POLICE FIND REILLY

Finally Run Down Sick in Hotel Dieu Hospital, Kingston.

Guard Placed Over Him All Night—Shirley Still a Disappearance—Byron O. Lott Gets Mail and Is Released From Jail—Former Head and His New Cabinet—Three New Portfolio Members and Another Without Portfolio.

Kingston, Nov. 23.—At 12 o'clock last night Francis J. Reilly was located in Hotel Dieu Hospital under the doctor's care. The police ran down the clue at 11 o'clock, but it was long after that that his medical adviser was found and permission given to the police to see Reilly. He will remain there over night, a guard remaining with him. Reilly has been a patient there since Monday.

LOTT GETS BAIL

The Formal Charge Registered Against Him Is Conspiracy.

Belleville, Nov. 23.—Byron O. Lott was yesterday released on bail, the Crown authorities accepting his own security for \$2,000 and \$2,000 in cash furnished by John T. Cockram, a hotel-keeper of Madoc. Cockram is a personal friend of the accused.

Text of Indictment.

The formal charge against B. O. Lott, and upon which he was arrested is as follows: That he did between the 1st day of October and the 3rd day of November, 1904, in the County of Hastings, County of Frontenac, and elsewhere, unlawfully conspire with one J. P. Reilly, T. E. Whalen, P. A. Lott, W. F. Shirley, and other persons unknown, or with one or more of them, to defraud, or use of forged, fraudulent or counterfeit ballots and devices therein, deceitfully to have same substituted for the ballot boxes of some of them intended to be used at an election for the House of Commons for the electoral riding of West Hastings, holden, on the said 3rd day of November, 1904, to defraud certain unascertained persons entitled to vote at said election by substituting such ballots cast by such persons, such fraudulent or forged counterfeit ballots by means of such fraudulent ballot boxes with secret slides or secret compartments.

Kingston, Nov. 23.—Yesterday afternoon Inspector Chamberlain drove to Harrowsmith, the home of Shirley, with a warrant for his arrest. The officer was accompanied by Detective Greer of the Ontario Government Service, who had been sent from Toronto to co-operate with the Dominion officials. At the home of Shirley it was learned that he had gone, none knew where, nor was anyone able to say if, or when, he would return. Shirley's stake in the community is small, and therefore, his fight was hopeless. It is not so with Bryon O. Lott, who is reputed to be worth \$25,000.

NEW CABINET A REALITY.

Four New Ministers Sworn Into the Ross Ministry.

Toronto, Nov. 23.—The swearing-in of the new Ross Cabinet was accomplished yesterday afternoon, and it is stated on high authority that the allotment of portfolios is as follows: Hon. G. W. Ross, Premier and treasurer. Hon. F. R. Latchford, Attorney-General. Hon. Richard Harcourt, Minister of Education. Hon. W. A. Charlton, Commissioner of Public Works. Hon. John Dryden, Minister of Agriculture. Hon. A. G. MacKay, Commissioner of Crown Lands. Hon. George P. Graham, Provincial Secretary. Hon. J. M. Gibson, Minister without portfolio. Hon. F. E. Evans, Minister without portfolio.

The last appointments of the defunct Cabinet were three in number. E. H. Hopburg will be police magistrate for the township of Raglan; J. H. Rodd, County Crown Attorney and clerk of the peace for the County of Essex; A. L. Cloutier, home-stead inspector for the district of Algoma.

The Liberals Convention
Over 1,000 delegates had registered at 10 o'clock last night at the Y. M. C. A., and 1,500 more are expected this morning. Between 8,000 and 4,000 is the lowest estimate made of the attendance of daily qualified delegates expected when the Premier rises to make his opening address to-day.

Conservatives Gather.
J. P. Whitney, M.P.P., was busy last night completing the arrangements for the Conservative conference to open to-morrow in Association Hall. Most of the Conservative delegates already arrived are registered at the Queen's and the King Edward.

NORTH SIMCOE RECOUNT.

When Count Closed Tuesday McCarthy's Majority Had Gained Two.

Barrie, Nov. 23.—The official recount for North Simcoe opened here before Judge Ardagh at 4 p.m. yesterday.

today. The investigation is being conducted behind closed doors in the library at the Court House. Both candidates are present, with a formidable array of counsel. Mr. McCarthy is assisted by H. S. Osler, F. Ford and R. Grant, while Major Currie's interests are being watched by H. H. Strathy, K.C., H. Lennox and W. A. Boys.

Several irregularities have appeared in three divisions owing to the negligence or ignorance of deputy returning officers. Irregularities occurred in two divisions in Collingwood and in one division in Nottawasaga. The result involved is in more or less doubt, as in one booth the ballots to go into the box with the counterfoil attached. This division gave Major Currie 17. In another the officers numbered the ballots, which affects Mr. McCarthy by 21.

When the count rose at 6 o'clock only the Township of Nottawasaga had been gone over, and McCarthy's majority had been increased by 2. This was at No. 9, Southampton, where an incorrect count was made. The honors will be about even on the rejected ballots.

Will Protest Smith's Right.
Hamilton, Nov. 23.—The Liberals say that they will enter a protest against E. D. Smith, who was elected in Wentworth by Judge Snider's decision.

Elections in British Columbia.
Vancouver, B.C., Nov. 23.—The elections yesterday resulted as follows: Yale, Cariboo, Ross (Liberal), 1,314; Burrill (Conservative), 1,290; Mills (Socialist), 872. Number of polls to hear from but Ross probably elected by small majority. Definite returns will not be had till Wednesday night.

Kootenay elects Gallier (Liberal) with 635 majority.

NOMINATIONS ON TUESDAY.

Muskoka.—A. A. Mahaffy, M.P.P., Conservative.
East Nipissing.—Dr. James, M. P., Liberal.

HIS ADVISERS

S. H. Blake and James Clancy Mentioned in Ottawa as Men Who Will Adorn the Coming Provincial Cabinet.

The Ottawa Liberal organ publishes from what it characterizes as "reliable information," the fact that Mr. Whitney is gathering around him for cabinet material in event of his succeeding a number of outside men, with whom he is alleged to be advising.

Among the names mentioned by this paper as Mr. Whitney's probable advisers are those of Samuel H. Blake, James Clancy, J. J. Foy and Hugh Clarke.

LADY OF THE SNOWS.

Frost and Heavy Snowsqualls in All Parts of Great Britain.

London, Nov. 23.—Keen frost and heavy snowsqualls are reported from all parts of the United Kingdom. A gale raged all night long over the coasts, driving vessels to shelter and seriously dislocating the telegraph wires, especially in the north of England and in Scotland. Blind snowstorms are causing deep drifts and rendering traffic difficult in the country districts and are necessitating a cessation of outdoor work in many of the provincial towns. In London little snow has fallen, but a sharp fall in temperature is accentuating the distress among the poor which is already prevalent.

The snow is so deep at Chatsworth that the King of Portugal and others of the house party there have been prevented from shooting. Some small craft have been unusual sight in Westmoreland the unusual sight was seen of trains stuck in snowdrifts and blocking communication on the Northeastern Railroad. The races meeting at Warwick had to be postponed, as the track was deeply covered with snow.

The land lines in Ireland are affected, causing delay to communication with America. The lifeboats are busy, but the most serious wreck so far reported is that of the British steamer Indian, from River Platte, via Madeira, which was driven ashore on the rocks near Sunderland. The life-savers took off the crew. A few fatalities have occurred as the result of wrecks of small craft.

To Create Naval Militia.

Ottawa, Nov. 23.—The Minister of Marine will bring in a bill next session to create a naval militia. Next summer he will go to England for a couple of ships. In the meantime there will be a school cruise on the cruiser Canada from Halifax to the West Indies. It will start from Halifax about the 15th of December for the West Indies with 90 on board. Hon. Raymond Prefontaine will also introduce legislation next session to abolish the harbor commissions at Montreal and Three Rivers, and bring the administration of the harbor more directly under the control of the department. Mr. Prefontaine leaves Montreal on Saturday for Toronto for a cruise on the lakes by the Vigilant.

PORT ARTHUR FALLING

Jap Miners Destroy Walls and Force Russian Retirement.

Russian Forces Are Now On Southern Side Escaped On Hills Running Out to the Bay—All the Northern Defences Shattered—Every Commanding Hill in Possession of the Japanese—End Is Now Imminent.

Tokio, Nov. 23.—The fall of Port Arthur may now be regarded as imminent. The Russian forces practically are all on the southern side of the city, encamped on the hills running out to the bay. On Sunday morning the Japanese miners were able to destroy the redoubts on the southern side of Quail Hill and southwest of Rihlung Mountain.

This forces the retirement of the Russian defenders to the hills back of Port Arthur and into a series of entrenchments between Orlung and Laoluhui forts. From these points the Russian Golden Hill the city of Port Arthur can dominate the city of Port Arthur and prevent its occupation, but the northerly defences of the town are now shattered and every commanding hill is in possession of the Japanese troops.

