Proposed Treaty With Soviet Russia Raises Storm of Protest ALLIED GOVERNMENTS ARE AGREED

AGREEMENT IS CALLED FAKE BY LLOYD GEORGE

Former Premier Says Every Essential Figure is Left Blank.

LABOR APPROVES

Other Newspapers However are Mostly Either Scornful or Angry.

(Canadian Press Cable.)

London, Aug. 7.—“This is a fake—a contract in which every essential figure is left blank,” exclaimed former Premier Lloyd George in the House of Commons last evening in the course of a sharp criticism of the proposed agreement with Soviet Russia.

His phrase is endorsed by the majority of the morning newspapers, which fully share in the amazement with which the Conservatives and most of the Liberals received the announcement by Arthur Ponsonby, Under Secretary for Foreign Affairs, that a commercial treaty and a general treaty had been arranged with the Soviets.

There is some favorable comment, the Daily Herald, Labor organ, naturally welcoming the “happy result” with “greatest satisfaction.”

Some Papers Better.

The Daily News, Liberal, thinks that “no one arrived at any agreement with the Soviet delegation is a very considerable achievement which praiseworthy.” But it withholds definite opinion of the merits and possibilities of the treaties pending fuller explanation of their terms.

STEAMER ASHORE ON ANTICOSTI ISLAND

Cairnawa Was on Way From Newcastle to Montreal—N'd. Ship Strikes.

(By Canadian Press.)

Halifax, Aug. 7.—The steamer Cairnawa is ashore one half mile south of Health Point, Anticosti, according to word reaching C. H. Harvey, Marine and Fisheries agent here this morning.

Montreal, Aug. 7.—The steamer Cairnawa, which it is thought may be Cairnawa referred to in notices to the Halifax agency of the Marine and Fisheries department as being ashore south of Health Point, Anticosti Island, sailed from Newcastle on July 30 for Montreal. She is a British freighter.

St. John's, Nfld., Aug. 7.—The governmental coastal steamer Glenoc was reported ashore today on the western entrance to the Strait of Belle Isle. Available reports indicated that she was leaking slightly but not in great danger. The steamer Prospero has gone to her assistance.

WINS HEAT; FALLS DEAD FROM SULKY

Stratford Veteran Horseman Was Pop Gears of Half-Mile Tracks.

Stratford, Ont., Aug. 7.—Frank Ragsdale, veteran horseman, known over the whole continent and of late with the Goodison stock farm, Sarma, fell dead from his sulky here Saturday afternoon after winning the first heat of the 2300 pace, the first event on the race programme in connection with the Old Boys' reunion. His horse, Polly Miller, had just come under the wire when Ragsdale was observed to sway. Mr. Ragsdale was a driver on the Grand Circuit, and was known as the “Big Girl” of the half-mile tracks.

Duchess Receives \$50,000 in Bequest

Newport, R. I., Aug. 7.—The present Duchess of Marlborough, formerly Miss Gladys Deacon of Boston, receives \$50,000 by the terms of the will of Mrs. Mary M. Deacon, widow of Rear Admiral Charles M. Baldwin, who died in New York early this summer and whose will was probated here. To Mrs. Edith Deacon Gray of Newport, \$300,000 is left in addition to one-half of the residuary estate. The remaining half of the estate and \$10,000 is left to Miss Helen, Miss Julia and Mrs. Gray are nieces of Mrs. Baldwin, who was long a summer resident of Newport.

RUHR EVACUATION SUBJECT TOMORROW

Inter-Allied Conference Adjourn to Allow MacDonald to Attend House.

(By Lloyd Allen.)

London, Aug. 7.—The inter-Allied conference adjourned today until tomorrow to permit Ramsay MacDonald to spend the entire day in the House of Commons, facing his critics, who are attacking the Government on the subject of the Anglo-Russian pact. The conference will tackle, today or tomorrow, its chief bone of contention, military evacuation of the Ruhr.

Removal of French and Belgian arms from German territory will be discussed only informally in committee but it's considered the most vital subject under discussion.

Premier Herriot of France is believed to have agreed in advance to the military evacuation of the Ruhr, but may make the occasion one for seeking further concessions to the French viewpoint from the British and U.S. in order to save his face at home.

The fact that Secretary of State Charles E. Hughes is departing for the U. S. in such a favorable light of his confidence that his presence on the “side lines” no longer is necessary.

WHEAT CUTTING IN WEST STARTS SOON

Crops Maturing is Manitoba Report—Rust Scare Exaggerated.

Winnipeg, Man., Aug. 7.—Wheat cutting will be general in Manitoba by Aug. 23, according to the official report of the Manitoba Department of Agriculture, issued today.

In a few isolated sections where crops are particularly late, the wheat harvest will be delayed until Sept. 1, the reports said.

Continuing, the report adds that the crops are maturing gradually and that the falling out stage is well progressed.

The recent rust scare is characterized “as greatly exaggerated” and unless the rust develops faster from now on it should be only a small factor in connection with the wheat crop, the report states. “Damage from saw fly and frost are reported as negligible.”

Dentists to Meet in Halifax Next Year

Vancouver, Aug. 7.—The next convention of the Canadian Dental Association will be held in Halifax in 1926, it was decided at the annual meeting here yesterday.

Dr. George R. Thompson of Halifax was elected president, Dr. Emery V. Jones of New Westminster, vice-president, and Dr. Stanley A. Bagnall of Halifax, secretary-treasurer.

MARITIME MAIL IS PART OF LOOT IN MONTREAL HOLD-UP

Thirteen Registered Packages, Bound West, are Taken by Bandits.

AUTO IS SOUGHT

Belief Here That None of Stolen Mail was From St. John.

(By Canadian Press.)

Montreal, Aug. 7.—Detectives are still searching this city and districts for clues that will give them the key to the identity of the three masked bandits who held up a postal express wagon and looted it of one bag containing registered mail in the heart of the financial section here on Tuesday night.

The recovery of the empty mail sack and of the automobile that was either used to perform the robbery or later to make a getaway and an attempt to learn the exact contents of the mail bag took up most of the detectives time yesterday.

Some From Maritimes.

It was found impossible to ascertain the exact value of the contents of the bag as some of the 13 packages it contained came from the Maritime provinces and were for western destinations. There were, however, two packages of money from Montreal and these contained each \$20,000 and were consigned to branches of a local bank in the west.

While no exact total could be recognized it was estimated that the money alone would reach the sum of \$20,000. It was pointed out at the general post office here that the officials of Ottawa district were at work on the case more particularly than those at Montreal, since the bag was officially in possession of the Ottawa district.

No word has been received at the local post office concerning the robbery and it is not thought likely that there was any mail from this office included in that stolen.

John Emerson, acting post office inspector, said this morning that all the mail from this city for Montreal goes over the C. P. R. and that the robbery in Montreal in the morning.

The Maritime Express, however, arrives in Montreal in the evening from Halifax, and he said that it might be mail from this train which was referred to in the despatch. This mail would be from Nova Scotia, Prince Edward Island and the North Shore of New Brunswick.

POLITICAL PARTIES OF U. S. CRITICIZED

K. of C. Finds Fault With Their Failure to Denounce Ku Klux Klan.

New York, Aug. 7.—Election of officers, criticism of both major political parties for failing to denounce the Ku Klux Klan, and reading of the blessing over the Pope Pius XI, were the second day's session of the 42nd annual convention of the Knights of Columbus.

The convention will meet today for its final session, at which consideration will be given to internal and external activities of the order for the next year. Daniel A. Lohin of Brookline was elected supreme director, to succeed William F. Larkin of New York. Dr. L. W. Fahney of St. Paul was elected supreme physician, defeating Dr. Matthew A. Tindil of Iowa.

Rules Dogs Must Be Quiet at Night

New York, Aug. 7.—Dogs in New Jersey can no longer howl or bark between the hours of 8 p. m. and 9 p. m. Vice-Chancellor John Beasley ruled in a decision he handed down in the Court of Equity, Jersey City, in the case of Racco versus Gianoli. The plaintiff in the case, John Racco, a resident of Singac, N. J., declared to the judge that the large dog owned by his neighbor, August Bianchi, kept his entire neighborhood awaking during the hours of the night. Bianchi, who purveys “hot-dogs” to motorists on the highway, could not refute Racco's testimony and received the adict in pointed silence, when told that he must quiet his hounds.

U. S. FLIERS CAUSE FLURRY IN ICELAND

Girls Would Lionize Them But Can Speak Only Icelandic Language.

(By United Press.)

Reykjavik, Iceland, Aug. 7.—Ice binding the Greenland Coast probably will loosen within a week and permit resumption of the U. S. world flight.

Meanwhile the airmen are held here with little to do but promenade up and down the two block shopping district, buy white sheepskin rugs, seal-skin boots and home cigarette cases, while the girls of Reykjavik, shy and dressed in quaint peasant costumes with tiny black silk-tasseled skull caps, come up and bashfully shake hands.

EARL SANDE HURT

Broken Leg and Rib Received in Mix-up at Saratoga Yesterday.

(United Press.)

Saratoga Springs, N. Y., Aug. 7.—Earl Sande will ride again unless “somebody” brings him against “foreign devils,” his doctor said today.

The premier U. S. jockey was badly hurt in a spill in the first race at Saratoga yesterday. In the jumble of horses and riders piled upon the track, Earl Sande sustained a multiple fracture of his left leg, as well as a possible fracture of one of his ribs.

Several Actresses Mentioned in Case

(Los Angeles, Calif., August 7.—United Press.)—The suit for \$100,000 brought by Ann Luther against millionaire Jack White, was continued before a jury of 11 women and a man today.

Names brought into the case so far include Mabel Normand, Pearl White, Roscoe Arbuckle, the dead Virginia Rappe, Janie in the case of her left leg, and others. The case brought out little except why Ann is entitled to \$100,000 from the man who made love to her in Spanish and English.

N. S. Elopers Are Caught in Boston

Boston, Aug. 7.—From Trenton, N. J., came Bert Hughes, age 30, with Myrtle Jones, age 20.

