Agent for Fire, Life, Accident, Plate Glass and Guarantee Insurance. City and Farm Property Bought and Sold. Money to Loan. Safes and Vault Doors

### C.N.R. WILL PARALLEL C.P.R.

Original Survey confirmed by Railway Commission—Less than Five Miles Apart for Sixty Miles

It is learned from Ottawa that the Railway Commission has sanctioned the survey of that part of the C.N.R. from Brandon to Regina, paralleling the C.P.R. Reson - Wolseley line for sixty miles, the two lines running from two to five miles apart.

It has been felt for some time that the C.N.R. would be made swing their line south of the C.P.R. so as to serve the country better and not bunch all the railways together, and A. B. Gillis had a memorial passed in the local legislature during the last session to that effect, while J. G. Turill, the federal member, used every effort possible to influence the government. The original survey however has been practically adhered to, which is quite a victory for the C.N.R., as it would have entailed additional expense and would have delayed the construction of the Regina-Brandon line. It appears that they were the first to invade that territory but had to delay construction and in the meantime the C.P.R. got their survey through and approved by the government, and they constructed the Reson-Wolseley branch. Some said at the time that the move of the C.P.R. was to head off the C.N.R., as there was no crossing except at or near the C.P.R. line where they cross Bear creek, and after coming that far the Canadian Pacific ran into Wolseley. The C.N. construction will now be rushed on the branch as all doubt as to location has been removed.

struction and is progressing favorably. The strong efforts of this department are being directed towards the construction of bridges. The government will give a big record in connection with this class of work.

### SOO LINE NOT BEHIND

A. E. Westbrook tells of Marvellous Growth—Winter Wheat—Much Flax

A. E. Westbrook of Rouleau, told the West yesterday that the crop in his district is not a day behind last year and the indications at present are that it will be much heavier than the previous one. The wheat recently brought to Regina by W. P. Wells, of the International Harvester Co. was handed him by Mr. Westbrook, the winter wheat sample being 17 inches and the spring wheat over a foot. The whole crop is looking fine and will without doubt be a bumper harvest. There is a lot of flax sown around Rouleau, more than ever before, and as there was no June frost it is covering the ground and will produce an abundant crop if not caught by the fall which is very improbable. Mr. Westbrook is a large implement dealer in Rouleau and does a lot of driving, having covered the whole district recently. He left for home last evening.

### THE DANGER LINE

S. Mugford was here from Saltcoats constituency to attend the Scott banquet. He is official trustee for the government and is organizing school districts among the foreign colonists. Mr. Mugford complained to the West that opponents of the government are exciting the foreign element to believe that the government, through him, is interfering with their rights, claiming that this is a free country. These people are naturally not taking kindly to the work of an appointee of the government, but Mr. Mugford says that this cry among them may go too far, and the danger line is now being approached, and they are beginning to believe that they have no right to submit to authority.

### OPENS EYES OF THE PUBLIC

Banquet Gathering a Big Advertising Feature—Many Visitors look in Wonder on our Growth—Such Functions Count

Regina is away ahead on the Scott banquet, for so many people coming here at present from all provincial points are bound to return home with lasting impressions of our industrial development. True they could not have the freedom of all the city for the contractors on the street paving and sidewalks had the streets barricaded in many places. This excited no resentment however, for many of the visitors recalled the mud of the previous years, and now what streets are not paved are shut off to let the work proceed, therefore the whole scene was changed. There were men who had not been in Regina for two and three years and who were quite prepared to discount some of the tales of advancement, but who now will believe anything they read locally in Regina papers—if it is not against the government—and a little of that might go down too.

There is no doubt that with the goods on hand, all we want to create the impression, is the visitors, and by having these large gatherings we sure do the advertising. The delegates to the Methodist conference were taken in hand by our committee and before they left were given a souvenir of the city and a copy of the board of trade feature special. Thus visitors take back to their friends the wonderful story of Regina's growth and industrial development.

We have the largest and most up-to-date Stock of Carriages and Vehicles On exhibition of any house west of Winnipeg. You are personally invited to call and inspect them

A pretty house wedding will take place this evening at seven o'clock when Margaret Elizabeth, eldest daughter of Mr. and Mrs. Geo. Cook, Albert street, will be married to Mr. John Darling of Calgary. The Rev. E. A. Henry, pastor of Knox church will perform the ceremony. The bride's wedding gown will be of lace trimmed with tulle, over silk.

The bride will be attended by her sisters, Misses Minnie and Elsie, dressed in cream silk, and little Ollie will act as flower girl. After the ceremony a reception will be held, the table decorations to be smilax, carnations and roses. The bride's travelling costume will be a pretty Grey Eaton suit trimmed with cream silk and lace, over a pretty waist of cream silk.

Mr. and Mrs. Darling will take the evening train for Vancouver and other western points.

**A BUSY GOVERNMENT**  
Mr. Cushing, of Alberta, tells The West that Departmental Business in that Province is well Organized

Hon. W. H. Cushing returned to Edmonton on Saturday after being in the city for several days. Speaking of provincial affairs in Alberta, Mr. Cushing told the West that in his department the telephone construction is being rushed as rapidly as possible. The government is not doing much advertising concerning their work, but they are getting the business of the country well organized. He was very successful last year with road gangs and this year the same method is being pursued. The foreman is picked up where available and there is very little trouble to get the necessary teams and men.

Asked as to the cent an acre tax, Mr. Cushing said that the ranchers are not taking very favorably to it. The school question raised here has not been mentioned in the sister province to his knowledge. The university site has been purchased and there is no likelihood of a change in the location, but nothing further will be done this year. The capitol building is under con-

### ORGANIS R President A. T. H Project--Disa port

What is practically the meeting of Regina Agricultural Exhibition Association—to give the newly formed name and style—opened at three o'clock with A. T. H. man of the provisional board, president, and E. Hender secretary. The business of is to complete the organization of directors who will elect officers. No time was being the meeting to order, Hunter, who has shown great energy and unflagging energy organization period, delivered an address recounting the work to date, to form the association work that had been accomplished towards making the summer success. He related the difficulties and disappointments the provision had to contend with consequent throw-down on the part of provincial government, who after assist a provincial fair, had on the plea that political considerations intervened.

History of Negotiations  
"Early in the winter," said Mr. Hunter, "the executive of Regina Agricultural Society learned that it was the intention of the provincial government that a special exhibition, worthy of a provincial fair, should be held in Regina this summer. This was discussed at a meeting of the directors and a delegation, consisting of Messrs. Bredt, Meadows and myself, was appointed to confer with our local members, and to wait on the government to see what could be done and what financial aid would be forthcoming.

Liberal Promises  
"The meeting took place in the presence of Mr. R. Matherwell, who, together with the Premier, were more than enthusiastic with the idea, and promised us all the financial aid necessary to make the exhibition a huge success. Acting on their advice the old agricultural society was disbanded, as under the new arrangement we would not have been entitled to the services of Messrs. Haultain and myself, and we were asked to draft a private bill for the creation of the Saskatchewan Agricultural and Industrial Exhibition Co.

"However, on account of the jealousy of some other towns, and the far-sighted policy of our city council, by far the best buildings and accommodation for a provincial fair, any other three places in the province put together, were forced to the provincial name and adopted one, which I think will be all that for our city from an advertiser's point of view.

