

SAW CARNEY'S MEN EIGHT IN ACTION

And George Robinson Thinks That the Calgary Team is the Very Best in This Part of the Country.

George Robinson returned to the city yesterday from a trip to San Francisco and other coast cities. On the way home he stayed over to the ball game at Seattle and saw Bill Carney pitch.

They are peaches," says Mr. Robinson, "and the real goods. Outside of Flanagan throw wild once or twice the Calgary team was every bit as good as Seattle. Calgary had hard luck. Every batter stung the ball hard but generally to the hands of an out-fielder. Seattle never hit Gehan or Standridge very hard.

WILL PLAY THE GAMES AT VICTORIA PARK

The Baseball Club Disappointed in Getting New Grounds Ready—No Chance of Railway Extension.

The Calgary ball team will play at Victoria Park again this year. There is no other way out of it. When the Elbow Park grounds was selected, the city promised street railway extensions. The commissioners now find they cannot make the necessary extensions, and cannot make any promise any time this summer.

It was thought that playing at the new grounds without car connections would greatly interfere with the receipts, and rather than run any such risks, it has been decided to play all league games at Victoria Park, until such time as the city sees fit to extend the car line, which may not be until next year.

Arrangements are being made to fit up Victoria Park with a grand stand and more bleachers, which can be done at very small cost, which will be a considerable saving to the club and its shareholders. The diamond will be remodelled and the outfield put in good condition, so that there will be no kick from the players. This was decided at the board meeting last night.

The election of officers for the new company resulted in the election of Hal Middleton, president; O. C. Devenish, vice president, and T. A. Hornbrook, secretary-treasurer.

Mr. Sam Savage, on account of business pressure, would not consent to again act as president, but promised as a shareholder of the club to put all the time possible into the affairs of the club.

S. S. Savage, C. Crist and J. J. O'Gara were appointed a ground committee to get the grounds in shape, and make all necessary arrangements for grand stand, bleachers, etc.

Transportation was sent to "Chuck" Conners and "Pop" Gouche, informing them to report in Calgary at once. A committee was appointed to interview the commissioners to make some arrangements concerning the park, and settle on terms and other details between the club and the city.

This year the opening game will be fifty cents, instead of a dollar as charged last year. The opening game will be a grand affair. Festivities at the game there will be a street parade, with the band, similar to last season.

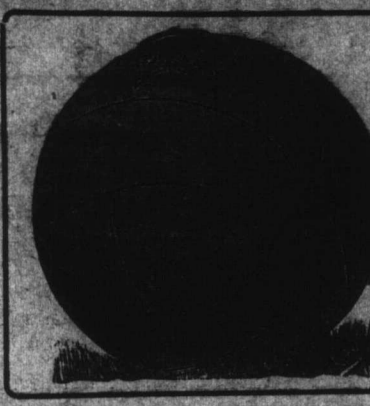

GRAFF AND DELLER SIGN WITH EDMONTON Eskimos are Still Signing Players—Deacon Expected Home Today.

Edmonton, April 18.—Even though our poorest leader is still absent on the coast, engaged in the pleasing pastime of appearing baseball stars, affairs in Edmonton are not at a standstill by any means.

Ernest Graff has mailed in his signed contract. This was received from Phoenix, Delmar, Richmond, Utah, April 15.

Terms accepted. Send transportation. With Deller signed up, the Eskimos' pitching staff looks mighty classy and if Deacon adheres to his intention to carry only these pitchers, there will be some keen competition for places. Deacon should be back Thursday at the latest, as the players report here on Friday.

Killed in Baseball Game. Fredburg, Ill., April 18.—William H. Schmidt, 26 years old, a member of a local baseball team, was killed yesterday by being struck by a ball over the heart. Schmidt was at bat after being struck, he started to walk to first base, but he died soon after. The St. Louis pitcher was held for a day.

BILL CARNEY DREW A GREAT TEAM FROM VANCOUVER

Sporting Men Speak Well of the New Players.

Bill Carney appears to have made a good choice in picking up Clynes, Adams, Tallant and Flanagan. The sporting editor of the Vancouver Province in a letter to the Albertan has the following to say about these players: "Sorry the ball team did not work out here, but Brown had to cancel the game with Calgary because of the weather. You have a splendid fielder in Clynes. Tallant shows a lot of promise and is rated the best first of the year in the Alberta colleges. Jim Flanagan is a little fellow for a catcher but he has a good whip and can bat very well. He needs experience. He would make a swell outfielder. Smith of course you know. He looks bigger than ever this year."

A BANKERS' BASEBALL LEAGUE IN CALGARY

Five Teams Mentioned as Likely to Take Part in It.

In all probability there will be a bankers' baseball league this summer. After the game on Saturday between the Commerce and Imperia's the United challenged the winners, and this provides thought for a league.

Those interested maintain that a baseball league could be organized and would promise as much success as attending their hockey league during the winter just passed. The Commerce, Imperia, Union and Montreal have good material, while another team could be put in from the other banks.

With these five teams, a bankers' league could be organized that would be interesting and besides would provide plenty of good sport which is the chief reason for organizing.

Big London Race.

London, April 18.—The following are the latest betting and probable start-ups for the city and suburban districts: 1-14 miles, run Wednesday, April 20; 3 Minors: 4, Mustapha; 5, Dean Swift; 11, Strickland; 14, Baincoill; 16, Hayden.

Other probable: Christmas Dairy, Arranmore, Buckwheat, Old China, Bachelor's Double, Kakadi, Connaught, Trensady, Sandbath, Accurate, Lady Yarn, Simonsen, Wolfeland and Gelsin.

Tom J. Loftus Dead

Dubuque, Ia., April 18.—Tom J. Loftus, veteran baseball player and manager, died this afternoon after a brief illness of cancer of the throat. He was 54 years old. Loftus was president of the Three I's team in 1907 and had been manager of the St. Louis Milwaukee, Cleveland, Cincinnati, Chicago and Washington clubs.

Work of "Scouts" is All Important. No part of the great system of developing a baseball team has grown faster in the past few years than that of the scout. The hiring of such an attaché of the club is no longer a luxury; it is a necessity.

There have been scouts like Ted Sullivan for many years, but they were few in number, and might be said to be "unattached." Ted Sullivan, one of the keenest judges of young ball players in the country, for many years did not work for any one club. On the contrary, he distributed his tips to many clubs.

In the "good old days" when the Chicago White Stockings won pennants with great regularity, it was said that the team's success was due to the fact that the club had scouts everywhere. The reason for this was that the Chicago club was owned by A. G. Spaulding, who had agents in every large city. It was declared that these agents were instructed to keep their eyes open for budding baseball talent and to tip off the White Stockings. In this way, it is said, the Chicago White Stockings developed into stars.

It is only within recent years, though, that scouting has become a business that prevents all old players from being successful at it, requiring a sort of instinct, or sixth sense, to enable a man to tell almost at a glance whether the young player has the proper requisites to some day be a major league star.

A scout has to have his wits about him all the time, and his judgment, while frequently of the snapshot variety, is put to a severe test. In the first place, if he studies a player too long he may find that some rival has stepped in ahead of him. A delayed telegram prevented the Pittsburgh club from getting Honus Wagner, and his being secured by Louisville.

In the second place, if he reports a player as not up to the standard and this youth is snatched up by some other club and develops into a top-notch ball player, the scout's name goes into the Athletics is said to have been reported upon adversely by a man who looked him over at Reading for the Phillies. Then again the scout must not pick up too many youngsters who fail to make good, for if he does his value to a club diminishes accordingly.

News, who has been working out about the initial corner for Detroit, will spend the summer season at Williamsport in the Tri-state league, the same place Pete Lister enjoyed his vacation last summer. With little experience he will make a dandy guardian of the first sack.

ARRANGING FOR THE BIG INTERNATIONAL MATCH

The Caledonia Came Through With Two Delegates.

An executive meeting of the Caledonia Football club was held last evening at their headquarters.

A committee composed of J. Isaac and Sandy Strang was appointed to meet delegates from other clubs to complete arrangements for the international football match between England and Scotland which takes place at the end of this month.

The Caledonia will hold a full practice this evening at Mewata park, and all the players and new members are asked to be out at 6:15 in uniform.

J. Johnson Has a Referee

Chicago, April 18.—If champion Jack Johnson has his way about the selection of a referee for the big fight, Jack Welch of California will be the man. The suggestion was made by Johnson yesterday as he talked over various phases of the coming battle.

As the referee is to be picked sixty days before the fight Johnson has been giving considerable thought to the subject.

Several well known referees were mentioned to the champion but he would not agree on any of them except Welch. The suggestion was made by Johnson yesterday as he talked over various phases of the coming battle.

Driscoll Beat Robson

London, April 18.—A big crowd today saw Tom Driscoll, the featherweight champion of England, knock out Spike Robson, also of England, in the first round, for the featherweight championship and a purse of \$5,000.

