CONTRACTORS — PLANING MILL — BUILDERS.
DRY KILN, DOOR AND SASH FACTORY.
CAMPBELLTON, N. B.

BEAVER BOARD
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the relation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Our Office is connected with the N. B. Telephone Co.'s line by two separate lines insuring prompt attention.
Office Hours—9 A. M. to 5 P. M.

C. N. R. ENGINEER FALLS FROM ENGINE

John McDavid Badly Injured When Thrown From Rapidly Moving Engine.

Mr. John H. McDavid of Campbellton, a locomotive engineer on the C. N. R., met with a bad accident Monday morning at Causapscal when he fell from his engine. While his train was pulling into the station going at the rate of seven or eight miles an hour Mr. McDavid was leaning out the engine window watching his train and looking for hot boxes. Losing his balance he fell from the engine his head striking a flat car before he struck the ground. The fireman immediately stopped the train and Mr. McDavid was removed to the station house in an unconscious condition. A special train was immediately arranged for and the injured man brought to Campbellton. Dr. Murray met the train at the depot here and in his auto took Mr. McDavid to his home where he was given preliminary treatment before taking him to the Hotel Dieu Hospital. Examination revealed the fact that while Mr. McDavid had received no internal injuries he was badly bruised about head, and chest, and will no doubt be confined to the hospital for several days. His many friends will be pleased to learn that he is reported to be resting quite easily at the Hospital today and doing as well as can be expected.

COUNCIL TALKS TOWN MANAGER

Committee Appointed to Look Into Matter—Increased School Assessment.

A meeting of the town council was held last evening in the firemen's rooms at the fire station. His Worship Mayor Murray in the chair with Councillors Bisset, Jamieson, Ingram, Currie, Matthews, Devereaux and Dickie present.
The minutes of the previous meeting were read and confirmed.
A further communication was read from the Sun Assurance Co., with reference to repairs on the temporary building situated on King street belonging to the town. The company was desirous of ascertaining if it was the intention of the town to repair the same. Laid on table.
A communication was read from the Secretary of the Board of School Trustees asking that an assessment of \$16,000 be made this year for school purposes, and that the amount so assessed be paid to the Board in twelve monthly instalments. Councillor Currie addressed the council in support of the \$16,000 assessment. He said the assessment last year was \$24,000, but there was at the present time a deficit of about \$5,000. This year five extra teachers would have to be employed, and all teachers would have to receive more salary than formerly. A large coal bin should be erected this year to store the winter's coal at the Grammar School. A retaining wall was also required at the Roseberry School building to prevent gravel from falling down on the adjacent property owner's land. Communication laid on table until the appropriations for the year were decided.
Councillor Devereaux from the Police and License Committee reported recommending that an auctioneer's license be granted Mr. S. M. Moore upon the payment of the prescribed fee, and that a license be issued to Geo. Dow for the sale of ice cream and soft drinks on the payment of \$15.00. Report received and adopted.
The usual departmental accounts were then presented and read.
Councillor Currie read a letter from Mr. Harold Wallace, owner of the land in rear of the town reservoir, in which Mr. Wallace offered to sell to the town the land at \$24 square feet, being the price paid some years ago by the town for property in this vicinity, the offer to remain open for sixty days. Councillor Currie explained that he had no authority to ask Mr. Wallace for a price on the land, as he was not requested by the council to do so, but had done so as a private citizen, and was now placing the offer before the council and council could take such action as it cared to with reference to the purchase. He figured the price at \$2 per square foot would amount to about \$4,756 for the amount of land Mr. Wallace owned in rear of the reservoir. Communication laid on table.
Councillor Bisset from the Electric Light Committee reported upon Mr. Farrer's application that he be relieved of the arrangements of allowing the town the use of his horse on the payment of half the cost of the horse's keep. He recommended that the arrangement be discontinued, and that the bill of Mr. Farrer for \$200 half the cost of the horse's keep be paid. Report received and adopted.
On motion the town clerk was instructed to write the editor of The Graphic with reference to an editorial which appeared in his paper last week in which it was stated the government would amount to \$1,200 a year, and request him to have the statement retracted as the tax would by no means amount to any such figure. It was pointed out by a number of the councillors that the tax would not exceed \$12 per month.
Councillor Currie on being questioned as to whether or not Engineer Holt had reported upon the water situation said he had not, but he expected a report by next meeting.
Councillor Devereaux brought up the matter of putting in a sewer on Minto street, stating that Mr. Joudry had spoken to him regarding the possibility of the cellar in the Commercial block again being flooded by reason of inadequate sewerage. The matter was laid over until the appropriations for the year were being considered.
Councillor Currie brought up the matter of the purchase of a new road making machine. The old one said was worn out and not worth repairing. He moved that a new machine be purchased. Councillors Bisset, Devereaux and Ingram spoke strongly against the purchase of a new machine at the present time and Councillor Currie withdrew his motion, but stated that the town could find funds to purchase expensive fire fighting appliances which might have been held over for another year, but could not provide a needed street scraper.
On motion the salary of Town Engineer W. J. S. Walsh was fixed at \$150 per month, dating from May 1st. Councillor Dickie enquired of Council.

AUTO STRUCK AT MOWATS CROSSING

Four Occupants Have Narrow Escape Last Saturday Evening.

What might have proved a fatal accident occurred at Mowat's crossing a few miles above Campbellton, Saturday evening when the I. N. R. train struck an auto driven by Mr. H. P. Doyle of this town. Mr. Doyle had gone up to Fraser's mill to bring down three of the workmen, Messrs. Wilfred Michael, Edward Jobb and LeMerrier. Just a short distance from the mill, at Mowat's crossing, the auto was struck by the incoming I. N. R. train, the train catching the auto in the rear. Mr. Doyle remained at the wheel and was pinned under the car when it turned turtle. The other three were thrown from the car, two of them Messrs. Wilfred Michael and Edward Jobb requiring slight bruises about head and body. The train was stopped and backed up, the train crew assisting the men at Fraser's mill who saw the accident from the mill and immediately ran down to extricate Mr. Doyle, whose injuries also consisted of minor bruises about the head and body. The three injured men were placed in Mr. Roy Saunders' auto and taken to the Hotel Dieu Hospital where their injuries were attended to. Messrs. Doyle and Michael being able to return to their homes late Saturday night, while Edward Jobb remained at the hospital until Monday morning. Escape of all the occupants of the auto from instant death is most miraculous. Mr. LeMerrier though escaping injuries received a bad shaking up. Those who have examined the auto at Mowat's crossing, pronounce it beyond repair.

