FORTY-FIFTH YEAR

Monster Preparedness Parade in New York Germany is Puzzled at American Attitude Manitoba Free Press on Bilingual Question

HUNS CANNOT UNDERSTAND U. S. ATTITUDE

Sub War and Blockade Closely Connected in Teutons' Mind.

GROPPING FOR "HIDDEN MOTIVE"

Berlin Seems to be Glad the Break With America is Averted.

Berlin, May 13.—(Montreal Gazette)—The favorable after effects of the brief Wilson note have been confirmed and greatly strengthened by the publication here of Secretary Lansing's explanatory declaration, which has aroused even keener interest and speculation than the note itself. This is probably because it is hopelessly baffling and mysterious. To the average German mind the submarine war on England is so intimately connected with the British blockade that it is quite unable to understand what the Germans consider the American Government's seemingly meticulous determination to treat the two as having no connection. Even the Cologne Gazette feels that "America's determination to keep its attitude on the submarine question entirely independent of the negotiations with England in no way alters the decision of the German Government. That for us there is a very intimate connection between England's illegal blockade policy and our submarine war."

But the German is frankly puzzled by these notes and declarations and is groping for some clue to America's "hidden motives," wondering whether he is not the simple victim of an American confidence game or strongly suspecting that he has been hoodwinked by Wilson into parting with the effective submarine weapon, with no guarantee of getting any action against England in return. Hard German common sense continues to make the most of the one all-important fact that it can comprehend—that the dreaded break has been avoided; that apparently President Wilson has not wanted war after all and in the meantime determines to wait and see whether England, too, may not come in for a spanking at the hands of the "schoolmaster president." Without pinning any excessive hopes to "Wilsonian neutrality," the German nevertheless has reconciled himself to a policy of watchful waiting.

AMERICAN NEUTRALITY

In usually well-informed quarters, and only in these, one finds, however, a rising faith in American neutrality and an increasing belief that the American Government is going to take effective action against England. In these quarters, Mr. Lansing's statement is interpreted to mean that the American Government will not permit Germany to dictate or even suggest what its course toward England ought to be; that America is fully aware of its obligations as a neutral, and will do its duty. The editor of the Frankfurter Zeitung, who openly professes his faith in President Wilson, says:

"President Wilson has given proof that he has the preservation of peace with Germany at heart." The Frankfurter Zeitung feels that the President

FIRST PICTURE OF THE ARRIVAL OF RUSSIAN TROOPS AT MARSEILLES ON THEIR WAY TO THE WESTERN FRONT

The dramatic landing of the first contingent of Russian troops at Marseilles was announced in a despatch from that city on April 20. Neither the number nor the route taken by the transports which brought them was disclosed, but later despatches intimated that they came by way of the Mediterranean. In this case they must have embarked either at Vladivostok or Port Arthur and have come by way of the Suez Canal, as the White Sea and Baltic ports are closed and the Dardanelles are still held by Turkey. The Russians of the first contingent were all picked men. Most of them were decorated with the St. George Cross, and some of them had four decorations. The Russians arrived on board a great flotilla of transports, and not a single word of their coming was permitted to become generally known until they had actually reached Marseilles, where they were greeted with notable military and popular receptions. Other contingents have arrived at Marseilles in a similar unexpected manner. All the men first went to Camp Mirabeau, near Marseilles, and later to Camp Mailly, preparatory to joining the French

145,000 MEN AND WOMEN IN MONSTER PARADE

New York City Demonstrates Need of Preparedness in the Country.

WILL LAST TWELVE HOURS

It is Estimated That One Million People Saw the March.

By Special Wire to the Courier.

New York, May 13.—New York's belief that the nation should prepare for war was expressed to-day by nearly 150,000 men and women marching in one of the greatest processions ever assembled for the promotion of an idea.

Twenty abreast, filling the streets from curb to curb, keeping in step to the patriotic tunes of two hundred bands, the parade that began this morning will last for twelve hours or longer. Many business houses are closed, while the city gives itself up to its celebration of preparedness day. The sidewalks from the Battery to Fifty-ninth street, the start and finish of the parade are crowded. It is estimated that at least 1,000,000 persons saw the demonstration. Twenty thousand women are in the pages. Workers in two hundred occupations, lawyers and other professional men, city officials and city employees, and 10,000 members of the National Guard in uniform, and thousands of veterans of the Spanish war compose the long column. The lawyers are led by 30 justices of the supreme court.

The marchers were divided into 64 divisions. The hour set for the start was 9.30 a. m., and it is expected that the last division will not reach the disbanding point until 10.30 o'clock to-night.

Demands for a place in the parade so greatly exceeded the time and space, that the promoters were compelled to reject 60,000 applications. Beginning at the Battery, at the southern tip of Manhattan Island, the divisions fell in line at intervals all the way up lower Broadway, Centre and Lafayette streets and Fifth avenue, nearly to the reviewing stand erected in Madison square. There was a stand containing thousands of spectators, Major-General Leonard Wood, Rear Admiral Nathaniel B. Usher, commander of the New York navy yard, and Major Mitchell reviewed the parade.

The main body of the marching thousands was composed of employees in shops and stores. In addition, (Continued on Page 2)

Carranza Making New Efforts to Get Villa

Reported to Have Sent 1,500 Troops Northward Towards Border, and It May be That Mexican and Military Authorities at El Paso Have Reached an Agreement.

Washington, May 13.—Dispatch of 1,500 Carranza troops northward toward the border in the Rio Bend district of Coahuila, reported in border advices last, was regarded by officials here to-day as possibly indicating that the Mexican de facto government is making renewed efforts to capture bandits who have raided American border towns. Reports that the expedition might have a hostile purpose were not regarded seriously by administration authorities.

They intimated that the action tended to strengthen the belief that American and Mexican military authorities at El Paso had reached an unwritten agreement on co-operation along the border to prevent further bandit raids.

The Mexican situation showed no sign of immediate change here to-day. President Wilson was cruising down the Chesapeake Bay on the yacht Mayflower and did not expect to return before Sunday or Monday. Secretary of War Baker had also taken a week-end trip.

General Scot, chief of staff was on his way to Washington from El Paso to report on his conferences with General Chreton, war minister for the de facto government. He is expected here early next week and administration officials probably will confer at length with him before taking up diplomatic discussions with Elisco Arrondono, Carranza's ambassador designate. War department authorities emphasized that although General Pershing is concentrating his forces in Mexico and shortening his line to 210 miles he is ready to dash southward still further if definite reports should be received of Villa or his bandits.

Paying for Supplies.

New York, May 12.—Additional imports of gold from Canada were received by J. P. Morgan and Company to-day, making a total thus far this week of over \$3,000,000. The gold which is more or less equally divided into sovereigns and bars, came from Ottawa in connection, it is believed with recent purchases of supplies by the Dominion of Canada.

After Many Years.

By Special Wire to the Courier.

Los Angeles, May 13.—The case of David Caplan on trial here for murder as a result of the destruction of the Los Angeles Times building by an explosion, October 1, 1910, in which twenty men were killed, is to be submitted to the jury to-day.

Thomas L. Woolwine, district attorney, said he would complete his argument as early as possible to-day, after which the court will instruct the jury.

CORPORAL RIDLEY IS WOUNDED

Former Courier Man in Today's Casualty List.

The name of Corporal Steve Ridley appears in to-day's casualty list as wounded. Corporal Ridley, before he enlisted, worked in the Courier press room. He went overseas about a year ago. His home is in Galt. He is unmarried. He worked with the Courier for a couple of years, and before that with the McBride Printing Co.

Were Heavily Bombarded

Paris, May 13.—12.30 p.m.—The French Douaumont and positions to the north of the Thiaumont farm were violently bombarded yesterday, according to official reports of the French war office issued to-day. The reports say that all of the German attacks were repulsed, the enemy sustaining serious losses. On the left bank of the Meuse artillery combats continue uninterrupted.

