PUBLIC MEETING ON CIVIC MATTERS

Called By Mayor Hicks—Town in Splendid Financial Condition—Candidates Selected for Council and Mayor Chair.

The citizens' meeting as advertised for Friday evening was not as largely attended as might have been expected.

His Worship, Mayor Hicks, occupied the chair and associated with him were Town Clerk J. E. Lloyd, Councilors C. B. Longmire and A. J. Burns.

Mayor Hicks in his opening remarks stated his reason for calling the meeting and expressed the opinion that it was the duty of the Council to give a public accounting of their administration each year.

He then submitted to the meeting a statement of expenditures and receipts, each item of which was fully explained. This report was highly gratifying, showing the finances of the town in splendid condition with a net surplus for the year of \$1500 in cash and \$500 in unpaid taxes December 31st, reference was then made to taxes. The town collected over 99% of all taxes under 1923 assessment, which probably cannot be duplicated by any other town in the Province.

Mayor Hicks then gave a detailed statement of the town's bonded debt, also taking up the matter of sinking funds as applied to each particular loan. He showed that sinking funds were being well kept up and would provide for retirement of loans at maturity with the exception of one or two of the earlier issues.

In closing his remarks he expressed his appreciation of the support he had received from the Council during the year and for the very kindly manner that had always existed over the Council Board.

Mr. J. E. Lloyd, Town Clerk, was then asked to address the meeting, also Councilor C. B. Longmire, Chairman of the Finance Committee who spoke of the Mayor's reports and went into detail on the matter of sinking funds as applied to each particular loan. He showed that sinking funds were being well kept up and would provide for retirement of loans at maturity with the exception of one or two of the earlier issues.

The subject of Mayor and three Councilors for the ensuing year was discussed, resulting in the selecting of a nominating committee, who were asked to make nominations for Mayor and Councilors.

The committee appointed were W. A. Warren, Dr. A. A. Deelman, Karl Freeman and R. J. Messinger.

On motion the meeting approved of this committee and requested by them the candidates selected heretofore and others expressed their appreciation of the administration of the Town Council, and complimented them on the splendid financial condition of the town.

Committee selected their candidates Saturday morning and filed them with Town Clerk Lloyd.

Mayor—Henry B. Hicks.
 Councilors—A. J. Burns, O. C. Jones, Angus McDonald.

MIDDLETON WINS FIRST CONTEST

Shuts Out Locals 7-0, Game Interesting Locals Lacking in Team Work

On Friday Night Hockey enthusiasts had their first opportunity of the season of witnessing the local players in contest with an outside team the Middleton exponents of the game.

The visitors carried off the honors with a score of seven goals, shutting out the local team. The game however was fast and very interesting in spots and not so one sided as the score would indicate. Cleveland in goal for Middleton was a stone wall of defence and turned many shots.

The visiting team played much better combination than the local players and team work is what counts. Too much individual play and too little combination has been a serious defect of local hockey for some seasons.

Middleton shot a goal about a minute after the beginning of the first period but there was no further scoring till the second period when the visitors scored three following up with the same number of goals in the final. John "Cappy" Roberts refereed to the satisfaction of all.

The line up of the teams was as follows.

Chief Bishop Has Narrow Escape

Mr. Bishop Also Shares in Peril When Their Kitchen Range Explodes.

Chief Bishop and Mrs. Bishop both had a very narrow escape from instant death on Sunday morning when an explosion occurred in their kitchen. The Chief had started up the fire and had just gone down stairs to tend the furnace and Mrs. Bishop had gone into the sitting room when a terrific noise was heard in the kitchen. Hurrying up Mr. Bishop found the range broken into possibly a few hundred pieces the flying iron and steel broke panes out of two windows, while large portions of broken stove drove holes through both walls and ceiling.

The wreck of the range was about as complete as anything could be made and had the explosion occurred but one minute earlier both Mr. and Mrs. Bishop would have been in the kitchen at the time and could scarcely have escaped very serious if not fatal injuries. The cause of the explosion was no doubt due to freezing up induced by the extremely severe weather.

SPECIAL SERVICES AT PARADISE

Pastor Smith Assisted by Mr. Herman A. Spinney of St. John—Social Events and Personal Items.

Paradise.—The ministers who attended the Annapolis County District Quarterly which met at Paradise Jan. 21st and 22nd, were Dr. M. W. Brown of Port George; Rev. D. W. Wilson, of Middleton; Rev. P. Allen of Nietaux. Rev. A. J. Prosser, of Bridgetown. Rev. A. Gibson, of Annapolis, and Mr. Hartlin, of Hillsburn and Litchfield. Mrs. M. W. Brown who attended the quarterly with Dr. Brown for the first time was heartily welcomed, especially to the session of the Women's Missionary Society, Mrs. Brown made many new friends while in Paradise.

A season of Evangelistic services are now on here. Rev. W. Steadman Smith is being assisted by Mr. Herman A. Spinney of St. John, who will be in charge of the song services. Afternoon prayer meetings will be held for an outpouring of the Holy Spirit's power and a manifestation of God's blessing to be realized such as has been experienced at West Paradise during the several weeks of services there.

Rev. and Mrs. H. W. Robinson gave a party to Miss Boss on the evening of Jan. 25th. When they entertained a half dozen couples. A short program of music was furnished by Miss Bessie Durling and Miss Boss and the balance of the evening was spent in games. Refreshments were served by Mrs. Robinson.

Mr. and Mrs. Reginald Mason and family expect to leave Paradise Feb. 1st for their new home in Michigan City, Indiana, where Mr. Mason will engage in construction work. Relatives and friends here certainly regret to lose this family from the life and community interests here, but nevertheless wish them every success and satisfaction in their life and home elsewhere.

Miss Sara Longley, after spending a month's vacation at her home here, is returning to Boston, Friday, Feb. 1st, to take charge of a ward in the Boston City Hospital. Miss Longley graduated from the Boston Hospital, Dec. 30th, 1923, receiving a gold medal for scholarship. She was also able to make the best record in laboratory technique for which she received a recognition in the form of a ten dollar gold piece.

Because of Evangelistic services during the week the Literary Society will meet this week at the home of Col. and Mrs. C. E. Bent Saturday evening, Feb. 2nd, instead of Monday, Jan. 28th.

