## HORRIBLE MURDER OF A FIFTEEN YEAR OLD GIRL.

While Out Picking Dandelions She Was Most Brutally Assaulted, and Stabbed Through the Neck While Fighting for Her Life.

NEW YORK, N. Y., May 23.—Amelia Staffeldt, 15 years of age, was outraged and murdered on the outskirts of her father's farm in Elmhurst, Long Island, this afternoon.

The crime was committed in a lonely spot where the girl had wandered in search of dandelions and the weapon employed was the kitchen knife which she had used to sever the crowns from the roots of the wild flowers. The girl died fighting.

The body, when found by Joseph Engle, a farm-hand, was half stripped of clothing and bore the evidences of a revolting assault. Two gaping wounds in the throat told how the murder was done and the blood-smeared knife lay nearby.

An autopsy held tonight showed that the girl had been criminally assaulted before she had been killed. She had been choked and the bruise marks left by fingers were found on her throat. There were also bruise marks upon the body. The injuries which caused death were the two stab wounds.

Both were on the right side of the neck. One of them penetrated the mouth. The other was the fatal one. The knife had been driven into the flesh of the neck and through the spinal column and into the brain. It was a blow delivered with great force and the physician who conducted the autopsy declared the man who wielded the knife to have been more than ordinarily strong.

The police tonight had little to work on in their hunt for the murderer. NEW YORK, May 23.—After a whole night's work, the police today are far from a definite clue to the identity of the murderer of Amelia Staffeldt, the fifteen year old girl who was shockingly assaulted and killed with a knife in a field at Elmhurst, in Queens Borough, yesterday.

Borough Inspector Flood personally has charge of the case. Every detail of the crime has been carefully gone over and explained and no love affairs of the girl, which might possibly have led to the crime have come to light.

Information gained from an employe carpenter may possibly lead to something tangible. This carpenter told the police that he paid off twenty men yesterday who worked near Elmhurst for two months past. Several of the men had been drinking and at noon they started for Manhattan. One in particular he said to have taken a boat across the old farm, in a field of which Miss Staffeldt's corpse was found.

Inspector Flood is of the opinion that the crime was committed by an insane man on account of so many revolting phases. Joseph Engel, the farm hand, who saw a man running across the farm shortly before he found the girl's mutilated corpse, says that the man's eyes were fierce and looking which started him. He says that the man was a foreigner. Adam Hummel, who was working with Engel, also believes from his cursory sight of the stranger that he was a foreigner.

## TURKISH GARRISON HAS DESERTED

Soldiers Could Not Stand the Poor Food—Took Their Rifles With Them

BELOGRADE, Servia, May 23.—The Turkish garrison at Uskub, consisting of about 1,000 men has deserted. The soldiers claimed that they were given bad food and that other conditions were unendurable. They carried off their arms and thus far only fifty men have been captured.

Uskub is situated about one hundred miles from Salonika with which it is connected by rail. It is an important trade center and has a population of twenty thousand consisting of Turks, Albanians, Servians, Bulgarians and Greeks.

GOLF CHAMPS.

NEW YORK, May 23.—The annual championship tournament of the Women's Metropolitan Golf Association which began on the links of the Knollwood Country Club at White Plains on Tuesday, reached the semi-finals stage today, and the final rounds for the title will be played tomorrow.

NEW YORK, May 23.—Two match play rounds of 18 holes each are scheduled for today's work in the Men's Metropolitan Golf Championship tournament at the Nassau Country Club, Glen Cove, L. I. Yesterday's qualifying round of 36 holes match play was productive of some brilliant golf which gives a promise of interesting matches during the remainder of the week.

Jerome D. Travers of Mont St. Clair, the title holder, won the medal score prize finishing four strokes better than Walter J. Travis, Garden City, and five better than Findlay S. Douglas, of the home club, both of whom are former national champions.

## TRIED A MIRACLE

Scene at a Holiness Meeting at Stittsville

The Minister, Rev. Mr. Johnson, Undertakes to Cure a Cripple, But the Plan is a Failure

OTTAWA, May 23.—As a special attraction for the afternoon service of the Holiness Movement camp meeting at Stittsville, Capleton county, yesterday afternoon it was announced that Rev. Mr. Johnson, one of the younger brethren of the church at Pendleton, would perform a miracle. Then beneficiary was to be John Green, a well-known cripple of Ottawa, who would be made to walk. A large crowd from the surrounding neighborhood gathered to see the miracle worked. Mr. Johnson made a preliminary address, announcing that he had been called to be an apostle and was gifted with power to heal the sick. Then he turned to Mr. Green, who was seated on the platform, took him by the hand and commanded him to walk, but Mr. Green did not walk, much to the disappointment of the crowd. Mr. Johnson explained that he must have been mistaken in the time or mode of healing, but he declared his faith was still strong and he would yet be a miracle worker.

## GRAIN COMMISSIONERS AND HARBOR COMMITTEE

Are Together on a Trip to Sand Point and Around the Harbor—Mayor Spears Did Not Go.

As announced in a telegram received by the board of trade last evening, the members of the Canadian grain commission reached St. John at noon today and are spending the afternoon in an inspection of the harbor facilities. The members of the local committee, George E. Goldie, of Ontario; L. McNair, Manitoba, and J. Miller, Sask. Mr. McNair is chairman of the commission. Mr. Boyle, who was secretary, resigned in Portland, Me., and is not now with the commission.

The commissioners have been inspecting the facilities for handling grain in various parts of Canada and the United States. They have already taken evidence at Toronto, Ottawa, Winnipeg, Buffalo and New York and are returning from the latter city. The grain commission was appointed by the Dominion government on July 26th, 1906. The creation of this body of the United States. It has been a complaint made by western farmers regarding the freight congestion on the railway lines.

St. John is also visited this afternoon by the Hon. M. Emmerson and Mr. Butler, deputy minister of the interior, who have come here to confer with the recently appointed harbor committee with regard to a system of improvements to be adopted. It has been arranged that these two bodies will unite in their inspection of the harbor today.

The members of the local committee, accompanied by Messrs. Emmerson and Butler, and the grain commissioners, along with President McRobb and members of the board of trade, left Union Depot at half-past two this afternoon on a special car for the purpose of visiting the Sand Point elevator and terminal facilities. When this has been done they will go on a tug and cruise around the sides of the harbor, inspecting the accommodation now provided and estimating the possibilities for future extensions. Later in the day the grain commissioners will visit the Intercolonial terminals.

Mayor Spears will not accompany the party. His worship feels that the civic end of the business has been rather neglected. He has received no communication whatsoever regarding the visit of the commissioners to this city. He remarked that as the board of trade has shown an aptitude for meddling in matters pertaining entirely to civic government such as the improvement of the harbor and the management of the fire department, he thought the same body might just as well take full charge of the grain commission while in St. John. His worship this morning received an invitation from the president of the board of trade to accompany the party on the visit to Sand Point and around the harbor, but declined, stating as his reason that the first time tomorrow, John Toner is the proprietor and he has fitted up an ideal place for amusement and comfort. The view from the gardens is excellent and with refreshments and games a very pleasant day can be spent. It is Mr. Toner's intention to transform the Views End premises into Zoological gardens and he has at present a number of animals coming from the West.

## KILLED BY FALLING DOWN THE STAIRS

Mrs. Sarah Cunningham Met a Tragic Death.

