CHRISTMAS EXAMS ABOLISHED!

TRUEMAN ISSUES STATEMENT

A general Faculty meeting on October 18 decided that Christmas examinations in all two-term courses will be abolished. The move was not completely unexpected and had been the basis for rumors in circulation since the term opened. The official announcement was accompanied with considerable stir, however, and has set discussion groups afire in every corner of the campus.

An official release from the president's office to The Brunswickan listed the arguments for the move as presented by the committee of four, headed by Dr. Tracy of the English Department:

"Christmas examinations will be abolished in all two-term (full-year) courses. Final examinations in one-term courses of the first term will be held during the last two days of term. A minimum credit of at least 26% will be given in the final standing of each student (i.e., at the end of the academic year) in each subject for term work, which will consist, as it does now, of essays, laboratory and other reports, and tests.

"If it should prove advisable to take—say—three days, instead of two, for the Christmas examinations in one-term courses of the first term, arrangements to do so will be made.

"Several considerations led to the adoption of this new scheme. The first term is shorter than the second term. Our former practice of using two full weeks for Christmas examinations left only ten teaching weeks in the term. This teaching period of ten weeks is further shortened, in effect, by the time necessarily given to organization at the beginning of the term and to initiation activities, etc., which are carried on during the first week. It is felt that this will be of value to all concerned.

"It was also felt that full-length examinations should not be given too great frequency. It is part of our task at the University to provide an education for students to work independently and without the artificial division of the year's work into smaller segments of knowledge, each of which is to be learned separately and then dismissed from the mind. The difficulties of this kind, which present themselves in high schools, are to be avoided. We make the examination itself the student's goal, an attempt of zeal for the acquisition of material for the sake of grades, and learning during the period immediately preceding the examination.

"It is true, of course, that students may benefit by having some certainty how they stand at various intervals during the year's work. This certainty may be given them by essays, reports, and so on. One suspects, however, that a student who means business will soon learn how he stands without much examination, if he works consistently and attempts to follow carefully the instruction which is given him, and makes it his business to ask questions when he is in doubt.

"One of the main tasks of the student, as he passes through the University, is to learn to work and think independently, not for the sake of passing examinations—al-

VETERANS' BURSARY NOW ESTABLISHED

The Veterans' Bursary has at its disposal approximately \$300,000. Interest on the fund is contributed by the Veterans' Bursary and Loan Fund by the C. O. T. C. The details of the gift are as follows:

- The interest is to be used for scholarships and loans.
- The accrued interest may be used in whole or in part for scholarships.
- Such scholarships may be awarded to the board of Deans of the University.

first or second year at the University.

- Each Entrance Scholarship is not to exceed \$100.
- In the event that the Veterans' Bursary and Loan Fund ceases to exist as such, the \$3,000,000 capital will be returned to the S.R.C.

There are available three Entrance Scholarships of approximately \$100. Will interested students who are qualified for admission to the first or second year at the University, please apply immediately to the Registrar. All applicants should make clear need of financial assistance.

NEW YEAR . . .

Keep that opposite!
Always on defence!
Show 'em we mean business!
And what they're up against!
Red and Black Attack, Attack!
Keep the game on the track,
Kik 'em high, Tackle low,
Are you ruddy, Let's go!
N-E-W-B-R-U-N-S-W-I-C-K.
Yesaaaaah!!!!

NEW POSITION

Al Warner, Brunswickan News Editor, has just been promoted to the position of Associate Editor of The Brunswickan. Warner, a pre-law student, is not new to the newspaper field. This past summer he worked on the Saint John Telegraph-Journal and has been re-

(Continued on page 8)

The Faculty Was Hasty A POST MORTEM (EDITORIAL)

ONCE again a change, more radical in principle, has been introduced to the student body. The abolition of Christmas examinations, so it was thought by many faculty members, would meet with the general approval of the students. Such is not the case.

Whether student opposition is based on sound arguments cannot as yet be determined, but it is clearly evident that a large majority of the students, representative of every faculty and every class, are opposed to the change. We feel that many students who have already stated their convictions pro or con have drawn hasty conclusions. By drawing hasty conclusions they have served only to confuse the issue.

In this editorial it is not our purpose to condemn the plan as passed by the faculty, for we readily admit that fifty or sixty members of the faculty should be able to discuss the merits and defects of the plan to much better advantage. However, it is our candid opinion that the faculty is as guilty as the students of drawing hasty conclusions. The fact that only a few votes were the major factor in approving a plan which affects the future of each and every student would indicate (1) that more time for consideration should have been permitted, and (2) that a large number of faculty members are not wholly convinced that Christmas examinations should have been abolished.

The faculty should have considered the position that many of the upperclassmen, veterans particularly, now occupy. Having successfully re-established themselves to the present University curriculum they regard Christmas examinations as the key to the remainder of the year's activity and it is very difficult for them to accept such a wide-scale change in their last year without great inconvenience and without the possibility of a larger proportion than usual flunking out.

For this reason, if for no other, we consider the faculty should not have acted as quickly as it did. The plan, although based on sound principles, does not necessarily indicate that it could operate more equitably as well. The novelty of the plan, plus possible effects on the student body, should be sufficient reason for a "go slow" policy. As the faculty is sincerely interested in the welfare of the student body in conjunction with a raise in standards directly or indirectly, then this plan could easily have been placed in effect for one year (freshmen or sophomores) for the time being at least without any serious repercussions in the future.

However, realizing that the plan has been adopted, practically any discussion or effort on our part is futile. We suggest that both faculty members and students take each other into their confidence in the future. By suggesting this we do not mean that the students should have the opportunity of running affairs of the college which are certainly not within their jurisdiction, but nevertheless university-student relations would greatly improve if student opinion were not continually ignored on important questions affecting their future

SPORT ROWLITES

By Damon Bunion

JUST A KICK IN THE DARK

The lights at College Field have been down all week on a foggy crew of Rugby players and rugged practice sessions in preparation for the slaughter of Mt. Allison's own swamps. The going is stiff practice for the Soccer and Canadian Football teams. Last Thursday night when the lights went out a few participants were mistaken for kickers and as a result breakfast was eaten the next morning standing up.

BUTCHERY BEGINS

Intramural basketball gets underway this week on Wednesday night with a probable eight games. Com-

petition appears to be even greater this year than last. The defending champion Arts & Sc. team has broken up and players from it are spread throughout the league. Jim Crockett will write a weekly column on this popular sport for The Brunswickan.