Spottiswood Aitken, that sturdy old character portrayed by him in so many great advantages in "Her Kingdom of Dreams" at the Opera House next Monday and Tuesday.

Editor Currie if it was his intention to make any repairs at present on the Tobique road within the town limits.

Councillor Currie replied the town men were quite busy at present more greatly in need of repairs than the Tobique Road. He was afraid little could be done this summer, but an effort would be made to improve the road if at all possible.

Councillor Matthews reported the Fire Committee were now ready to proceed with erection of West End hose station, and moved the town procure from Robt. L. Duncan under a 25 year lease a lot of land, rental \$5.00 per year.—Carried.

His Worship brought up the matter of Hydro-Electric power, stating that now the Commission was appointed by the government the council should get in touch with them at once and ascertain just what we might expect in the way of electric current, however in connection with this matter he referred to the fact of a hydroelectric engine a few years ago having reported that there was a very rapid descent in the Restigouche river from opposite Morrisey Rock to Tide Head. This engineer said a 24 inch pipe could be placed in the bed of the river and water taken down in enclosed pipe to Tide Head where by means of a reducer it could be made to run a turbine wheel which could be utilized to drive a dynamo for generating electric current, sufficient for Campbellton's needs for at least 50 years to come. This is a matter His Worship said should also be considered at the present time.

Councillor Currie brought up the matter of the appointment of a town manager, and moved that His Worship the Mayor, Councillors Ingram and Matthews be appointed a committee to look into the advisability of such an appointment, and report back to council. Carried.

Councillor Matthews called the council's attention to the need of a manure shed at the fire station, and suggested that the temporary building on King street be torn down and the lumber used for the erection of one at the fire station also for a building to store hay and oats and other town property. The Fire Committee were authorized to look into the desirability of it and report at next meeting of the council.

Councillor Currie in speaking on the question of the removal of the temporary buildings on King street said the town should not sell the land, as he felt the land would be required next year for the erection of a four room school building.

There was considerable discussion over electric light rates. Councillor Currie contended a minimum charge of \$1.00 per month should be made. Councillor Bisset agreed with this, but Councillor Ingram was opposed to such a change, holding that it would be unjust to make consumers pay for current they did not use.

On enquiry by His Worship the town clerk stated no tenders had been received for the purchase of the heavy team of town horses.

Council then adjourned.

K. OF C. TRIM SHIVES COLTS

Roll Up a Score of 18 Against Opponents Wednesday Evening—Team Standing.

The ball game was very disastrous for the Colts on Wednesday evening. It being necessary for the Colts to use three pitchers.
The game was very exciting at times. The fans tried to get the K. of C's in a balloon but they were anchored well to the ground and played good ball.
Friday's game is between the Town and Vets, this should be exciting as the K. of C. are ahead now and the Vets a close second. If the Vets win Friday evening they will tie again with the K. of C.

SOLDIER WATCHED DOCTORS OPERATE

While Public Works Dept. Man Openly Smoked and Watched.

Frederick, N. B., July 26—Allan Tracey, a returned soldier belonging to Harvey was successfully operated upon for appendicitis at the military Hospital last week. The operation was performed by Dr. W. Vernon Coffin of this city, assisted by Dr. Allan Sterling and was unique in one respect as the patient was not rendered unconscious. As a matter of fact, he smoked a cigarette while the operation was being performed and coolly watched the surgeons at their work. This was made possible by the fact that he was under the influence of a spinal anaesthetic, administered for the first time in this province in an appendicitis case. He suffered no pain whatever.

SUMMARY OF GAME.

Strike Outs—Lavoie 11, W. Dobson 1, H. Dobson 5.

Base on Balls—Lavoie 2, Love 1. Left on Bases—K. of C. 5, Colts 1.

Two Base Hits—Boulay, Lavoie (2), Perch.

Three Base Hits—Chas. Roy. Double Play—W. Dobson, 2, Harry Dobson.

Umpires—Patterson and Dickie. Time of Game—1 hr. 25 mins.

NOTES.
The records which the different victorias were playing Wednesday evening on the ball field were of such a nature that the sporting Editor does not deem it advisable to reproduce them.

Archbishop John Whitgift Is Remembered in Croydon As Founder of Hospitals

A LITTLE while ago, there took place in Croydon, the ancient town some ten miles south of London, an interesting and accustomed ceremony, namely, the annual festival service by which is commemorated the munificence of Archbishop Whitgift to Croydon. It was, in fact, the 324th anniversary of the foundation of the Whitgift Hospital, and headed by bands, the boys of the Whitgift Grammar and Middle Schools marched to the parish church. The Vicar of Croydon presided at a sermon, for which, under the terms of the bequest, he received sixteen shillings and eightpence, and all who took part in the festival wore white stock and fern. Everything was done as it always has been done, and it was especially fitting that the boys of the Whitgift Grammar and Middle Schools should be present.

Altogether, I have used three boxes of "Scott's-Salve" had two of "Fruit-e-liver", and an entirely "Fruit-e-liver" is also put upon a trial size which sells for 25c.

CARD OF THANKS.

Mr. and Mrs. Roland MacKenzie wish to thank friends and relatives for their kindness and sympathy in their very great sorrow

MEMORIAL.

In loving memory of Mrs. S. S. MacKenzie, who died Aug. 9, 1917.

"Mother, we'll never forget you. How we long for the love we knew As we light our lamps in the gloaming And silently think of you."

—Inserted by Husband and Family

WELCOME RELIEF FROM ECZEMA

Complete Treatment That Gives Gratifying Results

WASHER, Ont. "I had an attack of Weeping Eczema so bad that my clothes would be wet through at times. For four months, I suffered terribly. I could not go to school until I tried 'Fruit-e-liver' and 'Scott's-Salve'."

One Continent Is Lost

EVIDENCE has come to light recently that if Columbus had set forth on his great voyage a few thousands or hundreds of thousands of years earlier he would have found three instead of two continents of America. That is to say, the world is shy at least one continent which existed formerly in what is now the Gulf of Mexico and the Caribbean Sea. Rumors of this loss were rife as long ago as the time when Greek mythology was being compiled, for there are references there to the lost continent of Atlantis; but whether the missing continent really disappeared in the Atlantic is not known. Further research may show that there has been a delinquency to the extent of several continents. What seems to be established is that the present island of Jamaica was not always such, but was, on the contrary, the centre of a fair-sized continent. The only alternative theory is that the larger West Indian islands were once part of Central America.

