KENTVILLE BOARD OF TRADE

The quarterly meeting of the Board was held in the Court House on April 3rd, President Blair in the chair.

On motion a committee composed of Messrs B. Webster, Dr. W. B. Moore, T. P. Calkin, A. L. Pelton, was appointed to report on matters in connection with National Service work.

President Blair reported that the Dominion Government would grant \$1000 toward a Demonstration building at Kentville but under circumstances thought it better to defer building until after the war.

Correspondence was read between the Western N. S. and Kentville Boards. Mr. J. W. King then addressed the meeting on some of the Land Marks in the History of Kentville. We would present an outline of this address here-with but in a future issue we hope to give a pretty full or complete report of what Mr. King said.

At the close of Mr. King's remarks an address of appreciation from the Board and citizens of the town to Mr. King was read by Rev. T. C. Mellor. It set forth the services of Mr. King as first Mayor of the Town, as a citizen and a business man. It was a very largely signed address.

Mr. King in responding to the address expressed his deep emotion at such an expression from his friends. He thanked all for the appreciation shown.

On motion resolved that his most able address and also the paper of Mr. L. A. Fair be published so as to give those unable to be present the benefit of the valued information they contained.

"Canada in the Conflict"

Hon. F. B. McCurdy
Parliamentary Secretary for the Department of Militia and Defence will deliver the above address at **Kentville, Pastime Hall at 4 p. m. Friday, April 13th.**

Excursion fares from stations Kingston to Coldbrook and from all stations on the C. V. Branch, good going and returning April 13th., 1917 only

One Way Fares for the Round Trip

Special train will leave Kentville for Kingston at 6.30 p. m. C. V. Branch train No. 13 will be held to leave Kentville at 6.15 p. m. **See Posters for Fares**

H. Liquid Paints, Carpet Sweepers, etc. T. P. CALKIN & CO.

Leo McCormack, who has been on an extended trip outside returned on the City of Seattle Wednesday. At Seattle Mr. McCormack was joined by his sister, Miss McCormack of Kentville, N. S., and together they made a tour of California. Miss McCormack accompanied her brother on his return to Wrangell and will spend the summer here.—Seattle Exch.

A DESPERADO AT LARGE

On Friday last Chief of Police Davis went to the residence of Mrs. Williams, near Aldershot, for the purpose of finding a man named Joseph Willett, a French Canadian. He was wanted here suspected of taking a wallet containing about \$70.00 belonging to Mr. Sutherland, contractor, from his coat while it was hanging up. Mr. Davis found his man and made a search and found on him a large .38 calibre revolver and also the wallet. While Chief Davis was looking over the wallet to identify it, Willett grabbed the revolver from Davis' pocket and turned it directly on him. A battle royal between the two men took place the Chief finding it difficult to protect himself and also try to capture his man. At last Willett seeing that he could not break away fired his revolver, the shot passing close by his assailant's ear. The effects of the shot caused a relaxation of the hold on the man and he darted from the house and has been at large ever since.

Efforts are being made for his capture and elsewhere a reward is offered and description given of the man. Such a desperado should not be at large and any information of his whereabouts should at once be telephoned to the Chief of Police or others at Kentville.

Willett has been at Kentville for some time, and went into camp with the Army Service Corps last year.

Mr. Davis showed great pluck in endeavoring to capture an armed man and his life was in danger many times during the struggle. With but little assistance at the time he would have been able to disarm and capture his man.

A DOLLAR TALKS

Warns Its Owner Against Sending It Away—Pleads to be Kept at Home

"I am a Dollar! A little ageworn, perhaps, but still in circulation. I am proud of myself for being in circulation. I am no tomato-can dollar—not I. This town is only my adopted home, but I like it and hope to remain permanently. When I came out of the mint I was adopted into a town like this in another province. But, after a time, I was sent off to a big city, many miles away. I turned up in a mail-order house. For several years I stayed in that city. Millionaires bought cigars with me. I didn't like that, for I believe in the plain people. Finally a travelling man brought me to this town and left me here. I was so glad to get back to a smaller town that I was determined to make a desperate effort to stay.

"One day a citizen of this town was about to send me back to that big city. I caught him looking over a mail-order catalogue. Suddenly I found my voice and said to him: 'Look here, if you'll let me stay in this town I'll circulate around and do you a lot of good. You buy a big beefsteak with me and the butcher will buy hardware, and the hardware man will pay his doctor bill with me, and the doctor will spend me with a farmer for oats to feed his horse with, and the farmer will buy some fresh meat from the butcher, who will come around to the dentist to get his tooth mended. In the long run, as you see, I'll be more useful to you here at home than if you send me away forever!'

"The man said it was a mighty stiff argument. He hadn't looked at it in that light before, so he went and bought the beefsteak, and I began to circulate around home again."

The above article from "Country Life in Canada," for June, illustrates in a striking manner the argument for home town buying. The argument applies quite as strongly in the matter of "Made-in-Canada" purchasing. The best results for all concerned are secured by spending the dollar in one's own community. First, giving the preference, where possible, to articles made in the community, second, to "Made-in-Canada" articles, and third, where "Made-in-Canada" articles cannot be secured, preference should be

PROPERTY AT A BARGAIN

For sale a property situated at Hampton, Annapolis Co. 4.1-2 miles from Bridgetown Station. Consists of — acres, 2 1-2 acres very fine land for market garden, small fruit orchard, situated on bay shore, excellent fishing privilege; fine summer resort. House of 5 rooms, downstairs, pantry and woodhouse, 5 rooms upstairs, all finished, cellar, etc., good barn, plenty water. Price only \$1000 for quick buyer. Possession at any time. Part of money could remain on mortgage. Sickness and engaged in business at Bridgetown only reason for selling. For particulars apply at Advertiser Office or H. E. Burton, Bridgetown.

