FALL OF TOWN NEAR

Pursuit of Flying Turks Nets Russians Guns, Munitions and Prisoners.

Special Cable to The Toronto World. LONDON, Feb. 14.—The Russians have captured one of the forts of Erzerum, according to an official report received from Petrograd tonight. This fort was the one damaged by an explosion that followed a bombardment by the Russians. Having gained a footing in the defenses of that Armenian stronghold, it is expected that the Russians will effect its complete reduction in the course of a few days, unless the garrison is able to put up a better defence than present appearances indicate that it can do.

RUSSIAN FLEET AID ISSUED

A semi-official statement issued at Petrograd tonight says that the Russian fleet is active in the Black Sea.

WAR SUMMARY: Today's Events Reviewed

SO FAR as infantry fighting was concerned, it was calm in the western theatre of the war yesterday, with the French artillery thundering as before. The repeated attacks which the Germans launched against exposed trenches in the past few days have gained them but little in the ebb and flow of trench warfare, and an examination of what they have amounted to is sufficient to show that the reports have been grossly exaggerated. Since an attack great or small figures as an attack in an official communique, the Germans have adopted the expedient of creating a big racket with the expenditure of as little effort as possible. Instead of beating his head against the bars of three or four or five or ten miles of trenches, which would anyway only draw one or two lines from the official recorder of the daily events of the war, the wily German, in order to get as much publicity from his actions as possible with the minimum expenditure of effort, selects a small, exposed front-line trench of about a quarter of a mile in length, throws several hundreds of shells into it with his big guns, attacks it with his infantry, if they can sneak up without being taken in the open by the French artillery and wiped out, and if by good luck he temporarily occupies a little section, he announces it in his official bulletin with a statement giving the number of prisoners taken multiplied by ten or fifteen.

WAR SUMMARY: Today's Events Reviewed

Continuation of minor actions on small sections of the 500-mile front is reported in the afternoon statements of the French war office. The French, attacking the German positions south of Friso on the front south of the Somme, occupied certain sections of the German trenches, and captured a captain and about 70 German survivors of the fighting, together with several machine guns. It is estimated that the losses of the enemy on this front were considerable. Before evacuating the advanced trenches taken by the Germans at a point east of the highway between Tahure and Somme-les-Bains, the French laid three mines which were exploded after the Germans had entered the trenches. The enemy lost heavily in the explosion he still clung to the trenches into which he had penetrated, but he was unable to advance. The Germans also secured temporary possession of 200 yards of trenches at a point east of Sempois in Alsace, but they were immediately driven out by a counter-attack. Violent bombardments are proceeding in this region.

MINOR ACTIONS DURING NIGHT

The German version of the fighting in Champagne says that 700 yards of French trenches were taken at a point northwest of Tahure and seven officers and 300 men were made prisoners. Near Aseret, the Germans claim the occupation of 200 yards of trenches and the capture of a few dozen Frenchmen, two machine-guns, and three mine throwers.

NEW ZEALAND'S BARRIER AGAINST GERMAN GOODS

WELLINGTON, via London, Feb. 14, 9.59 p.m.—The New Zealand Government has recommended that 50 per cent extra duty be levied on all German goods after the war.

Special Cable to The Toronto World. LONDON, Feb. 14.—German attacks on the French positions completely died down today in the western theatre of the war, their infantry attempting to debouch only in one place from the Torny road on the left bank of the Aisne River, where they were caught by the French artillery, and did not venture to come on.

The French guns exploded a German munitions depot established as a point north of Gossinghe, in Belgium, and they effectively shelled a salient in the German line on the Vaucourt Plateau. Intense artillery actions, but no infantry attacks are reported in Champagne. The Germans carried out a violent bombardment on some trenches from which the French had dislodged them at a point east of Sempois, but their ammunition was wasted, for on finding these positions completely destroyed, the French had evacuated them in the night. French planes were seen soaring over the fighting, and first German reinforcements which were endeavoring to advance in small parties from Niederrain.

Strong Personality Seen in Hippodrome Film—Piano Movers Lead Rich Vaudeville.

There is no limit to the number of popular, legitimate dramatic and Shakespearean stars now entering the motion picture field. Metro pictures introduce a most astonishing array of stage favorites, this week's attraction at the Hippodrome starring William Faversham in "One Million Dollars." As Richard Duval, the famous criminologist, touring India, Faversham is given wide scope for his talents, revealing the same strong personality which won him so many friends before he entered the movies.

Quite a sparkling vaudeville program is billed this week, distinguished by ingeniously plus music and mirth. Woods Musical Trio, in a very neat little offering, smartly costumed, open the bill with a cycle of instrumental numbers, combining ragtime and old-time melodies. Challis and Lambert were a decided hit, Challis being a particularly clever

SASKATCHEWAN WOMEN TO BE GIVEN FRANCHISE
Premier Scott Told Deputation Their Wishes Would Be Met.

TIME IS OPPORTUNE
Legislation Granting Full Citizenship to Women Will Be Expedited.

REGINA, Sask., Feb. 14.—Headed by Mrs. F. A. Lawton of Yorkton, president of the provincial franchise board, several hundred women of Saskatchewan today flocked into the assembly chamber as the legislature prepared to introduce a government measure an act conferring full citizenship upon them. In reply, Premier Scott stated definitely that the legislation for which they appealed would be passed. He was fully prepared to see the time had arrived for such action.

A petition, with about 10,000 signatures, was presented, and one containing the names of the members of the government, having been presented last year.

The premier said he need not consult his colleagues or the members of the house, as he felt he was already sufficiently assured of their answer, and all he had to say to the women was that their wish on this occasion was law, or would be.

PLAYS, PICTURES AND MUSIC
THE DYNASTS WAS GOOD BUT AUDIENCE LIGHT
LESSON FOR JEALOUS HUSBANDS AT SHEA'S
Leading Splendid Bill, Frank McIntyre Presents Cure for Green-Eyed Monster.

Funny as ever is Frank McIntyre, with a good supporting company headlined by Shea's this week, in the side-splitting sketch, "The Hat Seller." The playlet deals with a jealous husband and the ludicrous situation arising during the development of a plan which leads to a permanent cure from the green-eyed monster. The little play, won several hearty curtain calls.

Clever and exceptionally amusing is the Ariant Brothers' musical eccentric comedy, which proved prime favorites at the opening performance yesterday. Their offering consists of a melange of musical and gymnastic turns, their closing act a representation of feats of making of two birds demonstrated through the medium of pantomime and whistling being particularly noteworthy.

The act of Lady Alice's pets—a company of cats, rats, dogs, rabbits and birds—is now touring the city. It is interesting of its kind to be seen anywhere. The trained rats in their expert and amusing acrobatic feats from a variety of stunts, "break," "crawl," "enjoyed by the audience.

The Lunatic Sisters afford not a few thrills as they swing by their teeth on wires, whirling thru the air and at the same time following the motions of a varied series of dances.

Van and Joe Schenck are, popularly known as the "Two Kings of the Bill." They are Shirl Rives and Ben Harrison in "Another Bench Act," which involves a number of stunts. Wallace Bradley and Nevada Norris in the vaudeville comedy, "In Loveland," and Betty Morgan, who have a number of new and attractive musical features, and an interesting story told by the kinegraph.

CLEVER FRANKIE RICE SCORES AT GAYETY
Wins Hearts of Patrons in Leading the Merry Globe Trotters.

James (Blutch) Cooper, one of the best-known burlesque entertainers of a few years back, recently retired from the stage, is now touring the city in the name of his own "The Globe Trotters," a burlesque from the pen of Mr. Cooper, opening at the Gayety Theatre yesterday afternoon.

"The Globe Trotters" are a merry group of burlesque and vaudeville entertainers, and "The Dowsy Seekers," the title of the burlesque, affords the company an opportunity to produce continuous humor. The only interruptions are very pleasing, and they are the good singing and dancing of the leading women and the large, bright-costumed chorus of thirty.

The clever character comedienne, Frankie Rice, who wins the hearts of the Toronto audience every year that she visits the local theatre, a visit, works just as hard as ever. In addition to the impersonations, she produces several vaudeville headliners, she leads the chorus in many songs and dances during both acts. Frankie Rice, who has a number of excellent comedienne talents, and the Italian and black-face man to good advantage. It is not until the last act that he gives ample opportunity to show his talent. He also gave a clever exhibition of acrobatic dancing.

Florence Davenport sings a number of songs, assisted by the chorus. Fred and Lydia Weaver perform thrilling stunts in the air. Will Lester and Charles Brown are the other comedians.

WONDERFUL DANCERS HEADLINED AT LOEW'S
Scoville Troupe Chief Feature of Best Bill Seen for Weeks.

Ten wonderful artists who call themselves the Scoville Dancers headline a bill at Loew's Theatre this week which is by far the best seen at the house for some time. The company, which was organized in Chicago recently, is made up of eight girls and two men, all of whom are excellent classic, as well as modern dancers.