Unlatched Door at Head of Stairs Opened Unexpectedly—She Received Fatal Injuries, Dying an Hour Later

Mrs. Sarah Cunningham met a tragic death at her home at the corner of Bentley and Chesley streets at 10 o'clock night. She was walking along the main hall in her house and came to a door which opened out on a steep flight of stairs. Mrs. Cunningham put her hand on the door which was not latched and it opened unexpectedly. She was walking quite rapidly at the time and pushed on the door. When it opened she was thrown forward and fell down the stairs. Other occupants of the house heard Mrs. Cunningham fall and they rushed to her assistance. The unfortunate woman was carried up stairs and Drs. Pratt and Roberts were summoned. They found upon arriving that Mrs. Cunningham had severely injured her head. She was also badly bruised about the body.

Death relieved her of her sufferings an hour after the accident. Mr. Pratt stated today that death might have been the result of heart failure, but in all probability the injuries received in the fall were responsible for her demise. Some of the vicar, with which Dr. Gordon Bell included a couple of rabbits. The rabbits developed the usual symptoms and died, and the post-mortem revealed rabies germs. Fortunately the cases were discovered before the dogs had bitten any human beings.

## DOGS WERE MAD, BUT NO ONE HAS BEEN BITTEN

WINNIPEG, May 23.—Some little time ago dogs in the Sheel Lake district showed signs of madness. Cattle and sheep were bitten and died showing signs of rabies. Dr. McGillivray, Dominion veterinary surgeon, the province, visited the district, quarantined the suspected animals and brought away some of the virus with which Dr. Gordon Bell included a couple of rabbits. The rabbits developed the usual symptoms and died, and the post-mortem revealed rabies germs. Fortunately the cases were discovered before the dogs had bitten any human beings.

## FREDERICTON NEWS.

FREDERICTON, N. B., May 23.—The presence of the international conference on international arbitration was devoted exclusively to the consideration of methods of spreading the propaganda of peace by teaching pupils of the public schools and students of the colleges. Prof. Beale of Harvard and Prof. Willoughby of John Hopkins University emphasized the importance of teaching college students the advantages of universal peace. As to the attitude of Germany towards the first and second Hague conferences, Dr. Theodore Barth of Berlin gave his opinion to the Associated Press today. He said: "When the first Hague conference took place, Germany on the whole was sceptical concerning the possibility of success. If this conference would solve only one important question of international law for instance, the question of inviolability of private property at sea, then the prestige of the Hague conference will increase, particularly among the business leaders, the influential men in commerce and industry, and so the way will be free for further progress in the direction of arbitration and even of disarmament—I mean disarmament which is not enforced as a compulsory measure but voluntarily. Germany suffers from the enormous armaments just as other European nations do and because it is an entirely peaceful nation it will see with great satisfaction the removal of any cause of armament."

## REV. C. W. HAMILTON GETS CALL TO SALISBURY

SACKVILLE, May 22.—Rev. C. W. Hamilton has secured a unanimous invitation to become pastor of Salisbury circuit for the ensuing year. Dr. B. F. Austin of Rochester, N. Y. is paying a visit to Sackville. The assistant general secretary of Epworth League, Rev. S. T. Bartlett, and family are expected to arrive in Sackville on June 16th. Rev. and Mrs. Bartlett are removing here from Colborne, Ont., and have taken a house on York street.

### DOG POISONER.

Talk of a Detective to Locate Him.

Mrs. Coster Asks City and S. P. C. A. to Act—Seven Dogs Killed in the Past Few Days

Last week three dogs were poisoned on King square. Already this week four others have been killed and the manner in which the poison is administered is just as much a mystery now as it was at this time last year. Some of the dogs have been valuable, others are better out of the way. Yesterday afternoon a dog which showed signs of being poisoned caused quite a lot of excitement. A number of persons endeavored to pour oil down the brute's throat in order to effect a cure, but the animal was fairly mad with agony. Sgt. Campbell forced the end of his baton between the dog's teeth, only to have the hardened wood bitten off. B. H. Flewelling, who also endeavored to administer the oil, had the end of his finger very badly lacerated, and finally when the bottle containing the oil was inserted between the dog's teeth, the thick glass was snapped off. The dog died.

Mrs. C. J. Coster called upon Mayor Sears this morning for the purpose of asking aid in the detection of the dog poisoner. His Worship promised to do all in his power to stop the business. Mrs. Coster speaking to the Star today, said that lethal chambers should be fitted up at once. Dogs suffering from diseases and which are undetectable could be placed in these and killed without pain. The ladies' committee of the S. P. C. A. had enough money on hand to provide the chambers and they may do this before long. Speaking of the recent cases of dog poisoning, Mrs. Coster said that one man is strongly suspected of being one of the poisoners. It is known that he has purchased poisons commonly used in killing animals.

Mrs. Coster said that if the poisoning continues, several dog fanciers will set for a detective who will be brought here to find out who the guilty party or parties may be. Mrs. Coster interviewed Secretary Wetmore, of the S. P. C. A. today. He promised to do all in his power to stop the poisoning.

## TRAMP STEAMERS UP THE BAY OF FUNDY

HOPEWELL HILL, May 21.—The second dead steamer of the season came up the bay this morning and anchored at Grindstone Island, where she will take in cargo. John P. Peck, J. Nelson Smith and others are the ship's crew. The Wragby sailed from the Cape on Saturday with dead bodies. W. B. Dixon, James Hunter, long a well known resident of Riverdale, left with his family today for Amherst, where he will reside. Mr. Hunter's eldest son has been located in Amherst for some years.

## TEACH PEACE PRINCIPLES IN THE PUBLIC SCHOOLS

This Policy Urged at the Mohonk Conference—Interesting Speeches Made

MOHONK LAKE, N. Y., May 23.—Today's session of the Mohonk Lake conference on international arbitration was devoted exclusively to the consideration of methods of spreading the propaganda of peace by teaching pupils of the public schools and students of the colleges. Prof. Beale of Harvard and Prof. Willoughby of John Hopkins University emphasized the importance of teaching college students the advantages of universal peace. As to the attitude of Germany towards the first and second Hague conferences, Dr. Theodore Barth of Berlin gave his opinion to the Associated Press today. ## BATTLE WITH HAWK.

After a desperate battle in which he narrowly escaped losing his eyesight, Jacob C. Smith, an old farmer whose home is in North Babylon, succeeded in killing a large and hunger-crazed chicken hawk, which chased his chickens into the chicken house and then followed them in to feast upon them at leisure. Time and again the feathered marauder flew at the eyes of Mr. Smith, who had hurried into the chicken house to save his pets and closed the door after him to prevent the hawk flying out and escaping. It was only by covering his face and eyes with his arms and letting the hawk and talons of the infuriated bird sink into his forehead and hands that the doughty old farmer saved his sight and killed the hawk. It was measured the other day. The stretch of its wings from tip to tip was three feet. Its beak and talons were long and almost as hard as steel.

And Some of the Residents are Feeling Nervous—Missing Book-Keeper Turns Up All Right—Athletic Associations Talk of Amalgamation

MONCTON, May 23.—Nelson Dean, the young bookkeeper, reported missing, has returned to the city and in explanation of his sudden disappearance, says he took a walk out into the country where he spent the past few days. He claims that he has not misappropriated funds to any extent and he says he can make good any discrepancy. The young man's father at Yarmouth has been communicated with and in the meantime an effort will be made to ascertain the state of affairs with reference to the young man's accounts.

