## HOW TO CARE FOR YOUR PIANO

Piper W. H. Ross Writes an Interesting Article on the Care of Your Most Expensive Piece of Furniture

Dear Sir: I have often thought it would be of benefit to the numerous readers of your bright and newsy paper and to the public generally to write a short article on the care of the piano in their homes which so many people sadly neglect. The piano is one of the most important pieces of the furnishings of a home, so I send you the following remarks gathered from a long practical experience.

A piano is a costly instrument and if not given proper care it steadily loses in looks and tone quality.

First, we will deal with the proper place in the room for it. It should, if possible, be placed across the corner of the room and not straight along the wall, as this position is against the law of acoustics and the tone does not carry so well and also if the walls are damp it may filter the piano. The two things to guard against are dampness and too much heat. It should always be kept as far as possible from hot air and steam pipes. A piano will get out of tune very quickly if exposed to too much heat. Be very careful in the case of rust on the pins and strings never to put any kerosene oil or other substances on them, as that will utterly ruin your instrument. Have your tuner attend to this matter. Now as to the care of the case, it is most important to keep the piano in a room with as even a temperature as possible as it is the catch changes from cold to heat that ruins the varnish and that is the reason why we see so many pianos with the varnish cracked and checked, and more so on the part of the piano nearest the heat. I shall quote a supposed case:

"If a piano is, say, in a room where there has been no fire and the temperature below freezing and you are having a party of friends coming, the first thing you do is to kindle a big fire in the room. The piano meantime has been very cold and the varnish contracts to the fullest extent. The quick change from cold to heat will assuredly crack and check the varnish as mentioned." Exposed to the strong rays of the sun will also spoil the varnish. Close your piano only when dusting the room or when you have to lock it to keep small children from meddling with it.

To clean the case first put in a dish about a gallon of lukewarm water. Dissolve, say, two ounces of castile soap, take a piece of cheesecloth, dip it in the water, wring it out and rub the case well, repeatedly rinsing your cloth. This will remove all the gum that gathers on the case, also any polish of poor quality that may have been used on it. Then take another piece of cheesecloth, say two yards and rub it usually to dry it. The following day you can polish it. It is hard to advise what polish is best, as there are so many, but lemon oil is a safe one. I do not advise what is called O-Cedar as it clogs on the varnish. Liquid Veneer is good on a half worn or old piano, but I don't use it on new pianos. Light scratches can be taken out by using a little sewing machine oil and rubbing them frequently.

We now come to a very important part—the tuning. All pianos should be tuned at least once every year. Some have their pianos tuned twice a year. Most tuners will give you a special rate to do them twice a year. It is a great mistake to pay your good money for an expensive instrument and then neglect it, for if a piano is not tuned it will not stay in tune after it is done, but will be all out of tune in a few weeks again. So there is nothing gained by letting it go for two or more years as it is simply spoiling your instrument, and a honest tuner will charge you double to put it in order, as it requires three times the work if it has been neglected. It should also be voiced occasionally to take away the hardness of tone that most pianos have with constant playing and what is commonly known as a "tin pan tone." The action should also be regulated occasionally to avoid looseness of the hammer to ensure clearness of tone. This will cost a little extra but it is well worth the expense and will keep your piano always sounding like a new one. Even if you do not play much yourself there will always be some of your friends visiting you who can play and your piano being out of tune and condition they do not enjoy it and from politeness will not mention it but are very likely to say to their friends that

"Mrs. so and so has a very poor piano!"

top of your piano, such as framed photos or any hard substance. A few ordinary photos without frames won't hurt. Be careful whom you get to tune your piano. Get a tuner well known or one connected with some reliable piano firm in your own district. There are many so-called tuners going through the country today who are utterly unfit and who will not do your instrument any good.

Now, Mr. Editor, I have written a much longer article than I intended but there is so much that can be said about the proper care of a piano. I hope the foregoing will be of some benefit to your numerous readers and to the public generally.

## HARTLAND HAS SPECIAL SCHOOL MEETING

Four Important Matters Discussed—Proposals for New School House

A special meeting of the ratepayers of the school district convened last evening in the Town Hall. Ex. Mayor Keith, chairman of the school board occupied the chair. According to the notice which appeared there were four points to be settled by the meeting:

1. The question of deciding whether the trustees would accept as a basis of salaries for Hartland Superior school, the schedule as proposed by the executive of the Teachers' Association in co-operation with the Board of Education.