Altho "College Days," has been seen in Toronto before the act is better than ever, a number of mirth provoking antics have been added. Clark and McCullough are tramp comedians who cause laughter with every line and their parodies on some of the latest popular songs brought loud applause from the capacity audiences. Margaret Ford has a remarkable voice and to all appearances sings in a baritone voice, just as easily as in her natural contralto. "Faid With Interest," is the title of a sketch which at the commencement appears to be along dramatic lines but the curtain falls to roars of laughter. Ray L. Royce presents a series of character impressions which win approval.

A number of feature films complete the performance.

WAR SUMMARY: Today's Events Reviewed
(Continued from Page 1.)

to this method for the sake of keeping up courage at home and of keeping the public mind in an attitude favorable for the prosecution of a vigorous war. So it is always advisable to divide the number of prisoners that the Germans say that they have taken in any engagement by ten or twenty, in order to arrive at a correct estimate.

Avlons, upon which the Bulgarians and Austrians steadily converge, will probably be attacked long before the enemy begins an advance upon Saloniki, and the attempt on the Grecian port will perhaps be abandoned for the Turks, being fatalists, are pressing his Cossacks to throw forward their advanced troops to the Serbian and Bulgarian frontier. The significance of this action will be seen later on, but in the meantime it would only be assisting the enemy to speculate about it.

The Black Sea fleet of Russia, whose assistance to the advance of the army in the Caucasus, attacking the Turkish forces southward across the Arkava River, has been previously noted in these columns, still continues to do distinguished service by engaging and silencing Turkish land batteries along the Anatolian shore. The latest report says that the warships silenced four batteries near Vitez, between Cape Laros and Trebizond, captured a Turkish sailing vessel, and sank eight Turkish supply ships for the Turks, being fatalists, are pressing his Cossacks to throw forward their advanced troops to the Serbian and Bulgarian frontier. The significance of this action will be seen later on, but in the meantime it would only be assisting the enemy to speculate about it.

The Russians announce the capturing of one of the forts in the defensive system of Erzerum, in Turkish Armenia, after it had been shattered by a great explosion. This blow will be discouraging to the Turkish garrison, against them. The Grand Duke Nicholas is pressing his Cossacks forward in rapid pursuit of the routed and disorganized army of Turks, his object being to clear the Caucasus Mountains of them as speedily as possible, so as to secure control of the plains of Syria. From their heights there is a route of invasion which has been followed by Attila and Tamerlane, and this will be the principal theatre of the allied campaign of the next few months remains unknown.

The strategy of the Grand Duke Nicholas and his chief of staff in this theatre is already evoking the admiration of neutral military critics. Acting in concert with the British force in Mesopotamia, whose advance German masters were impelled to send reinforcements to Baghdad, and also to Persia, with the object of stirring up trouble on the British flank. But, owing to the presence of a British and French force at the Dardanelles, the Turks were afraid to weaken their armies stationed about Constantinople and at the straits, so they withdrew men from the Caucasus to send further east. This gave the grand duke, who was lying low, the opportunity to strike at the heart of the Turkish empire, and to smite the weakened Turkish centre, which came about as a result of a disregard of the fundamental principles of warfare by the enemy to keep all his forces in a given theatre concentrated. The only feasible defence for Syria would be to hold the Caucasus in great force and to collect an army somewhere in Anatolia, but, the allies having command of the sea, it may well be impossible for the Turks to hold Syria and Anatolia, and they may eventually be cooped up in Constantinople.

Turkey is said to be threatened with a famine as a result of the sending of all available foodstuffs to Germany some time ago. The Turks, apparently, were promised a speedy ending of the war once the Germans reached Constantinople, and were gullied out of their food supply, none too ample at the best. The heavy mobilization demanded of Turkey, owing to the length of the war, is also putting her under a severe strain, especially as her only available war material is derived from the Anatolian peasantry. In brief, the longer the war lasts, the sharper will its economic strain be felt. The food shortage in Turkey was revealed by an American correspondent, who learned of it thru a neutral diplomat at Rome.

The swift, oil-burning, light British cruiser Arethusa, called "Saucy" in the navy, was sunk by a mine yesterday, all of her crew but ten being saved. She is a considerable loss, being a valuable, not the vital, unit of the fleet. Fortunately Britain is able to build this type of craft in a few months, and by this time, there is no lack of such war craft in the navy. She has had a notable record in the present war.

A campaign has again been started in England for a tighter blockade of Germany. It is a counter-poise to the avowed intention of President Wilson of the United States to have the British Government give up its blockade, but, as The London Spectator says, "We are at war, and not playing polo," the presidential chances of securing some political triumph in this quarter are infinitesimal.

An order has been issued at the British war office calling all single men to the colors under the scheme of Lord Derby. The issuance of this decree points to a speedy raising of the British forces to the maximum of their new establishment and the more rapid preparation of these men for active service. It is another sign that big fighting is expected inside of a few months in the west.

WANT FRANCHISE CANCELLED
Dr. Creelman of Guelph was the principal speaker at a meeting of the Women's Canadian Club, which was held at the Conservatory of Music last night. His subject, "A Trip to the Southern Seas," was descriptive of the people and their customs.

Controller Morris yesterday presented a resolution to the board of control to the effect that as the National Gas Company has not lived up to the terms of the franchise, the board of control recommended to the city council the cancellation of its franchise and that the United Gas be urged to take immediate steps to erect a coke plant, to be completed within a year, and to supply 5,000,000 feet of gas daily at the price of natural gas (87 1-2 cents, and in certain cases 35 cents). A report on the matter will be submitted on Thursday, when definite action will be taken.

On the suggestion of Controller Morris the board of control authorized Building Inspector Whitlock to make a thorough inspection of the new Mount Hamilton Hospital, going over the work and plans without aid from independent inspectors.

Not liable for Taxes. Soldiers will not be held liable for one-fifth per cent. penalty imposed by the city for tax arrears, according to a decision reached by the board. They will be allowed to pay the taxes whenever possible, or arrangements will be made whereby their wives or dependents can make monthly or weekly payments.

Word has been received here that Capt. G. B. Cockburn, youngest son of Dr. and Mrs. Cockburn, has been appointed to a more important position in connection with the mechanical transport. The position is one usually filled by a man of considerable business ability, high explosives, shells, grenades, etc.

Yesterday's casualty list contained the name of Pte. Sidney Heywood, 1 Parachute Battalion, Hamilton, a member of the 5th Battalion having been dangerously wounded.

LECTURE ON DENTISTRY BEST EVER HEARD HERE
Dr. Weston A. Price of Cleveland Spoke on Relation of Mouth Health to General Health.

At the Garden Theatre last night, Dr. Weston A. Price, a Canadian, now engaged in research work with the American Dental Society, gave a lecture, illustrated with lantern views and motion pictures, dealing with the relation of mouth health to general health.

The lecture was held under the auspices of the Canadian Oral Prophylactic Association, which is considering carrying on a similar work in Canada, that of Dr. Price in Cleveland, with the Canadian Dental Association as its guests.

Dr. H. B. Anderson, in moving a vote of thanks to Dr. Price on behalf of the medical profession, pronounced it the best demonstration ever held in Canada, a statement with which Dr. Webster, on behalf of the dentists, heartily agreed. Dr. Fred Clarkson seconded the vote of thanks in a witty speech on the effective work Dr. Price and other Canadian dentists were doing in the neighboring republic.

FUNERAL OF AN OLD WEST END RESIDENT
The funeral of Henry Brown took place yesterday morning from his home, 241 Clendenen avenue, to Prospect Cemetery. He was in his 70th year and was a member of the High Park Methodist Church. He leaves a wife and two grown-up sons, Leonard and Arthur. The burial service was conducted by Rev. H. J. Treleaven.

The St. Paul's Church Extension Society of St. Paul's Church is holding a meeting last evening. This particular service was recently organized and empowered by the Rt. Rev. Bishop Power of New Brunswick, who is the head of the Extension Society in Canada. Financial reports for the month of January were reported upon, and ways and means of providing for the poorer churches were discussed, especially of the Provision of the missionary branches. Mrs. F. Loughran is president of the new organization.

MOORE AND SCANLON SCATTER COIN AT STAR
Clever Funmakers and Snappy Chorus Provide Excellent Entertainment.

Two clever funmakers, Snitz Moore and Edna Scanlon, who are the "winners" hold the boards at the Star Theatre this week. Moore and Scanlon, who in the first act, are seen as two "Yiddishers" in search of a day's sport, make regular spendthrifts of themselves, and their way in which they are relieved of their dough is very laughable.

Moore and Scanlon well up to advance notices and sings her songs as a soubrette should, with lots of spirit and vim. Moore and Scanlon variety, dances good and is full of ginger. Grace Harward has a very good voice and sings her songs with a beautiful score in pleasing numbers. Field Brothers appear in the olio in a melange of singing and talking entitled "Get Off My Feet."

A Day at the Seashore, the last burlesque, bright and brimful of good singing and dancing.