PROPERTY FOR SALE

Situated in Kentville, 1 1/2 acres of land in orchard and Shrubbery, good house, 8 rooms; barn, large carriage house, pig pen and woodhouse, all nearly new. Town water in house. Selling, because moving to a farm.

Also for sale, 1 horse, eight years old, 1130 lbs., double seated carriage with pole and shafts, 1 steel tyre riding wagon.

Fred Harvey, Oakdene St. Kentville. 40

For Sale or to Let

In order to close the estate of the late H. P. WOOD, Port Williams, the farm formerly occupied by him containing 156 acres of land is offered for sale. Said farm consists of 25 acres of dyke and twenty-five acres of orchard and the remainder in tillage land, this is one of the best stock farms in Kings County, and at this stage in our history, when mixed farming is so essential to success it offers to the right man a golden opportunity to make good. If not sold it can be rented with a view to purchasing. This farm is offered at a bargain. Apply to

C. A. CAMPBELL, Agent, of Port Williams.

They Are

Young Loveman—Dearest, would you be satisfied with a little vine hung cottage in the suburbs, where there is no malaria and a convenient trolley, with a willing, cheerful maid of all work, who can sew, cook, wash and—
 Dearest—Stop, Percy. The days of miracles are over.—Widow.

A New Kind

A trained nurse garbed in her long triple cape street uniform of cadet blue overheard two children commenting upon what it might mean, when one exclaimed confidently: "Oh, I know. She's a widow of a mail carrier."—Delineator.

Taking No Chances

Rivers—How do you pronounce that name "Greatest?"
 Brooks—I don't try to pronounce it at all. It's an English name, and over there they probably call it "Jeans" or "Smithers."—Chicago Tribune.

Easily Adjusted

"Did the doctors come to any agreement about that complicated case?"
 "Yes, they were unanimous."
 "What did they agree on?"
 "To charge a good fat fee."—Baltimore American.

Farm and factory hand in hand, town and country standing together for increased production, the prosperity of Canada and welfare of the Empire.

CANADIANS FOREIGN BUYERS

Canadians buy more goods outside their own country than the citizens of any other important nation in the world. Here is the average amount which each citizen of the following countries bought abroad in 1911, the latest year for which comparative statistics are available.

Canada	\$70.24
Great Britain	61.55
Argentina	47.39
France	39.30
Germany	35.17
United States	16.63
Austria	12.61
Russia	3.40

It seems incredible that every Canadian annually spends \$70.24 for foreign goods while Russians only spend \$3.40 each abroad. Canadians must cut down their foreign purchases and buy more goods produced in their own country or face national bankruptcy.—Industrial Canada.

Keep Canadian Money at home where you can share in the good business it will create. Buy goods "Made-in-Canada."

WHY BUY AT HOME?

The following reasons for purchasing at home are features in a campaign recently put on by Peterborough retailers and manufacturers to encourage Peterborough citizens to buy in their own town. What Peterborough has done can be followed to good advantage by practically every town and city in Canada.

- Because our interests are here.
 - Because the community that is good enough for us to live in is good enough for us to buy in.
 - Because we believe in transacting business with our friends.
 - Because we want to see the good we are doing.
 - Because we want to get what we buy when we pay for it.
 - Because some part of every dollar we spend at home stays at home and helps work for the welfare of our home town.
 - Because the home man we buy from stands back of the goods, thus always giving value received.
 - Because the man we buy from pays his share of the taxes.
 - Because the man we buy from helps to support our poor and needy, our schools, our churches, and our homes.
 - Because when luck, misfortune or bereavement comes, the man we buy from is here with his kind expressions of greeting, his words of cheer, and, if need be, his pocketbook.
- Let us make Peterborough a good place in which to work and live.

On Active Service Abroad

PASSED by the censor, and approved for circulation abroad, these pictures have been forwarded to this country by Mr. George McLaren Brown, European manager of the Canadian Pacific Railway. The first illustrates life-boat drill on a troopship, the second a naval quick-firing gun and one of its operators, and the third the remains of a German Howitzer gun that had been struck by a British shell.

The three pictures are a suggestion for reflection on three different phases of the war. The transportation of troops from the overseas dominions to the motherland and from the motherland to the different spheres of military activity with which the motherland is concerned, has been a huge problem that has been solved with very little loss of life, despite the watch which the enemy submarines have kept out for them. The picture of life-boat drill on the troopship shows that troops crossing the seas are prepared for emergencies. Several of the Canadian Pacific liners have been engaged in conveying troops from Canada to England. They have also been occupied on other missions in the same transportation task, and so far there have been no casualties. The view of the quick-firing gun and its manipulator gives us some conception of the equipment of the navy. These guns are wonderful weapons of destruction when fights are being fought at a close range. The Jack Tar in charge of them are skilled marksmen, and, should the German fleet ever take the open sea for a straight combat, they are sure to display the same grit as was shown by their ancestors who made the British rulers of the waves. How one of the heroes of destroyers may be destroyed is illustrated for us by the third picture. German ingenuity is not proof against the ingenuity of Great Britain and her allies, and the greatest of German guns are rent to pieces by the force of a little British shell.

The Canadians who have gone overseas play no small part in the big gun fighting that is done on the Western battle-front. Heavy and light artillery batteries have been raised and put through a course of training in many parts of the Dominion and sent to England, where they completed their training before proceeding to the front, in the firing

some their good marksmanship often leveled German trenches, smashed barbed wire entanglements, shattered the force of a little British shell. enemy guns and corpses of the Kaiser's soldiers.