2. To retain the fifth room and teacher.

3. Whether or not to turn the school district over to the town.

4. The purchase of new grounds for the erection of a new school house sufficient to accommodate the increase for a number of years and to provide grounds for recreation.

It was decided to hire teachers for whatever they could be obtained regardless of the schedule, seeing that an increase had been granted recently. Also to retain the fifth room with teacher. It was decided to let the school district remain as it was. The trustees were given authority to proceed, with a view of purchasing new grounds.

Considerable discussion was evoked over the question of salaries and the purchase of grounds. The chief opponents of the purchase of new grounds was A. A. Plummer and Councillor Jas. Faulkner, who contended that the old schoolhouse could be remodeled sufficiently well to accommodate our needs. The younger element of the town favored a new and modern structure and the fight was led by trustees C. E. Rideout and others. For a time a good natured battle waged back and forth, the opinion being pretty well matched, when the old guard was put to flight by the arrival of Bleucher in the form of Deacon Hagerman, who in a ringing and most enthusiastic speech called upon the ratepayers of the town to not allow the question of dollars and cents stand in the way of the education of the young and rising generation, to give them the very best that we could afford to fit them for life's duties and responsibilities. The house went wild and at the close of his speech he showed that we proceed at once to purchase land and the motion was seconded by Dr. Belyea. Not one dissenting voice was heard to come from the quarters of the old guard, evidently they had retreated. A committee of three was appointed to co-operate with the trustees in choosing the grounds and looking over the old school house, they being Dr. Belyea, A. W. Kyle and A. F. Plummer. The meeting then adjourned. The annual school meeting will be held on July 11.

## HARTLAND CLAIMS FRASER'S SERVICES

Captain of Imperial Centre of Controversy

A controversy has been started over the rights to Perry Fraser, captain and third baseman of the Imperials of the York County Baseball League. He is claimed by Hartland with whom he played last year when he and several other local players migrated from the Y. M. C. A. teams to the Carleton county town when Hartland got hard hit by the baseball craze and started reaching out for players.

Fraser is being allowed to play with the Imperials pending an investigation into his alleged registration with Hartland. In a telephone message A. W. Kyle, of Hartland, claims the player to have registered with the club there (Continued on Editorial page)

## HARTLAND AND PERTH WINS IN FAST GAMES

Hartland 11, Florenceville 2  
Grand Falls 5

In the first league game of the season between Florenceville and Hartland at the former place, Florenceville went down to defeat before the Hartland nine by a score of 11 to 1 on the holiday of June 3.

Unfavorable weather conditions hindered the progress of the game considerably. Not until 1 o'clock did the Hartland players know for a certainty that the game was to come off, when at that time they were advised over the telephone. The game started at about 3.15 and went seven and one half innings lasting until about 3.45. The attendance was small, there being only about 100 present, but all seemed very much interested. In the first inning Hartland hammered the ball for five runs and things looked much like batting practice, but after that, Davis, pitching for Florenceville, held them down until the sixth, when they got two more and followed up with another in the seventh and two more in the first half of the eighth. Florenceville received its lone tally in the first, when Davis smashed out a three bagger to deep centre bringing in B. Tompkins from second. Davis had eight strikeouts to his credit with no bases on balls. Billings for Hartland pitched good balls, it being his first appearance on the mound this season, and is credited with thirteen strikeouts and one base on balls.

The score follows:

## PERTH 6, GRAND FALLS 4

Perth played on the holiday at Grand Falls and returned home victorious by winning 6 to 4. The game was fast and was marked by some good hitting by Perth and quick fielding by the Falls team.

The standing of the League to date follows:

Perth Games: Won 7, Tied 0, Lost 0, Forfeited 0, Percent 1000

Hartland Games: Won 5, Tied 0, Lost 1, Forfeited 0, Percent 667

Grand Falls Games: Won 1, Tied 1, Lost 1, Forfeited 0, Percent 500

Florenceville Games: Won 1, Tied 0, Lost 2, Forfeited 0, Percent 333

Master Rock Games: Won 0, Tied 0, Lost 1, Forfeited 0, Percent 000

4 Games forfeited to Hartland on account of not showing up on scheduled date.

## HARTLAND 4, BRIDGEWATER 3

On Monday, June 6, Bridgewater met the Hartland ball team on the latter's diamond and went down to defeat by a score of 4 to 3. It was a good brand of ball and with the exception of a bludge over a Bridgewater base winner who was caught out by Boyne, of Hartland, at the home plate, everything went along very nicely. The Bridgewater team arrived by car at about 5 o'clock and had a light workout on the diamond before (Continued on Editorial page)

