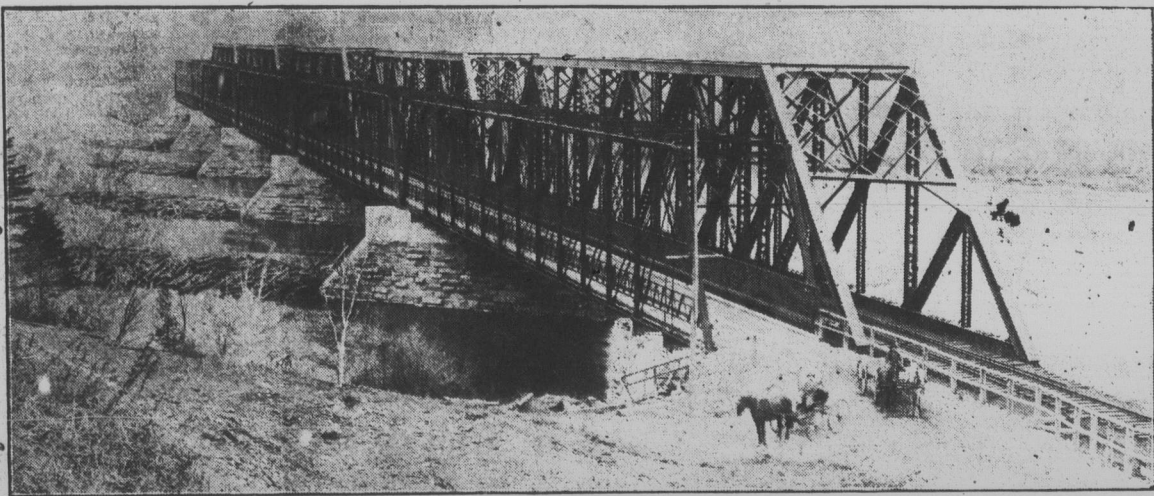

SPLENDID OUTLOOK

The little settlement of Ander-
son on the International Railway
had a gala day on Wednesday. Sit-
uated about a mile above Five
Fingers this new town was gaily
decked with flags and streamers,
the occasion being the holding of
a church fair, and the blessing of
the new bell in the church. A
goodly number of visitors from St.
Leonards and other places lent
their assistance and favored with good
weather the day was a complete
success.

The clergy who conducted the ser-
vices were Rev. Fathers Ferdin-
and, Boucher, Melanson and
Lantagne and among the visitors
were C. N. Cyr, ex M. P. P., A.
J. Violette, (St. Leonards,) Mr.
and Mrs. Fred H. Harman,
(Houlton) County Councillor and
Mrs. Levesque, Bel River, E. H.
Anderson of Campbellton and
many others. The forenoon was
taken up with the fair at the
church grounds where the many
devices for separating money from
the pockets of the visitors were
greatly patronized. Refreshments
were served on the grounds, some
of the young ladies adding zest to
their ginger pop by drinking it
from the bottle. Councillor Le-
vesque and Mr. R. Lynch hospita-
ly entertained the visitors and
did much to assist in a very en-
joyable gathering.

At three in the afternoon the
people gathered at the church

THE INTERPROVINCIAL PASSENGER BRIDGE AT MATAPEDIA

We present to our readers a view
of the Matapedia Interprovincial
Passenger Bridge, which spans the
Restigouche River to permit traffic
between the provinces of Quebec and
New Brunswick at that point near
Matapedia Station where the I. C. R.
traverses from Quebec into New
Brunswick.

It was far from the thought of
the engineers who prepared the plans
and specifications for the railway
structure at Matapedia, when the
railway bridge over the Restigouche
River was erected some forty years
ago, that the piers would be used in
the future for a second structure.

When the Department of Railways
and Canals under Hon. H. R. Emmer-

son decided to replace the super-
structure of the I. C. R. Bridge at
Matapedia with stronger ones, it
occurred to Mr. Charles Marcell, M.P.
or Bonaventure Co., P. Q. and to
Mr. James Reid, M.P. for Restigou-
che Co., N. B. that the opportunity
had presented itself to give to the
farmers and others located in the
western parts of the two counties
separated by the Restigouche River
accommodation by a passenger bridge.

Their views were immediately made
known to the Dominion authorities.
The site was visited by Hon. H. R.
Emmerson, Ex Minister of Rail-
ways & Canals, Hon. Wm. Pugsley,
Ex. Minister of Public Works, Hon.
Charles Marcell, M. P. James Reid,

M. P., Hon. C. H. LaBilloy, Ex-
Chief Commissioner of Public
Works for New Brunswick, Mr.
John Hall Kelly, M. L. A. for Bon-
aventure Co., P. Q., Mr. Wm. B.
McKenzie, Chief Engineer of the I.
C. R., Mr. J. H. Gastonguay, Pro-
vincial Engineer for the Province of
Quebec and Mr. A. R. Wetmore,
Provincial Engineer for the Provin-
ce of New Brunswick.

The department of Railways and
Canals having agreed to transfer
the old iron superstructure of the I.
C. R. bridge to the Department of
Public Works of Canada to be used
for a passenger bridge at Matapedia
and the engineers in their final re-
port recommending the practica-

bility of using the piers of the I. C.
R. bridge, the Hon. Wm. Pugsley
then Minister of Public Works pro-
posed to the government of Quebec
and New Brunswick that upon their
contributing the sum of five thou-
sand dollars each and their building
the road approaches to the bridge,
the Government of Canada would
go ahead with the undertaking.
This was agreed to by Hon. Charles
H. LaBilloy on behalf of the gov-
ernment of New Brunswick and also
by the Quebec government, where-
upon the Department of Public
Works of Canada proceeded to the
erection of this bridge, which, with
the approaches has been completed
and is a great public convenience.

WOMEN who are suffering from these distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore them to health.

There are probably hundreds of thousands, perhaps millions of women in the United States who have been benefited by this famous old remedy. It takes produce from roots and herbs over 30 years ago, from a woman to relieve another woman's suffering. If you are sick and need such a medicine, why don't you try it?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a

Peculiar Instruments Chosen by Criminals for Their Deeds of Violence

The ordinary Paris apache or hoodl-gan invariably carries a revolver, and most of the murders which have recently horrified Paris have been committed with the ordinary six shooter.

None saw the fatal plunge, and it is difficult to understand how the accident could have happened. One theory is that he may have taken a wrong turn and rushed into the room to his death. Deceased was a man about forty-five years of age. He was a son of the late Mr. John Ryan, a well-known Toronto contractor, and was born in Brockville, where he made his home. He had two sisters, Mrs. A. R. McDonald, Montreal, (now living in England), and Mrs. Ronald Pettit, England. His brothers are Hugh and John Raymond Ryan. Doherty Bros., contractors, now working at Courtenay Bay, are cousins of the deceased. The late Mr. Ryan was unmarried. He was one of the contractors on the Quebec and Saguenay Railway construction. "Accidental death" was the verdict of the coroner's jury.