IT'S SAFE NOW NO XMAS EXAMS

The incoming Keleher the other day, as of another less the rugby team sustained early in the year, when Fred "Burr" Dunphy dislocated his leg. It was reported he could walk backwards and see where he was going. Seriously though, it was a very painful injury and he has been lying in that hospital bed for weeks. Many of his friends have been visiting him and we hope it won't be too long till we see Burr's cheerful face around the campus again.

Dance Routine

On the face of things one might divide the student body into two groups: (a) those who like to dance and (b) those who like to go to dances.

The controversy, as is usual, arose in the first place out of a misunderstanding, or rather out of a complete lack of understanding.

Special Forestry Issue Next Week

The next issue of The Brunswickan will be published by the Forestry Association. Editor-in-Chief is none other than capable Bill Nettleton.

A departure from regular Brunswickan policy will take place this year when all members of the regular staff will help the Foresters put out their issue.

Girls when they went out to swim Once dressed like Mother Hubbard: Now they have a bolder whim; They dress more like her cupboard.

"A sweet young thing" approached a clerk in a department store and asked where she could get some silk covering for her settee.

the relation existing is between the Student Social Committee and the Faculty Social Committee, the advice has not interjected into the discussion preceding the Councils assent, and hence was completely overlooked.

The U-Y will hold the four dances which had been planned, but only out of consideration for the difficulties which might have been experienced had they been forced to cancel their program.

Although the expressed policy of Dr. Trueman has been to allow the students as complete a liberty as possible with the understanding that they exercise some discretion in its application, the opinion of many is that this latter reservation is being encroached upon if any one society be allowed to sponsor more than one dance during a single term.

Brunswickan Staff Meeting Friday

A meeting of The Brunswickan Staff will be held Friday, October 28 at 4:00 p.m. All editors, business staff members, reporters, proofers, and photo staff are requested to attend this meeting for a discussion of future Brunswickan policy.

RALPH G. HAY, Editor-in-Chief.

DEAN F. C. CRONKITE

An honorary doctor of laws degree will be awarded to Dean F. C. Cronkite of the U of S College of Law at a legal symposium in the University of British Columbia, October 27.

Dean of Law here for the past two decades, and former professor, Dean Cronkite received his bachelor of arts degree at the University of New Brunswick and his master of arts and bachelor of law at Harvard.

Just A Thousand

Dear Sir: On first glance at the October 17 (or was it the 18th) edition of THE BRUNSWICKAN it would appear that the Finances of the SRC are in a much better state that I was aware.

Ed's Note: Occasionally the Brunswickan makes errors.

Art Appreciation on Thursday Nights

Special extra-curricular get-togethers have been arranged for Thursday nights at 8.30 p.m. (another time will be considered if inconvenient) with Miss Lucy Jarvis in the Art Observatory.

Plumbers' Prattle . . .

By Slipstick Sam

Comes another week and it is once again time for us to swing the transit your way. And speaking of transits, a good number of you freshmen are probably wondering what all the hub-bub is on the ol' campus comes Wednesday and Thursday.

But leave us depart from the transit and discuss the remainder of the subject more fully. These men, so called, are running a traverse, which consists in finding the campus first of all, not so easily done if you have just come back from a Mt. A. trip, and then travelling about it in a crooked line.

Following this the Surveyors, for now they have reached this stage, retired to the drawing room, but not for tea. No sir! Here they make a plan of the campus with the help of the traverse they have run.

A DELIGHTFUL PROGRAM SPONSORED BY ART DIRECTOR

At 4 p.m. last Sunday, October 16th, the doors of the little polygonal building, situated opposite the President's front door, were open to visitors, undergraduates, Faculty and Citizen alike, who were interested in the Arts and had long sought a common meeting ground for their exposition, study and discussion.

Like all first meetings advertised in these parts it was too thinly attended. But the attendance was refreshingly representative and those who came felt well rewarded for the sacrifice of a golden October afternoon.

Tribute To Art Director Paying a gracious and timely tribute to his friend and ally, Miss Jarvis, Prof. Cattley voiced the feelings of all lovers of Arts on the Campus when he pointed out how indispensable and how precious as a binding force, a focus and an inspiration were such a centre and such a director thereof as Lucy Jarvis.

The Observatory, then, by offering a chance for all the Arts to meet on a common threshold, and offering, too, an atmosphere as free of lecture-room inhibitions as it was inviting to the Public, was enabling the University to go, where its wider duty called it, to the people.

Speaking of stacks, we have often wondered why they are called stacks. Oswald says it is because there are stacks and stacks of books there that are never used. We wonder also if Oswald continues to say that when the new wing is finished there will be much more room to stack many more books which will sit there for many more years while many more students take engineering (and skating on the side).

Stacks! Shmacks! More at hand is the subject of the Mt. A. trip. It has been so conveniently arranged to take place on the day following the Fall Formal. What a grind! A tough time will be had by all. Up on Friday morn bright and cheerful, and then to classes. Comes supper time and we are getting ready for the "Big Do".

Then there is the gripe about the rumor, thus far, that there are to be no Christmas exams. But Oswald, good ol, faithful Oswald, has just handed us a Kigmie so we will let that gripe slide for the time being.

That was one great reason, concluded Professor Cattley, why the Dept. of Classics had stepped in to make the first offering — which was the 'cream' of their current Classics-in-Translation course. The pattern of future meetings might well be improved or varied, but for the present his department proposed to present through the almost lost medium of reading aloud (as the originals were meant to be read aloud), certain famous passages from the assignments of their regular class, to obstruct the readings with a minimum of comment and to invite discussion.

He then left the floor to his colleague, Prof. Ian Sutherland, a graduate in First Class Honours in Ancient History of Cambridge University.

The whole world was heard of Thermopylae and of how Leonidas and his three hundred Spartans led the defence of the famous Pass. Few have been fortunate enough to hear from the original Greek source that artless yet absorbing narrative. It was a treat for this first band of listeners, some of whom will, we hope, be spurred (not only by Herodotus but also by Prof. Sutherland's admirable restraint) to read the whole story in translation.

There is better to come. Next week Prof. Sutherland will sketch the flowering of the Periclean Age; and there will be in Observatory an exhibition of photographs etc. illustrating Fifth Century Athens, including some magnificent views of the Acropolis by floodlighting. The following week Prof. Cattley will take up the tale with excerpts from the master-historian, Thucydides, to be followed the week after by Dr. Dave Stewart, on his favourite philosopher, Plato.