No trace has yet been found of the insane man who yesterday jumped through a window of the speeding Maritime express and who is hiding in the vicinity. The I. C. R. police were out today assisting the keeper but no clue was discovered by which the escaped lunatic could be traced. The thought of a crazy man wandering around has caused some nervousness in the neighborhood. He is handcuffed, however, and his speedy capture is anticipated as it will be necessary for him to appeal for food to some houses in the neighborhood.

The local Y. M. C. A. will probably affiliate with the M. P. A. A. Sanction of the latter body has been secured for a ten mile road race on June eighth, and as this is to be an annual event, the local Y. M. C. A. authorities are considering favorably affiliation with the provincial association.

## UNCLE JOE IS NOT FOR THE WHITE HOUSE

WASHINGTON, May 23.—Speaker Cannon on having his attention called to a report which has gained currency that he is out for tariff revision as a presidential candidate and has abandoned the Strand "Puters," yesterday said: "I do not know where the grapevine originated. The only knowledge I have in the matter is the report." Mr. Cannon said further: "In the campaign of a year ago the Republican party had a victory which gave the Republicans a majority in the sixteenth congress which organizes in December next upon the cry, 'Let well enough alone,' and I have no doubt that the sixteenth congress so elected will be true to the pledges made in the campaign."

FIRST ROUND BATTLE  
WITH SUMMERS OF ENGLAND

PHILADELPHIA, Pa., May 22.—Tommy Murphy of New York and John Summers of England, fought one of the hardest six-round battles ever witnessed in this city at the National Athletic Club tonight. It was Summers' first appearance in the ring in this country and he made an excellent impression. In the first round he dropped Murphy with a right to the jaw, and in the second round the Harlem fighter was felled twice, and only the over-anxiety of Summers to stop the fight saved the latter from taking the count. Murphy grew stronger as the fight progressed and more than held his own in the third, fourth and fifth rounds, while the sixth was about even. Murphy's stomach punches had the Englishman tired at the end of the battle.

**MANY ENTRIES FOR EVERYDAY CLUB'S HOLIDAY SPORTS**

The programme of sports on the Victoria grounds tomorrow afternoon, under the auspices of the Every Day Club, shows that very exciting races will be held, while the presence of St. Mary's band and the drill of the Scots Co. Boys' Brigade, will be special features of interest. The greatest interest is shown in the running races, especially the 100 yards, one mile and two miles, and the competitors are training hard. Quite a number were on the track last evening. Men will be busy rolling the ground again today. The grand stand has been repaired as well as the "bleachers." A great amount of work has been done in the last ten days. The sports begin at 2.30 p. m. The double header ball game in the forenoon, beginning at ten o'clock, promises to be very interesting. The Algonquin and Portlands will try conclusions and then the Marathons and Clippers. The diamond is in fine shape. The afternoon sports are as follows:—

100 Yds. Dash—First heat (senior)—8, Arthur Butts, Every Day Club; 7, LeBaron Driscoll, F. M. A.; 4, Urban Kiley, St. Peter's; 1, Chester Brown, Marathon A. C.; 9, Harold Dobson, Algonquin A. A.

**ONE KITCHEN FOR WHOLE GROUP OF FLATS**  
Berlin Syndicate to Build Houses on System New to the Fatherland.

BERLIN, May 23.—A strongly financed syndicate, calling itself "The One Kitchen House Company," has been started here, with the object of building houses in which every flat will be served by a common kitchen.

The flats will consist of two, three or four rooms, will be fitted up with every modern arrangement for the convenience of occupants, but will be without kitchens. The company will retain management of the central kitchen and enter for their tenants every flat will have direct communication with the kitchen by means of an elevator, and at the same time all the occupants will sit down to meals, which, it is stated, will not be more expensive than were the housewife herself attending to the cooking.

In addition, the company will supply a staff of domestic assistants, who will keep the flats tidy and clean and will black boots, and in every flat there will be a small gas range for cooking mince or dishes. The company is confident of success. One of their chief trumpets is that their plan will obviate the necessity on the part of the tenants of employing their own servants. Their plan has already been tried in Denmark and Sweden, and to a small extent in America.

**RACES AT CHATHAM ON AUGUST 29th**  
CHATHAM, May 22.—A meeting of the M. E. Association directors was held on Saturday. Geo. D. Fisher's resignation as secretary was accepted and Robert Murray was appointed in his stead. Since the meeting on April 30th \$2,910 worth of stock has been taken up, and after all bills and a dividend of 5 per cent. had been paid, as ordered in January, there was a balance of \$2,516.64 in the bank to the credit of the association. Repairs to be made to the building and the stalls completed. The grounds inside the race track will be seeded down after being leveled, and when a good turf has been secured they will be used for sports and recreation purposes.

**ONE KITCHEN FOR WHOLE GROUP OF FLATS**  
Berlin Syndicate to Build Houses on System New to the Fatherland.

BERLIN, May 23.—A strongly financed syndicate, calling itself "The One Kitchen House Company," has been started here, with the object of building houses in which every flat will be served by a common kitchen.

The flats will consist of two, three or four rooms, will be fitted up with every modern arrangement for the convenience of occupants, but will be without kitchens. The company will retain management of the central kitchen and enter for their tenants every flat will have direct communication with the kitchen by means of an elevator, and at the same time all the occupants will sit down to meals, which, it is stated, will not be more expensive than were the housewife herself attending to the cooking.

In addition, the company will supply a staff of domestic assistants, who will keep the flats tidy and clean and will black boots, and in every flat there will be a small gas range for cooking mince or dishes. The company is confident of success. One of their chief trumpets is that their plan will obviate the necessity on the part of the tenants of employing their own servants. Their plan has already been tried in Denmark and Sweden, and to a small extent in America.

CHATHAM, May 22.—A meeting of the M. E. Association directors was held on Saturday. Geo. D. Fisher's resignation as secretary was accepted and Robert Murray was appointed in his stead. Since the meeting on April 30th \$2,910 worth of stock has been taken up, and after all bills and a dividend of 5 per cent. had been paid, as ordered in January, there was a balance of \$2,516.64 in the bank to the credit of the association. Repairs to be made to the building and the stalls completed. The grounds inside the race track will be seeded down after being leveled, and when a good turf has been secured they will be used for sports and recreation purposes.

Rev. W. E. White, C.S.S.R., who has been stationed in St. Peter's Church for some time past, will leave for New York next week. On next Monday evening the parishioners will meet in the basement of the church and make a presentation to the departing priest.

It is not likely that the Germain street Baptist church will erect a new Sunday school building for a couple of years yet. In the meantime the church has been made for funds the opinion that it would be wiser to first pay off the mortgage on the church before undertaking any new building operations was encountered. The committee will therefore make a report to this effect at a meeting of the congregation which will be held on Friday night.

The Portland Y. M. C. A. have perfected all arrangements for their excursion tomorrow to Belleisle and intermediate stops along the river. The steamer Champlain leaves her wharf at 8.30 a. m. Meals and refreshments will be sold on the boat. Owing to the water being over the wharf at Brown's Place, they have made special arrangements for landing their passengers. This will no doubt be one of the best patronized excursions tomorrow. Tickets for the round trip 60c.

