FATAL TRAIN WRECK ON THE I. C. R. NORTHERN DIVISION

Locomotive Ran Away While Man in Charge Had a Sleep—A Freight Train Badly Smashed—Brakeman Terribly Hurt, While Track Was Being Cleared

NEWCASTLE, N. B., July 31.—Brakeman Malcolm MacNeil, of Dalhousie, conductor Irving's freight train, from Campbellton, fell between the cars at the North crossing here about thirty o'clock. He had been between the rails and was struck by the brake beams, breaking his back, legs and arms. The runaway locomotive was derailed, the pilot of the colliding locomotives badly damaged and the roadbed torn up. The runaway locomotive, which carried the wrecked train, was derailed and the wrecked train, which was being cleared, was derailed and the wrecked train, which was being cleared, was derailed.

BETTING IS TWO TO ONE ON STANLEY KETCHELL

He is to Meet Hugo Kelly Tonight in Middleweight Championship Contest

SAN FRANCISCO, July 31.—Even money is being wagered that Stanley Ketchell would knock out Hugo Kelly inside of 15 rounds tonight when the middleweight meet at the Coliseum for the championship honors of that class. On the general result Ketchell was the first to abandon his training and at once proceeded to seek recreation. His weight yesterday was less than 150 pounds. The articles of agreement call for 158 at 6 p. m.

LABOR ORGANIZATION IN TROUBLE IN FRANCE

Government May Suppress the General Federation Because of Its Policy of Disorder

PARIS, July 31.—The rioting at Vignac yesterday has precipitated a serious situation owing to the decision of the government to arrest the leaders of the general federation of labor and possibly suppress the entire organization on the ground that it threatens the public order. Reports in the press agree that at Vignac the agitators deliberately incited their men to provoke bloodshed and that the troops patiently submitted for hours to insults and stoning before they fired. The conservative papers unite in demanding the suppression of the general federation of labor as a revolutionary organization which is demoralizing the country and terrorizing the people. The organization is expected to fight bitterly for its existence. During the night the city was plagued with inflammatory accounts of what is called the "government's crime" and calling for an extension and prolongation of the strike.

BEATING ALL RECORDS IN THE OUTPUT OF COAL

Considering Delays the Dominion Co. Has Made a Rather Remarkable Showing.

SYDNEY, July 31.—A new record for output from the collieries of the Dominion Coal Co., will be declared this month and will show an aggregate of 388,000 tons, eighteen thousand tons better than the highest previous record made in October, 1906. This is regarded as an especially good showing when the races of the national holiday and some accidents which temporarily suspended work in three of the collieries are considered. The management of the company promises to exceed this record before the close of the season.

MONTEBELL, Que., July 31.—The C. P. R. Steamer Empress of Ireland passed Inhabrah Thursday at midnight.

AT LEAST TWO MEN KNEW OF MURDER

The Police Have a Minute Description of Them

Drove Up With Womens Body in Wagon — Examination Shows Skilled Surgeon Had Operated on Woman

NEW YORK, N. Y., July 30.—That at least two men were concerned in the murder of the unidentified woman, whose half-brother and acid-soaked body was found on the Green Point Avenue dumping ground in Williamsburg, six weeks ago, was established today by the police. Philip O'Brien, a laborer, of Green Point, saw the woman drive to the dump at dawn yesterday. Two men got out and lifted from the wagon what the witness supposed to be only an old mattress. He saw the men pile a heap of brush on the mattress, pour oil over it and then set fire to the bundle. Believing the mattress was being destroyed because it was diseased, the man avoided the spot. There can be no doubt but that the mattress was the one in which the body of the murdered woman was concealed. This important development has given the police valuable aid for it also led to the discovery that the covered wagon was seen by several other persons and the police now have a minute description of the men who were in it. They were foreigners. Another startling feature of the case was disclosed when Coroner's Physician Wuest, made a second autopsy on the body. His first autopsy revealed a deep cut across the woman's throat and the second autopsy shows that this cut was made either by a skilled physician or a person who is an expert in surgery. The incision, says the coroner's physician, is such as is made in desperate cases of diptheria, which is necessary to pierce the windpipe to prevent strangulation. Whether this wound caused death or not, Dr. Wuest was surprised to say. Besides the incision in the woman's throat, the skull was fractured and the police believe that poison may also have been used to make three sure of killing the victim. Failure to establish the identity of the victim is the greatest obstacle the police have to overcome in solving the mystery. A general alarm has been sent out for Mrs. Mamie Muskovitch and her husband, Stanley, who have disappeared. Detectives learned that the couple are missing and there is a possibility that the murdered woman may be Mrs. Muskovitch. Muskovitch was seen at her home in Stamford, Conn., and Mrs. Muskovitch has not been seen since. Her husband returned to Green Point on Tuesday alone, it is said.