Mr. Worthly returned to his home Jan. 26th after spending several weeks at the Middleton Hospital.

Mrs. J. W. Sproule entertained her Sabbath School class of young girls at her home on the evening of Jan. 23th.

Miss Edna Cummings, of Annapolis Royal, has been visiting for a few days at the home of Mr. and Mrs. Caleb Gillis.

On Saturday Mrs. B. Shaffner gave a dinner the guest of honor was Mrs. S. Shaffner, Mother of our popular Surgeon Dentist.

Some of the business firms now now send out for orders which are carefully attended and promptly delivered. This is a great convenience to people who by reason of age, illness, or storms, are unable to get out and transact business for themselves. Though cold the churches are pretty well attended. The stores now have in a supply of good vegetables at very reasonable prices. Butter and eggs are also found in large quantities and cheaper than last month.

Methodist Sewing Circle met on Monday night at the Mission House. Though the storm raged, yet a number of the faithful, fearless workers were at their posts. Old Boreas was very rude. He tore off one of the ladies hats, nothing daunted by blast or drifting snow, the owner struggled after it. As the hat went due South towards the river fortunately the hotel garage stopped the run away.

Wednesday a supper was held in the vestry of the Baptist church, the night was cold, yet it was well attended. Everything was very dainty and cooked to perfection, as our ladies always do. Between \$36 and \$40 was taken.

The Cantata "Esther is to be repeated in Middleton at an early date.

Mr. and Mrs. I. Durling were guests at the home of their daughter, Mrs. R. Mason, Paradise.

Mrs. F. Porter, who has been visiting friends in Bridgetown, is expected home this week.

Methodist Sewing Circle met at the home of Mrs. J. B. Hall.

Ladies of the Anglican Church served tea on Saturday at the Demonstration Building.

REDUCTION OF LETTER POSTAGE

The question of a reduction of letter postage from three cents to two cents is attracting considerable attention throughout the county and many feel that the present is an opportune time to have this reduction put into force.

It is argued that the 3 cent rate was really arrived at by adding the extra cent as a war time measure and for that reason it is now agreed that the original two cent rate should be restored. Special excise stamps have for some months had to be affixed in the case of cheques and a few other things in place of the regular postage stamps thus keeping the latter to their original functions.

Some will say the war is not over yet, in so far as feeling its effects financially, at least. This is very true. So that after all the question of reduction or non-reduction of postage is with governments very largely a question of which will produce for them the most revenue a two cent or a three cent rate. The Postal Department as noted in the extract printed below has not the power of making the change. That rests with the Finance Department of the government.

It may be argued because a certain proportion of stamps for letters they will say that the higher rate will give the bigger revenue. Whether this argument will hold good is debatable. When postage was reduced to 2 cents per letter the Post Office Department soon overcame the handicaps and presented respectable and growing surpluses. The difference in rates per letter would be only one cent still it was surprising how the sale of stamps increased with the lowering of rates. The same process of lowering is well worth trying again.

The extract given below tells one reason why the rate has not been lowered before this:

That the Canadian postal rate remains at 3 cents on letters is not the fault of the Canadian Postmaster-General can be illustrated by an excerpt from an address which the Honorable Charles Murphy made at the International Postal Conference at Ottawa, on December 25th, last year, as follows:

"There is another subject not included in the program to which brief allusion may be made. I refer to the suggestion that the domestic rate of postage on letters in Canada might be reduced from 3 to 2 cents. The fact that such a reduction was made in the United States a few years ago is often cited as a reason for similar action being taken in this country. As there seems to be an impression that the suggested reduction is desirable to the jurisdiction of the Post Office Department, it is desirable to point out that such is not the case. The increase from 2 cents to 3 cents in the Canadian domestic rate on letters was due to the Special War Revenue Act of 1915, which provided that in addition to the postage payable in the form of a postage stamp, there should be a tax of one cent imposed on every letter and postcard mailed within Canada. A return to the former rate of 2 cents is therefore possible only when the special war tax of 1 cent is repealed. That is a matter to be determined by the Finance Department, and not by the Post Office Department. Its determination rests, of course, on considerations of revenue and policy that are within the special purview of the Finance Department."

While such are the facts, the Post Office Department is both willing and eager to assist in removing the one cent war tax and restoring the 2 cent postage rate.

The 3 cent rate in Canada is a war tax to the extent at least of the 1 cent additional rate which was added to our letter postage during the war. It's time that a good many of these war taxes were abolished, but first of all we think, the extra postal rate. The war is over and while there still remains a great deal of expense being shouldered to us by it, that expense is nothing like equal to the extra taxation which was imposed during the war and still remains.

CANNOT MINIMIZE PULPWOOD EXPORTS

An effort is being made in the United States to minimize the heavy increase in the volume of imports of pulp wood from Canada by that country during the past year. While the total for the 12 months ending November 30th, 1923, was 1,416,558 cords as compared with 971,967 in 1922, the statement is made by the American Paper & Pulp Association that "the 1923 imports were merely sufficient to compensate for the abnormally low imports of 1922". It is further stated that the 1923 figures show an increase of only 200,000 cords above the average in the past four years.

While this is true as far as it goes, it is equally true that as between 1922 and 1923 there was an increase in the pulpwood sent out of Canada to the United States mills of over 444,000 cords, or close to 50 per cent. advance for 1923 over the previous year. It is also true that the United States took some 400,000 cords in 1923 over and above the average for the past ten years or so. Part of this increase during 1923 was due to the threatened embargo on the export of pulpwood from Canada, as indicated by the fact that in the latter part of the year, when the Canadian Government was good enough to allow an export of 99 per cent. of the cords of United States over such an embargo imports dropped considerably.

It remains true, however, that sufficient wood went over to the United States from Canada in 1923 to enable the mills in that country to produce well over 900,000 tons of newsprint, and that the average for the past four years produced in the United States from Canadian pulpwood exceeded 800,000 tons of newsprint. Thus, Canadian pulpwood sent over to the United States in 1923 produced about 75 per cent. of the total amount of newsprint manufactured in the same year in all the paper mills of Canada. It is futile, therefore, for any attempt to be made to suggest that the volume of export of pulpwood from Canada can in any sense be disregarded as unimportant, either in relation to the total amount of wood still available in this country, or to the amount that is being utilized by Canadian mills for their own purposes—Financial Post.