### MISS AMY I. PERRY

There was deep sorrow when it became known on Thursday afternoon May 12, that Amy, only daughter of the late John N. and Mrs. Perry of Connell, had passed away after an illness of seven months, borne with great patience and Christian fortitude. She was but 23 years of age and her death is particularly sad for the fact that her invalid mother is bereft of the companionship of a loving daughter, who has tenderly and almost solely cared for her since the death of her father just two years before. In the early autumn she contracted what seemed to be a severe cold, but later tuberculosis developed, and after much suffering, in spite of all that medical skill and the tenderest care could do, she succumbed to the dread disease. From the first she insisted that she would not recover and earnestly desired to depart and be with her Saviour, in whom she implicitly trusted. Her childlike sweet faith and patient waiting for her Lord was an inspiration to her many friends who visited her during her illness. She was a consistent member of the United Baptist church at Connell, having been baptized by Rev. E. C. Jenkins, during a series of meetings held by him when he was pastor of the church. In addition to her Christian character, she was a young lady of refined intelligence, kind, cheerful and unselfish in her nature which endeared her to all who knew her. No where outside of her immediate family and other near relatives will she be more sadly missed and lovingly remembered than in her home community, where by her many virtues she won the love of everybody.

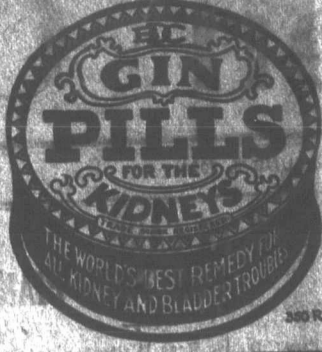

The funeral which was largely attended was held from her home on Saturday afternoon, May 14. There being no resident pastor, the service was conducted by Rev. L. A. Fenwick, Jacksonville, a former pastor and an old friend of the family. The Florenceville Baptist choir, with Mrs. T. McCain at the piano, feelingly rendered beautiful hymns: "Does Jesus Care," "Gathering Home," "Th' Awakening in the Morning" and "Abide With Me." The first three selections were chosen by her and at her request were sung the night before she died by her aunt, Mrs. J. A. Grant and Mrs. George Perley. The pall bearers, who were also chosen by herself were her cousins, Ernest B. Shaw, James S. Turner, Carleton T. Miller and Norman Miller. The numerous and beautiful floral offerings from relatives and friends bore silent but eloquent tribute to the memory of one they loved. Interment was made in Garrison Hill cemetery by the side of her departed father. She is survived by her grief stricken mother and brothers, Bertram and Fred, who have the heartfelt sympathy of the whole community. The other near surviving relatives are her uncles and aunts, one of whom (Mrs. George W. Johnson) tenderly cared for her during the last three months of her illness.

### CARD OF THANKS

We wish to thank our neighbors, friends and the Florenceville choir for their help and sympathy during the illness and death of our beloved daughter and sister; also for their beautiful floral offerings.  
 Mrs. John N. Perry  
 J. Betram Perry  
 Fred T. Perry

### BASSETT-PETERSON

The home of Mr. and Mrs. W. S. Peterson, Tracey Mills, was the scene of a very happy event on Wednesday June 1, at four o'clock, when their eldest daughter, Pauline Alberta, was united in marriage to Lieu. Frank E. A. Bassett of Derbyshire, Eng. The ceremony was impressively performed by Rev. H. R. Bell in the presence of about 60 guests. The bride was charmingly attired in a gown of white satin with silk over lace and bridal veil gracefully caught with a wreath of orange blossoms. She was unattended and carried a bouquet of white carnations. Little Greta Peterson, cousin of the bride acted as flower girl. The house was tastefully decorated for the occasion in evergreen and white. The bride entered the parlor on the arm of her father to the strains of Mendelssohn's Wedding March played by her sister, Miss Leota Peterson. After the ceremony a sumptuous luncheon was served which fully catered to the wants of the inner man. The many beautiful presents testified to the esteem in which the young couple were held. They left by auto for Woodstock from whence they will proceed on their honeymoon to different points. On their return they will reside at Tracey Mills.  
 The bride was an efficient teacher in our public schools. The groom is a young man of sterling character. He served four years over seas in the 49th Canadian Infantry. He was disabled in the Great War and honorably discharged. Their many friends join in wishing them a long and happy married life.