I ask that all persons owing, will please Settle by CASH or NOTE, at once.

JACOB COHEN, Canning

CANNING BOARD OF TRADE

The annual meeting of the Board of Trade was held in their rooms Tuesday evening the 3rd inst. Quite a large number of citizens joined the Board which promises to be a larger organization than ever before.

Subjects discussed were: Improving heating for the Canning School. Street and Sidewalk improvements.

The election of officers resulted as follows:
President—A. S. Burgess
Vice President—N. W. Eaton
Secy.—Treas.—Stanley Robinson
Auditors—A. D. Payzant, R. W. North
Council—L. S. Blenkhorn, G. W. Parker, A. D. Payzant, Dr. J. W. Miller, Fred Northup, R. W. North, W. D. F. Smith, H. E. Bennett, Oscar Rogers, Press Com.—G. W. Parker, Rev. F. H. Bone, Clifford Cameron, Dr. J. W. Miller.

Trade and Commerce—N. W. Eaton, Fred Northup, L. S. Blenkhorn, G. W. Parker, A. D. Payzant.
Streets and Public Grounds—A. D. Payzant, H. E. Bennett, Oscar Rogers, G. W. Parker, W. D. F. Smith.
Steamship—Fred Northup, Clifford Cameron, R. W. North, J. Whitman Newcombe.

The many friends of Mr. Wm. Melvin will be glad to learn that he is improving after a seven weeks' siege of blood poisoning.

CANNING

A special train was run from Kingsport to Kentville last Saturday evening to take in the Birth of a Nation. A good many attended from here.

Mrs. G. A. Burbidge of Halifax spent Easter with her friend, Mrs. H. M. Jacques.

Rev. Mr. and Mrs. McQuarrie, formerly pastor of the Baptist Church here spent Easter with Mrs. Dr. A. M. Covert.

The music in the Methodist Church Easter Sunday morning was of a very high standard and much appreciated as also the music in the Baptist Church in the evening. Canning can boast of a great many good singers.

The new M. D. in town is getting acquainted by being very busy.

Don't forget to attend the important School Meeting to be held in the School-house Friday evening the 13th inst. The question of voting money for an improved heating system will be discussed.

Mr. Crocker, Principal of the school at Pugwash spent Easter with his brother, Mr. Hillburne Crocker, principal of the Canning school.

The stores are showing Spring signs in window decorations and all are looking for good "old time" business.

Good Digestion—A marble was swallowed and seemingly digested by Donald Ellis Sunday afternoon.

The station yard and North Avenue need a donation of cinders. The fact is the sidewalks all over town need attention; to whom shall we give thanks?

Mr. Leverett B. Webster has sold his farm to Mr. James E. McGowan of Canard. This farm joins Mr. McGowan's farm on the north. With this addition to the large fruit farm of the latter, will make it one of the most valuable farms on Canard Street.

The choir of the Wolfville Methodist Church assisted by others (18 in all) will render the Easter Cantata entitled "The Life Everlasting" in the Canning Methodist Church next Sunday afternoon at 3 o'clock. A silver collection will be taken in aid of the Funds of the Red Cross Society. On account of this service there will be no service at Sheffield Mills and none in the Methodist Church, Canning, in the evening. Do not miss this musical treat.

In spite of the downpour of rain the citizens of Canning seemingly of one mind met at the station last week to wish "God speed and good luck" to Mr. and Mrs. Solomon and family. Mr. Solomon has a large fruit farm in Brighton, Ont., whither they are now bound to make their home, leaving behind hearts of loving friends in this town.

The funeral of Captain Alfred Potter took place from his late residence Sunday afternoon and was largely attended. Capt. Potter was a native of Canning and went to sea as a young man. He soon became a captain and has sailed some of the best ships of Nova Scotia. He leaves besides a loving wife, one daughter, Mrs. B. B. Loomer of Stellarton; Henry of New Glasgow with the Nova Scotia Steel Co., and Pitt serving with the overseas forces.

Mr. Solomon came here many years ago and was adopted by the community, firstly because he gave positive evidence of a far-seeing and brilliant mind by choosing for his wife one of Canning's brightest girls, and secondly as he became known, for his sterling worth as a citizen both in business and social circles, he cannot tell what the loss of such a man and family means to this town.

The Social Art Club of which Mrs. Solomon was a charter member in the highest standing held a farewell meeting at the home of Mrs. Clifford Cameron on Friday evening, March 30th. The President, Miss B. Northup, presented the departing member with a delicate pendant and chain, voicing the love and appreciation of the Club in our losing such a faithful member as Mrs. Solomon has been, they are already talking up a trip to Brighton by way of cheering up their weary hearts.

INSTALLATION

The officers of Scotia Lodge, No. 28, A. F. and A. M., were duly installed by Past Deputy Grand Master, A. D. Payzant, Esq., on Wednesday, April 5th, and are as follows:

Secy.—G. W. Parker.
S. W.—A. A. Ward
J. W.—W. D. F. Smith
Treas.—A. D. Payzant
Secy.—G. W. Parker
S. D.—E. W. Robinson
J. D.—H. B. Green
S. S.—A. M. Lockwood
J. S.—R. D. Green
Chap.—Dr. J. W. Miller
Marshall—L. M. Ward
Tyler—H. B. Vaughn.

Mrs. A. M. Covert, who went to St. John with "The Doctor" when he left to join his unit for overseas service, returned home on Monday, March 26th, accompanied, by Misses Hennigar and Northup.