The Imperial Army Board announces that on Sunday shells from the naval guns on Quail Hill battered the Russian warships. The vessels were towed out to Weiyeun fort, on the easterly side of Tiger's Tail, but shells at a high angle can be dropped even now among the fleet. The last of the entrenchments south of Rihlung Mountain were mined and destroyed on Sunday morning. These were the last remaining permanent fortifications due north of Port Arthur.

When Japs Lost 500 Men.

Zandagaw, Manchuria, Nov. 22.—(By courier to Mukden, Nov. 23.)—The Japanese lost 500 men in the attacks of Nov. 17 and 18 and were evidently disheartened. When they renewed the attack Nov. 19 the Japanese sent out several battalions from Double-Humped Hill, but their movements lacked decision. The Russians opened fire from Foutill (Lone Tree) Hill and a neighboring eminence. Several shells burst in the midst of the advancing Japanese columns and quickly checked them. The Japanese also tried a turning operation at Chaulindza, but there also they were dispersed. There was a slight encounter Nov. 20. Russian shells penetrated a short distance into the Japanese lines, but without much result.

Japan Buying Welsh Coal.

London, Nov. 23.—Japan is buying Welsh coal at Cardiff. One purchase of 10,000 tons is recorded and other orders are reported to have been placed. The steamer King Robert, 3,500 tons, has been chartered at Cardiff for Japanese account.

Stabbed in Petersburg.

Peterboro, Nov. 23.—Frank White, one of the proprietors of the White House, while escorting two ladies home Monday night went by a house occupied by some Italians. Four of them were blocking the sidewalk and, in order to pass, White gave one of the men a slight shove. He was followed for some distance and assaulted. He received a bad knife wound in the front of the left thigh, close to the femoral artery. White floored two of his assailants, but the one who used the knife cannot be located by the police. White is in St. Joseph's Hospital, in a serious condition.

Bomb Wrecked Lawyer's Home.

Omaha, Neb., Nov. 23.—The home of Elmer E. Thomas, a prominent lawyer of this city, and attorney for the civic federation, was wrecked by a bomb placed on the front porch early yesterday. Mr. Thomas and his family were in the house at the time and he considers it miraculous that none of them was injured. Attorney Thomas has been active for some time in the prosecution of saloonkeepers charged with violation of the Slocum law, which provides for midnight and Sunday closing of saloons.

Fortune in Unsealed Envelope.

Ottawa, Nov. 23.—In a plain white envelope, unregistered and even unsealed, Ald. Askwith yesterday received by mail \$1,086 in bank-note bills. The remittance came from one of Charlton municipalities in connection with a contract. The sender had forgotten to seal the envelope and it came to Ottawa by way of Cornwall and Brockville. When it reached Ottawa the postoffice people sealed it up.

Macedonia's Misfortunes.

London, Nov. 23.—The Standard yesterday printed a long letter from Constantinople dealing with the situation in Macedonia. The writer says there has been a marked change in the last six months. Formerly it was a question of protecting the Christian population against violence, but now it has become one of intervention between various Christian elements.

Court McGregor No. 6, I. O. F.

The degree team of Court McGregor, No. 6, I. O. F., gave an exemplification of the new ritual work by initiating several candidates into the Companion Court last night. The team deserves great praise for the way they put on the work for the time they have been practicing. After the meeting closed a game of carpet ball was played between the ladies and men. The score was as follows:

EVANGELIST SERVICES

A large number attended the meeting Monday night in Victoria Avenue Methodist church. During the service Messrs. Hallman sang a duet. The sermon was based on Mark 12, 34: "Thou art not far from the Kingdom of God."
The nature of the kingdom of God was defined. Not an outward and visible kingdom—but an inward and spiritual one—the rule of God in the heart producing righteousness and peace and joy. Religion is not a gloomy sad thing. It brings the highest kind of joy. God does not ask him to give up the natural joy of living. He offers supernatural joy of living. But asks no man to turn from natural joy and wear a long face and look sad. Religion or the kingdom of God consists in, Right living, followed by peace and joy. The young lawyer to whom Christ addressed the words of the text was not far from the kingdom of God because—
1. He had begun to think seriously about religion. The man who has never done any solid thinking along this line is still far from the kingdom of God.
2.—He attached more importance to the spirit than to the letter of the law. In an age of formalism he grasped the spirit of the law.

The Revolutionizing of the Cracker

Mooney revolutionized the cracker. He made folk admit that they never knew how good crackers could be, by making such delicious crackers as they had never tasted before. Then he set folk to eating Mooney's crackers who'd never eaten crackers before. In a year he had all Canada eating Mooney's Perfection Cream Sodas. You'll see why when you try them. Haven't you curiously enough to buy a box at your grocer's?

Can any respectable Liberal read the evidence in the Beehive ballot box business, and afterwards take part in the whitewashing of the persons who were to profit by the "damnable theft," as the Globe calls it?

SATCHEL OF THE SATELLITE

A cabinet minister for West Kent!

A clean cause, a clean candidate and a clean campaign.

Every day Clancy's candidature gains new friends and supporters.

There are better times dawning for the Kent agriculturist with James Clancy as Minister of Agriculture.

West Kent will be proud to be represented in the new and clean government by a worthy cabinet minister.

They tell me that the Real Thing intends to make some changes in his new house as a result of his week's visit at the Chateau Frontenac.

I'm sorry to see that very few aldermanic aspirants have declared themselves. Don't hide your light under a bushel.

The Young Men's Association has taken the lead. Now, costs off, everybody, and help them roll up the big Clancy majority.

As I am expecting the Only and Original home this evening, I decline to be responsible for any future comment that may appear in this column.

Those who attended the exquisite production of the "Sermon on the Mount" enjoyed a veritable musical treat last evening. Congratulations, Mr. Arthur.

The whole Province recognizes the worth and value of James Clancy as a cabinet minister. Note the press comments in the papers of both political parties.

I told you that no honorable man would consent to champion the corruptions of the Stratton-Sullivan-Ross combine. Just watch and see if I'm not right.

To-morrow's the great day for the friends of clean government. Let everyone who can go to Toronto. Friends in both parties are cordially invited.

I see the nickel novelette organ is at last out "supporting" my market building project. I was afraid from the start I'd have that load to carry.

Don't you think it's rather interesting that the good Liberal papers are all beginning to discuss Mr. Whitney's cabinet material and portfolio probabilities? Everyone, you see, concedes the coming change.

Now that the local Nick Carter organ is "booming" the market project I can devoutly sympathize with George Stephens. It's terrible to realize what that poor man was up against. And if E. E. Parrott and J. G. Kerr chip in, my cup of tribulation will be full.

The trouble with the egotist is, that he seldom judges other people by himself.

Individuals are virtuous when they sacrifice their personal interest in the interest of all.

CABINET MINISTER FOR WEST KENT.

The Ottawa Citizen says that Mr. Whitney is already gathering some strong cabinet material around him for the event, universally conceded, of his attaining power. Commenting on the same it says, "It is understood that it was on the earnest solicitation of the leader that Mr. James Clancy, ex-M. P., consented to re-enter provincial politics. In event of Mr. Whitney's attaining power Mr. Clancy will be offered a portfolio."

A DELEGATE'S DUTY.

A Government organ justly celebrated for the brilliancy and logical conclusions of its editorial columns has issued instructions as to the duties of delegates attending the Liberal convention. These are contained in a leading article and are so simple that it will be impossible for any delegate to misunderstand them.

The first duty before going is to deliberate very carefully on all questions that are likely to come up for discussion. But it is most important that this careful deliberation should not lead the delegates to form any definite views or convictions. Any opinions held before the convention must be of the interchangeable kind.

The reason for this is that "the intelligence of the Liberal party" will be at the convention, presumably in the person of the Hon. Geo. W. Ross, and it is most probable that no delegate will go there without obtaining new light. For instance the party is crying out against corruption, but the new light which "the intelligence" will throw upon this question may prove that corruption is really progress. As in agriculture the rotting roots and other materials of a more or less savory description, provide the nourishment required for a new and glorious crop, so the corruption spread by Mr. Ross all over the province may be the work of a great and wise statesman, and the Liberal party will rise "on their dead selves to higher things."

Their private opinions thus being disposed of, the result will be the essence of Liberalism—that all delegates will go to the convention with open minds prepared to take what "the intelligence" after discussion, will show to be the best course for the party.

It is a simple, innocent program, but it might be summed up in a single sentence, "Hold your tongues and do as you're told." In dismissing the convention it is not difficult to imagine "the intelligence" standing on the platform in the character of Justice in Boileau's celebrated fable of the dispute over the oyster:

"The Premier weighing long the doubtful Right,
Takes, opens, swallows it before their sight.
The cause of strife removed so rarely well,
"There take," says he, "take ye each a shell."
"We thrive at Toronto on fools like you,
"Twas a Yat oyster—live in peace—Adieu."

DESERTING THE SHIP.

Liberal journals used to say that a Conservative member refusing a renomination was a deserter from "the sinking ship." Now that the Ross Ship of State is in the Slough of Despond it may not be amiss to call attention to the large number of Liberal members who are deserting their Commodore in his dire straits at this time. Here are a few who seemingly do not care to be thrown overboard by an outraged electorate, and have announced their intention to desert their colors before the defeat, which is staring their pilot in the face, overtakes him and the party he is leading to destruction. Some of them will doubtless attend the post-mortem function at Toronto to-day, but they will go there simply as witnesses, and will not testify to the great upheaval which is bound to follow an appeal to the people, come soon or late:

SHE WAS IN BED FOR THREE YEARS

Pain-racked Woman Cured by Dodd's Kidney Pills.

