The copy filmed here has been reproduced thanks to the generosity of:

Library of the Public
Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaît sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

TO THE PEOPLE OF CANADA,
THE
FRIENDS OF BRITISH CONSTITUTIONAL LIBERTY,
AND THE ADVOCATES OF
COLONIAL RESPONSIBLE GOVERNMENT.

THE object of publishing the City Poll Book is, to show, both in Town and Country, the true character of the two political parties, as well as who are and who are not the friends of the popular cause. —By the popular cause is meant, the claim set up by the people of Canada to all the rights and privileges of British subjects, under a system of Colonial Responsible Government, in opposition to “*the baneful domination*” of the Old Compact. The necessity for this publication arises in part from the fact that the patronage of the Compact and its agents has long been employed, almost exclusively, to build up its own friends, and to crush every independent tradesman and mechanic who voted on the side of Civil and Religious Liberty.

The people in the country have the remedy for this evil in their own hands, and may employ similar tactics to protect and sustain *their* friends;—while, at the same time, they may influence, in the most effectual manner, a large class of mercenaries in the Towns and Cities, whose consciences can never be touched, except through the medium of self-interest.

But the system of exclusive dealing practised by the Family Compact and its agents, is not the only or principal reason for this publication. The alarming course of injustice and violence pursued at the City and County Elections by that party:—the threats and intimidation universally employed against the peaceful electors:—the contempt poured upon the Law of the Land under the eye of an inert or corrupt Magi-tracy:—the acts of physical violence and murder committed in open day upon the persons of electors—demand the strongest united expression of public disapprobation and abhorrence, and this can most effectually be given, by the judicious exercise of the monied patronage of an indignant people. The propriety of resorting to such a custom in an ordinary healthful state of political society is doubtful; but when the lives and liberties of the inhabitants of the Province are at stake, beneath the tyranny of a Faction upheld by the corrupt power of self-interest and physical violence, it becomes a duty binding on every friend of his country, rigidly to observe it, until the necessity which gave rise to its adoption is removed,—or the people are protected under a government of wise laws administered by a just magistracy.

P. S.—It is possible that errors and omissions may be found in the lists and classification of names notwithstanding the greatest care has been taken to avoid them. The giving of "Split Votes," or one for the people and another for the compact cannot generally be construed otherwise than as giving support to Irresponsible Government; and when votes are thus given, the initials of the Candidates follow the name of the voter.

P. S.—There is a difference of a few votes in this aggregate majority, owing to some names appearing under more heads than one, when the persons are connected with different branches of business.

REMARKS.

The result of the foregoing analysis of the votes given at the late election, cannot but be gratifying to every one who wishes to promote the welfare of the City. The united industry, intelligence, and wealth of Toronto, in common with the country, has given a clear and a just verdict in favor of Responsible Government, as the only efficient means of securing and establishing the peace and prosperity of the country.

The hindrances to a faithful expression of the public mind, arising from the defects of the Election Laws, and the general character of the magistracy have been universal, and, of late, alarming. But in the city there has been superadded a vast amount of corrupt influence, arising from the patronage of the Corporation, by the distribution of offices, the granting of licences, and the expenditure of city funds; which, together with Mr. Sherwood's amendment to the Act of Incorporation securing the retirement of only one-half of the members of the council annually, have presented very formidable obstacles to the free exercise of the elective franchise. It is indeed doubtful, whether on any ordinary occasion the citizens would even attempt to give an expression of public sentiment at the meetings, as the moral and peaceable part of the community shrink from a contest, where fraud, and physical violence appear to be taken into the service, and under the special protection of the civic authorities.

The citizens, however, on the late extraordinary occasion, inspired by the energy of hope, arising from Lord Sydenham's oft declared purpose to govern the country "according to the expressed wishes of the people," arose in their strength, and with their brethren in the country, determined once more to give a thorough expression of public sentiment, in order to secure his Lordship's administration from the rock upon which that of his predecessors has always split--**A FALSE IDEA OF THE POLITICAL CHARACTER AND INTELLIGENCE OF THE PEOPLE OF UPPER CANADA.**

The moral character of the late victory achieved in the city, and also of the two contending parties, both in the city and country, may very fairly be drawn from the following facts, derived from the classification of the voters. Messrs Dunn and Buchanan, the popular, as well as the government candidates, were supported in the face of every obstacle which injustice could devise, by about five-sevenths of the merchants, five-ninths of the mechanics, two-thirds of the professional persons, three-fifths of the freeholders from the country having property in the city, and persons retired from business; while they had not four votes from "THE HIGHEST MUNICIPAL BODY IN THE PROVINCE;" or its subord nates, and only one-third of the votes polled by the tavern keepers--the keepers of grog and beer shops, carters, servants, and laborers, mostly under the patronage and influence of that body.

The absurdity of attributing the triumph, as some have done, to Executive interference, is evident by reference to the known political character of the office-holders, their votes, and the number given on both sides. How far on the contrary OFFICIAL influence was employed to PREVENT the return of the government candidates, may be estimated by reference to the list of official votes and to the subjoined list of the City Corporation.

This victory is clearly one of principle and intelligence over corruption and violence, and is the more honorable to the gentlemen who have been returned, inasmuch as their canvass of the city was very imperfect from want of time and experience, while that of their opponents was done most thoroughly, under the management of a tried and experienced committee, and completed long before the day of election.

This peaceful triumph, however, was shrouded in gloom by the events which transpired under the eye of the civic authorities, on the Monday subsequent to the close of the election and which evinced the true spirit of the old Faction and its faithful allies, the corporation and orangemen.

The atrocities then perpetrated were worthy of a dark age, and of the darker purposes of that party, and are written on the memories of the citizens in letters of blood. It is hoped however, that law will yet triumph over such scenes of anarchy, and that, under the special commission to be appointed by the Governor General, not only the deluded and open violators of the law, but the SECRET,--perhaps even the OFFICIAL CRIMINALS, engaged in that bloody tragedy, may be brought to light, and punished as their crimes deserve. If not the language of Lieutenant Governor Head, will soon be realized, by the inhabitants "fleeing from the Province, as from a land of pestilence and famine."

The Mayor, Aldermen, and Common Councilmen of the City of Toronto, at the period of the First Election for the First Parliament of Canada, March, 1841.

GEORGE MONRO, Esq. Mayer.--one of the Candidates.