HUGH NEWCOMB

(Livermore Falls, Me., Advertiser.)
The funeral of Hugh Newcomb was held from the home, Friday at 2 o'clock. Mr. Newcomb passed away March 13 at 3.45 p.m. after a three days' illness of pneumonia.

While loading logs, Saturday the 10th, Mr. Newcomb suffered a broken leg. Two logs fell from the bleds upon him, holding him to the ground until his son, Wendell, who was working with him, removed them, when it was found that his leg was broken. Mr. Newcomb recently returned from the C.M.G. hospital, where he had undergone a serious operation, and had not entirely regained strength, and his injury resulted in immediately bringing on an attack of pneumonia which proved fatal.

The above is a clipping from "The Advertiser," Livermore Falls, Me., of March 22nd, 1917. The deceased was a son of the late Benjamin Newcomb, Habitant, N. S. His wife is a daughter of the late W. W. Parker, Delhaven, N.S. They resided on the Newcombe homestead some twenty years ago and have since been living in the United States.

CORRESPONDENCE

The citizens of Canning and other stations along the C.V.R. Branch resent the treatment received by the Railway Company last Saturday evening. Special Easter Excursions were duly advertised and a great many took this advantage to spend the holiday with their friends. Passengers coming from Halifax by the evening train Saturday, found on arrival at Kentville, that the evening train for Kingsport had been cancelled without notice and a special train put on from Kingsport so that patrons could attend the Birth of a Nation at the Nicklet. Passengers coming from the East would therefore have to wait until nearly midnight in order to reach their destination, much to their discomfiture also that of their friends waiting at the stations to meet them. We know of several who on learning that their would be no train got off at Port Williams and drove to Canning through the worst roads of the season. Others who had made no provision came to Kentville only to learn that the train had been cancelled for a show. We learn that the passengers after arriving at Kentville made themselves heard and a train after a delay of three hours was despatched to Kingsport with these passengers, only to find their friends who had been at the station at the regular time to receive them had gone home after being told that the train had been cancelled and that East bound passengers would have to come in by the overcrowded excursion train at midnight.

This branch line patronizes the railway too much to be treated so indifferently and we wonder when the time will come when this branch will be recognized by the railway authorities in the way it should be.

WOLFVILLE

On Sunday the special Easter Services of the Wolfville Baptist Church were held in College Hall.

The annual meeting of the Boys Scouts Association will be held Wednesday evening.

Mr. and Mrs. P. D. Barbarie left Wolfville last week to make their home in Johnsville, Quebec, where they have relations.

Mrs. A. C. Chute and Miss Marjory Chute have gone to Kingston, Ontario, where they will visit Mrs. Savary, daughter of Mrs. Chute.

Mr. and Mrs. R. W. Ford were both at Truro attending the funeral of Mrs. Jamieson, mother of the latter, who died on March 31st.

The seating capacity of the Methodist church was not able to accommodate the large congregation which assembled to hear the cantata "Life Everlasting" on Sunday evening last. Many were unable to gain admittance. The music was excellent and the whole affair passed off most successfully. The leader, Mr. A. J. Woodman, deserves great credit for this fine production. We understand he has been asked to repeat the cantata at Kentville and Canning, and will do so in the near future.—Acadian.

WOLFVILLE TOWN COUNCIL

The regular meeting of the Council was held on Wednesday evening and the usual business transacted and monthly reports received. The finances of the town were discussed and several bills ordered paid.

Mayor Hales brought to the attention of the Council the change in the Health Act now being considered at Halifax and the Board expressed the idea that the change proposed was not beneficial.

The Port Williams Womens Institute will meet on Thursday afternoon, April 12th. Members will respond to roll call with the names of some noted Canadian women and short items of interest about them. It is expected that Mrs. Smith and Miss Essom of Wolfville will be present and speak on Women's Work for the Women of China.

KENTVILLE

Ab-Swipes has arrived at the Sunny South Store, Rockwell is the boy for up-to-date things.

Copiductor Al. Frizzle of the D. A. Ry. gladly recommends Sure-Pop Corn Cure. Instant relief and a quick and permanent cure, he says, follows its use. Any dealer, anywhere will sell you Sure-Pop if he appreciates your patronage. Never accept a cheap substitute. 25c at dealers or by mail post paid. F. C. Mulloney, Kentville, N. S.

Portland Cement, Lime, Selenite and Shingles at W. W. Rockwell's.

WHAT NEW ROSS IS DOING

New Division S. of T.—Noble Work of Boy Scouts—75 boys serving in cause of Humanity

On March 15th, W. S. Sanders, Provincial Organizer of the Sons of Temperance, brought into being Charing Cross Division, New Ross.

W. P.—Austin J. Lohnes.
W. A.—Oscar S. Elliott.
R. S.—Miss B. Hirtle.
A. R. S.—Miss N. Larder.
F. S.—Joseph W. Murphy.
T.—Miss E. Hirtle.
C.—Marquand Larder.
A. C.—Miss C. Walker.
I. S.—Roy Meister.
O. S.—Lloyd Winrow.
P. W. P.—Orrin Meister.
With several more members.

Rev. C. E. D'Arcy, some months ago, organized the Boy Scouts, and they are doing noble work, for besides school duties, they are as busy as bees under the leadership of their young Scoutmaster, Joseph W. Murphy. The following have paid visits to assist the aged: J. Thomas Murphy, George Meister, Basil R. Elliott, Robert Elliott, and their efforts were well appreciated.

They are now housing ice for their summer entertainments of ice-cream, etc. in its season to aid their exchequer. They are expecting their uniforms any day. This is a great movement to train our small boys in kindness, neighborliness, energy, thrift and morality.