U-Y PLANS POLIO CAMPAIGN

Again this year the U-Y U.N.B. is in full swing. The meeting held two weeks ago a large turnout of both old and new members. Many have been taken on by this year. Among these is the trip to Mount A. The U-Y by holding a series of dances Saturday night, during the month of October hopes to make money to bring the fares of approximately \$4.00. So everybody at these dances, support the dances the less cost you to go to Mount A.

The Club has also taken a canteen at the Fall Formal the Mount A. train, plus the room at the Fall Formal. One of the best ideas since U-Y's formation a few years came up at last weeks meeting of U-Y are going to try, along other campus and Y.M.C.A. organizations, to start a campaign raise funds in aid of polio.

Besides helping other people giving them entertainment have a lot of fun at our own and we have parties with clubs associated with them.

After our own meetings serve refreshments that are prepared by the lady member Club. At the present time members so if you want to enjoy an enjoyable Sunday evening down to the "Y" at 8.30 a plan entertainment and see need on the U.N.B. campus.

U-Y PLANS POLIO CAMPAIGN

Again this year the U-Y Club of U.N.B. is in full swing. The first meeting held two weeks ago saw a large turnout of both old and new members. Many activities have been taken on by the club this year. Among these is the train trip to Mount A. The U-Y Club, by holding a series of dances every Saturday night, during the month of October hopes to make enough money to bring the fares down to approximately \$4.00. So lets see everybody at these dances. If you support the dances the less it will cost you to go to Mount A.

The Club has also taken over the canteen at the Fall Formal and on the Mount A. train, plus the check-room at the Fall Formal.

One of the best ideas since the U-Y's formation a few years ago came up at last weeks meeting. We of U-Y are going to try, along with other campus and Y.M.C.A. organizations, to start a campaign to raise funds in aid of polio.

Besides helping other people in giving them entertainment we also have a lot of fun at our own meetings and we have parties with other clubs associated with the "Y".

After our own meetings we serve refreshments that are prepared by the lady members of the Club.

At the present time we need new members so if you want to spend an enjoyable Sunday evening come down to the "Y" at 8.30 and help plan entertainment and service of need on the U.N.B. campus for

Females Accomplish Nothing

LADIES SOCIETY MEETING

A special meeting of the Ladies' Society was held last Monday night to settle the controversy on the proposed Sadie Hawkins' Dance. The date was winedly discussed and finally sifted down to three choices: Friday Oct. 21st, week of Nov. 11, and during Co-ed week. A vote was taken which definitely ruled out Friday. It was decided to further investigate and if the dance could not be held on Nov. 11th week, it would be united with the Coed's Dance in Coed week.

NOTICES

S.R.C. OFFICE HOURS

Until further notice the S.R.C. will be open on Wednesday from 12 noon to 1 p.m. and on Fridays from 11 a.m. to 1 p.m.

BRUNSWICKAN OFFICE HOURS

Open everyday. Contributions for The Brunswickan should be left at the office in the "K" Hut.

your friends. And don't forget, we plan entertainment for ourselves too.

I.S.S. Welcomes Non-Canadians

At the first meeting of the International Students' Service, last Tuesday Virginia Bliss outlined the past activities of I.S.S., the present aims and plans for the future, with reference to the European Seminar this summer.

Prominent on the agenda were tentative plans for I.S.S. WEEK, January 16-21 including speakers, movies, tag day, special library arrangements, and formal dance to wind up the week's activities.

In keeping with the National Policy of I.S.S. a special invitation is to be extended to faculty members, post graduates and non-Canadian students on the campus to participate in the movement.

Affiliation with the Canadian Institute of International Affairs was considered as well as the appointment of definite I.S.S. representatives at the U.N.B. Law School in Saint John.

The University of Montreal will be host to delegates attending the 4th National Conference during the 11th, 12th and 13th of November. Participants from all Canadian Universities will thrash out the plans for expansion relief and organization for the coming year. The Chairman will attend as the representative from the U.N.B. group. Next meeting Tuesday, November 15.

Debaters Hold First Gabfest

The first meeting of the Debating Society for 1949-50 was held on Monday evening in the Arts Building with the President Julian Guntensperger, in the chair. There were several new members present but it is hoped that a still larger number of students will turn out for future meetings.

The next meeting will be held this Tuesday evening at 7.30 p.m. when four new members will debate the subject, "RESOLVED, that appeals from the Supreme Court to the Privy Council should be abolished."

INTER-FACULTY DEBATES

Plans for the fall term were discussed, among them plans for inter-faculty debates, particularly between Foresters and Engineers, and the Model Parliament. With regard to the latter a resolution was received from the CCUF (which doesn't officially exist on the campus) proposing that students from Teachers' College be allowed to take part in sessions of the Model Parliament. Although this was subject to criticism on political grounds and grounds of being unconstitutional the proposal was approved by a vote of 4-3 with most of those present abstaining from voting.

John Hildebrand and Ron Stevenson were elected as delegates to attend the forthcoming MIDL conference at Dalhousie University in Halifax.

The meeting concluded with a hat night session with members speaking extemporaneously on subjects drawn from a hat ranging from the Chignecto Canal to the abolition of THE BRUNSWICKAN.

Christian Faith Answer To Secularism

"A living Christian faith is real intellectually and emotionally, and is the true answer to the secularism and cynicism of our times," said Rev. Earle MacKnight, pastor of George St. Baptist Church, in an address entitled "A Christianity of Action" given to the Student Christian Movement at their regular Sunday evening open house in the Community "Y".

Mr. MacKnight referred to the message of Christ as the "Nazareth Plan", and emphasized the fact that it is a program of action for alleviating the ills and sufferings of the many sects of today, and how they have perverted the real message of Christ.

Mr. MacKnight's talk was followed by a lively discussion on the application of Christianity in action to the fields of politics, social service, and our modern way of life.

SOCIAL AT WOODBRIDGES

During a short business meeting preceding the speaker, it was decided that a combined hike and social would be held at Woodbridges' Cabin on Saturday, Oct. 29. The report of the nominating committee was accepted with the following slate of committee chairmen: Publicity: Ted Gould; Program: Stig Harvor; Worship: Joe Titus; Study Group: Ashley Shepard; Lunch: Audrey Estabrooks; News-Letter: Hubert Bartlett; W.S.C.F.: Joan Schousboe.

The program for the evening concluded with an enthusiastic sing-song and a good lunch.