History of the Machine Goes Back For Centuries—New Ideas Evolved

The farm windmill, - used in the widest sense, means a machine to which the energy of the wind is applied to useful purposes. Windmills were first introduced in use as early as the twelfth century, and have since that time been almost entirely forgotten and is lost in the oblivion of the past. Their introduction into Europe is generally ascribed to the Crusaders, through Europe, the knights of Richmond, who returned from the East with strange customs and innovations with them. The earliest written record of windmills in England, dated the twelfth century, was a dispute between the monks of Evesham and the monks of Worcester in reference to tithes connected with "windmills." Since those times windmills have been in constant use in Holland and other continents. But modern science has provided us with more powerful and efficient means of grinding corn or driving machinery, and the somewhat primitive power of the

Windmills in Holland are still largely employed. No picture of the quaint Dutch country—whether actual or imaginary—would be complete without its windmill! The sturdy mills with their revolving vanes, form as great a part of Dutch character as the tulips and dainty lace caps of the women, the eggs of the wind-wooden clogs of the men. Windmills are so common and extensively used in this country for pumping and driving agricultural machinery, it has been discovered that windmoted machines were where fuel is scarce and labor can produce more than a steam motor is never a powerful or efficient motor, and its work is variable. But in favorable positions a windmill will run, on an average, eight hours out

Mortgage Sale

To William McGarvie, of the Parish of Dalhousie in the County of Restigouche, Farmer, and Alice McGarvie, his wife, and to all others whom it shall or may concern.

Take notice that there will be sold at Public Auction at the Intercolonial Railway Station at Eel River Crossing in the said County of Restigouche, on Wednesday, the twenty-fifth day of September next, at the hour of two o'clock in the afternoon, the lands and premises mentioned and described in a certain Indenture of Mortgage bearing date the twenty-seventh day of June, A. D. 1910, and registered in the Office of the Registrar of Deeds for the said County of Restigouche as number 12433—on pages 654, 655, 656, 657 and 658 in book 152 of the Records of the said County, between the said William McGarvie and Alice McGarvie, his wife, of the one part and the undersigned James Woods, of the other part, and in said Indenture of Mortgage (hereinafter referred to as the "Mortgage") and described as follows:

All and singular that certain lot of land and premises situate, lying and being at Eel River Crossing in the Parish of Dalhousie in the County of Restigouche, and bounded and described as follows:—Beginning at a stake on the South side of the Foresters Hall, situate at Eel River Crossing, in the said Parish of Dalhousie, on the West side of the Highway Road, thence Southerly on said Highway seventy feet (70), thence Westerly at right angles to said Highway, one hundred and ten feet (100) Northerly parallel to said Highway seventy feet, and thence Easterly one hundred and ten feet to the place of beginning; together with all and singular the privileges, profits, hereditaments and appurtenances thereto belonging.

The said sale will be made by virtue of a Power of Sale contained in the said Indenture of Mortgage, default having been made by the Mortgagees in payment of the moneys secured in and by the said Indenture of Mortgage.

Dated this twelfth day of July, A. D. 1912.

NEW BRUNSWICK'S EXPERIMENTAL FARM

Will be in Operation in Early Spring.

Fredericton, Sept. 9.—W. W. Hubbard has not as yet resigned from his present position as Secretary of the Provincial Agriculture Department, and this afternoon said that he was not just sure when his resignation would be placed before the Commission for Agriculture, H. N. Dr. Landry. He will remain as Secretary of the Provincial Department of Agriculture at least until the close of the present fiscal year, which ends on October 31st. As to when the new experimental farm will be in actual operation Mr. Hubbard is not at yet in possession of any definite information, but it is believed that this fall preparations will be made to have the new institution in operation on an extensive scale by the early spring. Already the Adams Hunter and Jewett farms, which adjoin one another, have been purchased. That will give about 360 acres and it is possible additional property may be acquired.

NEW COAL AREAS

Not only has Sir Thomas Tait of Montreal secured control of several coal areas in Queen's county, New Brunswick, but English capitalists have also, according to latest reports been busy securing options and it is expected that they will make a test to discover if there is not a deeper seam of coal than those at present being mined, which are all close to the surface and cover large areas.

The possibilities of the district as an industrial centre are also being closely looked into view of its future intimate connection with the Grand Trunk Pacific Railway.

An article that has real merit should in time become popular. That such is the case with Chamberlain's Cough Remedy has been attested by many dealers. Here is one of them. H. W. Hendrickson, Ohio Falls, Ind., writes, "Chamberlain's Cough Remedy is the best for coughs, colds and croup, and is my best seller." For sale by all dealers.

A FISHERMEN'S TRAGEDY

From Dr. Grenfell a wireless message was received by the Minister of Marine and Fisheries, Mr. A. W. Piccott, which gave brief particulars of the drowning of five Newfoundland fishermen at Independent, Labrador. The message was sent from the mission steamer Strathcona and came via Fogo. The following is a copy:

Regret to report five drownings on August 23rd at Independent, Labrador, Captain Dawe, of Bay Roberts, Richard Jackson, of Bay Roberts, William Spencer, of Coley's Point, James Holmes, of Shearstown, and Edward Holmes, of Shearstown. Their boat capsized in heavy sea. The body of Edward Holmes was recovered on Sunday.

The catastrophe is the worst that has happened on Labrador for a number of years. Captain William Dawe is a son of Captain John Dawe, and a nephew of the late Minister of Marine and Fisheries, Captain Eli Dawe. He was married and leaves a family. Richard Jackson leaves a wife and one child, William Spencer a wife and four children, and James Holmes a wife and six children. Edward Holmes is also married, but is the only one of the unfortunate men that will not leave children to suffer the loss of a father.

If you knew of the real value of Chamberlain's Liniment for lame back, soreness of the muscles, sprains and rheumatic pains, you would never wish to be without it. For sale by all dealers.

First Urchin—How much have you left?
Second Urchin—Two cents.
Third Urchin—How quickly a nickel goes as soon as you break it!

FASHION AND CHURCH ATTENDANCE

If Size of Hats Increase Doors will be too Small.

Fredericton, Sept. 6.—In St. Dunstan's church on Sunday morning Rev. F. L. Carney made some pointed remarks regarding big hats worn by some of the young ladies of the congregation, and stated that if the hats kept on increasing in size he would soon have to have the side torn out of the church, as the doors would be getting too small to allow them to enter.

STAMPS CONDEMNED

New Issues to Replace Elephant that looks like a Pig.

The public, the stamp collectors, and the critics to whose objections to the new penny and half-penny Georgian stamp reference was made in yesterday's Standard are not alone in their dislike of recent new issues.

From the first moment of their appearance in that country the George V. Indian stamps have been voted meaningless and inartistic in design by the general public. An unpleasant feature about them is the strong high light on the King's forehead, nose, moustache, and beard the effect of which is to weaken the outline of the profile, giving it the appearance of having been smeared with white.