### WINDSOR WHISPERINGS

(Intended for last week.)

### ENTERTAINMENT AT BRISTOL

The entertainment given by the young people of Bristol Union Sunday

School on the evening of May 23 was a grand success all around. The theme of the Character Sketch, was the bringing home of a bride by a young minister. The unusual traits of criticism and speculation of some of the ladies of the congregation as to the necessity of a bride at the minister's home and what she should be were well in evidence even the "hens coming in for their share."  
 The home coming of the bride with its usual social events, intermixed with humorous occurrences. The evening party in the home of the minister and the piano duets, solos and recitations were all so well rendered that no special mention can be made of any one part.  
 The young people are to be congratulated on their great success which was made possible by their efforts and the kindly assistance of Mrs. G. W. Somerville, Mrs. Duncan Rogers and the other friends who loaned the necessary articles.  
 It is hoped that our young people will continue their good efforts.

A wedding of much interest to the people of Andover and Perth was solemnized in the Baptist church, Wednesday, June 1, when Miss Edna Price of Andover, became the wife of Norman B. Brown of Pittsfield, Mass.

The bride was given away by her brother, Walter Price of Grand Falls. She looked lovely in her wedding gown of white tulle with silver trimmings with veil and orange blossoms. Her bouquet was of brides roses. Miss Violet Sleson as bridesmaid looked

very pretty in pink georgette with hat to match, and she carried pink carnations. Little Miss Mary Ryan acted as flower girl and was very daintily gowned in pink and white. She carried a basket of pale yellow snapdragons. Ellery Price, brother of the groom, acted as best man. The Misses Grace Millen and Ceretha Sloan ushered the guests to their seats. Miss Bessie Wright rendered the wedding march. The church was prettily decorated for the occasion by the girl friends of the bride. After the ceremony a reception was held at the home of Mrs. Mary Inman, an aunt of the bride. Shortly after, Mr. and Mrs. Brown motored to Fort Fairfield where they took the train for Pittsfield, Mass., where they will make their home. The best wishes of all go with the newly married couple for their future happiness.

Mr. and Mrs. Edward Rogers, Misses Beth and Justine Rogers, motored to Plaster Rock Sunday.

The body of the late Bruce L. Ritchie of Perth, who died at Canterbury last Wednesday, June 1, was brought to Andover Thursday for burial. Interment was made in the Methodist cemetery.

# THE OBSERVER

HARTLAND, N. B., JUNE 9, 1921

## MONTHLY MEETING OF TOWN COUNCIL

The regular monthly meeting of the Town Council convened on the evening of June 5 in the town hall, all members being present except Councilor DeWitt who was hindered by illness.

Report of the Treasurer showed the sum of \$4021.95 collected since last meeting and a credit balance of \$2245.92 in the bank. There has been \$470.22 expended on roads and \$548.67 on water during the past month. Four building permits have been issued during May by the Town Marshal. The chairman of the Street Committee gave a very encouraging report of what had been accomplished during the past month. He reported that the sum of \$800 had thus far been expended on the streets during this season. Main street had been gravelled from the lower boundary of the town to the corner of Prince and Main streets. It was his intention to begin at once to gravel from Sayre's store to the corner of King and Main streets. The Main street from Prince to King streets will not be gravelled at present as that will be done in conjunction with the building of the sidewalk between the above points. The C. P. R. have extended the railway crossing at the foot of Brighton street, much to the satisfaction of all concerned. We trust that they will speed up the building of the aqueduct at the starch factory. The chairman of the water committee reports that considerable had been accomplished during the past month.

An inspection of the pumping station had been made and it was found to be a fire trap rather than a protection to the town. There were two windows on the south side which had to be cased with brick on account of there being two wooden buildings next to them. The gasoline tank was enclosed in a wooden box and had neither lock nor protection from fire or pilferage. This has been covered and a new intake pipe installed. The interior of the building has been renovated and sand put upon the floor to absorb the surplus or waste material of an inflammable nature. The town records have also been discovered which have been hid so long and given the council very valuable information regarding our water system. Blueprints will no doubt be made of the water system and a place provided for their safety.

