The above plate represents Dr. Morse and his wife, together with their blooming, healthy and interesting children the Doctor and his wife each having a child in their arms. Here we behold a family possessed of life, vigor and strength, being the foundation of all happiness, true pleasure and all earthly enjoyments-I would pause for a moment and ask, where will you find a family possessing, like Dr. Morse's such blooming health and beauty. Truly, we have a number of families who have used the Pills as their only medicine, and we have heard it spoken Let heads of families take them when of by others, that they looked equally they are sick or in pain, and in a very as well as the Doctor's. Thousands on short time they will be perfectly satisfied

Indian Root Pills, and been benefitted by them, and who have seen their powerful effects in relieving others, in all manner of diseases, have testified their purifying and healing properties and have testified also that it is impossible for any person in a diseased state, to take them daily for two or three weeks, without being benefitted and restored to perfect health. If families sufficiently knew the necessity of purging and frequently giving pure, opening medicine to their children. good health would always be the result. thousands who have used Dr. Morse's that they have taken all that nature

### Morse's Pills are Worth their Weight in Gold.

requires to restore them to health. A few doses will relieve you of any disease which has caused you months of sickness, pain and distress ; because they purify the blood, and thereby remove disease; opnsequently health and happiness must be the result.

It has often been remarked by many, "How healthy and well Dr. Morse's family look 1" There is a cause for it. His wife, before she was married, as many are aware, was very feeble and mplained much. After their marthese Pills every day. She was surnised to, find that a few doses had retored her to perfect health, which she has enjoyed up to the present time ; and she has made it a practice to use them occasionally when in health, especially after having taken a cold. And now we behold her in excellent health and the mother of twelve blooming, healthy and happy children. The Doctor, having spared neither pains nor expense in finding out the true cause of disease, after having traveled through Europe and America and the various inhabited islands in different parts of the world and among the Red Men of

the forest, and the information which he has received from them as to the manner of curing their sick, has brought them into the possession of a very valuable medicine. And he is now prepared to put it within the reach of all, caring not what your disease may be : knowing that if you take these Pills a few times, you will certainly find relief. He has, in thousands of instances given them where the sick have been given up, and has looked on with amazement at the astonishing cures which they have performed.

Never has he known an instance, where they have been thoroughly used, to fail invrestoring health to the sick. So thoroughly and surely will they relieve you of all pains, sickness and distress, and so much confidence has he in their healing art, that should any purchase them and not feel satisfied, they may return them, and the proprietor holds himself responsible to return the money paid for them, in all cases where they do not give universal satisfaction. We have laid them at your hands, not for our gain, but for your health and your gain.

#### A Short History of Dr. Morse's Father, Also showing how this Wonderful Medicine was brought into use. ccn.

The old gentleman, who is on a visit, | be over sixty or sixty-five years old. having a Bible in his hand, as you see in the above plate is a perfect likeness. of the father of the celebrated Dr. | was ninety-five years old the 20th of

PIERO

But you will be surprised, when told that this fine-looking old gentleman Morse. You would not take him to November, 1847. On the 19th day of

the same month, he rode and drove himself, thirty-five miles, in order to spend the birth-day of his ninety-fifth year with the doctor and his interesting family. He is an extremely rich man, with an income of about five hundred thousand dollars annually, and the owner of a number of fine, elegant ships, which sail in different directions to every part of the world. A number of years ago, this good man was very sick. He had eight of the most celebrated doctors to attend him both night and day. With all their skill, this good and pious gentleman grew worse and worse and finally. they gave him up saving that it was impossible to cure him and he would soon die. The next day, about nine o'clock in the morning, he called his wife sto his bedside, saying, "How painful it is to die without seeing my son, our only child. Though I have spent large amounts of money to have him educated as a doctor, after which to have him thoroughly understand the way to cure disease I persuaded him to travel in far distant lands among the savage and Indian tribes, as then he would learn their successful manner of curing diseases in Nature's way from plants and roots; the thought of my engaging him to go, as I am about to die, grieves me much. But tell my en he returns, always to supply son wh the wants of the poor." as denoted and Here he stopped, being in great distress, but in a few minutes his pains

ceased, after which he took a short nap, being the first of any amount for several days. In the afternoon he was taken with shortness of breath and supposed to be dying. The neighbors were sent for, the room was soon filled, and many prayers were offered up from the very heart of these dear Christian people, that some relief might be obtained for this good and pious man. While these prayers were ascending like sweet incense to the Throne above and every eye was bathed in tears, a rumbling noise was heard in the dise tance, like a mighty chariot winding its way nearer, when all at once a fine span of horses, before a beautiful coach, stood before the door, out of which alighted a noble and elegant looking man. In a moment's time he entered the room and embraced the hand of his dear father and mother, She clasped her arms around his neck and fainted away. The Doctor, surprised to see his father so nearly gone, immediately went to his coach, taking therefrom various plants and roots, which he had learned from the Red Men of the forest as being good for all diseases, and immediately compounded them together, and gave them to his father, and in about two hours afterward he was very much relieved. He gave him small doses every three or ifour hours, just to keep his bowels regular, and have them cleanse and, purify his blood. Two days after he was much better, and the third day he could

### For Kidney Troubles use Dr. Morse's Pills.

walk about the room. He has occasionally taken then ever since, and new we behold him a strong active man, and in the bloom of health, and at the age of ninety-five and able to ride in one day thirty-five miles, in order to spend his birthday with this celebrated doctor his some basefully more more out The above astonishing cure was sounded in every ear and re-echoed throughout the land as a most wonderful cure. Many persons afflicted with various discases immediately applied for the Pills. So powerful in strengthening; and so wonderfully did they cure them of all their diseases, and so great was the call for the Pills, both far and near, that it was impossible for the Doctor alone to make them fast enough, as there was not a moment through the day, but there were, to say the least, eight or ten, sometimes upwards of thirty, at the office at a time to get these Pills. So sure were they to relieve the sick, and with so much success did they cure all manner of diseases, that he entirely laid aside his former way of pristicing, and prescribed them for every complaint, - It is an established fact that all diseases spring from enesource, namely impurity of the blood. Therefore, our strength, health and life depend upon this vital fluid. When the various passages become clogged and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased ;

thus causing all pains and sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become choked and cease to act, and thus our light of life will forever be blown out. How important then, that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely, Morse's Indian Root Pills. manufactured from plants and roots which grow around the mountainous cliffs in nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Suderific, which opens the pores of the skin, and assists nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passages of the lungs, and thus in a soothing manner, performs its duty by throwing off the phlegin and other humors from the lungs by copious spitting. The third is a Diuretic, which gives case, and double strength to the kidneys. Thus encouraged they draw large amounts of impurity from the blood, which is then thrown out bountifully by the uninary or water passage; and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the pills while engaged in purifying the blood;

### Dyspepties should take Morse's Pills,

The coarser particles of impurity, which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above it is shown that Morse's Indian Root Pills not only enter the stomach but become united with the blood, for they find their way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot driven from the body becomes so pure and clean.