Cold Throw Down  
"However, the opposition to the idea of a provincial fair affected us more was the opposition of the grant which frightened the men into breaking faith with us after having been lead along to where it was impossible to go, and were left stranded. The Minister of Agriculture acknowledged his position, but told us that on account of considerations he was unable to do anything.

"Of course we immediately abandoned the idea of a provincial fair and our energies toward making a fair a success. The same day we waited on the city council and every encouragement, the council being to guarantee a deficit of \$25,000 large the grand stand, fix up a stable and build one new one."

### LOOKS LIKE A SLU

Lumber Prices will Drop  
Loggers are not Financially  
Their Sacrifice near  
Cheap Lumber

Vancouver, B.C., June 26.—Logging and lumber industries on the coast are today facing the most serious crisis in recent years, and the situation is to be saved, over a million dollars will have to be paid right away to take care of the production of logs.

So serious is the situation that recent conferences between millmen and the heads of banking institutions, three bankers undertook to arrange for raising of \$800,000 with which to buy up the surplus logs at present market.

Closing Down Camps  
Saturday night all the logging camps operated by members of the British Columbia Loggers' Association are scheduled to shut down definitely, but before many loggers can take that step they will have to be financed, and it is not forthcoming it will be expected that end. Future action will be decided tomorrow.

ORGANISATION FOR REGINA'S BIG FAIR

President A. T. Hunter reviews History of the New Project--Disappointed in Government Support--Election of Officers

What is practically the organization meeting of Regina Agricultural and Industrial Exhibition Association, Limited...

History of Negotiations. "Early in the winter," said Mr. Hunter, "the executive of Regina Agricultural Society learned that it was the wish of the provincial government that a provincial exhibition, worthy of a province with such great agricultural resources, be held in Regina this summer."

Liberal Promises. "The meeting took place in the office of the Minister of Agriculture, Hon. W. R. Motherwell, who, together with the Premier, of the province seemed even more enthused with the idea than we did."

Cold Throw Down. "However, the opposition to the name was only of minor importance. What affected us more was the opposition to the grant which frightened the Government into breaking faith with us so that after having been lead along to a point where it was impossible to go back, we were left stranded."

LOOKS LIKE A SLUMP. Lumber Prices will Drop if Loggers are not Financed--Their Sacrifice means Cheap Lumber

Vancouver, B.C., June 24.—The logging and lumber industries of the coast are today facing the most serious crisis of recent years, and if the situation is to be saved, over a million dollars will have to be produced right away to take care of the over-production of logs.

Closing Down Camps. Saturday night all the logging camps operated by members of the British Columbia Loggers' association are scheduled to shut down indefinitely, but before many of the loggers can take that step they will have to be financed, and if the money is forthcoming it will be expended to that end.

JOHN MADER. I was cured of a severe attack of Rheumatism by Minard's Liniment. Mahone Bay.

Another Complaint. Mr. Hunter went on to say that not only had the provincial government thrown down the newly organized association, but the regular grant of \$800 odd earned last year had not been paid over. That he ascribed to the influence of the late superintendent of fairs, Jas. Murray, who was annoyed because the executive had declined to put the bookmaker off at his request in the middle of the last afternoon of the fair. Mr. Hunter said that they would have gladly consented if they had been approached in a proper manner.

Great Fair This Year. Nothing daunted, however, by these adverse circumstances, said the chairman, they had worked steadily on towards the greatest fair in the history of Regina. Messrs. Brett, Pope, Sinton, and Ketchen had prepared the prize list, while Messrs. Williams, Mollard, Lawson and Meadows had prepared the racing programme.

It had been decided that the growth and development of the city and surrounding district justified a four days' fair, which would be held on July 30 and 31 and Aug. 1 and 2. A contract had been signed with the Hands Fireworks Co. for displays on the first three nights, while a contract had also been signed with the Reiss Carnival Co., the largest affair of its kind west of Chicago, and this firm would have the use of the grounds for the whole fair week.

Mr. Hunter told of the successful trip of Mr. Brett and himself to Winnipeg where they had secured single fare and other privileges from the railways, and it was hoped the new spur would be built in to the exhibition grounds in sufficient time to permit of a special train service. He concluded by an earnest appeal to the local press to further the success of the fair in every way possible.

Mr. Brett's Impressions. P. M. Brett following Mr. Hunter said he was a delegate with the previous speaker to wait on the government, he felt that he ought to state that he did not understand that the Government had promised anything definite, or at least he did not hear any promise made.

Mr. Hunter in reply said that Mr. Motherwell does not deny having given the promise, but says that for political reasons he could not swing outside government supporters. The government agrees that they cannot give a grant, but they do not deny that a certain sum was promised.

ELECTION OF OFFICERS. The election of a board of directors resulted as follows: President—A. T. Hunter. H. F. Mytton, P. M. Brett, E. A. Whitmore, J. Pope, W. M. Williamson, P. Cooper, R. H. Taber (Condé), W. G. Pettigall, W. C. Lawson, R. Borne, Geo. Kinnon, G. Spring-Rice, J. A. Wetmore, S. Beach, J. K. Hunter, S. Lovelock, A. Hammond, J. M. Young, A. B. Cook.

The directors met after the general meeting and officers and honorary directors were elected as follows: President—A. T. Hunter. Vice Pres.—P. M. Brett. Sec. Treas.—E. Meadows. Patron, His Honor Lieut. Governor Forget.

Honorary directors—Hon. Walter Scott, Hon. W. R. Motherwell, Hon. F. W. G. Haultain, J. F. Bole, M. L.A.; His Worship, Mayor Smith, R. Sinton, president of the Saskatchewan Fat Stock Breeders' Association; Ald. J. R. Peverett, Ald. L. L. Kramer and Mr. Hopkins, president of the Saskatchewan Grain Growers' Association.

The owners of the large lumber mills represented in the membership of the British Columbia Lumber and Shingle Manufacturers are vitally interested in saving the loggers for obvious reasons. The position of the associated mills is this: If the logs now on the market are permitted to be slaughtered, as they undoubtedly will if the loggers do not receive aid, the price of logs will be demoralized. That is the situation the mills are facing, and the millmen fully realize the situation.

I was cured of Bronchitis and Asthma by Minard's Liniment. Lot 5, P.E.I. I was cured of a severe attack of Rheumatism by Minard's Liniment. Mahone Bay. JOHN MADER.

MRS. A. LIVINGSTON. I was cured of a severely sprained leg by Minard's Liniment. JOSHUA A. WYNACHT. Bridgewater.

MRS. FISKE IN REGINA

Greatest Dramatic Event in The History of Regina

The unprecedented demand for seats for the performance of Mrs. Fiske and the Manhattan Company, which takes place on July 4th in the Auditorium Rink will doubtless prove to theatrical managers that western Canada is worthy of more attention than has been given to it heretofore. Not only will Regina be out in its best society attire, but the large number of orders coming from outside prove that this engagement will be a gala event for the entire district.

The rink is being entirely remodelled and assurance is given us that the seats will be comfortable and all within easy hearing distance of the stage. The stage will be built to accommodate the elaborate scenic production carried by the company and the lighting will be as near perfect as possible to obtain.

