CANADA LUMBERMAN

WEEKLY EDITION

The Lumberman Monthly Edition, 36 pages) \$1.00 PER YEAR (The Lumberman Weekly Edition, every Wednesday

THIS PAPER REACHES REGULARLY THE PRINCIPAL LUMBER MANUFACTURERS AND DEALERS THROUGHOUT CANADA AND WHOLESALE BUYERS IN GREAT BRITAIN, THE UNITED STATES, AND OTHER FOREIGN MARKETS

VOL. XI.

TORONTO AND MONTREAL, MARCH 23, 1904

No. 8

CANADA LUMBERMAN

PUBLISHED BY

The G. H. Mortimer Publishing Co.,
of Toronto, Limited

Confederation Life Building - TORONTO

Branch Offices:

IMPERIAL BUILDING, MONTREAL
25 GREAT ST. HELEN'S, LONDON, E. C.

The Weekly Lumberman - Published every Wednesday, contains reliable and up-to-date reports of market conditions and tendencies in the principal manufacturing districts and leading domestic and foreign wholesale markets. A weekly medium of information and communication between Canadian timber and lumber manufacturers and exporters and the purchasers of timber products at home and abroad.

The Weekly Lumberman - A 32-page journal, discussing fully and impartially subjects pertinent to the timber and wood-working industries. Contains interviews with prominent members of the trade, character sketches and portraits of leading lumbermen, etc. Its special articles on technical and mechanical subjects are especially valuable.

Webster, Creemore.

JUDICIAL SALE.

Pursuant to an Order made on the 9th March,
1904, in an action in the High Court of Justice for
Ontario, in which the Cook and Brothers Lumber
Company of Ontario, Limited, are Plaintiffs, and
W. H. Sawyer Lumber Company are defend-
ants, sealed tenders will be received addressed
to the "Master in Ordinary (Spence Hall,
Toronto, Ontario)" and marked "Tenders in
Cook vs Sawyer," up to eleven o'clock a.m. on
FRIDAY THE 15th DAY OF APRIL, 1904, for
the purchase of four parcels of merchantable
White Pine Lumber, 12, 14 and 16 feet in length,
hereinafter described, which lumber is now at
the Village of Spragge in the District of Algoma,
upon the docks of the plaintiffs who are the
Vendors—

PARCEL I.

This Parcel consists of lumber manufactured
at the plaintiff's Mill at Spragge during the
season of 1901 from logs cut on the Sable River
during the winter season of 1902-1903, which
lumber has been in cross-piles sixty days before
the close of navigation for the season of 1903,
which lumber is estimated at 4,511,000 feet Board
Measure and is more particularly described in
posters.

PARCEL II.

This Parcel consists of lumber similar in other
respects to that described in Parcel I, except
that it had not been cross-piled for sixty days
as aforesaid, which lumber is estimated at 1,600-
000 feet Board Measure and is more particularly
described in posters.

PARCEL III.

This Parcel consists of lumber manufactured at
plaintiff's said Mills during the season of 1901
from logs cut in the Sable River during the
winter seasons of 1901-1902 and 1902-1903, and
comprising the product estimated at about 875-
000 feet of the last 2 1/2 of the said logs manu-
factured into lumber at the said Mills during the
season of 1903.

PARCEL IV.

This Parcel consists of lumber similar in other
respects to that described in Parcel III, except
that it was manufactured from logs cut during
the winter season of 1902-1903 and is estimated
at 2,000,000 feet Board Measure and is more
particularly described in posters.

Tenders are to be at a price per 1,000 feet Board
Measure delivered on the plaintiffs dock at
Spragge and are to be made on each of the above
four parcels separately, together with an offer for
any mill culls which may be found in the
merchantable lumber when shipping same.
Lumber on shipment to be measured and
inspected at Spragge by Messrs. Martin and
Boggs of Cheboygan Michigan, and such in-
spection and measurement shall be final and con-
clusive as between the Vendors and the purchas-
ers, who are to be equally the costs of said
inspection and measurement (at Twenty Five
cents per 1,000 feet Board Measure).
Shipment to be made by water commencing on
opening of navigation in spring of 1904, and all
lumber to be removed from docks at Spragge
one-half of each parcel before 1st June 1904 and
the balance before 15th June 1904.
TERMS—Ten per cent. when tender is accept

ed; the remainder within ten days from the day of shipment of each cargo.

All payments to be made in funds current at par at a Bank in Toronto.

