# The Philatelic Advocate. 

VOL. 6. NO. 2.
BERLIN, ONT., FEBRUARY, 1899.

WHOLE NO. 30.

## Historical Stamps.

by leon v. Cass.

Probably nearly every country's postal issues if studied well, will teach the phila. telic student considerable concerning the history of the country in which the stamps were used. For example, take the Columbian issue of the United States or the Jubilee issue of the Dominion of Canada. Do these stamps not teach us history? But the stiamps that appeal to the writer as the greatest history teachers, are those which were issued by governments now overthrown.
There are quite a few of these countries more than anyone unacquainted with the uffairs of the world for the past forty or fifty years, would suppose.

Probably the most widely known, to the non-philatelic public in America at least, are the stamps of the Confederate States. These stamps are mementoes of one of the greatest events in the history of the United States. Among the European countries or states the stamps of Poland are a good ex. ample. The stamps of these countries are not in much demand, as many philatelists are unable to make a good showing in them, on account of the prices being somewhat high, but unlike the high prices at which many stamps are marked, they are worth the prices asked by most dealers. I wish to urge collectors to fill up the blank spaces in these countries as soon as possible
as I believe they will be much sought after in the near future. Collectors should be careful when purchasing these stamps as many of the scarcer varieties have been conterfeitea.

## Philatelic Notes.

by g. A. hunt.

An interesting minor variety is found in the 1 cent Omaha. In the word "Marquette" the two t's are connected in the majority of the stamps I have examined, frequently, however, I find one with the ${ }^{2}$ letters separate. TT, T T.

I recently saw a fine copy of the 6 cent Prop. orange, which I was informed by the owner only cost 15 cents. Upon examina. tion i found it was only a 6 cent Inland Exchange Revenue, with the words "Inland Ex." erased, and the word "Proprietary" painted on its place, it was a clever piece of work and would deceive most collectors.

I am informed on good authority that but $65,000 \$ 2.00$ Omaha's were issued, and that during the year 1893 they were on sale at only a limited number of postoffices.

The 5 cent Prop. is a hard stamp to find used unless cancelled to order. It is found on an article that retails for $\mathbf{\$ 2 . 0 0}$
I recently procured two 4 cent Prop. from a wholesale box "Adams" chewing gum but have failed to see a 5 cent used on the original package as yet.

Your subscription is requested now.

## U. S. Notes.

BY DOTTIE LONESOME
There were 15.5 different plates used in printing the Omaha series. 125 for the 2 cent, 14 for the 1 cent, the others having one, two, or three plates for each denomination. A good chance for a few hundred varieties for the plate number collector.

December 23ril, our government shipped to Havana the following stamps, all surcharged on current U. S. stamps, for use there in the post office department, now operated under military rule; the lot consisted of $1,000,000$ lc de peso on le green,

$$
\begin{aligned}
& 1,000,000)-\frac{1}{2} \mathrm{c} \text { de peso on } 2 \mathrm{c} \text { rose } \\
& \text { 4,000,000 5c " " " àc blue } \\
& 400,090 \text { 10c " " " } 10 \text { brown }
\end{aligned}
$$

Shortly after the above shipment was made another lot of about the same quantities was ordered to be shipped at once.

The secretary of the Treasury has been requested to submit to the Postmaster(ieneral, designs for a set of stamps for Cuba. As yet no desigis have been decided on.

An order was sent out from the post office department some time ago, to all the post offices in the country, calling for all the newspaper and periodical stamps on hand to be returned to the department at once. Stamps of all denominations and issues have been pouring in ever since. The department has not yet decided just what to do with the stamps. Some of the more prominent dealershave beenconsulted as to the disposition of the stamps. The dealers do not agree. Some want them sold at face value, others want them sold at $\$ 10.00$ a complete set, others think $\$ 5.00$ the right price. The department have not as yet nade any plans known.

Bartel's plate number catalogue has appeared giving a complete list of all postage and revenue plate numbers issued by the government since 1890 together with prices for the different positions, etc. The book is a very handy pamphlet but would be mare in keeping with good business to sell it for ten cents.

Of the new colors for the regular issue, the 4 cent rea brown, 10 cent light brown and 15 cent olive green have all appeared. The 4 cent and 10 cent are nealy alike though. The 10 cent will have to be printed in another color.

Attempts have been made to counterfeit the I. R. surcharged stamps. The object being to defraud the plate number collector. There are some very valuable plate numbers of the surcharged stamps and a successful counterfeit would be very hazardous to those interested in plate numbers.

It is generally conceded that the 6 cent and 10 cent Canada maple leaves are under priced in Scott's supplement to the 5sth edition catalogue. The 6 cent brings about $\$ 5.00$ a hundred and the 10 cent about $\$ 8.00$ a hundred. Either the prices quoted in the catalogue for these two stamps are too low or all the others are too high.

The $\$ 30.00$ revenue stamp was put into circulation about Dec. 1st. It is a bright red color.

There will be no more Omaha stamps printed and as soon as tne present supply is exhausted, the regular issue will take the place of the Omaha.