**A GREAT SALE.**

The extraordinary sale of Ladies' New Spring Coats now under way at Dowling Bros., has aroused considerable interest among St. John ladies and the department is thronged day after day with purchasers, all eager to participate in the bargain feast.

DESERVES PUBLIC SUPPORT.  
The Ralph Connor evening at the Opera House, Friday, May 21st, under the auspices of the Marathon Athletic Club, gives the general public an opportunity to show its sympathy with this fine athletic organization.

The Marathons have been actively promoting clean amateur athletics in St. John since the inception of the club, by the organization of football and hockey teams, the holding of track sports and road races, and the club has spent its funds to keep professionalism out of many games in this city.

If the Ralph Connor engagement will be used to meet the deficit from last winter's hockey league games, and to place the club on a better financial footing.

**Queen's Rollaway.**  
At the Queen's Rollaway tonight the band will play a special programme of music, and on Friday, Victoria Day, they will play both afternoon and evening. Visits to the city should go to this popular place of amusement and enjoy themselves.

**RECENT DEATHS**  
MRS. ADELAIDE STIRLING.  
The death of Mrs. Adelaide Stirling occurred at Carpenter's, Queens Co., on the 16th instant. Mrs. Stirling was twice married; her first husband was Cotes H. Carpenter, by whom she had eight children, all but one surviving her. The deceased was highly respected, and her death is keenly felt by all who knew her.

MRS. WILLIAM HODNETT.  
NEW BRANDON, May 21.—Mrs. William Hodnett, aged seventy-eight years, died at the home of her son-in-law, James M. Ellis, on May 17. The funeral on the 19th was largely attended. She was beloved by all who knew her. She is survived by one daughter, Maggie. She had been a sufferer for years but bore all with patient resignation to the will of God.

**THE LAST WORD IN OCEAN GREYHOUNDS.**

In a few weeks the greatest steamship ever built will start on her maiden trip, from Liverpool to New York, and later in the year her twin will make the journey, both of these magnificent continuing in the service of the Cunard Line, on what is easily the most important line of ocean travel on earth. The Lusitania will be the first ship ready, the exact date of her sailing being yet uncertain, the Lusitania being delayed with a view of embodying any minor improvements the test of her sister ship shows to be advisable.

**BIGGEST AND FASTEST.**  
In point of speed, the Lusitania will exceed any large ship built, and in point of size any fast ship. She is nearly 800 feet long, and has a displacement of 45,000 tons. Her beam is 88 feet, and she is expected to sustain a speed of 25 knots an hour from her 70,000 horse-power engines. She will be propelled by quadruple screws, operated by turbine engines. It is sixty-seven years since the Britannia, the pioneer Cunard crossed the Atlantic, and a comparison between her and the Lusitania marks an amazing development in ocean greyhounds. The Lusitania has more than 25 times the gross tonnage of the Britannia, and 85 times the power. She will make the passage in about a third of the time consumed by the Britannia, thanks to the turbine engines, which will transmit just about six times the total horse-power of the pioneer Cunard fleet of four vessels.

**THE COST OF SPEED.**  
The advance in speed upon the fastest trans-Atlantic liners is about two knots, and its importance lies in the fact that the 25 knots can be maintained from the beginning to the end of the voyage. The cost at which every extra knot of speed is attained is discussed in the Scientific American in a review of experiments made by the British Admiralty on the Monmouth, a vessel of 10,000 tons, designed to show 23 knots. It was found that 1,768 indicated horse-power gave a speed slightly in excess of ten knots an hour; to gain three knots, it was found necessary to require almost 12,000 horse-power to attain 17 knots, and two additional knots required more horse-power than the first 13 knots. The 23rd knot took as much horse-power as was required to make the first 15 knots.

**TWO CENTURIES' PROGRESS.**  
The Lusitania and the Mauritania gained a knot and a half over the Kaiser Wilhelm II, the champion of the North German Lloyd, and to do so requires 88 additional furnaces, six extra boilers, 32,000 square feet more of heating surface, and an increase of 30,000 horse-power. Besides this, 100 feet in length, 15 feet in beam, and 12,000 tons displacement were necessary advances. Commending on the improvements in size, speed and power in vessel construction made in a century, the New York Times calculates that if the same ratio of progress continues until 2,007, the steamers of the next century will have a speed of 6,527 miles a day and will make the voyage from Liverpool to New York in about 13 hours. The Leviathan of the 21st century will be nearly a mile in length, and would accommodate 22,000 passengers. On foggy days it might take between 14 and 15 hours to make the trip.

**CARRIES 3,200 PEOPLE.**  
The Lusitania will carry a floating population of 3,200, including officers, men and passengers, more than a third being in the steerage. A marked improvement on the accommodation for steerage passengers will be the separate staterooms. The Lusitania will have eight decks, as follows:—The orlop, the lower, the main, the upper, the shelter, the bridge, the promenade and the boat. Two large electric elevators are provided for the convenience of passengers and six for mails and freight. There will be 1,200 side lights and windows, and 5,000 incandescent lights, requiring 200 miles of wire. The staterooms will be equipped with telephones, and the vessel will be administered and engineered by means known "Ahoy!" and "Aye, aye, sir!" known "Ahoy!" and "Aye, aye, sir!"

**UNsinkable.**  
The new vessels will be practically unsinkable, owing to the size and character of their water-tight compartments. The ribs will be covered with steel plates, numbering 26,000

plates, and weighing up to five tons. Each will have two sets of steering gear, the rudder weighing 65 tons. The turbines will make about 70,000 horse-power, and will contain 3,000,000 blades. There are 25 boilers, and 122 large furnaces. One may be pardoned for hoping that the size of the ship in harmony with the re-set of her expected by the officials will not be in harmony with the rest of the ship. Otherwise some of the staterooms are apt to be permanently empty.

**MINE MAGNETS GET WARNING IN TIME**  
Kind Government to Resist Attempt to Close Works and Thus Increase Idlers.

PRETORIA, May 23.—Mr. Smuts today received a deputation of the unemployed, 300 of whom marched from Johannesburg to Pretoria. The deputation submitted to the minister the resolutions passed at the meeting at Johannesburg, urging the government to find employment for the whites in the mines. Mr. Smuts, in reply, made a momentous declaration of policy. He said that he could not increase wages on the relief works, and these must only be regarded as temporary. The solution he sought in the absorption of the unemployed by the mines. "They had," he said, "the spectacle of the mines clamoring for labor and labor clamoring for work. The Chinese were introduced to meet the demand for unskilled labor, and this disastrous distress, one result of which was the Chinese, and would re-appear at the earliest possible opportunity. This would solve problems with which they were faced. The mines must be regarded not as the heritage of the rich alone, but also of the workers who seek to get employment in them."

Proceeding to refer to the demand for legislation to prevent the mines closing down, he said that he thought mine owners were not so blind to their own interests as to do this, but if they did the government would not hesitate to act. The government would sympathetically consider the question of working its own mines. Mr. Smuts' remarkable statement put the government in sympathy with the democratic element in the Transvaal. It will be regarded as a declaration of war against monopoly control and the doom of the Chinese. It shows that the government recognizes the gravity of the coming conflict.