Swim Club Holds Splash Party

Wow, what you missed! Maybe you were there like the other swim enthusiasts who made the U.N.B. Swim Club's Splash Party such a success.

Friday night, Oct. 21, the Swim Club held its first social evening of dancing and swimming. The pool in the Residence was open for swimming at 8.30, and later in the evening, canned music and refreshments were "dished out" in the Ladies' Reading Room, (Arts Bldg.)

The whole affair was a great success and Frosh, both male and female were reminded that it isn't too late to join the Swim Club, for its winter activities, Up the Hill.

Rowan Heads Dramatists

The Arts Bldg. was the scene of the first meeting of the U.N.B. Dramatic Society, Tues. night Oct. 18, the election of a new slate of officers for the year '49-50 was completed, with Don Rowan in the chair as president, Dorothy Howe, Vice Pres., and Mary Needler, Sec. Treas. The business manager and stage manager will be voted in later in the year.

The question of dramatic presentations was brought up and no final decision as to the plays to be produced was reached due to absence of Prof. R. Hicklin (at Faculty Meeting.)

It has however been decided to have interclass plays. The Sophs and Seniors present said that their respective classes were willing to undertake productions, but as yet no word has been received from either the Freshmen or Juniors. It is thought that after the Freshmen elections, (Nov. 2,) the Freshman class may feel able to decide on some action.

The next meeting is planned for Tues. night, Oct. 25, at 7.30.

Law School Ball November Fourth

The U.N.B. Law School in Saint John commenced this year on September 20th with 54 students enrolled....Of this number 16 are third year, 23 second year, and 15 first year.

Among them many former Hillmen can be seen such as John Baxter ('47), Vernon Copp ('48), Doug Rice ('48), Ted Gilbert ('48), Marg Duffie ('49), Rod Logan ('49), Tom Prescott ('49), Lee D'Arcy ('49), Wally MacAulay ('49), Ed Fanjoy ('49), Hal Stafford ('49), Noel Baxtel ('49), Dick Cochrane ('49), Ed McGinley ('49).

To date most of the time has been spent on organizing the coming year's activities. With John Gray in the chair, the annual budget meeting was held last week, at which time the various committees were also approved.

The important news came from Ted Gilbert, chairman of the Social Committee. He informed those present that the annual Law School Ball would be held on Friday, Nov. 4th in the Georgian Room of the Admiral Beatty Hotel. Summons have been issued already to a good many who must appear and answer to certain charges of revelery.

Doug Rice, the business manager of the Law School publication "Oyez-Oyez" joined with John McSweeney, editor, in presenting a full set of rules which are now in effect. (Ever notice how Rice manages to get the right job?!)

Would you have the ready money to seize a business opportunity?

A life insurance policy is recognized by business men as a most valuable asset because besides the protection it gives, it has borrowing value in case of need. There are many times in which the loan value of a policy may prove of great use.

The important point is to get started with your insurance programme at the earliest possible date. Life insurance rates are determined by the age of the person to be insured ... the sooner you take out a policy the lower its premium will be.

Your Mutual Life of Canada representative can help and advise you. Take him into your confidence. Explain to him your needs and your circumstances. He has been specially trained in adapting life insurance to each person's particular needs. Take advantage of his expert counsel now.

TRACK MEN VICTORIOUS FOR SECOND YEAR

U.N.B. Wins Intercollegiate Meet

PACED by the brilliant sprinting of the King brothers, Barry and John, the University of New Brunswick track team retained the M.I.A.U. track title last Thursday at College Field. Barry King won the 100 and 440 titles, while John took the 220 championship and placed second in the 100. Both were instrumental in bringing their relay team to a second place in the 880.

The weather was ideal for a meet and the thrilling finishes and keen rivalry kept the crowd in excitement all day. U.N.B. amassed a total of 54 points, while St. F.X. of Antigonish, N. S., came second with 52. Acadia garnered 27 points for third place while Mount Allison and Dalhousie trailed with 16 and 6 points, respectively. Individual high scorer was a colorful all-rounder named Bernats, who came to Acadia from Europe on an exchange scholarship. He won the hammer and javelin titles and placed second in the discus and shot put. He was formerly a decathlon champion in his native Latvia.

Disaster struck U.N.B. in the final event of the day when Paul Keleher, one of the mainstays and captain of the football team, probably ended his year's sports program when he fell and severed a tendon in his ankle. Other outstanding performers for the Red and Black were Ralph Hale, who won the shot put and placed second in the hammer throw and discus; Mal Millar, who gave a great performance in winning the mile; John Manson, pole vault champion, and Dave Benson.

Results:

- 120-yard low hurdles—1, Vincent, Acadia; 2, Tuttle, Mount A.; 3, Manson, U.N.B. Time: 15.5.
- 100-yard dash—1, B. King, U.N.B.; 2, J. King, U.N.B.; 3, Gross, Mount A. Time: 10.6.
- 220-yard dash—1, J. King, U.N.B.; 2, Collins, St. F.X.; 3, Swartzak, St. F.X. Time: 24.6.
- 440-yard run—1, B. King, U.N.B.; 2, McPherson, St. F.X.; 3, Collings, St. F.X. Time: 52.6.
- 880-yard run—1, Gallagher, St. F.X.; 2, Benson, U.N.B.; 3, Miller, U.N.B. Time: 4:48.8.

as he crosses the finish in 440 to rack up a total of 11.5 points for U.N.B. in Friday's Maritime Intercollegiate track meet.

Dry Dockers Defeat Soccer Team 4-2

The University of New Brunswick soccer team travelled to Saint John on Saturday afternoon and took a 4-2 defeat at the hands of the Maritime champions, Saint John Dry Dock. The Dry Dock showed to have too much experience for the younger Red and Black crew and although behind 2-1 at half-time, scored three tries without reply in the final half.

The first period opened with U.N.B. scoring after three minutes after a quick breakaway on the right wing. There was a scramble in front of the Saint John goal which ended in Osman tapping the ball into the net. The Dockers came right back and Baird scored direct from a corner kick. At the 25-minute mark, Kelly sent Varsity ahead on a pass from Mitchum. Play continued evenly until the end of the half.

Although Boby was brilliant in the U.N.B. nets in the second half, the consistent Dry Dock pressure told and goals by Maxwell, Rice and Stone left the final score, Dry Dock 4, U.N.B. 2. In this half Kelly shot wide on a penalty for Varsity.

