ONE SURVIVOR; HE IS MANIAC

Russian Village of 1,100 Inhabitants Wiped Out by Smallpox

PEOPLE IGNORANT Knew Nothing About Combating Disease and Regarded it as 'Holy Sickness'—Well and Ill Together and Disease Took All

St. Petersburg, Dec. 15.—(Special)—Details of the wiping out of an entire Russian village by smallpox have just reached St. Petersburg. The village is named Voiska and is situated on the island of Sachalin. Until a few weeks ago, its population was 1,100. Sanitation, as in most Russian villages, was conspicuously absent and when the disease first appeared, a few months ago, no one was troubled about it. Smallpox in Russia is frequently called 'Holy Sickness' and attempt was made at vaccination. Sick and healthy children were habitually bathed together, that being believed to be an effective treatment. Burials were soon of daily occurrence and after the local priest died the bodies remained unburied. Thus the epidemic raged unchecked and entire families from granaries to granaries children were stricken. Finally a sanitary commission was sent from the mainland, but it could accomplish nothing. It has been decided to burn to the ground the 'village of death,' as it is popularly called. Of 1,100 inhabitants, only one remains. A man named Ivan, who has become a maniac.

NO PROOF OF CRIME IN DEATHS OF BABES

Coroner Reports on Baby Home Investigation—Not Satisfactorily Explained, Though

Providence, R. I., Dec. 15.—Although the cause of the death of twenty-four children at the Myrtle Bay Home in East Providence from June 19 to Nov. 16, 1908, is not satisfactorily explained, Coroner Harmon S. Babcock, in his report, says that the deaths were not proof of negligence or crime by those in charge of the home. He recommends, however, state supervision of such institutions. 'At the beginning of the inquiry,' says the report, 'but one child had been reported as having died. The cause of the death of the remaining twenty-three children is not clear. It is not possible or advisable to prohibit them, but they should be supervised. Under the present law there does not appear to be any provision for the proper supervision of these institutions.'

Buffalo, N. Y., Dec. 15.—Three of the world's most famous aviators, the Wright brothers and Glenn H. Curtiss of the Wright-Curtiss Company, joined issue in a legal battle here yesterday. The proceedings, which came before Judge Hazell in the United States court, were in a suit brought by the Wrights for a preliminary injunction against Curtiss to restrain him and his associates from manufacturing and selling aeroplanes, on the ground that in all essential details, Curtiss is infringing the patents of the Wrights. Argument was not completed yesterday.

McBRIDE AND FEDERAL LEADERSHIP

Conservative Colonist Says He Must Stay in Province—North Bay Case Over Shortage of Tax Collector

Victoria, B. C., Dec. 15.—(Special)—The colonist, the chief Conservative organ province against the movement for Premier McBride to become leader of the federal party. It says: 'He has something more in mind than political advancement, something higher than party success. As a native son of this great province, trusted as no other man at the head of its affairs, has been entrusted with great responsibility unequalled opportunity, we think, we may say that Mr. McBride feels a stimulus to action along very different lines than those which he is supposed to be thinking about. "We may tell our eastern friends that to the British Columbia, British Columbia offers a field for energetic statesmanship compared with where party triumphs alone. It is a time when events will lead Mr. McBride into the federal arena, but speaking for himself, the Colonist says that it will be many years before the call of party is more influential with him than the call of his native province. There is a great work to be done in British Columbia, and we are confident that Mr. McBride will not leave it undone, merely to gratify any personal ambition that he might entertain." North Bay, Ont., Dec. 15.—(Special)—Mr. Justice Sutherland has reserved judgment in the action of the town of North Bay against William Martin, Sr., and Wm. Martin, Jr., to recover under an agreement, dated July 7th, 1908, in which it is alleged that Martin, Junior, admitted liability of \$35,721.11. The amount was said to represent a short age in Martin's accounts, as tax collector, the sum of \$2,284.34 was to be paid forthwith in cash, and the balance in June 15, 1910, with interest amounting to \$1,400 annually, payable on the 15th of each year. The Martins pay the interest charges and taxes on the property held by the town as security, default in payment to result in the forfeiture of the securities to town. The agreement specified, it was said, that all actions pending should be withdrawn, the town claimed the interest not paid when due and commenced legal proceedings against Martin, Jr., who had been on suspended sentence since October, 1908, under bail bonds of \$10,000 pending orders at restitution, and also sought to realize on the securities. The Martins met these proceedings with a counter action in which they sought to have the securities returned to them, and to have Martin, Sr., and the wives of father and son, alleging the properties were given up on condition that there should be no criminal prosecution, and that the clause in the agreement, which reads: "and that all pending actions shall be withdrawn," should be construed. T. W. McGarry, M.P.P., conducted the case for the Martins. Mr. G. V. Gould, represented town. Mr. McGarry contended that part of the consideration was an illegal agreement on the part of the council to waive criminal prosecution, and realize as much money as possible, and that the interest had been paid up to date before the action was commenced.

WALTHAM MISS HAVEMEYER TO WED MR. WEBB

New York, Dec. 15.—It is announced that Miss Helen Havemeyer, daughter of J. P. Morgan, is to be married to Mr. J. P. Webb, a large portion of his \$20,000,000 estate, is to marry J. Watson Webb, a prominent New York banker. The announcement follows by only three weeks the appointment of Miss Havemeyer as one of the executors of her father's estate. His will has provided that she should have such an appointment as soon as she became twenty-one years of age. Now, in full control of her immense fortune, she is to marry a young man who has distinguished himself in the world of almost two years ago, and went to work to learn the railroad business from the very bottom. Young Mr. Webb is a giant in stature, and has succeeded in the employ of the Chicago & Northwestern Railroad, at Milwaukee. He is still at work there, although he has put off his overalls and has an office position. So far as is known he intends to go back there after his wedding, the date for which has not been set.

