When steamers leave New York before 8 a.m., passengers should leave Winnipeg the day previous to that given above.

Passengers should leave Winnipeg Wednesday at 12.20 o'clock to make connection with steamers leaving Montreal on Saturday.

All Steamship and Railway Ticket Agents sell tickets at the lowest rates obtainable, and engage berths or staterooms for intending passengers, without extra charge.

Money is saved by purchasing tickets at starting point, as the through fares, in connection with ocean passages, are generally less than the ordinary rate to the seaboard.

The cheapest saloon fares provide for single berths in rooms (usually inside) containing three or more berths. The next higher fares provide for berths in rooms better located, containing two berths inside room, or three berths outside room. The highest fares are for outside rooms containing two berths to best location. The Saloon privileges, table, etc., are precisely the same for all saloon passengers, regardless of the price paid for stateroom accommodations.

WACHORN'S GUIDE.

Return Steamship Tickets are good for one year, and may be extended two years. A saving is effected by taking round trip tickets. Children under twelve years, half fares. Infants free.

The following Fares are subject to change.

RIGHT TO EXPLORE FOR COAL.

On staking out, boundaries North and South, East and West lines, marking on each post the name of individual staking same, date of such staking; then apply to Minister of Interior, who will grant right to explore for 60 days, on expenditure of at least \$2 per day. At expiration of 60 days a further extension may be granted if asked for. This right to explore enables parties to satisfy themselves whether there is sufficient coal on the property to warrant the purchase.

MINERALS OTHER THAN COAL.

Size, maximum 1500' x 600', and in any other shape so that the length does not exceed three times the breadth. Courses of boundaries any direction desired. The boundaries to be four straight lines, opposite sides or ends parallel except in cases where from prior locations that cannot be obtained, in which cases the Superintendent of Mines will permit that condition to be waived. To be staked out by claimant personally, marking his name, date of staking, &c., thereon; if in timber to cut out and well blaze the boundaries. After staking, has 60 days to register with local Land Agent, pays fee \$5, receives a receipt. All assignments *must* be endorsed on back of original receipts, and if unconditional, on filing same with agent and on payment of a fee of \$2 a receipt in favor of the assignee will be issued. Development to be at least \$100 per annum in actual mining operations, proof of such development to be filed with agent, failure to do so will be considered as abandonment of claim.

So soon as \$500 development has been performed on claim, he may purchase, paying \$5 per acre. If in unsurveyed territory, must furnish survey and description of same, or deposit \$50, for which sum the Department of Interior will so soon as possible make the necessary surveys. No royalty on any of the output of minerals.

One party can only take one claim on the same lode, ledge or mine; cannot stake out for another. If not recorded within 60 days after staking, it at that date becomes vacant Dom. lands.