WHAT OTHERS SAY:  
Scotch Rider, N. B., April 18, '07. The L. M. Trask Co., St. John, N. B.: Dear Sirs—The engine is a dandy altogether. We started out at noon Tuesday and hauled it 1 1/2 miles, and by Wednesday night we had saved 40 cords of wood and moved three times in the meantime and hauled it 1 1/2 miles in two of the moves. It works fine, and we are more than pleased with it. I remain, yours respectfully,  
S. WILMOT BURNS.  
Vernon River Bridge, April 8, '07. The L. M. Trask Co., St. John, N. B.: Dear Sirs—Mr. Hogg came with the engine on Saturday and we gave it a trial on the thrasher and wood saw. It did splendid work. The engine must be seen and operated before you can appreciate it. I remain, yours truly,  
OWEN SULLIVAN.

### ST. JOHN STAR.

ST. JOHN, N. B., MAY 23, 1907.

#### PICTURES AND FRAMES.

St. John has at various times enjoyed the pleasure of visits from picture enlarging artists who have taken many orders, not only for the pictures but for frames which the agents carry simply to oblige customers. At the present time representatives of a concern such as this are doing St. John. Up to date, the agents who have appeared are a young man, nice to look at and of very pleasing manner, who takes a preliminary survey of the situation and introduces his business to householders; and another, rather more brusque individual whose duty it is to book orders. There are, however, a few little features in their style of doing business which are not always appreciated by the persons with whom the agents come in contact. It is the custom of the advance man to announce to those persons whom he visits that his company is a new one in the St. John field, desires simply to introduce its goods here, and in order to this, is prepared to give a certain number of enlarged pictures for nothing. By rapid-fire conversation this agent in many cases secures photographs which he says, will be enlarged at absolutely no cost to the owners, the only return expected being that the enlargements will be put somewhere in the houses where they will be seen, and that the name of the company making them will be mentioned to anyone who happens to inquire. There is no other obligation, absolutely none, although, if the persons receiving the pictures so desire, they may of course make a selection from the number of sample frames which will be brought to their notice, but nothing like this is necessary. It is entirely optional, though the advance man would be pleased if purchases of the frames were made, as he receives a small commission on all that are sold. But as regards the picture, he wants it clearly understood that there is to be no charge of any sort, nor does the giving of a photo imply any contract. It is to be a gift, absolutely.

Photographs are handed over and two or three weeks later the second man calls. He has with him a bundle of names carried in a wagon, and briskly struts into the house where the advance man has previously been. With a note book in his hand, he at once asks the persons to make a selection of the frame they wish to be put on the picture which they have ordered. This is, in many cases, a surprise, as there was no understanding that a frame was to be ordered. When such a belief is mentioned to the second agent, he assumes a rather haughty manner and inquires why it was that this lady sent in the photo if she did not intend to order a picture and frame. It was the understanding that the frame was to be sold with the picture. On the reply that the picture was not sold to her, but was to be given as an advertisement this second agent is greatly astonished and asks if the lady thinks the company is in business for its health, or why she imagines that such a foolish contract should be entered into. Sometimes occurs that the ladies visited express a desire that their husbands, or brothers, or fathers should first see the frames, but the agent feels that nothing of the kind is necessary. He has no overbearing desire to meet any of the male members of the family but is sure the ladies should know much better what is required in the furnishing line than do the men folk. Sometimes he sells the frames; sometimes he does not. According to his own accounts, he is selling a good many of them.

#### THE POND STREET LINE.

There was little reason for reopening the Pond street car service question. As anticipated, it is found that the objections to the proposed line, formerly expressed, still hold good, and where such a strong feeling exists it is perhaps best not to force matters. While it is to be regretted that the efforts of the company to improve the loop service are hampered in this case, still it is to be feared that the operation of cars on Pond street would be subject to annoying delays and that other and perhaps more serious inconveniences might be caused. Considering everything, it is just as well that the aldermen cannot see their way clear to complying with the request of the company. Meanwhile, as this point is now supposed to be settled, might not some improvement be arranged in the present system? Formerly when a two-way service was in operation some complaints were heard, but it must be remembered that there was equal grumbling against the other lines. Within the past year or so the north end-city service has been improved, yet the company has not endeavored to provide a better two-way service on Paradise Row. This could surely be done, and while it is true that the best results

will never be attained until a double track is built, still if a proper test were made for a month or so, of a two-way service, conditions could be greatly improved.

#### THE MONCTON CONVENTION.

When a man has, through no fault of his own, been placed in a difficult position, and when he is taking every proper step to prove that he has been wronged, even though all the chances are favorable he must feel encouraged by the outspoken support of his friends and the knowledge that his course has commended itself to all. Thus Mr. Emmerson at Moncton last evening must have experienced a thrill of pleasure when the many electors attending the convention unanimously passed resolutions assuring their representative of unqualified approval of his course, and firm belief in his ability to disprove the slanders uttered against him. Mr. Emmerson himself exhibited unflinching confidence, and in a manner which left no room for doubt declared his intention of fighting his traducers to the end, clearing his name before the people of Canada, and resuming that position the honor of which is now temporarily overshadowed. That he will do so is beyond doubt.

The Mayor of Halifax has decided that all unsightly sheds in the village must be torn down. The other four buildings will show up quite well after this is done.

#### MOTHER'S LAP.

When I'm a little tired of play, And don't want to take a nap, I go and climb on mother's lap, And ask her if she will not tell The stories that I love so well— Of all she used to do.

When she was little, too, And she tells me all the stories I like best. Of times so long ago, so long ago— About my aunts and uncles and the rest. And the funny things they used to do, you know.

How the soldiers came and asked for food one day, When my grandma and my grandpa were away. And how she and Uncle Ned Hid the silver in the bed. And how my Uncle Jack Went to India and back.

How my Aunt Jane put the gander down the well, And my Aunt Maria knew, but wouldn't tell. How the Gypsies stole my Uncle Ned, them in the way of seeing the most beautiful and interesting parts of this country without trouble.

Staying at London hotels at the moment are many Americans whose names are household words on the other side. Judge Monro, of California, who is staying at the Savoy, has been making a holiday study of the system in English courts, and admires the greater rapidity of English methods, especially in criminal procedure. Senator Sherman is another distinguished American who is stopping at the Savoy.

### AMERICANS CROWD FAMED LONDON TOWN

Streams Arriving from America and Also from European Resorts

Large Numbers Also Tour Suburbs and Places of Interest in Automobiles.

LONDON, May 23.—London is fast filling with Americans. They are arriving by every train, filling the hotels and boarding houses and keeping the hordes of motor cars busy with orders. From the Continent there is almost as much travel as there is from America. The two streams meet just now. The wealthy half-European-American who has been spending the winter on the shores of the Mediterranean is homeward bound.

The often wealthier American who has no time for idling in the winter is rushing over to take a couple of weeks or a month or rest and recreation in England.

With all classes of visiting Americans the theatre is the focus of the moment. Not an evening is allowed to pass without a visit to one of the popular plays now running in London. They grumble a good deal at the prices asked for the stalls. But they will take no other seats than the stalls, liking to be in a position in which they can get a view of the house, as well as of the stage. Many of the men complain, too, at the custom which compels them to wear evening dress. They prefer themselves and their wives the simple habit of New York or Paris.

Many of the wealthier visitors are bringing their motor cars with them. Many millionaires, by the way, now keep a car or two on this side of the Atlantic all the year round. Whether wealthy or not, the visiting American does not feel that he has seen England unless he has taken a run down to Shakespeare's country or into Devonshire on an automobile.