Our mines are all at work, so are our lumbering forces, and meeting with success.

Traffic, though hampered for the want of railroad facilities, is carried on by the horned and horse brigades to a large extent. Several hundred families live in New Ross and all have to live by their own exertions, and though handicapped make a fair showing in the world.

M. U. and now its Boy Scouts and Temperance Division, and thinks after celebrating its centennial can hold up its head with pride. It has contributed to the Patriotic and Belgian Funds. It has given 75 of its sons to go forth in defence of humanity, and today mourns five dear ones who have paid the supreme sacrifice.

METEOROLOGICAL RECORD

Experimental Station, Kentville, N. S.
For the Month of March

The month of March throughout has been ideal. The mean temperature was 28.52 degrees as compared with 22.69, 26.81 and 30.72 degrees for the same month in 1916, 1915 and 1914 respectively. It will be seen therefore that the month was considerably higher in temperature than the two previous years.

The snowfall was light amounting to only 14 1/2 inches of which 14 inches fell on the 5th and 6th. This was followed by a rain on the 9th, and it quickly went off. There was no sleighing during the month except for three days. For comparison the snowfall was 40.5, 9.5 and 6 in. in 1916, 1915, 1914 respectively for the same month.

Rain fell on five days during the month and amounted to 1.56 inches. The rainfall was .01, .00, and 3.13 in 1916, 1915, and 1914 respectively. There was only four days during the month that the sun did not shine. The sunshine recorded for the month was 166.3 hours as compared with 120.4, 103.1, and 118.2 hours for the same month in 1916, 1915 and 1914 respectively.

Now Ladies don't pass W. Wylie Rockwell's for your Kitchen Furnishings.

Lost—On the afternoon of March 12th between the Lake and Dunham's Corner, a Purse containing nineteen dollars. Finder please notify Leslie A. Skerry.

Town Planning

By L. R. Fair, Aylesford, N. S.
Mr. President and Gentlemen of the Kentville Board of Trade—

When I was asked to give you a short talk on Town planning or town improvement, it seemed that the latter subject had already been given attention, as apparent in your new cement sidewalks, street improvement, new brick and stone buildings and other signs of progress.

Town planning we now hear so much about is the revival of an old and long neglected science and art. It was once highly developed, and probably reached its finest expression among the Greeks. It should be of great interest to us, a young and growing country, where there are such opportunities and where there should be the patriotic ambition to attain the highest artistic expression of our national life.

To bring about ideal existence for those concerned, one must necessarily seek first principles. The law of gravitation is the element governing action in masses as expressed in physics, and in Political economy, to quote Henry George "Tis fact that men seek to gratify their desires with the least exertion."

Since the time when man condemned to earn his own living by the sweat of his brow, his life has been work. His work is the exertion of force against resistance. So coming back to our starting point, human activity is fostered and conserved by easing the paths of endeavor. A street is acknowledged to have two main functions, first as a channel of communication, and secondly, as a frontage for buildings—the architect's opportunity.

Artificial conditions which curtail the inherent rights of man—life, liberty, and the pursuit of happiness are all a costly dam, which often causes eventually a wash out. Hill tops, under normal conditions, have not been markets. Primitive dwellings were in the hollows near the stream or lake border for the ease of life and of work. Later on men sought the hills for protection.

The modern exponents of civic art from whom we have derived most are Raymond Unwin of English garden city fame and Thomas Mawson, Prof. Town Planning, Liverpool University.

Town planning saves money. This statement is so obvious that it hardly needs illustration or proof, but if the latter were needed, it can be very easily supplied by the complementary statement that lack of town planning costs money. We all know that large sums of public money are now being spent to rectify the errors, which lack of foresight has handed down to us. The horrible examples of haphazard growth which occur in so many of our Canadian towns and cities need not be brought before your notice. They are so self evident that every thinking man has at some time or other been distracted by them.

Any arrangement which tends to the conservation of human thought, time, energy, or life is good. Town planning does all these things, it therefore must also be good.

A town or city is the expression of the life of its inhabitants. Its public buildings should be grouped to give due prominence to the dominant note of administration and Government. The formation of a civic centre is an economic advantage, as well as monumental. Even when the buildings are quite small an effect of dignity can be secured by grouping, that would be impossible if such buildings were detached and isolated.

Then in regard to our Railway stations, are they not often in the meanest and most impossible situation. The Railroad is a big factor in the life of a town, and its entrance should be the subject of grave consideration. The Railroad station today corresponds with the city portal of the old cities. Should we not endeavor to make it and its surroundings a thing of beauty and meaning. Some Nova Scotia towns as seen first from the Railroad depot are certainly not prepossessing.

A problem which is present to some degree in every city is that of housing the people. Conditions which are dangerous to health, safety and morality often prevail occasioned primarily by lack of guidance in urban growth, by poor planning of buildings, faulty construction and defective sanitation. The result of bad houses is ill health both physical and moral, and there-

by industrial inefficiency, unemployment, and a long chain of preventable social maladies, which are very costly to individual and social achievements.

Individuals may beautify their properties, but, if the town as a whole lacks the community interest, the result will not be as satisfactory.

Each town or village has some natural or other feature peculiar to itself—one, a manufacturing centre, another a shipping town, another a summer resort, an historic point, etc., etc., and in considering town improvements, it is well, of course, to bear in mind your history and future.

Kentville seems to be an ideal residential town, and perhaps, a few remarks on housing and adjacent grounds would be good.