MOTHER WATCHES OPERATION ON SON

Spartan Fortitude Shown When Young Man is Accidentally Shot By Father

Spokane, Wash., Dec. 15.—Mrs. M. Dunwoody, wife of a rancher living twelve miles north of Blue Ridge, Wash., proved herself a type of the Spartan mother when she sat by the side of her twenty-one year old son, Harry, in St. Luke's hospital here, to watch an operation for a gunshot wound accidentally inflicted by his father, while shooting rats on the homestead. Previously, she directed the work of building a stretcher, upon which the young man was strapped and carried down the steep mountain side to Blue Ridge by six sturdy horsemen. While the injured man is in a precarious condition, the hospital attendants say he has more than a fighting chance for his life, and for this they give all the credit to the brave little woman, who rendered first aid following the shooting and carried out the details of bringing him to Spokane. The accident occurred when Dunwoody passed a loaded gun to his son, the cartridge being discharged just as the latter was about to grasp the stock. The contents struck the young man in the body.

FIND SKELETON IN ASYLUM ATTIC

Newark, N. J., Dec. 15.—A skeleton in the attic of the County Insane Asylum here has proved an effective witness that the grand jury has handed down a presentment characterizing Dr. Daniel M. Dill, the superintendent, as incompetent, and recommending his removal. Dr. Dill was unable to account for the skeleton, which is that of a woman. No woman, according to his books, has died in the institution since 1891. The grand jury reports that, if the skeleton is not that of an inmate it must be that of a visitor, and recommends that the investigation be continued.

SUFFRAGETTES SELLING PAPERS IN NEW YORK STREETS

New York, Dec. 15.—Five American suffragettes fared forth from their society's headquarters in East Twenty-third street, and, armed with bunches of their yellow backed "Votes for Women" publication invaded the shopping district around Herald Square, and even ventured to offer their ballot symphony for sale in the exclusive borders of Fifth avenue. The appearance of the band somewhat startled the Christmas shoppers. They wore long black coats and yellow bags slung over their shoulders by wide yellow straps which bore the words, "The American Suffragette." The police extended a cordial welcome and even bought copies of the yellow-backed magazine, paying twice the regular price of five cents. Somewhere on the march three of the band disappeared in a publication of the shop, where they found protection against the wintry blast outside and a flattering warmth in their reception by the customers. Business in the soda fountain district proved so lucrative that the trio devoted the rest of the afternoon to it. It was in the neighborhood of Herald Square that Mrs. Lehniger was almost moved to tears by further evidence of the injustice of man. "Buy a Suffragette," she called out cheerily to a woman. "I don't dare to," confided the visitor. "I don't dare to," she explained, "but my husband said he would beat me if I showed any interest in the cause."

Three Dry and Three Against Act—Temperance Men in Ontario Politics

Regina, Sask., Dec. 15.—(Special)—The vote on local option held in six places in connection with the municipal elections in this province, resulted in an even break. Hanley, Simlata and Wadena, all turned the other way, the majority against the act running from three to five. Shelburne, Ont., Dec. 15.—(Special)—The Temperance and independent voters of Dufferin met here yesterday to discuss the political situation. It was thought that R. G. Woods would be put in nomination against John A. Bess, Conservative, but Woods intimated that he would not run, consequently there will be no independent candidate in Dufferin. Nominations are to be held on December 22. SCOTT COMPANY WILL NOT CUT THIS WINTER

Fredericton, N. B., Dec. 15.—(Special)—H. A. Powell, K. C., of St. John, one of the trustees for the Scott Lumber Company is in the city today. The stock of the company is being disposed of and it is not the intention of the company to cut logs this winter or operate the Victoria mill next season. They have about 2,000,000 feet of logs at Magog and the mill at that place will likely be kept running part of the season. The term of the contract has expired, but it is probable that they will be reappointed. Alfred Sheldon, the South African vet, charged with assaulting his wife, was let off with a caution in the police court this morning.

BRUNSWICK ENDS A SUCCESSFUL SEASON

The bay steamer Brunswick, Captain Potter, arrived in port today from Canning on her last trip this season. The season, the captain says, has been very successful. The steamer will be laid up at Canning. Captain Potter reports that he loved the new schooner A. B. Bartheaux, in command of Captain A. B. Bartheaux, to Kingsport, N. S., to finish loading with potatoes. Two other schooners, The Dara C and St. Maurice, are also loading at Kingsport, taking potatoes for the Cuban market. In coming down the bay last Monday night, Capt. Potter says nothing could be seen of the Quebec Ledge lighted buoy. The Brunswick will be thoroughly overhauled at Canning this winter, and will be in good shape before going into commission next spring.

LEOPOLD'S CONDITION IS WORSE TODAY

Brussels, Dec. 15.—The condition of King Leopold, who was operated upon yesterday for the removal of an obstruction in the intestines, took a turn for the worse this afternoon. In the middle of the afternoon, word came from the sick chamber that His Majesty had suffered a relapse. Brussels, Dec. 15.—King Leopold's physicians this forenoon issued the following bulletin: "The king's condition is stationary, temperature 73.0, and pulse 72." His Majesty's private secretary, Baron Goffinet, in spite of the official bulletin, declared that the condition of the royal patient was not very satisfactory this forenoon.

