IMMENSE STEEL PLANT TO BE ERECTED AT THE SOO

Half a Million Worth of Machinery Ordered for the Works in Canada Which Will Rival Any at Pittsburg—Outside Capital Engaged

NEW YORK, May 28.—A despatch from Pittsburg to the Times says: Another move toward centering the iron and steel industry of the United States on the borders of the Great Lakes was made when a contract was closed by the Algoma Steel Company for \$500,000 of heavy steel machinery to be delivered at Sault Ste Marie, Canada, as quickly as possible.

After six years of study these concerns in this project at the head of the great lakes have decided that it would be cheaper to carry the ore to the iron ore than to bring the ore to coal as has been the custom for years.

Announcement of the placing of this order caused some interest in Pittsburg as the Pittsburg steel men have looked on this northwestern territory as their own.

CHATHAM, N. B., May 28.—Twelve Italians arrested here Tuesday and kept imprisoned for three days on a warrant sworn out by the agent of a Q. T. P. construction party, were released this morning. J. A. Haviland acted for the prisoners and as the warrant purported to be for a criminal offence whereas the question was one of breaking a working contract, he asked the magistrate to dismiss the case. The prisoners were then released.

HOUSE BURNED WHILE FAMILY SAT AT DINNER Total Destruction of Other Crossman's Home Near Sackville—Little Saved—No Insurance

SACKVILLE, May 28.—A house owned and occupied by Oliver Crossman, about two miles from Sackville, was totally destroyed by fire yesterday afternoon. Practically all of the furniture was also burned. The family were at dinner when a neighbor rushed in with the word that the upper portion of the house was in flames. Incredible as it may seem, the family had no earlier warning and when they tried to force a way up stairs, smoke and flames forced them back. In a short time the building was in ashes. No furniture from the upper floor was saved and but little from the ground floor. There was no insurance.

AGREEMENT WILL SOON BE PROCLAIMED

Fisheries Commissioners Holding Meeting in Washington Regulations are Reported as Fairly Satisfactory and are Expected to Clearly Define International Rights.

WASHINGTON, May 28.—Commissioners and counsel operating under the treaty between Great Britain and the United States providing for the adoption of uniform and effective measures for the protection of the food fishes in the waters contiguous to the United States and Canada met here today at the state department. Prof. David Starr Jordan is the United States commissioner, while C. P. Anderson is legal adviser on the part of the government and N. S. Gibbons on the part of Canada. The commissioners have been at work for about a year and have completed a set of regulations to govern fishing, which if adopted by both governments, will go far towards protecting and preserving the fish and will avoid friction and strife arising from a lack of knowledge regarding the limitations put on the citizens of the respective countries by the others along the border line. Recent dispatches from Canada have indicated that the agreement reached by the commissioners is in the main satisfactory to that government. As soon as accepted by both governments it will be proclaimed.

Much interest is being displayed in the contest and the team has the assurance that a large crowd will attend. The crowd's manager this morning announced a change in the infield. Bradbury, formerly on the third sack, goes to first base while Seely will watch the third base line. It is stated that the change will prove a beneficial one. Nesbit will perform in the artist's box in the afternoon exhibition, while Treacren will twirl in the evening.

WINNIPEG, May 28.—A carload of wheat was sold on the Winnipeg exchange yesterday which has been in store in Fort William since 1904 as a result of litigation arising out of the bill of lading. It netted the farmer about 51 cents per bushel, although sold at \$1.16. As a matter of fact the farmer is out thousands of dollars on the deal after paying his lawyers.

DETRUIT, May 28.—It is now almost certain 18,000 or 20,000 members of the International Longshoremen's Association in the Lake district will go on strike. A referendum vote of membership is being taken and the outcome is not in the slightest doubt. The vote will be overwhelming for a strike.

BASKATON, May 28.—The new postoffice and fire hall was struck by lightning last night during a fierce storm which raged here. Rain will do immense amount of good in the country and is probably worth millions to the farmers.