Nor can the postal authorities be congratulated upon the elephant, which forms part of the collar of an Indian Order, worn by the Sovereign. The Indian critics who condemned the elephant in question as being unmistakably pig-like in appearance have reason on their side.

Quite apart from its artistic demerits, its porcine appearance is rather unfortunate in a country many millions of whose inhabitants have a rooted dislike to the genus pig.

In response to the outcry, the stamps have been condemned by the authorities. That is to say, while no radical alterations are to be made in the designs as a whole, fresh plates are being prepared in London, and special attention, it is understood, be devoted to making the elephant as life-like as is possible in so small a space, and the objectionable high lights already referred to will be toned down.

A series of George V stamps for India of the value of one rupee upwards is also in course of preparation. In these, elephants with trunks upraised in salutation to the Sovereign will figure in the two lower corners, but it is stated on good authorities that, profiting by their recent experience, the authorities have taken precaution to ensure that their representation shall be such as to place the identity of the animals beyond reach of dispute.

Running up and down stairs, sweeping and binding over making beds will not make a woman healthy or beautiful. She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her bowels. For sale by all dealers.

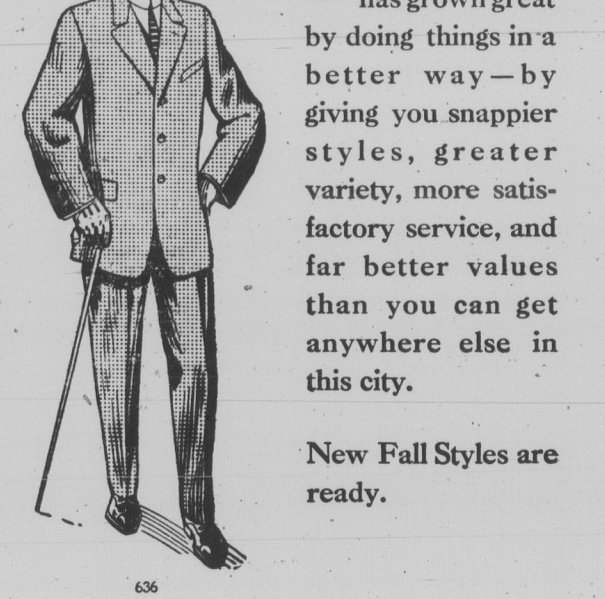

VISITORS.

When my Grandpa and Grandma Brown came up to visit us in town. They bring my cousin Bill to see. The picture shows and play with me. Well, we was so late gittin' at The depot where they come in that They was a'looking for a car To take them out to where we age. Then we heard Grandma give a yell And he stood wavin' his umbrella! So that the motorman would stop! And then Grandma, she gave a hop Into the middle of the track. And stood and waved the street car back. It stopped and stood there like a rock Right in the middle of the block. They climbed upon the platform, and The motorman reached out his hand And helped up Grandma, with a grin, 'Fore we could catch it they, though we tried, And then the car went on again So they got home and was inside When we got there, and say, by jings! My Grandma was a'cooking things! Now Grandma and Grandma enjoy The city like a girl or boy; And they just do the queerest things, For Grandma always works and sings, And Grandma eats red apples there On the front porch to get the air. And mother's neighbor 'cras the way, Says there as sweet as fields in May.

The Sunny Glenwood

For Wood or Coal

If you are looking for a low priced range, you should make it a point to call and see the Celebrated SUNNY GLENWOOD in two different designs. One is perfectly plain, the other is handsomely carved, so either one is sure to please you. The Sunny Glenwood is a perfect baker, being equipped with the Glenwood Sheet flue which sends the heat evenly to all parts of the oven.

Call and have us show you our lines of stoves and ranges whether you intend to purchase or not. Every Glenwood range is guaranteed to give excellent satisfaction.

WATER STREET **A. H. ENGLISH,** CAMPBELLTON

The Wonderful ALADDIN Lamp

Wonderful because it produces a luxurious, soft, white light, excelled only by sunlight. Burns ordinary kerosene or coal oil, the cheapest of all illuminating fuels. Burns Less Oil than Any Other Lamp of Equal Candle Power. Aladdin Lamps are most durable in construction—easiest to take care of—simplest in operation. The light is brighter and easier on the eyes than gas or electricity. Occultists declare the Aladdin Gives the Best Artificial Light Known. Users declare it is not only the best light, but the best Lamp known. There is No Equal. The Aladdin is superior by test and best by comparison. It appeals to those who want superlative excellence for its own sake—appeals to those who consider economy a first essential. Clean, simple, safe and cheap—The Ideal Lamp for the household. Don't be bamboozled by an imitation. There is only one Aladdin. Insist on having it. The name is on every burner.

Investigation is the keynote of progression. Let us show you Aladdin

ARE THERE TOO MANY?

Are there too many stores in town? This question is asked by many visitors who can only look on the surface of things, and who come to the conclusion that Campbellton is no good, when they hear of this one closing, that one going down and the other one going West, etc. To those who have the interests of the town at heart, this is an erroneous impression and does not mean that Campbellton is going down, but the fact remains that the number of assignments and absconding debtors during the past summer is a clear indication that too many people go into the business of store-keeping. After the fire any one who had a little money started a small store when the supply exceeded the demand with the usual result. If instead of opening stores, those same people had put their money into small manufacturing businesses, they would have created certain markets for their products and made some money for themselves, as well as giving employment to others and benefiting the town.

There is plenty money in Campbellton and if expended in proper channels, would make large increases, but these channels are in manufacturing and production, not in store-keeping. There is not a market garden around Campbellton, where such a place could be easily established and have a large market for vegetables. Our water powers are not used as they should be and there is plenty of room now that the settlements along the International Railway are being developed for mills of all kinds. We may look now for two or three lean years after the rush and bustle of our rebuilding, but the future of Campbellton is assured. No one can take from us our natural resources and if these would be exploited early our success would come all the sooner.

EARLY SESSION EXPECTED

It is expected from present indications that the next session of the Quebec Provincial Legislature is not far off.

It is strongly rumored that the Legislature will be called this autumn as early as the month of November, and will rise for a couple of weeks during the Christmas and New Year holidays, to be resumed after and close about the end of January or the beginning of February.

INTERESTING EVENT AT NEW SETTLEMENT

Continued from page one

grounds for the ceremony of blessing the bell. The weather at this time looked threatening and a slight shower of rain drove the ladies to shelter, but the sun was soon shining brightly and Father Ferdinand opened the ceremony with a brief address in French. He gave a small resume of the work which had led up to this time, thanking all who had done so much to establish a church at Anderson. He especially thanked Mr. Thomas Malcolm and Mr. Anderson for the good work they had done in getting the siding put in which would be of great assistance in the development of the new settlement. He counselled the people to attend to the services of their church and to remember as they heard the sound of the bell that they were just at the beginning of a new district their future development would depend a great deal on the love they had for their church. Assisted by the other clergy, Father Ferdinand then blessed the bell with full ceremony, after which it was rung by the guests and parishioners. The service was then concluded in the church. The bell, which is toned in P and dated 1871, was then hoisted to its place and the ceremony was over. Two excursion trains were run by the I. N. R. to accommodate the visitors and everything passed off without a hitch.