The chairman of the By-Law Committee brought down a new by-law relating to the erection of closets and outhouses within the water district. A copy is given for the guidance of the citizens. Ex. Marshall J. F. Murdoch was heard before the council and objected to treatment afforded him by the present council, claiming that he was in the employ of the town until the first of October, 1921. Aldermen Faulkner, Hall and Hagerman replied to Mr. Murdoch and pointed out that they considered that May 1 was the date on which his term of office expired. Permission was given Murray Ellis and J. F. Murdoch to put in the town water. A permit was given the Hartland Mfg. Co. to use the town water for starching purposes.

By-Law governing the erection of closets being enacted by the Town Council by the Town of Hartland as follows: "No citizen, property owner or otherwise shall erect, cause to be erected or maintained any outhouse or closet for the convenience of any property owner, tenant or otherwise within the fire or water district.

2. Every citizen within the fire or water district shall within three months from date of the operation of this by-law install flush closets for their convenience, and the convenience of the tenants or otherwise.

3. The flush shall whenever possible be connected with any town sewer which has an outlet into the river.

4. In case no sewer being available a cesspool shall be dug not less than six feet, with not less than 3 feet of a covering of earth.

5. The Town Marshal shall have authority to inspect any property and see that the provisions of this by-law are complied with.

All citizens hereby take notice.

The B. Y. F. U. will hold a concert at the Star theatre on June 13.

the tea hour. The game started at 6.40 o'clock and went six and one half innings, lasting until 8.20. There was a fairly good attendance but no doubt after the fans got the "bug" the gate receipts will be much larger. Carmichael in the box for Bridgewater pitched a good game and had six strikeouts. He passed one. Billings

for Hartland had good support and fanned four also passing two to first on balls. In the seventh inning Good, for Bridgewater, got a nice hit to deep centre for three bases. The infield on the Hartland team is pretty shaky and needs considerable practice before they can expect to play perfect ball. No less than six errors were charged up against the Hartland infield.

Perth defeated Florenceville on Wednesday evening at the latter place by a score of 10 to 8.

### GRAND FALLS-HARTLAND BALL GAME UNDECIDED

The Grand Falls base ball team arrived here yesterday afternoon at about 5.15 o'clock by automobiles and were at full strength. The game started at 6.30 and was well attended. The game went for three innings without a score by either team. In the fourth inning Hartland started the ball rolling when with three men on the bases and two out, Adams bunted down the third base line, and by fast base-running by Paynter and Lavigne brought in two runs. Not until the seventh inning did Grand Falls circle the bases, when they secured four hits and coupled with poor fielding by Hartland, brought in four runs. In the eighth they secured two more. Hartland started to live things up again in their half of the eighth by bringing in three more runs. A dispute arose at the beginning of the ninth inning, Grand Falls claiming that it was too dark to play, when in fact at least two more innings could have been played if it were necessary. Captain Perry of the Grand Falls team agreed with Act-Captain Paynter in the presence of both umpires to play nine innings and not eight, as he stated that if the game did not last nine innings it would not be considered as such. As Grand Falls refused to play the "last" inning, Umpire Dickson should have awarded the game to Hartland, but decided to let the President of the League settle it and if he could not, then he would call upon A. W. Covey, the maritime representative of the A. A. U. of C., under whose rule and regulations the league is being run. The results of the game therefore stands for a decision. Grand Falls secured six hits of Paynter and three bases on balls, while Hartland secured six hits and five bases on balls off McCheskey. Grand Falls had one stolen base while Hartland had five. The up river boys left shortly after

the game for home and were in the best of spirits. The umpires were Huotais and Dickson.

The Hartland team was shifted around somewhat on account of Captain Ward being away on an auto trip. It too had the trip couldn't have been postponed. However, Adams was shifted from left field to Ward's position at first. Hatfield went to centre field, his regular place. Hovey came in to second base, Billings played short-stop and a new collier, Jack Thistle played left field and with a little coaching ought to make good. Captain Ward expects to return home in time to play at Perth. Hartland plays at Perth on Friday evening and a large number of fans are planning on going with the team.

