WILSON DECLINES TO ACCEPT TREATY RESERVATIONS

GENERAL FORECAST THROUGH SPEECH OF LIEUT.-GOVERNOR

Franchise Reform Most Prom-
inent Matter at Legislature
Opening.

PEACE PROBLEM

A forecast of the speech which His Honor Lieut.-Governor Clarke will read at the opening of the Ontario Legislature today is here given. It is expected that in one of its opening passages the speech will make reference to the ratification of the treaty of peace by the principal bel-
ligerent powers and will also express satisfaction in regard to the establish-
ment of the league of nations. The recent visit of the Prince of Wales will be recalled and the happy impression which it produced among all classes of the people of the province. A further theme of pleasant mention will be the restoration of the parliament buildings, Ottawa.

Doubtless articular mention will be made of the more important measures that will be enacted this session. Among these subjects of legislation are grants to rural schools; provision for the continued publication of school text books without increase in their price notwithstanding the greater cost of production; a measure dealing with the milk and cream industry; legisla-
tion giving effect to the policy of good roads enunciated in behalf of the government; establishment of a de-
partment of mines, and providing for a reduction of fees paid by prospec-
tors; a number of bills dealing with labor; a measure providing for pay-
ment of mothers' pensions; amend-
ment of the election law providing for the preparation of voters' list by the municipal machinery; amendment of the succession duties act, and finally measures respecting the law of part-
nerships and the sale of goods.

In the foregoing forecast the fran-
chise is the most prominent matter. It is understood that the franchise law was also the chief subject of con-
sideration at the Liberal party caucus held yesterday afternoon at the parlia-
ment buildings. The caucus was marked by harmony and common agreement upon the principle of facing the session with the business of con-
tributing the most helpful and con-
structive discussion from the Liberal benches with reference to all govern-

HOLDS ALL RESERVATIONS WOULD NULLIFY OR WEAKEN TERMS OF LEAGUE COVENANT

President Wilson in Letter to Democratic Leader Declares Very Heart of Treaty Would Be Weakened—Can See No Difference Between Reservationists and "Mild" Reservationists.

Washington, March 8.—President Wilson restated for Democratic senators today his opposition to any treaty reservations which would weaken the full force of article ten or otherwise materially impair the provisions of the league covenant.

"Without saying specifically what qualification he would or would not accept," he wrote in a letter to Senator Hitchcock, the administration leader, "I have heard suggested were 'in effect virtual nullifications' of the treaty articles, to which they applied.

"I hear of reservationists and mild reservationists," the letter added, "but I cannot understand the difference between a nullifier and a mild nullifier."

Discussing article ten particularly, the president wrote that there was "no escaping the moral obligations which are expressed in positive terms in this article." He stated that he had no objection to explaining "in an interpretation of the constitutional method by which such an obligation would have to be met," but that the reservationists of the covenant, he iterated, would be impelled by weakening article ten.

The president's letter in response to a request that he confer with Senator Simmons of North Carolina, in charge of the Democratic side of the senate in current negotiations for a compromise, follows in full:

"There is no escaping the moral obligations which are expressed in positive terms in this article." He stated that he had no objection to explaining "in an interpretation of the constitutional method by which such an obligation would have to be met," but that the reservationists of the covenant, he iterated, would be impelled by weakening article ten.

NEW ENGLAND ROADS STILL SNOWBOUND

G.T.R. Lines in Maine and New Hampshire Remain Without Service.

Boston, March 8.—Considerable im-
provement in conditions on the snow
bound New England railroads in northern
New England resulted from the com-
bined efforts of railroad men and
thousands of volunteer workers today.
New York and Boston trains worked
their way through to Portland and
traffic was restored between Portland
and Bangor.

The Grand Trunk Railroad lines in
Maine and New Hampshire remained
without service, together with many
parts of the Boston and Maine and
Maine Central roads. The White
Mountain division of the Boston and
Maine was cleared as far north as
Plymouth, N. H., and the southern
division to Franklin, N. H. Montreal
trains were unable to attempt these two
points in either direction.

There was little interurban street
railway traffic in northern and west-
ern New England and in many cities
trolley tracks were still buried in ice.

CHARGED WITH INCITING MURDER OF LORD RENNY

London, March 8.—The trial of
Charles Diamond, editor of The Catho-
lic Herald, charged with inciting to
the murder of Viscount Renny, Lord
leutenant of Ireland, and others, in an
article in his paper, began at the Old
Bailey court today. The trial is an
outgrowth of the attempt to assassi-
nate Viscount Renny on December
19 last.

Diamond pleaded not guilty, declar-
ing the charge "a notorious lie."

"It is a political charge, made by my
political enemies," he added.

ONE VOTE CHEATS NORTHERN HOPE OF TREATY, PLEASANT CARS

By Twelve to Eleven, City Council Turns Down Controllers' Recommendation.

HARD-FOUGHT DEBATE

After one of the longest and most wordy battles in the history of Toronto's city council the recommenda-
tion to construct the civic car line on Mount Pleasant road was killed by a vote of twelve to eleven. The council, with the exception of a two-hour adjournment for dinner, sat from 2.30 a. m. to 12.30 a. m. the next morning discussing this one topic. After all the promises made to North Toronto for this car service which is said to be a dire necessity, it was again thrown out. An eleventh hour attempt was made to reinstate the recommendation which called for the line's construction by day labor, but this met a similar fate.

Favoring the construction of the line were the working class mayor, Councillors Maguire and Gibbons and Aldermen Burgess, Winnett, Baker, MacGregor, Nesbitt, Cowan, Sykes and Brisland.

Decidedly opposed, after giving their respective reasons for so being, were Councillors Cameron and Ramsden, and Aldermen Hillz, Blackburn, Whetter, Singer, Finimore, Beaman, Maxwell, Maher, Plewman and Risk.

A Real Grievance
Long before the hour for the assembling of council the hall crowded with men and women, all combining to form several deputations to impress upon council the need for the Mount Pleasant civic car line. When the division stage opened and his worship the mayor had taken his seat upon the throne, they were ushered in en masse, and filled to overflowing the small horse-shoe circle in front of the membe-
seats. Every one of the speakers gave the impression of men and women who had a real grievance, and each presented the case in terms which applied. This forecast turned out to be anything but correct for without fear of contradiction yesterday afternoon, and practically the whole time was taken up discussing this matter.