CAN HANDLE MUCH MORE GRAIN NOW

A Great Development, Elevators of Canada Now Number 763—Former Bank Clerk is Arrested

Winnipeg, Man., Dec. 15.—(Special)—The development of the west and consequent expansion of facilities for handling the grain trade is astonishing. Ten years ago there were 421 elevators and ninety-seven warehouses at 217 shipping points, with total capacity of 12,736,352 bushels. In 1908 the number had grown to 1,212 elevators with fifty-two warehouses at 487 shipping points, with a capacity of 36,897,200. This year there are in existence 763 elevators and thirty-seven warehouses, with capacity of 54,234,900 bushels; 768 shipping points as represented. The financial investment is calculated in millions of dollars. Gravel was formerly employed as a clerk in a bank at Chateau Richer. It is alleged he cashed a check for \$90 in a Quebec bank and another for \$75 at the Imperial Bank, both made out on the Banque Nationale branch at Gaspere. Two more checks fully made out and said to have been found on him when he was arrested.

Convention in Dublin Decide; Healy Not in Attendance

HUGE WAR VESSELS London Post Says Admiralty is to Build Record Fighting Ships of Almost 27,500 Gross Tonnage—Royal Wedding in Brunswick

Dublin, Dec. 15.—The Nationalist Convention opened today with John Redmond presiding, unanimously endorsed a resolution adopted by the party committee yesterday pledging support of the liberals in the coming general election. Timothy Healy and his handful of dissenting disciples were not present. New York, Dec. 15.—The following cable despatch from Birmingham, Eng., was received here today: "The Post says the admiralty is making arrangements for laying down before the end of the financial year, two vessels which will establish a record in warship building. They will be of almost 27,500 gross tonnage. Their guns will number less than those on the latest Dreadnought, but the muzzle velocity and firing range will be very much greater. "The ships will be of an entirely new composite class, combining features of battleships and cruisers." Brunswick, Dec. 15.—The wedding of Duke Johann Albrecht of Mecklenburg-Schwerin, and Princess Elizabeth of Stolberg-Rossla was celebrated today in the presence of the emperor and empress, the King and Queen of Bulgaria, Prince Henry of the Netherlands and many members of the royal household of Germany and the Austrian, Italian and British ambassadors.

HELPS GRAFT LOGS AND OUT OF FOOD

Boston, Dec. 15.—Having shared his crew in the Terranova and tobacco with a crew in distress the fishing schooner Terranova Captain John Hickey, is here from La Have, N. B., with a galley pretty well depleted. Last Tuesday the schooner sighted a three-masted schooner showing signals which told she was out of provisions. The Terranova ran as close as the dangerous sea would permit. Standing on the quarter deck of the schooner, which was the Empress, was an old man with white beard almost to his waist who hailed the fisherman but could hardly articulate because of illness. The Empress was a passenger from the Empress and from the men it was learned the schooner had been sixteen days on a passage from Yarmouth to Charlottetown, P. E. I. Her halting port was practically lost. She had been arrested by furious gales, buffeted and deluged by mountainous seas till the gear had become stretched and provisions were all gone. For four days they had subsisted on baked potatoes and water. Reckoning had been lost in efforts to reach Boston, Provincetown, Salem and New York, but new gales that sprang up each day had defeated every attempt. And to everybody's surprise it was found that the Empress was only 90 miles from the starting point of more than two weeks before she had been given up as lost in her home port, owing to absence of tidings. Great was the rejoicing aboard the Empress when her boat returned loaded with food of all the provisions the Terranova had. The vessels then parted and a gale of unusual violence burst within a few hours, catching the Empress on her coast to Yarmouth. Captain Hickey fears for the safety of the Empress because of the hard time experienced by the Terranova in weathering the blow.

WEDDING FOLLOWS SOON AFTER DIVORCE

Atlanta, Ga., Dec. 15.—Two minutes after Mrs. Silvey Speer Thomas, daughter of W. A. Speer, well-known in financial circles, was granted a total divorce from her father's chauffeur, Russell A. Thomas, in the Superior Court today, a marriage license was issued by the ordinary to Marshall G. McCann and Miss Silvey Speer. Miss Speer's divorce was secured on allegations that she was forced to marry the chauffeur because the man had made threats of violence against her father, unless the daughter consented to elope with him. Immediately after the parties involved left the court house they were driven to the Speer residence where the wedding ceremony was performed in the presence of a large party of friends. Another chapter on the Speer case also was concluded when a verdict was rendered in the Superior Court, in favor of W. A. Speer, who was sued by his chauffeur, Thomas, for \$100,000 for alienation of his wife's affections. The elopement of beautiful Silvey Speer with her father's handsome young chauffeur fourteen months ago, was the sensation of three states. After being married in Atlanta they left for Charlotte, N. C., where they were arrested when they registered at a prominent hotel. Mrs. Speer brought the bride back to Atlanta, but the young husband made so much trouble that Mrs. Speer took her daughter to New York. Here the bride was kept hidden to escape reporters and to evade a writ of habeas corpus sought by the husband. Finally Mrs. Speer, after racing from one hotel to another in Manhattan and being unable to escape the reporters, sailed with her daughter for Europe. Thomas asserted that if he could see his bride alive she would declare she preferred him to her parents. This the latter refused to allow. They charged she was drugged by Thomas the day of the wedding and while in this condition was forced under threats to consent to a marriage.