This settlement, which is only a year old now has about 130 families settled there, and the spirit of the people shows that in a few years time Anderson will be a place of considerable importance. Lands are being cleared and good frame houses being erected, and as the soil is rich and good, there are splendid chances for the farmers who can have both the American and New Brunswick markets within easy reach.

DISTRICT MEETING AT NEWCASTLE

Newcastle, Sept. 10.—The Chatham District Meetings of the Methodist church convened here yesterday afternoon and continues today. There are in attendance: Revs. Dr. Harrison, Newcastle, chairman; Jabez B. Rice, Bathurst, secretary; K. G. Fulton, Chatham; Thos. Pierce, Richibucto; John A. Ives, Millerton; J. B. Young, Buctouche; C. W. Squires, Campbellton; W. B. Thompson, Gaspe; Thomas Marshall, Sackville; S. M. Aikens of the Temperance Moral Reform and Evangelistic department; and F. H. Holmes, Harcourt. The only lay delegates attending yesterday were Samuel Irving, Chatham, and Frank Curran, Richibucto. The afternoon was spent in the discussion of a forward Evangelistic Campaign, on a memorial of Revs. Fulton, Rice and Harrison. It was agreed that revivals should be attempted in every congregation, and as far as possible, in co-operation with Presbyterians and other Christians. Rev. Mr. Squires told how he and Mr. Purdy, Anglican frequently assisted by Rev. Mr. Drunon (Presbyterian) held evangelistic services on Campbellton wharf every Sunday afternoon at which as many as 300 have attended. Rev. J. M. Aikens told how he had spoken to large numbers in the open air in Amherst, Shelburne, Windsor and elsewhere in Nova Scotia, many being present who had not been in church for years.

The discussion took the form of a thorough investigation into conditions of church life, the need of revival being strongly emphasized. In the evening Rev. J. M. Aikens was the principal speaker. His theme was evangelistic.

TO BE WELCOME TO BATHURST

James H. Dunn, Wealthy Financier and Native of this Province.

James H. Dunn, native of Bathurst, but now of England, passed through St. John in a private car early Sunday morning from St. Andrews on his way to Bathurst. Mr. Dunn was accompanied by two British millionaires, who will look over the province with the idea of investment.

Mr. Dunn was born in Bathurst and his first investments were through the Montreal Stock exchange, after making a large amount of money there he invested in Argentine and is now a millionaire. His mother resides in Bathurst. He lately made generous donations to different institutions in the province, among others being \$12,000 to endow a hospital in Bathurst, and a large amount to the Cathedral at Fredericton.

Montreal, Sept. 10.—Sir Max Aitken left for England last night. Sir Max has done some strenuous work during his stay in Canada, and has completed several big deals.

Sir Max was accompanied to New York by Mr. V. M. Drury, of the Royal Securities Corporation, a brother-in-law of the Canadian Knight.

The baggage carried by Mr. Drury will not worry the customs officials very much. Just as the train was leaving Sir Max found it necessary to take Mr. Drury with him, and the latter departed with a tooth brush as his entire luggage. He waved the tooth-brush to Sir Max's friends on the platform as the train drew out.

BOTTLE OF GIN FOR A PARTY OF THREE

After a Night's Sleep Captain was Minus of \$475

Chatham, N. B., Sept. 9. — Some time Friday night Capt. Tremblay, of the schooner White Bird, which is well known on the Miramichi, was robbed of the sum of \$475 while his boat was at one of the shiretown wharves. The captain suspects two companions who were on the boat with him shortly before he noticed his loss, and the fact that they have disappeared would seem to be pretty good proof of their guilt. Captain Tremblay, who is in town to-day states that the men he suspects are Clarence Wright and Jas. Fallon of Newcastle. Wright shipped as a hand aboard the schooner and on Friday the captain got Fallon to help them in unloading some shingles. They were to sleep on board the boat that night and finish the work in the morning. The captain gave the men a dollar apiece for their work and he bought a bottle of gin. All three finished this and went to sleep. When the captain awoke in the morning the men were gone and also a roll of bills that he had placed in his trousers' pocket, amounting to \$475. The men cannot be found.

Eminently Correct.

You've noted, perhaps, that the well-dressed man wears to-day. We mean the well-dressed man—not the fop, not the dandy; but the man whose clothes look manly and up to the minute.

He wears none of the freakish, under-sized coats. Nor do his trousers reach to the top of his shoes. Nevertheless, every tendency of good fashion is marked in his appearance.

His coats are not so long as in seasons past. And their shoulders are of a more natural shapeliness, without being heavily padded, as formerly.

Also with him trousers of graceful length and width find favor over the extremes either way.

Briefly, he demands that his clothes be eminently correct—and he gets becoming clothes always.

Drop in and see what's correct for fall.

ANDREW'S CLOTHING STORE.

LOCAL ITEMS OF INTEREST

News Notes of Town and Country Happenings Gathered by Graphic Reporters.

RUMORED HERE

It is understood that the government are about to spend a sum of money on making a tarmac road through the Kedgewick district.

NEW HOTEL

Mr. A. Savole has now opened up a large new hotel at Richards and it is being well patronized.

BAPTIST CHURCH

Services in the Baptist church morning and evening, Sunday, Sept. 15th, Pastor, Rev. J. H. Jenner. Sunday School at 2.30 p. m., with Men's Christian Brotherhood, also Ladies' Bible Class.

FALL IN FRUIT

There was a most decided fall in fruit on Monday morning on Gerrard Street, when an express train spilled a large number of baskets on the street. Contact with our brand of street food would not enhance the flavor of the plums.

INSPECTION

Mr. Thomas Malcolm accompanied by Mr. E. H. Anderson made a tour of inspection over the International Railway line on Tuesday. They were quite satisfied with the condition of things and the outlook for the winter season is very bright.

MARRIAGE

Monday morning, at Bathurst, the marriage took place in the Sacred Heart church, of Miss Ida Gallant, daughter of Mr. and Mrs. Amos Gallant, and Mr. Arthur McLean.

EXPANSION AT RICHARDS

To meet with the largely increasing business on the I. N. R., the management are building a good sized addition to their freight shed there and will add a stock pen.

PROFESSIONAL

Dr. A. Pierce Crockett, eye, ear, nose and throat specialist, St. John, will be at the Waverly Hotel, Campbellton, Friday, Sept. 20th, where he may be consulted professionally.

CARD OF THANKS

The members of the family of the late Mrs. Mary Adams wish to thank their many friends for the great kindness shown them in their recent and belated bereavement.