Seven Years' Waiting
When ex-Alderman H. Ball stepped forward he was accorded hearty cheers. He led off by stating that North Toronto was not getting a square deal from the city, and that he was comparing the other localities. "Every other district which has been annexed to the city has been given a satisfactory car line," he declared, vehemently. "North Toronto came in seven years ago and there has not been a track laid yet. We demon-
strated our loyalty during the war by letting this matter drop, but now we expect that the council will show its humanitarianism and do something for us." Mr. Ball stated that one of the reasons given against building this line was that of the inflation of the price of steel. "We promised this line five years ago," he continued, "and it is not our fault that prices are so high. We do not expect to see the price of steel for our wishes should be put into execution. This district is in dire need, and I believe that two-thirds of the people at present using the Metropolitan line use the Mount Pleasant line when it was completed. The citizens of North Toronto should apply for a mandamus to have this line constructed (Cheers)."

Tom Banton, on stepping out from his deputation of members of the Mount Pleasant Ratepayers' Association, launched into his tirade into his tirade, which he thoroughly understood.

SIR THOMAS WHITE AGAIN STEPS INTO ACTIVE PUBLIC LIFE

Striking Speech Believed to Foreshadow His Succession to Premier Borden.

FOR NATIONAL POLICY

Ottawa, March 8.—A lot of people are seeking tonight the true meaning and interpretation of the remarkable speech delivered in the house of commons this afternoon by Sir Thomas White. There is no doubt that Sir Thomas has re-entered active public life. He apparently spoke today for the government, and after consultation with the Liberal-Unionists. His speech is therefore believed to foreshadow the result of the Unionist caucus to be held this week.

Apparently the Liberal-Unionists are willing to support the national policy and to join with the Conservatives in forming the National Liberal-Conservative party. It should therefore be easy to build a platform, and only the choice of a leader remains.

Courteous to Borden
Sir Thomas today eulogized Sir Robert Borden as the greatest of Canada's prime ministers, and spoke of Sir George Foster as an orator more eloquent than Demosthenes. He was courteous enough to assume that Sir Robert Borden would be the leader of the new party, but no one seriously supposed that Sir Robert will run at another election. His early retirement from office is taken for granted, and members of parliament are casting about for his successor. A few weeks ago it looked like Sir Thomas White, but at that time it seemed as the Sir Thomas had retired from active politics and would not accept the leadership. Later, according to eye witnesses, he broke into tears and told them he would spare their lives out of respect to the memory of General Felipe Angeles, who recently was executed by Carrancista authorities at Chihuahua City.

STILL NEGOTIATING FOR A COMPROMISE

Senators Apparently Unaffected by Wilson's Pronouncement on Article Ten.

RESERVATIONS ADOPTED

Washington, March 8.—Limiting debate by unanimous consent, the senate moved swiftly today to reduce its fight over the peace treaty to basic issues.

Four more of the Republican reservations were adopted, two of them without change, while negotiations for a compromise on the Keystone problem of article ten were pressed toward a conclusion, unaffected apparently by the renewed declaration of President Wilson against any material weakening of the treaty's provisions.

The president's letter was given very varied interpretations. The Democratic senators who are working for a compromise still feel free to act, since Mr. Wilson had not renewed his threat of "pocketing the treaty" should it come back to him with compromise reservations.

Today, the last of the 14 Republican reservations, except those relating to article ten and the league voting power, were swept out of the way and debate was begun on the voting power provision. The four reservations adopted related to armaments, the economic boycott, alien property and the labor section, the latter not being debated.

KAMENEFF PRESIDENT OF MOSCOW SOVIET

Turks Will Continue to Use Church of St. Sophia as Mosque

London, March 8.—In the house of commons today Premier Lloyd George was asked whether, in drafting the final peace terms, the supreme council would take steps to prevent the "further misuse" as a mosque of the Church of St. Sophia at Constantinople and restore it to the use for which it was built, as one of the great shrines of Christendom. Mr. Lloyd George replied that the allies, as at present advised, do not contemplate any change in this matter.

SIR THOS. WHITE SUGGESTS THAT UNIONIST SUPPORTERS FORM NEW NATIONAL PARTY

In Brilliant, Fighting Speech in Commons Debate, Foreshadows Reorganized Permanent Political Party With National Policy a Important Principle.

SEEMS HEADED FOR PREMIERSHIP

Ottawa, March 8.—Sir Thos. White has returned from Elba and appears to be headed for Paris, or to put it less figuratively, his is an entering active politics, and seems to be headed for the premiership. He resumed the debate on the address in the house of commons this afternoon with a carefully prepared, but vigorously delivered speech. He foreshadowed the formation of a permanent political party by the parliamentary supporters of Union government, which is to be known as the "National Liberal-Conservative party." The fiscal policy is apparently agreed upon, and it is to be the national policy, which, Sir Thomas explained, was a principle rather than a collection of tariff schedules. The platform will declare that the fiscal policy of Canada must be constructed from a national as well as from an economic standpoint. No election should be held, he said, before 1922, by which time he believed the new party "under the leadership of Sir Robt. Borden" would sweep the present government from office, because he is satisfied, will stand by the national policy, which assures them a home market. The Farmers' party he does not consider a serious factor, and went so far in his speech today as to declare that another party had no place under British institutions.

Generously Applauded.
Generous applause greeted the speech from the government benches, in which Liberal Unionists joined as heartily as Conservatives. It is therefore taken for granted that Sir Thomas spoke after consultation with the cabinet, and foreshadowed the course of the government and caucus to be held this week. No one seriously believes that Sir Robert Borden will run an election in 1922, or will even be prime minister this day six months hence. Sir Thomas, in naming the new party and giving it a platform, practically left the name of the leader blank. This may have been due to modesty or to some other cause.

Persuaded to Remain.
Sir Thomas, in opening, said he had intended resigning his seat as a member of the house, but had been persuaded to remain by the prime minister and his constituents. He was glad that he had kept his seat, because it gave him the opportunity to support the government and to defend his own administration as minister of finance. He replied to some heat to the criticisms that had been directed against his administration. He had been charged with permitting profiteering with inflation and with lowering the credit of the country.

In reply, he said that he had exhorted the people to produce; in order to produce he had to guarantee them profits. The Farmers' party had largely paid off many mortgages on farms and put business concerns in good condition. They would enable the producers of the country to meet the period of depression that is bound to come after the close of the war. Our currency, he said, was not inflated. There was less inflation in Canada than in any other country and the world whose government bonds sold on the exchange at par.