The reason why people are so distressed when sick and why so many die. is because they do not get a medicine which will pass to the afflicted parts. and which will open the natural passages for the disease to be cast out; hence a large quantity of food and other, matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass, thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery until life is taken from the body by disease. Dr. Morse's Pills have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Ves. thousands who have been racked and tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements

of raging fever and who have been brought as it were within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for the great and wonderful medicine, Morse's Indian Root, Pills, After one or two doses had been taken, they were astonished and absolutely surprised in witnessing their charming effects. Not only do they give immediate case and strength, and take away all sickness, pain and anguish, but they go at once to work at the foundation of the disen which is the blood. Therefore, it will be shown by those especially who use these Pills, that they will cleanse and purify that disease-that deadly enemy will take its fight, and the flush of youth and beauty will return, and the prospect of a long happy life will cherish and brighten your days.

### DOCTORS DID HIM NO GOOD.

Cape Ozo, Dec. 12 1887. DEAK SIR. --- I have been a long time sick and have had medicine from several different doctors but never received any relief until I commenced to use DR. MORSE'S INDIAN ROOT PILLS. Yours Truly.

FRANK COLLAS.

Why Will You Delay 2 1

Why neglect that disease which is taking such a deep root, and which gives you warning by that hacking cough that you are fast ripening for eternity? Why encourage that pain in the side, the raising of blood, those

### Morse's Pills are Superior to all others.

night sweats or that difficult breathing, which silently whispers in your ear that something must be done to save you from the grave of the consumptive? Why not so carelessly by permitting that disease to destroy your health and hasten you to the tomb? — from whence ho traveller ever yet returned.

6

#### Silence that Dreadful Cough,

Or death must carry you to the silent grave. Why delay while there is yet hope? Consumption is caused by impure humors of the blood being deposited in the cells of the lungs. Hence, the lungs are like a spring of water when roiled up by dirt and mud; if clear spring water constantly flows through the spring, impurities or mud will be conveyed away by the pure water. Just so with the blood when kept in a clear or pure state; as it flows through the lungs it carries away all impure matter, and perfect health will be the result. From two to four pills taken every night, or every other night, or enough to keep the bowels regular, will, in a reasonable time, cure consumption. The reason these Pills are used more than all others, is because they are made of purifying vegetables. and cleanse the body from all corrupt matter, and drive out disease of every description, quicker and in a milder way than other pills.

Influenza and Common Cold.

Like thieves in the silence of the night, have carried many to the silent grave.

They are caused by a sudden check of perspiration, by which the stomach is rendered inactive and the lungs become loaded with corrupt matter which enters the blood and disease is the result. For all colds, coughs and chills, succeeded by heat, and for all fevers of every form, hoarseness and rawness of the throat, lungs and stomach, and for all weakness and sickness of every kind, from three to five of these Pills on going to bed, for a few days, will be all that you require to restore you to perfect health. It has been admitted and claimed all over Europe that there never was a medicine that will extirpate all manner of diseases from the system equal to DR. MORSE'S INDIAN ROOT PILLS; that the more you take of them the stronger you grow. They are founded upon the principle that the human body is subject to but one disease, namely, corrupt humors. These Pills not only cleanse the bowels, but also follow the blood through every vein and artery, and so purify it from all morbid and corrupt humors, that disease of every name is driven from the body. descent cathing protomers sell

#### Morse's Pills did Him the most Good.

Little Gaspe, Que. Dec. 15, 1887. W. H. Comstroct. Sia, -I have taken almost every kind of medicine I ever heard of and none of them did me any good until I tried Morse's PILLS. They have become in this section of the country a household article by virtue of their great merit. Yours &c., HENRY PRICE.

H data

From one to three should be taken every day until relief is obtained. A few doses occasionally, when well, will keep the system in a healthy condition.

7

The Bowels and their Functions.

As perfect health is the greatest blessing that we can enjoy, without .which all other blessings are of little consequence, we deem it of great importance to point out the way for you to enjoy it. The bowels must be kept in a state by which they are enabled to carry off the useless matter. They are the main

This cut is taken from a photograph of George Tompkins, who resides in Brockville, is a well known and successful contractor, having within the past few years undertaken, and successfully completed some very important works along the line of the C.P.R. as fat west as British Columbia. We publish by per-

# W. H. Comstock, Esq.

Dear Sir,-Some five or six years ago I suffered from a disordered stomach and liver, my blood became impure and I was a "complete wreck." Not being able to attend to my business more than one-half a day in a month, when I was as had as I thought I could be and live, to make matters worse I was afflicted with blind piles. By this time both myself

afficted with bind piles. By this time both myself and family "after trying the best medical skill that our town afforded." Ad about given up all hopes of my recovery. This being the case Pills spoken very highly of I thought that and having heard your Morses Indian Root Pills spoken very highly of I thought that and having heard your Morses in though that me some good. Well I I purchased a box and commenced taking them as directed. Much to my surprise after taking them about a week. T fell thedieddly cured and an to-day able to look after my business as closely as I was 20 years from the same troubles as I did. I assure you that in going away from home I would as soon think of starting without my R. R. ticket as without my hox of Morse'r Indian Root Pills.

Yours Truly.

GEORGE TOMPKINS.

### 8 Morse's Pills have no equal as a Blood Purifier.

channels by which nature has appointed to carry everything that is unnecessary, and it is impossible to tell what a large amount of sickness has been caused by constipation or costiveness; in other words by not keeping the bowels regular. It is the main road to all diseases; it is the cause of unnatural irritation to the mucous or lining membrane of the bowels .: Having lost their natural strength they cannot object to what is required of them. Hence, the bowels become inflamed, and unless you find a speedy relief a thousand other complaints are ever ready to drag you through a miserable and wretched life. Such medicines must be given as will cleanse the stomach and bowels and restore their natural strength. To accomplish this there is no compound so valuable, as these Pills. All other medicines sink into utter insignificance when compared to them. It seems as though the Author of Nature had designed them for this as well as other complaints. From two to five Pills a day will increase the strength and appetite and cleanse the stomach and intestines from whatever is injurious.