He is charged with having enticed them to leave their work on the canal to take employment in South Africa.

BEASTLY LIE, SAYS PRINCE HENRY, ANSWERING SOCIALIST

London, Dec. 15.—A telegram appears in the London papers today from Prince Henry of Prussia, dealing with a series of articles, written by the Socialist Blatchford, which are being printed in London. In these articles Blatchford asserts that Germany is making preparations for war on a large scale and is building a great navy which can only be defeated by the navy of England and includes the statement that the officers of the German warships are in the habit of declaring their simple motto, "Am Tag," meaning, thereby a day attack on England.

FIELDING IN BUDGET SPEECH FULL OF HOPE SHOWS RECORD REVENUE AND SURPLUS

Population Has Leaped to 7,500,000—New Trade Treaties Under Consideration—Bounties on Steel and Iron Will End Next Year—Naval Expenditure Out of Current Revenue—Mr. Foster Seeks to Spoil Bright Picture

Ottawa, Dec. 14.—Hon. Mr. Fielding delivered his fourteenth budget in the commons today. He has made many optimistic speeches but none fuller of promise nor more pregnant with hope than this.

Mr. Fielding was able to point to a comfortable surplus won from the teeth of the hard times of last year and was able to promise the greatest of all surpluses for the present year.

He forecasted \$100,000,000 revenue as a possibility with the end of this year and a certainty for the year next to follow.

He announced no tariff changes but intimated that there was a possibility of the extension of Canada's trade relations on better terms with the British West Indies, Germany, Italy and Belgium and that there appeared to be nothing to fear on this score from the United States.

He announced that the iron and steel bounties would terminate in 1940 and this is taken as an intimation that they will not be renewed.

He announced that the government was prepared to take the part of the people in regulating the operations of combines in Canada which have worked for the restraint of trade or for the undue enhancement of prices.

When he sat down every man in the house was again convinced that the affairs of Canada are in the hands of a strong, honest and progressive man.

Hon. Mr. Fielding recalled that as the last session of parliament circumstances compelled him to submit a budget which was not in all respects a very cheerful one. Perhaps it was because the ministers of finance everywhere about that time found themselves in strenuous circumstances; perhaps it was because that was his thirteenth budget and he had not the good luck that one hopes to have at such a time.

the end of the fiscal year, so that it was difficult to make more than an approximate estimate at the present stage.

It was gratifying, however, to know that the unfavorable conditions of the previous year had passed away.

They had recovered the lost ground in revenue and were now moving forward to even higher records.

The revenue for 1939-40, the current year, Dec. 1, was \$64,650,309, which represented an increase over the revenue for the corresponding period of the previous year of \$2,541,282.

This in eight months there had been a gain of \$9,500,000 in the revenue, or an increase of about \$1,250,000 per month.

The revenue for the last four months of the previous year amounted to \$29,978,177. It was assumed that for the remainder of this year the same amount would be received, as was received during the corresponding period of last year, the revenue for the entire current year would be \$94,634,687.

It might reasonably be assumed, however, that there would be some further increase during the remaining four months, and Mr. Fielding said: "I propose to allow for an increase of \$2,000,000 from this date to the end of the fiscal year, March 31, 1940. On that basis the revenue for the current year will approximate \$97,500,000, or nearly \$1,000,000 better than the record year of 1937-8."

"I think my estimate is a safe one. It may be too conservative. It is quite possible that during the remaining four months we shall come near the \$100,000,000 mark during the present year, but I do not think that it is safe to estimate quite that at present."

Coming to the question of expenditure for the current year, Mr. Fielding recalled that last session the estimates and the appropriation were severely pruned.

The expenditure on consolidated fund account for 1939-40 was a little over \$81,000,000, and he estimated that in the current year the expenditure chargeable to income would not exceed \$81,000,000, or a reduction of \$5,000,000, compared with the preceding year.

The dominant note, therefore, of the budget was a large increase in revenue, the first place and a very substantial reduction in expenditure in the second place.

With a revenue of \$97,500,000, which is on a conservative basis, said Mr. Fielding, "and an expenditure chargeable to income of \$81,000,000, I estimate that there will be a balance this year by way of surplus amounting to \$16,500,000. I shall not be surprised if the expenditure proves to be a little less and the revenue somewhat more, which, of course, would give us a somewhat larger surplus."

Coming to the question of the capital and special expenditure, Mr. Fielding said that there was voted for capital services during this year \$39,472,000, and the appropriation for the preceding year was \$43,372,488. This showed a very large reduction in the appropriation.

Of the capital appropriations for the current year 1939-40, the sum of \$20,000,000 was assigned to the National Transcontinental railway and there was reason to believe that that amount would be all spent or substantially so. Of the balance of the appropriations of that class, namely \$19,472,488, there was expected that probably \$10,000,000 would be spent. To that had to be added railway subsidies, bounties, and other special charges, which he estimated at \$5,500,000. Thus the total capital and special charges for the year would amount to \$35,000,000. The estimated reduction of consolidated fund expenditure is \$3,964,232.

Mr. Fielding said that the bounties were an adjunct with the payment of railway subsidies, which in the time of the Conservative government, as well as during the present regime, had always been a part of the government's policy.