The bout was scheduled for twenty rounds, but Robson was outclassed. The Lonsdale belt goes to the winner.

TRAIN THE PUG ON ART AND LITERATURE

And Poetry is the Way That Joe Choyinski Trains His Men.

Chicago, April 18.—Joe Choyinski, who is on his way to join the Jeffries camp as Jeffries' trainer, has some unique ideas on the subject of preparing a pugilist for battle, according to the Evening Post. Fight talk, he says, will be welcome from anybody during the training periods, but at the table and during recreation hours the time will be taken up in art, painting, poetry and literature.

Choyinski says he has theories "about the nerve centers and their effect upon a pugilist in training," and that his theories have proved the commendation of prominent physicians. He thinks he can dissipate Jeffries' tendencies to be grouchy and put him in first class fighting condition.

Jeffries is Peeling Fine. Ben Lomond, Cal., April 18.—Jeffries works today with a vim, which he has shown since he began training. He put in two hours in the gymnasium going through his routine of exercises except boxing. The only rough work of the day was the wrestling bout with Farmer Burns, when the two heavyweights engaged in a fast bout. Jeffries said he felt better than at any time since taking up training. Tomorrow will be another holiday and Jeffries will go to Santa Cruz for the opening of the baseball season. Joe Choyinski is expected to arrive Monday.

J. Johnson Has a Referee. Chicago, April 18.—If champion Jack Johnson has his way about the selection of a referee for the big fight, Jack Welch of California will be the man. The suggestion was made by Johnson yesterday as he talked over various phases of the coming battle.

H. J. COOPER'S CLEAN SWEEP SALE Is Genuine in Every Respect. No sham, no maddening disappointment, but a genuine sale that's a bona fide benefit to the people. This sale is without question or doubt the biggest, best and most startling magnanimous reduction battle ever devised by the hands of mortal man. I must make room for the merchandise now en route, and as the people of Calgary well know that our store room is very small, I intend to sell out and sacrifice enough merchandise to make room for this gigantic shipment. People, don't compare this sale with any other sale ever held in the city of Calgary. I have never been known to inflate a price and during my four long years of business in Calgary am proud to say that my record has been clean and unblemished. I intend that this sale shall be strictly a money-saving event to the public at large, and I ask you to come here at once to witness the correctness of this assertion.

Men's Hats. Worth as high as \$4.00 and \$5.00, reduced to 75c. Men's Fine Dress Shirts. Pleated and plain bosoms, worth \$1.00 and \$1.25, at 50c. Men's Good Summer Underwear. Sold everywhere at 75c and \$1.00, reduced to 50c. Men's Fancy Vests. Worth \$2.00, at 75c. Men's Work Shirts. Worth 75c and \$1.00, at 50c. Extraordinary Special! \$10.00 and \$12.00 Men's Suits, sold only between the hours of 8 a.m. and 10 a.m., at \$3.95 a Suit.

REMOVING EXHIBITION GROUNDS

The reason that the future of the exhibition grounds and the disposition of Victoria park is under discussion at this time is because the exhibition company has been offered as a gift a very excellent tract of land of 150 acres, comparatively close to the city, convenient to the railway and to the street railway, which is projected to the river park to the west of the city. Granted that the exhibition will have to get new quarters some time, which seems to be certain, it is doubtful if the board could get anything like as good ground in ten years for a large expenditure of money. The suggestion that the Albertan has made—and the suggestion is the Albertan's alone—is that twenty acres of the park be reserved for park purposes, including the race track, the grand stand and a horse show building; that twenty acres by the river be reserved for city purposes, such as soccer, car barns and such like; that from the proceeds of the sale of the balance a portion be given to the exhibition company for new buildings and as a fund to equalize conditions on account of having to move out of very convenient grounds into less convenient grounds; and the balance which should be about \$400,000, to be expended in purchasing small parks and playgrounds throughout the city. In this way every person, we believe, would be better served. The city would have a twenty-acre park, which for ordinary park purposes would be quite as good as the present 100-acre grounds; it would also have \$300,000 to \$400,000 to spend in parks and playgrounds around the city; the exhibition company would have large grounds, new buildings and a sum of money for the next ten years. One objection generally offered is that the city should hold the property, because in 10 years they would be much more valuable than at the present time. That is true. But on the other hand a man in possession of property that is worth \$100,000 at the present time is \$100,000 per annum, and that upon the land now exempt from taxes the city would be collecting at least \$14,000 a year in taxes or \$60,000 per year (that is in ten years the Exhibition company would find it very difficult and perhaps impossible to buy a convenient location for the exhibition for a very large sum of money, and (3) that in ten years it would be very difficult for the city to purchase parks and playgrounds throughout the city at any price, and certainly not at a reasonable price, which it could do now. The property the Exhibition company is offered for nothing now, but the property that the city could get from the proceeds of this sale would increase as rapidly, perhaps more rapidly than the exhibition grounds. The main point is this. The city has at least 100 acres of park. Sixty acres of it are never used at all. Twenty or thirty acres more are used but only on thirty days a year, and the balance of about fifteen acres can be described as a park, used during different seasons of the year. As the Exhibition company has the offer of a free site, the Albertan believes that the city should distribute some of the sixty acres of unused park land to the city, where it could be used, and has a scheme for that purpose.

EDITORIAL NOTES

And yet no person has answered to the satisfaction of all, the question, "Why?"

The Calgary Herald, the Eye Opener, and all our contemporaries, are getting mentioned in the Edmonton despatches.

A university of Calgary would do much for this province, and it would not interfere with the work that should be done by the provincial university.

And now the Alberta government is making all preparations to throw Mr. Clarke out of the boat and in future his name will be John Clarke. At least there is an indication.

It would seem that Halley's comet is not coming to Calgary at all, doubtless because it is afraid it would be pressed into service and made to do the work of the Calgary city clerk.

Halley's comet is going at the rate of some million miles an hour and is going faster all the time. If it keeps on he will be able to challenge some of the Calgary auto drivers who perform on Calgary streets all day long.

Whether people believe in the policy of segregation of vice or not is one thing, but that a place so iniquitous as the New Creek district, filled with the vilest and most depraved of both sexes, should be allowed to prey upon this community without any serious attempt being made to clear it up is not creditable to the city or province.

The Albertan does not believe that it is good business to tie about fifty

acres of park up for the year round and not use a bit of it at all, and about twenty-five acres more which is used just for one week in the year, if it is at all possible to spread these acres around through the city where all the citizens will have the advantage of it.

WHY?

(Edmonton Bulletin)

It is useless to attempt to acquit the Government of responsibility in the absence of Messrs. Clarke and Minty from the commission. They may not have advised Mr. Clarke to play away nor Mr. Minty to go away; but they are none the less responsible for the absence of these men, and for all that absence entailed.

It is impossible to believe that if the Government really wanted these men to come here they would not come. They, indeed, under such circumstances, could not be expected to come readily? Why should they even here, about coming or exhibiting any reluctance to come?

It is interesting to appear before the Commission, is the last thing one would expect from the members of the company. They have personally nothing to say in the matter. It is the conduct of public representatives which is the subject of public interest, not the conduct of railway officials. Why then should Mr. Minty decide to get away after having come to Edmonton from the Commission?

The absence from the Commission leaves the odium which was attached to these gentlemen and their company unshared. It does more—it affords additional ground for suspicion and for the spread of a disposition of distrust which would be difficult to shake off. Why then should Mr. Minty decide to get away after having come to Edmonton from the Commission?

Ontario there was at the end of March 2,017,000 bushels of wheat as against 4,650,000 bushels last year, of oats 37,780,000 as against 44,715,000 bushels, of barley 4,320,000 as against 7,144,000 bushels, of potatoes 12,224,000 as against 10,028,000 bushels, of turnips and other roots 11,608,000 as against 22,787,000 bushels in 1909. In Quebec at the same date there was on hand and on order 13,877,000 as against 14,000,000 bushels in 1909, of potatoes 14,871,000 as against 7,043,000 bushels, of turnips and other roots 11,608,000 as against 22,787,000 bushels last year. In the Maritime provinces there was on hand of oats 5,788,000 as against 5,938,000 bushels, of barley 10,956,000 as against 12,488,000 bushels, of turnips and other roots 2,837,000 as against 3,475,000 bushels in 1909.

The figures for 1909 are for the beginning of March while those for this year are for the end of the same month. The percentage of the products of the farm in 1910 which was of merchanable quality ranks high for all the crops in all the provinces, the only exception being potatoes. In fact the entire workmanship of every suit is as near perfection as the best tailors and finishers can make them.

The condition of live stock in the Dominion at the end of March was uniformly high for all classes of farm animals, being 82.88 for horses, 91.42 for milch cows, 78.30 for other cattle, 82.43 for sheep and 92.77 for swine. In 1909 the condition of horses was 81.40, of milch cows 78.32, of other cattle 73.76, of sheep 78.32 and of swine 74.24. The high standard condition of live stock is attributed by correspondents to the mild winter, the early start of the excellent quality of hay and other fodder, particularly corn, and to the very general abundance of coarse grains and roots. The standard for healthy and thrifty condition of farm animals is low.

