MONTECAL, JUNE 2.

There is one circumstance connected with the late fire of Quebec, which deserves particular notice. In all the accounts of that catastrophe we have seen, whether in the journals of the city of Quebec, or in the reports of the commissioners of the fire, the names of the persons who were killed are given, but not the names of those who were injured.

ARTICULAR CONVENTION

Articulate Convention—Americans who are familiar with the practice of the Catholic religion in Europe, where it is accompanied with some solemnities which are here almost unknown, cannot appreciate fully the deep feeling of excitement which prevails the midst of the protestant English people at the subject of Popery.

INFLUENCE OF ART AND EXERCISE ON HEALTH

The influence of art and exercise on health is a subject which has of late years attracted much of the public attention. It is a subject which has of late years attracted much of the public attention.

Carson's Patent Salting Instruments.

FOR SALTING AND CURING MEAT.

By the aid of this Instrument, persons in every class can salt any quantity of meat thoroughly and instantly. With it the pressure is produced equal to 500 to 3000 pounds upon a square inch, which forces the brine through every part; consequently a large joint usually salted in a few minutes and as little salt is required, or sugar can be substituted the meat is rendered more tender, and the gelatinous matter is preserved.