It is not too much to assume that many readers at present are unaware that between an island and a continent there is a difference, and that in mere size, islands are of quite different formation, for the most part. Excepting those situated along what may be called the shelf of the continents, and were once part of the mainland, islands are of oceanic origin. They come to exist as a result of coral growth or some volcanic disturbance. They are either built up by incrusts or are thrown up by some tremendous convulsion of the earth. Continents are of the older line, and islands are mere upstarts. This is proved by the animal life found on islands and continents. Oceanic islands have rarely any large mammals. Their animal life consists largely, if not wholly, of winged creatures that found it possible to cross large expanses of salt water from the continents to the islands. They have also those lower forms of the life of the egg which happen to have been blown across the water, water-spores or other natural agencies.

The discovery of the lost continent of Atlantis was made by Capt. H. E. Anthony, who headed an expedition sent out by the American Museum of Natural History, and who has spent several months in the Indian Ocean, hunting for the lost continent. He found fossil remains of many mammals not extant, some of them being of varieties not elsewhere encountered. They were found in the limestone formations and date back probably one hundred thousand years. Most of the fossils were found in the limestone caves, imbedded in hard limestone breccia, and were not out after many hours' hard work.

Most of the specimens were brought back in the limestone blocks and it is said that an immense amount of labor will be necessary before the specimens are properly identified and classified. One of the curiosities was a monster rodent, much larger than any now in existence. There is also a great collection of bats, reptiles and birds, interesting to naturalists, but not giving evidence that the West Indies were once a continent or part of a continent.

At present time, the only wild mammals in Jamaica are the coney and the mongoose. The coney was introduced many years ago and has thrived. Unfortunately rats flourished in greater luxuriance and in order to exterminate the rats a large importation of Indian mongooses was made. The rats were more or less abolished, but the mongooses then turned their ferocious attention to the coney and they have become almost extinct. Capt. Anthony found some living in a restricted area in the mountains of Jamaica, and brought home skeletons and skins in proof thereof. An interesting fact is that among the fossil mammals, the explorers were unable to find any closely related to those in Cuba and Porto Rico. This has suggested the speculation of an eastern peninsula jutting out from Honduras, and that Jamaica may not have been part of the Antillean continent. The idea that Jamaica may have been isolated from all other land and that mammals came to it on floating masses of vegetation does not commend itself to zoologists.

If there is a lost continent, Capt. Anthony says that it must have been an important mass of land, with great rivers and huge mountains, the latter rising perhaps 20,000 feet above the sea. The evidence also did some checking up on Herbert Spencer's theory that in tertiary times the present bottom of the sea was from a mile and a half to two miles higher than it is now from its present conformation. "If this be so," says Capt. Anthony, as quoted in the Boston Transcript, by J. Olin Howe, "it gives us our continent there which our fossil fauna seem to indicate. The ridges of the sea bottom seem to follow the general direction of the mountain ranges we find on the larger islands, and Spencer's conclusion that the ridges now under water and the mountain ranges which rear themselves above it were formerly all parts of the same system." He believes that the mountains of the lost continent were higher than any now on the American continent, but does not say that the high gods may have become affronted by this exaltation and have thus been incited to abolish a continent.

Doctor's Orders. Doctor—"Did you open both windows in your bedroom last night as I ordered?" Patient—"No, doctor, not exactly. There's only one window in my room, but I opened it twice."

NOTHING ELSE LIKE IT IN CAMPBELLTON

There has never been anything in Campbellton with the INSTANT action of simple buckthorn bark, senna, etc., as mixed in Adler-Eis. ONE SPOONFUL flushes the ENTIRE lower tract so completely it relieves ANY CASE of constipation, gas or flatulence and prevents appendicitis. The INSTANT, pleasant action Adler-Eis surprises you both before and after.

A. McE. McDonald, Druggist.

VACATION LUGGAGE

Good Luggage, like good clothes, does not make the man or woman, but it goes a long way toward making them feel satisfied and comfortable while on a journey. Who wants to go travelling in old clothes or with a shabby suit case?

We can fit you out with a Club Bag, Suit Case, or Trunk that you will not feel ashamed of, and that at a liberal discount from today's prices.

TRADE AT HOME AND BUILD UP YOUR TOWN

Do YOUR part in building a great City of Campbellton, and the growth of the Bay Chaleur County, by patronizing Campbellton and Bay Chaleur Merchants and Factories. Every dollar you spend in Campbellton and Restigouche county circulates and leaves a profit in every hand that holds it. Money sent away from here rarely returns—when you send it away you are deliberately sapping the life and strength of your community. To patronize home industries is a duty every citizen owes to himself and those he loves.

Poetry with Death or Memorial Notices, 10 cents per line extra.
General mercantile display rates on application.

Campbellton, Aug. 5th, 1920.

THE OVERDRAFT AND THE TAX.
It seems that the Town Treasurer was in error when he made the statement to the Graphic that the tax on municipal, city and town overdrafts was two per cent. What it really amounts to is two cents on every hundred dollars or twenty cents on each thousand.

The first account rendered by the bank has been received and amounts to \$14.00 or the tax on an overdraft of \$72,000 which was the maximum

overdraft for July. We may add that this overdraft will be decreased by about \$20,000 when the Fire Station bonds are sold, but even then the overdraft will be about \$60,000, which is certainly a pretty heavy burden to face the assessment.

SOMETHING MAY BE DONE.
The meeting of the Town Council held Tuesday evening was a very interesting one and discussion was raised upon a number of matters which should lead up to something if followed.

His Worship brought up the Hydro-Electric matter and we certainly trust this will be followed up. With the high price of coal, cheap power rates are essential to the commercial and industrial development of the town. But while waiting for this Hydro Electric development could the Electric Light Committee not advance some plan whereby the day load of the plant could be increased at very little expense and provide much additional revenue. We feel sure if a low enough rate was given, many would take current for domestic purposes during the summer.

The matter of a Town Manager was discussed and a committee appointed to look into the matter. If the right man can be found we feel sure that the Town would benefit.

While little was said upon the water question, yet an important matter was brought up. At last the owner of the land immediately in the rear of the reservoir has set a price upon it.

If this land can be purchased at a reasonable price, and thus allow for the size of the present reservoir, we as well as many other citizens think it would be a wise move.

The school assessment was also discussed. It costs something now to run our schools and the net too comforting statement has been made that the peak has not been reached. Twenty-four thousand last year and forty-five asked for this year of which over twenty-one thousand is for teachers' salaries alone.