Bert left a family behind for the love of her. She knew of the deserted wife and children. They were arrested in Appleton street. Hughes was sentenced for two years and given \$400 to appeal. Myrtle is to be sent home by the probation department. “Don't worry, dear” admonished Myrtle, kissing him and leaving the court room.

HEAT WAVE IN U.S. RESPONSIBLE FOR SEVERAL DEATHS

High Temperature, Low Humidity Drive N. Y. People from Homes.

MANY PROSTRATED

Two Die in New York, and Two in Pittsburgh—Relief Promised.

(New York, Aug. 7.—New York endured another scorching day with the temperature at 82 at 10 o'clock, the same as reported yesterday.

The humidity had fallen from 79 to 76. No records are being broken today, however, as the thermometer reached 102 on August 7, 1918. Two deaths, one a case of suicide and more than a score of prostrations have been reported in 24 hours.

Most of the city's millions seemed to have forsaken their tenements during the night and thronged parks and beaches. Special officers were assigned to guard property in the open squares, and found even families in the aristocratic Central Park section seeking relief on the lawns.

BRITAIN TAKES UP MEXICAN MURDER

Note, Addressed to Washington is Forwarded to Mexico City.

(Washington, Aug. 7.—A communication from the British Government in connection with the killing of Mrs. Rosalie Evans in Mexico has been received in Washington and forwarded to Mexico City for presentation to the Mexican authorities by U. S. Charge Schoenfeld.

The communication was of the usual character in such circumstances and contained representation as to the steps the London Government deemed it necessary that the Mexican authorities should take to apprehend and punish those responsible.

In view of Premier MacDonald's statement in London yesterday it was regarded as improbable that this communication would result in a preliminary to further representations which undoubtedly will be made dealing with the question of relief and aid to the British subjects in Mexico who own property in Mexico hereafter.

HUNDREDS MISSING IN JAPANESE FLOOD

Many Houses Under Water—Typhoon Sweeps South of Country.

Tokyo, Aug. 7.—Two hundred persons are missing and many are believed dead as a result of floods along the Tamsui river, in Northern Formosa, according to dispatches received by the Japanese newspapers here. Railway traffic has been stopped and the city of Taihoku is practically isolated, these dispatches say. They said that thousands of houses in Taihoku have been inundated.

Argentine Airman Leaves For Calcutta

Allahabad, British India, Aug. 7.—The Argentine world flier, Major Zanni, who arrived here from Naxtrabad yesterday, left for Calcutta at 9:20 o'clock this morning.

Zanni got away after a slight accident. While taxiing across the parade ground for the take-off, the wheels of his machine sank in the rain-soaked earth, causing the propeller to smash. A spare one was fitted and he got away the second time in good shape.

She's Youngest Flapper

She's the world's youngest flapper. LeVina De Vine of Covington, Mo., had her hair bobbed when she was three months old and again one month later. Here she is at the age of three weeks—the envy of all the other flappers in town.

Girl Resents Ukelele Serenade; Musical Swain is Held by Court

Worcester, Mass., Aug. 7.—Harry Bartlett, 28, of 31 Hope avenue, called forth with a ukelele for serenading purposes, Saturday night, and strummed his instrument so furiously and ardently that he landed in the clutches of the law charged with assault and battery and drunkenness.

He appeared in district court and was held in \$300 until later. He will be given an opportunity to tell his story to the judge.

In court, Miss Rose Keefe, the complainant in the case, testified that Bartlett was singing to her with the sweet plink of his ukelele against in the alleged disturbance. When she went to the telephone to call the police, she alleges Bartlett grabbed her, by the throat.

Prince May Attend Fipro-Wills Bout

New York, Aug. 7.—(United Press.)—The Prince of Wales, who on his visit to Long Island during the international polo games, will occupy the country home of James A. Burden at Spasset, has only two social affairs on his programme. He will be the chief guest at a dance to be given by Clarence H. May and also a dinner to be given at the Piping Rock Club.

Otherwise his time will be his own, and he is expected to attend the Fipro-Wills bout on Sept. 11. The Prince will sail on Aug. 23 from England. During the polo matches he will occupy the box of honor, in which also will be the official guests of the U. S. Polo Association.

JUTLAND ARGUMENT IS AGAIN TO FORE

London Interview With German Admiralty Revives Criticism of Jellicoe.

(By H. N. Moore.)

London, Aug. 7.—An interview published by the London Express with Admiral Von Schoer is arousing intense controversy and stirring up the old criticism of Admiral Jellicoe by reopening the old argument as to whether or not the British fleet was properly landed at Jutland.

The majority of well informed critics oppose the view taken by Von Schoer and point out that the German admiral has obviously overlooked the relative speed of the two fleets and the distance separating them.

DELEGATES REACH SETTLEMENT OF DEFAULTS MATTER

Council of Fourteen Adopts Full Text of Committee Report.

MEET ALSO TONIGHT

Will Consider Report of Committee No. 3 on the Dawes Plan.

(Canadian Press Cable.)

London, Aug. 7.—The allies and the Germans have reached a complete agreement on the manner in which defaults are to be declared under the Dawes plan.

The council of fourteen today adopted the full text of the report of the first committee of the inter-Allied conference. The council will meet again at 5 p. m. to take up the report of the third committee.

CABINET CONSIDERS IMPERIAL MATTERS

Question of Representation at Empire Conference Talked at Ottawa.

(Special to The Times-Star.)

Ottawa, Aug. 7.—The Cabinet had another all day sitting yesterday. It is understood that the proposed imperial consultation in London was under consideration. The communications which have passed make it indefinite whether or not the gathering will take place in October. Rather the British Government is taking counsel of the different dominions as to their views on the propriety of such a meeting and the subjects which properly might be discussed at it.

Hon. E. M. MacDonald, Minister of National Defence, will go to the League of Nations Assembly at Geneva along with Hon. Raoul Dandurand who was previously selected. They will be accompanied by Dr. O. D. Skelton, counsel of the Department of External Affairs.

It is understood here that, if the further exchanges between the British and overseas governments should result in a conference being held, and if so it would be but preliminary to a fuller one later, the Canadian minister going to Geneva in September will subsequently represent Canada at any meeting which may be held in London.

The general principle underlying the proposal meets with approval here although the scheme to be considered is very indefinite. What the British Government has in mind is some arrangement to demand the dictators' resignation during the day and resumption of constitutional government.

A military revolt is probable if the dictators refuse to be taken quickly. The right of the Dominion to be consulted is fully conceded but changes in Government have occasioned changes of view and methods and some enduring system is the present objective.

CRISIS IN MADRID

Military Revolt Probable if Dictator Refuses Demand to Resign.

Paris, August 7.—(United Press.)—Well informed Spanish circles expect a crisis in Madrid today that will force resignation of the military dictatorship established by Captain General Primo Rivera, ten months ago. King Alfonso according to these sources, expects to demand the dictators' resignation during the day and resumption of constitutional government.

A military revolt is probable if the dictators refuse to be taken quickly. The right of the Dominion to be consulted is fully conceded but changes in Government have occasioned changes of view and methods and some enduring system is the present objective.

Weather Report

Synopsis—The low area which was over the Great Lakes yesterday, has moved to the lower St. Lawrence Valley and pressure is rather low over the greater portion of the continent. The weather has been unsettled with showers from Alberta to the Maritime Provinces.

Forecast: Gulf and North Shore—Strong southwest winds, showery. Friday fresh to strong southwest winds, mostly cloudy.

Showers: Fair Tomorrow. Maritime—Fresh southwest winds, cloudy with scattered showers. Friday westerly winds and mostly fair.

Northern New England—Local thunder showers this afternoon or tonight; cooler tonight. Friday fair and cooler; fresh southwest and west winds.

Half Estate May Be Paid In Taxes

Pirie, head of the shipbuilding firm Harland & Wolff, left an estate of nearly \$20,000,000. The death duties on the estate, it is said, will amount to nearly \$10,000,000.

New C. N. R. Director

H. H. McKay, a prominent manufacturer of New Glasgow, N. S., has been appointed to the Board of Directors of the C. N. R. in place of the late J. H. Sinclair.

The western vacancy on the board due to the resignation of James Stewart of Winnipeg will be filled later and probably at the same time consideration will be given to the proposal advanced by Sir Henry Thornton and commended by the Minister of Railways when delivering the railway budget of creating an executive of the directorate within easy reach of the head office. The Canadian Pacific is similarly equipped for questions which arise suddenly and preclude the immediate attendance of directors scattered all over the country. The existing legislation already authorizes any appointments necessary to the carrying out of this plan.

THE EVENING TIMES-STAR, ST. JOHN, N. B., THURSDAY, AUGUST 7, 1924

GIRL FRIENDS OF LOEB ARE TO GIVE EVIDENCE TODAY

Are Prepared to Tell of Peculiarities Which Made Him Unusual

BOY'S CONFESSION

Defence Witness Says Loeb Admitted It Was He Who Struck Blow

(By Canadian Press.)
Chicago, Aug. 7.—Three young women, all friends of "Dickie" Loeb, have called by the defence to appear today as the first character witnesses to be examined in augmenting the testimony of the expert witness, John R. Cavenly, in mitigation of the penalty for the murder of Nathan Leopold, Jr., must pay for kidnapping and murdering Robert Frank.
Miss Lorraine Nathan, 18, pretty coed, who was in Loeb's college freshman class and to whom he wrote after his confession, asking her pardon; her sister, Rosalind, and Miss Germaine K. Reinhardt, who has repeatedly visited the jail and declared her intention to help "Dickie" are ready to tell of any eccentricities which made him unusual. No girl friends appear for Leopold.
Former fellow students of the University of Michigan and University of Chicago; some of Loeb's fraternity brothers, relatives of his governess, family friends and relatives also will testify, defence counsel said. Neither of the slayers will take the stand, but Foreman Leopold and Allan Loeb, their brothers, will be called upon to identify pictures, books and other exhibits which will be used in evidence.
Experts Again Tomorrow.
It is the plan to complete the character evidence before adjournment today and resume tomorrow the expert testimony with either Dr. H. S. Hulbert, Chicago physician, or Dr. James Whitney Hall, Chicago alienist. Clarence S. Darrow, veteran chief defence counsel, has indicated the defence may rest its case next Monday.
Meanwhile Robt. E. Crowe, state's attorney, who has contended since the start that a jury should try the youths on a plea of insanity, plans to continue his cross-examination attacks in an effort to show both are sane and not "emotionally childish," "paranoid personalities" and "victims of childish phantasies" as the defence has made them out.
Boy Admits Blow.
The first identification of Loeb as the actual slayer of the Franks boy brought out in defence testimony came yesterday when Dr. Bernard Glueck of New York, the third mental pathologist to take the stand said Loeb throughout had admitted to the expert that he had struck the blow. His notes, however, which the prosecutor demanded that he read, did not contain any direct reference to striking the death blow.