Strong Statement by Mrs. James Hughes, of Morley, Ont.—She's Strong and Healthy Once More.

Morley, Ont., Nov. 21.—(Special).—What Dodd's Kidney Pills are doing for the suffering women of Canada will never be fully known. It is only when some courageous woman breaks the secrecy that covers woman and her troubles that a passing glimpse of their great work is given. For this reason a statement made by Mrs. Jas. Hughes, of this place, is of more than passing interest.

"I was a great sufferer for four years," says Mrs. Hughes, "I was treated by five doctors and a specialist from the U. S. I tried nearly every kind of medicine I could hear of but none seemed to do me any good."

"I was in bed for nearly three years. I had pains up my spinal column, in my head, over my eyes, across my back and through my left side. I took fourteen boxes of Dodd's Kidney Pills, and now I am strong and able to do a good day's work, thanks to Dodd's Kidney Pills."

RARE CAMBRIAN FOSSILS.

The World-Famous Collection of Dr. Matthew, of St. John, N.B.

The University of Toronto has again been the recipient of a generous gift. The collection of Cambrian fossils made by Dr. George F. Matthew of St. John, N.B., one of the two acknowledged experts in North America in Cambrian paleontology, has been for sale for some months, and until now it was feared that, although it can never be duplicated, it would, like so many other Canadian objects of scientific interest, become the possession of one of the great museums of the United States or Great Britain. The sum required, several hundred dollars, was not at the disposal of the University of Toronto, nor, apparently, at the disposal of the National Museum at Ottawa to which the collection would certainly be a most valuable addition. However, by the generosity of Mr. William Mackenzie, of the Toronto Street Railway, this collection has been saved to Canada, and will become the possession of the university. In addition to the cost of the collection, Mr. Mackenzie has also provided the cost of a number of cases for the fossils.

The following note on Dr. Matthew's collection by Mr. Parks of the university will be of interest: In view of the great antiquity of the Cambrian series, well preserved organic remains are exceedingly scarce in these strata. In fact, nearly all the Cambrian fossils ever found, in any part of the world, are more or less fragmentary and imperfect. However, as the history of the chain of life, so far as it is exhibited by fossils, begins with the organic forms of the Cambrian, the importance of the forms there occurring cannot be over-estimated. It is almost superfluous to say that the scarcity and fragmentary character of these fossils render their collection very difficult and their identification impossible, except to one who has made a life study of the organisms of this distant period. Such an one is Dr. George F. Matthew of St. John, N.B. Forty years ago Dr. Matthew began the study of the Cambrian rocks of New Brunswick. At that time but one or two fossils were known in these rocks; now more than 400 have been recognized, and every one of these is represented in the collection. We have then 400 different species each represented by from five to ten specimens, say 2,500 in all. The peculiar value, both academic and historical, lies, however, not in the numbers of the collection, but in the fact that they are nearly all the actual specimens first found and described by Dr. Matthew; in technical language, the "type specimens." These can never be duplicated, and always remain a unique and valuable possession of the University of Toronto.

Besides containing all the type specimens, the collection shows many forms which, in addition to being type or first specimens, are absolutely new. These are nearly all the actual specimens first found and described by Dr. Matthew; in technical language, the "type specimens." These can never be duplicated, and always remain a unique and valuable possession of the University of Toronto.

Another feature of this collection of special value is the fact that it is complete; it contains all the known fossils from the Cambrian of eastern Canada. It is unnecessary to say that such a remark can be made of very few collections from any place or any age.

In addition to the material above described, the collection contains about as many more specimens from the Cambrian of other parts of the world, making in all about 5,000 specimens.

The Canadian Jay.

Mr. Charles Pickering of Toronto, writes: On the 15th October I saw three Canada jays (Perisoreus Canadensis), the Wis-Ka-Tjan of the Indian, the Whiskey Jack of the lumberman, which were killed this morning on Fisherman's Island. Though common throughout northern Ontario and northward to Arctic America, it is very rare in southern Ontario. Mellorath in his Birds of Ontario gives no authentic record of its capture so far south, though he mentions hearing of one being taken at Oshawa. The bird, well known to all lumbermen and prospectors, with whom he is a star boarder, is not thought so much of by the hunter, for whom he has destroyed many a fine carcass of venison, tearing off the fat and strips of flesh, which he would store in the cleft of some nearby tree for future use. Who can tell the cause of this unusual migration? It cannot be fear of cold nor yet scarcity of food, as he is a general scavenger, as much at home in the dense pine forest as around the mining camps, picking up whatever is thrown out in the shape of food. On the 15th I saw a large flock of snowbirds, and on the 11th and 12th flocks of wild geese were seen. On the 18th three more Canada jays were seen.

Game of Newfoundland.

Newfoundland, like Ireland, is innocent of snakes or reptiles. Its hills, all in the interior, are infested with bears, mountain lions, wolves, foxes and gophers. Song birds are few, the robin predominating in numbers, although there is a species of unmusical jay that may outnumber the red-breasted beauty familiar to more southerly and inland latitudes. This summer more than \$20,000,000 worth of forest timber burned. No sustained effort was made to stop the spreading fire, because most of the scorched land is the property of no man. At the brink of a river near the Bay of Islands in August were scores of caribou, wolves, foxes, bears and wild creatures of other kinds herded together by a mountain fire which had driven them from the wilderness toward civilization.

TOOK A SEVERE COLD.

It Settled In The Kidneys.

Pain In The Back The Result.

Catching cold and having it settle in the back is often the cause of Backache—the primary cause of kidney trouble. When the back aches it is a warning that the kidneys are liable to become affected. Heed the warning: check the Backache, and dispose of any chance of further trouble.

If you don't, serious complications are very apt to arise. Mrs. E. Williams, Hamilton, Ont., caught cold, and it settled in her kidneys. She used

DOAN'S KIDNEY PILLS,

and is thankful for the immediate relief they gave her. She writes us as follows: "It is with pleasure that I add my testimony in favor of Doan's Kidney Pills. Some time ago I took a severe cold, which settled in my kidneys. The soreness and pain in the small of my back bothered me greatly. After suffering for some months, and finding numerous remedies fail, I procured a box of Doan's Kidney Pills, and received immediate relief from my sufferings."

Doan's Kidney Pills may be procured at all dealers, or will be sent direct by mail on receipt of price—50 cents per box, or 3 for \$1.25.

Industry is cheap. It is laziness that costs. It has cost many a bright man a bright career.

STARVED OUT.

Many a garrison has been forced to give up the fight and hang out the white flag of surrender, when lack of food has weakened the men past all power to continue the struggle.

Many a man is similarly starved out of business. His digestion is impaired. His food does not nourish him, and for lack of

strength to carry on the struggle he turns his store over to another.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It restores strength to weak, nervous, run-down men and women.

"About ten years ago I began to be afflicted with stomach trouble, also diarrhea," writes Mr. Wm. Walters of Andover, Me. "In warm weather it grew worse, until it would throw me into a cramping chill. I was troubled so often that I sometimes thought my life had come to an end. I tried many remedies, but they gave only temporary relief. In November, 1899, I thought I would try Dr. Pierce's Golden Medical Discovery. I got six bottles and took five in succession, then I took one for a time and take the one left. Soon found I had symptoms of the trouble coming back, so took the sixth bottle and it cured me. I have enjoyed the best of health this summer, and the credit all belongs to your 'Golden Medical Discovery.' I can't express my many thanks to Dr. Pierce for his remedy, for it did so much for me. Words cannot express how severely I suffered. 'If any doubt the above statement let them address me, and I will take great pleasure in answering.'"

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the sluggish liver.

GOVERNOR-GENERAL

Farewell Dinner to Earl Grey At the Princess in London.

Lord Strathcona Presided and Informed

Governor-General Elect That He Would Find a People Proud of the Name Canadian—In Response, Lord Grey Made Many Prophecies of the Coming Greatness of This Colony of the Empire.

London, Nov. 22.—(C.A.P.)—Some 200 assembled in the Merope restaurant, London, at a farewell dinner to Earl Grey, Governor-General-elect of Canada. Amongst others present were the Archbishop of Canterbury, the Agents-General of British Columbia and Nova Scotia, the Earl of Aberdeen, the Earl of Litchfield, General Lord William Seymour, Lord Vaux of Harrowden, Viscount Bury, Baron Sulyatza of the Japanese Embassy, Rt. Hon. Sir John Brodick, M.P., Sir Percy Girouard, Sir Neville Lytton, Sir Charles Rivers-Wilson, Major-General Baden-Powell and J. G. Colmer, Secretary to the Canadian High Commissioner.

Lord Aberdeen, in proposing the Imperial forces, drew attention to the splendid work done by the Canadians in South Africa. The Canadians combined pride in the British Empire with equal pride in the great Dominion to which they specially belonged. He emphasized the high opinion of them held by Col. Lake.