The Dockers showed good short passing and their sparkling form of Old Country pros gave the Red and Black much needed experience for next Saturday's encounter with Mount A. Their appearance at College Field on November 5th will certainly be an attraction. U.N.B.'s team for Saturday will probably be the same as held the Mounties to a 3-3 tie last week. Captain Al Harriot and Art Geneau suffered slight injuries in Saint John, but they will be rarin' to go on Saturday at Sackville when the two-game total-goal series is completed.

RED BOMBERS TRIM TROJANS 14-9

By BILL DONALDSON

Saturday afternoon saw the first day-time game of Canadian Football at College Field, when the U.N.B. squad defeated Moncton Trojans by a score of 14-9.

The first quarter opened with Trojans kicking off to U.N.B. MacGregor received the kick and the Red Bombers began to move down field. A beautifully executed end run by Miller in this quarter brought even the died-in-the-wool Rugged fans to their feet cheering. A safety touch gave the home team a two-point lead when the Trojans were smothered behind their own goal. However, the Moncton squad soon changed the picture when they intercepted an attempted forward pass, Buchan to Boulton, and Arsenault with a terrific burst of speed ran the 60 odd yards for a major score. Moncton's convert was good for one point and at the end of the first quarter the score was Moncton 6, U.N.B. 2. The second quarter lagged slightly

and fumbles were numerous. Moncton seemed to have the better of this quarter, moving the ball down to the U.N.B. goalposts where they successfully kicked a field goal for another three points. Score at the end of the first half stood at Moncton 9, U.N.B. 2.

The second half was a very different story, with Joe Bird, Don MacGregor and Bob Miller repeatedly driving through the line for 10 and 15 yard gains.

Gerry Boulton repeated Moncton's first quarter touchdown when he broke through to intercept an underhand lateral and gallop half the length of the field for a major score for U.N.B. Big Don MacGregor booted the convert, making the score: Moncton 9, U.N.B. 8. From that point on it was U.N.B.'s Joe (Choo-Choo) Bird who plunged his way through the line for large gains on one play, and on the next Big Don MacGregor would drive through for 15 more yards. (Continued on page 8)

Damon Bunion Says:

Hail the Conquering Heroes

WHICH WAY DID THEY GO?

LAST Thursday this reporter heroically propped his eyes open with toothpicks and dutifully staggered up the hill to find out what the professors were doing these days. He not only didn't find out what they were doing—he didn't even find any. Since the rumor that Christmas exams had been abolished was verified, this one thought it not too improbable that the professors also had been abolished. Stumbling down the path known as Stairway to the Residence, he hastened toward College Field where a prearranged meeting was to take place with a confederate in the Bubble Gum Black Market.

Upon gaining entrance to the Fredericton Rose Bowl, your stalwart reporter became aware of the fact that he was not alone. Courageously fighting down his great fear of crowds, he approached one of the mob and questioned him. "Da-a-ah! Wot's goin' on, huh?" The miserable freshman (6'6") looked down and gurgled, "This is the Hurdles final, chum!" Not being his chum and not wishing to be (Freshmen HAVE no friends), I toddled away. This event was lost anyway, so let's not go into the gruesome details.

WHICH ONE HAS THE GOLD TOOTH?

Down near the clubhouse a crowd had gathered and four young men were down on one knee as if searching for the Lost Chord. Another gent nearby was waving his arms wildly and shouting when a loud report sent the first four young men hurtling down the track. The character with the horse-pistol had missed but apparently the other four weren't staying around long enough to give him a second chance. This display turned out to be the 100-yard dash won by a fellow name of Barry "I'm Barry, that's John" King closely followed by his twin John "I'm John, that's Barry" King.

THE BOYS WITH ATHLETE'S FEET

The next event attended was the Pole Vault where a chap John "Cornelius Hotdam" Manson was attaining such heights the officials were considering putting a rope on him in case he got out of sight. Also at this time John King won the 220-yard dash with the blazing finish of a champion. He reported later that someone was chasing him. The mile run proved to be a thriller, with Mal "Did I go that fast?" Millar placing first and Dave "some dirty dog put glue on my track shoes!" Benson coming in second. Barry King kept up the reputation of the boys by running off with the 440-yard dash. He hasn't brought it back yet. As a matter of interest to the local bookies, the daily double on the King twins almost ruined the parimutuel betting machine. In the shot put, Ralph "All stars wear dark glasses!" Hale shot the put further than anyone else. In the javelin throw "Smiler" Bernats of Acadia (high point man in meet) almost threw the thing out of the lot. At this point, the sad announcement was made of the postponement of the bagpipe blowing contest and Angus O'Reilly, the greatest blower on the campus, was unable to appear.

THE BITTER WITH THE SWEET

With the beginning of the mile relay, everything was going fine for U.N.B. when an unfortunate accident marred an otherwise lovely afternoon. Paul "It's Achilles' tendon! Why should I tear it?" Keleher met with a painful injury when he tumbled to the track while running the second lap of the mile relay. He valiantly tried to get up and continue but found it a physical impossibility. This is a great blow to the Rugby team and a bad break for a nice guy.

END OF A PERFECT DAY

Well, kiddies, when the totals were added up by Ira on his slide rule, U.N.B. were the 1949-50 Track Champions, bringing this instintooshun its second Maritime title in as many weeks. (The week before those kids with the match point hearts and the pin point heads—the tennis team—won our first).

Congratulations are in order for the U.N.B. Track Team.

Juniors—Attention Please

Are you interested in how your \$16 is spent? Are you interested in creating better college spirit? Do you think we should support various scholarships? What should our class purpose be? Come to the Junior Class meeting Thursday evening at 7.30 o'clock in the Forestry Building and help thrash out these vital problems. Come and bring your classmates!

TERRY KELLY,
Sect'y-Treasurer.

by ANGUS O'REILLY

THE KINGS OF TRACKDOM

LAST Thursday climaxed the college track career of two whirlwind brothers who had never been defeated in four seasons of intercollegiate competition except by one another. We are referring, of course, to the King twins, Barry and John, who once again led the Red and Black to triumph in the M.I.A.U. track meet. Throughout their entire college careers they have been the leading lights in Maritime sprint circles. Many a promising track star has had his hopes dashed by the flying feet of these talented speed demons.