KILLED MOOSE

Quebec, Sept. 10.—A remarkable feat was accomplished in the woods some twenty miles north of here by Miss Langelier, daughter of the Lt. Governor. The young lady who is only eighteen and just out of the convent, shot and killed a magnificent bull moose, while on a hunting trip with a party organized by Mr. Gustave Langelier, her cousin.

OBITUARY

There died at her home in Oak Bay Mills on August 10th, Mrs. Mary Adams, aged 78. She leaves to mourn her loss a family of four daughter and two sons, also two brothers. She is greatly missed by a large circle of friends and was ever ready to assist with helpful counsel or action in any good and charitable work.

TOSSED BY A BULL

Chatham Gazette.—Richard Leaman, who was one of a fishing party who spent a few days last week in Black River, had a short but very exciting experience. His path to the fishing grounds lay across fields in which cattle were pasturing. When almost in the act of climbing a fence to leave these behind, he heard the sound of hoofs and was terrified to see a vicious looking bull rushing down upon him. Before he could get out of its way, he was caught in its horns and hurled over the fence, a distance of about twenty feet. Fortunately he landed on a soft spot, but nevertheless received a bad shaking up.

Our Emulsions, and other Preparation of Cod Liver Oil are Fresh. We buy direct from the Manufacturers, and keep them in a perfect place for such good. Do not buy old and stale goods, simply because they are sold cheap.

A. McG. McDONALD,

DRUGGIST & OPTICIAN

Campbellton, N. B.

All Orders receive prompt and careful attention

FOR LOADING

F. E. Neale of Chatham sent up a number of men last week to load lumber for shipment.

ASSIGNMENTS

Frank J. Woodworth has assigned for the benefit of his creditors.

RESTAURANT CLOSED

The Windsor Cafe, J. J. Gray, proprietor, was taken charge of by sheriff Stewart yesterday.

SHERIFF'S SALE

The sale of the personal effects of Miller Bros. drew a good crowd yesterday, but the prices realized were low.

NOTICE OF DEATH

On Thursday morning, Edna, the three year old daughter of Mr. and Mrs. Harry McMillan died from pneumonia.

CASE DISMISSED

The two young men charged with stealing oats at Upsalquitch were discharged at an adjourned court before Police Judge Matheson on Thursday, the evidence not being sufficient to warrant their conviction.

Special prices on some lines of groceries. S. M. Moores.

LOSS SETTLED

The loss by fire which occurred in the Sharp building, owned by A. Bertrand & Son, on Sept. 11th, was covered by insurance through the office of Shannon & O'Dea and was promptly settled the following day. Mr. L. B. Read, of Moncton, general agent for the company came up and adjusted the loss.

Ladies' Fall Coats and Sweaters at great bargains at S. M. Moores.

METHODIST CHURCH

On Sunday, Sept. 15th, the Rev. John Littlejohns will preach both morning and evening. In the evening the discourse will be along the temperance lines. The adult bible class in connection with the Sunday School, whose members are heartily increasing, will be led by the visiting pastor. The sessions of the Provincial Convention of the W. C. T. U. will be held in this church on Wednesday, Thursday and Friday of the coming week. Annual Rally Day in the Sunday School on the 29th of the month.

TO CLEAR

A special low price on White Lead, Paints and Oil. S. M. Moores.

ACCIDENT AT REXTON

Rev. J. M. McLeod of New Mills met with a nasty accident while standing at Rexton Station. A wedding party were about to board the train and one of the railway employees had placed impediment on the near line, which exploding, scattered the fragments of steel among the by-standers. Three or four people were hit by the flying missiles and the reverend gentleman received a nasty wound across the chin, which bled profusely, necessitating two or three stitches. Mr. McLeod was left at Rexton under the care of Dr. Girvan.

Guns and Ammunition, Door Locks, and Lock Sets, at low prices to clear. S. M. Moores.

ST. ANDREW'S CHURCH

Rev. T. P. Drummond, Minister. Morning worship, 11 a. m.; Evening worship 7 p. m.; "Out of the Depths": Ladies' Class at 2.30 p. m.; Teacher, Mrs. D. J. Bruce; Men's Union at 2.30 p. m.; Teacher, Mr. W. F. Vorston; Sunday School at 2.30 p. m.; Presbyterian Guild of C. E., Tues. evening at 8.30; Topic, "Exodus on Life"; Manners; St. Andrew's Club, Thurs. eve. at 8.30 p. m.; Owing to W. C. T. U. Convention no mid-week service will be held. Strangers cordially welcomed to all services. Seats free. Hymn books provided.

Great values in Underwear, Sweaters and Pants. S. M. Moores.

OPENING OF THE DRAMATIC SEASON

Manager Dimock announces the engagement of Miss Gladys Clark and her excellent company for three nights starting Monday, Sept. 16th.

Miss Clark is without doubt the most popular actress playing New England and the Provinces in popular priced drama at the present time.

This season she has secured several new royalty productions and in order to have the exclusive use of these plays J. Edwin Balfour, Miss Clark's manager, purchased the complete production in each instance, thus assuring the audience a complete city production of every play used by the company. Among these may be mentioned "Ishmael," Mrs. E. D. E. N. Southworth's Col. Warring's sensational play "The Tiger and the Lamb," "Just a Woman's Way," Lincoln J. Carter's successful melodrama "The Professor's Love Story," one of the most popular dramatizations of the past season.

For the opening bill in this city Miss Clark's manager has selected her greatest success, the four act comedy drama "A Wife's Secret," replete with dramatic situations good wholesome comedy and heart interest.

One added feature to the entertainment this season is four real vaudeville acts. Master Valmore "The Little Boy with the Big Voice," "Davis the Man of Mystery," "Hammond, the Hoaxologist," "Bessie Burnell's Humorous," and "That Somewhat Different" in every detail. Seats are now on sale at the box office.

SIR THOMAS LIPTON COMING TO CANADA

Toronto, Sept. 11.—The Mail and Empire says this morning:

"Sir Thomas Lipton has at last definitely decided to visit Canada. He will be in Toronto and other Canadian cities sometime during October. The details of itinerary have not yet been completed, but will be known before long. He will leave England near the end of September with the object of taking a jaunt through the United States and Canada, especially the northwestern portion of the Dominion. He intended to take this trip when he was in America in 1909, but was prevented from so doing. He intends this time to go as far as the Pacific coast."

A GRAVE PERIL.

A very great danger menaces this whole continent in the enormous increase of the Eastern religious movement which began in the year of the World's Fair at Chicago. The summer school of philosophy, which was started Green Acre, Maine, in 1896, was the outgrowth of the "World's Fair Congress of Religions." Since that time nearly every sort of Eastern mystic has found his way and established his particular vogue throughout the United States and Canada. The latest addition to this extraordinary religious cult is that of the Bahais, who are erecting in Chicago a magnificent temple — Mash-rak-el-azkar — to represent their sect in the West.