MEN ARRESTED PROBABLY KNOW NOTHING OF ROBBERY

NAVAL SCANDALS ARE BECOMING SERIOUS

Former Cabinet Minister Likely to Be Indicted Lives Endangered by the Dishonest Purchase of Defective Material—Federation of Labor Gave Up the Spool.

PARIS, May 28.—As the investigations continue the scandals in the matter of naval supplies and construction appears to be more and more serious. Other instances of defective material discovered and it has been learned that under the administrations of M. Pelaton and M. Thomson, bribes were offered inspectors. Defective plates on submarines endangered the lives of the crews of these vessels. The Delcasse commission has asked the prosecution of bribery when they left the ministry.

PARIS, May 28.—The prestige of the general federation of labor has gone to pieces since the collapse of the general strike. M. Noll, the secretary, has resigned, and the more powerful unions have withdrawn with the intention of forming a new confederation which shall be without the revolutionary characteristics of the old one. A general association of postmen has repudiated its connection with the workmen's organizations.

At this several women who were sitting at the tables fled to the rear of the room and huddled in the corner. Threatening to shoot if opposition was made, the robbers searched two of the men and took what money they had. After warning the victims to make no attempt to follow them on pain of death, the robbers disappeared on the run. The yare believed to be members of a notorious East Side gang.

TRURO POLICE DO NOT ANTICIPATE VERY MUCH FROM THE DAHOUSE SUSPECTS, BUT THEIR ARREST MAY SETTLE THE THEORY REGARDING STRANGERS—A. F. ROSS DEAD

TRURO, N. S., May 28.—The local police here attach no particular interest to the arrest of men at Dalhousie as suspects in the Truro Express office robbery excepting in so far as their examination will dispose of the last two strangers known to have been in Truro on the day of the holdup. One of the men tallies with the description given of the man with the gun. The other was his chum when in Truro, but does not fit any description hitherto issued. They are expected here before night. When Burgess will be given an opportunity to identify his man.

CHILDREN AT PLAY GAVE GLEW TO TRAIN ROBBERS

Three Suspects Arrested for the Hold-up of the Union Pacific Express at Omaha.

OMAHA, May 28.—The police of South Omaha last night arrested three men suspected of complicity in the Union Pacific train robbery near this city last Saturday. One of the men had \$126, another \$88, and the third a smaller sum, when arrested.

Children playing in the vicinity of 18th and Q streets in South Omaha Wednesday night, found three handkerchiefs cut for masks, three revolvers, flash lights and other paraphernalia, evidently the property of hold-up men. Detectives were yesterday stationed in that vicinity in anticipation of the owners returning for their property. Late last night four men were seen to approach the spot where the stuff had been hidden and three of them were arrested, the fourth making his escape. At the police station all three gave what the authorities believe are fictitious names. Questioned separately all three told different stories.

MONGTON PASTOR HAS RESIGNED
Rev. H. G. Dockrell Will Leave the Baptist Church—No Train for the Provincial League.
MONCTON, N. B., May 28.—The present outlook is that Moncton will not have a team in the Provincial baseball league. The M. A. A. has not yet finally dealt with the question, but from the fact that the meeting called for the night to settle the question didn't materialize it may be taken for granted that Moncton will not be represented in the league.
At a business meeting of the First Baptist church last night, Rev. H. G. Dockrell tendered his resignation to take effect the first of June. He will preach his farewell sermon next Sunday. It is expected to have Rev. W. B. Hinson, a former pastor now of California, to supply for three or four weeks during the summer.

Advice to the Star states that the Moncton High School will enter a fast team in the sports. It is anticipated that the trials will be held on Saturday at the railway city.