Sir Neville Lytton said: "Canadians were always ready to help the mother country, as was proved in the South African campaign."

Freud of their Name.

Lord Strathcona, the chairman, read a letter of regret from Lord Lansdowne, who was unable to be present, owing to the death of a near relative. In the letter he said the new Governor-General would find the inhabitants of the Dominion proud of the name Canadian, and still more proud to be members of the British Empire. A short time ago he (Lord Strathcona) was desired by the Premier and Government of Canada, to say that Lord Grey would receive the warmest possible welcome. Lord Strathcona then proposed the toast, "The Dominion of Canada and the Governor-General-elect."

Lord Grey's Response.

Lord Grey, in responding, referred to the Anglo-French agreement and, remembering a third of the Canadians were French, he felt grateful to Lord Lansdowne for the manner in which the way had been smoothed. The Duke of Argyll, better known to Canadians as the Marquis of Lorne, had told him he was never so happy as when Governor-General of Canada himself. He was going to a country where there was a sky blue atmosphere sparkling like champagne. The Canadian winter was more exhilarating than the average English summer. In vastness of wealth, variety of resources and breed of men, Canada was not surpassed by any portion of the globe. He hoped to see by the conclusion of his term of office, the American mails reaching England through Canadian ports instead of vice versa, and was looking forward to the time when steamers would cross to Canada in four days.

Our Magnificent Future.

He looked forward with the greatest zeal to five years in Canada, whose population, he said, there was every reason to expect, "in the lifetime of our sons, and perhaps even of some of us here present," would equal that of the United Kingdom. The Archbishop of Canterbury dwelt on Canada's splendid prosperity, judging from her tremendous resources.

Mr. Brodick, Secretary for India, also addressed the company, as did Vice-Admiral Sir Archibald Douglas, one of the lords commanders of the Admiralty, who had served in Canada in 1866.

A Note of Optimism.

The Times says Earl Grey struck a note of optimism at the Canada Club, and sees clearly the great destiny unfolding for the Dominion, the great west being eagerly taken up by settlers in a way giving some foreboding of the vast possibility of the future. It says Lord Grey approaches his task in the spirit of an Imperial patriot, well informed not only by experience gained in the Dominion, but also in different regions of the colonial Empire. The Times says the governor of a self-governing colony is not exactly an expensive figurehead, yet he has no room for intrusive political activity. No doubt every colonist can tell a good governor when he sees one.

Lord Minto's Farewell.

Ottawa, Nov. 22.—The Secretary of State received the following message yesterday morning via Marconi Station, Cape Race: "Secretary of State, Ottawa: 'We wish the people of Canada an affectionate farewell, and assure them that the interests of the Dominion will always be very dear to us. (Signed) Minto.'"

Till Earl Grey Comes.

Ottawa, Nov. 22.—Sir Elzear Taschereau, Chief Justice of the Supreme Court, will act as Governor-General in the interregnum before the arrival of Earl Grey.

He Will Hang.

Montreal, Nov. 22.—Unless his sentence is commuted by the Dominion Government, Antonio Giacomini of this city will be hanged on Jan. 20 next, for the murder of Theodore Duval on Aug. 20. On that date Giacomini shot and mortally wounded Duval during a row in a saloon on Notre Dame street. Giacomini's trial, which has been in progress in the Court of King's Bench for some days, came to an end last evening, when the jury brought in a verdict of guilty, with a recommendation to mercy. Judge Hall sentenced the prisoner to be hanged on Jan. 20.

Generosity of the Druggists.

Have you ever noticed that whenever a person is taken sick or an accident happens on the street in the vicinity of a drug store the natural thing seems to be to take the invalid there for treatment? Wondering if the proprietors of drug stores welcome such invasions—for they can hardly be called anything else, for everybody wants to crowd in and find out what has happened—a reporter put that question to a druggist.

"Not much," was the prompt reply. "It is anything but pleasant for us. It means a lot of trouble and expense in many ways, and but little recompense."

"No matter what the condition of the weather or streets may be, people crowd in, trampling all over the floor, never stopping to clean their feet if the streets are wet or muddy, goods and furnishings are shoved about, trade is disturbed, and often articles are stolen from the show-cases."

"Bandages and simple remedies are furnished for the afflicted person, and often they are removed in an unconscious condition, and they may never know that they have been brought to our stores for treatment. Under such circumstances we are at the loss of the medicines or surgical supplies furnished, unless the patient, or his friends, are thoughtful enough to think of us when the excitement is over, and pay for the services rendered."

"Some people are thoughtless enough to imagine that druggists are in duty bound to furnish such services free of charge, and they wonder if the bills are rendered for them."

"On the whole, we do not welcome such cases, and are glad when the patient is removed, and consider ourselves lucky if we get anything for our pains. But we never complain, as it seems the best place to bring people, as remedies and appliances are at hand for immediate aid."

Detroit Specialist Making Men's Diseases a Specialty for Years. Will Accept Your Case, Giving It Individual Treatment. You may Use It in the Privacy of Your Own Home.

You May Pay When You are Cured. A Detroit Specialist who has 14 diplomas and certificates from medical colleges and state boards of medical examiners, and who has a vast experience in diagnosing diseases of men, is positive he can cure a great many so-called incurable cases.

DR. S. GOLDBERG.

The possessor of 14 diplomas and certificates, who wants no money that he does not earn. In order to convince patients that he has the ability to do as he says, Dr. Goldberg will accept your case for treatment, and you need not pay one penny until a complete cure has been made; he will receive his fee from patients who have been unable to get cured, as he guarantees a positive cure for all chronic, nervous, blood and skin diseases, which he accepts for treatment. He not only cures the condition itself, but likewise all the complications, such as rheumatism, bladder or kidney troubles, blood poison, physical and nervous debility, lack of vitality, stomach trouble, etc.

The doctor realizes that it is one thing to make claims and another thing to back them up; so he has made it a rule not to ask for money unless he cures you, and when you are cured, he feels sure that you will willingly pay him a small fee. It is not a question of money, but of the fact that everyone who suffers to write the doctor confidently and lay your case before him, which will receive careful attention, and a correct diagnosis of your case will be made free of charge; if you have lost faith while him, as you have everything to gain and nothing to lose, you must remember not one penny need be paid until you are cured. He will send a booklet on the subject, which contains the 14 diplomas and certificates, entirely free. Address him simply 617 Dr. S. Goldberg, 606 Woodward Ave., Room 200, Detroit, Mich. PROBABILITIES.

Special per G. N. W.
Toronto, Nov. 23.—11 a. m.—Winds increasing to strong breezes to moderate gales and gradually shifting to south and northwest, fair and mild to-day, local showers during the night, Thursday, turning a little cooler.

THE LOCAL BUDGET

There will be no change in prices for Pinafore second night.
Dr. Geo. T. McKeough has returned from a professional business trip to Cleveland. He was accompanied by Reg. Miller.
At the Police Court this morning Ray Shaw was fined \$10 and costs, \$35.70 in all, for assaulting Wilson Purdie.

BAD WRECK

Quite a serious wreck occurred on the Pere Marquette between Wallaceburg and Tupperville early this morning about 5.15.

The northbound extra double-header freight, numbers 16 and 44, in charge of Conductor Fogle, was making its way between the two stations when a car ran off the track, causing the wreck. Three cars were derailed and one was thrown cross-ways on the track. Nobody was injured.

The auxiliary left Chatham as soon as word of the wreck reached the city, and was in charge of Conductor Turtle. They had not returned at three o'clock this afternoon.
Pierce's train, which reaches Chatham usually about nine o'clock, did not come in at all this morning. Conductor Pierce came as far as Wallaceburg and transferred his passengers (baggage, etc.) to the train which leaves here at 9.10 for the north, which went as far as the wreck and then returned to the city, while Conductor Pierce went back to Sarnia. It is expected that the track will be cleared up this afternoon.

CONFLICT OF EVIDENCE.

Inquest Begun in Toronto's Street Car Disaster—Motorman Disagrees.

Toronto, Nov. 23.—The enquiry into the street car fatality on Thanksgiving Day opened last night at Foulton Hall, before Coroner Cotton. There was a great array of counsel in different interests.

Motorman Armstrong swore the brakes and reverse had failed to work and that the regular man had reported the equipment bad. He did not look well and walked with a perceptible limp. His only apparent nervousness was the twitching of his hands, but he was evidently prepared and his voice could be heard even by the jury, counsel repeating his answers.

Motorman Maguire contradicted Armstrong in regard to the condition of the car and their conversation about it. He was very decisive in his answers and had evidently prepared himself for the examination. He swore, however, that he had no conversation with any official of the company in regard to the matter.

The evidence outside of these two men, was unimportant. Inspector Gregory swore to the identification of the body of the deceased conductor, McKay. Fred Linn swore to overhearing the conversation between Maguire and Armstrong, and Villiers, city surveyor, in a plan of the scene of the accident.

The coroner at 11 o'clock adjourned the inquest until Monday evening next, at 8 o'clock in the same hall. Armstrong, who has been under surveillance by the police since the hospital, was taken into custody after he gave his evidence and placed in jail. An application for bail will be made to-day.