Time is to be of the essence of the contract of the purchase and in case of any purchaser making default in removing the lumber, pursuant to contract, he shall pay to the Vendors as liquidated damages an additional sum of 5 cents per 1,000 feet Board Measure for the lumber in respect of which such default shall occur, and shall make such payment for every day during which such default shall continue.

The purchasers are to pay to the vendors a proportionate part of the insurance premium paid in respect of said lumber to be computed from the date of acceptance of tender by the Master in Ordinary.

The vendors are not to be held responsible for delivery of lumber for which tenders are now invited if the same is prevented by fire, strikes or other events beyond their control.

The property in the lumber is to remain in the Vendors until full payment is made in cash.

The highest or any tender will not necessarily be accepted.

Every tender shall be deemed to have incorporated therein the provisions of this advertisement.

Specifications of lumber and further particulars may be obtained at the office of

THE COOK AND BROTHERS LUMBER COMPANY OF ONTARIO, LIMITED,
Room 1, Manning Arcade,
24 King Street West, Toronto.

or of **MESSRS CAMERON & WASH,**
25 Toronto Street, Toronto.

Dated at Toronto this 16th day of March, 1904.

W. H. LOCKHART,
Chief Clerk, M.O.

FOR SALE

ONE HALF INTEREST IN A PLANING MILL with Sash and Door Factory attached. Fine Milling Machine. Would like to add machinery for putting out veneered panels and table tops in car load lots. Private switch. We solicit correspondence. Address Box 125, CANADA LUMBERMAN, Toronto, Ont.

FOR SALE

1 Mowry Carriage, complete with track.
2 Waterous Steam Feed, single valve.
1-1/2 Saw Nails Table with saws
250 feet No. 77 Chain
450 feet 3/4" Refuse Carrier Chain
700 feet 3/4" Warring Line.
Apply to **THE SWISS LUMBER CO.,** Gravenhurst, Ont.

For Sale—Circular Sawmill

WITH DOUBLE EDGED SLAB SAW AND lath machine. Mill in first class running order; nearly new. Also 1000 acres of timbered land. Mill and timber can be bought together or separately. \$1,500 will buy mill and timber. Plenty of timber contributory to the mill to supply it for ten years or more. This is a genuine bargain. The mill and timber is on the Georgian Bay. The lumber can be freighted by scow to Midland, Penetang, Collingwood or Owen Sound for \$1.00 per M. ft. Apply to Box 128 CANADA LUMBERMAN, Toronto, Ont.

FOR SALE

Large Tract of Timber
In Central Ontario

THE PROPERTY OF
THE CANADIAN LAND AND REGENERATION CO., OF HALBURTON, (LIMITED).

This company has a large tract of well timbered land about 125 miles northeast of Toronto. There are large quantities of Cedar, Hemlock, Spruce, Balsam, Basswood, Cherry, Birch, Maple, also considerable Pine, Elm and Ash on this tract. It is well served by two railroads. The company are prepared to sell this timber in blocks ranging from 2,000 to 20,000 acres, or more if desired.

There are several good mill sites on the property. This would be a good opportunity for parties who are at present cut out and looking for a new location.

Maps and plans and further particulars can be had by applying to

W. H. LOCKHART GORDON,
Managing Director,
157 Bay Street, Toronto.

LOGS FOR SALE

TIMBER WILL BE SOLD BY PUBLIC AUCTION at the Clifton House, Bark's Falls, Parry Sound District, on the first DAY OF APRIL, 1904, at 1 o'clock p.m., one million eight hundred thousand feet of Hemlock, Pine and Birch Logs in the Townships of Chapman and Myerson.

The logs are in two different lakes and will be sold in separate lots.

Mills are convenient to cut logs at once. Also 1,300 acres of standing timber near Bark's Falls, Parry Sound District.

For further particulars apply to
THE BRODREAGEN LUMBER CO., Limited,
Bark's Falls, Ont.

For further particulars apply to
PETER RYAN, Toronto.

CURRENT TRADE CONDITIONS.

ONTARIO.

The weather has not moderated sufficiently to stimulate the demand for lumber to any extent, particularly as many customers are waiting the delivery of stock ordered weeks ago. Until this lumber reaches them they will refrain from placing further orders except for urgent requirements and when delivery can be guaranteed. The tone of the market continues unchanged, the disposition being to hold for prices equal to or higher than those obtained one year ago. In this issue will be found the statement of stocks of white pine lumber at the mills on the Georgian Bay as compiled by the Secretary of the Ontario Lumbermen's Association. It will be seen that the stock on hand is 20,000,000 feet less than one year ago, 31,000,000 feet less than two years ago, and 66,000,000 feet less than three years ago. The actual situation, however, is even more favorable than the figures show, for the reason that a larger percentage than usual of the quantity on hand has been sold but could not be

moved owing to the severe winter and blockade of the railroads. The statement shows that there is only 30,000,000 feet of all grades of white pine that has not passed out of the hands of manufacturers.