GOOD WORK BY LOOKOUT SYSTEM

Fire 30 Miles From Nearest Tower is Quickly Spotted

The value of the forest service lookout system, which has been extended during the last few years until it covers the greater part of the area of New Brunswick, was well shown during July, according to a report on forest fires which has just been issued. Any two towers locating the same fire can, from the readings obtained, locate it practically exactly.
From the lookout towers at Mt. Carleton and St. Quentin a heavy black smoke was observed recently. The readings were plotted and the location on the map gave the place as two miles north of Rolla Brook, a branch of the Patented road, near the international boundary between New Brunswick and Quebec. Fire fighting crews despatched to the scene reported that the smoke arose from a large muskeg, but with a beach by a fishing party to keep mosquitoes away. The fact that one tower was awarded the prize in the contest shows the accuracy with which the work of observation is conducted. Later the same towers picked up another smoke made by the same party farther down stream.

Warnings to campers have been posted all over the province. The forest travel registration system is in force. Campers found in the woods in violation of the regulations are being prosecuted. Full-season burning is being encouraged in order to eliminate spring-burning in June. Warnings are being issued in preparation for fall-burning. Summaries of the fire and game laws have been distributed in large numbers to acquaint the rural districts with the regulations and laws.

Automobile mishaps were quite numerous today. Early this morning one owned by Michael Moore crashed into an electric light pole in Douglas Avenue and was quite badly broken up.
At noon a collision occurred between two cars on Main street. One owned by Vanwart of this city and the other by N. W. Brown of Fredericton. The collision occurred on Main street between Simonds and the corner with Vanwart's car badly damaged. Mr. Vanwart was traveling down Main street and Mr. Brown was going up. He is said to have swerved around to clear a team. A little before 1 o'clock an automobile crashed into a telephone pole on the Loch Lomond road today and was badly damaged. So far as could be learned no person was injured.

There has been no announcement as yet from either the C. N. R. or C. P. R. concerning harvest excursions this year from St. John. There is a rumor current that this year there will be no train leaving this city east of Montreal, but nothing official has been received by the C. N. R. officials here as yet. One train left this city last year on Aug. 3 and the other on Aug. 17. A definite announcement is expected from both railways within the next few days.

The Times-Star is asked to state that Henderson's crashed into a telephone pole on the Loch Lomond road today and was badly damaged. So far as could be learned no person was injured.

Charges Plot By Hearst to Ruin Him
New York, Aug. 7.—Wm. J. Fallon on trial for alleged jury bribing, yesterday testified that his trial was the outgrowth of a plot by William Randolph Hearst and Victor Watson, assistant publisher of the New York American, a Hearst paper, to ruin him. The indicted attorney, quoting an alleged confession of Ernest Eidlitz, a former employee, said his destruction had been planned because Eidlitz had revealed to Watson Fallon's possession of both certificates of the children of a motion picture actress.

C. P. TRAIN FIREMAN SAVES CHILD'S LIFE

Climbs on Running Board of Speeding Engine, Pushes Boy Off Track

Montreal, Aug. 7.—A report made to the general superintendent of the C. P. R., covering an inquiry into the cause of delay to a freight train at Versalles, Que., on Aug. 3, has uncovered an act of heroism almost unparalleled in the history of the company, and one which, but for the inquiry, might have passed unnoticed. Fireman J. A. Griffin, Montreal, who was on duty on the train, while approaching Versalles at a fairly high rate of speed, the engineer notified something fluttering on the track ahead and called Griffin's attention to it. At first the object was thought to be a newspaper, but when it was found to be a child, the engineer and both men decided that it was a child.
The engineer immediately applied the emergency brakes, while Griffin, without hesitation, crawled out and down into the path, saving the child in an attempt to save that of the child. The jerking of the engine as it stopped, and the fact that it was a child, reached the child and pushed it away from the track and against the platform. When the engine stopped the child was found under the cylinder, but unharmed.
The youngster, not yet two years old, and the son of a section foreman at Versalles, had eluded his mother's care and toddled 150 yards to its dangerous position.

DOCTOR KILLS SELF

Is Third Physician to Die in Philadelphia in Two Days.
Philadelphia, Aug. 7.—Leaving a blood-stained note to his wife describing his act to finish his troubles, Dr. Robert G. Leconte, surgeon, shot and killed himself in his home here last night.
Dr. Leconte, who was the third in two days among the noted physicians former patient, while Dr. David MacFarland Castle died at the age of 94 in St. Catharines, the animal ten of the city, Dr. Duncan L. Despard was shot to death yesterday by a after a long illness.

SEVERAL AUTO MISHAPS IN CITY

Automobile mishaps were quite numerous today. Early this morning one owned by Michael Moore crashed into an electric light pole in Douglas Avenue and was quite badly broken up.
At noon a collision occurred between two cars on Main street. One owned by Vanwart of this city and the other by N. W. Brown of Fredericton. The collision occurred on Main street between Simonds and the corner with Vanwart's car badly damaged. Mr. Vanwart was traveling down Main street and Mr. Brown was going up. He is said to have swerved around to clear a team. A little before 1 o'clock an automobile crashed into a telephone pole on the Loch Lomond road today and was badly damaged. So far as could be learned no person was injured.

Harvest excursions.
There has been no announcement as yet from either the C. N. R. or C. P. R. concerning harvest excursions this year from St. John. There is a rumor current that this year there will be no train leaving this city east of Montreal, but nothing official has been received by the C. N. R. officials here as yet. One train left this city last year on Aug. 3 and the other on Aug. 17. A definite announcement is expected from both railways within the next few days.

Charges Plot By Hearst to Ruin Him
New York, Aug. 7.—Wm. J. Fallon on trial for alleged jury bribing, yesterday testified that his trial was the outgrowth of a plot by William Randolph Hearst and Victor Watson, assistant publisher of the New York American, a Hearst paper, to ruin him. The indicted attorney, quoting an alleged confession of Ernest Eidlitz, a former employee, said his destruction had been planned because Eidlitz had revealed to Watson Fallon's possession of both certificates of the children of a motion picture actress.

STORM DAMAGES ONTARIO CROPS

Toronto, Aug. 7.—The severe electrical storm which swept over western Ontario last night caused considerable damage to crops and in some places crippled the power service. The storm reached Toronto early and threatened to tie up the street railway service. Luckily, however, it did not last long here and this morning no great damage had been reported.
In Hamilton the power service was seriously crippled and many cellars were flooded.
In Milton, Ont., the town was in darkness for several hours. Farmers in Melford and district fear that the storm may have injured their crops. In St. Catharines the animal ten of a circus was blown down but the animals remained quiet. No one was injured.

FRANKS SMILES

Here is an unusual picture of Jacob Franks, father of Robert Franks, murdered Chicago schoolboy. He is the man who acted in the trial of Nathan F. Leopold, Jr., and Edward J. Bremer, the slayers of its son. It is perhaps the first time he has been seen to smile since the boy's death.

ANOTHER BESCO OFFICIAL RESIGNS

Glouce Bay, N. S., Aug. 7.—According to reports current among officials here, F. W. Gray, assistant to President Wolvin, has given in his resignation to take effect the last of August. Mr. Gray, who is recognized as one of the foremost authorities on coal mining in Canada, has been employed in many capacities with the British Empire Steel Corporation and its predecessors. Before joining Mr. Wolvin's personal staff he acted in a number of capacities with the British Empire Steel Corporation and its predecessors. Mr. Gray is also recognized as one of the foremost authorities on coal mining in Canada, has been employed in many capacities with the British Empire Steel Corporation and its predecessors. Before joining Mr. Wolvin's personal staff he acted in a number of capacities with the British Empire Steel Corporation and its predecessors.

LIQUOR FINES AT MINTO

Six cases were recently tried at Minto for violation of the prohibitory law, and the fines amounting to more than \$1,000 were struck. The reports were made by Inspectors Fraser Saunders and Edward Duffie. Three of the defendants, it was said, had fled the country and three appeared in person. John Shapko and his wife, who were absent, were fined \$200 and costs on two charges, keeping and selling liquor, and a man named Meade was fined \$200 and costs on a charge of selling, and two persons were fined \$50 each on a charge of brewing.

TO CONDUCT CLINIC

A nose and throat clinic for school children will be conducted in St. John on Monday under the auspices of the Department of Health. A public health nurse was sent from the city yesterday to prepare for the clinic and to have the children in readiness. It is expected that there will be from 15 to 30 children for clinic to care for. Some children had been designated for clinic care by the public health nurse who was stationed at St. Martins for a short while and others were selected by the school nurse in her regular work when the medical inspection was carried out in the school. Still other children will probably be selected by the public health nurse who went to St. Martins yesterday.

WILL GIVE DINNER HERE FOR ADMIRAL

Lieutenant-Governor Will be Host in Union Club on Monday

(Special to The Times-Star.)
Fredericton, Aug. 7.—The Dominion Experimental Station here will hold a poultry field day on September 5 with Prof. R. F. Graham, of Guelph, Ont., the chief speaker. Dr. Weaver of Ottawa also is to be present.
His Honor the Lieut. Governor who is here with Mrs. Todd will leave for his home at St. Stephen tonight. He will proceed to St. John Saturday morning to extend official greeting to Vice-Admiral Sir James A. Ferguson, commanding the North American and West Indian Station, Royal Navy. On Monday night His Honor will give an official dinner at the Union Club, St. John, for which some forty invitations are issued. This will be a portion of the entertainment of the Vice-Admiral.
This morning one hundred acres of Crown land on the southwest Miramichi were applied to applicant John A. McKay at upset price of \$250 an acre.