The Reason Why?

London, Nov. 23.—(C. A. P.)—Speaking at a meeting of the Colonial and Continental Church Society, the Dean of Peterborough said the reason why the Church of England occupied the last place in the four great divisions of the Christian religion in Canada was because it was not eager enough to take up new positions. It was very desirable to have a sufficient number of young men trained in Canada, however, much able and experienced clergymen from home, might be welcomed. He urged English churches to be more earnest and awake about the great Dominion.

News From the West.

Winnipeg, Man., Nov. 23.—The trial of Robert Taylor for wife murder has been postponed to the spring sessions.

A Canadian Northern Railway operator was sent to Rainy River, Ont., yesterday sentenced to one year in the Central Prison.

Southern Manitoba is suffering greatly from the depredations of a gang of export United States horse thieves and the farmers in the district have already lost many valuable horses.

Why Punish Him At All?

Ottawa, Nov. 23.—Joseph Chartman for the murder of Constable Irwin at Webbwood was Monday committed to imprisonment for life. The Cabinet adopted the view that the killing of Irwin was accidental, Chartman having previously sent one bullet through the window and another through the floor. The pistol then went off a third time, and the ball entered Irwin's heart, killing him instantly.

Years For Seventeen Men.

St. John's, Nfld., Nov. 23.—The steamer Stord, coal laden, from Sydney, C.B., for St. John's, with a crew of seven men, is now seven days out, whereas the passage usually occupies only two hours. It is feared that the steamer foundered in the gale on Saturday and Sunday. The schooner Orpheus, fish laden, from Labrador for St. John's, with a crew of ten men, has met with the same fate.

To Be Competitor.

Ottawa, Nov. 23.—There is going to be competition for the Canada West Indies steamship service when tenders are next called for. Manager Baker of the Royal Mail Steamship Packet Co. has been in Ottawa and has announced his intention of putting in a tender for his company. At present there are two services from Halifax and St. John, one to Jamaica and one to Trinidad.

Died in California.

Ottawa, Nov. 23.—Hubert Hamilton, the third son of the Bishop of Ottawa, died Monday night at Riverside, California. It will be remembered that last June the late Mr. Hamilton, who was an athletic young man, dived into the Riverside Y. M. C. A. swimming bath, supposing by reason of an optical delusion that it was full of water.

Charged With Murder.

Caledonia, Nov. 23.—James Jamison, an Indian, was arrested here yesterday by Chief Constable Lawrence and G.T.R. Detective Smiley. The arrest was made on information received from N. H. Richardson, sheriff of Warsaw, N.Y., who he is wanted on a charge of murder.

Andrew Carnegie's Latest Purchase.

London, Nov. 23.—A provincial paper says Andrew Carnegie has purchased, or is about to purchase for \$3,750,000, Lea Park, the late Sir William Wright's estate in Surrey, with the object of establishing a national convalescent home.

Storehouse Burned.

Winnipeg, Nov. 23.—The frame storehouse of the Northwest Machinery Co., East Kildonan, was destroyed by fire Monday. Loss, \$12,000; insurance, \$5,000.

Floated the Sicilian Prince.

New York, Nov. 23.—Tugs succeeded in floating the Prince Line steamer Sicilian Prince at 6.25 last night. The vessel went ashore last Sunday morning.

KING'S DAUGHTERS

The King's Daughters held their regular monthly meeting yesterday afternoon, at the residence of Mrs. Geo. W. Cowan, King St.

At the meeting, Miss Greening, who is shortly leaving the city, sent in her resignation. Mrs. J. C. Pritchard was appointed to the position. It was reported that the proceeds of the recent annual sale amounted to over \$36, all of which is to be devoted to charity.

NEW IMPROVEMENTS

All who are interested in the Nurse's Home of the Public General Hospital will be pleased to hear that extensive improvements have been recently made in that building. It has been repainted and repapered throughout and a new bathroom has also been installed, the entire improvements costing in the neighborhood of \$225. The Ladies' Nursing Society, who have made these improvements, also contemplate in the near future the erection of a wing Maternity Ward, and ask the support of the people for this project. A cordial invitation is extended to all who are interested in The Nurse's Home to inspect the recent improvements. The ladies are indeed to be congratulated on their noble work and too much praise cannot be accorded them for their efforts.

The Great English Male Quartette Coming

The Meister Singers, who will be heard here on Monday evening, Dec. 5, at the Grand Opera House, will be a very rare treat. They are undoubtedly the finest quartet in England, and their singing is of a most delightful character. They sing every class of music from a fine work of Elgar's down to a plantation melody, where the voices furnish the banjo accompaniment. They will be assisted by Mr. Roland Henry, of London, England, musical sketch artist, and Miss Ethel Henry, a very charming English elocutionist. Among the selections they will give are "Ladies Fly From Love's Smooth Tale," "Lull me to Sleep," "The Devout Lover," "The Old Folks at Home," (with imitation banjo accompaniment), "Ding Dong" and "Sunday Fishing," a humorous quartet.

KICK AND SCREAM

Baby's Awful Suffering from Eczema.

Could Not Hold Her. She Tore Her Face and Arms.

Cuticura Saved Her Life, So Mother Says.

"When my little girl was six months old, she had eczema. We had used cold creams and all kinds of remedies, but nothing did her any good. In fact, she kept getting worse. I used to wrap her hands up, and when I would dress her, I had to put her on the table for I could not hold her. She would kick and scream, and when she could, she would tear her face and arms almost to pieces. I used four boxes of Cuticura Ointment, two cakes of Cuticura Soap, and gave her the Cuticura Resolvent, and she was cured, and I see no traces of the humor left. I can truthfully say that they have saved her life, and any one suffering as she did, I should advise them to give Cuticura a fair trial." MRS. G. A. CONRAD, Lisbon, N. H., Feb. 7, 1898.

Five years later, viz., Feb. 23, 1903, Mrs. Conrad writes:

"It is with pleasure that I can inform you that the cure has been permanent as it is now six years since she was cured, and there has been no return of the disease since, and I have advised a lot of friends to use the Cuticura Remedies in all diseases of the skin. Instant relief and refreshing sleep for skin-tormented babies, and rest for tired, fretted mothers, in warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, the great skin cure and purifier of eczema, to be followed in severe cases by mild doses of Cuticura Resolvent. This is the purest, sweetest, most speedy, permanent and economical treatment for scurrying, disfiguring, itching, burning, bleeding, scaly, crusted and pimply skin and scalp humors, eczema, rashes and irritations.

Cuticura Resolvent, liquid and in the form of Chocolate Coated Pills, Cuticura Ointment and Cuticura Soap are sold throughout the world. Toronto: J. C. FATALITY AT WHITEVALE.

Mrs. John Larkin So Badly Burned She Will Die.

Whitevale, Nov. 22.—A sad accident occurred just west of the village yesterday afternoon. Mrs. John Larkin was nearly burned to death. While putting chips from her apron into the stove her apron caught fire. She immediately tore it from her. She threw it upon the floor and in turning the flame her underskirt took fire. Immediately she was a mass of flames. Being alone in the house, she rushed outside screaming. Her cries were heard nearly a mile away. Her husband and the hired man were playing in a field nearby, and rushed to her, only to find the unfortunate woman lying on the ground with her clothing completely burned off. A physician found that the poor woman was so badly burned that she could not live.

Will Die From a Kick.

Windsor, Nov. 22.—Charles Janisse, aged 84 years, one of the oldest residents of Sandwich, East, was kicked by a cow Sunday. Owing to his advanced age and the shock of the injury little hope is entertained of his recovery.

A Fatal Runaway.

Petrolia, Nov. 22.—A runaway horse yesterday came in collision with parties on our main street, seriously injuring James Berry, a young man. Berry cannot possibly recover.

Crew of Twelve Drowned.

St. John's, Nfld., Nov. 22.—The whaling steamer Harbor Grace, with a crew of 12 men, from Newbury for St. John's, and now nearly a month overdue, is given up for lost.

Foundered With 15 On Board.

Philadelphia, Nov. 22.—The British steamer Aros Castle, Captain Davidson, 57 days out from Java, with a cargo of sugar, arrived here yesterday and reported the probable foundering on Nov. 15 of the Spanish barque Tafalla, with her crew of 15 men, during the recent southern storm. The steamer stood by the sinking barque for two days, and on the second night the Spanish vessel disappeared.

Canadian Fruit.

London, Nov. 22.—The Nova Scotia Government has again arranged through the Agent-General of that province in London, for a fine display of apples and other fruit at the Canadian court in the Crystal Palace. To the same court has also been transferred the British Columbia fruit exhibit which obtained the Royal Horticultural Society's gold medal at the recent show at Vineland, N.J. It is expected that an exhibit of fruit from Ontario, Canada's most advanced province in the fruit industry, will be received shortly. The Canadian Government is doing a useful work in thus bringing before the public practical illustrations of the many-sided resources and capacities of our greatest colony.

Herrings On Pacific Coast.