STROCK HIM WITH HATCHET
CHATHAM, N. B., May 27.—A sensation was caused this afternoon, when it was known that J. Y. Mersereau, one of Chatham's leading citizens, assaulted S. D. Heckbert in the latter's tailoring shop, hitting him a blow on the head with a hatchet and severely wounding him. The incident took place at noon. Mr. Mersereau occupies the second story of the building on which Mr. Heckbert has his shop and the two had had a few words about cleaning up the yard, but parted peacefully enough. Mr. Mersereau went upstairs and Mr. Heckbert into his own shop.
An Hour Later
About an hour later Mr. Mersereau came into the latter's store and was carrying a hatchet. He and Mr. Heckbert were conversing quite casually when Mr. Heckbert stooped down. Mr. Mersereau in a fit of rage, it is presumed, aimed at his head, hitting the ear, cutting the latter and rendering Mr. Heckbert unconscious. The latter soon fell and Mr. Mersereau in a few minutes had summoned Dr. Loggie by telephone. Both ear and head had to be extensively bandaged, and Mr. Heckbert will bear the marks for some time. It is supposed that Mr. Mersereau did not know what he was doing, as he has complained of being very wrought up lately. The affair is very regrettable and is much deplored by both parties. Mr. Heckbert will take no action.

PLAYED WITH ROWE, NOW PROFESSIONALS
That distinguished Halifax body known as the M. P. A. A., but to many local fans looked upon as a single man organization, has again made itself felt in the city. The cause of the trouble on this occasion is the addition of the players in the Inter-Society league competing in the same grounds on the diamond with Thomas Howe. The boys are declared professionals this time—no more amateur help but call to mind the many suspensions handed down by the Halifax body and the amount of trouble caused local teams.
Here is their latest bulletin, which affects local players:
Professionalized—The following baseball players are hereby professionalized: St. John's Baptist team, St. John, M. B. H. Howe, Mills, Kelleher, H. Thomas, Cogan, Breen, Doherty, N. Thomas.
St. John's team—A. Mahoney, Rogers, McEwan, J. McCormack, F. Mahoney, C. McCormack, J. Dever, Hodd, Clouston—Amateurized—The following are again playing with or against professionals in baseball.
All baseball leagues are required to obtain sanction of this association for series of games.
F. W. MEYER
Hon. Secretary M. P. A. A.
Bulletin declaring professional of other teams are expected of any moment, so the fans should be prepared for them.

COURTSHIP OF DE LESSEPS.
In the current issue of "Blackwood's" General Sir Henry Brackenbury continues his interesting "Memories of My Spare Time." Many distinguished names fit across these pages—Gambetta, Zola, Carnot, Gladstone, De Lesseps and Wood, as well as those of some of our great British soldiers who are happily still with us. One of the strangest courtships of which I am aware at any rate in the annals of fact—is that of De Lesseps, recorded here by General Brackenbury. The story was told by De Blowitz in the great English magazine, and he did not deny its accuracy.
A Frenchman living in Reunion sailed with a sick wife and two young daughters, for France. The passage was stormy, provisions ran short, and when the Cape was rounded the wife died. Some time afterwards the husband called upon Dr. Lesseps, told him of the hardships of that long sea voyage and the disastrous consequences, and "expressed the wish to dedicate the remainder of his life to the furtherance of the construction of the Suez Canal." He was given an appointment at Ismailia, and work was found in one of the workshops there for his daughters. General Brackenbury continues:
"One day Lesseps was visiting the atelier, when his attention was attracted by these two girls, with whom he entered into conversation. He came again the next day, and gave to each of them a flower, saying that they should form a wish last thing at night, and that if in the morning they found the flowers had opened, their wishes would be granted. Next morning he came back to the atelier, and found one of the girls smiling, the other in tears. He asked the cause of her sadness. My flower has not opened," she replied. "Tell me your wish, that if possible, it may be granted." "Ah, to you, least of all men, can I tell it," was her answer. Lesseps married her, and so her wish was granted."
One of De Lesseps' daughters was so eagerly devoted to him that on the occasion of the total solar eclipse, she happened to step back suddenly, he trod on her foot. When he turned to comfort her, she said: "Oh, please, it is not my wish to be married to you!"
General Brackenbury describes how he saw the burning of the Alambra in Leicester Square. Captain Shaw, then chief of the Fire Brigade, took the General on to the room of an adjoining house and pointed out to him how the immense fire wall was standing entirely unsupported. Three men were directing hose upon the adjoining buildings. Shaw, in the meantime, pointed out the danger to which they were exposed, and also the necessity for the work which they were doing. "Over the following morning I learnt that the wall had fallen, and that two of the men were mortally injured."