Mr. Foster asked if the minister had any proposals to adjust the bounties in a similar manner.

THE BUDGET

Hon. Mr. Fielding had a pleasant task yesterday, in presenting to parliament the financial statement of the year in Canada. Not only was he able to make a very favorable financial showing, but he was able to say that the country is enjoying rapid growth and great prosperity, and that the coming year will be better than the last.

The financial statement for the year 1909-10 is especially favorable. The finance minister wisely determined last year to keep down the expenditures and the prudent process was applied with the most satisfactory results. Not only did the revenue provide for all ordinary expenditure, but for considerable capital expenditure. The outlook for 1910-11 is even more promising.

Mr. Fielding stated that the naval expenditure will not be charged to capital account, but paid for out of income. With regard to the tonnage, he was able to show that the treasury had not lost a dollar by paying them, as they resulted in a large industrial development and an increased revenue.

It is gratifying to learn from the Associated Charities that the people appear to be better off than usual, and that Christmas in St. John will find fewer destitute families than usual. Nevertheless there will be many demands upon the charity, and all aid should be distributed in such a manner as not to give the undeserving the share that should go to those who deserve to be remembered.

SCOTTISH SHEPHERD'S DANCING CURE

(British Medical Journal). A curious Highland remedy was the dancing cure as it was practiced many years ago in Strathpey.

The great scientist Huxley predicted that the day would come when men would regard it as a crime to be sick. The war now being waged against tuberculosis and other diseases, once supposed to be incurable, would indicate that this time is approaching.

A SIGNIFICANT STATEMENT

That was a very significant statement made by Rev. T. Hunter Boyd last evening at the Every Day Club, in his address on tuberculosis. He did not fear, he said, the Germany that is building warships which may be on the scrap-heap in ten years, but he did greatly fear that Germany which has cut its death rate in half since 1882.

There is food for thought in this statement, and it emphasizes the plea that what we in Canada should greatly concern ourselves about is the production of efficient citizens. To do this the health conditions must be improved in our cities; and the science of health, which really reduces itself to simple rules that all may understand and observe, must be made a matter of universal knowledge and practice.

was in men. On the one side there was the man who indulged his appetite for drink, and on the other the man who would die of thirst rather than that his country should suffer through his inefficiency.

This matter of health is therefore a matter of patriotic concern as well as an individual consideration. Over and over again it has been asserted from platform and press that the need of Canada is men. Germany sets the world an example in this matter of producing the most efficient manhood.

QUEBEC'S PULP POLICY

Hon. Mr. Taschereau of Quebec makes it clear that Quebec does not propose to alter its pulpwood policy because of anything that may transpire at Washington. In an address in Montreal he pointed out that Sir Lomer Gouin had stated that the government intended to prohibit the export of the pulpwood cut on crown lands. It was said by some that such an action would bring reprisals from the United States.

The declaration of war made by organized labor against the United States Steel Corporation is a very serious matter. A few years ago the question of a new city hall found few friends in the city council, but Ald. McGoldrick's patience has been rewarded. The matter is, apparently, to be taken up seriously.

The news comes from Russia of a whole community wiped out by smallpox. The story is worth reading, as it is a warning to this province where smallpox, fortunately of a mild type, breaks out at intervals, and today an epidemic is reported from Tracadie, in Gloucester county. Rigid measures should be adopted at once to stamp out the disease.

The Times remarked recently that the result of certain civic elections in Massachusetts there was a return to license. By extraordinary efforts the liquor interests have swung several more cities into the license column. A year or two hence they will swing back again. There is an ebb and flow, but prohibition sentiment is nevertheless gaining ground.

It is gratifying to learn from the Associated Charities that the people appear to be better off than usual, and that Christmas in St. John will find fewer destitute families than usual. Nevertheless there will be many demands upon the charity, and all aid should be distributed in such a manner as not to give the undeserving the share that should go to those who deserve to be remembered.

The great scientist Huxley predicted that the day would come when men would regard it as a crime to be sick. The war now being waged against tuberculosis and other diseases, once supposed to be incurable, would indicate that this time is approaching.

COULD NOT SLEEP

There is many a man and woman tossing night after night upon a sleepless bed. Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Some constitutional debility, worry or the nervous system, that it cannot be dreamed of sleeping in a deep, refreshing slumber, twitching of the muscles, restlessness, etc.

Milburn's Heart and Nerve Pills are a specific for all people troubled in this way. They have a soothing and calming effect on the nervous system. Mrs. Calvin Stark, Rossmore, Ont., writes:—"About two years ago I began to be troubled with a smothering sensation at night when I would lie down. I got so bad I could not sleep in the dark, and would have to sit up and rub my limbs, they would become so numb. I saw Milburn's Heart and Nerve Pills advertised and got a box to try them. I took three boxes and can now lie down and sleep without the light burning and can rest well. I can recommend them highly to all nervous and run down women. SIXTY-FOUR FILLIES SOLD FOR \$17,735

Names of Purchasers at Continuation of Horse Sale Yesterday Afternoon

It was a good time for fillies, but a very bad one for stallions at the sale of the Clydesdale thoroughbreds imported by the provincial government which was held in the Carleton curling rink yesterday. No one seemed to want stallions. Age of Spades, a fine looking double registered Clydesdale thoroughbred, did not draw a bid and was withdrawn. Herbert, a Kentucky thoroughbred, purchased by Harry G. Smith, of West St. John, at the recent government sale of Kentucky horses for \$375, was withdrawn at \$300. Southwick and Lord Roberts, two thoroughbred Clydesdale stallions, were not offered and the French coaching stallion, Galloway, and the stallion Victor, both owned by Mansfield, of St. Martins, were withdrawn.