The Swamis and Babas who came to the great white fairyland which in 1893 lay along the shores of gray Michigan, soon found that they had happened on a very lucrative opportunity which they lost little time in taking by the forelock. These "prophets" were instantly surrounded by bands of admiring women who followed them from the Midway to those niches in the great buildings where they had set up their idols and where they delivered their teachings. From the yellow loin-cloth and beggar's bowl to silken garments and glittering turbans was a delightful transition, and it was not long until these dark-skinned Orientals with their amazingly beautiful eyes and slender forms, found themselves seated in miladi's boudoir, the centre of admiring attentions, and waited on by the prettiest women in society, who seemed to be hypnotized by these Eastern mystics, these silent, grave, beautiful men who were so mysterious and so alluring.

I could go deeper still into this so-called religious philosophy which these Eastern priests are teaching our Western women. I could repeat tales of the orgies prevalent in the worship of the hideous, brutish goddess Kali, which take place not far from any of us; I could tell of the household labour done by American ladies—cooking, washing, scrubbing—for a certain Swami, and repeat the tales of a beautiful woman who is at the head of this household. The peril lies not in the worship of sticks and stones and sun-gods, but in man-worship. "He was my mangel," wept little Jewish Alta Markheva over the body of old Dr. Latson. So far we have had no known tragedies among our Canadian women, but—

"There are Mazdaznan centres in thirty cities of the United States as well as in Canada—" and "There is a temple to the Sun erected, or about to be erected, in Montreal."

These two items have been published. And last week at a church in a Canadian city the plate went round for "special contributions to our foreign missions to the Heathen."

Hon. George E. Foster, Minister of Trade and Commerce, was born in Carleton County, New Brunswick, September 3, 1847. He received an excellent education at Fredericton, Edinburgh and Heidelberg and was at one time a professor in the University of New Brunswick. He was first elected to the House of Commons in 1882 as an Independent Conservative. The election was afterwards declared null on a petition, but he was re-elected by a larger majority. He entered the Government of Sir John A. Macdonald in 1885 as Minister of Marine and Fisheries. He succeeded Sir Charles Tupper as Minister of Finance in 1888, and continued as such throughout the Abbott, Thompson, Bowell and Tupper administrations, until the defeat of the conservative Party in 1896. With the election of the Conservative party to the majority last year Mr. Foster entered the Borden ministry as Minister of Trade and Commerce.

Potato Rissoles.

Mash potatoes, salt and pepper to taste; if desired, add a little parsley, or even chopped onions if liked. Roll them into small balls, cover them with an egg and bread crumbs; fry in hot lard for about two minutes; drain and serve hot.

NEWSY ITEMS FROM NEARBY PLACES

BLACK CAPE

The weather for the past week has been very favorable for the farmers and all have got through with their haying and the crop is on an average of last year.

The oats crop is looking extra good but is going to be late in ripening but if the weather continues fine as it has been for the past it will ripen quickly.

Alfred McWhirter paid Campbellton a business trip last week.

Herman Powell has accepted a position on the Quebec Oriental Railway as brakeman, and Ralston McCole who is in the employ of the Chappell at St. Omer is spending a few days at his home here.

Mrs. Peter McKee left on Saturday for Oak Bay Mills to visit her daughter Mrs. Thomas Young.

Mrs. Murdoch McLeod and her daughter Mamie arrived from Montreal on Saturday.

Miss Elsie Thorburn has accepted a position as teacher up river.

No. 3 school opened on Tuesday under the management of Miss Burton of New Richmond. No 1 remains closed yet but we understand that a teacher has been spoken of for Monday the 16th which we trust is a good report.

Mr. and Mrs. John Steele spent Sunday in Bonaventure River with friends.

Miss Mary Murchie of New Mills is visiting her sister Mrs. William Johnson.

Miss Berle McNair has returned from a trip to Heron Island, N. B.

The many friends of Miss Ethel Howatson are sorry to learn that she is confined to her room through illness but we hope for a speedy recovery.

Harry Scott of New Carlisle spent Sunday in Black Cape with friends.

The Caspacia Mfg. and Trading Co., has a large schooner in the harbor loading lumber.

PASPEBIAC WEST

The weather continues damp but crops are looking well.

Wilson Scott intends leaving for Montreal to take up a position there.

Communion service was held here Sunday Sept 8th the weather being rainy a small gathering were present.

C. W. Scott, conductor on the Q. O. R. left for Montreal on Saturday, to visit friends for a few days.

Rev. G. P. and Mrs. Tattree left for Halifax, N. S., Sept 9th for a vacation.

Miss Margaret Sutherland left for Halifax College Sept. 9th.

George Munro and H. S. Harquail arrived on Saturday for Montreal.

Miss Clara Cook and Miss Lena Kempfer are teaching school here this term.

Miss Olive Bisson of this place is teaching in New Carlisle.

Rev. E. A. Dunn left for England last week.

H. S. Scott has completed his new barn. The evening are becoming quite cool.

A number of scholars have left for the colleges.

Miss Lizzie Sutherland arrived on Saturday from Vancouver, where she has been for a number of years.

Charles Hocquard is recovering from his illness.

JARDINE BROOK

Messrs. S. W. Collins & Sons from Caribou have men here at present cruising for a chance of cutting lumber on the New Brunswick Land Co's grounds where they intend to run a much larger concern than last year.

A. E. Hammond from Van Buren has men out around Hammond Sliding on the I. N. R. where he intends cutting four or five million spruce to be shipped by rail to St. Leonard.

Forty or fifty flat cars will be required for this service this winter and we have every reason to believe the I. N. R. will be kept busy at this end all winter.

J. P. Arsenault left for his holidays on Friday accompanied by his wife. They will pay a short visit to St. Alexis visiting their parents, and make a short visit to Montreal, returning by the Temiscouata Railway.

NEW CARLISLE

Rev. G. P. Tattree and wife left by train, Monday Sept. 9th for a three weeks vacation. Mr. Tattree will attend a meeting of Presbytery in Reston on Sept. 10th. They will visit their old home in River John and also attend a meeting of Synod at Pictou, N. S., on Oct. 1st.

Miss Margaret Sutherland also went by train to take a term in Halifax Ladies' College.

Mrs. W. W. Shappard has taken a short trip to Bathurst, N. B.

Mr. and Mrs. Wm. Walker have been in town for a few days, Mr. Walker is manager for the Chappell Bros Lumber Co., in St. Omer and was here on business. Mrs. Walker spent a day with Mrs. J. O. Shearer.

Miss Susie Sutherland has returned to New Carlisle to visit her parents Mr. and Mrs. J. Sutherland.

The No 2 school opened this morning, Miss Eva Smith, principal of the model and Miss Clara Cook the elementary.

Everything looks favorable as to a good harvest. The haying season is over and reported very good and if the fine weather continues the grain and potatoes will be extra good in this vicinity.

You'll like the flavor—OR—your dealer will return your money.

CLERGYMAN, PINNED BENEATH MOTOR CAR BURNED TO DEATH

(Canadian Press Despatch.)