January 5th, Mekeels Weekly Stamp News issued what to our mind is the best single issue of any stamp paper ever published, unless we except the magnificent
holiday number of the Advocate. The weekly contained twenty-four pages and an artistic cover. Every page in the paper had something of interest for collectors and while it contained a goodly number of advertisements it certainly was a credit to its editors and publisher.

The Imperial 2 cent Canada has been received with favor here. The stamp takes well and although some of Canada's stamps are better emblems of the masier art, yet we like the Imperial 2 cent.

The Bureau of prinling and engraving which is owned and operated by the government, printed and delivered for current use for the year 1893, $92,979,478$ stamps, bsing about $7,000,000$ more than was used in 1897.

Nu one scems to be able to tell with any degree of accuracy, whether or not the revenue stamps will continue to be rouletted or changed to perforation. Some correspondents in Washington say one and some the other, but common sense says our stamps will all be perforated soon.

Omaha stamps are going up. The 8 cent brings from two-and-one-half to three cents earh and the ten cent, from two to two-and-a-half cents each. The higher values are worth half face and all values still going up. These prices a.e for stamps in used condition.

Our federal courts are very much in earnest about prosecuting any guilty persons who have broken the law in relation to the use of the mails. It has been held that a dealer has no protection under the law, when sending stamps on approral. The case of Wolle in St. Louis, is pertaps the latest and was watched very closely by dealers throughout the country, which resulted in Wolle'sconviction and punished to
the limit of the law. He was, perhaps, as hard a conviction to secure us any combination of dealers will ever have, for skilled attorneys were employed on both sides. The law is just and says it is wrong to defraud dealers out of their stamrs, and he whosoever tranagresses, shall reap the penalty for reward.

A word fur the encouragement of literature collecting, is, perhaps, better directed and with probably better results than many of the items found in our journals today. A complete file of any good stamp paper is of great value to a collector. Editors try as near is possible to print only original matter and as long as this custom prevails, the more papers you have the tretter philatelist you will be.

The Bureau of Printing and Engraving are at work on designs for private proprietary stamps. Seven differcit designs or denominations are now in preparation.

The l'ustmaster-(ieneral recommended in his annual $r$ port, the adoption of a special stamped envelope of superior material of the denomination of ten cents to provide greater safety and security to reg. istered letters, and that all persons registering letters be induced to purchase one of these at the face value of the stamp, as is now the case with postal cards.
R. F. Albrecht of New York has gone to Europe to purchase stamps aad to secure rare lots for his atction sales which he holds regularly in New York City.

The Advocate has proven that it is one of thebest advertising mediums in North America. Those who have tried it, know it; those who have not tried it, do not know it, but those who try an ad. will know it. Our rates are reduced. See page 66.

## From Advertisers.

The following were written within ten days after the Holiday No. was mailed.
C. Bailey, Toronto Ont.-"I have re. ceived $\$ 15.00$ worth of cash orders frommy 3 inch space. I have ao besitation in say-
ing that the Advocate is the beat advertising medium in Canada to reach buying collectors."

Ruyai. Stamp Co., Jackson, Mich.-"On Jany. 13th we received seventeen orders for stamps advertised, and it more than pays to adrertise in your paper."

The following is from one who is afraid of the consequences of writing philatelic poetry, and wishes his name supressed.
The Auvocate! The Advocate:
The Phlatelic Adiucate!
I've waited for you many a day,
And wondered why you were so late.
But now the reasin is quite plain
Why I have had so long to wait.
My sorrow soon is changed to joy
When I behold the Advocate.
Six inches thick or thereabout;
Chuck full of news, and sure as fate
The edge is red: The inside too,
Or soon will be if you can wait.
"Oh come," my father cries in wrath,
"Why do you make the dinner wait"
"Oh, father dear, oh father dear,
I cannot leave the Adrocate.
"Oh come" my sweetheart cries, "and rest
Your curly head upon my breast.
"Oh no, my dear, 'tis cruel fate,
I cannot leave the advocats."
My sweetheart shed some bitter tears
And then she found another mate.
'Twas ever thus, but I'll not mourn
While I have still the advocate. "Come go to bell," my mother said, "You must not sit around so late." "Oh mother dear, be not severe, This is my Holiday Advocate." I've vexed my ma, I've vexed my pa, l've lost my girl, sud to relate; I'm cold as ice and hungry too,

And all for thee sweet Advocate.
The fire burns low, the light goes out.
And I must soon absquatulate.
How can I leave my peach, my plum, My honey-dew, My advocate.
A few words more and I am done,
"Bis dat yui cito dat."
I do not know what this may mean,
But hope it rhymes with Advocate.

## Toronto Notes,

BY OUR TORONTO OBSERVER.
I was recently shown a copy of the 2 cent Imperial stamp on thin card board which I have reason to believe is a genuine variety. I have also seen the same stamp on thick and thin wove paper and soft spongy paper.

A dispatch from Ottawa announces that the 2 cent stamped envelope is out. I believe u few hundred were printed in the color of the two-cent purple stamp. But the color has been changed to vernillion to comply with the colors of the Universal Pustal Union.