In "The New York Ideal" this distinguished star and her associates are said to have a splendid vehicle for their talents. "The New York Ideal" made an unquestioned hit in New York where its run ended only recently, and Mrs. Fiske added another to her long list of memorable characters. The play, which is the work of Langford Mitchell, is real comedy. It does more than merely

Mrs. MINNIE MADDEN FISKE Who will appear at the Auditorium Rink, Regina, Thursday, July 4th, supported by the original Manhattan Company in "The New York Ideal."

entertain. Its keen satire, brilliant wit, and amusing complications are an effective exposition of the results of the chaotic condition of our divorce laws. This is the real foundation of the play, and no one will gain say that the end the author has in view is better attained by his means than by ponderous discussions. While affording its auditor a delightful evening, Mr. Mitchell's play also sets him thinking. All the characters in the play are of fashionable New York, and there is much graphic sketching of contrasting and stringently individual character types. A very charming young society woman who regards marriage as anything but a serious thing secures, as she opposes a divorce from her husband for a trivial matter. The husband is a breezy, sport-loving lawyer. It soon becomes evident that the couple have a deep affection for each other despite their separation and that the frequent and embarrassing meetings which must occur in the small circle they move in, are not children of their love. The wife decides to marry again, but so utterly uncongenial is the ponderous judge she chooses that her heart conquers at the last moment and by some unexpected turn the wheel of fortune she and her husband are reunited. In a case like such favorites as John Mason, George Arliss, Charles Harbury, Robert V. Fergusson, Dudley Clifton, Fredrick Kerby, Dudley Digges, Richard Clarke, James Morley, Marion Lea, Ida Vernon, Blanche Weaver, Emily Stevens and Belle Bohn.

Mrs. Fiske Seat Sale. Seats will be placed at sale for the engagement of Mrs. Fiske at Jolly's Drug Store on June 27 for those whose names appear on the subscription lists at the various stores. The plan will be open to the general public on June 28 at nine o'clock. Mail orders, containing cheques or drafts will receive prompt and careful attention. Ask for Minard's and take no other.

BELL-LINDLEY. The marriage took place at 7.30 this morning at Knox church, of Miss Ethel May Lindley to William Cameron Bell, both of Regina. Rev. E. A. Henry officiated. Miss Lindley sister of the bride acted as bridesmaid and Mr. W. Wilkinson acted as groomsmen. A large number of invited guests were present at the ceremony. The happy couple after a wedding breakfast left on the morning train for the west on a short honeymoon.

BIRTHS. HAMILTON—At Victoria, B.C. on June 13th, to Mr. and Mrs. Z. M. Hamilton, a daughter. Ask for Minard's and take no other.

PROVINCIAL CONVENTION

The first Sunday school convention for the province of Saskatchewan is to be held at the school house on July 16 and 17. This is to be a very important gathering as the organization of the interdenominational association is to be affected and plans outlined for the development of Sunday School work throughout the province.

As this is the first convention there will be no limit to the number of delegates from each school, so all pastors, superintendents and teachers are invited to be present. Religious education is a most important question, one that demands most careful consideration on the part of all interested in the welfare of both church and state, so it is hoped that the churches of the province will take a vital interest in this convention and send the very best of their workers as delegates.

Reduced rates will be granted by the railroads to all delegates. In order to secure these delegates should purchase a single ticket to Regina, and start at starting point for a standard certificate. A splendid program is being prepared. Rev. C. W. Merritt, one of the international field workers is to be present and take a prominent part. He was present at the great world's convention in Rome and will be coming to us with the inspiration of that gathering, and will be able to give us a wide world view of Sunday School work. Every officer and teacher in the province should hear him. Mr. Stewart Muir, head who has recently been appointed general secretary for the province of Saskatchewan, Alberta and British Columbia, will also be present and have a place on the program. Plans for future work will be presented to the convention. This will therefore be a very important epoch in the history of Sunday school work in the province, so plan to be present.

HEAVY ON THE COAL. Edmonton, June 22.—Traffic Manager George H. Shaw of the Canadian Northern, arrived in the city today from Prince Albert, where he had been attending the convention of the associated boards of trade. Asked as to what preparations the C.N.R. are making to provide a supply of fuel against the winter's requirements, Mr. Shaw replied that his railway has now unloading at Port Arthur docks, a half million tons of Pennsylvania coal, sufficient for the railway's needs. Mr. Shaw emphasized, however, the necessity for the public to stock up during the summer months with a sufficient supply of coal for the winter's use since the transportation demands on the railways during the fall and early winter months are rendering it very difficult for the companies to remove the freight that could just as well be moved earlier in the year. There are plenty of cars available for all the purposes of transportation. While Shaw has been closely watching the working out of a new time table and finds that the new service is giving satisfaction, especially in close connections at Warman with the Prince Albert-Regina branch line trains.

IMPERIAL ANTHEM. A new Imperial Anthem written by Joseph C. Todd of Waterville, Portsmouth, England, and accepted by His Most Gracious Majesty the King, and H.R.H. the Prince of Wales and each of the Colonial Premiers, has been sent the West with the special permission of the author to publish the words.

GOD bless our Empire vast; O'er it Thy Mercy cast; Protecting Power; May every Colony; And each Dependency; Be true to all, and True; Their Shield and Tower.

Where Northern Lights do glow On glacier, berg, and snow; In Arctic Zone; Where the fierce Tropic pains; Where fall torrential rains; O'er range, and torrid plains; Reign;—Thou alone!

God bless our Motherland; May she for ever stand; Home of the free; Head of all nations' laws; First in each noble cause;—Averter still of wars;—Make her to be.

Bless Thou our Sovereign King; May his reign ever bring Honour, and peace; And though the seas divide; Let every branch abide; Staunch to its source, and guide; And strong in Thee.

COME TO THE FAIR. The big Regina exhibition commences in July and ends in August. It will be the greatest agriculture and racing feature in Saskatchewan. There will be as usual more or less business taking people to the Capital about that time and they can arrange their business to suit the holiday occasion. The attractions will equal that of Winnipeg, Brandon and Calgary. The racing will last four days there being two free-for-alls. The railways are giving a single fare. All particulars may be obtained from the secretary, E. Meadows.

SHERWOOD

The Sherwood annual school picnic will be held at the school house on Friday afternoon, June 28, when a very pleasant time is expected. Ball games and sports of various kinds will form the program of the afternoon. Refreshments will also be served. A cordial invitation extended to all.

HOUSE OF LORDS

London, June 21.—Premier Campbell-Bannerman today moved his resolution curtailing the power of the House of Lords before the fullest House of the session. The galleries were also crowded, those present in that part of the House included many peers who were anxious to obstruct the passing of a bill which would reduce their power to control legislation. Even if the resolution carried it would not become law, as it will have to be introduced to give effect. The resolution is simply to test the position of the House of Commons on the matter.

Additional Locals

Miss Ida Coles recently spent a few days with her parents at McLean.

Miss Bertha Massey went down to her brother, F. Massey, P. F. McBride, inspector of the Sun insurance company is spending a few days in the city.

Forcing Independence

The attitude of the Conservative leaders in the East in making important federal nominations has forestalled the movement to re-organize and regenerate the party, and this may result in the Conservatives in this province being forced into taking an independent stand in the forthcoming elections.

The men who are fighting behind Mr. Haultain for certain principles which Mr. Borden recognized when speaking in opposition to the government policy in the House, cannot go into a federal contest without those principles being incorporated in the party policy.