#### CAN SELL NO OTHER KIND.

Stoketon Que., Dec. 9, 1887, DEAR 51E, -We have used many kinds of Pills in our family during the past 40 years always nying to get the best, but since DR. Mossy's INDIAN ROOT PILLS were introduced here seven years ago we have had no desire to change for we think no better Pill can be made. Our neighbors seem to think so too for I have other kinds to sell but cannot find buyers for them when MORSES can be had.

Yours &c., beamles

#### Asa Hall.

#### Inflammation of the Eyes.

Like all other inflammation, is caused by the impurity of the blood which causes all eruptive diseases, as Salt Rheum, Scurvy, Boils, Sores, Ulcers, etc. The blood being unhealthy and of impure nature also occasions Dropsies. The blood becoming obstructed in the veins the watery part of the blood in consequence is thrown out from the ex. tremities and dropsy is the result. Many times it is occasioned by improper treatment of some former disease, and the vessels being filled by serous humor instead of blood. Free evacuations by these Pills open the passage into the bladder and carry off the corrupted humors and renew them with a pure healthy, blood which will drive out of the body all inflammation together with eruptions of the skin and all dropsical complaints. They will be a shield from every form of disease, to guard and keep you from the grasping hand of death and cause life and strength to remain and the countenance to brighten with the bloom of beauty and health.

#### Diseases of the Stomach.

The stomach is most likely to get out of order. Hence, how important that no diseased matter clog its operations

### Read the Testimonials Carefully.

which would cause nausea, and distress by your food. It also weakens the brain, destroys the memory, creates pain and dizziness and various afflictions in the head. It produces great difficulty in breathing and swallowing. Sometimes fainting and fits will ensue, also had breath, restlessness and great loss of strength. If not immediately attended to the blood will carry the disease through the whole system and death will end the work. From two to five of these Pills a day will keep the digestive organs in a healthy condition. unclog and carry away all impure matter and thoroughly restore and cleanse the stomach, at the same time the Pills so purify the blood as to drive all manner of disease from the system.

Broughton, Que., Dec 31, 1887. My DEAK FREND,--1 have sold your DR. MORS'S INDIAN ROOT PILLS for several years. My customers prefer them to all others, saying that they are "worth their weight in gold," I have used them in my own family and found them all that they are recommended to be.

Your Friend,

### MRS. C. J. HALL.

10 1 1 1 1 1 1 1 1 1 1

### Worms.

In a quantity of corrupted matter there is always to be found a nest of worms, they cannot, neither will they stay anywhére else. Weak stomach and howels are subject to them, as they have not sufficient power to digest their food. Hence, a large heap of matter is lodged and worms must be the result. A few doses of these Pills will disturbthem in their nest and drive them out of the system.

It should be remembered that an occasional dose, when in health, especially after taking cold, will prevent the disease from forming in the body.

### Diseases of the Liver.

By this disease we understand an inflammation either in the membrane or substance of the liver, known by dall pains in the right side, the stomach always disordered, the yellow tinge of the skin, dry cough, tongue coated, costiveness, high colored urine, and of a thick nature, severe weakness and severe pains in the head.

The quantity of corrupted humors in the region of the liver causes a defective screetion of the bile. The liver, when healthy, serves as a filterer to the blood, to separate all impurity from it or refine it. When diseased it cannot purify the blood, which, when sent to the lungs, 10

brains and other parts, in a morbid condition, may cause Jaundice, Consumption, Insanity, etc., and withholding the natural stimulus to the intestines. causes Dyspepsia, Piles, and other complaints, as you perceive, the direct way to unravel and tear the whole system into pieces.

A patient suffering from this complaint should resort to speedy relief. Yet, there are very few medicines worth

a cent in curing diseases. What shall be done? We say, use Dr. Morse's Indian Root Pills, as they are composed of plants and roots ; they will be found a sure cure for this painful disease, because they purge from the body these corrupt and stagnant humors, and so cleanse and renew the blood, which is the cause not only of the disease of the liver and inflammation of the kidneys and the bladder, but of every description of disease. From four to five of these pills taken every night on going to bed will, in a few days entirely relieve the body of everything that is opposed to health. ind thought

### ALL THEY ARE CLAIMED TO BE.

Amaguadus Pond, N. S., Jan. 1887. DRAR SIR.—Having used your medicine, I wish to state to you my surprise and gratification to find that they are all that they are claimed to be. It affords me great pleasure to recommend them to all persons who are suffering from Dyspepsia and Indigestion. I will be glad to answer any communication with regard to their curative powers. Yours Respectfully.

MES. ALLEN MCENNIS.

Fever, like every other form of disease to which the human system is liable, is caused by impure humors, This being caused by a more rapid action of the blood struggling with nature in endeavoring to cast out of the body the corrupt matter which is deadly opposed to health. Hence the good and bad humors are at war with each other and the commotion which follows causes fever and heat. The symptoms of fever are various ; causing heaviness, langor, difficult breathing, eves dull and heavy, anxiety, sighing and yawning, alternate fits of heat and cold. After which the patient complains in the head and back, great thirst, nausea, and sickness, a fullness about the stomach, and sometimes vomiting bilious matter. Dr. Morse's Indian Root Pills are acknowledged to be a strengthening and delightful medicine for all kinds of fever. They not only cleanse the stomach and bowels from all bilious matter, but they open the excretory vessels causing them to pour copious effusions from the blood into the bowels after which the corrupted matter is thrown out by the natural passage of the body. All that is required in urgent cases of fever, will be to take large doses. In order to have them operate thoroughly on the bowels, take from three to five, night and morning, until the fever entirely disappears, alter which from two to four every evening until well, and you will be convinced

Fevers.

For Coughs use Dr. Morse's Pills.

BINS IMPRIC

**MAS Reason to Speak well of Them.** Amaguadus Pond, Dec. 28, 1887. W. H. COMSTOCK.

DEAR SIR, ---- I have reason to speak well of Dr. MORRE'S INDIAN ROOT Phills as J. have suffered agony with Indigestion and could find nothing to give me permanent relief till I used Dr. MORRE'S PILLS, I will never cease to speak well of them.

Yours &c., Mrs. R. McNeil,

#### Pregnancy.

During this critical period the Pills will be required because they cleanse the body from those morbid humors, and thoroughly drive away all pains, and give ease and comfort to the mother. From one to three of these Pills, taken two or three times a week during pergnancy, will cause the mother a safe and easy delivery, and will be sure to give a stout and healthy constitution to the child.