Paulina, Iowa, Sept. 7.—Rev. H. H. Greene, pastor of the Lutheran Church in Germantown, Iowa, early to-day burned to death before the eyes of children and several other persons while pinned beneath a wrecked motor car.

The blaze was started from a lantern with which his rescuers were working. The car was driven by August Pauling of Germantown. In it were children of both Mr. Pauling and Rev. Mr. Greene.

About six miles from Pauling the steering gear refused to work and the automobile jumped from a small bridge. The children were thrown clear. Mr. Pauling was seriously injured. The cries of the children brought persons in the neighbourhood to the rescue.

One had a lantern. Gasoline from the oil tank of the machine had spread to the wreck.

The man holding the lantern dropped it. Instantly the wreck was in flames.

The rescuers made frantic efforts to aid the clergyman, several persons suffering severe burns, trying to raise the burning machine from his body. Rev. Mr. Greene met death with prayers on his lips.

Dr. de Van's Female Pills

A reliable French regulator never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all other medicine. Dr. de Van's are sold at a box of three for \$10. Mailed to any address. The Sea and Drug Co., St. Catharines, Ont.

Sold by White Drug Co.

REFORM IN BRITISH NAVY DISCIPLINE

Will be Great Benefit to the Service.

New York, Sept. 9.—A cable to the Tribune from London says:

Vitaly important changes in connection with naval discipline, as it affects the lives of thousands of men on the lower deck, are made in a circular letter issued by the Admiralty setting forth a series of new regulations which will replace many of the most obnoxious rules dealing hitherto with naval delinquents. The putting into operation of the reforms indicated in the circular letter is declared to be the most important step yet taken for the personnel of the fleet since abolition of the press gang.

The new regulations are the result of the work of a special committee which for months has been inquired into the whole subject. The committee reported to the Admiralty six weeks ago and its recommendations were promptly carried into effect.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from two drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. Many other one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

LAUNDRY HELPS.

When washing coarse clothes soft soap is said to be more efficacious and to go farther than the ordinary kind.

A cup of vinegar put into the water in which colored clothes are to be washed will prevent the color from running, and if the garments are ironed while still damp they will look like new.

Cold water, a teaspoonful of ammonia and soap will remove machine oil when other means would not answer on account of taking out the color.

When white lace has acquired a yellow tinge a good method of bleaching it is to wash it in the usual way, and then rinse it in blue water, after which it should be rubbed all over with white soap. It must then be laid out on a large, white china dish in the sun, and after several hours rinsed repeatedly, until the soap is washed away.

Do not leave wooden tubs dry or they will quickly crack or come apart. Keep a little water always standing in them.

Use warm water to sorinkle starched clothes and the effect will be twice as satisfactory.

When ironing handkerchiefs it is a good plan to fold the best ones in the ordinary way and the worn or stained ones cornerwise. If the same rule is followed in ironing sheets, towels and table napkins, one can tell at a glance, without unfolding, what one is getting from the linen closet.

Another good plan in ironing handkerchiefs is to begin at the middle, because when the edges are ironed first the middle of the handkerchief is apt to swell up, making it difficult to properly smooth the whole.

Ironing between buttons on a thin blouse is likely to tear off these little fasteners, but if the blouse is placed on a folded Turkish towel the buttons will sink into the towel and the spaces between them be ironed beautifully smooth.

Silk should never be ironed on the right side, as it will be shiny wherever the iron has touched it.

The fading of colored articles is due often, not to the washing, but to the ironing. Irons that are too hot are used directly on the material, and this will more quickly fade delicate colors than any amount of washing. Be sure that the article is evenly dampened and that the shape

KILLED IN A VILLAGE ROW

Grant Appleby Stabbed to Death in Cobden, Ontario.

HAD BEEN A QUARREL

Cobden, Aug. 31.—Grant Appleby, aged 27, a student in attendance at the Ontario Veterinary College, Toronto, who was spending his vacation with his parents, Mr. and Mrs. Thomas Appleby, Ross Township, was murdered last night immediately in front of the parental homestead, being stabbed twice to the heart by "Wild Pete" Collins, a farmer of the district. Collins made his escape, and although posses have been out for hours no trace of him has yet been found.

It appears that the murder is the direct result of a quarrel which occurred on Thursday night in the village. Collins is said to have insulted Appleby and the latter retaliated, a fierce hand to hand fight ensuing. Collins went for Appleby in a fierce manner, chewing his ear to shreds. Although the bigger man, Appleby contented himself with ending the quarrel speedily and the pair were separated by friends.

Collins evidently did not forget his incident and carried his hatred to extremes during yesterday. He has been known to be of a very vicious disposition and at times has been regarded as insane. Early yesterday his brothers sent for his mother to assist in pacifying him, but in his rage he put her out of the house and ordered her off the premises.

Last evening about six o'clock Collins went down the road in the direction of the Appleby farm. Grant Appleby, seeing him approaching, went out to meet him, with the intention of settling the dispute of the night before, which evidently from Collins' manner, was apparently unsettled. As Grant approached Collins drew a knife from his pocket and made a rush for him. Grant called to his brother Reuben for assistance, and the latter rushed at Collins. Seeing this Grant also made for Collins and in the melee which followed, received two stab wounds over the heart.

After receiving the wounds Grant continued pummeling Collins until the latter cried for mercy. The pair then separated, Grant and his brother turning to their home and Collins making off down the road. Just as Grant Appleby reached the gate he dropped to the ground and died in a few minutes.

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.

iron is only hot enough to smooth the wrinkles properly by firm, even pressure, and you will have no more trouble from fading. Skirts should never be ironed across the gores, but up and down.

When pressing a seam or crease in a wool garment use damp wrapping paper instead of a damp cloth between the garment and the iron. The pressing will be more satisfactorily done.

By slipping stiff collars into a glass tumbler after they are ironed and allowing them to thoroughly dry they can be made to keep their shape.

PRIVATE OFFICE

Some to Lunch Back in ten minutes

Cramping down ill-chosen food, and rushing back to work, leads straight to dyspepsia, with all it means in misery.

Proper habits of eating, with a Na-Dru-Co Dyspepsia Tablet after each meal, restore good digestion, health and happiness. A box of Na-Dru-Co Dyspepsia Tablets costs but 50c. at your Druggist's. National Drug and Chemical Co. of Canada, Limited.

NEW SANITORIUM

According to Mr. H. W. Boles, the President of the Board of trade of Watrous, Sask., who is at present in the East, a German syndicate which is also largely interested in Carlsbad, (now one of the wealthiest cities in the fatherland, owing to the miraculous cures effected by its waters, but originally no bigger than this new western town on the Grand Trunk Pacific) has applied for permission to pipe the medicinal waters of lake Manitou into Watrous and are already building two large sanatoria, one at the lake and the other into the town. An electric lighting plant has already been installed in Watrous and the electric railway from the station to the lake is now under way.