The Liberal Banquet

The first part of the big Liberal rally and banquet, Friday evening, was what the Salvation Army would call "A Hallelujah Time," all present manifesting joy and gladness over the recovery of Premier Scott, to whom they tendered such a hearty welcome home.

Analysed politically however, the party rally was made up of significant constituents; the absence of farmers being very conspicuous, while the number of office holders present was equally marked.

While, however the farmers resent unpopular legislation and stay away from a party demonstration they are pleased to learn of the restoration of the premier's health.

In his speech Mr. Scott was most unfair in mixing up Manitoba politics with our provincial affairs. It does not matter to us what Mr. Roblin does in the name of Conservatism, he cannot affect the Provincial Rights party in Saskatchewan.

The Catholic church in Manitoba says that it will never leave the political field in that province till it gets from the legislature the same separate school rights as it has in Saskatchewan. That has nothing to do with the fight here.

No Finality

Premier McBride of British Columbia has been fighting the battles of this Province as well as that of his own in appealing his "better terms" case to the Imperial parliament, and one of the successful results is that the words "Final" and "Unchangeable" have been eliminated from the amendments to the British North America Act passed by the Canadian parliament and submitted to the home government for ratification.

Attacks the Dead

It seems impossible for Hon. Mr. Aylesworth to forget that he has ceased to be a badgering attorney and has become Minister of Justice. In a recent speech, from which we published some not too creditable extracts last evening, he made a savage personal attack upon a past Prime Minister of Canada who is now dead, and cast cruel aspersions upon the moral character of other men who had represented Conservative constituencies "in the past."

attacks of Mr. Fowler, to "carry the war into Africa"; but it is quite another thing to carry it into the cemetery.

If Mr. Aylesworth expects the people of Canada to accept him with the respect which has generally been given to the public men who have been raised in the past to the dignity of the portfolio of Justice, he must himself behave with more of that dignity and must abandon the methods learned when he was the working lawyer of the Liberal party in Ontario.

REGINA BOAT CLUB

On Thursday evening last, the Regina Boat Club was organized, the following officers being elected: Patrons: His Honor Lieut.-Governor Forget, Premier Scott.

WELCOME TO

Big Rally of Liberal and Catholic One

One of the largest political rallies of a representative ever assembled in the Cathedral in the auditorium Friday evening at a well-banqueted Premier.

Address of Welcome An address of welcome was read by W. M. Martin of Regina.

It is with feelings of the gratitude to Divine Providence, your colleagues and supporters throughout the province, you home restored in health serious and prolonged illness.

Like-wise tonight, mere words too feeble to express our joy return. And it is not only we, but the Liberal party in chevan, who believe that sound judgement, and patriotic statesmanship are in this young western country.

J. A. CALDER, Pres. B. PRINCE, 1st Vice F. MOFFAT, 2nd Vice ALEX. ROSS, Sec'y

The premier on his way to the province for a week, and knowing it, he took occasion to refer to the good wishes expressed by Mr. Haultain and political opponents for his recovery.

Appearance should not be an essential. The New Scale Williams... The veneers for the New Scale Williams... These veneers are made of wood—principally West Indies—WALNUT, from OAK and SATINWOODS.

The New Scale Williams is made of five thicknesses... We will tell you about our Reg.

Scott's Emulsion strengthens enfeebled nursing mothers by increasing their flesh and nerve force. It provides baby with the necessary fat and mineral food for healthy growth. ALL DRUGGISTS: 50c. AND \$1.00.

# WELCOME HOME TO PREMIER SCOTT

Big Rally of Liberals---Much Enthusiasm---Eloquent Speeches---Mr. Scott Pours Oil on Catholic Troubles---Will Appoint One of Them Inspector

One of the largest political gatherings of a representative character ever assembled in the Canadian west gathered in the auditorium rink on Friday evening at a welcome home banquet tendered Premier Scott on his return home from the south where for months he has been battling with the ill of nature which had taken a severe hold on his system, but from which he now has best hopes of a complete recovery. Every constituency in the province was represented at the big banquet and all federal members from Saskatchewan were present, besides the western senators and Hon. W. H. Cushing representing the Alberta government. In all over seven hundred people sat down to the festive board. The most important speech, of course, was that of the premier, but it was followed by the speaker, Duncan Marshall easily won the honors. The chair was occupied by Senator Ross, Mr. Scott's political God-father.

Address of Welcome  
An address of welcome was presented by W. M. Martin of Regina as follows:

To the Hon. Walter Scott, M.L.A., Premier of Saskatchewan.

Dear Mr. Scott,  
It is with feelings of the deepest gratitude to Divine Providence that we, your colleagues and supporters throughout the province, welcome you home restored in health after a serious and prolonged illness.

Words cannot express the anxiety felt when it became known last December that you had been stricken down and were dangerously ill. Nor can words express the suspense of the anxious days that followed when hope and fear alternated in our breasts.

Likewise tonight mere words are too feeble to express our joy at your return. And it is not only we, members of the Liberal party in Saskatchewan, who believe that your sound judgement, wise guidance and patriotic statesmanship are needed in this young western country in the early days of its provincial development, who rejoice, but our fellow citizens throughout the province and the Dominion join with us in thankfulness that you are again restored to health.

May you be long preserved to us to remain not only our party chieftain but our provincial premier.

Signed on behalf of the Saskatchewan Liberal Association,  
J. A. CALDER, President,  
B. PRINCE, 1st Vice Pres.  
F. MOFFAT, 2nd Vice Pres.  
ALEX. ROSS, Sec'y-Treas.  
Regina, Sask., June 21, 1907.

Mr. Scott Replies  
The premier on rising gave an enthusiastic reception, and in acknowledging it, he took occasion to refer to the good wishes expressed by Mr. Haultain and political opponents of his recovery.

Coming to the political issues of the province he commented at some length on the school question. "Isn't it a rather striking thing," said he, "that clerical interference—practically Roman Catholic clerical interference—when exerted in behalf of a Liberal government is in the eyes of some people—I think I may designate Mr. Haultain as one of these people—a most terrible menace to the state, but the same interference exerted in behalf of a Conservative government loses all its dangers and terrors? In 1905 in our contest Mr. Haultain had my own solemn declaration joined with the solemn declaration of every one of my colleagues, and in addition he had the public declaration of Archbishop Langevin in denial of the existence of any understanding or compact between his church or himself and the Liberal party of Saskatchewan. Yet a purely imaginative compact between us and His Grace of St. Boniface threw Mr. Haultain into variable panic. What has been seen recently in Manitoba? In the elections there is it denied, or can it be denied that Archbishop Langevin exerted every influence he possessed in favor of the Conservative government? Is it denied, or can it be denied that this was done in return for a compact or understanding by which privileges in the schools are allowed to Roman Catholics in excess of the terms of the law. This state of affairs is denied neither by Mr. Roblin nor by Archbishop Langevin. The proof is too plain to admit of any denial. But it is striking and peculiar that Mr. Haultain and the extremists from one end of Canada to the other, who suffered such inflammation of imagination two years ago in our case over an alleged compact that did not exist, should see no danger in the Manitoba case last winter when a compact actually existed and is admitted.

