U. S. Coal Strike Question To Be Decided Tonight  
DE VALERA LEADS POLL IN COUNTY

ANSWER IN COAL CRISIS IS READY

Gov. Pinchot to Bring His Intervention in Anthracite to Climax.

OFFICIALS TO MEET  
Compromise Proposition, it is Reported, Will be Submitted This Evening.

(Canadian Press.)  
Harrisburg, Pa., Aug. 29.—Governor Pinchot will bring his intervention in the anthracite situation to a climax tonight. He called on representatives of the mine operators and officials of the miners' union today to meet him at six p.m. tonight, jointly, to hear and answer a compromise proposal, which he has prepared in the endeavor to avert the suspension of operations Sept. 1.

Compromise Proposition.  
Harrisburg, Pa., Aug. 29.—With all the tangled skein of controversy in the anthracite region in his hands, Governor Pinchot worked today to prepare a compromise proposition on which all hopes of averting a suspension of mining Sept. 1 must rest. Mine operators and officials who have led both sides in fruitless negotiations to bring about peace waited in the city to get his promised word, but had little knowledge of what he might have to propose.

Meaning, the operators and miners themselves had direct negotiations in progress to fix the conditions under which some union members may remain at work in the fields Sept. 1 to keep pumps working and entry ways from caving in when the mass of the miners walk out. Arrangements for suspension of operations, however, were not made today, but became of increasing importance as the time approached for suspension of operations.

## ELKS LODGE HERE READY BY MIDDLE OF NEXT MONTH

Organizer Says It Will be One of Finest in the Dominion.

Major Douglas Roy Beresford, D. S. O., a veteran of battles in China, the Afghan frontier and of the Great War, is at the Royal. Major Beresford, who is grand organizer for Canada and Newfoundland of the Benevolent and Protective Order of Elks, is here in connection with his duties as organizer. He is a member of a distinguished old country family of military lineage, and is a man of wide experience in various parts of the world. Since his appointment as grand organizer he has been from the Pacific to the Atlantic, and has had great success on his mission. He will go from here to other points in the Maritime Provinces, and then to Newfoundland.

He said this morning that some of the foremost business men in St. John had made application to join the order, and he expected that one of the finest lodges in the Dominion would be formed here. It will be installed by the Grand Exalted Ruler, W. Frank Murphy, F. A. M., of Montreal, a former St. John man, and at present a prominent real estate broker in the city of his adoption. The lodge will be installed by him and members of the grand lodge probably about the middle of September. Several lodges throughout Canada have been instituted in the last two weeks. Such prominent men as Governor-General Lord Byng, Sir Henry Thornton and Sir Lancelotti Spavin were members of the order. A lodge would be instituted in the British West Indies this fall, and members of the British and American residents of Shanghai expect to form a lodge about April of next year under the Grand Lodge of Canada. By the end of this year it was expected that the order would be 120,000 strong in Canada.

Major Beresford has made many friends since his arrival in the city, all of whom will join in wishing him success in his work.

### GUNNER SMITH WON FROM QUINN

Gunner Smith won from Battling Mike Quinn, of Sydney, Mines, on a foul in the third round of a boxing bout in a decision in North Sydney on Monday night. The contest, up to the time it was called by the referee, was a slugging battle, with very little display of the finer points of boxing.

The erection of the poles by the Civic Commission in the Parish of Lancaster is still being awaited. A conference between the members of Highway Board and the committee from the commission, who have the matter in charge, it was reported this morning. It is understood the Highway Board want the line carried from the bridge to Water street. West, across the lot rather than the highway and as this would involve appropriation proceedings for a right of way across private land the commission want to use the street. They also contend that the location chosen is a better one for the same reason it brings the main line in closer touch with the customers.

### SKIRTS ABAZE; SAVES HER BABY

Young Woman Carries Infant Over Flaming Pool of Gasoline.

Lawrence, Aug. 29.—Holding her baby high in the air above the flames, Mrs. Salvatore Fiskell, her own clothes asf, roused through a blazing pool of gasoline in the street here and carried the infant to safety. Her courage may cost her her life, as she was terribly burned and her name is on the danger list at the Lawrence General Hospital.

Her husband, who is a garage proprietor, and Fred Parise of 114 Garden street, who is one of the employees at the garage, were severely burned while beating out the fire in the woman's clothes.

Mrs. Fiskell is 26 years old and lives at 35 Essex street. She and her husband, with their child, had been on a motor trip to the beach. On their return to this city, Mr. Fiskell decided to visit the garage before going home. While he was inside his wife, the baby in her arms, stood on the sidewalk across the street.

While she was waiting, the gasolin tank of an automobile was overturned, causing a large pool of the liquid in the street. Another motor car drew up for gasoline and while waiting, one of the automobiles tossed a cigarette stub into the street. It fell into the gasoline pool just as Mrs. Fiskell approached on her way across the street. The gasoline immediately burst into flame, setting her to fire.

Blinded by the flames, she raised the baby above her head and dashed into the water. Her shrieks brought her husband and Parise running to her. Mr. Fiskell reached up and took the baby. After putting it on the sidewalk, the husband and his helper beat out the flames. At the hospital it was said that Mrs. Fiskell has slight chance of recovery.