WAKE UP" IS REASON WHY OF RECRUITING
Photodrama at the Grand Opera House is Both Interesting and Timely in Theme.

THE STORY OF A DREAM
Effectively Produced That It Rouses All to a Sense of What Might Happen.

"Wake Up," the English photoplay, which was recommended by the English war authorities, because of the timeliness in account recruiting, is the offering at the Grand Opera House this week, where it is being shown under the auspices of the Citizens' Recruiting League of Toronto. It is a picture designed to arouse Englishmen to a sense of what might happen in the event of their country being invaded, and will no doubt give an impetus to recruiting, a view shared by military men here.

The story deals with the field marshal of England, at a purely imaginary point of English history, who is conducting an agitation in favor of universal national service, a movement in which he is being violently opposed by the secretary of state for war. In a dream the field marshal sees a foreign military attaché visit the office of the secretary of state and steals documents containing private information. The statue of Britannia, the principal of decoration comes to life, and advances toward the secretary of state demanding an account of the invasion. "Has that thought of England invaded my lord?" Then think what invasion means! The picture then shows an invasion of the east, commencing with the military attaché signalling to a huge fleet in the distance. Without a declaration of war with no rupture in diplomatic circles, and at a moment of profound peace, invasion has come. The sacred shores of England are trodden—the first time in centuries—by a hostile host. Scene by scene the horrors of invasion follow.

While the picture depicts a dream, it is very realistic in showing the preparedness of the mother country at a time when peace prevails in all countries. This field marshal finds a time when peace prevails in all countries. This field marshal finds a time when peace prevails in all countries. This field marshal finds a time when peace prevails in all countries.

"Wake Up!" is not a lengthy photodrama but what there is of it is intensely interesting and timely. The program is extended by the introduction of a love episode founded on the enlistment of two young Irishmen who are in love with the same girl.

TICKLING, THRILLING BILL SHOWN AT THE STRAND
Charlie Chaplin and War Film Play Provide Variety of Sensations.

Yesterday was a big day of sensations at the Strand Theatre. First of all, the audience laughed as hard as they ever laughed in their lives at Charlie Chaplin in "A Night at the Show." It seems there is a certain theme there. The Chaplin seeks diversion and likewise adventure. And there is so much of it on the screen that there is nothing but fun as the people below, who lie in pantaloons before the oncoming flood of the main feature, provides another kind of sensation—thrills. It is a German spy drama, in which the villain, Von Odig, endeavors to coerce Lady Marlowe into stealing the plans for him. Later, in the trenches, America's hero, who has called off his engagement with Lady Marlowe, on account of the plan trouble, confronts Herr Von Odig, ruffian that he is, and shoots him. Reconciliation with the girl goes to the front with their happily ever after as war conditions will permit.

GREAT BAND CONCERT SALE STARTS WEDNESDAY
At Massey Hall tomorrow morning the plan for the reserved seats for the massed band concert on Saturday night will open. This concert is being given by the Citizens' Recruiting League to raise money for the overseas bands now stationed in Toronto. It is a very important feature of the campaign to go to the front with their different battalions. Five bands will take part in program with 400 musicians. Mrs. Frank MacKewan and Marley Sherris will be the soloists. General admission to Massey Hall will be 25 cents, but the first gallery reserved at fifty cents. The public are asked to reserve their seats as early as convenient.

ASQUITH WILL PLEAD FOR STRICT ECONOMY

Financial Measures Will Be to fore in British Com-mons. TO REOPEN TOMORROW Usual Pageantry Will Be Lacking Owing to the King's Absence.

LONDON, Feb. 14, 4 a.m.—It is reported the government has decided to open the entire west after Tuesday for a discussion of amendments to the royal address, which will open the way for interpellations on many matters connected with the war. After the formal opening of parliament, which for the first time since the end of queen Victoria's reign, will not be made by the sovereign in person, and will therefore lack the accustomed pageantry, it is expected that Premier Asquith will make one of his periodical reviews of the war. It is not unlikely that the premier's review will be largely concerned with measures contemplated for the enforcement of national economy. Once the address is voted the government will take the whole time of the house for financial business.

TURKS GIVE VERSION OF FIGHTING AT ADEN

As Usual, Claims Are Made That British Forces Suffered Severely.

LONDON, Feb. 14.—An Amsterdam despatch to the Central News says that the following official announcement has been issued at Constantinople by the Turkish war office: "In the neighborhood of Aden British entrenched troops were attacked by Turkish forces on the night of December 20. The British troops were severely wounded and killed. The Turkish forces were dispersed and fled in the direction of Sheik Hosman."

MONTREAL, Feb. 14.—At a meeting of the directors of the Canadian Pacific Railway here today the following dividends were declared: On the preference stock, two per cent. for the half year ending Dec. 31 last; on the common stock, two and one-half per cent. for the quarter ended Dec. 31 last, being at the rate of seven per cent. per annum from revenue and three per cent. per annum from special account, both dividends payable April 1 next to shareholders of record at 3 p.m. on March 1 next.

Citizens of Toronto pay the Hydro at the rate of two and twelve-hundredths cents per kilowatt hour for street lighting purposes. The Hydro can make this monopoly charge because it has not to face the competition of Telco in street lighting. The Hydro rate for cooking purposes, owing to competition by Telco, is nine-tenths of a cent per kilowatt hour. Why is the Hydro rate 135% higher in one case than in the other? What would be the Hydro rate for private customers, if they were not protected by Telco competition?

CITY HALL NOTES

Architect Commends Action of Grand Jury Recommendations as to Fire Prevention Are Being Carried Out.

City Architect Pearse is particularly pleased with the portion of the grand jury's report in which inspection of buildings for purposes of fire prevention and for the protection of life is recommended. He points out, however, that an inspection of this kind has been going on for the past year, and says: "Inasmuch as there is need just now for extraordinary activity for fire prevention and protection of life, here and elsewhere in Canada, we are pushing our work to the highest possible speed."

ALD. M'GREGOR WANTS WARD SIX WELL LIGHTED

Latest Request is Cluster Lights for Growing District.

That Ald. MacGregor is putting forth a strenuous effort to do all that can be done for his constituents was evidenced again yesterday, when he asked the civic property committee to consider the erection of cluster lights in the business portion of St. Clair avenue between Oakwood and Lansdowne. He also suggested that red lights be placed on all ordinary fire hydrants and blue lights on high pressure hydrants.

NIAGARA TRACTION BILL IS OPPOSED BY CITY

Mayor and Officials Will Demand That Safeguards Be Inserted.

On Thursday evening Mayor Church, Works Commissioner Harris and other officials of the city will appear before the city council to oppose the Niagara Traction Bill. The bill, which is now before the city council, would give the Niagara Traction Company the right to operate a street car line between the city and the falls.

WESTCOTT'S EXTRADITION ASKED. BOSTON, Feb. 14.—Federal Commissioner Hays today reserved decision on the request for the extradition to Montreal of J. M. Westcott and his wife, Mrs. Ellen Westcott, who are under charges of obtaining by false pretenses merchandise valued at \$1,000. An alleged worthless cheque figured in the transaction. The arrest of the couple was made at the request of the British consul here.

FAMED ARETHUSA IS DESTROYED BY MINE

British Cruiser is Total Wreck Off East Coast of England. TEN OF CREW LOST

Arethusa Had Won Great Reputation by Series of Exploits.

LONDON, Feb. 14.—The British cruiser Arethusa struck a mine today off the east coast of England, according to a statement issued by the British Official Press Bureau. It is feared, the statement adds, the vessel will be a total wreck. About 10 men were lost in the sinking of the cruiser. The text of the official statement says: "This majestic ship Arethusa, Commodore Rossmore's flagship, has struck a mine on the east coast. It is feared she will become a total wreck. About ten men were lost."

Deep Public Regret.

The admiralty's announcement that the Arethusa had struck a mine was probably a wreck, brings widespread regret, as the cruiser was one of the most popular ships in the navy, and generally known as the "Saucy Arethusa." She was covered with scars from many encounters, and is believed to have been in more naval actions of the present war than any other ship in the navy. Within three days after leaving the shipyard, where she was built, she was in a sea fight in the North Sea, and had the distinction of firing the torpedo which finally settled the fate of the German cruiser Blouche of her part in the Heaogland fight, the official account at the time stated. "The Arethusa, leading the line of destroyers, was first attacked by two German cruisers, and she was damaged to the extent of 3000 yards, with the result that she sustained some damage and casualties, but drove the German cruisers, one of which was seriously injured by her six-inch guns. "The Arethusa later engaged two other German ships, and in company with a light cruiser squadron, contributed to the sinking of the German cruiser Mainz. This encounter, many of the Arethusa's guns were disabled, and she was about to be sunk, when a British battle squadron opportunely arrived and sank her antagonists. "The Arethusa's smaller light cruisers, her fighting qualities and her exploits had given her a reputation of embodying the fighting spirit of the British navy."

ACTION AGAINST BOPP HAS BEEN POSTPONED

Government Officials at San Francisco Await a Fresh Indictment.