Every day furnishes proof of the superiority of the Saskatchewan Act over the Manitoba act. In point of the sectarian phase of education. The decision that we have is clear cut and fixed. We may have minority schools either Protestant or Catholic but the school itself is absolutely public and non-sectarian from nine o'clock to 3.30. Then the church may take charge and hold religious exercises and lessons if it wishes. Our system recognizes no such thing as a Protestant teacher or a Catholic teacher. The fact that Manitoba has a normal school exclusively for the training of Roman Catholic teachers in their so-called national school system pretty plainly shows the distinction there. Our system is vastly more satisfactory for both Roman Catholics and Protestants.

In 1905 when denying the existence of any compact and when pledging ourselves to permit no departure from the strict public supervision and authority of our provincial development, we solemnly pledged ourselves just as solemnly to see to it that the constitutional rights of the Roman Catholics should be respected. If we were not absolutely convinced that the High School Act means no invasion of the rights of the minority under the Saskatchewan act, we certainly should never have proposed the bill. Several things serve to convince me. Remember what took place at Ottawa in the spring of 1905. Mr. Sifton's objection against the first education clause was mainly that its effect would carry a sectarian division in education up through high or secondary schools and on through the university. He resigned in protest against that of learning Mr. Sifton's inmost clause. I had abundant opportunity views on the question. If there is a sincere opponent of separation of education in Canada—if there is a sincere champion of national schools in Canada—and beyond this if there is any man in Canada who by actual dealings with the subject has thoroughly mastered it in all its bearings that man is Mr. Sifton, with the remarkable ability which he has shown on every question with which he has grappled. Now I know that with his Manitoba record behind him and strong a national school man as he was, Mr. Sifton had no strong objection to the Territorial school law. He admitted in his speech in the House that in many ways it was more satisfactory than the Manitoba system which he and Mr. Greenway had procured for that province only after an upheaval which threatened the very existence of confederation. But Mr. Sifton resigned in protest against the first clause. The second

clause was his own draft, I am revealing no state secret in this statement. He made the draft with the danger of division in the secondary schools and university as one thing most prominently before his mind. Is it likely that a lawyer of his acknowledged ability on a question in question in which he was so intensely concerned would fail over what he considered the essential point? I am speaking wholly from recollection. I have no time to look at the record but think if you will look up Mr. Sifton's speech it will be found that he and Mr. Borden exchanged remarks across the floor dealing with point and that Mr. Sifton made it perfectly clear that no separation rights would exist beyond the primary schools unless the province of its own motion granted such rights which action would be the measure within the scope of the remedial clause of the B.N.A. act.

Another reason equally strong is the fact that in Ontario with a separate school system which Roman Catholics look on as a model and where in the primary schools the church has the full right to control even in Ontario such a thing as a separate school does not exist.

I wish now to ask both the Protestants and Roman Catholics of Saskatchewan to consider that I am tonight respecting the pledges we gave in the 1905 campaign. The only promises we gave were given publicly we made no secret compacts. We believed that parliament granted us the fullest freedom in education that moral observance of the lines of the B.N.A. act would permit. We promised on the one hand to safeguard the freedom and on the other hand to respect Roman Catholic rights. We will observe our pledges. We earnestly wish to have every citizen of the province feel content and in harmony with his conditions. We earnestly wish that the Roman Catholics may take their share and part in carrying on our excellent school system. We want them to have their fair proportion of members in the world in the department of education, in the trusteeship of public schools and in all branches of educational work. I may say that just as soon as we can place our hands on a Roman Catholic with the technical qualifications and knowledge of our conditions required we will try and secure him for our staff of inspectors. We have now none but Protestant inspectors and while our system knows no religious distinction we cannot hope to have that good feeling and contentment amongst our people unless they are in a position to feel that they are carrying their full and fair share of both the privileges and responsibilities which attend the working out of the system.

There were many other speakers prominent among whom were Mr. Cushing, Mr. Knowles, Ex-Chief Justice McGuire, Mr. McCreary, A. Turgerson, Mr. Lamont, and Senator Watson.

## MOIR-CHATWIN

As the sun was sinking on Monday evening its parting rays fell upon a pretty wedding scene at the home of Mr. and Mrs. Jas. N. Chatwin, Rose street, where their third daughter, Miss Kate Pearl, was united in marriage to J. D. Moir of Calgary. The bride was attended by her sister, Miss Alberta Chatwin of Edmonton, George Peacock supporting the groom. The ceremony was performed by Rev. E. A. Henry.

The bride was attired in a wedding gown of white pleated chiffon, made over a petticoat of ivory satin. She wore a handsome pendant, the gift of the groom, and carried a shower bouquet of cream roses.

The bridesmaid was gowned in a cream silk frock and carried a bouquet of pink and white carnations. The happy couple left on the west-bound train for Banff. After their wedding tour they will take up their residence at Calgary. The bride's going away gown was a dark green tailor-made, and a tussan hat.

## RAILWAY COMMISSION

Ottawa, June 24.—The railway commissioners will be in Fort William to further hear the application of the Grand Trunk Pacific for its road into that town. They will also sit in Winnipeg on July 9 to hear the complaints against the general location of the Grand Trunk Pacific into that city, and also the application of the Canadian Pacific Railway and the Calgary and Edmonton through Edmonton.

## FULL MEASURE

Ottawa, June 24.—There are to be no small berry boxes this year. The fruit inspectors have been after the box manufacturers, and have served notice that anything less than the legal size will mean prosecution. The law declares that a box of berries shall not contain less than four-fifth of a quart.

## "The Blood is The Life"

Science has never gone beyond the above simple statement of scripture. But it has demonstrated that statement and given it meaning ever increasing with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also affected, the mind and judgment are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, scabies, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist doesn't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. E. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

## REGINA ASKS FOR RATES

Deputation waits on C.P.R. Freight Officials--Report to Council of Board of Trade

The board of trade held a council meeting on Monday evening, when the following report of the committee which waited on the C.P.R. freight officials Messrs. Peters and Lanigan, was presented:

"Following our report of June 4, and in response to the secretary's letter, your committee met Messrs. F. W. Peters and W. B. Lanigan by appointment on Saturday, June 23. The president and all members of your transportation committee were present and also Mr. G. Holden, representing the H. W. Laird Co.

"The question of the extension of the traders' rate, which at present only reaches as far west as Medicine Hat, was first gone into, and Mr. Peters made a promise that this should be extended as far west on the main line as possible without conflicting with Calgary and Lethbridge on the Crow's Nest branch.

"With regard to the question of a rate on the Arcoia branch, Mr. Peters informed your committee that he was not in a position to grant any concession at the present time, but that he had a tariff expert working out a new system of tariff that would apply to all wholesale centres, and if workable would give each wholesale point a tariff that would enable them to control all the territory to which they are entitled geographically.

"Mr. Peters also stated that he expected to be able to show a rough sketch of the new tariff during the present season.

"In reply to enquiries respecting the line connecting with the Kirkland branch, Mr. Peters stated that he understood that this work would be undertaken just as soon as material for construction was available."

## Good GOODS AT FAIR PRICES

Keep Minard's Liniment in the house. TRAVELLER SOAKED  
Carlyle, Sask., June 24.—J. Renick, traveller for E. H. Brown of Winnipeg, was brought up before D. C. McPhee, J.P., on Saturday, on a charge of selling liquor without a license. He was found guilty and \$100 and costs or three months. The company paid the fine and appealed.