The sale of the fillies, however, was more successful and sixty-four were disposed of for \$17,735, and average of about \$277 each.

MERISSES IS FREE

After an imprisonment of three months and sixteen days, George Merisses, the Greek, indicted for selling Free Speech, an immoral paper published by C. Bruce McDougall, now serving a term in prison, was last night liberated from the common jail. His release followed a message received from the department of justice in Ottawa by Sheriff Ritchie about 8:30 o'clock last night, which directed that the Greek be released immediately from jail. Acting on this advice, the sheriff at once gave orders for the release of Merisses.

This ends the proceedings taken by the prisoner's counsel, Daniel Mullin, K. C., under habeas corpus.

Noeman McDougal, an employee on the steamer Corinthian was badly shaken up last night by falling from a rope ladder, nearly twenty feet, to a scow. The ambulance was summoned and he was taken to the hospital.

MONCTON NEWS

Boys Confess to Theft—Death of Mrs. Simon Cormier—Magistrate Kay and the Council

Moncton, N. B., Dec. 14.—Walter Gray and Charles Leaman, two young lads under arrest charged with burglarizing the city market last Friday night, have confessed to the police. They stole \$12.50 from Geo. C. Matthews' stall and divided the money. They were arraigned in the police court this afternoon and the hearing adjourned until Friday.

Lorne Chapman, aged thirteen, Geo. Fawcett, aged ten, and James Kenney, aged fourteen, were arrested here this evening at the instance of I. C. R. Inspector Jones charged with breaking windows in the big station at Cook's Brook near Moncton, on Saturday Dec. 5. They will be brought before the police magistrate tomorrow.

The quarterly meeting of the Baptist ninth district held its closing meeting in the First Baptist church this evening, the speaker being Rev. A. E. Estall, Middle Sackville, who spoke on mission work in South Africa. This afternoon Mrs. Estall gave an address before the ladies of the missionary aid society. The next district meeting will be held in Middle Sackville.

The annual meeting of the N. B. Petroleum Co., called for this afternoon, was adjourned until Friday afternoon without transacting any business.

The death occurred here this morning of Mrs. Simon Cormier, aged 92 years. Deceased was born at Grand Digne, but lived in Moncton thirty-five years. Two sons, Placide and Joseph, and a daughter, Mrs. Frank Richard, reside in Moncton. Magistrate Kay has raised an interesting point for the city council in connection with the court fees the auditor has found to be due the city. He claims that if he pays the city the \$277.25 which it claims on several accounts, the city should pay him \$222.25 in court fees which he paid into the city, and which he claims he had a right to keep. He blames the eye-ten of bookkeeping for the mix-up, and suggests that the past be wiped out and a fresh start made with a new system of bookkeeping.

ENTERTAINMENTS

OF LAST EVENING

The upper tables were in charge of several ladies from the Canton La Tour Guild. In addition there were a card booth, fancy booth and fortune booth, all of which were being freely patronized. The different amusements were closely contested. The bean board prize was won by Elmer Johnston, bagatelle, by Frank Kelly; ten pins by Harry Ward, and the ping-pong game by James O'Neill. The Caledonian Cornet Band furnished music during the evening. The International Correspondence School will start a contest for the most popular member of the lodge this evening and will give a free course to the party securing the largest number of votes. The fair will continue for the remainder of the week, closing Saturday evening.

The Women's Missionary Aid Society of Moncton, held a very successful high tea and sale in the church school room last night. Supper was served from 6 to 7:30 and was partaken of by a large number. There were five supper tables beautifully decorated, in the large hall, as well as a fancy table and a candy table.

The annual high tea and apron sale, under the auspices of the Ladies' Aid Society of the Congregational church, took place last evening, and was well attended. Mrs. W. Smith, Mrs. Holmes and Mrs. Johnston assisted by several young ladies had charge of the tea rooms, while Mrs. H. P. Kerr looked after the candy table and Mrs. John Wade the apron table. In Trinity church school room last evening a very successful tea and sale was held by the Young Women's Guild of the church. The rooms were tastefully decorated with cedar and spruce sprays. There were four tea tables in charge of ladies of the guild.

MORNING LOCALS

Through Prof. Adam Shortt, the number of places in which civil service examinations may be held in the maritime provinces has been increased to seven. In New Brunswick the points at which civil service examinations may be held are St. John, Moncton, and Fredericton. Dr. G. H. Gray has been appointed examiner in this city.

The celebration in connection with the 100th anniversary of Queen Square, Me. took place yesterday, and the following programme carried out: Solo, Miss Winnie Dunlop; violin solo, Harold Smith; solo, Mrs. Robertson; solo, Fred McKean; reading, A. W. Baird; address, Rev. Neil McLaughlan.

In the police court yesterday afternoon Walter Lowrey, a bartender for Thomas Haley, in his licensed premises in Charlotte street, was fined \$20 for selling liquor to a minor, a boy aged sixteen. Mr. Haley said that he had been in business for thirty-five years and had never been reported for any offence. He knew nothing of the charge until Policeman Henry told him of the matter. John A. Barry appeared for the defendant, and Geo. A. Henderson for the prosecution.