### HARTLAND CLAIMS FRASER'S SERVICES

(Continued from page one)

ber 1485. Fraser absolutely refuses this statement and is willing to sign a statement to the effect that he did not sign any papers for Hartland this season, and asserts that if Hartland has his application that it is a forgery. He is being allowed to continue playing on the understanding that if his statements are proved incorrect all games in which he has taken part will be forfeited by the club naming him as a player.—Gleaner.

(With reference to the above article, P. C. Fraser while in Hartland May 21, was aware of his registration card 1485, and in the presence of four responsible persons approved and confirmed the same. He was motoring to Fredericton to spend Sunday with Adams, Paynter and Boyne and stated definitely before leaving that he would return to play ball on May 24 and 27. As for Fraser referred to in the above article, to absolutely refute his registration with the Hartland team or sign any statement to the contrary, would not be forgery but boarding on perjury and his part, and furthermore Fraser was employed in Hartland up to and including May 13, and in view of the resident clause of 30 days, under the A. A. U. of C. regulations, should not be allowed to play amateur baseball outside of the town of Hartland this season.)

## A Big Shortage in Potato Crop

is caused by the Farmers not spraying. The BROWN SPRAYOR is the favorite with the potato growers for the reason that it has a 100 gallon tank made of cypress wood that resists the liquid better than any other wood known. It sprays six rows at a time and is fitted with a whirl spray nozzle, that gets the liquid over every part of the plant. The pressure is got by double cylinder displacement pump fitted with brass plungers and packed with graphite packing, also large air pump fitted with brass check valves that can be ground. Rests on the axle, doing away with all strain on the frame giving an overcast balance when tank is full of liquid. Revolving twin paddles in tank to give a perfect mixture of Bordeaux. Has hickory serving wheels 3 in. tire wheels and 1 1/2 in. cold rolled steel axle that does not break. Also fitted with steel frame that does not sag sideways. As we can only procure a limited number of these for 1921 Farmers will do well to place their order with us early, or with one of the following Agents:

**FROM REMOTEST PARTS OF GLOBE**

Tanic Elements Come From Many Lands Far Away From Here

The ingredients from which the celebrated medicine Taniac is made, come from remote sections of the earth, and are transported thousands of miles over land and sea to the great Taniac Laboratories at Dayton, Ohio, and Walkerville, Canada.

The Alps, Appennines, Pyrenees, Russian-Asia, Brazil, West Indies, Rocky Mountains, Aca Minor, Foris, India, Mexico, Columbia and Peru are among the far away points from which the principal properties of this remarkable preparation are obtained.

What is said to be the largest pharmaceutical laboratory in the United States has been completed at Dayton, Ohio, for the manufacture of Taniac which, according to recent reports, is now having the largest sale of any medicine of its kind in the world; over 20,000,000 bottles having been sold in six years.

The new plant occupies 60,000 square feet of floor space and has a daily capacity of 50,000 bottles. Uniform quality is guaranteed by a series of careful inspections by expert chemists from the time the roots, herbs, bark and flowers are received in their rough state from all parts of the globe until their medicinal properties have been extracted by the most approved processes. The finished medicine is then bottled, labeled and shipped out to tens of thousands of druggists throughout the United States and Canada to supply a demand never before equalled by this, or any other medicine.

The annual meeting of the Women's Institute will be held on June 17, when new officers will be elected and the roll call will be responded to by paying the dues. Mrs. J. Ray Montgomery, Sec.

The Church of England services are as follows: Beaufort, Holy Communion at 11 a.m.; Glassville, Holy Communion at 11 a.m.; Hartland, evening service at 7:30. Preacher at all services, Rev. J. R. Belyea, Rector of Andover.

Miss Pearl M. McFarlane, R. N., daughter of Mr. and Mrs. S. McFarlane, who recently graduated from the Waterbury hospital, Waterbury, Conn., and afterwards held a position with the Lakeside hospital, Cleveland, Ohio, has been appointed superintendent of nurses at the Carleton County Fisher Memorial Hospital, Woodstock.

Watch next week for ad regarding public meeting, Hartland, June 27, at 2 p.m. School trustees, secretaries and all interested ratepayers are requested to come. Subjects: New schedule of teachers salaries and forming of Trustees Association for Carleton County. By order of Board of Trustees. Hartland, N. B., June 9, 1921. J. Sterling King, Secretary.