Campbellton's taxpayers must pay more taxes, but if they do they would like to be sure that their money is being wisely and economically expended and not wasted.

A CHANGE AT HAND.
For the past few years we have enjoyed a wonderful prosperity. There has been work for everyone who would work. The labor demand was in excess of the supply.

We have worked away from that condition—or we are drifting away from it. The labor reservoir is filling up, which means that many men will be without jobs. Already in some manufacturing centres of the country the question of employment is becoming more or less of a problem.

The time is approaching when a man has to think of keeping his job, not of leaving it. This requires a new mental adjustment on the part of the worker. Up to now he has been able to leave one place and go to another, with a certainty that he would find a good position without much difficulty. Now it is becoming different.

A few days ago we read of a big railway system laying off 10,000 men and thousands more to be laid off in a short time. The lack of transportation, the high costs of labor and machinery, as reflected in high selling prices to the consumer, and other causes are slowing up business. When business slows up there is retrenchment, and retrenchment means idle hands somewhere, somehow. All of which means that a man who has a reasonably good position now should hang on to it. So far as his individual power, he should hold fast to his job. If the present trend keeps up it is going to be worth something to a man to have a job at a reasonable wage.—Ex.

FIRST OF ITS KIND IN NEW BRUNSWICK.
Absolute Divorce Granted in Jewish Case at Fredericton.

Fredericton, Aug. 3.—For the first time in the history of New Brunswick divorce court an absolute decree of divorce was granted to a Jewish resident of the province. The decree was granted this morning by Mr. Justice Crockett in the case of John Sheppard vs. Ethel Sheppard, an adjourned case from the July sitting.

DYNAMITING JACQUET RIVER

Lumber Boss Accused of Serious Offense Against Fishery Laws.

Dear Editor,—
I think it is to everybody's interest to publish what I saw on August the 3rd, between four and five o'clock in the morning. I was awakened by a tremendous shock of dynamite, I ran over to the Pool and the first man I saw was Abel Clowater, travelling boss for the Louisa Lumber Co. I accused him of blowing the Pool and he said it was no worse for him than for others. I went down to the beach and saw the dead fish come to the top of the water and there are a number of small dead fish to be seen in the pool known as the McLean pool.

It is about two weeks since the government replenished the river with fish and this is not the only pool that has been blown and dead salmon to be seen along the river. I have witness to what I publish here.

DONALD ARCHIBALD,
Jacquet River.

(If the above is true, the fishing officers should get busy and make an example of this case. The Jacquet River was one of the best salmon rivers in the province until such poisoning ruined it.—Ed.)

salaries alone.

Campbellton's taxpayers must pay more taxes, but if they do they would like to be sure that their money is being wisely and economically expended and not wasted.

A CHANGE AT HAND.
For the past few years we have enjoyed a wonderful prosperity. There has been work for everyone who would work. The labor demand was in excess of the supply.

We have worked away from that condition—or we are drifting away from it. The labor reservoir is filling up, which means that many men will be without jobs. Already in some manufacturing centres of the country the question of employment is becoming more or less of a problem.

The time is approaching when a man has to think of keeping his job, not of leaving it. This requires a new mental adjustment on the part of the worker. Up to now he has been able to leave one place and go to another, with a certainty that he would find a good position without much difficulty. Now it is becoming different.

A few days ago we read of a big railway system laying off 10,000 men and thousands more to be laid off in a short time. The lack of transportation, the high costs of labor and machinery, as reflected in high selling prices to the consumer, and other causes are slowing up business. When business slows up there is retrenchment, and retrenchment means idle hands somewhere, somehow. All of which means that a man who has a reasonably good position now should hang on to it. So far as his individual power, he should hold fast to his job. If the present trend keeps up it is going to be worth something to a man to have a job at a reasonable wage.—Ex.

FIRST OF ITS KIND IN NEW BRUNSWICK.
Absolute Divorce Granted in Jewish Case at Fredericton.

Fredericton, Aug. 3.—For the first time in the history of New Brunswick divorce court an absolute decree of divorce was granted to a Jewish resident of the province. The decree was granted this morning by Mr. Justice Crockett in the case of John Sheppard vs. Ethel Sheppard, an adjourned case from the July sitting.

INSTANTLY KILLED.

Mr. J. B. Lajoie of St. Moise, P. Q. was instantly killed by the Maritime Express on Monday morning, the express striking his automobile while crossing the railway track at Moise. Mr. Lajoie was alone at the time in the car which was completely wrecked.

DEATH OF A CHILD.

Much sympathy is being expressed to Mr. and Mrs. Albert Lavellette of Richfieldville on the death of their two months old daughter which sad event occurred Tuesday, August 3rd. The funeral of the little one was held Wednesday afternoon, Rev. Father Melanson officiating.

WALLACE—NADEAU.

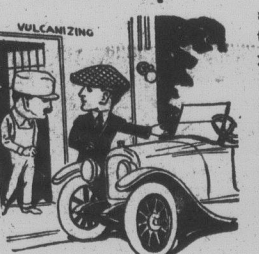

On July 18th at the Bishop's Palace, Chatham, N. B., the Rev. Father O'Keefe officiating, Miss Minnie Nadeau of Dalhousie was united in marriage to Mr. Andrew George Wallace. After the ceremony Mr. and Mrs. Wallace left for a short trip to St. John before returning to Dalhousie, from where they left to visit friends in Montreal, Toronto, Fort William and Winnipeg.

The groom was a sergeant and instructor in the 28th Battalion for three years and was later transferred to the 4th Machine Gun in England and was twice wounded while on active service.

RESTIGOUCHE AGAIN LEADS.

The list of unoccupied farms in the province of New Brunswick has just been published, and Restigouche County again makes the best showing, having the smallest number of unoccupied farms in the province. No report has been received this year from Gloucester County. Following is the number of unoccupied farms in the various counties throughout the province:—Restigouche 11, Northumberland 170, Kent 35, Westmorland, 20, Albert 36, St. John 32, Charlotte 179, Kings 208, Queens 234, Sunbury 54, York 88, Carleton 72, Victoria 123, Madawaska 20.

INSTANTLY KILLED.

Mr. J. H. Lajoie of St. Moles, P. Q. was instantly killed by the Maritime express on Monday morning, the express striking his automobile while crossing the railway track at Moles. Mr. Lajoie was alone at the time in the car which was completely wrecked.

DEATH OF A CHILD.