SAN FRANCISCO, Feb. 14.—Franz Bopp, local consul general for Germany, appeared in federal district court today to be arraigned on a charge of conspiracy to set on foot a military expedition against Canada, but government officials announced they were awaiting the appearance of another indictment against him, so no action was taken.

LABOR MINISTER WILL ACT IN LOCAL STRIKE

Hon. T. W. Crothers Suggests Intervention Between Teamsters and Employers.

Mayor Church, who has been interested in himself in the strike of the transport workers, was yesterday in receipt of a good scheme telegram from Hon. T. W. Crothers, minister of labor: "Re transport workers' strike. If settlement is not secured at once by direct negotiation the dispute should be referred for adjustment under the Industrial Disputes Investigation Act. The employees retaining a strike, I would ask that you use your influence with parties concerned to have application made to this end, in which case the board can be established immediately. As you know, one of the departmental officers is already in Toronto to lend his good offices."

CHICAGO, Feb. 14.—Analysis of the poisoned soup which made a hundred or more prominent guests violently ill at a banquet given Thursday night at the University Club, was completed by Dr. Frederick O. Tooney today. The analysis showed that the guests who partook of the soup missed death by a narrow margin. The poison used was white oxide of arsenic. Dr. Tooney said that his estimate showed that the portions served each guest contained 1 1/2 grains of the drug. His calculations showed that the entire kettle of soup contained 480 grains. This development was regarded as significant by detectives working on the case. In the amateur laboratory of Jean Cronis, the missing assistant chef at the club, an ounce bottle said to have contained arsenic but which was empty, was found. An ounce of the drug contains 480 grains. Cronis disappeared on the night of the banquet and had not been located tonight.

PARLIAMENT BUILDINGS WILL NOT BE HURRIED

Old Gothic Lines Will Probably Be Preserved—No High Tower.

OTTAWA, Feb. 14.—No time is to be lost in awarding contracts for construction of the parliament building, as soon as the inspecting architects present their report on the possibility of utilizing the present walls, but it is not intended to make it a rush job, as parliament can easily be accommodated until the building is properly constructed. The old Gothic lines will probably be preserved and the high iron-Gothic tower obliterated. The chief change will be that the commons and senate chambers will occupy outside the structure, thus affording better light and air for the members.

BERLIN DENIES RESPONSIBILITY. BERLIN, Feb. 14.—The charge that a German agent was responsible for the fire that destroyed the Canadian Parliament buildings at Ottawa is utterly false. The North German Gazette, official organ of the German Government, declared today. The paper added that the destruction of the buildings by such means would have been a "detestable and non-sensical crime."

The Toronto World Sox Campaign Closes Today

Send in your sox. If you haven't got any to send in go and buy some.

Read this letter that came in yesterday from two children, five and eight years old:

Dear Cousin: I want to send some money to buy some sox for the soldiers. Mother was going to Toronto on Thursday, but some people died and she had to stay home to mind Judith while Daddy went to the funeral. I wish they would get enough sox to give every soldier a pair. Mother hadn't time to knit any sox, because she has enough darning of sox to do for us to keep her busy. This is Elizabeth's and my own money. I hope it is enough to buy a pair. I read The World and like the parts about "Polly and Her Pals" and "That Son-in-Law of Pa's." I thought that the part about Dr. Hersoot's treatment on pa's head to make the hair grow was funniest. Love to you. Bolton, Feb. 13, 1916. Joseph Bascom St. John.

What do you think of that? Why can't you do something like that? Beat it to Simpson's or Eaton's or Murray-Kay's and buy a pair of sox. Have them delivered to The World. Go to any store that sells sox and order a pair. Buy half a dozen pairs if you like.

IS GENEST DRAWING GOVERNMENT SALARY? Best Ways Status of Bilingualists' Chief Agitator Clearly Defined.

By a Staff Reporter. OTTAWA, Feb. 14.—S. M. Genest, the well-known leader of the Ottawa bilingualists, is the subject of a question which John Best, M.P. for Dufferin, has addressed to the government. Mr. Best asks if Mr. Genest is employed by the government at the present time, and what are his duties and salary. He also wants to know if Mr. Genest devotes all his time to the work of the department with which he is connected, and if there is any other person paid by the government to do part of the work pertaining to Mr. Genest's office.

WORLD'S CAMPAIGN ENDS

Think of the Firing Line, Study Its Hardships and Send Gifts to This, "Sox Day."

St. Valentine's was certainly not overlooked by the "Sox Sisters" yesterday, hundreds of donations coming in from them, and from the Sox Brothers, too—wafers, woolly sox, chocolate, gum, tobacco, cigars and soap poured in in great quantities from early morn till eve, as a final expression of good will towards the great World "Sox Day" campaign which closes to-day. But remember—it does not close till tonight. You still have all day and this evening to do your bit—and only you will feel sorry when the announcements are made that you have not been responsible for one of the hundreds of pairs which will be shipped from The World Building direct to the boys in the trenches.

Are You Among Them? This has been a wonderful month in the World knitting-room. A group of patriotic women arrived on the opening day and have come every day since to help along this work. Donations big and little have come from Saskatchewan, South Carolina and North Bay and from a hundred other points along the railway lines of Ontario. Large firms have given generously of their wares and local artists have entertained the knitters. Everyone has done everything in his or her power to make the campaign a success, and best of all it is a success—thanks to the combined efforts of all interested.

Closes Tonight. This afternoon and evening sees the close, when musical programs will be provided for the pleasure of the knitters and those bringing in final donations. A special demonstration of "knitting sox for soldiers" will be given by Mrs. A. Orme, teacher and demonstrator for the Auto-Knitter Hosiery Company, 257 College street, who will supply the machine. The demonstration will be given shortly after 2 o'clock by Mrs. Orme, who is recognized as the most expert knitter in Canada. She is able to knit pairs of sox in less than 15 minutes on a hand-knitter.

MALVERN GIRLS' CLUB HELD SOX SHOWER

As a result of a sox shower, held at the home of Miss E. H. Bonham, avenue, a large number of sox will be sent to Lieut. F. H. Wood of Malvern Collegiate Institute. Lieut. LACK OF WAR STAMP COSTS TEN DOLLAR FINE

Magistrate Imposed Penalty Altho Neglect Was Unintentional

J. G. Newson appeared before Col. Denison in the police court yesterday morning on a charge of omitting to affix the necessary war stamp to an eight-dollar cheque drawn on the Sterling Bank. Counsel for the defence argued that failure to affix the stamp was unintentional, but a fine of \$10 and costs of 30 days was imposed.

MOTOR LEAGUE WANTS CONSTABLES' GRAFT CUT

Will Ask Government to Abolish Fee System in Prosecutions.

The Ontario Motor League is once more going to try to have changed the fee system now followed in the payment of county constables. "We intend to make application to the legislature for that among other things," Secretary W. G. Robertson said yesterday. T. N. Phelan, the league's solicitor, is now preparing information to place before the authorities at Queen's Park. Mr. Robertson said he also hoped to hear soon that arrangements have been completed for a reciprocal recognition of motor licenses between Ontario and New York.

Desirable candidates will be held in view months before election time so as to make for best results.

DYNAMITE DISCOVERED IN CARLOAD OF COAL

That German agents have designs on Canada is evident by the fact that a stick of dynamite, as thick as a broom handle and 17 inches long, was found on the top of a car of coal recently delivered to the Crosby Coal Co., rear of 325 Storauren avenue. According to Mr. Crosby, there was a layer of snow on top of the coal. The dynamite was under the snow. The explosive has been buried in a snow-drift until it is known what is to be done with it. Mr. Crosby's belief is that the dynamite was placed there by German agents. Instead of coming from Pennsylvania direct to Toronto, as marked on the car, the car came by way of Buffalo.

MINISTER IS NEUTRAL ON SUNDAY CONCERTS

Hon. T. W. McGarry Says None of the Useful Ones Will Be Molested.

"No meetings that have proved to be a benefit to recruiting will be interfered with," Hon. T. W. McGarry declared yesterday when asked what his intentions were regarding the complaints of Toronto ministers against holding recruiting meetings during church service hours. The provincial treasurer declined absolutely to give his opinion of the meetings; he said he had already heard both sides and expected to hear more evidence still. According to Mr. McGarry his authority covers only the motion picture end of the recruiting meetings. So far as his department is concerned, he declares, it is up to them to issue or not to issue the weekly movie permit. The minister stated definitely that the biggest issue for him to decide was as to whether the hours for showing the pictures should not be restricted. "Does that mean that you are considering whether people are visiting recruiting meetings to the detriment of the church attendance?" he was asked. "Oh, that's a question," was his only reply.