Correspondents report an early opening of spring in all parts of the province, and in Manitoba, Saskatchewan and Alberta as well as in the counties of Ontario along Lake Erie and Lake Ontario about one half of the seeding was finished at the end of March. A very favorable account of the condition of fall wheat is given for Ontario at the same period, but in Alberta the crop suffered to some extent from drought at the seeding season and later from winter exposure.

Very dressy costume, coat 32 inches long, silk lined, self-straps and buttons; skirt with self-straps and buttons and pleated. Very stylish model. Price \$25.00

Handsome suit in strictly tailored design, coat 32 inches long, silk lined, self-straps and buttons; skirt with self-straps and buttons and pleated. Very stylish model. Price \$25.00

CORNWALL'S RELATIONS WITH ALBERTA NEWSPAPER MEN

(Continued from page 1.)

Witness came here with Clarke October 9 from Winnipeg. They found they could not do anything here, and witness went to British Columbia to do work for the Dominion, and Clarke went to a meeting of the Cabinet. They then presented the report of witness as regards the cost of the railway, and the cost of the Government. They were then told that the Government would not build the railway, and that the Government would not build the railway.

Witness thought that was the first time he had seen Bowen, though he knew Bowen was in the country, doing preliminary work for him. He remembered on an occasion shortly after they returned here in the latter part of November, when he and Clarke went to a meeting of the Cabinet. They then presented the report of witness as regards the cost of the railway, and the cost of the Government. They were then told that the Government would not build the railway, and that the Government would not build the railway.

Another Glimpse at the New Suits

This season's presentation of distinctive styles is the most comprehensive and effective we have ever assembled. Besides the most efficient designing, we have had at our command the highest standard of workmanship and the most carefully selected materials, securing the highest possible degree of perfection in fashionable wearing apparel for the woman of particular tastes. And you'll find, too, that the prices we are asking for these handsome models are exceptionally reasonable for such high-grade garments. Make a visit to the ladies' salon on the second floor early this week and have another glance at the new suits. Many new creations, just opened from their wrappings last week, are now on the racks for your inspection. Even if you do not anticipate a purchase, it will be a pleasure to have you try some of these on.

The strictly tailored suit will be the popular style this season, though a large number of the Russian blouse effects will be worn.

The more popular cloths are serges in fine and heavy wale weaves, and along with these are the fancy French cloths. Every new shade is shown in wide profusion.

We particularly call your attention to the fine shoulders of the suits we are showing; the neat, close-fitting collars and perfectly moulded bust. In fact the entire workmanship of every suit is as near perfection as the best tailors and finishers can make them.

Prices, per pair \$1.25, \$1.50 and \$1.75

Misses' fine quality kid gloves in tan \$1.00

Ladies' heavy, short silk gloves, double tips, in black, white, tan, brown, grey, beaver, chamois, navy, green, lilac, plum, cream. Price, per pair .65c, 75c and \$1.00

New Spring Gloves of the Best Makes

Every woman who would appear properly and correctly attired must see that her gloves are faultless. Be sure and have the right shade, the correct length, and, above all, a neat and perfect fit. The glove store this season was never better equipped to meet every individual need, and in gloves of the world's most celebrated makes.

Prices, per pair \$1.25, \$1.50 and \$1.75

Misses' fine quality kid gloves in tan \$1.00

Ladies' heavy, short silk gloves, double tips, in black, white, tan, brown, grey, beaver, chamois, navy, green, lilac, plum, cream. Price, per pair .65c, 75c and \$1.00

Seen the New York Summer Wash Goods?

The completeness of our stocks of dainty new wash dress materials now over-crowding our staple section has been effected by many new shipments of the prettiest fabrics we've seen.

These new displays present rare beauties of new and artistic color effects, that are in the highest degree refined and artistic. Women will quickly appreciate the display by early selections. Take a glimpse of some of these in the big Centre street window today.

NEW MUSLINS—You'll say as we have said, they're the prettiest muslins you've seen. The most exquisite Paisley effects, dainty floral designs and delicate colorings, in the new stripes, 32 inches wide. Price, per yard .45c and 50c

NEW LINENS—For the cool-summer dress, in all the new stripe effects and in plain shades of pink, helle, cadet blue, sky, tan, green, grey, brown, taupe and self; 28 inches wide. Price, per yard .30c

ANOTHER RANGE—In all the new plain shades, 36 in. wide. Yard 30c

ENGLISH GINGHAMS—In neat small and large checks, fancy stripes and broken checks, and in a profusion of shades. Price, per yard 12 1/2c, 15c and 18c

Good Groceries

Always and Prices as Low as Such Groceries Can Be Priced

None but the "best procurable" groceries ever enter this store. And the large output is the best assurance that fresh goods are daily arriving. The greatest care is exercised in making selections of stock from the producers and manufacturers of highest standing in Canada, Great Britain and the United States. And all this care costs you less for your groceries—the best, groceries.

We print today a list of canned fish and canned meats.

Editorial

All Calgary and the surrounding districts turn to this store for their needs. But more particularly at this season for there are so many, many things everybody wants. And we think we make everybody welcome and fill their every need as no other store can do. These simple facts we want to emphasize. You will find here the same sort of good and tasteful things for which western people have depended on this store during many years. You will save considerable money. The whole store offers a higher standard of quality merchandise and prices are invariably lower than elsewhere.

The most fashionably attired women in Calgary this spring and summer are those who are going to wear Burt Shoes. And why not? The fashionable set of New York City are wearing these high-grade shoes, and they cost no more than other grades of shoes not nearly so stylish or so well modeled. The new shipments of these shoes are here now for your careful inspection. The most handsome creations of New York footwear.

"Burt" Patent Pump, well plain toe, ribbon bow, 1 7/8 inch Havana heel. Price \$5.00

"Burt" Florentine Oxford, kid vamp and heel, foxing, four eyelets and ribbon, 1 7/8 inch heel. Price \$5.00

Three Thousand Coming In

Winnipeg, April 18—During the week ending last Saturday, approximately three thousand people arrived in Winnipeg from Europe. The week was by no means an exceptional one, the figures quoted being merely an illustration of the movement westward which has been going on for a number of weeks past and which will continue for some time to come. The figures are a good indication of the fact that the westward movement is not only continuing but is increasing.

It is interesting to note that the westward movement is not only continuing but is increasing. The figures are a good indication of the fact that the westward movement is not only continuing but is increasing.

PYRAMID DRUG COMPANY 254 Pyramid Bldg., Marshall, Mich. Kindly send me a sample of Pyramid Pile Cure, at once, by mail, FREE in plain wrapper.

Name..... Street..... City..... State.....

Government's Majority Was 93 London, April 18.—After a stormy sitting the House of Commons today adopted 245 to 252 Premier Asquith's quill-motion under which the finance bill must be disposed of by April 27.

TEN THOUSAND IMMIGRANTS WILL ARRIVE THIS WEEK

The First Fifteen Hundred Reached Winnipeg Yesterday Winnipeg, April 18.—The population of the west will be increased to the extent of ten thousand people by the immigrants that are due there this week, and of this number, at least fifteen hundred will arrive in the city before noon tomorrow. Six thousand of the new comers will be from Europe, and about four thousand from the United States.

The first of the fifteen hundred that are due today reached the city early this morning on a special train. This party numbered 435. Four hundred more will be along on the regular express tonight. Two hundred on a special train at 9 p. m. Three hundred at 6 o'clock in the morning, and two hundred on the Imperial Limited tomorrow morning. The new comers reached Canada on the steamers Turlin, Lake Erie and Empress of Ireland. A couple of hundred seekers from the United States are due here on Thursday, and will go west on the Grand Trunk Pacific Home-seekers' train that afternoon. As a result of the big influx of new comers, the demand for farm laborers is now being filled to a large extent, but at least four thousand are wanted at the present time for work in all parts of the west.

C. N. R. HAS NOT SETTLED WITH ITS EMPLOYEES YET

Negotiations Still in Progress Between Company and Machinists Winnipeg, April 18.—Although the Canadian Pacific was able to arrange a satisfactory settlement with its mechanical employees, the C. N. R. have not as yet been so fortunate, and negotiations are still in progress between the officials and a committee representing the men. S. J. Hungerford, the newly appointed superintendent of rolling stock on the C. N. R., is conducting the negotiations with the men. The C. N. R. men are working on a schedule, which expires on May 1, and a settlement is looked for before that date. They want their present scale raised so as to give them a similar scale to the C. P. R. men.