Last Thursday was no exception. It was a close duel in the 100-yard dash, with Barry emerging the victor. However, disaster almost struck when brother John received a groin injury. Things looked black for the Varsity squad as it was feared he would not be able to run the 220. At the starting gun, John seized a commanding lead, but on rounding the curve, it was evident that he was in pain. Glancing back over his shoulder he saw his opponents bridging the gap, and in a show of sheer guts and spirit he provided a sprinting finish which has never been equalled at U.N.B. This intestinal fortitude is common to both, for in Edmonton two years ago, Barry anchored a Dominion Champion Relay Team in a similar fashion.

John invariably wins the 220 and Barry the 440, but the 100-yard dash provides the best race because they oppose each other. This vigorous competition provided the impetus for a record-breaking 9.8" by Barry in 1947. Since 1945, when they came under the skillful tutelage of Johnny Vey, they have never been defeated in Maritime competition.

Kings in Sportsmanship as well as in Sport, they are respected for their character as much as their athletic prowess, and have made many friends in Maritime athletics.

Two years ago, after the New York Yankees had defeated the Brooklyn Dodgers in the World Series, winning manager, Bucky Harris, was asked to propose a toast. His simple toast was, "Gentlemen, I give you Joe Page."

"Gentlemen—The Kings."

HILL THE HOOKER

THE most important man in an offensive scrum is the front line forward whose duty it is to heel the ball back to the picking-quarter. It is the sole task of the remainder of the scrum to provide the surge and an open path for the ball in its backward motion. Here lies the sorry tale of our defeat in last Saturday's Rugby game.

Johnny Hill, hooker for the Garnet and Gold, provided the difference between the teams by obtaining 90% of the heels. This meant that the Mount A. backfield had more than their share of the ball; a backfield much inferior to U.N.B.'s. Hill's success does not tell the entire story. The scrum packed well, followed the ball energetically, and used the forward dribble to advantage. On the other hand, the Varsity pack was lifeless and leaderless and a pack without a leader is not a pack.

The three times that the Red and Black backfield did gain possession of the ball, they made substantial yardage on both wings. However deep in the opponent's zone, Hill the Hooker was the nemesis of the Hillmen again. This, coupled with the capable kicking of Warner, kept Varsity on the defensive time after time. Were it not for the superb play of Ross Shepherd, Varsity fullback, the score would have reached the double figures.

We believe that the Hillmen have championship ability but now with the season half spent, they have their backs to the wall. In order to win the N.B.-P.E.I. championship St. Dunstan's must defeat the Swampers, and U.N.B. must triumph over both. Your reporters know that St. Dunstan's will defeat Mount A. if Varsity can combine their ability with an intense fighting spirit we can crown their achievements with an official challenge for the McTier Cup, emblematic of Eastern Canadian Championship.

10 SECONDS TO GO

THE ball was crossed from the wing, intercepted by U.N.B. goaltender Bobby, who was hustled by the Mount A. forwards and the tying goal was scored, with ten seconds of play remaining. The fast see-saw battle between these traditional rivals forecasts an exciting meeting when the two teams clash next Saturday at Sackville.

The soccer squad has come a long way in its two years of existence. Last season, due to inexperience, it lost its opener with the Mounties 7-0. This acted as a tonic, for in the return tussle here when the Hillmen came out on the long end of a 4-3 score. This season things look even brighter—and the Maritime soccer championship is not beyond their reach.

BROWNIE BUNION

HAS anybody but us noticed that the only people who receive notice in Damon Bunion's column fall into four classes: (1) boxing championships, (2) football players over 6.4" in height and 230 pounds in weight, (3) sidekicks, henchmen and stooges—like Booby Dooke, (4) Professors—like Rocky Baird. Could the reason that he is such a celebrated and popular columnist be that he "cultivates"—(that's the polite word)—the right people?

Reade Sr. Class Rep. By Acclamation

Ross Reade, senior electrical student, has been elected by acclamation as senior class representative to the Students' Rep-

resentative Council. Ross received the appointment as his was the only nomination filed by last Friday, Oct. 21. Ross is known to most of the student body for his fine performances with the swim team, and is expected to be a valuable addition to the Council.

Canadians Defeated by St. Thomas

St. Thomas University defeated University of New Brunswick 12-6 in the first game of Canadian football played between the two colleges. The teams will play a return game.

Fred O'Brien scored the two St. Thomas touchdowns. Barry kicked a convert for the extra point. Buchan accounted for the lone U.N.B. touchdown, while McGregor made the convert.

St. Thomas led 1-0 in the first quarter, when U.N.B. were tackled in their own end zone. O'Brien scored his first touchdown in the second quarter. Barry kicked the convert. There was no scoring in the third quarter.

Buchan and McGregor combined for 6 U.N.B. points before O'Brien scored his second touchdown for the home team. Barry missed the convert.

Lineups:

U.N.B.—Centres: Calhoun, Mackley; inside: Titus, Jardine, Calk, Reid; middle: Bell, Schure, Walker, Poucher; ends: Potter, Cassier, Ballance, Hystop, Talar; half: R. Ballame, McGregor, Miller, Eastman, Budd; quarters: Buchan, Nalmsmith; wings: Snook, Calan.

St. Thomas — Centres: Stewart Kelly; inside: Snodgrass, Deroche; ends: Cullinan, Hurley; half: O'Brien, Barry; quarterback, P. Barry; fullback: R. Mockler; centre: Levesque; flying wing, Noel, Tules, O'Neil, Wheaton, Stephens, Toner, Mulhern, MacAloon, McDonald.

The Lord gave us two ends to use: One to think with, one to sit with. Success depends on which we choose. Heads we win and tails we lose.

U. N. B. HILLMEN, MARSHMEN PLAY 3-3 DRAW

U.N.B. and Mt. A. fought to a 3-3 draw here last Saturday afternoon in their home and home series for the N. B. Intercollegiate soccer championship.

Mt. A. knotted the score with less than a minute of the game remaining when Eastman knocked the ball into the net. It was a tough break for our boys as they had clung to a 3-2 lead through much of the second half.

U.N.B. opened the scoring in the first quarter when Mt. A. was penalized. Kelly passed to Donnachie who booted the ball past Roach. Rajak evened matters up for Mt. A. when he connected for a goal on a combination play with Eastman in the second quarter. Play then saw-sawed back and forth until the dying minutes of the opening half when Mt. A. forged ahead on a goal by Eastman on a pass from Rajak.

Early in the second half Mt. A. was again penalized. Kelly made no mistake on the kick and the score was again deadlocked. Shortly afterward U.N.B. took the lead for the second time when Fairbairn scored. This lead was held until Eastman's goal evened the score in the last minute of play.