A serious problem confronts the lumber manufacturers this spring in the movement of their lumber, as the present shortage of cars is certain to become more acute as the spring advances. It is estimated that between Orillia and Midland there is nearly 20,000,000 feet of lumber that has been sold and is waiting shipment by rail. Unless the accumulated supply can be moved with some rapidity, lack of piling ground is likely to cause much inconvenience.

QUEBEC AND NEW BRUNSWICK.

There is a slightly better local demand for spruce lumber and a sharp revival in business is anticipated within the next two or three weeks. British operators, however, are still in the dark as to the course to pursue, the reports from across the water being rather discouraging. It is probable that some manufacturers will give more than usual attention to the South American and United States markets. The shingle trade does not show much life and consequently prices are unchanged.

UNITED STATES.

During the month of February building permits were taken out in 23 leading cities of the United States involving a cost of upwards of \$14,000,000, a decrease of approximately 10 per cent. as compared with the corresponding month of 1903. This is not a bad showing when the severe weather is taken into consideration, and it augurs well for considerable activity when the weather becomes such that outdoor operations can be carried on to advantage. There has been a steady drain upon the lumber supply, with the result that stocks in the hands of retail dealers are abnormally low. The builders' strike in New York is the most unfavorable influence at the present time. White pine prices are being well maintained. The common and lower grades are in demand at a slight advance, which is an offset to the concessions which are sometimes made on select and the better grades. No. 4 and No. 5 boards are a negligible quantity in the market, so great has been the call for box lumber. The reports from the logging districts tell of a general shortage in the crop of white pine logs, and the mills are likely to have a much lighter supply than last year. This, together with the tight stock of lumber carried over, is reckoned upon to prevent any material decline in lumber prices.

The supply of dry hardwood lumber is well nigh exhausted. This fact is appreciated by dealers, many of whom have closed contracts for new stock at an advance averaging about \$2 per thousand

feet over those paid one year ago. Michigan manufacturers are asking considerably higher prices for maple. The same may be said of birch, which has become quite scarce. Basswood, elm and ash are standard lumbers for which there is also a ready sale and a probability of enhanced values.

GREAT BRITAIN.

The timber trade of Great Britain shows no improvement; in fact, the hope of a change for the better is in some quarters almost abandoned. The advent of spring cannot but result in increased activity, but whether it will restore confidence or increase the uncertainty which now prevails is a question which cannot at the moment be answered. The consumption of lumber during the year will probably be less than last season, but there is nothing which would indicate that the decrease will be material, as most of the industries are enjoying moderate prosperity and building operations promise to be about normal. The great drawback to more activity in the lumber business seems to be the indisposition of buyers to pay the prices asked by shippers. A report from London states that very little progress has been made in effecting c.i.f. sales of spruce. The opening quotations for second and third quality deals at £10 and £9 7s 6d per standard c.i.f. London led to little business, and the lower figures that succeeded brought no better response from buyers. It is stated that some contracts have been closed at £9 10s. and £9 c.i.f. for second and third quality spruce. The prices ruling auction sales have prejudiced the "to arrive" market and caused buyers to be unreasonably cautious.

BROOM HANDLES

If an enterprising man with supplies of cheap Spruce, Basswood or Poplar care to put in several machines to work broom handles we can take his output. Write in first instance to Empire, care of CANADA LUMBERMAN.

WHITE PINE STATISTICS

The following statistical report was submitted at the annual meeting of the Lumbermen's Association of Ontario on March 17th, by the Secretary, Mr. W. B. Tindall:

PRODUCTION OF WHITE PINE LUMBER.—The total production of mills in North-Western Ontario, which embraces all mills on the Georgian Bay, Northern Division of the Grand Trunk Railway to Callender, and Canadian Pacific Railway, North Bay to Rat Portage, in 1903 was 483 million feet. The comparison with former years is as follows: 1899, 351,000,000 feet; 1900, 476,000,000 feet; 1901, 466,000,000 feet; 1902, 510,000,000 feet; 1903, 483,000,000 feet, a decrease between 1903 and 1902 of 27,000,000 feet.

