DAMAGE NEAR MIAMI MORE THAN \$150,000

Many Houses Are Flattened by Giant Wind Cone

URNS SEAWARD

Three Die and Several Injured When Twister Hits Roadhouse

By Canadian Press. MIAMI, April 6.—Four persons were dead today, and 23 injured, as a result of a tornado which swooped down from the Everglades yesterday and caused \$150,000 property damage before it vanished into the Atlantic.

Most damage was at the White Bell Dairy, six miles west of Miami, where Mrs. Mathilda Schultz, 70, was killed, several injured, and six buildings demolished before the twister arose to strike again at the Westwood Inn, a roadhouse near Little River. Three died there, John Wadlin Simpson, S. P. B. Sullivan and Mrs. John Simpson. Several were injured.

HOUSES SHATTERED.

After crashing through the building at the Dairy, the giant cone played about for a moment, and four small dwellings, a garage and the mess hall were ruined before it swept out. A mile and a half further on, it pounced on Elizabeth Park. Ten houses were splintered there. The tornado then shifted to the eastward.

It bounded along, swooping downward, to snap off trees, carry away a house or barn, or tear roofs from others. On one of these rebounds it wiped out a home and everything in it, including the roofs of several other buildings. A mile and a half west of Little River it tore through the brick wall of another structure.

Several other houses were demolished in Hialeah Park before the tornado rose and headed seaward.

Commissioner Frink Recalls Resolution Fixing Site of W. C. T. U. Monument

The location of the proposed War Memorial was discussed this morning by the members of the City Council, but no decision was arrived at. The opinion was expressed by Commissioner Bullock that if the consent of the Provincial W. C. T. U. for the removal of the drinking fountain was secured, the wishes of the committee to have the memorial placed at the head of King street should be met.

Mayor Frink said he was still of the opinion that a trust had been imposed on the city fathers when the drinking fountain was given to the city, and this trust should not be violated.

The matter was brought up by His Worship, who referred to a telegram received from Mrs. Effie Bruce, Campbell, president of the Provincial W. C. T. U., saying that she was still of the opinion that a trust had been imposed on the city fathers when the drinking fountain was given to the city, and this trust should not be violated.

REFUSE TO SEND THEIR CHILDREN TO B. C. SCHOOLS

Dukhobors Claim Laws Contrary to "Law of God"

REWARD OFFERED

\$3,000 to be Given For Proof of Responsibility For Veggie's Death

NELSON, B. C., April 6.—Twenty-five hundred Dukhobors in mass meeting at Brilliant yesterday, declared Inspector Dunwoody, of the Provincial Police, and School Inspector Sheehan, that they would not send their children to school.

Messrs. Dunwoody and Sheehan told the meeting of the definite intention from the Attorney General and Minister of Education, that the law must be enforced.

The refusal was definite and categorical. They would not obey the school laws of British Columbia, the Dukhobors said, because these laws were contrary to the Dukhobors interpretation of the laws of God.

Office Reward

Educated people, they said, were responsible for the death of Peter Veggie, which Inspector Dunwoody reported that if they could prove who had been responsible for Veggie's death, he would see that within two days of the production of such proof they would be paid the reward of \$3,000 which was offered.

Question is put of two later the question was put to the whole mass—"Will you obey the school law?" and from the crowd came the chorus in business "No," the loudest response being from the women, who frequently during the meeting, showed ever more clearly than the men, their determination not to send their children to school.

Eldridge Eastman, seasonal colored sprinter of more than 20 years ago, near the centre of the Grand Camp of the Trail Rangers of St. John, held in the Y. M. C. A. a business meeting last evening. Mr. Eastman proved a very interesting speaker and gave the boys wholesome advice regarding their careers.

After recounting his career on the chidpath he gave as a reason for his success purity of mind and body. He had remembered the teachings of his old home folks and what he had heard his preachers say.

Eldridge gave a sketchy recital of his travels in foreign lands, including a visit to the Holy Land. "Remember thy Creator in the days of thy youth," was his parting admonition.