Few, if any, medicines, have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic and diarrhoea which it has effected in almost every neighborhood have given it a wide reputation. For sale by all dealers.

FRANK READY TO MOVE

People Have at Last Decided That it is Safer.

Ottawa, Aug. 31.—The town of Frank, Alberta, which is at the base of Turtle Mountain and which was partially wiped out by a landslide in 1908, causing the death of seventy people, has had another scare. As a result, according to word received at Ottawa, the town is preparing to move to a new site some two miles distance. The citizens of Frank have had many warnings of danger. R. W. Brock, director of Geological Surveys of Canada, made an investigation after the 1903 catastrophe and reported there was danger of a further slide. The break on the mountain grew worse and a second commission, consisting of R. A. Daly, W. G. Miller and George S. Rice, made a further inquiry, their report being made public this spring. This commission reported that there was a large fissure in the mountain and there was danger of a second disaster of far greater extent than the first which would wipe out the whole town.

The town council were warned to move, but apparently took no action. As it was a provincial matter, the Dominion Government could not do more than point out the danger. However, in the latter part of July the mountain sent down another slide, tearing up trees and throwing down boulders which caused consternation. The slide on this occasion confined itself to the course of the old slide and did no damage beyond smashing a few unoccupied buildings. The town council is at last bestirring itself and word has

DISARMING FOREIGNERS IN MONTREAL

Montreal, Aug. 31.—Aroused by the great number of crimes committed lately with revolvers and other dangerous weapons, such as dirks and stilettos, Chief Provincial Detective McCaskill, with five of his men, assisted by a posse of the city police, started this morning to hold up every Italian and other person suspected of carrying concealed weapons.

The work began on No. 6 police district soon after 10 o'clock this morning. Chief McCaskill sent out five of his men into five different parts of the district and with each provincial officer Lieut. Savard sent two of his men. Every suspicious looking character was held up and by noon a dozen men were in the cells, charged with carrying concealed weapons. On each was found a well-loaded revolver or a long, well sharpened dirk or stiletto.

been received that the whole town is now preparing to move to a new site, which has been selected two miles away.

BARONESS ELOPES WITH A COACHMAN

Paris, September 2.—After swindling three of the wealthiest bankers of Paris out of sums estimated at more than 3,000,000 francs, the Barones des Groches has eloped with her coachman and fled to Italy. Neither the baron, who is well known among Americans in Paris, nor the duped bankers intend to take any action.

The Barones des Groches was formerly Mathilde Este, the ballet dancer. She is exceedingly handsome, with raven black hair, dazzling white skin and a serpentine figure. To each of the bankers she told the same story. Unknown to her husband, she said, she had secured papers that entitled the holder to an immense fortune. The transfers were all in order and she wanted to negotiate them privately through her banker friend, "not knowing anything about money matters or business." The names of the shrewd financiers so easily outwitted are being kept carefully sub rosa, but the wife of one, at least, is suing her husband for divorce, mentioning the barones in her complaint.

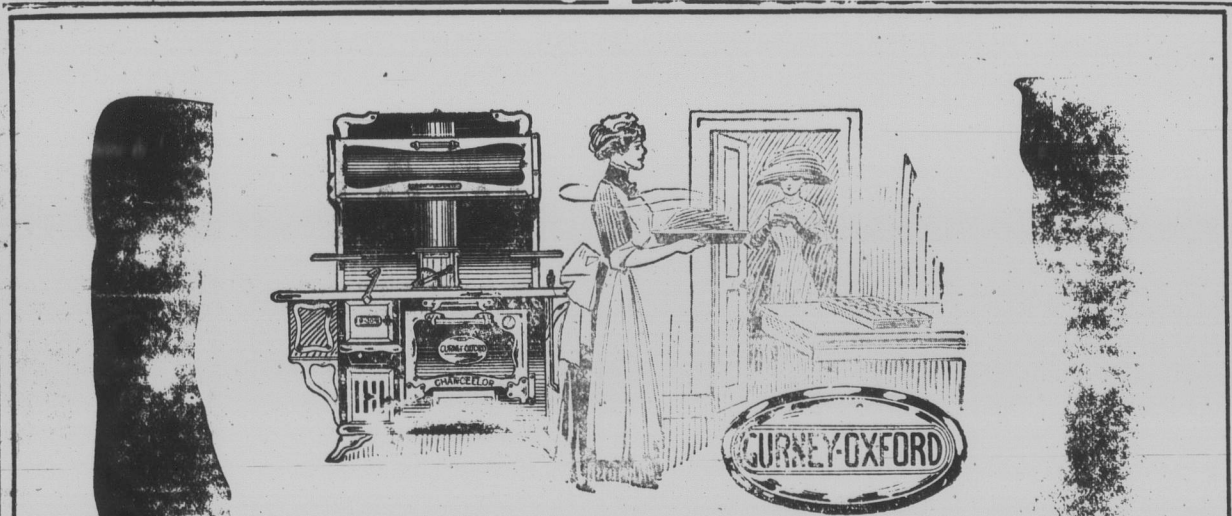

Two young men of short acquaintance were talking together, when George, the older of the two, became suddenly very confidential.

"I am much bothered," he said. "I can marry a wealthy widow whom I don't love, or a poor girl that I do love intensely. What shall I do?"

"Listen to your heart," advised his companion, "and marry the one you love."

"You are right, my friend. I shall marry the girl."

"Then can you give me the widow's address?"

Better Dinners

"Is dinner ready, Mary?"

"Yes, Madam—it is ready, and, I think, a great success."

"Your cooking is improving."

"Well perhaps it is, and I hope so, but really Mrs. Housewife, I think our new Gurney-Oxford is partly responsible for the success I have had lately. I was never able to cook roasts and fowl so well on our old stove, and as for bread and biscuits, I used to tremble when I went to take them from the oven—they were so often soggy and heavy. Now they are always

light and beautifully brown, and, if I do say it myself, something to be proud of."

"That's true, Mary, my husband has said almost the same thing. I'm awfully glad you approve of my choice of a Gurney-Oxford. He approves because of the saving in coal since we got it, also because of the better meals he is getting."

"Indeed he's right Madam—and it requires so little attention."

"That's fine. Will you serve dinner in a few minutes please."

It is now known by every person that on the 20TH of each and every month The Big Department Store allows you the chance of doing your buying at the enormous discount of 20 PER CENT.

This generous offer is not confined to a few things but is open to everything in the store excepting groceries.

When we started this 20th Sale on the 20th our idea was to make 20 per cent. a bye-word, and the 20th a day to be looked forward to and to be remembered.

Judging from the crowds that take advantage of it, we have succeeded far beyond our expectations.

It is not necessary to quote any prices as it is just a straight 20 per cent. off. You buy a dollar article for 80c. No trouble to figure up your savings.

This is the month you do your fall shopping—the 20th is the day to do it.

FRIDAY will be the 20th. The time will be short to do your buying as we close at six, so do your shopping early.

Be among the many at the Big Department Store on the 20th.