### DEATH OF SOLDIER.

The death occurred at two o'clock this morning at the Lancaster Hospital, of James Goddard, 112 Lancaster Avenue, a former resident of Chatham and member of the 18th Overseas Battalion. ## COURT DISMISSES NORTH END CASE

### The Magistrate Hears More About the Hair Pulling Contest.

A case in which Herbert Doyle is charged with using profane and obscene language to Mrs. Joseph Allen and with pulling her hair was resumed this morning in the police court. Mrs. Allen was recalled by W. M. Ryan, for the defense, and said that on the sixteenth she had had trouble with Mrs. Minnie Cook who had made a rash at her. She had had Mrs. Cook staying with her two years ago, with Mr. Cook. When Mrs. Cook had come to her house with Doyle she had not asked where Mr. Cook was. She denied striking Doyle with an axe but she had hit him with the handle and he had exhibited his wound to her.

It now develops that when the United States was assured that President Coolidge would prevent a hard coal famine it was expected he would resort to government operation of the mines if he could not prevent a strike.

MRS HARDING IS TO RECEIVE UNPAID SALARY

Washington, D. C., Aug. 28.—Mrs. Florence Kling Harding, according to an official statement, will receive the salary that would have gone to President Harding had he lived for the remainder of his salary year.

A GOOD TEXT.

With few exceptions—use very conspicuous one—Canadian newspapers are preaching the excellent doctrine of faith and reasoned cheerfulness in regard to the present and the future.

THE SPARE TIRE BY THE ROADSIDE

(Toronto Star). A number of cases have been reported in the last two or three weeks of motorists getting into difficulties on the highway after dark on Sunday nights.

WHIP-POOR-WILL

(David Allan Hunter in Our Dumb Animals). When the long day's work is ended and the sun has gone to rest; when the gorgeous colors blend; and the birds are silent.

IN LIGHTER VEIN.

The Sign. "Had your vacation yet?" "I didn't suppose I got this kind of tan selling neckties, do you?" Detroit Free Press.

POST OFFICE HOLIDAY.

There was a time, away back in the youth of the motor car, when the woman driver was a terror to the heart of the mere motor man. No one knew what she was likely to do in a given set of circumstances.

JUNIOR RED CROSS.

The Junior Red Cross has a booth in the Women's Department at the St. John Exhibition, in which by posters, photographs and literature it will demonstrate its work in New Brunswick.

HEARST.

(Montreal Gazette). which specialize in simultaneously be-spatter- ing and fawning upon British institu- tions, recently carried a full-page arti- cle exploiting the cousinship of the Earl of Southesk, who is person grata at the British Court, and the Earl of Northesk, who brought his Follies bride to Montreal for a honeymoon, and the inference is drawn that through this family connection the fair Jessie is immediately in line to be received with open arms by royalty. It requires no deep diving into genealogical tables to discover that the two noblemen are only eleventh or twelfth cousins, a degree of relationship which, leading to other motives for intimacy, does not pre- dispose any unusually close ties of friendship.

Why They Keep On Glasses

Nine headaches in ten fail to put in an appearance while corrective Glasses are worn.

Many persons who see well keep Glasses on to keep headaches away. And, since Glasses can be styled agreeably to one's looks, they become in two ways a rather pleasant preventative.

Remove Surplus Solder

In many cases annoying sounds occurring in the receiver may be due to an excess of soldering paste remaining on the soldered joints. This can be removed, as these are easily wiped off and the connections examined to be certain that all loose pieces of solder are removed, as these are liable to cause short circuits which effectually prevent operation of the set. The soldered connections on the jacks in particular may be easily cleaned of any remaining paste by washing the same with a soft brush dipped in wood alcohol.

VIEWS DIFFER ON BELGIUM'S REPLY

Paris Sees Chance of Reparations Settlement; British Disappointed

Paris, Aug. 28.—The impression in official circles today after reading Belgium's reply to the recent British reparations note is that the field is now clear for a new start toward negotiating a settlement of the problems between the Allies.

Almost Unbelievable

make the first move toward such conversations. Prime Minister Baldwin is looked upon here as the one from whom the initiative would most properly come, since he has the best occasion to take the step before leaving France where he is now spending a short vacation.

He is expected to call on Premier Poincare at any event while passing through Paris for London, and it is pointed out that he could find no better opportunity for a heart to heart talk with the French Premier.

While appreciating the generous language and the marked amity of the document, British Foreign Office experts were respectfully forced to admit that its financial proposals fell far short of Great Britain's expectations.

Some surprise was expressed over the firm restatement of Belgium's claims of priority. British experts reaffirmed their view that Belgium was showing herself too exacting in this respect in view of the Allies' generous action in wiping out the \$1,500,000,000 owed them by Belgium and the further fact that

the Belgians have already received about \$360,000,000 of the total of \$500,000,000 reparations due them from Germany. The suggestions by the Brussels Government that the percentage agreed upon at the Spa Conference be revised received scant sympathy from the British, who see in such a plan a curtailment of both the British and Italian shares of the indemnities.

RECENT WEDDINGS

McAuliffe-Sharkey. Miss Blaind C. Sharkey, daughter of Mr. and Mrs. P. C. Sharkey, 22 Paddock street, was united in marriage to John L. McAuliffe, Dorchester, Boston, by Rev. Wm. M. Duke, with nuptial mass at the Cathedral yesterday morning.

K. C. SCHOLARSHIP IS AWARDED TO THOS. HENNESSEY

Thomas Hennessey, son of Mr. and Mrs. George F. Hennessey, of 204 St. George street, West St. John, has been awarded the Knights of Columbus scholarship for this district. He is fourteen years of age and this year passed the High School entrance examination with a total of 788. He will pursue his studies at St. Joseph's College or at St. Francis Xavier.