WILLS PROBATED

Probate of the will of Pte. George Sayers, killed in action "somewhere in France," Dec. 22, 1914, has been applied for by the Toronto General Trusts Corporation. Sayers was previous to enlisting an insurance clerk, and left an estate worth \$9684. Cash bequests of \$200 are left each of his 18 cousins. The residue of the estate is left in equal shares to Kathleen Barker and P. A. Pope, an uncle, living at Cookshire, P.E.I. Ancillary probate of the will of Henry C. Finkler, who died in New York last year, has been applied for by the surrogate court. The estate is worth \$2,840,204. By his will the widow, Mrs. Louise Finkler, receives life interest in the residence and an annuity of \$20,000. The residue of the estate passes to the children, Annie and Edward.

LAST CALL GOES OUT FOR BRITISH BACHELORS

Official Proclamation Posted Yesterday is Summons to All Eligibles.

LONDON, Feb. 14, 2 p.m.—An official proclamation calling up the remaining single men under the Derby plan and the Military Service Act was posted today. "The call to the colors will have the effect of enrolling all single men of military age who have not been exempted."

Single men who did not attest under the Earl of Derby plan are subject to compulsory military service, with certain classes of exemptions, under the terms of the act passed at the last session of parliament, which went into effect on February 10. A London despatch of Saturday, forecasting today's call, said the unexpectedly speedy summons might be attributed to the many recent consultations between the minister of munitions and the war office.

SOLDIER IS CHARGED WITH MARRYING TWICE

Lance-Corp. Coates Was Arrested at the Instance of Wife Number One.

Lance-Corp. George Victor Coates, 60th Battalion, Regina, Saskatchewan, was arrested at 244 Augusta avenue yesterday by Monthly Officers Ker and Lawler on a charge of bigamy. Coates is alleged to have married Mrs. Constance Sandbach in Toronto on Dec. 15, 1914, knowing at the time that he had a wife living in Ireland. Rev. J. D. Morrow, pastor of Dale Presbyterian Church, performed the ceremony. A communication from Coates' wife in Ireland to the morality department led to his arrest. He came to Canada six years ago and had not corresponded with his wife for five years. There are no children by either marriage. Coates will come up in the police court today.

Ways the Schoolgirl May Dress Her Hair Becomingly

By LUCREZIA BORI

BETWEEN the ages of 14 and 16 the schoolgirl reaches the "awkward stage." She is neither a child nor a woman, and mothers watch this chrysalis with anxious eyes, hoping that the ugly grub will develop into a beautiful butterfly. Not infrequently they are disappointed, and grieve to see even the childhood beauty that their young daughters fade away as they approach young womanhood.

I have observed many young girls of this age and have come to the conclusion that much of their unattractiveness is due to the fact that they do not know how to bring out their "good points," and their mothers are too engrossed with outside affairs to take the trouble to inform them.

The manner of dressing the hair is of greatest importance at the awkward age. The severely plain braided hair or the childish curls are no longer becoming, and when the girl of 14 or 16 realizes this fact, she immediately begins to arrange her tresses in the fashionable modes that happen to be in vogue at that particular time. As a youthful manner she combs it in imitation of her mother or older sister, and it proves to be most unbecoming.

Sturdy Your Face.

Since at this stage the features are in a state of transition, the hair should be arranged in a girlishly simple manner that will add a softness and charm to the face that is most attractive. Whether the hair should be pompadour, parted in the middle or at one side or combed straight back from the forehead depends on whether the face is round, oval or pear-shaped.

The young schoolgirl should carefully study the type of her face and experiment with the different ways of dressing her hair until she finds the cutture that is most becoming.

To my way of thinking there is not more becoming way of combing the tresses—if the forehead is not too high—than in a soft pompadour with the hair falling low over the ears. Catch the hair on the crown of the head with a plain comb and then draw it down to the nape of the neck, where it is braided loosely and rolled under to form a knot. Many girls are again wearing the bow of ribbon at the back of the neck, and I am glad that this youthful fashion is again in vogue, if you find that you can arrange your hair more becomingly when there is a soft wave in it, wave it, by all means. Not with curled iron, however, but with kid curls. The hair should be slightly dampened, not wet, and then a rather thick strand wrapped round and round the curler. This produces a broad, graceful wave that is natural looking and harmless to the hair.

The young school girl will find that parting her hair thru the centre of the head is becoming in many instances. Fluff it softly over the ears, and if you are of the oval type, hang free in three or four large curls. The braid should be taught at the top with a bow of black ribbon or with a barrette.

Other Ways.

Another youthful way of arranging the hair consists in parting it thru the middle, fluffing it softly over the ears and then twisting the ends into "loose, horizontal figure eight, low at the back of the head. This is appropriate for the more "grown-up" girl of 16 or 17. Elaborate hair ornaments are never in good taste for the school girl, but large shell or amber

pins may be used to hold each loop of the figure eight in place.

When the face is of an "angelic" cast of countenance an "a la long" and luxuriant there is no more effective way of arranging it than in a coronet braid. To comb it in this manner, braid the hair in two braids at the base of the head, leaving a soft pompadour in front. Cross the braids at the back and bring them about the head to the front. Tuck the ends under and pin them firmly in place. If desired, the hair may be parted over the brow.

Another simple arrangement is to part the hair at the side or thru the middle and to coil the ends into two flat rolls like small shells. Pin each coil securely in place and use a plain comb above them.

Of course, I need not emphasize the importance of keeping the hair in a healthy condition when the school girl is at the "awkward age." This is another story which will have to be told another day. For the present spend hours if necessary finding an arrangement of the hair that will prove becoming to the girl of 14 or 16.

Extra Early Tomato Plants Pays

The first sowing should be made early in March, and the directions are the same as for cabbage. As there is always a demand for extra strong tomato plants this should be provided for by growing part of the crop in pots. This naturally means additional labor, but is a paying proposition; good prices are always given for strong, sturdy plants showing the first flowers, in three and a half or four inch pots. Paper pots are now offered very cheaply and are just the things for this purpose. Do not pot directly from the seed bed, but use the transplanted seedlings, picking sturdy plants about four inches in height. The best early scarlet-fruited varieties are Spark's Earliana and Chalk's Early Jewel. Fine Pink, a pink-fruited sort as desired, is also good. For the late or main crop Matchless and Stone-reds—and Globe-pink—are unsurpassed. Ponderosa—pink—is the largest variety in cultivation and is much esteemed by many amateurs. One ounce should produce 2000 to 3000 plants.

Cauliflower in May

As cauliflower will not head during the heat of summer do not sow until late May or early June. Give the same treatment as cabbage, and use such sorts as Early Snowball and Dwarf Erfurt.

CHIROPRACTORS NOT ALLOWED TO REPLY

Justice Hodgins Says Reference to Cult as "Quacks" Only Matter of Opinion.

The chiropractors were not allowed to reply to the criticisms of the Dr. Flexinger report at the medical convention yesterday morning. Mr. Justice Hodgins took the view that the only real charge made in that report was a reference to the cult as "quacks," and that, he declared, was only a matter of opinion. The report in question said the osteopathic and chiropractic schools were improperly equipped.

"We should be allowed to contradict those statements," said one of the chiropractors present.

"Not here," replied his lordship. "I will see Dr. Flexinger but cannot make certain statements regarding his report and he not here to reply."

Glynn Osler, K.C., representing the druggists declared that the report was regarded as wholly misleading. "Such unverified evidence put in clients in a false position. Dr. Flexinger should appear and be submitted to cross examination," he said. Adjourning was made till Feb. 28.

TRADING WITH ENEMY LEADS TO PUNISHMENT

Two Members of Fownes Firm Will Serve Terms in Prison.

LONDON, Feb. 14.—At the Old Bailey today, William Gardner Rigden was fined £500, William Fownes Rigden was sentenced to 12 months imprisonment, and Stanley Fownes Rigden to four months imprisonment, on their withdrawing their former defence and pleading guilty to the charge of obtaining goods from Germany thru their New York branch and trading in such goods in contravention of the Trading with the Enemy Act. The three men are partners of Fownes Brothers and Company, glove manufacturers.

The prosecution alleged that between the end of September and the end of December, 1914, the accused had obtained goods worth \$30,000 from Saxony thru the New York branch, for which payment was to be made after the war.

MILAN WAS ATTACKED BY RAIDING AIRCRAFT

Six Persons Killed and Several Injured—Material Damage Small.

LONDON, Feb. 14.—A Route des Alpes despatch from Milan says six persons were killed and several injured by bombs dropped from aeroplanes which appeared over the city this morning.

The despatch says several aeroplanes took part in the raid, which was made at 8 a.m. Anti-aircraft guns opened a heavy fusillade and the aeroplanes disappeared after dropping bombs. The material damage done was small. The casualties were all among civilians.

How to "Dry Clean" at Home

By ANN MARIE LLOYD

FEW women can afford to discard a garment because it is too soiled. Your home dry cleaning establishment should also be provided with a supply of bran, ground rice, dry sal cornmeal, as well as gasoline.

Prepare each article to be cleaned with the exception of gloves or slippers, by removing all grease and dust, while grease can be removed by saying heavy brown paper over the spot and running a hot iron over it. The "shine" can be removed from worsted materials by sponging it with ammonia water and pressing gently on the wrong side.