Two Party System Right.
He declared his belief in the two party system. To that system the people would return. The election was deferred long enough and was from the hysteria produced by the war. If the election were held two years hence the extremists would be defeated. The Farmers of Ontario would rally to the support of the national policy. He even had hopes of the western farmers, who had been misled to the belief that both the old party had betrayed them. As a matter of fact neither party had done anything of the kind, but Coulin was fair friend. The Borden government, he said, since 1911 had done more for the farmer than all the other governments of Canada combined before that time. The Borden government, he said, had been the most efficient since confederation, and Canada owed more to Sir Robert Borden than it did to any man who had filled the office of premier.

Denies Iax-rate Bond.
Sir Thomas also defended the tax-free Victory bonds, pointing out that he had defended them while the taxable bonds of 1919 were down to 95. He defended the loan which he had floated in New York, saying that he had thereby kept Canadian money at par on the United States election at that time. Sir Thomas declared the result in the group system being introduced into the Canadian parliament. To this he opposed and evidently looks upon the Farmers' party as a mere passing phenomenon. He was severe upon Dr. Michael Clark, the free trade member for Red Deer, and invited the Hon. T. A. Cregar with preaching free trade in the house, and only talking tariff reduction from his seat in the house. Altogether it was a courageous speech and about the finest bold stand-up argument made against the Farmers' party.

A. B. Copp's Criticism.
A. P. Copp of Westmoreland then followed. He said Sir Thos. White was calling to his former colleagues to hold fast and carry on, but it would have been better for him to have stayed on the ship instead of jumping off at the first sign of disaster and then yelling back advice from the bank.

P. L. Richardson of Springfield protested against any raising of railway rates. (By Canadian Press).

When the house opened today, Major G. W. Andrews, Unionist member for Centreville, took his seat on the cross benches in the bank next to that of Hon. T. A. Cregar.

Major Andrews deserted the government benches after announcing last Thursday his intention to vote for the amendment calling for an immediate election.

White Takes Up Debate.
Sir Thomas White today continued the debate on the address. When he retired from the government, he said it was his intention also to resign his seat in parliament, but at the request of the prime minister, and also of many prominent citizens of the country, he retained his membership of the house. This, he added, afforded him an opportunity of answering any question which might arise touching the policy of the government and the administration of public finances during his period of office.

Says King is Too Hasty.
He said that Sir Thomas, an old friend of the leader of the opposition. Therefore, he did not like to see a

CAPTIVES IN HANDS OF BANDIT VILLA

American War Veteran is Held for \$50,000 Ransom and Merchant Prisoner.

El Paso, Texas, March 8.—Joseph Williams, an employe of the American Smelting and Refining Company's plant at Pedernales, Mexico, is a captive in the hands of Francisco Villa, held for \$50,000 ransom, according to messengers from southern Chihuahua, who have arrived at Juarez, Mexico, opposite here. Williams served in the war and was returning to the United States for treatment still suffering from the effects of German gas.

He, with M. Nasar, an Arabian merchant, was made prisoner by Villa, when the bandit leader directed an attack on the northbound Mexico City-Juarez train last Thursday morning, near Corralitos, 400 miles south of El Paso.

In a fight between Villa's men and the train guard, 10 bandits and 19 of the train guard were killed, and the remaining 50 defenders either wounded or driven off. The train was held for three days.

When the fighting ceased, the bandits herded the travelers to a small hill near the track, where Villa harangued and threatened them with death. Later, according to eye witnesses, he broke into tears and told them he would spare their lives out of respect to the memory of General Felipe Angeles, who recently was executed by Carrancista authorities at Chihuahua City.

BOLSHEVIKS KILL WINNIPEG OFFICER

Major Edgar R. Mills and Three Other British Officers Are Murdered in Siberia.

Winnipeg, March 8.—News of the murder of Major Edgar Ronald Mills of Winnipeg by Bolsheviki in Siberia was received in the city today by his family.

Major Mills and three other British officers were shot by the Bolsheviki near Taiga, Siberia, about Dec. 22, 1919, according to a message from the war office.

Major Mills left Winnipeg in 1917, receiving a commission in the Royal Engineers. After the war, he volunteered for service in Russia. The last letter received by his family from him was mailed from Izhim last October.

Mrs. Ada Mills, his widow, and a son and daughter survive.

CAPT. WINDSOR HAT

Ninety per cent. of the Canadian people know that when His Royal Highness the Prince of Wales served in the great war, he carried on as Capt. Windsor of the Guards.

One hundred per cent. of the Canadian people know how completely this young soldier won the affection of the people of Canada during his recent visit. So strong was his popularity that today the dresy young man will wear nothing but the style of his dress as worn by the Prince during his visit. The Dineen Co. placed a large order with a British firm for an immediate shipment of these very stylish hats for young men. The goods just arrived yesterday and are to be seen in our Hat Show Rooms, 140 Yonge street. The style is a small shape Fedora with broad band, box at back or sides, colors light or dark pearl, greys and greens.

DELEGATES OF SIX PROVINCES MEET

I.O.D.E. National Executive Appoints Trustees for Memorial Fund.

A largely attended meeting of the national executive, Imperial Order Daughters of the Empire, was held Wednesday, March 3, 1920, at National Headquarters, East 238 Bloor St. Six provinces were represented—Ontario, Quebec, Manitoba, Alberta, Saskatchewan and British Columbia. Four provincial presidents were present: Mrs. R. C. Boyle, British Columbia; Mrs. Rossie, Saskatchewan; Mrs. Colin H. Campbell, Manitoba; Mrs. H. F. Burkholder, Ontario.

The members of the executive present were: Mrs. John Bruce (Toronto), Mrs. E. P. A. Johnston (Toronto), Mrs. J. D. McMillan (Toronto), Mrs. Angus MacMurchy (Toronto), Mrs. George Smith (St. Catharines), Mrs. C. Boyle (Vancouver), Mrs. Auden (Toronto), Mrs. Rossie (Regina), Mrs. W. D. Spence (Calgary), Mrs. A. A. Campbell (London), Mrs. T. Clark (Toronto), Mrs. Phillip Gilbert (Toronto), Mrs. A. W. McDougald (Montreal), Mrs. Colin Campbell (Winnipeg), Mrs. John McMartin (Montreal), Miss Gordon (Kingston), Mrs. P. G. Kely (Toronto), Mrs. James Spence (Toronto), Mrs. R. Riddell (Toronto), Mrs. Selwyn Holmsted (Toronto).