The Trail Rangers held an athletic meet in which the combined camps of Zion and Emmanuel Methodist churches came out the winners, scoring 18 points. St. David's Presbyterian came second. The competing groups were St. David's, Emmanuel street, German street Baptist, Zion, Douglas avenue Christian and Ludlow street Baptist.

The Evening Times-Star

The Evening Times-Star printed at 23-27 Canterbury Street, every evening (Sunday excepted) by New Brunswick Publishing Co., Ltd., J. D. McKenna, President.

SAINT JOHN, N. B., APRIL 6, 1925.

THE CALM VIEW.

The Prime Minister of Great Britain believes that the people of the United Kingdom should achieve peace and brotherhood at home before they devote their energies to bestowing those blessings upon the troubled people of other countries.

What is going on in England is not so much a struggle between ideals, as a struggle between men to achieve the ideals which are common, more or less, to all thinking men who wish their country well.

I think one of the difficulties which the labor leaders must have to contend with is that while to a great extent their members are in sympathy with their aims, they are perhaps more closely in touch with the harsher realities of life than are the members of any other party, yet in their speeches and proposed remedies they seem to be far more remote from the real problems than the members of the other parties.

It is essential that brotherhood at home should be attained before we can achieve successfully for that wider brotherhood which we desire as much as the members of the labor party.

The party which Mr. Baldwin leads has reactionary wings, but in the main it has been greatly liberalized during the last ten years, and particularly during the last five.

He knows that domestic peace does not come from embracing theories and passing resolutions, but that good-will must be shown in the lives and actions of the people.

TO PROMOTE UNITY.

All over this country of late there has been much discussion about the need for increased Canadian unity and co-operation.

A natural development under the circumstances is the organization of a Confederation Club in Montreal, with two purposes chiefly in view: the fostering of a national Confederation spirit and the analytical study of national problems.

"Are we the people of Canada, going to write the word 'failure' across Confederation? We are going to prove to ourselves and to the world that the vision of the Fathers of Confederation was an idle dream impossible of being translated into a reality."

"I am not an alarmist, but no intelligent man can look the facts of our present national situation in the face and fail to realize that if we continue on our present course, we are going to do these two things: To-day, the Canadian people are face to face with these two questions, to which they will be forced to answer 'yes' or 'no' within five years."

"We have the problems of racial discord, of our vast distance transportation, of our financial situation, of our national resources, of the tariff, a small population. But what are the facts? We have not the full facts about any of our problems, and until we have these facts the problems will remain unsolved, and the country will continue in its depressed and divided condition."

The questions he asks are being asked in substance by many people in Canada to-day. In order that depression and division may be removed there is need of the better understanding of problems in every section of Canada which the Confederation Club is to strive to bring about.

The 2,500 Doukhobors who held a mass meeting in British Columbia yesterday and defied the provincial police and the government by refusing to send their children to school constitute a most troublesome problem.

The Governor of Maine seems to be afraid that New Brunswick is going to harness the Saint John river to the disadvantage of the people of his state.

The next hearing before the International Waterways Commission will probably dissipate his fears.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Waitress."

The Vanishing Husband

The other day a woman shot her husband because he refused to dance with her.

Eight or ten years ago the veteran Joseph Cawthron, appearing in some show at the Illinois which we recall was starred with Donald Brian and Julia Sanderson, touchingly sang a song with the refrain, "I can dance with anybody but my wife."

That sentiment has been the sincere feeling of many a husband since time whereof the memory of man runneth not to the contrary.

There once was a time when the word "husband" was synonymous for something else than "victim." There was a time when a husband was a word to be feared.

Besides, several people living there must be given notice to move."

I gave her everything I could think of to relieve her, but nothing seemed to do her any good, and she was not getting any better. I was advised by a friend to try DR. WOOD'S NORWAY PINE SYRUP. I did so, and after giving her a few doses I saw good effects so I kept on with it. I gave her two bottles, and her cough soon let her, and now she is well as can be. I cannot praise Dr. Wood's enough; it is certainly a wonderful medicine."