RECENT DEATHS

Mrs. George Murphy. A wide circle of friends will regret to learn of the death of Mrs. B. Agnes Murphy, which occurred at her home, 308 Rockland road, last evening. Mrs. Murphy had been in failing health for some time and her death was not unexpected. She is survived by her husband, M. George Murphy; four sons, Dr. E. F. and Dr. George A., both of Jamaica Plain, Mass.; Frank V., at home, and Dr. Harold A., also of Jamaica Plain; three daughters, Miss Annie F. Murphy, R. N., at home; Mrs. H. J. Murphy, of this city, and Miss Lillian, at home; and one brother, John Kelly, inspector of lights, also of this city.

Mrs. Charles G. Pollard. Yarmouth, N. S., Aug. 28.—The sudden death occurred this morning at the Yarmouth Clinic Infirmary of Mrs. Charles G. Pollard, one of the most highly esteemed residents of this town and widely known throughout the Maritime Provinces as closely connected with the Rebeckah Assembly L. O. O. F. Mrs. Pollard last evening attended a meeting of Opal Rebeckah Lodge, and it was when she was on her way home that she was stricken with paralysis. She was conveyed to the clinic where she passed away. Mrs. Pollard is survived by one son, a kind daughter, Miss Bessie Pollard. Her husband died several years ago. Mrs. Pollard's year was secretary of Grand Lodge Rebeckah Assembly.

GOLD-PLATED "GAT" AND BULLETS MAKE CHAMPAGNE BATH PLEBEIAN

"Would Almost Be a Privilege To Be Shot With That," Says Admiring Judge Who Holds Banker for \$5 Garage Bill

(New York Tribune) The champagne bath lost its place yesterday as the height of luxury, at least in the eyes of Magistrate Corrigan of Essex Market court. The magistrate has seen quite a few pistols in his time, but when a gold-plated automatic was produced in the courtroom and the gilded chamber was found to contain gold-plated bullets he handed the palm for "finiteness" to the owner, Charles D. Thoms, twenty-five years old, a banker.

WIDOW GETS GREAT SURPRISE AND \$1,000

London, Aug. 28.—The widow of John Frautbeck, for many years coroner for Westminster, had such a surprise when a box, shaped like a book, containing 200 pounds (\$1,000), was returned to her that she fainted. It appears the "book" was among a number which Mrs. Frautbeck sold for three pounds, thinking they were old medical works of her late husband, and of little value. The bookseller on examining them discovered one had a lock, and on opening it found a five-pound note and 100 one-pound notes, which he promptly returned to the widow.

CRANKS VISIT MILLERAND

One Said That the Pope Had Sent Him on a Mission.

Paris, Aug. 28.—It is learned that a wild-eyed person burst into the hall of the Elysees Palace last week and announced that he had a special mission from the Pope to the President. A gold-laced, majestic porter invited him to wait while the chief of protocol was summoned. That functionary took the form of an urban Secret Service operative, who tactfully led the "ambassador" to the police infirmary.

POSTAL CAMPAIGN DIRECTED AGAINST ILLEGIBLE WRITING

Washington, Aug. 28.—Postmaster General New has announced that a special campaign is being conducted to direct the attention of postal workers and the public to the frequent miscarriage of letters because of the similarity in the names of towns in various states.

GERMAN SOUVENIR-HUNTERS STEAL 5,000 MUGS IN MUNICH

Munich, Aug. 27.—The State beer-house, where hundreds of people drink out of huge mugs with lids, is depleting the loss of 5,000 of these which were taken away as souvenirs during festival week, besides 480 knives and forks and many decorated plates. In five days nearly a million visitors came here for the athletic festival; it is suggested that these purloined the mugs, plates and cutlery.

THIS MISSION SCHOOL A CITY SELF SUPPORTING

Illinois Community That Trains Catholic Priests for Missions.

Chicago, Aug. 28.—A community self-sustaining, operated upon systematic business methods which include all the latest labor-saving devices, but where no one receives any pay—that is the institution of St. Mary's Mission House at Techny, Illinois, 20 miles northwest of Chicago, where Catholic foreign missionaries are trained. Its parks, farms and industrial plants occupy more than 800 acres, managed by the priests and brothers, who work for nothing. The 110 brothers do the manual work. The rising hour is 4.30 a. m. and all must have retired at 9.30 p. m. Each of the 32 priests is a business man, as well as an educator of missionaries. The residents make their own ice, grind the grain which is raised on the farms, generate their own electricity, do their own butchering, have their own dairy farm, livestock, chicken, vegetable and fruit farms, and carpenter, painter, plumber, blacksmith, and soft drink shops. Tomatoes for their use are canned at home. The flour mill turns out 20 barrels of flour a day. There are constantly on hand in the granary 10,000 bushels of wheat, 6,000 bushels of wheat and 1,000 bushels of rye. The bees produce 2,000 pounds of honey in a season; the dairy produces 174 gallons of milk a day and 300 pounds of butter a week. The printing plant is equipped with the most modern appliances. The four monthlies issued by the institution have a combined circulation of 175,000, and the three annuals, 150,000. More than a million pamphlets are printed during the year. The book bindery does all the binding of the library books.

The House received a profound setback during London's recent heat wave when Mr. Newbold appeared without a collar, without a vest, and his shirt unbuttoned and opened at the neck. The Communist M. P. walked to his seat in silence until some of the Labor Party members gave a few cheers in approval of his audacity. Prior to this entrance, Commander Kenworthy held the centre of interest by appearing in the House in white shoes and a yellow palm beach suit.

#### Wall Street Stocks Up a Bit—Same Tendency in Montreal.

New York, Aug. 29.—(Opening)—Stock prices made further recovery at the opening of today's stock market, but the initial gains, as a rule, were small. Dupont opened 1 1/4 higher and American Agricultural Chemical, preferred 1. Oils were active and firm.

