Some Women Look Well

In Shirt Waists—others don't. Why is it? It's the Shirt Waist and not the Woman which is responsible. A dainty Shirt Waist, in the right pattern and shade, will make any woman good to look upon. We keep all the desirable styles. The latest and finest fabrics are made up into waists, jaunty and comfortable enough to tempt any woman. PRICES—Will we mention them? It's hard to give an idea of their beauty unless you see them—but perhaps it will be a guide—

- Print Blouses, with collars and cuffs attached, at..... \$0.50
- Print Blouses, with large Bishop Sleeves, Collars and Cuffs..... 1.00
- Black and White Stripe Blouses, all sizes, jaunty, pretty Waists..... 1.50
- Linen Blouses, with separate Collars and Cuffs, just received..... 1.65
- Fancy Black and White Shirt Waists, the latest goods..... 2.00
- Two Collars, white and fancy colors, Dresden Effects in Shirt Waists, just received at..... 2.00

You had better keep cool and have one of the Shirt Waists.

DEATH IN THE FLOOD

Terrible Destruction From a Cloudburst
OVER THIRTY BODIES RECOVERED

A section of Colorado has a dreadful visitation—Water Rushed Along Like a Solid Wall, Sweeping Everything Before it—Bridges Down and Crops Ruined.

Denver, Col., July 25.—This morning a terrible state of affairs is revealed at Morrison, Golden, Central City, and other places in Colorado. Reports from last night's storm ranged the fiercest. Dead bodies, horribly mangled, are discovered in every crevice. Reports from last night's storm ranged the fiercest. Dead bodies, horribly mangled, are discovered in every crevice. FLOODS IN OHIO

The Usual Story of Loss of Property—Many Bridges Destroyed—Wheat Crops Ruined.

Cincinnati, O., July 26.—Reports continue to come in of damage done by the heavy rains which fell in this section during the past three days. The smaller streams are badly swollen and damage to crops is reported. At Clarksville, Va., many houses are under water and the property loss will be great. Almost every bridge in the county has been washed away. The Kanawha Valley, from Grantville, Pa., to Parkersburg, W. Va., is inundated and the losses to crops, timber, fencing, roads and bridges are incalculable. In the northern portion of Kentucky all roads are impassable by wagons and by bridges being carried away. The wheat crop ruined. The heaviest ever known. A large break at No. 9 mine near Caldwell, W. Va., has thrown 300 men out of employment. No train has reached Caldwell, O., since Thursday night, as all bridges were destroyed.

COOL-HEADED THUGS

The Long and the Short Men are Still at Work in Chicago—Two of a Kind.

Chicago, July 26.—Shortly after 8 o'clock last evening store hold-ups of the "Long" and "Short" men entered the jewelry store of C. M. Robertson at 187 North Clark-street and robbed the store of \$10,000 worth of jewelry, which they endeavored to pocket. Robertson, a tough character, "Store hold-up No. 22 was successfully carried out by the police. Robertson, a tough character, "Store hold-up No. 22 was successfully carried out by the police. STRIKERS MAKE TROUBLE

Two Hundred Men Visit Barley, Ill., and Stop Others From Working.

Barley, Ill., July 26.—A mob of 200 striking miners from Riverton and Spaulding, marched to this place yesterday morning and compelled the miners to return home. They wouldn't let the men go to work on the count of a reduction in wages from 32 cents to 22 cents per ton. The men had assembled around the mine when the striking miners made their appearance. Some confusion followed and when the first case of men was arrested the miners were let down into the mine. The strikers made trouble in the morning and serious trouble is expected if they don't stop.

RUSSIAN SOLDIERS.

QUALITIES AND POSSIBILITIES AS SEEN BY AN ENGLISH CRITIC.

It was Surprised to find the Men no Longer Illiterate - Their Food is Coarse and Not Too Pleasant - Cavalry and Artillery Weak.

With a permit from the Minister of War (writes the special correspondent of the London Chronicle from Moscow) I have just visited the big camp at Khodninskoe Pole, to the west of the St. Petersburg road, and nearly facing Petrovsky palace.

The men have changes of clothing, and now they have begun to live in the camp, and go through their drill in white summer uniforms, which at present have a very clean appearance.

The furniture is of the roughest, and yet in every apartment there hangs the sacred picture without which a Russian house would be incomplete - a perpetual reminder of a life that is to come.