Important business before the meeting was reports on the War Memorial Fund contributions for which are coming in most encouragingly and satisfactorily. In this connection Mrs. McDougald addressed the Provincial Chapter of New Brunswick at St. John, and also held a meeting at Moncton. On account of storms and bad weather it was impossible for Mrs. McDougald to go to Prince Edward Island as she intended.

The national organizing secretary, Mrs. John A. Stewart, was authorized to organize the Provincial Chapter of Alberta at a date to be chosen by the Municipal Chapter of Calgary, a few days in advance of the national annual meeting. For the convenience of the president and Mrs. Stewart who will be present at the annual meeting.

A provisional agenda for the annual meeting was prepared to cover from May 24 to May 29. The executive features of this annual meeting will be a day at Hamilton. Mrs. Colin Campbell extended a cordial invitation to the delegates to spend a day as the guests of the Municipal Chapter en route to the annual meeting.

The following National Life members were passed by the executive to be recommended to the annual meeting: Mrs. J. M. H. Robertson, Montreal; Mrs. Emma Wilson, Mrs. Iva Wood, Mrs. Alice Trites, Fernie B. C.; and Mrs. W. J. Wright, Winnipeg, Manitoba.

NEW GAUNTLET GLOVE BY LILLIAN M. SCOTT.

WHEN one dispenses with the heavy fur coats of winter and the air is still penetrating, the glove of heavy suede with gauntlet of leather or fur takes the place of the warm coat or muff. Among the many novel ideas in gloves are the grey suede with gauntlet of soft kid-skin or patent leather. A pair of grey gloves with a two-inch fringe of silver, worn with a black dress, attracted much attention recently.

SOCIETY NEWS CONDUCTED BY MRS. EDMUND PHILLIPS.

The Toronto branch of the Mining Institute gave a tea yesterday afternoon in the royal suite at the King Edward for the visitors at the meeting in Toronto, when fully two hundred were present. Those receiving were: Mrs. George Lindsey, who wore a black braided velvet and a black hat, with natural jet, buff and black hat, with ostrich; Mrs. Segsworth, handsome black gown, with jet, a black hat, trimmed with ostrich and a silver fox scarf; Mrs. McGregor, pale gray, with real black and black hat, with ostrich; Mrs. Macdonald, black velvet and fox, with ostrich. The two long tea tables in the beautiful rooms were decorated with very artistic green pottery vases of daffodils. Mrs. J. B. Tyrrell, who was out for the first time since having influenza, was seen in black velvet and fox, with ostrich. Mrs. Macdonald, black velvet hat, with ostrich feathers. Some of the distinguished people present included: Dr. McCallum (Ottawa), Mr. E. M. Wilson, Dr. Murray Clark, K.C., Mrs. Clark, Mr. Williams, Mr. McEwen, Mr. George Lindsey, K.C., Dr. T. H. Representatives of the Rockefeller Foundation, constituting what is known as a survey committee in the interests of \$5,000,000 gift for medical advancement in Canada will hold their first conference with Varsity authorities this morning. What is termed a "statement of ideas" rather than a report, has been prepared by the committee of medicine for presentation to the Rockefeller Foundation. This statement outlines a suggested plan of development.

Toronto's "Rockefeller" committee consists of the following heads of departments under the sponsorship of Dr. Alexander Primrose, professor of clinical surgery; Dr. Duncan Graham, head of the department of medicine; Dr. B. P. Watson, professor of obstetrics and gynecology; Dr. J. J. Mackenzie, professor of pathology and bacteriology; Dr. J. J. R. McLeod, professor of physiology; Dr. A. Hunter, professor of chemical pathology, and Dr. D. J. G. Wishart, professor of otolaryngology. Dr. E. Stanley Rye, secretary of the faculty, is an ex-officio member of this committee.

Returned Men on Pacific Coast To Postpone Taking Up of Land Vancouver, March 8.—(By Canadian Press.)—Recommendation that returned men in British Columbia be given a special privilege of taking up land under the federal soldier-land act until a number of alleged defects in the present system have been remedied, has been adopted by the provincial executive of the G.W.V.A. at its annual meeting in session here. Delays were the principal features of the committee made. Another important resolution adopted was an increase in pensions to a maximum of \$100 a month.

South Toronto Branch, U.V.L., Holds Inaugural Meeting At the inaugural meeting of the South Toronto branch of the U.V.L. last night, Dominion President J. Harry Flynn addressed the men on the duties of new members and the new officers were nominated in general. VETERANS WORKING ON SCHEME OF STATE INSURANCE

Federal Bill to Provide This Assistance to Returned Soldiers Well Advanced.

Ottawa, Ont., March 8.—(By Canadian Press.)—Details are now being worked out of the scheme of state-aided insurance for returned soldiers. The bill has, it is understood, been drafted but a number of points remain for decision before it will be brought down to the house. The aim is to give assistance to ex-members of the forces who because of disability incurred on service, are unable to secure life insurance at prevailing rates.

Such assistance came last session before the special committee of the house on soldiers' re-establishment. The committee then recommended that investigation of the matter should be made by experts and actuaries before any concrete scheme was submitted to parliament. In the interval since last session, there has been investigation in progress in an effort to determine some effective scheme.

NO ADDED PENSIONS SAY FEDERAL OFFICIALS Deny Report of Payments to Come Out of War Indemnity.

Ottawa, Ont., March 8.—(Canadian Press.)—A report in circulation to the effect that Canadian pensioners are to receive additional payments from the indemnity when the central powers was emphatically denied by the board of pension commissioners yesterday. The board states that the report is probably based on a misconception regarding the claims Canada will make in connection with the imperial government in respect to liability she has already incurred on account of war pensions. The board is now preparing a statement in sole basis this claim, which is stated to be solely in respect of Canada's pension obligations. A circular sent out by the board recently adding pensioners for such data may have given rise to the report that an additional pension, which will be forthcoming out of the war indemnity, will be paid.

VETERANS TO CONTEST NORTHEAST TORONTO CORPORAL LANG IMPROVING

Owing to the fact that Dr. H. J. Cody, M.L.A., is resigning his seat in parliament, the U.V.L. and the G.A.C. are in conference with the G.W.V.A. at a joint session last night. The purpose of the session was to discuss the possibility of a returned soldier candidate to contest the vacancy which will be left by the resignation of Mr. Cody. The name of the candidate, who will be held for the contest, but will be announced in tomorrow's morning's paper.

REFLECTIONS OF A BACHELOR GIRL BY HELEN ROWLAND.