A campaign against "doctored" poultry has been started by the Chicago Live Poultry Buyers' Association. The aim is to force the abandonment of "doping" poultry for increased weights.

Encourage Minority to Keep Up Its Defiance of Law

Winnipeg Free Press Continues Its Outspoken Criticism of the Bilingual Debate—French Liberals Stronger Than Ever in Quebec—Applauds Independence of Western Liberals.

By Special Wire to the Courier.

Winnipeg, Man., May 13.—Under the heading "consequences" The Free Press to-day says the discussion in the Commons on the Lapointe resolution will "encourage the minority in Ontario in their defiance of law and will harden the determination of the Ontario authorities to enforce their educational program."

The editorial says there will be for a generation reverberations of the debate.

"In Quebec," it adds, "the French Liberal party will be confirmed in its predominance. The overwhelming strength of the French Liberals in that province during the last twenty years, is not, however, an unmixed benefit to the national Liberal party. Its strength in Quebec has been its weakness elsewhere, and the over-representation of one element in the party conferences has had at times an unfortunate effect on its policy. The last thing which the Liberal party needs at present is something to make it more popular in the province of Quebec."

HITS ONTARIO LIBERALS

In the Maritime provinces, the question will have little effect on political developments. "It is," continued the article, "when we come to consider Ontario that the full extent of the disaster becomes apparent. With one exception, Mr. Truxter of Bruce, the Liberal members from Ontario supported the motion. Two Ontario Liberals who spoke, Hon. George P. Graham and Fred Pardee, placed themselves in an impossible position. The leadership which has reduced the Liberal representation in the Ontario House from Ontario to 14 out of 86 seats is very strikingly revealed by the division list, on the Lapointe resolution and it will continue to work disaster. These drastic steps to right the situation are taken before the next Dominion election."

The honors of the division in the Commons go to the Quebec Conservative members and Western Liberal members, says The Free Press, which continues:

CANNOT LOOK TO THE EAST

"Whatever may be the political consequences of this blunder to Liberalism in Canada at large, western Liberalism will not suffer if it adheres to the independence which its representatives have displayed at Ottawa this week. These developments at the capital must tend to strengthen the feelings which have been growing strongly for years that western Liberals need not look to the east at present for effective and progressive leadership.

"The time is ripe for western Liberals to decide that they will rely upon themselves, and thus do their own thinking, formulate their own policies and provide their own leaders."

The King and Queen received Lady Paget a few days ago and showed the deepest interest in her account of her experiences in Serbia and Bulgaria. Lady Paget looks very well, in spite of the difficult time through which she has passed and seems to have been fortunate in her experience compared with those who fell into German hands. The Bulgarians treated the unit with every possible consideration and during the four weeks of internment at Sofia, Queen Eleonore insisted on regarding Lady Paget as her guest, and had her housed very comfortably at a hotel.

The many admirers of the literary gifts of Countess von Arnim, author of "Elizabeth and Her German Garden," will be interested to learn that she is now the wife of Lord Russell. She was born an Englishwoman, and her sympathies and affections did not stray from her native country during many years of residence in East Prussia. We owe to her some of the most humorous novels of modern days, and some of the most realistic sketches of the German at home.

A very happy event transpired at the home of Mr and Mrs. Ashley Sayles, Murray street, last Friday evening, when the choir of Calvary Baptist church assembled in honor of Mr and Mrs. W. H. Ham, the bride having long been a valued and faithful member of the choir. Various games were indulged in, after which an address was then served, after which the recipient of a handsome cut glass water set. The bride replied in a few well-chosen words, though taken completely by surprise. Refreshments were then served, after which the party broke up, each wishing Mr. and Mrs. Ham a long and happy wedded life.

Arrangements are under way for a dance to be held in the Armories on Friday evening, May 19, given under the auspices of the Brant Chapter, I. O. D. E. for the soldiers of the 125th Brant Battalion, and it is expected that this will be quite the dance of the season. The music will be in charge of the 125th Band, and all the latest and most catchy airs will be selected, the floor will be in excellent condition, and the galleries overlooking the floor will be thrown open for the use of those who do not dance.

The refreshments will be in charge of various committees, and the reception committee will be the Regent, Mrs. Gordon Smith; the two vice-regents, Mrs. Joseph Stratford and Mrs. Herbert Bates; Mrs. W. F. Cocksbut, wife of the Honorary Colonel of the 125th and Mrs. M. E. B. Cutcliffe, wife of the Commanding Officer of the battalion. Tickets have been placed at the disposal of the company officers of the various city officers, and additional tickets may be obtained from Miss Van Norman, Secretary of the Brant Chapter, Room 4, Commercial Chambers. The proceeds will be given to the Regimental Funds.

A civic banquet given by the Mayor and Aldermen of Brantford was given in honor of Lord and Lady Aberdeen on their recent visit to this city, last Thursday. The distinguished visitors were met at the station by a deputation of representative citizens and conveyed to the Kerby House, where the banquet took place. The dining room looked most attractive, and the long tables were artistically decorated with pink carnations and smilax, a boutonniere of pink carnations being at every place card. Lord and Lady Aberdeen were accompanied by Lady Gibson of Hamilton and Mrs. Torrington of Toronto, and their hostess Mrs. W. E. Sanford of Hamilton, with whom they are staying for a few days.

After the banquet Lady Aberdeen gave a delightful address to the Women of Brantford, in Victoria Hall, the subject selected was "Organized Womanhood." Lady Aberdeen who looked very charming in a gown of grey crepe de chene and black lace hat with crown of pink roses and wearing a corsage bouquet of pink roses, presented to her by Mrs. W. C. Livingston on behalf of the local Women's Council, spoke with great feeling on the noble sacrifices women were called upon to make at this time and how they had nobly rallied to the call of the Empire. She spoke at some length on the work of the National Council of Women, and how they had done great service for the Government since the commencement of hostilities. Lady Aberdeen also spoke of the International Council of Women and the work which they had accomplished in France and Switzerland as well as in England and the United States and Canada.

At the close of her address Lady Aberdeen was met with hearty applause. Mrs. Torrington, President of the National Council in Canada, also gave a short, forceful address, which was much appreciated. During the afternoon, Miss Marjorie Sweet sang a rousing patriotic song, accompanied by Mr. Clifford Higgin, while Mr. Higgin opened the lecture with an appropriate piano selection.

Lord Aberdeen made a few bright remarks at the close of the lecture, which were much appreciated.

On the platform with Lady Aberdeen were Mrs. W. Churchill Livingston, who introduced the speaker in a few well chosen words, Lady Gibson, Mrs. W. E. Sanford, Mrs. A. D. Hardy, Mrs. Cummings Nelles, Mrs. Geo. Watt and Mrs. Torrington.

A reception was held at the home of Mrs. Geo. Watt, after the lecture, the distinguished visitors leaving for Hamilton at 8.30.

The weekly recitals of the Brantford Conservatory of Music commence on Tuesday evening next, May 16.

Mr and Mrs. George J. Lindley, and Mrs. John Lindley, who have been the guests of relatives in the city, have returned to London, Ont.

The many friends of Mrs. J. R. Coulbeck, 22 James street, will learn with regret that she has been removed to the Brantford General Hospital there to undergo a slight operation.

The Victoria school cadets who won the shield at the recent inspection of school cadets of the city on May 1st, were entertained to ice cream at the Artemis yesterday afternoon by their instructor, Lt. White.

Miss Grace Adams, Northumberland street, is entertaining at the tea hour this afternoon for her guest, Miss Edna Maxwell of St. Mary's, who is up from the Toronto Conservatory for the week end.

The opening tea is being held at the Brantford Golf and Country Club this afternoon and a large attendance is looked for. The hostesses are the Executive of the club, Mrs. H. Yates, Mrs. R. H. Reville, Mrs. W. L. Creighton, Mesdames H. W. Fitton, Lloyd Harris, J. Sutherland, G. P. Buck, W. E. Paterson, W. L. Turnbull and Miss Cora Jones.