The ability of the English exporters to reach the Pacific coast markets and undersell American firms from the middle West and East was made possible, J. P. Hayes, chief director of the Chicago Association of Commerce declared by lower freight rates from Europe to the Pacific coast than it is possible for Chicago and the East to obtain.

New York, Aug. 29.—Price and Whitley—"Trend still looks upward, purchase better grade issues on little dips."

Pynchon & Co.—"Suggest a trading position on present, taking profits when stocks are moderately advanced. Block Money—"You can buy stocks on dips for turns. On bulges we would let go stocks."

Hutton & Co.—"We particularly like the sugar stocks. New financing in the Associated tells the story in oils."

#### MORNING STOCK LETTER

(McDougall & Cowans)

New York, Aug. 29.—High call loadings for the last week are tending to off-set the spotty character of July rail earnings. The market is generally better than it was in the latter part of the month. The copper shows do better, on the foreign market. We think the market a buy on weak spots as we expect higher prices. German decision to abandon passive resistance in the Ruhr coupled with the Belgian offer to reduce claims to reparations shows a better situation in Europe.

They are the children of Samuel and Augusta McCreey.

The youngest is 85, the oldest 48. And by a strange twist of fate, neverreached, bags were packed and from the furthest corners of the country the sisters wended their way to the home of Mrs. Ella Porter here.

The older daughters were married before the younger ones were born at their original home at New Castle, Pa.

#### Shot Kills Woman Motoring to Picnic

Investigation Fails to Show Where Bullet Came

Somerville, N. J., Aug. 29.—Bowling merrily along a road in the outskirts of Bound Brook, a few miles from New York City, a woman was struck by a bullet which killed her. Her husband without a cry quietly slipped from the front seat of her husband's automobile and crumpled to the floor. A tiny hole in the side of her head showed where a small cartridge bullet had entered. Whether it came from one of the party could not be determined after 12 hours' investigation. It remained as great a mystery to the county police.

REVISE U. S. PROCEDURE IN EFFORT TO CHECK GROWTH OF CRIME IN COUNTRY

Barristers' Convention Hears Startling Disclosures of Conditions.

Minneapolis, Minn., Aug. 29.—Startling disclosures of the extent and rapid increase of crime in the United States were submitted before the American Bar Association yesterday by a special committee on law enforcement, which urged that the whole code of criminal practice in the 48 states of the union be rewritten so that the long arm of the law might also become swift, sure, constant and, on occasion, merciful.

Data on numbers of crimes, methods of trial and treatment of prisoners in England, and France were cited, in comparison with which this country showed to a decided disadvantage. The blame was laid partly upon the structure of the law and the manner in which our courts function, but principally the increase of crimes and criminals was attributed to "the apathy and indifference of the American people toward law enforcement."

Terrible failures of justice have occurred in all parts of the country, says the committee. Truth still clings to Chief Justice Taft's statement that "the administration of criminal law in the United States is a disgrace to civilization. The trial of a criminal seems like a game of chance, with all the chances in favor of the criminal and, if he escapes, he seems to have the sympathy of a sporting public."

Charles S. Whitman, former Governor of New York, is chairman of the committee, which includes Marcus Kavanagh, Charles W. Farabee, Wade H. Ellis and Annette Abbott Adams. Besides conclusions drawn from personal observation as eminent members of the American Bar, they gathered an immense amount of statistics on crime not available from the census. Three members of the committee made an exhaustive study of the criminal courts in England and France—forms of indictment, trial and sentence, sitting through whole murder trials and hearings of appeal, and inspecting penal institutions.

An astonishing laxity was discovered in the American method of recording crime statistics. Some states did not keep records of the number of persons in prison, as late as 1921 in Rhode Island. Gains in civil population were taken into consideration. On information furnished by police and court clerks in 48 principal cities of the country from the year 1910 until 1922 was increased 14.9 per cent, the criminal population has increased 176 per cent. It was ascertained further that the growth of crime was steady and almost regular up to our entrance into the World War; during the war crime decreased greatly, but upon the resumption of peace criminals resumed their depredations with increased activity all over the country.

In 1921, for instance, there were 9,200 homicides as compared with 8,000 in 1920. In no year during the last 10 did the number fall below 6,200. In other words, since 1910 no less than 85,000 of our citizens have perished by

poison, the pistol, the knife or other unlawful and deadly injury.

Comparisons.

As compared with England and France:— In the last year for which facts were available there were 68 murders in England and Wales; 883 in France. In the 48 American cities where live one-fifth of the population there were 1,662 murders.

In London there were seventeen murders, only nine of these were classed as first degree. Scotland Yard ended the year with none of them "unsolved." During the same period Chicago had 137 recorded murders, and New York 260—the latter city obtaining three convictions.

The annual homicide rate per 100,000 population in Hartford, Conn., is 1.4. It is 56.8 in Memphis, Tenn. "The largest proportionate ratio of crime is in our cities of less than 200,000 population," says the committee. "It therefore may be conservatively estimated that in this republic last year there occurred 7,850 murders. To these may be added 6,750 cases of manslaughter and other unlawful killings, totalling 14,600 unjustifiable homicides."

England is severe in punishing murderers. The death penalty often is imposed, although prison sentences usually are brief compared to ours. In France, where crime is less severely punished, murder is more frequent.

Eight states of the union have abolished capital punishment. In five others it has been outlawed, but now is reinstated. Thus there were 92 executions in this country in 1919.