HUNTER STRANGLES A LEOPARD

American Sportsman, Attacked by Wounded Animal, Comes Out Victorious After Being Injured. London, April 18.—E. M. Wynkoop, the American sportsman, who has reached here from a hunting trip in East Africa, says Carl E. Akeley of the New York Museum of Natural History, had a close call near the Tana river. He shot a leopard in the leg, and the wounded animal charged. He hurled Akeley to the ground and a struggle followed. The leopard finally got on top of Akeley and began to chew his left arm. Then he grasped the throat with his right hand, and strangled it. Akeley's injuries are serious.

Paris, April 18.—The extensive manœuvres of the French fleet, which will begin May 15 will be based on the assumption that France is about to be attacked. In addition to all the ships of the navy, the forts will participate in the manœuvres.

Steps Down From the Bench

Toronto, April 18.—Justice Ooster, of the Court of Appeals, after 31 years of service, said farewell this morning at Osgood Hall. Mr. Ooster is to become president of the Toronto General Trust Corporation.

Two Sherbrooke Men Drowned

Sherbrooke, April 18.—Captain Arthur Tompkins, the son of ex-Mayor T. Tompkins, of Castleton, and H. Moyle, also of Castleton, both young men, were drowned yesterday in Lake Massawippi, by catching their canoe. The bodies have not yet been recovered.

REFLECTIONS OF A BACHELOR

(New York Press) When people can afford to do a thing it takes most of the pleasure out of it. The only thing a woman can enjoy more than making a man miserable about her is making herself miserable, too. Even when a man knows a girl is flirting with him he can act as if he had lost a bet on a horse race when she sends him away. A man always has a clever conscience when he telegraphs a lie home about being detained by business when he telephones it. The average man proposes to a girl with about the same calmness he would go to his execution, and it's pretty much the same story.

MULLIN—Candidate for Infield position on Toronto ball team.

SPORT (Continued from page 3)

Seattle Takes Another

A late wire from Seattle this morning announces that Calgary lost another yesterday. Score at Seattle 9; Calgary 3.

BASEBALL BRIEFS

It appears to be the consensus of opinion among baseball writers that Jack O'Connor's team will finish first, or very close to it, in the American League race, unless radical measures to strengthen the club are resorted to.

Mathewson is the same Mathewson of old this spring. Without his help the Giants would never be in the "big six" but he has devoted a great deal of time this spring to the development of Drucker.

Jack O'Connor is in need of a catcher, and a good one, too. Stephens is his best backstop, but Stephens is a good catcher, will not be able to handle the burden alone. Hedges is trying to purchase Bamis from Cleveland.

In Lee Magee the St. Louis Cardinals appear to have discovered a cracking gold mine. He has been pasting the ball in the practice games, and fielding well, too, but there isn't a chance for him to supplant Koney.

Keep your lamps stoned on the work of Eddie Foster, the kid who is expected to start at shortstop for the Highlanders. With Jersey City last year Foster showed all indications of developing into a great player, and he has not failed the experts as yet. His hitting has been hard and timely.

In securing Harry McIntyre, Frank Chance has greatly strengthened the Cubs and at the same time Brooklyn has helped itself, as Tony and Happy Smith, and Walter Davidson should bolster up the Superbas wonderfully.

Seldom do barnstorming trips pay. Kelly, manager of the St. Paul club of the American association, is touring over a trip his team has just finished. In Quincy he collected \$3, and at Hannibal he got twice that amount. Guess that's the best of it.

"Doc" Lawson is out of the United States League, and the chances are good that this organization will never open its season, although a schedule has been mapped out, and officers chosen. Just another of Lawson's dream leagues.

As back to the minors for "Chick" Brandon, Kansas City is his destination. It was from Kansas City that Pittsburg secured him. Brandon is satisfied to return to Kansas City for further seasoning, as he confidently expects to return to the Pirates.

LACROSSE NOTES

Billy West says that men are falling over one another out in British Columbia, looking for places on the lacrosse team. Material is plentiful.

When asked if West would be with the Toronto, James Murphy was non-committal. It wouldn't be surprising, however, if West were on the Toronto line-up.—Exchange.

The trustees for the Solman's world championship cup will be W. W. Foran, of Ottawa; T. O'Connell, of Montreal; and F. W. Thompson, of Toronto. The trophy is for worldwide competition.

Alex. Turnbull, in a letter to Jimmie Murphy, says that he won't be in the game this year, but he will turn out and train with his team. In case of Montreal looming up too dangerous, look out for Alex.—Toronto Telegram.

The Montreal team has commenced to get in shape for their trip west after the game with St. Paul, Vancouver and Winnipeg.

Victoria will be well represented in amateur lacrosse this season. At the annual meeting of the club held last week it was decided to enter teams in the senior, intermediate and junior divisions of the Pacific Coast Amateur Lacrosse League.

A Toronto paper says that Charlie Querie doesn't expect that Griffith will be seen in a Tecumseh uniform this year. And Harry says he doesn't expect to either, as he is doing too well in Vancouver to even think of returning east. Material is plentiful.

Hueble McLaughlin, a former member of the Montreal club, is now a resident of Vancouver, and may be induced to turn out with the local

Prices Tak Louder Than Words

The price tickets on every bargain bin prove without a question of doubt to the mighty hosts of people who have participated in our closing out sale that this sale is undoubtedly the most gigantic money-saving event ever consummated in this city. We Defy all Competition. Best Bargains Go First

This is not a mere statement of unsupported facts. In the face of this terrific onslaught of splendid values we are offering throughout the entire establishment, we confidently say that competition cannot beat our prices. We must get out of the premises and we don't intend to move a dollar's worth of this stock. We meant this to be a real sacrifice sale and we want you to realize, which you can only do by coming here, and seeing for yourself, just what a little money will buy for you in this our final closing out sale.

People, we again beg to call your attention to the fact that this is a positive quit business sale, and that A. A. Baker & Co., successors to Bradley & Tuck, intend to sell everything, regardless of whatever loss they may incur. All we ask is an inspection of the goods and when you see the gigantic reductions we know you will buy.

A. A. BAKER & CO. SUCCESSOR TO BRADLEY & TUCK Opposite the Post Office

SPEED SKATER BUSH BACK FROM LONG TOUR

World's Record Holder Returns With Another Mark to His Credit Vancouver, April 15.—Oakley Bush, of this city, the one-armed sprint skating wonder, who has the distinction of being the fastest short distance skater in the world, arrived home yesterday, after a five month continental tour. During his travels, Mr. Bush visited London, Paris, Nice, Monte Carlo, Switzerland, and a number of prominent world-famous tourist resorts, but after seeing them all he is glad to get back to Vancouver for this bustling burg looks good to him.

Mr. Bush, who holds two world's skating records—19 1/2 seconds for 220 yards made at Saranac Lake in 1909, and 19 2/5 seconds for the 200 metres, made at Davos, Switzerland, this spring—went east last December with the intention of seeking a couple of more championships in addition to the four he won the previous winter, did not compete in any races in the east, owing to the fact that after paying his way back here, the various skating meet promoters refused to even allow his expenses from Montreal to the various meets. All the other skaters and promoters were allowed proper expenses in attending the various meets, but the promoters evidently thought that Mr. Bush, being practically independent as far as means are concerned, did not deserve the same treatment as was accorded the other racing men. So, Mr. Bush determined to seek for bigger game and went across to London and Paris, for a visit to his brother Hugh, in the French capital, afterwards going to Davos, Switzerland, where the European skating championships were held.

At Davos he found that his fame had preceded him, and none of the skaters there were anxious to make any short distance matches with him. He entered in one event—200 metres, and won it with ease, establishing a new world's record for the distance. But after that he could not get any races at the shorter distances, and is frank enough to admit that with the long winter season, they have there to get in condition, he was not match for their best skaters at the longer distances above a mile.

That has been Bush's failing. He is undoubtedly in a class by himself in the world today as a sprint skater at any distance up to the half mile. But over a mile he does not seem able to hold the terrific pace which he sets for the shorter distances. Next season, however, Mr. Bush intends to start his training for the winter racing campaign much earlier, and will probably go east just as soon as there is any ice, and make an effort to get in shape for the longer distances. Last arrangements have been made where spring he came back from his tour by all members who can attend will be of the Eastern Canadian and American accommodated. On account of the illness, trophies and championships are requested to accept this as intimation of the meeting and be on hand additional to opening two indoor and two outdoor American championships, a strong and elegant speaker warrants discussing his recent lengthy tour, a large attendance.

SELOUS PRAISES ROOSEVELT AS A MAN AND GOOD HUNTER

The Celebrated Hunter of Big Game is in Nelson, B. C. Nelson, B. C., April 13.—J. C. Selous, the famous hunter and traveler, reached here Saturday night on a visit to his cousin, Mayor Harold Selous, of this city. Mr. Selous came west only as far as Three Valley on business. He spent a day there, and came to Nelson. He left this morning for New York, where he will be entertained on Friday evening, and will sail for London Saturday, where he will assist in entertaining Mr. Roosevelt. Mr. Selous spoke in the highest terms of the ex-president, both as a hunter and as a man. Mr. Selous spent yesterday looking over Nelson and nearby ranches. Major General Benson of London is here making arrangements for an English army officer organization, which is seeking to purchase lands for retired officers. The lands selected will be near this city.