THE HORRIBLE CRIME OF A DEMENTED HUSBAND

Jesse Fifer Killed His Daughter and a Friend, Fatally Shot His Wife and Another Woman, and Committed Suicide.

SEATTLE, July 31.—Jesse Fifer, a gripman, killed his eight year old daughter Hazel, and Mrs. Dennis Niboul, a confinement patient, fatally wounded his wife Mrs. L. Fifer, and seriously wounded Mrs. Ethel Warren in his electric law in a private garage here last night. He then turned his revolver upon himself and committed suicide. Fifer and his wife had been separated and she lived at the hospital. Although forbidden to go near the house, he made his way into the place through the basement. After finding his wife seated in a front room, he started shooting. The lights went out after the first shot and he had to light matches to see the victims to shoot at. He drove his daughter and Mrs. Niboul into the street where he shot them.

FREDERICTON, N. B., July 31.—For the races here next Wednesday and Thursday the railways have granted excursion rates. The C. P. R. announce one fare rate good coming on the 4th and 5th of August and returning on the 7th. From points north of Woodstock tickets will be sold good coming on the 4th as well. The I. C. R. announce one fare rate from Campbellton, Moncton and intermediate points including the Canada Eastern French coast coming on the 4th and 5th of August and returning on the 7th. Parties of ten or more at any station on the 4th can secure return tickets good for three days at single fare.

NEW YORK, July 31.—The Brighton Beach racing association which concluded a racing meeting at the Brighton Beach Race Track Wednesday, was indicted by the Kings County grand jury today on a charge of aiding gambling to violate the new anti-gambling laws.

CHATHAM NEWS.

CHATHAM, N. B., July 31.—The funeral of Mrs. Anne McKendry took place yesterday at Douglastown. Service was held in St. Samuel street church, Rev. P. W. Dixon officiating at the mass, and Rev. Fr. Maigue preaching. Interment was in St. Mary's cemetery. News: Among those present at the funeral were Rev. Mons. Varrilly, of Bathurst Village, and Rev. Dr. O'Leary, of Bathurst.

CLAM CANADIAN SHIPPERS COMBINE AGAINST CANADA

Royal Commission Will Likely be Appointed to Investigate Charges of Discrimination in Favor of United States Lake Ports.

MONTEBELL, July 31.—That there is a grain combine to keep up the rates on carrying grain down the Lakes and the effect of which is to work against the Canadian ports is the statement made by a gentleman in a high position in the transportation world, and there is every probability that a royal commission will be appointed to investigate. He says that the Lake shippers combine to make the price to Montreal seven cents and that last year sixteen million bushels of grain went via U. S. ports owing to the actions of the Dominion Marine Association. The matter has been laid before the Hon. L. P. Brodeur, and he has signified his willingness to have a thorough investigation. An exhaustive inquiry was made by those interested and the following is a short synopsis:— All freight between two Canadian ports has by law to be carried in Canadian bottoms so that all wheat shipped from Montreal has to be first carried by members of the association. The result has been that when the Marine Association has been above a parity with what could be done via Buffalo through Boston, New York and Philadelphia, the grain went to Buffalo, whereas a much larger percentage could have gone to Montreal. This Dominion Marine Association last year based their rates to start with on the basis of two cents to the Georgian Bay plus the east rate named by the Grand Trunk presumably 5c. a bushel on wheat, so that no Canadian boat would charter to the Georgian Bay for less than 2c. or all water Montreal 7c. For the first two or possibly three trips, this will not divert any grain from Montreal as the rate is in line with Buffalo, but when the first rush of grain is over, American tonnage will probably be offered from Lake Superior to Buffalo at less than 2c. and unless the Dominion Marine Association reduce their rate the grain is diverted to Buffalo.