BALLOON WENT FIFTY MILES ON MAIDEN TRIP
SPRINGFIELD, Mass., May 27.—The new balloon Springfield made its maiden trip today in a rainstorm, landing safely on Greylock Mountain, the highest peak of this city. Just before the start, at 1:30 this afternoon, the balloon was christened by Mrs. T. T. Hove, wife of the president of the Springfield Aero Club, who broke a bottle of mineral water over the car, while Mrs. Vivian Colver, aged ten years, scattered flowers over the occupants of the car as the big gas bag began to lift the car for its first voyage.
In the balloon were Leo Stevens, of New York; the manufacturer, or pilot, of the Springfield Aero Club and who acted as pilot, E. M. Statter, of Buffalo, and Charles R. Culver and H. T. Pierpont of this city. There was a slight drizzle of rain when the ascent was made, and it was raining heavily when the balloon came down on Greylock Mountain, but the greater part of the fifty mile trip was above the clouds.

BOWLING RECORD BROKEN.
NEW YORK, May 27.—The National Bowling Association record for five teams were broken at the Madison Square Garden tournament tonight by a team from the Corinthian Bowling Club of this city, which rolled a total of 2,881, an average of 192.2 a game. The previous association record was 2,833 made in Rochester last year by the Brunswick of New York.
The Corinthian Club, which is the largest bowling organization in the United States, had eight teams entered in the five-man contest tonight. Team No. 8, which made the record score, was made up of William Linden, Louis Klein, Frank Reed, W. A. Hains and James Smith.
Three squads of individual bowlers and two squads of two-men teams held more than half the alleys during the greater part of today's sessions. Most of the competitors were New York, as the officers of the association hope to finish as many as possible of the games by local entrants before next week, when a large number of bowlers from the west and south are expected.

We have convinced the public that there is no place so cheap as the Maritime Restaurant, what ever was known in the Maritime Provinces is a 21 meal ticket for \$3.50. We are prepared to back what we say. After trying you will be perfectly satisfied with the food for that money. Give us just one trial; if we don't suit, we are not forced to come back.

PROULX GETS ANOTHER JOB
MONTREAL, May 27.—Another bad job was given to Ald. Proulx, chairman of the police committee, at today's session of the royal commission, when the wife of his brother Oscar went on the stand and swore that she has at different times received money from the police in pay for promotion, and which money afterwards was given to her by her husband, and she admitted that she had travelled through Europe with another man and that she was to all intents and purposes a prostitute. She energetically denied the allegation, and maintained that she was perfectly respectable. She gave her evidence, she admitted, in the hope that it would injure the Proulx family, as she owed it, and especially her husband, a grudge.

DIGBY BOY MISSING; FOUL PLAY FEARED
DIGBY, N. S., May 28-Digby is excited over the mysterious disappearance of Edmund Bain, the fourteen-year-old son of Mr. and Mrs. Harry Digby, of that town. The young man has been employed at Point Prim by Light Keeper William Eids since last fall.
Saturday evening he had a considerable sum of money due him and came to Digby with the intention of getting a suit of clothes which his father had been making for him. On his arrival here, he procured a bicycle with the understanding that he was to return it on the evening of Victoria Day. Since then he has not been seen. It is feared that some foul play may have happened to him.