STOCKS ON HAND.—There is in pile at the mills about 150,000,000 feet, of which 100,000,000 is sold waiting spring delivery, and the balance is unsold. From all I can learn there seems to be a great scarcity of the low grade lumber, absolutely none in first hands, and what is available being held by dealers for distribution. The comparison with previous years follows: 1899, 120,000,000 feet; 1900, 216,349,000 feet; 1901, 181,000,000 feet; 1902, 170,000,000 feet; 1903, 150,000,000 feet.

PROBABLE PRODUCTION OF 1904 LOGS.—I estimate this at 420,000,000 feet.

The answers to the enquiry as to whether last year's prices would be maintained or not, are unanimous that they would, and a good many are looking for a 10 per cent. increase, and one has to consider that the increased cost of log production this winter in the greater portion of the district will require fully a 10 per cent. increase to be in the same position as last year.

It is of interest to look for a short time at the statistics given for the competing points of the United States. The figures given for the states of Michigan, Minnesota and Wisconsin are as follows:

PRODUCTION.—1899, 6,056,908,000 feet; 1900, 5,483,261,000 feet, decrease 573,647,000 feet; 1901, 5,335,448,000 feet, decrease 147,813,000 feet from 1900; 1902, 5,294,395,000 feet, decrease 42,053,000 feet from 1901; 1903, 4,791,852,000 feet, decrease 502,543,000 feet from 1902.

STOCKS ON HAND (Same Period.)—1899, 2,728,271,000 feet; 1900, 2,839,706,000 feet, increase 111,435,000 feet; 1901, 2,398,295,000 feet, decrease 451,450,000 feet; 1902, 2,112,719,000 feet, decrease 275,537,000 feet; 1903, 1,964,532,000

feet, decrease 148,187,000 feet. Total decrease since 1900, 875,274,000 feet. In reference to these districts I would like to call your attention to the fact that it is the first time since 1879 that their output had dropped to the 4,000 million figure. In 1899 it stood at 4,806,943,000. The highest point was reached in 1890, being 5,997,623,000, and the falling off in 13 years to 1904 has been 3,805,771,000 feet or 44.26 per cent., the decrease being steady since 1898.

The cut of hemlock for the same period in the same district is as follows: Total Cut—1889, 868,410,000 feet; 1900, 1,166,288,000 feet; 1901, 1,264,943,000 feet; 1902, 1,277,814,000 feet; 1903, 1,334,204,000 feet. Increase from 1899 to 1903, 465,994,000 feet in total cut. Stocks—1899, 287,820,000 feet; 1900, 622,312,000 feet; 1901, 574,406,000 feet; 1902, 441,634,000 feet; 1903, 515,935,000 feet.

STOCKS AND PRICES

D. E. Sprague, of Winnipeg, Man., expects to cut 12,000,000 feet of lumber this season.

The Davidson Lumber Company, of Bridgewater, N.S., have taken out about 15,000,000 feet of logs this winter.

Edward Zwicker & Company, of Bridgewater, N.S., have a contract to supply John G. Hall & Company, of Boston, with 650,000 feet of lumber for shipment to South America. They will have 400,000 feet of spruce and pine ready for the New York market next month.

The Department of Interior at Ottawa will receive tenders up to April 6th for a license to cut timber on Berth No. 378, comprising the east half of Section 11, west half of Section 12, Fractional Section 13, and Fractional east half of Section 14, Township 6, Province of British Columbia, containing an area of 960 acres.

The W. C. Edwards Company will supply birch lumber for the Fire & Light Committee of Ottawa, at \$40 per thousand and feet board measure for kiln-dried and \$35 for green. D. O'Connor, jr.,

Planing, Matching, Resawing, etc. In Car Lots. Manufacturer of Doors, Sash, Mouldings, Ceilings End-Matched and Bored. HARDWOOD FLOORING A SPECIALTY. Lumber Kiln Dried in Any Quantity. J. R. EATON - Orillia, Ont. Correspondence Solicited.

tendered at \$70 for surface measurement and J. A. Desrivieres at \$78. The log production in the vicinity of Dauphin, Man., during the past season was unusually large, totalling 65,000,000 feet. The following are the operators:

Table listing operators and their production in feet B.M. including Red Deer Lumber Co., Northern Lumber Co., T. A. Burrows, Duck Mountain, Hanbury M'g Co., McArthur & Co., Shaw Bros., Armstrong & Roland, Mutchbacher Bros., Ritchie Bros., Kneer Bros., Swan River Lumber Co., and Portable mills.