VANDALISM AT THE THISTLE RINK

Damage of Several Hundreds of Dollars to the Property Caused.
The Thistle Curling Rink has been made the prey of some ruthless person or persons in a series of depredations which are said to have resulted in property damage of hundreds of dollars. One of the officials said this morning that an entry has been forced into the rink on several occasions this summer, and curling stones, handles and other articles stolen; the trophy case smashed, tables broken, windows shattered, plaster torn off walls, some of the water shut-offs torn up and some 200 feet of hose torn out. He said that it is estimated that it will cost upwards to \$1,000 to restore the property to its former condition. The matter was reported to the police.

PERSONALS

A. D. Wimmus, of Ottawa, formerly of the Soldiers' Settlement Board staff here, returned to Ottawa yesterday, following a visit with friends in the city.

MAJOR J. FREEDYGETT

Major J. Fred Edgett of Moncton, accompanied by Mrs. Edgett and son Jack, returned on Tuesday after a six weeks' trip through the Canadian and U. S. west.
Mrs. and Mr. Frank J. Daley of Cambridge, Mass., are spending two weeks vacation with relatives and friends. Mr. Daley was Miss Monahan before her marriage.
Friends of John Rogerson will be pleased to learn that he is improving steadily in the General Public Hospital.

AT STERIL'S BETTER FOOT

Ottawa, Aug. 7.—Relations between Canada and the Soviet Republic were considered at a conference last evening between the Prime Minister and Mr. Yaskoff, head of the Soviet mission to Canada. The mission came here in the early spring and entered upon business negotiations with Canadian firms. They received from the Government a recognition similar to that accorded by the British Government.

When a merchant has such a large patronage and money reserve that he can buy in big quantities for cash, he may drive hard bargains with the manufacturers. There are two ways he can pocket his gain. One is to charge the public the full regular retail price and thus get two profits. The other way—the Marcus way—is to pass on the reduction to the public and get the extra business that goes to the firm of lowest prices.

AGREEMENT IS CALLED FAKE BY LLOYD GEORGE
(Continued from page 1)
"The arrangement," it says, "not only leaves the main issue practically undecided, but by raising false expectations which cannot be fulfilled it endangers any slight prospect there might be of improved relations with the Soviet Union."
The Daily Mail expresses indignation and recalls that Ponsonby on May 20 announced that it was out of the question for the Government to guarantee a loan.
The Daily Chronicle, supporter of Lloyd George, cannot recall that the Government ever treating Parliament worse in a great issue of foreign affairs.
The astonishing and sudden change from an announced breakdown of negotiations to the reaching of an agreement is attributed to the special efforts of Premier MacDonald and the trade unions.
Obstacles Removed.
The Commons debate on the Russian pact became heated when E. D. Morel, M. P., accused Lloyd George of hypocrisy in fomenting civil wars in Russia in 1918.
Conservative M. P.'s urged MacDonald not to sign the treaties now, but to wait until autumn.
The Commons then passed the consolidated fund bill (under which the debate on the Anglo-Russian pact was technically held), through its third reading, thereby removing the only obstacle to the signing of the pacts, which, it is understood, will be signed this evening.

HAIL DAMAGES GRAIN IN WEST

Half Million Loss in Saskatchewan—Lightning Kills Bather.

Regina, Sask., Aug. 6.—Hail claims received at the local and provincial headquarters of the private, municipal and farmers' mutual companies indicate that Saturday's storm extended over one of the widest areas ever known in Saskatchewan. It is estimated the loss will aggregate around \$500,000.

Apparently the storm covered an area of about 800 miles long and 25 to 30 miles wide, claims being received from as far west as Big Stock Lake, north of Maple Creek, to far east as Arloca and North Portal.

Altogether about 2,000 claims have already been received by the various companies. Winnipeg, Aug. 6.—One man was killed and heavy damage to crops and property resulted from a severe hail, rain and electrical storm that struck the Estevan and Blenfall districts of Saskatchewan on Sunday, according to reports received here.

While bathing in the Souris River south of Estevan during the storm, Walter T. Nelson, of Flaxton, N. D., was killed by lightning. In the village of Blenfall stores and residences were flooded and the hail smashed dozens of windows.

LOOKS FOR SUCCESS IN ST. JOHN EXHIBIT

Committee Chairman Says No Question Display Will Be Made.

David Magee, chairman of the committee having in charge the arrangements for the proposed display of St. John manufactured articles in connection with the big annual exhibition to be held here, commencing Aug. 30, announced yesterday that there was no question but that the display would go on. The committee were at present engaged in compiling a list of every person who manufactures anything in the city. These persons will be called on personally and asked to take part in the civic display.

Should it happen that some one was left out, Mr. Magee said that the committee would be pleased if that person would notify any member of the committee of his willingness to help out in the display so that all would be included.

In 1910, when it was last tried, the exhibit of goods manufactured in St. John was the most interesting of the entire show, Mr. Magee said.

It was sure that this year it would also be, but in order that it should be so the co-operation of every manufacturer was needed.

The committee will begin their work of canvassing the exhibitors next week and it will probably not be known just how extensive the exhibit will be.

DAUGHTER OF MASSACHUSETTS MAYOR ELOPES Worcester, Mass., Aug. 7.—After telling their friends that they were going to spend the week-end at Nantasket Beach, Mary E. O'Hara, daughter of Mayor Michael J. O'Hara and chief clerk of the Board of Health, and Richard Higgins, former star athlete at Worcester Academy, eloped Saturday afternoon and were married in New York city, according to word received in Worcester.

The elopement was the chief topic of conversation in City Hall, where the bride is very popular among the clerks and heads of the various departments. When she quit work Saturday noon she told her fellow-workers that she was going to Nantasket for the week-end and would be back Sunday afternoon to report for work Monday morning.

It is reported that the young couple went to New York by automobile and were immediately married, after which they called Mayor O'Hara by telephone and informed him of the wedding. They received the parental blessing, and after a short wedding trip to Saratoga Springs will return to Worcester.

Letters To The Editor

JEWIS AND CHAZARS. To the Editor of The Times-Star: Sir,—In the issue of The Telegraph-Journal for August 5, 1924, there appeared an article dated "London, August 4, and headed "Present day Jew not from Israel. Descendants of the Chazars a Mongolian people, says Col. Williams."

The deductions of Col. Williams are very naive, to say the least. The facts about the Chazars and their connection with Judaism are well known to all historians in general and to the students of Jewish history in particular.

The Chazars were of Turkish origin and are, therefore, not Mongolians. They developed a very high standard of culture and government in the 8th and 9th centuries A. D., due greatly to the influence of a number of very highly cultured Jews, who found their way into the land of the Chazars, which is now southern part of Russia. These Jews came there as fugitives from Greece, in order to escape being forcefully converted by Emperor Leo, the Isaurian. The Chazars were pagans up to the beginning of the ninth century, but, due to the influence of the Jews, they began to accept in great numbers the belief in the One Supreme Being, and, finally, with the conversion of one of their kings, the Hebrew religion became the religion of state.

To consider all the present Jews descendants of the Chazars is absolutely ridiculous. Not that it would be a disgrace, but it is not the truth. If the Chazars were a Mongolian race, and if Col. Williams is a student of anthropology, as the article indicates, then he should know that the characteristic Mongolian slanting eye is very rare among the Jews. This alone should exclude any possibility of the modern Jew being a descendant of a Mongolian people.

The great mass of Jews never came upon in the remotest contact with the Chazars; and at that period of history during which the Chazar kingdom flourished, only a very small number of Jews from Germany, Spain, Turkey, Caucasus, Asia Minor and Northern Africa, found their way into the land of the Chazars. These Jews still retain to a great extent the same characteristics which they possessed in the days of King David and King Solomon, and by which they are distinguished as such wherever they are.

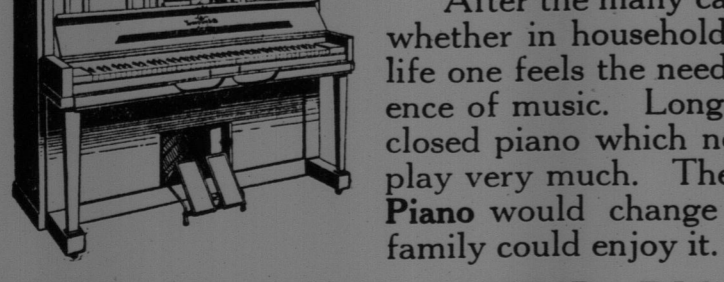

Thanking you for your valuable space, I am,

Respectfully yours, ARNOLD SHAW MANSKIN, M. D. Fort Bayard, New Mexico, Aug. 6, 1924.

NEW HOTEL ON THE RIVER SUGGESTED

Would be Profitable Move, is Opinion—Talk of New Industry.

"It seems too bad," said a man who has been closely connected with business on the St. John River for more than 30 years, while discussing present river conditions yesterday, "that the beautiful St. John River cannot afford enough business to keep up a really good steamship service."

While eight years ago 10 steamers plied between Indian town and up-river points, today there are only four. Trains and automobiles, chiefly the latter, this man holds responsible for the falling off. However, after his many years of experience, he does not despair. If the proper initiative were exerted and its true value and its resources appreciated, he believed that a line of "pale steamers" would and should be plowing the waters of the St. John. He sees signs of an awakening and advancement in several quarters.

The Admiral Beatty Hotel he believes will bring numerous visitors to the province that will be desirous of enjoying what the St. John River valley can offer. Forty million dollars, it is said, was the revenue from the tourist traffic in the State of Maine two years ago and this has been considerably increased since. This man believes that the new hotel in this city is bound to draw some of that trade to these parts. There is the possibility that the corporation behind the present hotel scheme will see the advantage of constructing a summer hotel as sort of a supplement to the city one somewhere along the lower St. John River valley. Several promising sites would be available, he said.