"But to prove that our failure to inflict the death penalty did not proceed from an excess of tenderness," the committee points out, "two successful jurists visiting England and French courts on behalf of the American Bar reported several commendable features in each which were expeditious. Justice was tried, convicted and punished while details of his crime were still fresh in the minds of the public. This country is notorious for its long delay in sentencing, and the committee is of the opinion that a more expeditious trial and sentence, sitting through whole murder trials and hearings of appeal, and inspecting penal institutions."

ST. JOHN MEN ARE AMONG NUMBER

Chosen Officers of Maritime Rowing Association—Revise Rules.

The annual meeting of the Maritime Provinces Amateur Rowing Association was held in the Union Club last night with R. W. MacBreith, of Halifax, in the chair.

Those present were as follows: W. W. Hoyt, Halifax, secretary; J. C. Chesley, St. John Rowing Club; J. H. Burns, Jubilee Club, Halifax; W. H. Turner, Millidgeville Club; George P. Hamm, Millidgeville Club; F. E. Williams, Millidgeville Club; Elmer Ingraham, St. John Rowing Club; F. J. Nislet, Renforth Club; W. R. Wakely, Lorne Club, Halifax; F. W. Coombes, Renforth Club; G. R. Forbes, Bannock Club, Halifax; W. C. Ainsley, Renforth Club; E. Power, Lorne Club, Halifax.

A protest by the North West Arm Club, that the two men C. and F. Twigg, were professionals, the rules show that no person can be employed in the use of an oar of paddle, reclus to their contending in an amateur event. The men admitted pulling an oar in a boat, helping to haul trawls, and worked on a fishing vessel with their oars, for which they received clothes, food and pocket money.

Another protest. A protest made by the Millidgeville Outing Association last year to the effect of Hilton A. Betts rowing with the Renforth Club in the senior fours for the Fulton Cup, was next brought up. The committee appointed to investigate the protest was composed of W. H. Turner, of Millidgeville Club; A. P. Patterson, of the Renforth Club; with A. W. Covey, president of the Canadian Outing Association, who stated that as far as the committee could find out that there were no rules in the by-laws covering the situation and there was nothing to prevent a man from entering from one club to another in a club regatta, that the rules chiefly were for a championship meet.

W. H. Turner, of the Millidgeville Club, said he was quite satisfied with the explanation made, and at his request the protest was withdrawn, so the chairman of the oarsmen of the Renforth Club who came first in the race in question will be placed on the cup.

Mr. Power, of the Lorne Club, Halifax, thought that there were some sections of the by-laws that should be revised, and Mr. Chesley, of the St. John Rowing Club, was of the same opinion, and this matter caused considerable discussion. On motion the president was authorized to appoint two members from New Brunswick and two from Nova Scotia to look into the matter, also to pay particular attention to the grading of oarsmen and prepare a report. The president was authorized to appoint the members of the committee and the said committee were given power to act.

The Officers. The next business of the meeting was the election of officers, which resulted as follows: President, R. T. MacBreith, Halifax; first vice-president, J. C. Chesley, St. John; second vice-president, W. H. Wakely, Halifax; secretary, W. W. Hoyt, Halifax; assistant secretary for New Brunswick, F. J. Nislet, St. John; treasurer, W. W. Hoyt, Halifax. The executive is composed of the following: F. J. Power, Lorne Club, Halifax; J. W. O'Neill, St. Mary's Club, Halifax; J. E. Burns, Jubilee Club, Halifax; Councilor Walker, MacBreith Club, Halifax; F. R. Hart, North West Arm Club, Halifax; G. R. Forbes, Bannock Club, Halifax; W. H. Turner, Millidgeville Club, St. John; Elmer Ingraham, St. John Rowing Club, St. John; F. W. Coombes, Renforth Club, St. John; W. Ross, Pietou Rowing Club, Pietou, N. S.

YOUNG PITCHER GETS FORTUNE

Rader Must Go to College to Receive a Bequest of \$75,000.

New London, Conn., Aug. 29.—A neighbor's boy who had gained his admiration, largely because of ability as a baseball pitcher, will receive the bulk of the \$75,000 estate of Robert W. Hallan, retired Meriden Cutlery Company superintendent, whose will has just been filed here.

The instrument leaves \$10,000 in trust to a sister, who has died, and \$1,000 each to four nieces, \$6,000 each to the Rev. E. G. Reynolds, a retired minister of Glastonbury, and Floyd Robinson, who were friends of the deceased. To two neighbors is left \$500 each and to another, Mrs. Alice Pader, \$5,000 in trust.

The residue goes to Elmer F. Rader, aged 18, son of Mr. and Mrs. Geo. Rader, with the provision that he go to college. In the event of his death without issue it is stipulated that the money be divided among All Saints' Church, Y. M. C. A., Boys' Club, &c. Young Rader was graduated from Meriden High School last June, where he pitched on the baseball team. Mr. Hallan took a liking to the boy and cheered him frequently for his pitching, while Rader's little acts of thoughtfulness made a deep impression on Mr. Hallan and his wife. The latter died about a year ago, no children being born to the couple.

Young Rader's share of the estate will total nearly \$75,000 and will include the \$10,000 bequeathed to the sister who has died since the writing of the will. He receives one-half of the legacy now and the remainder in five years. His father is a factory employee.

E. ST. JOHN SCOUTS FOOTBALL VICTORS

The game of football which was to have been played last Saturday at the Edith avenue Sunday school-East St. John Community Club picnic, but was postponed, was played last night at East St. John. The contending teams were the East St. John Scouts and Community Club, the former winning by two goals to one. O. J. Lawson was goal tender for the winners, and Albert Lewis for the losers. The East St. John scouts are open to meet any troop in the city at football.