The W. & A. McArthur Company, of Little Current, Ont., write as follows: "Owing to the labor conditions and scarcity of men last fall, the consequent late start and the early and excessive

snowfall, the product of our winter's work in the woods will not be over two-thirds of last year's cut, and at largely increased cost. This, in our opinion, will apply to all the lumber operations on the Georgian Bay.

NEW BRUNSWICK LETTER

(Correspondence of the CANADA LUMBERMAN)

ST. JOHN, N. B., March 14th, 1904.—Shipping is somewhat brisker than at last writing. Schooners are coming out of winter quarters in large numbers and many are already taking cargoes for American ports. Charters are being made at \$2.25 on long lumber to Boston and at \$2.75 to New York.

American laths are selling at from \$2.35 to \$2.45 per M. f.o.b. schr. St. John, for immediate delivery. Stocks are very low, not more than two million at the outside being available at the present moment, and the demand is brisk.

Provincial laths are worth from \$2.15 to \$2.20 per M. Stocks in this line are also small. An advance of from 10 cents to 20 cents per M. on laths is confidently expected in the near future.

The outlook for shingles is not so encouraging. The feeling seems to be that during the next few months at least, the shingle market will not recover the falling off in prices (10 cents per M. on the high grades and 5 cents on the low) which took place last fall, but rather that the better grades may go lower yet. American cedar shingles, f. o. b. St. John, are worth: Extras, \$2.95; Clears, \$2.45; 2nd Clears, \$1.95; Extra No. 1, \$1.15; No. 1, \$1.00.

The purchasable stocks of American shingles in and about St. John is very low, possibly three million at the outside. From now until the middle of April the weekly output will be in the vicinity of 700 M. When that time comes all the manufacturers will be able to obtain their cedar logs (which are at present, as is usual at this season, ice-bound in the coves and booms) and after that the weekly output

will be in the vicinity of two and a half millions. Provincial and American combined.

Local sales of shingles are few, but with the opening of navigation in the river trade will in all probability be very briskly resumed at the following prices: 2nd Clears, \$2.00; Extra No. 1 \$1.30; No. 1 \$1.00. Few of the higher grades are sold in the provinces for local consumption. Local stocks of lower grades are much smaller than usual.

W. W. Reed, of Reedsville, Que., has over 1,000,000 feet of logs on the shores of Lake Massawippi for rafting to his mill this spring.

The Pembroke Lumber Company, per S. Anglin & Company, have secured the contract to supply the Board of Works of

Kingston, Ont., with lumber, the price being \$2,511.60.

CANADIAN NORTHERN RAILWAY

The New Canadian Highway from Port Arthur, the head of Lake Superior, to—

PORT FRANCES; MORRIS GLADSTONE
WINNIPEG; HERRON RESPAWA
PORTAGE LA PRAIRIE; CARMAN DAUPHIN

We own and operate several mills in Washington and British Columbia, being on both sides of the "Imaginary Line" known as the International Line, and it keeps our opponents in the trade guessing how to meet us on account of the good quality of our manufactured stock, which has been so carefully planned that even the selection of our timber lands in years past has something to do with the present.

We find our competing salesmen's story to the customers has now got to be a "song pure and simple," which they have learned to sing sweetly, but sadly and lustily, and is as follows: "JUST AS GOOD AS HASTINGS." "JUST AS GOOD AS HASTINGS."

While we appreciate their holding our goods as models of perfection, which the high standard certainly merits, still looking at the matter from the customer's and the consumer's standpoint we cannot see any advantage to you in buying an imitation when the real article can be had through our representatives, viz:—

- James Twitchell, Clinton, Ont., for Ontario, Canada
- Samuel Ashfield, Winnipeg, Man., for Manitoba and the North-West Territories
- Smith, Duplain & Crumb Co., Rockford, Ill., for Illinois, Indiana, Ohio and Wisconsin
- D. D. Babbitt, Clinton, Iowa, for Minnesota and Iowa, North of the C. & N.W. Ry.
- John A. Uhler, Burlington, Iowa, for Iowa, South of the C. & N.W. Ry.
- C. S. Riley & Co., Philadelphia, Pa., for Pennsylvania
- F. R. Stevens, 18 Broadway, New York City, for New York and New Jersey
- United Lumber Co., Springfield, Mass., for Maine, New Hampshire, Vermont, Massachusetts, R.I. and Connecticut
- Shepard, Farmer & Co., Boston, Mass., for Maine, New Hampshire, Vermont, Massachusetts and R.I.