Much sympathy is being expressed to Mr. and Mrs. Albert Laviolette of Richfordville on the death of their two months old daughter which occurred Tuesday, August 3rd. The funeral of the little one was held Wednesday afternoon, Rev. Father Melanson officiating.

WALLACE-NADEAU.

On July 16th at the Bishop's Palace, Chatham, N. B., the Rev. Father O'Keefe officiating, Miss Mimie Nadeau of Dalhousie was united in marriage to Mr. Andrew George Wallace. After the ceremony Mr. and Mrs. Wallace left for a short trip to St. John before returning to Dalhousie, from where they left to visit friends in Montreal, Toronto, Fort William and Winnipeg.

The groom was a sergeant and instructor in the 26th Battalion for three years and was later transferred to the 4th Machine Gun in England and was twice wounded while on active service.

BESTIGOUCHE AGAIN LEADS.

The list of unoccupied farms in the province of New Brunswick has just been published, and Bestigouche Co. again makes the best showing, having the smallest number of unoccupied farms in the province. No report has been received this year from Gloucester County. Following is the number of unoccupied farms in the various counties throughout the province:—Bestigouche 11, Northumberland 170, Kent 88, Westmorland, 29, Albert 36, St. John 22, Charlotte 179, Kings 208, Queens 234, Sunbury 54, York 88, Carleton 72, Victoria 128, Madawaska 20.

MANY YOUNG SALMON.

The Restigouche river is full of grills, as reported by up river fishermen. They average from our to six pounds, and are the product of the unusually big run of salmon during the year 1917.

WHAT IS THE ANSWER.

Would the town under a town manager have a \$1500. man driving a horse standing on an old wooden scraper, when a two dollar man could do the same work?

REVENUE STAMP PUNCH.

According to an announcement made by the inland revenue department at Ottawa, the collection of the new tax by means of revenue stamps started Aug. 1st. After much consideration it was finally decided that the most effective system of collecting the tax is by means of a ticket punch and punches are to be supplied by the department to merchants at cost price.

PRESENTATION TO MR. AND MRS. JOSEPH ANNINGS.

On the eve of the fiftieth anniversary of their marriage the many friends of Mr. and Mrs. Joseph Annings in the Municipality of the Township of Man, Que., gave expression to their esteem for this worthy couple by delegating the undersigned committee to convey to Mr. and Mrs. Annings at Tide Head their presents, a purse of fifty dollars, along with an expression of all best wishes for their future welfare, to which Mr. Annings feelingly responded. He asked the committee to express to his neighbors and friends the heartfelt appreciation of Mrs. Annings and himself for the spirit which prompted the gift.

Mr. Annings served the Municipality of Man as Secretary and Treasurer for thirty-eight years and the testimony of all is that his removal has been a distinct loss to the community.

T. R. BUSTEED,
P. W. FRASER,

Committee.

PAINTED RED.

They say that red paint is the proper color for foundation on any kind of iron, but the citizens do hope that the second coat of paint to be administered to our cannon, will be a steel gray or black.

PRIEST'S GOLDEN JUBILEE.

The parishioners of Grand Anse, Gloucester county, celebrated on Saturday the fiftieth anniversary of the ordination of Rt. Rev. Mgr. Doucet. The celebration of a solemn high mass was the Rt. Rev. Mgr. Bellevue of Grand Digue, Kent county.

WHAT ABOUT IT.

The citizens would like to know from the Board of Trade what answer the Railway authorities gave in reply to the several appeals for the Central Subway. Why not keep up the agitation until we get something definite?

IMPROVEMENTS.

Among the many changes and improvements going on in the East End the following are among the numbers: Mr. Robert Cornell, Ramsay St., is painting his residence and store, a good shade of brown with white trimmings.

Mr. W. F. McKenzie has painted his residence on King St., a good lasting shade of yellow.

Mr. Philip Dupuis, Queen Street has painted his residence a light green with light trimmings.

Mr. A. D. MacKendrick is painting his verandas a pearl grey, also Mr. H. R. Smith is painting his residence on the Hill, the body is pure white with light brown trimmings. Mr. Val. Boudreau, Queen Street, has painted his dwelling a bright shade of yellow, with white trimmings.

Mr. T. R. Barnes is progressing well with his brick cottage on Botsford Place, Prince William St.

Mr. Allard has purchased the Joseph McKenna lot on Prince Wm. St., and is beginning the erection of a dwelling there, also Mr. S. S. Harrison has completed the basement of what will be a fine residence, on one of the best sites on the Hill, on Athol St. Mr. Blyth has prepared the plans for same.

CAMPBELLTON, N. B.

MERCHANT IS OUT WITH THE FACTS

Feels It is His Duty to Tell
Others How Well Tanlac Made
Him Feel.

"I feel that I am only doing my
duty when I recommend Tanlac for
it is the direct cause of my being in
better health to-day than I have been
for years," said Elijah N. Thomas,
Lower Sackville, Halifax, N. S., who
is well known in that locality, having
been in the general merchandise busi-
ness for the past eighteen years.

"For the past six years I had suf-
fered from a bad form of stomach
trouble, and although I had tried many
different treatments and medicines I
never found anything to help me un-
til I started taking Tanlac. My ap-
petite was so poor that many times
I would get up from the table with-
out touching a bite and when I did
eat a little something I would have
a terrible distressing feeling in my
stomach, gas would begin to form
and press against my heart causing it
to palpitate dreadfully and I had
great difficulty in breathing. I was
constantly belching up sour undiges-
ted food, suffered with heartburn
nearly all the time, and there was al-
ways a bad taste in my mouth. Then,
too, I would have terrible cramping
pains which at times were so bad I
could not straighten up when walking
and would have to go around all
humped over. I got up almost every
morning with a dull, mean headache
which would stay with me all day.
I felt tired and worn out all the time
and often was in such misery and felt
so badly, I just had to leave the store
and go home and lie down. I was
losing weight all the time, gradually
getting weaker, could get but little
sleep, and when I started taking Tan-
lac was in such a miserable, run-
down condition it is impossible for me
to describe it.