## Art in Pianos

Appearance should not be THE essential of a piano. It should be AN essential. The New Scale Williams are masterpieces of architectural beauty. They are ornaments to every home. They lend an elegance, a refinement, a harmonize with the drawing-room.

The veneers for the New Scale Williams Pianos are of every fine kind of wood—principally MAHOGANY from Spain, Brazil and the West Indies—WALNUT from France and the Circassians—QUARTERED OAK AND SATINWOODS from the southlands.

There are four veneers on the case—two inside and two outside. They are cross banded—that is, the grain of each veneer runs in a different direction from the one next to it—thus adding strength.

The case is made of five thicknesses of hardwood. All woods used in the New Scale Williams—in case as well as action—are seasoned for three years after reaching Oshawa. Then they are perfectly dry—can never swell or shrink—and wear like iron.

Every New Scale Williams receives seven coats of varnish. Each is allowed to sink in the wood and dry, before the next is put on. This gives the brilliant, lasting finish that is so admired. The sympathetic touch—the magnificent tone—the sweetness and volume of the New Scale Williams are fully in keeping with its exquisite appearance.

These features and many others are illustrated and described in our Booklets. May we send the three? FREE, of course. We will tell you about our Easy Payment Plan, too.

School for Housewives by Marion Harland

A new device for hard wood floors

HARDWOOD FLOORS & RUGS VERSUS CARPETS

Wipe up spills with salt and water

An old fashioned broom makes a good beater

Use plenty of water in the light against moths

CYNICAL moralizers upon fashionable follies rate among these the demand for hard floors and rugs, which has increased and prevailed throughout our country within the last quarter century.

of work and money gives her vote in favor of hard floors and rugs. A carpet sweeper takes up the dust, and some housewives agree with the patentee in declaring that it does not wear away the carpet.

and buffalo bugs most love to congregate. In these favorite retreats our distracted housewife is almost certain to find flourishing colonies of the squarers upon opening the home after the summer's outing.

THE BATH ROOM AND BATH ROOM ETIQUETTE

By Mary E. Carter... DURING periods of cleaning and setting it is very essential to guard bath rooms against abuse through misuse.

MEALS FOR A DAY

BREAKFAST: Rice, cran-apple jelly and cream, Johnny cakes, coffee. LUNCH: Scotch broth, pineapple and nut salad, biscuit toast with cheese, butter, tea.

RECIPE BY MARION HARLAND

Scotch Broth. No. 2. TO MAKE this requires two pounds of neck mutton, a large slice of onion, a stock of celery, half a pint of barley, three pints of cold water, one tablespoonful of salt, one tablespoonful of butter, one of chopped parsley.

KEEP PLUMBERS AWAY

Before any cleaning begins the floor of hard or stained wood, ought to be covered with a strong paper fastened down to keep it immovable under the treading of feet.

THE OTHER SIDE

Coming home after a summer by lake or sea or among the hills, all you have to do with the coverings is to rip out the stitches, put away the wrappings for next season, air the rugs for a few hours to rid them of the camphor smell and lay them down upon freshly polished boards.

Devlin's Food

To one cup of sweet milk add one cup of sugar, one cup of cream, one cup of chocolate, one cup of vanilla, one cup of nuts, one cup of raisins, one cup of currants, one cup of blueberries, one cup of strawberries, one cup of raspberries, one cup of peaches, one cup of apples, one cup of pears, one cup of plums, one cup of cherries, one cup of apricots, one cup of figs, one cup of dates, one cup of figs, one cup of dates, one cup of figs, one cup of dates.

# BOARDS OF TRADE CONVENTION

## Unanimity on Important Subjects for Parliament and the Legislatures—Railway Men were Present and gave Valuable Assistance—Meet at the Hat Next Year

Prince Albert, June 19.—The second convention of the associated boards of trade of Alberta and Saskatchewan opened here yesterday, there being about 150 delegates present. The chair was taken by President Hutchings of Calgary. Conspicuous among those present were Hon. W. T. Findlay, representing the Alberta Government, Supt. Brownlee of the C.P.R., G. H. Shaw and Supt. Abbott of the C.N.R. After the president's address the election of officers was proceeded with and resulted as follows: President—P. McAra, Regina. Vice-Pres.—K. W. McKenzie, Edmonton. And Vice-Pres.—W. Cousins of Medicine Hat. Secretary—B. W. Wallace, Prince Albert.

**McAra Takes Chair**  
The new president took the chair when the convention got down to business, and proceeded with the resolutions.

**Watered Stock**  
H. W. Laird of Regina presented a resolution dealing with the prevention of watering the stock of joint stock companies. He instanced where the public get fleeced by this process of financial manipulation. The resolution was seconded by A. T. Hunter, Regina. The motion was unanimously passed.

**Insurance**  
President McAra vacated the chair to introduce a resolution dealing with insurance companies. The object of the motion was to compel insurance companies to place with the government sufficient security to cover their business and to prevent the insertion of any stipulation in the policies limiting the liability of the companies. The motion was seconded by Jas. Weir, Strathcona, and after some discussion adopted.

**Coal Supply**  
Hugh McKellar of Moose Jaw, presented a resolution calling upon the Dominion government to appoint a commission to investigate the question of the coal supply in the west. The reason the federal government is being appealed to is that they control the coal areas under the Autonomy Act, the province having no say in the matter. The resolution was adopted.

**Natural Gas**  
The question of conserving the natural gas of the province of Alberta particularly was brought up on motion of Mayor Cousins of Medicine Hat. Hon. W. T. Findlay said that the Alberta government would bring in legislation dealing with this matter at the next session.

**Motion Withdrawn**  
A resolution dealing with the improvement of passenger service was standing to be presented by Moose Jaw and by consent of the delegates from that place it was withdrawn.

**No Government Ownership**  
A motion dealing with the government ownership and operation of railways was introduced by W. J. Binnie of Indian Head and seconded by C. R. Rigby, Balgonie. This resolution was defeated.

**Settlers' Rights**  
At the meeting of the convention this morning J. A. Whitmore moved a resolution asking the Interior department to publish the rights of settlers from railway companies when delayed in transportation. As was the case with such a large extent this spring. The motion was seconded by C. C. Rigby, Balgonie.

**The Fuel Question**  
The question of fuel supply came up on motion of Jas. Leslie, Saskatchewan, who urged that the Saskatchewan and Alberta governments make effective efforts to prevent a fuel famine such as we had last winter. Supt. Brownlee stated that in the railway territory under his supervision there was consumed last winter 300,000 tons of coal, which means a hundred cars a day for three months. He thought that the safe way is for the dealers and consumers to stock up before the crop begins to move. The convention did not take a decided stand in this matter till later in the program.

The next question dealt with was the better equipment of railway lines in the west. There was no opposition to this resolution.

**Navigation**  
Jas. Bradshaw, Prince Albert, moved that the Dominion government survey the Saskatchewan river from a hundred miles west of Edmonton to Lake Winnipeg. The resolution carried.

### Lame Horses

Certainly do speed Kendall's Spavin Cure. Whether it be from a Bruise, Cut, Strain, Swelling or Spavin, Kendall's will cure the lameness—quickly—certainly.

CUPAR, SASK., May 26th '06. "I have used Kendall's Spavin Cure for 25 years and find it a sure cure."