HEAVY LOSS IN NEWCASTLE FIRE

In a spectacular fire at Newcastle yesterday damage of \$75,000 to \$100,000 was done, a mill and a saw log destroyed, along with about 900,000 feet of sawn lumber and 1,000 cords of pulpwood, and the wharf of the C. N. R. was badly damaged.

The fire is supposed to have started from a spark from a passing tug. The mill had not been used for some time. The heat was so intense that several of the firemen were overcome for short periods and had to retire from the fight.

The principal losers are James Robinson, Millerton; the W. A. Haddon estate, joint owners of the mill; H. V. Berry, Fort Plain, New York; W. M. Mackay, St. John; Moses Schaffer, Blackville, and Charles Sargent, New-

MILLIDGEVILLE RACES GOOD

Rowing Championships on Kennebecas Produced Spirited Competition.

The maritime rowing championships on the Kennebecas river yesterday under the auspices of the Millidgeville Summer Club, were a success from many standpoints. A large number of enthusiasts motored to the scene and were given an aquatic treat. The events were all keenly contested and the time was good in nearly all of the races. One of the feature events was the single scull championship in which Hilton Belyea, former single scull champion, was pitted against Harry Giggie, one of the most promising young scullers in these parts. Hilton won quite handsily, but his youthful opponent put up a plucky fight and made remarkably good showing, especially when it is taken into consideration that he had to save himself for another hard race later in the afternoon. Hilton's time was 10 minutes and 48 seconds, which is considered fast for a single scull race of this nature, and also rowing against a strong wind and in choppy water. The junior championship was won by Grenville Ring of Millidgeville, with Willie Logan second and Grenville McCavour third. After the race, Logan or McCavour in the intermediate class, in which there is little competition, these two contenders did not extend themselves to win.

The girls' race, which was one of the features on the programme, went to Miss Helen Giggie who demonstrated that a girl can develop into a good sculler. This event evoked considerable applause. The Millidgeville Summer Club entrants made a sweep of the events carried, excepting the senior singles. The officials handling the meet were: referee, R. T. MacLeith, of Halifax; starter, Peter Clinch; judges, John E. Burns, J. Fraser, George W. Coombs, J. C. Chesley, W. W. Hoyt and Walter Logan; clerk of the course, Elmer Ingraham; announcer, William Case; judge at turn, Burton Seely.

**Senior Singles.**—First, Hilton Belyea, St. John Rowing Club; second, Harry Giggie, Millidgeville Summer Club. Time, 10 mins., 48 secs. **Boys, 16 years and under, single.**—First, W. Logan, Millidgeville Summer Club; second, R. Brayley, M.S.C.; third, H. Herrington, M.S.C. Time, 12 mins., 10 and 2-5 secs. **Four-oared crews, McLellan Cup.**—First, Millidgeville, R. Brayley, Tippetts, J. McLennan, R. White, The Renforth crew, Price, Gann, Dalton and Nae, were disqualified for fouling. Time, 11 mins., 57 and 4-5 secs. **Girls race, single shell.**—First, Miss Helen Giggie, Millidgeville; second, Miss Jean Giggie, M.S.C.; third, Miss O. Gregory, M.S.C. Time, 6 mins., 2 and 2-5 seconds. **Junior four-oared Maritime championship.**—First, M.S.C. crew, Grenville Ring, Harry Webster, Robert Irvine, George White, second, St. John Rowing Club, McLennan, G. Tippetts, W. McKennie, E. White. Time, 11 minutes, 24 and 2-5 secs. **Junior singles, championships.**—First, Grenville Ring, M.S.C.; second, W. Logan, M.S.C.; third, G. McCavour, St. John Rowing Club. Time, 12 mins., 4 and 2-5 secs. **Four-oared shells.**—Fulton Cup—First, M.S.C. crew, Harry Webster, Irvine, White, R.K.Y.C. crew did not finish. Time, 12 mins., and 40 secs. **Single shell, 21 years and under.**—Rex Memorial Trophy—First, Harry O. Giggie, M.S.C.; second, G. McCavour, St. John Rowing Club. Time, 10 mins., 48 secs.

In the yacht race, many of the entries failed to turn up because of the foggy conditions and only two yachts competed. The Mist, owned by Harold Hooper, won by a lead of ten minutes from the Old Glory, owned by Stephen Bastin. The time was 1 hr. 28 min. over a course eight long which was sailed from Millidgeville to Sandy Point on the Kennebecas and back. A very handsome cup was awarded the winner. There were six entries in the dingy race and the race was close throughout. It was sailed over a triangular course of three miles. The three first in the race were as follows: First, Tut Tut, owned by E. N. Herrington; second, Winnifred, owned by the McAulley Brothers; third, Mosquito, owned by H. O. Webster. A very fine trophy was awarded to the winner of the race. The prizes were presented to the winners at the dance at the Club House in the evening by J. Fraser Gregory. There were speeches at the presentation and general congratulations for the winners.

**DRIVER UNAWARE OF VICTORY UNTIL THREE DAYS AFTER RACE**  
Cleveland, Ohio, Aug. 29.—Wet Mallow, a Cleveland reins man, drove Peter Oliver to victory in one heat during the present Grand Circuit meeting at North Randall, but he remembers nothing about it. Backers of his mount probably will never forget it though, as a \$2 mutual ticket on the Michigan-owned horse paid \$129.40. Had Mallow not been fined \$50 by starter Steve Phillips for scoring in front of Frisco Jones' pole horse, the chances are that Mallow would still be in ignorance of his feat. The story was told when Phillips was called on to verify the assessment of the fine. Peter Oliver was one of five horses to go down in a split two in the first heat of the 210 pace Wednesday.