OTTAWA—Hon. Thomas A. Low Minister of Trade and Commerce, today received assurances from the French government through the French Consulate in Montreal that interest of twenty per cent in taxation which is now before the French parliament will not apply to customs duties.

MAY FEED GERMANY

Kansas City Star: France, which was complaining of being isolated, remains isolated by its own choice. The French Government will continue to play a lone hand, which is what it wants to do. Its military and economic pressure on Germany will continue to produce the results France wants—not reparations, of course, but German prostration, the break-up of the Reich, perhaps social revolution. Meanwhile, it is probable the United States will have to feed the German population this winter.

INFLATION NO CURE

London Daily Mail: There is no evidence that by debasing the pound employment will be increased. There is only one royal road to the increase of employment, and that is to lower costs of production by drastically cutting down taxes and rates and by avoiding suicidal Labor disputes. What is happening in Germany shows that the country which willfully plays tricks with its money has to suffer bitterly in the end. The first victims of such tricks are the middle and intellectual classes. For them the sudden lowering of the value of the pound means misery and may even mean starvation.

NEWS TO US

Perth (Australia) Western Mail: In Canada, for instance, there are many turvy economists, who have been urging the farmers to demand and fight for a cost-plus-profit system. Who is there who could not wish the wheat grower such a boon with a full heart? Unfortunately such a system is too Utopian for serious consideration. The whole world would be grain growing under such a system if it were practicable. We are reminded of Hotspur's ironic reply to Glendower's boasting: "I can call spirits from the vasty deep, but will they come when I do call them?" The farmers may demand any price they like, but will it materialize when demanded? Of course not.

H Halifax Will Not Contribute, N. S. F. A. Wants Exhibition Re-established Elsewhere.

Antigonish—The closing session of the 28th annual convention of the Nova Scotia Farmers' Association was held Wednesday evening. A paper on "The Principles and Practice of Co-operation" read by George Keen, Secretary-Treasurer of the Co-operative Union of Canada and Editor of the Canadian Co-operator, Brantford, Ont., evoked considerable discussion. "Some Cheaper Methods of Feeding Nova Scotia Live Stock" by Prof. W. S. Blair, Supt. Experimental Farm, Kentville, was a practical and comprehensive presentation of the problems confronting the live stock producers and contained much valuable information. W. B. MacCoy, K. C., Secretary In-L and Immigration, Halifax, dealt with the immigration question from the view point of the Agriculturist. "Preparation of Sheep and Lambs for the Market" was the subject of an address by F. W. Walsh, Dominion Live Stock Branch and illustrated the many advantages accruing to the proper preparation of his product for sale. Many important resolutions were adopted during the closing of the session amongst which was one moved by H. W. Corning, M.P.P., and seconded by Wm. O'Brien, to the effect that the provincial government be commended for its action in having provided \$200,000 towards re-establishing the Provincial Exhibition at Halifax, and recommending that the government take steps to re-establish the exhibition elsewhere, if the city of Halifax fail to make immediate provision for its share of the necessary expenditure. A unanimous vote of thanks was tendered the members of the Antigonish County Farmers' Association, and the members of the town and

FATAL ACCIDENTS IN MARITIMES

More Deaths From Drowning Than There Were in Motor Accidents.

Deaths from drowning in the Maritime Provinces last year were three times as many as those from motor accidents, was the statement of Capt. O. P. Saunders of the Canadian National Safety League speaking at the Commercial Club luncheon. He said this was quite contrary to accepted opinion, as many thought motor cars were responsible for the largest number of fatal accidents, but the facts were that they came ninth in the list of the 443 fatal accidents in the Maritime Provinces last year, due to preventable causes. Drownings headed the list with 75; fractures with 49; burns, 49; other external injuries, 49; falls, 44; fire arms, 27; crushing, 24; confagurations, 22; motor cars, 19. Captain Saunders said that the practical efforts up to the present time were very much like Mark Twain's reference to the weather: "a great deal is said about the weather, but very little done about it." Now however as a result of the success which had attended the work of the Canadian National Safety League in Ontario, the Federal Government had given a grant of \$25,000 for the work throughout Canada. In order that the maximum amount of results might be achieved with the funds at their disposal it was planned to have one large strong effective branch for the three Maritime Provinces with headquarters at Moncton. Capt. Saunders is now organizing that branch.—Chronicle.

Here and There

A new record has been established by the Department of Marine and Fisheries in the number of white fish eggs collected for hatchery purposes in the Great Lakes and the Lake of the Woods. A total of 461,560,000 eggs were obtained, which exceeds all previous collections in the province of Ontario.

A new deposit of soapstone has been discovered on Trap Lake, a small lake south of Wabigoon Lake, in northwestern Ontario. The quality of the stone has been reported as excellent for various industrial uses, and practical trials are under way. Water transportation is available direct from the deposits to Wabigoon and Dryden, on the main line of the Canadian Pacific Railway.

It is announced by the Canadian Pacific Railway that two free scholarships covering four years' tuition in architecture, chemical, civil, mechanical or electrical engineering at McGill University, are offered, subject to competitive examination, to apprentices and other employees enrolled on the permanent staff of the company and under 21 years of age, and to minor sons of employees.

Canada's fisheries' production during 1923 is estimated to be worth \$40,000,000. At the beginning of the year it was thought that anything like this mark would be reached, for the Fordney tariff had cut deeply into exports to the United States. But as the year wore on the demand and prices generally improved, thus giving fishermen along the Atlantic coast especially a much better market.

Approximately \$5,000,000 will be spent by the Dominion Coal Company to open up a new mine and colliery at Langton, Nova Scotia, and construction of a branch line of railway to the new site has already been started. The new colliery will be equipped with every modern device, and a model town will be planned in its vicinity. It will have a capacity of some 2,000 tons daily.

The tenth annual Ski Tournament will be held at Exeter, N.S., February 5th and 6th, in connection with ski-joring, tobogganing, snowshoeing, skating, etc., will be featured. An endeavor is being made to secure the attendance of Leo Hilstrom, Sweden's champion ski-jumper, as well as other famous ski-jumpers from both Canada and the United States.