Mrs. Able Says:
PEOPLE ask me why my tea tastes so good. First, I use freshly drawn water. When boiling briskly I pour it over the leaves, allowing the tea to steep, not boil, five minutes. Next, I pour the tea off the leaves into another pot. In that way you get the flavor of Red Rose Tea in all its fullness and richness. Try it.

In sealed packages only.

145,000 MEN IN PARADE
(Continued from Page 1)
visions were composed of representatives of the theatre and allied arts, engineers, architects, clergymen, businessmen, bankers and brokers, physicians and surgeons, and public schools.

In the women's section were teachers, stenographers, art students, girls from the department stores; the American woman's league for self-defense, and the women's preparedness battalion and representatives of various trades or organizations.

Anti-preparedness bodies, such as the woman's peace party and the Socialists endeavored to offset the preparedness spirit by circulation among the spectators of circulars. Across Fifth Avenue from the reviewing stand, the Women's Peace party hung out banners with the inscription: "There are only 100,000 of you. You are not the only patriots. Two million families, 600,000 mine workers and organized labor of America are opposed to what you and Wall Street are marching for. Are you sure you are right?"

To the Grave

MRS. PEIRCE.
The body of the late Mrs. Peirce was laid to rest in "God's Acre" yesterday afternoon. A beautiful and impressive funeral service was held at her residence, Mr. Henry Peirce, 75 Colborne street. Mrs. Peirce was a member of Park Baptist church. The pastor of that church being unwell, Rev. David Alexander of Immanuel church conducted the services, and delivered a suitable sermon from Rev. 2:14. "God shall wipe away all tears and there shall be no more death." Rev. L. Brown was also present and spoke very appropriately on the sincerity, faithfulness and spiritual outlook of the long life just closed. Mrs. Peirce was born in Tewkesbury, England, in 1824, and was in her 92nd year. Her husband, the late Wm. Peirce, pre-deceased her 18 years ago. She leaves to mourn her departure two daughters and four sons, Mrs. Andrew Brown, Minters Ave.; Mrs. A. W. Strickland, Toronto; Mr. Robert Peirce, Detroit; Rev. Wm. Peirce, Dallas, Texas; Mr. Warwick Peirce, ex-Alderman of this city; Mr. Henry Peirce, also of Brantford. A friend, Mrs. Davis, sent a couple of suitable numbers at service. The pallbearers were Mr. J. P. Temple, Mr. Wm. Peirce, Mr. John Peirce, Mr. Elmer Peirce, Mr. Lloyd Peirce and Major P. A. Shultz. The floral wreaths and flowers were exceedingly beautiful. Many friends and prominent citizens were present to pay their last respects to a venerable citizen and noble Christian life and character. The interment was at Greenwood.

ANOTHER TALE OF HUN HUMANITY

By Special Wire to the Courier.
Stockholm, via London, May 13.—The captain of the Swedish schooner Harald gives in The Dagon's Nyheter an account of the sinking of his ship by a German submarine in the North Sea on May 5. The ship was halted by the submarine, the commander of which gave the crew fifteen minutes in which to abandon the schooner. The captain of the Harald refused to obey the order and hoisted the Swedish flag. The German then boarded the schooner and poured petroleum over the ship which they lighted. They then attacked the captain with cutlasses, forcing him into a small boat. The blazing petroleum not destroying the Harald quick enough the ship was sunk by gun fire from the submarine.

GERARD MAKES GERMANY THINK

His Interpretation of Lansing's Statement Important to the Huns.

By Special Wire to the Courier. Amsterdam, via London, May 13.—Secretary of State Lansing's statement made after President Wilson's note to Germany had been despatched caused considerable uneasiness in Germany. Ambassador Gerard, asked by The Vossische Zeitung for an interpretation of Secretary Lansing's remarks in regard to the treaty obligations said: "These doubtless referred to the arbitration treaty which the United States in 1914 concluded with twenty-one nations, including England. These treaties obliged the signatories

to submit their differences which cannot be settled diplomatically to a special committee which must be given one year's time to submit its findings to both governments." The Koelnische Volks-Zeitung commenting on Ambassador Gerard's statement says: "The interpretation of Secretary Lansing's declaration by Ambassador Gerard is extraordinarily important. America, therefore, will strictly adhere to treaty obligations and submit all violations of international law by England to a committee of inquiry. England thereby gains a whole year's time. It means that America is willing to wait for a settlement with England until after the termination of the war."

BASIS OF INQUIRY IS GONE IF NO PROFIT DIVIDING

If No Agreement to Divide Profits Exists, Then Nothing to Investigate.

COMMENT OF SIR W. MEREDITH

Mr. Yoakum Explained That Commissions Were Given to Several.

Ottawa, May 13.—B. F. Yoakum, the New York financier, named in connection with the organization of the American Ammunition Company, took the stand at the Meredith-Duff inquiry yesterday. He states that out of his commission on the fuse contract let to his company, which was to be \$478,000, he had paid \$30,000 to J. B. Craven, of New York, an associate of the Liberal contracting firm of McAvity, of St. John, N.B., and paid other sums on orders from Col. J. W. Allison, who, under an early verbal arrangement was entitled to half his (Yoakum's) promotion commissions. These sums, which were paid in connection with transactions outside of the Canadian fuse contract, and having to do with foreign business, were: \$12,000 to Col. G. W. Stephens, of Montreal, former Liberal member for Montreal in the Quebec Legislature, on an order for \$10,000; \$3,889 to Col. William McBain, on an order for \$30,000; \$16,800 to Miss M. G. Edwards, sister-in-law and secretary to Col. Allison, on an order for \$105,000; and \$6,880 to Eugene Lignanti, on an order for \$50,000.

Mr. Yoakum proved a very frank and at times amusing witness, talking complacently of millions, and occasionally giving an interesting insight into the ways of New York financiers, with whom he was accustomed to associate. With regard to the commissions paid, he was extremely frank. These, he said, were a very important part in every large transaction, men in such large business recognize that the sale expenses must be heavy, and improved considerably in the way of commissions.

Mr. Yoakum stated emphatically that the impression which had been published broadcast in Canada that the money divided in commissions was the million-dollar advance from the Shell Committee, was an untrue one. The commissions had been allotted and were being paid, "as and when" the fuses had been delivered and paid for.

The fuse charge, which the commission is investigating, was summed up by the member from Richmond in his speech in Parliament on March 28 in the following words: "The day before the contract was entered into between the Shell Committee and the American Ammunition Company, and the day before they were incorporated, B. F. Yoakum, E. B. Cadwell and a man named Bassick entered into an agreement to divide the spoils arising out of the contract to be executed between the American Ammunition Company and the Shell Committee of Canada; this, of course, meant the dividing up of \$1,000,000, which was paid at the time of the agreement."

Mr. Yoakum explained that his payment of \$30,000 to J. B. Craven, of New York, was partly on payment for Craven's work in bringing the fuse contract first to his attention, and partly as an investment on prospective business to be done with the McAvity firm, of St. John, N.B.

An enlightening comment on the progress of the enquiry was made yesterday by Sir William Meredith when he said: "If it is a fact, as Mr. Cadwell says, that there was no agreement to divide profits, then the very basis of this enquiry is gone."

However the commission will continue the enquiry on Monday morning, when other witnesses will be heard. Mr. Yoakum will resume his testimony on Wednesday morning.

Can Send Bread After May 15th French Prisoners in Germany Can Receive Eatables. Paris, May 13.—According to newspaper announcements, it will not be permissible after May 15 to send bread in parcels for French prisoners in Germany.

The French foreign office states that if the announcement refers to the current situation it is inexplicable, because an agreement was recently made between the French and the German governments allowing bread to be sent to French soldiers held prisoner by the Germans.

Silver is King

Last year Copper was king of metals, advancing from 12 to 30 cents a pound. This year Silver is King, and is advancing by leaps and bounds—no man dare say what the ultimate price will be. Last summer silver was worth 46½ cents per ounce—to-day it is 74 cents and going higher every week.