That there is a strong agitation growing for the making of a trunk road between Queenstown and Westfield, he regards as a promising sign, and, although it would encourage the greater

SELLING ST. JOHN TO ST. JOHN.

Since it is announced that the Made-in-St. John exhibit is to be a feature of the exhibition in September, it must be assumed that the financial question has been settled, and that it only remains to make the exhibit as complete as possible.

It may stimulate interest in the efforts of the promoters of this exhibit to know that the border there is to be a New England Week, the purpose of which is to "sell New England to New England."

Those who have been active in the movement to increase the sale of Maritime-made goods among the people of the Maritime Provinces should be encouraged by this New England example.

BRITAIN AND RUSSIA.

The announcement that a commercial treaty and general treaty between Great Britain and Russia have been negotiated, following the news of the reparations settlement, is a promise of better times.

When the members of the American Bar Association visited Oxford they found in the records of Brasenose College an unpaid bill contracted by Lawrence Washington, a great-uncle of the Father of His Country.

It is announced that Premier King will not go to England to meet and attend the proposed Inter-Imperial Conference, which he regards as preliminary to one of larger scope.

THE IRISH CRISIS.

The Irish crisis is deferred as a result of the visit of Hon. Mr. Thomson and Hon. Mr. Henderson to Dublin, and an agreement has been reached under which the British Parliament will be summoned on September 30.

The rest of the Empire finds it difficult to understand why Northern and Southern Ireland cannot get together in this matter. The descendants of the people of the north and south are able to dwell together in unity in Canada and other parts of the Empire, and in the United States.

Those who have been active in the movement to increase the sale of Maritime-made goods among the people of the Maritime Provinces should be encouraged by this New England example.

AN ONTARIO EXPERIMENT.

The Toronto Globe tells of an interesting experiment in locating farmers from Hungary in that province. What is called the Bow Park Farm near Brantford, which comprises 1,100 acres and was once the home of Hon. George Brown, has been secured by a company of which Mr. G. V. Hamory, a banker and capitalist of Youngstown, Ohio, is the president.

It is announced that Premier King will not go to England to meet and attend the proposed Inter-Imperial Conference, which he regards as preliminary to one of larger scope.

OUR LEISURE CLASS.

Yesterday a young man who "had gambled and played pool" here for a living for the last ten months was given a day to clear out of the city.

It is remarkable how many well-dressed and idle young men only seem to "gamble and play pool" here, but are kept by someone or other in this city. The police should have a reliable list from the pool tax report.

It is a pity that the police should have to deal with the "leisure class" of the city. It is a pity that the police should have to deal with the "leisure class" of the city.

Development of Canadian Railways Described at Toronto Conference.

A very complete sketch of the development of railway transportation in Canada was given today to the engineering section of the British Association by Sir Henry Thornton, president of the Canadian National Railways.

The fact that great obstacles had to be overcome, said Sir Henry, in the laying of trans-Canada railways is a credit to Canada when we consider that there was a relatively small population to carry the burden of expense.

The laying of railways was, however, the foundation of national industry, and there is no doubt that railway development would lead to great and greater prosperity, he said.

WEDDINGS

Mitton-Urquhart

An event of unusual interest took place on Wednesday, July 30, at the Germain street Baptist parsonage, St. John, when Miss Rowena Viola, youngest daughter of Mr. and Mrs. John W. Urquhart, of Kars, Kings Co, became the bride of Grant D. Mitton, of Lawrence, Mass. Rev. S. S. Poole officiating.

The bride was formerly a teacher in several sections of New Brunswick, where she made many friends. She was attired in a navy suit of Poiret twill, with a sand hat and gray squirrel choker, and carried a bouquet of American Beauty Roses and maiden hair fern. The groom's gift to the bride was a white gold wrist watch. Miss Phyllis Releker acted as flower girl. Immediately after the ceremony Mr. and Mrs. Mitton left on a motor trip through the maritime provinces. On their return to the bride's home they were tendered a reception. Mrs. C. M. Culver and Mrs. M. E. Reicker, assisted at the reception.

Mr. and Mrs. Mitton will make their home in the near future in Lawrence, Mass., where Mr. Mitton is manager of one of the chain stores of H. P. Hood and Sons. As they go to their new home the good wishes of a host of friends follow for a long and happy wedded life.

Wetmore-Harris.

A pretty wedding took place at the United Baptist church, Sydney, N. S., on Aug. 5, 1924, when Miss E. Blanche

Harris, daughter of Mr. and Mrs. A. W. Harris, of Sydney, was united in marriage to Horace H. Wetmore, son of Mrs. Horace C. Wetmore, of St. John. The ceremony was performed by Rev. L. E. Ackland in the presence of a large number of friends and relatives. The bride wore a lovely gown of white broadcloth flat crepe with the conventional veil and orange blossom wreath and carried a beautiful shower bouquet of Ophelia roses and sweet peas. She was given in marriage by her father and her bridesmaid was Miss Isabelle Jackson, of Glace Bay. Miss Jackson wore a dress of pink tulle with a leghorn hat with blue streamers. Miss Isabel MacKenzie was a dainty little flower girl and carried a basket of pink roses and rose petals. Arthur Harris, brother of the bride, was the groomsmen and the ushers were Ralph Peters, George Peters, Lamont MacMillan and Ross Hubley. The church had been very attractively decorated with flowers and the bride and groom stood beneath an arch of sweet peas, ferns and daisies.

After the church service a reception was held at the home of the bride's parents, which was artistically arranged with a profusion of flowers for decoration. Sweet peas, roses and blue delphiniums were used in an effective scheme of decoration. About 60 guests were present at the reception. The bride and groom left afterwards by train for St. John and will spend their honeymoon in a yacht cruise on the St. John River. Among the out-of-town guests was Mrs. H. C. Wetmore, of St. John, mother of the groom.

Both bride and groom are graduates of Acadia University and Mr. Wetmore was on the staff at Acadia last year.

DEATHS

D. W. Phillips.

The death occurred recently of D. W. Phillips, formerly of St. John, at his home in California. He was a mechanical engineer in the Navy Yard at Mare Island. His wife died several years ago. He leaves two sons, Robert J. and Raymond Phillips, both residing in California, and three sisters, Mrs. Macdonald and Mrs. Brown, of Melrose, Mass., and Mrs. H. P. Howie, of Marblehead, Mass. His brother, R. J. Phillips, resides in this city. The late Mr. Phillips was the son of Mr. and Mrs. Robert Phillips, of Cole's Island, Queens county. He left here 40 years ago to live in California. He was home three years ago and was in the best of health. News of his death was a great shock to his brother. He was successful in his work and greatly respected in his adopted home.

Mrs. J. W. Gardner.

At Upper Gagetown on Tuesday Mrs. Helen Gardner, wife of Rev. J. W. Gardner, passed away, aged 83 years. She was very highly esteemed by a large circle of friends, who will learn with regret of her death.

NEW HARDWOOD INDUSTRY IS PLANNED

Matter is Brought Before the Provincial Government—Grand Falls Report.

Fredericton, Aug. 6.—The Provincial Government completed its August session here this evening and the members left for their homes. Premier Veniot said at the close of the meeting that routine business had been attended to.

Hon. J. E. Hetherington, Minister of Lands and Mines, said this evening that collections of revenue from Crown Lands was being made at a satisfactory rate. Various charges of his department were due from Crown Land leases August 1. Payments are coming in steadily.

Grand Falls Storage.

Sufficient storage facilities for the initial hydro development at Grand Falls have been found on the Canadian side of the boundary line, the monthly report of the hydro commission to the Government here today stated.

The engineer who will design the plant to be erected at Grand Falls is expected to report for duty with the commission within a few days. He has had 20 years experience in connection with the big hydro plants at Niagara and will commence at once preparations for designing a plant which will probably have an initial capacity of 60,000 horse power.

"I am confident that the market for the power developed under our initial plans at Grand Falls will be available," said Premier Veniot today in discussing the preparations for development of Grand Falls.

Hardwood Industry.

Industrial development in Gloucester county in connection with the restoration of the steel rails on the railway leading to the Drummond iron mines, not far from Bathurst, was requested of the Provincial Government when Angus McLean, of Bathurst, appeared before the cabinet yesterday, is not the reopening of the mines, but a new hardwood industry.

If the new hardwood industry in Gloucester county develops into a reality, it will mark another important step in the development of New Brunswick's hardwood resources, which are apparently, to be extensively exploited in the northern counties of the province. Some time ago it was reported that the Fraser Companies, Limited, would establish a hardwood manufacturing plant at St. Leonard's, and there have been other pretentious proposals under consideration by various lumber interests.

THOS. HOLMES WEDS.

Thomas Holmes, formerly of Philadelphia and well known as a driver of race horses, was married on Tuesday evening at the Reformed Baptist parsonage, Fredericton, to Miss Susie Gosman, of Penniac. Rev. P. J. Trafton performed the ceremony.

Frozen meat first became known to the civilized world when a party of business men brought frozen game in airtight cases to Harwich, England, in January, 1818.

thing—the merry-go-round, the lemonade, peanut, popcorn stand, and the roller coaster.

The Fairy Queen smiled when she got a letter from Mister Zip one day which went this way:

"Dear Queen: I am sure you will be much obliged to know that the Twins have been a wonderful help to me."

"The Twins said to tell you that if you have anything else for them to do, to please send back the magic shoes and a letter. They'll be glad to do anything you say."

"Your humble servant, 'Mister Zip.'"

So now you know just how much help the Twins were.

It was the last day of Happy Go Lucky Park and Mister Zip had made his fortune all but about 19 cents, when something happened.

Everybody from the green woods was there.

And everybody from the meadow land was there.

And even some of the water people, like Granddaddy Frog and old Mosey Mud Turtle and young Mosey Mud Turtle, were there.