Blankets will not shrink if washed this way—

To keep your blankets soft, fluffy and unshrunk—wash them in Lux. Blankets of fine wool, wool nap, wool and cotton—you can trust them all to the gentle Lux suds.

Wash blankets this way:
A rich live suds is essential throughout the washing of blankets. To obtain this, use two tablespoonfuls of Lux to every gallon of water in the washing. Dissolve the Lux thoroughly in very hot water, whisking it into a thick suds. Add cold water until lukewarm. Put the blanket into the rich suds, souse it up and down, and squeeze the suds through the entire blanket. If suds die down, add more Lux, taking care that it dissolves before you put the blanket in again. Press the suds through the soiled spots if any, but never rub the blanket. Rinse in three or more lukewarm waters, of the same temperature as the suds. Fold evenly, run through a loose wringer and hang dripping. Never wring tightly. Pull gently into shape at intervals when drying. Do not expose wet blankets to extremes of heat or cold.

Ordinary common bar soap or chips shrink wool, and coarsen and yellow it. Lux is mild and pure, and entirely free from any ingredients that could harm or shrink wool fibres. Lux keeps your blankets like new.

Keep the Children in Hurlbut's Until They Reach Maturity

THE foot of a child continues to grow and develop until the child reaches years of maturity. What that development will be depends largely on the selection of footwear through the intervening years. It is a mistake to start young children with shoes which are correct and helpful to normal growth, and then be indifferent to the principle of correctness when the larger sizes are required.

Hurlbut Cushion Sole Shoes for the younger children have long been recognized as the standard by which shoe values are judged.

Hurlbut Cushion Sole Shoes for misses, growing girls, youths and boys embody the same principles that have brought recognition in the smaller ranges. They give room to grow for every toe and encourage normal foot development until the child is ready for adult sizes. They are now obtainable in the following ranges:

LLOYD HAHN RUNS MILE IN 4.19 AT BIG INTERNATIONAL MEET

TRACK RECORDS ARE SMASHED AT HAMILTON MEET

Mile, High Jump And Relay Marks Are Bettered

HAMILTON, Ont., April 6.—Several Canadian indoor track records were smashed at the international meet of the Central Collegiate at the armories here Saturday night.

Ray Dodge, Illinois Athletic Club, clipped nearly four seconds off the 600 yards record when he ran the distance in 1:14.4. H. G. Aylwyn of Hamilton was second, and C. P. Pickard of Hamilton third.

Runs Mile in 4.19

Lloyd Hahn, the Boston star, who has been chasing Nurmil to records for the last month, stepped a mile in 4.19, clipping 15 seconds from the record of Dave Griffin, Hamilton, made earlier in the night in the mile race open to Canadians. Dodge ran against the Boston man, but finished far behind him.

Harold Osborne, of the Illinois Athletic Club, broke the Canadian high jump record with 5 feet 11 inches, but in an exhibition leap, later, cleared 6 feet 3 1/2 inches. He also broke the Canadian pole vault record with 11 feet 4 inches.

New Relay Record

The Hamilton Collegiate Institute defeated the Lafayette High School of Buffalo in a mile relay in 3:25.2.5. In the one mile special, between Hamilton and Lafayette, the former won in 3:46.4.5, a new Canadian record. Hamilton outscored the Buffalo team in the dual meet, the total points being: Collegiate, 48; Lafayette, 25.

Jack Kay, of Toronto, established a new Canadian record for the two miles, covering the distance in 8:39.1, which is 11 2/5 seconds faster than the mark set by Eddie Ray, of Hamilton, three years ago.

Taborski Clinches Championship of Professional Pocket Billiard League

NEW YORK, April 6.—F. J. Taborski will be the next professional pocket billiard champion. This was made a mathematical certainty over Connonan at both ends of a doubleheader at the Fourteenth Street Academy, while E. R. Greenleaf, 1924 champion, was losing his match in Philadelphia to Edwin Rudolph, also a former titleholder. In the evening game Taborski won at 100 to 49 in 18 innings with a high run of 37, while Connonan got the most of his score in one inning of 42. At night, the score was 100 to 43 in 18 innings, with Taborski scoring a run of 32, while Connonan's best was 10.