A number of available small cottage homes located on an open square, just off of the more public streets of a town, is a very attractive feature and at once appeals to the man or woman, who is looking about for a place to settle. Seven cottage homes fronting on a rectangle, which is, we will say, fitted up either boulevarded and set out in order with some shade trees, etc., or as a safe playground for the children a small fountain, a covered playroom for rainy days, a few permanent shady seats, which can be used by the older ones at the end of the day. These areas, while fairly generous in size, do not take as much space as the individual yards, are common to all seven homes, and children are always in sight of the parent. These plots can be made a beauty spot in the town, attractive alike to the passer by and the owners. Each family has a pleasant outlook, children are safe, being off the public street, and the results are—much greater than could possibly be accomplished with the same cost, if built in different localities in the town.

Each town should decide on their residential and manufacturing districts, etc. Many localities are spoiled for residents, owing to some stable, foundry or other objectionable building in their midst.

The more healthful locations are generally on the higher ground, and while not so near the centre of business, are more desirable. A few minutes walk is exercise often needed by the man whose work is indoors at a desk or counter.

Vacant lots are a great annoyance when kept in an untidy, delapidated or unsanitary condition. Owners could well afford to keep their lots in a more attractive state, as they would sell quicker at a higher price. Unoccupied areas at junctions of streets, even if quite small or of unequal dimensions or irregular outline, can be made beauty spots, which transform the whole aspect of a street or neighbourhood. Shade trees are splendid, if placed and spaced with judgement. Sometimes, however, they need thinning out, but take thought before destroying in a few moments what has taken many years to grow.

If you are fortunate enough to have near or just off a principal street, a plot large enough for a small park or green, this may be shrubbed, laid out, beautified and fitted here and there with sheltered seats and will be found a good investment and appreciated by the tourist and citizen alike.

A Public Comfort station of small size, placed in a suitable location is a convenience which marks progress, and adds much to the sanitary condition of the town.

—Meriden, Conn. Journal: Having decided to reduce the cost of living by raising vegetables, some of our home gardeners proceed to buy a pair of gloves to keep their hands from getting soiled, and a lawn chair to rest in.

Parents who took their child on the railroad from Omaha, Neb. to Portland, Ore. two years ago, have forwarded to the railroad the price of her fare. The parents say they thought a child less than 6 years old could travel free, but have learned the age limit was 5 years old.

Wanted—A capable maid for general housework. Apply to Mrs. J. P. Chipman, Chapel Hill, Kentville. 3sw

Synopsis of Canadian North-West Land Regulations.

THE sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or sub-Agency for the district. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency) on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live with a nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity. In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take expurchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months out of three years, cultivate 50 acres and erect a house worth \$300.

The area of cultivation is subject to reduction in case of rough, scrubby or teny land. Live stock may be substituted for cultivation under certain conditions.

W. W. COREY, C. M. G.,
Deputy of the Minister of the Interior

Fertilizer

It is hard to make most of the farmers realize that there is a great possibility of them not being able to get what commercial fertilizer they will require this spring. But never the less it is an absolute fact and the wise farmer will take home his fertilizer soon. As if you wait till spring you may not be able to get any. As even now it is very hard to get what you want as transportation is so bad we have only a few more cars of Basic Slag to sell.

Acadians to Get Site of Historic Grand Pre Church.

A meeting of prominent Acadians was held last week at the University of St. Joseph's College, Memramcook N. B., for the purpose of taking into consideration an offer made by the Dominion Atlantic Railway to transfer to the Acadian people the site of the old Roman Catholic church at Grand Pre, Hon. D. V. Landry, through whose effort this meeting was brought about, occupied the chair.

Among those present were: Mgr. Ph. Belliveau, of Grand Digue; Rev. Father Lecavalier, president of the University; Rev. Fathers Bourgeois, Landry, Cormier, and the Hon. Senator T. J. Bourque, F. J. Robidoux, M. G. for Kent; Dr. F. A. Richard, Dr. A. Gaudet, Antoine J. Leger and others.

Mr Parker, representing the Dominion Atlantic Railway, was also present and gave the details of the proposition which his company had made to the Acadian people through the Hon. D. V. Landry. A general discussion followed, the result of which was a resolution moved by Mr. F. J. Robidoux and adopted unanimously to the effect that the meeting was of the opinion that the company's offer should be accepted, the details of the agreement to be entered into with the company to be entrusted to a committee to be named by the meeting.

On motion of Rev. Father P. Bourgeois it was resolved that this committee be composed of the executive council of the Mutual Society of the Assumption, of which the Hon. D. V. Landry is the president of the National Society of the Assumption, the Hon. Pascal Poirier of Shediac. This motion was also unanimously carried.

A great interest is being taken in the above project. It is understood that the old church at Grand Pre will be reconstructed and that a plot of land fourteen acres in extension will be converted into a public park. The Acadian people and the Dominion Atlantic Railway Company, which is controlled by the C. P. R. will act in harmony with a view to make the place an attractive one and of properly conserving a spot of land which is dear to the heart of every Acadia.

Correspondence

To the Editor of The ADVERTISER

In the Advertiser of Mar. 30 you published an article from a correspondent, who signs himself "Cornwallis" in which he endeavors to place the blame for the conditions which exist at the Cornwallis Poor House on the overseers. The blame for the conditions at the Cornwallis POOR HOUSE referred to in Dr. HATTIES report, in which there is too much truth to make it pleasant reading, for any rate paper in the township, rests entirely on the County Council, and not on the overseers of the poor as 'Cornwallis' would have you believe. In the by-laws of the Municipality of Kings Co., page 12, you will find the following by-law:

"A committee of three Councillors in each of the Townships in the county, shall be appointed whose duties it shall be to visit the Poor House & Poor Farms in their townships at least once a month, and examine the farm, stock, implements, as well as investigate the manner of maintenance of the poor, as provided for, and to have a general supervision over the same, and to report to the Council at each regular meeting. That a one councillor shall take this duty for a month in rotation, which duty shall be arranged for in rotation amongst themselves. In the Poor Relief Act, Act 50 Revised Statutes of Nova Scotia, "The duties of the overseers are defined. The overseers in every poor district shall furnish relief and support to all indigent persons having a settlement in such poor district, when they are in need thereof.