The advance in copper last year caused a sensational market in copper shares, many low-priced copper stocks advanced more than 1000 per cent. That was last year; this year it is Silver, and now is the opportune moment to purchase high-class silver stocks.

We have underwritten 250,000 shares of Lorrain Consolidated Mines, Ltd., at 20 cents per share net to the Treasury of the Company, and are now allotting these shares to our clients at 22 cents.

The fact that we have underwritten this large block of treasury stock, thereby guaranteeing the Company \$50,000 for development purposes, is the best evidence of our sincere belief in the future of the Company.

Lorrain Consolidated has, in our opinion, the three necessary elements of a successful mine. The Company owns outright 53 acres in the South Lorrain-Cobalt silver district, on which engineers have located four large and six smaller veins. \$40,000 has already been spent in proving up the property and two shafts have been sunk, one 162 feet, and the other 110 feet. Drifting and cross cutting to the extent of several hundred feet has also been done.

The management of Lorrain Consolidated is in the hands of men whose names stand for everything that is honorable in mining. Men of this character do not associate themselves with a mine unless they are fully convinced of its merit, and we never underwrite a stock until we are satisfied it has a good chance of making good. This Company has a well-located property, an honest and efficient management and ample capital for development. We therefore feel justified in recommending the purchase of the stock. Application will be made for listing the shares in Toronto, Boston and New York. Reports of development work to date and extracts of engineer's statements will be furnished free on application.

The Situation.

All the indications show that the long-talked-of German attack upon the British front has commenced. The Hunns have been preparing a great time for this massed assault, and in the first onrush they have taken five hundred yards of trenches, only to lose a portion of them in counter attacks.

The Russians who have been driving the Turks before them in such a notable way are on the threshold of Mesopotamia. It is said that the entire rear of the Turks Bagdad army is now menaced by them.

Peace rumors still prevail and it is said that with the knowledge of the Kaiser, fresh representations are to be made to the Pope to use his efforts in this regard.

The position of affairs would seem to be that there is still a long way to go before the Kaiserites are forced into a proper frame of mind.

Laurier's Course.

The course taken by Sir Wilfrid Laurier in fathering a mischievous effort to have the Dominion House interfere with Ontario's school legislation, has come with a feeling of amazed surprise to many of his followers.

The Winnipeg Free Press and other staunch Liberal sheets have not hesitated to unsparingly denounce the attempt and there cannot be the slightest question that the conduct pursued in this matter by the Liberal chief has seriously damaged his prestige in the eyes of his followers.

No one questions the fact that Laurier in the first place was chosen as chief mainly because of his French Canadian origin. The idea in this regard was to secure a solid Quebec for the Grit cause and now Sir Wilfrid has shown just how much he places that Province above the rest of the Dominion, in his backing of the mischievous agitators who have for months been seeking to create turmoil and disruption on behalf of an utterly unreasonable demand.

Meanwhile Laurier stays at the Opposition helm, because he is the best available, while his followers have not the slightest idea as to what course he may steer next. The only thing of which they are absolutely sure is that he will take his own way utterly regardless of them or their desires, so long as Quebec is satisfied.

NOTES AND COMMENTS

It is quite generally understood that it is the Toronto ball team which put the base in basement.

It is to be hoped that Mayor Church of Toronto enjoys the kind of notoriety he has secured for leading in the resistance of the Queen City paying the provincial war tax.

John Bull retains his Ireland, while the Brantford Street Railway Commissioners have lost theirs.

Guelph Mercury (Liberal): "Ottawa is not the place to settle insofar as it refers to the school situation in this province, and, furthermore, the present is not the time to embroil the country with a discussion of such a nature."

A Pennsylvania cow which a sheriff was told to seize was so lean that he was afraid to execute the lien upon it.

LATEST NOTE OF WILSON WILL LOOM LARGE

Events Have at Last Ranged the U. S. on the Allies' Side.

By Special Wire to the Courier. London, May 13.—The Daily News in a two column editorial discusses the far-reaching importance of the recent diplomatic conversations between the United States and Germany and declares its belief that when the history of the present decade comes to be written, President Wilson's latest note to Germany will loom large.

Some critics seem to have missed the fact that the Kaiser here has suffered a defeat more vital than at Verdun," says the editorial, which adds that while President Wilson's desire has been to remain neutral, a technical neutrality was not what Germany wanted, "and now at last the United States has ranged herself on the side of the allies. The president has found that a policy of isolation from Europe is impossible in war. Isolation would be no more possible in the days of peace to come.

"The ideals of the American republic can only be preserved by making them the dominating ideals of the world, and it is because the ideals of the Entente in the present war, reflecting the sympathies of the great democracies of Great Britain and France are in sympathy with those of the United States that the drift of America to our side is inevitable."

The editorial proceeds to show that the alliance of sympathy between the Entente allies and the United States is likely to be extended after the war, and urges that a settlement of the Irish question will remove the last difficulty and establish the final adjustment between the British and American democracies.

MINISTER OF INTERIOR QUILTS German Official Has Resigned His Position With Government.

By Special Wire to the Courier. Amsterdam, via London, May 13.—Dispatches from Berlin state that the resignation of Clemens Delbrueck, Minister of the Interior and vice-chancellor, has been officially announced there. Minister Delbrueck has offered his resignation on account of illness which will require long treatment. No immediate appointment of his successor is expected.

Clemens Delbrueck has been minister of the interior, since July, 1914, when he succeeded Dr. Von Bethmann-Hollweg, present German Chancellor. In the last few months he has been the subject of attacks in the German newspapers on account of the food situation. Within the last few days the Paris newspapers have been predicting that his resignation would be forced by the Emperor on account of the food riots which are reported to have occurred in the principal German cities.

Paris, May 13.—The lecture room of the Presbyterian church was crowded Thursday night, when lovers of music had a big treat in listening to the closing exercises of the Paris Musical Club. Mr. J. W. Hilborn, vice-president of the club opened the concert with a few remarks. The room was prettily decorated with flags, flowers, etc., which were in keeping with the occasion. The following programme was given: Chorus, "O Canada" with orchestra; accompaniment duet, "Tancredi," by the Misses Alice and Maud Smith; solo, The Admiral's Broom" by Mr. George Foster; cello, "Salute d'Amour," by Marcus Adeney; chorus, "With Horse and Hound," violin, "Musette," by Mrs. W. Special music will be rendered by the choir, and on Monday evening their annual supper will be celebrated. Mrs. John Weir has been called to Brantford, owing to the death of her sister, Mrs. David Willis. Many friends will sympathize with Mrs. Weir in her sad bereavement.

THINGS PICKING UP. Real estate seems to be booming in Paris. During the past week the following sales have been made: Mr. Albert Broomfield has bought a house on Broadway, which was owned by the Brick Co.; Mr. Chas. Stewart has purchased Mr. C. Ryder's

home on the River Road; Mr. W. W. Carr has purchased 60 acres at the head of Oak avenue from Mr. Chas. Stewart, and Mr. John Smoke has bought three houses on Burwell St., from Mrs. Askev of London.

Rev. D. McLeod whose resignation has been accepted by the Barrie Presbytery, is well-known in town, having preached here for a number of years. Rev. Mr. McLeod is to receive \$500 annually from his Barrie congregation during his life time.

The Rev. Judson McIntosh of Bloor street Baptist Church, Toronto, will conduct the services in the Baptist church to-morrow. Unless auto drivers and motor cyclists slow down a little, the chief will be busy handing out summonses, as so many go over the speed limit. Several narrow escapes have been averted in town lately.

Miss Helen Smith has left on an extended trip to Scotland. Her many friends wish her a safe voyage. Mrs. Robert Wright of Stratford, is visiting at the home of Mrs. J. Wright, in Stratford. Mrs. W. Colledge of Rochester, N. Y., is the guest of Mrs. S. Stickland. Mrs. John Drew and Master Jack, have returned to their home in Winnipeg, after spending the past five months with relatives in town. Mrs. Ed Hilborn and little son of Hamilton, are holidaying with relatives in town.