Babe Ruth Crashes Two Home Runs Into The Suburbs of Chattanooga

Along The Sport Trail

By RAY HANSEN

TODAY Clarence "Quip" Moore was due to don his baseball uniform and show his wares to the management of the Worcester team of the New England League. Saint John fans realize that Moore is a good ball player, a clever fielder, a dangerous hitter and a fast runner, but it will be up to him to show these qualities to the moguls, who are giving him a tryout. Only those who have participated in sports, and especially baseball, realize what a handicap the local boy is under. He left here without a chance for a workout and will have to take his place on the field with a score of others, many of whom are better than he, who undoubtedly have been getting in some work in their warmer climate. It is only natural that with training will come some stiff muscles, which will undoubtedly slow him up. If he is only fortunate enough to get away to a good start he should make the grade, but if the breaks are against him he may have a difficult task holding on. Moore is a quiet likeable chap and many friends will unite in wishing him success.

THE badminton tournament, which was held in the Armories, was undoubtedly one of the most successful ever staged in this city. There is no denying that the winners won on their merits, but many of those eliminated early in the series showed sufficient ability to land them either in the semi-finals or finals. They lacked one important essential—condition. Badminton is a hard and strenuous game and like any other sport requires consistent training to get the muscles and wind in trim to stand the hard grind. One striking example of this was seen on Thursday evening when one of the younger players won a bitterly contested match and was forced to go right on playing without a rest. He put up a great fight but was so weakened from his former efforts that he was eliminated by a player not considered in his class. Many athletes scoff at training, but as a general rule they rarely climb very high up the ladder of fame. Once a man's wind goes his strength and science disappear with it and that is why training is so essential.

IF efforts of Floyd Fitzsimmons, matchmaker of Michigan City, Ind., are successful, wrestling fans there are soon to see one of the great bouts staged since the memorable contest in 1911 between Frank Gotch and George Hackenschmidt, the famed "Russian Lion." The promoter has already signed Ed. "Strangler" Lewis and is now seeking the signature of Wayne Munn, heavyweight champion. He is offering a purse of \$60,000 or the privilege of 60 per cent of the gate receipts. Fitzsimmons believes that the bout will attract sufficient fans to bring in a return of \$350,000. He may have a hard job getting Munn's signature to a contract for it is doubtful if the present champion will want to risk his title with a man of the "Strangler's" ability. While it is true he won the title from him he apparently realizes that if ever his head gets caught in that vice-like grip, which Lewis specializes in, his crown will be sure to topple off and part of his head may go with it. He threw Lewis out of the ring the last time they met, but he must realize that he will have a hard time to duplicate the trick and still retain his title. Munn is exceptionally strong, but by no means the cleverest wrestler in the game.

WILL the White Sox be the "dark horses" of the American League this year, is a question now going the rounds. Many experts feel that Eddie Collins, the new manager, may emulate "Bucky" Harris in instilling good spirit among his players. The White Sox are a young ball club with an exception of four players, Collins, Ray Schalk, Red Faber and Harry Hooper. Collins has been a major leaguer since 1907, Schalk has been a big league batter since 1912, Faber has been with the Chicago team for many years, while Hooper has been in the big show since 1909. This quartet should give the team balance, while the younger players should supply the "pep." Collins will undoubtedly get the most out of his players, but a lot will depend on his pitching staff.

PAAVO NURMI WINS RACE IN MONTREAL

Made Fast Time in Special Race Ritola and Frigerio Also Win Events

MONTREAL, April 5.—Paavo Nurmi, premier Finnish star, and holder of some 30 odd world records, made his Montreal debut on Saturday night in the mile and three-quarters special, the feature event of the provincial indoor championship held here.