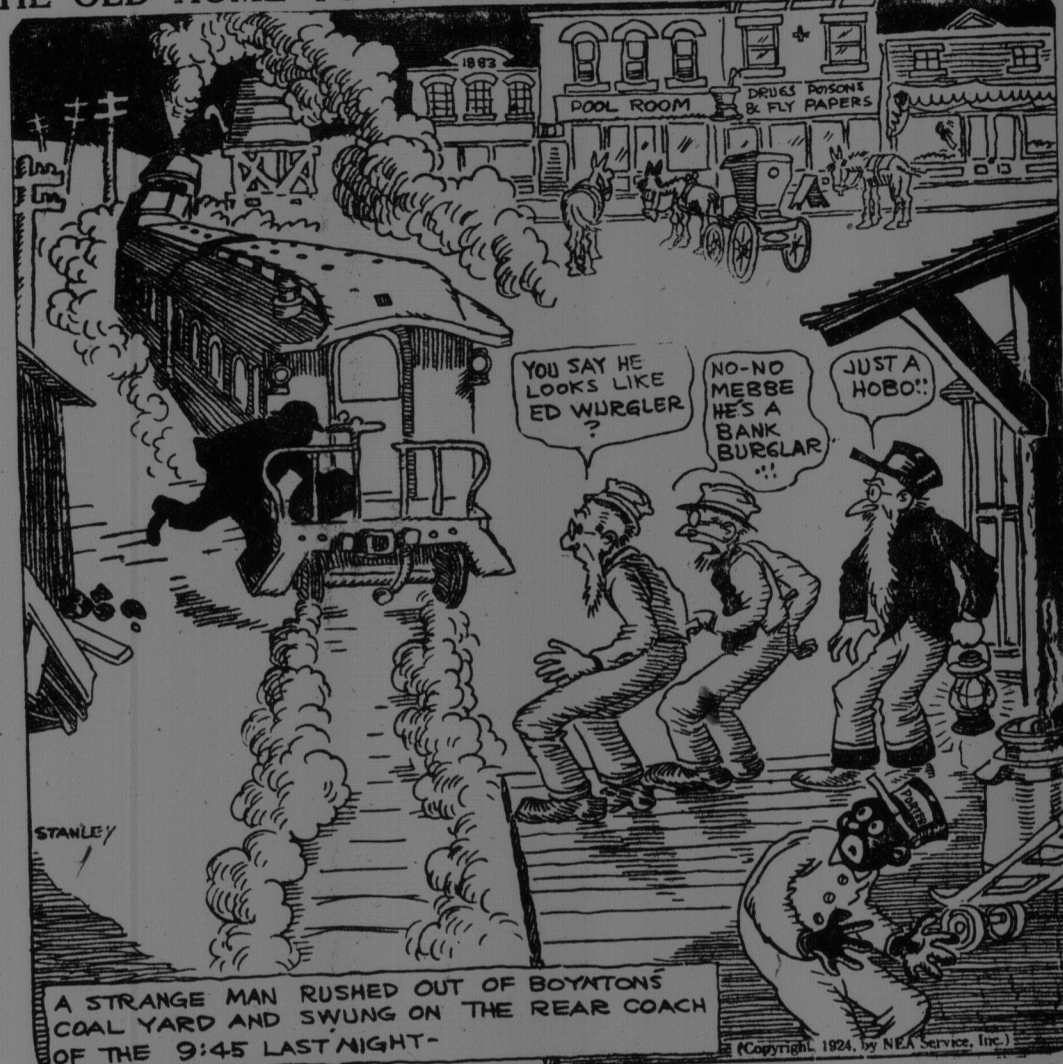

So I know it's true, as so many people saw it.

Somebody left the bars of the fence down and who should get out of the sweet clover field but old Gray Tail, the horse.

Old Gray Tail didn't know there was such a place as Happy Go Lucky Park in the world. Or if he did, it just went in one ear and out of the other. He had heard Mrs. Yellowbill Duck talking to Mister Cocksaddle about having a good time somewhere

or other, but he hadn't paid much attention.

And all at once didn't he almost step on it—Happy Go Lucky Park, I mean.

"Hello, here!" said old Gray Tail. "What's all this about? And what are those good smells I smell?"

With that he dipped down his big nose and ate up everything on the popcorn, peanut, ice cream cone stand!

"Oh, oh, oh!" shrieked all the visitors. "Go away, Gray Tail! You aren't allowed to have things without money!"

"Excuse me," said Gray Tail. "I didn't know that. I thought you got them for nothing. I haven't any money. But I can't give them back. I'll go away now, though, and not bother you any more."

That was the end of Happy Go Lucky Park. There wasn't any use of staying any longer.

Nancy and Nick helped Mister Zip put up the sign.

"Closed till next year."

I don't know where Mister Zip spent his vacation.

FABLES ON HEALTH

First Aid Hints

When Mr. Mann of any town started on his vacation in his flivver he carried in his pocket a short list of first-aid hints, which might be needed in an emergency.

Some of these were: Snake bite—Tie a cord tightly above the wound; suck it thoroughly and either cut adjoining parts with sharp knife or cauterize with a white hot iron at once.

In some parts of the west snake-bite-victims have been known to slash bitten section, inject gunpowder and ignite it.

However, it is now possible to buy a specially prepared cauterizing outfit, which is a great improvement on the more primitive remedies.

Sun-stroke—Get patient into shade; loosen clothing, apply cold water to head.

Poisonous insect stings—Carry lotions swabs for use in cases where stings and wounds may become infected. For milder bites of insects a solution of salt-water or weak ammonia is good.

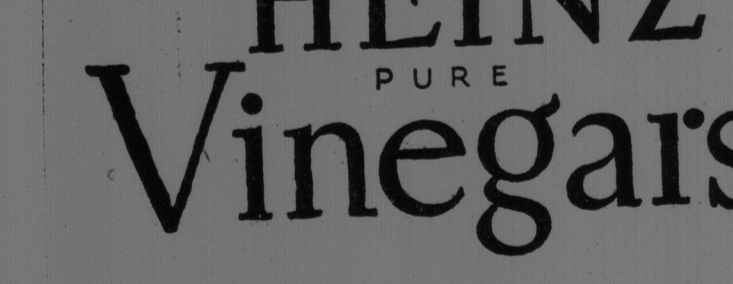

Burns—Cover with cooking soda, placing wet cloths over it. Also olive oil and soda, or olive oil and white egg.

You ought to know that vinegar is not just a sour taste.

Real vinegar has quality, flavor, aroma and delicacy, secured by the careful selection of the materials that go into it and by slow aging and mellowing.

Heinz Vinegars are real vinegars. Once you taste their flavor-compelling qualities you will never be content with the ordinary, crude, sour concoctions that have no name and no flavor.

It surely is not an extravagance to pay a fraction of a cent more to make a salad really delicious.

Girls in Austria, Seeking Husbands, Display Themselves at Marriage Mart

GIRLS IN THE MARRIAGE MART AT TRENSCHIN-TEPLITZ. Trenschn-Teplitz, Austria, Aug. 7.—This is the height of the market season here, the market in which girls of marriageable age wait for husband-candidates. Here at this bathing resort the summer marriage mart has become an established institution. The war created an overabundance in the population, women far outnumbering the men. And so the girls of Teplitz, seeking husbands and homes, display themselves in rows along the street. Dressed in their best they sew and knit, to show prospective husbands that they will make thrifty housewives.

SISTER MARY'S KITCHEN

A Daily Menu For The Stout and Thin

EAT AND--

Lose Weight—Gain Weight

Breakfast—Four tablespoons shredded pineapple, 1 bran muffin, hot water.
Luncheon—Jellied egg on lettuce, 4 radishes, 2 midget pickles, 2 thin slices whole wheat bread, 2 tablespoons apple sauce.
Dinner—One cup spinach soup, 4 ounces broiled cod steak, 4 tablespoons string beans, 4 tablespoons carrot salad, 1 cup skimmed milk.
Bedtime—One cup skimmed milk.
Total calories, 1,104. Protein, 288; fat, 192; carbohydrate, 674. Iron, .0175 gram.
Jellied Eggs.
Four hard-cooked eggs, 2 stuffed olives, 1 canned pimiento, 2 cups veal stock, 1 dessertspoon gelatin.
Season the stock well with onion and celery when making. Strain and clarify after removing fat. Dip individual molds in cold water. In the bottom of each mold put a slice of stuffed olive and radiate threads of pimiento over the bottom and up the sides of the mold. Cut each egg in eighths lengthwise, but do not separate. Bring prepared stock to the boiling point and stir in gelatin softened in 8 tablespoons cold water. When cool and beginning to thicken pour around egg in each mold. Set on ice to chill and become firm. Remove from molds and serve on a bed of lettuce, using the radishes and pickles as a garnish.
Total calories, 484. Protein, 208; fat, 272; carbohydrate, 57. Iron, .0045 gram.

Breakfast—Four tablespoons shredded pineapple, 1/2 cup boiled rice with 6 dates, 4 tablespoons cream, 2 bran muffins, 1 tablespoon butter, hot water.
Mid-morning luncheon—One cup whole milk, 3 Graham crackers.
Luncheon—One cup cream of pea soup, 2 tablespoons croquettes, 1 jellied cod steak, 2 tablespoons potato salad, 4 radishes, 4 midget pickles, 2 whole wheat bread sandwiches, 4 tablespoons French dressing, 1 square ginger bread.
Afternoon tea—One large glass raspberry and lemonade, 3 small fig cookies.
Dinner—One cup spinach soup with 1 tablespoon whipped cream, 4 ounces broiled cod steak, 2 tablespoons creamed potatoes, 4 tablespoons string beans, 4 tablespoons carrot salad with 2 tablespoons French dressing, 4 tablespoons peach bavarian cream, 2 slices rye bread, 1 tablespoon butter.
Bedtime—One cup whole milk.
Total calories, 887. Protein, 888; fat, 1,694; carbohydrate, 1,879. Iron, .0175 gram.
You will find that if you do not use too varied a diet you may gain faster. Too many foods served in the same meal is always bad, even if one owns the proverbial "cast-iron" tummy. In a diet rich in fat special care must be observed to prevent indigestion. And remember that fat makes heat, so take your exercise in the early morning and late afternoon and keep out of the sun during the middle of the day.