Canada in 1923 produced more coal, lead, cobalt and asbestos than during any other year since mining records have been kept. The output of coal was in the neighborhood of 17,300,000 tons, or 635,000 tons better than the best previous record, and 2,000,000 tons over that in 1922. The output of copper, nickel, cement and asbestos was also much above that for the preceding years. Gold production was down somewhat, but this was due more to a power shortage than anything else.

As a result of efforts on the part of Hon. J. A. Robb, Minister of Immigration and Colonization, a 20 per cent. preference rate on Atlantic passages for all British immigrants sailing in Canada has been arranged to come into effect on March 1 and continue until the end of the main immigration season at the end of November. It will apply only to British immigrants coming direct to Canada from the British Isles, and will affect all lines coming to Canadian Atlantic ports.

Three delightful cruises have been awarded to agents of the Canadian Pacific Railway for services rendered the company during the past year. One of them, J. J. Foster, general agent at Vancouver, will attend a round-the-world cruise on the "Empress of Canada"; W. C. Casey, general agent at Winnipeg, will spend sixty-eight days cruising the Mediterranean on the "Empress of Scotland"; while D. R. Kennedy, general agent at Buffalo, will enjoy a twenty-nine-day cruise in the West Indies on the "Empress of Britain." The trips were awarded by the company in recognition of last year's work in connection with cruise bookings.

BUYING BY MAIL

How would you like to journey to the nearest city for a pound of sugar or a yard of muslin, or a spool of thread? And how would you like to make the trip when you have a prescription filled in a hurry, with death running you up a race? You would make some noise if forced to such an extremity—and then more noise. You would say—and justly so—that a town in which you cannot buy a pound of sugar, or a yard of muslin or a spool of thread, or even get a prescription filled, is a mighty poor excuse for a town and not worth living in. Yet our merchants can only afford to keep these things for your convenience as long as you buy other things from them. It is not doing the town any good to buy the little things here and then chase off to a city or send to a catalogue house when you want something on which the merchant has a chance to make a dollar. Neither is it doing you any good for the prosperity of each citizen is dependent to a large extent upon the prosperity of the community as a whole. We are not telling you something you do not know. We are simply refreshing your memory in hopes the time may come when our people will conclude that a town that is worth living in is worth trading in.

ANNUAL MEETING AT ST. JAMES' CHURCH

Business Meeting Parish of Bridgetown Unqualified Success Officers Elected.

This annual business meeting held in St. James' Church school room on Monday evening last as part of a social evening programme, was an unqualified success.

The Rev. Canon Underwood, was in the chair. The churchwardens accounts showed a balance on the wrong side of the ledger, but the outlook for wiping this out, and making progress was reported as good.

The election to the various offices resulted as follows:

Churchwardens—Messrs. A. F. Hiltz and J. H. Dand. Vestrymen—Messrs. C. Wheeler, A. FitzRandolph, E. J. Nichols, A. Wood, B. W. Spurr, H. LeM. Ruggles, F. Fitch, J. Longmire, W. E. Gesner.

After other miscellaneous business had been transacted a short musical programme was given in which Mrs. H. Ruggles, Mrs. H. McKenzie, Mrs. Fisher, Mr. C. E. Wheeler, and Capt. Carol took part.

The ladies of the Episcopal Church held a supper at the residence of Mr. and Mrs. George D. Chisholm on Wednesday evening, 23rd inst.

KARSDALE

The ladies of the Episcopal Church held a supper at the residence of Mr. and Mrs. George D. Chisholm on Wednesday evening, 23rd inst.

Large quantities of pulpwood are being hauled out to the water front for shipment, whilst the Halifax and Southwestern is moving many car loads.

Glad to report H. H. Anthony improving. John K. Winchester is at the Victoria General Hospital for treatment.

GOOD CHOICES MADE FOR MAYORALTY AND COUNCIL BOARD IN BRIDGETOWN

The civic situation in Bridgetown has been very quiet and the first movement came on Friday when a nominating committee was appointed to suggest suitable candidates. These were selected and endorsed by the public meeting called. Whether there will be an election contest or not cannot be told at the moment of writing. The choice made by the nominating committee appears a very good one indeed, so good that the necessity of a contest appears eliminated. Mayor Hicks has made an excellent record, and on the grounds of usual courtesy as well as on the one of being an alert and active administrator would naturally be returned by acclamation. Councillor Burns has given good and careful service. While the new nominees, Messrs. O. C. Jones and Angus P. McDonald, are progressive business men who would do credit to seats at the Council Board.

FOOT AND MOUTH

Disease in Britain Means More Exports from Canada

SASKATOON.—The heavy toll taken by the foot and mouth disease in Britain should mean that Canada will have an increase of exports of stock this year, said H. S. Arkell, Dominion live stock commissioner, speaking yesterday to the convention of Saskatchewan agricultural societies.

SUSPENDED SENTENCE PASSED IN CHARGE OF INTENT TO KILL

LUNenburg.—The County Court, presided over by Judge Margeson, was in session yesterday and today. There were two criminal cases, one being a case of assault brought by Mrs. Bernard Falkenham against Harold Covey. She is his housekeeper. Mrs. Covey died some time ago, being the owner of some property which she left in Trust to the Eastern Trust Company for the maintenance of her children. Mrs. Falkenham is looking after them under agreement from the Trust Company. The charge was that she used a knife with intent to kill. D. F. Matheson was the Crown prosecutor, and A. H. Russel for the defendant. The evidence was somewhat conflicting, and the judge severely reprimanded the prisoner and let him off for two years' suspended sentence.

Fred Hanson faced three charges—carrying concealed weapons, attempting suicide, and using a revolver on a man from Mahone Bay by the name of Nass. The prisoner was acquitted of the first two charges, but sentenced to seven days in jail for using a revolver. Hanson heretofore has borne an excellent character but has been living at Mahone Bay, and it is said is the victim of a number of enemies.

D. A. R. ADD TWO FINE CARS TO PASSENGER SERVICE

The "Annapolis Royal" and "Grand Pre", the two cars just purchased by the Dominion Atlantic Railway for use in the passenger service between Halifax and Yarmouth, have arrived in Kentville and are real beauties. These cars are parlor, buffet and observation combined. A smoking department, also a commodious ladies' dressing room add to the many conveniences. The buffet equipment is exceptionally fine, a gas range being used for the cooking. The cars excel in their appointments being electrically lighted. Comfortable wicker chairs give a cool and inviting appearance for Summer use. The upholstery is in green. The interior finish is mahogany, and the outside Tuscan red, with the names in neat gold lettering. An especially pleasing feature of these cars is the observation platform, with illuminated dome. This will meet with instant approval and favor and will add very much to the enjoyment of travel thru the beautiful Cornwallis and Annapolis Valley in apple blossom time and other seasons of the year.