Besides, every Russian peasant knows how to count, and counts almost by the grain, or wood, or bestial produce.

It is useless to pretend that the troops of the line or the artillery, or the cavalry, are equal to the guards.

MOVED BY THE WIND.

PNEUMATIC TUBES ARE NOW USED IN TRANSPORTING GRAIN.

The New Style Elevator Takes the Form of Steel Storage Tanks, and the Air is Pumped into them to Blow the Grain into the Cars.

Storage tanks for grain are being taking the place throughout the country of the old wooden elevators, and pneumatic tubes are being used to transport the grain from the place of storage to the mill.

The proper storage of grain for mill purposes has for many years been a question of the first importance to millers and mill owners.

With the air tight steel tank taking the place of the old-fashioned elevator, comes the new method of handling the grain.

Exactly the reverse operation is gone through in putting the grain into the air tight storage tanks.

NOBODY WAS A GENTLEMAN.

One day a stranger came into our camp and looked around for a while and finally asked if we had a man of name and rank.

"Ar you a fighter?" "I ar," modestly replied Bill. "Hev you got a record?"

"I hev. I've licked every critter who has dared stand before me from Grassy Valley to Ace High."

"Excuse me, professor, but will you kindly tell me what kind of a flower this is?" (The professor looks perplexed, but answers in Latin, which the boy is too young to understand.)

"I have only a little money, dear," she protested, "barely enough to market."

"But I thought I handed you quite a little sum for an emergency some time ago. This is an emergency, you know. You wouldn't want a man to go without his lunch and a cigar, would you?"

"What for?" "For a rainy day." "For a rainy day?" "What for?" "For a rainy day."

and decided to give them a trial. After using three or four boxes there was a great improvement in her condition...

These pills are a blood builder and nerve restorer, and are as valuable for their origin in due to either of these causes that they will not cure if given a trial.

Dr. Robert E. Gibson, of Portland, Me., writes: "I had another lively experience after making his famous trip from Bridgeport, Conn., to New York, where he landed in the heart of the city."

On July 4th 1894, while making an ascension in the city of Portland, Maine, he had another lively experience, once, one he will not soon forget.

He would then have found a water geyser had it not been for his life preserver. The ascension was to take place at the last end promenade, about 500 feet from the shore, and the people were on the slope, anxious to see the 1400 yards of silk rise into the clouds.

At 4:30 a gale blew up the air ship began to sway from side to side, all eyes were turned to see how the man in the balloon would hold up.

When 5,000 feet from the ground he struck an adverse current which blew him out to sea, and he was heard from all sides.

The steersman struck his whistles and started after the air ship, but the wind was so strong they could not keep up with him and the people gave up hope of seeing Aeronaut Leo Stevens again.

At 7:30 that evening he landed far out at sea. No help was in sight and before a boat had reached him the gas had all escaped from the balloon and it sank like a piece of lead and but for his life preserver he would have drowned.

It was five hours in the water before he was picked up almost chilled to death. That experience has taught him to always carry a life preserver.

Prince Leo accompanied by Miss Nina Yale, also of New York will make an ascension from the fair grounds at Unionville on Wednesday, Sept. 16th (the second day). They will both go up with the balloon, hang from a single trapeze bar and when at the highest altitude ever attained by any balloonist in the world, will drop with separate parachutes to the earth.

On the following day, 17th (the day), Prince Leo will go up again, taking with him his favorite dog, "Fribby" who will be dropped from a distance of 2,000 feet from the earth, and descend like his master by the aid of a parachute.

Remember that these sights are worth going a hundred miles to see, and which may never occur again in this section on account of the enormous expense. Can only be seen at Unionville fair on Sept. 16th and 17th 1896.

ACUTE DYSPEPSIA. THE NATIONAL TREATMENT IS TO REMOVE THE CAUSE OF THE TROUBLE. ONE WHO SUFFERED GREATLY SHOWS HOW THIS CAN BE DONE AT A COMPARATIVELY TRIFLING EXPENSE.

The life of a dyspeptic is beyond doubt one of the most unhappy lots that can befall humanity. There is always a feeling of over fullness and distress after eating, no matter how carefully the food may be prepared, and even when the patient uses food sparingly there is frequently no cessation of the distressing pains.