For cleaning garments of worsted material use dry kitchen salt in this manner. Crush the salt with a rolling pin and run it thru a fine wire sieve to remove the lumps. Lay the garment flat on a table, sprinkle it with salt, and using a piece of clean, white linen folded into a pad, rub the salt well into the fabric. Rub the goods only one way, that is, with the nap, using long, even strokes.

When every inch of the surface has been cleaned with the salt remove it with a stiff brush. If the hem or any other part of the garment still shows signs of soil repeat the process.

The most delicate frocks can be cleaned by the salt method, but lace, yokes, sashes and other accessories should be ripped off and cleaned with gasoline.

They should be gone over carefully and every break or tear mended. Then dip each article into a basin of gasoline, squeezing it up and down for a few minutes, then squeeze it out. Laces or Irish articles should never be wrung out. Always handle them with the greatest of care. Streaks of soil can be removed by scrubbing them with a soft-bristled brush.

Delicately tinted evening gowns can be cleaned without fear if the following suggestions are followed: Fill a basin sufficiently full of gasoline to immerse the garment without having to rumple it up. Soak it up and down for several minutes, then spread it out on a large table over which a clean cloth has been spread. Have ready a pad of clean linen, dip it into the gasoline, and go over the gown, rubbing the right way of the material. Keep

Constant Headaches

When the nervous system gets run down one of the most distressing symptoms is headache. Nervous headache has been described as the cry of the starved brain for more blood.

Because of its remarkable blood-forming and blood-circulating qualities, Dr. Chase's Nerve Food ranks first as a means of overcoming nervous exhaustion, indigestion, sleeplessness, irritability and all the annoying symptoms of nervous breakdown.

It is not a mere relief, but thorough cure; for it rebuilds and reconstructs the wasted and depleted nerve cells.

50 cts. a box, 6 for \$2.50.

Pepper Plants Need Care

These plants require rather more care than tomatoes, and are much slower in growth. Since they need more warmth a division should be made in the hotbeds with boards, so the peppers will not require so much air until late in the spring. This portion of the frame could also be utilized for eggplants and some of the flowering plants. The night temperature should not go below sixty degrees.

If only a limited number of plants are desired they should be sown broadcast in a flat—a box three inches deep and twelve or fifteen inches broad and wide, covering the seed with a quarter inch of sieved soil, making the surface level and firm.

Peppers are best grown in paper pots, but should first be transplanted into flats. Prick 'em out as soon as the seedlings are large enough to handle, setting them two inches apart, each way. In the course of two weeks they will be ready for potting. One ounce of seed makes 1000 plants.

THE WORLD'S King George the Fifth

DISTRIBUTION OF THE PORTRAIT OF

KING GEORGE THE FIFTH

is in closer sympathy with his subjects in Great Britain and the dominions beyond the seas than any monarch of ancient or modern times. He enters into the joys and sorrows of his subjects, and his quick response to all their appeals for generosity and sympathy has added to his popularity both as a sovereign and man.

The portrait distributed by The World is printed in seven colors, mounted and ready for framing. He is pictured in the uniform of Naval Captain, which is his favorite branch of the service. Do not forget that KING GEORGE THE FIFTH is our Sailor King. Thousands of World readers have availed themselves of the opportunity, and have obtained one of these portraits. This is the last chance to obtain one. Remember, distribution closes on Saturday, the 19th of February. The coupon which appears on another page explains the terms.

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered untold agony for years due to liver or nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood.—How to tell.

New York, N.Y.—In a recent discourse Dr. E. Sauer, Specialist, of this city, said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and there are nothing you eat does you any good; you feel weak, nervous, and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia; kidney or liver trouble; some can't sleep at night; others are sleepy and tired all day; some have indigestion; some have nervousness, but all lack physical power and endurance. In such cases it is worse than foolishness to take stimulating, whirling or narcotic drugs, which only whir your flagging vital powers for a few moments, but do not matter what your trouble is. No matter what your trouble is, if you are not strong and well you owe it to yourself to make the following test: See how long you can walk or how far you can walk without becoming tired. Next take two five-cent tablets of ordinary nuxated iron three times per day after meals for two weeks.

NOTE.—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will forfeit \$1000 to any Charitable Institution if they cannot take any man or woman under sixty who lacks iron and increases their strength 200 per cent. or over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is now on hand at Liggett's Store, 115 Ave. of the Americas, New York City. G. Tamblin, Limited, and all other drug stores.

TUESDAY MORNING, FEB. 15. Nationalize the Old Grand Trunk First!

OTTAWA, Ont., Feb. 11.—Grand Trunk and Grand Trunk Pacific officials have been here for several days in conference with cabinet ministers.

That action must be taken soon is the opinion of the best informed in the capital. For a year the fixed charges of the Grand Trunk Pacific have been too heavy.

Many government members believe if the country had to assume ownership and operation of the Grand Trunk Pacific, that to make it a commercial proposition a system of control should be obtained, and that the parent company should be taken over at the same time as the western division.

Anyone who cares to turn up the World of some months ago will find on record to the effect that in no case should the old Grand Trunk be allowed to get away from its undertakings in behalf of the Grand Trunk Pacific and for its undertaking to Canada to take over and run the National Transcontinental Railway.

It has also been suggested that the Dominion should buy out or acquire the Canadian Northern; but that company may be able to see a way of developing its business up to a paying basis; and we have even heard that those connected with it are willing to guarantee that within five years from now the earnings will be sufficient to pay the Dominion a 5 per cent. dividend on the \$40,000,000 of common stock of the company which it now owns.

But that is as it may. The World is thoroughly in accord with the statement in the Winnipeg Telegram; and we also hold the opinion of those members at Ottawa, that if the Grand Trunk Pacific is to be taken over the old Grand Trunk should also be taken over; and that when this is done Canada will have a real check and influence on its transportation problems.

Any decision of the government at Ottawa on this subject will be watched with the keenest interest by the people of Canada, especially by the people of Ontario.

Alleged Bribery in Saskatchewan Premier Scott of Saskatchewan has pledged himself to have the fullest investigation of any charges that may be brought against any members of the legislature of such a serious character as to indicate corruption or the possibility of it.

of Prince Albert, tho he does not specify any particular member as having been bribed. He charges that in December, 1913, large sums were paid to members of the legislature by applicants for liquor licenses, and also as campaign funds. He also charges that sums amounting to \$50,000 were paid out for roadwork on preferred contracts which were never filled.

It should be more and more plainly understood that purity in politics is a size qua non in a country like Canada, and that what Premier Scott has called "the hyena of corruption" must be permitted to one party any more than another without materially weakening not only the party which permits it but the party which is unable to protect itself, and the country in general.

President Wilson Hoping for the Best President Wilson is willing to have another term of office. He says so himself. This will probably explain many of his attitudes upon questions of neutrality in the war, and his long suffering with the German barbarians who sack the Lusitania.

It looks as if the Von Bernstorff had backed him up into a corner. The president is like an honest man in the witness box under cross examination by a clever and unscrupulous cross-examiner. He is led to say things and admit things and then once more to acquiesce in things which had never entered his mind and in which he does not believe.

A Few Ungracious Spirits Objections to the Sunday recruiting meetings are quite as zealous in their way, and quite as hostile to the aims and interests of the allies as the nagging and irritating policy pursued by President Wilson in its larger scale.

The life and death struggle in which the empire is engaged does not depend upon the niceties of conventions about which there is no general consent. We are all agreed about the proper observance of Sunday. The tendency among British people is to be stricter in that regard than it used to be.

The churches as a whole have done nobly in the work of recruiting and in other ways, and the great majority of the ministers and clergymen have been all that men could be in inspiring their congregations and setting the example of patriotism and devotion which the country might expect from the churches at this time.

MORE ABOUT ZINC—A GREAT STORE IN QUEBEC

Editor World: In your issue of the 8th inst. you have a strong note on zinc, which seems to imply that the nearest size deposits of value are in B. C. Now I have been interested recently in the development of a zinc deposit in the Gattineau River country, about 72 miles from Ottawa, and only 2 1/2 hours' rail, which looks like making an enormously valuable property.

Several speculators have been trying to get possession of the cheap, without putting down a considerable sum to show bona fides, as they think the prospect has not sufficient capital to erect a plant himself.

There is a good water power partly developed within four miles, and another one undeveloped, but not so strong, two miles away. There is lots of clay right at the mine should it be decided to build retorts on the spot.

Curling Down to Round 3 Hockey The Groups Playing Off

SIX OF THE SIXTEEN RINKS ARE GRANITES

Aberdeens Have Three and Lakeview Three for Third Round—Scores and Records.

The single rinks were reduced to 16 last night as a result of play in the third round. As per advertisement, the fourth round is on tonight, the semi-finals tomorrow, and the final contest for the Canada Life Trophy on Friday night. The semi-finals and final are at the Victoria Club.