A MAN is as old as his arteries—a woman is as old as her chin (s). Finesse in love, for a man, consists in knowing the psychological moment to take the first kiss; for a woman, in knowing when the psychological moment has arrived for the last kiss. Dear me! It would be much cheaper for most of us to migrate to Dahomey than to keep on buying our clothes by the carat! The disappointing thing about teaching a girl the art of loveliness is that she so quickly outstrips the average man's kindergarten knowledge and sends him a higher education on the subject. A man is never really old until he has lost his last desire for the food that makes him dyspeptic, the pleasure that makes him poor, and the women who make a fool of him.

“What's in a Name?”

Facts about your name; its history; its meaning; whence it was derived; its significance; your lucky day and lucky jewel. BY MILDRED MARSHALL.

VIVIAN

The charming name of Vivian is almost the equivalent of the adjective vivacious. It means lively, having been derived from the Latin vita, signifying life, and was used by the Roman Christians to express their hopes of eternity. The first feminine name formed from vita is, Vivian, the noblest famous by Vivian Perpetua, the noble young matron of Carthage whose martyrdom is one of the most touching histories of the early Church. Her name was used by many votaries who gave to her name.

RUN CLOSE RACE IN FORWARD MOVEMENT

Presbyterians Total \$4,520,000 and Methodists \$4,507,000—Protestant Total \$13,000,000.

Presbyterians and Methodists are running a close race in the Forward Movement campaign in the matter of financial returns. Yesterday the Presbyterian body were ahead, having passed their closest competition and showing a total of \$4,520,000, while the Methodists totaled \$4,507,000 on their way to the goal of \$5,000,000. The five Protestant denominations in the movement have now a total of \$13,000,000, almost \$2,000,000 beyond the mark they had set out to reach. Word came yesterday that the Presbyterians in the maritime provinces had reached \$600,000, the amount being \$125,000 more than the amount reported by the other total. Now is \$770,698, or \$270,608 above the objective. Newfoundland reports \$1,000,000. Parkdale Presbyterians have \$24,000. Bloor Street Presbyterian Church, which set out to raise \$50,000, has about doubled that amount.

MUMMERY PLAYED GREAT GAME IN GOAL

Even Tho Ottawa Scored Eleven Goals, Defeating Quebec by Five.

Ottawa, March 8.—Quebec almost surprised Ottawa tonight and led by a 2 to 4 for a minute in the third period. Ottawa won by 11 to 6. The feature of the game was the goal-keeping of Harry Mummery in the Quebec net. Mummery wasn't much on style but played a great game. Most of the goals that beat him were close-in shots. Ottawa played confidently through and opened up in earnest when Quebec assumed the lead, and scored four goals in rotation. McCarthy, Malone and Carey played great hockey for the Quebec team. They worked as hard as the Stanley Cup were at stake. Neighbor, Denney and Gerard did not play, and Bruce and McKell were given a good tryout.

Big Harry Mummery was in the nets for Quebec. Right at the start he stopped one hard drive from Eddie Gerard but Boucher scored on the second shot he had to handle in two minutes.

Cy. Denney, who played in Ottawa's second goal on a long shot in two minutes. THIS IS THE LIFE!

Pittsburg, Pa., March 8.—The boxing match between Johnny Ray and Johnny Dempsey was called off at the end of the second round after a five-for-all fight had started between backers of the contestants.

JACK DEMPSEY A GREEK

Jack Dempsey is now a man of mystery. Who is he and where was he born are questions that they are trying to answer, but with little success. Some say that he is partly Indian; others give him a touch of Scotch-Irish blood; but John (The Barber) Reisler, his former manager, started forward with something new. John claims that when he first fought champion Jim Corbett, he was a Greek. He is a Greek and that he lived in the New York east side Greek colony.

KRAMER BEAT SPENCER

New York, March 8.—Frank Kramer, sixteen times professional sprint champion, once more demonstrated that he is far from being a "beaky number" when he defeated Arthur Spencer last night at Madison Square Garden. Kramer won two out of three heats, and the final by a mile. In the final Spencer pressed only a hair's breadth in an exciting finish.

EXCHANGE AFFECTS BASEBALL CONTRACTS

Brantford, March 8.—(Special)—Local baseball headquarters report that several contracts set out to last year's players have not been returned. "Nothing has been returned crossed," says one "doings." The players are not only want more money, but object to taking Canadian money at fifteen per cent. discount. Manager Knotty Lee is still digging up new material, and it looks as if he need much more than was first thought.

Out of fifty bouts he has won thirty-nine by the knockout route, being awarded the judges' decision in the remaining eleven. Canadian opponents are included in his list of victims.

GOLF AS SHE IS SPOKEN

A story is told of how Harry Vardon and Sandy Herd took part in an exhibition golf match in Scotland. During the round, on the tee of a blind hole, Vardon asked his caddy for line of direction, and was told to "play on the stalk." Not understanding, Vardon appealed to Herd, who replied, "He means the line, you." The many time English champion was most mystified. Herd ever said a spectator explained that both "stalk" and "line" were Scotch for chimney, and that the line to the hole was the tall chimney that showed on the horizon.

WILTSE BANKING ON HURLING STAFF

Buffalo Manager Has All His Last Year Stars on Job.

Buffalo, N.Y., March 8.—The Bison organization for the approaching season is about complete, as are plans for training. Manager Wiltse has lined up for another player, but seems to feel well satisfied with his present line-up, and may stand pat unless he secures the sudden increase in the line-up. The staff, one-half of which will be forced to seek other climes before the regular make-up of the team is announced.

Small Chance for Newcomers

Of course the regular line-up of the Bison team is problematical in outlook, but his selection, combined with the best in the International League, Wiltse had his pick of the Newark club, and his selection, combined with the best in the International League, Wiltse had his pick of the Newark club, and his selection, combined with the best in the International League, Wiltse had his pick of the Newark club.

FIVE BRIGHTEST STARS OF BASEBALL WORLD

A "Neponset" Roof or—? THE roof, exposed as it is to nature's various moods, should receive the greatest consideration...

NEPONSET PAROID plays an important role in "roofing Canada." Thousands of roofs throughout the Dominion are covered with this long-lasting material.

Any person who has used Neponset Paroid will tell you that it is the premier roofing material in Canada.

The base of Neponset Paroid is a high-grade rag felt, thoroughly impregnated with asphalt, making it positively water-proof and fire-resisting.

Easy to lay—With every roll of Neponset Paroid is supplied sufficient nails and cement with full directions.