How thankful one who has undergone this misery and has been restored to health feels perhaps he better imagine than described. One such sufferer, Mrs. H. E. Worrall, of Dunbar, N. B., relates her experience in the hope that it may prove beneficial to some.

Grassed the Wrong End of the Train. An old gentleman before getting into an express at Euston tipped the guard and said: "I wish you would make sure of catching the 11:45 at Crews."

The guard went to the engine driver, who had been waiting at the tipping place, and said: "Here, Billy, this gentleman wants to catch the 11:45 at Crews."

They arrived at Crews just in time to see the 11:45 leaving the station. The gentleman went in a rage to the driver and shouted: "Weren't you told to catch the 11:45?"

The impassive driver, with a solemn wink, replied: "Yes, when you greased the work end of the train."

UNION VALLEY.

MONDAY, July 27.—Union Valley was nearly vacated on last Saturday night. Not one person to turn on the gas light. Pedestrians had to navigate by the light of the moon.

Quite a number of Hormites passed through here to attend the convention at Chazy held on Saturday night.

The grasshoppers are very thick. In some places they cannot get standing room and have to make bicycles of other hoppers to get along.

Mr. and Mrs. J. M. Wing have had the sympathy of the entire neighborhood in their sad bereavement.

Mr. Clark Wilcox and lady were visiting at W. C. Hayes on Sunday last.

Farmers in this section are all through haying.

PLUM HOLLOW. SATURDAY, July 25.—Mr. Robert Tackabery, who has been very ill for some time, is able to be around once more.

Mr. Henry Layng and family of Smith's Falls have been visiting friends in this vicinity.

Mr. Fred Hayes is doing a fine business with his bees. He has now played his first class honey for sale.

Mrs. T. Wilson is on the sick list. Huckle-berry picking seems to be the rage of the day. At the peep of dawn people of all sizes and costumes are seen hurrying to the field to get the young Woodbine honey for sale.

Mr. W. G. Towris has purchased a new windmill. Mrs. Bolton of Brockville is visiting her daughter, Mrs. W. Wilcox.

Boys, look out for the night-walkers. Miss Birdie Bissel was the guest of Miss Jessie Parish last week.

Part of Fernald's Farm is getting quite green. Mrs. M. Brown is visiting friends at Greenbush.

One of our young business men left his bicycle at the White House and one of our young ladies would have mounted, only for the vale above.

The young Woodbine campers have returned home and seem to be well satisfied with terra firma, because they entertain hopes that on some future occasion they may return.

Mr. J. D. Stoney, who was a guest of Mr. W. Rowson this week. Mr. James Algire has a new grey horse, and he don't care a whit about the old horse any more.

Rev. Mr. Scamion was calling on the members of his flock in this vicinity last week.

A number of our young people attended the social at Mr. Barlow's and report lots of salmon and pike along with a good time.

Thurs. Mr. and Mrs. O. Moore, Misses Hattie and Maggie Morris at Mr. J. H. Steacy's; Mr. T. Brown and family at Mr. P. Ducloux's.

On the public road on the Calumet Island and within a mile of the village of Bryson, a young lad coming to the Bryson school, met a bear with two cubs. When the lad saw the bears he stood still for a few moments, undecided what to do.

The animals looked at him and moved off into the bush much to his relief.

A case of some interest to farmers was decided at the Division Court sitting at Carleton Place last week. Mr. Joseph Yauil sued one of the town buyers for the price of a cow, the cow being immediately accelerated.

The arrangement are not settled yet, but it is probable that the party will leave for England early in June, and return at end of September.

This practically implies the period of the year during which a good deal of interest attaches to the expedition, for at present the interior of Spitzbergen is not well known to us.

Underground Ireland is almost unknown. M. Martel, the French cave explorer, proposes to hunt for Irish caves and to examine those he finds throughout the direction of a silver manager.

There is no use to run for corner Billie. The only time a man drops dead here is when some one goes crazy and pays him \$10 on account.

Money is so scarce in Billie that we are compelled to run for office on the installment plan—but it looks like we'll never be fully satisfied.—Atlatia Continuation.

Never Satisfied. "Well, said the weary husband to his nagging spouse, "do just as you like." "I shan't do anything of the kind, so there."

A Preliminary. Ardent Lover—Doctor Entomologist, I wish to ask you for permission to marry your daughter.

Dr. Entomologist—As soon as I have classified you.