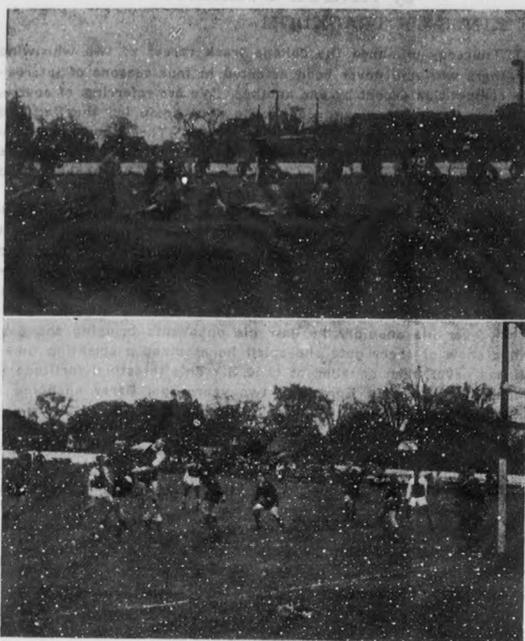

The game was played in a drizzle and this resulted in play being slowed at times due to the soggy condition of the ball. But, nevertheless, a good brand of soccer was shown.

Terry Kelly was outstanding for U.N.B., figuring in all three of his team's goals. Gordie Eastman also figured in all three Mt. A. goals.

Lineups

U. N. B. —
Goal—Bobby.
Fullbacks—Harriot, MacDonald.
Halves—Spurway, Scott, Mosher.
Forwards—Donnachie, Fairbairn, Kelly, Geneau, Harvor.
Subs: Greenback, Wittingham, Pike Reid.

Mt. A. —
Goal—Roach.
Fullbacks—Madeiros, Taherall.
Halves—Caritchley, Eastman, Robinson.

Harriers Lose To Swift Maine Team

The U.N.E. cross-country team lost Sat. morning to the fast-stepping U. of Maine harriers by a score of 44-19. The course was run in a drizzling rain which made conditions extremely muddy and slippery. U.N.B.'s Mal Miller, however, gave the opponents a good run for their money as he bettered his last year's time to gain second place. The Maine team showed a definite improvement over last year settling a grinding pace at the beginning and keeping it up over the 4 1/4 mile course. Despite their loss the boys enjoyed the fine hospitality offered them at the Phi Gamma Delta Frat house and also the free seats on the 50 yard line for the Maine-Connecticut football game Sat. afternoon. A further consolation was the Maine harriers' score against Bates which the Maine team won 44-17.

score of 44-19. The course was run in a drizzling rain which made conditions extremely muddy and slippery. Juniors Squeeze Out Alexanders 1-0; Foresters and Arts Men Tie

The Intramural Soccer schedule last week saw the Juniors battling the Alexanders while the Foresters took on the Artsmen.

In the first encounter the Juniors squeezed out a hard-fought 1-0 victory over the boys from Alexander College. The winners counter was scored by Beyea in the first half and if proved to be the margin of victory. In the second half the Alexanders put on the pressure but could not break into the scoring column.

The second tilt saw the Artsmen take an early 2-0 lead on goals by McInerney and Mitchum. They held it throughout half the game but the Foresters stormed back in the second half and tied it up on goals by Scott and Geneau. The Foresters missed many close-in scoring opportunities in the dying minutes and the game ended in a 2-2 draw.

The Foresters and Artsmen are deadlocked at the top of the heap with a win and a tie each while the Juniors have a win and a loss. The Alexanders have two losses to their credit. As a result the standing is as follows:

LINEUPS

Juniors
Goal—Bradford.
Fullbacks—J. Titus, Harvor.
Halves—Hughes, Bliss, Marshall.
Forwards—Beyea, B. Titus, Spencer, Osmond, Ross.

Alexanders
Goal—Sewell.
Fullbacks—Carney, Mulock.

Halves—Shearsmith, Mosher, Orlov, Golding.
Forwards—Caveen, Burrell, Bradshaw, Mott, Kelly, Neilson, McLeod.

Foresters
Goal—Geneau.
Fullbacks—Fletcher, Sewell.
Halves—Dujay, Spurway, Hassell.
Forwards—King, Pike, Scott, Ketch, Simpson.

Artsmen
Goal—Dobson.
Fullbacks—Noble, McLeod, Donnachie.

Halves—McLean, Gorlich, Plumber, Church.
Forwards—Fairbairn, Ganong, McInerney, Johnson, Mitchum, Ingersoll.

Keeping Up With the Gals

The co-eds have surprised everyone including themselves with their enthusiastic turn-outs in various lines this term.

There has been an innovation this year in the form of an intramural basketball league. The teams are still in the signing-up stage but when they're organized we hope there will be five teams — the freshmen, sophs, juniors, seniors and the Newman club. These groups will play against one another in the hope of improving their game and facilitation of the (Continued on page eight)

Beaker Bouncers Hold Meet

The weekly meeting of the Chem-
istry Society featured hard-hitting
President Harvey Wright asking
for money and Ron Kelly doing the
honors from the speaker's plat-
form. Ron's subject dealt with
the use of radio-active isotopes in
various research projects. Yes sir,
neutrons, protons, deuterons, Alpha,
Beta, Gamma particles floated
around in great abundance. Kelly

says that if you put them all to-
gether you will get radio-active
isotopes and if one may judge
from the long and detailed explan-
ation that he gave I'd say he was
right. However, he had most of
the naturally-timid ones pretty
scared when he announced that
several neutrons had disappeared.
We are naturally relieved when he
found a mistake in his addition
which settled that. He mentioned
that due to the development of the
atomic pile which makes these iso-
topes cheaper, they were being us-

ed in many branches of chemical
research including steel industries
and agricultural research. He also
described his interesting experi-
ments with plant viruses carried
out during the summer. He even
cooked grass — says its delicious
as well as nutritious — and wound
up with a pair of radio-active trou-
sers, so steer clear of Kelly, kids.
We eventually drowned our fears
of Kelley's neutrons with tea-
served in beakers of course — and
cookies.

Trouble is usually produced by
those who don't produce anything
else.

S. M. T. Bus Regulations

Communications received by
S. R. C. President Rod MacLeod
from L. E. Malette, General Pass-
enger agent for S.M.T. (Eastern)
Ltd., made clear the final remedy
affected with respect to obtaining
student rates in bus travel. For-
merly, it had been necessary for
the student to surrender some
identification at the time of pur-
chasing his ticket. Under the new
arrangement, the student may pre-
sent his registration card (i.e. his
student's pass) to the driver, provid-
ing that the cards are numbered
and bear the student's name and
home address? AND WILL BE

REQUIRED to sign the stub of his
ticket, which is left at the point of
departure.