John, are spending two weeks at the guests of Mrs. Fred Poley at Milford.
Mr. and Mrs. James Doherty, who left a few months ago for Boston, have returned to Fairville where they will take up permanent residence.

Medical Science says MENNEN'S for your Baby
BECAUSE Mennen Borated Talcum is a medical prescription and not a mere drying powder.
The famous Mennen formula includes five different elements—each one of proven value in promoting skin health. One affords cooling comfort, another is a splendid healing agent. One element was chosen for its antiseptic effect, while another helps to defeat friction. The fifth constituent increases the absorbency and counteracts acidity. That is why Mennen's is endorsed by doctors and nurses and hospitals everywhere.
Any talcum won't do for Baby's delicate skin. Some mothers use ordinary powdered talc with secret added. This is about the unkindest act you can do for a baby. Cheap talc irritate the skin, while strong perfume gives a baby a headache.
Your baby needs the comfort and protection of this pure, soft powder. Always sprinkle Mennen Borated Talcum on the tiny body before each nap, after every bath and change of diapers, and whenever baby cries.

THE STORE OF COMPLETE SATISFACTION

BAND CONCERT TONIGHT.
There will be a band concert in Tilly square, West St. John, this evening, given by the Carleton Cornet Band directed by Bandmaster W. J. Lanyon. The programme will be as follows:
March—Precedosa Dervey
Waltz—"When My Caravan Has Rested" Lohr
Porto Rican Dance Jean Missud
Popular—"Covered Wagon Days"
Revue selection—"Theodore and Burrows Company"
Popular air—"Why Did I Kiss That Girl?" King and Henderson
Idyl—"Glow Worm"
Grand military tattoo—Major McKennie Rogan, bandmaster of Goldstream Guards.
March—"Vanished Army"
K. J. Alford
God Save the King.

which were played smoothly and very effectively. The Welsh Airs; the popular "Linger Awhile" and several other familiar selections won approval. The fog made the air pleasantly cool and every seat was filled from an early hour, until the band closed with a stirring march and the National Anthem.
TO ENTER CONVENT.
The members of the Ladies' Auxiliary of the Fairville A. O. H. met in St. Rose's hall on Monday evening to say farewell to their former vice-president, Miss Blanche O'Brien, who is leaving on Friday for Pennsylvania, where she will join the Religious Order of the Blessed Sacrament. Mrs. F. Murphy, on behalf of the members, presented a leather suit case to Miss O'Brien, who thanked her friends. Music and social intercourse made the evening pass pleasantly. Refreshments were served and all joined in wishing Miss O'Brien much success in her vocation.

13 CENTS AMONG BOOTY.
The summer home of Mr. and Mrs. Parker Baker at South Bay was broken into one night this week and a few things taken, but not of much value. Thirteen cents were among the booty. Mrs. Baker and her son have been staying with Mrs. Baker's mother, Mrs. Fred Ferris, at South Bay. They have made provision against further intrusions.

CHASE-SANBORNS CHOICE BLENDS MAKE MOST DELICIOUS ICED TEA

Full flavor retained
Thousands of housewives now make all their jams and jellies the sure, easy, economical Certo way. Why?
Because with Certo, which is pure fruit pectin, the full flavor of the fruit is retained—only one minute's boiling is required. No more wasted batches of fruit and sugar; Certo never fails.
With slightly more sugar you will get 50% more jam or jelly from the fruit. It costs less than the old pound-for-pound method and your jams and jellies keep perfectly.
CERTO
Reg. Can. (Surejell) Pat. Off.
is pectin, the natural "jell" property of the fruit—not a gelatine—and contains no preservative.
Use it now with all your favorite fruits, so that you will have a full supply of jam and jelly for winter use.
At your grocer's or send 40c direct to Douglas Packing Company, Limited, Cobourg, Ontario.
Follow exactly the complete simple directions in Certo Booklet of 73 recipes which goes with every bottle.
Certo is pure pectin extracted from fruits

Get Selling Costs Down

How to reduce selling costs is one of the greatest problems of the day. It can and must be solved.
 Business men are turning more and more to the economical selling service offered by the want ad pages of newspapers.
 It has been found that the property selling, for sale, \$100,000, can often be disposed of quickly through a small classified advertisement which may have cost as little as \$1.
 Such a selling cost is infinitesimal. Classified advertising is the greatest "bargain" before the business world today.
 It costs nothing to investigate. Invite a classified advertising representative of The Times-Star to call at your place of business. Ask him to explain in detail the advantages of this amazingly economical selling service.

Bullish Demonstrations and Profit-taking in Some Groups are Features.

New York, Aug. 7.—Stock prices moved irregularly higher at the opening of today's market. Profit-taking in some groups was conducted simultaneously with bullish demonstrations in others. Initial changes as a rule were of a fractional nature. Norfolk and Western and United States cent-on-pipe groups gained a point.

Comment Made On Trade and Commerce

(Bank of Commerce Circular.)

The present quiet state of business is only to be expected at this time of the year. The dullness of the market is due to the fact that the volume of trade has been greater than in the corresponding months of the year. The increase is attributable to the fact that the volume of trade has been greater than in the corresponding months of the year. The increase is attributable to the fact that the volume of trade has been greater than in the corresponding months of the year.

Current Events

New York, Aug. 7.—Bank of Ontario, Toronto, has announced that it will increase its capital from \$1,000,000 to \$2,000,000. The increase is to be effected by the issue of new shares of \$100 each.

BISHOP DOWLING OF HAMILTON DEAD

Was Ordained a Priest 60 Years Ago in St. Mary's Cathedral

Hamilton, Ont., Aug. 6.—Right Rev. Thomas Joseph Dowling, Roman Catholic Bishop of Hamilton since 1889, died here tonight.

The late Bishop Dowling was 84 years of age and tomorrow he would have celebrated his sixtieth anniversary of his ordination as a priest in St. Mary's Cathedral. Widely known, the late Bishop Dowling was highly respected by Roman Catholics and Protestants of Hamilton. His death removes one of the Church's most active workers. He was said to have been a border states, and came to Canada with his parents when 11 years of age.

PREPARE TO GREET VISITING PARTY

Moncton Has Fine Program for French Canadian Delegation.

Moncton, Aug. 6.—The French Acadians of this city are preparing to tender a reception to the French Canadian party being organized by Henry Bourassa, of Le Devoir, Montreal, which will visit here first on August 18, and later on August 22. The party which is composed of representatives of French Canadians from Quebec, Ontario, and some from the Maritime Provinces, will be entertained at the Sacred Heart Academy. It is expected that Mr. Bourassa will address the gathering there. The party will leave for Nova Scotia about 11 o'clock and will make the trip through the Annapolis Valley and to the Annapolis Royal where they will visit Fort Anne. Thence they will go around the South Shore of Nova Scotia and will return to Moncton on August 22.

CAR LICENSE COSTLY IN GREAT BRITAIN

English School Children Taken Free to Wembley to Learn About Empire

According to W. S. Hooper, of Liverpool, England, who arrived here yesterday it is a real luxury to drive a motor car in England, for the owner has to pay a license tax of £1 per horse power. A visitor from Virginia quoted the tax rate in that state as 60 cents a horse power. He then stated that in Virginia a man owning a 30 horse power car paid a tax of \$18 a year, while a man in England having the same 30 horse power car paid a tax of £30, or approximately \$182 at the present rate of exchange.

LESS IRON FROM NEWFOUNDLAND

St. John's, Nfld., Aug. 5.—Bisco officials, including Vice-Presidents McCullagh, Donk and Gillis returned from Bellefleur today and the former held for Canada by express. In an interview they said the stoppage of operations at Sydney will reduce the shipments to one to one month's full operations. This effect will not be felt at Bellefleur until the end of the shipping season, about December 15, the shipments to Germany will be continued for the balance of the season so employment for 1,800 men will be continued throughout the summer and autumn.

BETTER IN MONCTON

There is less unemployment in Moncton at the present time, says the Transcript, than there has been for some months, according to the statement made by Harry Crocker, superintendent of the employment bureau. There were only 30 men registered as being out of work.

MONCTON TAXES

Tax collections in Moncton up to the end of July totalled 63 per cent of the total assessment for the year. The sum of \$358,000 had been paid in as compared with \$334,976.99 in 1923. The total assessment for 1924 shows a slight increase as well, being \$367,167.67 for 1924 and \$361,188.84 last year. It was learned that 35 exemptions had been issued yesterday morning and that more will follow. This is to take care of the delinquent tax-payers and for those who made agreements to pay their back taxes off and have failed to do so.

Mercantile Business

Profits Through Life Assurance

“TWENTY years ago, I had a capital of about a half million dollars. I then realized that a business man with a half million of capital and a million and a half of insurance on his life would have better credit than one with a half million capital and no insurance—SO I TOOK THE INSURANCE. I now find that trading on the credit it created I made MORE PROFIT than if the money which went into INSURANCE had gone directly into my business.”

HE ADVERTISED WOODEN RAILWAY

Tale of St. Andrews and Quebec Line Eighty Years Ago.

When the St. Andrews and Quebec Railway was projected, nearly 80 years ago, the plan of at least one of the directors was to explore it, wood by wood. In this day of flying trains on steel rails across the continent we read with a very keen interest what was in the mind of railway men at the beginning. The following is quoted from the Charlotte Gazette, St. Andrews, of June 21, 1847, as copied in the Woodstock Telegraph:

ST. ANDREWS AND QUEBEC RAILWAY.

D. S. Morrison, Esq., one of the directors of this incorporation, arrived here from St. Andrews on Monday last, and intimated his wish to lecture on the subject of railways. A public meeting was called, to be held on the following day at the court house. The meeting was called to order by Charles Perley, Esq. John Dibley, Esq., was called to the chair.

ST. ANDREWS AND QUEBEC RAILWAY.