Activity at Cheadle.

Cheadle, April 18.—Owing to the very large increase of business in Cheadle, Mr. W. J. Miller has found it necessary to take Mr. L. L. McDonald formerly of Cochrane, as a partner in the business.

George Parkins of Cheadle, and E. A. Milroy, have a large contract on hand, on the Nanaka farm, where extensive buildings are to be erected. This will of course keep them away from their homes for several months.

Every one is pleased to see Mr. H. Miner out again, after his recent illness.

Mr. J. A. Macdonald is welcomed back to Cheadle after a visit to his old home in Australia.

The C. P. R. has again placed an agent at the depot, and we certainly hope that he will be allowed to stay and look after the people's interests on the railway, but if the C.P.R. are not going to give him the proper means of controlling the depot, he, the same as his predecessors will be taken away, and the excuse given by the C. P. R. of the railway commission, that there is nothing doing will be given.

Damage From Big Storm

Winnipeg, April 18.—Thousands of dollars of damage have been done to the asphalt pavement of the city by the storm of the last three days. This is along the street car tracks where the water has worked under the pavement and the frost has heaved it up. Some strips ten feet in length have been torn loose for a width of a couple of feet and will have to be replaced. On Main street, north of the railway, the damage is especially noticeable, and on some of the streets the heaving has raised the pavement so high that the street railway company has been compelled to run their cars with out fenders as the humps trip the fenders.

THE RIFLE

The season of 1910 opened at the Riverside Range near Calgary on Saturday last with a good attendance. Most of the men went back to 600 yards with good scores, but a very strong and changeable wind from seven to nine o'clock kept them all guessing, and interfered with high scoring. The rifles for new members are expected to be at our command by Wednesday. Owing to the snow storm on Wednesday it was decided by the executive to cancel the scores on that date, some having fired and others not being able to see their targets owing to the storm. Scores for Saturday, April 16:

Table with 2 columns: Name and Score. R. W. Chamberlain 28 30 31 89, R. W. Fox 30 30 29 89, E. S. Stables 32 32 23 87, H. A. Ford 32 30 24 85, R. A. G. Bell 27 26 30 83, A. Canadian Club Meeting Today

The next meeting and luncheon of the Canadian Club of Calgary will be held today (Tuesday) at 12.30 p. m. in the Young Men's club rooms, when Rev. W. J. Dawson, D. D., the distinguished London, Eng., preacher, writer and lecturer, will deliver an address on "The Building of a City."

Arrangements have been made where spring he came back from his tour by all members who can attend will be of the Eastern Canadian and American accommodated. On account of the illness, trophies and championships are requested to accept this as intimation of the meeting and be on hand additional to opening two indoor and two outdoor American championships, a strong and elegant speaker warrants discussing his recent lengthy tour, a large attendance.

EVERY DAY BRINGS A FRESH PROOF

That Dodd's Kidney Pills are a Boon to Suffering Women Mrs. Rousseau Tells How They Cured Her After Three Years of Almost Ceaseless Pain.

Hintonburg, Ont., April 15.—(Special)—Every day furnishes fresh proof that the women of Canada can be cured of ailments which have hitherto seemed to be a part of the inheritance of the sex by the use of Dodd's Kidney Pills. And this place has a good proof in the person of Mrs. William Rousseau, of 27 Merton Street.

"For over three years," Mrs. Rousseau states, "I was very ill. My troubles were painful. I suffered much with my back. My head ached almost continuously and I scarcely knew what it was to be free from pain. I was very weak and thin. I soon commenced to improve. I began to use Dodd's Kidney Pills and within a few days my back was cured completely."

Nine-tenths of suffering women's troubles start from diseased kidneys. The natural way to cure them is to take away the cause, that is to cure the kidneys. Dodd's Kidney Pills always cure diseased kidneys.

Every one is pleased to see Mr. H. Miner out again, after his recent illness.

Mr. J. A. Macdonald is welcomed back to Cheadle after a visit to his old home in Australia.

The C. P. R. has again placed an agent at the depot, and we certainly hope that he will be allowed to stay and look after the people's interests on the railway, but if the C.P.R. are not going to give him the proper means of controlling the depot, he, the same as his predecessors will be taken away, and the excuse given by the C. P. R. of the railway commission, that there is nothing doing will be given.

Every one is pleased to see Mr. H. Miner out again, after his recent illness.

Mr. H. Bercuson Swears He Is Quitting The Clothing Business

TAKES HIS SOLEMN OATH THAT ALL GOODS WILL BE SACRIFICED AT LESS THAN COST AND IN MANY CASES PRACTICALLY GIVEN AWAY. WHAT MORE CAN A MAN DO?

Mr. Bercuson, proprietor of the Western Clothing Co., wants to, and is going to give up business. Stores doing a similar business to that done by the Western Clothing Co. have been increasing rapidly until now there are NINE IN THE SAME BLOCK. This could have but one result—business and profits have been cut to where it does not pay to continue, at least not for H. Bercuson, who has interested himself in several other enterprises. SO HE IS GIVING UP. BUT IT IS NOT SO EASY TO EVEN DO THIS.

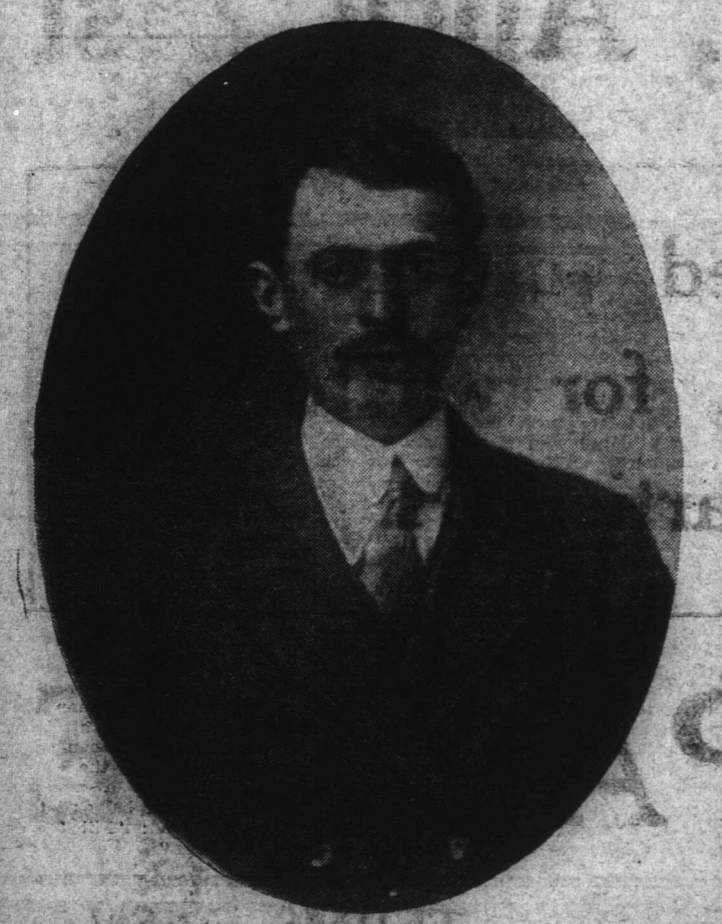

The people of Calgary are tired, and justly so, of so-called "sales." Bercuson knows this. He has tried to sell his business, also to wholesale the stock, but it was impossible unless he accepted a ruinous price.

So He Must Dispose of the Stock Here and Now

This means that \$25,000 worth of Men's Clothing, Boots and Shoes, Furnishings, etc., must be sold before June 1st, the date on which the premises must be vacated, as another company have a lease beginning on that date. We know that if the people believe what we say is true they will buy, as this stock consists of articles that are always in demand.

With this end in view Mr. Bercuson has taken his oath, as this will throw all doubts and suspicions aside.

The Affidavit, Which Means much to Calgary's Buying Public, and the Man Who Made It

H. BERCUSON, of the Western Clothing Co., who is quitting business.

The Western Clothing Company
Wholesale and Retail
Men's Furnishings and Smallwares

Phone 1113

P. O. Box 1092

TO WHOM IT MAY CONCERN:

I, Herman Bercuson, of the City of Calgary, in the Province of Alberta, proprietor of the Western Clothing Co., doing business at 211 Eighth Avenue East, in the City of Calgary, being duly sworn do depose as follows:

That I have decided to retire from the clothing business and to devote myself to other business interests.
That I do not intend to carry on the clothing business after I have disposed of my present stock.
That the said present stock will be sacrificed in every instance to a price below the actual cost.
That the sale which I am holding is final and legitimate, and will be carried out strictly to the letter.

Knowing the full nature of an oath, I do solemnly make this declaration believing the same to be true in every particular.