**GETS DECISION.**  
Boston, Aug. 29.—Frankie Genaro, American flyweight champion, received the decision over Bobby Wolgast of Philadelphia, in a 10-round bout here last night.

THE LITTLE-KNOWN 'HILLGRAMITE'

Ever see a Hillgramite? It is a bug. It is good bait for bass. It is carnivorous and is commonly found under stones in streams. Wasn't you grown? It leaves the water and becomes a pupa, and after a month changes into an adult insect. The larval stage lasts nearly three years. The adult insect is known as the Dobson fly. One of these insects was found the other day by Herbert Butler of Waterville and only one man could be found in that city who knew the breed. The insect caught by Mr. Butler was about three inches long from the tip of his abdomen to the tip of his wings, but themselves measuring about two and one-half inches. The body was about two inches long and was supported by six legs, three on a side. The head was flat and wide and the jaws resembled those of another young woman from side to side instead of up-and-down. At the time he was captured the fly had a spider in his head. The insect isn't often seen in Maine.

ITALIAN FIGHT FANS HURLED POP BOTTLES AT OFFICIALS OF BOUT

Rome, Aug. 29.—Ten thousand spectators in the national stadium saw the Italian heavyweight fighter, Mariano Barbaresi, knock out Ernst Rosemann, a German, in the fifth round of what was to have been a 15-round bout. During the preliminaries to the main bout the spectators became enraged over a change in the programme made known by the official announcer, and for the first time in the history of a sporting event in Rome pop bottles in great numbers were hurled at the officials. The announcer fled from the arena.

PLUNKETT, 17 YEARS OLD, WINS TITLE AND MAKES HOLE IN ONE

New London, Conn., Aug. 29.—A hole in one featured the final round of the Connecticut Country Club championship here when William B. Plunkett of North Adams, Mass., defeated Graham Jones of Hartford by 2 and 1 in 86 holes. Both of the finalists were 17 years old. Plunkett had a lead of one hole after the morning round. The sensation came at the 162-yard sixth, when Plunkett's tee shot dropped dead to the cup and rolled in.

OPERA HOUSE

THE STORY OF A GOLD PIECE. In 1840 an attractive 10-year-old girl brought to Boston to visit a rich uncle who had just returned from European adventures, received from him a pocket watch which she kept it as an heirloom. When she died 75 years later she gave it to a favorite niece, who continued to keep it as a memento. It has recently been passed into the hands of another young woman whose father-of-a-practical turn of mind—said: "That gold piece has been losing long enough. We will put it to work." And so he deposited it in the bank, but before doing so he consulted that six percent interest, a sum which would have been possible on measurably good investments for most of the period, the original gift would have amounted at this date to over \$1,000. The world is served by those who put their gold to work rather than by those who hoard it. As soon as it reached the savings bank it went out on a mortgage, helping to employ carpenters in building a house, and had its prospective occupant in having one of his own. The gold in this way was making opportunity, contributing to civilization and progress at every turn. The only money which is not making work is the money which is hoarded. Keep your possessions employed if you can. Let them perform their part in the world's great undertakings.

WORLD SERIES ON OCTOBER 9 OR 10

That is Plan if Yanks and Giants are Pennant Winners.

New York, Aug. 29.—This year's world series between National and American League champions will start on Oct. 9 or 10, according to present plans. The major league season, closing a week later than in 1922, is scheduled to end Oct. 7. Should both New York clubs maintain their places at the top for the third successive year, the annual title struggle probably will begin Tuesday, Oct. 9. In the event either or both are displaced, however, and the championship teams separated by a greater distance, the series likely would start Oct. 10. During the preliminaries to the main bout the spectators became enraged over a change in the programme made known by the official announcer, and for the first time in the history of a sporting event in Rome pop bottles in great numbers were hurled at the officials. The announcer fled from the arena.

The need for a large attendance from St. John and ways and means of securing this were discussed.

MAY BAN PARKING OF AUTOS THERE

Commiss'r Thornton Speaks of the Crowded Part of Union Street.

In connection with a suggestion that Union from Charlotte to Waterloo streets, be made a one-way street, Commissioner Thornton said today that he doubted if that would be feasible, but that he had in mind in view of the narrowness of Union street, the forbidding of all parking of automobiles along that street from Prince Edward to Germain street, thus maintaining a moving traffic all the time. The commissioner said that he hoped to have the safety lanes in King street and Market Square marked out this week, before the exhibition rush of travel commenced.

NEARLY 300 WENT OUT ON DINGLEY

St. John People Away on Trips—Vet. Ball Players Leave.

It was estimated that nearly 300 passengers sailed this morning on the Eastern Steamship liner Governor Dingley for Boston. Included in the number were a bride and groom, baseball players, medical men, and tourists who had been in the Maritime Provinces enjoying vacations. Among those who sailed were—

Richmond L. Granman and his bride, en route to the U. S. on their honeymoon. Dr. and Mrs. W. J. Kennedy, who were here on a vacation visiting relatives and friends and who are returning to their home in Boston. Dr. and Mrs. William Cogger, who were here visiting Dr. Cogger's father, Thomas Cogger, Rockland road, and who are returning to Boston.

Mrs. H. B. Warwick of Boston, who was visiting her parents, Mr. and Mrs. John O'Pray, East St. John. Miss Florence Hotchkiss and Miss Frances Weaver of New Haven, who are visiting Mr. and Mrs. George W. Gaynor, Millidge avenue, and who only recently returned from an enjoyable fishing trip to Victoria Lake.