FRANK E. ADAMS. Price \$2.50 per bottle. The great book on the horse—free from dealers—write for details to B. J. Kendall Co., Regina, Sask.

**Bay Route**  
A very interesting discussion took place on the motion of Mayor Cook of Prince Albert respecting the road to Hudson's Bay. It was urged that the railway facilities of the west are entirely inadequate to the needs of the country and the road to the Bay is necessary as a national highway. Mr. Shaw of the C.N.R. said that Canadian Northern believe that the Bay route is feasible for four and a half months in the year and they have faith in the resources of the country opened up by such a line. Mr. Laird also took part in the debate on this question which was unanimously adopted.

**Express Rates**  
A resolution expressing approval at the action of the railway commission in making enquiry into the express rates charged in western Canada was moved by E. M. Saunders of Moose Jaw and seconded by H. W. Laird and passed.

**Coal**  
The amended coal resolution was reached and adopted as follows: "Whereas, notwithstanding the fact that there are throughout the greater portion of the area of Alberta and Saskatchewan very large supplies of fuel, both wood and coal conditions during the past winter were such that hardship prevailed throughout portions of both provinces; for the reason that such fuel was not available at the points where needed and at times when it was most needed. Therefore be it resolved, that this convention urges that every effort be made on the part of the governments of Alberta and Saskatchewan to provide for the occurrence of such conditions, and that the action already taken by the provincial government with that end in view be heartily endorsed, and also that this convention strongly urges upon all coal dealers and consumers of coal in general to stock up with supplies for winter while the railway companies are in a better position to stock same."

**Telegraph Service**  
The inadequacy of the telegraph service of the west was brought up on motion of G. Stockland, who urged that the government extend their present system and that they compel the railway companies to supply lines for purely commercial use. Permission was given Senator Davis to address the convention on this matter which has received a great deal of study and enquiry by him, he having brought the question of the inadequacy of the service and the expense thereof charged in the west to the attention of the senate in a lengthy and comprehensive speech in which he furnished important data. He contended that the people of the west pay a dollar for what the people in the east get for twenty-five cents. The resolution carried unanimously.

**Government Insurance**  
Mr. Cunningham of Edmonton presented a resolution calling upon the government to investigate the question of government fire insurance.

**More Agents**  
G. Stockland submitted a resolution contending that it is necessary for railways to place agents at all points of stations, and would greatly augment the usefulness of the system here established in Alberta.

**Best Oats**  
The question of a separate grade for Alberta oats came up through a resolution from Calgary. Both H. V. Horison and A. T. Hunter opposed the motion stating that Saskatchewan oats are just as good as the product of Alberta and on a vote the motion was defeated.

**Stand Together**  
Alberta delegates brought in a motion to divide the associated boards of trade and have provincial associations, but they voted alone and were snubbed under.

**The Hat Next**  
It was decided that the boards of trade convention will meet at Medicine Hat next year.

**Vote of Thanks**  
On motion of H. W. Laird a hearty vote of thanks was tendered Prince Albert for the very cordial reception to the delegates.

**Labor Question**  
The delegates from Alberta were out after organized labor in a resolution calling upon the government to supply a better class of skilled labor. He knew that the labor organizations were averse to this action and this was advanced as a reason why the hands of the government be strengthened in this respect.

**For Roads**  
A good roads movement was endorsed through a resolution introduced by F. T. Fisher, Edmonton. The purpose of the motion is to have a comprehensive plan of road making adopted, together with appointment of a road commissioner, and the abolition of statute labor. The motion passed.

# Some Biscuit and Cake

are light, sweet and wholesome, while others are sour, heavy, bitter, unpalatable. The same flour, butter, eggs and sugar are used; what makes the difference?

## It's all in the baking powder DR. PRICE'S CREAM BAKING POWDER

can be depended upon always to make the food light, sweet, delicious and wholesome. This is because it is scientifically and accurately combined and contains the purest grape cream of tartar, which is the most healthful of all fruit acids, used for a hundred years in the finest leavening preparations.

Buy only baking powder whose label shows it to be made with cream of tartar.

PRICE BAKING POWDER CO. CHICAGO.

**WHAT SAVED BLOODSHED**  
Winnipeg, June 23.—The annual parade of the St. Jean Baptiste society and the function of blessing a bell for the new Sacred Heart church was characterized by a particularly strong address by Archbishop Langevin, who in dealing with the position of the French Canadian, occupies in the economy of the nation said that theirs is pre-ordained rights, and that they should ask no privileges. Hordes who were being imported from eastern Europe might ask for privileges, but French Canadian had been first on the ground and when their rights were assailed in either matters of language, religion or schools their basis of confederation was shaken. In Manitoba they had a right to the French language and Catholic schools and when these rights were abridged if the Catholics has not been law-abiding there would have been bloodshed. An address was presented to the Archbishop by the secretary after which the bell for the new church was consecrated.

**Municipalities**  
The convention on Friday morning opened with a discussion of the resolution from the Saskatoon board advocating the establishment of municipalities instead of improvement districts as at present. The motion passed.

**Redemption of Notes**  
A resolution was introduced by R. J. Hutchings of Calgary asking the government to establish a point of redemption in each province for bank notes. This was agreed to.

**Timber Fires**  
A resolution was passed urging the government to be very strict in protecting the forest area against fires and also recommending re-forestation. Thomas Millar, Moose Jaw brought in a resolution dealing with grants to hospitals and government inspection.

**Government Phones**  
An important resolution by K.W. McKenzie was: "That this convention heartily expresses its approval of the action of the Alberta government in so far as they have already gone towards giving effect to the principle of government ownership and operation of telephones along the lines advocated by this association at every convention held since its organization, and the attention of the government of Saskatchewan is respectfully drawn to the very great benefit that would accrue to the adoption of a similar policy in that province which would not only be of great service to Saskatchewan but would greatly augment the usefulness of the system here established in Alberta."

**THE FRUIT CROP.**  
Ottawa, June 23.—The small fruit crop of Canada, which is the largest year, and the crop of large fruit will be heavy. The fruit branch of the agricultural department say that the plum crop will be the largest on record. The indications are that the apple, pear, cherry and peach crop will be good. The apple crop in British Columbia is said to be assured.

**I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my book on either Dyspepsia, The Heart, or The Kidneys. Troubles of the stomach, heart or kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating the symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerve—means stomach weakness, always. And the heart and kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's restorative has made its name. No other remedy even claims to treat the inside nerves. Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for samples and free book. Dr. Shoop, Racine, Wis. The Restorative is sold by the Regina Pharmacy Stores.**

## Local and General

Norris and Rowe's big circus will be here on July 9th.

T. G. How, of Ottawa, formerly of Rouleau, was in the city on Tuesday.

S. A. Codd, manager of the Bank of Ottawa spent a day in Winnipeg last week.

Nay, Anderson & Co. have purchased the Broadview School debentures amounting to \$70,000.

The exhibition management have granted free right to the Ladies Hospital aid to exercise both privileges on the fair grounds where they will serve meals during fair week.

Mr. and Mrs. James Bois left on Monday evening for the east where they will visit their old home and other points. They were accompanied as far as Winnipeg by Miss Annie Rankin.

E. Von Ferber is nursing a very sore arm which he bruised severely by falling down cellar, the trap door of the hotel being left open by the porter, and "Von" walked into it in the dark.