You will notice that the committee is to have a general supervision, over the manner of maintenance of the poor, in the Poor House. If I understand these laws, the responsibility rests on this Committee, the overseers would not be justified in making any very great expenditure on the house or furniture, if the Committee is satisfied with them as they exist. Dr. Hattie says the furnishings are in keeping with the building, and I agree with him in this. The overseers can only raise the amount of money that the council votes them. In 1914 the overseers asked for \$1700 for the year, Councillor Bill moved that the assessment for the support of the poor in Cornwallis be one thousand dollars. An amendment was moved that the assessment be seventeen hundred dollars, which was carried (see report of Council for 1914 page 20). The Council does not always grant the amount asked for by the overseers.

The overseers had on hand a balance of \$860, which added to \$1700, makes \$2560., deducting \$485 for outside relief we have \$2075. The total number of inmates was 32 with an average of 24. This would give the overseers about \$86 per head, with the produce of an 87 acre farm to pay expenses, salaries, and maintain 24 paupers. One year "Cornwallis" says, they (the overseers) have the power to give the poor the same treatment that Royalty receive if they wish to do so. Would not our beloved King be pleased to learn to what extent he could reduce his domestic expenses. I trust "Cornwallis" will write of him. Think what a lot he could save to help win the war.

During the time I was a member of the Council, I was a member of this Committee. The committee consisted of Councillors, Bill, Meek and myself, Councillor Bill Chairmen. The committee were never called together by the Chairman to arrange to visit the Poor House for any other purpose, Councillor Meek and myself visited the

Poor House many times during our term of office. We went there with the overseers, and when the overseers were not there, we found conditions very much the same at all times. The inmates were well fed and appeared contented. We made a number of suggestions, such as new stoves for the poor part, a new floor, new chairs, painting the wood work and some others. These were all carried out by the overseers, in fact I only know of one suggestion made by any member of the Committee that that was not carried out.

Let me give you an illustration of the difficulties under which the matron is working in this house. There are two bedrooms on the ground floor, one occupied by some cripples who are unable to get up the stairs, and one opening off the womens part, which is occupied by the women who require special care. At the time that the raid occurred (in which the Poor House was forcibly entered, and a nursing mother forcibly removed therefrom by two men, leaving an infant six weeks old, and taken to the home of a prosperous farmer, to split wood, clean barn stables, etc.) this room which has two beds, was occupied by the mother and her child, and by an old lady, who was dying, and who passed away two days after the raid. We would not put our brood sow in the same pen with a pig we knew was dying. The sow would make us some money, while these are only paupers and costs us something.

This Poor House has been retained by the townships in hopes that the three poor districts in the County might be amalgamated, and one institution be built for the whole County. This seems to meet with a great deal of opposition from the townships, and the scheme is always shelved whenever it is brought up in the Council, I believe this would carry if the Towns of Kentville and Wolfville would take hold, and help put it through, and bear their fair share of the cost. I have spoken to a number of the leading men in both of these towns about this, and have found a greater willingness to take part, and help in Kentville, than I have in Wolfville. I would suggest that an effort be made to induce Kentville to unite with the Township of Cornwallis to build and maintain a suitable Poor House and if this fails let the Township of Cornwallis build a new Poor House. The old shack is not suitable in any way for the purpose, it would be only a waste of money to put new furnishings in this old building, for they never could be taken into a new one.

"Cornwallis" seems to be anxious for the removal of the Overseers I have met with these men at nearly all of their meetings at the Poor House during the last three years. I know these men are conducting this institution honestly, and efficiently as far as they can with the money at their disposal, when it became necessary to secure a new Care taker and Matron, they spared no pains to secure the best possible. Their efforts were rewarded, for in Mr. and Mrs. Slaunwhite, we have two kind hearted people, who are doing their very best to make these unfortunate as comfortable as possible. New blankets and quilts, have been purchased. New clothing for inmates and the vermin has been gone after—and reduced as much as it could possibly be done in a building like this.

Dr. Hattie in a supplementary report refers to the good work of these people, giving them a great deal of credit for it.

If the Council will take hold of this matter, and erect a new and suitable building you may depend on the present Board of Overseers, to do their part and remove this disgrace, which is resting on Cornwallis.

Thanking you, Mr. Editor, for your valuable space.
I am yours Truly,
FRED E. WOOD,
Lakeville, April 4, 1917.

Minard's Liniment for sale everywhere.

Avonport

Avonport is awakening from the winters lethargy and will soon be a busy hive of industry. The Advertiser readers will be kept posted of the doings here.

Miss Minnie Brooks spent Sunday in Wolfville guest of her sister Mrs. Harry Fraser.

Miss Carrie Bill, of Billtown, who has been visiting at Mr. and Mrs. George Huntley returned to her home on Thursday.

Mr. Donald Smith and his friend Mr. Curtis two of the debaters of the Mount Allison debating team spent Sunday at Dr. B. C. Borden's returning to the University on Monday.

Miss Dolphia Holmes is spending a few weeks with her sister Mrs. Russel MacDonald at Falmouth.