Mr. Morrison delivered a most admirable lecture, which was listened to with great attention by a large and respectable audience. The lecturer, by way of introduction, adverted to the great and wonderful changes which have been effected by the invention of the steam engine and its adaptation to the propelling of steam vessels and railway cars. The nature and construction of wood railways was then explained, with the peculiar form and properties of guide wheel carriages, which it is sufficient answers all purposes, either on an iron or wood railway, much better than the common flange wheel car. On a wood railway the wear occasioned by locomotives was reduced to a minimum by the use of guide wheels instead of flanges, is so small as scarcely to be perceptible; and the nature and construction of wood railways was then explained, with the peculiar form and properties of guide wheel carriages, which it is sufficient answers all purposes, either on an iron or wood railway, much better than the common flange wheel car.

MOE HERSCOVITCH IS IN CITY TODAY

The Canadian welterweight Champion En Route to Halifax to Box

Canada's welterweight boxing champion Moe Herscovitch is in the city today en route to Halifax where he boxes Eddie Shevlin, famous New England champion, on Saturday night in connection with the carnival week.

St. Rose's outfit the Portlands last night, 2 to 1, and grabbed the first game of the series for the City League championship, 8 to 4. The North Enders, playing on their own grounds, pushed two runs over in the first inning and held this lead for two sessions.

Answers: 1. The letters T. B., used in certain box scores, refer to total bases. Thus if a batter made two hits, a triple and home run, his total bases would be seven.

2. When a fielder throws his glove at a batted or thrown ball, there is actual contact with the ball or no penalty is inflicted.

LEADERS QUAKE AS BROWNS PUSH ON

New York, Aug. 7.—St. Louis continues to burn up the American League ladder and to attract more attention than any other club in the circuit. As a result of their fifth straight victory over Washington, which incidentally was their sixth straight win and their ninth in 10 starts the Browns today seriously threaten the supremacy of the leaders. Siler's sensational aggregation is only three games and a half behind the top pitcher, Yankees, two and a half in rear of the Tigers and a half game in the wake of the Senators.

C. P. R. CLERK GETS A SCHOLARSHIP

Montreal, Aug. 7.—Peter Dudley Dalton, 18-year-old clerk in the office of the general manager of the C. P. R. is being congratulated on having been awarded one of the two free scholarships, covering four years tuition in architecture, chemical, civil, mechanical or electrical engineering at McGill University, offered annually by the C. P. R. for competition to apprentices and other employees enrolled on the permanent staff of the company, and under 21 years of age, and minor son of employees. Peter Dalton was the only candidate holding the necessary certificate from the company to pass the entrance matriculation examination last June. He will take up civil engineering, entering the university in September.

BOY POLICE DETECTIVE

The city police yesterday once more assisted in the return of a boy that had wandered away from home. This time it was George McLeellan, nine-year-old son of George McLeellan, 39 Sewell street, that was brought back to his anxious parents about 11 o'clock in the morning. The boy was found on Barker street last evening and was taken home by Detective Saunders.

Answers: 1. The letters T. B., used in certain box scores, refer to total bases. Thus if a batter made two hits, a triple and home run, his total bases would be seven.

2. When a fielder throws his glove at a batted or thrown ball, there is actual contact with the ball or no penalty is inflicted.

POPULATION OF TROPICS BY WHITE RACE FEASIBLE, SAYS PROFESSOR

Glasgow Scientist Discusses Problems Regarding Inter-Racial Relations.

Toronto, Aug. 7.—Whether the tropical parts of Australia and other countries can ever be successfully populated by white races and whether white colored races can profitably associate, were questions asked and answered today by Professor J. W. Gregory, distinguished geologist and geographer of Glasgow University in his presidential address before the Geographical Society of Toronto. Professor Gregory first dealt with the increase in population in modern times and the new political situations which it has given rise to, quoting as examples of the latter the U. S. limitation immigration and the "White Australia" policy.

ON MOTOR TOUR FROM KANSAS CITY

Dr. E. H. Hetherington, of Kansas City, and Mrs. Hetherington arrived here yesterday after a 2,108 mile journey to St. John by motor car. For almost 1,900 miles of the trip they traveled on concrete roads and the other 200 on gravel and tarred roads.

CITY LAID EGG IS THE LARGEST YET

The challenge of the white Wyandotte hen belonging to George Burns at Quispamis has been accepted in good spirit by the members of the feathered tribe and the large egg contest is on. The white Wyandotte hen laid an egg that measured 7 1/2 inches around its greatest length and 5 1/2 inches around its greatest width. Now there have come three rival hens who have put to shame the boasted triumph of the Quispamis fowl.

NEGRO LEADER IS INDICTED BY JURY

New York, Aug. 6.—Monday was a trying day for Marcus Garvey, president of the Universal Negro Improvement Association, which is holding the fourth international convention of negro peoples in the world at Liberty Hall. A federal grand jury indicted him for making false income tax returns and perjury, and that orders had been received from President C. B. King, at Monrovia, not to give the passports of any of Garvey's followers who might attempt to go to Liberia.

VISITOR PLEASED WITH N. H. MUSEUM

Walter W. Holmes, of Waterbury, Conn., a life member of the American Museum of Natural History, was in the city yesterday on his way to Nova Scotia and called at the Natural History Society's museum in Union street. Mr. Holmes is a collector of scientific specimens and a writer on scientific subjects and is a close personal friend of Dr. W. D. Matthews, son of the late Dr. George F. Matthews, of St. John.

SENT UP FOR TRIAL

St. Stephen, Aug. 6.—Harry Clark, who was arrested at McAdam yesterday charged with forging, was brought up for hearing here this morning and was sent to St. Andrews to await trial. He is alleged to have passed a check on a local merchant which afterwards was said to have been forged, and that he hired a car to drive him to McAdam where he was captured.

LIGHT TROUBLE FIXED

That it was believed the trouble with the time switches which control the turning off and on of the street lights of the Civic Power Commission was remedied was stated last evening by Roy Willet, secretary of the Commission. The lights have been performing rather erratically for some days.

SAYS INTEREST KEEN AT SUSSEX SCHOOL

William McIntosh, curator of the Natural History Museum, was in the city yesterday for a short while and he spoke most enthusiastically of the success of the Summer School of Rural Science being held at Sussex. He had found the students were keenly interested and there was a splendid spirit manifest in all of the school activities. Mr. McIntosh was well pleased, a testimony of the bright sunshine and refreshing winds of Sussex and he spoke of the enjoyment which leaders and pupils were getting from the camp life at the summer school. The school will close on Tuesday, but Mr. McIntosh will go from Sussex to Wallace, N. S., where he will spend three days at the C. G. I. T. leaders camp. As he will be in charge of a very fine exhibit of the natural resources of New Brunswick which will be shown at the St. John Exhibition he will have a busy few days when he returns to St. John from Wallace.

FOUND IN CLOTHES PRESS, ARRESTED

Girl Taken From House in Early Morning, Considered It Joke.

New York, Aug. 7.—To be found in a gentleman's clothes closet and to be arrested on a charge of burglary is only a joke to the pretty young woman who calls herself Barbara Dane and who says she is a dancer, an artist's model, or a chorus girl from Boston. The young woman admitted smilingly to reporters and detectives that perhaps Barbara Dane was not her real name. She was found at 230 in the morning by O. Blanchard O'Aoust, an artist, in a clothes closet in his fashionable apartment. Mr. O'Aoust had been aroused by his maid, who reported hearing a noise in the alleyway back of the apartment building, on the first floor of which the O'Aoust family lives.

INVENTOR PAYS VISIT TO CAPITAL

S. T. Murchie Retired On Income From Several Patents.

S. T. Murchie of Aurora, Ill., inventor of the modern paper bag used by practically every modern grocer in the world, arrived in Fredericton by automobile on Tuesday evening, accompanied by Mrs. Murchie and their niece, Mrs. Pearl Gamble of Calais, Me., and will spend a few days in the city as the guest of his brother, A. T. Murchie, chief scaler of the Department of Lands and Mines. Mr. Murchie is also the holder of a large number of other patents. Ten years ago he retired on a pension and an income derived from royalty payments on the various patents and inventions which he has perfected. Mr. Murchie is a native of New Brunswick, having been born in Charlotte county, and when 22 years of age was selected from among 100 others to proceed to Germany to make a three-year study of paper manufacturing methods on behalf of the company with which he was then employed at Lawrence, Mass. It was while living in Germany that he met and married his wife. Owing to their lack of knowledge of their respective languages the services of an interpreter were required at the wedding ceremony. Eight years after his arrival in Germany Mr. Murchie returned to the United States and since that time, over fifty years ago, Mrs. Murchie has not seen her native land.

BOY HURT IN COLLISION

Leo Riley, 14, a messenger boy with the Western Union Telegraph Company, was slightly hurt, last evening, when thrown from his bicycle in a collision with a big touring car in Duke street, near Germain. The lad was turning the corner and did not see the car until it was too late to stop. He ran into the side of the automobile and was thrown off his seat. The chain of the bicycle was broken and his shoulder hurt by the fall.

complained of berry pickers whose carelessness, caused a fire last Friday. It took two days to extinguish it with four men and five boys working day and night. The fire was stopped just as it was approaching heavily timbered woods, the bucket brigade saving the valuable timber land by keeping that part thoroughly wet.

MAYOR ORDERS INQUIRY INTO CASE OF ENGINEER HARE AND S. H. MAYES

Says Former Will be Suspended or Dismissed if in Fault.

That instant suspension or dismissal would be the portion of G. G. Hare, city engineer, if it was found that he was at fault in the woody altercation which had taken place between S. H. Mayes and Mr. Hare on Wednesday, was a statement made at a committee meeting of the Common Council this morning by Mayor Potts.

He also asked Commissioner Wigmore to bring in a report on an automobile which was destroyed by being struck by a train in 1921. Commissioner Frink had no objection to carrying out an order of the chair but he did not think the commissioners should be a court to decide on a woody altercation between himself and Mr. Mayes.

Mr. Mayes said he felt that he could hardly act, as he was in a sense a party to the case. The commissioners of harbors was in the same position, the matter being in the harbor department, and he had asked Commissioner Wigmore to do something else and this left only Commissioners Frink and Harding.