"The automobile," said Mr. Flag, the London manager of the Haymarket Express Company, in whose Haymarket rendezvous Americans foregather, "is helping to keep Americans in this country. Where formerly they would stay a day or two in London and then go at once to Paris, they are now spending the best part of their holiday in touring England by car. We encourage them to do it, planning tours for them by automobile and putting them in the way of seeing the most beautiful and interesting parts of this country without trouble."

Staying at London hotels at the moment are many Americans whose names are household words on the other side. Judge Monro, of California, who is staying at the Savoy, has been making a holiday study of the system in English courts, and admires the greater rapidity of English methods, especially in criminal procedure. Senator Sherman is another distinguished American who is stopping at the Savoy.

### ANTI-SUICIDE BUREAU NEEDED IN VIENNA

The Crime of Self-Destruction on Alarm-log Increase in the Australian Capital

VIENNA, May 23.—The great number of suicides which are taking place in Vienna has caused the Neue Presse to suggest that General Booth should establish in Vienna one of the Salvation Army anti-suicide bureaux.

Yesterday a young shoemaker named Amboschitz and his sweetheart poisoned themselves because Amboschitz's relatives had forced him to betroth himself to another girl who had money. An art student named Gromer shot himself in the Vienna City Park the day before his wedding because he saw no prospect of being able to support his wife.

A jealous baker named Sollich, of Trieste threw his sweetheart out of a high window and then jumped after her, both being killed and an unfortunate passerby severely injured.

WOMEN MANAGE TOWN IN SWISS CANTON

Start Cafe Which Keeps Their Men Folk From Frequenting Those of Nearby Villages

GENEVA, May 23.—Women are in virtual control of the town of Pions, in the canton of St. Gall.

The women of Pions recently petitioned for the opening of a cafe, but the women organized a counter-petition, and declared that the granting of the license would lead to disturbances. Thereupon the authorities refused the license, and by way of reprisals, the men of Pions requested the cafes in the neighboring villages and returned home very late at night.

MOVING DAY IN VIENNA

BESET WITH TROUBLE

Strike of Packers and Drivers of Furniture Vans Leads to Awkward Complications

VIENNA, May 23.—A general strike of the packers and drivers of furniture vans employed by removal contractors led to amusing scenes in the streets today. A large proportion of Viennese change their residence during May, and the strikers, who are well organized, took advantage of this fact to demand higher wages and to demoralize the removal operations which were in progress in all parts of the city. Non-union men were employed by the contractors, and the city authorities provided an escort of mounted police for every vanload of furniture, while other policemen sat with the driver. These imposing processions caused great amusement. In some cases the strikers induced the non-unionists to unharness the horses and abandon the vans full of furniture in the street. Many unfortunate householders were forced to sleep in empty flats tonight. Several vans in the suburbs, which were without police protection, were overturned by strikers, the scattered furniture completely blocking the tram lines. Many arrests have been made.

## INSPECTOR OF CONSTRUCTION

Gordon Grant, C.E. Appointed for the G. T. R.

Will Keep Close Watch on all That Goes on and Report to Commission—Contracts Sub-Let.

OTTAWA, May 22.—Gordon Grant, C. E., has been appointed inspector of construction on the National Transcontinental Railway. It is the intention of the construction commission to keep a close watch on the work of the various contractors, that the quality of the work may be up to the contract standard, and that reasonable progress is maintained on all sections under contract. It is also intended that the contractors shall be held responsible for the quality of the work, and that any contractor who fails to do so, shall be liable to the commission for the cost of the work done by the commission.

The Grand Trunk Pacific, which secured three National Transcontinental contracts when tenders were last called for, has sublet one of them and will probably do the same with another, but will build the third. The fifty mile section of the road from Lacombe to Moncton, N. B., has been sublet to McDonald and O'Brien, who are completing a contract for the construction of the section adjoining to the east. It is understood that the G. T. P. will sublet to an eastern firm the contract it secured to build from near Chipman to Moncton. No contracting firms are anxious to take the contract for the Lake Umbagog section of the G. T. P. at the figures at which they secured it. The G. T. P. will have to carry out the construction of this hundred and fifty mile contract itself and claims that it can make money on the figures at which it secured the work. No beginning has been made yet, as the season is so late that it has been impossible to make a movement toward getting supplies in. M. P. and J. M. Davis, who have the contract for the section from the Quebec bridge to the New Brunswick boundary, and White and Lyons, who have the contract for building from near Chipman to Moncton, are making preliminary arrangements, and will be actively engaged in the summer. It is understood that there will be no more tenders invited until next fall, when it is probable the gap in the central portion of New Brunswick and most of the unassigned portions between Quebec and Winnipeg will be put under contract.

## NARROW ESCAPE OF 3 YEAR OLD TOT

HOPEWELL CAPE, N. B., May 22.—Arthur H. Moore, three years of age, son of Henry Moore, proprietor of Albert House here, had a narrow escape from being drowned today, by falling into a well in a neighbor's cellar. The little fellow wandered away from home and finally made his way down the stairs into the cellar of County Secretary Wright's residence, where there was quite a deep well, half filled with water. Miss Wright, who was in the kitchen above, heard the splash as the child struck the water and immediately after learned from her brother that the little fellow was in the well. An alarm was at once raised and the youngster was got out in quite an exhausted condition. When rescued, Arthur was grabbing the stones at the side of the well, and calling to "Mamma" to come to take him out.

## HALIFAX MAY HAVE BIG STRIKE

Ship Laborers Likely to Ask for Increased Wages

Will Knock Off Work Unless Their Demands are Granted—Increase Not Likely to be Granted.

HALIFAX, May 22.—The longshoremen met tonight and decided to stand by their demand for an increase in their wages. The ship owners and agents will be given to understand Sunday night at midnight that they must comply with the demands of the men otherwise they will not go to work. Fifteen hundred men will go out. The shipmen are not likely to grant the increase, and from present indications a big strike on the water front is in sight.

MONTREAL, May 22.—At a meeting of the board of management of the local longshoremen's association, Jos. Alney, president of the Montreal Brotherhood of Carpenters and Joiners, was appointed to represent the union on the board of conciliation and investigation which is to be appointed by the Minister of Labor in connection with the dock laborers' strike. Alney when approached accepted the position.

The secretary was instructed to write to the headquarters of the association at Detroit for rates of wages paid the longshoremen at the various ports of North America to be put in as evidence at the investigation.

Rev. J. E. Revington-Jones, the recently appointed incumbent of the Mission church was last evening tendered a reception by the congregation in meeting the church's heavy liabilities. Col. Sturdee then introduced Rev. Mr. Jones, who ascended the platform.

Mr. Jones said that he could say little about the work of the church, as he had had little opportunity of studying it. He hoped to carry on the services as usual and would follow out the teachings of the prayer-book in meeting the church's heavy liabilities. Col. Sturdee then introduced Rev. Mr. Jones, who ascended the platform.

Mr. Morgan, organist of the church, sang a solo, "Danny Deever." Mrs. Charles Robertson sang a solo, which was encored, and Miss Revington-Jones gave a piano solo.

## OLD PENSIONER WHO WAS REFUSED MONEY ATTEMPTS SUICIDE

Edward Cotter Jumped Overboard From Scow Near Long Wharf

He Was Rescued Much Against His Will by Herbert McDonald and Wesley Friars.