Nurmi's time for the distance 6:09.1-3 was 18 seconds off the world record, but it was a smart performance considering the lack of opposition and the nature of the track—12 lap to the mile circuit.

Ritola Was Second.

Wille Ritola, who was the second half of the Finnish Olympic team with Nurmi last summer at Paris, won the three mile special event. He gave four and then in full stride, set out in consistent style to overhaul his two most likely rivals, Edouard Fabre, veteran Marathoner, and Gus Ladriere. The latter made a game fight, but was run into the boards by the well-timed race of the Finnish athlete.

Close Walking Race

The five mile walking race in which Ugo Frigerio, of Italy, Olympic champion, and Phil Granville, of the Canadian Olympic team last year, staged a grueling battle of sixty laps around the track, and which had as its climax a terrific last-lap sprint by Granville, which cut down a 30 yard lead held by Frigerio and resulted in the Italian winning by a half-breath. The time of 35:42.4 shattered completely the Canadian record.

INDOOR TENNIS

Official Opening of Courts Will Take Place in The Arena Tonight

Everything is in readiness for the official opening tonight of the indoor tennis season at the Arena and a good start for this new project is practically assured. Most of the hours between 7 and 10 o'clock, the time when the big hall will be in use, have been booked by local players who are anxious to beat the season by a month or so, and to get their eyes and arms in shape for the summer.

CIRCUIT DRIVES FAIL TO HELP HIS TEAM WIN

Jinx Follows Johnson—Boston Teams On Way Home

NEW YORK, April 6.—Although Babe Ruth painted two balls among the suburbs of Chattanooga, Tenn., yesterday, the Yankees absorbed a thorough drubbing from the Brooklyn Dodgers, 13 to 6. The result put the National League entry in the present series on the long end of the test up to this time, six games to five.

Diamond Cuff Links.

Jimmie Johnson responded to the time-honored demand of Hero Day jinxes by making three errors at short after receiving a pair of diamond cuff links from Chattanooga fans, but he took the edge of his bat play in the field by collecting a brace of singles.

The Giants passed through eleven delicious innings at Memphis with the Chicks, tying the Southern League club, 11 to 11.

Are Northward Bound.

Both Boston major league teams are now northward bound. The Red Sox from their New Orleans grounds, have ventured as far as Louisville, where they won a five to four game, squaring the series.

The Braves left St. Petersburg yesterday and are scheduled to show their teeth against Rochester in Savannah today.

Anderson of New York, 6-3, 6-4, 6-0, in the final round of the tournament.

Are Defeated by Pawnees of Moncton in Play-off For Provincial Title.

MONCTON, April 5.—Before one of the largest crowds to witness a basketball game in this city, the Pawnees of this city defeated the Trojans of Saint John Saturday night in St. Bernard's gym, by a score of 34 to 17. This was the first of home and home games for the intermediate championship of the province.

Jack Dempsey Only In Two Fights Since 1921

Since Jack Dempsey whipped Georges Carpentier in the "battle of the century" in 1921, the heavyweight king has had but two fights. One was the 18-round affair with Tommy Gibbons and the other the two-session sennate with Luis Firpo. Both of these clashes were staged in 1923.

WALTER JOHNSON was slated to try his hand at baffling the Giants when the Senators resumed their spring series with the National leaders at Memphis. Dutch Reuther was named to share the pitching burden. The champions took the second game yesterday from the Mobile Club, 5 to 3, but they worked under a slim margin all the way, and were held to six hits.

A valuable addition has been made to the collection of Saint John and vicinity, in the importation by M. T. Morris of the noted collie bitch "Bell Beauteous Princess." Mr. Morris was able with great difficulty to procure this fine specimen from her owner Mrs. F. B. Ilich, of Belhaven Kennels, Red Bank, New Jersey. "Bell Beauteous Princess" is a large golden sable with magnificent white centre markings, and carries a huge coat. Princess was very successful on the show bench in the States taking winners at New Haven, Conn., from a large entry list.