MR. WM. BAKER, of Hudson New DR. MORSE Sir: The Pills York. prepared by you are an excellent article. I never sold a medicine which gave better satisfaction; they are used here with astonisning success. Mr. Jos. Johnson has been very sick. Dr. White, a physician of high standing in this place, has been attending him for some time. Last week the doctor gave him up saying that he could do nothing for him as it was impossible for him to recover. On hearing this, I instantly put a box of the Indian Root Pills in my pocket, carried them to him, and told him I had no doubt they would be the means of saving his life. Finding so much relief from the Pills which I gave him, he sent for more. They had a most charming effect, and now he is in a fair way of recovery. Please send me a large supply of these Pills as I am nearly out "out and would then the

As DR. MORSE'S INDIAN ROOT PILLS are founded upon the principle that every kind of sickness, pain or dis-

tress to which the human family are subject, is caused by corrupt, stagnant matter having lodged in various parts of the body, therefore, it would be of no use to speak of the various pains, sickness or distress, or in what part of the body, or how severe the various afflictions that you may undergo; because the more sickness or distress is occasioned by the more corruption or impurity within, and the only inquiry

should be, is the person sick? But it should be borne in mind by those ... desiring to be restored to health, that they should take them in sufficient quantities to operate briskly by the morning. The usual dose is from two to four but they must be taken in sufficient quantities to operate two or three times on the bowels. Very delicate persons should begin with two, and increase as the nature of the case may require. Those of more robust or costive habits, may begin with three and increase to six, or even more, if it should be found necessary, and they will effect a sufficiently happy change to guide the patient in their future use. but in case of voilent pains in any part of the body the medicine must be taken in large doses every night and morning, and oftener if the sufferings are great. There is not an ache or pain that the body is subject to, but will yield to their powerful influence, and they show that it is by drawing off the ill-humors, and constant purging, that will cleanse and purify the blood, and in a mild and gentle way drive away disease of every kind, and restore the system to a state of sound and perfect health, And

USUAL DOSE FOR CHILDREN, These Pills should be taken by children from one day to four months old, from a half to a whole Pill disolved in at little water and sweetened, to be taken every night, until all distress of the little sufferer is removed. From four, months to four years, from one to two

### Morse's Pills Cure Kidney Diseases.

Pills. It should be borne in mind that the Pills must be taken in such quantities as will operate two or three times on the bowels; otherwise you will receive but little benefit. As they are made from plants and roots, they, may be taken, not only without danger, but with perfect safety, and great benefit realized in every case.

116 WORMS IN ONE DAY.

DEAR SIR, ---My two children have been sinkly for some time. The little girl began to have fits, but the doctor wild that she would grow out of them, I was persuaded to try MCKENZLE'S DEAD SINGT WORK CARDY followed by a doae of MORSE'S FILS the result was that she passed 116 worms in one day. Thanks to God that the medicine was placed within any reach. It has been agreet help to me in raising my little family and I advise all mothers to cast the winds all prejudices against Patent Medicines and never be without MCKENZEE'S DEAD SHOT and MORSE'S PILLS in the house.

Yours &c., Mrs. John B. Brown.

#### THE REASON WHY.

The reason why Dr. Morse's Indian Root Pills have become so popular with the public (for they are staple as wheat,) is that we have never deceived the people. In all our advertising we have never stated that which is not true; we always give our customers the worth of their money. We do not deny that self-interest is the aim and effort of our life and when you read the statements of those who claim to do business purely on philanthropic motives, you may set them down as frauds. Self-interest is the main spring of all mankind and when not misguided, results in the greatest good. Self interest does not prevent men from being honest; in fact that man who studies his own interest will never deceive his fellow men. Honesty even as a policy only is by far the best. Self interest has made the DR. MORSE'S INDIAN ROOT PILLS one of the best remedies the world ever saw. The recipe has heen submitted to the best medical talant that could be procured and is pronounced as good as money and skill can produce. We use the greatest precaution in procuring pure drugs and and spare no expense in manufacturing

### Superior to any other Remedy.

### Dr. McKENZIE'S

# Dead Shot Candy for Worms

It is most advisable that the medicine in this book should be kept in every house, ready for immediate use-for if the proper physic were always given at the beginning of diseases there would not occur half of those deaths over which we have now every year to mourn, and mothers may rest satisfied by knowing that no doctors have any means or remedies superior to that here recommended, and that if anything will save a child's life this will do so. The vedicine can be obtained of our agent, y writing to us we will send by mail. Every mother should have one of these books. Those who have friends at a distance can advise them where to get it. We will send it by mail to all parts of the country.

#### CAUTION.

We have been frequently told that several druggists, when asked for DR. MCKENZIE'S DRAD SHOT CANDY FOR WORMS, have, in their great anxiety to benefit, offered to give something "quite as good." Now, we humbly differ in opinion, and only hope the substitute, for which we seel thankful that we are not responsible, does not do much injury. The only safeguard is to ask for DR. MCKENZER'S DEAD SHOT CANDY FOR WORMS, and receive only that for which you sak.

17

#### \$1000 REWARD.

One thousand dollars will be 1 iven to any person who will show by analysis that the worm remedy contains any calomel or other poisonous mineral. It is purely vegetable, and cannot harm the most delicate child. It is the most effectual remedy known for the cradication of worms. It is made in such form the children cry for it ; and if for nothing else it should be commended for this, as when a child by crying and its other emotions at taking a disagreeable medicine often counteracts any good effects of that medicine. If you have a thoroughly educated physician, have him test the medicine, and we are certain he will say to you it is the best known to the scientific world. Don't ask any of the quacks who infest the rural districts, but go to one you know can show a diploma from some repu-

table college. Analysis is an easy method to a skillful man of determining the ingredients of any medicine.

During an experience of many years, in which we have culled from science all the approved methods of manufacturing remedial agents, we have often felt that there was a public need which was unsupplied, namely, a sure, safe, harmless medicine for children; one that mothers could keep in the house and administer without the aid of a doctor. Such a medicine we have at length found in DR. MCKENZIE'S DEAD SHOT CANDY FOR WORMS.

Mrs. Hill is an old English nurse of various and extended experience in the foundling hospitals of Gaeat Britain. The following is the result of her five and twenty years' experience ' Firstly--That it is best for the mother to be her child's only doctor ; to trust herself, and believe that the same reason which assists her in comprehending difficult crochet patterns will also enable her to understand medical facts, and remember them. Secondly-Never to give her child White Calomel or Antimony powders, or any of the many Soothing Syrups, which all contain more or less Morphine and Mercury, that pernicious mineral which rots the very rats in the mines that yield it, and quickly paralyzes and kills the unfortunate men who collect it. Thirdly--Only to give to her children simple physic, and never, under any pretence, to let her child be bloodstained by lancet or leech, those fatal robbers of the red life-stream of which there is never more than enough, and whose proper quantity keeps the heart in motion and the child in life.