Edward Cotter, a pensioner, and over seventy years of age, attempted to commit suicide last evening by jumping into the water near the L. C. R. deep water terminus. He was rescued, much against his will, by Herbert McDonald and Wesley Friars. When seen later in the evening he was quite cheerful. The affair occurred about 8.30 o'clock, just as the Boston train was passing over the trestle bridge, and the report spread that a passenger had attempted to commit suicide.

Mr. Cotter had been loading near the wharf during the afternoon. In the course of a quarrel with Mr. W. J. McDewitt he said that a man could have a very good dive overboard from where they were standing. He walked to the side of the bridge and peered over.

He then continued his conversation with Mr. McDewitt, who thought no more of the remark about jumping overboard.

Mr. Cotter walked down the steps on the side of the bridge and went on board two mud scows lying there. He walked to the edge of the outer scow, buttoned up his overcoat and jumped overboard.

Mr. McDewitt soon afterward walked down the steps on the side of the bridge and heard the splash. They had also seen the man standing on the scow a few moments before. They ran down to the scow. Mr. McDonald was just able to grasp the old man and keep him on the surface.

Mr. Cotter objected strenuously to being saved. He said, "I know what I am doing, catch you let me alone?" and made several other remarks, signifying that he was troubled.

After some difficulty Messrs. McDonald and Friars brought Mr. Cotter to the bridge and gave him over to several friends.

He was taken to his home on Main street, where his clothes were changed, and he was soon as bright as usual. It is said he attempted the deed because he had been refused some money which he had asked for from one of his relatives. The old man lives with his daughter on Main street.

KINGS CO. PROBATE COURT.  
HAMPTON, Kings Co., May 22.—In the probate court of Kings county today his honor Judge McIntyre submitted to probate the will of the late Michael Henry Carney of Norton, farmer, deceased, the signature being proved by George Glavin, one of the witnesses, and Andrew Carney and Michael Dolan, the executors named in the will, were duly sworn to administer the estate, which was sworn under \$25, of which \$25 is realty and \$5 personal property.

Yesterday, May 21st, the business in the S. P. C. court was by consent of counsel adjourned to June 11th in chambers at Sussex.

ACCUSED FAILED TO APPEAR IN BRISTOL LOG STEALING CASE  
BRISTOL, N. B., May 22.—Like Dyer on the charge of stealing logs, the property of the St. John River Log Driving Co., was to have been resumed this afternoon, but the accused failed to appear. The supposition is that after having consulted with his friends, Dyer decided to fly to Uncle Sam's domain. The case was further adjourned until the 21st in order to give the bondsmen an opportunity to produce the accused in default of whose appearance bail must be forfeited.

FIREMEN WILL HOLD TWO DAYS' TOURNAMENT  
At a meeting of the firemen's tournament executive committee held last evening it was decided to recommend that the proposed tournament be held on Labor Day and the day following, September 2nd and 3rd. This report will be presented to a meeting of all the firemen and the members of the Salvage Corps, which will be held on Wednesday evening next at No. 1 H. & L. station and the report will not be adopted.

Mayor Sears had expressed a wish that the tournament be held during the visit of the governor general in August, but this was not deemed advisable by the committee, although it is quite possible that there will be a turnout of the firemen, should there be any large parade arranged during the vice-regal festivities.

## LEMIEUX ACT AT SPRINGHILL

First Test in Maritime Provinces to be Made There

Commission to Consider Differences Between Cumberland Railway and Coal Co. and its Men.

SPRINGHILL MINES, N. B., May 22.—Canada's new labor law, the Lemieux act, will receive its first test in the Maritime Provinces tomorrow, when a commission meets here to arbitrate the differences between the Cumberland Railway and Coal Company and its employees. On April 1st all the men quit work. There were two matters in dispute, one known as the "No. 14 chute" question, and the other as the "local stone" question. The company applied to the government to have a commission appointed under the Lemieux act to investigate the matter, and the men returned to work pending the result of the investigation. P. S. Archibald, C. E., of Moncton, was selected by the company as their representative on the commission; the men selected R. B. Murray of this town, and Messrs. Archibald and Murray together agreed on Judge Graham as the third member and chairman of the board. The commission will meet in the Y. M. C. A. here and all the sessions will be open to the public.

Each side will present its case and the commissioners will then give their decision. D. C. Matheson, S. Torris and W. Hodge are the committee appointed by Pioneer Lodge, P. W. A., to present the men's claims. Both points at issue are in connection with wages. The "local stone" case was brought about by a band of stone which runs about midway through the coal seam. The stone divided the coal into two separate workable seams, one above the other. For a considerable time only the top of the seam was taken out, but now all the coal is being removed, and the men say the stone bothers them considerably. They contend that they should be paid extra for removing this stone, and the company claim that they should not. The second question to be settled is of a different nature. The Springhill mines are worked on the bord and pillar system of mining. In No. 14 chute the men while driving upward encountered a "bord," or level, which had been abandoned and had fallen in. It frequently happens that these abandoned "bords" are encountered and they have to be crossed in order to reach the coal in the seam above the bord. In this case, however, a large part of the stone had fallen in and the consequences were much more serious than usually encountered, and they were compelled to tunnel through this mass of fallen coal, stone and timber three times in order to get it thoroughly cleaned out. These men had been receiving \$2.44 per day and when they commenced to cut through this fallen mass of rubble they say they understood they were to receive the same wages. They were paid, however, on a scale of four cents per inch per lineal yard, which figured out at about \$1 per day. They claim that they should be paid for the time they spent in putting this place in good order, while the management claim that they should be paid only for the distance cut through from the top to the bottom of the "bord."

Assistant Grand Master Blue and Sub-Secretary Moss will assist in the presentation of the men's case. Hector McInnes, solicitor of the company, and Grand Secretary Moffatt of the P. W. A. are both in town. Judge Graham came in by the Maritime express and Mr. Archibald arrived by the accommodation from Moncton this evening. Much interest is being taken in the investigation by the citizens of the town.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS  
Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 5 and 25, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less. Entry must be made personally, at the local land office for the district in which the land is situated. The homesteader is required to perform the conditions connected therewith under one of the following plans: (1) At least six months' residence upon and cultivation of the land in each year for three years. (2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother. (3) If the settler has his permanent residence upon farming land owned by him in the vicinity of the homestead, the requirements as to residence may be satisfied by residence upon the said land. Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent. Deputy of the Minister of the Interior, N.B.—Unauthorized publication of this advertisement will not be paid for.

Last evening at the residence of the officiating minister, Rev. A. B. Cohen united in marriage Walter S. Daley and Miss Marion E. Tucker.

The steamer Westport III, Captain Powell, arrived early this morning from Westport, and is taking her freight today on account of tomorrow being a holiday.

The Furness Line steamer, St. John City, from Halifax for this port, passed Brier Island at nine o'clock this morning and will dock this afternoon.

James Hanna, milk-dealer, of Military Lane, was surprised to find last night that the tail of one of his cows had been cut off. The animal was found covered with blood.

Work is progressing favorably with the street railway operations in Carleton Place. The roadbed in Queen square has been graded and the rails are in position. Rails have also been laid on Queen street, and it is expected that the circuit will be completed in a few weeks.

The officials at sports tomorrow afternoon will be: Referee, V. W. Clark; judges, Mayor Sears, R. E. Walker, J. N. Harvey, Starter, Arthur McHugh, Timmer, Harry Erwin, John McHugh, Martin Dolan. Clerks of course, C. A. Seely, B. L. Sheppard, E. Mooney.