GAVE \$1,000. An informal meeting was held outside the Y.M.C.A. at noon yesterday when Lieut. Col. Harry Cockshutt of the 215th Battalion, Brantford, presented the Y.M.C.A. here with a cheque for \$1,000 in appreciation of their services to the Brant County volunteers. Col. Cockshutt and his staff, with their bugle band, were in Paris all day, inspecting the local company of his battalion. Mayor Patterson thanked the Col. for his kindness, and assured him that the Paris people would always have a warm spot in their hearts for him. Mr. Henry Rehder, president of the Y.M.C.A., gave

a neat little speech, also Rev. J. C. Nicholson and Rev. J. Seton Adamson. Three cheers were given by the soldiers and the crowd outside, to Lieut. Col. Cockshutt.

Charles Le Maistre to Appear in Canada Before Electrical Societies.

New York, May 13.—Charles Le Maistre, representative of the British Electrical Engineers Society, and a member of the International Electro-Technical Commission, arrived here to-day on the steamship Adriatic. Mr. Le Maistre is to appear before various electrical engineering societies of Canada and the United States to urge the adoption of a universal standardization of estimates, measurements, etc. Electrical machinery produced in this country is based on standards approved by the American Engineers Society, a different standard prevailing in Great Britain. The adoption of a universal standard, Mr. Le Maistre said, would be of great importance in the business world.

ABOUT MAD DOGS

The Provincial Board of Health is sending out its annual warning regarding the danger from rabies-infected dogs. The circular gives pointers upon how to detect rabies, and advises that where a person has been bitten the dog be chained up for ten days. In that time if the dog has rabies it will either be worse or will die. At the end of ten days, or before if the dog dies, the head should be sent to the Provincial Laboratory, Queen's Park, where an examination of the brain will be made. Where rabies is found to exist prompt steps will be taken to see that the person bitten is given proper treatment. Killing the dog before the disease has a chance to develop is not advisable, since it cannot be determined definitely then whether the animal is infected or not.

BRIEY VALLEY

Paris, May 13.—Senator Berenger, writing in to-day's Matin, says that the key to the war lies in the possession of the Briey Valley between Verdun and Metz. "Since the war began," says Senator Berenger, "France, having lost the Briey basin, has been obliged to import all the iron required from England and America, while Germany having occupied the whole Briey Valley, is able to add 21,000,000 tons to her own annual output. This explains the assiduity of the Germans at Verdun. They want to capture the fortress so as to effectually prevent the French from attacking Metz.

"In a confidential memorandum addressed to Chancellor Von Bethmann-Hollweg on conditions of future peace by German industrial agricultural associations on May 20, 1915, the following passage occurred: "If the production of iron and steel had not doubled since August 1914, the continuation of the war would have been impossible. The Briey region now produces 60 to 80 per cent of our iron and steel, and if that production was tampered with the war would be practically lost."

FAREWELL BY 125TH SERGEANTS

Fine Concert Given Last Night in Victoria Hall.

One more evidence of the high esteem in which the 125th battalion, collectively and individually, is held by the entire city of Brantford, was shown last night by the enormous crowds which gathered at Victoria Hall to attend the Farewell concert given by the Sergeants of the battalion here. So large indeed, was the turnout that both houses were packed almost to overflowing, and there was scarcely an empty seat obtainable by the time the concert commenced, with the entire band of the battalion upon the platform. The band rendered most acceptably "O Canada," by way of opening, and Viviani's "The Silver Trumpets." A vocal solo, "Follow Us Along" sung by Major McLean, elicited salutes of applause, as did also Mrs. Hay's rendering of "Laddie in Khaki," while Bandaman Cliff Todd, in his comic song made a great hit. The "Canadian Patrol Song" was then very pleasingly rendered by the band, followed by vocal solos by Lt. Fred Grobbs and Miss Campbell, both singers being loudly applauded. These numbers brought to a close the first half of the program.

Following an overture, Suppe's "Light Cavalry" by the band. Capt. H. K. Jordan delighted all with that ever popular patriotic song, "The King Needs You" written by the singer himself, and Miss Irene Hart provided one of the features of the evening in her vocal solo "The Awakening of Spring," comic songs by Pte. Unsworth were thoroughly enjoyed by all present and a solo "A Perfect Day" by Q.M. Sgt. Mears then followed, both receiving a good hand of applause. Another feature of the entertainment was the next number upon the program, which consisted of a number of bugle calls faultlessly and admirably rendered by the battalion bugle band, under Bugle Major Mellor. A patriotic song by Sgt. Major Hart won the favor and applause of all, and a number of Irish selections by the band, together with the National Anthem then brought to a conclusion a most successful event.

Capt. Jordan was the accompanist of the evening and the chair was occupied by B. S. M. Shaw.

BANKS WILL NOT OPEN IN FUTURE SATURDAY NIGHT. Back to Old Hours on and After June the 10th.

The local banks have announced that, as a War Measure, on and after the 10th of June next, all the Banking offices in the city will observe the following office hours: Week days, 10 a.m. to 3 p.m.; Saturdays, 10 a.m. to 12 noon. The banks in Brantford have for a number of years been keeping open from 7 p.m. to 9 p.m. on Saturday evenings but owing to the fact that so many of their men have enlisted for active service, and many are still enlisting, it has been found almost impossible to keep up the ordinary office work, much less to remain open at special hours. The office hours in England have been shortened on this account, and in Canada, one by one the banks in various cities have given up keeping open on Saturday evenings, Hamilton being the latest Canadian city to fall in line. There are undoubtedly certain risks about keeping banking offices open in the evening, especially in war times, and the action the banks are taking should meet with the approval of their customers. We are quite sure that the general public will appreciate the necessities of war times and endeavor to comply with the request of the banks that banking business be done, as far as possible, in the forenoon.

TURKISH FORCES STRENGTHENED. Are Now Fighting Desperately Against Russians at Erzingan.

New York, May 13.—A Journal despatch from Petrograd yesterday says: "Turkish troops defending Erzingan have been heavily reinforced, according to despatches from Tiflis, and are offering desperate resistance to the army of Grand Duke Nicholas. The reinforcements are believed to be a portion of the Ottoman army relieved from field service at Kut-el-Amara. "The Turks are assailing the advancing Russians fiercely, but are suffering heavy losses from the machine gun fire of the Grand Duke's troops. "One despatch states that at least 80,000 Ottoman soldiers, officered by Germans, have reached the Erzingan front within the last week, increasing to 200,000, total of Turkish forces in that region. Turkish prisoners have informed Russian officers that Field Marshal Von Mackensen is understood to have taken command of the Turco-German armies in Asia Minor."

Quebec, May 13.—An exchange of compliments has taken place between the Liberal party in Quebec and the Nationalists, formerly bitterly opposed to one another, Henri Bourassa and Armand Lavergne, leaders of the Nationalists have both expressed approval of the provincial Liberal government and last night Hon. L. A. Taschereau, referring to the endorsement by Messrs. Bourassa and Lavergne styled them as "sturdy Canadians."

AUSTRIA IN FAVOR OF LOAN. Greek Government's Project to Raise Money Countenanced in Vienna.

Athens, Thursday, May 13.—Via Paris.—The Austrian member of the International Financial Commission has been instructed by his government to support the Greek Government's project for a new internal loan. The government expects to issue the loan at 88 1-2 with interest at 5 per cent. The Greek Government has become involved in serious financial difficulties owing to the situation brought about by the war and the expense of keeping its army in the field. The Entente allies advanced \$8,000,000 last year, but efforts of Greece to obtain a further sum from them have been unsuccessful. The finances of Greece are supervised by an international commission, representing Germany, Austria-Hungary, France, Great Britain, Italy and Russia. A despatch from Athens yesterday said the commission had disapproved a project for an internal loan of 80,000,000 drachmas.