Sworn to before me this 16th day of April, 1910.

G. A. MacLeod
Commissioner in and for the Province of Alberta

That We Are Giving Away Read This:

To the First 10 Men who enter our store Wednesday Morning whether buying or not, we will give to each absolutely free

A Hat Worth \$2.25

We open at 8.30. This is your chance to get something for nothing, so be on hand.

BARGAINS HERE FOR EVERYONE. YOU HAVE THE WORD OF A MAN UNDER OATH THAT THE PRICES ARE BELOW COST.

A Point to Remember—H. Bercuson is going to stay in Calgary and remain in business in another line, so he must do as he says in his affidavit, which is everything less than cost.

FRENCH WOMEN ARE ALSO ON THE WARPATH FOR VOTES

The Suffragette Movement Not Quite As Militant As in Britain

BUT FRANCHISE HAS MANY SUPPORTERS

And Law Should be Changed About Obedience to Husbands.

Paris, April 18.—Undismayed by the law which inferentially gave women the right to vote, they have proclaimed their candidacy for members of the chamber of deputies, the election for which will be held April 24. The movement is not as militant as that in England and America, but French women hope to attract enough attention to secure a discussion of the suffrage condition in the new parliament and pave the way for attaining the right to vote in the city and subsequently the national elections. They claim they can muster 20,000 supporters in France. They demand equal salary for women for equal work, the elimination of the stipulation in the civil code exacting of wives obedience to their husbands, and other reforms. Madame Durand, who is opposing Georges Ferry in the ninth arrondissement of the Seine, recently approached the metropolitan police when she produced a male idiot on the platform explaining that he had a right to vote and she had not. The candidates are continuing up active campaigns for the return of deputies favorable to the interest of the church.

Aprin. Ont., April 18.—E. A. Rosser, a prominent business man of this place, is taking up his residence in Calgary.

MR. LESSARD IS TO BE REAL MINISTER NOW

Edmonton Paper Says Minister Without Portfolio Will Be Elevated to Cushing's Job.

The Edmonton Journal says: There is a rumor to the effect that P. E. Lessard, minister without portfolio in the Bordenford cabinet, will be appointed minister of public works in succession to the Hon. W. H. Cushing, before the legislature resumes its proceedings on the 26th of May. Color is lent the report by the fact that Mr. Lessard is almost daily a visitor to the department of public works, and is noticed to be in close touch with the officials there, gleaned all the information possible as to the general conduct of the department. Mr. Lessard represents the constituency of Paken, which the government think is a pretty safe seat, in fact, about the only district they would now consider safe to open. There was no opposition to the sitting member at the general elections and it is thought likely there would not be any at a bye-election, although there has been a good deal of criticism made because of the course the proposed A. & G.W. railway is taking. The people of Paken at the general elections were promised railway facilities, which unfortunately have not materialized and the prospects of their realization are not of the brightest. It was reported some time ago that J. W. Wolf, member for Cardston, would succeed Mr. Cushing, but such strong opposition developed that the government could not count with certainty upon carrying the seat.

Had Heart Trouble.

Nerves Were All Unstrung.

Wherever there is any weakness of the heart or nerves, flagging energy or physical breakdown, the use of Milburn's Heart and Nerve Pills will soon produce a healthy, strong system.

Mrs. M. McGinn, Debec Junction, N.B., writes: "I wish to tell you what Milburn's Heart and Nerve Pills have done for me. Three years ago I was so run down I could not do my own work. I went to a doctor, and he told me I had heart trouble and that my nerves were all unstrung. I took his medicine, as he ordered me to do, but it did me no good. I then started to take Milburn's Heart and Nerve Pills, and had only taken one box before I started to feel better, so I continued their use until I had taken several boxes, and I am now strong and well, and able to do my own work. When I commenced taking Milburn's Heart and Nerve Pills, I could not go upstairs without resting before I got to the top. I can now go up without any trouble."

Price, 20 cents per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CALGARY UNIVERSITY FAVORED BY MAYOR

But He is Somewhat in Doubt Whether This is Just the Opportune Time For Starting It

Mayor Jamieson favors the proposition of a Calgary university. "Undoubtedly it would be of great benefit to the province in general to have a university established at Calgary, but as for starting such a concern here at the present time I am not prepared to discuss that point. It might be too early, there not being sufficient people in the province at the present time, but as the country becomes thickly settled, there will be a great necessity for a university at the natural center of the province and a university established here would be a magnificent thing, one that we would feel proud of in years to come. Of course, it would have to be started on a small scale, but it could grow with the increase of population of Alberta. The movement is as far as I can see an excellent one, but I do not know if the time is ripe to commence now."

IN HOT PURSUIT OF THE MASKED BANDITS

Much Trouble and Turmoil and Skurrying About Near San Francisco Over Some Robbers.

San Francisco, Cal., April 18.—Sheriff's posse of two counties and a small army of volunteers on horses in automobiles and in steel launches are hunting over roads, hills and bayous for the masked bandits who held the China-Japan mail train on the Southern Pacific near Benicia and robbed it of nine sacks of registered mail. The pursuit is warm and a battle with the train robbers is hourly expected, either in the hills or canyons between Martinez and Oakland or at some point on the Sacramento river. Where the men escaped with their plunder is not definitely known, but the law's dragnet has been spread in all directions and the capture of the fugitives is believed to be a matter of a short time.

An interesting feature of the robbery is included in the account given by George Marsh, engineer of the train. After the two bandits who had climbed into the cab, escorted him and the fireman back to the mail car, members of the crew and several passengers approached and opened fire on the robbers. The bandits seized Marsh and the fireman and using them as shields returned the fire, shooting over their shoulders. Marsh said to the crew to put up their revolvers which was done and the attacking party retreated.

Tragic Drowning of Canadian Woman

Detroit, Mich., April 18.—The body of a young woman found yesterday at the shore of Grosse Ile, in the lower Detroit river, was identified today as that of Mrs. Arthur Best, formerly of Comber, Ont. The finding of the body tends to corroborate the theory that the young woman seen floating on a cake of ice off the foot of Woodward avenue soon after midnight Sunday morning, March 12, was Mrs. Best. Arthur Best, who had married the young woman only a month previously upon the insistence of her relatives, was taken into custody by the police, in the hope that he might clear up the mystery of the identity of the drowned woman. But he declared that she was on a ferry boat at the time and saw the woman drown and was not his wife. He was released and went to Canada. Efforts are now being made to locate him again.

A BOY'S STRUGGLE FOR LIFE

Mr. B. J. New, of 224, Balmora St., Toronto, says: I can testify that my son Harold's trouble in which he had the measles five years ago, which would have been really hopeless. Some of the best physicians attended him, but with promise of suffering he in turn contracted pneumonia, cough, bronchitis, and then pneumonia. Much after months went by that we shall not soon forget; months of sleepless nights, fearful cough, weakness, slight fever, left my boy a mere skeleton. He had no appetite, and my heart ached to see him so weak and suffering. His weight one whole stone at the Lakeside Home for Sick Children, and came home greatly improved, but the cold winds of October took him off his feet again. The doctor advised us to send him to Muskoka, but heavy doctor's bills had depleted my financial resources, and such a step seemed out of the question.

"At this point we tried PSYCHINE, and human lips cannot describe the change that took place. No words can express the thankfulness of his mother and myself when we saw the crisis was over, and realized that our boy was fighting his way back to life and health. PSYCHINE had mastered that which all the doctor's prescriptions had failed to check. Day by day Harold grew stronger, and all through the winter, although continually out of doors, he failed to take cold, and he put on flesh very quickly. By the spring my son was completely cured, and developed into a strong, sturdy lad."

PSYCHINE is the Greatest Strength Restorer and System Builder known to medical science, and should be used for COUGHS, COLDS, WEAK LUNGS, LOSS OF APETITE, WEARINESS.

For Sale by all Druggists and Dealers, 50c and \$1.00.

QUESTION OF BREEDING PLAYED IMPORTANT PART

Interesting Sketch of the Conditions During the Big Debate

Ottawa, April 16.—It might perhaps be assumed that after the exhaustive debate of the Miller, anti-gambling bill in the house, the latter part of the week nothing would be left to be said on the subject; also, that in the light of the fate which overtook the proposed measure, the question relative to race track gambling through the medium of the bookmaker, is a dead one.

But assuming that at least a goodly percentage of the members who supported the measure as it came from the special committee were actuated by a motive having its inspiration in an ethical line of reasoning apart from any form which the discussion took the floor of the house, and which seemed to be the nature of the bill, it is not dead but that there is something further to be said in relation thereto.

To one who listened in the debate throughout, one circumstance in connection with the proceedings was impressive. That was that numerous conspicuous gentlemen on the government side of the chamber, in particular, and some of the opposition members as well, took no part in the discussion but in voting gave silent support to the bill. Apparently, these members recognized that there is a real evil in relation to the matter dealt with in the bill, but were not altogether satisfied with its terms, felt possibly, that structurally it was not perfect in placing too extreme limits upon human conduct but being unable to accept the spacious alternative of the substitute presented in the McColl amendment, gave support to the measure.