Miss Jennie M. Bell, daughter of Joseph Bell, Horsfield street, has successfully passed the required examinations and graduated today from the Lowell General Hospital, Lowell, Mass.

Whether or not, the Turk, who is at present in the city conducting a sale of Turkish rugs, carpets, etc., will pay a \$25 license, is a question which is causing the Mayor and other officials considerable thought. Auctioneer Lantieri claims that the Turk is now being brought here as a demonstrator to be present at a sale which he is really holding. He thinks his license as an auctioneer should be sufficient, and that the Turk should only take out a clerk's license which costs \$7.50.

### OLD CHARLOTTE ST. BARRACKS A PLACE WITH A HISTORY

Was Originally a Church, Then a Dance Hall, Prize Fighting Emporium, Theatre and Army Home.

The Salvation Army, No. 1 Barracks on Charlotte street, is being rapidly torn down and as soon as the contractors can do the work, a fine, large brick and stone structure will arise in its place. There is quite a history connected with the old Charlotte street building, for it was first a church, then a dance hall, a place for prize fights, a vaudeville theatre, and finally a Salvation Army barracks. About the year of 1874 a body of worshippers known as the Reformed Episcopalists met in Zion Church, but during February, 1878, they moved into a new church on Charlotte street that had been erected by the congregation. Most prominent among the members was the late Henry Jack, father of D. Russell Jack. The sacred edifice was known as the Reformed Episcopal church and at that time was a beautiful structure, and a joy to the religious body who assembled there.

As years rolled along and the more prominent pillars of the church died, the congregation finally ceased to meet at the Charlotte street building and the church went to D. Russell Jack, whose father had held a mortgage on the building, and he transferred from a place of worship to one of amusement and to the mind of the prize ring.

After being vacant for some time, the building was transferred from a place of worship to one of amusement and to the mind of the prize ring. The once quiet and sacred place of worship became a resort for a crowd of the sporting fraternity, the air was full of tobacco smoke and profanity where before the walls enclosed clear air and holiness. Then the building was leased by John Mackay, who changed the name to the Bijou, and for months the place was largely attended by lovers of vaudeville performances.

The Salvation Army picked out a lot on the corner of Princess and Sydney streets, where it was their intention to erect a barracks and conduct their meetings, but D. Russell Jack, the owner of the Charlotte street property, made arrangements with the Army officers whereby he obtained the Princess street site and the Army took the amusement building on Charlotte street. It was swept clear of what the officers called the Devil, and for years the Army has conducted a great campaign against sin.

The officials at sports tomorrow afternoon will be: Referee, V. W. Clark; judges, Mayor Sears, R. E. Walker, J. N. Harvey, Starter, Arthur McHugh, Timmer, Harry Erwin, John McHugh, Martin Dolan. Clerks of course, C. A. Seely, B. L. Sheppard, E. Mooney.

**ISLAND SOLDIERS ARE EXPECTING LAND GRANTS**

South Africans Hope That the Federal Government Will Comply With Their Request.

Mr. Fred B. Macrae, provincial manager of the Imperial Life Assurance Co., on Prince Edward Island, is a guest at the Royal. Mr. Macrae was one of the first members of the African contingent from P. E. Island. He says that the boys from that province have every hope of being granted land in the Northwest. When the application was first made the federal government promptly refused to comply with the request. The reason given was that as British Columbia and Ontario had out of the crown lands made grants similar to that asked, the other provinces enjoying the possession of such lands should do the same.

Hereupon the Island men came back at the government with the statement that P. E. Island alone had no crown lands, and that consequently the grant should be made by the Dominion. The force of this argument has been acknowledged and Hon. Mr. Fielding has said that the request is now being carefully considered. The Island men will endeavor to secure all the land in a block.

**EMPIRE DAY IN THE PUBLIC SCHOOLS**

Empire Day was observed in the public schools today. Programmes of patriotic nature were carried out. The usual two sessions were held and the special work was taken up in the afternoon. The following programme was carried out in the High School:

Selection by the orchestra; recitation, Miss Hazel Holder; chorus "Canada, God and Our Land," by Grade 9; essay, Stanley Grenville of Grade 9; vocal solo, "Our Patron Saints," by Jennie Kee; selection by the orchestra; recitation, Lyle Kennedy; chorus, "Land of the Maple," by Grade 8; essay, "Patriotism," Chester Earle of Grade 11; selection by the orchestra and addresses. The speakers were: Mayor Sears, Dr. Daniel, M. P., and Rev. A. B. Cohen.

These gentlemen all referred to the patriotic spirit which existed in every true Canadian boy and girl.

**THE I. C. R. VOTING.**

Mr. Editor: I wish to draw the attention of employees of the I. C. R., and engineers in particular, to the position a great many of them placed themselves in by their vote of yesterday, viz: plumping their man or voting one vote where they should have voted two votes.

Mr. Nairn, who represented the engineers at Ottawa, contended that there should be two men elected by the men to represent them on the board of management. The Hon. Minister gave way to the request of the employees and made the act read that two men were to be made elective.

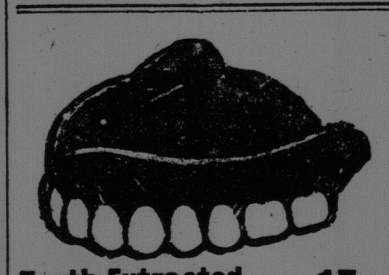

Yesterday was the day of the election and we find the men who were so anxious to have two representatives killing their arguments by only voting for one. These men are supposed to stand amongst the most intelligent of the I. C. R. Does their action speak well for them?

Yours,  
CONSISTENCY.

### WOMAN FOUND DEAD IN BED THIS MORNING

Mrs. Ellen Delaney, said to be a native of P. E. Island, was found dead in bed this morning in a house of White street. Mrs. Delaney who was not well off in worldly possessions, had been for some time a sufferer from consumption. Arrangements were being made to have her admitted to the Home for Incurables and until a vacancy occurred she was living with Mrs. Robinson, on White street. This morning when Mrs. Robinson went to the room, she found that Mrs. Delaney had passed away during the night. The dead woman was about fifty years of age and is thought to have relatives living at Tryon.

The D. A. R. steamer Prince Rupert, Capt. Potter, arrived in port this morning from Boston, where she has been in dry dock. The Rupert has been off the Bay route for the past winter and has been given a thorough overhauling. She is now in excellent shape for the summer trade. The Rupert leaves tomorrow morning, and the steamer Yarmouth, which has given a faithful winter service, will be taken off the route.

### The "Why" and "Wherefore" of It

How New Spring Wearables Are Sold at Such Bargain Prices. ....

**A GREAT MANY LADIES** have already attended our backward weather sale of Costumes, Coats and Jackets, and nine out of every ten serious shoppers have bought of the new wearables.

Surprise is general that such strikingly fresh and modish models should be so radically reduced in price, but the frank admission on our part, that unseasonable weather has retarded business so much that in order to catch up to June goods a clearance must be held, should answer all queries. We try to advertise plainly and briefly; realizing that everybody knows the season is backward, and that many are aware that such conditions interfere with mercantile plans. So brand new handsomely tailored clothes at bargain figures is the result—that's all there is to it.