LABEL SUIT IN HAMILTON. Hamilton, Ont., May 13.—Yesterday morning the United Gas and Fuel Company launched an action against The Herald Printing Company, the Dominion Natural Gas Company and the Manufacturers' Gas Company for \$250,000 damages for alleged libel. The action arises out of the publication in the paper of a letter signed by the two companies in which it was claimed that the gas shortage in Hamilton was due to the fact that United's distributing system was not large enough to handle the supply.

CHURCH PARADE OF NOVEL ORDER

109th Regiment to March With Its Two Overseas Battalions.

Toronto, May 13.—On Sunday afternoon a church parade of very special interest will be held, when the 109th Regiment, accompanied by its two overseas battalions, the 84th and 166th, will attend Divine service at St. Paul's church, Bloor street, at 3 o'clock, the three battalions constituting a brigade which is to be under the command of Hon. Col. W. F. McNaught, C.M.G., the honorary colonel of the regiment. What will give to this parade its special interest is the fact that, although only formed during the Winter after the war had broken out, the 109th Regiment is able to show such a splendid record of its activities as its two overseas battalions bear witness to.

\$2500 MORE TO HELP WIN THE WAR

\$5,000 Contributed to the Y. M. C. A. Military Service Campaign.

About 250 Brantford citizens, including the men who have generously contributed over \$5,000 to the Military Service Fund of the National Y. M. C. A. The committee decided at a meeting held last night that Brantford should give \$2,500 more, or a total of \$7,500. Outside of the firms which contributed about \$2,100, the balance of \$3,200 was given by 129 people with an average of \$25 each. In view of the small number who have as yet participated, the committee felt assured that many more would be glad to have some share in this wonderful work, which the highest officers declare is a great factor in winning this war. All Brantford citizens who are determined to assist in victory for the Allies are asked to send a contribution of one dollar or more to the Honorary Treasurer, H. W. Fitton, Esq., Canadian Bank of Commerce city, at once. The fund will be closed on Saturday, May 20th. Acknowledgement of contributions will be made through the press. Now for the strong pull, and the pull all together for which Brantford is noted.

After Suffering Almost Two Years, "Fruit-a-tives" Brought Relief.

MR. WHITMAN, 882 St. Valler St., Montreal. "In 1912, I was taken suddenly ill with Acute Stomach Trouble and dropped in the street. I was treated by several physicians for nearly two years. I was in constant misery from my stomach and my weight dropped down from 225 pounds to 160 pounds. Several of my friends advised me to try 'Fruit-a-tives' and I did so. That was eight months ago. I began to improve almost with the first dose. No other medicine I ever used acted so pleasantly and quickly as 'Fruit-a-tives', and by using it I recovered from the distressing Stomach Trouble, and all pain and Constipation and misery were cured. I completely recovered by the use of 'Fruit-a-tives' and now I weigh 208 pounds. I cannot praise 'Fruit-a-tives' enough." H. WHITMAN. 50c. a box, 6 for \$2.50, trial size, 25c. of arranging for the previous disposal of the splendid horse and patrol outfit which are now for sale. The chief constable has had a report calling attention to the number of patrolmen who have enlisted for overseas service, and the difficulty of securing good men to do the work. At the present time there are two vacancies. The city at the present time is free from crime, and the chief gives credit to the sergeants and patrolmen for this satisfactory showing. The chief was highly complimented by His Honor Judge Hardy and the board on the creditable manner in which the situation has been handled.

NOTES OF THE 12TH. Camp Orders: Wearing of Unauthorized Ribbons: The wearing of unauthorized war ribbons is strictly prohibited. Officers commanding units will see that this order is strictly adhered to. Duties: Officer of the day: Captain James; next for duty, Captain Wallace. Subaltern of the day, Lieut. Coghill; next for duty, Lieut. Wallace. Platoon 1 and 2 and the battalion bugle band are receiving instruction in First Aid this morning.

SEEING IS BELIEVING. "Seeing is believing," runs the old adage. And there can be no doubt that a very large portion of the population of Brantford saw this morning—what? Pte. A. Talman, of course. True to the promise, the giant recruit made his appearance outside the battalion headquarters at 9:30, where eager and anticipative crowds greeted his appearance. No one was disappointed, either, for the huge soldier towered high over the other soldiers, and there could be not the slightest doubt of his height being well over eight feet. Accompanied by the battalion and the band, Pte. Talman marched around the market square, followed everywhere by interested crowds. He marched with remarkable ease for such a giant, and continued to keep pace with his plucky comrades. Arrangements are being made already to have a special trench dug for Pte. Talman when the 25th battalion reaches the front to hunt the Huns with Harry.

STRUCK SOLDIER. Yesterday it is alleged a farmer named Lee struck a member of the 21st battalion. The soldier came to Lee's farm, near Northfield Centre, and asked to see an employe of the farmer, but was asked by Lee to leave the premises. The farmer continued to speak in a nasty manner, and finally struck the soldier without the least provocation. A warrant has been issued for Lee's arrest, and he will appear before the magistrate.

ALSACE-LORRAINE JUST LOVE GERMANY. That is What the President of the Diet Tells the Deputies.

Berlin, May 13.—(By wireless to Saville).—"The tie which unites Alsace and Lorraine with Germany has become stronger," says Dr. Hoffel, president of the Alsace-Lorraine diet, in a speech to the deputies. "We have steadily increased our efficiency as a part of the German organism, as is shown by the common defense of the country."

In accordance with the bill now before the Reichstag, compensation for property damages arising from the war was promised by the governor of Alsace-Lorraine in an address to the diet.

Buttons for Rejected Men. It will not in all probability, be long before Brantford obtains buttons to be given to men who apply for enlistment and are rejected, such as are now in use in Toronto, Hamilton and other cities. The officers of the 25th battalion are giving the matter serious consideration and it is expected that before long the A.R. badges will be seen in Brantford. They will undoubtedly be welcomed by many unfit men who are not desirous of appearing slackers.

ANOTHER BAD START AND ANOTHER LOSS

Richmond, May 12.—Toronto dropped the third game of the series with Richmond yesterday by the score of 6 to 4, due to the local batters getting to McTigue in the first inning.

Truesdale singled in the opening frame, went to second on Thompson's sacrifice out, and stole third. He was left stranded when Burch went out Humphreys to Eibel and Graham fanned.

No member of the Leafs reached second until the sixth when a batter rally was started. Trout opened with a spinning two-bagger into left, and took third on Kelly's out at first.

Richmond scored three times in the opener. Clemens singled and took second when Burch failed to stop the rolling sphere Eibel singled, and Hendrix hit for two bases, scoring Clemens. Bankston caught McTigue and scored. Hendrix and Eibel. Arrazon struck out. Kircher panned out to Trout.

Pittsburg, May 13.—Pittsburg lost its fourth straight game to New York when the latter won yesterday by 2 to 2 in ten innings. Robertson knocked a home run in the eighth. New York won in the tenth on doubles by Kauff and Fletcher.

Harper Comes Back and Defeats St. Louis. Washington, May 13.—St. Louis yesterday lost, 4 to 1, its third successive game to Washington. Harper, who was beaten in the first game of the series, was often in difficulties owing to wildness, but was effective in the pinches and outpitched Parka.

Mystery Ball Beats Capt. Eddie Collins. New York, May 13.—New York evened the series with Chicago here yesterday, winning the last game by 2 to 0. Mogridge struck out Captain Eddie Collins of Chicago three consecutive times.

Orioles Pile Up Runs. Baltimore, May 13.—Baltimore batted Levernéz and Sherman hard yesterday, and easily defeated Rochester by 15 to 9. The Orioles scored seven runs each in the second and third innings, a lead that was too much for the visitors to overcome.

Pieh Wins From Gaw. Newark, May 13.—Pieh outpitched Gaw yesterday and Newark won from Buffalo by 5 to 4. Pieh received miserable support and errors came with an ace of costing him the game.

Montreal Beat Grays. Providence, May 13.—Montreal slugged out a victory over Providence yesterday, 17 to 7, in a game featured by the heavy hitting of the visitors and the ragged fielding of the Grays.