The committee having in charge the sale of the harbor fisheries decided yesterday to hold the usual fishery sale on the second Tuesday in January. There was some discussion as to the sale of the fishery lots located where dredging operations are being carried on, and as there was some objection made last year to the sale of these lots, it was decided to reserve them this year.

WEDDINGS

St. Martins, Dec. 14.—A very pretty wedding took place in Holy Trinity church at 8:23 on Tuesday morning, the principals being Miss Clara Rourke, eldest daughter of Mr. and Mrs. James Rourke, of this place, and Dr. Harry Moran, eldest son of Captain and Mrs. W. H. Moran. The ceremony was performed by Rev. Mr. Whalley, of Hampton, assisted by Rev. M. A. Pout. The young couple were unattended. The church, which was crowded, was most tastefully decorated for the occasion. Immediately after the ceremony the bride and groom, attended by a number of invited friends, returned to the home of the bride's parents, where a tempting wedding breakfast was served, after which Mr. and Mrs. Moran left by train for St. John, accompanied by the best wishes of the entire community. The happy couple will spend their honeymoon in touring the maritime provinces, after which they will take up their residence in West St. John.

Had a Bad Cough

For a Number of Years.

Mrs. A. E. Brown, Ottawa, Ont., writes: "I have had a very bad cough every winter for a number of years which I was unable to cure by any means. I tried a great many remedies but only received temporary relief until I got a bottle of your Norway Pine Syrup, and after taking two bottles my cough was cured. I am never troubled with a cough any more. I am very grateful to you for the cure. My husband is suffering from a cough, colds, bronchitis, croup, asthma, sore throat, and is preventing pneumonia and consumption. So great has been the success of this wonderful remedy it is only natural that numerous persons have tried to imitate it. Don't be imposed upon but insist on getting 'Dr. Wood's.' Put up in a yellow wrapper; three pints (each of the trade mark) price 25 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont."

THE NEW YORK HERALD'S INTEREST IN CANADA

Hamilton Peltz of the New York Herald has arrived in St. John yesterday. Mr. Peltz is touring Canada for the purpose of "gathering up" the newspapers of this country which have commented upon the Herald's enterprise in establishing its own bureau at Ottawa in order to secure and feature Canadian news and views. Mr. Peltz has already dealt with the newspapers of Ottawa, Montreal, Quebec and Halifax, and came from the Nova Scotia capital to St. John. He will spend a few days here. Mr. Peltz, though still a comparatively young man, is one of the Herald's veterans and has helped to "cover" some of the world's greatest news stories for that great journal. The Herald, at great expense, has devoted much space to Canadian news and pictures of late and Canada is thus securing much invaluable advertising. Mr. Peltz will not discuss his present mission, saying that he is here to work, not to talk. He is at the Royal.

MORNING NEWS

OVER THE WIRES

Lifelines and crews are being rushed to Port Burwell, Ont., to try to rescue the crew and at least a portion of the freight of the C. P. R. car ferry, Ashabula, stranded on a sand bar there since Sunday.

The Halifax city council has voted \$2,000 toward the erection of a memorial tower to cost \$30,000, on the park given to the city by Sir Sanford Fleming.

Two fishermen from Gulliver's Cove, Digby Neck, N. S., Wayland McErdmont, aged 40, and his brother, aged 30, who left their homes yesterday morning in a dory, are believed to have been swept to sea in the southeast gale prevailing yesterday. They were without food or water.

Rev. J. J. Stewart, of Pugwash, who was charged with assault, has been completely exonerated. The charge arose out of Rev. Mr. Stewart trying to stop a noise made during a churrery.

It's hard to keep an even temper with a dull pain nagging all day at your back. In fact, kidney troubles are at the bottom of very much of the nervousness and irritability that are so common today. You wonder why you are short and cross, can't keep your mind on one thing, are inclined to worry over trifles, and subject to fits of "hines" and despondency. Partly it is due to that pain in your back, partly to the irritating effect of uric acid on your brain and nerves.

Uric acid is a poison that is always forming in the body, and it is the duty of the kidneys to filter it out of the blood and urinate. Healthy kidneys do this work thoroughly and well, but weak or sick kidneys get behind, and the waste matter collects and there in the muscles, joints and nerve centres. Hence, dizzy spells, rheumatism, neuralgia, blurry spots before the eyes, nervousness and heart trouble, are signs of uric poisoning.

So do not wonder at your condition, especially if the urine does not look or pass naturally. And if your back aches continually, or you are taken with sharp cricks and stitches of pain, it is sure that your kidneys are out of order and need prompt attention, for sick kidneys cannot right themselves without help.

CANADIAN NEWS NOTES

Toronto, Dec. 14—The executive of the Dominion Marine Association, which met in this city today, voted complete approval of the insurance bill now before the senate, so far as the clauses relating to marine matters are concerned.
The bill prohibits absolutely the placing of insurance in companies not holding a Canadian license, and this, the marine men say, will inevitably drive the whole freight business of the lakes to American boats.
There is at present not a single Canadian company, they say, that is prepared to assume a \$1,000,000 liability on a fleet of ten boats valued at \$100,000 each, and this would be only one fleet.
Toronto, Dec. 14—(Special)—The court of appeal has decided against F. E. Karm, the big Toronto druggist, convicted of permitting girls between fourteen and eighteen to resort to his premises for immoral purposes.