CHESLEY'S

CLEMENTSPORT

Clementsport.—The annual meeting of St. Clements' Parish, was held in St. Matthew's Church, Deep Brook, on Monday afternoon at 2 p.m. A good representation was there from the different parts of the Parish, Victory being the only section not represented, due to bad roads.

The meeting opened with the singing of a hymn and prayer by the Rector, Rev. A. W. L. Smith, who was in the chair. The minutes of the last annual meeting were read and adopted. The reports of the Rector, Wardens, Chapel Warden, Guilds, Sunday Schools and Committees were all excellent and especially so considering the business conditions and depleted population of sections of the parish.

The majority of reports showed balances on the right side. A new Litany Desk had been given by St. Matthew's Guild to the Church and had been dedicated. A new iron fence had been placed around St. John's Church, of Bear River, and the school, and paid for by the St. John's Guild. A furnace had been placed in the same church, cellar made, and chimney built, and the St. John's Guild had the matter of raising funds for that purpose. The old historic graveyard at Clementsport had been cleared, seeded down and put in excellent condition by the graveyard committee. Several special services had been held, and in general, progress both spiritual and financial had taken place.

As the result of the election of officers for 1924, the old ones were returned with congratulations for their excellent work in the past. They are:

Senior Warden, L. V. Shaw, Clementsport; Junior Warden, John Farquhar, Bear River; Chapel Wardens, St. Edwards, R. W. Caffery, Clementsport; St. Matthews, W. H. Spurr, of Deep Brook; St. John's, Mrs. George Harris, Bear River; St. Andrew's, Freeman K. Darras, Victory; Vestry Clerk, Geo. Dilmars, Deep Brook; Auditors, S. J. Porter, W. M. Romans, R. V. Dilmars.

The following were elected as representatives to the Synod: Delegates, W. G. Smith, S. J. Porter, Clementsport; substitutes, L. V. Harris, Bear River; R. V. Dilmars, Deep Brook.

Votes of thanks were tendered the Vestry Clerk for his excellent work; to the three Guilds for their great assistance; to the two lay-readers, W. G. Smith and L. V. Harris for their services; and to the congregation of St. Anne's, Smith's Cove, for their gift of \$40 for missions.

Another most successful meeting of St. Clements' Parish was closed with the benediction.

The travelling public between Clementsport and Clementsvalle will be very grateful to the Highway Board if the two bad holes in this much travelled road, between the two places are filled in and repaired. Already an autoist has broken a spring at one of them, and a serious accident may occur at any time. As the matter has been reported, and nothing done, publicity of the press can greatly assist in the matter.

On Monday evening, Jan. 21st, the annual meeting of the Methodist Church was held at the residence of Mr. H. Hicks, Rev. M. H. McIntosh was in the chair. Excellent reports were presented. The past year had seen the Church painted, a new and lasting iron fence placed around the front of the graveyard, and the sheds repaired. The following are the officers for 1924: Trustees, Elias Rawlins, J. N. Berry, Forbes Tupper, H. Hicks and Geo. Potter; Treasurer of the Church, Capt. Elias Rawlins; Secretary-Treasurer, Graveyard Committee, Fred Jones.

Several members of the deputation expressed themselves as encouraged by the interview but there is a firmly expressed desire that a still larger deputation be organized and brought to Ottawa when parliament is in session to bring the case of the depositor, before the whole House.

KEEP LITTLE ONES WELL IN WINTER

Winter is a dangerous season for the little ones. The days are changeable—one bright, the next one cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or grippe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach, each an aperient and drive out colds, and by their use the baby will be able to get over the Winter season in perfect safety. The new sales tax will not increase the price of Baby's Own Tablets, as the company pays the tax. You can still obtain the Tablets thru any medicine dealer at 25 cents a box, or by mail, post paid, from The Dr. Williams' Medicine Co., Brockville, Ont.

DEPOSITORS OF HOME BANK ASK FOR INDEMNITY

OTTAWA.—Confronted with a deputation representative of all the depositors of the defunct Home Bank the entire King Cabinet this morning was asked to indemnify the depositors in full against any loss which may otherwise be incurred by reason of the failure of the bank.

When asked pointblank what plan they had to suggest, I. E. Weldon, liquidator, and also a number of the depositors committee said the most feasible plan that had occurred to them was that the Government should extend a credit of \$17,000,000 to the associated banks of Canada.

Out of this credit of \$17,000,000 the associated banks would immediately pay to the depositors of the Home Bank \$5,500,000 which it was estimated would make up the shortage between what the assets will probably realize and what is owing to the depositors. The remainder \$8,500,000 would be used by the banks for investment purposes, yielding the Government five per cent, and earning for the banks say seven per cent. This would bring in a net profit of say \$85,000 a year which amortized over a period of forty years would make up the \$8,500,000 provided to pay the depositors in full. Contrary to expectation the meeting was held in private. Those speaking for the depositors were R. J. McLaughlin, K. C., Toronto; J. P. Edgar, K. C., Toronto; I. E. Weldon, Lindsay, W. T. Kernahan, Henry Weinfeld, Montreal; A. B. Campbell, Toronto, Rev. Father St. Clement, Toronto, and V. A. Sinclair, Tilsenburgh. Reference was made by Mr. McLaughlin to the revelations made to Sir Thomas White in 1916 respecting the condition of the Home Bank and the fact that it was deemed inadvisable then to force the bank to go into liquidation. It was further pointed out that had the bank gone into liquidation at that time the deposits amounted to about \$9,000,000, whereas in 1923, when the bank was forced to suspend payment, the deposits amounted to \$17,500,000 outside of Government advances.

The point was stressed throughout, that if, as may fairly be admitted, the Home Bank was permitted to continue doing business, although its true condition was known to the Department of Finance then the Government of Canada should assume any loss which the depositors might have to sustain as part of their contribution to the public welfare during the war.