Sporting Comment

It is understood that either Shocker, the former Ottawa pitcher, or Percy, who was with the Vernon club of the Pacific Coast last year, will be obtained from the New York Americans by the Leafs. Shocker worked against the Leafs at the Island last year and during his five innings on the mound shaped up like a promising pitcher.

The Philadelphia Evening Ledger has discovered the reason why Manager Jennings of the Tigers, with all his resources, has never been able to get together a first-class pitching staff. In the game at Philadelphia on Tuesday he pulled Cunningham off the mound because he gave six bases on balls, but while the Tigers were enjoying a nine-run lead, Jennings argued that he wanted to save Cunningham, but he went the wrong way.

The series between the Tigers and Athletics just closed has been a memorable one. Bankston caught McTigue and scored. Hendrix and Eibel. Arrazon struck out. Kircher panned out to Trout.

Joe Tinker, at the National League meeting, back among his old cronies for the first time in two years, had a great laugh at his own expense last week, when he and Heinie Zimmerman started to recall the time when he helped Zimmerman bamboozle Charley Murphy out of a big increase in salary.

Jack Graney was never a fence-buster, but ever since Tris Speaker has been with Cleveland, Graney has been killing the ball. It is a well known fact that one payer will start an entire ball team slugging. He begins to bingle the oval and then another starts to pelt the pill and in no time the

entire team is swatting everything thrown plateward. Speaker began to hit in the first game he played for the Naps and then Graney started.

Secretary Bob McRoy of the Cleveland team, tells the inside facts of the Speaker purchase. Previous to the purchase the Indians had been angling after Clarence Walker, the St. Louis outfielder. Secretary McRoy stated that one afternoon he was sitting in his office debating the American situation, when the telephone bell rang and a Cleveland newspaper man acquainted him with the fact that the Red Sox had just purchased Walker.

Looks as if Lannin is having trouble coming to terms with Speaker," added the critic, to which McRoy coincided. On ringing off, the only thing in McRoy's mind was "Speaker." "Speaker," he did not think Lannin would sell him. However, he got hold of Owner Dunn over the long distance phone at Indianapolis, where he put the issue up to him, stating that they were in baseball as a business and that the prospects were very bright for the coming season, and adding that Speaker in addition to his playing would be a wonderful advertisement to the Cleveland Club.

There were expressions of opinion for and against the wisdom of nationalization of Canada's railways. Mr. W. F. Cookshut of Brantford, estimated that the taking over of all systems would cost the country two billions and a half. Mr. W. F. Maclean, on the other hand, thought it might be accomplished by taking over the commitments of the C.N.R. and G.T.P. and guaranteeing Canadian Pacific Railway stockholders a fixed return on their holdings and the payment of the amount of their investment at the end of a period of years.

The Canadian Northern loan of \$15,000,000 will be discussed to-day. Hon. William Pugsley last night announced that he would move that as

PARLIAMENT VOTES LOAN TO G. T. P.

Discussion in House Over Question of Nationalizing Canada's Railways.

Ottawa, May 13.—After a debate in which the Grand Trunk Pacific Railway enterprise was described by the Government supporters as "the white elephant of the East and a most expensive animal to feed," and "an undertaking of colossal folly," and defended by the Opposition as the "grandest and most magnificent enterprise ever undertaken in this country," the item in the estimates providing for a loan of \$8,000,000 to the Grand Trunk Pacific Company was passed in the Commons yesterday.

In the debate which took place even such skillful Liberal controversialists as Hon. William Pugsley and Mr. E. M. Macdonald, were somewhat hampered by the fact that the Grand Trunk Pacific, a Laurier legacy, was now in such financial straits that even its parent company, the Grand Trunk, desired to be rid of it. Hon. Arthur Meighen asserted that the great cost of the system had prevented the building of other lines, which were really needed to move Western grain, and had moreover embarrassed the Government in the financing of Canada's share in the war.

Average first year depreciation of the Ford car is \$125 as against \$250 to \$400 for practically any of the lower priced cars

It is difficult to set any definite figure for the depreciation of an automobile. So much depends on the condition of the individual car at the end of the season.

The average price paid for used cars in the \$1000-or-less class at any time during the first year is about \$250 to \$400 less than the first cost.

Compare the Ford depreciation cost of about \$10 a month with the probable \$30 or more a month that the other kind will cost you. Which is the better investment?

GUY BATES POST IN 'THE TENTMAKER' The red-letter event of the theatrical season will occur at Grand Opera House, Friday, May 19, when Guy Bates Post appears in Richard Malton's sumptuous Persian love-play, 'The Tentmaker,' which was a great sensation in New York last season.

Mr. Tully has woven the story of his Persian romance around the times and Rubaiyat of Omar, the genial and beloved poet and mystic of the Eleventh Century. The stimulating imagination, the masterly characterizations, the freshness and facility of that marked Mr. Tully's plays, 'The Bird of Paradise,' 'The Rose of the Rancho,' and every particular in the excellent 'Omar, the Tentmaker,' in this he has combined the swift poignancy of realistic drama with the poet's sight and imaginative sparkle of romantic fantasy.

MOVIES, MUSIC AND DRAMA

GUY BATES POST IN "OMAR, THE TENTMAKER"

The red-letter event of the current theatrical season will occur at the Grand Opera House, Friday night, May 19, when Guy Bates Post will appear in Richard Malton Tully's sumptuous Persian love-play, "Omar, the Tentmaker" which was a dramatic sensation in New York for an entire season. The entire original company and spectacular scenic equipment has been diligently preserved.

Mr. Tully has woven the story of his Persian romance around the life, times and Rubaiyat of Omar Khayyam, the genial and beloved Persian poet and mystic of the Eleventh Century.

The stimulatingly imaginative qualities, the masterly characterizations, the richness and facility of plot that marked Mr. Tully's previous plays, "The Bird of Paradise" and "The Rose of the Rancho," have in every particular been excelled in "Omar, the Tentmaker."

In this play he has combined the swift poignancy of realistic drama with the poetic insight and imaginative sparkle of romantic fantasy. Mr. Tully not only wrote "Omar, the Tentmaker," but he personally produced it, and in association with Wilfrid Buckland designed the vivid and colorful settings.

Pictorially, it is doubtful if "Omar, the Tentmaker" has ever been surpassed upon the American stage. A company of nearly one hundred, clad in the brilliant raiment of the Orient, pass to and fro in the moonlit, rose-scented garden; come and go among the huddled, teeming bazaars of Naisapur; attend judgment in the imposing Hall of Royalty, seek their fates in the streets, the roisterous taverns, and the busy potter's stall.

All the pictorial delights and charms of old-Persian have been transferred to the stage with unforgettable fidelity. The play recounts the wonderful love-life and picturesque wanderings of one of the most romantic figures in the world's history, Omar Khayyam, the great Persian poet, mystic and epicurean of the Eleventh Century, who shares in immortal kinship the spirit of Dante, the Italian, and Francois Villon, the first poet of France.

How Omar wooed the beautiful Shirien in the glowing flower garden at sunset; how he remained faithful to her through stressful years; how he sang of the grape and love, and joy in eternal qualities; how he sought and found and lost and found again his happiness; how he defied bigotry; suffered unspeakable tortures, delivered into the hands of a human existence, have all been skillfully commingled into the most entrancing romance of modern times.

Guy Bates Post brings to his portraiture of the lovable Omar the ripest and most engaging attainments of his conspicuous career. At a time when the English speaking stage is lamentably lacking in actors of sufficient intelligence, robustness of experience, and lateness of vision to attempt the enactment of heroic figures, Mr. Post has won the universal applause of both expert critics and casual playgoers by his marvellous characterization of the merry Persian. The character of Omar is a most complex one and without slighting the delicious humanity of the man, his fondness for laughter and wine, his ready wit, his caustic tongue, his scornful pen, Mr. Post also emphasizes with engaging truthfulness the deeper and more philosophical phases of the man's nature.