Ottawa, Nov. 22.—John J. Cowie, the Scottish expert on the curing of herring, who was sent by the Minister of Marine to investigate the herring fisheries on the Pacific coast, returned yesterday morning. It has been reported that herring swarms in immense quantities on the coast of British Columbia, but Mr. Cowie's visit was made too soon to actually see them, as they do not come in towards the shore until the close of November. Mr. Cowie, however, examined samples at various points, and saw sufficient to justify him in stating that one of the largest herring industries in the world can be developed on the Pacific coast.

Company May Do It.

Ottawa, Nov. 22.—The Board of Railway Commissioners has given its decision in the application of the Toronto, Hamilton and Buffalo Railway Company, for permission to fill in a trestle bridge crossing on the farm of William Anderson, in Ancaster township, Wentworth County, and to expropriate certain lands in connection therewith. The railway company wanted to close up an underpassway which Anderson had for all time from the company for farm purposes.

Found Dead in Bed.

Harrison, Nov. 22.—James Everson, a Grand Trunk Railway section man, was found dead in bed last evening by his sisters, with whom he resided. He left here yesterday morning on the 5 o'clock train for Chesley, where he was engaged in work. He complained of not being well and the foreman advised him to return home on the mixed train, which he did. Nothing more was seen of him until his sisters returned home at 6 o'clock last evening. They found him dead.

Telegrapher Under Arrest.

Rainy River, Nov. 22.—J. Kealy, a telegraph operator, was arrested here on Saturday by Detective McDonald, chief of the Canadian Northwest secret service, on a warrant charging him with stealing money from the company. Kealy will appear before Magistrate Robertson. He was a young man, hailing from Cranbrook, B.C., where he was in the service of the C.P.R.

Still Fast in the Sand.

New York, Nov. 22.—With her nose poked fast in the sand off Long Beach, L.I., the steamship Sicilian Prince last night was being lighted so that at the flood tide this morning she may be moved into deep water and brought to her dock in this city. Efforts to get the big ship free from the treacherous Long Island sands were futile yesterday.

Col. Denay Going Back Again.

Ottawa, Nov. 22.—Lieut.-Col. W. A. C. Denay, director of intelligence at the militia headquarters, is about to vacate his appointment and return to England. It is understood that he has been offered the post as second in command of the Army Service Corps of the western district of England.

INTERESTING, IF TRUE

You Can Try It For Yourself And Prove It.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of meat, eggs or other wholesome food, and this claim has been proven by actual experiment which anyone can perform for himself in the following manner: Cut hard-boiled eggs into very small pieces, as it would be if masticated, place the egg and two or three of the tablets in a bottle or jar containing warm water, heated to 98 degrees (the temperature of the body) and keep it at this temperature for three and one-half hours, at the end of which time the egg will be as completely digested as it would have been in the healthy stomach of a hungry boy.

The point of this experiment is that what Stuart's Dyspepsia Tablets will do to the egg or meat in the stomach, and nothing else will rest and invigorate the stomach so safely and effectually. Even a little child can take Stuart's Tablets with safety and benefit if its digestion is weak and the thousands of cures accomplished by their regular daily use are easily explained when it is understood that they are composed of vegetable essences, aspicin, pepsin, diastase and Golden Seal, which mingle with the food and digest it thoroughly, giving the overworked stomach a chance to recuperate.

Dieting never cures dyspepsia, neither do pills and cathartic medicines, which simply irritate and inflame the intestines. When enough food is eaten and promptly digested, there will be no constipation, nor in fact will there be disease of any kind, because good digestion means good health in every organ.

The merit and success of Stuart's Dyspepsia Tablets are world-wide and they are sold at the moderate price of 50 cents for full-sized packages in every drug store in the United States and Canada, as well as in Europe.

Blackely Wins.

Montreal, Nov. 22.—Ex-Crown Prosecutor J. P. Cooke yesterday morning dropped his proceedings for criminal libel against William Blackely of Toronto, thus ending one of the most famous cases in Montreal's criminal records. The original hearing lasted nearly 20 days, and cost each side about \$20,000. Since then a royal commission was appointed to enquire into Mr. Cooke's conduct in the matter, whose report is now before the provincial Attorney-General, Hon. Horace Archambault. Yesterday morning Mr. Cooke's counsel announced that he would not proceed with the case, in view of the matter being dealt with by the royal commission. Blackely accused Mr. Cooke, then Crown prosecutor, of accepting bribes.

Thirty Thousand Destitute.

Amsterdam, Holland, Nov. 22.—The Talauze Islands, northeast of Celebes, Malacca Archipelago, have been visited by a disastrous hurricane causing the sea to rise to such an extent that it flooded the islands and left 30,000 persons destitute, their homes, boats and plantations being destroyed.

Even the worm will sometimes turn before it is trodden upon.

If you have you had better get rid of it immediately. If you don't, that terrible and disgusting malady, Catarrh, is sure to take hold of you and make you miserable, and an object of repugnance to your friends. The best and quickest cure for your cold is

DR. WOOD'S NORWAY PINE SYRUP. It contains all the virtues of the Norway Pine Tree, combined with Wild Cherry Bark and the soothing and expectorant properties of other excellent herbs and barks.

Mr. Harry Mosher, Mosher's Island, N.S., writes:—"We have used Dr. Wood's Norway Pine Syrup in our family for the past six years, and have always found it a reliable remedy for the cure of coughs and colds."

Many cases of substitution have been brought to our notice. Do not be humbugged into taking any other pine syrup which unscrupulous dealers say is just as good.

Dr. Wood's is the original, put up in a yellow wrapper; three pine trees the trade mark, and the price 25 cents.

SOMETHING ABOUT CHAIRS.

Antique Chairs—Chairs For Special Uses—Souvenirs of Travel.

"That chair," said an old lady, "takes me back to the days of my childhood. It is exactly like one that my grandfather had, and I can see just how he looked and hear again the tones of his voice." The magic of an inanimate object when linked with some distant association was evidenced.

Buying a chair nowadays is an easier matter than in the days of our colonists, when only the most well-to-do were supplied with this article of furniture brought from across the seas.

The lover of antique furniture will make extraordinary searches for the old chairs, knowing that their wood was slowly and carefully seasoned, the workmanship accurate and durable and the patterns plainer and often better than those of modern times.

Chairs are the first necessity in fitting up a house. In deciding what must be bought, what would be desirable to have and what could be done without the chairs will take a prominent position. A great variety of chairs and every degree of price awaits the purchaser. If a good selection is made the room begins to take on an atmosphere of interest. If a commonplace chair is installed the interior is thrown away.

In the tea corner shown in the illustration an inexpensive little bamboo table has the usual outfit of teapot, cracker jar, cups and saucers. A narrow shelf fastened against the wall holds a supply of extra china. The chair used while pouring tea is an East Indian rattan in hourglass shape and, with its bright colored cushion at the back, contributes a large share of the picturesque element in the room.

Another chair not illustrated is a lounging or divan chair, something like a deck or steamer chair, but more graceful in design than either, and altogether comfortable when supplemented by a few cushions. The ideal position for such a resting place is on piazzas or lawns where a hammock is unavailable.

In searching for souvenirs of travel the home lover sees in the chairs of different nations an entertaining furnishing for her own abiding place, a Flemish chair in black oak for the library, for instance, a Savonarola chair for the hallway, wooden benches from Tyrol for the den, and old English chairs for the dining room and parlor.

Such a collection was planned out by an American who started on a trip

A TEA CORNER AND ITS CHAIR.

through Europe one summer. The idea expanded as the many products of the countries opened unrealized opportunities. The number soon outgrew the original modest limit, and when they reached this side the first cost was found to be largely increased by the duties.

Historic wood may be made into a chair and thus preserved in a useful as well as an interesting way.

When that old tree was taken down which Longfellow had celebrated in the poem beginning

Under a spreading chestnut tree
The village smithy stands,

a happy thought was suggested to the children of Cambridge, who gladly followed it up. This was to have a beautiful chair designed for Longfellow and made from the wood of the old tree.

Some old timber found in Stratford, England, was not long ago made into chairs and called after Shakespeare, and a number of these interesting seats have found their way to this country.—Design.

Green Tomato Pickle.

Over one gallon of chopped green tomatoes sprinkle half a cup of salt and the next morning drain and squeeze dry. Add one teaspoonful each of cinnamon, cloves, whole mustard seed and celery seed. Pour on vinegar enough to cover, and boil twenty minutes.

Fashion's Echoes.

The close, high cuff is an autumn feature.

Pinked ruchings are one of the trimming items.

The surplice waist is in great favor for misses' dresses.

Toes of shoes are more pointed and heels a little higher.

The smartest tailored gowns show fullness around the bottom only.

The high turnover collar of embroidery pleases the women with long necks.

Clever women make very pretty kimonoes from their last season's lawn dresses by the addition of white or contrasting bands.

Pretty Hamburg eyelet insertion made especially for the running of ribbons through their openings are used effectively in collars.

While there are severely plain tailored gowns for those who like them, some of the new street frocks in wool and silk are decidedly frilly and flouncy.