PHILADELPHIA STREET

CAR MEN WILL STRIKE
PHILADELPHIA, Pa., May 27-In accordance with resolutions adopted at meetings of street car men in all parts of the city last week, a mass meeting of motormen and conductors was held here last night, and it was decided to cease work whenever the executive committee of the National organization of street car men should consider the time propitious.
The halls where the meeting was held were crowded to the doors and when one speaker suggested that the men strike in 48 hours there were cries of "24 hours." Calmer counsel, however, prevailed, and when the resolutions to cease work because of the failure of President Parsons to treat with the men's representatives were passed they included a paragraph stating that the resolutions were to be placed in the hands of the executive committee to be made effective at such time as they should deem expedient. It was also decided that every effort would be made to protect the company's property from rioters.
The street car men were still in session at 1 o'clock this morning.

THE FLAT GAME MAN

By G. W. OGDEN.

cars or the end of his nose, but save his life. And when a man has a debt to pay before he quits, that is a point he is bound to consider.
Reese pushed forward into the flock. The sheep were not hurrying. They plodded slowly in what appeared to be a persistent determination to keep on the move, if need be, until the storm had blown past.
Complete darkness had fallen. It seemed to Reese that he had been trading along with the sheep for hours, one hand on the back of a big fellow, when he first heard the cry. It came to him thinly, trembling under the racking wind, and was blurred by the time it had penetrated the thick felt of his storm-cap. He paused a moment, and the sheep, crowding blindly forward, crushed against his legs like drift upon an obstacle in the current of a stream. He moved on again, wondering, and the call waivered down to him out of the mouth of the storm.
He lifted the flap of his cap and listened. When it sounded again it was plain enough to distinguish that it was made by a human being, and as there was only one other human being within miles of him, Reese concluded that Tom's mate was trying to guide him back to camp.
He believed in his heart that it was Tom, but he was not sure. He was trying to do something, knowing as he did how those storms swallowed a man up in a moment, sometimes while trying to best his way out from house to house, sometimes while groping from his doorway to the woodpile in the yard; but Reese breathed the wind and stood breathing listening when he expected he cleared the flock, his dog tagging behind, and as the last sheep passed, he was separated from the rest. He felt a heavy and discouraging pressure of loneliness. It seemed to him that he was alone in the world, and he felt a good bit, which was rather unusual for a man in a snug camp at his feet. Reese shouted impetuously, running forward in little anxious starts like the voice sounded encouragingly near, standing breathlessly listening when he failed sometimes for many minutes together. His conclusion at length was that he was alone in the world, and he felt a good bit, which was rather unusual for a man in a snug camp at his feet. "DEATHS"
THOMAS B. HOLLANDER.
The death occurred last week of Thomas B. Hollander, one of the oldest residents of the province at the residence of his daughter, Mrs. John Clegg, West Bridge. The deceased had attained the advanced age of ninety years and was well and familiarly known. He came to this country about fifty years ago and took up farming. He had occupied the position of Pina Ridge for twenty-five years. Much regret will be felt in various sections of the province at the old gentleman's death. He leaves five children, twenty-four grandchildren and nineteen great-grandchildren to mourn their loss.

Mr. Robinson was at one time quite prominent here, and in the sixties he was councillor for Kings ward. He was a son of the late James Robinson, of the firm of J. and T. Robinson, who were in the West Indian trade here. He moved to the States more than twenty-five years ago. He is survived by his sister, Miss Mary E., and one brother, who also lives in Union street, and a wife, two sons and two daughters in Roxbury. Mr. Robinson was about seventy-five years old.

Sunday as it is kept on the Continent is very hard to recognize as the one day of rest in seven. It is a festival and people spend it in going from one place to another in search of amusement. In the large cities like Paris it is a day set apart for important horse-races and football matches; in fact, for all kinds of sport. All the shops and theatres are kept open throughout the day, and the streets are thronged from early morning till late at night with pleasure-seekers, and this is true of every city in France.