Oh, if we were to tell you some of the sad tales, culled from a long experience as a medical practitioner, of the many sweet children we have seen whose bright laughing eyes have been permanently filmed and closed in lasting sleep from the effects of the too strong Moo p.m. Quarte

Neighbors Send for Them instead of the Doctor."

Little Gaspe, Que., Jan. 11, 1887. W. H. COMSTOCK.

SIR.—I have been selling your medicine for sometime and have used no other in my family since. All the neighbors in this section, "when they are taken sick" send for MORSE'S INDIAN ROOT PILLS instead of for the Doctor,

> Yours Truly. ROBERT PRICE.

doses of ignorance and professional mistakes, or recount to you a few of the numberless instances we have known of unintentional slow poisoning by quieting syrups, White Calomél and White Antimony, wherein the first dose taken has been perceptibly the first downward step toward the poor little innocent's grave ! Or could we exhibit to you the various little blanched bodies, mentally drained (call'like) of their life's blood by lancet or leech, we undoubtedly think each anxious mother would immediately resolve never to forego the above three rules.

The theme of this little book is the necessity of mothers themselves becoming their children's only doctor, and its object the safety of the little Barth Angels who rest in their bosons.

Once more we earnestly would entreat you not to permit the present medical mania for prescribing mineral poisons and deadly drugs to find A victim among your little flock, nor allow any man's hobby of pet poisons to sacrifice the life of your helpless, confiding child, who until its reason can act, lookssolely to you to protect it from every harm.

And now, gentle reader, let us urge you carefully to read through several times the following pages, and you will then know as much, nay, more, about worms affecting children, and how to cure them, than many of the professed doctors, and, being likewise nurses, will be much better able to save life.

#### Helped The Gravel.

East Broughton Que., Jan. 31, 1887.

Sin,--I have been troubled for the past ten years with the gravel. I heard of your pills and tried them, they have done me so much good that I will not be without them while I live, and take great pleasure in recommending them to all others who are suffering from the same disease.

#### Yours Respectfully, ROBT. MCKEAGE.

MOTHERS.

Nearly half of the children born in this country die before they are five years old. What a fact for newly-made mothers to know, yet correct governmental reports show us that it is perfectly true. In London alone almost twenty-five thousand children die every year who have not attained ten years of age. But who are to be blanned for this ? The mother or the foctors? Certainly not the all-wise Creator.

We will leave this delicate question with this observation, that too many mothers gorge and improperly feed their babies and too many doctors imprudently give violent mercurial medicines, which, if they do sometimes relieve a disease, are also very unsafe, and likely to destroy the tender life of infancy. Arsenie, Antimony, Calomel, Sugar of Lead, etc., were never meant for baby physic, nor indeed to be taken into any human stomach. They do well enough to kill rats and other vermin, but were never intended to restore health either to man or child, for their poisonous action always weakens the body, and their continued use may leave it a complete wreck.

But this awful waste of infant life should no longer continue, for with common sense, a little more care, and by the means of a few simple, safe, sure, and ever-ready remedies, four out of five of these hitherto fatal cases can easily be saved from such an early, such a premature death. #### A WOMAN SPEAKS.

Seal Rock, Que., Feb. 20, 1887. W. H. COMSTOCK.

DEAR SIR,--I have been a very sickly woman for some years and could get nothing to do me any good until I commenced using your MORSE'SINDIAN ROOT PILLS, now I am just as well as I ever was. Yours &c.,

MRS. GEO. NEWCOME.

Our own experience, as well as Mrs. Hill's five and twenty years' constant attendance upon and prescribing for children, has convinced us that the great God, whose consummate wisdom makes the mother the nurse and guardian of her loved child; also intended her to be its doctor; and who so well'fitted as the never-absent, everobservant parent? A mother's watchful care, stimulated by her love, would soon surpass the efforts of our best physician.

To understand properly the lifepreserving' value of a fond mother's attention, look at the fatal result when children are deprived of it. In the Foundling Hospital at Paris there are seven thousand infants yearly admitted, and how many of these children, think you, live to be ten years old? Only one hundred and eighty ! Of doctors they have plenty, perhaps too many ; likewise good food and warm clothes. The only want is a mother's tender care. But a fond mother has frequently said to us, I am quite aware that my darling children are liable to many disorders peculiar to their young age, but I neither know nor can I know anything of the diseases. and am equally ignorant of any innocent remedies to cure them. I am therefore compelled to entrust their lives, so valuable and dear to me, to those persons who have studied these complaints, and consequently must know now to cure them. These are very plausible remarks, but, fortunate-

### Praise From Xereker Essex Co., Ont.

SIR, --I give you the following names of persons who reside here and wish me to say that they are the best pills they have ever used, George Pastorous, A. Fillon, Joseph Pouget, Wm. Quick. Your. Agent.

H. BONDY P. M. WNo household should be without Morse's Pills,

ly, there is an error or two in the suppositions. First, because every willing mother can learn in a few hours everything that is known, or rather worth knowing or really useful, respecting these diseases (see the following pages); and secondly, because it is not every person who has professionally studied children's diseases can cure them, or else why do half of the babies die, or why are seen in every churchyard so many little grassy hillocks ? No ! Albeit there exists in this country forty thousand medical men, the death of a child is, alas ! no rare occurrence, although it is said to be rather an uncommon thing among the unlearned and uncivilized Indians-but then they have no medical colleges.

In order to give, therefore, every anxious mother the best opportunity to preserve the lives of her young offspring during the critical years of infancy; to enable her to know and safely cure one of the most common diseases of childhood without any other assistance; to protect her from quackery, and from all the poisonous mineral doses of unlicensed or licensed doctors, and help her to rear her children to strong, healthy, happy manhood, this book has been brought before her notice as her very best guide, containing, as it does, full explanations of this infantine disorder, and its symptoms; also giving hints from the twenty-five years' experience of one whose happy lot it has frequently been to give healthy life to

the dying child when all others have given it over unto death, and likewise prescribing a safe remedy, which, if timely used, will always cure, will agree with the most delicate constitution, and does not contain Calomel, 'Antimony, Mercury, Opium, not anything injurious to the human system.