PREMIER KING REPLIES

At the conclusion of the interview Premier King refused to make any statement, leaving it to the members of the deputation to give out what information they desired. He did say to the deputation before it dispersed that the Government was fully seized of the hardships which the failure of the Home Bank had entailed, and were in every sympathy with the request which had been made. He promised that the Government would take the whole matter into its earnest consideration.

When asked by Mr. Weldon whether an answer could be expected within a month the Premier replied that in all probability the answer of the Government would not be made until Parliament had assembled, and he preferred that it should be made on the floor of the House of Commons.

SEVERAL MEMBERS OF THE DEPUTATION EXPRESSED THEMSELVES AS ENCOURAGED BY THE INTERVIEW

Several members of the deputation expressed themselves as encouraged by the interview but there is a firmly expressed desire that a still larger deputation be organized and brought to Ottawa when parliament is in session to bring the case of the depositor, before the whole House.

BISHOP FALLON'S VIEW OF BANK SITUATION IS ENDORSED IN WEST

WINNIPEG.—"It is true, every word of it," was the declaration of Arthur English, chairman of the Manitoba depositors of the Home Bank when he was interviewed at his home last evening concerning the open letters of Bishop Fallon, of London, to Hon. W. Mackenzie King on the banking situation. "More power to his elbow."

Bishop Fallon is just starting things. He has his subject down pat and has not spoken without spending much time in gathering the information from which he speaks. "Previously the people have been unorganized but now in the east the Home Bank depositors are 100 per cent organized and in the west they are pretty well organized and full of pep and are going to press the matter. It is a serious affair and unless something is done quickly I believe matters will become worse."

It has been generally believed by the public, he said, that the Federal Government was behind the chartered banks and guaranteed the deposits. There were hundreds of people in the west who had thousands of dollars tied up in the bank failure brought on by the speculations of high officials of the Home Bank. It was a crime that such a thing should happen.

When asked concerning action of the Union Bank of Canada and the Standard Bank officials in writing off losses, he said that he had little knowledge of the Standard Bank, but admired the courage and business-like manner in which the Union Bank had met their losses. That was his personal opinion.

The Bank Act was to be altered, but it should be in such a manner as to prevent even the semblance of a panic in Canada. Bad as it was in the present form, Mr. English declared, it was much preferable to the system of the United States.

TORTURES OF SCISSORS

Relieved by Enriching The Blood

Sciatica is neuralgia of the nerve and the treatment same as for other forms. Sciatica is stubborn in its nature and the patient suffers for years.

So many cases of sciatica have been relieved by Dr. Williams' Pink Pills for Pale People that every sufferer is finding this treatment a relief. Dr. Williams' Pink Pills relieve pain—they cure cases caused by weakness. Thus they are beneficial to even the most obstinate cases. Their value in kind is shown by the testimonial of Miss Lizzie Freeman, Ontario, who says: "I was bedridden for seven weeks. What I suffered is almost impossible to describe. The doctor did for me, and yet I was not better, and he told me I was likely to leave my neighbor who was in a similar condition. I had tried Dr. Williams' Pink Pills and after taking them I found they were helping. I tried taking the pills taken nine days, when I walk as well as ever. I was fully restored. In these pills have done for me. If you are suffering from sciatica due to poor, weak nerves, begin taking Dr. Williams' Pink Pills now as your strength and health. The new sales tax will not increase the price of Dr. Williams' Pink Pills. The price of Dr. Williams' Pink Pills is 50 cents by mail, post paid, at 100 cents a box. WEDDING

Walker-Morse.

A very pretty but quiet wedding was solemnized at the home of Mr. and Mrs. J. P. Morse, Granville St. East, Bridgetown, N. S., on Saturday morning, January 26th.

The home was very prettily decorated for the occasion, the color scheme being yellow, white and green.

The ceremony was performed by the Rev. A. H. Whitman, of Lawrencetown, Miss Georgie Ballcom, of Margaretville, rendered beautifully Mendelssohn's wedding march.

Following the ceremony, a very dainty breakfast was served, after which the happy couple left on the east bound train for a short wedding trip.

The bride was the recipient of many useful and costly gifts, prominent among which were several substantial checks.

A few days previous to the wedding, the bride was tendered a most unique and interesting shower at the home of Mr. and Mrs. E. C. Hall.

NO RUSH TO FARM AT \$15 A MONTH

One British Harvester Demands \$65 Plus Board and Laundry

FAMILY FARES

Australia Would Carry Children Free or at Half Price.

Toronto.—The unemployed British harvesters have not as yet displayed any enthusiasm for the plans to secure employment for them arranged at a special meeting of their representatives and the Ontario Employment Bureau on Tuesday.

Farm work was to be provided for all single men at \$15 a month for the first or trial month, and after for twelve months at current farm rates.

But three have signified their willingness to go. One was willing, provided his wages after the initial month with board and washing be thrown in gratis. He would not be satisfied with less.

"We are very much disappointed with the failure of the organized British harvesters to accept the farm positions we have secured for them in accordance with the agreement we reached with their representative at the beginning of the week," stated H. C. Hudson, general superintendent of the Ontario unemployment offices yesterday. There are about 5,000 men in the city now seeking employment.

GENERAL NEWS

There are over a hundred thousand radio users in Canada and the problem before the Department of Marine, which supervises this service, is how to assist the broadcasting stations upon which receiving sets rely for their service. At the beginning of 1923 broadcasting stations numbered 63. Early in 1923 the number fell to 26, but at present is 38. It is figured that over \$2,000,000 is invested in receiving sets, the manufacture of which has developed into a profitable industry.

So many political prisoners had escaped recently from the fortress of St. Julian, in Spain, that an investigation was made. The authorities learned that some years ago a prisoner escaped by cutting a hole in a wall and digging a tunnel to a point outside the prison. The wall was filled up by a bricklayer among the prisoners. This man, possessed of imagination, stopped the hole with thin boards which he covered with plaster, and announced a finished job. Subsequently he was freed, but he waited until certain of his friends were in confinement in the same fortress and then smuggled in a letter telling them the secret of the thin boards which he alone knew.

Leaving out of a bathtub in her home at London, Ontario, Sunday, to move an electric heater which stood by Mrs. David Williams, aged thirty-nine years, was electrocuted. It is claimed that the insulation had been impaired on the heater, and that when Mrs. Williams stood in the tub she was in direct contact with the earth by means of the pipes that ran to the sewers, and therefore received the full force of the current. Hearing her screams her husband ran to the bathroom and found her standing, half-conscious, with the heater in her badly-burned hand. In resuscitating her Mr. Williams also sustained a severe shock. Dr. Copeland was summoned, but Mrs. Williams died in a few minutes. She is survived by her husband and two daughters aged 11 and 13 years.