DRUGGING WON'T CURE CATARRH
All the medicine in the world taken into the stomach won't cure catarrh, and it's useless to squander money on tablets, bitters and liquid remedies. Catarrh is a disease of the nasal passages, throat and bronchial tubes. Stomach medicine can't reach these parts. It's only a fragrant, healing Catarrhazone which is breathed all through the air passages that is sure to reach the seat of Catarrh. No failure ever known if Catarrhazone was used. It heals and doesn't irritate; it soothes, kills the germs and therefore cures. Use only Catarrhazone, the one certain cure. Two months' treatment \$1.00; trial size 25 cents.

His Pen Work.
"You say you earn more money by your pen than you did a year ago?"
"I do."
"How's that?"
"I stopped writing stories and began addressing envelopes."

ARE ALL WOMEN PRETTY?
Quite an unnecessary question, because so many women have such poor complexions. We want to tell all women with pale, sallow cheeks about Ferrozene, which quickly imparts fine color and gives the skin a clear, rich appearance. It's pure blood that makes fine complexions, so by producing lots of vitalizing blood, building up the debilitated system, increasing the circulation Ferrozene quickly brings the glow of health to faded cheeks. It's no trouble at all to beautify your looks—simply use Ferrozene. Try it. Price 50c. at all druggists.

Be Keen.
"Squeezem is a mean man."
"What makes you think so?"
"I saw him put a lead quarter in a blind man's hat this morning."
"How did you know it was lead?"
"I passed it on him yesterday."

WAKEFUL CHILDREN.
For a long time the two year old child of Mr. P. L. McPherson, 59 St. Tenth St., Harrison, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which she kept her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by all druggists.

Flattery.
He—Is there anything in the world that bores you more than flattery? She—Only one thing that I know of. He—What is that? She—Not to be flattered.

BETTER THAN A PLASTER.
A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with lame back, or pains in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. For sale by all druggists.

DISTRICT DOINGS.

TILBURY
Nov. 23.—Local Conservatives will entertain J. C. Clancy to a "smoker" on Thursday evening of next week. Mr. and Mrs. Wm. A. Shaw are on a week's visit with friends in Michigan.
S. Mailloux, of Tilbury North, had a successful sale of farm stock and implements yesterday.
Tilbury Public School, under the able principalship of J. S. McAllum, is making a most enviable record this year. The attendance and government grants have largely increased, thanks to his good management.
Rev. Mr. Nichol will preach at the induction of Rev. J. A. Ross to Essex Presbyterian church on Dec. 1st.
The chess tournament goes on apace, with Wm. A. Johnson's side somewhat in the lead, which, however, may be cut down any evening now.

DRESDEN
Nov. 22.—Dr. W. W. Thornton attended the Liberal-Conservative convention in Chatham on Saturday.
Bert Smith arrived home Saturday night from Winnipeg, where he has been working for the past two months.
On Wednesday evening at 8 o'clock the annual meeting of the Dresden branch of the Bible Society was held in Christ Church. Rev. T. Beveridge Smith, of Holy Trinity Church, Chatham, will give the address of the evening. Short addresses will also be given by Rev. Mr. Hayden and Rev. N. Lindsay.
J. D. Sharpe attended the nominating convention held in Chatham on Saturday. Mr. Sharpe's name was one of those placed in nomination, but he did not allow his name to stand. James Clancy, ex-M. P., was the unanimous choice of the convention. In addition to being one of the best known and most popular politicians of the county, Mr. Clancy has the distinction of being a former member for the riding he is to contest, having sat in the local house for three consecutive terms.
The Tassie-Ashwell Co. purchased the grocery stock of Moffat & Simpson last week and on Friday, W. A. Watson rented the vacant store, and moved his restaurant stock from his old location in the Galbraith building, on the same day.
Mrs. Ingalls and son Ernest, of Chatham, visited relatives in town on Sunday.
Mrs. C. W. Watson, of Orangeville, is the guest of Mrs. J. W. Sharpe.
H. Blonde, of Blonde Bros., Chatham, was seriously hurt by the fall of a scaffold at the Roman Catholic Church yesterday afternoon. Mr. Blonde, who was working at the ceiling of the church when the scaffold gave way, preannouncing them to the floor beneath. The other three workmen escaped injury, but Mr. Blonde was quite badly hurt.
Donald quickly responded to a "rush" call and attended the injured man, who was removed to the Queen's Hotel, where he is resting as well as could be expected.

Something New and Up-to-date!
This is all very well but what about the old things that have stood the test of time? Now there is "The D. & L." Emulsion; everybody knows you cannot find a better preparation for all Lung troubles.

DAWN VALLEY.
The Misses Edith and Maggie Stevens are visiting the former's sister, Miss Ruby Stevens, and the latter's sister, Miss Nellie Stevens, and other relatives at Kingsville.
Mr. Stinson, of Thamesville, has purchased James Karr's farm on the 1st concession, also the bush lot belonging to John Karr adjoining it.
Wm. Moulton has sold his farm on the east side of concession 1, formerly known as the Stratton place, to James Karr.
Mr. Wesley Finn, of Dresden, spent Sunday in this vicinity.
Miss Lyon, teacher of concession 1 school, spent Thanksgiving at home.
Mrs. M. J. Harrett, concession 3, is very seriously ill, we regret to learn.

Whooping cough is rapidly spreading in this community. It is disseminated by children having it and attending school.
John Walter has purchased the farm on concession 3, formerly owned by Wilbur Miller, who recently moved to Chatham.
Mrs. Wm. Robbins still continues very ill. Her three daughters are home.
The Messrs. Fred. Jennings, James Ellis and Albert Stevens recently made a trip to Lake Huron and brought back a load of fish.

DARRELL.
Thanksgiving Day has passed with all its happiness and now we are looking forward for that glorious Christmas Day.
A Christmas entertainment will be given by the people of French's neighborhood Dec. 23rd, and a splendid program is being prepared for the occasion. Don't forget the date and plan accordingly.
Frank French spent Thanksgiving at his home here. He was accompanied by his cousin, of Blenheim.
Roy Abraham made a business trip to Windsor on Monday.
Detroit and Darrell compete for the Walker cup, which is in the possession of the latter, this month. It is expected that the first game will be played Saturday, Nov. 26. Watch for further particulars later.
A social and Darrell compete for the Ladies Aid Society at the residence of Mr. and Mrs. Steen last Thursday (Thanksgiving), which was a grand success.
The fine weather has been very favorable for the corn harvest. Considerable fall ploughing is also being done.

Blackberries.
Blackberries are valuable in all cases of diarrhea.

A Famous Chestnut Tree.
In the park of Tortworth court, Gloucestershire, England, is the celebrated Spanish chestnut, which is said to have been the first tree that was ever planted in Great Britain by man. This chestnut is now over twelve feet in diameter and was an old tree in the reign of Stephen.

Egyptian Wig.
In the British museum is an Egyptian wig which contains about 300 little braided pigtails.

YOU CAN'T FIND ONE DYSPEPTIC

Who Has Used Dodd's Dyspepsia Tablets—No Case of Stomach Trouble Too Far Gone For Them to Cure.

"Yes, Dodd's Dyspepsia Tablets cured my Dyspepsia. I was a sufferer for seven years. I could not eat without suffering intense agony. I doctored some but to no avail, and I was given up to die. Five boxes of Dodd's Dyspepsia Tablets cured me completely. Now I am well and strong."

This story of a terrible disease easily and completely cured is told by Mrs. John F. Sellers, of Western Bay, Nfld. It teaches several lessons, the most important of which are that no case of Dyspepsia is too far gone to be beyond the reach of Dodd's Dyspepsia Tablets, and that if Dodd's Dyspepsia Tablets cure the most extreme cases of Dyspepsia, they will easily dispose of your Indigestion.
The fact remains that you can't find a Dyspeptic who has used Dodd's Dyspepsia Tablets, but you can find thousands of healthy, happy people in Canada who were once Dyspeptics but who have used Dodd's Dyspepsia Tablets.

FOR A STIFF NECK

Or any soreness in the muscles of the back or sides you can't get anything half so good as Nerviline, the most powerful liniment made. "My neck was so stiff I couldn't turn it a quarter of an inch," writes Fred T. Baldwin, of Portsmouth. "I had it rubbed with Nerviline a few times and all the soreness and stiffness disappeared. I don't know another liniment you can depend on like Nerviline; it's splendid for colds, lameness, and can't be beaten for sprains and internal pain." Try Nerviline yourself. Price 25c.

A Hard Pie Crust.
A good story is told of a Barry lady who in making some pie mistook plaster of paris for flour and did not find out her mistake until the pie crusts had served up. For once pie crusts and promises bore no similarity, and the pie was buried in the back garden, doubtless to be discovered in the future as Roman remains.

Between the ages of fifteen and forty-five, the time when womanhood begins and motherhood ends, it is estimated that the aggregate term of woman's suffering is ten years. Ten years out of thirty! One-third of the best part of a woman's life sacrificed! Think of the enormous loss! But time is not all lost of time! Those years of suffering, that steal the bloom from the cheeks, the brightness from the eyes, the fairness from the form. They write their record in many a grease and wrinkle. What a boon then to woman, is Dr. Pierce's Favorite Prescription. It dries up debilitating drains, heals ulceration, cures female weakness, and establishes the delicate womanly organs in vigorous and permanent health. No other medicine can do for woman what is done by Dr. Pierce's Favorite Prescription.