At Lakeview, F. E. Kerr defeated H. E. Beatty in what looked like a hard game, but it proved to be a walk-over. At Granite, Dr. Burns defeated Q. D. Day by scoring one of the four goals. Queen City, Sam Harris, skipping the Fulton rink, made a close finish with Dr. Gallanough. At Toronto, A. W. Holmes beat C. A. Tobin by one shot. The other games last night were not close. Scores:

A WIN FOR GRANITES GIVES THEM TROPHY

Queen City and Aberdeens Still Have Chance—Single Rink Curling History.

Granites lead in the competition for the Canada Life trophy with four wins to Queen City's three and Aberdeens two. The club with the most wins in twelve years takes the prize outright. Should Granites win this year, they have a good chance, even Queen City could not catch up, and the competition would be over. However, a win for Queen City this year and next would land the prize five to Granites four. Both Aberdeens could tie with Granites by two straight victories. Following is the honor roll:

- 1907—Granite Club—D. Prentice, Jr., P. Edwards, W. Gale, W. E. McMurtry, skip.
- 1907—Queen City Club—Dr. C. V. Snellgrove, W. Phillip, J. P. Rogers, H. A. Haldiey, skip.
- 1908—Queen City Club—T. Stark, H. F. Pezman, J. R. Wellington, J. C. Scott, skip.
- 1909—Queen City Club—J. George, J. Ince, George S. Lyon, Robert Rennie, skip.
- 1910—Granite Club—C. O. Knowles, A. R. Nicholls, J. Rennie, Thomas Rennie, skip.
- 1911—Lakeview Club—J. W. Mitchell, A. C. McCurdy, Dr. Wylie, H. H. Oshinold, skip.

ELEVEN GOAL MARGIN FOR SEAFORTH TEAM

HAMILTON, Feb. 14.—Hamilton Rowing Club's stay in the senior O.H.A. was brief, the sailing team with a handicap to overcome they faced Seaforth in the final game of the home and home series tonight, but the best they could do was to break even, the final score being a tie with each team having four goals. Neither team displayed much form in the first or second periods, but the third period was fast from start to finish, and some brilliant hockey was played. Seaforth scored first, but Hamilton led at the end of the first period by a score of 2-1. The visitors scored in the second session, which ended 4-3 in their favor. Hamilton had a slight advantage in the final period and opened matters up, but were entirely unable to cut down the big lead obtained by the visitors in their home town against the scrub team from Hamilton last Thursday night. The teams: Seaforth (6): Goal, McGough; left defence, D. Reid; right defence, Davis; rover, Reg. Reid; centre, H. Dick; left wing, O. Dick; right wing, J. Sills. Hamilton (6): Goal, Morien; left defence, Parker; right defence, Rees; rover, Elmhurst; centre, Reid; left wing, Scrimgeour; right wing, Boyd. Referee: McCut, Toronto.

RETURN SHOW TO BE GIVEN BY SPORTSMEN

Last night, after the brilliant success of the gathering at Massey Hall, the Sportsmen's Patriotic Association, the officers of the 180th Sportsmen's Battalion, and the members of the latter's recruiting committee, were besieged with requests for a repetition of the show. Those in charge of the affair will not have the time to devote to a return engagement, but President McCaffery of the Toronto Baseball Club came to the rescue with an offer to have the business staff of his organization take hold of the affair. The offer was gladly accepted, and if Massey Hall can be secured there will be such another as last night's assault-arms. The date has not been fixed, but it will probably be next Wednesday, Thursday or Friday. The program will be varied as much as possible. Some startling new features will be introduced.

WALKOVER FOR BERLIN.

BERLIN, Feb. 14.—The Union Jacks clubbed another rung in the championship ladder tonight when they defeated the Simcoe Juniors by a score of 2 to 0. The Ontario of London will be the next victims, then watch the Jacks go straight thru. They are the winners for 1916. The line-up: Simcoe (0): Goal, Brock; right defence, Hulsley; left defence, Kelly; rover, Peachey; centre, Kelly; right wing, Mitchell; left wing, Osborne. Berlin (2): Goal, St. Charles; right defence, Master; left defence, Brown; rover, Schmitt; centre, Shirk; right wing, Krug; left wing, Erb. Referee: Harry Boettger.

PORT COLBORNE'S GROUP.

PORT COLBORNE, Feb. 14.—In the intermediate O.H.A. game here tonight between Port Colborne and Danville the score was 11 to 4 in favor of the home team. Port Colborne wins the championship of the district in group 5. The line-up: Port Colborne (11): Goal, Crooks; defence, McDonald, German; rover, McCarty; centre, Drury; left wing, Mason; right wing, Agnew. Danville (4): Goal, Mayo; defence, Bauhmer, Knox; rover, Minnie; right wing, Fluker. Referee: Lawson Whitehead, Toronto.

BEAT THE SOLDIERS.

PETERBORO, Feb. 14.—Belleville won tonight over the 93rd Battalion team in a hard fought game, 5 to 3.

PRINCE HENRY WINS MILE RACE.

LONDON, Feb. 14.—(4.21 p.m.)—Prince Henry, third son of King George, ran fourth today in the annual junior mile race at Eton. His time was four minutes 54 seconds. The winner was a young schoolboy named Hiss. The race was a most strenuous one, owing to wind and rain.

WHITEMAN FOR LOUISVILLE.

LOUISVILLE, Ky., Feb. 14.—George Whiteman, outfielder, who went to the Brooklyn Federal last year, after playing last Wednesday, Thursday or Friday in the International League, has been bought by the Louisville American Association club.

MANY IMPORTANT GAMES SCHEDULED THIS WEEK

Second and Third Round Contests on the Bill—News and Gossip.

The O.H.A. games this week are: Tuesday, T.R. and A.A. at Riversides. Wednesday, Midland at 76th, Barrie. Thursday, Sarnia at Paris. Friday, Owen Sound v. Winton at Cleary. Oshawa at Brampton (tentative). Saturday, Berlin at Seaforth—Hamilton winner. Belleville at St. Andrew's College. Frontenac at Queens. Sunday, 93rd Battalion at Belleville. 76th Battalion (Sarnia) at Midland. London Ontario at Berlin Union Jacks—Simcoe Norfolk winner. Saturday, Argonauts at Riversides. Ottawa play Toronto at the Arena on Wednesday night. The locals are going strong and should win.

The second game between the 76th Battalion of Barrie and Midland, to decide a winner in O.H.A. intermediate group No. 9, will be played at Midland on Friday, instead of Thursday, as originally arranged.

McLaren will replace Sidley on the defence for T.R. and A.A. against the Riversides in the senior O.H.A. game tonight. Murray will be back at right wing in place of Sullivan. This should strengthen the team, and they expect to give the east end seven a hard battle to retain the leadership of the local district.

RECRUITS FLOCK TO JOIN THE SPORTSMEN

Record Number Stepped Forward at Rally Held in Massey Hall.

The Sportsmen's Battalion started off their recruiting campaign last night by smashing a few records. The sporting fraternity were treated to a record performance, and the best of it was that it cost them a cent. A record crowd was on hand at Massey Hall, and from dawn to dusk O.C. Dick Greer made a record speech and a record number of recruits stepped forward to join the King's uniform—308 in all.

Lieut.-Col. Dick Greer spoke only five minutes, but he put his appeal in such telling fashion that both side aisles were jammed with the rush of men to the platform to join the Sportsmen. Fine, big, strapping fellows they were, too, and the sergeants and officers had their hands full lining them up and getting the names. Three hundred and eight is the greatest number of recruits received at any one meeting by a whole lot.

It was a tip-top show from the opening moment by the 95th and 107th Battalions to the wind-up by the popular Paddy Lavin and Quartermaster-Serg. Bill Donovan. The crowd were given the most varied bill ever staged in Toronto, and they enjoyed every minute of it. It was a great send-off for the popular battalions, and will do more to boost their stock than anything else.

The full program went with a swing that was good to see, and everybody entered into the spirit of the thing. Any speeches that were made were short and to the point. Perhaps the most cheering speech of the evening was that of Col. Edward Reed. Col. Reed is O.C. of the 107th Battalion, and is a rival of Lieut.-Col. Greer's in as far as getting men into the ranks is concerned. He is a big, rugged fellow, and he realized more than ever just what good sports the 180th officers are. He was an act of courtesy to invite him to speak, and Col. Reed gave the Sportsmen's Battalion a fine boost and wished them all the luck in the world.

Paddy Lavin, the good Buffalo boxer, showed the true sporting spirit by paying his own expenses from Buffalo to come over and address the Sportsmen. Bill Donovan, Lavin's always bett' and just loved with his man.

Pat Scott (22nd) and Danny Johnson (18th) staged three fast and furious rounds to a draw, and Paddy McLaughlin and Russell went at it hammer-and-tongs for a like number of rounds. Two other bouts, rowing, wrestling and bicycle race exhibitions were presented.

The 96th Battalion gave an exhibition of Swedish drill, and the 95th and 74th Battalions staged a tug-of-war. Duncan Cameron sang.