The advocates of the bill laid stress, in their arguments, on the great harm society suffers through persons who have not the money to spare, squandering their substance in race track gambling while the stock argument of those opposed to it was that to stop book making would stop racing and that would have an adverse effect on the breeding of thoroughbred horses.

But the gentlemen who took no active part in the matter and contented themselves with voting with the friends of the bill, seemed to be actuated by a consideration higher than any that was dealt with in the debate. As was subsequently learned from one of them, this was that Canada has been proving very fast in the last few years and the cause of that fact and of other contributing factors, a radical change in conditions has come upon society. One of these factors is that several of the states of the American union have of late years passed legislation restricting race track gambling and this fact together with the great growth in population and the effect of bringing into greater prominence than in the past, the objectionable features of gambling on the races; that is greater activity on the part of book makers and their ability to indulge the inclination to gamble have brought the evil into such prominence that the effect has been to elevate to a higher position than it has ever occupied before in the public mind of Canada, the moral or ethical phase of the question and has created the necessity of dealing with the new aspect of the situation in a manner calculated to protect society.

Therefore, while in years gone by small attention was paid to race track gambling because it was not then a question large enough to arouse public sentiment, it has now reached that stage and people who give thought to the improvement of the moral tone of society are ranging themselves behind a movement to secure by legislative enactment, restriction of the evil. This was the feeling of those members who did not exactly like the bill but who supported it, as being preferable to the substitute which proposed to limit bookmaking to racing courses during racing meetings, because they did not believe the substitute reached and effected a cure of the evil by which they believed society is menaced, but merely diminished the evil in some small measure.

But just now how far restriction should extend to achieve the desired protection of society against the evil of race track gambling was not the splitting point which effected the defeat of the measure. The line seems not to have been finely enough drawn by the members of the committee to support many members who would no doubt have liked to have given their votes in favor of restriction had it not been that the bill in the opinion of the minister of justice, made it a criminal offense to make the most innocent kind of a wager.

The necessity for the encouragement of the breeding of thoroughbred horses and a repugnance for the idea of crystallizing into legislation of hard and fast rules of human conduct, played a conspicuous part in the consideration of the measure. There was no member who did not recognize the necessity for encouraging the breeding of thoroughbred horses, but there were many, to the credit of their good sense, be it said, who not only could not take any stock in the argument that permitting bookmakers to rob the public was necessary to such encouragement, but who were equally as distressed that supposedly sane and sincere men would make such a spectacle of themselves as to stand on their feet and solemnly declare belief in such a theory, as they were to hear one member make the declaration that horse racing with the attendant features of race track gambling was the very foundation of British character.

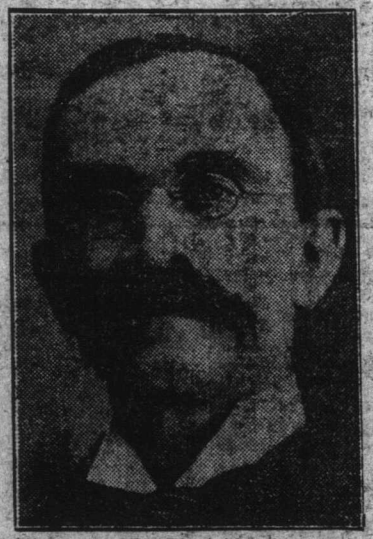

Among such members there were, however, numerous ones who no doubt felt that horse racing really is an encouragement to the breeding of thoroughbreds. Likewise they doubtless believed that interest in racing is enhanced with the general public by the privilege of backing one's judgment as to which is the best horse in the race, and that to deprive the public of that privilege would affect racing adversely, particularly in the matter of gate receipts. Further, they perhaps were doubtful in their minds that the making of an ordinary bet either on the result of a race or anything else is essentially immoral or calculated to lower the stan-

MILLIONAIRE C. G. LEWIS

I am here a few months in advance of my millions. I will continue in my old profession of promoting sales and writing advertising for the business men of Calgary until my yellow coin arrives. You will find me at the following address.

LEWIS BROS. & CO., Room 8, Thomson Block.
Phone 1392, Ring 2.

MR. H. H. MILLER—The father of the famous Miller bill.

dard of society, and consequently were opposed to restricting individual liberty to the extremes proposed by the bill. These drew a distinction between racing and betting on the results and gambling and carrying on gambling as a business. And they are the ones who realize that the conditions relative to horse racing have changed and that instead of a formerly betting being a spice incident to racing, racing is now carried on in the interest of the business of gambling. Obviously, it would seem, the

retransposition of these positions relative to horse racing, the restoration of the conditions that formerly surrounded the sport and the elimination of the undoubted evil of the present day system, is the end that will have to be aimed at before there will be successful legislation for the regulation of racing.

The argument was heard during the debate that there is no precedent and no justification for passing legislation which interferes with the personal liberties of individuals by making a criminal offense an act that does not encroach upon the rights of another. Manifestly that is an absurd contention, in view of the fact that the criminal statutes are laden with evidence to the contrary, acts calculated to protect the individual against himself, either his own vicious instincts or his weaknesses. To prove this contention it is only necessary to cite the law, whereby one may interdict his fellow man against drinking. Assuredly drinking by one man does not encroach upon the rights of another, yet the individual may be denied the privilege of drinking under statute which renders him liable to prosecution for a criminal offense if he violates the restrictions. The act is signed for his protection against himself, the same as would be the law to forbid him from squandering his substance on the races.

The statement was made many times during the debate that there was no large public sentiment in favor of the Miller bill, but the intensity of that claim was shown by the frantic manner in which the members who made it flew to cover after Mr. Miller himself moved to kill the bill after it had, in his judgment, been so emasculated as to render it useless. The bedlam of protests against no legislation at all, which emanated from the friends of race track gambling, constituted the strongest recognition that there is an evil, and that there is public sentiment behind the demand for its restriction.

That the principle of the Miller bill is not dead to one who follows the modern trend of society will seriously assert. There is no doubt that the question will be back in the house another session, probably in modified form. It may possibly take the form of absolute prohibition of bookmaking, but preserve the right of the individual to make an ordinary wager, or by which the right of the individual to back his judgment of the merits of a horse would not be interfered with, and the encouragement to thorough breeding. If horse racing is fostered, such encouragement would be fostered, while the evils that have grown up as the result of bookmaking would be eradicated.

But whether the measure shall take this form or some other, there will be one thing, and if it does not pass there will be one other very other session until race track gambling as represented by the iniquitous bookmaking system of the present day is abolished.

A man marries a woman to carry a burden for her, and what happens she spends all her life trying to keep him well fed.

Had a Bad Cough For a Number of Years.

Mr. A. E. Brown, Ottawa, Ont., writes: "I have had a very bad cough every winter for a number of years which I was afraid would turn into consumption. I tried a great many remedies but only received temporary relief until I got a bottle of Dr. Wood's Norway Pine Syrup, and after taking two bottles my cough was cured. I can never find a cold of all throat and lung complaints, relieving or curing all Coughs, Colds, Bronchitis, Croup, Asthma, Sore Throat, etc., and preventing Pneumonia and Consumption."

So great has been the success of this wonderful remedy it is only natural that numerous persons have tried to imitate it. Don't be imposed upon but insist on getting "Dr. Wood's."
Put up in a yellow wrapper, three pints, the trade mark, Price 25 cents. Manufactured only by The T. Milburn Co., Limited Toronto, Ont.

WATCH BEISEKER

A new town located on the Langdon Branch of the C.P.R. and the Grand Trunk survey.
A good chance here for a Drug Store, Livery and Blacksmith. Also Hotel and Doctor, and all of those looking for an A1 town to make money.
This locality is populated by a fine class of people who are making money, and there is no question but what it is the best proposition in Southern Alberta.
See HENRY KURTZ, Jr., Beiseker, regarding particulars.

A FORTUNE HERE --- For the Man Who is Quick

528 ACRES **528 ACRES**
\$200.00 PER ACRE. This is absolutely the very best and cheapest close in subdividing acreage on the market today. Only three miles from Calgary postoffice. This splendidly located property lies due north of the city, and is known as the "Hay Dairy Farm." Four hundred acres of this lie immediately to the north of Le Grange, a road allowance only dividing the two properties. Lots in this subdivision have a ready command and the owners are giving special inducements to those who build good homes. This naturally insures good surroundings. The other 128 acres covers on the subdivision of North Edmonton, and consists of a beautiful meadow, every acre of which can be used. Large house and outbuildings are included in this price. Terms 1-3 cash, 1, 2 and 3 years. This property is bound to double in value. Opportunity offers its reward.

News of the City Schools

Miss Wigmore spent the week end at Crossfield.

Dr. Scott visited the rooms of Standard III during last week.