"I saw so many statements from
persons who had been benefited by
Tanlac I decided to try it. I will
have to say, however, I was rather
disappointed with the results of the
first bottle, and was on the verge of
giving it up, but my wife persuaded
me to try another bottle, reminding
me of the fact that my case was of
long standing. I am now certainly
glad I did, for while I have only
taken five bottles, my stomach is in
good condition and I can eat just any-
thing I want without having the
slightest discomfort afterwards. I am
never troubled with that distressed
feeling in my stomach, gas or heart-
burn and am entirely rid of those ter-
rible cramping pains. I sleep fine,
never have a headache and that tired
worn out feeling is all gone. Yes,
sir, I think Tanlac is a grand medi-
cine and I would advise anyone to
give it a trial." Tanlac is sold in
Campbellton by THOMAS WRAN,
ALLISTER, in Archibald Settlement,
by M. SNEARER, in Chandler by
ARTHUR NADEAU.

ENGLISHMAN BUYS

ENTIRE TOWN.

(By H. Thomas)
Milford Haven, a town of consider-
able antiquity, in Pembrokeshire, in
Wales, has just been purchased by
Major Hugh J. P. Thomas, a well
known land owner for \$1,250,000.

This big estate comprises 1,000
houses, a lordship of three manors,
a fine castle, a mansion house and the
market town of the town, in addition
to the finest land-locked harbor in the
world.

Commercially the port is in its in-
fancy, but with the development of
the plans and schemes contemplated,
it may some day rival Liverpool and
Southampton in the trade from the
Americas.

The site of the town formed part of
the possessions of Sir William Ham-
ilton who built the mansion of Castle
Hall a hundred and twenty years ago;
Castle Hall, as the home of the beau-
tiful Emma Hamilton, was often visit-
ed by Lord Nelson.

The church near the haven was
consecrated in 1808 and the font with
the Hamilton arms was given by Lady
Hamilton. In those days the mail
coach from London brought the mails
for Ireland to Milford.

All this district is rich in history;
there's a letter in existence from the
Earl of Pembroke to Queen Elizabeth,
dated February 11th, 1592, about the
necessity of fortifying Milford Haven.

Back in 1885, the Earl of Richmond,
afterwards the Henry the Seventh,
landed at Milford Haven, on the way
to his victory at Bosworth Field.

Earlier still is the period of the
priory, founded in the 12th century
and the Via Julia, one of the Roman
Roads, forms part of the mountain
road to-day.

So Major Thomas has certainly
made a unique purchase when he
bought Milford Haven.

Letting It Ride.
Irish Porter (who has been shifted
from Killaloe to Ballyshooly): Kill-
aloe! Killaloe! Killaloe!
Station master: This isn't Killaloe-
its Ballyshooly.
Porter: Well, what does it matter
anyhow? Nobody's getting out.

NEW STUMPAGE REGULATIONS NOW

Provincial Government Makes
Important Changes in
Stumpage Rates.

The New Brunswick department of
Lands and Mines has issued new
stumpage rates as follows:—
The stumpage payable on all logs
timber or other lumber cut or made
upon Crown Lands under Saw-mill
or Pulp and Paper License, shall be
as follows:

For Spruce, Pine and Hemlock
Saw Logs, per M. superficial
feet \$5.00
Hardwood Timber, up to an aver-
age of 14 inches square, per
ton 1.50
Hardwood Timber, above 14 in-
ches, additional per inch per
ton 0.10
Hardwood Logs, per M. super-
ficial feet 1.25
Pine Timber, up to 14 inches
square, per ton 3.00
Pine Timber, additional per inch,
per ton 0.50
Hemlock Timber, per ton 1.00
Spruce Timber, per ton 2.00
Cedar Logs, per M. 5.00
Railway Ties, 8 feet length, each
1.17
Hemlock Logs, per M. super-
ficial feet, including bark 4.50
White Birch, for spool wood, per
M. superficial feet 2.00
Fir Logs per M. superficial feet 4.50
Poplar Logs, per M. superficial
feet 4.50

And for all descriptions of lumber
not specified above, 10 per cent.
of the market value thereof, at the mill
place of shipment or place of con-
sumption in the Province.

Permits issued by the authority of
the Minister of Lands and Mines to
enable licensees to cut under-sized
lumber on barren lands or thickets,
will pay the same rate of stumpage
as stated above, with the addition of
twenty-five cents per M. being the cost
of supervision.

BLACK CAPES.

children who are spending the sum-
mer here.

MONUMENT TO THE HEROES OF 22ND

Meeting of Officers of Famous
Expeditionary Battalion at
Quebec.

A meeting of the officers of the C.
E. F. 22nd has been called by Colonel
Gaudet to be held on the 5th of Aug-
ust in Montreal. The object of the
meeting is to discuss the opportunity
of starting a movement in co-opera-
tion with a number of citizens of Can-
ada to erect a monument in the met-
ropolis to the heroes of the famous
French-Canadian unit. The inten-
tion of the promoters is to have fac-
simile monuments in the principal
cities of the province of Quebec,
where the glorious deeds of the bat-
talion would be recorded with the
names of those who gave their lives
to humanity.

Amongst the officers from Quebec
who will attend the affair are Lieut-
Col. Chasse, D.S.O., M.C. at present
O.C. of the Permanent 22nd; Majors
Vanier, Archambault, Routhier, Roy,
etc. Should the movement be an-
nounced by those present a province-
wide subscription will be started.

DR. CROCKETT HAS RESIGNED.

Thirty-Two Years' Service With Vic-
toria General at Fredericton—A
Record Month.

Fredericton, Aug. 3.—Dr. W. C.
Crockett has tendered his resignation
from the medical board of Victoria
Public Hospital in this city after
thirty-two years service. A plan for
a bond issue for extension of the hos-
pital has been outlined by Mayor Reid
and will be followed.

A record month for the number of
patients was established by the hospi-
tal in July. Rapid progress is being
made with the erection of the Fisher
memorial building.

LEARN TO SWIM.

Drowning accidents are reaching
unprecedented figures this year. From
one end of Canada to the other reports
come pouring in each day that passes.
Every week-end sees a whole list of
drowning casualties recorded in the
newspapers, more particularly in the
vicinity of the larger cities.

There is very little excuse for the
average drowning. In the great ma-
jority of cases the ability to swim,
or at least to keep afloat for a few
minutes, makes all the difference be-
tween life and death.

Parents should insist that their
children learn to swim. There is
scarcely a home in the country where
in the summer-time sufficient water
is not available in which the children
can learn to swim. City parents are
in ever better case with the big city
baths open all the year round to chil-
dren at stated periods.

Swimming is one of the most health-
y and delightful exercises imagin-
able. Very rarely indeed is a young-
ster so delicate or timid that he or
she will not derive benefit from at
least occasional swimming-exercises.

Conversation Superfluous.