Saint John Firms Who Tailor Up Safest Cloth

HONEST ADMIRATION prompts this praise of the Saint John competitors of the Triple C Tailors. Go to any one of the Tailors named below for safe cloth. Without safe cloth you cannot make safe Suits. Every one of these Tailors knows this well. Every one of them tries to sell the safest qualities, making price a secondary thought. They believe in making clothes up to a standard instead of down to a price. They are all entirely Saint John institutions, providing employment for Saint John men.

It is with pleasure that the Triple C Tailors point this out of their competitor. And they may add that in taking an order the Triple C always give credit where credit is due, but make no comparisons.

DEDICATION, CONFIRMATION BY BISHOP HERE

Organ Chimes Are Played Following Ceremony in Trinity ANNIVERSARY OF SALVATION ARMY Special Events in Some of City Churches on Sunday.

A congregation greater than the seating capacity of the church attended the deeply impressive service in Trinity church yesterday morning when His Lordship Bishop Richardson administered the sacrament of confirmation to a class of 40 presented by the rector, Rev. C. Gordon Lawrence, and officiated at the solemn dedication of the organ chimes presented by G. P. B. S. Coupe in memory of G. P. B. S. Coupe, Mr. and Mrs. R. E. Coupe.

The inscription of the tablet which gives the organ history is as follows: "To the glory of God and in grateful memory of Charles Merritt, a vestryman of this church, died Feb. 27, 1874, Erected Jan. 22, 1882. Rebuilt and enlarged 1906. The organ chimes in memory of Robert Edward Coupe, Nov. 23, 1921; also his wife, Sara Elizabeth Wood, July 10, 1916. The gift of their sons."

His Lordship Bishop Richardson spent yesterday in the city and will remain here until Wednesday. Last night he was the preacher at Trinity church and delivered a most appropriate Holy Week message.

Large congregations attended the 40th anniversary exercises of the Salvation Army held yesterday. The anniversary exercises began on Friday afternoon with an open-air meeting in King square.

A public meeting in the citadel in the afternoon was presided over by His Worship Mayor Poits, and attended by many leading public men, including Commissioners Bullock and Wigmore, and L. P. D. Tilley, who were seated on the platform.

New Leading Lady at Opera House Was Born To The Stage

Although she has been here but a week, Miss Hazel Shannon, leading lady of the F. James Carroll Players, has demonstrated the fact that she is an actress of finished artistry, possesses a charming voice and character, is pretty and graceful, and promises much in her enacting during the balance of the present season.

Miss Shannon's acting is that of an experienced artist, for, being the daughter of a showman who has been in the profession for more than 20 years, and her mother with almost a long theatrical career, she was born on the road and made her first appearance before the public when but three years old—as Lillian Waterman in From Frodo, in which her parents were starring.

Her more recent engagements included 33 weeks in stock at Evansville, Ind.; four months at Fort Wayne, Ind.; two seasons as leading lady at the Garrick Theatre, Milwaukee; one year in Toledo, and, just before coming to Saint John, was leading lady with a company playing the Warburton Theatre, Yonkers, N. Y.

SENDER WORD HERE OF CAPE BRETON NEEDS

Gloucester Clergyman Gives First Hand Information of His District

From the letter of a clergyman in Gloucester, N. S., acknowledging receipt of a cash contribution from this city it is learned that on Saturday, March 28, the weekly dole of relief in food was sufficient to sustain 1,817 families for three days, a total of 9,690 people.

These figures convey some idea of the number of people, children particularly, the relief organization is caring for in one strike district. They represent only the Gloucester section.

WILL ENTER MINISTRY. J. A. Linton, of the school-teaching staff of East St. John, was formally forewarned at the close of the communion service in Central Baptist church last evening.

GIRLS TO GIVE BATTLE. The Rovers' basketball team of the Y. W. C. A. will battle for the provincial championship in this city this week, playing against the Moncton girls, who have cleaned the slate of all opposition in the eastern section of New Brunswick.