Grand Pre

Mr. George Shearer who has been quite a sufferer from rheumatism through the winter is now able to be around again and hopes to get rid entirely of his trouble when the warm spring days arrive.

Mr. F. H. Crane with Mr. Leverette Fuller of Avonport have returned from a visit at Shelburne with their brother-in-law and brother Dr. L. O. Fuller.

Corporal Maurice Haycock of the 246th Battalion was home last week visiting his father Prof. Haycock.

Germans are Preparing to Quit the Town of St. Quentin.

London, April 3.—The Germans apparently realized today that St. Quentin was doomed to fall. Battlefield despatches detailing Field Marshal Haig's tremendous thrust on the town told of the smoke of fires seen over the villages and of other preparations indicating the Teutons were following the same tactics of destruction observed in their western front retreat. but it was conceded the Germans would offer tenacious resistance rather than mere abandonment of the position. Military experts today figured the British forces within two miles of the city and on ground extremely favorable for further progress. From now on the fighting to the town will be downhill. German long range guns of heavy caliber were in action today.

KENTVILLE SCHOOLS FAREWELL TO PRINCIPAL SWANSON

On Friday, March 30th, at the beginning of the afternoon session, Mr. Swanson was surprised by a general assembly of the High School in his class room and the following address was read by Hubert Lyons:
To Principal P. Swanson,
Kings County Academy,
Kentville, Nova Scotia.

Dear Teacher and Friend:
It is with mingled feelings of regret and pride that your Academy pupils and assistant teachers address you on this occasion in the old building where we have spent so many busy and pleasant hours together.

We deeply regret that the close, intimate, and, above all, friendly intercourse that has so long and happily subsisted between us, has now to terminate, for a time at least,—and we are proud that with self-sacrificing patriotism you are about to take up arms in defence of the liberties and honor of your County in her hour of peril.

We shall always remember, may we can never forget, that alike in the discipline of the class-room and the relaxation of the playground, you have been the constant and reliable "guide, philosopher and friend" of your pupils as we are proud to call ourselves, and in this hour we appreciate more than ever, that your influence has been an influence for good and uplifting. Your patient and unwearied care in assisting us with our studies and helping us over difficulties, not less than your cheerful presence, and the hearty way in which you took part in our sports and pastimes have endeared you to us in a way that we find difficult to express in fitting terms.

We shall watch and follow your career Overseas with the warmest interest, being well assured that no truer or braver heart will beat under the Kings uniform than the stout heart of Private Pat Swanson, soon to be of the 245th Canadian Grenadier Guards.

We beg you to accept this little gift as a small parting expression of our affection, good will and regard, and praying that you may have a successful overseas career, and a speedy, safe and victorious return, your Academy pupils now wish you Good-bye and God-speed.

At the conclusion of the address Hilda Kinsman presented Mr. Swanson with an engraved wrist watch and purse of gold.

Just as Mr. Swanson had finished some appropriate remarks, he was called to the Grade II Room, where all the teachers and pupils of the common grades had gathered to do honor to their popular principal. As he entered the room he was greeted with hearty cheers. He was then presented with a fountain pen and a purse of gold by Forest Walsh and Yulah Dennison read the following address:

Dear Mr. Swanson, Teacher and Friend:
In consideration of your kindness and interest you have shown in our welfare, also the high esteem in which we regard you for heeding the call of our Country we present to you, as a remembrance, this little token of our appreciation of service rendered to us.

* After Mr. Swanson's reply in words befitting the occasion several patriotic songs were sung and thus concluded Mr. Swanson's eight years connection with the Academy.

OBITUARY CHARLES H. REID

The death of Mr. Charles H. Reid of Avonport, occurred at his home on March 28th. Mr. Reid was the oldest resident of Avonport having attained the ripe age of eighty-seven years. He was a Baptist in faith and was a consistent and loyal church member throughout his long life. He was a man who was much loved and trusted in the community, and in all his business and social relations was held in the highest esteem by all. Until recently Mr. Reid enjoyed good health considering his age. But repeated attacks of illness during the last ten years continued to reduce his strong physical vigor till a few weeks ago it was seen that the end was near. Besides many others who will miss him as a true friend and adviser he leaves two sons and three daughters to cherish his memory. They are Clarence A. Reid, of Boston, Mass.; Percy B. Reid and Annie E. Reid who live at the old home; Alberta, wife of Herbert North, of Santa Morca, California, and Jessie, wife of Rev. D. H. MacQuarrie of Brookfield, Queens Co., N. S. The funeral service was held at the residence on Sunday afternoon, and was largely attended.

MRS. SARAH JANE WEBSTER

In loving memory of Mrs. Sarah Jane Webster who died Wednesday, March 14, 1917, at her home in Cambridge, Kings County N. S., aged 85 years, one month, seventeen days. She was a daughter of the late Jeremiah Tupper and niece of the late Rev. Dr. Charles Tupper, and first cousin of the Hon. Sir Charles Tupper. She was baptised when she was eleven years old by the Rev. Mr. Stronach and received into the fellowship of the Billtown Church, but later united with the Cambridge Church. In 1888 she was married to Amos Kinsman Webster. She is survived by three sons, Charles W. of Wollaston, Mass., Ernest S. and Jeremiah T., both of Cambridge, N. S., and two daughters, Mrs. A. G. Phelps and Mrs. J. Taylor of Cambridge, Mass. She was a kind and loving mother and a friend to all who knew her.

A brief funeral service was held at her home followed by one at the church, Rev. Mr. Dacon officiating. Interment was at the Cambridge Cemetery.