ICE BLOCKADE ALARMS PEOPLE OF CORNWALL

St. Lawrence is Higher Than at Any Time in Twenty-Nine Years.

CORNWALL, Ont., Feb. 14.—The water in the St. Lawrence opposite the town is very high at present, and causes some apprehension for local industries bordering on its shores. There was a big snow this morning and the ice is piled mountains high at the swing bridge and also at the east end of the town. The water is about 17 feet above summer level. The bridge between Cornwall and Ottawa, which crosses the St. Lawrence near the Canada Mill is almost reached by the ice while on the Cornwall Island side of the river a road at the crossing above the bank is almost reached by the water. The water is about 17 feet above summer level. The bridge between Cornwall and Ottawa, which crosses the St. Lawrence near the Canada Mill is almost reached by the ice while on the Cornwall Island side of the river a road at the crossing above the bank is almost reached by the water.

Down the river at what is known as the Red School House, Indians from Cornwall Island and St. Regis have staked out a road at the crossing. There is said to be good. Indians have been over with hay and straw and report that water about normal in that section for this season of the year. Above the Stormont Mill, the river is level caused by the accumulation of ice below and it is said that there lies the danger. Boat-houses near the swing bridge park are partially inundated and the water is up to within a few feet of a row of small cedar trees on the bank below the park.

It is just a little over 29 years since the disastrous flood visited Cornwall. The water is now said to be higher than at any time since then.

PTE. GREEN MET HIS DEATH ACCIDENTALLY

Coroner Graham's jury, at the inquest last night held on the body of Pte. Arthur Green, brought in a verdict that the soldier died from having his skull fractured, the result of being hit by a street car. No blame was attached to the motorman in charge of the car.

Green, who was a member of the 123rd Battalion, was crossing Queen street, at the corner of Simcoe, on Friday, Feb. 4, at 11 p.m., when he was hit by an eastbound Bloor car. He died almost instantly.

Evidence showed that the regular motorman, John Strathead, 11 Gloucester street, was in charge of the car at the time of the accident.

EMPLOYEES OF BRYANT PRESS GOING OVERSEAS

On Monday night, the ninth presentation of wrist watches was made to employees of the Bryant Press, who have joined the expeditionary force. Mr. A. Macomb, the manager made the presentations, and in each case added a personal gift of a pocket book containing a \$10 gold piece and a parchment stating their positions should be open for them when they returned home. The following are those who have done the khaki: Sergt. A. W. Wardell, 90th Battalion; Quartermaster-Sergt. Howard, 166th Battalion; Quartermaster-Sergt. J. W. Parks, 168th Battalion; Privates C. H. Dawson, 83rd Battalion; W. Tench, 55th Battalion; A. Andrews, 2nd Reserve Battalion; J. Shaw, 116th Battalion; J. C. Hardy, 168th Battalion; W. E. Foden, 169th Battalion.

NICE LITTLE JOB FOR MISTER BENNY KAUFF

Talkative Player Has His Work Cut Out to Boost National Slugging Averages. Benny Kauff, all-round star of the Federal League, will have a chance this year to show his class in big league company. He is the best player developed in the outland and should prove a drawing card in organized baseball. Benny figures he will set the National League on fire with his hitting this year. Maybe; but he'll have some high marks in the big leagues to date and Jack may decide that he wants a job with Kansas City after all.

Jack Murray has been informed by the National Commission that he does not have to go to the minors if he doesn't want to, but no one seems to want him in the big leagues to date and Jack may decide that he wants a job with Kansas City after all.

Clark Griffith is a very much disappointed man. He went to the National League meeting last week hoping he could trade with some of the managers in the old league, but George Stallings, the only National League leader that would talk to him, crossed him by buying Ed Konetchy instead of Chick Gandil.

All National League diamonds are to be re-surveyed before the start of the 1916 season because John Foster has found that the distances of the pitcher's plate was wrong. Joe Murphy, groundskeeper of the Cubs at the north side park, has been in the line of conditioning ground, and a fairly heavy workout, the labor consisting of a long run thru the hills. Grover C. Alexander, famous Philadelphian and one of the young pitchers on the Boston American League staff, also included in the season.

Tommy Leach is to have the place that John Ganz had for so many years. Ganz left organized ball last fall to go to work for the Federal League, and is sorry that he cannot get back into his old job.

Walter Gerber, the youngster who tried to play the infield for the Pirates last year during the absence of Honus Wagner, has signed to play with the Columbus team of the American Association for the coming season, because he found the pace in the big league just a bit too fast.

It is Illegal to Sell Mince Pie Containing Spirits in ARIZONA. ARIZONA, where a Prohibition amendment to the State Constitution has recently been passed, is the first State to attempt shutting out liquor completely, the law being so framed as to make it practically impossible for anyone legally to obtain it. Where other Prohibition States, such as Maine and Kansas, allow it to be shipped in from the outside for personal use, merely forbidding the local sale, the law of this State provides that liquor shall "not be manufactured in or introduced into the State of Arizona under any circumstances," anything and everything containing alcohol for food or beverage uses, for sacramental or medicinal purposes, being barred out by the officials. A little while ago, for example, the State Attorney General was asked for an opinion as to whether it was legal to sell mince pie and plum pudding containing alcohol, and he declared it was not.

What Could Be More Ridiculous? THIS shows the ridiculous side of the matter; but there is a very serious side when one considers that wine, that is, the fermented juice of the grape, is deemed by various great Churches as absolutely necessary in the celebration of the Holy Communion. The priests of these Churches, therefore, in their efforts to obtain wine, will find themselves, under this regulation, classed as lawbreakers. Whether this is consistent with the Federal and the State constitution, which guarantee religious liberty to all, it is not our purpose to discuss. BISBEE "REVIEW" JAN. 2, 1915. Arizona is a dry State in name only. It is, in fact, an intemperate State. Enough of hypocrisy! Arizona is guilty of false pretenses when she permits her name to be heralded broadcast among the standard bearers of temperance. Prohibition in Arizona has not prohibited.

And This is the Goal of the Prohibitionists. THE point is that Arizona approaches more nearly than does any other State the ultimate goal towards which prohibitionists, by their own confession, are working in Ontario and elsewhere. It is, in fact, the ideal at which they are aiming. Yet, sad to say, that this thorough-going legislation is proving to be absolutely ineffective is evident from the newspaper clippings herewith. The Bisbee "Review," which worked to obtain it, comes out flatly against such prohibition. JEROME "NEWS" JULY 2, 1915. We are inclined to the opinion that the shipboard "Close the Saloons" won for Prohibition in Arizona. But the same situation has developed here which has arisen in other States, wherein it was found, following the election, that prohibiting laws meant more than was taken for granted in the pre-election conception of the amendment. No well-informed man or woman can afford to close his eyes to the situation. Beverages containing alcohol are being introduced into Arizona, and the result is that, owing to greater ease in shipment because of the lesser bulk, proportionately larger amounts of spirituous beverages are being consumed than was formerly the case when both spirituous and malt beverages could be obtained.

Arizona May Well Be Taken as an Object Lesson by Those Who Believe that Prohibition Prohibits. The Personal Liberty League of Ontario believes in Temperance in all things, and in its promotion, we favor the license system under proper regulation and control, but we are opposed to prohibition or any legislation which encroaches upon or curtails the purely personal liberties of our people. Application for membership cards should be sent to The Personal Liberty League of Ontario, Head Office, 15 Wilton Avenue, Toronto, No fees are required for membership in the League. Fill out the application for membership and forward to the Secretary of the Personal Liberty League. THE PERSONAL LIBERTY LEAGUE OF ONTARIO. Application Blank for Membership to The Personal Liberty League of Ontario Head Office, 15 Wilton Ave., Toronto. The undersigned subscribes to the Declaration of Principles of the Personal Liberty League of Ontario, assures the officers of the League that he is in sympathy with the general purposes of the organization, and hereby applies for membership, pledging himself to the furtherance of the aims and objects of the League.

THE BULK OF CATTLE ON MARKET WAS FAT

Quality Not So Good, Majority Being Made Up of Half Fat Green Stock. UNION YARDS YESTERDAY Trade Far From Brisk and Prices Barely Steady With Last Week's Close.

Receipts of live stock at the Union Stock Yards on the first day of the week were 139 carloads, comprising 2322 cattle, 323 hogs, 133 sheep and lambs, 137 calves and 574 horses. Butcher's Cattle—Out of the twenty-three hundred cattle on the market yesterday fully 900 of them would not be classed as fat. The quality of the bulk of these was not so good as a week ago, the larger number being made up of half-fat green stock. The market was barely steady with last week's close. Large receipts, which piled up during the double holiday, had a noticeable tendency to make holders of wheat discouraged, and this condi-

tion was emphasized later by the fact that the United States wheat supply showed a weekly decrease of about one-sixth as much as the corresponding time last year, whereas the total supply was posted as about 13,000,000 bushels in excess of last year's aggregate.