On June 1 a quiet but very pretty wedding was solemnized at the home of Mr. and Mrs. Bradford DeLong of Avondale, when their daughter Gertrude N., was united in marriage to Basil R. Tompkins of River Bank. The bride was becomingly attired in dress of blue georgette with bead embroidery. Ceremony was performed by Rev. H. V. Bragdon in the presence of immediate relatives. The happy couple will reside at River Bank.

*A Promise that has made good*

When KING COLE TEA was in its infancy we associated with it the slogan—"You'll like the flavor." It was a modest statement, yet when you come to think of it, it covers all that you are looking for in the tea of your choice. How well KING COLE has lived up to its promise is proved by the many thousands of users today.

*Perfectly packed in bright lead foil and price marked on every package.*

A most distressing accident with fatal results occurred here last Friday morning when the youngest child of Mr. and Mrs. Hayward Billings was so severely burned that death claimed the little one several hours later. The child was left alone a few minutes and violent cries brought in neighbors who found the child enveloped in flames, which were extinguished as quickly as possible, but so severe were the burns that medical aid was of no avail. Much sympathy is extended to the bereaved family, father, mother and one young sister. The remains were taken the following day by train to Hainesville for burial.

## THIS WOMAN'S RECOVERY

Shows Remarkable Restorative Power of Lydia E. Pinkham's Vegetable Compound.

Cheley, Ont.—“Before using Lydia E. Pinkham's Vegetable Compound I was a total wreck. I had terrible pains in my sides and was not regular. Finally I got so weak I could not go up stairs without stopping to rest half way up the steps. I tried two doctors but they did me no good. I saw your medicine advertised in the newspapers and thought I would give it a trial. I took four bottles of the Vegetable Compound and was restored to health. I am married, am the mother of two children, and do all my household work, milk eight cows, and do a hired man's work and enjoy the best of health. I also found Vegetable Compound a great help for my weak back before my babies were born. I recommend it to all my friends who are in need of medicine, and you may print this letter if you wish.”—  
Mrs. HENRY JANKE, R. R. No. 4, Chesley, Ontario.  
It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

## HOLSTEINS

Dairy products are cheaper, therefore in order to make dairying pay we must keep better cows. The cheapest and most logical way to improve a dairy herd is by using a good pure bred sire. We have only one young fellow left for sale and he is a dandy, bred right, developed right, priced right. Wouldn't he be the right bull for you?

## LOCAL AND PERSONAL ITEMS

The members of Centre Lodge I. O. O. F. have an invitation from the brothers of Central Lodge, Tridgewater, to participate with them in mem- orial day exercises on Sunday after- noon, June 12, at 1 o'clock. All mem- bers of the order will please take no- tice, and govern themselves accord- ingly.

A large camp owned by a local sporting club was accidentally burned last week by a visiting party. Fortu- nately the latter group were a bunch of the most candid and honest and a im- aginable, who at once severally ac- knowledged the accident and agreed to replace the camp in duplicate.

Messrs L. T. Lee, C. H. Sullivan and C. R. Clark spent the holiday on the Miramichi building a neat and commodious camp on St. Bar, the central spot in the fishermen's para- dise.

The engagement is announced of Miss Pauline Balloch and Willard Carr of Woodstock. The marriage is to take place in the near future.

L. B. Clark and D. W. Currier, lo- cal census enumerators, are working busily at their task in their different wards.

S. T. Gallagher left last week for Cortland, N. Y., where he will spend the summer months with Mr. and Mrs. J. H. Johnston.

Dr. and Mrs. Geo. J. Burt and fam- ily spent the week-end with Mr. and Mrs. S. W. Burt.

W. G. Bishop and Amos Downey left on Monday for Waterville, Me., by auto, where they will spend the week- end.

John Alger of St. Stephen, a vet- eran commercial man, was calling on the trade here Monday.

Mr. and Mrs. Francis Appleby of Hartland visited Mr. and Mrs. H. E. Hagerman on Sunday.

Mr. and Mrs. Albert Fields of Wood- stock spent Sunday with Mr. and Mrs. A. J. Lee.

Mrs. Irvine of Mars Hill spent Sun- day with her daughter, Mrs. A. R. Mc- Lean.

Mr. and Mrs. D. F. Clark of Mars Hill spent the week-end with Mr. and Mrs. C. R. Clark.

G. C. Richardson of Woodstock spent Sunday the guest of Mr. and Mrs. S. N. Burt.

A new barber shop is in course of construction on Main street opposite the Post Office.