At Rochelle, the famous old seaport of Poitou, observes, though quite a small place, the typical Continental Sunday. The first people to be on the streets were the peasants from the surrounding country, who drove in with their produce for sale. The streets were lined with pleasure-seekers, and by eight o'clock the streets were bustling and animated; buying and selling was going on busily both in the open air market and in the shops. Everywhere seemed to be in high spirits and on good terms with everybody else, and there was much talking and laughing as goods exchanged owners. About noon, when the day was at its hottest, everyone went indoors to rest and get the mid-day meal, and the streets were almost deserted. Early in the afternoon a large low white building, made of wood, finished on the outside with stucco, and it is surrounded by a beautiful garden. It was the Casino, and the main entrance was a wide archway, and the splash of the waves came up to the crowded rooms through the open windows with a refreshing sound, while cool breezes from the sea relieve the oppressive atmosphere of the place. Facing the sea is a long room with a good-sized stage at one end; and the side of the room opposite the sea opens on a large veranda. This room is used for concerts and plays; and it runs the whole length of the building. Coming out of this room one enters a hall, at the end of which is the main door of the Casino. Several doors open off this hall. The one on the right leads into a huge ball-room where a dance is held every Sunday evening at nine o'clock. The ticket for the Casino admits to this dance, which is generally very crowded. The ladies wear their hats and street dresses, and the men their ordinary Sunday clothes with gorgeous ties and waistcoats. On Monday evenings a "bal aux enfants" is always held here. On the other side of the hall are refreshment and cloak-rooms, and most important of all, a large smoking room. All day long the grounds and buildings are crowded with all sorts and conditions of people. Beautifully dressed Frenchmen chattering like bees, and their devoted escorts; anxious-looking men who spend their whole time in the gambling-rooms; energetic matrons dragging plain, dull daughters in their

FOUR INJURED BY POWDER EXPLOSION

Good Times Heralded by Order for Locomotives.

Killed by a Baseball—Slavonic Society Will Found Colony—Filipinos Condemned—Murdere Captured.

WATERTOWN, Wis., May 27.—Four men and a woman here (Catholics) were badly burned, one perhaps fatally, by an explosion of powder while they were loading shells today in preparation for a sham battle by a cadet company.

PHILADELPHIA, Pa., May 27.—It was reported here today that a contract for 100 locomotives had been placed with the Baldwin Locomotive Works by the Hariman Lines. This is the largest order placed with the local firm since the panic of 1907.

LONDON, 27.—John C. Reedy, who died tonight, was born in 1838. Sir John Reedy entered the Royal Marine Artillery in 1854, and retired as captain in 1889. He was variously employed with navy, army militia and volunteers. He was in the House of Commons for the Bow and Bromley division, 1886-92 and for Great Yarmouth, 1892-1898. He was a prolific writer on matters pertaining to war and defence.

BOSTON, Mass., May 27.—The forty-second annual meeting of the Free Religious Association of America, was held today at the Twentieth Century Club, Edwin D. Mead presiding. The day's sessions were devoted, for the most part, to business. The old board of officers was re-elected, among the vice-presidents being Mrs. Julia Ward Howe, who today observed her seventieth birthday.

BOSTON, Mass., May 27.—John Badgley, aged 22 years, of Plainfield, Conn., died at the city hospital, late today from the effects of an injury received while playing ball on the previous day. Badgley was hit on the head by a batted ball.

DENVER, Colo., May 27.—Edward Payson Weston left Denver at midnight for Brighton, twenty miles north. Weston passed the day in Denver. He said he was in fine condition.

INDIANAPOLIS, Ind., May 27.—The National Slavonic Society at today's session of its convention here voted to purchase a tract of land in some temperate climate, Virginia preferred, for the establishment of a home for orphans and invalids of the organization. The convention voted also to establish a weekly paper of its own, to be called "The Slavonic News," to be printed in Pittsburgh, Pa.

MANILA, May 28.—The trial of the native tribesman who murdered Dr. William Jones, the noted anthropologist of the Field Museum of Chicago, in Isabela Province, Luzon, last March, was concluded at Bayonang today. Three of the natives were sentenced to death.