This worm medicine occupies but a small space, and should be kept in every mother's possession readily

at hand to be given at the first symptoms of disease. It has of late years become the practice of our physicians and surgeons to advertise themselves, more especially when they have devoted many years to the study of special complaints ; and there is no good reason why they should not do so. It is an exploded idea that scientific men should sit down in obscurity and wait for fame and patients to come to them. In this age of push and progress a good thing as well as able men should be made known to all by advertising. Our DEAD SHOT CANDY for Worms, therefore, go forth through the hands of tour agents to every hamlet in the land; to the lonely backwoods as well as those living in our crowded cities. We have yet to learn that placing a government stamp around a sterling remedy will take away a particle of its virtue or lessen its healing power. A man cannot in this world be ubiquitous; and as therefore we can only be in one place at a time, we could do but little good were not the difficulty removed by having agents in every place throughout the country who can supply all with our remedy. dw and the therein

Five species of worm inhabit the alimentary canal. In common parlance they are the Round worm, Thread worm, Long Thread worm, Long Tape worm and Broad Tape worm. It is hardly necessary to enter into a descripton of each of these parasites, as their general management is the same,

### 24 Take Morse's Pills for Complaints of the Liver.

I shall therefore, for the benefit of the public at large, and the readers of this in particular, give the symptoms of those who are afflicted with these terrible scourges, and then give you good and substantial reasons why you should use DR MCKENZIE'S DEAD. SHOT CANDY FOR WORMS to eradicate them from the system.

#### SYMPTOMS.

Worms, in consequence of their movements, the interruption they offer to the contents of the bowels, and probably other modes of interruption, generally occasion pain or uncasiness in the abdomen-sometimes spasmodic, sometimes described as gnawing or biting, and not unfrequently of a vague indescribable character, and yet very distressing. Sympathetic with this is a sensation of itching at the anus and at the nostrils, producing a disposition to scratch the fundament and to pick the nose, which is highly characteristic of this affection. The bowels are often disordered, being sometimes constipated or stopped, and sometimes relaxed, with occasional bloody discharges, as in dysentery. The discharge is sometimes in shreds or flakes, which are not unfrequently mistaken for fragments of the partially digested worms. It is not uncommon for portions of undigested food to pass the discharges. The appetite is exceedingly variable ; in some cases, natural, in others deficient, craving or depraved ; one condition not unfrequently alternating with

another. The belly is often hard, swollen and tympanatic, the breath heavy or fetid, and the tongue furred with a disagreeable taste and a copious flow of saliva. Swelling of the upper lip, bleeding of the nostrils, and a disposition to grind the teeth during sleep, are other characteristic symptoms.

The effects, however, often extend beyond the alimentary canal, and various derangements of health are' experienced in consequence either of the direct irritation of the worms, or of the disordered digestion which they occasion. Among the most common of these are nervous affections, such as fretfulness, irritation of the temper, wakefulness or disposition to excessive sleep, disturbed sleep, sudden starting out of sleep as if from fright, dizziness, headache, spasmodic movements of the eyelids, dilated pupils, perverted vision. temporary plindness and partial deafness. General convulsions are not infrequent in children, and symptoms strongly resembling Hydrocephaius have been ascribed to worms, and have ceased on their expulsion. Cases of Chorea or St, Vitus' Dance, Melancholia and Hypochondria, and even insanity, have been referred with the most apparent reasons to the same cause. In addition to these affections may be mentioned obstinate cough, spasm of the glottis, palpitation, languid circulation, pale or yellow skin, sunken eyes, a livid circle about the eyelids, and general emaciation. This condition

### Give Dr. McKenzie's Worm Candy a trial.

is often accompanied by fever, and is then called worm fever. Persons in apparently perfect health may be affected with worms, and it is no unusual event to find worms in the bowels of persons after death, who have given no signs of their presence during life. It is therefore incumbent on every person who is not feeling well to pay attention to this fact, and take some remedy which will remove them if present, and yet do no harm if other-Such a medicine is DR. wise. MCKENZIE'S DEAD SHOT CANDY FOR WORMS, a sure death to worms, but taking no effect if they are absent. A new means of diagnosis is now offered to every person to detect worms in the system; this is the Microscope. It appears that even where no' worms are expelled from the body their ova often are ; and in any suspected case, a person acquainted with the character of their ova may decide by their presence or absence in the discharges, when submitted to microscopic examination, whether the patient is affected with worms or not.

#### DEAD SHOT CURED HER.

Cape Island, —Feb'y 17, 1887. S18, —My little girl was very sick and could get nothing to relieve her until I tried MCKENZIES DEAD SHOT WORM CANDY and it cured her of worms. Yours &c.

COLMAN SMITH.

The cause of worms being in the human body has been the subject of much anxious examination and controversy. The difficulty of otherwise accounting for their presence in the intestines has led some to the notion that they are spontaneous in their generation. But before this can be admitted it must be shown that their origin from some parent animal is quite impossible. Our conclusion is that they obey the great laws of nature, and are the progeny of some parent worm or its ova introduced into the system in some manner by drinking or eating, and that persons of sedentary habit, scrofulous tendency, impaired digestion, or depraved health, in almost any manner which thereby weakens the system, or that has not the strength to , throw off all impurities, are most likely to be affected by these loathsome vermin. It certainly is the fact that the human body is often inhabited with myriads of loathsome and disgusting worms, and that any one who can bring forward a means of ridding the body of them is a great benefactor of his race. That such a remody is DR. MCKENZIES DEAD SHOT CANDY for Worms, thousands of testimonials on our files will verify, and for the benefit of those who may not have acquaintance with this valuable remedy we publish a few of the many testimonials we have received. Write any of the parties named, enclosing a two-cent postage stamp for reply, and you will find they are genuine. It costs but a trifle to test the medicine, and we venture the assertion that any one who once uses the DR. MCKENZIES DEAD SHOT

## Mosse's Pills are Parely Vegetable.

CANDY for Worms will never want a doctor nor any other medicine to cure any man, woman or child afflicted with worms.

As the world grows older and its people wiser there is a growing demand for a better and more perfect quality of goods of all kinds. The people of to-day are not content with what their ancestors considered the height of perfection. There is one exception to the rule, however, and that is medicine. I am receiving many letters from people everywhere that I charge too much for medicine, and that other parties are selling much cheaper. That other parties are charging much less for their preparations, I will admit, but that I make more profit on my medicines I deny. I could make medicines as cheap as any in the market if I choose to do so. I prefer, however, to have the best preparations that can be made, and charge for them accordingly. I do not deny that I am promoted by selfinterest in doing this, and any man who pretends to do business on purely philanthropical principles is a fraud. I do business to make money; but I believe, as most successful men do. that honesty is the best policy in business as well as other things. The consequence of this policy has been the building up of an immense business in selling my medicines. The unqualified approbation of those who have used them shows that the people everywhere have condifience in this remedy. There

has never yet come to my notice one instance where it did not give perfect satisfaction.