SMUGGLING ASIATICS OVER MEXICAN BORDER

Investigation May Reveal Wholesale Traffic — Strip of Land Set Apart.

SAN DIEGO, Calif., July 31.—Forest Supervisor Harold Marshall yesterday received official notice from Washington that President Roosevelt has established a zone sixty feet wide along the Mexican border, the land of which is withdrawn from settlement. The purpose of this action is to render it more difficult to smuggle Asiatics over the line into this country. SAN FRANCISCO, July 31.—Startling revelations which may involve immigration officials at Pacific coast points along the Mexican border are expected from an investigation now being carried on by the federal government of the illegal entry of Chinese and Japanese coolies into this country. Professor Fernando Sanford, of Stanford University, is also one of the men appointed by the president to investigate the immigration conditions. Professor Sanford said yesterday that so far no information of importance had been obtained, but it is reported that a gang of coolie smugglers had been discovered, which includes some big merchants of Chinatown and that this organization has been carrying a regular business.

MURDER THE VERDICT IN HAZEL DREW CASE

TROY, July 31.—Coroner H. M. Strop, of Rensselaer County, made public his findings as a result of the inquest into the death of Hazel I. Drew, whose body was found in Teal Pond on July 11. The substance of his opinion follows: "From testimony taken at Averill Park, N. Y., on the 27th day of July, I find that the said Hazel Irene Drew came to her death from extravasation of blood in the duramater, caused by a blow on the head from some blunt instrument in some manner unknown."

GARDINAL GIBBONS IN ROME.

ROME, July 31.—Cardinal Gibbons, who, with a number of other prelates, arrived here yesterday from New York, is resting today from the fatigue of his journey. He has notified the Vatican of his presence in Rome and the Pope has expressed his desire to see him immediately. The audience will probably occur tomorrow.

APPRECIATION OF THE GOVERNMENT OF BRITAIN

(From the London Daily Mail). Professor Lowell is warmly to be congratulated upon having produced what may be described as an indispensable book. There is no other in our language which treats so comprehensively and so dispassionately the British Constitution and its workings in the present year of grace.

The author has a gratifying respect for English government. He is not "mesallied by the standards of duration, absence of violent commotions, maintenance of law and order, general prosperity and contentment of the people, and by the extent of its influence on the institution and political thought of other lands, the English government has been one of the most remarkable the world has ever known."

POSITION OF THE CROWN. It was perhaps unfortunate that the letters of Queen Victoria were published after the present work was written, or they would have supplemented and modified the chapters which deal with the position of the Crown.

As for the future of the Sovereign's influence, Professor Lowell holds that it cannot be foretold. "It must depend largely upon the insight, the tact, the skill, the intellect, and the popularity of the monarch himself, and as regards any one department upon his interest in that department. The monarch is not likely to be inured to a life of strenuous work, and yet, in addition to the political routine, which is by no means small, his duties social and ceremonial, are great."

BRITISH CHARACTER.

Of the London County Council and its work he speaks with respect, but holds its tramway policy and its housing policy wrong—the great defect of the tramway policy being the graded fares, in place of the flat rate usual in the United States. He does not favor municipal trading, and gives facts which suggest that in Boston a company supplies a far better and cheaper service than Glasgow, the model British city, obtains from its corporation. Municipalism has, he thinks, greatly hampered the development of tramways in England.