CHILDREN HAVE SERVICE. The Louise Lewin Leman Band held a devotional meeting in the parlor of the Fairville Methodist church yesterday afternoon with Mrs. Arthur Long in charge.

TAKE NO SIDES. The letter went on to explain that the relief workers were strictly ignoring all phases of argument which have entered into the labor trouble, and are proceeding with their work upon purely humanitarian lines.

WOMEN'S CHURCH SERVICE. Loyalist Temple, Pythian Sisterhood, No. 13 of North End, will observe its fourth anniversary on Sunday, the 19th of this month by a church service in the Main street Baptist church at which Rev. Geo. B. McDonald of the Victoria street church, will be the preacher.

Manford Fisher Saves Younger Boy From Death at Indiantown

Stanley Beesley, son of Joseph A. Beesley, 39 Bellview avenue, Indiantown, was saved from drowning at the lumber piles of Sleson & Cutler's mill, Spar Cove, on the riverfront, after supper last Friday evening by Manford Fisher, aged 15, who lives nearby.

Young Beesley is at present laid up in the house with a sprained ankle, which is supposed to have resulted from his frantic efforts to save himself when falling from a 20-foot board pile into the stream.

A group of boys were playing on the lumber. As the wharfage there is merely a trestle and abutments, young Beesley's plight in the chilly tide and rain of piles and protruding sticks was a dangerous one for a

lad who knew nothing of swimming. However, Fisher did not hesitate to jump-off the top pile and, by treading water, he safely got his little neighbor to shore.

A Mother's Thanks. In the meantime a boy named Roy Meade was slipping off his heavy overcoat to take the high dive also, so Master Beesley was not without plenty of willing friends. He is a very grateful little chap today, and his mother requests The Times-Star to extend the gratitude of the parents to the boys who saved their laddie's life.

Stanley Beesley is a pupil in Miss Bell's Standard 4 of the Alexandria school, Indiantown.

GERALDINE DEVLIN IS KILLED BY AUTO

Little Hamilton Girl Was Sister of Mrs. Joseph Gibbons of Saint John.

Mrs. Joseph Gibbons, Metcalf street, yesterday received word that her sister, Geraldine Devlin, youngest daughter of Mr. and Mrs. Owen Devlin, of Hamilton, Ont., had died yesterday morning as the result of an accident on Saturday.

The girl, who was only seven years of age, was playing round her home and ran in front of a passing automobile. The car passed over her throat, puncturing the windpipe. Everything possible was done to save her life but to no avail.

Her parents are well known in this city, having lived for years in the North End. The funeral will be held at Hamilton. Mrs. Gibbons and her sister, Alice Devlin, left to attend the funeral. Besides her parents, five sisters and five brothers survive.

Wind of 24 Miles an Hour Made it Snappy This Morning in City.

Freezing weather was in evidence over the week-end and this morning the official thermometer registered 22 degrees above zero, which was lower than usual for this season but does not set up a record. Accompanying the lower temperature was a 24-mile breeze from the northwest, which gave an impression of much colder weather.

As Hiram Sees It.

"I hear," said the Times reporter to Mr. Hiram, "there is a great run of maple sap this spring."

"You orto see our pantry," said Hiram. Hanner's got enough maple honey in bottles to sweeten the pancakes for a hull year.

"That may be all right for a change," said the reporter, "but give me the real old molasses to mix with my gravy."

"Hanner was wonderin' if you was comin' out fer Easter. The hens is layin' great this spring—an' Hanner says we got to hev an Egg Circle in the Settlement—but she axin' up the big eggs in case you come."

"Her invitation is accepted," said the reporter—"about a dozen for breakfast, do you suppose?"

"You kin hev all you kin eat," said Hiram. "An' when you're thirsty the buttermilk jar'll be right handy."

"You give me a new interest in life," said the reporter.

"If you hed to eat some folks' cookin'," said Hiram, "you'd hev a noo interest in dyspepsy cases—but you kin bank on Hanner every time—By Hen!"