This medicine should always be taken on an empty stomach, night and morning. The bowels, if constipated must be kept open. (To do this there is nothing better than MORSE'S INDIAN ROOT PILLS.) The diet should be farinaceous, but nutritious, using ho animal food while taking WORM CANDY. Clothe the body comfortably, and be careful about taking cold. Although there is nothing in the medicine that would injure an infant, still, it is better to avoid taking colds, which would retard the effect. The Worm Candy has this particular virtue, it expels the worms from the body in small pieces. Upon entering the part infested with these reptiles (for they are nothing else) the Worm Candy, in some mysterious manner, seizes upon the worms and cuts them into almost infinitesimal pieces. They are then expelled from the body the same as waste food which is not needed for sustenance.

This is the only Worm Medicine which acts upon the human system in this manner. Remember that the Worm Candy is "Dead Shot" for worms, and will eradicate them from the human body without fail in any case.

The people judge by its virtue and act accordingly. It has performed a miracle in every case.

JAS. M. BLAKE, Stonewall, Mass.

#### What a Grand Trunk Railroad Conductor Thinks of Morse's Pills.

Nelson Patterson, the subject of the above sketch, is a well known man on the G. T. R., earning his livelihood as a Freight Conductor, in which position during the severe winter weather he is so frequently exposed to the sudden changes, that he contracted Rheumatism, to which he paid very little attention, thinking, like many other strong robust men, that it would be only a short time until he shook off the dreaded disease. However this idea proved wrong as he gradually grew worse and his Liver and Kidneys became affected. Finally he was persuaded to try Morse's INDIAN ROOT PILLS, and after taking them for some time, they gradually cleansed and purified the blood, thereby causing the kidneys to resume their normal state and greatly relieving the rheumatism. He still continu using them and finds that gradually they are driving the rheumatism out of his system.

Mr. Patterson's address is Brockville, Ont., and he will be glad to answer any inquiries regarding MOKEE'S INDIAN ROOT FILLS.

#### McKenzies Dead Shot Worm Candy Better Than any Other.

East Broughton, Que., — Jan'y 31, 1887. SIR, — I have tried your DEAD SHOT CANDY in my family and it beats all the Worm Medicine I evertried. I can recommend it to everybody.

Yours &c.

MRS. GEO. MCKEAGE.

#### HAVE NO EQUAL.

Riviere a Claude Que., Dec. 14, 1887. W. H. COMSTOCK, Esq.

DEAR SIR, -As I have been selling DR. MORSE'S INDIAN ROOT PILLS for the past ten years and can assure you that they are an indispensible necessity in every household in this section of the country, as a blood remedy they have no equal and I hereby certify that I have seen with my own eyes most wonderful cures. For colds and coughs they are unequalled, I am convinced that by using DR. MORSE's INDIAN ROOT, PILLS regularly all diseases of the nature of fevers cannot resist their purifying properties.

#### Yours &c.,

T. AUCLAIR, J. P.

#### Cured of Indigestion and Headache.

St. Andrews Que., --- March 31, 1887. W. H. COMSTOCK.

DEAR SIR, — MORSE'S INDIAN ROOT PILLS have benefitted me wonderfully. For months I suffered from Indigestion and heidache, was restless at night and had a bad taste in my mouth every morning, after taking one box of the Pills, all these troubles disappeared, my food digested well and my sleep was refreshing. My health is now good.

DANIEL HORAN.

### Morse's Pills Cure Constipation.

### What a General Insurance Agent . Has to Say.

Delta, Leeds Ont.—March 12, 1887. SIR,—I have used MORSE'S INDIAN ROOT PILLS for a great many years they are the best family Pill that I could ever buy.

Yours &c.

A. BAKEN.

#### Used Them for Years with Satisfactory Results.

Port Hilford, N. S.-Dec. 16, 1887. W. H. COMSTOCK,

I unhesitatingly offer my testimony in favor of DR. MORSE'S INDIAN ROOT PILLS. I have used them altogether, for a number of years with satisfactory results.

> Vours &c. W. D. HEWITT.

#### USED WITH DEST RESULTS.

Cherry River, Que., -Jan'y 26, 1887. W. H. Comstock.

SIR,-I have used your MCKENZIES DEAD SHOT WORM CANDY with the best results.

Yours &c.

VAROLINGAL C. A. FRENCH.

#### What Morse's Pills are Thought of at Riverbank Ont.

Riverbank,-Jan. 31, 1887. MR. COMSTOCK.

DEAR SIG.-I write to tell you in this section of the country DR. MORSE'S INDIAN ROOT FILLS have a good name. I will give you the names of one or two persons who have used them and are loud in their praises. Mr. Roht. Smith who has been an invalid for many years has tried many medicines for regulating the bowels, but none suited him till he tried MorsE's KIDIAN ROOT PILLS. He says that there was no unpleasant effects after taking them, the action being mild and free from pain.

Mrs. Jas. Gilmore, the mother of a large family speaks in high terms of the benefit she and her family have derived from their use. Mrs. Jas. Hamilton said to me, "I thank you very much for the box of MorsE'S PILLS you recommended me to try when I was so sick. They have made a new woman of me."

> Yours Respectful, MRS. MARY HOLLIS.

#### Cured Him of Liver Complaint.

St. Louise, Que.,-Feb'y 14, 1887. W. H. COMSTOCK.

SIR,-I hereby certify that Morse's Indian Root Pills have cured me of Liver Complaint. I take great pleasure in recommending them to all who are suffering from diseases of the Liver and Kidneys.

> Yours &c. - W. PELLETIER.

#### **OWES HIS LIFE TO MORSE'S PILLS**

Tay Settlement N.B.,-March 21, 1887. W. H. COMSTOCK,

SIR,-I write to tell you what I know about DR. MORSE'S INDIAN ROOT PILLS. Wm. MCNutt a neighbor was so badly "used up" with Rheumatism and Dyspepsia that for some time he was unable to do any work, he commenced taking your Pills, they acted very favorably on him and after taking some few boxes felt well enough to go back to work, he has never had any serious return of his old trouble and says that he owes his life to MORSE's PILLS, THE DAY STORE

Yours &c. WM. TOMILSON, P.M.

#### CURED CHILLS AND FEVER.

Hyman, S. C.

WM. H. COMSTOCK. Dear Sir,-Mrs. E. J. Rodgers, of this place, has been afflicted with chills and fever for a long time. She has been treated by a skillful doctor and has tried other patent medicines. I induced her to try the Indian Root Pills, and she told me that she never had but one severe attack since commencing their use. She has taken two boxes and is now in good health.

Very truly yours,

J. B. MOORE.

#### CURED DYSPEPSIA.

New London, Mo.