NEPONSET PAROID. There is no Neponset dealer in your district. Write us for his name and a copy of our illustrated booklet "Roofing Canada."

TREND IS UPWARD IN CORN MARKET

Government Report on Farm Reserves of Corn Proves About as Expected.

Chicago, March 8.—Evening up in anticipation of the government report on farm reserves had a decided bullish effect today in the corn market.

Corn closed unsettled at 1 1/2 to 2 1/2 cts. advance with May 1.47 1/2, and July 1.40 1/2, to 1.40 1/2. Oats finished unchanged to 1/2 higher and provisions up 30c to 70c.

Corn ran up rapidly in price except during the last week of the season after the opening, and during another transient sinking spell later that was due to corn was about as looked for.

factor was scantiness of receipts. In this connection, notice was taken of the forecast which seemed to indicate that a further large fraction of the season crop would be available during the July and September deliveries.

Provisions were lifted by corn strength and by firmness of hog values.

Prices Advance a Good Half Dollar All Round.

With around a thousand cattle on sale at the Union Stock Yards yesterday, there was a good demand for all classes, with the market a good 50c higher on practically all grades over, say last Wednesday's market.

Unless supplies are more than ordinary heavy we look for a good week to trade from the balance of the week.

There was a fair inquiry for good milk cows and springers, and some thin young cows would sell readily at satisfactory prices for grazing purposes.

MINERAL OUTPUT OF ONTARIO SHOWS A MATERIAL DECREASE

Last Year's Production, However, Exceeds That of Any Pre-War Year—Value of Nickel Matte and Silver Falls Off Sharply, But Gold Yield Shows Increase.

The output of the gold mines of Ontario for 1919 was 405,963 ounces, valued at \$10,451,688, as compared with 411,873 ounces, valued at \$8,592,490 in 1918. The yield of silver was 11,335,295 ounces, valued at \$12,913,216, as compared with 17,785,153 ounces, valued at \$17,415,832 in 1918.

The above are figures of particular interest in the preliminary report on the mineral production of Ontario in 1919, just issued by the Ontario Bureau of Mines. The sharp decline in silver production was in part attributable to the miners' strike of 46 days at Cobalt, and the 4 months tie-up at Kirkland Lake.

In the following table, subject to revision, is summarized the mineral output of Ontario for 1919, as far as possible, together with the actual shipments, and the values are the returns for products marketed. Revised figures for 1919 are included for comparison. Tons through are short tons of 2000 lbs.

Surpass Pre-War Years.

The report points out that at the conclusion of the first year of the reconstruction period conditions in the mining industry are not yet on a normal basis. It is stated that, despite drawbacks before mentioned, the mineral output of Ontario for 1919 exceeds that of the best pre-war year, 1913, by \$4,149,802.

Three gold mining companies paid \$2,186,028 in dividends during 1919. These were the Hollinger Consolidated and McIntyre-Percupine of the Porcupine field and the Lake Shore of Kirkland Lake. Total dividends paid by Northern Ontario gold mines to Dec. 31, 1919, amount to \$15,646,238.

Six silver mines at Cobalt distributed \$2,254,241 to shareholders in 1919, bringing the total dividend figure up to \$7,823,762.37. Companies paying dividends were Consolidated, McIntyre-Darragh-Savage, Mining Corporation of Canada, Nipissing, and Frothingham. In addition the Lake Shore Mining Company made a return of capital of \$600,000 to the parent company, the Kerr Lake Mines, Limited.

The total gold production of Ontario for 1919 was 405,963 fine ounces, worth \$10,451,688, the largest output to date, an increase over that for 1918 of \$1,859,198. Ontario's gold output now exceeds that of any other province in Canada or state of the American Union, California alone excepted. The average grade of ore treated at Porcupine and Kirkland Lake remains nearly the same as heretofore, the extraction per ton being \$9.60 and \$11.81 respectively, for 1918.

Dealing with nickel-copper the report says:

Following the close of the war late in 1918 the output of the nickel-copper smelters at Copper Cliff and Coniston was greatly curtailed owing to the sudden falling off in the demand for these metals, particularly nickel. Towards the close of 1918, however, market conditions had improved somewhat, and the smelters at the end of the year were again working on a profitable basis.

Ore smelted in the year was 751,667 tons, and the Bessemer matte product 42,725 tons, as compared with 87,184 tons in 1918. The nickel and copper contents of the matte were 22.36 and 12.09 tons, respectively. Shipments of 11,999 tons of matte were made to refineries at Port Colborne, 22,016 to Bayonna, N.J., and 5191 tons to Clyden in Wales. Shipments abroad of matte were valued as indicated in the table on page 2. The Port Colborne refinery covered therefrom 10,855,806 pounds of nickel and 5,485,691 pounds of blister copper in addition to gold, silver, platinum, and palladium. There was only one small shipment of copper ore in the year, but recovery from which has been included in the total with blister copper, above noted, as well as the copper recovered from silver-cobalt ores treated in the United States. The average New York price for copper in 1919 was 18.69 cents per pound.

On Jan. 17, 1920, the new smelter of

TONE IS STRONGER IN MINING STOCKS

McIntyre, Hollinger, Waspika, Chambers-Ferland and Threthewey Are Prominent.

Mining stocks opened the week with a fair measure of activity, 90,000 shares being dealt in, and there was a firm tone in evidence in both gold and silver issues. Sickness in the northern camps, which has to some extent retarded operations is on the wane, and rosy optimism is likely to blossom forth in the market, as well as in the camp, with the first breath of springtime, if not before. The concession made to the miners of Kirkland Lake camp in the matter of a wage increase is viewed as a healthy indication of the faith of the mine managers in the outlook for highly profitable production during 1920.

McIntyre and Hollinger split the honors in the Porcupine yesterday. The former sold up four points, to \$2.10, the best level in weeks, closing at \$2.05, and showing a net gain of three points. Brokers say that the embargo on the flotation of stocks is helping McIntyre marketwise, as the selling by McIntyre holders for the sake of the profit on exchange has been stopped. Hollinger extended its recovery six points, closing at \$6.51. Holly is now 11 points above the recent low, and appears to be convalescing from the property indisposition. Waspika, which is being aggressively bought these days, was in demand at 23 1/2, a gain of half a point. Atlas rallied three points, to 25. West Dome, at 9, was a shade firmer, while Kirkland Lake held well at 7 1/2, and Dome Extension at 28.