"Can your little baby brother talk
yet?" a kindly neighbor inquired of
a small lad.

"No, he can't talk, and there ain't
no reason why he should talk," was
the disgusted reply. "What does he
want to talk for when all he has to do
is yell a while to get anything in the
house that's worth having."

Social and Personal

Mrs. Alphonse Lacasse of Manchester, N. H., is visiting her daughter, Mrs. Napoleon LeBlanc. She is accompanied by her daughter Miss Blanche Lacasse and granddaughter, Miss Marguerite Lacasse, also of Manchester.

Mrs. Geo. Winchester spent the past week-end with friends in Campbellton and Restigouche.

Miss Ella Inhoff has returned from Bathurst and Petit Rocher, where she visited friends.

Miss Annie Corbett and Miss Jessie Fleming of Moncton were guests of Mrs. H. B. Anslow at Charlo for a few days this week, and also visited friends in town.

Rev. Hazen Murray of Seattle, Wash., is the guest of his sister, Mrs. Wm. Currie at Charlo.

Miss Edith Gorham of Riviere du Loup is visiting her aunt, Mrs. Ed. Alexander at Bide-a-wee Cottage, Cross Point.

Mrs. Noah McLean, accompanied by Miss Doris Betts of Campbellton are visiting Mrs. McLean's daughter, Mrs. G. E. McGrath—Advocate.

Dr. Beverly Sproul of Campbellton was in town on Friday.—Commercial.

Mrs. Robt. Currie of Saskatoon, Sask., formerly of this town, has been called to California owing to the serious illness of her mother, Mrs. Geo. White, who was at one time a resident of Black Lands, N. B.

Mr. John Aboussafy of Mont Joli has returned to his home after spending a few days in town the guest of Mr. and Mrs. B. Hill.

Mrs. Wesley Myles, Mrs. Melvin Mason with her two daughters, Margaret and Barbara of Lowell, Mass., returned to their home on Monday owing to the serious illness of Miss Barbara.

Mr. and Mrs. Theobald have returned to their home in Quebec after spending a few days with Mr. and Mrs. W. R. Gilber.

Mr. Edmund Poirier of Byng Inlet, Ont., will leave next week for a trip to Winnipeg and other Western points. Mr. Poirier will not return to his home in Bonaventure East, until September.

Miss Bertha Richard of Campbellton, Miss Anna Poirier of Balmoral,

Mr. Jules Girouard of Moncton and Mr. Bert Prichard of Charlottetown, motored to Rimouski, last week and returned on Monday. It was quite an experience crossing the Matapedia Valley, which owing to the recent rains is in a dangerous condition.

Mrs. Jeremiah Frenette and Mrs. Jos. J. Doucet of Jacquet River are visiting in town this week, guests at the St. Louis Hotel.

Miss Bylow Smith has returned from a visit with friends in St. John.

Mr. and Mrs. Alex. McLennan, Miss Jean McLennan, Miss Margaret McLennan and Mr. John McLennan motored to Chatham on Tuesday, returning on Wednesday accompanied by Miss Mona McLennan who has been visiting relatives in Chatham.

Dr. C. N. Snow of Moncton spent the week-end in town.

Mass. is visiting her mother, Mrs. Robt. Nelson.

Mrs. Rowland F. McKee and son Gordon of Detroit, Mich., are guests of Mrs. McKee's sister, Mrs. R. H. Martin.

Mrs. J. T. Nadeau of Dalhousie has returned home after spending two weeks in Montreal visiting friends.

Miss Annie Myles is visiting in Marysville, the guest of Miss Edith Dennison.

Mr. and Mrs. H. G. Millican and son left on Saturday for Nappan, N. S., where Mrs. Millican and son will visit her parents. Mr. Millican has returned home.

Mr. and Mrs. S. Moore and son and Mr. John Goss have returned from a motor trip to Fredericton and Woodstock.

Miss Isabel MacNichol has returned to Montreal after spending a short time with her parents, Dr. and Mrs. P. MacNichol.

Miss Rutilla MacLaughlan is the guest of Miss Laura Dickie, Point La Nim. Miss Monica White also visited Miss Dickie for several days this week.

Miss Edith Miller is spending her vacation with her aunt in Portland, Maine.

Hon. C. H. LaBille of Dalhousie was a visitor to town on Wednesday evening.

BALL GAMES LAST WEEK

Town Team Wins Friday Evening and Shivers Colts Saturday.

Before a large crowd of interested fans the Town trimmed the Colts in the 6th inning. It sure was very exciting from start to finish. At the end of the 3rd inning the score was tie, 6 to 6, and at the end of the 6th the Colts were leading by three runs. Commencing with the 6th inning the Town's heavy sluggers came to bat and when the curtain dropped in the sixth inning the Town had eight more runs to their credit. Both teams played good fast ball. The Town had three more errors than the Colts. Both teams were out to win and they also brought along their heavy sluggers which accounts for the large score. A large number of people of our town are not aware of the fine class of sport we are having in O'Leary's field every Monday, Wednesday, Friday and Saturday evenings. Come along and have an hour's good fun and enjoy the good fresh air. The league is nearly over, but we still have nine more games to play.

Saturday Evening.

Before a fairly large crowd Saturday evening the Colts showed the fans they could play real baseball and it was a good game. They made six runs in the 4th inning which made the score 6 to 5 in their favor when playing against the Town team, and it remained at that. It was good tight baseball. The Colts had thirteen assists to their credit which goes to show they worked hard.

Miss Rhoda Miller and Miss Ruby Miller are visiting relatives in Black Lands.

Miss Frances MacPherson spent the week-end at her home in Charlo.

Mrs. John McKenzie and children of Loggieville are visiting in town, guests of Mrs. G. G. McKenzie.

Miss Hazel Wilkins has returned home after having spent her vacation visiting friends and relatives in Sussex and vicinity.

Rev. Dr. Harrison and Mrs. Harrison of St. John are spending some weeks in town. Dr. Harrison will occupy the pulpit in the Methodist Church during the month of August.

MANY CATALOGUES.

There arrived at the post office this week a shipment of catalogues from a mail order house weighing about five tons. These are for people residing in this district and every one must be sorted, dated, stamped and sent to its final destination, all by the regular staff which takes some time.

SOME DIFFERENCE.

New potatoes are selling in Fredericton for \$4.00, in Campbellton the price is \$12.00. Some difference.

BAZAAR.

The Grand Bazaar in aid of the Hotel Dieu is now on and is proving a great attraction. Many parties are motoring to town and all say it is well worth a visit.