It is hoped that the new system
will dispense with much of the red
tape formerly encountered. It will
become effective immediately.

CORRECTION

In the Brunswickan of Oct. 17,
the name E. Jones was listed as
one of the tennis players. This
should have read as Miss Peggy
Stewart.

Hockey Notice

All those interested in Varsity
Hockey are to report to Pete Kelly
in the Gym at 8.00 p.m. Monday
October 24. Please come suitably
dressed with running shoes for
indoor and outdoor training.

For the "FALL FORMAL"

(And we mention this early)

Be properly dressed in a "Tux" from the

BUNION ON RAMPAGE, SADISTIC GUSHER LOOSE

WITH casualties still uncounted, the rampage stretched and drew a parallel between the frenzied surges which recently visited the streets of Camden, New Jersey, and a wild-eyed killer who rampaged over our hill with grimacious trigger-finger last week-end. Still loose, and unrepentant in his furious onslaught, "The gusher" at present has evaded all attempts to ensnare him, and had even failed to respond to the wails of his screaming mother, who sought to lure him out with hysterical cries of "Water-Boy! Where are you hiding?"

Bunyon's break-up was not wholly unexpected. Prominent psychologists who had occasion to come in contact with him, as well as many of his more intimate friends had forecast such a showdown. However, reaction was varied, and some notable observations were uncovered in a canvass of those survivors and less critically wounded victims of his one-man annihilation campaign.

A member of the swim team had this to say of Damon's purge: "He was always friendly in a hungry sort of way. I first began to suspect him when he began to stop at every fire-hydrant. Seemed fascinated by the potential geyser. I'm fortunate to have escaped him. In my capacity, that would have been... well, what an embarrassing way to die!"

Then there was the co-ed who had been revived by artificial respiration, explained, "I went to sleep

on the beach and the tide came in!"

While searching for the key to his "life" in his past, these facts were uncovered. During his infancy, the unfortunate Bunyon had always been a crank maniac and a sadistic, Bible student. To illustrate, his record on a local pin-ball machine stands among the highest ever registered, and it is generally known that he may recite from memory the complete biblical account of "Damon and Tysias" at the slightest provocation.

Although the sadistic traits had always been evident in his character, Bunyan had always been well liked, and it is a matter of concern to all that his eminent career, which included pursuits in the field of journalism and others less mentionable, should wind up in this manner.

TRUAMAN ISSUES—

(Continued from page 1)
though he must be able to do that for the sake of the work itself, the scholarship which he is acquiring, and the values which he comes to recognize in the ability to stand on his own feet. We now modify our Christmas examination scheme in the hope of doing more than we have done hitherto to assist the student by what I have called one of his many tasks."

A. W. TRUAMAN, President, October 19, 1949.

Marked Opposition
Unofficial reports stated that the motion met with marked opposition before its acceptance at the faculty meeting, and a poll of student opinion, (which incidentally, will not affect the vote even moderately) disclosed a majority of the students as being very much opposed to it.

"Pile-up" Might Result
Arguments presented by the students in favour of their attitude were varied, but centred chiefly about a consideration of the "pile-up" which might result at the time of the final examinations. Other major points raised were in connection with the incentive to "coast" which might be accentuated with the absence of a Christmas time evaluation. This will now consist of a personal judgment by the individual student, and all feel that this is not inclined to be too accurate.

Most informed observers agree

that the new system will demand a greater amount of application on the part of the individual student, and it has been remarked that here lies the crux of the entire matter. The shifting of the burden from the faculty to the students which the adopted plan will incur has been noted to form the basis for the split of opinion which is evident.

Red Bombers Trim

(Continued from page 4)
The quarterbacking of Naisbitt was excellent as he repeatedly called plays that resulted in large gains. The U.N.B. line was tremendous throughout the second half, especially on the offensive as they opened up holes in the opposing line.

In the fourth quarter the U.N.B. team marched from their own 10 yard line with line smashes down to the Moncton territory where playing-coach Bill Callan nudged over the goal line for U.N.B.'s second touchdown. The first attempted convert was called back on a Moncton offside, but MacGregor's educated toe sent the ball between the uprights on the second attempt for the 14th U.N.B. point. At the close of the game U. N. B. were within one play of another touchdown as play ended on the Moncton three yard line with the ball in U. N. B.'s possession.

It was very gratifying to the team to see such a large crowd on hand to see the game and to hear the spontaneous cheering that arose again and again as the game opened up. The team has worked hard this year to make Canadian Football a success at the University and their efforts were certainly rewarded Saturday when they showed the fans (football and rugby) that this Canadian game is definitely as thrilling to watch as any other campus sport.

for his part in last year's "Just Around The Corner" and a member of the C.O.T.C., Branch assumes his new duties with this issue.

PATRONIZE BRUNSWICKAN ADVERTISERS. It pays!

will bowl the first 3 games of a 6-game series to declare a consolation winner.

Teams standing 1st and 2nd in the league will bowl the second 3 games to complete the series.

Teams standing 3rd and 4th in the league will complete their series and a consolation winner declared.

N.B.—The system of scoring to be used is as follows:

1 point for the team winning each game.
2 points for the team winning the high total for the evening.
During the final series the total points for the 6 games will count.

Teams standing 1st and 2nd in the league will bowl the first 3 games of a 6-game series to declare a fall term winner.
Teams standing 3rd and 4th in the league

Keeping Up With

(continued from page 6)

choosing of the U.N.B. girl's basketball team. The intramural teams are set up almost all the co-ed. We hope that this team will do the trick with Mount A. this year. There have been no dates set and probably will be until after Christmas but our competitors after that date will be S.H.S., Woodstock, the North School, McAdam, and of course Mt. A.

Along the bowling lines we witnessed a practice game the night of the 18th in which the freshmen won over the soph and the juniors over the seniors. At this game a certain Sylvia Brown topped the existing alley record of 92 made by Shirley Kenney, with 108 as her score. Congrats! A controversy between the ten and five pin factions was terminated with a vote that put the five pins in the position of honor.

The very latest swimming news is the definite pinning of Tuesday and Thursday from 4.30 to 5.30 p.m. as strictly gals. Anybody happy? Mixed swimming, same hours, Monday and Wednesday.