The secrets of a secret society are not half so wonderful after you know them.

FOR A BAD COLD.

If you have a bad cold you need a good reliable medicine like Chamberlain's Cough Remedy to loosen and relieve it, and to allay the irritation and inflammation of the throat and lungs. The soothing and healing properties of this remedy and the quick cures which it effects make it a favorite everywhere. For sale by all druggists.

EVANGELIST SERVICES

"Excuses" was the subject dealt with by Evangelist McHardy last night in Victoria avenue Methodist church. The church was well filled and the sermon was followed with deep interest throughout. Mr. McHardy dealt with three stock excuses that men give for not becoming Christians. He is a convincing speaker, never failing to appeal to the reason. He does not seek to stir a few surface emotions but to arouse the conscience and convince the intellect as well as touch the heart. Many made decision for Christ at the close of the meeting. Mr. Harry Horstead sang a solo during the song service.

Zematos' Memorial.

St. Petersburg, Nov. 23.—The final article of the Zematos memorial as it will be presented to the Emperor is as follows:
"In view of the importance and difficulty of the internal and external situation through which Russia is passing, this informal conference expresses the hope that the sovereign power will summon freely elected representatives of the nation, in order with their co-operation to obtain for the fatherland an evolution of the state, in the direction of establishing a new basis of law for mutual co-operation between the Imperial authority and people."

Making U.S. the Slaughter Market.

San Francisco, Nov. 23.—The collector of the port of San Francisco says that an exceptionally large amount of Japanese goods are coming here, and that the increase of importations has been so large that the customs officials cannot handle the goods. The Japanese are offering their manufactures at low prices to help raise money for carrying on the war.

Off For California.

Montreal, Nov. 23.—Sir Wilfrid Laurier left last evening at nine o'clock for California, the Grand Trunk System placing a special train at the disposition of the Prime Minister, who was accompanied by Senator David and the Ministerial party. Mr. Morse of the Grand Trunk System was also one of the party.

Saved Four Lives.

Windsor, Nov. 23.—At the Council meeting last night Mayor Drake, on behalf of the Royal Humane Society, presented Leo Mernicle, the Sandwich East roadhouse keeper, with the society's medal for saving the lives of four people from drowning in the Detroit River in July and August of this year.

athome Sows Discord.

London, Nov. 23.—(C.A.P.)—Sir Frederick Pollock, speaking at Guilford, said he believed Mr. Chamberlain's scheme tended to sow discord and to make us in the future as had been shown in the past, think of the colonies as desirous of getting rid of them instead of taking pride in the connection.

SLAIN AS HE WALKED

Burst Fly-Wheel Kills Pedestrian 200 Yards Away.

William Strickland of Toronto Meets Death in a Most Peculiar Manner—Iron Missile of Death Cut Off Back of His Head—His Street Companion, a Step in Front, Substantially Escaped.

Toronto, Nov. 23.—William Strickland, a middle-aged man, a carpenter, living at 34 First avenue, was walking home from his day's work at Bell's brickyard, which he left at 5 o'clock yesterday afternoon. With him was George Jones, a foot in advance of his friend when a sharp explosion was heard.

Head Carried Away.
"What's that?" Jones heard Strickland exclaim, but before either could turn to look in the direction from whence the sound came there was a sudden rushing noise, and Jones was horrified to see his companion, without a groan, fall in a heap on the sidewalk, with the back portion of his head literally carried away. For a minute or more Jones and others, who had seen the result of the accident, were at a loss to account for its cause, for the piece of iron had continued in its flight a space of six feet, then over a high board fence, and then buried itself 15 feet beyond in a plowed field. The sight of what proved to be a similar piece some 50 yards to the westward, which had torn up two heavy planks, afforded the revelation.

The fatality occurred on Gerrard street, about 50 yards east of Pape avenue, and the deadly missile came from the engine building in the Elias Rogers coal yard, on Pape avenue. The employees in the engine building almost miraculously escaped, one of them only being struck by a splinter of wood from the roof which the fly-wheel shattered as it burst through.

Drove In Front of Express.

Comber, Nov. 23.—While driving across the Michigan Central Railway crossing at Ruscom station, five miles west of here, Conrad Knister, well known farmer of Rochester township, North Essex, met with an accident. His team was struck by express No. 31, westbound, and cut into pieces. The wagon was broken and Mr. Knister was thrown some distance, receiving serious injuries, which may prove fatal.

Struck By a Heavy Bullet.

Peterburg, Nov. 23.—Joseph Crocker, the 9-year-old son of Samuel Crocker, was struck in the face by a stray bullet while walking in Jackson Park with three companions. He will recover.

Success to Burns.

Whitevale, Nov. 23.—Mrs. John Larkin, who was so badly burned here Monday afternoon, died at an early hour yesterday morning. She leaves a husband and two small children to mourn her loss.

Train Broke in Two.

Sarnia, Nov. 23.—The tunnel disaster on Oct. 9 last came near being repeated Sunday morning as the result of an eastbound freight breaking in two while passing through the big bore. The caution of the train crew and more favorable weather averted serious results. The trainmen managed to get out all right, but a drover in charge of a shipment of cattle, who was riding in the caboose, was unconscious when the caboose was removed from the tunnel. Medical aid was summoned, and after considerable difficulty he was revived and continued on his trip. The railroad men are very reticent over the affair and would not admit that an accident had occurred.

A Liberal Delegate Badly Hurt.

Toronto, Nov. 23.—Wm. Blackthorn and W. H. Stinson were seriously injured by trolley cars colliding with their wagons yesterday, but the most serious trolley accident of the day occurred to D. Patterson of McKellar, Ont., a delegate to the Liberal Convention, who was crossing Yonge street at Elm. He became confused in the confusion of the hurrying about him and was struck by a car and thrown violently to the ground. His head was badly injured. He is about 60 years of age. He was taken to the Emergency Hospital, where early this morning it was stated he was still unconscious and his condition was precarious.

Hamel Forged the Cheque.

Montreal, Nov. 23.—D. A. Hamel, the Montreal city paymaster, pleaded guilty yesterday morning at the Police Court to forging a cheque for \$9,000. Judgment in the case will be passed by Judge Choquette in the Sessions Court Thursday. Hamel forged the cheque on March 1 last, and fled to Cuba, and the Montreal authorities spent \$2,000 in extraditing him.

Law Vessel Sink.

Victoria, B.C., Nov. 23.—Capt. Corbion of the French ship Guaveur, which arrived in the Royal Roads Saturday night, reports that last Wednesday night a four-masted ship founder north of the entrance to the Straits of Juan de Fuca. A hurricane was blowing at the time. It is thought the vessel may have been the San Francisco barkentine Makawell.

Accepts Belts' Offer.

London, Nov. 23.—(C.A.P.)—Oxford University has accepted Alfred Belts' offer to found a professorship of colonial history, in order to promote greater interest in and knowledge of the colonies.

Given King's Portrait.

Barrie, Nov. 23.—The Daughters of the Empire of Barrie presented the County Council yesterday with a portrait of the King. The present was accepted by Warden Bruce in a brief speech.

MUSICAL.

EXQUISITE ORATORIO.

E. B. Arthur, the talented organist and choir master of the First Presbyterian church, scored another distinct success with Thomas G. Shepard's sacred oratorio, "The Sermon on the Mount," which he presented to the music lovers of the city last evening. This is not Mr. Arthur's first attempt at oratorio in the Maple City. Last Good Friday he presented "The Crucifixion," which was splendidly given and warmly received. This sea-

son when it was announced that he intended to put on "The Sermon on the Mount," the people commenced to look forward to something good and out of the ordinary. They got it last evening.

Long before the time for opening the church was thronged with people and when the concert opened the church was packed to the doors. Many were turned away and every aisle was filled with chairs to afford more seating capacity. It was a magnificent audience and an intelligent one, and every person went away feeling highly delighted with the production.

Too much cannot be said of the soloists of the evening, Mr. Marshall Pease, tenor, and Mr. Samuel I. Slade, basso, of Detroit, and Mrs. Cooper and Mrs. Bogart, the soloists of the church. Messrs. Pease and Slade made a profound impression in the "Crucifixion" and in "Robin Hood," and everyone was anxious to hear them again. They expected much and they were not disappointed. If such a thing were possible, Messrs. Pease and Slade are even more popular in Chatham now. Mrs. Cooper and Mrs. Bogart are well known Maple City soloists and their part of the work was performed faultlessly.

SAMUEL I. SLADE.

The chorus should not be lost sight of. Mr. Arthur has made great efforts in the training of the chorus and their singing was well executed and much enjoyed; the phrasing, tempos and expression were well marked and the harmony was perfect. Much of the credit for this belongs to Mr. Arthur, who is also to be complimented upon his excellent organ accompaniments.

The second part of the program, consisted of a tenor solo by Mr. Pease, a bass solo by Mr. Slade, and

a quartet by Mrs. Cooper, Mrs. Bogart and Messrs. Pease and Slade. The first two solos were exquisitely rendered and thoroughly appreciated, and the quartet was a fitting close.