Miss Hutt supplied in Miss Walters and Miss McMartin's rooms for part of last week.

Miss Atkinson took charge of Miss Christie's room at the Victoria school for part of last week.

Miss Laura Munroe supplied in one of the primary grades of the Central school during last week.

Miss Tien, Miss Hutt and Miss Allen Hutt have taken up their residence at 1758 Seventh street west.

Mr. Duncan of High River has returned to Calgary to resume his work at the Garbutt Business college.

Inspector Smith paid official visits to several of the rooms in the Central schools and Louise school last week.

Mr. Garbutt of the Garbutt Business college is spending a few weeks in Toronto and the Maritime Provinces.

Mr. Vanvolkenburg, principal of the old Central school, moved to his new residence 202 Second street west during last week.

During last week various times of business were discussed concerning the erection of the new school, block 82, in the west end section of the city.

Mrs. Sporic who has been attending the Grand Trunk Business college in Edmonton has entered upon a course at the Garbutt Business college.

Miss Marie Rutan taught in Miss Sinclair's room at the Victoria school for part of last week and also in Miss Joan Christie's room at the Alexandra school.

Rev. Father Lewis, pastor of St. Mary's church, visited the high school room of St. Mary's school on Friday afternoon, last week, and delivered addresses to the students of the higher standards.

Miss Edith Johnson of Minnedosa, Miss Berne Fallon of Medicine Hat, Miss C. MacNeill and Mr. K. Grimson of Walkerton, Ont., have enrolled and are new students at the Garbutt Business college last week.

The teachers of Standard II, with Dr. Scott, had a very interesting and profitable meeting Wednesday last week. The course in Geography for Standard II was discussed and systematic plans for the teaching of this subject were arranged.

The regular meeting of the Normal School Literary society was held on Friday afternoon, last week, and was appointed critic. The program included the following numbers: Chorus "A Capital Ship"; Instrumental solo; Mrs. Drader Mouth organ selection; Mr. Drader Dialogue "The Misses Robinson"; Instrumental duet; Mrs. Patten and Miss Teiter The National Anthem.

Mr. Wm. Aberhart has taken charge of his duties as principal of the Alexandra school. Mr. Aberhart came originally from Seaforth, Ont. After completing his education in Seaforth he graduated from the Normal School at Hamilton. For nine years previous to coming to Calgary Mr. Aberhart was

principal and commercial specialist of the Brantford Central school. Mr. Aberhart has up to this time been particularly successful and there is no doubt that he will be a very valuable acquisition to the educational staff of the city.

The lecture in the high school assembly hall on Friday evening by Mr. Abraham Knechtel was splendid. Not only was the lecturer exceedingly interesting but it was beautifully illustrated. The descriptions were fine. The pictures of forests, lakes, rivers, waterfalls, trees, flowers, birds and wild animals in the woods, boating, fishing and fire fighting, lumbering and forest planting, were really charming. Mr. Knechtel brought to his subject an intimate knowledge drawn from the most famous forests of the world. With the use of lantern slides, which presented beautiful forest scenes, he treated his audience to one of the most intelligent addresses which has been heard in Calgary for many years. The lecture fostered the love of the beautiful and had an aesthetic value which cannot be fully estimated.

THE COST OF BUILDING LINE TO THE FAR NORTH

An Interesting Letter That Came Out at the Investigation

ACTUAL CONSTRUCTION WOULD COST ABOUT \$9,670

Terminals and Equipment Would Bring it up to About \$12,270

Here is the copy of a letter, sent to Mr. Cornwall by another member of the syndicate, discussing the cost of building the road to the north. It is very interesting. It was read in Mr. Cornwall's examination:

(COPY)
 Winnipeg, Jan. 2, '09.
 File P. 121.
 J. K. Cornwall, Esq.,
 Edmonton, Alta.

Dear Sir—I enclose you Mr. Woodman's estimate of the cost of railway construction from Edmonton to Fort McMurray. I have seen him personally and discussed the various items, and think the result is very fair concerning what we may expect the road to cost. He places the right of way at \$240.00 and says that the right of way is secured from the Dominion government by expropriation, and that the government will fix a price on the land which we appropriate, and this amount necessarily covers the valuations, etc., which have to be made on these transactions. The cost of grading fixed at \$3,000 per mile is 12,000 yards at 25c. In considering this Mr. Woodman states that he can reduce it somewhat by skimping the grades. That is if we want to maintain a grade capable of hauling trains handling heavy tonnage, we shall have to construct a grade that will be uniform for this entire distance and eliminate hill climbing as much as possible. Bridges and culverts cannot be put at any less than the figure he has given. The estimate of \$20 per mile is a little high, and it seems to me that this can be reduced as we shall manufacture our own ties and telegraph poles and haul them to the right of way.

The next item of track-laying and surfacing is all right, and the cost of rails is rather high at \$13.00, but at present the steel market is very high, and he stated to me that the C. P. R. is getting 125 per ton for their old rails. The next item of freight at \$1,900 per mile is calculating 700 hundred pounds freight rates, which is very excessive, and I think by negotiating can be reduced.

I may say that in regard to rails I do not know whether \$2,800 includes the cost of customs for rails coming in from the States.

The next item, ballasting, he points out is very important, and \$1,000 per mile means building a road-bed that will haul ballast and ballasting it. The item of telegraph lines and telegraph poles, also the item of buildings, so that you can gather from this that \$9,670 per mile is what we will have to expect. The road to cost, and if anything a little under the mark. I may say that this is the actual cost of building the road, and does not include organization, legal expenses and all the extensive expenditures up to the time of actual construction, nor does it include the amount of money we will have to

\$100 REWARD, \$100.

The readers of this paper will be pleased to hear that the last of the dreaded disease that science has been able to cure in all its stages, and that is Catarrh, Hall's Catarrh Cure is the only medicine known to the medical fraternity, Catarrh being constitutional disease, requires a constitutional cure, thereby destroying the foundation and eradicating the disease. expended at the time of construction in salaries not included in these figures, so that I would advise you to be very cautious in mentioning any figures to the legislature, which would place us on record in applying for bonds, as no doubt we will have to add considerably to the present cost. I have wired you this date to ask for \$13,000 exclusive of subsidy.

Nervous Headache

AND MUSCULAR RHEUMATISM DISAPPEAR WHEN THE NERVES WERE RESTORED BY DR. CHASE'S NERVE FOOD

Feeble, wasted, starved nerves often make their condition known by nervous headaches. This is one of the first and most marked symptoms. If you are at all subject to rheumatism you have noticed how much worse it gets when the system gets run down. Both nervous headache and muscular rheumatism disappear when Dr. Chase's Nerve Food is used to rebuild and revitalize the wasted and weakened body.

Mr. James Riley, moulder for the Watrous Shingle Co., 14 Jarvis St., Brantford, Ont., writes: "I suffered for years with muscular rheumatism and as I also had frequent and severe attacks of nervous headache, I concluded that the trouble came from the nerves and began using Dr. Chase's Nerve Food. As I continued this treatment the rheumatism was gradually driven out of the system, my nerves got stronger and steadier and the headaches disappeared. I consider Dr. Chase's Nerve Food a splendid nerve regulator and health builder."

You cannot possibly make a mistake in using Dr. Chase's Nerve Food when the nervous system gets run down; for by forming new, rich blood this great food restores the nerve cells as nothing else can. When you have made up your mind to test this treatment, go at it in earnest and keep at it regularly until you feel again the joy of health and vigor. 50 cts. a box, 4 for \$2.00, all dealers, or Edman, Deles & Co., Toronto. Write for free copy of Dr. Chase's Recipes.

MR. JUSTICE MIDDLETON — The newly appointed Judge of the High Court in Ontario. Though appointed by Ottawa government Mr. Middleton is a Conservative.

How Many Persons
pass your home every day? Nearly every one of them look at your house as they pass. Does not the home with a few pretty flowering plants in the window always give you the best impression of the home you seek? It is not much trouble to grow Window Plants in Calgary, especially if you get your plants from my greenhouse, as our flowering plants are all grown in the same temperature as most people keep their homes. I have the best assortment of Window Plants ever grown in Western Canada, which I am selling at very low prices this spring. Call and select the ones you like best and we will deliver them to you any place in the city, or express them to you safely if you send the order from any place in Alberta.

CHEAP LUMBER
There is quality in lumber; do not forget that. Poor lumber means a cold, crude house; difficult to live in; difficult to rent, and difficult to sell. We carry cheap lumber suitable for some purposes, but the kind you want in your new home we make a specialty of. Inquire about our hardwood flooring. It costs you little more than fir and it adds greatly to the value of your house. We store our high grades in completely enclosed warehouses to give protection from dust, rain and sun. Our purchases are of such magnitude that we can demand the best of lumber for the least money. Our customers get the benefit. Inquire about one of our thirty-six yards will satisfy you as to this. Two yards in Calgary.