BOSTON, Mass., May 27.—When he believed the police were closing in on him, Giuseppe Pelosi tonight managed to reach the room at No. 8 Foster Place in the north end, in which, a week ago, he had killed his wife and attempted to take his own life by firing a bullet into his face. At the Hotel Hospital, where he was held, he was expected to die. He had been pursued by the police since last Thursday, when the body of his wife was found together with a note in which he acknowledged the crime. Pelosi believed his wife to have been unfaithful to him.

TRENTON, N. J., May 27.—Judge Cross, in the United States District court today, sustained the demurrer in the case of Samuel Mundheim Company, of New York, against four of the officers of the United Hatters of America. The Mundheim Company claimed that the United Hatters were holding up the workmen in the manufacture of hats, that the hat manufacturing industry throughout the entire country was in jeopardy. The defendants in the suit were John A. Moffitt, president of the United Hatters of America; Richard Love, president of local union No. 14; James Byrne, secretary and Charles Cullen, president of local union No. 13.

Nothing could have been in greater contrast than these two public places on the same lovely summer's day. The Casino, bright and thronged with eager seekers after the latest things in life. The church, half filled and gloomy; perhaps the real worshippers here could have been counted by the fingers of one hand. It is hard to realize that this town, which now has only one Protestant church, was once the centre of the Huguenot cause. How many lives were lost that the faith and the cause might be upheld, and the descendants of these splendid heroes have lost even interest in their church. J. H. M.

ATTEMPT TO WRECK EXPRESS TRAIN NEAR EDMUNSTON

Sheriffs and Sleuths Scour Borderland for Two N. B. Men.

VAN BUREN, Me., May 27.—Sheriffs and detectives on both sides of the Maine-New Brunswick border are searching tonight for two alleged desperadoes who escaped today from the county jail in Edmundston, N. B., where they were being held for attempted train-wrecking and dynamiting. It is believed that the two men fled to American soil and that they were in the neighborhood of Fort Kent, Maine, tonight. The men are Ubaldo Micha and Paul Micha, brothers of Baker Lake, N. B.

According to New Brunswick officers, the two men are charged with attempting to dynamite the station at Edmundston at that point. Traced by detectives and lodged in jail, they managed to make their escape today. President Grundy of the TransCanada railroad, who was here late today to consult the counsel for the prisoners, Peter O. Keenan, relative to the issue of extradition papers, said he believed the fugitives would be captured before morning.

HARTLAND, N. B., May 26.—For at least a week there has been a good deal of damage in the vicinity. Burns have been burned in some localities and houses have been in serious danger. The loss to wood and timber reserves is great.

THE MAKING OF A FAN

Never in her puff-and-powder, attar-of-rose existence had she seen a baseball contest. She had an idea that they played the game in the tops of painted Indians and that usually it ended in flight, if not in a revolution. Therefore she amused herself with bridge and pink teas and coquetry, allowing her ardent admirer Mr. "Patsy" O'Donnell, to twist, magically-curved, swishing balls at the rate of \$10,000 a year, with no one to look on save bankers, clubmen, street sweepers and the twenty thousand or so other gods and goddesses of the grand stand and bleachers.

It happened, however, that the paramount race that season was the closest on record. Thus it was that on the day of the final game she reluctantly recalled his ten thousand-dollar car to Sheridan park.

When she took her seat behind the wire netting she was surprised to note the evident respectability of the crowd. The crowd yelled "O'Donnell! O'Donnell! O'Donnell!" and she felt a little thrill of progressive pride.

The blue-and-gray "Crescents" took the field and their fond hope, Mr. "Patsy" O'Donnell, wound and unrolled his ten thousand-dollar watch and whizzed the sphere at the tena batman.