PUBLIC HEALTH SERIES

In the second of this series we issued a "call to arms" to those who are in a grim battle but fail to realize it—the battle with disease and especially against tuberculosis.

As you know, this war, like any national fight, is carried on by the "government", that is by the people themselves through the men they have chosen to spend their money to best advantage and to make their laws.

The "War Department" or the "Public Health Department", we call it the "Public Health Department". Its head office is with the other government offices in our capital city, Halifax.

Our Health War Department has a motto, which you will see at the head of each of these "calls" or letters of instruction appearing in your paper. The department has its "Commander-in-Chief", so to speak, that is, a Head Officer, with a few assistants; unfortunately too few, as yet, because the people do not care to spend much money on a war when they hardly know they are in it!

The officers gather all the knowledge they can about tactics, and about the actions of the enemy, and from there they send out information and instructions to their lieutenants and to the whole army—that is to YOU, the officers also travel about over "the field" (all of Nova Scotia) visiting the points where a special stand is being made against the disease-enemy.

Such as hospitals and sanatoriums; but they visit oftenest those outposts of which we are to tell you today. These have not been very long established, not so long as the hospitals and sanatoriums, and perhaps you do not know as much about them; but they come nearer to you than either, and are easier and cheaper for you to use. They have been called "clinics", though a better but longer name for them is Examination Stations.

Have you ever been in your County Clinic? Do you know where it is held? This letter from your Health War Headquarters is to tell you that the main purpose of these clinics is as "Outposts of Defence" for you against the enemy, disease; and that your duty, as one of the health army, is to go to the clinic for examination, and to get everyone else you can to go, especially anyone who is not so strong as they should be, any person who is under weight, or who cannot run and play and work without getting tired; anyone who has a cough, or who often takes a cold and finds it hard to get rid of; children who do not breathe freely through their nose, or who have troubles with their tonsils or adenoids; and those who do not see as well as they should. Everyone, especially the young, who is not in absolutely perfect health, is in danger from the enemy which may be creeping up to them unawares. But if you are AFRAID of that enemy,

Mrs. McMahon Tells How She Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Chatham, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for a run-down condition after the birth of my baby boy. I had terrible pains such as backache, and was tired and weak, not fit to do my work and care for my three little children. One day I received your little book and read it, and gave up taking the medicine I had and began taking the Vegetable Compound. I feel much better now and am not ashamed to tell what it has done for me. I recommend it to any woman I think feels as I do."

—Mrs. J. R. McMAHON, 153 Harvey St., Chatham, Ont. Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has for nearly fifty years been restoring sick, ailing women to health and strength. It relieves the troubles which cause such irregularities, tired, worn-out feelings and nervousness. This is shown again and again by such letters as Mrs. McMahon writes, as well as by one woman telling another. These women know, and are willing to tell others, what it did for them; therefore, it is surely worth your trial.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for a free copy of Lydia E. Pinkham's Private Text Book upon "Aliments Peculiar to Women."

Buy Sydney Basic Slag

In preference to foreign goods, and help build up Canadian industry. The farmer who buys a ton of either English or Belgian Slag, when he can fill his wants with Basic Slag manufactured in Canada, is

1. Depriving a fellow countryman of the wages which would be expended in producing these goods.

AND ALSO

2. Depriving our own Railways, the Canadian National, etc., of increased revenue they would gain by hauling these goods to Sydney instead of Halifax or St. John.

Prosperity in our Country depends on the cooperation of all classes. If we buy Canadian Made Goods, the farmer will have better market and better prices for his products. The manufacturer and farmer should work together for mutual benefit, therefore

BUY ONLY BASIC SLAG MANUFACTURED IN CANADA

If you can buy a carload of at least 25 tons and pay cash, we make you a specially low price, or if it would be a convenience to you to get a little time, we will arrange it for you.

Recommends Vicks For Pleurisy

Quebec Mother Thankful She Can Now Get Vicks in Canada.

Mrs. J. A. Leblond of 114 Rue Galt, Sherbrooke, Quebec, writes: "Vicks VapoRub is not a new remedy for us, because we have used it in our family for four or five years. We got it from the United States. This shows you how much we think of it. We are glad to get it here now, for there is nothing better for pleurisy, chest colds, etc."

Here is the last word in treating cold troubles—Rub Vicks well in over throat and chest, get into bed and have the covers loose about the neck. All night long you breathe in the healing vapors of Camphor, Menthol, Eucalyptus, Turpentine, etc. The application also acts like a heating liniment or plaster. Usually colds go in one night and croup is commonly relieved in 15 minutes.

Vicks comes as a salve—the external direct treatment for all cold troubles—absorbed like a liniment and inhaled as a vapor.

Vicks is the ideal treatment for children's cold troubles; it avoids so much internal dosing.

At all drug stores, 50c a jar. For a free test size package write Vicks Chemical Co., 344 St. Paul St., W. Montreal, P. Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

SENIORS AND CANADIENS WIN IN THURSDAY NIGHTS GAMES

Two more games of the Bridgetown Hockey League were played Thursday night in the Bridgetown Rink. The first was Tigers vs. Senators, and resulted in a win for the Senators, the score being 3-0. Most of the scoring was done in the first period. The Senators scoring two goals. No scoring was done in the second period, but in the third the Senators scored their third and final goal of the game.

The second game was between the Canadiens and St. Pats., the former winning by a four to one score. The Canadiens scored two goals in the first and two in the third period, while St. Pats scored their only goal in the third. Both games were fast and quite clean and though the scores are rather one sided the playing was not as the teams were very evenly matched.

Senators—Goal, Troop, Defence, V. Lloyd, Walker, Forwards, Donaldson, Little, J. Longmire.
Tigers—Goal, Gatti; Defence, Ewan Tibert; Forwards, R. Longmire, C. Piggott, D. Tupper.
Canadiens—Goal, Jefferson; Def., Hoyt, Crowell; Forwards, McKenzie, Todd, LeBrun.
St. Pats—Goal, Williams; Defence, Crowe, P. Longmire; Forwards, Tom Beattie, B. Poole, Anderson.