The final game in the "Peoples' Shield" competition in the provincial football league was played at Summerberry on June 25, between Qu'Appelle and Grenfell, the former winning after a hard match.

G. J. Bury, general manager of western lines of the C.P.R. passed through the city on Monday on a tour of inspection to the coast. Mr. Bury was accompanied by Mrs. Bury and their daughter Miss Kate Bury.

Mr. Britton, manager for the North-West Threshing Co. has moved his office for the present into the building occupied by the Regina Plumbing and Heating Co. opposite new city hall on Rose street.

The Saskatoon baseball nine came down and trimmed Regina on Friday last. The score was 11-0. Our neighboring city has sent the team on a long advertising tour, accompanied by a publicity officer, who distributes literature about the Berry city.

E. H. Develine, of Kinistino, was in the city a few days this week, but his visit was marred through having to remain in his room a day, behaving contracted a chill en route here. He says that the Carrot River country will be strong on the wheat again this season.

The Grey Nuns were delayed in taking over the Park Sanatorium, but they got possession of that institution today. The hospital will not be opened till Friday when they will hold a public reception from 2 o'clock to 5 p.m. at which the public are cordially invited to attend.

The Regina branch of the National Council of Women held a meeting on Saturday afternoon to consider the approaching visit of the delegates who will stop over here on July 8th on their way to Vancouver to attend their annual convention. The ladies will travel in their own cars and will be here a day. They will be received at Government House by Madam Forget and a public meeting will probably be held in the evening. Messrs. Jas. Hoban, H. S. Doan and Spencer White of Halbrite called on The West while in the city attending the Scott banquet. They anticipate a good wheat yield for the Halbrite district.

The Calgary fair to be held July 9th to 12th, will no doubt, be the largest exhibition ever held in the west. Eighteen thousand dollars is being expended on new buildings which will be in first class shape by the opening day. The prize list will be a liberal one, and the racing program will no doubt attract large numbers from all parts of the province. The Wolseley silver band will be in attendance in addition to Prof. Markel's trained animals, Mr. Squire the juggler, and it is expected that a balloon ascension will be made each afternoon. League ball games will be played in the evenings and special attractions will be seen.

D. J. Stewart, inspector of the Insurance Company of North America, will arrive in the city tonight on business. Nay, Anderson & Co. are the resident agents of this company.

### NOTICE TO CREDITORS

IN THE MATTER of the estate of Ferdinand Oberholzer, late of the town of Wald, Zurich, Switzerland, deceased.

NOTICE is hereby given that pursuant to the order of Mr. Justice Newlands, dated June 22nd, 1907, that all persons having any claims or demands against the said Ferdinand Oberholzer, are required to send by post prepaid, or to deliver to the undersigned advocates herein for the Toronto General Trusts Corporation, of Winnipeg, Administrators, of the said estate, their names and addresses, and full particulars in writing of their claims and statements of their accounts and the nature of the security, if any, held by them.

AND TAKE NOTICE that after the 30th day of September 1907, the said administrators will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which they shall have had notice, and that the said administrators will not be liable for the said assets or any part thereof, to any persons of whose claims they shall not then have received notice.

Dated at Regina this 22nd day of June, A.D. 1907.

EMBURY, WATKINS & SCOTT,  
Advocates for the said  
THE TORONTO GENERAL TRUSTS CORPORATION.

### NOTICE

In terms of Section 351 of the City Charter, I hereby notify all landlords, lodgers, employees or servants, that upon producing the City Treasurer's receipt showing payment of the sum of \$5.00 as "householders tax" on or before the first day of July, I shall enter them on the "householders tax list" which shall exempt them from "poll tax" and entitle them to be placed on the voters list.

Regina, Sask., June 25th, 1907.

JOHN SPIGNER,  
City Assessor.

### IN THE SUPREME COURT OF THE NORTH-WEST TERRITORIES, JUDICIAL DISTRICT OF WESTERN ASSINIBOIA

IN THE MATTER OF THE ESTATE OF WILLIAM H. BAILEY, deceased.

Pursuant to the order of the Honorable Mr. Justice Newlands, dated the Seventeenth day of June, A. D. 1907, creditors of the above named estate are required to file their claims against the said estate with the undersigned, at the city of Regina, in the Province of Saskatchewan, on or before the Fifteenth day of September, A. D. 1907, verified by Statutory Declaration and with a statement of the securities, if any, held by them.

Creditors failing to file their claims by the above date will not be entitled to share in the distribution of the said estate.

Dated at Regina, this Eighteenth day of June, A. D. 1907.

JONES, GORDON & BRYANT,  
Advocates for the Administrator. 9-11

## TRADING COMPANY STORE NEWS

<h3>Gasoline Stoves</h3> <p>Two burner gasoline stoves, japanned and handsomely finished, complete with lid and lifter, etc. Thoroughly serviceable. <b>\$4.25.</b></p> <p>Blue Flame Coal Oil Stoves, these are wickless and are easily cleaned. Nothing better on the market.</p> <h3>COAL OIL STOVES</h3> <p>One burner, on sale, <b>\$7.00.</b> Two burner, on sale, <b>\$7.50.</b> Three burner, on sale, <b>\$10.00.</b></p> <p>Ovens For Coal Oil or Gasoline Stoves. Ovens for use on either Coal Oil or Gasoline Stoves strongly built. Quickly heated up. Good values, <b>\$2.50.</b></p>	<h3>Good Styles IN English Purses</h3> <p>A fine assortment of English made pigskin coin purses, chatelain purses, women's card cases, pigskin wallets, coin and ticket purses, mostly made of tan pigskin with button fastener, <b>50c and \$1.</b></p> <p>Gold in grain series of Chatelain Purses fitted with triplicate button fastener, according to size, <b>\$1.00 and \$1.50.</b></p> <p>Men's Card Cases, of black pebbled leather, watered silk and tan leather lining, <b>\$1.25.</b></p> <p>Men's Pigskin Wallets, in dark wine color, also black and tan. Made with patent bill compartments. On sale, <b>\$1.75.</b></p>	<h3>150 White Persian Lawn Waists</h3> <p>No Two Are Alike. Unusually Low in Price</p> <h3>100 WHITE PERSIAN LAWN WAISTS</h3> <p>just to hand. They are all in styles that will strongly and immediately appeal to you. No two alike and the trimmings and elaborations of the most exclusive materials and designs. Fine embroidery, including the popular "shadow" embroidery. Val, lace, etc. We unhesitatingly, and with emphasis, claim this to be the biggest waist event of the season.</p> <h3>200 LADIES' WAISTS OF WHITE PERSIAN LAWN</h3> <p>in all the latest styles, with elaborations of embroidery, fine trunks of Val, Lace, etc. Long or 3/4 sleeves. Sizes 34 and 36 only, no two styles alike. On sale in Dress Goods Section, <b>\$1 to \$2.50.</b></p>	<h3>Rex Flintkote Roofing</h3> <p>BETTER THAN SHINGLES AND CHEAPER</p> <p>Has the hearty approbation of the fire underwriters. Burning cinders or brands may literally cover a Rex Flintkote roof and yet it won't catch fire.</p> <p>This is a very important feature of any roof, besides lumber and shingles are continually rising in price.</p> <p>Have Rex Flintkote "specified in the contract" for your house.</p> <p>Laid as easily as carpet</p>