The numerous company supporting Mr. Post is identical with the organization which supported him during his all-seasons New York run.

"THE PRINCESS PAT" Victor Herbert's new operetta, "The Princess Pat" which will be heard at the Grand, Friday evening, May 26, has scored a success. Anything new from the very melodious pen of Mr. Herbert is usually hailed with more than pleasant anticipation. It only remains for "The Princess Pat" to duplicate in point of charm his "Mildred Modiste," "The Red Mill," "The Only Girl" and other equally successful operas. The new piece is produced under the auspices of John Cort. The book and lyrics are by Henry Blossom. The story deals with love of course. The Princess di Montaldo, who was before her marriage Patrice O'Connor, plays with fire in order

to incite her lukewarm husband to more affectionate demonstration. She does the usual in such cases. She falls in love with another man. In this particular case the object of her whims is a rich old Swede, Anthony Olsen. She is assisted in her conspiracy by one Bob Darrow, who in aiding her, is also serving an old friend, who is in a difficult situation. Here arises the usual complications. Darrow while playing the confederate to the Princess, succeeds in bringing together his friend and the latter's sweetheart, thus frustrating a marriage of convenience with the elder Olsen, into which the sweetheart would have been led but for his timely aid.

"All's well that ends well," and this case is no exception from the rule. It all takes place on Long Island in the summer time. The new opera is a love story set to music. The music brings the call of life and youth, the night to merriment and the banishment of sorrow. In the cast are Charles Le Grande, Oscar Egan, Philip H. Ryley, Earl Benham, Effie Toye, Edward Metcalf, Ben Hendricks, Georgie Cregar and Tots Marks. There will be an efficient chorus and an augmented Herbert orchestra.

TO HAVE AND TO HOLD.

At the Brant Mae Murray, the beautiful Lasky star, will make her photodramatic debut in the picturized version of Mary Johnson's famous novel, "To Have and to Hold," the thrilling romance of the early Colonial days in Virginia, at the Brant, on Monday, Tuesday and Wednesday, supported by Wallace Reid and an all star cast. It is a Paramount picture.

Miss Murray is an artist of unusual talent, beauty and personality. Prior to her engagement for a number of years in the Lasky Company, Miss Murray's time was devoted to the speaking stage. She finally consented to appear in short comedy and this was no sooner projected on the screen than all the leading motion picture producers in the country sought her services, her personality and charm being so appealing. She was finally secured by the Lasky Company, and it is expected that her appearance in the photodramatic world will create a sensation.

In "To Have and to Hold" Miss Murray will be seen as Lady Jocelyn Leigh, ward of King James, the First of England, who flees to America to escape an undesirable marriage. How her loveless marriage upon her arrival in America brings about a series of exciting adventures, must naturally be seen to be enjoyed.

Wallace Reid, the distinguished Lasky star, plays the role of Captain Ralph Perry, a gentleman adventurer in Jamestown.

Others in the cast are Tom Forman, Raymond Hatton, James Neill, Lucien Littlefield, R. Bradbury and Robert Fleming.

The production of "To Have and to Hold" is unusual in its magnificence, and one of the most lavish ever made by the Lasky Company, two large sailing vessels being built especially for the production, one of which is wrecked at the height of a wild storm. The photography is of the usual Lasky excellence.

At the Brant next Monday, Tuesday and Wednesday.

COLONIAL

Alias Jimmy Valentine will be produced by the Princess Players at the Colonial the first three nights of next week, with Mr. W. L. Stewart in his original role of "Jimmy." Mr. Stewart is coming from London especially to play the part, and as he is well known to the majority of Brantford theatregoers, he will doubtless be accorded a warm reception. An excellent cast is assured, and this well-known play will be well worth seeing.

CREATORE BAND.

(Montreal Star) A young virtuoso is a dangerous thing. (See Cherniavsky). An experienced virtuoso may be a great artist. And great, or nearly so, is Creator in his own field. True, the area in which he works is limited; but he has brought it up to a high pitch of cultivation, and has latterly uprooted many of the growths which formerly made his garden rather resemble a drawing by Heath Robinson.

Comparing the Creator concert given in the Arena last night (management, Mr. Veitch) with that heard last year, one found a balance in favor of Creator's latest activities. The old extravagance in "interpretation" by which Creator was wont to turn a funeral march into a jig and a dance into a dirge, is being curbed with a more economical and reasonable sense, while the virtuosic qualities of the band remain unimpaired. Memories of a few very fast measures, suddenly dislocating a slow movement and of a quick tempo being jerked up into a lento without just cause or impediment, faded at this concert before the greater sanity and musicianship revealed. Creator's tendency to emphasize speed and the reverse is still strongly in evidence, as in the brisk passages of the "Zampa" overture and in his ragged-out-last-rose-of-summer playing of "God Save the King." But, and here is where Creator is unique, his players are technically so brilliant that they can sustain long-drawn-out notes without breaking the tone and can gallop through a prestissimo without mishap.

POPULAR MUSIC The program was ostensibly "popular," and the evening was under the auspices of the Hervey Institute, which benefited by the proceeds. To bring out this fact, children of the institute were marched on the platform and sang patriotic songs very creditably. The old favorite band numbers were not compiled without

THE APOLLO.

Meredith Nicholson's fascinating story, "Landon's Legacy," has been made into a five-reel photoplay by Walter Woods and under the direction of Otis Turner is released as a Broadway Universal Feature in connection with the publication of the story in the New Year's number of Collier's Weekly. It will be seen at the Apollo theatre on Monday and Tuesday with the following cast:

GUY BATES POST IN "OMAR, THE TENTMAKER," GRAND OPERA HOUSE, FRIDAY EVENING, MAY 19.

PAULINE FREDERICK

At the Brant. It is no violation of screen secrets to tell the fact that the scenes in the famous Players production, "The Spider," in which Pauline Frederick is starred at the Brant Theatre Thursday, Friday and Saturday, were not taken in the sequence in which they appear in the play. Nor is it an aspersion upon the superb ability of Miss Frederick to say that the photographic arrangement was due to the star's own request.

The solution of the fact lies in Miss Frederick's playing two totally different roles in the production, the one a notorious Parisian beauty, the other her innocent little daughter whom she deserted when a mere babe, in order to share the fortune of a dissolute nobleman. So great is the sincerity and the power which Miss Frederick puts into her acting, and so lasting is the spell of her own imagination upon the stars that when she worked herself up to the psychological point at which she portrays the cynical, heart-sore woman of the world, it is hours before she can assume the happy, light-hearted ingenuousness of the younger and less sophisticated girl.

Conversely, if she is playing Joan, the girl, she cannot instantly change to Valerie, the woman. So it was that when she read the script of "The Spider," Miss Frederick declared that she could do her best work if she were permitted to concentrate upon first the one character and then the other, and since the two never meet upon the screen the suggestion was easily agreed to by her director.

There is little doubt that the wisdom of the director in making this concession to Miss Frederick will be apparent at once to everyone who sees this Paramount Picture at the Brant. For in it the star performs miracles of character interpretation and of dramatic portrayal. When she was declared by the critics to have surpassed Mrs. Leslie Carter in "Zaza" and to have outshone Nazimova in "Bella Donna," it seemed that there was little left for this gifted woman to accomplish, but "The Spider" stands as a monument to her versatile genius.

In "The Spider," Valerie St. Cyr is living in comparative peace with Count DuPoissy, having abandoned her infant daughter to run away with the nobleman. In order to revenge a rebuff which she receives at the hands of an artist, she unwittingly assists in placing her own daughter in the hands of the profligate count. When she discovers the identity of Joan and attempts to save her, Valerie finds that her daughter has stabbed and killed DuPoissy. As she hears thegendarmes coming, she makes her momentous decision, and seizing the dagger declares that she has committed the crime. It is the only repatriation that she can make to her abandoned daughter and Valerie finds in this great sacrifice a solace for all the heartache that she has endured ever since the first gifted woman to accomplish, but "The Spider" stands as a monument to her versatile genius.