ANNAPOLIS CO. BAPTIST DISTRICT MEETING HELD AT PARADISE

The Annapolis Co. Quarterly District Meeting was held at Paradise, January 2nd, 1923. At 3.30 on the 21st the Women's Missionary Society took charge of the meeting. In the absence of the County President, Mrs. M. B. Whitman, of Margareville, the County Secretary, Mrs. E. H. Freeman, of Lawrenceston, presided. The program was as follows:

Hymns: Let the Lower Lights be Burning. The Lord's Prayer in unison was followed by prayer offered by Mrs. J. Hadden Balcom. The Missionary Hymn "India O India" was sung.

The scripture reading was taken from psalm 119.

Brief verbal reports of the work being done in the various societies were given by representatives.

Mr. Gibson reported three active societies on the Annapolis field. After the reports were given several selections. An especially notable feature of the program was a reading entitled "The Meaning of the Letters W.F.M.U." given by Mrs. Beale of Inslville. A number of short prayers for the work and Missionaries were then offered. Mrs. R. E. Williams sang in closing "Ivory Palaces" which was followed by the singing of the "Blest be the Tie that Binds" and the pronouncing of the benediction.

ACCUSED COMMITTED ON CHARGE OF THEFT

KENTVILLE.—E. Marsman (colored), of Billtown, was committed for trial at Supreme Court next June, at a preliminary hearing before the Stipendiary Magistrate S. S. Strong, Saturday morning.

Marsman was arrested yesterday by Provincial Constable M. Bond, charged with stealing a fur coat from Mrs. Johnson, of Cambridge. Constable Bond searched Marsman's house and found the coat, which defendant stated that he had sold to Mrs. Johnson, and as she had not paid for it, he seized it. The evidence brought out did not confirm this statement in the magistrate's opinion.

Marsman defended himself in an able manner.

Local Happenings

All changes of copy for ads, MUST be in by 12 noon on Mondays each week.

The regular quarterly meeting of the Boys' Work Board will be held on Monday evening next in the United Church school room, immediately after the close of the lecture.

Persons who have not yet secured their tickets for the University Extension Course lectures may procure the same at the Post Office from Dr. Armstrong, or from Principal Archibald.

Members of the N. S. Poultry Association claim that large quantities of cold storage eggs are on the market as fresh eggs and that this is working out to the disadvantage of Provincial farmers.

Now that the ice at the rink is in good condition, the management are planning to vary the skating with special attractions. Prepare for a Children's Carnival early in February. A special night will be devoted to barrel races, three legged races, etc., etc., and we are asking for entries for all these as well as mile and half mile races. Prizes will be given to winners. Those who desire to enter any of these events will give their names to the manager.

Fancy Dress Carnival about Feb. 14th.

The annual "At Home" of the Rector and Congregation of St. Mary's, Belleisle, will be held next Tuesday evening in Belleisle Hall from 6 to 10 p.m. This is St. Mary's yearly family party always looked forward to with the keenest zest. We understand a good programme is in preparation, and there is never any question but that the "inner man" will be well provided for.

On Thursday night of this week the Baptists will give their annual concert at the Recreation Hall. The young people are doing their utmost to make the evening an entertaining one. The Bridgetown Orchestra, also the Bridgetown Quartette. A number of vocal and instrumental duets are being prepared. Humor will be added to the evening by a "Leap Year" playette, and a rolling pin drill. Everybody come.

A two year old heifer belonging to Edgar Gates, of South Milford, gave birth to twin heifer calves Jan. 20th.

The lecture given on Monday night in the Baptist school room by Prof. H. F. Munro, of Dalhousie University on "The Imperial Contention" was thoroughly enjoyed by a good sized audience. The speaker treated his subject in a most graphic and lucid manner. The whole address was comprehensive and illuminating, furnishing much food for thought.

Tea made with boiling water that is not boiling is not good tea. And please note this, that when water is properly boiling it is bubbling, not merely steaming. In using MORSE'S SELECTED ORANGE PEKO Tea then be sure to see that the water is not merely steaming, that is, if you want a really first-class cup of tea. Good tea should brew in 5 1/2 minutes.

On Friday afternoon last Miss Myrtle Morse was tendered a miscellaneous shower by her friends at the home of Mr. and Mrs. E. C. Hall.

The gifts which included cut glass, silver ware, china and linen were brought into the parlor on a daintily decorated tea wagon and presented to Miss Morse who acknowledged their receipt in a most happy manner. During the time the forty or more friends were gathered Miss Daniels rendered some highly appreciated selections on the piano. Dainty refreshments were served by Mrs. Hall and the friends departed with the best of wishes for the future happiness of Miss Morse.

CIVIC SEATS WERE FILLED BY ACCLAMATION

Mayor Hicks, Councillors A. J. Burns, O. C. Jones and Angus P. McDonald were elected by acclamation.

VICTORY

Mr. and Mrs. Joshua Simpson spent Jan. 18th, with their daughter Mrs. Stewart Potter, Clementsvale.

Sorry to report Mrs. Simson Darres on the sick list. We hope she soon recovers.

Mr. Lemuel Hewey, formerly of this place, is staying with Mr. Maynard Hewey for this winter, and plans on making it his business to chop chord-wood.

Miss Eleanor Darres is visiting friends at Bear River.

Mrs. William Oickle spent Friday, Jan'y 18th, with friends at Greenland.

The men are again busy hauling wood to Bear River, after the stormy weather, which hindered them a great deal.

A SMALL THING BUT MUCH TALKED OF

In the centre of this group is the much discussed gun captured by the British at Bunker Hill in 1775. Bunker Hill is just outside Boston, and the engagement in which the gun was captured began the War of Independence. Bostonians have displayed much interest in the little trophy, so much so that they have proposed that the gun be returned to its original owners.

Beyond the Citadel is seen the top of the new tower of the Chateau Frontenac which has been added as a new crown to that splendid example of French Chateau architecture, and to provide three hundred rooms to accommodate the growing number of visitors to Canada's most historic city. Every year sees Quebec growing more and more popular for both winter sport lovers and summer sight-seers who find there a vast fund of interest in the city's rich store of historic places and buildings. The other illustration is of the famous Chateau as it now appears with its new tower.