PURCHASED HOMESTEAD.

Mr. Alexander Mowat has purchased the old Mowat homestead at Dec Side, with the intention of extending his lumber operations.

Young Wesley Barry who will appear in "Her Kingdom of Dreams" at the Opera House next Monday and Tuesday is the kid with the freckles who made such a hit in "Daddy Long Legs."

CHIEF INSPECTOR'S SALARY INCREASED.

Recently a meeting of the N. B. Temperance Alliance executive was held at St. John and the matter of Rev. W. D. Wilson's future was discussed. The Alliance has been supplementing the salary of \$22,000 and expenses, which is paid the chief inspector by the government, and it is understood, that in order to retain his services they have increased the amount by which they supplement his provincial salary so that his total income will now probably be about \$3,000. It is expected that the next move by the Temperance Alliance will be a demand upon the government for improved conditions for the administration of enforcement.

NEW MILL REPORTED.

It is reported that a mill will shortly be erected on the Fraser-Jellett farm at Cross Point, P. Q.

ASSESSORS' NOTICE.

In accordance with the provisions of an Act of the Legislative Assembly of the Province of New Brunswick, public notice is hereby given that the assessment list of the Town of Campbellton for the current year is posted at the following places within the said town:

WARD 1.—Jas. Alexander's Store, Water St.

WARD 2.—A. E. Alexander & Son's Store, Water Street.

WARD 3.—Thos. Ellsworth's Store, Roseberry St.

Any person thinking himself aggrieved by any assessment shall, within twenty days after such copies are posted as aforesaid, apply, IN WRITING to the Assessors for abatement or correction of his rating, which they are empowered to make, and he shall not maintain any appeal to the Town Council unless he has first complied with the provisions herein specified.

DATED AT CAMPBELLTON ON THIS FIFTH DAY OF AUGUST, 1920.

EDITOR'S MAIL.

Campbellton, N. B.,
2nd August, 1920.The Editor, "Graphic",
Town.

Dear Sir—

I noticed in the columns of your paper dated July 26th that I was severely criticized by the Council for stopping so-called innocent games on the 12th July at the Orange Celebration.

I would like to explain. I did not command the gentlemen in charge to stop the games. I went to them in a nice quiet way and stated that there was to be a show in town that day which had fortune wheels and various other games of chance. I also pointed out that we might have to stop them and that the Show people would reply that the Orangemen were allowed to have the games. The Orangemen in charge consented without any protest and we parted, as I thought, the very best of friends.

I would like to say that had the so-called innocent games been allowed to proceed, I would have been severely criticized by other parties.

I would also like to ask Mr. D. K. Graham, Secretary of the L. O. L. Restigouche if, in the history of the Orange Association, it has ever been known that they have resorted to any part of gambling to raise money to carry on. If so, I have an apology to make, but if not, they have an apology to make to Policeman C. B. Gray.

The commencement of this story reminds me of times when I am back on the burnt mountains alone. I get a stake and start a big barrel, say as big as a barrel. At first it makes a narrow road, but as it gains momentum, it crashes into other boulders, carrying them along and spreading out, widening the road as they go, till it reaches the bottom with a great crash some hundred feet in width.

I would suggest here that if the Council dealt with larger issues with as much energy as they have with this small matter, I am sure we would have better streets and sidewalks than we have.

Now while writing I would like to answer a question of an earlier issue of the Graphic containing a letter from one Oliver Dewar. I am sure that, if Mr. Dewar had lived up to his early teachings, he would not have contracted to move a fake show through the streets of Campbellton on the Sabbath Day when at least four or five churches were in session.

Thanking you Mr. Editor, I remain,

C. B. GRAY,
A true friend to the Council, the Police, the License Committee and also to the Orangemen.

SUPPORTING

ANITA STEWART

-IN-

"Her Kingdom of Dreams."

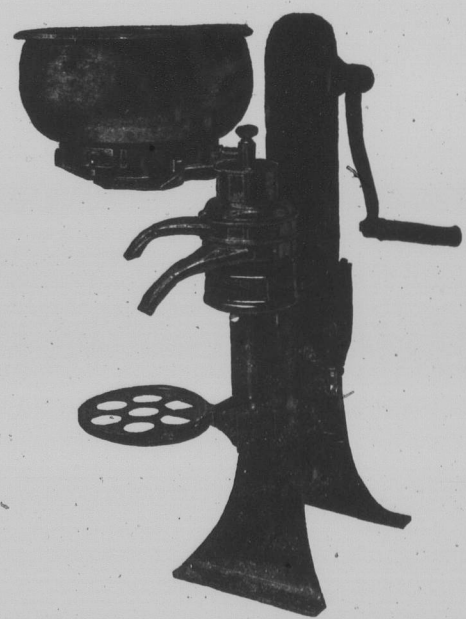

7 EXQUISITE REELS.

The cast—perfect in every particular—and the greatest group of players that has ever appeared in any one production.

The star—Anita Stewart, in a production that is flawless.

The Story—from Louise Provost's remarkable novel of the same name published in The People's Home Journal.

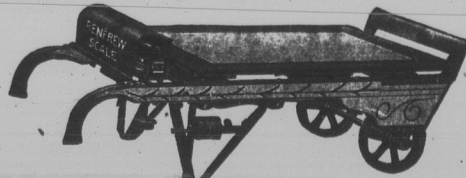

The direction—by Marshall Neilan, who made "Daddy Long Legs."

"Renfrew" known until 1917 as the "Standard."

The "RENFREW" has the reputation of being the Separator that skims closest under all conditions. Call and I will show you copies of Government tests.

The "RENFREW" stands out supreme as a machine that will go ahead and give satisfaction, and it does. Only best materials procurable are used in construction. No moving parts open to dust and dirt, or to cause accidents to children. All moving parts working in a clean bath of oil immediately the crank is started. Call and look over the recognized "WORLD'S GREATEST SEPARATOR." RUBBER RINGS, OIL and BRUSHES kept in stock for these machines.

"Renfrew" Handy!

Call and get quotations on this Ton Scale. Every Farmer should own one. The price is reasonable, the Scale Government inspected and fully guaranteed. You spend all year getting your products ready for sale. Who has any better right to know the real value than yourself? I will be glad to demonstrate this money-saving outfit to anyone.

Also other "RENFREW" lines as "RENFREW" OIL ENGINES, "HAPPY FARMER" TRACTORS, GRAIN GRINDERS, THRESHERS, BELTING, etc.