The surrent 2 and 3 cent stamps have been recalle. 1 , and when the stock of the 3 cent has been exhausted (this stamp so long a pet of the Canadian public) will be a thing of the past. The two cent will appaar in vermillion, aud we may expect two new, values shortly, viz 4 and 7 . cent to cover double letter rate and registration
'Toronto collectors have suffered a loss in the ranks of their dealers, Mr. John H. Lowe having discontinued his dowa-town otfice for an indetinite puriod.

The l6th weekly meeting of the philatelic Club of Toronto was held in their club rooms, Forum Bldg., vice president W. J. I'urter occupied the chair. The usual business was dispensed with to give the meinbers an opportunity of viewing the magniticent collection of used and unused Cansda, U: S. and Br. Colonies, the property of Mr. E. A. Davenport. ..

It would require many p.iges of the Anvocate to describe the contents of his albums. Suffice to say the collections are mounted in up-to date blank albums, with pages ruled in quadrille with a border
of thin card board to protect stamps and prevent rubbing. Among many choice stamps were a strip of four $\grave{2} \mathrm{p}$ Canada, rare 6 and 10 penny, pence and shilling Nova Scotia and New Brunswick. Many excellent things in U. S. and a host of rare British Colonies. The members have no hesitation in saying it was by far the best accumulation of choice stamps they ever had the pleasure of viewing. A vote of thanks was tendered Mr. Davenport, and all went away well repiied for the night's meeting.
Moral. Associate yourself with some upto date stamp club and gain many benfits.

The prompt philatelic journal is a jewel. The Advocate is so uniformly prompt at the coinmencement of each month that if it is late a good reason is looked for, The Jan. issue, which was a few days behind the usual time, proved this. It was ahead of the majority, as it was, and furnished 60 pitges, about evenly distributed between reading and advertising, to say nothing of the cover. I am informed that the starnaman's set every line of it themselves. It was well made up and he who tinds fault with this year's initial number will find fault with anything. It would take too much space to purticularize, which would be a manifestly unfair proceeding. Everybody should have this number if it costs 25 cents to get it, but that price will probably suttice co procure it and eleven more numbers with it.-Henry A. Chapmun.

As late as $189 \overline{\dot{2} \text {, entire shéets of the differ- }}$ ent value stamps of Bremen were given away as a premium to anyone that would buy a thousand cigars of the manufacturer. As they were as common as this it. would seem that the present high prices for these stumps in an unused condition were considerably overrated. 4 Used Bremen stamps are worth having.-G. A. Hunt. .

## Our Marriage.

Although the publishers of this paper are old enough to get married they never seriously contemplated matrimony until they received a proposal, which, although it came from one older than themselves, they accepted. The result is that Canada's oldest stamp paper, the Philatelic Messenger,
is now united with the Advocats and all unexpired subscriptions will be filled by it.

Those who are already subscribers to this p,aper will have their subscription extended for the unexpired term. This combination of the two best advertising mediums in Canada should prove a boon to adve.tisers. We know by experience that the Messenyer was a good medium, and our advertisers tell us that our paper brings good results. (Jas. F. Irwin says, "I received about \$40 worth of orders from my two page ads. in last issue.") Subseriptions to Messenger will commence with next number and although our circulation will be nearly 1000 more than at present, the rates will remain the same. See adv. rates.

## In Memoriam.

It is with deep regret that we announce the death of $\mathbf{F}$. J. Whatley Jr., of Toronto, Out. He was a member of the Jominion l'hulatelic Association.

Frederi k James Whatley, was born at Himilton, Ont., July 29, 1876. Died Dec. 26. 1898. He was educated in the Public and High Schools in that city. Many old $s$ :hool mates will remember Fred as a generous hearted and openhanded boy, alway:: ready to join in any game of fun there was on hand.

He moved with his parents to Toronto, some six years ago and when otber duties allowed, took great interest in stamp collecting, having had business transactions with many philatelists who speak of him as a straightforward business-like young Inain.

His death was indirectly the cause of an accident which injured his spine, ultimately paralyzing his lower limbs, causing him moch occasional suffeting for two years, during which time he was confinel to the house. His relatives and many friends sadly feel the loss.
One by one earth's ties are broken
As we see our love decay,
And the hopes so fondly cherished,
Brighten but to pass away.
One by one our hopes grow brighter
As we near the shiming shore,
For we know acruss the river
Wait the loved ones gone before.

## Excha'ge Supt's. Report.

Blank exch: ge books sold 51.
Filled boohs received 17.
Value of sin ae $\$ 102.24$.
Value of ooks in circalation 74.36 .
Value of books not yet circulated 27.88 .
Sales to date
9.02 ,

The Dept. is in fine working order, the only thing I have to find fault with is that the members are so slow in sending in their stamps for circulation.

If those who hiave bought blank books will only send them in promptly, I think I can circulate them to advantage, as I have more requests to be placed on circuit than I can comply with.

Fraternally,
E. L. SHUVE, Unionville, N. Y.