FATALITIES.

SYDNEY, July 28—John J. Pembroke, who resided at Langan and did a meat market business at Dominion street, collapsed and died at his home today beside his horse and carriage between Dominion No. 14 and Langan street by Michael McKee. There was a mark on his face where he struck the ground, but no other evidence of injury or violence.

TORONTO, July 28—Bursting from bandages with which she was tied in bed and scrambling out of the fourth story window at Grace Hospital, Annie Cookcraft, a typhoid fever patient, hurled herself to the ground and was almost instantly killed this morning.

OTTAWA, July 30—J. L. Kehoe, son of Judge Kehoe of Sault Ste. Marie, and clerk in the Imperial Bank here, was drowned in the Ottawa River today near Rockcliffe park. While swimming in the river he was seized with a cramp.

TORONTO, Ont., July 28—Rev. G. B. Brown, pastor of the Beausville Baptist church, was drowned at Jordan Harbour today, during a Sunday school picnic, while bathing.

JENORA, July 10—The body of Jas. R. Bell was recovered this morning from the Winnipeg River and brought to town. Lillivest, a Swede, who is charged with throwing Bell overboard, has not been caught. He is supposed to be in the wild country north of the Transcontinental.

ANGLO-JAPANESE TREATY SOURCE OF UNEASINESS

Menace to United States Seen in It—Mr. Fairbanks Criticized

NEW YORK, July 30.—The Sun says: "At the Quebec Tercentenary Mr. Fairbanks made a speech in which he declared that nothing on earth can change the cordial relations that exist today between the United States and England. Would he not have said quite enough to satisfy the comities of the occasion had he confined himself to averting that there is nothing now in sight, and that he hoped most earnestly that nothing would ever occur to interrupt the existing friendship between the two great nations?"

WASHINGTON, July 29.—Vice President Fairbanks may step out as President of the Senate in the next few weeks, and it is admitted that Mr. Fairbanks could have his choice of diplomatic positions under the administration of Mr. Taft.

BIG WELCOME FOR IRISH AMERICANS

Olympic Team Visiting Ireland

DUBLIN, July 30.—The members of the Irish-American Athletic Club who are visiting Ireland, received a tremendous popular welcome here tonight. The greeting recorded here was all the more remarkable because it was entirely spontaneous.

Mrs. Robert Thomson is in Quebec where she is visiting Mrs. Ashe. Miss Mabel Thomson is there also and took part in the pageant of the Court of Henry IV.

Mrs. J. L. Haywood entertained a number of friends at a bridge on Friday evening in honor of Miss Haywood who is visiting her.

The Gaelic athletic association has declared Saturday's athletic meet with the American are to compete tonight, but its action is generally condemned. The opinion is universal that the dispute of the Gaelic with the Amateur Athletic Association should not be allowed to mar the harmony of a national welcome to the American champions.

STOLEN CHILDREN FOUND IN ST. JOHN

Portland Assyrian Had Run Off With His Two Sons.

Mother Locates Them and is Endeavoring to Get Them Away From Her Husband Who is Said to be Worthless.

About five weeks ago George Piffes, a 57 year old Assyrian left his home in Portland, Me., and at the same time two small boys, Peter, aged 13 years, and Ferri, aged 6 years, also disappeared.

The unfortunate Assyrian woman was distracted at the loss of her two bright boys and she sought assistance from the Portland officials, but without much success.

In a very few minutes the mother, with her 21 year old son Ned lettered the chief of the Portland police, also one from the president of the Children's Protective Society.

The woman told her pitiful tale, how her husband had repeatedly abused her, and she believed his reason was gone, how she was a good woman and her eldest son a good citizen of Portland.

When Piffes was asked what he had to say to his conduct, he said his wife had kicked him out of the house, that he would never live with her or take care of her.