In the Cobalt, a feature was the brisk buying of Chambers-Ferland, 15,000 shares being dealt in, the price advancing 1/2, to 10 1/2, with the closing at 10 1/4. Recent reports from the property have been to the effect that an ore reserve has been blocked out sufficient to keep 20 stamping operations for several months. Threthewey rose a point, to 45, and an odd lot of La Rose at 64 was also in demand. The annual meeting of the last-named company will be held in Toronto on Thursday next. Beaver, at 61 1/2, was off half a point.

While silver has been moderately reactionary lately, a New York despatch says that silver holders are declaring the silver situation is growing more serious each succeeding day, and justifies the demand at 23 1/2, a gain of half a point. The supply of silver to meet the growing demand, both at home and abroad,

BIG ORE BODIES IN SHINING TREE

Gold-Bearing Veins Resemble Those in Porcupine—Good Producers Near Lakes.

Altho keewatin schists are the basement rocks in the gold and silver areas of Ontario, the gold deposits are much older than those of silver. During the Algonian epoch, when gold deposition took place, the earth was very hot and weathering and rock degradation had not been very extensive. The deposits were formed miles below the outer crust, with accompaniments of tremendous pressure and heat for lengthened periods of time. The considerable heat attended the deposition of silver, it was not so prolonged as that of gold. For this and other reasons, our silver deposits do not go to great depth, while those of gold continue as far as it is practicable to follow them.

The gold-bearing tree and Porcupine, which are found in shear zones, with iron pyrite, or "poor gold," the principal associated mineral, and quartz, the prevailing gangue. In the silver areas, calcite is more common than quartz, the latter being more common at Matachewan than in the ore of gold. Calcite is also a constituent of the ore at Shining Tree and Porcupine, tho to a less extent than at Matachewan. Calcite is an extra pure, crystalline limestone. When the dolomites in the country rock, the outlook for gold is unfavorable, the lead and zinc are sometimes higher. The dolomites or magnesium limestones have been tried in several cases and found wanting at Porcupine. On the Apex, West Dome, Ankerite, Eldorado, and large parts of Whitney and Deloro, the dolomites are found. The \$500,000 spent on the Ankerite was, however, mainly in the schist, so also the later deposits on the West Dome. Both of these companies soon learned that the dolomites are treacherous.

It is notable that in northern Ontario many important properties are in the vicinity of lakes. This is the case at the Hollinger Consolidated, McIntyre-Percupine and Dome Mines of Porcupine, and also at the rich Herrick gold mine, at Shining Tree. Most of our silver mines are also near lakes. The reason seems to be that rocks heavily charged with iron sulphides weather rapidly, and form depressions, where water can accumulate. At Shining Tree there are no elevations about 20 feet, except where massive diabase is found. So at Porcupine, the highest ground is unproductive. Conditions are very different in the younger formations, such as the Rocky Mountains. But the great mountain ranges which once occupied the hinterland of Ontario have been weathered away. Mining is now proceeding in a gently-rolling country. The roots of the ancient ranges intruded in later times by igneous flows. Without these or eruptions we would have very little gold, silver or nickel. But, with them, there has been a great deposition of metals, and not uncommonly in other settings. If possible, the record made in 1919, when a splendid showing of new branches was recorded.

MINING HANDBOOK WILL BE WELCOMED

The Investors' Mining Hand-Book, which will make its appearance before the end of the month, should be welcomed by everyone interested in the gold and silver mining industry in Ontario. A. J. Kingsmill, secretary of the Standard Stock and Mining Exchange, who is responsible for the publication, has compiled much useful information bearing upon the dividends and production records of the various companies. The price range of stocks for a period of years, directorates of companies, etc., as well as general mining statistics, all presented in compact form.

CARRY BIG STOCK OF LOWER-GRADE SALMON

Report of B. C. Fishing Co. for Year is Presented.

The report of the British Columbia Fishing and Packing Co. for the year ended Dec. 31 last, is like the annual statements of the Mackay Companies, distinguished for its vagueness. The sets of the company are stated to comprise 21,411 shares of the British Columbia Packers Association, valued at \$23,200. The association's pack in 1919 consisted of 236,423 cases of salmon in British Columbia and 15,809 cases at Point Roberts, Wash.

From funds received from the association, dividends of \$234,851 were paid during the year. On Aug. 21 the dividend was raised from five to six per cent.

W. H. Barker, the president and general manager, says:

"The demand for the higher-grade salmon greatly exceeds the supply, but the lower grades are in great demand and the association has a considerable quantity unsold on hand. But, as the cost of packing will be considerably higher in the coming season, we feel satisfied that stocks held will be sold at inventory prices or better."

A balance sheet of the B. C. Packers Association, as of Dec. 31 is appended. It shows total assets of \$1,548,024. Reserves amount to \$761,614, and surplus to \$1,465,802.

STERLING BANK BRANCHES.

The Sterling Bank has again added to its branches, the latest additions being at Norwood, Ont., under the management of J. H. Hartley, and at Golden Lake, in charge of R. C. Cameron. It is the intention of the bank officials to add, if possible, the record made in 1919, when a splendid showing of new branches was recorded.

NICKEL BUYS FLIN-FLO.

The Flin, Man., March 8.—Definite instructions have been received here to dismantle the Mandy mine and take the machinery and equipment, valued at \$50,000, to the Flin-Flo property. Forty teams have been placed on the trail to transport this machinery and to carry in supplies from this point. This activity is taken as proof of the sale of the Flin-Flo to the International Nickel Company of Canada.

GOLD FOR U.S.

New York, March 8.—Gold valued at \$150,000 is being shipped from England today to this country, according to an announcement made here by Kuhn, Loeb & Co. This is the first large shipment in several months and is believed to be the forerunner of others.

Gold coin worth \$3,000,000 also has been received from the same source last week.

SUCH STUNTS MAKE BEARS AGE RAPIDLY

Dealing on margin in Crucible Stock or General Motors can hardly be recommended as a mid-winter hobby. Crude, which closed on Saturday a shade under 197, and dawdled for a time yesterday morning around 194, finished the day at 227, just 39 points above the Saturday close. Crucible was closed on Saturday last at 258 1/2, opened yesterday at 262 and wound up at 302, or 43 points higher than at the weekend.

These ascensions, so disturbing to the feelings of the shorts, are the result of the U. S. supreme-court decision that dividends paid in the form of stock distributions are not taxable. Knives are said to be in process of sharpening for melon-cuttings by way of distributing new profits now that the income tax collector has been foiled.