Three innings the game went thus. O'Donnell of the "Crescents" was in winning form; his side had scored two runs; it looked bad for the "Crescents." And then something happened. "Patsy" O'Donnell, coming from the box looked into the grand stand and saw Miss Doris Ramsey hanging greedily upon the words of J. Percival Drane. She was in reality asking enthusiastic questions about the achievements of the now notorious O'Donnell, but that the great pitcher could not know. Therefore, in the fourth inning, sick at heart, he let down, and the alert "Crescents" slammed the ball against the dollar-watch, scoring four runs. In the fifth and sixth they continued; and then the tone of the ficke cryed changed.

"Take him out! O'Donnell's blown up!" the unfaithful bawled; and Miss Ramsey inquired of J. Percival Drane what it meant.

"O'Donnell's given down," explained Drane.

"Oh, dear!" murmured Miss Ramsey. Then she studied a bit.

"Take him out! Take the Charley horse out!" roared the crowd.

"Oh, dear me!" repeated Doris Ramsey. Then she wrote rapidly:

"Dear Patsy: Brace up and win. I'm a fan now—I believe that's what they call it. After you've won the game come around and we'll remember that little matrimonial deal."

It was the most extraordinary thing. In the seventh, eighth and ninth, just nine men struck twenty-seven runs and the almighty curvace of "Patsy" O'Donnell, ten thousand-dollar beauty and accepted lover.

FIRE ON SCHOONER CAUSED BY RATS

JAMESTOWN, R. I., May 27.—Rats gnawing matches probably caused the fire which burned the after part of the schooner Aetna and damaged part of her cargo yesterday. This is the belief of Captain Chipman, of the Aetna, and is apparently borne out by several circumstances.

When the cargo of lumber was being stowed at Georgetown, S. C., one of the hands dropped a dozen matches in the aft part of the schooner. The fire started in this place. When the Jamestown firemen threw a hawser to the schooner yesterday, five rodents quickly crawled over the rope to shore. It is known that a number of rats invaded the schooner while she was lying at anchor at Georgetown.

The Aetna today was resting easily on the bottom near the West Ferry here. She is not leaking. The after part is badly damaged and it is feared that a portion of the cargo of cypress logs may be unmarketable. The tug Solitor, which yesterday aided in controlling the fire, is to pump the Aetna out tomorrow. Following this the owners will come here and decide upon repairs.

A MORE PRACTICAL VERSION.
"I hear that you are to retire and live at your ease in the country?"
"Quite the contrary; I'm going to start a chicken farm."

ONTARIO GETS 4 NEW JUDGES

OTTAWA, Ont., May 27.—Orders in meeting were passed at this afternoon's meeting of the cabinet appointing four new Ontario judges. J. Herbert Brant, K. C. of Toronto was appointed to the new junior judgeship of York county. J. McKay, K. C. of Sault Ste. The Ontario judgeship were created by act of the Ontario legislature last session. The question of filling the vacancy on the Ontario court of appeal bench, caused by the promotion of Justice Anglin to the supreme court, was left over for further consideration.

Hon. A. B. Aylesworth and Mrs. Aylesworth left for New York City, leaving the capital this afternoon for Quebec, whence they sail tomorrow for Montreal, where the minister of justice with Mr. Ewart will spend the greater part of the summer assisting in the preparation of the joint case of Canada and Newfoundland in connection with the Atlantic fisheries dispute with the United States for submission to the Hague tribunal.

KIDNEY DISEASE COMES ON QUIETLY.

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some kind of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as brick dust deposits in the urine, bladder pain, frequent or suppressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes.

On the first sign of anything wrong Don't's Kidney Pills should be taken. They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush out all the impurities which cause kidney trouble.

Miss Alberta B. Clarke, Stony Creek, Ont., writes: "I was troubled with kidney trouble for several years; my back was weak, I had such terrible headaches, and was so restless I could not sleep at night and tried everything without any benefit. A friend advised me to try Don't's Kidney Pills, so I got four boxes and they completely cured me. I now feel as well as if ever and would advise everyone suffering from Kidney Disease to try them." Price 50 cts. per box, or 3 for \$1.25, all dealers or The T. Millard Co., Limited, Toronto, Ont.