A number of horses were frightened yesterday by a large canvas sign which was stretched across the road, and which threatened to give way when the wind blew violently. The police ordered the sign to be taken down, as it might have resulted dangerously to passers-by. The sign was an advertisement for a fair.

Joseph Miller was arrested by Police Sergeant Baxter this morning about 10:30 o'clock, being charged in charge by Captain Smith, of the schooner Ravolt, lying at Walker's wharf, who said that the man had been an article seaman and had deserted on Sunday last and had not showed up. He was found in the Salvo's Home this morning and placed under lock and key.

Two Dollar Fine in Police Court Today—Mr. Putt's Dog Ordered to Lethal Chamber

In the police court this morning George Riley, William Moore and John O'Connor were fined \$4 each on a charge of drunkenness, and Michael Sullivan remanded on the same charge.

Michael Harrigan was reported for sweeping dirt from his shop into the street, and was fined \$2.

Policeman Silas Perry, who swept about a dust-pan full from his shop on Sunday morning last and then swept the dirt from the sidewalk into the street.

Mr. Harrigan said he was simply sweeping the dirt from the roadway into the recess in front of his shop, and he was simply clearing this from his place when reported. He said also that the boys coming from school were in the habit of throwing snowballs into his store and breaking windows. Yesterday they broke a lamp. He was looking for them and it would not be long before they were in court themselves.

His honor said that too many people were violating the city by-law in regard to this matter, sweeping dirt from their doors into the street.

A dog owned by Alfred Putt was ordered to the lethal chamber, as it was said to be dangerous to citizens, having bitten William Daley. Some time ago Putt was in court, reported for keeping the dog, but said then that he would send it out of town. He has not done so, and accordingly the animal was ordered destroyed.

William Steiper has been reported by Policeman George Totten for having a defective conductor on his building in Mill street.

MEDICAL MEN GIVE SURPRISE TO DOCTOR WHITE

All But Three of City's Physicians at Gathering in Honor of His Birthday.

Dr. W. W. White was given a very pleasant surprise last evening when the members of the medical profession in St. John, to the number of forty-nine, called at his home, corner of Sydney and Prim streets, to help him celebrate his forty-seventh birthday.

The gathering was a complete surprise to Dr. White. He had been invited into visiting the hospital with Dr. Christie and on his return home about 9:30 he found practically the whole medical fraternity awaiting him. It was explained to the astonished doctor that need fear no alarm from this unusual constellation, and the evening was pleasantly spent amid surroundings altogether in keeping with the oftentimes grim work of physicians and surgeons.

A very dainty and attractive supper was served by Mrs. White and the decorations, which were certainly unique, called forth the admiration of all present.

Dr. White

the admiration of all present. For a centre piece, a skeleton in a long white gown, peeped from a bonnet of red lilies and the time-honored birthday cake was appropriately decorated with skeletons, large and small, white tiny skulls grinned from the snow-white icing. Encircling the cake were forty-seven candles, one for each year of the doctor's life. Lanterns in the form of skulls shed their radiance over the scene, while ash trays and other little matters of detail were also fashioned in the form of skulls, while small volumes inscribed "Medicine" at each place, contained leg-bones. As souvenirs of the occasion, those present received small silver pens, knives, pens, and an ivory ball and bearing "Christmas Greetings," on a holly ribbon attached.

All but three of the city physicians were present, and those were absent through necessity. When the time for speech making arrived, nearly all had something to say, either bearing on the profession or a far reminiscent character and by all Dr. White was warmly congratulated on his restoration to health and vigor.

Dr. Bentley scored an original hit when he read an original poem, in which he referred in some manner to all the members of the profession.

Dr. White, in a very happy speech expressed his thanks to his colleagues for their kind expressions and good wishes, and the gathering came to an end about 1:30 a. m.

MRS. EDGSON IS DEAD, DOUBLE FUNERAL FRIDAY

The hand of death has brought a double sorrow to the relatives of Mr. and Mrs. Edward Edgson. On Monday last Mr. Edgson, who was cruder in the supreme court since 1868, passed away after an illness of some months, at the age of 78.

This morning Mrs. Margaret Edgson, his wife, succumbed to an illness of more than a year. She was in her 75th year, and leaves one sister, Mrs. Andrew Evans, of this city, to mourn her loss.

The funeral of Mr. Edgson was to have been held this afternoon, but a postponement has been made and a double funeral will be held on Friday afternoon at 2:30 o'clock.

THIRTEEN SO FAR SEEK LICENSE

The Liquor Selling Situation—Effect of Local Option

Up to today thirteen applications have been received by Inspector John B. Jones for licenses to sell liquor in the city during the coming year. The time for receiving them will expire on the 28th of this month.

The electors of Lorne, Dukes, and Victoria wards having declared against the re-issuing of licenses this year, the number given out will be lessened by eight next year—four in Lorne, one in Dukes, and three in Victoria. Last year sixty-seven applications were received for licenses but only sixty were granted.

It is understood that one or more of those who are the owners of licensed bars at present, but who must vacate them on the first of May, 1910, will make application to sell liquor in other wards in the city and it is said that others are contemplating taking up some other business in their own part of the town.

If the next local option campaign is successful five saloons will be affected, one in Stanley and four in Sydney ward.

In the Inter-Society Bowling League tonight there will be two games played on St. Peter's V. M. A. alleys. The first will begin at 7 o'clock and will be between the St. Joseph's society and the A. O. H. The second will be played by the K. of C. and the Holy Trinity teams.