Miss Smith and Miss Atkinson of Lawrence, Mass., who had been visiting friends in this city. Walter Campbell of Boston, who had been here on a visit to his sister, Mrs. Morton L. Harrison, who is quite ill at her home in Celebration street.

Rev. Father Cronin of Holy Trinity church, who went to Boston on a vacation. Mr. and Mrs. John McElroy of Providence returned to their home. Mr. McElroy was a member of the G. W. V. baseball team in the Two-League. James Gillen, catcher for the G. W. V. team, and Thomas Council, one of the pitchers, also left. The last mentioned is en route to his home in North Attleboro, Mass.

PAID TAXES BETTER THIS YEAR THAN LAST

The amount of money received this year from the citizens in payment of taxes during the discount period was about \$20,000 greater than it was in the year 1922, and the percentage of the total levy was a little more than one per cent. better than last year. The amount of cash taken in was \$1,247,963.74; the amount taken off by the five per cent. discount was \$66,645, making the amount received on the levy \$1,314,608.29, which is 77 per cent. of the total assessment.

As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "there has been an election in Ireland." "How many heads was broke?" queried Hiram. "The hospitals," said the reporter, "are not reported any congestion at all." "Must be some mistake," said Hiram. "Them there Irish fellers couldn't get no fun out of it, onless they had a ruction o' some sort. I mind a feller from Limerick that used to get corned an' then trail his coat in front of the crowd an' dare anybody to tread on the tail of it. He'd rather have a black eye than a noo suit—he couldn't close some other feller's peepers. An' a quieter feller you never seen when he wasn't takin' a few. Maybe the women votin' has made a change. But they got some women fighters, too—haint they? I callate maybe when the men seen the way some of 'em was goin' on they'd feel like goin' away an' settin' down somewhere. Well, sir—I hope old Ireland is goin' to show the world she knows how to use the ballot as well as she ever did the shillab-yee, sir."

SOON TO AWARD SCHOLARSHIPS

Beaverbrook Board to Meet in Few Days—St. John Applications.

The Board of Governors of the Beaverbrook Scholarships will meet probably in St. John, late this week or next to award the scholarships open this year. Five will be allotted, making the full complement of twenty founded by Lord Beaverbrook, formerly Max Aitken of New Brunswick. Those to whom they are awarded can attend any university in Canada that is non-sectarian, except in the event of a theological course being provided, in which case the scholar can attend a sectarian institution. Mr. Justice Crockett of Fredericton is chairman, with F. B. Ellis and Hon. Wm. Pugsley of St. John the other members, and S. D. Simmons of Devon, secretary.

HILTON BELVEA ON BIRTHDAY EVE

Famous Local Oarsman will be Thirty-eight Years Old Tomorrow.

"I will be thirty-eight years old, if I live until tomorrow," was a statement made to The Times this morning by Hilton Belyea, champion single sculler of the Maritime Provinces and former Canadian champion, Hilton has defied the ravages of "Father Time" and in his race on the Kennebecasis river yesterday demonstrated his sturdiness as a sculler. Despite a strong wind and choppy water he went over the mile and a half course with a turn in the remarkably fast time of 10 minutes and forty-eight seconds. In 1921 he covered the same distance in 9 minutes and thirty-six seconds, but on that occasion both the water and weather conditions were ideal. Had he pressed yesterday he could have cut many seconds off the time. The old adage that "youth must be served" seems all wrong where Hilton is concerned. His host of admirers in this city and elsewhere will unite in best wishes to him on the anniversary of his birth.

FEAR CHEFALD WILL NOT RECOVER

Performer Who was to Do Thrill at Exhibition Here.

H. A. Porter, manager of the exhibition, this morning received a copy of a newspaper from Providence, R. I., containing an account of an accident in which Chefaldo, an Italian who was to have done the loop-the-loop stunt at the exhibition here next week, received injuries in the performance of his act which may result in his death. He is in a Providence hospital. One part of his act consisted in running down a runway to get the impetus necessary for the loop. In which Chefaldo was the machine in which he was making the dash got out of control and was pitched over the ground with terrible force and sustained very serious internal injuries. There is little hope for his recovery. His act had excited much wonder wherever put on. Chefaldo was the only man doing the act at the present time. He has a wife and three children. Every effort is being made to replace the unfortunate performer with someone who can give an equal thrill.

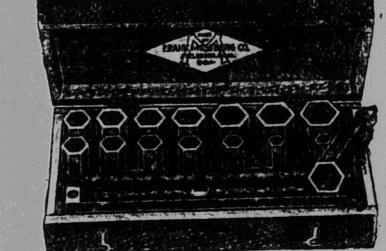

WEST SIDE WATER SUPPLY The water was turned into the section of the 36 inch concrete pipe between Robertson's and Manchester's corner, yesterday for the first time since the repairs were begun. About six hours were required to fill up the pipe. The section from Robertson's to Spruce Lake was shut off and three leaks which had developed in that section Commissioner Wigmore said would be repaired. This work would require about ten days and then the West Side residents would get the full benefit of the new main. Asked about a reported shortage of water in Lancaster yesterday the commissioner said that for a short while the water was being turned into the big main the pressure was low but was soon back to normal.

HEAVY RAINFALL A report from the Meteorological Observatory this morning said that one and a quarter inches of rain had fallen in the city up to 11:20 o'clock. The storm broke a little after 5 o'clock, but the rain was not heavy until after 8 o'clock when it came down in torrents. The indications were for heavy showers throughout the day.