Dear Sir,-I have suffered for a year or two with Dyspepsia, and was advised to use Dr. Morse's Indian Root Pills. I took four boxes and am now sound and well. 1 would advise others suffering from the same disease to try them also for all Lung and Liver complaints, for I think they are the best Pill that is made.

Respectfully yours.

#### BEN A. BROWN. hash Marth

Suffered Agonics From Indigestion but Morse's Pills Relieved Mer.

Amaguadus Pond, N. S. W. H. COMSTUCK.

SIK,-I have reason to speak well of DR. MORSE'S INDIAN ROOT PILLS as I have suffered agony with Indigestion and could find nothing to give permanent relief till I used your Pills. I shall never cease to speak well of them.

Yours truly. MRS. B. MCNEIL.

#### 30 Morse's Pills are a Sure Cure for Billiousness.

#### Takes Pleasure in Recommending Them.

Pauline, Que.,-March 30. 1887. W, H. COMSTOCK,

SIR,-I have been your agent in this locality for some years, have sold large quantities of your MORSE'S PILLS. They give the best satisfaction of any Pill sold in this country, therefore take great pleasure in recommending them.

Yours &c. ALPHONSE LASMIER.

#### EVERYBODY PLEASED WITH THEM.

St. Isidore, Que., -Dec. 29, 1887.

SIR, -I have sold a large quantity of your MORSE'S PILLS and DEAD SHOT WORM CANDY during the past few years, they give entire satisfaction to every person who uses them.

Your Agent, A. GENEST.

#### CURES COSTIVENESS.

Clarks Harbor,-Feb'y 16, 1887. SIR.-Your Morse's PILLS have cured me of costiveness and other troubles. I cheerfully recommend them to the public.

Yours &c.

MRS. ALICE CROWELL.

### WORTH THEIR WEIGHT IN GOLD.

J. A. Booth, P. M., Loyalville, Pa., writes as follows :- I have sold Dr. Morse's Indian Root Pills for the past twenty years, and during that time have heard them continually commended. One customer says they are worth their weight in gold. I have used them in my own family and found the Fills all that they are recommended to be.

#### Popularity at Holland Harbor

Guysboro, N. S .- March 14, 1887. W. H. COMSTOCK.

SIR,-I have been your Agent here for a great many years and have sold lots of Pills, in my long experience I never have heard any one in this neighborhood speak anything but their praises.

Yours &c.

G. FLICK.

#### NEVER WITHOUT THEM.

Cape Ozo, Que., -- Nov. 19, 1887. DEAR SIR, -The first box of MORSE'S PILLS I got from your Agent at Little Gaspe did my wife more good than anything she ever took and we are never without them now.

Yours Truly, i to think is GEORGE NERMOND.

### SELLS A LARGE QUANTITY,

# . Carlton's Condition Powders

## The Greatest Medicine for Horses, Cows, Sheep & Hogs

The recipe for CARLTON'S CONDITION POWDERS was obtained by us at a great expense many years since. They are the Original and Genuine Articles; and although crowds of scurvy imitators have tried to counterfeit them, the name, "CONDITION POWDER," is all they can imitate. BE NOT DECEIVED—shun all other so-called Condition Powders, and get the

#### GENUINE CARLTON'S,

and your stock will show you the difference by their improved appearance, the glossiness of their coats, their renewed appetite, health and vigor. Nothing can equal these Powders as a general Condition Medicine.

The CARLTON'S CONDITION POWDERS, given according to directions, are the best thing in the world to *strengthen* a horse, and to restore him to vigor after severe exposure or hard driving.

These Powders cause a healthy action of the digestive organs, and purify the blood of animals, thereby equalizing the circulation of the blood, and

IMPARTING VIGOR TO THE WHOLE FRAME.

This soon demonstrates itself by an improvement in the appearance of the coat, for it is a certain fact that no animal can be in perfect health if the coat be rough and unthrify.]

Carlton's Condition Powders will be found a perfect restorer after attacks of any acute disease, such as Influenza, Strangles, Inflammation of

### Lungs, Nasal, Gleet, &c.

Every one who owns Stock of any kind should use this Medicine; it is always beneficial, and is so harmless that it can always be given without fear.

#### FATTENING STOCK.

Farmers will find it a saving to them of many dollars by using these Powders. When fattening stock, by mixing a little of these Powders with the food, you will find that they will fatten quicker, and the flesh will be firmer and better in every respect. The many

#### DISEASES OF HORSES.

can almost all be PREVENTED or CURED by these Powders. ONE POWDER drives out Worms. ONE POWDER cures Bots. ONE POWDER puts a Horse in condition. ONE POWDER makes a Horse shed his coat. One Powder gives a soft and glossy appearance to the hair. ONE POWDER cures the Horn Distemper in Cattle.

W. H. COMSTOCK, Sole Proprietor, Brockville, Ont.

# CARLTON'S

# Nerve and Bone Liniment,

# + HORSES

FOF

AND FOR THE CURE OF ALL

# DISEASES OF MAN OR BEAST

That require external application, and for Contracted Colds and Muscles, strengthens Weak Limbs, and is also used for Sprains, Bruises, Saddle Galls, Swelled Lege, sores of all kinds on Horses.

The use of this penetrating Fluid has been attended with unparalleled success in all disorders of Horses which require an external application, such as Corks, Chafes, Galls, Cuts, Wounds, Sprains, Film in the Eye, Scratches, Cracked Heels, Strains of the Shoulders, Stifle, Hough, Knee; Whirlbone; Fetluck, and of the Pastern and Cofin Joints, &c., &c.

This Nerve and Bone Liniment is likewise the best preparation ever known for Burns or Scalds, Weak or Stiff Joints, Swelling of the Glands of the Throat, Inflammatory and Chronic Rheamatisms, Gout, Contracted Cords and Muscles, strengthens Weak Limbs, and enables those who are crupted to walk again.

We might add many certificates from all parts of the country, but we simply ask all to *dry* this remedy for any of the above complaints on MAN or BKAST, and they will be convinced that it is the most wonderful Liniment ever known.

The Nerve and Bone Liniment was at first intended only for the discases of Horses, but experience has shown that it is a most efficacious and certain remedy for any of the complaints humanity is hert to; where at *extarnal* application is mecessary, and one trial will fully convince you that I do not exaggerate when I say that its *pain-kelling*, heeling, heeling and strengthening properties are beyond any thing even known. CARLTON'S Founder Ohinnend, King-Gome Care and Condition penders for Horses and Cattle, are prepared from the recipe of a very celebrated English Farrier, and have been used by Farmers, Livery-men, Circus Proprietions, Stage Proprietors and others, with the most marked and decided "access."