However, Crucible and General Motors have a long way to climb before they equal the high record prices of last fall when Crucible reached 261 and General Motors 408.

Preferred Stock \$1,000,000.00
Common Stock \$1,000,000.00
(No Bonds)

The following information is summarized from a letter from Mr. S. Messer, President of the Company—

- The Continental Oil Company, Limited, of Canada, the business and assets of which have been acquired by the North Star Oil & Refining Company, Limited, a Canadian corporation, has been in successful operation in the Prairie Provinces for the past eleven years.
- The Company has no bond issue or other funded indebtedness outstanding nor any floating debt other than current accounts payable.
- Earnings after the completion of a refinery for the production of refined oil, gasoline and lubricating oil, at Winnipeg, which refinery is expected to begin operations about the middle of the year, are estimated to be the dividend upon the Preferred Stock. With the completion of other refineries, earnings are expected to materially increase.
- The Company has affiliations with large and responsible producers in the United States which should ensure a continuous and constant supply of quantities in the Canadian West. The Company, with refineries at Winnipeg, Saskatoon and Calgary, will be in an advantageous position to manufacture from this crude, refined oil, gasoline and other petroleum products for the Western trade.

Applications, which should be accompanied with cheque for full payment, will be received only on the understanding that the right is reserved by us to allot all, a portion only, or none of the amount applied for. In the event of a partial allotment the balance, and if none be allotted the full amount forwarded, will be returned to the applicant.

Interim Certificates will be issued pending engraving of definitive certificates.

It is intended that application be made to list these issues on the Toronto, Montreal and Winnipeg Stock Exchanges.

NORTH STAR OFFERING BEING WELL TAKEN

According to "street" reports yesterday the new issue of \$1,000,000 preferred stock of the North Star Oil and Refining Company, Limited, is being taken up with avidity by investors. The shares are officially stated, to be "going well."

The security is in the form of 7 per cent. cumulative preferred stock, carrying a bonus of 40 per cent. of common stock.

The shares have a par value of \$5. Osler and Hammond are making the offering in Toronto, and Messrs. Osler, Hammond and Nanton in Winnipeg. The dividends, which are quarterly, will be payable thru the Dominion Bank. The Continental Oil Company, which has been carrying on a fairly extensive business in the western provinces for 10 or 15 years past, has been purchased by the interests connected with the North Star, which interests propose to supplement the existing business by the construction of three refineries, one at Winnipeg and the others at Saskatoon and Calgary. These refineries will be operated initially on imported crude oil contracts which have been made with American producers.

Spring Notes

A Garden Fair
is the colorful department devoted to the Spring displays of Wash Fabrics. The drifting pink of apple-blossoms, great soft roses or morning glories or wee nosegays of many flowerets scatter their loveliness on grounds of sheerest white voile.

Iris "Daughter of the Marshes"

on voile of aquamarine blue—big fragrant sweet peas against a deeper rose or tan—tan poppies with black leaves in bold relief on a beige ground—chrysis red, flowers on dove gray. What wonderful frocks for Spring and Summer wear, they are going to fashion! You will realize it when you see them.

The Favoritism of Foulard

is carried into beautiful foulard voiles in the same exquisite combinations of design and coloring you see in the silk fabric. There's a lot of the very smartest and newest effects in black and white.

History Repeats Itself

and so, first thing you know, you will find yourself among "Cleopatra" crepes—printed in the rich Oriental colorings one associates with the costumes of this famous Queen of ancient days. One notes the scarab green, Egyptian red and dusky blues and lemon softened and made lovelier by backgrounds of gray or taupe.

Did You Know

that the "adorablest" of Japanese Crepes for kiddies' Summer frocks or your Spring-time lingerie is in snowy white with wee bouquets of pink and blue flowers, or little cornflowers or circles of nosegays? 'Tis very new and very moderately priced at \$1.25 yard.

The Popular Oxford Tie

is shown in a cleverly-built model of black patent leather. The vamp is gracefully long and plain. Celluloid heels with metal vanity plate and hand-turned soles are dressy features. Price 8.50

The Pretty "Shimmy" Pump

The "Shimmy" Pump has won unqualified favor with the woman who longs for faultless grace combined with enduring comfort. Here it is seen in a new "Biltmore" model with long vamp, celluloid heel with metal vanity plate and hand-turned sole. Price 10.00

Chic Two-Eyelet Ties

The acme of smart, new style is expressed in graceful "Gibson" two-eyelet ties, in the style illustrated to the right, but of soft patent leather. Beautifully finished with plain slender vamp, circular foxings, celluloid heel with vanity plate and hand-turned sole. Extra value at 8.25

New Spring Marabou at Old-Time Prices \$8.95, \$9.95 and \$11.95

The favoritism of marabou for Spring wear makes this offer specially appealing. An extensive range of new, pretty cape effects and long stole shapes in fine quality marabou. Many with ostrich edges or ostrich insertions are shown. Finished with silk cord and ostrich tabs. Colors are natural, nigger, gray and black. Special value, today, \$8.95, \$9.95 and \$11.95.

Simpson's—Second Floor.

A Spring Frock at \$23.75

A description where so many fetching styles are available would be impossible. The very newest ideas are expressed in beautiful dresses of taffeta, georgette, satin, or smart combinations. There are the new long bodices, fluted apron panels, lovely crystal beading and contrasting embroidery, unique drawings, bouffant hip ruffles and short sleeves.

Women's and Misses' \$7.50 Skirts, \$5.95

Simpson's—Third Floor.

Vogue Demands Cuir Cire

The vogue for the shiny hat accounts for the very furure with which they are received, and in keeping with the demand, we have assembled the smartest of smart styles in wide variety, at a very special price. Trimmings of cire ribbon, bright, small flowers and ornaments give added chic to dashing sailor or pretty mushrooms or close-fitting models. Three of the chic styles may be mentioned—a broad model with crown of pleated cire ribbon, a cunning off-the-face model with shiny crown and transparent brim, and the new Nizal sailor in cuir cire with flowers and ribbon. All offer exceptional value today at \$10.50.

Boys' Stylish Suits \$15.65

Read "September"

One of the younger British novelists, whom Hugh Walpole, the celebrated critic, will discuss in the Central Technical School Auditorium on the 29th of March, is Frank Swinnerton. Possibly you know his writings, his and others.

If you do, you will read September. Nothing can prevent you. Those who do not know him yet will delight in this new book of his. A masterly analysis of character, refreshing in dialogue, it reads like Galsworthy.