Mr. and Mrs. Robert Wilson of Bloomfield spent Saturday with their son, G. E. Wilson.

Mrs. Mary M. Gallagher of the Nor- mal school spent Sunday at her home here.

Miss Mollie K. Cody is spending the week in St. John with friends.

William Kennedy of Woodstock spent Tuesday here working insurance.

Dr. F. M. Brown moved into his new- ly acquired property last week.

Mrs. S. W. Burt is spending the week with relatives in Fort Fairfield.

### WOODSTOCK RACE TRACK

(Intended for last week.)

The weather has been very favor- able for the trainers at the track and the horses are rounding to in great shape. Fast catches and quarters are common at the end of workout miles. Jimmie Boutiller has the record so far with Emotionless, having stopped a mile in 2:51. William Brickley has his work cut out for him with the Hartland string. They are all moving finely and taking their work well.

J. W. Hall's trotter, and pacer are also working nicely for Clarence Sum- man and look as if they would be heard from before fall.

Harvest Queen, a 4 year old mare owned by A. J. Saunders, Horton, and handled by D. E. Gardner, is a very handsome mare and when she is hard at it shows a wonderful burst of speed.

The most attractive stall in the whole layout is that occupied by Oro Fino. His caretaker, Bert Lettman, has his stall decorated in great style, even curtains on the doors. That the horse appreciates it is shown in the fact that he touches nothing. Every- body will be interested in knowing

### THE REWARD OF CARELESSNESS

Many fine homes have been lost by lightning, merely because rodding was one of the things their owners were going to do "some day." Loss of your home may be the reward of similar carelessness.

The Dodd System of Lightning Pro- tection makes loss by lightning IM- POSSIBLE and GUARANTEED in writing.

THE COST? Nothing compared with the possible saving.

Terms to suit you.  
L. BURTON CLARK  
Centreville, N. B.

that their horse is training in great shape and is likely to be a better horse than he was last year.

The races May 24 were well at- tended and were interesting with the exception of the 2:20 trot and pace. The drivers in this race seemed to be afraid to breach up their horses and the result was disappointing to the spectators. Colliers' start seemed to have the speed of the party and put up the fastest mile 2:57.

The 2:30 pace was the best race of the lot. Joe Gans in the first heat took the lead at the wire and was never in any danger of being headed. The 2nd heat was a repetition of the first. The 3rd heat Bob Hamilton made a great drive in the home stretch with Sis Peters and beat out Lady Ashbrooke. Queenie Patchen acted badly and sorely tested the patience of her owner and driver, J. H. DeWitt. The summary follows:

2:30 PACE	
Lady Ashbrooke, Joe Gans	1 1/2
Merry Wise, Allen Poole	3 3/4
Sis Peters, A. M. DeWitt	3 3/4
Queenie Patchen, J. H. DeWitt	4 1/2
Time 2:23 1/2, 2:27, 2:26.	

2:20 TROT AND PACE	
Togo M. J. W. Gallagher	2 3/4
Leonor McKinney	2 3/4
Countess Petrona	3 1/2

2:15 PACE	
Amy Lu, E. E. Tefft	2 1/2
Colony Strike, J. W. Gallagher	2 1/2
Lucky Strike, Robt. Hamilton	3 1/2
Time 2:25, 2:25 1/2.	

The next meet will be June 22 when carts will be after them and all the drivers will be after them.

Tred (Black), Cameron trainer for G. W. Reed & Son, Fort Fairfield, vic- tory our track Sunday. He has 9 in his care and reports them all working good. The old reliable, Fern Hal, win- tered well and will be ready to start probably July 1 at Fredericton.

John B. Braden has arrived at Presque Isle. Say, won't there be some betting the first time their horses and Calgary East meet? The prospect now is that Woodstock July 12 and 13 will be their first encounter and perhaps Oro Fino will try con- clusion with them at that time. Just as unlikely things have happened as for Oro Fino to win out. Be careful how you bet.

# Important!

Farmers buy a WATSON TRIPLEX SPRAYER to protect your potato crop. This sprayer will do it.

I also call your attention to the JOHN DEERE RIDING CULTIVATOR. This cultivator was especially designed for the Aroostook County trade, as it works better than any other machine when the plants get big.

If you want anything in our line makes your wants known.
